SPECIAL NOTE ON FORWARD-LOOKING INFORMATION

This Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements are based upon current expectations that involve risks and uncertainties. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. For example, words such as may, will, should, estimates, predicts, potential, continue, strategy, believes, anticipates, plans, e similar expressions are intended to identify forward-looking statements.

Our actual results and the outcome and timing of certain events may differ significantly from the expectations discussed in the forward-looking statements. Factors that might cause or contribute to such a discrepancy include, but are not limited to:

pricing and commissions and market position with respect to any of our products and services and those of our competitors;

the effect of industry concentration and reorganization, reduction of customers and consolidation;

liquidity, regulatory and clearing capital requirements and the impact of credit market events;

market conditions, including trading volume and volatility, and potential deterioration of the equity and debt capital markets;

our relationships with Cantor Fitzgerald, L.P. (Cantor) and its affiliates, including Cantor Fitzgerald & Co. (CF&Co), any related conflicts of interest, competition for and retention of brokers and other managers and key employees, support for liquidity and capital and other relationships, including Cantor s holding of our 8.75% convertible notes, CF&Co s acting as our sales agent under our controlled equity or other future offerings, and CF&Co s acting as our financial advisor in connection with one or more business combination or other transactions;

economic or geopolitical conditions or uncertainties;

extensive regulation of our businesses, changes in regulations relating to the financial services and other industries, and risks relating to compliance matters, including regulatory examinations, inspections, investigations and enforcement actions, and any resulting costs, fines, penalties, sanctions, enhanced oversight, increased financial and capital requirements, and changes to or restrictions or limitations on specific activities, operations, compensatory arrangements, and growth opportunities, including acquisitions, hiring, and new business, products, or services;

factors related to specific transactions or series of transactions, including credit, performance and unmatched principal risk, counterparty failure, and the impact of fraud and unauthorized trading;

costs and expenses of developing, maintaining and protecting our intellectual property, as well as employment and other litigation and their related costs, including judgments or settlements paid or received;

certain financial risks, including the possibility of future losses and negative cash flows from operations, potential liquidity and other risks relating to our ability to obtain financing or refinancing of existing debt on terms acceptable to us, if at all, and risks of the resulting leverage, including potentially causing a reduction in our credit ratings and/or the associated outlooks given by the rating

Edgar Filing: BGC Partners, Inc. - Form 10-Q

agencies to those credit ratings, as well as interest and currency rate fluctuations;

our ability to enter new markets or develop new products, trading desks, marketplaces or services and to induce customers to use these products, trading desks, marketplaces or services and to secure and maintain market share;

our ability to enter into marketing and strategic alliances and business combination or other transactions in the financial services and other industries, including acquisitions, dispositions, reorganizations, partnering opportunities and joint ventures, and the integration of any completed transaction;

our ability to hire and retain personnel;

our ability to expand the use of technology for hybrid and fully electronic trading;

our ability to effectively manage any growth that may be achieved, while ensuring compliance with all applicable regulatory requirements;

our ability to identify and remediate any material weaknesses in our internal controls that could affect our ability to prepare financial statements and reports in a timely manner, control our policies, procedures, operations and assets, and assess and manage our operational, regulatory, and financial risks;

the effectiveness of our risk management policies and procedures, and the impact of unexpected market moves and similar events;

the fact that the prices at which shares of our Class A common stock are sold in one or more of our controlled equity offerings or in other offerings or other transactions may vary significantly, and purchasers of shares in such offerings or transactions, as well as existing stockholders, may suffer significant dilution if the price they paid for their shares is higher than the price paid by other purchasers in such offerings or transactions;

our ability to meet expectations with respect to payments of dividends and distributions and repurchases of shares of our Class A common stock and purchases of limited partnership interests of BGC Holdings, L.P. (BGC Holdings), or other equity interests in our subsidiaries, including from Cantor, our executive officers, other employees, partners, and others, and the net proceeds to be realized by us from offerings of our shares of Class A common stock;

the effect on the market for and trading price of our Class A common stock of various offerings and other transactions, including our controlled equity and other offerings of our Class A common stock and convertible securities, our repurchase of shares of our Class A common stock and purchases of BGC Holdings limited partnership interests or other equity interests in our subsidiaries, our payment of dividends on our Class A common stock and distributions on BGC Holdings limited partnership interests, convertible arbitrage, hedging, and other transactions engaged in by holders of our 4.50% convertible notes and counterparties to our capped call transactions, and resales of shares of our Class A common stock acquired from us or Cantor, including pursuant to our employee benefit plans, conversion of our 8.75% convertible notes and 4.50% convertible notes, and distributions from Cantor pursuant to Cantor's distribution rights obligations; and

the risk factors described in our latest Annual Report on Form 10-K and any updates to those risk factors or new risk factors contained in our subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the Securities and Exchange Commission (SEC).

The foregoing risks and uncertainties, as well as those risks and uncertainties set forth in this Quarterly Report on Form 10-Q, may cause actual results to differ materially from the forward-looking statements. Information in this Form 10-Q is given as of the date of filing the Form 10-Q with the SEC, and future events or circumstances could differ significantly from such information. We do not undertake to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

BGC PARTNERS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

1. Organization and Basis of Presentation

BGC Partners, Inc. (together with its subsidiaries, BGC Partners, BGC or the Company) is a leading global brokerage company servicing the wholesale financial markets, specializing in the brokering of a broad range of financial products globally, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures, structured products and other instruments. BGC Partners also provides a full range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back-office services to a broad range of financial and non-financial institutions. Through its eSpeed and BGC Trader brands, BGC Partners also offers financial technology solutions and market data and analytics related to select financial instruments and markets. The Company's customers include many of the world's largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments and investment firms. The Company's integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or, where available, fully electronic brokerage services in connection with transactions executed either over-the-counter (OTC) or through an exchange. BGC Partners has offices in New York and London, as well as in Aspen, Beijing, Chicago, Copenhagen, Dubai, Garden City (New York), Hong Kong, Istanbul, Johannesburg, Mexico City, Moscow, Nyon, Paris, Rio de Janeiro, São Paulo, Sarasota, Seoul, Singapore, Sydney, Tokyo, Toronto, West Palm Beach and Zurich.

The Company's unaudited condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the SEC). Certain information and footnote disclosure normally included in the financial statements prepared in conformity with accounting principles generally accepted in the United States (US GAAP) have been condensed or omitted from this report as is permitted by SEC rules and regulations. However, the Company believes that the disclosures are adequate to make the information presented not misleading. This report should be read in conjunction with the audited consolidated financial statements and notes for the year ended December 31, 2010 in the Company's Annual Report on Form 10-K.

The unaudited condensed consolidated financial statements contain all normal and recurring adjustments that, in the opinion of management, are necessary for a fair presentation of the condensed consolidated statements of financial condition, the condensed consolidated statements of operations, the condensed consolidated statements of cash flows, and the condensed consolidated statements of changes in equity of the Company for the periods presented. The results of operations for the 2011 interim periods are not necessarily indicative of results to be expected for the entire fiscal year, which will end on December 31, 2011.

Recently Adopted Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (the FASB) issued guidance that addresses the effects of eliminating the Qualified Special Purpose Entity (QSPE) concept from existing accounting guidance and clarifies and amends certain key provisions, including the transparency of an enterprise's involvement with variable interest entities (VIEs). This FASB guidance became effective with the first reporting period that began after November 15, 2009 and was adopted by the Company on January 1, 2010. The adoption of this FASB guidance did not have a material effect on the Company's unaudited condensed consolidated financial statements.

In January 2010, the FASB issued guidance on *Fair Value Measurements and Disclosures - Improving Disclosures about Fair Value Measurements*. This guidance was effective for interim and annual reporting periods ending after December 15, 2009 except for the disclosures about the roll-forward of activity in Level 3 fair value measurements, which are effective for fiscal years beginning after December 31, 2010 and for interim periods within those fiscal years. The adoption of this guidance did not have a material impact on the Company's unaudited condensed consolidated financial statements, and the adoption of this guidance with respect to disclosures of the roll forward of activity in Level 3 fair value measurements is not expected to have a material impact on the Company's unaudited condensed consolidated financial statements.

Table of Contents

In December 2010, the FASB issued guidance that modifies Step 1 of the goodwill impairment test for reporting units with zero or negative carrying amounts. For those reporting units, an entity is required to perform Step 2 of the goodwill impairment test if it is more likely than not that a goodwill impairment exists. In determining whether it is more likely than not that goodwill impairment exists, an entity shall consider whether there are any adverse qualitative factors indicating that impairment may exist. This FASB guidance became effective with the first reporting period that began after December 15, 2010 and was adopted by the Company on January 1, 2011. The adoption of this FASB guidance did not have a material effect on the Company's unaudited condensed consolidated financial statements.

New Accounting Pronouncements

In April 2011, the FASB issued guidance on *Transfers and Servicing – Reconsideration of Effective Control for Repurchase Agreements*. This guidance changes the assessment of effective control by eliminating the collateral maintenance requirement. This FASB guidance is effective for interim and annual periods beginning after December 15, 2011. The adoption of this FASB guidance is not expected to have a material impact on the Company's unaudited condensed consolidated financial statements.

In April 2011, the FASB issued guidance on *Receivables – A Creditor's Determination of Whether a Restructuring Is a Troubled Debt Restructuring*. This guidance clarifies which loan modifications constitute troubled debt restructurings for purposes of recording an impairment loss and for disclosure of troubled debt restructurings. In evaluating whether a loan modification constitutes a troubled debt restructuring, a creditor must conclude (i) that the restructuring constitutes a concession and (ii) that the debtor is experiencing financial difficulties. This FASB guidance is effective for interim and annual periods beginning on or after June 15, 2011. The adoption of this FASB guidance is not expected to have a material impact on the Company's unaudited condensed consolidated financial statements.

In May 2011, the FASB issued guidance on *Fair Value Measurement – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. This guidance expands the disclosure requirements around fair value measurements categorized in Level 3 of the fair value hierarchy. It also clarifies and expands upon existing requirements for fair value measurements of financial assets and liabilities as well as instruments classified in stockholders' equity. This FASB guidance is effective for interim and annual periods beginning after December 15, 2011. The adoption of this FASB guidance is not expected to have a material impact on the Company's unaudited condensed consolidated financial statements.

In June 2011, the FASB issued guidance on *Comprehensive Income – Presentation of Comprehensive Income*. This guidance requires (i) presentation of other comprehensive income either in a continuous statement of comprehensive income or in a separate statement presented consecutively with the statement of net income and (ii) presentation of reclassification adjustments from other comprehensive income to net income on the face of the financial statements. This FASB guidance is effective for interim and annual periods beginning after December 15, 2011. The adoption of this FASB guidance is not expected to have a material impact on the Company's unaudited condensed consolidated financial statements.

2. Limited Partnership Interests in BGC Holdings

BGC Holdings, L.P. ("BGC Holdings") is a consolidated subsidiary of the Company for which the Company is the general partner. The Company and BGC Holdings jointly own BGC Partners, L.P. ("BGC US") and BGC Global Holdings L.P. ("BGC Global"), the two operating partnerships. Listed below are the limited partnership interests in BGC Holdings. The founding/working partner units, limited partnership units and Cantor units, each as defined below, collectively represent all of the limited partnership interests in BGC Holdings.

Founding/Working Partner Units

Founding/working partners have a limited partnership interest in BGC Holdings. The Company accounts for founding/working partner units outside of permanent capital, as Redeemable partnership interest, in the accompanying unaudited condensed consolidated statements of financial condition. This classification is applicable to founding/working partner units because founding/working partner units are redeemable upon termination of a partner, which includes the termination of employment, which can be at the option of the partner and not within the control of the issuer.

Table of Contents

Founding/working partner units are held by limited partners who are employees and generally receive quarterly allocations of net income based on their weighted-average pro rata share of economic ownership of the operating subsidiaries. Upon termination of employment or otherwise ceasing to provide substantive services, the founding/working partner units are redeemed, and the unit holders are no longer entitled to participate in the quarterly cash distributed allocations of net income. Since these allocations of net income are cash distributed on a quarterly basis and are contingent upon services being provided by the unit holder, they are reflected as a separate component of compensation expense under *Allocations of net income to limited partnership units and founding/working partner units* in the Company's unaudited condensed consolidated statements of operations.

Limited Partnership Units

REUs, RPUs, PSUs and PSIs are limited partnership interests in BGC Holdings (the *limited partnership units*) that are generally held by employees. Generally, such units receive quarterly allocations of net income based on their weighted-average pro rata share of economic ownership of the operating subsidiaries. These allocations are cash distributed on a quarterly basis and are generally contingent upon services being provided by the unit holders. As prescribed in FASB guidance, the quarterly allocations of net income on such limited partnership units are reflected as a separate component of compensation expense under *Allocations of net income to limited partnership units and founding/working partner units* in the accompanying unaudited condensed consolidated statements of operations.

Certain of these limited partnership units entitle the holders to receive post-termination payments equal to the notional amount of the units in four equal yearly installments after the holder's termination. These limited partnership units are accounted for as liability awards, and in accordance with FASB guidance the Company records compensation expense for the liability awards based on the change in fair value at each reporting date.

Cantor Units

Cantor's limited partnership interest (*Cantor units*) in BGC Holdings as a result of its contribution of the BGC Division is reflected as a component of *Noncontrolling interest in subsidiaries* in the Company's unaudited condensed consolidated statements of financial condition. Cantor receives allocations of net income based on its weighted-average pro rata share of economic ownership of the operating subsidiaries for each quarterly period. This allocation is reflected as a component of *Net income (loss) attributable to noncontrolling interest in subsidiaries* in the accompanying unaudited condensed consolidated statements of operations. In quarterly periods in which the Company has a net loss, the amount reflected as a component of *Net income (loss) attributable to noncontrolling interest in subsidiaries* represents the loss allocation for founding/working partner units, limited partnership units and Cantor units.

General

Certain of the limited partnership interests, described above, have been granted exchangeability into Class A common stock on a one-for-one basis (subject to adjustment); additional limited partnership interests may become exchangeable into Class A common stock on a one-for-one basis (subject to adjustment). As all limited partnership interests are already included in fully diluted share count, any exchange of limited partnership interests into Class A common shares would be non-dilutive. Because these interests generally receive quarterly allocations of net income, such exchange would have no significant impact on the cash flows or equity of the Company.

3. Earnings Per Share

FASB guidance on *Earnings Per Share* (*EPS*) establishes standards for computing and presenting EPS. Basic EPS excludes dilution and is computed by dividing net income available to common stockholders by the weighted-average shares of common stock outstanding. Net income is allocated to each of the economic ownership classes described above in Note 2 *Limited Partnership Interests in BGC Holdings*, and the Company's outstanding common stock, based on each class's pro rata economic ownership.

