The solicitation will begin on or about September 8, 2008.

There are two proposals scheduled to be voted on at the Annual Meeting:

Election of three directors;

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2009.

Revocation of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use exercise by the filing of a written notice of revocation with our Secretary, by delivering to our Secretary a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Voting and Solicitation

All shares represented by a properly executed proxy will be voted unless the proxy is revoked. If a choice is specified, it will be voted in accordance with the specification. If no choice is specified, the proxy holders will vote the shares in accordance with the recommendations of the Board of Directors, which are set forth with the discussion of each matter later in this Proxy Statement. In summary, the Board recommends that you vote:

FOR the election of the nominees for directors; and

FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2009.

In addition, the proxy holders may vote at their discretion with respect to any other matter that may properly come before the meeting. All shareholders at the close of business on August 15, 2008, the record date for the meeting, are entitled to vote at the meeting. On August 15, 2008 there were 14,571,346 shares of the Company's common stock outstanding. For each proposal, each shareholder is entitled to one vote for each share of Neogen Corporation common stock owned at that time.

Edgar Filing: NEOGEN CORP - Form DEF 14A

If you are a shareholder of record, you may vote by mail by completing, dating and signing your proxy card and mailing it in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as officer of a corporation, guardian, executor, trustee or custodian), you should indicate your name and title or capacity.

You may also vote in person at the Annual Meeting or may be represented by another person at the meeting by executing a proper proxy designating that person.

Table of Contents

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you will receive instructions from the street name holder that you must follow in order to have your shares voted.

If your shares are held in street name and you wish to vote in person at the meeting, you must obtain a proxy issued in your name from the street name holder.

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your brokerage firm, bank or other holder of record.

Broker non-votes on a matter occur when the broker, bank or other holder of record that holds your shares in street name is not entitled to vote on a matter without instruction from you and no instruction is given. Absent instruction from you, a street name holder may vote your shares in its discretion on the election of directors and ratification of the appointment of Ernst & Young LLP.

In the election of directors, the three nominees receiving the highest number of votes will be elected. The other matter requires the affirmative vote of a majority of the votes cast at the meeting. Votes that are withheld with respect to the election of directors and abstentions on the other matter are not counted as votes cast.

Table of Contents**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF THE COMPANY'S****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young LLP to serve as the independent registered public accounting firm for the Company for 2009. While not required, we are submitting the appointment to the shareholders as a matter of good corporate practice to obtain their views. The affirmative vote of a majority of the votes cast at the Annual Meeting on the proposal is required for ratification. **The Board of Directors recommends that shareholders vote FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2009.** If the appointment is not ratified, it will be considered as a recommendation that the Audit Committee consider the appointment of a different firm to serve as independent registered public accounting firm for the year 2010. Even if the appointment is ratified, the Audit Committee may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of Neogen Corporation and its shareholders.

Relationship with Ernst & Young

Ernst & Young LLP has acted as the Company's independent registered public accounting firm for more than five years. Ernst & Young LLP has advised that neither the firm nor any of its members or associates has any direct financial interest or any material indirect financial interest in the Company or any of its affiliates other than as accountants. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The fees billed by Ernst & Young LLP with respect to the years ended May 31, 2008 and 2007 were as follows:

	2008	2007
Audit Fees	\$ 242,250	\$ 239,275
Audit-Related Fees	5,600	
Tax Fees	4,800	12,155
All Other Fees		

Audit Fees include amounts billed for the annual audit of the Company's fiscal year Consolidated Financial Statements, the audit of internal control over financial reporting, the review of the Consolidated Financial Statements included in the Forms 10-Q, and consultations concerning accounting matters associated with the annual audit. Audit-Related Fees include amounts billed for general accounting consultations and services that are unrelated to the annual audit. It is expected that Ernst & Young LLP will provide similar non-audit services during the fiscal year 2009. In connection with its review and evaluation of non-audit services, the Audit Committee is required to and does consider and conclude that the provision of non-audit services is compatible with maintaining the independence of Ernst & Young LLP.

Under its charter, the Audit Committee must pre-approve all audit and non-audit services to be performed by Ernst & Young LLP other than non-audit services that satisfy a de minimus exception provided by applicable law. In the event management wishes to engage Ernst & Young LLP to perform non-audit services, a summary of the proposed engagement is prepared detailing the nature of the engagement, the reasons why Ernst & Young LLP is the preferred provider of the services and the estimated duration and cost of the engagement. The Audit Committee reviews and evaluates recurring non-audit services and their proposed fees as the need arises at their regularly scheduled committee meetings. At subsequent meetings, the Audit Committee receives updates regarding the services actually provided and management may present additional services for approval. The Audit Committee has delegated to the Chairman or, in his absence, any other member, the authority to evaluate and approve projects and related fees if circumstances require approval between meetings of the Committee. Any such approval is reported to the full committee at its next meeting.

