NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD APRIL 22, 2010

TO THE SHAREHOLDERS OF GULF ISLAND FABRICATION, INC.:

The annual meeting of shareholders of Gulf Island Fabrication, Inc. (the Company) will be held at 10:00 a.m., local time, on Thursday, April 22, 2010, at the office of the corporation, 567 Thompson Road, Houma, Louisiana, for the following purposes, more fully described in the accompanying proxy statement:

1. To elect three Class I directors.
2. To ratify the appointment of our independent auditor.
3. To transact such other business as may properly come before the meeting and any adjournments thereof.

The Board of Directors has fixed the close of business on March 1, 2010 as the record date for the determination of shareholders entitled to notice of and to vote at the annual meeting and all adjournments thereof.

Your vote is important regardless of the number of shares you own. Whether or not you plan to attend the annual meeting, **please mark, date and sign the enclosed proxy card and return it promptly in the enclosed stamped envelope**. Furnishing the enclosed proxy will not prevent you from voting in person at the annual meeting should you wish to do so.

By Order of the Board of Directors

DEBORAH KERN-KNOBLOCK
Secretary

Houma, Louisiana

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD APRIL 22, 2010

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: Why am I receiving this proxy statement?

A: Gulf Island Fabrication, Inc. (the Company) Board of Directors is soliciting your proxy to vote at the 2010 annual meeting of shareholders and at any adjournment thereof (the Meeting) because you owned shares of our common stock (Common Stock) at the close of business on March 1, 2010, the record date for determining shareholders entitled to vote at the Meeting. The proxy statement, along with a proxy card or a voting instruction card, is being mailed to shareholders on or about March 15, 2010. This proxy statement summarizes the information you need to know to vote at the Meeting. You do not need to attend the Meeting to vote your shares.

Q: What will I be voting on?

A: At the Meeting, our shareholders will be asked to elect three Class I directors, to ratify the appointment of our independent auditor and consider any other matter that properly comes before the Meeting.

Q: When and where will the Meeting be held?

A: The Meeting will be held at 10:00 a.m., local time, on Thursday, April 22, 2010, at the office of the Company, 567 Thompson Road, Houma, Louisiana 70363.

Q: Who is soliciting my proxy?

A: Our Board of Directors is soliciting your vote for our Meeting. By completing and returning the proxy card or voting instruction card, you are authorizing the proxy holder to vote your shares at our Meeting as you have instructed him on the card.

Q: How many votes do I have?

A: You have one vote for every share of our Common Stock that you owned on the record date.

Q: How many votes can be cast by all shareholders?

A: As of the record date, we had 14,314,810 shares of Common Stock outstanding.

Q: How many shares must be present to hold the Meeting?

A: The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum. As of the record date, 7,157,406 shares constitute a majority of our

outstanding stock entitled to vote at the Meeting. Shares that are voted, broker non-votes (if any), and shares not voted as a result of abstentions are treated as being present at the Meeting for purposes of determining whether a quorum is present.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, you are considered, with respect to those shares, the shareholder of record. The proxy materials have been sent directly to you by us.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. The proxy materials have been forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or Internet.

Q: Can my shares be voted if I don't return the proxy card and do not attend the Meeting in person?

A: If you hold shares in street name and you do not provide voting instructions to your broker, bank or nominee, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. In that case, your shares will be considered present at the Meeting for purposes of determining a quorum, but will not be considered to be represented at the Meeting for purposes of calculating the vote with respect to such proposal. Brokers generally have discretionary authority to vote without instructions from beneficial owners on the ratification of the appointment of our independent auditor, but brokers generally do not have discretionary authority to vote without instruction from beneficial owners on the election of directors.

Q: What vote is required to approve each item?

A: The election of directors will be decided by plurality vote, that is, the three persons receiving the highest number of affirmative votes will be elected. As for the ratification of the appointment of our independent auditor and any other matter properly brought before the Meeting for a vote of shareholders, a majority of votes actually cast will decide such matter.

Abstentions and broker non-votes will have no effect on the voting calculations for the ratification of the appointment of our independent auditor or the election of directors. With respect to all other matters, shares not voted as a result of abstentions will have the same effect as votes against those matters, but broker non-votes will not be considered as voted for purposes of determining whether or not a majority of votes were cast for such matters.

Q: How do I vote?

A: You may vote using any of the following methods:

Edgar Filing: GULF ISLAND FABRICATION INC - Form DEF 14A

Proxy card or voting instruction card: Be sure to complete, sign and date the card and return it in the prepaid envelope.

By telephone or Internet: The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or nominee. Therefore, we recommend that you follow the voting instructions in the materials you receive.

In person at the Meeting: All shareholders may vote in person at the Meeting. You may also be represented by another person at the Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or nominee and present it to the inspectors of election with your ballot when you vote at the Meeting.

Q: Can I change my vote?

A: Yes. A proxy may be revoked at any time before it is exercised by filing with the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

Q: What if I don't vote for a proposal?

A: If you properly execute and return a proxy or voting instruction card, your stock will be voted as you specify. If you are a shareholder of record and make no specifications on your proxy card, your shares will be voted FOR the ratification of the appointment of our independent auditor and FOR the director nominees.

