PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

General Information

The IR Board of Directors is soliciting proxies to be used at the June 1, 2005 Annual General Meeting of Shareholders. You are invited to attend the Annual General Meeting and vote your shares directly. Even if you do not attend, you may vote by proxy, which allows you to direct another person to vote your shares at the meeting on your behalf. This proxy statement and the accompanying proxy card are being distributed beginning on or about April 1, 2005.

In this proxy statement, IR, the Company, we, us and our refer to Ingersoll-Rand Company Limited, a Bermuda company, or, for any information prior to January 1, 2002, to Ingersoll-Rand Company, a New Jersey corporation, which, as of that date, became the primary U.S. subsidiary of Ingersoll-Rand Company Limited.

Our principal executive office is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. The telephone number there is (441) 295-2838. The executive office of our principal United States subsidiary is located at 155 Chestnut Ridge Road, Montvale, New Jersey 07645. The telephone number there is (201) 573-0123.

Annual General Meeting Admission

Either an admission ticket or proof of ownership of Class A common shares, as well as a form of personal identification, must be presented in order to be admitted to the Annual General Meeting. If you are a shareholder of record, your admission ticket is attached to your proxy card. If you plan to attend the Annual General Meeting, please vote your proxy, but keep the admission ticket and bring it to the Annual General Meeting together with a form of personal identification.

If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the Annual General Meeting, you must present proof of your ownership of Class A common shares, such as a bank or brokerage account statement, together with a form of personal identification to be admitted to the Annual General Meeting. If you would rather have an admission ticket, you can obtain one in advance by

mailing a written request, **along with proof of your ownership of Class A common shares**, to:

Secretary
Ingersoll-Rand Company Limited
155 Chestnut Ridge Road
Montvale, New Jersey 07645

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual General Meeting.

Who Can Vote

Shareholders of record of our Class A common shares at the close of business on April 4, 2005 may vote at the Annual General Meeting.

On April 4, 2005, Class A common shares were outstanding. Each shareholder has one vote for each Class A common share owned of record at the close of business on the record date.

Table of Contents

How You Can Vote

Shareholders of record can give a proxy to be voted at the meeting in any one of the following ways:

over the Internet as directed on the attached proxy card; or

by completing, signing and returning the enclosed proxy card.

Shareholders who hold their shares through a broker (in street name) must vote their shares in the manner prescribed by their broker.

The Internet voting procedures have been set up for your convenience. These procedures are designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a shareholder of record and you would like to vote by using the Internet, please refer to the specific instructions contained on the enclosed proxy card. If you wish to vote using the enclosed proxy card, please sign and return your signed proxy to us before the Annual General Meeting, and we will vote your shares as you direct.

Whether you vote over the Internet or by mail, you can specify whether your shares should be voted for all, some or none of the nominees for director (Item 1 on the proxy card). You can also specify whether you approve, disapprove or abstain from the other proposals presented at the meeting.

If you do not specify on your proxy card (or when giving your proxy over the Internet) how you want to vote your shares, we will vote them FOR the election of all nominees for director as set forth under Item 1, and FOR Items 2, 3 and 4.

How to Vote under Our Employee Plans

If you participate in the Ingersoll-Rand Company Employee Savings Plan, the IR/Clark Leveraged Employee Stock Ownership Plan, the Ingersoll-Rand Company Employee Savings Plan for Bargained Employees or the Ingersoll-Rand/Thermo King de Puerto Rico Retirement Savings Plan, then you may be receiving these materials because of shares held for you in those plans. In that case, you may use the enclosed proxy card to instruct the plan trustees of those plans how to vote your shares, or give those instructions over the Internet. They will vote the shares in accordance with your instructions and the terms of the plan.

If you do not provide voting instructions for shares held for you in any of these plans, they will vote these shares in the same ratio as the shares for which voting instructions are provided.

Revocation of Proxies

You may revoke your proxy at any time before it is exercised in any of following ways:

by notifying IR's Secretary in writing;

by submitting another proxy via the Internet or by mail that is received after the date of the revoked proxy and, if by mail, that is properly signed; or

by voting in person at the meeting.

You may not revoke a proxy merely by attending the meeting. To revoke a proxy, you must take one of the actions described above.

Quorum and Required Votes

The presence of at least two persons present in person and representing in person or by proxy a majority of all outstanding Class A common shares is necessary to constitute a quorum.

Table of Contents

In voting for the election of directors, shareholders have cumulative voting rights. Accordingly, you may cumulate your voting power and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by you at the close of business on April 4, 2005, or distribute your votes on the same principle among two or more candidates, as you see fit. The enclosed proxy card grants discretionary authority for the exercise of such cumulative voting rights. The cumulative voting feature applicable to the election of directors is only available by voting the proxy card. It is not available if you vote over the Internet. In the election of directors, persons receiving the highest number of FOR votes will be elected. Item 3, to eliminate cumulative voting in the election of directors, will not take effect, if it is approved by shareholders, until after the 2005 Annual General Meeting.

The affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote, and voting on the matter presented, is required to approve each proposal other than the election of directors.

Abstentions are counted as shares present at the Annual General Meeting for the purposes of determining whether a quorum exists. However, since abstentions are not votes in favor of or against any matter, they will not affect the outcome of the vote. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because they do not have discretionary voting authority and have not received instructions as to how to vote on those proposals (so-called broker nonvotes) are also considered shares present, but also will not affect the outcome of any vote.

Votes cast at the Annual General Meeting will be tabulated by the Company's transfer agent, The Bank of New York.

Solicitation

We have hired Georgeson Shareholder Communications Inc. to assist in the distribution of proxy materials and the solicitation of proxies for a fee estimated at \$15,000, plus out-of-pocket expenses. Proxies will be solicited on behalf of the Board of Directors by mail, in person and by telephone. We will bear the cost of soliciting proxies. We will also reimburse brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to the persons for whom they hold shares.

Audited Financial Statements

Under our Bye-laws and Bermuda law, audited financial statements must be presented to shareholders at an annual general meeting of shareholders. To fulfill this requirement, we will present at the Annual General Meeting audited consolidated financial statements for the fiscal year 2004. Copies of the financial statements are contained in our 2004 Annual Report to Shareholders, which is being mailed to shareholders together with this proxy statement.

Other Matters to be Acted Upon

We do not know of any matters to be presented or acted upon at the meeting other than the items described in this proxy statement. Under our Bye-laws, shareholders may only bring business before an annual general meeting if it is submitted to our Secretary in a timely manner. (The

Edgar Filing: INGERSOLL RAND CO LTD - Form PRE 14A

deadline for timely proposals for future meetings is discussed under Shareholder Proposals and Nominations on page 24 of this proxy statement.) If any other matter is presented at the meeting on which a vote may properly be taken, the shares represented by proxies will be voted in accordance with the judgment of the person or persons voting those shares.

CORPORATE GOVERNANCE

Pursuant to our By-laws, the Company's business is managed by the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

Corporate Governance Guidelines

Our Corporate Governance Guidelines, together with the charters of the various Board committees, provide a framework for the corporate governance of the Company. The following is a summary of our Corporate Governance Guidelines. You can find a copy of our Corporate Governance Guidelines attached to this proxy statement as Appendix A. In addition, our Corporate Governance Guidelines, as well as the charters of our Board committees, are available on our website at <http://www.irco.com> under the heading Investor Relations. Copies of these documents are also available in print to any shareholder who requests them.

