Annual Meeting of Stockholders

May 14, 2008

SOLICITATION OF PROXIES

The accompanying white proxy is solicited by the Board of Directors of Morton s Restaurant Group, Inc., a Delaware corporation, also referred to as the Board, for use at the Annual Meeting of Stockholders to be held at the Millennium Broadway Hotel, 145 West 44th Street, New York, NY 10036, at 9:00 a.m., on Wednesday, May 14, 2008, or at any adjournment or adjournments thereof. In this proxy statement, unless otherwise expressly stated or the context requires otherwise, we , us , our and the Company refer to Morton s Restaurant Group, Inc.

A proxy that is properly submitted may be properly revoked at any time before it is voted. Proxies may be revoked by (i) delivering to the Secretary of the Company at or before the Annual Meeting a written notice of revocation bearing a later date than the proxy, (ii) duly executing a subsequent proxy relating to the same shares of Common Stock and delivering it to the Secretary of the Company at or before the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy). A white proxy which is properly signed, submitted and not revoked will be voted for the election of Mr. Stephen E. Paul, Mr. David B. Pittaway, Ms. Dianne H. Russell and Mr. Zane Tankel, the Board of Directors nominees for director named in Proposal 1, and in favor of Proposal 2, the ratification of the re-appointment of the independent auditors, unless contrary instructions are given, and such proxy may be voted by the persons named in the proxy in their discretion upon such other business as may be properly brought before the meeting.

The cost of this proxy solicitation will be borne by the Company. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies by telephone or otherwise. The Company will reimburse brokers or other persons holding stock in their names or in the names of their nominees for their charges and expenses in forwarding proxies and proxy material to the beneficial owners of such stock. It is anticipated that the mailing of this Proxy Statement will commence on or about April 1, 2008.

VOTING SECURITIES

The Company had outstanding 16,883,024 shares of common stock, par value \$.01 per share (Common Stock), at the close of business on March 20, 2008. Each share of Common Stock is entitled to one vote on each matter as may properly be brought before the meeting. Only stockholders of record at the close of business on March 26, 2008 will be entitled to vote.

VOTING PROCEDURES

The votes of stockholders present in person or represented by proxy at the Annual Meeting will be tabulated by an inspector of elections appointed by the Company. With regard to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. The nominees for directors of the Company who receive the greatest number of votes cast by stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon will be

elected directors of the Company.

Table of Contents

Matters other than the election of directors will be approved if they receive the affirmative vote of the holders of a majority of the shares of Common Stock of the Company present, or represented and entitled to vote, at the Annual Meeting. If a stockholder abstains from voting on any of these other matters, his or her shares will be treated as present for purposes of determining the existence of a quorum but will otherwise not affect the voting results. A quorum requires the presence at the Annual Meeting, in person or by proxy, of the holders of shares representing a majority of the outstanding shares entitled to vote.

Under the rules of the New York Stock Exchange (NYSE), brokers who hold shares in street name have the authority to vote on certain routine items even when they have not received instructions from beneficial owners. Brokers that do not receive instructions are entitled to vote on the non-contested election of directors and ratification of auditors. Under applicable Delaware law, a broker non-vote will be counted as present for purposes of determining the existence of a quorum, but will have no effect on the outcome of the proposals.

Shares of Common Stock held by stockholders who do not return a signed and dated proxy and who do not attend the meeting in person will not be considered present at the Annual Meeting, will not be counted towards a quorum and will not be entitled to vote on any matter.

ELECTION OF DIRECTORS

(Proposal 1)

Information Regarding Board of Directors and Committees

Our certificate of incorporation provides for the classification of the Board of Directors into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors constituting the entire Board of Directors. The current term of office of the Class I directors will expire at the 2009 annual meeting; the current term of office of the Class II directors will expire at the 2010 annual meeting; and the current term of office of the Class III directors will expire at the Annual Meeting (in each case, when their respective successors are duly elected and qualified). The class of directors to be elected at each annual meeting will be elected for a three-year term and the directors in the other classes will continue in office.