Brokers holding shares of record for customers generally are only entitled to vote with respect to discretionary items unless they receive voting instructions from their customers. When brokers do not receive voting instructions from their customers for items that are not discretionary items, they notify the Company on the proxy form that they lack voting authority. The votes that could have been cast on the matter in question by brokers who did not receive voting instructions are called broker non-votes. Broker non-votes will not be counted as votes for or against and will not be included in calculating the number of votes necessary for approval of items that are not discretionary. Broker non-votes will have no effect on the voting calculations for the ratification of the appointment of our independent auditor or the election of directors.

Q: Who pays for soliciting proxies?

A: The cost of soliciting proxies will be borne by the Company. Banks, brokerage houses and other institutions, nominees and fiduciaries will be requested to forward solicitation materials to the beneficial owners of the shares of Common Stock of the Company; upon request, the Company will reimburse such persons for reasonable out-of-pocket expenses incurred in connection therewith. We may have our employees or other representatives (who will receive no additional compensation for their services) solicit proxies by telephone, telecopy, or other means.

Q: Could other matters be decided at the Meeting?

A: The Board does not expect to bring any other matter before the Meeting, and it is not aware of any other matter that may be considered at the Meeting. Management has not received any notice that a shareholder desires to present any matter for action by shareholders at the Meeting and is unaware of any matter for action by shareholders at the Meeting other than the matters described in the accompanying notice. The enclosed proxy will, however, confer discretionary authority with respect to any other matter that may properly come before the Meeting or any adjournment thereof. It is the intention of the persons named in the enclosed proxy to vote in accordance with their best judgment on any such matter.

Q: What happens if the Meeting is postponed or adjourned?

A: Your proxy will still be good and may be voted at the Meeting, whether postponed or adjourned. You will still be able to change or revoke your proxy until it is voted.

Shareholder Proposals and Nominations for 2011 Annual Meeting

Any shareholder who wishes to bring a matter, other than shareholder nominations of directors, before the 2011 annual meeting must notify the Secretary of the Company, in writing at the address shown on the first page of this Proxy Statement, no later than January 29, 2011. However, if the date of the 2011 annual meeting is changed by more than 30 calendar days from the date of the anniversary of the 2010 annual meeting, the notice must be received by the Secretary of the Company at least 45 days prior to the date the Company intends to distribute its proxy materials with respect to the 2011 annual meeting.

If a shareholder does not provide such notice timely, the chairman of the 2011 annual meeting may exclude the matter and, if the chairman so elects, the matter will not be acted upon at the meeting. If the chairman does not exclude the matter, proxies solicited on behalf of the Board of Directors for the 2011 annual meeting will confer discretionary authority to vote with respect to any such matter, as permitted by the proxy rules of the Securities and Exchange Commission (SEC).

Shareholders intending to nominate a director at the 2011 annual meeting of shareholders may do so if they comply with the Company's Amended and Restated Articles of Incorporation by furnishing timely written notice containing specified information concerning, among other things, information about the nominee and the shareholder making the nomination. See Corporate Governance Consideration of Director Nominees for more information.

Any shareholder who desires to present a proposal for inclusion in the Company's proxy materials for the 2011 annual meeting must forward the proposal in writing to the Secretary of the Company at the address shown on the first page of this Proxy Statement in time to arrive at the Company no later than November 15, 2010, and the proposal must comply with applicable federal proxy rules.

CORPORATE GOVERNANCE

Ethics and Business Conduct Policies

The Company has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers (the Code of Ethics) and a Code of Business Conduct and Ethics, which applies to all employees and directors, including the Chief Executive Officer and senior financial officers of the Company. These codes are posted on the Company's website at www.gulfisland.com. Any substantive amendments to the Code of Ethics or any waivers granted under the Code of Ethics will be disclosed as required by applicable SEC rules and the listing standards of the Nasdaq Stock Market, L.L.C. (Nasdaq).

Board Structure and Committee Composition

The Board of Directors met nine times during 2009. The Board has established two standing committees: an Audit Committee and a Compensation Committee. Each committee operates under a written charter adopted by the Board, which are available on our website at www.gulfisland.com. The composition of Board committees is reviewed each year at the initial meeting of the Board after the annual meeting of shareholders. During 2009, each of the Company's incumbent directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which he served during the periods of his Board membership and committee service.

Audit Committee

During 2009, the Audit Committee consisted of the following four directors: Gregory J. Cotter (Chairman), Ken C. Tamblyn, John P. Laborde and Michael A. Flick. Each of these directors is independent as such term is defined in Nasdaq's listing standards, and also satisfies the additional requirements applicable to an audit committee member under the Nasdaq listing standards. The Board has determined that Mr. Ken C. Tamblyn is an audit committee financial expert as such term is defined in the applicable rules of the SEC.

The Audit Committee met six times during 2009. The Audit Committee's primary function is to assist the Board in fulfilling its oversight responsibilities by monitoring (i) the Company's continuing development and performance of its system of financial reporting, auditing, disclosure controls and procedures and internal control over financial reporting, (ii) the operation and integrity of its financial reporting system, (iii) the performance and qualifications of the Company's independent (external) and internal auditors, and (iv) the independence of the Company's independent auditors.

