PROXY STATEMENT

Annual Meeting of Stockholders

May 3, 2005

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Company for use at the Annual Meeting of Stockholders to be held on May 3, 2005.

It is anticipated that the mailing of this Proxy Statement and accompanying form of Proxy to stockholders will begin on or about April 1, 2005.

SOLICITATION OF PROXIES

At the meeting, the stockholders of the Company will be asked (1) to elect four directors, and (2) to transact such other business as may properly come before the meeting. Your Board of Directors is asking for your proxy for use at the meeting. Although management does not know of any other matter to be acted upon at the meeting, shares represented by valid proxies will be voted by the persons named on the proxy in accordance with their best judgment with respect to any other matters which may properly come before the meeting.

The cost of preparing, assembling, and mailing the Notice of Meeting, this Proxy Statement and the enclosed proxy ballot will be paid by the Company. Following the mailing of this Proxy Statement, directors, officers, and regular employees of the Company may solicit proxies by mail, telephone, other electronic means, or in person; such persons will receive no additional compensation for such services. Brokerage houses and other nominees, fiduciaries and custodians nominally holding shares of record will be requested to forward proxy soliciting material to the beneficial owners of such shares and will be reimbursed by the Company for their charges and expenses in connection therewith at the rates approved by the New York Stock Exchange.

RECORD DATE AND VOTING

Holders of shares of Common Stock of record at the close of business on March 11, 2005, are entitled to notice of, and to vote at, the meeting. There were 16,440,501 shares of Common Stock outstanding on March 11, 2005. A stockholder giving a proxy may revoke it at any time before it is voted by filing with the Company's Secretary a written notice of revocation or a duly executed proxy bearing a later date. Unless a proxy is revoked and except as indicated below under Election of Directors, shares represented by a proxy will be voted in accordance with the voting instructions on the proxy and, on matters for which no voting instructions are given, shares will be voted for the nominees of the Board of Directors as shown on the proxy. Stockholders cannot abstain in the election of directors, but they can withhold authority. Stockholders who

Edgar Filing: TEJON RANCH CO - Form DEF 14A

withhold authority will be considered present for purposes of determining a quorum. The rules of the New York Stock Exchange permit member organizations (brokers) to vote shares on behalf of beneficial owners, in the absence of instructions from beneficial owners, on certain routine matters, including the election of directors, but do not permit such votes on non-routine matters, including any proposals submitted for stockholder approval, none of which are expected at this meeting. Situations where brokers do not vote on non-routine proposals are referred to as broker non-votes. Broker non-votes will not be counted as present for purposes of determining a quorum and will have no effect on the outcome of the voting for any non-routine matters.

Stockholders vote cumulatively in the election of directors. Cumulative voting means that each stockholder is entitled to a number of votes equal to the number of directors to be elected multiplied by the number of shares he or she holds. These votes may be cast for one nominee or distributed among two or more nominees. The four (4) candidates receiving the highest number of affirmative votes will be elected as directors. On all other matters, stockholders are entitled to one vote per share held. The proxies being solicited include authority of the proxy holders to cumulate votes.

Pursuant to Delaware corporation law, the actions contemplated to be taken at the Annual Meeting do not create appraisal or dissenters rights.

ELECTION OF DIRECTORS

The Board of Directors now consists of ten directors divided into three classes based upon when their terms expire. The terms of three directors (Class I) expire at the 2006 Annual Meeting, the terms of three directors (Class II) expire at the 2007 Annual Meeting, and the terms of four directors (Class III) expire at the 2005 Annual Meeting. The regular terms of directors expire at the third Annual Meeting following the Annual Meeting at which the directors were elected, although directors continue to serve until their successors are elected and qualified, unless the authorized number of directors has been decreased.

The names of the nominees of the Board of Directors for election as directors at the 2005 Annual Meeting (all of whom are presently directors) are set forth in the table below, along with certain other information. The table also includes information as to other directors of the Company.

