**Item 8.01 Other Events**

On July 1, 2005 the Company filed the initial application for a general plan amendment and specific plan in Kern County for its Tejon Mountain Village Development. These filings start the entitlement approval process within Kern County for Tejon Mountain Village. The entitlement approval process for this development could take several years to complete.

Tejon Mountain Village is a proposed 23,000-acre nature reserve that is made possible by an approximately 5,000-acre, sensitively planned mountain resort community. Open space uses occupy more than 80 percent of the specific plan area. In addition to the open space, Tejon Mountain Village would include a range of housing opportunities, lodging and spa facilities, world-class golf courses, educational and cultural programs, themed retail shopping, and other exclusive services and amenities that are designed to distinguish Tejon Mountain Village as the resort of choice for the Southern Californian market.

The statements contained herein, which are not historical facts, are forward-looking statements based on economic forecasts, strategic plans and other factors, which by their nature involve risk and uncertainties. In particular, among the factors that could cause actual results to differ materially are the following: business conditions and the general economy, market forces, the ability to obtain various governmental entitlements and permits, interest rates, and other risks inherent in real estate businesses. Please refer to the Company's 2004 Form 10-K for further information on risk factors that could affect the Company.