Compensation Committee

The Compensation Committee consists of the following four directors: Gregory J. Cotter, Alden J. (Doc) Laborde (Chairman), John P. Laborde, and Christopher M. Harding. Each of these directors is independent as such term is defined in Nasdaq's listing standards. The Compensation Committee met three times during 2009. The Compensation Committee (i) reviews, approves and recommends to the Board the Company's goals and objectives relating to the compensation of the Company's officers and the compensation of the President of each of the Company's subsidiaries (including the specific relationship of corporate performance to such officers' compensation), (ii) evaluates at least annually the performance of the Company's officers and the performance of the President of each of the Company's subsidiaries in light of these goals and objectives, (iii) recommends to the Board the compensation of the Company's officers and the compensation of the President of each of the Company's subsidiaries based on such evaluations, (iv) awards grants under the Company's incentive compensation plans and programs, (v) otherwise administers the Company's incentive compensation plans and programs, and (vi) performs such other functions as may be prescribed by the Board.

The committee seeks the input of our chief executive officer in connection with performance evaluations and compensation decisions for our other executive officers; however, the chief executive officer is not present when the committee meets to evaluate his performance nor when the Board determines his compensation. The terms of our stock incentive plans permit the committee to delegate to appropriate personnel its authority to make awards to employees other than those subject to Section 16 of the Exchange Act. The committee has not delegated this authority to any individual.

Board Independence

The Board has determined that seven of our current eight directors are independent as such term is defined in Nasdaq's listing standards. In making this determination, the Board evaluated responses to a questionnaire completed by each director regarding relationships and possible conflicts of interest between each director, the Company and management. In its review of director independence, the Board considered all commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships any director may have with the Company or management. Mr. Kerry J. Chauvin, the Chairman of the Board and Chief Executive Officer of the Company, is not independent as defined by Nasdaq.

Board Leadership Structure

The Board of Directors believes that Mr. Chauvin's service as both Chairman of the Board and Chief Executive Officer is in the best interest of the Company and its shareholders. Mr. Chauvin possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its businesses and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. His combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's shareholders, employees, customers and suppliers, particularly during times of turbulent economic and industry conditions.

Each of the directors other than Mr. Chauvin is independent and the Board believes that the independent directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent directors meet in executive session at each regular board meeting or more frequently, as needed. The chairperson, or presiding director, for each of these executive sessions is chosen by the independent directors, by majority vote, immediately prior to the meeting. The Company believes that this approach effectively encourages full engagement of all directors in executive sessions, while avoiding unnecessary hierarchy and complements the combined CEO/Chairman structure. Following an executive session of independent directors, the presiding director acts as a liaison between the independent directors and the Chairman regarding any specific feedback or issues, provides the Chairman with input regarding agenda items for

Edgar Filing: GULF ISLAND FABRICATION INC - Form DEF 14A

Board and Committee meetings, and coordinates with the Chairman regarding information to be provided to the independent directors in performing their duties. In addition, our two standing committees are composed

entirely of independent directors, and have the power and authority to engage legal, financial and other advisors as they may deem necessary, without consulting or obtaining the approval of the full Board or management.

Board's Role in Risk Oversight

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic risks, environmental and regulatory risks, as well as risks associated with the impact of competition and weather conditions. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

While the full Board is ultimately responsible for risk oversight at our Company, the Audit Committee assists the Board in fulfilling its oversight responsibilities by working with senior management to evaluate and assess the critical risks facing our Company, which evaluation is designed to provide visibility to the Board about the identification, assessment and management of critical risks and any risk mitigation strategies implemented or planned by management. The areas of focus include competitive, economic, operational, financial (accounting, credit, liquidity, and tax), legal, regulatory, compliance, health, safety and environment, political, compensatory and reputational risks. In addition, the Audit Committee has adopted a policy to implement a more formal annual evaluation and assessment at an Audit Committee meeting specifically scheduled for such purpose. Management further assists the Board by regularly reporting its risk assessment to the Audit Committee, and updating the Audit Committee if material changes occur. Senior management attends the quarterly Board meetings and is available to address any questions or concerns raised by the Board on risk management-related and any other matters. Each quarter, the Board receives presentations from senior management on matters involving our operations, and holds strategic planning sessions with senior management to discuss strategies, key challenges, and risks and opportunities for the Company.

Consideration of Director Nominees

The Board of Directors has elected not to have a separate nominating committee. The Board made this determination after considering its nomination process and concluding that as many directors as possible should participate in that process. As stated above, the Board has determined that all of its current directors are independent under Nasdaq's listing standards other than Mr. Chauvin, who is not considered independent because he is an officer of the Company. Accordingly, the Board has decided that nominations of directors and related matters will be considered and voted upon by all of the independent directors while meeting in executive session. In this manner, should the proposed slate of directors be elected, all but one of the directors will be involved in the nominations process.

In evaluating the suitability of nominees for membership on the Board, the independent directors consider many factors, including personal and professional integrity, general understanding of and particular operational experience in the construction and oil and gas industries, finance and other elements relevant to the success of a publicly-traded company in today's business environment, educational and professional background, and independence. The independent directors evaluate each individual in the context of the Board as a whole, with the objective of nominating persons for election to the Board who can best perpetuate the success of the Company's business, be an effective director in conjunction with the full Board, and represent shareholder interests through the exercise of sound judgment.

The independent directors will regularly assess the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that any vacancies are anticipated, or otherwise arise, the independent directors will consider various potential candidates for director who may come to the attention of the Board through current board members, professional search firms, shareholders or other persons. Each candidate brought to the attention of the Board is considered on the basis of the criteria set forth above.