Our certificate of incorporation and by-laws provide that the Board of Directors shall consist of not less than three nor more than thirteen directors. The Board of Directors has currently fixed the number of directors at eleven. The terms of Mr. Stephen E. Paul, Mr. David B. Pittaway, Ms. Dianne H. Russell and Mr. Zane Tankel expire at the Annual Meeting. Mr. Stephen E. Paul, Mr. David B. Pittaway, Ms. Dianne H. Russell and Mr. Zane Tankel have been re-nominated by the Nominating/Corporate Governance Committee of the Board of Directors for election at the Annual Meeting as Class III directors to serve (subject to the Company's by-laws) until the election and qualification of their successors at the 2011 annual meeting of stockholders. If any such person should be unwilling or unable to serve as a director, the persons named in the white proxy will vote the proxy for substitute nominees selected by them unless the number of directors to be elected has been reduced to the number of nominees willing and able to serve.

Our by-laws provide that nominations for the election of directors may be made by any stockholder in writing, delivered or mailed to the Secretary, at Morton's Restaurant Group, Inc., 325 N. LaSalle Street, Suite 500, Chicago, Illinois 60610, not less than 90 days nor more than 120 days prior to the first anniversary of the date on which we first mail our proxy materials for the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is changed by more than 30 days from the anniversary date of the previous year's annual meeting, such advance notice must be received by the Secretary not more than 120 days and not later than (x) the ninetieth day prior to such annual meeting or (y) the tenth day following the date on which public announcement of the date of such meeting is first made, whichever occurs later. Each notice shall set forth all information regarding each nominee proposed in such notice that would be required to be included in a proxy statement soliciting proxies for the proposed nominee (including such person's written consent to serve as a director if so elected) and certain information about the stockholder proposing to nominate that person. If the Chairman of the meeting determines that a nomination was not made in accordance with the nomination procedure, such nomination will be disregarded.

Corporate Governance

Director Independence

For a director to be considered independent, the director must meet the bright-line independence standards under the listing standards of the NYSE and the Board must affirmatively determine that the director has no material relationship with us, directly, or as a partner, stockholder or officer of an organization that has a relationship with us. The Board determines director independence based on an analysis of the independence requirements in the NYSE listing standards. In addition, the Board will consider all relevant facts and circumstances in making an independence determination. The Board also considers all commercial, industrial, banking, consulting, legal, accounting, charitable, familial or other business relationships any director may have with us. The Board has determined that the following six directors satisfy the independence requirements of the NYSE: William C. Anton, Dr. John J. Connolly, Robert A. Goldschmidt, Dianne H. Russell, Alan A. Teran and Zane Tankel.

Meetings of the Board of Directors and Committees

Our Board of Directors held four meetings during the fiscal year ended December 30, 2007 (fiscal 2007). Each current director, with the exception of William C. Anton, attended at least 75% of the aggregate number

of all meetings of the Board of Directors and committees of which he or she was a member during such year. Effective October 30, 2007, Lee M. Cohn resigned as a member of the Board and as chairperson of its Compensation Committee. Concurrent with Mr. Cohn's resignation, the Company appointed William C. Anton as director and as a member of its Compensation Committee. The Board of Directors held one meeting from October 30, 2007 to December 30, 2007, which was attended by Mr. Anton.

Our Board encourages all directors to attend the annual meeting of stockholders. In addition, a meeting of the Board of Directors is regularly scheduled on the same day as the annual meeting, in the same city, to facilitate directors' attendance. Last year's annual meeting of stockholders was attended by all of our directors at that time.

Table of Contents

Our by-laws provide that nominations for the election of directors may be made by any stockholder in writing, delivered or mailed to the Secretary, in accordance with the provisions of our by-laws. See Election of Directors Information Regarding Board of Directors and Committees. Potential candidates, including nominees recommended by stockholders, are evaluated according to certain criteria such as: experience in business, government, education or technology; expertise that is useful to the Company; willingness to devote the required time to carry out the duties and responsibilities of a director; willingness to represent the best interests of all stockholders; and other relevant factors that the Board may determine. Dr. John J. Connolly is the chairperson of our Nominating/Corporate Governance Committee and the other members of our Nominating/Corporate Governance Committee are Dianne H. Russell and Zane Tankel, each of whom satisfies the independence requirements of the NYSE. Compensation Discussion and Analysis

Overview

Our Compensation Committee has responsibility for establishing, monitoring and implementing our compensation program. The Compensation Committee designs its policies to attract, retain and motivate highly qualified executives. We compensate our executive officers named in the Summary Compensation Table (Executives) through a combination of base salary, incentive bonus payments and equity incentive plan awards, all designed to be competitive with comparable employers and to align each Executive's compensation with the long-term interests of our stockholders. Base salary and incentive bonus payments are determined annually and are designed to reward current performance. Restricted stock awards are designed to reward longer term performance. The Compensation Committee seeks to motivate Executives through our compensation program to achieve long-term sustainable growth.