Table of Contents

The Company's earnings for the three and six months ended June 30, 2011 and 2010 were allocated as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2011	2010	2011	2010
Net income available to common stockholders	\$ 9,664	\$ 7,398	\$ 18,330	\$ 3,187
Allocation of net income to limited partnership interests in BGC Holdings	\$ 16,047	\$ 10,051	\$ 33,805	\$ 3,237

The following is the calculation of the Company's basic earnings per share (in thousands, except per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2011	2010	2011	2010
<i>Basic earnings per share:</i>				
Net income available to common stockholders	\$ 9,664	\$ 7,398	\$ 18,330	\$ 3,187
Basic weighted-average shares of common stock outstanding	112,644	84,473	105,027	83,667
Basic earnings per share	\$ 0.09	\$ 0.09	\$ 0.17	\$ 0.04

Fully diluted earnings per share is calculated utilizing net income available for common stockholders plus net income allocations to the limited partnership interests in BGC Holdings, as well as adjustments related to the interest expense on the 8.75% convertible notes (as defined below) (if applicable) (see Note 13 Notes Payable and Collateralized Borrowings) and expense related to dividend equivalents for certain restricted stock units (RSUs), as the numerator. The denominator is comprised of the Company's weighted-average outstanding shares of common stock, the weighted-average number of limited partnership interests, and the potential dilution that could occur if securities or other contracts to issue shares of common stock, including convertible notes, stock options, RSUs and warrants were exercised, resulting in the issuance of shares of common stock that would then share in earnings in the Company's net income available to common stockholders. The limited partnership interests are potentially exchangeable into shares of Class A common stock; as a result, they are included in the fully diluted EPS computation to the extent that the effect would not be anti-dilutive.

Table of Contents

The following is the calculation of the Company's fully diluted earnings per share (in thousands, except per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2011	2010	2011	2010
<i>Fully diluted earnings per share:</i>				
Net income available to common stockholders	\$ 9,664	\$ 7,398	\$ 18,330	\$ 3,187
Allocation of net income to limited partnership interests in BGC Holdings, net of tax	11,055	11,924	23,224	5,109
Dividend equivalent expense on RSUs, net of tax	441	245	441	336
Net income for fully diluted shares	\$ 21,160	\$ 19,567	\$ 41,995	\$ 8,632
Weighted-average shares:				
Common stock outstanding	112,644	84,473	105,027	83,667
Limited partnership interests in BGC Holdings	129,461	138,879	133,372	138,060
RSUs (Treasury stock method)	1,768	3,143	1,979	3,222
Other	237		325	
Fully diluted weighted-average shares of common stock outstanding	244,110	226,495	240,703	224,949
Fully diluted earnings per share	\$ 0.09	\$ 0.09	\$ 0.17	\$ 0.04

For the three months ended June 30, 2011 and 2010, approximately 27.6 million and 33.5 million shares underlying stock options, RSUs, the 8.75% convertible notes and warrants were not included in the computation of fully diluted earnings per share because their effect would have been anti-dilutive.

Additionally, for the three months ended June 30, 2011, approximately 0.5 million contingently issuable shares of contingent Class A common stock were excluded from the computation of fully diluted earnings per share because the conditions for issuance had not been met by the end of the period. For the three months ended June 30, 2010, there were no contingently issuable shares of contingent Class A common stock excluded from the computation of fully diluted earnings per share.

Unit Redemptions and Stock Repurchase Program

Total Redemptions and Repurchases	1,055,047	\$ 8.14	\$ 59,216,028
Stock Issuances			

During the year ended December 31, 2010, the Company entered into two controlled equity offering sales agreements with CF&Co pursuant to which the Company may offer and sell up to an aggregate of 11,000,000 shares of Class A common stock from time to time through CF&Co, as the Company's sales agent under these agreements. CF&Co is a wholly-owned subsidiary of Cantor and an affiliate of the Company. Under these agreements, the Company has agreed to pay CF&Co 2% of the gross proceeds from the sale of shares.

During the three months ended June 30, 2011, the Company issued 944,891 shares of its Class A common stock related to exchanges and redemptions of limited partnership units as well as for general corporate purposes. Substantially all of these issuances were for the exchange and redemption of limited partnership units as part of the global redemption and compensation restructuring program. The issuances related to these exchanges and redemptions did not change the amount of fully diluted shares outstanding.

During the year ended December 31, 2010, the Company issued 7,117,622 shares of its Class A common stock related to exchanges and redemptions of limited partnership units as well as for general corporate purposes. These issuances included 4,523,505 shares issued for the exchange and redemption of limited partnership units as part of the global redemption and compensation restructuring program. The issuances related to these exchanges and redemptions did not change the amount of fully diluted shares outstanding. These issuances also included 2,594,117 shares of Class A common stock issued for general corporate purposes.

Table of Contents

4. Securities Owned

Securities owned primarily consist of short-term investments in government debt.

Total securities owned were \$12.8 million and \$11.1 million as of June 30, 2011 and December 31, 2010, respectively. Securities owned consisted of the following (in thousands):

	June 30, 2011	December 31, 2010
Government debt	\$ 12,005	\$ 11,009
Equities	826	87
Total	\$ 12,831	\$ 11,096

As of June 30, 2011, the Company did not pledge any of the securities owned to satisfy deposit requirements at various exchanges or clearing organizations.

5. Marketable Securities

Marketable securities consist of the Company's ownership of various investments. The investments, which had a fair value of \$2.3 million as of June 30, 2011 and \$4.6 million as of December 31, 2010, are classified as available-for-sale and accordingly recorded at fair value. Unrealized gains or losses are included as part of Accumulated other comprehensive income (loss) in the accompanying unaudited condensed consolidated statements of financial condition.

Table of Contents**6. Receivables from and Payables to Broker-Dealers, Clearing Organizations, Customers and Related Broker-Dealers**

Receivables from and payables to broker-dealers, clearing organizations, customers and related broker-dealers primarily represent amounts due for undelivered securities, amounts related to open derivative contracts, cash held at clearing organizations and exchanges to facilitate settlement and clearance of matched principal transactions, and spreads on matched principal transactions that have not yet been remitted from/to clearing organizations and exchanges. The receivables from and payables to broker-dealers, clearing organizations, customers and related broker-dealers consisted of the following (in thousands):

	June 30, 2011	December 31, 2010
Receivables from broker-dealers, clearing organizations, customers and related broker-dealers:		
Contract values of fails to deliver	\$ 780,404	\$ 415,520
Receivables from clearing organizations	32,747	48,345
Other receivables from broker-dealers and customers	24,797	6,948
Open derivative contracts	1,627	1,573
Net pending trades		1,883
Total	\$ 839,575	\$ 474,269
Payables to broker-dealers, clearing organizations, customers and related broker-dealers:		
Contract values of fails to receive	\$ 754,364	\$ 423,829
Other payables to broker-dealers and customers	22,166	3,449
Net pending trades	2,553	
Open derivative contracts	370	944
Payables to clearing organizations		1,255
Total	\$ 779,453	\$ 429,477

A portion of these receivables and payables are with Cantor. See Note 9 Related Party Transactions, for additional information related to these receivables and payables. Substantially all open fails to deliver and fails to receive transactions as of June 30, 2011 have subsequently settled at the contracted amounts.

7. Derivatives

The Company has entered into OTC derivative contracts. These derivative contracts primarily consist of interest rate and foreign exchange swaps. The Company enters into derivative contracts to facilitate client transactions, to hedge principal positions and to facilitate hedging activities of affiliated companies. Open derivative contracts are recognized at the fair value of the related assets and liabilities as part of

Receivables from and Payables to broker-dealers, clearing organizations, customers and related broker-dealers in the accompanying unaudited condensed consolidated statements of financial condition.

The fair values of derivative contracts are determined from quoted market prices or other public price sources. The Company does not designate any derivative contracts as hedges for accounting purposes. The change in fair value of derivative contracts is reported as part of Principal transactions in the accompanying unaudited condensed consolidated statements of operations.

Table of Contents

The fair value of derivative financial instruments, computed in accordance with the Company's netting policy, is set forth below (in thousands):

	June 30, 2011		December 31, 2010	
	Assets	Liabilities	Assets	Liabilities
Interest rate swaps	\$ 1,627	\$	\$ 1,573	\$
Foreign exchange swaps		370		944
	\$ 1,627	\$ 370	\$ 1,573	\$ 944

The notional amounts of the interest rate swaps transactions at June 30, 2011 and December 31, 2010 were \$1.6 billion and \$1.8 billion, respectively. These represent matched customer transactions settled through and guaranteed by a central clearing organization.

All of the Company's foreign exchange swaps are with Cantor. The notional amounts of the foreign exchange swap transactions at June 30, 2011 and December 31, 2010 were \$271.7 million and \$128.8 million, respectively.

The replacement cost of contracts in a gain position at June 30, 2011 was \$1.6 million from various counterparties. These counterparties are not rated by a credit rating organization.

9. Related Party Transactions***Service Agreements***

Throughout Europe and Asia, the Company provides Cantor with administrative services, technology services and other support for which it charges Cantor based on the cost of providing such services plus a mark-up, generally 7.5%. In the UK, the Company provides these services to Cantor through Tower Bridge International Services L.P. (Tower Bridge). The Company owns 52% of Tower Bridge and consolidates it, and Cantor owns 48%. Cantor's interest in Tower Bridge is reflected as a component of Noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of financial condition, and the portion of Tower Bridge's income attributable to Cantor is included as part of Net income (loss) attributable to noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of operations. In the United States (U.S.), the Company provides Cantor with technology services for which it charges Cantor based on the cost of providing such services.

The Company, together with other leading financial institutions, formed ELX Futures, L.P. (ELX), a limited partnership that has established a fully-electronic futures exchange. ELX is 26.3% owned by the Company and is accounted for under the equity method of accounting. During the six months ended June 30, 2011, the Company made no cash contributions to ELX. The Company has entered into a technology services agreement with ELX pursuant to which the Company provides software technology licenses, monthly maintenance support and other technology services as requested by ELX.

For the three months ended June 30, 2011 and 2010, the Company recognized related party revenues of \$16.2 million and \$16.4 million, respectively, for the services provided to Cantor and ELX. For the six months ended June 30, 2011 and 2010, the Company recognized related party revenues pursuant to these agreements of \$31.6 million and \$32.4 million, respectively. These revenues are included as part of Fees from related parties in the Company's unaudited condensed consolidated statements of operations. In the U.S., Cantor and its affiliates provide the Company with administrative services and other support for which Cantor charges the Company based on the cost of providing such services. In connection with the services Cantor provides, the Company and Cantor entered into an employee lease agreement whereby certain employees of Cantor are deemed leased employees of the Company.

For the three months ended June 30, 2011 and 2010, the Company was charged \$10.0 million and \$8.5 million, respectively, for the services provided by Cantor and its affiliates, of which \$7.0 million and \$5.2 million, respectively, were to cover compensation to leased employees for the three months ended June 30, 2011 and 2010. For the six months ended June 30, 2011 and 2010, the Company was charged \$17.2 million and \$17.5 million, respectively, for the services provided by Cantor and its affiliates, of which \$11.6 million and \$10.1 million, respectively, were to cover compensation to leased employees for the six months ended June 30, 2011 and 2010. The fees paid to Cantor for administrative and support services, other than those to cover the compensation costs of leased employees, are included as part of Fees to related parties in the Company's unaudited condensed consolidated statements of operations. The fees paid to Cantor to cover the compensation costs of leased employees are included as part of Compensation and employee benefits in the Company's unaudited condensed consolidated statements of operations.

As of June 30, 2011 and 2010, Cantor's share of the net income in Tower Bridge was \$0.9 million and \$0.6 million, respectively. Cantor's noncontrolling interest is included as part of Noncontrolling interest in subsidiaries in the Company's unaudited condensed consolidated statements of financial condition.

Clearing Agreement

The Company receives certain clearing services (Clearing Services) from Cantor in Europe and the U.S. pursuant to its clearing agreement (Clearing Agreement). These Clearing Services are provided in exchange for payment by the Company of third-party clearing costs and allocated costs. The costs associated with these payments are included as part of Fees to related parties in the Company's unaudited condensed consolidated statements of operations.

Table of Contents

The Company intends to continue this relationship with Cantor. Accordingly, the Company expects that Cantor will continue to post clearing capital on our behalf, and the Company will continue to be required to post clearing capital with Cantor as requested under the Clearing Agreement. As of June 30, 2011, no amounts have been requested by Cantor pursuant to the Clearing Agreement.

Debt Guaranty Agreements

On April 1, 2008, in connection with the Note Purchase Agreement, which authorized the issue and sale of \$150.0 million principal amount of the Company's Senior Notes which matured on April 1, 2010, Cantor provided a guaranty of payment and performance on the Senior Notes. Cantor charged the Company an amount equal to 2.31% of the outstanding principal amount of the Senior Notes for the provision of the guaranty. The fees paid to Cantor for the guaranty are included as part of Fees to related parties in the Company's unaudited condensed consolidated statements of operations.

This guaranty agreement expired as the Senior Notes matured on April 1, 2010. Therefore, for the three months ended June 30, 2011 and 2010, as well as the six months ended June 30, 2011, the Company did not recognize any expense in relation to this guaranty agreement. For the six months ended June 30, 2010, the Company recognized expense of approximately \$0.9 million in relation to this guaranty agreement.

Receivables from and Payables to Related Broker-Dealers

Amounts due from or to Cantor and Freedom International Brokerage are for open derivative contracts and/or transactional revenues under a technology and services agreement with Freedom International Brokerage. These are included as part of Receivables from and payables to broker-dealers, clearing organizations, customers and related broker-dealers or Payables to broker-dealers, clearing organizations, customers and related broker-dealers in the Company's unaudited condensed consolidated statements of financial condition. Newmark Acquisition

On April 28, 2011, the Company announced that it had entered into an agreement to acquire Newmark, the real estate advisory firm which operates as Newmark Knight Frank in the U.S. and which is associated with London-based Knight Frank. The transaction encompasses approximately 425 Newmark brokers and includes Newmark's New York business as well as a majority interest in other domestic offices and certain of its affiliates. The purchase price will consist of cash, stock and assumption of debt. Upon acquisition, certain of Newmark's management and brokers are expected to become partners in the Company following the closing. CF&Co, an affiliate of Cantor, acted as an adviser in connection with this transaction.

Controlled Equity Offerings/Payment of Commissions to CF&Co

As discussed in Note 3 Earnings Per Share, during 2010, the Company entered into two controlled equity offering agreements with CF&Co, as the Company's sales agent. For the three months ended June 30, 2011 and 2010, the Company was charged approximately \$0.1 million and \$0.4 million, respectively and for the six months ended June 30, 2011 and 2010, the Company was charged approximately \$0.4 million and \$0.4 million, respectively, for services provided by CF&Co related to these agreements. Cantor Purchase of Cantor Units upon Redemption of Founding/Working Partner Units from BGC Holdings

Cantor has the right to purchase Cantor units from BGC Holdings upon redemption of nonexchangeable founding/working partner units redeemed by BGC Holdings upon termination or bankruptcy of the founding/working partner. Any such Cantor units purchased by Cantor are exchangeable for shares of Class B common stock or, at Cantor's election or if there are no additional authorized but unissued shares of Class B common stock, shares of Class A common stock, in each case on a one-for-one basis (subject to customary anti-dilution adjustments). As of June 30, 2011, BGC Holdings had the right to redeem an aggregate of 343,655 nonexchangeable founding/working partner units and Cantor will have the right to buy the equivalent number of Cantor units on terms yet to be determined.

Other Transactions

The Company is authorized to enter into loans, investments or other credit support arrangements for Aqua Securities L.P. (Aqua), an alternative electronic trading platform which offers new pools of block liquidity to the global equities markets, of up to \$5.0 million in the aggregate; such arrangements would be proportionally and on the same terms as similar arrangements between Aqua and Cantor. A \$2.0 million increase in this amount was authorized on November 1, 2010. Aqua is 51% owned by Cantor and 49% owned by the Company. Aqua is accounted for under the equity method of accounting. During the six months ended June 30, 2011 and 2010, the Company made \$0.9 million and \$1.3 million, respectively, in cash contributions to Aqua. These contributions are recorded as part of Investments in the Company's unaudited condensed consolidated statements of financial condition.