The Board is open to suggestions from our shareholders on candidates for election to the Board. Any shareholder may suggest a nominee by sending the following information to the Board: (i) the proposing shareholder's name, address and telephone number, (ii) the number of shares of Common Stock beneficially owned by the proposing shareholder and the suggested nominee, (iii) the suggested nominee's name, age, business and residential addresses and telephone number, (iii) a statement whether the suggested nominee knows that his or her name is being suggested by the proposing shareholder, and whether he or she has consented to being suggested and is willing to serve, (iv) the suggested nominee's résumé or other description of his or her background and experience, and (v) the proposing shareholder's reasons for suggesting that the individual be considered. The information should be sent to the Board addressed as follows: Secretary of Gulf Island Fabrication, Inc., 567 Thompson Road, Houma, Louisiana 70363, and the Secretary will forward the information to the independent directors. In addition, pursuant to an agreement with Aransas Partners (Aransas) entered into as part of our acquisition of Aransas on January 31, 2006, Aransas may recommend a candidate for nomination to the Board of Directors provided it and its affiliates continue to hold at least 5% of the Company's Common Stock, and subject to the Board's ultimate determination of the candidate's suitability for nomination.

The Company's Amended and Restated Articles of Incorporation also permit shareholders to directly nominate directors for consideration at an annual shareholder meeting. In general, to be timely, a shareholder's notice must be in writing, must include certain specified information about the nominee and the shareholder making the nomination, and must be received by the Secretary of the Company at our principal executive offices no less than 45 days or more than 90 days prior to the shareholder meeting.

Communications with the Board; Meeting Attendance

Any shareholder may communicate with our Board (or with any individual director) by sending a letter by mail addressed to the Chairman of the Board of Gulf Island Fabrication, Inc., 567 Thompson Road, Houma, Louisiana 70363. The Chairman of the Board will forward the shareholder's communication directly to the appropriate director or directors.

The Board has adopted a policy that recommends that all directors personally attend each annual and special meeting of the Company's shareholders. Due to the death of the wife of one of our directors, the only director then in office in attendance at our last annual meeting of shareholders held on April 23, 2009 was Kerry J. Chauvin, Chairman of the Board.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% stockholders are required by the regulations of the SEC to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of copies of such reports received by it and written representations from certain persons that no other reports were required for those persons, the Company believes that all filing requirements applicable to its officers, directors and greater than 10% stockholders were complied with for the fiscal year ended December 31, 2009.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year, none of Messrs. Alden J. Laborde (Chairman), Gregory J. Cotter, John P. Laborde, or Christopher M. Harding, who comprised the Compensation Committee, were officers or employees of the Company or any of its subsidiaries. Alden J. Laborde was Chief Executive Officer of the Company from 1986 to 1990. No other member of the Compensation Committee is a former officer of the Company.

In connection with the initial public offering of its Common Stock, the Company entered into a registration rights agreement (the Registration Rights Agreement) with Alden J. Laborde. If the Company proposes to

register any Common Stock under the Securities Act in connection with a public offering, Mr. Laborde may require the Company to include all or a portion of the shares of Common Stock held by him. The Company has agreed under the Registration Rights Agreement to pay all the expenses of registration, other than underwriting discounts and commissions.

DIRECTOR COMPENSATION

In 2009, each non-employee director, except Messrs. Cotter and Tamblyn, received an annual fee of \$20,000 for his services as a director. Mr. Cotter, as Chairman of the Audit Committee, and Mr. Tamblyn, as the Audit Committee Financial Expert, each received an annual fee of \$22,000. In addition, each non-employee director received an attendance fee of \$1,750 for each Board or committee meeting attended in person and \$1,000 for each meeting attended via telephone conference call. All directors are reimbursed for reasonable out-of-pocket expenses incurred in attending Board and committee meetings.

The table below summarizes the compensation paid to each person serving as a director during 2009, with the exception of Mr. Chauvin. Mr. Chauvin did not receive any compensation as a director and his compensation as an executive of our Company is fully reflected in the 2009 Summary Compensation Table on page 16. Pursuant to an agreement between Mr. Wishart and his employer, Noble Denton Group Limited, all compensation earned by Mr. Wishart as a director of our Company during 2009 was paid directly to Noble Denton Group Limited.

2009 Director Compensation

Name	Fees Earned or Paid in	
	Cash (\$)	Total (\$)
Mr. Cotter	48,250	48,250
Mr. Flick	43,750	43,750
Mr. Harding	37,250	37,250
Mr. A. Laborde	38,000	38,000

Mr. Tamblyn	44,750	44,750
Mr. Wishart	24,500	24,500

ELECTION OF DIRECTORS

The Company's Amended and Restated Articles of Incorporation provide for a Board of Directors consisting of three classes, with the number of directors to be set forth in the Company's By-laws. Pursuant to the By-laws, the number of directors has been set at eight. The term of office of the Class I directors will expire at the Meeting, and, in accordance with the recommendations of the independent directors, the Board has nominated the three persons listed as the Class I nominees in the table below for election to the Board of Directors for a term expiring in 2013.

Edgar Filing: GULF ISLAND FABRICATION INC - Form DEF 14A

The Board of Directors recommends that shareholders vote FOR the election of the nominees. Proxies cannot be voted for more than three candidates. In the absence of contrary instructions, the proxy holders will vote for the election of the three nominees listed below. In the unanticipated event that any nominee is unavailable as a candidate for director, the persons named in the accompanying proxy will vote for a substitute candidate nominated by the Board of Directors.

