**PROXY STATEMENT**

On Wednesday, April 20, 2011, First Commonwealth Financial Corporation will hold its 2011 Annual Meeting of Shareholders at First Commonwealth Place, 654 Philadelphia Street, Indiana, Pennsylvania. The meeting will begin at 3:00 p.m.

This Proxy Statement contains information and a proxy card relating to the Annual Meeting and was prepared under the direction of our Board of Directors to solicit your proxy for use at the Annual Meeting (or any postponement or adjournment of the meeting scheduled in accordance with Pennsylvania law). This Proxy Statement is being mailed to our shareholders on or about March 16, 2011.

**INFORMATION ABOUT THE ANNUAL MEETING**

***What am I voting on?***

At the meeting, you will be asked to consider the following items of business:

election to our Board of Directors of the 11 nominees who are named in this Proxy Statement for one-year terms;

ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our 2011 fiscal year;

approval of a non-binding advisory vote on the compensation of our named executive officers;

approval of a non-binding advisory vote on the frequency of non-binding advisory votes on the compensation of our named executive officers;

a shareholder proposal, if properly presented at the meeting, requesting a report on pay disparity; and

any other business that may be properly presented at the meeting.

***How does the Board of Directors recommend I vote on the proposals?***

The Board of Directors recommends that you vote as follows:

FOR the election of the 11 nominees who are named in this Proxy Statement to the Board of Directors;

FOR the ratification of the selection of KPMG LLP as our independent registered public accounting firm;

Edgar Filing: FIRST COMMONWEALTH FINANCIAL CORP /PA/ - Form DEF 14A

FOR the advisory vote on named executive officer compensation;

ONE YEAR for the proposal regarding an advisory vote on the frequency of non-binding advisory votes on named executive officer compensation; and

AGAINST the shareholder proposal requesting a report on pay disparity.

***Who can vote at the Annual Meeting?***

Shareholders of record on the record date, which is Friday, February 25, 2011, may vote at the Annual Meeting. As of the record date, there were 104,846,194 shares of our common stock outstanding.

## **Table of Contents**

### ***How many votes are needed to hold the Annual Meeting?***

The presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the common stock outstanding on the record date will constitute a quorum, permitting us to hold the meeting and conduct business. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum.

### ***What is a broker non-vote?***

Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters (such as ratification of independent registered public accounting firm), but not on non-routine matters (such as election of Directors and the other proposals listed on the proxy card). A broker non-vote occurs when a broker has not received voting instructions from the customer and the broker cannot vote the shares because the matter is not considered a routine matter under NYSE rules.

### ***What is the difference between a shareholder of record and a street name holder?***

The terms describe how your shares are held. If your shares are registered directly in your name with BNY Mellon Shareowner Services, our transfer agent, you are a shareholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a street name holder.

### ***What do I have to do to vote?***

You may vote by granting a proxy, or for shares held in street name, by submitting voting instructions to your broker or other nominee. If your shares are held by a broker or other nominee, you will receive instructions that you must follow to have your shares voted. See below for more information on voting your shares if held in the name of your broker.

If you hold your shares as the shareholder of record, you may vote by signing and dating each proxy card you receive and returning it in the enclosed postage paid envelope. You may also submit your proxy over the Internet or by telephone by following the instructions provided on the proxy card.

If you mark the proxy card to show how you wish to vote, your shares will be voted as you direct. If you return a signed proxy card but do not mark the proxy card to show how you wish to vote, your shares will be voted in accordance with the recommendations of the Board of Directors as described above.

If you are the record holder of the shares, you may change or revoke your vote at any time before it is counted at the Annual Meeting by: (i) notifying our Secretary at the address shown above; (ii) attending the Annual Meeting and voting in person; or (iii) submitting a later dated proxy card.

In addition, if other matters are properly presented for voting at the Annual Meeting, the proxy holders are also authorized to vote on such matters as they determine in their sole discretion. As of the date of this Proxy Statement, we have not received notice of any other matters that may be properly presented for voting at the Annual Meeting.

### ***What do I have to do to vote my shares if they are held in the name of my broker?***

If your shares are held by your broker, you must vote your shares through your broker. You should receive a form from your broker asking how you want to vote your shares. Follow the instructions on that form to give voting instructions to your broker.

## **Table of Contents**

If you do not give instructions to your broker, (i) with respect to the ratification of KPMG as our independent registered public accounting firm your broker will vote your shares at its discretion on your behalf, but (ii) with respect to each other proposal, a broker non-vote will occur. The broker non-vote will not be counted and no votes will be cast on your behalf. The voting instruction form will provide instructions for you to return it, including instructions for voting by telephone and the Internet. You may change your vote by submitting new voting instructions to your broker, bank or nominee.

If you plan to attend the Annual Meeting and your shares are held in the name of a broker or other nominees, you must bring with you a letter from the broker or nominee confirming your ownership as of the record date. Failure to bring such a letter may prevent you from attending the meeting.

If you wish to vote your shares at the meeting, you must obtain a legal proxy from your broker or other nominee and present it to the inspectors of elections with your ballot when you vote at the meeting.

### ***How many votes may I cast?***

For the election of Directors, you are entitled to cast one vote for each share that you held as of the record date for each candidate nominated. Cumulative voting is not permitted.

For each other proposal and any other matter brought before the meeting, you are entitled to one vote for each share that you held as of the record date.

### ***How is each proposal approved or disapproved?***

**Election of Directors:** You may vote either FOR each Director nominee or withhold your vote from any one or more of the nominees. Directors are elected by a plurality of votes cast. The eleven nominees who receive the most votes will be elected.

**Ratification of Independent Registered Public Accounting Firm:** You may vote FOR, AGAINST or ABSTAIN from voting on the proposal to ratify the selection of KPMG as our independent registered public accounting firm for the 2011 fiscal year. If you abstain from voting, it will have the same effect as a vote against this proposal. Shareholder ratification of the selection of KPMG as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board is submitting the selection of KPMG to the shareholders for ratification as a matter of good corporate practice. The affirmative vote of a majority of the votes cast at the meeting, at which a quorum is present, either in person or by proxy, is requested to approve this proposal.

**Approval of Named Executive Officer Compensation:** You may vote FOR, AGAINST or ABSTAIN from voting on the non-binding advisory vote to approve the compensation of our named executive officers. If you abstain from voting, it will have the same effect as a vote against this proposal. The affirmative vote of a majority of the votes cast at the meeting, at which a quorum is present, either in person or by proxy, is required to approve this proposal.

**Determination of the Frequency of Advisory Votes on Named Executive Officer Compensation:** You may cast a non-binding advisory vote that future advisory votes on named executive officer compensation occur every ONE YEAR, TWO YEARS or THREE YEARS, or you may ABSTAIN from voting on this proposal. This proposal will be decided by a plurality vote, which means that the alternative that receives the highest percentage of votes cast will indicate the frequency preferred by our shareholders. If you abstain from voting, it will have no effect on the outcome of this proposal.

**Shareholder Proposal:** Approval of the shareholder proposal requires the votes cast in favor of such proposal to exceed the votes cast against such proposal. Abstentions from voting, as well as broker non-votes, if any, are not treated as votes cast and, therefore, will have no effect on such proposal.

**Table of Contents**

***What does it mean if I get more than one proxy card?***

If your shares are registered differently and are in more than one account, you will receive more than one card. Please follow the directions for voting on each of the proxy cards you receive to ensure that all of your shares are voted.

***What if I participate in First Commonwealth's Employee Stock Ownership Plan?***

Shares held in the First Commonwealth Employee Stock Ownership Plan, or ESOP, are held of record by the Trust Division of First Commonwealth Bank as the administrator of the ESOP and are voted by the ESOP's trustee. If you are a participant in the ESOP, you have the right to direct the trustee how to vote the shares that have been allocated to your ESOP account. You will receive a proxy card from our transfer agent with instructions on how to vote your ESOP shares, and the ESOP trustee will vote your ESOP shares as you direct on the proxy card. If you do not submit voting directions, the trustee has discretion to vote your ESOP shares on any matter except the election of Directors.