Table of Contents

Objectives of Compensation Program

The primary objective of our compensation program is to attract and retain highly qualified Executives and motivate them to work to their fullest potential, in order to achieve sustainable long-term growth. Our compensation program is designed to compensate Executives in a way that reinforces decisions and actions which will drive long-term sustainable growth, which in turn leads to increased stockholder value.

What Our Compensation Program is Designed to Reward

The Compensation Committee focuses on long-term goals of the business and designs reward programs that recognize business achievements it believes are likely to promote sustainable growth. The Compensation Committee believes compensation programs should reward Executives who take actions that are best for the long-term performance of the Company while delivering positive annual operating results; and therefore believes in closely linking rewards to the interests of stockholders.

Regarding most compensation matters, including executive and director compensation, our management provides recommendations to the Compensation Committee; however, the Compensation Committee does not delegate any of its functions to others in setting compensation. We do not currently engage any consultant related to executive and/or director compensation matters.

How We Chose Amounts and/or Formulas for Each Element

Base Salary. Salary planning begins with a percentage guideline for increases, which is adjusted up or down for individual performance. The guidelines are set after considering competitive market data as described below under Short Term Compensation Base Salary, affordability and current salary levels, as appropriate. At the end of the year, the Chief Executive Officer (CEO) evaluates each Executive s performance in light of individual objectives. The Compensation Committee relies to a large extent on the CEO s evaluations of each Executive s performance. The CEO exercises discretion in choosing the factors that he utilizes to evaluate each Executive s performance.

Incentive Bonus Payments. Generally, the Compensation Committee makes awards within a range for expected Company financial performance levels determined by the Compensation Committee at the beginning of the year. The Compensation Committee carefully considers any exceptions. When deciding what measures to use at the start of a plan year and the target level of achievement of those measures, the Compensation Committee carefully considers the state of our business, as well as current economic conditions and what measures are most likely, in present circumstances, to lead to sustainable growth. Each year the Compensation Committee approves goals that are considered to be challenging for the Company to achieve and generally reflect performance above the prior year.

Equity Incentive Plan Awards. The Compensation Committee determines grant levels of restricted stock awards based on level of responsibility, length of time in current position, history of past grants and any change in responsibility. The eventual value of any grant received by an Executive depends on our overall performance and the value of our common stock.

Elements of Our Compensation Plan and How It Relates to Our Objectives

Currently the Compensation Committee uses short-term compensation (salary and incentive bonus payment) and long-term compensation (equity incentive plan awards such as restricted stock awards) to achieve its goal of driving sustainable growth. The Compensation Committee uses its judgment and experience in determining the mix of compensation and evaluates each executive on an individual basis, factoring in a number of elements described in more detail below.

The estimated allocation between base salary and incentive bonus payment ranges from approximately 65% base and 35% bonus to 77% base and 23% bonus. In allocating among these categories, the Compensation

Table of Contents

Committee believes that Executives have some degree of influence on our performance, and accordingly, Executives' compensation should contain a greater portion of compensation allocated to incentive bonuses, which is performance-based, when compared to lower levels of management.

Base salary and incentive bonus payments are determined annually and are designed to reward current performance. Base salaries are paid on a bi-weekly basis and incentive bonus payments are generally paid on an annual basis, in the first quarter of the following fiscal year. Equity incentive plan awards such as restricted stock awards are generally granted annually, in the first quarter of the year. Equity incentive plan awards are designed to reward longer term performance. The Compensation Committee reviews total short-term and long-term compensation annually.