Information about the Directors and Executive Officers

The following table sets forth, as of February 28, 2010, for each nominee, each other director of the Company whose term will continue after the Meeting and each of the executive officers of the Company, the age, positions with the Company, and principal occupations and employment during the past five years, any family relationships among such persons, and, if a nominee or a director, each person's directorships in other public corporations during the past five years and the year that he was first elected a director of the Company or its predecessor. We have also included information about each director and nominee's specific experience, qualifications, attributes, or skills that led the Board to conclude that he or she should serve as a director of our Company at the time we file our proxy statement, in light of our business and structure. All executive officers serve at the pleasure of the Board of Directors of the Company.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis is designed to provide shareholders with an understanding of our compensation philosophy and objectives as well as the analysis that we performed in setting executive compensation. It discusses the Compensation Committee's (the committee) recommendations and reasons for the compensation actions that were taken for the executive officers who are identified in the Summary Compensation Table below (the named executive officers).

Executive Compensation Philosophy and Objectives

The committee is committed to and responsible for designing, implementing, and administering a compensation program for executive officers that ensures appropriate linkage among pay, Company performance, and results for shareholders. The committee seeks to increase shareholder value by rewarding performance with cost-effective compensation and ensuring that we can attract and retain the best executive talent available.

All of our employment relationships with our named executive officers, including our chief executive officer, are at-will relationships. Although the committee has considered the use of employment agreements at the executive level in the past, it does not believe such agreements would provide any appreciable retentive or motivational value.

The committee reviewed and quantified all components of the named executive officers' compensation, including salary, non-equity and equity incentive plan compensation, accumulated realized and non-realized stock option gains, and the incremental cost to the Company of all perquisites and other benefits for 2009. Based on this review, the committee has determined that such officers' total compensation in the aggregate is reasonable and not excessive.

Compensation and Equity Grant Procedures

Neither the committee nor management has engaged the services of a compensation consultant. Although we have not formally benchmarked our compensation to the compensation paid by our peers and competitors, we have designed our executive compensation program based on our general understanding of the compensation paid in the marine construction industry. Mr. Chauvin, our chief executive officer, attends the committee's meetings, assists in the committee's evaluation of Company and executive officer performance (other than himself), and recommends the specific elements and amounts of compensation to be paid to the other executive officers. Mr. Chauvin is not present or otherwise involved when the committee reviews his performance and develops recommendations regarding his compensation.

Since 2000, the Board of Directors and the committee have scheduled meetings at the end of each fiscal year to review the performance of the Company and its executives, although the 2008 year-end meeting was re-scheduled to February 2009. This meeting is generally scheduled

Edgar Filing: GULF ISLAND FABRICATION INC - Form DEF 14A

approximately one year in advance, and is scheduled to fall within a window period in which directors and officers are permitted to trade following the release of the Company's earnings for the third quarter of the year. At this meeting, all compensation decisions and recommendations are made, including recommendations regarding base salaries of the executive officers and the adoption of a cash incentive program for the following fiscal year, and determining whether any equity awards will be made. To the extent equity awards are made in a given year, the grant is made by the committee at this meeting, and the exercise price of any options granted is determined by reference to the closing price of our Common Stock on the date of the meeting. The committee has not delegated authority to any officer to grant

equity awards, and, except as described below, has not typically granted equity awards to new hires or other employees at other times during the year. In June 2009, the committee made a special grant of restricted stock to our named executive officers, which is described below.

Components of Executive Compensation

The Company's executive officer compensation for 2009 included (i) salaries, (ii) annual cash incentive bonuses, and (iii) long-term incentive compensation in the form of restricted stock.

Salaries. Our philosophy is that base salaries, which provide fixed compensation, should meet the objective of attracting and retaining the executive officers needed to manage our business successfully. The actual salaries of the named executive officers are based on their individual levels of responsibility and the committee's general knowledge of the competitive compensation levels in the marine construction industry. Due to the weak global economy over the last few years, which has resulted in a decreasing backlog, and the company's desire to conserve cash, the committee has not increased base salaries of our named executive officers since January 1, 2008, with the exception of Mr. Meche. In 2009, Mr. Meche received a \$20,000 base salary increase in connection with his promotion to president of our Company.

Annual Cash Incentives. The Company does not have a formal bonus plan, but has adopted an annual incentive compensation program that ties a portion of executive compensation to the annual performance of the Company. Under this program, the Company's executive officers are paid bonuses equal to a specified percentage of the Company's consolidated income before taxes and before deduction of the executive bonuses based on each officer's level of responsibility. The committee believes consolidated income before taxes is an appropriate measure on which to base our annual bonus because the level of income before taxes generated is directly tied to management's efforts to grow our business. Messrs. Blanchard and Smith, as presidents of our two largest operating subsidiaries, may also receive a specified percentage of the income before taxes generated by their respective subsidiary. In December 2008, the committee set the participation percentage of four of our named executive officers in this program for 2009. The committee set Mr. Smith's participation percentage in March 2009 when he joined our Company, and provided that he would receive a pro rated portion of his award ($\frac{5}{6}$) to correspond to his time as an officer of our Company during 2009. The participation percentages for 2009 are as follows:

Named Executive Officer	% of Consolidated Income Before Taxes	% of Subsidiary Income Before Taxes
Mr. Chauvin	1.00%	
Mr. Meche	0.45%	
Mr. Seibert	0.25%	
Mr. Blanchard	0.08%	0.47% (Gulf Island, L.L.C)
Mr. Smith	0.08%	0.34% (Gulf Marine Fabricators)

These percentages were based on each officer's position with the Company, and the committee retains the right to reduce or eliminate these payments prior to payout. The Company's consolidated income before taxes for 2009 was \$32.2 million, and the resulting payouts under our annual incentive compensation program for each of our named executive officers for 2009 is reflected in the Summary Compensation Table on page 16.