***Who may solicit proxies on First Commonwealth's behalf?***

Our Directors, officers and employees may solicit proxies from our shareholders. These persons will not receive any additional compensation for their efforts to solicit proxies. We will request that the notice of Annual Meeting, this Proxy Statement, the proxy card and related materials, if any, be forwarded to beneficial owners, and we expect to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling these materials.

## **CORPORATE GOVERNANCE**

First Commonwealth strives to maintain strong corporate governance practices, with a Board that is independent in the exercise of its business judgment, fully informed about our business, financial condition, risk exposures and operations and actively involved in its oversight role. This section discusses First Commonwealth's significant corporate governance policies and practices.

### **Governance Guidelines**

The Board has adopted Governance Guidelines that describe the Board's stance on key governance issues. These Guidelines address, among other matters, the qualifications for service as a Director and responsibilities of Directors, Director independence, responsibilities of Board committees, retirement age for Directors, Director access to management and outside advisors, Director share ownership requirements, continuing education for members of the Board of Directors and internal performance evaluations. The Board reviews the Governance Guidelines at least annually and updates the Guidelines from time to time to reflect changes in governance practices.

### **Board Leadership Structure**

Our Governance Guidelines provide that the positions of Chairman of the Board and Chief Executive Officer should be held by separate persons and that the Chairman of the Board must be an independent Director. The Board believes that this separation establishes an appropriate division of the Board's oversight role from the management responsibilities of the officers and employees of the company. Consistent with this requirement, our current Chairman, David S. Dahlmann, is a non-executive independent Director.

### **Oversight of Risk**

The Board of Directors actively oversees the risk management practices employed by First Commonwealth and its management team. The Board receives a report from our Chief Risk Officer regarding material risk exposures and the actions taken to monitor and mitigate those risks. In addition, senior management updates the Board at its regular meetings regarding trends and developments for credit, market, liquidity, compliance, reputation, operating and strategic risk. Our Risk Committee also provides risk oversight for the Board as a dedicated forum to review and discuss risks and risk management policies and practices. Refer to page 11 for a description of the Risk Committee and its members.

### **Director Independence**

The rules of the New York Stock Exchange ( NYSE ) require that at least a majority of our Board of Directors be comprised of independent Directors. In March 2011, we amended our Governance Guidelines to provide that all Directors other than the Chief Executive Officer must meet the independence standards established by the NYSE. We believe this change is consistent with best practices in corporate governance and the trend among large public companies toward greater Director independence.

## **Table of Contents**

The Board reviews all relationships between the company and its Directors at least once per year and assesses each Director's independence annually using the independence standards established by the NYSE. The Board has determined that a Director may be independent even if he or she has business relationships with First Commonwealth or one of its affiliates, as long as, in the Board's business judgment:

any transaction involving the Director is entered into in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with other persons;

the relationship complies with all applicable laws and regulations; and

the relationship would not interfere with the Director's exercise of judgment independent from management of First Commonwealth. Based upon these criteria, the Board has affirmatively determined that Directors Caponi, Charley, Dahlmann, Glass, Greenfield, Newill, Singer and Ventura and Director nominees Luke A. Latimer and Gary R. Claus are independent. In making this determination, the Board considered the lease transaction between First Commonwealth Bank and SML Limited Partnership described below under the heading "Related Party Transactions," and concluded that the transaction did not impact the independence of Director Nominee Latimer, because the amount paid to SML Limited Partnership during 2010 fell below the quantitative limits established by the NYSE rules and was not otherwise material to Director Nominee Latimer or First Commonwealth. The Board also considered the engagement of the law firm Reed Smith LLP to provide legal services to the company. The spouse of Director Laurie Singer is a partner of Reed Smith, but the Board concluded this engagement did not impact the independence of Director Singer, because the fees paid to Reed Smith in 2010 were not material to First Commonwealth, Reed Smith or Director Singer's spouse.

Directors Cuccaro, Dolan and Tomb are employed by First Commonwealth and therefore do not qualify as independent Directors. As a result of the change to our Governance Guidelines described above, Directors Cuccaro and Tomb have not been nominated to stand for reelection at the 2011 Annual Meeting of Shareholders.

## **Share Ownership Requirement**

The Compensation and Human Resources Committee, which is responsible for approving Director compensation, has established Director stock ownership guidelines whereby all Directors must own stock having a value equal to five times the annual retainer for non-management Directors or 25,000 shares. Subject to certain exceptions as described under "Compensation of Directors," Directors receive 75% of their annual retainer in shares of company stock.

## **Code of Conduct and Ethics**

The Code of Conduct and Ethics governs the actions and working relationships of First Commonwealth employees, officers and Directors. This Code addresses, among other items, conflicts of interest, confidentiality, fair dealing, protection and proper use of corporate assets and compliance with laws, rules and regulations. The Code of Conduct and Ethics encourages and provides a process for the reporting of any illegal or unethical behavior. First Commonwealth has established an ethics hotline to allow employees, officers and Directors to anonymously report any known or suspected violation of laws, rules or regulations or the Codes of Conduct and Ethics.

## **Criteria for Director Nominees**

In considering possible candidates for nomination as a Director, the Governance Committee is guided by the following criteria. Candidates should:

possess a sustained record of high achievement in financial services, business, industry, government, academia, the professions, or civic, charitable or non-profit organizations;

## **Table of Contents**

have a reputation for integrity, honesty and adherence to high ethical standards and personal qualities that will help to sustain an atmosphere of mutual respect and collegiality among the members of the Board;

have the strength of character necessary to challenge management's recommendations and actions when appropriate and to confirm the adequacy and completeness of management's responses to such challenges to his or her satisfaction;

understand or demonstrate a commitment to understand First Commonwealth, including our strategic vision, our mix of businesses and our approach to regulatory relations and risk management;

have a commitment and sufficient time to devote to our affairs, including regularly attending and participating in meetings of the Board and, in the case of non-management Directors, at least one standing committee; and

not have, nor appear to have, a conflict of interest that would impair his or her ability to represent the interests of our shareholders and to fulfill the responsibilities of a Director.

In addition, our Governance Guidelines prohibit a person from being nominated for election as a Director if he or she would be age 70 or older at the time of the election unless the person was first elected as a Director on or before December 31, 2001 and has continuously served as a Director since that date.

The Governance Committee has not adopted any specific, minimum qualifications for Director candidates. Each year, the Governance Committee assesses our current Directors for possible nomination and re-election. In doing so, it considers all of the factors listed above. The Governance Committee considers the needs of the Board, the independence of Directors from First Commonwealth, a Director's meeting attendance and participation, and the value of a Director's contributions to the effectiveness of our Board and its committees.

The Governance Committee does not have a policy with regard to the consideration of diversity in identifying Director nominees. However, our Governance Guidelines provide that the number and composition of the Board should allow for a diversity of perspectives and backgrounds. The Governance Committee may consider the diversity of the professional experience, education, geographic location, relevant technical skills and the extent to which the nominee would fill a present need on our Board when identifying Director nominees.

### **Committees of the Board of Directors**

The Board of Directors currently has five standing committees: Audit, Compensation and Human Resources, Credit, Governance and Risk. Each Committee is chaired by an independent Director. Each Committee is comprised entirely of independent Directors, with the exception of the Credit Committee, which provides oversight of the lending operations and the loan portfolio of First Commonwealth Bank and includes representatives from the Board of Directors of the Bank.

**Table of Contents**

Information concerning the composition and duties and responsibilities of the Audit, Compensation and Human Resources, Governance and Risk Committees is set forth below.

One member of the Compensation and Human Resources Committee, Johnston A. Glass, is a former officer of First Commonwealth. Mr. Glass served as Vice Chairman of First Commonwealth Financial Corporation and as President and Chief Executive Officer of First Commonwealth Bank until his retirement in 2005. None of First Commonwealth's executive officers served as a Director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officers of which served as a Director or member of the Compensation and Human Resources Committee during 2010.

**Meetings of Non-Management Directors**

First Commonwealth's non-management Directors meet at regularly scheduled executive sessions without any management Directors in attendance. Our Chairman, David S. Dahlmann, has been designated as the Lead Director and presides over the executive sessions.

