Item 2.02 Results of Operations and Financial Condition.

On August 3, 2010, Primerica, Inc. (the Company) announced its results of operations for the quarter ended June 30, 2010. A copy of the press release is attached hereto as Exhibit 99.1.

The information provided pursuant to this Item 2.02, including Exhibit 99.1 in Item 9.01, is furnished and shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities of such section, and shall not be incorporated by reference in any filing made by the Company under the Exchange Act or the Securities Act of 1933, as amended (the Securities Act), except to the extent expressly set forth by specific reference in any such filings.

Use of Non-GAAP Financial Measures

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles (GAAP), the Company presents certain non-GAAP financial measures. Specifically, the Company presents operating revenues, operating income before income taxes, net operating income and adjusted stockholders' equity. Operating revenues, operating income before income taxes and net operating income exclude realized investment gains and losses for all periods presented. For the three and six months ended June 30, 2010, operating income before income taxes and net operating income also exclude the equity award expense incurred in connection with the Company's initial public offering. Adjusted stockholders' equity excludes the impact of net unrealized gains and losses on invested assets for all periods presented. Periods prior to April 1, 2010 also give effect to the reinsurance and reorganization transactions as if they had occurred at the beginning of the period presented for the statement of income and at the end of the period for the balance sheet.

We exclude these items because they are considered unusual and not indicative of ongoing operations. Our definitions of these non-GAAP financial measures may differ from the definitions of similar measures used by other companies. Management uses these non-GAAP financial measures in making financial, operating and planning decisions and in evaluating the Company's performance. Furthermore, management believes that these non-GAAP financial measures may provide users with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. These measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of the Company's results as reported under GAAP.

A reconciliation of non-GAAP to GAAP financial measures is included as an attachment to the press release and has been posted online in the Investor Relations section of our website at <http://investors.primerica.com>.

Item 7.01 Regulation FD Disclosure.

On August 3, 2010, the Company posted to the Investor Relations section of its website certain supplemental financial information relating to the quarter ended June 30, 2010. A copy of the supplemental financial information is attached hereto as Exhibit 99.2.

The information provided pursuant to this Item 7.01, including Exhibit 99.2 in Item 9.01, is furnished and shall not be deemed to be filed for purposes of Section 18 of the Exchange Act, or otherwise subject to the liabilities of such section, and shall not be incorporated by reference in any filing made by the Company under the Exchange Act or the Securities Act, except to the extent expressly set forth by specific reference in any such filings.