Short-Term Compensation

Base Salary. Base salary is important in attracting Executives and provides a secure base of cash compensation. Increases are not preset and take into account the individual's performance, responsibilities of the position, difficulty in replacing the Executive and the costs related to doing so, experience and the methods used to achieve results.

Salary planning begins with a percentage guideline for increases, based on the rate of increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers, as compiled by the U.S. Bureau of Labor Statistics for the preceding year, which is adjusted up or down for individual performance based on recommendations from our CEO. The guidelines are set after considering affordability and current salary levels, as appropriate. At the end of the year, the CEO evaluates each Executive's performance in light of individual objectives. The CEO exercises discretion in choosing any other factors that he utilizes to evaluate each Executive's performance. Base salary compensates each Executive for the primary responsibilities of his/her position and is set at levels that we believe enable us to attract and retain talent. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance. In fiscal 2007, the base salary increases for the Executives were approximately 4%.

Annual Incentive Bonus Payments. The annual incentive bonus payments are paid in cash in the first quarter of the following fiscal year, with the exception of Mr. Weinert who receives quarterly incentive bonus payments. Actual awards are based on our financial performance.

Financial Performance. Financial performance is determined at the end of the year based on annual financial performance goals.

As Executives achieve higher levels of seniority and responsibility and have more direct influence on our operations and strategy, the Board of Directors believes that a greater portion of that Executive's total compensation should be variable based on our performance, rather than fixed, so as to further incentivize the Executive to strive for continuously better performance. We provide an annual incentive to motivate and reward for the achievement of our financial performance goal of increasing earnings before interest, taxes, depreciation and amortization (EBITDA). The Board of Directors believes that annual EBITDA growth is a key driver of stockholder return over the long term.

Setting Annual Incentive Performance Goals. The Compensation Committee approves annual incentive performance goals at the conclusion of our annual financial planning process, upon the Board's approval of our financial plan and budget for the fiscal year. At such time, we assess the future internal and external operating environment and develop projections of anticipated results. Each year the Compensation Committee approves goals that are considered to be challenging for us to achieve and generally reflect performance above the prior year. If we achieve the budgeted EBITDA for the fiscal year, then the annual incentive payment will be at targeted bonus levels. If we outperform our budgeted EBITDA, then the annual incentive payment will be above targeted bonus levels and if our EBITDA is below budgeted EBITDA, payments will be below targeted levels. In

Table of Contents

addition, the Compensation Committee may also exercise discretion in choosing any other factors to utilize to determine the amount of the annual incentive payments.

Depending on the Executive's responsibilities, performance is set and measured at the corporate level or a combination of corporate and operating level, as appropriate.

Mr. Weinert's incentive bonus program differs from that of the other Executives. His bonus is based upon restaurant level EBITDA instead of Company level EBITDA, due to his focus on restaurant operations. Mr. Weinert is eligible to receive up to 35% of his base salary as a target bonus, based upon the achievement of restaurant EBITDA, with the amount of bonus earned computed using a sliding scale between 95% and 100% of the budgeted restaurant EBITDA. He is also eligible to receive up to an additional 25% of his base salary as an additional bonus for the achievement of restaurant EBITDA in excess of the budgeted restaurant EBITDA, with the amount of bonus earned computed using a sliding scale between 101% and 110% of budgeted restaurant EBITDA. His bonus is calculated and paid quarterly, with a 75% payout and 25% being held in reserve pending full year calculations. The full year calculation is reviewed and approved by the CEO, based on the recommendation of the President.

The Compensation Committee reviewed our fiscal 2007 results and evaluated the performance of each of our Executives. Based on such evaluations, the Compensation Committee determined the annual incentive bonus payment for our CEO and approved the recommendations of our CEO regarding bonus awards for our other Executives.

Long-Term Compensation

The long-term incentive compensation that the Compensation Committee generally employs is the granting of restricted stock awards pursuant to the 2006 Morton's Restaurant Group, Inc. Stock Incentive Plan, discussed below. The purpose of granting such awards is to provide equity compensation that provides value to Executives when value is also created for the stockholders. The long-term incentive compensation is intended to motivate Executives to make stronger business decisions, improve financial performance, focus on both short-term and long-term objectives and encourage behavior that protects and enhances the long-term interests of our stockholders. The restricted stock awards have a five year time-based vesting schedule, as established by the Committee, with 20% of the shares vesting each year over the period of five years. The restricted stock awards are generally granted annually, in the first quarter of the year. Awards are based on level of responsibility, length of time in current position, history of past grants and any change in responsibility. This is a significant portion of the total compensation package for Executives and is an important retention tool.