Restricted Stock. The committee has utilized restricted stock as a long-term incentive vehicle for the past four years. The committee decided to grant shares of restricted stock after a general review of the compensation practices of its competitors and peers in the marine construction industry and after consideration of the accounting treatment of stock options following the Company's adoption of FASB Statement 123R. The restricted stock grants are intended to reinforce the relationship between compensation and increases in the market price of the Common Stock and to align the executive officers' financial interests with that of the Company's shareholders. The size of annual awards are based upon the

position of each participating officer, and have remained at consistent levels over the past few years. We do not target a particular grant value when making these awards.

During 2009, the committee granted shares of restricted stock to the named executive officers on three separate occasions. The committee did not award shares of restricted stock to its executive officers during 2008. As noted previously, the committee's December 2008 meeting was postponed until February 2009, at which time restricted stock was awarded as the long-term incentive component of compensation for 2008. In December 2009, the committee once again awarded annual grants of restricted stock for 2009. The amounts awarded to each named executive officer were consistent with the levels awarded for 2008. These annual awards of restricted stock vests in annual 20% increments, beginning on the first anniversary of the date of grant and dividends will be paid on the restricted stock to the same extent dividends are paid on unrestricted shares of our Common Stock.

In June 2009, the committee evaluated the continued poor economic and industry conditions, and the potential impact such conditions could have on the Company. The committee recognized that the Company does not have employment agreements with its executive officers, and affirmed its belief that such agreements were not desired. The committee did, however, recognize that steps could be taken to both protect certain executives in the context of a change of control transaction, and promote the retention of executives. To address the former, the committee entered into change of control agreements with certain executives (as discussed below), and to address the latter, the committee made a special grant of restricted stock to its executive officers. The shares granted to the named executive officers were at the same levels as used for the annual grants, except for Messrs. Chauvin and Meche, who each received a slightly larger amount. Unlike the annual grants, however, these shares will fully vest on the third anniversary of the grant date provided the officer remains employed on that date.

Perquisites. We also provide very limited perquisites and personal benefits to certain of our named executive officers, consisting of automobile related expenses and benefits. However, the aggregate value of these benefits for our named executive officers did not exceed \$10,000 per executive.

Post-Employment Compensation

We maintain a retirement plan qualified under Section 401(k) of the Internal Revenue Code that is available to all qualified employees. Our named executive officers participate in this retirement plan under the same terms as eligible employees. In addition, in June 2009, we entered into change of control agreements with certain of our named executive officers, namely, Messrs. Chauvin, Meche and Seibert. We did not elect to enter into such agreements with Messrs. Blanchard and Smith, as their respective roles as president of our two largest operating subsidiaries do not expose them to the same risks our other executive officers may face in a change of control context. We believe that severance protections, when provided in the context of a change of control transaction, can play a valuable role in attracting and retaining key executives. The occurrence, or potential occurrence, of a change of control transaction can create uncertainty regarding the continued employment of our executive officers, in particular those officers whose primary functions relate to management of the parent company. This uncertainty occurs because many change of control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our executive officers to remain employed with the company during a critical time when their prospects for continued employment following the transaction are often uncertain, we have elected to provide severance benefits if their employment is terminated by the company without cause or, in limited circumstances, by the executive for good reason in connection with a change of control. Because we believe that a termination by the executive for good reason may be conceptually the same as a termination by the company without cause, and because we believe that in the context of a change of control, potential acquirers would otherwise have an incentive to constructively terminate the executive's employment to avoid paying severance, we believe it is appropriate to provide severance benefits in these circumstances. We do not provide excise tax gross-up protections in change of control arrangements.

The benefits provided to Messrs. Chauvin, Meche and Seibert in connection with a termination following a change of control are described below under Potential Payments upon Termination or Change of Control. We do not believe that our executive officers should be entitled to receive cash severance benefits merely because a change of control transaction occurs. The payment of cash severance benefits is only triggered by an actual or constructive termination of employment following a change of control (*i.e.* a double trigger). Under their

respective incentive agreements, however, our executive officers would be entitled to accelerated vesting of their outstanding equity awards (restricted stock and, if applicable, stock options) automatically upon a change of control of the company, whether or not the officer's employment is terminated. This treatment of the equity awards in connection with a change of control applies to all award recipients.

Section 162(m)

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to certain highly compensated executive officers. Qualified performance-based compensation is excluded from this deduction limitation if certain requirements are met. The committee does not expect the base salary, annual cash incentive or the restricted stock granted to executive officers, as discussed above, to qualify for the exclusion from the deduction limitation under Section 162(m). The committee intends to continue to establish executive officer compensation programs that will maximize the Company's income tax deduction, assuming the committee determines that such actions are consistent with its philosophy and in the best interest of the Company and our shareholders.

Compensation Committee Report

The Compensation Committee of our Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

Submitted by the committee on February 26, 2010.

