[Green Mountain Power Letterhead]

July 5, 2006

Dear Green Mountain Power Customer:

As you may have heard by now, Green Mountain Power is being acquired by Northern New England Energy Corporation (NNEEC), a wholly owned subsidiary of Gaz Métro, and parent company of Vermont Gas Systems since 1986.

Our senior management team and Board of Directors put a tremendous amount of thought and time into this decision, wanting to make sure it was the right step for our customers, employees, shareholders and the state. We firmly believe that this alliance will provide significant benefits to our customers by making Green Mountain Power a much stronger company at a critical time in our history and in Vermont's energy future.

If this proposal is approved by state and federal regulators, Green Mountain Power will continue as a locally run company, regulated by the state of Vermont, with an ongoing commitment to Vermont values. I am pleased to report that Gaz Métro shares important corporate values with Green Mountain Power, including a commitment to environmental responsibility and energy efficiency, a collaborative relationship with regulators and a dedication to transparency in its operations.

The current management of Green Mountain Power will not change. Employees will remain in their jobs, and our contract with IBEW Local 300 will be honored. Building on its 20 years as the owner of Vermont Gas Systems, NNEEC intends to maintain Green Mountain Power as a locally managed, highly reliable, efficient company.

I invite you to participate in one of three mid-July informational sessions the Green Mountain Power management team will be hosting, at which we will be happy to answer any questions you may have. Feel free to join us at any one of the following locations in our service area:

Colchester: 5:30 p.m. on July 13 (163 Acorn Lane)

Montpelier: 5:30 p.m. on July 14 (Green Mountain Drive)

Bellows Falls: 5:30 p.m. on July 17 (128 Atkinson Street)

If you cannot attend one of these meetings and are still interested in learning about the acquisition, you can read our press release and view our press conference announcement on our Web site at www.greenmountainpower.biz.

I look forward to speaking with you about this and would welcome any feedback you might have in the weeks and months ahead.

Sincerely,

/s/ Chris Dutton