Equity Incentive Plan

In February 2006, we adopted the 2006 Morton's Restaurant Group, Inc. Stock Incentive Plan, which we refer to as the equity incentive plan. The equity incentive plan provides for the grant of stock options and stock appreciation rights and for awards of shares, restricted shares, restricted stock units and other equity-based awards. Any employee, officer, director or consultant of us or any of our affiliates are eligible to receive awards pursuant to the equity incentive plan.

The equity incentive plan is administered by the Compensation Committee. Our Board of Directors also has the authority to take any action delegated to the Compensation Committee under the equity incentive plan as it may deem necessary. Awards may, in the discretion of the Compensation Committee, be made under the equity incentive plan in assumption of, or in substitution for, outstanding awards previously granted by us or our affiliates. The number of shares underlying such substitute awards is counted against the aggregate number of shares available for awards under the equity incentive plan. The Compensation Committee has the authority to (1) select equity incentive plan participants, (2) interpret the equity incentive plan, (3) establish, amend and rescind any rules and regulations relating to the equity incentive plan and to make any other determinations

Table of Contents

deemed necessary or desirable for the administration of the equity incentive plan, (4) correct any defect or supply any omission or reconcile any inconsistency in the equity incentive plan in the manner and to the extent deemed necessary or desirable and (5) establish the terms and conditions of any award consistent with the provisions of the equity incentive plan and to waive any such terms and conditions at any time (including, without limitation, accelerating or waiving any vesting conditions). Any decision in respect of the interpretation and administration of the equity incentive plan lies within the sole and absolute discretion of the Compensation Committee.

Compensation for the Named Executive Officers

During 2007, our CEO, Thomas J. Baldwin, was party to an employment agreement with us governing the terms of his compensation. Pursuant to the agreement, Mr. Baldwin's base salary was subject to annual increases at a rate no less than the rate of increase in the Consumer Price Index or at a faster rate at the discretion of our Board of Directors. Furthermore, the Compensation Committee was responsible for establishing profitability targets on which annual incentive bonus payments would be based. Such targets are based on net income, operating income or any other basis the Compensation Committee considered most appropriate. The Compensation Committee utilizes EBITDA as a target because it believes that annual EBITDA growth is a key driver of stockholder return over the long term.

In early 2007, the Compensation Committee and the Board of Directors reviewed Mr. Baldwin's goals for 2007. At that time, the Compensation Committee determined that his annual incentive bonus target would be 75% of his base salary for 2007. In February 2008, the Compensation Committee reviewed Mr. Baldwin's performance against those goals using actual 2007 results. After considering this information and the input of the full Board, we decided upon Mr. Baldwin's compensation. For fiscal 2007, our EBITDA was below the budgeted amount and therefore the Compensation Committee decided Mr. Baldwin's incentive bonus payment to be at approximately 75% of the targeted bonus or \$200,000.

None of the other Executives have an employment agreement with us. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance. In February 2008, the Compensation Committee reviewed the CEO's evaluations of the other named Executives' performance and the Company's annual financial performance for fiscal 2007. After considering this information and the input of the full Board, we decided upon the compensation and bonuses to be awarded to all other Executives. For fiscal 2007, our EBITDA was below the budgeted amount and therefore the annual incentive payments for all the Executives, except for Mr. Weinert, were at approximately 75% of respective targeted bonuses. Our restaurant EBITDA was also below the budgeted amount; therefore based on his bonus program, Mr. Weinert's bonus for 2007 was approximately 50% of the targeted bonus. In 2007, Mr. Weinert celebrated his 25th anniversary with the Company and received a one time bonus based on achieving this milestone (this bonus is available to all similarly tenured employees).

The Compensation Committee has:

- (1) reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management; and
- (2) based on the reviews and discussions referred to in (1) above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement relating to the 2008 Annual Meeting of Stockholders.