Option Exercises and Stock Vested

During Fiscal Year 2009

The following table sets forth certain information regarding the vesting of restricted stock during the fiscal year ended December 31, 2009 for each of the named executive officers. There were no stock option exercises during 2009.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)(1)
Kerry J. Chauvin	4,020	\$ 88,695
Kirk J. Meche	2,010	44,347
Robin A. Seibert	1,060	23,417
William G. Blanchard	900	19,958
Francis A. Smith, Jr.	0	0

(1) Value Realized determined by reference to the closing market price of the shares on the vesting date.

Potential Payments Upon Termination or Change-of-Control

Pursuant to the terms of our stock incentive plans and the agreements thereunder, in the event of a change of control of the Company, all outstanding stock options will become exercisable and the restrictions on all shares of restricted stock will lapse.

Change of Control Agreement Mr. Chauvin. In June 2009, we entered into a change of control agreement with Mr. Chauvin. The agreement entitles Mr. Chauvin to receive additional benefits in the event of the termination of his employment under certain circumstances following a change of control. The agreement provides that if, during the two-year period following a change of control, the company or its successor terminates Mr. Chauvin other than by reason of death, disability or cause, or the executive voluntarily terminates his employment for good reason, the executive will receive:

any accrued but unpaid salary and a pro-rata bonus for the year in which he was terminated;

a lump-sum cash payment equal to 2 times the sum of (a) Mr. Chauvin's base salary in effect at the time of termination and (b) the highest annual bonus awarded to Mr. Chauvin during the three fiscal years immediately preceding the termination date; and

continuation of insurance and welfare benefits until the earlier of (a) December 31 of the first calendar year following the calendar year of the termination or (b) the date Mr. Chauvin accepts new employment.

Change of Control Agreement Messrs. Meche and Seibert. In June 2009, we entered into change of control agreements with Messrs. Meche and Seibert. These agreements entitle each executive to receive additional benefits in the event of the termination of his employment under certain circumstances following a change of control. Each agreement provides that if, during the 18-month period following a change of control, the company or its successor terminates the executive other than by reason of death, disability or cause, or the executive voluntarily terminates his employment for good reason, the executive will receive:

any accrued but unpaid salary and a pro-rata bonus for the year in which he was terminated;

a lump-sum cash payment equal to 1.5 times the sum of (a) the executive's base salary in effect at the time of termination and (b) the highest annual bonus awarded to the executive during the three fiscal years immediately preceding the termination date; and

continuation of insurance and welfare benefits until the earlier of (a) December 31 of the first calendar year following the calendar year of the termination or (b) the date the executive accepts new employment.

All of the above described change of control agreements expire on December 31, 2010. The benefits provided under the agreements are in addition to the value of any shares of restricted stock, the vesting of which is accelerated pursuant to the terms of the restricted stock agreement, and any other incentive or similar plan adopted by us. If any part of the payments or benefits received by the executive in connection with a termination following a change of control constitutes an excess parachute payment under Section 4999 of the Internal Revenue Code, the executive will receive the greater of (1) the amount of such payments and benefits reduced so that none of the amount constitutes an excess parachute payment, net of income taxes, or (2) the amount of such payments and benefits, net of income taxes and net of excise taxes under Section 4999 of the Internal Revenue Code.

The following table quantifies the potential payments to our named executive officers under the contracts, arrangements or plans discussed above, for a change of control or termination of employment of each of our named executive officers, assuming a December 31, 2009 termination date, and where applicable, using the closing price of our common stock of \$21.03 (as reported on the National Association of Securities Dealers Automated Quotations as of December 31, 2009). The table does not include amounts that may be payable under our 401(k) plan.

Name	Lump Sum Severance Payment	Options (Unvested and Accelerated) (1)	Restricted Stock (Unvested and Accelerated) (2)	Health Benefits	Total
Kerry J. Chauvin					
Termination after Change of Control(3)	\$ 1,964,388		\$ 661,183	\$ 8,138	\$ 2,633,709
Kirk J. Meche					
Termination after Change of Control(3)	752,981		353,725	8,138	1,114,844
Robin A. Seibert					
Termination after Change of Control(3)	457,983		214,296	8,138	680,417
William G. Blanchard					
Termination after Change of Control	N/A		210,931	N/A	210,931
Francis A. Smith					
Termination after Change of Control	N/A		168,240	N/A	168,240

- (1) None of the named executive officers held any unexercisable options as of December 31, 2009.
- (2) The restricted stock will vest upon a change of control alone regardless of subsequent termination. The value of the restricted stock that would have vested for each named executive officer is based on the closing market price on December 31, 2009.
- (3) Pursuant to the terms of the executive's change of control agreement, the total payments may be subject to reduction if such payments result in the imposition of an excise tax under Section 280G of the Internal Revenue Code.

Certain Transactions

In accordance with the provisions of our Audit Committee Charter, any transaction which would require disclosure under Item 404(a) of Regulation S-K of the rules and regulations of the United States Securities and Exchange Commission, with respect to a director or executive officer, must be reviewed and approved, or ratified, annually by the Audit Committee of the Board. Any such related party transactions will only be approved or ratified if the Audit Committee determines that such transaction will not impair the involved person's service to, and exercise of judgment on behalf of, the Company, or otherwise create a conflict of interest that would be detrimental to the Company.