Other than nominations made at the direction of the Board of Directors, nominations of persons for election to the Board of Directors by stockholders must be made pursuant to timely notice in writing to the Secretary of the Company. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Company not later than the close of business on the tenth day following the day on which the Notice of Annual Meeting of Stockholders was mailed. Such stockholder's notice must set forth: (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors or is otherwise required, in each case pursuant to the Securities Exchange Act of 1934, as amended; and (ii) as to the stockholder giving the notice, the name and address, as they appear on the Company's books, of such stockholder, and the class and number of shares of the Company which are beneficially owned by such stockholder.

Except as noted below, each proxy solicited by and on behalf of the Board of Directors will be voted FOR the election of the nominees named below (unless such authority is withheld as provided in the proxy) and one-quarter of the votes to which the stockholder is entitled will be cast for each of the four nominees. In the event any one or more of the nominees shall become unable to serve or refuse to serve as director (an event which is not anticipated), the proxy holders will vote for substitute nominees in their discretion. If one or more persons other than those named below as nominees for the 2005 Annual Meeting are nominated as candidates for director by persons other than the Board of Directors, the enclosed proxy may be voted in favor of any one or more of said nominees of the Board of Directors or substitute nominees and in such order of preference as the proxy holders may determine in their discretion.

All references to the Company in the table below and the remainder of this Proxy Statement relating to periods prior to June 1987 include references to Tejon Ranch Co., a California corporation and the Company's predecessor, which became a wholly owned subsidiary of the Company as a result of a reincorporation transaction consummated in June 1987.

Board of Directors and Committees

Standing committees of the Board of Directors include the Executive, Audit, Compensation, Real Estate, and Nominating and Corporate Governance Committees. The major functions of each of these committees are described briefly below.

Except for certain powers which, under Delaware law, may be exercised only by the full Board of Directors, or which, under the rules of the Securities and Exchange Commission or the New York Stock Exchange, may only be exercised by committees composed solely of independent directors, the Executive Committee may exercise all powers and authority of the Board of Directors in the management of the business and affairs of the Company.

The Audit Committee acts on behalf of the Board of Directors in fulfilling the Board's oversight responsibility relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the Board. In addition, the Audit Committee retains the independent auditor and approves the scope of all audit and non-audit services it performs. The Charter of the Audit Committee was amended in its entirety by the Board of Directors in March 2004 and is attached as Appendix A to this Proxy Statement. Each of the members of the Audit Committee is independent as defined under the listing standards of the New York Stock Exchange, and under Rule 10A-3 of the Securities and Exchange Commission.

The Compensation Committee reviews and either adjusts or recommends to the Board of Directors appropriate adjustments to the Company's overall compensation structure, the compensation arrangements for executive officers, and director compensation, and evaluates the performance of executive officers.

The Real Estate Committee reviews all significant activities and issues related to the Company's real estate assets and opportunities. It receives and considers the analyses of the Company's real estate staff and provides management with oversight, guidance and strategic input on major decision points. It reviews and either approves or recommends to the Board of Directors appropriate action on significant proposed real estate transactions, development pro formas and budgets, and action plans.

The Nominating and Corporate Governance Committee was formed by the Board of Directors in December 2003. It is charged with evaluating the performance of existing directors, identifying and recruiting potential new directors, evaluating candidates for director positions recommended by stockholders, and recommending candidates to be nominated by the Board of Directors or elected by the Board on an interim basis. It also reviews and makes recommendations to the Board of Directors respecting the composition and functioning of Board committees, the Corporate Governance Guidelines, and the Board's performance.

Edgar Filing: TEJON RANCH CO - Form DEF 14A

All of the members of the Nominating and Corporate Governance Committee are independent as that term is defined in the listing standards of the New York Stock Exchange. The Committee would be pleased to consider any recommendations of director candidates from stockholders. In March 2005, the Committee adopted formal procedures regarding consideration of candidates recommended by stockholders. Stockholders may recommend a candidate for consideration by the Committee by sending a letter addressed to Nominating Committee Chair, c/o Corporate Secretary, P.O. Box 1000, Lebec, California 93243.

