**Item 2.02. Results of Operations and Financial Condition.**

On February 19, 2009, SunGard Data Systems Inc. issued a press release announcing its financial results for the year ended December 31, 2008. After releasing annual earnings on February 19, 2009, the Company identified an error in its accounting for termination of the accounts receivable securitization facility. As a result, the reported loss before income taxes in both the three months and twelve months ended December 31, 2008 was understated by \$17 million (\$13 million after taxes). The correction primarily impacts the other expense, retained interest and accrued expense line items in the financial statements as well as Note 2 of the Notes to Consolidated Condensed Financial Information in the earnings release. A reconciliation of the originally reported amounts to the as adjusted amounts is attached to this filing as Exhibit 99.1.

The information in this Item 2.02, including the Exhibit attached hereto, shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934.