In connection with the initial public offering of its Common Stock, the Company entered into a registration rights agreement (the "Registration Rights Agreement") with Alden J. Laborde. If the Company proposes to register any Common Stock under the Securities Act in connection with a public offering, Mr. Laborde may require the Company to include all or a portion of the shares of Common Stock held by him. The Company has agreed under the Registration Rights Agreement to pay all the expenses of registration, other than underwriting discounts and commissions.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of the Company is composed of four directors and operates under a written charter adopted by the Board of Directors, which is posted on the Company's website at www.gulfisland.com. The current members of the Audit Committee are independent as such term is defined under Nasdaq's listing standards. The members of the Audit Committee are Gregory J. Cotter (Chairman), John P. Laborde, Michael A. Flick, and Ken C. Tamblyn.

Edgar Filing: GULF ISLAND FABRICATION INC - Form DEF 14A

We review the Company's financial reporting process on behalf of our Board. The audit committee's responsibility is to monitor this process, but the audit committee is not responsible for preparing the Company's financial statements or auditing those financial statements. Those are the responsibilities of management and the Company's independent auditor, respectively.

During 2009, management assessed the effectiveness of the Company's system of internal control over financial reporting in connection with the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002. The audit committee reviewed and discussed with management, PricewaterhouseCoopers and Ernst & Young management's report on internal control over financial reporting and Ernst & Young's report on their audit of the Company's internal control over financial reporting, both of which are included in the Company's annual report on Form 10-K for the year ended December 31, 2009.

Appointment of Independent Auditors; Financial Statement Review

In April 2009, in accordance with our charter, our committee appointed Ernst & Young LLP as the company's independent auditors for 2009. We have reviewed and discussed the company's audited financial statements for the year 2009 with management and Ernst & Young. Management represented to us that the audited financial statements fairly present, in all material respects, the financial condition, results of operations and cash flows of the company as of and for the periods presented in the financial statements in accordance with accounting principles generally accepted in the United States, and Ernst & Young provided an audit opinion to the same effect.

We have received from Ernst & Young the written disclosures and the letter required by Rule 3526 of the Public Company Accounting Oversight Board, *Communication with Audit Committees Concerning Independence* and we have discussed with them their independence from the company and management. We have also discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended and Public Company Accounting Oversight Board Auditing Standard No. 5, *An Audit of Internal Control Over Financial Reporting that is Integrated with an Audit of Financial Statements*.

In addition, we have discussed with Ernst & Young the overall scope and plans for their audit, and have met with them and management to discuss the results of their examination, their understanding and evaluation of the Company's internal controls as they considered necessary to support their opinion on the financial statements for the year 2009, and various factors affecting the overall quality of accounting principles applied in the Company's financial reporting. Ernst & Young also met with us without management being present to discuss these matters.

In reliance on these reviews and discussions, we recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements referred to above in the Company's annual report on Form 10-K for the year 2009.

Internal Audit

We also review the Company's internal audit function, and discuss with the internal auditors the scope of their audit plan, and have met with them to discuss the results of their reviews, their review of management's documentation, testing and evaluation of the company's system of internal control over financial reporting, any difficulties or disputes with management encountered during the course of their reviews and other matters relating to the internal audit process. The internal auditors also met with us without management being present to discuss these matters.

Fees and Related Disclosures for Accounting Services

The following table discloses fees for services provided by the Company's independent auditors, Ernst & Young LLP, for each of the last two fiscal years:

	<u>2009</u>	<u>2008</u>
Audit Fees	\$ 389,500	\$ 395,000
Audit-Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0

The Audit Committee has considered and determined that the provision of the above services is compatible with maintaining the independence of the independent auditors.

Pre-Approval Policies and Procedures. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. The Audit Committee will generally pre-approve a list of specific services and categories of services, including audit, audit-related and tax services, for the upcoming or current fiscal year, subject to a specified cost level. Any service that is not included in the approved list of services must be separately pre-approved by the Audit Committee in increments of \$10,000. In addition, if fees for any service exceed the amount that has been pre-approved, then payment of additional fees for such service must be specifically pre-approved by the Audit Committee.

At each regularly-scheduled Audit Committee meeting, management updates the Audit Committee on the scope and anticipated cost of any service pre-approved by the Audit Committee since the last meeting of the Audit Committee, as well as the projected fees for each service or group of services being provided by the independent auditors.

Since the May 6, 2003 effective date of the SEC rules stating that an auditor is not independent of an audit client if the services it provides to the client are not appropriately approved, each service provided by the independent auditors was approved in advance by the Audit Committee, and none of those services required use of the *de minimis* exception to the pre-approval requirement contained in the SEC's rules.

Selection and Ratification of the Independent Auditor

Ernst & Young LLP has served as the Company's independent registered public accounting firm providing auditing and financial services since their engagement in fiscal 1997. Our Board of Directors has ratified the decision of the Audit Committee to appoint Ernst & Young LLP to serve as the independent registered public accounting firm to audit our financial statements for the year ending December 31, 2010. Although we are not required to seek stockholder approval of this appointment, we have decided to do so. No determination has been made as to what action the

Edgar Filing: GULF ISLAND FABRICATION INC - Form DEF 14A

Audit Committee and the Board of Directors would take if our stockholders fail to ratify the appointment. Even if the appointment is ratified, the Audit Committee retains discretion to appoint a new independent registered public accounting firm at any time if the Audit Committee concludes such a change would be in the best interests of our Company. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to appropriate questions.
