Item 8.01 Other Events.

El Paso Electric Company has implemented two corporate governance reforms in response to the views of its large shareholders and following discussions with the major proxy voting advisory services. In 2007 and 2008, the Company incurred \$3,000 and \$15,100, respectively, in legal fees to a large law firm for a review of the Company's directors' and officers' insurance coverage. A director of the Company who is also a member of the Compensation Committee of the Board is a partner of the law firm. As a result, the director received a significant withhold vote at the 2008 Annual Meeting of Shareholders. The Company believes that the policies of the major proxy advisory services and many institutional shareholders may lead to withhold votes for other directors at the upcoming 2009 Annual Meeting if the partner/director continues to serve on the Board's Compensation Committee. The Company and the Board believe that this would be unfair to the affected nominees and not in the best interest of all shareholders, in particular because the law firm has not performed any other services for the Company since the withhold vote at the 2008 Annual Meeting. Accordingly, on April 23, 2009, the Board accepted the resignation of the partner/director from the Compensation Committee of the Board of Directors and adopted a policy that prohibits the Company from receiving legal services from any law firm if a member of that firm is also a director of the Company.