Our Corporate Governance Guidelines, together with our Board committee charters, outline the responsibilities, composition and operation of our Board of Directors. Among the core responsibilities of the Board of Directors are: to oversee the management and governance of the Company; to select, monitor and evaluate senior management; to assure that management succession planning is ongoing; to review the Company's financial controls and reporting systems; and to review the Company's ethical standards and compliance procedures.

Edgar Filing: INGERSOLL RAND CO LTD - Form PRE 14A

The Board of Directors has determined that all of our directors, except Herbert Henkel and Patricia Nachtigal, who are employees of the Company, are independent under the standards set forth in Exhibit I to our Corporate Governance Guidelines, which are consistent with the New York Stock Exchange listing standards.

It is the policy of the Board that directors' fees be the sole compensation received from the Company by any non-employee director. All directors must advise the Chairman of the Board and the Chair of the Corporate Governance and Nominating Committee if they are being considered for membership on the board of another public company. The Chief Executive Officer and other members of senior management of the Company must receive approval of the Board before accepting a public company board membership.

Our Corporate Governance Guidelines require that all members of the committees of the Board must be independent directors. The Board of Directors has determined that each member of each of the committees is independent as defined in the New York Stock Exchange listing standards. Committee memberships and chairs

Table of Contents

are rotated periodically. The Board and each of its committees have the authority to engage independent legal, financial or other advisers as they may deem necessary. The Board has the following four standing committees: Audit, Compensation, Corporate Governance and Nominating, and Finance.

Our Corporate Governance Guidelines provide for executive sessions of the independent members of the Board of Directors, without management present, to consider such matters as the independent directors deem appropriate. Such executive sessions are held no less than twice each year. Our Lead Director (a) presides at all meetings of the directors at which the Chairman is not present, including executive sessions of the independent directors; (b) serves as a liaison between the Chairman and the independent directors; (c) approves the information sent to the directors; (d) with input from the other independent directors, approves Board meeting agendas and Board meeting schedules to assure that there is sufficient time for discussion of all agenda items; (e) has the authority to call meetings of the independent directors; and (f) is available for direct communication from major shareholders. The Lead Director is appointed annually by the Board from among the independent directors who are not Board committee chairs. Our current Lead Director, whose term will expire on June 1, 2005, is Ann Berzin. Beginning June 1, 2005, our Lead Director will be George Buckley.

The Corporate Governance and Nominating Committee assists the Board in evaluating its performance and the performance of the Board committees. Each committee also conducts an annual self-evaluation. The effectiveness of individual directors is considered each time a director stands for renomination. The directors have full access to management and corporate staff and are provided with an orientation program for new directors and continuing education for all directors.

The Corporate Governance and Nominating Committee reviews the composition of the full Board to identify the qualifications and areas of expertise needed to further enhance the composition of the Board, makes recommendations to the Board concerning the appropriate size and needs of the Board and, on its own or with the assistance of management or others, identifies candidates with those qualifications. In considering candidates, the Corporate Governance and Nominating Committee will take into account all factors it considers appropriate, including breadth of experience, understanding of business and financial issues, ability to exercise sound judgment, diversity, leadership, and achievements and experience in matters affecting business and industry. The Corporate Governance and Nominating Committee considers the entirety of each candidate's credentials and believes that at a minimum each nominee should satisfy the following criteria: highest character and integrity, experience and understanding of strategy and policy-setting, sufficient time to devote to Board matters, and no conflict of interest that would interfere with performance as a director. Shareholders may recommend candidates for consideration for Board membership by sending the recommendation to the Corporate Governance and Nominating Committee, care of the Secretary of the Company. Candidates recommended by shareholders are evaluated in the same manner as director candidates identified by any other means.

Our Board of Directors is currently divided into three classes for purposes of election. One class is elected at each annual general meeting of shareholders to serve for a three-year term. In addition, directors elected by the Board of Directors to fill vacancies caused by the resignation, retirement or death of a director or the creation of a new directorship stand for election at the next annual general meeting. In the event that the management proposal to eliminate the classified Board is approved at the 2005 Annual General Meeting, directors elected at Annual General Meetings beginning in 2006 shall serve for one year. Current directors and those elected at the 2005 Annual General Meeting shall serve out their remaining terms before standing for re-election.

The Board of Directors held six meetings during 2004. Each incumbent director attended 94% or more of the total number of meetings of the Board and the committees on which he or she served.

The Company expects all Board members to attend the annual general meeting of shareholders, but from time to time other commitments prevent all directors from attending the meeting. All of the directors attended the most recent annual general meeting of shareholders, which was held on June 2, 2004.

Compensation of Directors

Non-employee directors receive an annual cash retainer of \$50,000 and \$1,500 for attendance at each board or committee meeting (\$2,000 in the case of Audit Committee meetings), except that committee chairs receive \$3,000 per committee meeting. The chair of the Audit Committee also receives a \$20,000 annual cash retainer. In addition, each non-employee director is credited annually with share equivalents representing \$60,000 in fair market value of Class A common shares. The share equivalents are credited to an account maintained for each non-employee director (a Deferred Compensation Account) under our Director Deferral Plan and, for all amounts credited after December 31, 2004, under our Director Deferral Plan II.

Table of Contents

Non-employee directors may also defer all or a portion of the cash retainer and meeting fees to which they are entitled. If a director defers his or her fees and elects to have the deferred fees invested in Class A common share equivalents, we credit an additional 20% of the retainer and meeting fees that are deferred to the director's Deferred Compensation Account. Each director is fully vested in amounts credited to the director's Deferred Compensation Account, except that the additional 20% contributions in respect of deferred fees are not vested until five years after crediting or, if earlier, the cessation of the director's service on the Board of Directors by reason of death or normal retirement (*i.e.*, age 72). Under the Director Deferral Plan, all distributions under that Plan are made in cash. Distributions of amounts invested in Class A common share equivalents equal the then fair market value of a Class A common share multiplied by the number of share equivalents credited to the director's Deferred Compensation Account.

Executive Compensation

Report of the Compensation Committee

The Company's executive compensation programs are administered by the Compensation Committee.

Compensation Philosophy Beliefs and Principles

The purpose of our compensation programs is to enable the Company to attract, retain, deploy and focus the energies of employees who are capable of meeting the current and future goals of the enterprise, most notably, the creation of shareholder value.

Four design principles govern all compensation programs:

1. Principle of general program competitiveness:

Total compensation opportunities within the Company must serve to attract and retain top performers. All of the Company's executive compensation programs are based on market data to ensure their basic competitiveness. We establish our program target award levels at the median (50th percentile) of the markets in which we operate; we explicitly do not set our target award levels above the median to achieve a competitive advantage independent of performance, as this would tend to inappropriately accelerate market pay levels over time.

2. Principle of pay for performance:

At the executive level, a large percentage of the executive's total compensation opportunity is contingent on, and variable with, performance. Performance is measured on business unit and enterprise financial performance against plan, and on the executive's ability to achieve enterprise objectives, develop and carry out strategic initiatives, contribute to both the dramatic growth and operational excellence of the Company, and demonstrate collaboration in the pursuit of a one-company culture. Total compensation can exceed the market median if performance exceeds

the target, such as it has this past year (performance year 2004). In 2004, the Company exceeded its earnings per share, free cash flow and return on invested capital targets. Thus, variable compensation awards for 2004 performance reflect above target pay levels. Conversely, if performance falls short of the target, total compensation falls below the median. For example, in 2001, when the Company achieved some of its goals, but fell short of others, both our Annual Incentive Program and our Stock Option Program paid at only 65% of target and our Performance Share Program paid nothing for most participants (33 of the 40 participants received no award based on the performance of their respective business units; the other 7 participants received below-target awards).