The Company is authorized to enter into short-term arrangements with Cantor to cover any failed U.S. Treasury securities transactions and to share equally any net income resulting from such transactions, as well as any similar clearing and settlement issues. As of June 30, 2011, the Company had not entered into any arrangements to cover any failed U.S. Treasury transactions.

The Company is authorized to enter into an indemnity agreement with Cantor with respect to the guarantee by Cantor of any liabilities associated with our application for a brokering license in China.

To more effectively manage the Company's exposure to changes in foreign exchange rates, the Company and Cantor agreed to jointly manage the exposure. As a result, the Company is authorized to divide the quarterly allocation of any profit or loss relating to foreign exchange currency hedging between Cantor and the Company. The amount allocated to each party is based on the total net exposure for the Company and Cantor. The ratio of gross exposures of Cantor and the Company will be utilized to determine the shares of profit or loss allocated to each for the period. During the six months ended June 30, 2011, the Company recognized its share of foreign exchange loss of \$0.2 million. This loss is included as part of Other expenses in the unaudited condensed consolidated statements of operations.

Table of Contents

During the year ended December 31, 2010, Cantor converted 600,000 shares of its Class B common stock into 600,000 shares of Class A common stock. This conversion did not change the amount of fully diluted shares outstanding.

During the year ended December 31, 2010, Cantor exchanged 3,700,000 Cantor units for 3,700,000 shares of Class A common stock. This exchange did not change the amount of fully diluted shares outstanding.

On May 5, 2011, the Company issued 9,000,000 shares of Class A common stock to Cantor upon Cantor's exchange of 9,000,000 Cantor units. Substantially all of these shares have been included on a registration statement for resale by various partner distributees and charitable organizations which may receive donations from Cantor. In addition, on May 6, 2011, the Company issued 9,000,000 shares of Class B common stock of the Company to Cantor upon Cantor's exchange of 9,000,000 Cantor units. All of these shares are restricted securities. These issuances did not change the fully diluted number of shares outstanding. As a result of this exchange and the transactions described above, as of June 30, 2011, Cantor held an aggregate of 47,862,204 Cantor units.

On July 2, 2010, the Company filed a resale Registration Statement on Form S-3 (the Resale Registration Statement) with respect to 3,500,000 shares of Class A common stock that may be sold by Cantor for the account of certain retained and founding/working partners and/or by such retained and founding/working partners, as distributees of shares of Class A common stock from Cantor, from time to time on a delayed or continuous basis.

On September 3, 2010, the Company filed Amendment No. 1 to the Resale Registration Statement to update the number of shares that may be sold under the Resale Registration Statement to 3,646,055, excluding 53,945 of the distribution rights shares distributed to Stephen M. Merkel, the Company's Executive Vice President, General Counsel & Secretary, and repurchased by the Company, but including 200,000 shares contributed by Cantor to The Cantor Fitzgerald Relief Fund (the Relief Fund). On October 1, 2010, the Company filed Amendment No. 2 to the Resale Registration Statement, updating the number of shares that may be sold under the Resale Registration Statement to 3,494,891, including 61,817 shares that could be sold by the Relief Fund after the Relief Fund sold 138,183 shares to Mr. Lutnick and his accounts. The Resale Registration Statement was declared effective by the SEC on October 12, 2010. On November 22, 2010, the Company filed a prospectus supplement to the Resale Registration Statement primarily to include the names of additional selling stockholders and revise other information, as appropriate. The prospectus supplement to the Resale Registration Statement included 48,149 shares for the Relief Fund and reflected the Relief Fund's sale of an additional 13,668 shares to Mr. Lutnick and his accounts on November 3, 2010. The primary purposes of the Resale Registration Statement are to enable retained and founding/working partners to resell certain distribution rights shares which they have a right to acquire from Cantor and to enable the Relief Fund to sell certain shares of Class A common stock donated to it by Cantor. The Company is bearing all of the expenses of the Resale Registration Statement and sale of the shares, except selling stockholders are paying their own commissions for the sale of their shares. While Cantor is nominally listed as a selling stockholder, it has not and will not sell any shares for its own account under the Resale Registration Statement.

On August 2, 2010, the Company was authorized to engage CF&Co and its affiliates to act as financial advisor in connection with one or more third-party business combination transactions with or involving one or more targets as requested by the Company on behalf of its affiliates from time to time on specified terms, conditions and fees. In addition, on September 3, 2010 the Company filed a registration statement on Form S-4 (the Form S-4 Registration Statement), which was declared effective by the SEC on October 12, 2010, for the offer and sale of up to 20,000,000 shares of Class A common stock from time to time in connection with business combination transactions, including acquisitions of other businesses, assets, properties or securities. In addition to shares of Class A common stock, the Company may offer other consideration in connection with such business combination transactions, including, but not limited to, cash, notes or other evidences of indebtedness, BGC Holdings units that may be exchangeable for shares of the Company's Class A common stock offered and sold on the Form S-4 Registration Statement, assumption of liabilities or a combination of these types of consideration. The Form S-4 Registration Statement states that the Company may pay finders', investment banking or financial advisory fees to broker-dealers, including, but not limited to, CF&Co and its affiliates, from time to time in connection with certain business combination transactions, and, in some cases, the Company may issue shares of the Company's Class A common stock offered pursuant to the Form S-4 Registration Statement in full or partial payment of such fees.

13. Notes Payable and Collateralized Borrowings

On March 31, 2008, the Company entered into a Note Purchase Agreement pursuant to which it issued \$150.0 million principal amount of its senior notes (the Senior Notes) to a number of investors. The Senior Notes incurred interest semiannually at the rate of 5.19% per annum (plus 2.31% per annum paid to Cantor for the guarantee provision as discussed in Note 9 Related Party Transactions). The Senior Notes matured on April 1, 2010. Therefore, the Company did not record any interest expense related to the Senior Notes for the three months ended June 30, 2010 or 2011. During the six months ended June 30, 2010, the Company recorded interest expense related to the Senior Notes of \$1.9 million prior to their maturity on April 1, 2010.

On April 1, 2010, BGC Holdings issued an aggregate of \$150.0 million principal amount of the 8.75% convertible notes to Cantor in a private placement transaction. The Company used the proceeds to repay at maturity the Senior Notes.

The 8.75% convertible notes are senior unsecured obligations and rank equally and ratably with all existing and future senior unsecured obligations of the Company. The 8.75% convertible notes bear an annual interest rate of 8.75%, payable semi-annually in arrears on April 15 and October 15 of each year, beginning on October 15, 2010, and are currently convertible into approximately 22.1 million shares of Class A common stock. The 8.75% convertible notes will mature on April 15, 2015, unless earlier repurchased, exchanged or converted.

The Company recorded interest expense related to the 8.75% convertible notes of \$3.3 million and \$3.3 million for the three months ended June 30, 2011 and 2010, respectively, and \$6.6 million and \$3.3 million for the six months ended June 30, 2011 and 2010, respectively. The conversion rate of the BGC Holdings Notes into BGC Holdings exchangeable limited partnership interests and the conversion rate of the 8.75% convertible notes into shares of Class A common stock are subject to customary adjustments upon certain corporate events, including stock dividends and stock splits on the Class A common stock and the Company's payment of a quarterly cash dividend in excess of \$0.10 per share of Class A common stock. The conversion rate will not be adjusted for accrued and unpaid interest to the conversion date.

On September 25, 2009, BGC Partners, L.P. entered into a secured loan arrangement, under which it pledged certain fixed assets including furniture, computers and telecommunications equipment in exchange for a loan of \$19.0 million. The principal and interest on this secured loan arrangement are repayable in 36 consecutive monthly installments at a fixed rate of 8.09% per annum. The outstanding balance of the secured loan arrangement was \$8.5 million as of June 30, 2011 and \$11.6 million as of December 31, 2010. The value of the fixed assets pledged

Table of Contents

was \$7.2 million as of June 30, 2011 and \$9.6 million as of December 31, 2010. The secured loan arrangement is guaranteed by the Company. The Company recorded interest expense related to the secured loan arrangement of \$0.2 million and \$0.3 million for the three months ended June 30, 2011 and 2010, respectively, and \$0.4 million and \$0.7 million for the six months ended June 30, 2011 and 2010, respectively.

On various dates during 2010 and continuing through June 30, 2011, the Company sold certain furniture, equipment and software for \$34.2 million, net of costs, and concurrently entered into agreements to lease the property back. The principal and interest on the leases are repayable in equal monthly installments for terms of 36 months (software) and 48 months (furniture and equipment) with maturities through September 2014. The outstanding balance of the leases was \$28.0 million as of June 30, 2011. The Company recorded interest expense of \$0.4 million and \$0.0 for the three months ended June 30, 2011 and 2010, respectively, and \$0.7 million and \$0.0 for the six months ended June 30, 2011 and 2010, respectively. Because assets revert back to the Company at the end of the leases, the transactions were capitalized. As a result, consideration received from the purchaser is included in the unaudited condensed consolidated balance sheets as a financing obligation, and payments made under the lease are being recorded as interest expense (at an effective rate of approximately 6%). Depreciation on these fixed assets will continue to be charged to Occupancy and equipment in the unaudited condensed consolidated statements of operations.

On June 23, 2011, the Company entered into a \$130.0 million credit agreement (the Credit Agreement) which provides for up to \$130.0 million of unsecured revolving credit through June 23, 2013. Borrowings under the Credit Agreement will bear interest at a per annum rate equal to, at the Company's option, either (a) a base rate equal to the greatest of (i) the prime rate as established by the Administrative Agent from time to time, (ii) the average federal funds rate plus 0.5%, and (iii) the reserve adjusted one-month LIBOR reset daily plus 1.0%, or (b) the reserve adjusted LIBOR for interest periods of one, two, three or six months, as selected by the Company, in each case plus an applicable margin. The applicable margin will initially be 2.0% with respect to base rate borrowings in (a) above and 3.0% with respect to borrowings selected as LIBOR borrowings in (b) above, but may increase to a maximum of 3.0% and 4.0%, respectively, depending upon the Company's credit rating. The Credit Agreement also provides for an unused facility fee and certain upfront and arrangement fees. The Credit Agreement requires that the outstanding loan balance be reduced to zero every 270 days for three days. The Credit Agreement further provides for certain financial covenants, including minimum equity, tangible equity and interest coverage, as well as maximum levels for total assets to equity capital and debt to equity. The Credit Agreement also contains certain other affirmative and negative covenants. As of June 30, 2011, there were no borrowings outstanding under the Credit Agreement.

14. Compensation***Restructuring of Compensation Arrangements, Redemptions, and Related Charges***

In March 2010, the Company began a global partnership redemption and compensation restructuring program to enhance the Company's employment arrangements by leveraging the Company's unique partnership structure. Under this program, participating partners generally agree to extend the lengths of their employment agreements, to accept a larger portion of their compensation in limited partnership units and to other contractual modifications sought by the Company. Also as part of this program, the Company redeemed limited partnership units and founding/working partner units for cash and/or other units and granted exchangeability to certain units. At the same time, the Company sold shares of Class A common stock under its controlled equity offering (see Note 3 Earnings Per Share).

In connection with the global partnership redemption and compensation restructuring program, the Company granted exchangeability on limited partnership units of 2,540,644 units and 4,010,260 units for the three months ended June 30, 2011 and June 30, 2010, respectively, for which the Company incurred compensation expense of approximately \$23.0 million and \$23.7 million, respectively. These expenses are included in Compensation and employee benefits in the accompanying unaudited condensed consolidated statements of operations.

During the six months ended June 30, 2010, the Company completed the global compensation restructuring related to the modification of pre-merger contractual arrangements which accelerated the amortization of the associated deferred compensation expense. As a result, the Company incurred a one-time compensation charge of \$41.3 million. Additionally, during the six months ended June 30, 2011 and 2010, the Company granted exchangeability on 3,674,069 and 6,350,743 limited partnership units for which the Company incurred

compensation expense of \$34.0 million and \$39.4 million, respectively. These expenses are also included in Compensation and employee benefits in the unaudited condensed consolidated statements of operations.

Restricted Stock Units

A summary of the activity associated with RSUs is as follows:

	Restricted Stock Units	Weighted- Average Grant Date Fair Value	Weighted- Average Remaining Contractual Term (Years)
Balance at December 31, 2010	4,271,429	\$ 4.13	0.87
Granted	973,699	8.48	
Less: Delivered units	1,501,961	3.53	
Less: Forfeited units	473,178	3.00	
Balance at June 30, 2011	3,269,989	\$ 5.87	1.12

The fair value of RSUs awarded to employees and directors is determined on the date of grant based on the market value of Class A common stock and is recognized, net of the effect of estimated forfeitures, ratably over the vesting period. The Company uses historical data, including historical forfeitures and turnover rates, to estimate expected forfeiture rates for both employee and director RSUs. Each RSU is settled in one share of Class A common stock upon completion of the vesting period.

During the six months ended June 30, 2011 and 2010, the Company granted 1.0 million and 1.6 million, respectively, of RSUs with aggregate estimated grant date fair values of approximately \$8.3 million and \$7.9 million, respectively, to employees and directors. These RSUs were awarded in lieu of cash compensation for salaries, commissions and/or discretionary or guaranteed bonuses. RSUs granted to these individuals generally vest over a two-, three- or four-year period.

As of June 30, 2011 and 2010, the aggregate estimated grant date fair value of outstanding RSUs was approximately \$19.2 million and \$16.6 million, respectively.

Compensation expense related to RSUs, before associated income taxes, was approximately \$2.5 million and \$2.3 million for the three months ended June 30, 2011 and 2010, respectively, and \$4.6 million and \$3.7 million for the six months ended June 30, 2011 and 2010, respectively. As of June 30, 2011, there was \$14.6 million of total unrecognized compensation expense related to unvested RSUs.

Stock Options

A summary of the activity associated with stock options is as follows:

	Options	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
Balance at December 31, 2010	10,379,540	\$ 12.34	3.25	\$ 6,626,196
Less: Exercised options	1,811,606	5.10		
Less: Forfeited options	55,799	20.83		
Balance at June 30, 2011	8,512,135	\$ 13.82	2.31	\$ 649,689
Options exercisable at June 30, 2011	8,512,135	\$ 13.82	2.31	\$ 649,689

Edgar Filing: BGC Partners, Inc. - Form 10-Q

The Company did not grant any stock options during the six months ended June 30, 2011 and 2010. The Company did not record any compensation expense related to stock options for the six months ended June 30, 2011 and 2010. As of June 30, 2011, there was no unrecognized compensation cost related to unvested stock options.

Table of Contents**Limited Partnership Units**

A summary of the activity associated with limited partnership units is as follows:

	Number of Units	Notional Value
Balance at December 31, 2010	40,851,365	\$ 42,873,120
Granted	13,414,385	6,146,011
Less: Redeemed units	2,027,126	4,577,815
Less: Forfeited units	4,322,356	3,630,000
Balance at June 30, 2011	47,916,268	\$ 40,811,316

The Company recognized compensation expense, before associated income taxes, related to limited partnership units that were not redeemed of approximately \$1.6 million and \$2.6 million for the three months ended June 30, 2011 and 2010, respectively. The Company recognized compensation expense, before associated income taxes, related to limited partnership units that were not redeemed, of \$3.3 million and \$5.6 million for the six months ended June 30, 2011 and 2010, respectively. As of June 30, 2011 and December 31, 2010, the aggregate fair value of limited partnership units held by executives and non-executive employees was approximately \$11.7 million and \$8.7 million, respectively.