Independent Directors

A director is not considered to be independent unless the Board determines that he has no material relationship with Neogen Corporation, either directly or through any organization with which he is affiliated that has a relationship with Neogen Corporation. Based on a review of the responses of the directors to questions about employment history, affiliation and family and other relationships and on discussions with the directors, all non-employee directors may be considered to be independent. As members of management, James L. Herbert, Chairman and Chief Executive Officer and Lon M. Bohannon, President and Chief Operating Officer, are not independent.

For further information, see the charter of the Nominating Committee that is available in the Investor Relations section of the Company's website at www.neogen.com. The Nominating Committee will consider, among other factors, the background and reputation of potential candidates in terms of character, personal and professional integrity, business and financial experience and acumen, how a person would complement the other directors in providing a diversity of expertise and experience and a person's availability and willingness to devote sufficient time to Board duties. Shareholders may recommend director candidates for consideration by the Nominating Committee by writing to the Secretary at 620 Leshar Place, Lansing, Michigan 48912, giving the candidate's name, relationship, if any, to the shareholder making the recommendation, biographical data and qualifications. Compensation Objectives

Neogen executive compensation programs are designed to be aligned with shareholder value creation and are structured to reward individual and organizational performance and be simple, concise and understandable. A significant percentage of each NEO s compensation consists of variable pay.

Table of Contents

The primary objectives of the compensation programs covering NEOs are to:

Attract, retain and motivate highly talented executives who will drive the success of the business;

Align incentives with the achievement of measurable corporate, business unit and individual performance objectives based on financial and non-financial measures, as appropriate;

Provide over-all compensation that is comparable to similar roles with competitors for talent generally; and

Ensure reasonable, affordable and appropriate compensation program costs.

Compensation Elements

The primary pay elements provided to NEOs are:

Base salary;

Annual bonus delivered through short-term bonus plans; and

Equity-based long-term incentive compensation delivered in the form of stock option grants.

Other pay elements include health and welfare benefits plans under which the NEOs receive similar benefits to those provided to all other eligible U.S.-based employees, such as medical, life insurance and disability coverage.

The Compensation Committee is provided materials by management regarding the various compensation elements of each NEO's compensation package. The Committee makes decisions about each compensation element in the context of each NEO's total pay package. Positions at higher levels at Neogen Corporation generally have a greater emphasis on variable pay elements of bonus and stock options, although no specific formula, schedule or tier is applied in establishing compensation mix.

Each of the compensation elements and its purpose is further described below.

Base Salary: Base salary is intended to compensate the executive for the basic market value of the position, time in the position and the relation of that position to other positions in the Company. Each NEO's salary and performance are reviewed annually. Factors considered in determining the level of executive pay include the role and responsibilities of position, performance against expectations and an individual's job experience or unique role responsibilities.

Base salary rate increases from 2007 to 2008 are shown in the following table. Actual earned salary for 2008 is shown in the Salary column of the Summary Compensation Table.

Base Salary

Name	2007 Salary Rate	2008 Salary Rate	Percent Increase
------	------------------------	------------------------	---------------------

Edgar Filing: NEOGEN CORP - Form DEF 14A

James L. Herbert	\$ 275,000	\$ 290,000	5.5%
Lon M. Bohannon	195,000	205,000	5.1%
Richard R. Current	145,000	150,000	3.4%
Edward L. Bradley	128,600	135,000	5.0%
Terri A. Morriscal	131,000	135,500	3.4%

Mr. Herbert's compensation is based on factors including comparison to pay levels of chief executive officers of companies of similar size and complexity (see Chief Executive Officer Compensation), the level of business performance in 2007, historical salary increases and time in position. Other NEOs' compensation was based on the scope of their responsibilities, the level of performance in 2007 and time in position.

Table of Contents

Annual Bonus: Annual bonuses are intended to motivate and reward executives for achieving or exceeding specific annual performance goals focused primarily on total Company performance in the case of Mr. Herbert, Mr. Bohannon and Mr. Current, and the performance of the businesses for which the other NEOs are responsible. The bonus potential is established in the same general manner as salaries, with the view that, if the full potential is attained, each NEO's total cash compensation should be competitive, taking into account the scope of the individual's responsibility, time in the position and overall level of performance in the role. Bonuses are generally paid in November of the fiscal year following the fiscal year in which they are earned. Bonuses related to the 2007 fiscal year that were paid between November of 2007 and January 2008 were as follows:

Annual Bonus

Name	Target Value	Actual Payments	Payment as Percentage of Target
James L. Herbert	\$ 150,000	\$ 150,000	100%
Lon M. Bohannon	75,000	75,000	100%
Richard R. Current	32,000	30,000	94%
Edward L. Bradley	39,000	35,000	90%
Terri A. Morriscal	39,000	24,000	62%

The final determination of the actual bonuses paid included a subjective evaluation of each individual's performance in light of the competitive environment in the businesses for which he or she had responsibility, other challenges faced by him or her and other significant achievements during the year.