3. Principle of internal parity:

An employee's total compensation is proportionate with work contribution, which is a function of each individual's role and capability. Thus, jobs of similar value are assigned similar compensation opportunity.

Table of Contents

4. Principle of alignment with various business strategies:

Although we have a Company-wide philosophy regarding the design of our compensation programs, we also understand the need to align the different performance metrics of our individual business units with our over-arching philosophy of appropriate competitiveness, pay for performance and internal equity. Thus, it is not only possible but also desirable for certain sector or business unit leaders to earn substantial awards in years when their units outperform the enterprise as a whole.

Executive Compensation Programs

The Compensation Committee's executive officer compensation policies and programs are based on the principle that the interests of the Company's executive officers should be aligned with those of the Company's shareholders. Executive officer compensation programs provide that compensation be both contingent and variable based upon Company financial and operational performance. The policies relate compensation to both short-term and long-term financial performance of the Company, as well as to long-term shareholder investment returns.

These compensation policies are generally accomplished through a mix of compensation components, targeted degrees of competitiveness and direct linkages to Company financial performance. The value of the variable compensation components (annual cash incentive payments plus stock options and equity-based awards) is directly linked to the financial performance of the Company and to the value of the Company's Class A common shares. Thus, alignment of the interests of the shareholders and of the executives is achieved.

The Mix of Total Direct Compensation

IR's executive compensation is comprised of four key programs: the Salary, Annual Incentive, Stock Option and Performance Share Programs, which collectively represent the total direct compensation opportunity for executives (excluding benefits).

The chart below shows the relative proportion of each program at target, by executive category:

Variable Pay Programs @ Target						
Compensation Components That Are Explicitly Contingent On						
And Variable With Performance						
				Performance	Total	
# In	Base	Annual	Stock Option	Share	Variable	Total Direct

Total Group	40	20%	16%	40%	24%	80%	100%

This chart demonstrates the degree to which IR's executive compensation programs are tied to some combination of financial, operational and stock price performance, and are, therefore, aligned with the creation of shareholder value.

The Compensation Committee periodically reviews and evaluates its executive officer compensation practices against the practices and pay levels of other similar companies. These comparisons are conducted throughout the year through a variety of methods such as direct analysis of peer company proxy statements, compilation of survey data published by several independent consulting firms, and customized compensation

Table of Contents

surveys performed by independent consulting firms. Some of the companies included in these compensation surveys are the same as those comprising the Standard and Poor's Supercom Industrial Machinery Index referred to below under the caption Performance Graph.

Salary increases normally are granted annually to executive officers by the Compensation Committee based upon individual performance, general U.S. industry salary trends and the salaries paid for comparable positions.

Under the Annual Incentive Program, officers with direct responsibility for business unit operations may receive annual incentive awards contingent upon the achievement of prescribed objectives established early each year. For 2004 these awards were payable based on the achievement of certain pre-established sales, operating income, cash flow, return on invested capital business plans, and other subjective objectives applicable to the respective operations managed by these executive officers.

Similarly, other officers, including those responsible for staff functions, may receive Annual Incentive Program awards based upon both the Company's and their individual performance during each such year. Individual performance assessments are based on judgments about the achievement of pre-established objectives. In establishing such awards, the Compensation Committee considers several financial metrics, including the Company's earnings per share, cash flow, and return on invested capital performance compared to the annual plan and also the individual's contribution to such performance. In addition, the general economic environment in which the Company operated during such year is taken into account as are the prevailing pay levels for similar positions in similar companies.

The Senior Executive Performance Plan (the SEPP) funds the cash incentive awards that may be granted to the top five executive officers, consisting of the Chief Executive Officer (CEO) plus the four other highest-compensated executive officers (as determined under Securities Exchange Act regulations). Annual incentive awards to SEPP participants are limited to their respective allocated share of the SEPP's pool for the year in question. The pool is established based on the profit after tax in excess of 6% Return on Equity (ROE). Thus, if the Company fails to generate profits in excess of 6% ROE, no pool is created to fund awards for the top five executive officers. In such case, any awards to the top executive officers are at the discretion of the Committee.

The Company's executive compensation programs provide that a substantial component of total compensation reflect the returns realized by shareholders and the degree to which performance targets are met. This aligns the long-term interests of the Company's executive officers with those of the Company's shareholders and is accomplished through the following long-term incentive programs:

Stock options under the Company's Incentive Stock Plans generally have been granted annually at an exercise price equal to the fair market value of Class A common shares on the date of grant. Currently, options granted to executive officers generally become exercisable in three equal annual installments beginning one year from the date of grant and expire on the tenth anniversary of the grant. Under the Incentive Stock Plan, options can never be issued at less than fair market value. In certain years, eligible employees may elect to forego cash incentive payments and instead purchase Class A common shares issued under the Incentive Stock Plan.

The Performance Share Program provides annual awards based on a combination of the achievement of longer-term strategic initiatives and annual financial performance. Awards are completely contingent on and variable with the collective performance of the program participants in relation to pre-established strategic initiatives and financial performance goals. Payments are made in cash (based on the value of Class A common shares), unless previously deferred into the EDCP Plans described below.

The IR Executive Deferred Compensation Plan and the IR Executive Deferred Compensation Plan II (the EDCP Plans) enable and encourage eligible executives to defer receipt of all or part of their annual incentive award and/or their performance share award in

Edgar Filing: INGERSOLL RAND CO LTD - Form PRE 14A

exchange for investments in Class A common share equivalents or mutual fund investment equivalents. A component of the EDCP Plans is designed to increase stock ownership by executives. Certain participants who are subject to stock ownership requirements (see below) are eligible for a 20% supplemental amount on those deferrals invested in Class A common share equivalents. Vesting of the 20% supplemental amount is generally subject to the completion of five years of employment following the date of deferral.

Table of Contents

The number of stock options and Performance Share Program awards granted are based upon the position responsibility of each recipient, his or her individual performance, the Company's performance, and the long-term incentive practices of the surveyed corporations referred to above. These factors are periodically reevaluated by the Compensation Committee.

A formal share-ownership program has been established by the Company, which requires that the senior-most executives of the enterprise achieve and maintain sufficient ownership of Class A common shares at or above a prescribed level. The requirements are as follows:

	Individual Ownership Requirement (Shares and Equivalents)	Approximate Current Average Ownership (Shares and Equivalents)
Chief Executive Officer	100,000 shares	242,800 shares
Senior Vice Presidents	25,000 shares	35,600 shares
Corporate Vice Presidents	7,500 shares	12,800 shares
Other Participants (approximately 25)	3,000 shares	3,100 shares

The share-ownership program requires the accumulation of shares (or equivalents) over a five-year period starting in February 2004 (or the date the person becomes subject to stock ownership requirements, if later) at the rate of 20% of the required level each year. Ownership credit is given for actual Class A common shares purchased by the executive, deferred cash awards that are invested in Class A common share equivalents within the EDCP Plans and Class A common share equivalents accumulated in the Employee Savings Plan (ESP). Stock options themselves do not count towards meeting the share ownership target. If executives fall behind their scheduled accumulation level over the five years, their stock option exercises will be limited to buy and hold until the required ownership level is achieved. Likewise, if executives fail to maintain their required level of ownership after the five-year accumulation period, their stock option exercises will be limited to buy and hold until the required ownership level is achieved.