During 2004, there were five meetings of the Board of Directors, none of the Executive Committee, six of the Audit Committee, three of the Compensation Committee, two of the Real Estate Committee, and three of the Nominating and Corporate Governance Committee. During 2004 all incumbent directors attended 75% or more of the aggregate total of such meetings of the Board of Directors and committees of the Board on which they served.

The Board of Directors has made a finding that all directors, except Mr. Stine, are independent as that term is defined in the listing standards of the New York Stock Exchange. Mr. Daniels will preside at all portions of Board of Directors meetings limited to independent or non-management directors. The Board of Directors has also found that no member of the Audit Committee is an affiliated person as defined in the exchange listing standards or the rules of the Securities and Exchange Commission. The Board of Directors has further found that the Audit Committee has not less than one member who is an audit committee financial expert as defined in the rules of the Securities and Exchange Commission, and that not less than one member of the Audit Committee has accounting or related financial management expertise as described in the listing standards of the New York Stock Exchange.

The Company's policy is that all directors are expected to attend every annual stockholders meeting in person. All directors attended the 2004 Annual Meeting of the Company.

The Board of Directors has adopted a Code of Business Conduct and Ethics, which is applicable to all directors, officers and employees. It also has adopted Corporate Governance Guidelines to guide its own operations. Both documents are available on the Company web site, www.tejonranch.com. In addition, the charters of the Audit, Compensation, Nominating and Corporate Governance, and Real Estate Committees are available on the web site, and are available in print form upon request to the Corporate Secretary.

Stockholders and other interested persons may communicate directly to the Board of Directors, without management needing to handle or forward the communication, and with management being unable to intercept the communication, through the Company's web site. These communications will be automatically directed to the Chairman of the Audit Committee.

Director Compensation

In 2004, Directors who were not employees of the Company received an annual retainer of \$26,000. The annual retainer was payable \$12,000 in cash and \$14,000 in restricted stock with a one-year vesting period, unless the director elected to receive his entire retainer in restricted stock. If a director owned beneficially, or was affiliated with a person or entity which owned beneficially, 15% or more of the outstanding shares of the Common Stock of the Company, then that director could elect to receive his entire annual retainer in cash. The Chairman of the Board of Directors receives an additional annual retainer of \$10,000 in restricted stock with a one-year vesting period, and the Chairmen of the Audit Committee, Compensation Committee and Real Estate Committee each receive an additional annual retainer of \$5,000 in restricted stock with a one-year vesting period. As a transitional matter, in March 2004 the Board granted to all non-employee directors 1,000 shares of restricted stock which vests over three years, one-third each year. Any new director will receive a grant of 1,000 shares on the same terms when he or she joins the Board. Directors will have the opportunity to defer restricted stock grants into a non-qualified deferred compensation plan.

Directors receive a fee of \$1,000 for attendance at any meeting of the Board, a fee of \$1,000 for the first Committee meeting attended by such director on a day when the Board is not meeting, and a fee of \$500 per Committee meeting attended by such director on the day of a Board meeting or another Committee meeting. One exception is that if the Nominating and Corporate Governance Committee meets on the same day as the Audit Committee, no fee will be paid for attending the former meeting. The fees are payable if the meeting is attended in person or by telephone conference call. Board and Committee meeting fees paid to directors traveling from outside of California to attend in person were paid at 150% of the rates set forth above.

(1) Amounts shown include salary earned and received by executive officers. The bonus amounts shown were accrued by the Company in the years shown but were received by the officers in January, February or March of the following years.

