Commencement of a Cash Tender Offer by BTMU to Make UNBC a Wholly Owned Subsidiary

Tokyo, August 12, 2008 The Bank of Tokyo-Mitsubishi UFJ, Ltd. (President Katsunori Nagayasu, BTMU), a subsidiary of Mitsubishi UFJ Financial Group, Inc. (President & CEO Nobuo Kuroyanagi, MUFG), resolved at a meeting of its Board of Directors today (August 12, 2008) to commence a cash tender offer in the United States (the Tender Offer) for all of the outstanding shares of common stock of UnionBanCal Corporation, a consolidated subsidiary of BTMU that is listed on the New York Stock Exchange (UNBC) (excluding approximately 65.4% of the outstanding shares beneficially owned by MUFG, including through BTMU and other affiliates) and to subsequently make UNBC a wholly owned subsidiary of BTMU.

1. Background of the Tender Offer

It is a primary pillar of our strategies to enhance overseas operations, and we are pursuing expansion of our business especially in Asia that we expect high growth and in major financial markets in the United States and Europe.

Among these geographical areas, in the United States, BTMU, while operating through its branches and subsidiaries in major cities, including New York, has owned since 1996 a majority of UNBC on the West Coast. UNBC has Union Bank of California N.A., a commercial bank based in the State of California that ranks 20th in the United States in terms of deposit size, as its wholly owned subsidiary.

Under such circumstances, we have decided to acquire full ownership of UNBC as part of efforts to strengthen our strategies in the United States. We view this transaction as a first step of our growth strategies in the United States, and we will achieve greater management flexibility and aim to further strengthen our presence in the United States. In addition, we believe acquiring full ownership will enable MUFG and BTMU to build an integrated corporate governance and unified risk management structure.

On April 26, 2008, we proposed to representatives of the independent directors of UNBC that we acquire all publicly held shares of UNBC for \$58.00 per share. Although, there has not been any agreement at this time with the special committee* that was organized after the proposal, we remain open to negotiations with the Special Committee

* In the United States, it is a usual practice for the target public company of a minority buyout by a controlling shareholder to form a special committee of directors who are independent of the purchaser and represent the interest of the minority shareholders in order to avoid a conflict of interest with the controlling shareholder. The special committee negotiates with the purchaser.
