It is also important we not let the situation with Community Health Systems distract us from our jobs of caring for patients or supporting our hospitals in their efforts to do so. As I've shared with you before, we have an outstanding team working to ensure we protect our shareholders best interests. Rather than trying our concerns about Community in the media, we chose to raise them in the courts, as we believe the courts are a more appropriate venue in which to do so. Our Board of Directors, in consultation with its independent financial and legal advisors, will review the revised proposal we received from Community yesterday to determine the course of action that it believes is in the best interests of the Company and our shareholders.

I will update you on the outcome of these actions as the situation warrants. In the meantime, congratulations on a strong first quarter, thank you for all you do for our company, and please keep up the good work.