(2) This column shows the fair market value of the restricted stock and restricted stock units on the date of grant. The restricted stock and restricted stock unit awards shown in this column are of two types. The first type contains restrictions that are time-based and the second type contains restrictions that are performance-based (performance award), though the value of the restricted stock and restricted stock units awarded with both types of restrictions is cumulated in this column. (A third type of performance-based restricted stock units (milestone units) was awarded in 2004 and the value of those restricted stock units is not included in this column, but is shown in the Long

Term Incentive Compensation table which follows, and will be shown in the Long Term Incentive Payout column of the foregoing table in the year the restrictions lapse, if earned.) On March 26, 2004, Mr. Stine was awarded 12,587 time-based restricted stock units and 9,440 performance award restricted stock units; Mr. Lyda was awarded 4,005 time-based restricted stock units and 3,004 performance award restricted stock units; Mr. Mullins was awarded 4,577 time-based restricted shares and 3,433 performance award restricted stock units; Mr. Drew was awarded 4,005 time-based restricted stock units and 3,004 performance award restricted stock units; and Mr. Warren was awarded 2,288 time-based restricted stock units and 1,716 performance award restricted stock units. Beginning on the first anniversary of the date of grant, the restrictions on 25% of the time-based restricted

shares and restricted stock units are scheduled to lapse each calendar year after the date of grant. The performance awards and the milestone units will vest if the performance criteria specified in the Restricted Stock Agreements and Restricted Stock Unit Agreements, respectively, are met. The unvested portion of each restricted stock and restricted stock unit grant is subject to forfeiture upon termination of the holder's employment with the Company.

- (3) As of December 31, 2004, the value of aggregate restricted stock holdings of Mr. Mullins was \$186,742 (4,577 shares). As of December 31, 2004, the value of aggregate restricted stock unit holdings of Messrs. Stine, Lyda, Mullins, Drew and Warren, which includes both the performance award restricted stock units shown in the Restricted Stock Awards column of the Summary Compensation Table and the milestone units (at maximum award) shown in the following Long Term Incentive Plan Awards table, all of which were awarded in 2004, was \$8,384,726 (205,508 units), \$2,774,400 (68,000 units), \$2,848,411 (69,814 units), \$2,695,697 (66,071 units), and \$1,302,214 (31,917 units), respectively.
- (4) The amounts in this column include the matching contributions made by the Company under its 401(k) defined contribution plan, but do not include obligations incurred for the benefit of the officers' Supplemental Executive Retirement Plans.

In addition to the grants of restricted stock and restricted stock units shown in the Restricted Stock Awards column of the Summary Compensation Table above, on May 13, 2004, the following awards of restricted stock units (the milestone units referred to in footnote 2 to the Summary Compensation Table) were granted to each of the officers listed on the Summary Compensation Table. The dollar value of the awards shown in the following table is based on the closing price of the shares of the Company's common stock on the date of grant. Each such award consists of restricted stock units which vest upon the achievement of certain performance-based criteria which the Board of Directors believes will add significant value to all Company stockholders.

For each award, no shares of stock shall be awarded unless the threshold level of achievement is met. The information for each performance level below is the aggregate award payable at that level, and includes the shares already paid for previous levels. For instance, the target level includes shares paid at the threshold level. The precise performance criteria for each award consist of confidential business information.

- (1) The milestone units shown in the foregoing table, in order to be earned, require the achievement of a matrix of long term strategic milestones of the Company. These milestones include the accomplishment of certain specific objectives within defined financial parameters that are tied to the Company's long term plans. The time for award of these units is variable, as it is dependent on achievement of the specific objectives.

The Company has entered into an agreement with Mr. Stine providing for him to serve as President, Chief Executive Office and a director of the Company. Although the agreement does not provide for a term of employment, Mr. Stine will be entitled to continuation of his salary for one year if the Company terminates his employment without cause. In addition such a termination would result in acceleration of the exercise dates of Mr. Stine's stock options. The agreement also provides for customary perquisites.