Other Compensation

In regard to other compensation (specifically perquisites) the Company's philosophy is to provide these at minimum competitive levels. In support of this philosophy, for example, the Company does not provide privileges such as executive parking spaces or executive dining facilities, nor does it allow for personal use of Company-provided aircraft, except as described below. The Company does provide Company-leased cars for business and personal use, with the cost associated with personal travel taxable to the executives. In addition, for security and safety reasons and to maximize his availability for Company business, the Board of Directors requires the Chairman and CEO to travel exclusively on Company-provided aircraft for both business and personal purposes. The cost for these programs is captured in Other Compensation shown in the Summary Compensation Table of the proxy statement.

2004 Chief Executive Officer Compensation

Throughout calendar year 2004, Mr. Henkel's annual salary was \$1,100,000, which is consistent with the salary levels of the chief executive officers of peer group companies.

Edgar Filing: INGERSOLL RAND CO LTD - Form PRE 14A

In addition, based upon Mr. Henkel's contribution to the Company's 2004 business results, the Compensation Committee approved incentive awards to Mr. Henkel as follows:

Annual Incentive Program	\$	2,750,000
Performance Share Program	\$	6,383,025
		<hr/>
Total Cash Incentive	\$	9,133,025
		<hr/>
Stock Option Program		225,000 shares

2004 Compensation of Other Named Executive Officers

During 2004, in accordance with the policies stated above, the executive officers named in the Summary Compensation Table, other than Mr. Henkel, were granted salary increases averaging approximately 5.85%. Annual cash incentive awards to Messrs. McLevish, Smith, Vasiloff and Lamach were granted pursuant to the achievement of performance objectives of the type described above. Based on the Company's financial performance, and the contributions made by these executives, they were granted Annual Incentive Program awards averaging approximately 103% of year-end salary. In addition, these executives were granted Performance Share Program awards averaging approximately 222% of year-end salary. These awards are commensurate with the extent to which the named executive officers exceeded the Programs' performance objectives.

The named executive officers were also granted stock options in respect of IR's Class A common shares, as indicated in the Summary Compensation Table and under the caption "Stock Options", in accordance with the practices referred to above.

Summary

The Compensation Committee believes the compensation programs for the Company's executive officers are competitive with the compensation programs provided to similarly situated officers at the surveyed corporations. The Compensation Committee believes the annual incentive payments made to the executive officers named in the Summary Compensation Table below in respect of the year 2004 are appropriate and commensurate with the Company's outstanding 2004 financial and strategic performance and their exceptional individual achievements during the year. Based on information the Compensation Committee has been provided by consultants relative to the compensation practices of surveyed corporations, it believes the stock incentive compensation opportunities provided to these officers, in the form of stock options, are also appropriate and are awarded in a manner fully consistent with the Company's strategy of basing a substantial component of total executive officer compensation on the total returns realized by the Company's shareholders.

Name	2004	2003	2002
H. L. Henkel	\$	\$	\$ 1,205,275

- (c) These amounts represent that portion of relocation benefit payments which compensated the named executive officers for the income taxes payable in respect of relocation compensation. The relocation benefit amounts are reflected in the column headed All Other Compensation. This column also includes the aggregate incremental cost to the Company of providing various perquisites. In accordance with SEC rules, perquisite amounts aggregating less than the lower of \$50,000 or 10% of the named executive officer's total salary and bonus may be omitted and therefore no such amounts are included for Messrs. McLevish, Lamach, Smith or Vasiloff for 2002, 2003 or 2004. For 2004, the amount for Mr. Henkel includes \$89,180 for travel on company-provided aircraft for personal purposes and \$31,600 for use of a Company-leased car. For 2003, this amount includes \$111,763 for air travel for personal purposes and \$18,950 for the personal use of the car. For 2002, the amount includes \$99,781 for air travel for personal purposes and \$10,600 for the use of the car. For security and safety reasons and to maximize his availability for Company business, the Board of Directors requires Mr. Henkel to travel exclusively on Company-provided aircraft for business and personal purposes.
- (d) The amounts reflected as Restricted Stock Awards are composed of the following:

amounts credited under the EDCP Plans equal to 20% of the cash bonuses and the Performance Share Program deferred by the named executives (see footnote (b) above); and

for Mr. Lamach, 9,000 employment share units granted as part of his employment arrangement with the Company. These employment units were valued at the date of grant in February 2004, earn dividend equivalents at the same rate as Class A common shares and vest as follows: 2,500 on the first anniversary of employment (in February 2005); 2,500 on the second anniversary of employment; and the remaining 4,000 shares on the third anniversary of employment. Dividend equivalents earned on the employment share units vest at the time the employment share units vest.

The total number and fair market value as of December 31, 2004, of Class A common shares issuable contingent upon the continued employment, retirement, death or disability of the named executives are as follows:

Name	# Shares	Fair Market Value(\$)
H. L. Henkel	18,649	1,497,476
T. R. McLevish	3,608	289,711
M. W. Lamach	9,116	731,991
R. P. Smith	3,364	270,131
C. P. Vasiloff	705	56,599

The amounts indicated in the table above also include:

Edgar Filing: INGERSOLL RAND CO LTD - Form PRE 14A

the crediting of additional Class A common share equivalents to accounts of the named executives under the EDCP Plans arising from the reinvestment of dividend equivalents under that plan of the 20% amount referred to above; and

for Mr. Vasiloff, the crediting of Class A common share equivalents under the Company's Management Incentive Unit Plan (the MIU Plan). Under the MIU Plan, when cash dividends are paid on the

Table of Contents

Company's Class A common shares, a participant is paid a cash amount equal to one-half of the dividends such participant would have received had the participant owned one share of Class A common share for each MIU granted to the participant. The remaining one-half of each cash dividend is credited to an account for the participant and is converted into Class A common share equivalents which also are held in the participant's MIU account. Distributions are made in cash following retirement in cash equal to the fair market value of one share of Class A common share for each Class A common share equivalent credited to the participant's account.

- (e) The amounts reflected in this column represent the value of long-term incentive awards distributed to Mr. Smith. The awards were distributable subject to the Company achieving established earnings per share and operating income goals for the business in which Mr. Smith worked. Receipt of all or a portion of these amounts has been deferred at the election of Mr. Smith.
- (f) The amounts reflected in this column represent:

our contributions for the account of the named executive officers under our Employee Savings Plan (the "ESP") (which includes contributions under our Leveraged Employee Stock Ownership Plan (the "LESOP"), as well as amounts credited to the accounts of such executive officers under the related supplemental plan, which provide benefits which would have been provided under the applicable tax-qualified plan but for Internal Revenue Code restrictions on such benefits; and

relocation benefits paid to the named executive officers; and

for Mr. Henkel, a portion of his life insurance policy premium.

For 2004 such amounts were as follows:

<u>Name</u>	<u>ESP (including Supplemental Plan Contributions)(\$)</u>	<u>Relocation Benefits(\$)</u>	<u>Life Insurance(\$)</u>

- (a) All options become exercisable in three equal annual installments beginning on the first anniversary of the date of grant.
- (b) Grant date value is based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised, so that there is no assurance the value realized by an executive will be at or near the value estimated by the Black-Scholes model. The grant date values were determined based in part upon the following assumptions:

Long-Term Incentive Plan Awards

Prior to 2002, as part of our executive officer compensation program, we awarded Class A common shares under our Incentive Stock Plans to executive officers and other key employees. Distributions were contingent upon a combination of our earnings per share performance and business sector operating income during the payout period. The relative weighting of the components varied based upon the particular executive's business responsibilities. No such awards were made in 2004.