The Chief Executive Officer made recommendations and provided rationale to the Compensation Committee regarding the bonus payout for each other officer. The Compensation Committee reviewed these recommendations and then acted to approve the bonuses paid in the 2008 fiscal year. The Compensation Committee reviewed and acted to approve the bonus payment for the Chief Executive Officer in the 2008 year.

Long-term Incentive Compensation: The objectives of the long-term incentive portion of the compensation package are to:

align the personal and financial interests of management and other employees with shareholder interests;

balance short-term decision-making with a focus on improving shareholder value over the long term;

provide a means to attract, reward and retain a skilled management team; and

provide the opportunity to build a further ownership position in Neogen Corporation stock.

The long-term incentive mechanism at Neogen Corporation has been and continues to be stock option awards, the ultimate value of which is dependent on increases in the Company's stock price. Stock options are granted to provide employees with a personal financial interest in the Company's long-term success, encourage retention and enable Neogen Corporation to compete for the services of new employees in a competitive market. Neogen Corporation continues to believe that stock options are the most appropriate means to accomplish long-term incentive objectives.

The stock option program is designed to deliver long-term awards at a highly competitive level while incurring a minimal level of expense and shareholder dilution relative to other long-term incentive programs. Neogen Corporation's compound growth rate in stock price has been 16% over the past 5 years. It is the Company's view that stock options represent the optimal use of the corporate resources and the best way to achieve the objectives of the long-term compensation element.

Table of Contents

Neogen Corporation maintains one equity-based long-term incentive plan that has been previously approved by shareholders Neogen Corporation 2007 Stock Option Plan, as amended.

In general, options granted by Neogen Corporation are qualified options with five-year lives that vest 20% per year following the year of grant. Certain qualified options are converted to non-qualified options when IRS limitations for qualified options are exceeded. Prior to 2006 these re-characterized options carried three year vesting provisions and ten-year terms. For 2006 and subsequent, the re-characterized options retain the same vesting life provisions as qualified options. A small number of nonqualified stock options, with up to ten-year terms and vesting 33% per year following the year of grant are granted to Directors. In all cases grant prices are equal to the closing price on the day of the grant. Neogen Corporation does not reprice options and does not reload which means the recipient is only able to exercise the number of shares in the original stock option grant. Neogen Corporation's practice has been to make an annual award to the majority of recipients as well as rare hire-on awards to select new hires.

Annual stock option grants are made at the discretion of the Stock Option Committee, with the exception of non-employee director awards that are granted under the terms of the Stock Option Plan. Management makes recommendations to the Stock Option Committee as to the stock option award levels and terms. The determination with respect to the number of options to be granted to any particular participant is ultimately subjective in nature. While no specific performance measures are applied, factors considered in determining the number of options to be awarded to an individual include his or her level of responsibility and position within the Company, demonstrated performance over time, value to Neogen Corporation's future success, historic grants, retention concerns and, in the aggregate, share availability under the plan and overall Company expense and shareholder dilution from awards. Management provides the Stock Option Committee information on grants made in the past three years and the accumulated value of all stock option awards outstanding to each NEO.

The table below shows the size of the 2007 stock option grants to each of the NEOs.

Name	Number of Options	Compensation cost Recognized for 2008 Grants (1)(2)
James L. Herbert	64,500	\$ 441,825

(2) The stock option FAS 123R values throughout this Proxy Statement have been calculated using the Black-Scholes option pricing model and the assumptions in the following table:

Black-Scholes Model Assumptions (a)	2008	2007	2006	2005	2004
Risk-free interest rate	4.55%	4.72%	4.90%	3.25%	2.70%

Expected stock price volatility	34.18%	46.64%	44.50%	44.50%	47.00%

- (a) The risk-free interest rate is based on the US Treasury yield curve in effect at the time of grant. Expected stock price volatility is based on historical volatility of the Company's stock. The expected option life, representing the period of time that options are expected to be outstanding, is based on historical option exercise and employee termination data.

Table of Contents

Retirement Plans: A defined contribution plan, the Neogen Corporation 401(k) Retirement Savings Plan (401(k) Plan) is available to all eligible U.S. employees including all NEOs. Under the 401(k) Plan, Neogen Corporation matches dollar per dollar of the first 3%, and fifty cents per dollar of the next 2%, of pay contributed by the employee up to the Internal Revenue Code limits (\$15,000 annual deferral in 2008). Matching contributions to the 401(k) Plan are vested immediately upon payment.