The Company has entered into agreements with each of the officers named in the Summary Compensation Table providing each officer with specified severance benefits in the event the Company terminates his employment without cause, or the employee terminates his employment for good cause, within two years following, or prior to and in connection with or anticipation of, a change of control of the Company. Change of control is defined to mean a liquidation of the Company; a change in the identity of a majority of the directors on the Board (with certain exceptions); the acquisition by any person or group of beneficial ownership of 20% or more of the outstanding shares of Common Stock or voting power of the Company (with certain exceptions); or a transaction or series of transactions resulting in the sale of substantially all of the Company's assets or the merger, consolidation or reorganization of the Company, unless control of the Company or a successor company that acquires the Company's assets is substantially the same after the transaction (as defined). The severance benefits generally consist of the continuation (for up to 36 months for Mr. Stine and 30 months for the other officers, subject to certain limitations) of the employee's salary and Company health and life insurance, the continuation for a substantially shorter period of time of applicable perquisites, including Company car, country club membership and/or Company housing, and the acceleration of the exercise dates of all outstanding options to purchase capital stock of the Company.

Stock Options

The Company had a 1992 Stock Option Plan providing for the granting of options to purchase a maximum of 230,000 shares of Common Stock. New stock option grants could no longer be made under the 1992 Stock Option Plan after March 2002. Options to purchase two shares remained outstanding under this plan as of December 31, 2004, and they have since been exercised. The Company has a 1998 Stock Incentive Plan providing for the granting of awards, including stock options, with respect to a maximum of 1,600,000 shares of Common Stock. During 2003 no options were granted to the officers named in the Summary Compensation Table under the 1998 Stock Incentive Plan.

The following table shows the number of shares issued upon exercise of options in 2004 and the number of shares subject to exercisable and nonexercisable stock options outstanding at December 31, 2004, and held by executive officers named in the preceding Summary Compensation Table.

Pension Plan

The Company contributes each year to a Pension Plan for most of its employees the amount necessary to fund the Plan on an actuarially sound basis. The amounts of these annual contributions are not included in the compensation table above. Pension benefits to be received from the Plan upon retirement are determined by an employee's five year final average annual compensation, length of service with the Company and age at retirement, subject to certain limitations imposed on a qualified retirement plan by the Internal Revenue Code.

In 1991 the Company adopted a Supplemental Executive Retirement Plan (the SERP) in order to restore to executives designated by the Compensation Committee of the Board of Directors the full benefits under the Pension Plan which would otherwise be restricted by certain limitations now imposed under the Internal Revenue Code. The SERP is unfunded, but the associated liability has been accrued and will be reflected on the Company's financial statements. No benefits under the Pension Plan or the SERP become vested until the earlier of (a) the participant's attainment of age 65 or (b) the completion of five or more years of vesting service (as defined under the Pension Plan). With respect to the SERP, an executive can become vested upon the incurrence of a total and permanent disability while employed by the Company as determined by the Board of Directors or the Compensation Committee. The Compensation Committee also has the power to grant a participant vested status with respect to the SERP even if he does not meet the foregoing requirements. In December 1999 the SERP was amended to give Mr. Stine credit for 1.875 years of service for each year of actual service, to allow him to receive benefits calculated on the basis of up to 30 years of service instead of the 25-year maximum applicable to other participants and to impose an overall formula limit on his maximum monthly retirement benefit. Under the amendment, if Mr. Stine remains in the employ of the Company and retires at age 65, he would receive benefits based upon 30 years of service.

The table below illustrates the amount of annual pension benefits payable under the Plan (as increased by amounts payable to eligible executives under the SERP) to persons in particular classifications who work to the normal retirement age of 65.

* Current maximum annual compensation limit for all qualified plan benefit calculation purposes. (IRC 401 (a) (17))

For purposes of pension benefits, earnings consist of compensation determined in the manner reflected in the preceding Summary Compensation Table, except that for pension benefit purposes, bonuses are included in the year paid instead of in the year accrued and amounts under Long Term Compensation and All Other Compensation are not counted. The benefits presented are straight life annuity amounts and are determined based on the benefit formula required by the Plan, which conforms to the regulations of the Internal Revenue Service and ERISA. The benefits presented reflect deductions for Social Security as required by the Plan. The