Table of Contents**Retirement Plans**

The Company and its subsidiaries maintain a number of defined benefit pension plans for their officers and other employees. The pension plans provide for fixed benefits in the event of retirement at a specified age and after a specified number of years of service. All of the executive officers of the Company named above are eligible to participate in the Ingersoll-Rand Pension Plan Number One (the Pension Plan) and the Elected Officers Supplemental Program. The following table illustrates approximate annual pensions for retirements in 2004 under the Pension Plan and under the Elected Officers Supplemental Program computed as a straight life annuity, before the reduction specified in footnote (a) below and based on the indicated assumptions:

- (b) Final average compensation means the sum of (i) the individual's current salary, plus (ii) the average of the five highest bonus awards to that individual during the most recent six years.

The credited years of service and covered compensation (i.e., the final average compensation) as of December 31, 2004 for the individuals named above are as follows:

Name	Years of Credited Service	Covered Compensation(\$)
H. L. Henkel	17(a)	2,692,000
T. R. McLevish	3	948,800
M. W. Lamach	1	863,700
R. P. Smith	5	966,491
C. P. Vasiloff	29	765,606

- (a) Mr. Henkel's credited years of service exceed his actual service pursuant to the provisions of his employment arrangement. In addition, under his employment arrangement Mr. Henkel's benefit accrues at an accelerated rate so that he will be entitled at age 62 to an annual benefit equivalent to 65% of his then covered compensation (less the pension benefit he receives from his former employer).

Other Post-Employment Arrangements

The Company has entered into an arrangement with Mr. Henkel, whereby the Company is obligated to pay Mr. Henkel \$125,000 annually for a ten-year period commencing upon normal retirement, so long as his employment with the Company is not terminated by the Company for cause (as defined), so long as he meets certain noncompetition obligations and, in certain cases, so long as he retires from the Company at or after normal retirement age. In the event of death, the benefits are payable to Mr. Henkel's estate to the extent not already paid. Under this arrangement, the Company is a beneficiary of life insurance policies on Mr. Henkel and, based on actuarial assumptions, the life insurance proceeds receivable by the Company will defray the costs associated with this program.

Table of Contents

The Company has also adopted a program which provides Mr. Henkel with life insurance coverage ranging from one times annual earnings (as defined) to two times annual earnings (increased in certain instances to account for income tax obligations payable in respect of such supplemental coverage).

The Company has also entered into an agreement with each of Messrs. Henkel, McLevish and Lamach providing the named executive with severance benefits if he is terminated without cause. The benefit amount payable to Mr. Henkel will equal twice the sum of his annual salary plus his last bonus. The benefit payable to Mr. McLevish will equal the sum of his salary. The benefit payable to Mr. Lamach will equal the sum of eighteen months base salary plus the amount of his last bonus.

Change in Control Arrangements

The Company has entered into agreements with each of the executive officers named above which provide that if the employment of a particular executive officer is terminated (by the Company or, under certain circumstances, by the executive officer) within five years following a change in control of the Company (as defined in such agreements), the executive will receive a lump sum severance payment from the Company equal to three times the sum of (a) the executive's highest annual salary from the date of the change in control to the date of termination plus (b) the highest bonus awarded to the executive during the period beginning five years prior to the change in control and ending on the date of termination. In addition, the executive will receive an amount approximating the Company's contribution which would have been made for such executive's account under the ESP (including the related supplemental plan) during the three years following termination of employment and will be entitled during such three-year period to continue to participate in the Company's welfare employee benefit programs. For purposes of calculating the executive's retirement benefits, five years will be added to both the executive's age and service with the Company. The agreements further provide that if the payments described above constitute excess parachute payments under applicable provisions of the Internal Revenue Code and related regulations, the Company will pay the executive an additional amount sufficient to place the executive in the same after-tax financial position the executive would have been in if the executive had not incurred the excise tax imposed under Section 4999 of the Internal Revenue Code in respect of excess parachute payments.

Compensation Committee Interlocks and Insider Participation

None of the directors who served on the Compensation Committee during 2004 is or has been an officer or employee of the Company. Kenneth Martin, a son of Theodore E. Martin, a director of the Company and member of the Compensation Committee and Corporate Governance and Nominating Committee, is employed by a subsidiary of the Company in a non-executive capacity outside the U.S. and in 2004 was paid salary and bonus aggregating approximately \$220,000, and received other benefits customarily available to other expatriate employees at comparable levels. Consistent with the New York Stock Exchange standards and the Company's Corporate Governance Guidelines, the Board of Directors has determined that this relationship does not affect Mr. Martin's status as an independent director.

Performance Graph

The following graph compares for the five years ended December 31, 2004, the cumulative total shareholder return on our Class A common shares with the cumulative total return on the Standard & Poor's 500 Stock Index, Standard & Poor's Index and the Standard & Poor's Supercom Industrial Machinery Index. The graph assumes that \$100 was invested on December 31, 1999 in each of our common shares, the Standard & Poor's 500 Stock Index and the Standard & Poor's Supercom Industrial Machinery Index and assumes the reinvestment of dividends.

**ITEM 2: AMENDMENT TO BYE-LAW 10 OF THE COMPANY S BYE-LAWS TO ELIMINATE
THE CLASSIFICATION OF THE BOARD OF DIRECTORS**

Shareholders are being asked to consider and approve an amendment to the Amended and Restated Bye-laws of the Company to eliminate the classification of the Board of Directors. Under Section 13 of the Companies Act of 1981 Bermuda and Bye-law 74 of the Company s current Bye-laws, the shareholders must approve any amendments to the Bye-laws by the affirmative vote of a majority of the votes cast by shareholders present in person or by proxy at the annual general meeting. **The Board has unanimously approved the proposed amendment and recommends its approval by the shareholders.**

Bye-law 10 of the Company s Bye-laws provides for the classification of the Board of Directors into three classes, with one class being elected every year for a three-year term. The Board of Directors has determined that Bye-law 10 of the Bye-laws should be amended by deleting sub-paragraphs (2) and (3) in their entirety and renumbering sub-paragraphs (4) and (5) as (2) and (3) respectively. This will result in eliminating the classification of the Board of Directors and all directors being elected annually. The full text of the Amended and Restated Bye-laws, with the proposed amendment to Bye-law 10 reflected therein, is attached to this proxy statement as Appendix F.

The Board of Directors has considered the arguments for and against continuation of the classified board. There are several advantages to a classified board, including continuity and stability of the board, promoting a long-term focus and protecting value in the event of an unsolicited takeover attempt. However, the Board of Directors reconsidered the value of the classified board in light of last year s shareholder approval of a proposal urging the annual election of all directors and evolving views on corporate governance. The Board of Directors believes that accountability is one of the most important factors in achieving excellence in corporate governance and has determined that all directors should be annually accountable for the Company s performance. The proposed amendment will allow shareholders to review and express their opinions on the performance of all directors each year.

As further discussed in Item 3 below, the Board of Directors believes that if this proposal to declassify the Board of Directors is approved by the Company s shareholders, it is also in the best interests of the Company and

Table of Contents

its shareholders to eliminate cumulative voting in the election of directors (Item 3). **The Board is therefore conditioning the implementation of this proposal on the shareholders' approval of Item 3. If Item 3 is not approved by the Company's shareholders, the Company will not amend its Bye-laws to declassify the Board of Directors.**

The Company's directors have been elected to three-year terms. Accordingly, even if the Company's Board of Directors is declassified, the continuing directors and the nominees for the Third Class directors nominated for election at the 2005 Annual General Meeting of Shareholders will each serve out their remaining terms. Directors nominated for election at the 2006 Annual General Meeting of Shareholders and thereafter will be elected for a one-year term.