Table of Contents**Employment Agreements; Potential Payments Upon Termination or Change-in-Control**

On January 20, 2006, we entered into the third amended and restated employment agreement with Mr. Baldwin, effective as of January 1, 2006, to serve as Chairman of the Board of Directors, Chief Executive Officer and President. The term of the agreement extends until January 1, 2009, provided that the employment term will continue so that on any date the remaining term will be three years unless earlier terminated. Under the agreement, Mr. Baldwin is entitled to receive (1) a base salary of \$350,000, subject to annual increases no less than the rate of increase in the Consumer Price Index or at a faster rate at the discretion of our Board of Directors, (2) annual bonuses targeted at 65% of base salary, with minimum and maximum bonus amounts established by the Compensation Committee and the actual amount of the bonus determined based on the achievement of profitability targets established annually by the Compensation Committee, and (3) specified benefits, including health and disability insurance and life insurance and a monthly automobile allowance.

Under the agreement, if Mr. Baldwin's employment is terminated by us without cause or by Mr. Baldwin with good reason, as each is set forth in the agreement, Mr. Baldwin will be paid, subject to the execution of a general release, a lump sum payment six months following his termination equal to the sum of (1) the product of three multiplied by his base salary, (2) a pro rata bonus for the year of termination and (3) reimbursement for the cost and expenses of an automobile for a period of six months. In addition, Mr. Baldwin will be entitled to continued medical and dental benefits for three years following his termination, and monthly reimbursement of costs and expenses of an automobile from the six-month anniversary of termination until the third anniversary of termination.

If any payments to Mr. Baldwin under the employment agreement or otherwise would subject Mr. Baldwin to an excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, which we refer to as the Internal Revenue Code, and the amount of the payments do not exceed 110% of the greatest amount Mr. Baldwin would receive without the imposition of the excise tax, then Mr. Baldwin's payments will be reduced so that no excise tax is imposed.

In addition, upon the termination of his employment, Mr. Baldwin will have the option of purchasing any life insurance policies that we have on his life for the cash surrender value.

Other than the employment agreement we entered into with Mr. Baldwin, no Executives have an employment agreement with us. There are therefore no other severance agreements or potential payments required upon termination or change-in-control.

The following table describes and quantifies certain compensation that would become payable under our existing employment agreement with Mr. Baldwin if his employment had terminated on December 30, 2007, given his compensation and service levels as of such date:

AUDIT COMMITTEE REPORT

The Audit Committee has adopted a written charter to set forth its responsibilities. A copy of the charter is available on our website at www.mortons.com or in print to any stockholder who requests it by sending written communications to the Secretary, Morton's Restaurant Group, Inc., 325 N. LaSalle Street, Suite 500, Chicago, Illinois 60610. As required by the charter, the Audit Committee reviewed the Company's audited financial statements and met with management, as well as with KPMG LLP, the Company's auditors, to discuss the financial statements. Each member of the Audit Committee meets the independence and experience requirements of the New York Stock Exchange.

The Audit Committee received the report of KPMG LLP regarding the results of KPMG LLP's audit. In connection with their review of the financial statements and the auditors' report, the members of the Audit Committee discussed with a representative of KPMG LLP, KPMG LLP's independence, as well as the following:

- the auditors' responsibilities in accordance with generally accepted accounting standards;
- the initial selection of, and whether there were any changes in, significant accounting policies or their application;
- management's judgments and accounting estimates;
- whether there were any significant audit adjustments;
- whether there were any disagreements with management;
- whether there was any consultation with other accountants;
- whether there were any major issues discussed with management prior to the auditors' retention;
- whether the auditors encountered any difficulties in performing the audit; and
- the auditors' judgments about the quality of the Company's accounting principles.

The Committee also received written disclosures from KPMG LLP required by Independence Standards Board Standard No. 1, which requires auditors to communicate to the Audit Committee, in writing, at least annually, all relationships between the auditor and the Company that, in the auditor's professional judgment, may reasonably be thought to affect the auditor's independence. The Committee discussed with KPMG LLP its independence.

Based on its discussions with management and the Company's auditors, the Audit Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit Committee approved the inclusion of the financial statements in the Annual Report on Form 10-K for the period ended December 30, 2007 for filing with the SEC.