amounts of compensation for 2004 that could affect the five-year final average annual compensation of the executives named in the Summary Compensation Table if they retire are: Mr. Stine \$550,000; Mr. Lyda \$230,626; Mr. Mullins \$239,700; Mr. Drew \$223,520; and Mr. Warren \$197,105. The credited years of service under the Plan and the SERP as of December 31, 2004, for those named in the Summary Compensation Table are: Mr. Stine 15 years, Mr. Lyda 14 years, Mr. Mullins 11 years, Mr. Drew 3 years, and Mr. Warren 4 years. All employees having one year in service with the Company participate in the Plan, including all current officers of the Company. Mr. Warren has additional pension benefits under the Plan respecting his service with the Company during 1987-1994.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation:

General Matters

The fundamental objective of the Company's executive compensation policies is to ensure that executives are provided incentives and compensated in a way that advances both the short- and long-term interests of stockholders while also ensuring that the Company is able to attract and retain talented management executives.

The executive compensation policies recommended by the Compensation Committee and adopted by the Board of Directors generally consist of three components:

a base salary,

a cash bonus based on performance, and

equity.

Until 2003, the equity component of an executive's compensation was generally satisfied by the granting of stock options under the Company's 1998 Stock Incentive Plan. For 2003, the Compensation Committee decided not to award additional stock options but rather to make an overall assessment of its compensation practices and particularly its practices with respect to long term equity awards. In March 2003, the Committee engaged The Poe Group, an independent compensation consulting firm, to assist it with this assessment and to make recommendations regarding improvements that might be made. As a result of the assessment made by the consultant and the process associated with the overall review of the Company's compensation practices, the Compensation Committee recommended to the Board of Directors, and in March 2004 the Board adopted, certain changes to the Company's long term compensation arrangements for senior management.

Under the new policies, in lieu of granting stock options, the Company makes restricted stock awards in the form of restricted stock or restricted stock units under the Company's 1998 Stock Incentive Plan. Except for certain transitional restricted stock awards that vest over four years of continued employment, these restricted stock awards vest on the basis of the achievement of performance criteria rather than merely the passage of time. The performance criteria are established by the Board of Directors with input from the Compensation Committee and include the satisfaction of short term financial criteria and, with respect to a significant majority of the shares subject to the awards, the achievement of a matrix of long term strategic milestones of the Company. These milestones include the accomplishment of certain specific objectives within

defined financial parameters that are tied to the Company's long range plans.

The members of the Compensation Committee believe that by tying the vesting of most of the restricted stock awards to the achievement of long term milestone objectives, management's efforts will be very closely aligned with the enhancement of long term stockholder value. The elements of these changes in the Company's long term equity compensation program were reflected in the Tejon Ranch Co. 2004 Incentive Bonus Program which was submitted to and approved by the stockholders at the Company's 2004 Annual Meeting of Stockholders.

As a result of the adoption and stockholder approval of the 2004 Incentive Bonus Program, the performance-based bonus and restricted stock award elements of the compensation paid to executives subject to Section 162(m) of the Internal Revenue Code will be deductible by the Company.

In March 2004, the Committee also recommended, and the Board adopted, a Nonqualified Deferred Compensation Plan under which eligible managerial employees and members of the Board will be afforded the opportunity to enter into agreements for the deferral of a specified dollar amount or percentage of their base salary, director retainer and/or bonus payments. In addition, participants in the Plan who hold certain restricted stock in the Company will be given the opportunity to defer under the Plan the gain inherent in such restricted stock.

As described above, the initial grant of the restricted stock and restricted stock units has long term compensation effects in that the milestones will be achieved, if at all, over a number of years. The Compensation Committee will generally review the compensation of senior management at its December meeting each year during which it will set their salaries and performance bonus objectives for the upcoming year and will review the long term compensation arrangements and recommend to the full Board any additional awards it deems appropriate.

2004 Compensation

The salaries for all executives named in the Summary Compensation Table above remained the same for 2004 as they were for 2003.