**Annual Meeting Attendance**

The Annual Meeting provides a valuable opportunity for shareholders to meet and interact with our Directors. All Directors are expected to attend the Annual Meeting in the absence of an unavoidable conflict. Last year eleven of our Directors attended the Annual Meeting.

**Where to Find Governance Documents**

You can find copies of the charters for our Audit Committee, Compensation and Human Resources Committee, Governance Committee and Risk Committee, as well as our Governance Guidelines, Code of Conduct and Ethics and other important information, by visiting our website at [www.fcbanking.com](http://www.fcbanking.com) and following the links to Investor Relations and Corporate Governance.

**COMPENSATION OF DIRECTORS**

In 2010, each of our non-employee Directors was compensated according to the following schedule:

Retainer	Board Member	\$18,000 per year
Retainer	Audit Committee Chair	7,500 per year
Retainer	Other Committee Chairs	5,000 per year
Board Meeting Fee		2,000 per meeting
Committee Meeting Fee	Committee Member	1,000 per meeting
Committee Meeting Fee	Committee Chair	2,000 per meeting

Directors who are also employees of First Commonwealth or any of its subsidiaries do not receive additional compensation for service on our Board of Directors or meeting attendance. In addition to the fees described above, Mr. Dahlmann received an annual retainer fee of \$200,000 during 2010 for his service as the non-executive Chairman of First Commonwealth Financial Corporation and First Commonwealth Bank. To support the company's efforts to control expenses, Mr. Dahlmann voluntarily waived his retainer fee for chairing the Risk Committee during 2010.

The Compensation and Human Resources Committee reviews and approves Director compensation annually. Based on this review, the Committee approved the following changes to the Director compensation program beginning in 2011:

The fee per meeting of the Board of Directors was reduced from \$2,000 to \$1,000; and

The annual retainer fee for service on the Board of Directors was increased from \$18,000 to \$24,000, of which \$6,000 is paid in cash and \$18,000 is paid in shares of common stock based on the closing price of the company's stock on the date of the Annual Meeting of Shareholders. However, Directors who own 100,000 or more shares of our stock may opt to receive their entire retainer in cash, in which case the retainer is paid in four quarterly installments of \$6,000. Directors Charley, Latimer and Newill have elected to receive cash in lieu of shares of stock.

These changes are intended to promote greater share ownership by Directors and further align the interests of Directors and shareholders.

**PROPOSAL 2 RATIFICATION INDEPENDENT ACCOUNTING FIRM**

At the Annual Meeting, a vote will be taken on a proposal to ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. KPMG LLP has audited our financial statements since 2006.

The Audit Committee of the Board has appointed KPMG LLP as the independent auditors of First Commonwealth and our subsidiaries for the year ending December 31, 2011. Representatives of KPMG LLP are expected to be present at the Annual Meeting to make a statement if they so desire and to respond to appropriate questions.

The affirmative vote of the holders of a majority of First Commonwealth's common stock present in person or represented by proxy at the Annual Meeting is necessary for ratification of the selection of KPMG LLP as our independent registered public accounting firm.

**ANNUAL AUDIT INFORMATION**

**Report of the Audit Committee**

The Audit Committee of First Commonwealth's Board of Directors operates under a written charter that specifies the Audit Committee's duties and responsibilities. This charter is available on First Commonwealth's website at [www.fcbanking.com](http://www.fcbanking.com) by following the links to Investor Relations and Corporate Governance.

Management is responsible for the financial reporting process, the system of internal controls, including internal control over financial reporting, and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. KPMG LLP, First Commonwealth's independent registered public accounting firm (independent auditors), is responsible for the integrated audit of the consolidated financial statements and internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes and procedures. The Audit Committee relies, without independent verification, on the information provided to the Audit Committee and on the representations made by management regarding the effectiveness of internal control over financial reporting, that the financial statements have been prepared with integrity and objectivity and that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. The Audit Committee also relies on the opinions of the independent auditors on the consolidated financial statements and the effectiveness of internal control over financial reporting.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements of First Commonwealth as of and for the year ended December 31, 2010 with First Commonwealth's management and the independent auditors. The Committee has also discussed with First Commonwealth's independent auditors the firm's independence from the company and management, and has received the written disclosures and the communication from the independent auditor required by applicable requirements of the Public Company Accounting Oversight Board (PCAOB) regarding the independent auditor's communications with the Committee concerning independence. In addition, the Committee has discussed with the independent auditor the required communications with audit committees pursuant to PCAOB standards.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in First Commonwealth's annual report on Form 10-K for the fiscal year ended December 31, 2010 for filing with the Securities and Exchange Commission.

	For the Fiscal Year Ended December 31, 2010 (\$)	For the Fiscal Year Ended December 31, 2009 (\$)
Audit Fees	1,232,270(1)	1,065,800
Audit Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0

(1) The amount of Audit Fees for 2010 represents actual fees billed and does not include additional fees related to the integrated audit of First Commonwealth's 2010 consolidated financial statements that may be billed after the date of this Proxy Statement.

**Audit Committee Pre-Approval Policies and Procedures**

The Audit Committee is required to pre-approve the audit and non-audit services performed by First Commonwealth's independent registered public accounting firm ( independent auditors ) in order to assure that the provision of those services does not impair the accounting firm's independence. Accordingly, the Audit Committee has adopted a policy for the pre-approval of audit and non-audit services by First Commonwealth's independent auditors. This policy allows the Audit Committee to pre-approve services through general pre-approval or specific pre-approval.

Under general pre-approval, the Audit Committee approves in advance the payment of up to a specified amount of fees for the performance of specified types of audit, audit-related, tax and other services by the independent auditors. The term of general pre-approval is generally twelve (12) months from the date of pre-approval. Any services that are not subject to general pre-approval or fees in excess of pre-approved limits must be specifically pre-approved by the Audit Committee on a case-by-case basis. Pre-approved fee levels or budgeted amounts for all services to be provided by the independent auditors are established annually by the Audit Committee.

The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditors to management. However, the pre-approval policy allows the Audit Committee to delegate to one or more designated members of the Audit Committee the authority to grant required pre-approvals. The decision of any member to whom authority is delegated to pre-approve an activity is presented to the full Audit Committee at its next scheduled meeting.

**PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION**

First Commonwealth is providing shareholders with the opportunity at the 2011 Annual Meeting of Shareholders to vote on an advisory resolution, commonly known as Say-on-Pay, considering approval of the compensation of First Commonwealth's named executive officers. Such compensation is described on pages 23 through 38 of this Proxy Statement.

The Compensation and Human Resources Committee, which is responsible for the compensation of our executive officers, has overseen the development of a compensation program designed to attract, retain and motivate executives who enable us to achieve our strategic and financial goals. The Compensation Discussion and Analysis section of this Proxy Statement and the tabular disclosures regarding named executive officer compensation, together with the accompanying narrative disclosure, allow shareholders to view the trends in compensation and application of our compensation philosophies and practices for the years presented.

Shareholders are being asked to vote on the following advisory resolution:

RESOLVED, that the shareholders approve the compensation of First Commonwealth Financial Corporation's named executive officers as described in the Compensation Discussion and Analysis section and in the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this Proxy Statement.

## **Table of Contents**

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation and Human Resources Committee and the Board will take the outcome of the vote into account when considering future executive compensation arrangements.

**The Board of Directors recommends that you vote FOR the advisory resolution on executive compensation.**

### **PROPOSAL 4 FREQUENCY OF VOTE ON EXECUTIVE COMPENSATION**

First Commonwealth is providing shareholders with the opportunity to advise the Board as to whether First Commonwealth should conduct an advisory vote on the compensation of its named executive officers every one, two or three years. Shareholders are being asked to vote on the following advisory resolution:

RESOLVED, that the shareholders elect to hold an advisory vote on the compensation of First Commonwealth's named executive officers every one, two or three years, as determined by the alternative that receives the highest number of shareholder votes.

Because your vote is advisory, it will not be binding upon the Board. However, the Board of Directors and Compensation and Human Resources Committee will take into account the outcome of the vote when determining which frequency it will adopt.

You may vote to have the advisory vote held every ONE YEAR, TWO YEARS or THREE YEARS, or you may ABSTAIN. If a broker or other nominee holds your shares in its name on your behalf, the broker or nominee is not permitted to vote your shares on this proposal in the absence of voting instructions from you. Abstentions and broker non-votes will not affect the outcome of voting on this proposal. The alternative receiving the highest number of votes will indicate the frequency preferred by our shareholders.

**The Board of Directors unanimously recommends that you vote to hold the advisory vote on named executive officer compensation every ONE YEAR.**

### **PROPOSAL 5 SHAREHOLDER PROPOSAL**

4. An explanation of whether the level of pay of our lowest compensated employees should result in an adjustment of named executives pay to more reasonable and justifiable levels.

### **Statement by the Board of Directors in Opposition to the Proposal:**

The Board believes that this proposal is not in the best interest of shareholders and opposes this proposal for the reasons discussed below.

**The work requested in the proposal has been substantially done.** The Compensation Discussion and Analysis section of this Proxy Statement already provides a detailed discussion of First Commonwealth's executive compensation program. Producing a report as called for under this proposal in addition to the disclosure included in the Proxy Statement would consume time, money, and resources for First Commonwealth, particularly at a time when we need to find ways to minimize expenses, just like many other businesses, families, shareholders, and customers.

### **Comparing executive compensation with non-executive compensation does not provide any useful insight into a compensation program.**

The goal of our overall compensation program is to compensate each individual, executive or non-executive, at a level that recognizes the individual's experience, performance, and level of responsibility, and motivates each individual to stay and achieve superior performance. That calls for evaluating individuals in jobs that are comparable in terms of skills, experience, and responsibility required, not just comparing a corporation's highest paid and lowest paid employees to see what the differences are, as called for in the proposal. First Commonwealth strives to offer compensation packages for employees that are competitive with those for comparable positions at other companies with which we compete for employee talent. Assessing a compensation program on the basis of a goal of achieving greater equity may not necessarily be in the overall best interests of First Commonwealth's employees, customers, or shareholders if it provides fewer incentives or fewer rewards for superior performance.

**The Compensation and Human Resources Committee has implemented an effective executive compensation program.** Executive compensation practices are influenced by a wide range of factors, including changes in strategic business goals, changing economic and industry conditions, accounting requirements and tax laws, evolving governance trends, and the compensation practices of companies with which we compete for talent. Accordingly, it is important that the Compensation and Human Resources Committee retain the flexibility to select appropriate incentives for our executive compensation program to continue to attract and retain highly talented executives and motivate them to achieve superior performance. As currently constituted, the Compensation and Human Resources Committee can achieve this goal because it:

Utilizes an independent executive compensation consultant to assess our executive pay levels, practices, overall program design, and financial performance as compared to peer group companies.

Is composed exclusively of independent Directors who have a diverse mix of leadership experience in financial services and other industries. Through the collective experience of its members, the committee has an in-depth understanding of executive compensation and its impact on business performance.

Applies its expertise and employs the independent consultant's assessment to carefully design and implement an executive compensation program to attract, motivate, and retain highly talented executives who drive the corporation's success. Moreover, our Board has included in this Proxy Statement a non-binding advisory vote on executive compensation. This vote lets First Commonwealth shareholders express their views directly about our executive compensation programs and compensation disclosure. The Compensation and Human Resources Committee will take into account the outcome of this non-binding advisory vote when considering future executive compensation arrangements.

**For the foregoing reasons, the Board of Directors unanimously recommends that you vote AGAINST this proposal.**

### **EXECUTIVE COMPENSATION**

#### **Compensation Discussion and Analysis**

In this section we discuss the objectives and elements of our executive compensation program. This discussion focuses on compensation decisions in 2010 affecting our chief executive officer ( CEO ), our chief financial officer ( CFO ) and the three other executive officers who received the highest compensation during 2010. We refer to these individuals as the named executive officers.

#### **Executive Summary**

The Compensation and Human Resources Committee ( Committee ) believes that the success of the company in achieving its strategic objectives will depend in large part on the ability to attract and retain exceptional talent, to effectively assess the talent currently available to the organization, and to align the interests of all executives with investor success. The Committee has established an approach to talent that it believes will help achieve this mission and reduce the risk surrounding executive performance.

To attract and retain critical talent for 2011, the Committee is providing compensation opportunities to executive officers that, in aggregate, reflect the median practices of eleven similar Pennsylvania banking peers and reflect the range of competitive practice (i.e., 35th percentile to the 65th percentile) of a larger nationwide group of community banks with \$4 billion to \$10 billion in assets. Individual pay levels are expected to vary from median levels consistent with capabilities and performance.

To earn competitive total pay levels, executive officers will be required to meet financial and operating objectives derived from internal business plan objectives as well as outperform their Pennsylvania peers.

To ensure the best talent is available to the organization, the Committee has established a process for reviewing the leadership skills and professional competence of executive officers as part of an overall review and assessment of individual performance. Executives are held individually accountable for providing leadership to the organization and achievement of individual internal financial and non-financial objectives. Results of this assessment serve as input to Committee deliberations over salary increases and incentive adjustments and as input to related management selection and employment discussions.

To provide a level of alignment of interests with those of investors, and to emphasize a long-term view toward risk, the Committee established a policy whereby 100% of long-term incentives and any portion of annual incentives in excess of target levels are paid in shares of company stock with time-based restrictions. For the annual plan this equates to a three year period from the beginning of the performance period until actual vesting of the shares. For the long-term plan this equates to a total of four years from the beginning of the performance period through the vesting date.

Lastly, all executives are obligated to meet new stock ownership guidelines and, once ownership guidelines are achieved, the executives remain restricted in their ability to liquidate shares acquired through company awards.

The Committee believes this approach to talent and pay provides the necessary and appropriate support to achieve investor success.

#### **Operation and Role of the Compensation Committee**

The Compensation and Human Resources Committee of the Board is comprised of four Directors: Robert Ventura (Chairman), Julie Caponi, Ray Charley and Johnston Glass. Each member of the Committee is an independent director for purposes of the New York Stock Exchange listing standards. The Committee operates under a written charter that is reviewed and approved annually by the Board. A copy of this charter is available under the Investor Relations and Corporate Governance links on our website, [www.fcbanking.com](http://www.fcbanking.com).

## **Table of Contents**

The basic responsibilities of the Committee are to:

oversee First Commonwealth's overall compensation structure, policies and programs, and assess whether that structure establishes incentives for management and employees that appropriately balance risk and financial results;

determine the CEO's salary, bonus and other incentive and equity compensation and review and approve the individual and corporate goals assigned to the CEO and evaluate the performance of the CEO in light of those goals;

determine the salary, bonus and other incentive and equity compensation of the other executive officers and review and approve the individual and corporate goals assigned to the executive officers and the CEO's evaluation of the performance of the executive officers in light of those goals;

oversee our talent management process, including the progress of development activities for our executive officers; and

oversee the development, implementation and administration of incentive compensation and equity-based plans and approve awards under equity-based plans.

The Committee relies upon such performance data, statistical information and other data regarding executive compensation programs, including information provided by First Commonwealth's Human Resources Department, officers and outside advisors, as it deems appropriate. The Committee has access to individual members of management and employees and may invite them to attend any Committee meeting. The Committee has the power and discretion to retain, at First Commonwealth's expense, such independent counsel and other advisors and experts as it deems necessary or appropriate to carry out its duties.

In 2010, the Committee retained Board Advisory LLC as its compensation consultant to provide advice and resources to help refine and execute our overall compensation strategy. Board Advisory LLC reports directly to the Committee, and the Committee has the sole power to terminate or replace and authorize payment of fees to Board Advisory LLC at any time. The Committee directed Board Advisory LLC to work with members of our management to obtain information necessary for it to form its recommendations and evaluate management's recommendations. Board Advisory LLC also met with the Committee during the Committee's regular meetings, in executive session (where no members of management are present), and with the Committee Chair and other members of the Committee outside of the regular meetings.

As part of its engagement in 2010, Board Advisory LLC was asked to evaluate our peer group for performance and compensation comparisons, make recommendations regarding the composition of the peer group used in setting compensation guidelines, review and provide advice concerning the design of executive incentive compensation plans and employment and change in control agreements, assess compensation for the Board of Directors and executive officers and develop stock ownership and retention guidelines for Directors and executive officers.

### **Role of Executives in Establishing Compensation**

The CEO plays a significant role in the design and implementation of our compensation program for all executive officers other than himself. His role includes:

making recommendations on performance targets, goals and objectives for our incentive plans;

evaluating executive officer performance;

Edgar Filing: FIRST COMMONWEALTH FINANCIAL CORP /PA/ - Form DEF 14A

making recommendations regarding corporate titles, base salaries, annual and long-term incentive award opportunities and other employment terms for executive officers; and

providing background information for Committee meeting agenda items.

---

## **Table of Contents**

The CEO generally attends Committee meetings, but he is not present during executive sessions of the Committee at which his performance and compensation are discussed. Thaddeus J. Clements, Executive Vice President / Strategic Resources, serves as the executive liaison to the Committee and regularly attends Committee meetings to provide reports and information on agenda topics.

### **Peer Comparisons**

The Committee reviews a peer compensation assessment annually to benchmark executive pay and company performance. This assessment is performed using compensation data provided by Board Advisory LLC, the Committee's independent compensation consultant. The peer group is intended to:

serve as a point of reference for defining the range of competitive pay practices, including the range of target total pay opportunities appropriate for First Commonwealth executive officers;

serve as a point of reference in understanding the relative expense burden associated with First Commonwealth executive officer pay;

help the Committee to assess pay-related talent risk by providing transparent pay data from those companies most likely to attract First Commonwealth's executive officers; and

help the Committee to test the alignment of actual pay delivered relative to company performance and calibrate future payouts.

In 2010, the Committee began using two peer groups for its compensation assessment. The first is a national group consisting of all community banks with assets of \$4 billion to \$10 billion. The national peer group, which included 43 companies at the time of the Committee's most recent assessment, is intended to provide stable information regarding competitive pay for First Commonwealth's executive positions. The Committee then considered the local pay practices and performance of an 11-company group of banks having significant operations in or near First Commonwealth's Pennsylvania market area, which we refer to as the Pennsylvania peer group. This peer group represents the banks that would most likely be an attractive source of talent and a realistic source of competition for current executive officers. Testing First Commonwealth's performance against this peer group also helps the Committee to assess First Commonwealth's progress toward becoming the highest performing Pennsylvania bank.

The Pennsylvania peer group, which ranged in size from \$2 billion to \$20 billion in assets, consisted of the following companies:

Community Bank System  
FNB Corporation  
First Niagara Financial Group  
Fulton Financial Group  
Metro Bancorp Inc.  
N B T Bancorp Inc.

National Penn Bancshares  
S & T Bancorp Inc.  
Susquehanna Bancshares  
Univest Corp  
Wesbanco Inc.

Based upon a comparison of projected 2010 compensation for First Commonwealth executive officers with actual market data derived from 2009 Pennsylvania and national peer group pay disclosures, the Committee determined that executive officer salaries were competitive and reasonable. However, the absence of any incentive payout in 2010 resulted in significantly lower total cash compensation and total pay for First Commonwealth executives, consistent with First Commonwealth's relative financial performance.

## **Table of Contents**

### **Elements of Compensation**

The compensation program for our named executive officers consists of base salary, cash and equity-based incentive compensation and other benefits. Each of these elements of compensation is described below.

#### **Base Salary**

We provide base salaries to compensate our named executive officers for services performed during the year. Base salaries further our objectives of attracting and retaining executive talent and providing compensation that is competitive with our peers. Base salary directly affects the size of incentive plan awards, because we express incentive plan awards as a percentage of salary.

Base salaries for executive officers are determined by:

Evaluating the responsibilities of the position held and the experience of the individual; and

Considering the competitive marketplace for executive talent, primarily through a comparison to base salaries for comparable positions with companies in our national and Pennsylvania peer groups.

The Committee typically reviews base salaries annually as part of the performance review process as well as upon promotion or other change in job responsibility. Adjustments to base salaries are determined primarily by:

The performance of the executive's business unit, based upon measures contained in business unit scorecards and the success of business unit operating initiatives; and

An evaluation of the executive's personal development, which includes an assessment of his or her individual skills and attributes through a formal performance evaluation and progress on individual development objectives.

Based upon its review of these criteria, the Committee approved base salary increases of approximately 2% for the CEO and other executive officers in 2011, which is commensurate with the average merit increase given to other First Commonwealth employees. Mr. Dolan declined his base salary increase for 2011 to support the company's efforts to control expenses.

#### **Incentive Compensation Plans**

In order to align pay with corporate performance, the Committee seeks to appropriately balance fixed compensation with variable, or at risk, incentive compensation that is contingent on the financial success of the organization. Incentive compensation represents approximately 50% of the total compensation opportunity for the CEO and a significant portion of the total compensation opportunity of other named executive officers.

The named executive officers and certain other key executives participate in two incentive compensation plans:

an annual incentive plan, or AIP, which provides for the payment of annual cash and equity awards based on the attainment of annual corporate performance measures, and

a long-term incentive compensation plan, or LTIP, which provides for the payment of equity awards based on the attainment of corporate performance measures relative to their peers over a rolling three-year period.

## Edgar Filing: FIRST COMMONWEALTH FINANCIAL CORP /PA/ - Form DEF 14A

These plans are intended to directly support First Commonwealth investors by aligning executives' financial interests with investor success. The combination of annual and long-term incentives is intended to balance our desire to improve financial results over the short term with the need to employ prudent and sustainable growth strategies.

**Table of Contents****2010 Incentive Plans**

The Committee chose not to grant awards under the Long-Term Incentive Plan in 2010, having determined that it was not practicable to establish meaningful three-year performance targets due to the sharp decline in the company's financial performance in 2009 and uncertainty regarding the impact of stricter capital requirements and increased regulation on the overall performance and returns of the banking industry. The Committee established an AIP for 2010 with awards payable in shares of performance restricted stock.

First Commonwealth's financial performance improved considerably in 2010 from the loss recorded in 2009 with strong fundamentals, including growth in core deposits, an expanding net interest margin, higher non-interest income and lower non-interest expense. Nevertheless, performance fell short of internal expectations, as high unemployment, sluggish economic growth, declining real estate valuations and weak loan demand continued to negatively impact earnings. As a result, no awards were earned under the AIP in 2010.

The following table compares actual and target performance for the 2010 AIP:

Performance Goal	Target	Actual	Outcome
Return on Average Equity	8.61%	3.33%	Did not meet threshold
Earnings per Share	\$ 0.68	\$ 0.25	Did not meet threshold
Non-Performing Loans + Other Real Estate Owned / Total Loans (1)	1.47%	3.37%	Did not meet threshold

(1) This measure applied only to the CEO and Bank President.

**2011 Incentive Plans**

The Committee retained the overall incentive plan structure for named executive officers in 2011 with an AIP based on 2011 performance and a LTIP based on performance over a three-year performance cycle from 2011 through 2013. Target awards under the AIP and LTIP are expressed respectively as a cash amount and in shares of company stock generally based upon target values calculated as a percentage of each executive's base salary, as follows:

Officer	Target Award Percentage	Target Award Amount
John J. Dolan	60%	\$ 276,000
T. Michael Price	50%	\$ 183,850
Robert E. Rout	35%	\$ 128,520
Sue A. McMurdy	25%	\$ 74,506

**2011 Annual Incentive Plan.** The 2011 AIP is based entirely on corporate performance measures to maximize the alignment between executive incentive pay and corporate performance. The measures and weightings for the 2011 AIP are as follows:

Measure	Weighting
Earnings per share	35%
Return on average equity ( ROE )	35%
Efficiency ratio	30%

Performance goals for the 2011 AIP reflect meaningful improvement over actual performance in 2010. However, performance is expected to remain below the company's long-term earnings potential, as the weak economic conditions that adversely impacted performance in 2009 and 2010 are expected to persist into 2011. The Committee reduced the threshold payout from 50% to 25% of the target award opportunity to account for the lower threshold performance goals in 2011. Payout percentages at target and superior performance levels remain at 100% and 150%, respectively.

**Table of Contents**

The Committee retained the discretion in the 2011 AIP to increase or decrease an executive's incentive payment by up to 25 percentage points, not to exceed the 150% of target maximum payout. This discretion allows the Committee to recognize stand-out performance or significant performance shortfalls by individual executives and to reflect outcomes or behaviors that were not contemplated when executive scorecards were developed. The Committee expects that this discretion will be exercised only on an as-needed, exception basis.

Finally, the Committee modified the terms of the payout under the AIP to provide that payments in excess of the target award are made in restricted stock. The restricted shares would vest after two years (i.e., December 31, 2013), but would remain subject to the stock ownership and retention guidelines described below. The use of restricted stock is expected to further align the interests of executives with shareholders and will serve as a retention tool for executive talent.

**2011-2013 Long-Term Incentive Plan.** The Committee reintroduced the LTIP after suspending the plan in 2010. The LTIP provides overlapping three-year performance awards that are paid entirely in shares of restricted stock. Any restricted shares awarded under the LTIP would vest after one year (i.e., December 31, 2014) and would remain subject to retention requirements under the stock ownership guidelines described below. The target share awards for named executive officers under the LTIP are as follows:

<b>Officer</b>	<b>Target Share Award</b>
John J. Dolan	34,000
T. Michael Price	27,000
Robert E. Rout	19,000
Sue A. McMurdy	10,000

The number of shares awarded under the LTIP ranges from 40% of the target share award for threshold performance to 200% of the target share award for superior performance.

When formulating the 2011-2013 LTIP, the Committee determined that it was not possible to establish meaningful long-term performance goals due to the current economic environment and uncertainties facing the financial services industry as a whole. In particular, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and the ensuing regulations are expected to significantly alter the business models and competitive landscape of the financial services industry through increased capital and liquidity requirements, stricter lending standards, higher compliance costs and restrictions on fee-generating activities. Many of these changes are in the early stages of implementation, and their impact on the long-term profitability of the industry remains uncertain.

To address this uncertainty, and to align the LTIP with the company's vision of becoming the highest performing bank in Pennsylvania, the Committee adopted relative performance measures for the 2011-2013 LTIP. Awards under the LTIP will be based on the company's financial performance in relation to the 11-company Pennsylvania peer group described above. To earn the target share award, the company's relative performance must rank at or above the 55th percentile of this peer group.

The measures and weightings for the 2011-2013 LTIP are as follows:

<b>Measure</b>	<b>Weighting</b>
ROE relative to peers (1)	70%
Three-year total return to shareholders relative to peers	30%

(1) Based 50% on 2012 ROE relative to peers and 50% on 2013 ROE relative to peers.

**Table of Contents****Stock Ownership Guidelines**

The Committee has observed that the stock ownership of our executive officers is below the level typically found with senior executives in both our national and Pennsylvania peer groups. As a result, the sensitivity of the total wealth of our executives to shareholder returns is low in relation to peers. This is due in part to the absence of any option awards since 2003, only limited use of stock awards since that time and a decline in the value of shares held by executives. To encourage higher levels of stock ownership by our executive officers, the Committee established stock ownership and retention guidelines in 2010. These guidelines are summarized in the table below.

Position	Ownership Target (lesser of)		
	Value (Multiple of Salary)	or	Number of Shares
Chief Executive Officer	5X	or	300,000
Chief Financial Officer / Bank President	3X	or	140,000
Other Executive Officers	2X	or	60,000
Other executives who participate in the Long-Term Incentive Plan	1X	or	25,000

Executives are not required to purchase shares to reach these ownership guidelines. However, they are restricted from liquidating shares received as equity-based compensation (net of tax) until the guidelines are achieved and are required to retain at least 50% of shares earned under equity-based compensation plans once the guidelines have been met. The Committee believes that these stock ownership guidelines, coupled with the use of equity-based compensation in our AIP and LTIP, will increase the level of executive stock ownership over time, which will further align the interests of our executives with shareholders.

**Benefits**

The executive officers participate in employee benefit programs available to all other eligible employees of First Commonwealth, including our 401(k) plan, Employee Stock Ownership Plan, and group medical, life and disability insurance. In addition, First Commonwealth provides certain supplemental executive benefits and perquisites to the named executive officers as described below.

**Supplemental Executive Retirement Plan**

The named executive officers participate in a Supplemental Executive Retirement Plan, or SERP, that was established to restore benefits that are not available to them as highly compensated employees, according to rules of the IRS, under our 401(k) plan and Employee Stock Ownership Plan. Under the terms of the SERP, each participant may contribute up to 25% of his/her compensation in excess of IRS limits to the SERP in the form of a salary reduction. There are presently no employer matching contributions under the SERP. The Committee believes that the SERP is necessary to provide competitive retirement benefits to executives. The amounts that we contributed to the SERP on behalf of the named executive officers in 2010 are set forth in the Summary Compensation Table, and the balance of each named executive officer's SERP account is set forth in the Nonqualified Deferred Compensation table below.

**Change of Control Agreements**

We have entered into Change of Control Agreements with certain key employees, including each named executive officer other than David R. Tomb. The purpose of the Change of Control Agreements is to promote stability and continuity of senior management and provide our executives the ability to fairly negotiate a potential corporate transaction on behalf of our shareholders.

We believe these agreements are necessary to attract, retain, and motivate executive talent. However, we also believe that Change of Control Agreements should compensate executives who are displaced by a change of

## **Table of Contents**

control and should not serve as an incentive to increase an executive's personal wealth. Therefore, our Change of Control Agreements require that there be both a change of control and an involuntary termination without cause (as defined) or a voluntary termination for good reason (as defined), which is often referred to as a double-trigger. The double-trigger ensures that we or our successor will become obligated to make payments under the Change of Control Agreements only if the executive is actually or constructively discharged as a result of the change of control. For similar reasons, severance payments under our Change of Control Agreements cease when an executive becomes eligible for full Social Security benefits.

These agreements are outlined in more detail in the Potential Payments Upon Termination or Change of Control section of this Proxy Statement.

## **Employment Agreements**

We have employment agreements with three of our named executive officers: John J. Dolan, President and CEO, T. Michael Price, President of First Commonwealth Bank, and Robert E. Rout, Executive Vice President and CFO. Each agreement sets a minimum base salary and provides for the executive's participation in our welfare and retirement benefit plans, as well as our annual and long-term incentive compensation plans. The agreements also provide for the payment of severance following termination of the executive's employment without cause and prohibit the executives from competing with us or soliciting our customers or employees for a specified period following the termination of their employment with us. In each case, the Committee determined that the severance rights and guaranteed base salary provided by the employment agreements were consistent with competitive market practice and appropriate in consideration of their significant responsibilities and the benefits that we receive from the restrictive covenants contained in their agreements.

These employment agreements and the amounts payable upon termination of each executive's employment are outlined in greater detail in the Potential Payments Upon Termination or Change of Control section of this Proxy Statement.

## **Perquisites**

We pay club dues for certain executives to support business development activities, including Mr. Price and Ms. McMurdy. We did not pay dues for any other executive officer during 2010.

## **Compensation Committee Report**

The Compensation and Human Resources Committee has reviewed and discussed with management the Compensation Discussion and Analysis set forth in the preceding pages of this Proxy Statement, and based on such review and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for filing with the Securities and Exchange Commission. Portions of this Proxy Statement, including the Compensation Discussion and Analysis, have been incorporated by reference into First Commonwealth's Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

Respectfully submitted,

Robert J. Ventura, Chairman

Julie A. Caponi

Ray T. Charley

Johnston A. Glass

(1) Reflects the number of shares of restricted stock issuable to each named executive officer under the 2010 Annual Incentive Plan ( AIP ) based upon the achievement of threshold, target and superior levels of performance for all relevant performance goals. Actual awards are calculated based on a composite of multiple performance goals.

Awards under the 2010 AIP are paid in the form of performance-restricted shares of common stock. The target award for each named executive officer is expressed as a percentage of participant s base salary, as follows: Dolan 75%; Rout 52.5%; Price 75%; McMurdy 37.5%; and Tomb 37.5%. Awards for performance at the threshold level are 50% of the target award amount, and awards for performance at the maximum level are 150% of the target award amount. The number of shares issuable to the named executive officer is calculated by dividing the award amount by \$5.56 (the closing price of our stock on the Grant Date). Please refer to the discussion of incentive compensation under the Compensation Discussion and Analysis section of this Proxy Statement for additional details concerning the 2010 AIP.

(2) We issued 30,120 shares of restricted stock to Mr. Rout as an inducement to his employment with First Commonwealth. The restrictions lapse in two equal installments on each of the first two anniversaries of the date of issuance.

**Compensation Policies and Practices Relating to Risk Management**

As a financial services institution, our objective is to effectively understand and manage our risk exposures and to ensure we are compensated appropriately for the risks that we take. Incentive plans play an important role in our success by providing specific rewards for achievement of goals, while balancing the risks we undertake with asset quality and safety and soundness considerations. We follow the following compensation policies and practices to ensure that we achieve this balance:

All of our incentive plans have explicit provisions that allow First Commonwealth to recoup any amounts paid as a result of erroneous or intentionally misrepresented data.

Our corporate banking incentive plans provide the company with the right to recover any payments made in respect of loans that are downgraded to non-accrual status or charged off within 24 months after origination.

Our corporate banking incentive plans have an explicit credit quality disqualifiers, which can reduce or eliminate an incentive otherwise earned if the employee fails to follow established portfolio management requirements.

All sales and service incentives, including all incentives relating to the sale of loan and line-of-credit products, are capped at a performance level reflecting strong but achievable results, at total earnings levels that are within a range of competitive pay levels.

All incentive plans are reviewed annually and must be approved by a panel of executive officers.

All incentives are monitored by our Human Resources department for compliance with documentation, risk profile and credit quality requirements.

In addition, we perform an annual assessment of First Commonwealth's incentive plans in order to determine the extent to which the incentives could potentially encourage excessive risk taking or otherwise expose the organization to risks that could destroy shareholder value or jeopardize the safety and soundness of First Commonwealth Bank. This assessment is reviewed by the Compensation and Human Resources Committee

and the Risk Committee of the Board of Directors. In 2010, the assessment was conducted by Board Advisory LLC, the consultant to the Compensation and Human Resources Committee, with the assistance of senior management. As part of the assessment, Board Advisory reviewed incentive designs, performance metrics, and resulting performance/payout relationships for positions where incentives for individual behavior could

**Table of Contents**

potentially create an incentive for excessive risk, as well as mitigating controls in the design and administration of incentive plans. While Board Advisory identified certain risks that could potentially cause negative unintended consequences, it concluded that management controls and general performance transparency is sufficient to mitigate these risks.

**Potential Payments Upon Termination or Change in Control****Overview**

First Commonwealth has entered into agreements with certain executive officers and key employees, including four of the named executive officers, providing for the payment of severance and benefits in the event of a qualifying termination of employment following a change in control. Mr. Dolan, Mr. Rout and Mr. Price are also parties to employment agreements that entitle those officers to receive severance payments and benefits if their employment is terminated under certain circumstances. These agreements are summarized below. Except as provided in these agreements, First Commonwealth has not agreed to pay severance or provide benefits to any of the named executive officers following the termination of his or her employment.

**Change of Control Agreements**

We have entered into a Change of Control Agreement with each named executive officer other than David Tomb. Under the terms of these agreements, the executive will be entitled to receive severance payments in equal monthly installments over a specified period following the termination of his or her employment if the executive is terminated without cause (as defined below) or terminates his or her employment for good reason (as defined below) within a specified period following the occurrence of a change of control (as defined below) of First Commonwealth, each of which is referred to in the Change of Control Agreements as a qualifying termination. The periods following a change of control during which severance may be triggered by a qualifying termination and the number of months of severance payments for each named executive officer are as follows:

<b>Name</b>	<b>Termination Period</b>	<b>Months of Severance</b>
John J. Dolan	Three years	36 months
Robert E. Rout	Two years	24 months
T. Michael Price	Three years	36 months
Sue A. McMurdy	Three years	36 months

The monthly severance payment is calculated as one-twelfth (1/12) of the sum of the following:

the executive's annual base salary immediately prior to the change of control;

the aggregate amount of all bonuses paid to the executive during the twelve months prior to the change of control;

the aggregate amount of all contributions by First Commonwealth for the account of the executive under First Commonwealth's 401(k) plan and ESOP during the twelve months prior to the change of control; and

the aggregate amount of all contributions by the executive and First Commonwealth to his or her Supplemental Executive Retirement Plan account during the twelve-months prior to the change of control.

In addition to severance payments, the former executive and his or her family will continue to receive, at the employer's expense, the same level of medical, dental, accident, disability and life insurance benefits during the period in which severance is payable on substantially the same terms and conditions as existed immediately prior to the qualifying termination.

**Table of Contents**

A change of control occurs if any person or group of persons acting in concert acquire 50% or more of the outstanding shares of First Commonwealth's common stock (including by merger, consolidation or similar transaction), or if the persons who were Directors as of the date of the Change of Control Agreement (or any replacement Director who is nominated by a majority of the incumbent Directors) cease to constitute a majority of the Board of Directors for any reason.

Cause for termination by the company exists if the executive commits a felony resulting in, or intended to result in, loss to First Commonwealth, its customers, or affiliates, or if the executive intentionally fails to perform his or her duties for 30 consecutive days following written notice from First Commonwealth that such duties are not being performed.

An executive has good reason to terminate his or her employment if the executive's title or responsibilities are reduced or diminished, the executive is forced to relocate his or her principal office by more than 50 miles or is to travel significantly more than prior to the change of control or the company reduces the executive's base salary or material benefits.

The executive's right to receive severance payments and benefits is conditioned upon his or her compliance with covenants prohibiting competition with the former employer and soliciting customers and employees of the former employer during the period in which severance is being paid.

The right to receive severance benefits terminates when the executive reaches full retirement age for purposes of receiving Social Security benefits.

In addition, if the payments and benefits to which the executive is entitled under his or her Change of Control Agreement, either alone or together with any other payments or benefits that he or she is entitled to receive from First Commonwealth, would constitute a parachute payment for purposes of section 280G of the Internal Revenue Code, the payments and benefits will be reduced by the minimum amount necessary to result in no portion of the payments and benefits being non-deductible by First Commonwealth and subject to the excise taxes imposed under the Internal Revenue Code for parachute payments.

The following table sets forth the payments and the value of benefits that each of the four named executive officers who are currently parties to change of control agreements would have been entitled to receive if a qualifying termination had occurred following a change in control on December 31, 2010:

Name	Aggregate Severance Payments \$(1)	Value of Health Benefits \$(2)	Value of Dental Benefits \$(3)	Value of Life and AD&D Insurance Benefits \$(4)	Value of Disability Insurance Benefits \$(5)
John J. Dolan	1,494,774	46,003	0	6,156	1,655
Robert E. Rout	892,500	32,712	1,716	3,516	1,050
T. Michael Price	1,201,074	52,834	3,578	5,552	1,655
Sue A. McMurdy	961,992	46,003	2,245	4,500	1,655

- (1) Amounts represent a multiple of the aggregate salary, bonus, employer 401(k) and ESOP contributions and employer and employee SERP contributions paid to the named executive officer during 2010 as follows: Dolan, Price and McMurdy 3X, and Rout 2X.
- (2) Calculated using actual premium costs for 2011 and estimated premium costs for 2012 and 2013 based on a 15% projected annual increase in premiums.
- (3) Calculated using actual premium costs for 2011 and estimated premium costs for 2012 and 2013 based on a 10% projected increase in premiums. Mr. Dolan does not participate in the dental insurance plan.
- (4) Calculated using the actual premiums that would be payable for coverage in 2011 through 2012 and estimated premium costs for 2013 based on a 10% projected annual increase in premiums. Coverage and premiums are calculated based on the executive's current salary and would remain fixed during the term of the severance period.

## **Table of Contents**

- (5) Calculated using the actual premiums that would be payable for coverage in 2011 through 2012 and estimated premium costs for 2013 based on a 10% projected annual increase in premiums. Coverage and premiums are calculated based on the executive's current monthly salary (capped at 60% of monthly salary) and would remain fixed during the term of the severance period.

### **Employment Agreement with Mr. Dolan**

We entered into an employment agreement with Mr. Dolan when he assumed the position of President and CEO on March 1, 2007. The initial three-year term of Mr. Dolan's employment agreement ended March 1, 2010. The term of the agreement renews automatically for successive one-year periods unless and until the agreement is terminated by either party upon notice given at least 60 days prior to the end of the term. Mr. Dolan's employment agreement does not provide for severance payments after the expiration of the initial term. Accordingly, no payments would have been due to Mr. Dolan under his employment agreement if his employment had been terminated as of December 31, 2010.

### **Employment Agreement with Mr. Rout**

We entered into an employment agreement with Mr. Rout when he assumed the position of Executive Vice President and CFO in February 2010. Under the terms of his employment agreement, Mr. Rout is employed for an initial term of three years. At the end of his initial term, Mr. Rout's employment will automatically renew for successive one-year periods unless terminated by either party upon notice given at least 60 days prior to the end of the term.

If, prior to February 8, 2013, First Commonwealth terminates Mr. Rout's employment other than for cause or Mr. Rout resigns for good reason, then First Commonwealth must continue to pay Mr. Rout a lump sum severance payment equal to the aggregate base salary that he would have received for the balance of the term of the agreement (i.e., until February 8, 2013), subject to the execution of an agreed form of separation agreement and general release by Mr. Rout. First Commonwealth will also offer continuation coverage to Mr. Rout, as required by COBRA, under First Commonwealth's group health plan on the terms and conditions mandated by COBRA including Mr. Rout's payment of the applicable COBRA premiums.

Cause for the termination of Mr. Rout's employment would exist if: (i) Mr. Rout fails to comply with any material provision of his employment agreement; (ii) Mr. Rout refuses to comply with any lawful, written directive from the Board or the Chief Executive Officer; (iii) Mr. Rout fails to perform his duties under this Agreement with the degree of skill and care reasonably to be expected of a professional of his experience and stature after notice and a reasonable opportunity to cure; or (iv) Mr. Rout engages in dishonest or fraudulent acts or is convicted of a crime that would render his continued employment with First Commonwealth materially damaging or detrimental to First Commonwealth.

Mr. Rout would have good reason to resign if: (i) his title, position or responsibilities are substantially reduced; (ii) his base salary is reduced (except if the reduction is applied to all named executive officers and does not exceed 10%) or his benefits are materially reduced; (iii) he is required to relocate for a period in excess of 6 months to a site more than 50 miles outside of Indiana, Pennsylvania; or (iv) he is assigned duties or responsibilities that are materially inconsistent with the position of Chief Financial Officer.

If we had terminated Mr. Rout's employment without cause on December 31, 2010, or if Mr. Rout had terminated his employment with us for good reason on that date, he would have been entitled to receive a lump sum payment of \$971,973.

### **Employment Agreement with Mr. Price**

We entered into an employment agreement with T. Michael Price when he assumed the position of President of First Commonwealth Bank on November 12, 2007. The initial three-year term of Mr. Price's employment

## **Table of Contents**

agreement ended November 17, 2010. The term of the agreement renews automatically for successive one-year periods unless and until the agreement is terminated by either party upon notice given at least 60 days prior to the end of the term. Mr. Price's employment agreement does not provide for severance payments after the expiration of the initial term. Accordingly, no payments would have been due to Mr. Price under his employment agreement if his employment had been terminated as of December 31, 2010.

### **COMPLIANCE WITH BENEFICIAL OWNERSHIP REPORTING**

Section 16(a) of the Securities Exchange Act of 1934 requires First Commonwealth's Directors and executive officers, and persons who own more than 10% of a registered class of First Commonwealth's equity securities, to file with the SEC an initial report of ownership and reports of changes in ownership of our common stock and other equity securities of First Commonwealth. Executive officers, Directors and greater than 10% shareholders are required by SEC regulations to furnish First Commonwealth with copies of all Section 16(a) forms they file. Based solely on its review of the copies of forms received by it, and written and oral representations from its Directors, executive officers and greater than 10% shareholders, First Commonwealth is not aware of any late filings or failures to file Section 16(a) forms during 2010.

### **RELATED PARTY TRANSACTIONS**

Any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships between First Commonwealth or any of its subsidiaries and any of First Commonwealth's executive officers, Directors or nominees for election as a Director, any person owning more than 5% of First Commonwealth's common stock or any immediate family member of any of the foregoing persons is considered a related party transaction and must be approved or ratified by the Governance Committee in accordance with a written policy adopted by First Commonwealth's Board of Directors. This policy requires the Governance Committee to review the material facts of any related party transaction and either approve or disapprove the transaction after considering, among other factors it deems appropriate, whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. Any Director who has an interest in the transaction may not participate in any discussion or approval of the transaction except for the purpose of providing material facts concerning the transaction.

The policy does not apply to the following categories of transactions:

transactions that are available to all employees or customers of First Commonwealth generally;

transactions involving less than \$120,000 when aggregated with all similar transactions; and

loans made by First Commonwealth Bank (or any other banking subsidiary of First Commonwealth) in the ordinary course of business, made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the lender, and not involving more than the normal risk of collectibility or presenting other unfavorable features.

In addition, certain categories of transactions have been pre-approved under the terms of the policy, including:

compensation paid to executive officers of First Commonwealth if either (i) the compensation is required to be reported in First Commonwealth's Proxy Statement under the rules of the SEC or (ii) the executive officer is not an immediate family member of another executive officer or Director of First Commonwealth and the compensation would be reported in First Commonwealth's Proxy Statement if the executive officer was a named executive officer (as defined above under Executive Compensation );

**Table of Contents**

compensation paid to Directors that is required to be reported in First Commonwealth's Proxy Statement; and

transactions in which all shareholders benefit proportionately (such as the payment of dividends).

The following is a summary of related party transactions during 2010:

First Commonwealth Bank entered into a lease agreement with SML Limited Partnership, a real estate holding company of which Director Nominee Luke A. Latimer is a general partner and owns a 34% interest, for the construction and operation of a branch in New Alexandria, PA. The lease has an initial term of 15 years with three optional renewal terms of five years each. First Commonwealth Bank paid \$70,952 under the terms of the lease during 2010. The aggregate rent payable from January 1, 2011 through the expiration of the initial 15-year term is \$932,000.

First Commonwealth Financial Corporation paid \$183,817 in compensation to Matthew C. Tomb, son of outgoing Director David R. Tomb, Jr., in his capacity as Senior Vice President, Chief Risk Officer and Associate General Counsel.

First Commonwealth Bank paid outgoing Director Julia E. Trimarchi Cuccaro \$103,000 as salary in her capacity as Vice President, Legal Services Manager and Assistant Secretary of First Commonwealth Bank and \$40,000 for legal services provided to the Bank. First Commonwealth Bank also paid Ms. Cuccaro \$108,625 for state-wide lien searches and abstracting services in connection with loans made by the Bank, of which \$72,889 was paid by Ms. Cuccaro to title companies and other third party search firms.

First Commonwealth has made and intends to continue to make loans through its subsidiary, First Commonwealth Bank, to various of its Directors and executive officers, and to corporations or other entities in which they may own a controlling interest. Any such loans were and will be made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and do not and will not involve more than a normal risk of collectibility or present other unfavorable features. The amount of credits issued by First Commonwealth Bank to Directors and executive officers during 2010 is included in the Related Party Transactions note to First Commonwealth's Annual Report on Form 10-K.