Business Partner Warrants

A summary of the activity associated with business partner warrants is as follows (warrants in thousands):

	Warrants	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (Years)
Balance at December 31, 2010	653	\$ 10.36	
Less: Expired warrants	313	8.87	
Balance at June 30, 2011	340	\$ 11.74	0.63

The Company did not recognize any expense related to the business partner warrants for the three and six months ended June 30, 2011 and 2010, respectively.

15. Commitments, Contingencies and Guarantees**Commitments**

In the event the Company anticipates incurring costs under any of its leases that exceed anticipated sublease revenues, it recognizes a loss and records a liability for the present value of the excess lease obligations over the estimated sublease rental income. The liability for future lease payments, net of anticipated sublease rental income, was approximately \$4.2 million and \$0.6 million, as of June 30, 2011 and December 31, 2010, respectively, and is included as part of Accounts payable, accrued and other liabilities in the accompanying unaudited condensed consolidated statements of financial condition. The lease liability takes into consideration various assumptions, including prevailing rental rates. The Company adjusted its lease liability in the three months ended June 30, 2011 based on a review of prevailing rental rates in the second quarter. The adjustment of the Company's lease liability resulted in a charge of \$3.6 million in the three months ended June 30, 2011, which is included as part of Occupancy and equipment in the unaudited condensed consolidated statements of operations.

Contingencies

Edgar Filing: BGC Partners, Inc. - Form 10-Q

In the ordinary course of business, various legal actions are brought and are pending against the Company and its affiliates in the U.S. and internationally. In some of these actions, substantial amounts are claimed. The Company is also involved, from time to time, in reviews, examinations, inspections, investigations and enforcement actions by governmental and self-regulatory agencies (both formal and informal) regarding the Company's business. These matters may result in judgments, settlements, costs, fines, penalties, sanctions or other relief. The following

Table of Contents

generally does not include matters that the Company has pending against other parties which, if successful, would result in awards in favor of the Company or its subsidiaries.

Employment and Competitor-Related Litigation

From time to time, the Company and its affiliates are involved in litigation, claims and arbitrations, in the U.S. and internationally, relating to various employment matters, including with respect to termination of employment, hiring of employees currently or previously employed by competitors, terms and conditions of employment and other matters. In light of the competitive nature of the brokerage industry, litigation, claims and arbitration between competitors regarding the hiring of employees are not uncommon.

Other Matters

On February 15, 2006, the SEC issued a formal order of investigation into trading by certain inter-dealer brokers in the government and fixed income securities markets. The formal order alleges that the broker-dealers named therein, including us, (1) may have made fictitious quotations or made false or misleading statements about the prices at which U.S. Treasury or other fixed income securities would be purchased or sold, (2) may have fabricated market quotations or trading activity in U.S. Treasury or other fixed income securities to stimulate trading and to generate commissions, (3) may have engaged in front running or interpositioning, (4) may have engaged in fraudulent, deceptive or manipulative acts to induce the purchase or sale of government securities, (5) may have failed to keep and preserve certain books and records as required by the SEC and/or the U.S. Treasury and (6) may have failed to supervise with a view to preventing violations of applicable rules and regulations as required by the Exchange Act. We are cooperating in the investigation, which has been inactive for over a year. Our management believes that, based on the currently available information, the final outcome of the investigation will not have a material adverse effect on our consolidated financial condition, results of operations or cash flows.

In August 2004, Trading Technologies International, Inc. (TT) commenced an action in the United States District Court, Northern District of Illinois, Eastern Division, against us. In its complaint, TT alleged that we infringed two of its patents. TT later added eSpeed International Ltd., ECCO LLC and ECCO Ware LLC as defendants. On June 20, 2007, the Court granted eSpeed's motion for partial summary judgment on TT's claims of infringement covering the then current versions of certain products. As a result, the remaining products at issue in the case were the versions of the eSpeed and ECCO products that have not been on the market in the U.S. since around the end of 2004. After a trial, a jury rendered a verdict that eSpeed and ECCO willfully infringed. The jury awarded TT damages in the amount of \$3.5 million against ECCO and eSpeed. Thereafter, the Court granted eSpeed's motion for directed verdict that eSpeed's infringement was not willful as a matter of law, and denied eSpeed's general motions for directed verdict and for a new trial. eSpeed's remittitur motion was conditionally granted in part. TT indicated by letter that it accepted the remittitur, which would reduce the total principal amount of the verdict to \$2,539,468. Although ultimately the Court's Final Judgment in a Civil Case contained no provision for monetary damages, TT's motion for pre-judgment interest was granted, and interest was set at the prime rate, compounded monthly. On May 23, 2008, the Court granted TT's motion for a permanent injunction and on June 13, 2008 denied its motion for attorneys' fees. On July 16, 2008, TT's costs were assessed by the Court clerk in the amount of \$3,321,776 against eSpeed. eSpeed filed a motion to strike many of these costs, which a magistrate judge said on October 29, 2010 should be assessed at \$381,831. We have asked the District Court to reduce that amount. Both parties appealed to the United States Court of Appeals for the Federal Circuit, which issued an opinion on February 25, 2010, affirming the District Court on all issues presented on appeal. The mandate of the Court of Appeals was issued on April 28, 2010.

On June 9, 2010, TT filed in the District Court a Motion to Enforce the Money Judgment. We have opposed this motion on the ground that no money judgment was entered prior to the taking of the appeal by TT. A Magistrate Judge concluded there was no money judgment, but on its own initiative recommended the District Court amend the Final Judgment to include damages in the principal amount of \$2,539,468. On March 29, 2011, the District Court affirmed. The parties subsequently stipulated to a further amendment to the judgment to apportion this amount in accordance with the remitted jury verdict between eSpeed. We reserved our rights with respect to this amended judgment and on May 27, 2011 filed an appeal of the amended judgment, which remains pending. We may be required to pay TT damages and/or certain costs. We have accrued the amount of the District Court jury's verdict as remitted plus interest and a portion of the preliminarily assessed costs that we believe would cover the amount if any were actually awarded.

On February 3, 2010, TT filed another civil action against the Company in the Northern District of Illinois, alleging direct and indirect infringement of three additional patents, U.S. Patents Nos. 7,533,056, 7,587,357, and 7,613,651, and by later amendment to the complaint No. 7,676,411 by the eSpeedometer product. On June 24, 2010, TT filed a Second Amended Complaint to add certain of our affiliates. On May 25, 2011, TT filed a Third Amended Complaint substituting certain of our affiliates for the previously-named defendants. On June 15, 2011, TT filed a Fourth Amended Complaint adding claims of direct and indirect infringement of six additional U.S. Patents Nos. 7,685,055, 7,693,768, 7,725,382, 7,813,996, 7,904,374, and 7,930,240. We have moved to dismiss the claims of indirect infringement.

On August 24, 2009, Tullett Liberty Securities LLC (Tullett Liberty) filed a claim with Financial Industry Regulatory Authority (FINRA) dispute resolution (the FINRA Arbitration) in New York, New York against BGC Financial, L.P., an affiliate of BGC Partners (BGC Financial), one of BGC Financial's officers, and certain persons formerly or currently employed by Tullett Liberty subsidiaries. Tullett Liberty thereafter added Tullett Prebon Americas Corp. (Tullett Americas, together with Tullett Liberty, the Tullett Subsidiaries) as a claimant, and added 35 individual employees, who were formerly employed by the Tullett Subsidiaries, as respondents. In the FINRA Arbitration, the Tullett Subsidiaries allege that BGC Financial harmed their inter-dealer brokerage business by hiring 79 of their employees, and that BGC Financial aided and abetted various alleged wrongs by the employees, engaged in unfair competition, misappropriated trade secrets and confidential information, tortiously interfered with contract and economic relationships, and violated FINRA Rules of Conduct. The Tullett Subsidiaries also alleged certain breaches of contract and duties of loyalty and fiduciary duties against the employees. BGC Financial has generally agreed to indemnify the employees. In the FINRA Arbitration, the Tullett Subsidiaries claim compensatory damages of not less than \$779 million and exemplary damages of not less than \$500 million. The Tullett Subsidiaries also seek costs and permanent injunctions against the defendants.

The parties stipulated to consolidate the FINRA Arbitration with five other related arbitrations (FINRA Case Nos. 09-04807, 09-04842, 09-06377, 10-00139 and 10-01265) two arbitrations previously commenced against Tullett Liberty by certain of its former brokers now employed by BGC Financial, as well as three arbitrations commenced against BGC Financial by brokers who were previously employed by BGC Financial before returning to Tullett Liberty. FINRA did consolidate them. BGC Financial and the employees filed their Statement of Answer and BGC's Statement of Counterclaim. Tullett Liberty responded to BGC's Counterclaim. Tullett filed an action in the Supreme Court, New York County against three of BGC's executives involved in the recruitment in the New York metropolitan area. Tullett has agreed to add these claims to the FINRA Arbitration. Tullett and the Company have also agreed to join Tullett's claims against BGC Capital Markets, L.P. to the FINRA Arbitration.

On October 22, 2009, Tullett Prebon plc (Tullett) filed a complaint in the United States District Court for the District of New Jersey against BGC Partners captioned Tullett Prebon plc vs. BGC Partners, Inc. (the New Jersey Action). In the New Jersey Action, Tullett asserted claims relating to decisions made by approximately 81 brokers to terminate their employment with the Tullett Subsidiaries and join BGC Partners affiliates. In its complaint, Tullett made a number of allegations against BGC Partners related to raiding, unfair competition, New Jersey RICO, and other claims arising from the brokers' current or prospective employment by BGC Partners' affiliates. Tullett claimed compensatory damages against BGC Partners in excess of \$1 billion for various alleged injuries as well as exemplary damages. It also sought costs and an injunction against additional hirings.

In response to a BGC motion, Tullett filed its First Amended Complaint (the Amended New Jersey Complaint), which largely repeated the allegations of injury and the claims asserted in the initial complaint. The Amended New Jersey Complaint incorporates the damages sought in the FINRA Arbitration, repeats many of the allegations raised in the FINRA Arbitration and also references hiring of employees of Tullett affiliates by BGC Partners or BGC Partners' affiliates overseas, for which Tullett and/or the Tullett Subsidiaries have filed suit outside of the United States, including one in the High Court in London and another commenced by a Tullett affiliate against seven of our brokers in Hong Kong, on which we may have certain indemnity obligations. In the London action, the High Court found liability for certain of BGC Partners' actions, affirmed on appeal, and the case was settled during the damages hearing thereafter. BGC Partners moved to dismiss the Amended New Jersey Complaint, or in the alternative, to stay the action pending the resolution of the FINRA Arbitration. In that motion, BGC Partners argued that Tullett lacked standing to pursue its claims, that the court lacked subject matter jurisdiction and that each of the causes of action in the Amended New Jersey Complaint failed to state a legally sufficient claim. On June 18, 2010, the District Court ordered that the First Amended Complaint be dismissed with prejudice. Tullett appealed. On May 13, 2011, the United States Court of Appeals for the Third Judicial Circuit affirmed the decision.

Table of Contents

of the District Court dismissing the case with prejudice. Subsequently, Tullett has filed a complaint against BGC Partners in New Jersey state court alleging substantially the same claims. The New Jersey state action also raises claims related to employees who decided to terminate their employment with Tullett and join BGC Partners subsequent to the federal complaint.

Subsidiaries of Tullett filed additional claims with FINRA on April 4, 2011, seeking unspecified damages and injunctive relief against BGC Financial, L.P. (BGC Financial), an affiliate of BGC Partners, and nine additional former employees of the Tullett subsidiaries alleging similar claims related to BGC Financial's hiring of those nine employees in 2011. These claims have not been consolidated with the other FINRA proceedings. BGC Financial and those employees filed their Statement of Answer and the employee's Statement of Counterclaims, and the Tullett subsidiaries responded to the employees' counterclaims.

BGC Partners and its affiliates intend to vigorously defend against and seek appropriate affirmative relief in the FINRA Arbitration and the other actions, and believe that they have substantial defenses to the claims asserted against them in those proceedings, believe that the damages and injunctive relief sought against them in those proceedings are unwarranted and unprecedented, and believe that Tullett Liberty, Tullett and the Tullett Subsidiaries are attempting to use the judicial and industry dispute resolution mechanisms in an effort to shift blame to BGC Partners for their own failures. However, no assurance can be given as to whether Tullett, Tullett Liberty or any of the Tullett Subsidiaries may actually succeed against either BGC Partners or any of its affiliates.

In November, 2010, the Company's affiliates filed three proceedings against Tullett Prebon Information (C.I.) Ltd and certain of its affiliates. In these proceedings, our affiliates seek to recover hundreds of millions of dollars relating to Tullett's theft of BGCantor Market Data's proprietary data. BGCantor Market Data (and two predecessors in interest) seek contractual damages and two of our brokerage affiliates seek disgorgement of profits due to unfair competition.

In addition to the matters discussed above, the Company is a party to several pending legal proceedings and claims that have arisen during the ordinary course of business. The outcome of such matters cannot be determined with certainty; therefore, we cannot predict what the eventual loss or range of losses related to such matters will be. Management believes that, based on currently available information, the final outcome of such matters will not have a material adverse effect on our financial condition, results of operations or cash flows.

Legal reserves are established in accordance with FASB guidance on *Accounting for Contingencies*, when a material legal liability is both probable and reasonably estimable. Once established, reserves are adjusted when there is more information available or when an event occurs requiring a change. The outcome of such items cannot be determined with certainty; therefore, the Company cannot predict what the eventual loss related to such matters will be. Management believes that, based on currently available information, the final outcome of these current pending matters will not have a material adverse effect on the Company's financial position, results of operations, or cash flows.

Letter of Credit Agreements

The Company has irrevocable uncollateralized letters of credit with various banks, where the beneficiaries are clearing organizations through which it transacted, that are used in lieu of margin and deposits with those clearing organizations. As of June 30, 2011, the Company was contingently liable for \$1.9 million under these letters of credit.

Risk and Uncertainties

The Company generates revenues by providing financial intermediary and securities trading and brokerage activities to institutional customers and by executing and, in some cases, clearing transactions for institutional counterparties. Revenues for these services are transaction-based. As a result, revenues could vary based on the transaction volume of global financial markets. Additionally, financing is sensitive to interest rate fluctuations, which could have an impact on its overall profitability.

Table of Contents

Guarantees

The Company provides guarantees to securities clearing houses and exchanges which meet the definition of a guarantee under FASB interpretations. Under these standard securities clearing house and exchange membership agreements, members are required to guarantee, collectively, the performance of other members and, accordingly, if another member becomes unable to satisfy its obligations to the clearing house or exchange, all other members would be required to meet the shortfall. In the opinion of management, the Company's liability under these agreements is not quantifiable and could exceed the cash and securities it has posted as collateral. However, the potential of being required to make payments under these arrangements is remote. Accordingly, no contingent liability has been recorded in the Company's unaudited condensed consolidated statements of financial condition for these agreements.

16. Income Taxes

The accompanying unaudited condensed consolidated financial statements include U.S. federal, state and local income taxes on the Company's allocable share of the U.S. results of operations, as well as taxes payable to jurisdictions outside the U.S. In addition, certain of the Company's entities are taxed as U.S. partnerships and are subject to the Unincorporated Business Tax (UBT) in the City of New York. Therefore, the tax liability or benefit related to the partnership income or loss except for UBT rests with the partners, (see Note 2 Limited Partnership Interests in BGC Holdings for discussion of partnership interests) rather than the partnership entity. Income taxes are accounted for using the asset and liability method, as prescribed in FASB guidance on *Accounting for Income Taxes*. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is recorded against deferred tax assets if it is deemed more likely than not that those assets will not be realized. No deferred U.S. federal income taxes have been provided for the undistributed foreign corporate earnings since they have been permanently reinvested in the Company's foreign operations. It is not practical to determine the amount of additional tax that may be payable in the event these earnings are repatriated. Effective January 1, 2007, the Company adopted FASB guidance on *Accounting for Uncertainty in Income Taxes*. It is the Company's policy to provide for uncertain tax positions and the related interest and penalties based upon management's assessment of whether a tax benefit is more likely than not to be sustained upon examination by tax authorities. As of June 30, 2011, the Company had \$2.6 million of unrecognized tax benefits, all of which would affect the Company's effective tax rate if recognized. During the three and six months ended June 30, 2011, the Company did not have any material changes with respect to interest and penalties.

17. Regulatory Requirements

Many of the Company's businesses are subject to regulatory restrictions and minimum capital requirements. These regulatory restrictions and capital requirements may restrict the Company's ability to withdraw capital from its subsidiaries.

Certain U.S. subsidiaries of the Company are registered as U.S. broker-dealers or Futures Commissions Merchants subject to Rule 15c3-1 of the SEC and Rule 1.17 of the Commodity Futures Trading Commission, which specify uniform minimum net capital requirements, as defined, for their registrants, and also require a significant part of the registrants' assets be kept in relatively liquid form. As of June 30, 2011, the Company's U.S. subsidiaries had net capital in excess of their minimum capital requirements.

Certain European subsidiaries of the Company are regulated by the U.K. Financial Services Authority (the FSA) and must maintain financial resources (as defined by the FSA) in excess of the total financial resources requirement of the FSA. As of June 30, 2011, the European subsidiaries had financial resources in excess of their requirements.

Certain other subsidiaries of the Company are subject to regulatory and other requirements of the jurisdictions in which they operate.

Table of Contents

The regulatory requirements referred to above may restrict the Company's ability to withdraw capital from its regulated subsidiaries. As of June 30, 2011, \$330.4 million of net assets were held by regulated subsidiaries. These subsidiaries had aggregate regulatory net capital, as defined, in excess of the aggregate regulatory requirements, as defined, of \$221.6 million.

18. Segment and Geographic Information**Segment Information**

The Company currently operates its business in one reportable segment, that of providing financial intermediary services to the financial markets, integrated voice and electronic brokerage and trade execution services in a broad range of products and services, including global fixed income securities, equities, futures, foreign exchange, derivatives and other instruments, including proprietary market data offerings.

On July 24, 2011, the Company's Board of Directors declared a quarterly cash dividend of \$0.17 per share payable on August 25, 2011 to Class A and Class B common stockholders of record as of August 11, 2011.

Convertible Senior Notes

On July 29, 2011, the Company issued an aggregate of \$160 million principal amount of 4.50% Convertible Senior Notes due 2016 (the 4.50% convertible notes). In connection with the issuance of the 4.50% convertible notes, the Company entered into an Indenture, dated as of July 29, 2011, with U.S. Bank National Association, as trustee. The 4.50% convertible notes were offered and sold solely to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended.

The 4.50% convertible notes are general senior unsecured obligations of BGC Partners, Inc. The 4.50% convertible notes pay interest semiannually at a rate of 4.50% per annum and were priced at par. The 4.50% convertible notes are convertible, at the holder's option, at a conversion rate of 101.6260 shares of Class A common stock per \$1,000 principal amount of notes, subject to adjustment in certain circumstances. This conversion rate is equal to a conversion price of \$9.84 per share, a 20% percent premium over the \$8.20 closing price of BGC's Class A common stock on the NASDAQ on July 25, 2011. Upon conversion, the Company will pay or deliver, as the case may be, cash, shares of the Company's Class A common stock, or a combination thereof at the Company's election.

In connection with the offering of the 4.50% convertible notes, the Company entered into capped call transactions with affiliates of Bank of America Merrill Lynch and Deutsche Bank Securities. The capped call transactions are expected generally to reduce the potential dilution of the Company's Class A common stock upon any conversion of the 4.50% convertible notes in the event that the market value per share of the Company's Class A common stock, as measured under the terms of the capped call transactions, is greater than the strike price of the capped call transactions (which corresponds to the initial conversion price of the 4.50% convertible notes and is subject to certain adjustments similar to those contained in the 4.50% convertible notes). The capped call transactions have a cap price equal to \$12.30 per share (50% above the last reported sale price of the Company's Class A common stock on the NASDAQ on July 25, 2011).

The net proceeds from this offering were approximately \$144 million after deducting the initial purchasers' discounts and commissions, estimated offering expenses and the cost of the capped call transactions. The Company expects to use the net proceeds from the offering for general corporate purposes, which may include financing acquisitions.

Shares Issued under CEO

During the period since July 1, 2011 to the date of this filing, the Company issued, pursuant to its current controlled equity offering, 1,280,000 shares of Class A common stock related to exchanges and redemptions of limited partnership interests as well as for general corporate purposes.

The following discussion of BGC Partners, Inc. financial condition and results of operations should be read together with BGC Partners, Inc. unaudited condensed consolidated financial statements and notes to those statements, as well as forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act), included elsewhere in this Report. When used herein, the terms BGC Partners, BGC the Company, we, us refer to BGC Partners, Inc., including consolidated subsidiaries.

This discussion summarizes the significant factors affecting our results of operations and financial condition during the three and six months ended June 30, 2011 and 2010 and as of June 30, 2011. This discussion is provided to increase the understanding of, and should be read in conjunction with, our unaudited condensed consolidated financial statements and the notes thereto included elsewhere in this Report.

Overview and Business Environment

BGC Partners is a leading global brokerage company primarily servicing the wholesale financial markets. The Company specializes in the brokering of a broad range of financial products, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures, structured products and other instruments. BGC Partners also provides a full range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back office services to a broad range of financial and non-financial institutions. BGC Partners' integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or, where available, fully electronic brokerage services in connection with transactions executed either over-the-counter (OTC) or through an exchange. Through its eSpeed and BGC Trader brands, BGC Partners uses its technology to operate multiple buyer, multiple seller real-time electronic marketplaces for many of the world's most liquid capital markets. BGC Partners' neutral platform, reliable network, straight-through processing and superior products make it the trusted source for electronic trading for the world's largest financial firms. Through its BGC Market Data brand, the Company also offers globally distributed and innovative market data and analysis products for numerous financial instruments and markets. BGC Partners' customers include many of the world's largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments and investment firms. Named after fixed income trading innovator B. Gerald Cantor, BGC Partners has offices in 25 cities, located in New York and London, as well as in Aspen, Beijing, Chicago, Copenhagen, Dubai, Garden City (New York), Hong Kong, Istanbul, Johannesburg, Mexico City, Moscow, Nyon, Paris, Rio de Janeiro, São Paulo, Sarasota, Seoul, Singapore, Sydney, Tokyo, Toronto, West Palm Beach and Zurich.

The financial intermediary sector has been a competitive area that has had strong revenue growth over the past decade due to several factors. One factor is the increasing use of derivatives to manage risk or to take advantage of the anticipated direction of a market by allowing users to protect gains and/or guard against losses in the price of underlying assets without having to buy or sell the underlying assets. Derivatives are often used to mitigate the risks associated with interest rate movements, equity ownership, changes in the value of foreign currency, credit defaults by corporate and sovereign debtors and changes in the prices of commodity products. Over the past decade, demand from financial institutions, financial services intermediaries and large corporations have increased volumes in the wholesale derivatives market, thereby increasing the business opportunity for financial intermediaries.

Another key factor in the growth of the financial intermediary sector over the past decade has been the increase in the number of new products. As market participants and their customers strive to mitigate risk, new types of equity and fixed income securities, futures, options and other financial instruments are developed. These new securities and derivatives are not immediately ready for more liquid and standardized electronic markets, and generally increase the need for trading and require broker-assisted execution.

From the second half of 2008, and through the first three quarters of 2009, the onset of the credit crisis and ensuing global economic slowdown resulted in an industry-wide slowdown in growth or outright decline in the volumes for many of the OTC and listed products we broker. Beginning in December 2009, and continuing through the second quarter of 2011, industry-wide monthly volumes for many of the products we broker once again

Table of Contents

increased year-over-year. These industry volumes are generally good proxies for the volumes in our Rates, Foreign Exchange, and Equities and Other Asset Classes brokerage businesses.

BGC Growth Drivers

As a wholesale intermediary, our business is driven by several key drivers in addition to those listed above. These include: overall industry volumes in the markets in which we broker, the size and productivity of our front-office headcount (sales people and brokers alike), regulatory issues, and the percentage of our revenues related to fully electronic brokerage.

Many of these main drivers had a positive impact on our results in the second quarter of 2011 compared to the year earlier period.

Overall Market Volumes and Volatility

Trading volume is driven by a number of items, including the level of issuance for financial instruments, the price volatility of these financial instruments, overall macro-economic conditions, the creation and adoption of new financial products, the regulatory environment, and the introduction and adoption of new trading technologies. In general, increased price volatility increases the demand for hedging instruments, including many of the cash and derivative products which we broker.

Rates Volumes and Volatility

BGC's Rates business is particularly influenced by the level of sovereign debt issuance globally, and during 2010, this issuance continued to grow substantially. For example, according to the Securities Industry and Financial Markets Association (SIFMA), gross U.S. Treasury issuance, excluding bills, during 2010 increased by approximately 5% compared to 2009, and was over 2.2 times the level for 2008. Largely as a result of this increase, the U.S. Federal Reserve reported that U.S. Treasury average daily volumes traded by primary dealers increased by 24.0% year-over-year in the first half of 2011. Because we have a broader customer base than just primary dealers, and because of increased fully electronic trading by our clients across several desks, BGC's fully electronic Rates volumes increased by 29.3% year-over-year in the first half of 2011.

Analysts and economists expect sovereign debt issuance to remain at these high levels for the foreseeable future as governments finance their future deficits and roll over their sizable existing debt. For instance, according to the Congressional Budget Office (the CBO), U.S. federal debt will be 69% of GDP at the end of fiscal year 2011, versus 36% at the end of fiscal year 2007. The CBO currently estimates that U.S. federal debt will remain at or above these levels for at least the next decade. Similarly, the European Commission says that, in the aggregate, European Union (EU) government debt as a percent of GDP will increase from 59% in 2007 to 83% by 2012. For certain EU countries, the Commission expects this figure to be over 100% for the next few years.

Credit Volumes

The cash portion of BGC's Credit business is impacted by the level of global corporate bond issuance, while both the cash and credit derivatives sides of this business are impacted by sovereign and corporate issuance. BGC's Credit revenues increased by 1.3% in the second quarter of 2011 compared to a year earlier, despite an industry-wide softening in corporate bond and credit derivative activity. For example, in the second quarter of 2011 TRACE eligible corporate securities volumes were down 3.4% year-over-year. Although overall credit default swap (CDS) market activity remains below its 2008 peak, the notional value of CDS on government bonds increased due to concern by market participants over the large deficits facing various governments. The uncertainty caused by these sovereign fiscal issues positively impacted volumes, and thus our revenues in our sovereign CDS, Rates and Foreign Exchange (FX) businesses.

Foreign Exchange Volumes

The overall FX market continued to grow year-over-year in the second quarter of 2011, as credit is returning for many local banks that trade foreign exchange, particularly in emerging markets. CLS Group (CLS), which settles the majority of bank-to-bank spot and forward FX transactions, reports that its average daily value traded grew by 16.7% year-over-year in the second quarter of 2011. With respect to BGC's overall FX business, our

Table of Contents

revenues grew even faster than the corresponding industry figures in the second quarter of 2011: our fully electronic spot foreign exchange revenues were up 33.7% and our overall foreign exchange revenues were up 18.9%, both when compared to the second quarter of 2010.

Equity-Related Volumes and Volatility

BGC's revenues from Equities and Other Asset Classes were impacted in the second quarter of 2011 in part by trends in cash equity, equity derivatives and energy related volumes. For example, during the second quarter of 2011, overall European and U.S. cash equities volumes were generally down by double digit percentages year-over-year, while equity derivatives volumes (including indices) as reported by the Options Clearing Corporation, Eurex, and Euronext were flat-to-down. OCC equity options volumes were roughly flat, Eurex equity derivatives were down by approximately 12%, while Euronext equity derivatives were down approximately 22%. Energy and commodity volumes as reported by ICE and CME were up year-over-year during this timeframe. Overall, industry volumes had a dampening effect on BGC's Equities and Other Asset Classes business during the quarter. Despite the industry-wide weakness, BGC's Equities and Other Asset Classes business grew by 22.7% year-over-year in the second quarter, as we benefitted from the addition of assets from Mint and from the ramp-up of other equities desk personnel hired at the end of 2009 and in 2010.

Hybrid and Fully Electronic Trading

Historically, e-broking growth has led to higher margins and greater profits over time for exchanges and wholesale financial intermediaries alike, even if overall company revenues remain consistent. This is largely because fewer front-office employees are needed to process the same amount of volume as trading becomes more automated. Over time, electrification of exchange-traded and OTC markets has also generally led to volumes increasing faster than commissions decline, and thus often an overall increase in the rate of growth in revenues. BGC has been a pioneer in creating and encouraging hybrid and fully electronic trading, and continually works with its customers to expand such trading across more asset classes and geographies.

Outside of U.S. Treasuries and spot FX, the banks and broker-dealers which dominate the OTC markets had generally been hesitant in adopting e-broking. However, in recent years, hybrid and fully electronic inter-dealer OTC markets for products, including CDS indices, FX options, and most recently interest rate swaps, have sprung up as banks and dealers have become more open to e-broking and as firms like BGC have invested in the kinds of technology favored by our customers. Pending regulation in Europe and the U.S. regarding OTC derivatives is likely to only hasten the spread of fully electronic trading.

The combination of more market acceptance of hybrid and fully electronic trading and BGC Partners' competitive advantage in terms of technology and experience has contributed to our strong gains in e-broking. During the second quarter of 2011, we continued to invest in hybrid and fully electronic technology broadly across our product categories.

This is largely why BGC's second quarter of 2011 fully electronic volumes were up 17% and quarterly fully electronic brokerage revenues increased by 32.1% year-over-year. E-broking represented 10.5% of brokerage revenues in the second quarter of 2011, compared with 8.6% in the year earlier period.

Our growth in revenues from e-broking was broad based across Rates, Credit, and FX, and was generated by multiple desks in Europe, the Americas, and Asia. As we continue to benefit from the tailwind of massive global government debt issuance, and as we roll out BGC Trader and Volume Match to more of our desks, we expect our strong hybrid and fully electronic trading performance to continue.

Regulatory Environment

In addition, regulators and legislators in the U.S. and EU continue to craft new laws and regulations for the global OTC derivatives markets, including, most recently, the Dodd-Frank Wall Street Reform and Consumer Protection Act. The new rules and proposals for rules have mainly called for additional transparency, position limits and collateral or capital requirements, as well as for central clearing of most standardized derivatives. We believe that uncertainty around the final form such new rules might take may have negatively impacted trading volumes in certain markets in which we broker. We believe that it is too early to comment on specific aspects of the U.S.

Table of Contents

regulations as rules are still being created, and much too early to comment on laws not yet passed in Europe. However, we generally believe the net impact of the rules and regulations will be positive for our business.

From time to time, we and our associated persons have been and are subject to periodic examinations, inspections and investigations that have and may result in significant costs and possible disciplinary actions by the SEC, the CFTC, the FSA, self-regulatory organizations and state securities administrators. Currently, we and certain other inter-dealer brokers are being investigated by the SEC with respect to trading practices and the Company and/or its executives are being questioned by the FSA with respect to certain matters relating to prior litigation.

The FSA's biennial Advanced, Risk-Responsive Operating Framework risk assessment of our UK group's regulated businesses identified certain weaknesses in our UK group's risk, compliance and control functionality, including governance procedures. Consequently, the FSA has made a number of requests and imposed certain requirements, restrictions and limitations, and may impose additional requirements, restrictions and limitations, to enhance our regulatory compliance and controls.

Specifically, as discussed in recent meetings with our senior management, the FSA has made the following requests and imposed the following requirements, restrictions and limitations. The FSA has raised certain concerns with respect to our risk management policies and procedures relating to our anti-money laundering, anti-bribery, and corruption and fraud prevention systems and controls. The FSA has requested that we provide them with a method of supervising, on a pro forma consolidated basis, for regulatory capital purposes, certain of the businesses in our UK group with those of Cantor and its UK entities (the Cantor UK group), and may request or require other changes to the structure of our UK group and the Cantor UK group. In response to the FSA's request, we have agreed to a six-month voluntary limitation on closing acquisitions of new businesses regulated by the FSA or entering into new regulated business lines, which may have a temporary impact on our ability to add businesses to our UK group, and the FSA may request additional restrictions and limitations. The FSA has also notified us that it plans to increase the liquidity and capital requirements of our UK group's and the Cantor UK group's existing and potential future FSA-regulated businesses to levels consistent with the industry, and has requested that we review and enhance our policies and procedures relating to assessing risks and our liquidity and capital requirements. The FSA has further requested detailed contingency planning steps to determine the stand-alone viability of each of the businesses in our UK group and the Cantor UK group as well as a theoretical orderly wind-down scenario for these businesses. The FSA has advised us that it expects our UK group to implement a large-scale program of remediation to address the foregoing, with such remediation efforts to be complete by Fall 2011. The FSA has indicated that it will provide a meeting schedule during the remediation to allow for close and continuous supervision of developments and progress against our proposed timelines. In accordance with its normal process, the FSA has provided us with a draft written mitigation program regarding the foregoing.

To address these matters, we have retained an international accounting firm and UK counsel to assist us with our UK remediation efforts. We currently expect that our remediation efforts will take until at least September 30, 2011. While we do not anticipate that the costs, and any requirements, restrictions or limitations in the UK imposed by the FSA in connection with its ongoing review, would have a material adverse effect on our businesses, financial condition, results of operations or prospects, there can be no assurance that such costs, requirements, restrictions or limitations would not have such effect.

Liquidity and Capital Resources

During the three months ended June 30, 2011, the Company entered into a \$130.0 million Credit Agreement which provides for up to \$130.0 million of unsecured revolving credit through June 23, 2013 (for a detailed description of this facility, see Note 13 Notes Payable and Collateralized Borrowings). The borrowings under the Credit Agreement will be used for general corporate purposes, including, but not limited to, financing the Company's existing businesses and operations, expanding its businesses and operations through additional broker hires, strategic alliances and acquisitions, and repurchasing shares of its Class A common stock or purchasing limited partnership interests in BGC Holdings or other equity interests in the Company's subsidiaries. As of July 31, 2011, the Company has \$10.0 million in borrowings outstanding under the Credit Agreement.

In addition, on July 29, 2011, the Company issued an aggregate of \$160 million principal amount of the 4.50% convertible notes. For a complete description of these notes, see Note 19 Subsequent Events.

Table of Contents

In connection with the offering of the 4.50% convertible notes, the Company entered into capped call transactions which are expected generally to reduce the potential dilution of the Company's Class A common stock upon any conversion of the 4.50% convertible notes in the event that the market value per share of the Company's Class A common stock, as measured under the terms of the capped call transactions, is greater than the strike price of the capped call transactions (which corresponds to the initial conversion price of the 4.50% convertible notes and is subject to certain adjustments similar to those contained in the 4.50% convertible notes).

The net proceeds from this offering were approximately \$144 million after deducting the initial purchasers' discounts and commissions, estimated offering expenses and the cost of the capped call transactions. The Company expects to use the net proceeds from the offering for general corporate purposes, which may include financing acquisitions.

Hiring and Acquisitions

Another key driver of our revenue growth is front-office headcount. We believe that our strong technology platform and unique partnership structure have enabled us to use both acquisitions and recruiting to profitably increase our front-office staff at a faster rate than our largest competitors over the past year and since the formation of BGC in 2004.

BGC Partners has invested significantly to capitalize on the current business environment through acquisitions, technology spending and the hiring of new brokers. The business climate for these acquisitions has been competitive, and it is expected that these conditions will persist for the foreseeable future. BGC Partners has been able to attract businesses and brokers to its platform as it believes they recognize that BGC Partners has the scale, technology, experience and expertise to succeed in the current business environment.

As of June 30, 2011, our front-office headcount was up by 10.4% year-over-year to 1,780 brokers and salespeople. For the three months ended June 30, 2011, average revenue generated per broker or salesperson was approximately \$200,000, down approximately 2.0% from the three months ended June 30, 2010 when it was approximately \$204,000.

Our revenue per front-office employee tends to decline following periods of rapid headcount growth. This is because our newer revenue producers generally achieve higher productivity levels in their second year with the Company. We expect the productivity of our newer brokers and salespeople throughout the Company to improve, especially in our newest offices in Brazil, Russia, and China, as well as our new employees who joined with respect to our recent acquisition of Mint Partners in the UK.

On April 28, 2011, we announced that we have entered into an agreement to acquire Newmark, the real estate advisory firm which operates as Newmark Knight Frank in the U.S. and which is associated with London-based Knight Frank. The transaction, which encompasses approximately 425 Newmark brokers and includes Newmark's New York business as well as a majority interest in over 25 other domestic offices and certain of its affiliates, is expected to be immediately accretive to BGC. Newmark is one of the fastest growing real estate services companies in the global property markets. Its brand is recognized for providing seamless, sophisticated, comprehensive real estate solutions to prominent corporate and institutional clients across the globe. The purchase price will consist of cash, stock and assumption of debt. Upon acquisition, certain of its management and brokers are expected to become partners in BGC following the closing. CF & Co, an affiliate of Cantor, acted as an adviser in connection with this transaction.

On August 2, 2011, the Company's Audit Committee authorized BGC to acquire from Cantor its North American environmental brokerage business CantorCO2e, L.P. ("CO2e"). CO2e is a provider of financial services to the environmental and renewable energy markets, primarily in the United States, offering brokerage, escrow and clearing, consulting, and technical services to clients engaged in using energy and managing emissions. CO2e primarily serves environmental credit buyers and sellers in the U.S. state and regional compliance markets (including NOx, SO2, RECs, RTCs and ERCs) and the voluntary carbon market. The business consists of 11 staff in 4 offices. The transaction is expected to be completed in the third quarter of 2011 and the purchase price will not have a material impact on our financial results.

The laws and regulations passed or proposed on both sides of the Atlantic concerning OTC trading seem likely to favor increased use of technology by all market participants, and are likely to accelerate the adoption of both hybrid and fully electronic trading. We believe these developments will favor the larger inter-dealer brokers over smaller, non-public ones, as the smaller ones generally do not have the financial wherewithal to invest the necessary sums in technology. We believe this will lead to further consolidation in our industry, and thus further allow us to profitably grow our front-office headcount.

Financial Highlights

For the three months ended June 30, 2011, income from operations before income taxes increased \$6.0 million to \$23.5 million from \$17.5 million in the year earlier period. Total revenues increased approximately \$28.9 million and total expenses increased approximately \$22.9

million.

Table of Contents

Total revenues were \$364.6 million and \$335.7 million for the three months ended June 30, 2011 and 2010, respectively, representing an 8.6% increase. Total revenues were \$729.6 million and \$682.9 million for the six months ended June 30, 2011 and 2010, respectively, representing a 6.8% increase. The main factors contributing to these increases were:

An overall increase in volumes in many of the markets in which we provide brokerage services.

An increase in brokerage revenues associated with rates products which was primarily attributable to strong sovereign debt issuance and the resulting industry wide increases in the volumes of both interest rate swaps and government bonds.

A global rebound in foreign exchange volumes as the credit crisis abated.

An increase in our front-office personnel from 1,612 at June 30, 2010 to 1,780 at June 30, 2011.

Continued selective expansion into the global markets, including new offices in Zurich and Dubai.

A continued focus on, and investment in, growing areas that complement our existing brokerage services, Equities and Other Asset Classes, particularly equity derivatives and cash equities, which are the primary contributors to our Equities and Other Asset Classes product group, for which revenues increased to \$61.7 million for the three months ended June 30, 2011 compared to \$50.3 million for the three months ended June 30, 2010.

Revenues related to fully electronic trading increased 28.4% to \$40.5 million for the three months ended June 30, 2011 as compared to \$31.6 million for the three months ended June 30, 2010. This increase is primarily driven by significant increases in fully electronic revenues from rates and credit brokerage. Revenues related to fully electronic trading include brokerage revenues as well as certain revenues recorded in fees from related parties.

Compensation and employee benefits expense increased by \$11.2 million or 5.4% for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010.

We believe the overall performance of the Company will continue to improve as we increase revenues generated from fully electronic trading, extend our employment agreements, and increase the percentage of compensation partners receive in the form of limited partnership units. As a result, we expect to increase the amount of cash available for dividends, share repurchases and unit redemptions. Taken together, we believe that these developments will further improve BGC's competitive position in the marketplace and improve employee retention.

Three Months Ended June 30, 2011 Compared to Three Months Ended June 30, 2010

Revenues

Brokerage Revenues

Total brokerage revenues increased by \$27.7 million, or 8.8%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. Commission revenues increased by \$25.3 million, or 11.8%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. Principal transactions revenues increased by \$2.4 million, or 2.4%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010.

The increase in brokerage revenues was primarily driven by increases in the revenues for equities and other asset classes, foreign exchange, and rates.

The increase in rates revenues of \$6.4 million was primarily driven by increased fully electronic rates brokerage, which in turn was driven mainly by the continued successful roll-out of e-brokered interest rate derivative products.

The increase in credit brokerage revenues of \$1.0 million was primarily due to a double-digit percentage increase in BGC's e-brokered credit products.

Foreign exchange revenues increased by \$8.9 million primarily due to continued strong growth in global volumes as well as a 33.7 percent year-over-year increase in BGC's spot foreign exchange revenues.

Revenues from equities and other asset classes increased by \$11.4 million driven primarily by Mint Partners and growth from BGC's other cash and derivatives equities desks, as brokers hired at the end of 2009 and over the course of 2010 increased their production.

Fees from Related Parties

Fees from related parties decreased by \$0.2 million, or 1.4%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The decrease was primarily due to decreased revenues related to back office services provided to Cantor.

Market Data

Market data revenues increased by \$0.2 million, or 3.5%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010.

Software Solutions

Software solutions revenues increased by \$0.5 million, or 28.2%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010, primarily due to an increased number of clients in the second quarter of 2011.

Interest Income

Interest income increased by \$0.2 million, or 22.2%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The increase was primarily related to an increase in employee loan balances.

Other Revenues

Other revenues increased by \$0.3 million, or 58.7%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The increase was primarily related to fees earned during the second quarter of 2011.

Table of Contents

Losses on Equity Investments

Losses on equity investments decreased by \$0.3 million, or 17.3%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. Losses on equity investments represent our pro rata share of the net losses on investments for which we have a significant ownership but do not control.

Expenses

Compensation and Employee Benefits

Compensation and employee benefits expense increased by \$11.2 million, or 5.4%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. This increase is primarily related to the increased headcount year-over-year as well as the growth in brokerage revenues.

Allocations of Net Income to Limited Partnership Units and Founding/Working Partner Units

Allocation of income to limited partnership units and founding/working partner units increased by \$4.1 million for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. Allocation of income to limited partnership units and founding/working partner units represent the pro rata interest in net income attributable to such partners' units based on weighted-average economic ownership. The allocation of income to limited partnership units and founding/working partner units for the three months ended June 30, 2011, was \$9.2 million, compared to \$5.2 million in the three months ended June 30, 2010. The increase was primarily due to an increase in the amount of income allocated to ownership classes in the second quarter of 2011.

Occupancy and Equipment

Occupancy and equipment expense increased by \$7.5 million, or 26.5%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The increase was primarily due to the acquisition of Mint Partners, an increase in rent and associated costs related to new facilities, and a charge related to the adjustment of our sublease provision.

Fees to Related Parties

Fees to related parties decreased by \$0.3 million, or 9.6%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. Fees to related parties are allocations paid to Cantor for administrative and support services.

Professional and Consulting Fees

Professional and consulting fees increased by \$5.2 million, or 51.9%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The increase was primarily due to increased costs associated with ongoing legal and regulatory matters, as well as fees associated with potential acquisitions.

Communications

Communications expense increased by \$3.3 million, or 18.0%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. This increase was primarily driven by increased market data and communication costs associated with our increased headcount. As a percentage of total revenues, communications remained relatively unchanged across the two periods.

Selling and Promotion

Selling and promotion expense increased by \$3.2 million, or 19.8%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The increase was associated with our increase in brokerage revenues in the three months ended June 30, 2011, which has an impact on the amount spent on client entertainment and travel.

Table of Contents

Commissions and Floor Brokerage

Commissions and floor brokerage expense increased by \$2.0 million, or 41.0%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010, primarily due to increased volumes in our equities business during the three months ended June 30, 2011.

Interest Expense

Interest expense increased by \$1.2 million, or 32.6%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The increase was primarily related to increased costs associated with our notes payable and collateralized borrowings.

Other Expenses

Other expenses decreased by \$14.5 million, or 70.0%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The decrease was primarily due to additional costs associated with the hiring of new brokers during the three months ended June 30, 2010.

Net Income Attributable to Noncontrolling Interest in Subsidiaries

Net income attributable to noncontrolling interest in subsidiaries increased by \$2.4 million, or 43.8%, for the three months ended June 30, 2011 as compared to the three months ended June 30, 2010. The increase was primarily due to the increase in the allocation of net income to Cantor units in the three months ended June 30, 2011.

Provision for Income Taxes

Provision for income taxes increased by \$1.3 million, or 28.0%, for the three months ended June 30, 2011 as compared the three months ended June 30, 2010. This increase was primarily driven by an increase in taxable income in the three months ended June 30, 2011 as compared to the year earlier period. Our consolidated effective tax rate can vary from period to period depending on, among other factors, the geographic and business mix of our earnings.

Six Months Ended June 30, 2011 Compared to Six Months Ended June 30, 2010

Revenues

Brokerage Revenues

Total brokerage revenues increased by \$45.3 million, or 7.1%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. Commission revenues increased by \$48.0 million, or 11.0%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. Principal transactions revenues decreased by \$2.6 million, or 1.3%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010.

The increase in brokerage revenues was primarily driven by increases in the revenues for rates, foreign exchange and equities and other asset classes partially offset by lower revenues in credit products.

The increase in rates revenues of \$13.8 million was primarily driven by increased fully electronic rates brokerage.

The decrease in credit brokerage revenues of \$1.5 million was primarily due to an industry-wide weakness in credit trading. This was partially offset by the Company's double-digit percentage increase in BGC's overall Credit e-broking revenues.

Foreign exchange revenues increased by \$18.4 million primarily due to continued strong growth in global volumes.

Revenues from equities and other asset classes increased by \$14.5 million driven primarily by Mint Partners and growth from BGC's energy and commodities desks.

Table of Contents

Fees from Related Parties

Fees from related parties decreased by \$0.7 million, or 2.2%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The decrease was primarily due to decreased revenues related to back office services provided to Cantor.

Market Data

Market data revenues increased by \$0.3 million, or 3.9%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010.

Software Solutions

Software solutions revenues increased by \$0.9 million, or 25.0%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010, primarily due to increased clients in the second quarter of 2011.

Interest Income

Interest income increased by \$0.9 million, or 62.4%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The increase was primarily related to an increase in employee loan balances.

Other Revenues

Other revenues decreased by \$0.4 million, or 26.1%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The decrease was primarily due to a dividend received on our investment in the London Clearing House (LCH) in the six months ended June 30, 2010.

Losses on Equity Investments

Losses on equity investments decreased by \$0.4 million, or 11.1%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. Losses on equity investments represent our pro rata share of the net losses on investments for which we have a significant ownership but do not control.

Expenses

Compensation and Employee Benefits

Compensation and employee benefits expense decreased by \$51.5 million, or 10.8%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. This decrease is primarily related to \$80.7 million of charges that were recorded in the six months ended June 30, 2010, consisting of a \$41.3 million one-time, non-recurring charge associated with the completion of a global compensation restructuring related to the modification of pre-merger employee contractual arrangements and a \$39.4 million charge in the six months ended June 30, 2010 related to the redemption of founding/working partner units and limited partnership units versus a \$34.0 million charge in the six months ended June 30, 2011. Also contributing to this decrease was the ongoing benefit of our global partnership redemption and compensation restructuring program. This was partially offset by our year-on-year growth in brokerage revenue and a corresponding increase in compensation for the period.

Allocations of Net Income to Limited Partnership Units and Founding/Working Partner Units

Allocation of income to limited partnership units and founding/working partner units increased by \$13.3 million for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. Allocation of income to limited partnership units and founding/working partner units represent the pro rata interest in net income attributable to such partners' units based on weighted-average economic ownership. The allocation of income to limited partnership units and founding/working partner units for the six months ended June 30, 2011, was \$18.4 million, compared to \$5.2 million for the six months ended June 30, 2010. The increase was primarily due to an increase in the amount of income allocated to ownership classes in the six months ended June 30, 2011. There was no allocation of income to limited partnership units and founding/working partner units in the three months ended March 31, 2010 because there was a net loss for the period.

Table of Contents

Occupancy and Equipment

Occupancy and equipment expense increased by \$8.6 million, or 15.3%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The increase was primarily due to the acquisition of Mint Partners, an increase in rent and associated costs related to new facilities, and a charge related to the adjustment of our sublease provision.

Fees to Related Parties

Fees to related parties decreased by \$1.8 million, or 23.8%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. Fees to related parties are allocations paid to Cantor for administrative and support services.

Professional and Consulting Fees

Professional and consulting fees increased by \$8.5 million, or 42.2%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The increase was primarily due to increased costs associated with ongoing legal and regulatory matters, as well as fees associated with potential acquisitions.

Communications

Communications expense increased by \$5.6 million, or 14.9%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. This increase was primarily driven by increased market data and communication costs associated with our increased headcount. As a percentage of total revenues, communications remained relatively unchanged across the two periods.

Selling and Promotion

Selling and promotion expense increased by \$7.5 million, or 23.3%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The increase was associated with an increase in brokerage revenues in the six months ended June 30, 2011, which has an impact on the amount spent on client entertainment and travel.

Commissions and Floor Brokerage

Commissions and floor brokerage expense increased by \$3.2 million, or 32.9%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010, primarily due to increased volumes in our equities business during the six months ended June 30, 2011.

Interest Expense

Interest expense increased by \$2.7 million, or 40.8%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The increase was primarily related to increased costs associated with our notes payable and collateralized borrowings.

Other Expenses

Other expenses increased by \$6.2 million, or 24.9%, for the six months ended June 30, 2011 as compared to the six months ended June 30, 2010. The increase was primarily due to additional costs associated with the hiring of new brokers.

Net Income Attributable to Noncontrolling Interest in Subsidiaries

Net income attributable to noncontrolling interest in subsidiaries increased by \$17.6 million from a loss of \$1.3 million for the six months ended June 30, 2010 to income of \$16.3 million for the six months ended June 30, 2011. The increase was primarily due to the increase in the allocation of net income to Cantor units in the six months ended June 30, 2011. There was a net loss attributable to noncontrolling interest in subsidiaries for the six months ended June 30, 2010.

Table of Contents

Provision for Income Taxes

Provision for income taxes increased to \$13.4 million for the six months ended June 30, 2011 as compared to \$1.7 million for the six months ended June 30, 2010. This increase was primarily driven by an increase in taxable income in the six months ended June 30, 2011 as compared to the year earlier period. Our consolidated effective tax rate can vary from period to period depending on, among other factors, the geographic and business mix of our earnings.

Liquidity and Capital Resources*Balance Sheet*

Our balance sheet and business model are not capital intensive. We maintain minimal securities inventory; our assets consist largely of cash, collateralized and uncollateralized short-dated receivables and less liquid assets needed to support our business. Longer term funding (equity and long-term debt) is held to support the less liquid assets. Total assets at June 30, 2011 were \$1.8 billion, an increase of 24.4% as compared to December 31, 2010. The increase in total assets was driven primarily by an increase in receivables from broker-dealers, clearing organizations, customers and related broker-dealers and accrued commissions receivable. We maintain a significant portion of our assets in cash, with cash and cash equivalents at June 30, 2011 of \$286.2 million. See *Cash Flows* below for a further discussion of cash and cash equivalents.

Funding

Our funding base consists of longer-term capital (equity, notes payable and collateralized borrowings) and shorter-term liabilities (including our new credit facility) and accruals that are a natural outgrowth of specific assets and/or the business model, such as matched fails and accrued compensation. We have limited need for and use of short-term unsecured funding in our regulated entities for their brokerage business. Contingent liquidity needs are largely limited to potential cash collateral that may be needed to meet clearing bank, clearinghouse, and exchange

Table of Contents

margins and/or to fund fails. Capital expenditures tend to be cash neutral and approximately in line with depreciation. Current cash balances substantially exceed a modest amount of unsecured letters of credit and the amortization of our collateralized long-term debt. The principal and interest on our \$36.5 million secured loan arrangements are repayable in consecutive monthly installments with the final payments due in September 2014. All of the cash on the balance sheet, some of which is held at regulated broker-dealer subsidiaries, would not be available to meet these potential liquidity needs. However, we believe cash in and available to our largest regulated entities, inclusive of financing provided by clearing banks related to fail transactions, is adequate in the context of potential contingent cash demands for margin and/or fail financing.

We expect our operating activities going forward to generate adequate cash flows to fund normal operations, including any dividends issued pursuant to our dividend policy. However, we believe that there are a significant number of relatively more capital intensive opportunities for us to maximize our growth and strategic position, including, among other things, acquisitions, strategic alliances and joint ventures potentially involving all types and combinations of equity, debt and acquisition alternatives. As a result, we may need to raise additional funds to:

increase the regulatory net capital necessary to support operations;

support continued growth in our business;

effect acquisitions;

develop new or enhanced services and markets; and

respond to competitive pressures.

We cannot guarantee that we will be able to obtain additional financing when needed on terms that are acceptable to us, if at all.

On April 1, 2010, BGC effectively refinanced \$150.0 million in Senior Notes payable via issuance of the 8.75% convertible notes to Cantor. The details of this issuance are provided in the Notes Payable and Collateralized Borrowings section below. On May 6, 2010, we filed a \$100.0 million Shelf Registration Statement on Form S-3 with the SEC. We intend to use the net proceeds of any shares of Class A common stock sold for general corporate purposes, including potential acquisitions, redemptions of limited partnership units and founding/working partner units in BGC Holdings and repurchases of shares of Class A common stock from partners, executive officers and other employees of ours or our subsidiaries and of Cantor and its affiliates. Certain of such partners will be expected to use the proceeds from such sales to repay outstanding loans issued by, or credit enhanced by, Cantor or BGC Holdings. In addition to general corporate purposes, this registration along with our share buy-back authorization is designed as a planning device in order to facilitate the redemption process. Going forward, we may redeem units for cash and reduce our fully diluted share count under our repurchase authorization or later sell Class A shares under the registration.

On June 23, 2011, the Company entered into a \$130.0 million Credit Agreement which provides for up to \$130.0 million of unsecured revolving credit through June 23, 2013. Borrowings under the Credit Agreement will bear interest on a floating rate basis with various options available from which the Company can select. The Credit Agreement also provides for an unused facility fee and certain upfront and arrangement fees. The Credit Agreement requires that the outstanding loan balance be reduced to zero every 270 days for three days. The Credit Agreement further provides for certain financial covenants, including minimum equity, tangible equity and interest coverage, as well as maximum levels for total assets to equity capital and debt to equity. The Credit Agreement also contains certain other affirmative and negative covenants. The borrowings under the Credit Agreement will be used for general corporate purposes, including, but not limited to, financing the Company's existing businesses and operations, expanding its businesses and operations through additional broker hires, strategic alliances and acquisitions, and repurchasing shares of its Class A common stock or purchasing limited partnership interests in BGC Holdings or other equity interests in the Company's subsidiaries. As of July 31, 2011, the Company has \$10.0 million in borrowings outstanding under the Credit Agreement.

On July 29, 2011, the Company issued an aggregate of \$160 million principal amount of the 4.50% convertible notes. In connection with the issuance of the 4.50% convertible notes, the Company entered into an Indenture, dated as of July 29, 2011, with U.S. Bank National Association, as trustee. The 4.50% convertible notes were offered and sold solely to qualified institutional buyers pursuant to Rule 144A under the Securities Act.

Table of Contents

The 4.50% convertible notes are general senior unsecured obligations of BGC Partners, Inc. The 4.50% convertible notes pay interest semiannually at a rate of 4.50% per annum and were priced at par. The 4.50% convertible notes are convertible, at the holder's option, at a conversion rate of 101.6260 shares of Class A common stock per \$1,000 principal amount of notes, subject to adjustment in certain circumstances. This conversion rate is equal to a conversion price of \$9.84 per share, a 20% percent premium over the \$8.20 closing price of BGC's Class A common stock on the NASDAQ on July 25, 2011. Upon conversion, the Company will pay or deliver, as the case may be, cash, shares of the Company's Class A common stock, or a combination thereof at the Company's election.

In connection with the offering of the 4.50% convertible notes, the Company entered into capped call transactions with affiliates of Bank of America Merrill Lynch and Deutsche Bank Securities. The capped call transactions are expected generally to reduce the potential dilution of the Company's Class A common stock upon any conversion of 4.50% convertible notes in the event that the market value per share of the Company's Class A common stock, as measured under the terms of the capped call transactions, is greater than the strike price of the capped call transactions (which corresponds to the initial conversion price of the 4.50% convertible notes and is subject to certain adjustments similar to those contained in the 4.50% convertible notes). The capped call transactions have a cap price equal to \$12.30 per share (50% above the last reported sale price of the Company's common stock on the NASDAQ on July 25, 2011).

The net proceeds from this offering were approximately \$144 million after deducting the initial purchasers' discounts and commissions, estimated offering expenses and the cost of the capped call transactions. The Company expects to use the net proceeds from the offering for general corporate purposes, which may include financing acquisitions.

We may raise additional funds from time to time through equity or debt financing, including public and private sales of debt securities, to finance our business, operations and possible acquisitions.

Credit Ratings

In November 2009, we obtained public long-term credit ratings. Our public long-term credit ratings and associated outlook are as follows:

	Rating	Outlook
Fitch Ratings Inc.	BBB	Stable
Moody's Investor Service	Ba1	Stable
Standard & Poor's	BBB-	Stable

Credit ratings and associated outlooks are influenced by a number of factors, including but not limited to: earnings and profitability trends, the prudence of funding and liquidity management practices, balance sheet size/composition and resultant leverage, cash flow coverage of interest, composition and size of the capital base, available liquidity and the firm's competitive position in the industry. A credit rating and/or the associated outlook can be revised upward or downward at any time by a rating agency if such rating agency decides that circumstances warrant such a change. Any reduction in our credit ratings and/or the associated outlook could adversely affect the availability of debt financing on terms acceptable to us, as well as the cost and other terms upon which we are able to obtain any such financing. In addition, credit ratings and associated outlooks may be important to customers or counterparties when we compete in certain markets and when we seek to engage in certain transactions. In connection with certain trading agreements, we may be required to provide additional collateral in the event of a credit ratings downgrade.

Cash Flows

Below is an analysis of the cash flows for the six months ended June 30, 2011 and 2010. Our dividend and distribution policies are based on distributable earnings which is a non-GAAP measure similar to net income adjusted for non-cash items excluding depreciation and amortization expenses. Other changes in cash are typically reflective of short-term periodic changes in working capital needs. Other financing activities are primarily comprised of the net proceeds received from the sale of our Class A common stock issued under our controlled

Table of Contents

equity offerings, offset by repurchases of our common stock as well as the redemption of limited partnership interests.

With respect to the six months ended June 30, 2011, there was a modest increase in cash related to our adjusted consolidated net income. The overall decrease in cash was primarily the result of changes in our working capital partially offset by our financing activities. Various factors impact working capital needs which can result in a use of cash in one quarter and a source of cash in other quarters. These movements are set forth in the table and discussions below.

Discussion of six months ended June 30, 2011

In the six months ended June 30, 2011, the Company had consolidated net income, adjusted for non-cash activities of \$145.4 million, which funded the purchase of fixed assets, capitalized software, and employee loans in the amount of \$63.3 million, and the payment of distributions and dividends to limited partnership interests and shareholders in the amount of \$77.4 million.

In addition, during the period, the Company utilized \$108.8 million for working capital needs, including \$21.3 million for trading and settlement activities, and \$87.4 million which primarily related to increased accrued commissions receivable and decreases in accrued compensation and accounts payable.

Financing activities provided \$19.8 million in cash, which consisted primarily of \$13.6 million in net proceeds from the sale of Class A common stock issued under our controlled equity offerings and proceeds from the exercise of stock options in the amount of \$8.2 million.

A weakening of the dollar relative to other currencies had a favorable impact on cash in the amount of \$7.3 million.

Discussion of six months ended June 30, 2010

In the six months ended June 30, 2010, the Company had consolidated net income, adjusted for non-cash activities of \$63.5 million, which funded the purchase of fixed assets, capitalized software, and employee loans in the amount of \$48.5 million, and the payment of distributions and dividends to limited partnership interests and shareholders in the amount of \$24.8 million.

Table of Contents

In addition, during the period, the Company utilized \$74.3 million for working capital needs, including \$12.9 million for trading and settlement activities, and \$61.4 million related to an increase in net receivables and payables.

Investing in unconsolidated entities utilized \$0.9 million and the purchase of marketable securities utilized \$3.0 million, while other financing activities utilized \$33.1 million in cash, which consisted primarily of the redemption of limited partnership units and founding/working partner units and the repurchase of Class A common stock in the amount of \$46.3 million. These amounts were partially offset by \$17.8 million in net proceeds from the sale of Class A common stock.

A strengthening of the dollar relative to other currencies had an unfavorable impact on cash in the amount of \$6.9 million.

Notes Payable and Collateralized Borrowings

On March 31, 2008, the Company entered into a Note Purchase Agreement pursuant to which it issued \$150.0 million principal amount of its Senior Notes to a number of investors. The Senior Notes incurred interest semiannually at the rate of 5.19% per annum (plus 2.31% per annum paid to Cantor for the guarantee provision as discussed in Note 9 – Related Party Transactions). The Senior Notes matured on April 1, 2010.

On April 1, 2010 BGC Holdings issued an aggregate of \$150.0 million principal amount of the 8.75% convertible notes to Cantor. The Company used the proceeds to repay at maturity \$150.0 million aggregate principal amount of Senior Notes due April 1, 2010.