For 2004, Mr. Stine had the opportunity to earn bonus compensation of up to 78.75% of his base salary. Sixty percent of the maximum bonus Mr. Stine could earn was based upon the extent to which he achieved a number of individual performance objectives relating to business development, operations and staffing and organization of the Company, 15% was based upon the Company achieving certain cash flow measures and 25% was available at the discretion of the Board, based upon input from the Compensation Committee. Overall, Mr. Stine earned 90.70% of the maximum bonus that could be earned.

For all other officers (Dennis Atkinson, Joe Drew, Allen Lyda, Dennis Mullins and Jeffrey Warren) bonus compensation could be earned as a result of the achievement of a mix of objectives (that varied with each officer) related to overall corporate performance (as measured by cash flow), performance of the portions of the Company's operations managed by them, if applicable (as measured by revenues and income), achievement of individual business objectives, and at the discretion of the Board (based on the recommendations of the Compensation Committee). In all cases, the discretionary component of the bonus opportunity was 25%. The officers had the opportunity to earn bonus compensation of up to 57% of their base salary.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors has furnished the following report:

The Audit Committee reviewed the Company's financial reporting process on behalf of the Board of Directors. In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee has also considered whether the independent auditors' providing of non-audit services to the Company is compatible with their independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004 as filed with the Securities and Exchange Commission.

For purposes hereof, the term independent shall mean a director determined by the Board to be independent pursuant to the Company's Corporate Governance Guidelines, and who, in addition:

has not, at any time in the fiscal year, accepted, directly or indirectly, any consulting, advisory, or other compensatory fee from the Company or any of its subsidiaries, provided that compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company or any subsidiary of the Company (provided that such compensation is not contingent in any way on continued service);

Each member of the Audit Committee must be financially literate, and at least one member must have accounting or related financial management expertise, as such terms are used in the Rules of the New York Stock Exchange and as determined by the Board. At least one member of the Audit Committee shall be an audit committee financial expert, as determined by the Board in accordance with the rules of the Securities and Exchange Commission (the SEC).

2. *Purposes, Duties, and Responsibilities.* The Audit Committee's responsibility is one of oversight and it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the Company's outside auditors are responsible for auditing those financial statements. Additionally, the Audit Committee recognizes that the financial management of the Company, as well as the outside auditors of the Company, have more time, knowledge and more detailed information on the Company than do Audit Committee members; consequently, in carrying out its oversight responsibilities, the Audit Committee is not expected to provide any expert or special assurance as to the Company's financial statements or any professional certification as to the work of the Company's outside auditors.

The purposes of the Audit Committee shall be to:

represent and assist the Board of Directors in discharging its oversight responsibility relating to: (i) the accounting, reporting, and financial practices of the Company and its subsidiaries, including the integrity of the Company's financial statements; (ii) the surveillance of administration and financial controls and the Company's compliance with legal and regulatory requirements; (iii) the outside auditor's qualifications and independence; and (iv) the performance of the Company's internal audit function and the Company's outside auditor; and

(iii) Approve in advance all audit services to be provided by the outside auditor. (By approving the audit engagement, an audit service within the scope of the engagement shall be deemed to have been pre-approved.)

(iv) Establish policies and procedures for the engagement of the outside auditor to provide audit and permissible non-audit services, which shall include pre-approval of all permissible non-audit services to be provided by the outside auditor.

(v) Consider, at least annually, the independence of the outside auditor, including whether the outside auditor's performance of permissible non-audit services is compatible with the auditor's independence, and obtain and review a report by the outside auditor describing any relationships between the outside auditor and the Company or any other relationships that may adversely affect the independence of the auditor.

(vi) Review and discuss with the outside auditor:

the scope of the audit, the results of the annual audit examination by the auditor, and any difficulties the auditor encountered in the course of their audit work, including any restrictions on the scope of the outside auditor's activities or on access to requested information, and any significant disagreements with management; and

any reports of the outside auditor with respect to interim periods.

(vii) Review and discuss with management and the outside auditor the annual audited and quarterly financial statements of the Company prior to the filing of its annual and quarterly reports with the SEC, including:
