

PRUDENTIAL FINANCIAL INC  
 Form 424B3  
 May 25, 2006

**CALCULATION OF REGISTRATION FEE**

| Title of Each Class of Securities Offered  | Maximum<br>Aggregate Offering<br>Price (1) | Amount of<br>Registration Fee (2) |
|--|--|-----------------------------------|
| Prudential Financial Inflation-Linked Retail Medium-Term Notes Due December 10, 2007 | \$ 10,000,000                              | \$ 1070                           |

- (1) Excludes accrued interest, if any.
- (2) Pursuant to Rule 457(p) under the Securities Act of 1933, as amended, registration fees were paid with respect to unsold securities that were previously registered pursuant to Registration Statement Nos. 333-123240, 333-123240-01 and 333-123240-02 and were carried forward. Prudential Financial is offsetting the \$1070.00 registration fee with respect to the \$10,000,000 Prudential Financial Inflation-Linked Retail Medium-Term Notes Due December 10, 2007 offered by means of this pricing supplement against those registration fees carried forward, and \$102,514.40 of the registration fees carried forward remains available for future registration fees. No additional registration fee has been paid with respect to this offering.

**PRICING SUPPLEMENT NO. 129**

**Filed Under Rule 424(b)(3)**  
 Registration Statement No. 333-132469

**DATED May 24, 2006**

333-132469-01

333-132469-02

(To Prospectus dated March 16, 2006 and Prospectus Supplement dated March 16, 2006)

**Prudential Financial, Inc.**

**\$10,000,000**

**Prudential Financial Inflation-Linked Retail Medium-Term Notes**

**Due December 10, 2007**

This pricing supplement relates to \$10,000,000 principal amount of Prudential Financial Inflation-Linked Retail Medium-Term Notes, or the notes, of Prudential Financial, Inc. You should read this pricing supplement in conjunction with the prospectus dated March 16, 2006 and prospectus supplement dated March 16, 2006. Unless otherwise defined herein, capitalized terms used herein have the meanings given to them in the accompanying prospectus, as supplemented.

We will pay interest on the notes on the 10<sup>th</sup> calendar day of each month, which we refer to as an Interest Payment Date, beginning July 10, 2006. Until July 10, 2006, the annual interest rate payable on the notes will be 5.40%. Thereafter, the annual interest rate will be equal to the Inflation Index Adjustment, which will be determined as described herein, plus 1.85%, or 185 basis points. However, at no time will the annual interest rate for any interest payment period be less than zero.

We will base the Inflation Index Adjustment for each interest payment period on the percentage change in the U.S. Consumer Price Index, or CPI, as defined in the accompanying prospectus supplement under Description of Retail Medium-Term Notes Indexed Retail Medium-Term Notes Inflation-Linked Rate. The Inflation Index Adjustment may be a positive or negative rate in any interest payment period. We will calculate the Inflation Index Adjustment monthly and reset the interest rate on the notes monthly.

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 424B3

The notes will mature and be payable at 100% of their principal amount on December 10, 2007, plus accrued and unpaid interest thereon to but excluding that date, and will not be subject to redemption prior to maturity. The notes will represent unsecured unsubordinated indebtedness of Prudential Financial, Inc. and will rank equally with its other unsecured unsubordinated indebtedness from time to time outstanding.

Investing in the notes involves certain risks, including those described in the **Additional Risk Factors** section beginning on page PS-2 of this pricing supplement, the **Risk Factors** section beginning on page S-6 of the accompanying prospectus supplement, and the **Notes Regarding Forward-Looking Statements and Certain Risks** section beginning on page 3 of the accompanying prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed on the adequacy or accuracy of this pricing supplement, the accompanying prospectus, or the accompanying prospectus supplement. Any representation to the contrary is a criminal offense.

|              | Price to Public (1) | Purchasing Agent's Discount | Proceeds, Before Expenses, to Us (2) |
|--------------|---------------------|-----------------------------|--------------------------------------|
| Per Note     | 100.00%             | 0.45%                       | 99.55%                               |
| <b>Total</b> | \$ 10,000,000       | \$ 45,000                   | \$ 9,955,000                         |

(1) Plus accrued interest, if any, from June 6, 2006 if settlement occurs after that date.

(2) Net of accrued interest, if any, from June 6, 2006, if settlement occurs after that date.

The Agents expect to deliver the notes in book-entry form only, through the facilities of The Depository Trust Company, New York, New York, on or about June 6, 2006

---

**Bear Stearns**

**ADDITIONAL RISK FACTOR**

*You should carefully consider the following risk factor, and the other information provided and incorporated by reference in this pricing supplement and the accompanying prospectus and prospectus supplement. The notes will not be an appropriate investment for you if you are not knowledgeable about significant features of the notes, about our financial condition, operations and business or financial matters in general. You should not purchase the notes unless you understand, and know that you can bear, these risks.*

**During periods of reduced inflation or deflation, the interest rate applicable to the notes for any interest payment period could be lower than 1.85% and as low as zero.**

During periods of reduced inflation, the amount of interest payable on the notes will decrease. Therefore, if the Inflation Index Adjustment were to decrease to 1.00% based on the observed change in the CPI, for example, the interest rate in that period would be 1.85% above the Inflation Index Adjustment, or 2.85%. In a period of deflation, the Interest Index Adjustment would be negative, which then could result in an interest rate below 1.85% and as low as zero. For example, if the Inflation Index Adjustment were -1.00%, the interest rate in that period would be 0.85%, and if the Inflation Index Adjustment were 1.85%, the interest rate in that period would be zero. For further discussion of the risks related to an investment in inflation-linked notes, see Risk Factors Risks Related to an Investment in Inflation-Linked Notes in the accompanying prospectus supplement.

PS-2

**CERTAIN NOTE TERMS**

1. Aggregate Original Principal Amount: \$10,000,000
2. Issue Date: June 6, 2006
3. Maturity Date: December 10, 2007
  - a. Amount Payable on the Maturity Date: 100% of principal amount, plus accrued and unpaid interest thereon to but excluding that date
4. Denominations: \$1,000 and increments thereof
5. Interest Category: Indexed Notes
6. Trustee: Citibank, N.A.
7. Calculation Agent: Bear, Stearns & Co. Inc.
8. Purchasing Agents: Bear, Stearns & Co. Inc.

| Agents                   | Principal Amount<br>of Notes |
|--------------------------|------------------------------|
| Bear, Stearns & Co. Inc. | \$ 10,000,000                |

9. Interest:
  - a. Frequency of Interest Payments: Monthly, with an initial interest payment period from and including the Issue Date to but excluding July 10, 2006
  - b. Interest Payment Dates: The 10<sup>th</sup> calendar day of each month, commencing July 10, 2006, or if such date is not a Business Day, the next succeeding Business Day
  - c. Final Interest Payment Period: From and including November 10, 2007 to but excluding the Maturity Date
  - d. Interest Rate: Until July 10, 2006, the Initial Interest Rate; thereafter, the Inflation Index Adjustment + Spread, subject to the Minimum Interest Rate Limitation

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 424B3

**After July 10, 2006, the interest payable on the notes on any Interest Payment Date will be reduced in the event that the CPI used to calculate the interest then payable on the notes is less than the CPI used to calculate the interest payable on the notes on the preceding Interest Payment Date.**

As reported by the Bureau of Labor Statistics of the U.S. Department of Labor, the CPI for February, March and April 2006 were 198.7, 199.8 and 201.5, respectively. For further information relating to the CPI, see Description of Retail Medium-Term Notes Indexed Retail Medium-Term Notes Inflation-Linked Rate in the accompanying prospectus supplement.

- e. Initial Interest Rate: 5.40 %
  
- f. Day Count: 30/360 unadjusted

PS-3

- g. Inflation Index Adjustment: The Inflation Index Adjustment (expressed as a percentage per year) for an interest payment period will be calculated as follows:

$$\text{Inflation Index Adjustment} = \left[ \frac{\text{CPI}_i}{\text{CPI}_{i-12}} \right] - 1.$$

$\text{CPI}_i$  for each Interest Reset Date is the value of CPI for the second calendar month prior to such Interest Reset Date as published and reported in the first calendar month prior to such Interest Reset Date.  $\text{CPI}_{i-12}$  for each Interest Reset Date is the CPI for the fourteenth calendar month prior to such Interest Reset Date as published and reported in the thirteenth calendar month prior to such Interest Reset Date. Rounding for the purpose of the determination of the interest rate will be to two decimal points.

The Inflation Index Adjustment will be expressed as a percentage, rounded to the nearest one-hundredth of one percent.

The Inflation Index Adjustment for purposes of the initial interest payment date of July 10, 2006 is 3.55%.

- h. Spread: 1.85% over Inflation Index Adjustment
- i. Interest Reset Date: The 10<sup>th</sup> day of each month beginning July 10, 2006
- j. Interest Determination Date: Each Interest Reset Date, provided that for the purpose of determining the applicable level of CPI, if the Interest Determination Date is not a Business Day, the Interest Determination Date shall be the preceding Business Day.
- k. Minimum Interest Rate Limitation: Zero per year for each interest payment period

*Example.* For example, for the Interest Payment Period from and including June 6, 2006 to but excluding July 10, 2006,  $\text{CPI}_i$  will be 201.5, the CPI for April 2006 (the Reference Month), and  $\text{CPI}_{i-12}$  will be 194.6, the CPI for April 2005 (which is the CPI for the 12<sup>th</sup> calendar month preceding the Reference Month). The rate at which interest will be paid for that period will be calculated as follows:

Inflation Index Adjustment =

$$= \left( \frac{\text{CPI}_i}{\text{CPI}_{i-12}} \right) - 1$$

$$= (201.5 / 194.6) - 1$$

$$= .0355$$

$$\text{Spread} = 1.85\%$$

$$\text{Interest Rate} = .0355 + .0185 = .0540 = 5.40\%$$

9. Survivor's Option: No

10. Further Issuances

Prudential Financial, Inc. may, from time to time, without the consent of the existing holders, issue additional notes with the same terms as the notes, except for the issue date, issue price, initial interest accrual date and, depending on the issue date, the initial interest payment date. Any such additional notes will bear the same CUSIP number and be fungible with the notes offered by this pricing supplement.

11. CUSIP Number: 74432RAE3
