This presentation contains certain forward-looking statements. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include the words believe, expect, anticipate, intend, plan, estimate or words of similar meaning. Forward-looking statements, by their nature, are subject

to risks and uncertainties.

A number of factors, many of which are beyond the Corporation's control could cause actual conditions, events or results to differ significantly from those described in the forward looking statements. Information regarding the factors and risks that can affect the Corporation's business financial condition and results of operation is contained in the Corporation's filings with the Securities and Exchange Commission, which are available at

<http://www.sec.gov>.

Forward-looking statements

speak only

as of the

date they are made. The Corporation does not undertake to update forward-looking statements.
