Item 1.01 Entry Into a Material Definitive Agreement.

On December 16, 2004, the Board of Epicor Software Corporation, a Delaware corporation (the Company), adopted the Epicor Software Deferred Compensation Plan, effective as of December 16, 2004 (the Plan). The Plan provides selected officers and senior managers of the Company with the opportunity to enter into agreements to defer the receipt of up to seventy percent of future cash compensation from base salary and up to one hundred percent of future cash compensation from bonus awards and/or commissions. In addition, the Plan gives the Company discretion to award additional employer contributions to participants at the Company's discretion. The Plan year is the calendar year. Taxable distributions occur upon the termination of service with the Company or such other events as may be elected by participants under the terms of the Plan. Deferrals are adjusted for gains or losses based on the performance of one or more deemed investment options selected by participants. The Company has the authority to amend, modify or terminate the Plan; provided no such amendment shall reduce amounts allocated to participant's Plan accounts. Participants and their beneficiaries have no legal or equitable claims to any specific property or assets of the Company with respect to their deferrals under the Plan.

This summary of the terms of the Plan is not intended to be complete and is qualified in its entirety by the Plan, to be filed subsequently.
