Item 1.01 Entry into a Material Definitive Agreement.

Pursuant to the terms of the shareholder-approved 2002 Omnibus Stock Incentive Plan (the "2002 Stock Plan") of Apogee Enterprises, Inc. ("Apogee"), Apogee's non-employee directors automatically receive, upon election or re-election to the Board, both an automatic fixed grant of non-qualified stock options to purchase 4,000 shares of Apogee common stock and a variable, dollar-denominated non-qualified stock option grant such that the total number of shares subject to both types of options provide Apogee's non-employee directors with total dollar-denominated, equity-based compensation equal to the dollar-denominated, equity-based compensation received by non-employee directors in the 50th percentile of a comparator group of public companies. The total number of shares subject to both types of non-qualified options granted in any one calendar year, however, may not exceed 10,000 shares per non-employee director. These stock options vest in full six months after the date of grant, generally terminate ten years after the date of grant, and have an exercise price equal to the fair market value of Apogee's common stock on the date of grant. The non-qualified options become immediately exercisable in full upon the occurrence of a Change in Control (as defined in the Non-Employee Director Stock Option Agreement (the "Non-Employee Director Option Agreement"). The options may not be transferred by a director except by will or the laws of descent and distribution, and the options may only be exercised during the director's lifetime.

A copy of the 2002 Stock Plan is on file with the Securities and Exchange Commission as Exhibit A to Apogee's proxy statement for the 2002 Annual Meeting of Shareholders filed on May 14, 2002. The form of Non-Employee Director Option Agreement used in connection with stock option awards to non-employee directors under the 2002 Stock Plan is attached hereto as Exhibit 10.1 and is incorporated herein by reference.