The Board of Directors recommends a vote FOR this proposal.

ITEM 3: AMENDMENT TO BYE-LAW 10 OF THE COMPANY'S BYE-LAWS TO ELIMINATE CUMULATIVE VOTING IN THE ELECTION OF DIRECTORS

Shareholders are being asked to consider and approve an amendment to the Amended and Restated Bye-laws of the Company to eliminate cumulative voting in the election of directors. Under Section 13 of the Companies Act of 1981 Bermuda and Bye-law 74 of the Company's current Bye-laws, the shareholders must approve any amendments to the Bye-laws by the affirmative vote of a majority of the votes cast by shareholders present in person or by proxy at the annual general meeting. **The Board has unanimously approved the proposed amendment and recommends its approval by the shareholders.**

Bye-law 10 of the Company's Bye-laws provides for cumulative voting with respect to the election of directors. Cumulative voting provides that each shareholder shall be entitled to as many votes as shall equal the number of votes which such shareholder would be entitled to cast at a general meeting, multiplied by the number of directors to be elected, and the shareholder may cast all such votes for a single director or may distribute them among as many candidates as he or she sees fit. The effect of cumulative voting is that a shareholder holding substantially less than a majority of the outstanding voting shares of a company may aggregate his or her votes and be able to elect one or more directors.

The Board of Directors has determined that Bye-law 10 of the Company's Bye-laws should be amended by deleting the last sentence of sub-paragraph (1) so as to eliminate cumulative voting in the election of directors. The full text of the Amended and Restated Bye-laws, with the proposed amendment to Bye-law 10 reflected therein, is attached to this proxy statement as Appendix F. Cumulative voting may allow a minority of shareholders to obtain representation on the Company's Board of Directors to further objectives that may be contrary to those of the majority of shareholders. The Board of Directors therefore believes that each director of the Company should be elected only if such director receives a plurality of the votes cast. This will ensure that each director feels a responsibility to the shareholders as a whole and not to any minority shareholder. The holders of a majority of the shares entitled to vote in an election of directors should be able to elect all of the directors being elected at that time, and no director should be elected by a minority shareholder with a special interest.

If the proposal to eliminate the classified board were approved and cumulative voting were not eliminated, the effect of cumulative voting for the election of directors would be exaggerated in comparison to its current effect because there would be a greater number of votes that a shareholder could cast for one director due to the increase in the number of directors being elected each year. Therefore, the Board of Directors believes that it is in the best interests of the Company and its shareholders to eliminate cumulative voting if the proposal to declassify the Board of Directors (Item 2) is approved by the Company's shareholders. The board would not be recommending eliminating cumulative voting if it were not also proposing that the shareholders approve the declassification of the board. **The Board is therefore conditioning the implementation of this proposal on the shareholders' approval of Item 2. If Item 2 is not approved by the Company's shareholders, the**

Company will not amend its Bye-laws to eliminate cumulative voting.

Table of Contents

Although the Board of Directors does not consider the elimination of cumulative voting as an anti-takeover measure, the absence of cumulative voting could have the effect of preventing a shareholder holding a minority of the Company's common stock from obtaining representation on the Board. The elimination of cumulative voting might also, under certain circumstances, render more difficult or discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of the Company's stock or the removal of incumbent management.

The Board of Directors recommends a vote FOR this proposal.

ITEM 4. APPROVAL OF APPOINTMENT OF INDEPENDENT AUDITORS

Under Bermuda law our shareholders have the authority to appoint the independent auditors of the Company and to authorize our Board of Directors to fix the auditors' remuneration. At the annual general meeting, shareholders will be asked to appoint PricewaterhouseCoopers LLP as our independent auditors for the fiscal year ending December 31, 2005, and to authorize the Board of Directors to fix the independent auditors' remuneration. PricewaterhouseCoopers LLP (PwC) has been acting as our independent auditors for many years and, both by virtue of its long familiarity with the Company's affairs and its ability, is considered best qualified to perform this important function.

Audit Committee Report

While management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls, the Audit Committee reviews the Company's financial statements and financial reporting process on behalf of the Board of Directors. In this context, the Committee has met and held discussions with management and the independent auditors regarding the fair and complete presentation of the Company's results. The Committee has discussed significant accounting policies applied by the Company in its financial statements. Management has represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Committee discussed with the independent auditors matters as required by Statement on Auditing Standards No. 61 (Communication With Audit Committees).

The Company's independent auditor, PwC, recently informed the Securities and Exchange Commission (the SEC), the Public Company Accounting Oversight Board and the Audit Committee that certain non-audit work that PwC had previously performed in China and Taiwan has raised questions regarding its independence with respect to its performance of audit services for the Company.

During the fiscal years 2004, 2003, 2002 and 2001, certain PwC affiliates, in connection with the preparation of local tax returns of expatriate Company employees, made payments to local tax authorities with respect to individual employee tax liabilities. As a result, PwC's foreign affiliates had temporary custody of small amounts of the Company's corporate funds.

The fees paid to PwC's foreign affiliates in China and Taiwan for the preparation of these tax returns, including the services mentioned above, were approximately \$433, \$14,765, \$24,849 and \$18,767 for the years 2004, 2003, 2002 and 2001, respectively. These services were discontinued in 2004.

Edgar Filing: INGERSOLL RAND CO LTD - Form PRE 14A

The Audit Committee has reviewed the facts surrounding these services provided by PwC. PwC has informed the Audit Committee that it does not believe that the performance of the tax services described above has impaired PwC's independence. In light of the de minimis fees paid to PwC, the ministerial nature of the actions performed and the fact that the services have been discontinued, neither our Audit Committee nor PwC believes that PwC's independence was impaired by the performance of these services.

Table of Contents

In addition, the Committee has discussed with PwC the auditors' independence from the Company and its management in connection with the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Committee also has considered whether the independent auditors' provision of non-audit services to the Company is compatible with the auditors' independence. The Committee has concluded that the independent auditors are independent from the Company and its management.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets separately with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission. The Committee has selected PwC, subject to shareholder approval, as the Company's independent auditors for the fiscal year ending December 31, 2005.

Table of Contents

The Audit Committee has adopted policies and procedures which require that the Audit Committee pre-approve all non-audit services that may be provided to the Company by its independent auditor. The policy: (i) provides for pre-approval of an annual budget for each type of service; (ii) requires Audit Committee approval of specific projects over \$100,000, even if included in the approved budget; and (iii) requires Audit Committee approval if the forecast of expenditures exceeds the approved budget on any type of service. The Audit Committee has determined that the provision of the services described under All Other Fees is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual general meeting and to be available to respond to appropriate questions. They will have an opportunity to make a statement if they so desire.

The Board of Directors recommends a vote FOR the proposal to appoint PricewaterhouseCoopers LLP as independent auditors of the Company and to authorize the Board of Directors to fix the auditors' remuneration.

TRANSACTIONS WITH MANAGEMENT

Since January 1, 2004, we have engaged in transactions in the ordinary course of business with, or have used products or services of, a number of organizations in which our directors have interests. The amounts involved have in no case been material in relation to our business and we believe that they have not been material in relation to the businesses of the other organizations or to the individual directors concerned.

We have not made payments to directors other than the fees to which they are entitled as directors (described under the heading Compensation of Directors on page 11) and the reimbursement of expenses relating to their services as directors. We have made no loans to any director or officer nor have we purchased any shares of the Company from any director or officer.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and officers, and persons who own more than ten percent of the Company's common stock, to file reports of ownership and reports of changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. To the Company's knowledge, based solely on its review of such forms received by the Company and written representations that no other reports were required, all Section 16(a) filing requirements were complied with for the year 2004 except that eight executive officers, Messrs. H. Henkel, T. McLevish, R. Randall, D. Rice, R. Smith, C. Vasiloff and Mmes. S. Elliott and P. Nachtigal, inadvertently failed to timely file one report of a transaction related to the annual grant of stock options. In each case, a report was filed promptly following discovery of the omission.

SHAREHOLDER PROPOSALS AND NOMINATIONS

Any proposal by a shareholder intended to be presented at the 2006 Annual General Meeting of Shareholders of the Company must be received at the offices of Ingersoll-Rand Company Limited at 155 Chestnut Ridge Road (P.O. Box 0445), Montvale, New Jersey 07645, Attn: Secretary,

The Company's By-laws, as amended, set forth procedures to be followed by shareholders who wish to nominate candidates for election to the Board in connection with annual general meetings of shareholders or pursuant to written shareholder consents or who wish to bring other business before a shareholders' general

meeting. All such nominations must be made following written notice to the Secretary of the Company accompanied by certain background and other information specified in the Bye-laws. In connection with any annual general meeting, written notice of a shareholder's intention to make such nominations must be given to the Secretary of the Company not later than the date which is 90 days in advance of the anniversary of the immediately preceding annual general meeting or, if the date of the annual general meeting occurs more than 30 days before, or 60 days after, the anniversary of such immediately preceding annual general meeting, not later than the seventh day after the date on which notice of such annual general meeting is given.

The Corporate Governance and Nominating Committee will consider all shareholder recommendations for candidates for Board membership, which should be sent to the Committee, care of the Secretary of the Company, at the address set forth above. In addition to considering candidates recommended by shareholders, the Committee considers potential candidates recommended by current directors, Company officers, employees and others. As stated in the Company's Corporate Governance Guidelines attached as Appendix A to this proxy statement, candidates for Board membership are selected based upon their judgment, character, achievements and experience in matters affecting business and industry.

In order for you to bring other business before a shareholder general meeting, timely notice must be received by the Secretary of the Company within the time limits described above. The notice must include a description of the proposed item, the reasons you believe support your position concerning the item, and other specified matters. These requirements are separate from and in addition to the requirements you must meet to have a proposal included in our proxy statement. The foregoing time limits also apply in determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority.

HOUSEHOLDING

Securities and Exchange Commission rules permit a single set of annual reports and proxy statements to be sent to any household at which two or more shareholders reside if they appear to be members of the same family. Each shareholder continues to receive a separate proxy card. This procedure is referred to as householding. While the Company does not household in mailings to its shareholders of record, a number of brokerage firms with account holders who are Company shareholders have instituted householding. In these cases, a single proxy statement and annual report will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once a shareholder has received notice from his or her broker that the broker will be householding communications to the shareholder's address, householding will continue until the shareholder is notified otherwise or until the shareholder revokes his or her consent. If at any time a shareholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, he or she should notify his or her broker. Any shareholder can receive a copy of the Company's proxy statement and annual report by contacting the Company at Ingersoll-Rand Company Limited, 155 Chestnut Ridge Road, Montvale, New Jersey 07645, Attention: Secretary or by accessing it at the Company's website at www.irco.com.

Shareholders who hold their shares through a broker or other nominee who currently receive multiple copies of the proxy statement and annual report at their address and would like to request householding of their communications should contact their broker.

Edgar Filing: INGERSOLL RAND CO LTD - Form PRE 14A

Review and approve the Company's financial statements and financial reporting.

Review the Company's ethical standards and legal compliance programs and procedures.

Monitor relations with shareholders, employees, and the communities in which the Company operates.

Board Size and Composition

The Board of Directors is comprised of such number of directors as the Board deems appropriate to function efficiently as a body, subject to the Company's By-Laws. The Corporate Governance and Nominating Committee reviews the composition of the full Board to identify the qualifications and areas of expertise needed to further enhance the composition of the Board, makes recommendations to the Board concerning the appropriate size and needs of the Board and, on its own or with the assistance of management or others, identifies candidates with those qualifications.

The Board is made up of a substantial majority of independent, non-employee directors. The Board considers that the Bermuda law requiring two directors to be officers of the Company should be the maximum number of employee directors. The Board establishes principles and procedures to determine whether or not any particular director is independent in accordance with applicable regulations and the requirements of the New York Stock Exchange. The standards currently in effect for determining the independence of individual directors are attached as Exhibit I to these Corporate Governance Guidelines.

Selection of Directors

Under the Bye-Laws, the Board of Directors has authority to fill vacancies in the Board and to nominate candidates for election by the shareholders. The screening process is done by the Corporate Governance and Nominating Committee with direct input from the Chairman and CEO and from the other directors and from time to time with the assistance of director search firms. In considering candidates for director, the Corporate Governance and Nominating Committee will take into account all factors it considers appropriate, including, among other things, breadth of experience, understanding of business and financial issues, ability to exercise sound judgment, diversity, leadership, and achievements and experience in matters affecting business and industry. The Corporate Governance and Nominating Committee considers the entirety of each candidate's credentials and believes that at a minimum each nominee should satisfy the following criteria: highest character and integrity, experience and understanding of strategy and policy-setting, sufficient time to devote to Board matters, and no conflict of interest that would interfere with performance as a director. Shareholders may recommend candidates for Board membership for consideration by the Corporate Governance and Nominating Committee. Such recommendations should be sent to the Committee, care of the Secretary of the Company. Candidates recommended by shareholders are evaluated in the same manner as director candidates identified by any other means.

Chairman of the Board and CEO

The positions of Chairman of the Board and CEO are held by the same person, except in unusual circumstances. This policy has worked well for the Company. It is the Board's view that the Company's corporate governance principles, the quality, stature and substantive business knowledge of the members of the Board of Directors, as well as the Board's culture of open communication with the CEO and senior management are conducive to Board effectiveness with a combined Chairman and CEO position.

Committees of the Board

The Board of Directors has the following committees: Audit, Compensation, Corporate Governance and Nominating, and Finance. All committees have written, Board-approved charters detailing their responsibilities. Only non-employee directors serve on these committees. Chairpersons and members of these four committees are rotated periodically, as appropriate. At each meeting of the Audit Committee, committee members meet privately with representatives of the Company's independent auditors, and with the Company vice president responsible for the internal audit function.

The Audit Committee meets at least five times each year, the Compensation and Finance Committees each meet at least four times each year and the Corporate Governance and Nominating Committee meets at least three times each year. Additional committee meetings are called as required.

Board Agenda and Meetings

The Chairman and Chief Executive Officer establishes the agendas for the Board meetings. Each director is free to suggest items for inclusion in the agenda, and each director is free to raise at any Board meeting subjects that are not on the agenda for that meeting. Board materials relating to agenda items are provided to Board members in advance of meetings to allow the directors to prepare for discussion of matters at the meeting. The Board reviews and approves the Company's yearly operating plan and specific financial goals at the start of each year, and the Board monitors performance throughout the year. The Board also reviews the Company's long-range strategic plan regularly. At an expanded Board

meeting once a year, the Board reviews in depth the long-range strategic plan. At the expanded meeting, it also reviews senior management development and succession planning.

Management presentations are made to the Board and its committees regularly on various aspects of the Company's operations. The directors have unrestricted access to management and corporate staff.

Executive Sessions of Non-employee Directors

The non-employee directors meet privately in executive sessions to review the performance of the CEO and to review recommendations of the Compensation Committee concerning compensation for the employee directors. The non-employee directors also meet as necessary, but at least twice a year, in executive session to consider such matters as they deem appropriate without management being present.

Lead Director

It is the policy of the Board that a Lead Director be appointed annually on a rotating basis from among the independent directors not concurrently serving as a chair of a Board committee. The Lead Director (a) presides at all meetings of the directors at which the Chairman is not present, including executive sessions of the independent directors; (b) serves as a liaison between the Chairman and the independent directors; (c) approves the information sent to the directors; (d) with input from the other independent directors, approves Board meeting agendas and Board meeting schedules to assure that there is sufficient time for discussion of all agenda items; (e) has the authority to call meetings of the independent directors; and (f) is available for direct communication from major shareholders.

Director Orientation and Continuing Education

In order to become familiar with the Company, as well as the functioning of the Board of Directors, newly-appointed directors receive a variety of materials, including a Directors Handbook, which provide an overview of the Company, its operations and organization. They are also provided with access to key management personnel to provide additional information, including significant issues currently facing the Company. Management will also maintain a program to keep directors up to date on legal, regulatory and other matters relevant to their positions as directors of a large publicly-held corporation.

Director Compensation and Stock Ownership

The Corporate Governance and Nominating Committee periodically reviews the Board of Directors compensation and benefits and compares them with director compensation and benefits at peer companies. It is the Board of Directors policy that a significant portion of director compensation is in the form of IR shares or share equivalent units. All directors are expected to own a minimum of \$180,000 in IR shares or share equivalents within three years from the date of their first election to the Board of Directors. It is also the policy of the Board that directors fees be the sole compensation received from the Company by any non-employee director.

CEO Performance Evaluation

At the beginning of each year, the CEO presents his performance objectives for the upcoming year to the non-employee directors for their approval. At the end of the year, the non-employee directors then meet privately to discuss the CEO's performance for the current year against his performance objectives. The non-employee directors use this performance evaluation in the course of their deliberations when considering the compensation of the CEO. The non-employee directors and the CEO then meet to review the CEO's performance evaluation and

compensation.

Chief Executive Officer Succession

The Board of Directors views CEO selection as one of its most important responsibilities. To assist the Board in succession planning, the CEO reports at least annually to the Board providing an assessment of senior managers and their potential to succeed the CEO, either in the event of a sudden emergency or in anticipation of the CEO's future retirement.

A-3

Table of Contents

Director Retirement

Each non-employee director must retire at the annual general meeting immediately following his or her 72nd birthday. Directors who change the occupation they held when initially elected must offer to resign from the Board. At that time, the Corporate Governance and Nominating Committee reviews the continued appropriateness of Board membership under the new circumstances and makes a recommendation to the Board. Employee directors, including the CEO, must retire from the Board at the time of a change in their status as an officer of the Company, unless the policy is waived by the Board.

Board and Board Committee Performance Evaluation

With the goal of increasing the effectiveness of the Board of Directors and its relationship to management, the Corporate Governance and Nominating Committee assists the Board in evaluating its performance as a whole and the performance of its committees. Each Board committee is also responsible for conducting an annual evaluation of its performance. The effectiveness and contributions of individual directors are considered each time a director stands for renomination.

Board Memberships

The CEO and other members of senior management must seek the approval of the Board (or the Board committee to which this responsibility has been delegated), before accepting outside board memberships with for-profit entities.

Non-employee directors must advise the Chairman of the Board and the Chair of the Corporate Governance and Nominating Committee if they are being considered for election or appointment to a board of directors of another publicly-held company.

Independent Advice

The Board (or with the Board's approval, a committee of the Board) may seek legal or other expert advice from a source independent of management. Generally, this would be with the knowledge of the CEO.

Code of Conduct

The Company will maintain a code of business conduct and ethics which will articulate for employees, shareholders, customers and suppliers the standards of conduct, including conflicts of interest matters, to which the Company expects to adhere. Directors will also be required to abide by the code of conduct. Any waivers of the conflict of interest requirements of such code in favor of a director or executive officer will be subject to approval by the Board. In the case of the consideration of such a waiver in favor of a director, such director shall not participate in the deliberation or vote relating to such waiver.

Internal Audit Function

The Company will maintain an internal audit function whose head will report directly to the CFO or CEO. The internal audit function is responsible for bringing a systematic, disciplined approach to evaluate the effectiveness of risk management, control and governance processes. Its duties include monitoring the compliance by Company operations with the Company's internal controls and identifying any deficiencies in the design or operation of such internal controls which could adversely affect the Company's ability to record, process, summarize and report financial data.

Guidelines for Determining Independence of Directors

(A) A director will not be deemed independent if: (i) the director is affirmatively determined by the board of directors of the Company to have a material relationship to the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company); (ii) the director is or was within the last three years employed by the Company or any of its subsidiaries; (iii) an immediate family member of the director is or was within the last three years employed by the Company or any of its subsidiaries as an executive officer; (iv) the director or an immediate family member of the director has received during any twelve-month period within the last three years more than \$100,000 in direct compensation (other than director and Board committee fees and pension or other forms of deferred compensation not contingent on continued service as a director from the Company and its subsidiaries), provided, however that for purposes of this subparagraph (iv), compensation received by an immediate family member for service as an employee of the Company (other than an executive officer) shall not be included in determining a director's independence; (v) the director, or an immediate family member of the director, is a current partner of a firm that is the Company's internal or external auditor; (vi) the director is a current employee of such audit firm; (vii) an immediate family member of the director is a current employee of such audit firm and participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; (viii) the director or an immediate family member of the director was within the last three years (but is no longer) a partner or employee of such audit firm and personally worked on the Company's audit within that time; (ix) an executive officer of the Company is or was within the last three years on the compensation committee of the board of directors of a company that employed the director, or an immediate family member of the director, as an executive officer at the same time; or (x) the director is a current employee, or has an immediate family member who is a current executive officer, of a company or tax exempt organization having any of the relationships with the Company described in paragraph (B) below.

(B) The following commercial or charitable relationships will not be considered to be material relationships that would impair a director's independence: (i) if a director is a current employee, or an immediate family member of a director is a current executive officer, of another company that has made payments to, or receives payments from, the Company for property or services in an amount which, in any of the last three fiscal years, is \$1 million or less, or, if greater, is less than 2% of the annual revenues of that other company; or (ii) if a director is a current employee, or an immediate family member of a director is a current executive officer, of a tax exempt organization, and the Company's discretionary charitable contributions to the organization in the aggregate are less than \$1 million or, if greater, less than 2% of that organization's consolidated gross revenues. (The amount of any match of charitable contributions under the Company's matching gifts program will not be included in calculating the amount of the Company's contributions for this purpose.) The Board will annually review all commercial and charitable relationships of directors.

(C) For relationships other than those of the types described in (A) and (B), the determination of whether the director has a material relationship with the Company, and therefore may not be independent, will be made in good faith by the directors who satisfy the guidelines set forth in such preceding paragraphs.

(D) For purposes of these guidelines the term "immediate family member" includes an individual's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than domestic employees) who shares such individual's house.

(E) For purposes of these guidelines the term "executive officer" shall have the same meaning as the term "officer" in Rule 16a-1(f) of the Securities Exchange Act of 1934.