Health and Welfare Benefits Plans: Benefits such as medical, life insurance and disability coverage are provided to each NEO under benefits plans that are provided to all eligible U.S.-based employees. The benefits plans are part of the overall total compensation offering and are provided to be both competitive with other employers and provide health care coverage for employees and their families. The NEOs have no additional Company-paid health benefits. Similar to all other employees, NEOs have the ability to purchase supplemental life, dependent life, long-term care insurance, dental and accidental death and dismemberment coverage through the Company. The value of these benefits is not included in the Summary Compensation Table since they are purchased by each NEO and are made available to all U.S. employees. No form of post-retirement health care benefits is provided to any employee.

Perquisites: The values of perquisites and other personal benefits for 2008 are included in the All Other Compensation column of the Summary Compensation Table. In general the value of perquisites granted to NEOs are considered to be de minimis.

2002 Employee Stock Purchase Plan: Employees in the U.S. are permitted to voluntarily purchase Neogen Corporation stock at a 5% discount through after-tax payroll deductions under the Employee Stock Purchase Plan (ESPP) as a way to facilitate employees becoming shareholders of Neogen Corporation. The ESPP purchases stock bi-annually for participants through a third-party plan administrator. With the exception of Mr. Herbert, all NEOs are eligible to participate in the plan.

Executive and Non-Employee Director Stock Ownership Policy

Neogen Corporation has a stock ownership policy in place for all corporate officers, including the NEOs, and Directors. This reflects the Company's conviction that all senior executives should have meaningful actual share ownership positions in the Company in order to reinforce the alignment of management and shareholder interests. The ownership policy was adopted by the Board of Directors at its meeting July 26, 2007. It is expected that the Compensation Committee will periodically review the policy requirements to ensure they continue to be reasonable and competitive.

The ownership requirements are:

Position	Market Value of Stock Owned	Expected Time Period to Comply
Non-Employee Directors	2 times annual retainer	5 years
Chief Executive Officer	2 times annual salary, including bonus	3 years
Corporate Officers	2 times annual salary including bonus	5 years

Stock owned includes shares owned outright, including 401(k) Plan shares, but does not include stock options. As of May 31, 2008, all non-employee directors and all NEOs are at or above the applicable stock ownership requirement or within the expected time period to comply.

Employment Agreements and Severance Policy

Neogen Corporation does not provide employment or severance agreements. The Company maintains a discretionary severance practice for all eligible employees, which could potentially include the NEOs. The discretionary practice provides for payments as determined by the Company as circumstances warrant.

Chief Executive Officer Compensation

Compensation Information: During 2008, for purposes of its review of Mr. Herbert's pay, the Compensation Committee considered the following criteria:

The success of the Company in the past year

The success of the Company over an extended period

The importance of Mr. Herbert to the continued success of the Company

Base Salary: Mr. Herbert's salary increased to \$290,000 in the 2008 year. Base salary determinations include consideration of the level of business performance in 2007, historical base salary increases and time in the position and take into consideration all forms of compensation earned, including long term incentive compensation earned.

Annual Bonus: Mr. Herbert achieved 100% of his 2008 bonus objectives resulting in a \$150,000 payout based on accomplishments during the year. Mr. Herbert's bonus payout was \$150,000 in 2007.

Long-term Incentive Compensation:

Share-Based Compensation: Effective June 1, 2006, Neogen Corporation adopted the provisions of FAS 123R. FAS 123R requires companies to measure the cost of employee stock options based on the grant-date fair value and recognize that cost over the period during which a recipient is required to provide services in exchange for the options, typically the vesting period. The provisions of FAS 123R were adopted using the modified-retrospective transition method. Under this method, all prior periods were restated on a consistent basis based on the pro forma expense previously disclosed.

AUDIT COMMITTEE REPORT

The undersigned constitute the Audit Committee of the Board of Directors of Neogen Corporation. The committee serves in an oversight capacity and is not intended to be part of the Company's operational or managerial decision-making process. Management is responsible for the preparation, integrity and fair presentation of information in the Consolidated Financial Statements, the financial reporting process and internal control over financial reporting. Neogen's independent registered public accounting firm is responsible for performing independent audits of the Consolidated Financial Statements and an audit of management's assessment of internal control over financial reporting. The Committee monitors and oversees these processes. The Committee also approves the selection and appointment of Neogen's independent registered public accounting firm and recommends the ratification of such selection and appointment to the shareholders.

In this context, the Committee met and held discussions with management and Ernst & Young LLP throughout the year and reported the results of our activities to the Board of Directors. Specifically the following were completed:

Reviewed and discussed the audited financial statements for the fiscal year ended May 31, 2008 with Neogen's management;

Discussed with Ernst & Young LLP the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards), as amended; and

Received written disclosure regarding independence from Ernst & Young LLP as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with Ernst & Young LLP its independence. Based on the above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's fiscal year 2008 annual report on Form 10-K and the Company's annual report to shareholders.