The 8.75% convertible notes are senior unsecured obligations and rank equally and ratably with all existing and future senior unsecured obligations of the Company. The 8.75% convertible notes bear an annual interest rate of 8.75%, which will be payable semi-annually in arrears on April 15 and October 15 of each year, beginning on October 15, 2010, and are convertible into 22.1 million shares of Class A common stock. The 8.75% convertible notes will mature on April 15, 2015, unless earlier repurchased, exchanged or converted.

On September 25, 2009, BGC Partners, L.P. entered into a secured loan arrangement under which it pledged certain fixed assets including furniture, computers and telecommunications equipment in exchange for a loan of \$19.0 million. The principal and interest on this secured loan arrangement are repayable in 36 consecutive monthly installments at a fixed rate of 8.09% per annum. The outstanding balance of the loan was \$8.5 million as of June 30, 2011. The loan is guaranteed by BGC Partners, Inc.

The Company sold certain furniture, equipment, and software for \$34.2 million, net of costs, and concurrently entered into agreements to lease the property back. The principal and interest on the leases are repayable in equal monthly installments for terms of 36 months (software) and 48 months (furniture and equipment) with maturities through September 2014. The outstanding balance of the leases was \$28.0 million as of June 30, 2011. The Company recorded interest expense of \$0.4 million for the three months ended June 30, 2011. Because assets revert back to the Company at the end of the leases, the transactions were capitalized. As a result, consideration received from the purchaser is included in the accompanying unaudited condensed consolidated balance sheet as a financing obligation and payments made under the lease are being recorded as interest expense (at an effective rate of approximately 6%). Depreciation on these fixed assets will continue to be charged to Occupancy and equipment in the unaudited condensed consolidated statements of operations.

Clearing Capital

Following the merger, Cantor has continued to clear U.S. Treasury and U.S. Government Agency securities transactions on our behalf. In November 2008, we entered into a clearing capital agreement with Cantor. Pursuant to the terms of this agreement, so long as Cantor is providing clearing services to us, Cantor shall be entitled to request from us, and we shall post as soon as practicable, cash or other property acceptable to Cantor in the amount reasonably requested by Cantor under the clearing capital agreement.

We intend to continue this relationship with Cantor. Accordingly, we expect that Cantor will continue to post clearing capital on our behalf, and we will post clearing capital with Cantor as requested under the clearing capital agreement. To date, no amounts have been requested by Cantor pursuant to the clearing capital agreement. In the

Table of Contents

absence of such an arrangement, BGC Partners may be required to raise additional capital, borrow funds or take other action to meet the capital requirements in connection with the clearing of these transactions. The increased capital requirements required in connection with the clearing of our securities transactions could have a material adverse impact on BGC Partners' ability to make distributions, repurchase its stock or affect strategic acquisitions or other opportunities. However, we believe that the agreement with Cantor, or, in the alternative, a clearing agreement with an additional third-party clearing agent, will not preclude us from meeting our cash needs in the near term.

Regulatory Requirements

Our liquidity and available cash resources are restricted by regulatory requirements of our operating subsidiaries. Many of these regulators, including U.S. and non-U.S. government agencies and self-regulatory organizations, as well as state securities commissions in the United States, are empowered to conduct administrative proceedings that can result in censure, fine, the issuance of cease-and-desist orders or the suspension or expulsion of a broker-dealer. In addition, self-regulatory organizations such as the FINRA and the National Futures Association (NFA) along with statutory bodies such as the FSA and the SEC require strict compliance with their rules and regulations. The requirements imposed by regulators are designed to ensure the integrity of the financial markets and to protect customers and other third parties who deal with broker-dealers and are not designed to specifically protect stockholders. These regulations often serve to limit our activities, including through net capital, customer protection and market conduct requirements.

As of June 30, 2011, \$330.4 million of net assets were held by regulated subsidiaries. These subsidiaries had aggregate regulatory net capital, as defined, in excess of the aggregate regulatory requirements, as defined, of \$221.6 million.

Unit Redemptions and Stock Repurchase Program

During the three months ended June 30, 2011, the Company, as part of its global redemption and compensation restructuring program (see Note 14 Compensation, for more information), redeemed 827,160 limited partnership units for cash at an average price of \$7.88 per unit and 17,538 founding/working partner units for cash at an average price of \$8.99 per unit.

During the six months ended June 30, 2011, the Company, as part of its global redemption and compensation restructuring program, redeemed 1,190,929 limited partnership units. During the six months ended June 30, 2011, the Company also redeemed 289,896 founding/working partner units. The limited partnership units and founding/working partner units were redeemed at an average effective price paid by the Company of approximately \$8.13 per unit.

During the three months ended June 30, 2010, the Company, as part of its global redemption and compensation restructuring program, redeemed approximately 2.0 million limited partnership units at an average price of \$5.61. During the six months ended June 30, 2010, the Company, as part of its redemption and compensation restructuring program, redeemed approximately 4.4 million limited partnership units at an average price of \$6.01. For the three months ending June 30, 2010, the Company redeemed approximately 0.9 million founding/working partner units at an average price of \$5.61. For the six months ending June 30, 2010, the Company redeemed approximately 3.1 million founding/working partner units for an average price of \$5.89.

During the six months ended June 30, 2011, the Company repurchased 14,445 shares of Class A common stock at an aggregate purchase price of approximately \$126 thousand for an average price of \$8.74 per share.

During the six months ended June 30, 2010, the Company repurchased 2,927,633 shares of Class A common stock at an aggregate purchase price of approximately \$17.4 million for an average price of \$5.93 per share.

On May 4, 2010, the Company's Board of Directors authorized an \$85.0 million increase in the BGC Partners stock repurchase and unit redemption authorization, bringing the total amount available for future repurchases of

Class A common stock and redemptions of limited partnership interests to \$100.0 million. At June 30, 2011, the Company had approximately \$59.2 million remaining from its repurchase and redemption authorization, and from time to time, the Company may actively continue to repurchase shares or redeem units.

Unit redemption and share repurchase activity for the six months ended June 30, 2011 was as follows:

Period	Total Number of Units Redeemed or Shares Repurchased	Average Price Paid per Share or Unit	Approximate Dollar Value of Units and Shares That May Yet Be Redeemed/Purchased Under the Plan

<i>Stock Issuances</i>			

During the year ended December 31, 2010, the Company entered into two controlled equity offering sales agreements with CF&Co pursuant to which the Company may offer and sell up to an aggregate of 11,000,000 shares of Class A common stock from time to time through CF&Co, as the Company's sales agent under these agreements. CF&Co is a wholly-owned subsidiary of Cantor and an affiliate of the Company. Under these agreements, the Company has agreed to pay CF&Co 2% of the gross proceeds from the sale of shares.

During the three months ended June 30, 2011, the Company issued 944,891 shares of its Class A common stock related to exchanges and redemptions of limited partnership units as well as for general corporate purposes. Substantially all of these issuances were for the exchange and redemption of limited partnership units as part of the global redemption and compensation restructuring program. The issuances related to these exchanges and redemptions did not change the amount of fully diluted shares outstanding.

During the year ended December 31, 2010, the Company issued 7,117,622 shares of its Class A common stock related to exchanges and redemptions of limited partnership units as well as for general corporate purposes. These issuances included 4,523,505 shares issued for the exchange and redemption of limited partnership units as part of the global redemption and compensation restructuring program. The issuances related to these exchanges and redemptions did not change the amount of fully diluted shares outstanding. These issuances also included 2,594,117 shares of Class A common stock issued for general corporate purposes.

During the three months ended June 30, 2011 and 2010, the Company issued an aggregate of 166,155 shares and 1,180,423 shares, respectively, of Class A common stock to founding/working partners of BGC Holdings upon exchange of their exchangeable founding/working partner units. During the six months ended June 30, 2011 and 2010, the Company issued an aggregate of 605,910 shares and 2,614,234 shares, respectively, of Class A common stock to founding/working partners of BGC Holdings upon exchange of their exchangeable founding/working partner units. These issuances did not change the amount of fully diluted shares outstanding.

On May 5, 2011, the Company issued 9,000,000 shares of Class A common stock to Cantor upon Cantor's exchange of 9,000,000 Cantor units. Substantially all of these shares have been included on a registration statement

for resale by various partner distributees and charitable organizations which may receive donations from Cantor. In addition, on May 6, 2011, the Company issued 9,000,000 shares of Class B common stock of the Company to Cantor upon Cantor's exchange of 9,000,000 Cantor units. All of these shares are restricted securities. These issuances did not change the fully diluted number of shares outstanding.

On May 6, 2011, the Company issued an aggregate of 301,306 shares of Class A common stock to partners of BGC Holdings upon exchange of 160,151 exchangeable limited partnership units and 141,155 exchangeable founding/working partner units. These issuances did not change the fully diluted number of shares outstanding.

On May 9, 2011, the Company issued and donated an aggregate of 443,686 shares of Class A common stock to the Cantor Fitzgerald Relief Fund (the Relief Fund) in connection with the Company's annual Charity Day. These shares have been included in the registration statement for resale by the Relief Fund. Additionally, on May 16, 2011, the Company issued an aggregate of 11,111 shares of Class A common stock to a former partner.

On June 21, 2011, the Company filed Amendment No. 1 to a registration statement for the Company's Dividend Reinvestment and Stock Purchase Plan Registration related to 10,000,000 shares of Class A common stock. The Plan provides holders of shares of the Company's common stock with a convenient and cost-effective method to purchase shares of Class A common stock by reinvesting the cash dividends paid on all or a portion of their shares of common stock in shares of Class A common stock. Plan participants may also purchase shares of Class A common stock through optional cash purchases of not more than \$10,000 per month (except in cases covered by approved requests for waiver). The price to be paid for each share of our Class A common stock purchased directly from us under the Plan will be the volume weighted-average sales price per share of our Class A common stock reported on the NASDAQ Stock Market as described herein less a discount rate ranging from 0% to 3%. The price of a share of our Class A common stock purchased on the open market or in privately negotiated transactions will be the volume weighted-average price paid per share of our Class A common stock as described herein, subject to any discount rate, plus any fees and commissions. The primary purpose of the Plan is to benefit long-term investors who want to increase their investment in shares of the Company's Class A common stock. The Company may also use the Plan to raise additional capital through direct sales of shares of the Company's Class A common stock to existing holders of shares of the Company's common stock or new investors.

In addition, during the three months ended June 30, 2011 and 2010, the Company issued 1,040,713 and 439,117 shares of Class A common stock, respectively, related to vesting of RSUs and the exercise of stock options. During the six months ended June 30, 2011 and 2010, respectively, the Company issued 3,119,983 and 729,420 shares of Class A common stock related to the vesting of RSUs and the exercise of stock options.

The fully diluted weighted-average share count for the quarter ended June 30, 2011 was as follows (in thousands):

Class A common stock outstanding	81,599
Class B common stock outstanding	31,045
Limited partnership interests in BGC Holdings	129,461
RSUs (Treasury stock method)	1,768
Other	237
Total	244,110

For the three months ended June 30, 2011 and 2010, approximately 27.6 million and 33.5 million stock options, RSUs, convertible debt shares and warrants were not included in the computation of fully diluted earnings per share because their effect would have been anti-dilutive.

Additionally, for the three months ended June 30, 2011, approximately 0.5 million contingently issuable shares were excluded from the computation of fully diluted earnings per share because the conditions for issuance had not been met by the end of the period. For the three months ended June 30, 2010, there were no contingently issuable shares of contingent Class A common stock excluded from the computation of fully diluted earnings per share.

On June 15, 2011, Mr. Lynn exercised an employee stock option with respect to 4,219 shares of Class A common stock at an exercise price of \$5.10 per share. After the withholding of shares to pay the option exercise price and applicable tax obligations, Mr. Lynn received 713 net shares of Class A common stock in connection with the option exercise. On July 15, 2011, Mr. Lynn exercised an employee stock option with respect to 4,219 shares of Class A common stock at an exercise price of \$5.10 per share. After the withholding of shares to pay the option exercise price and applicable tax obligations, Mr. Lynn received 737 net shares of Class A common stock in connection with the option exercise.

Unit Purchase

On July 5, 2011, BGC Holdings assigned an obligation to redeem 901,673 exchangeable limited partnership units and 294,628 exchangeable founding/working partner units to a new non-executive employee of the Company who transferred to the Company from Cantor and wanted to make an investment in BGC Holdings in connection with his new position. The amount that the purchasing employee paid for each unit was approximately \$8.36, which was the volume weighted-average sales price per share of the Company's Class A common stock during May 2011, less 2.00%, for an aggregate purchase price of \$10.0 million.

The purchase of the exchangeable units by the new employee was funded in part by an \$8.0 million bridge loan from Cantor. The Company and Cantor expect the Cantor bridge loan will be replaced as soon as practicable by third-party financing, which Cantor will guarantee in part and/or pursuant to which the units and/or shares underlying the units will be pledged. The bridge loan carries an interest rate of 3.79% per annum and is payable on demand. The Company also made a \$440,000 loan to the employee. The Company loan is payable on demand and bears interest at the higher of 3.27% per annum or the three-month LIBOR rate plus 2.25%, as adjusted quarterly.

Exchanges and donations to Relief Fund

On July 27, 2011, several partners of BGC Holdings agreed to donate an aggregate of 995,911 shares of Class A common stock to The Cantor Fitzgerald Relief Fund (the Relief Fund). The partners' donations cover a portion of the net proceeds raised by employees of the Company on its annual Charity Day. The shares of Class A common stock to be donated by the partners of BGC Holdings were issued to them by the Company upon exchange of limited partnership units.

Amended and Restated Change in Control Agreements

On March 31, 2008, in connection with the merger of BGC and eSpeed, Inc., each of Howard W. Lutnick, Chairman and CEO of the Company, and Stephen M. Merkel, Executive Vice President and General Counsel of the Company, entered into change in control agreements with the predecessor of BGC Partners (the Change in Control Agreements). Under these Change in Control Agreements, if a change in control of BGC Partners occurs, each of Messrs. Lutnick and Merkel may elect to terminate or extend his employment with BGC Partners. The Change in Control Agreements provide for certain payments in such circumstances and also provide that, in each case, each of

Messrs. Lutnick and Merkel will receive full vesting of all stock options and restricted stock units of BGC Partners held by him (unless otherwise provided in the applicable award agreement) and medical and life insurance benefits continuation for two years following the termination or extension of employment, as applicable.

On August 3, 2011, each of Messrs. Lutnick and Merkel entered into an amended and restated Change in Control Agreement with the Company to provide that, upon a change in control of BGC Partners, all stock options, restricted stock units, and other awards based on shares of Class A common stock shall vest in full and become immediately exercisable, and all partnership units in BGC Holdings, including all REUs, PSUs, PSIs and any other units, shall, if applicable, vest in full and be granted immediately exchangeable exchange rights for shares of Class A common stock. The amended and restated Change in Control Agreements also clarify the provisions relating to the continuation of medical and life insurance benefits for two years following termination or extension of employment, as applicable. A former executive officer also entered into an amended and restated Change in Control Agreement on the same terms.

Employment Agreement Amendment

Shaun D. Lynn, President of BGC Partners, entered into an employment agreement with BGC Brokers L.P. (BGC Brokers) on March 31, 2008, which was subsequently amended on March 26, 2010 (as amended, the Lynn Employment Agreement). The Lynn Employment Agreement provides that, in the event of a change in control of BGC Partners, the individual or entity which acquires control of BGC Partners will have the option to either extend the term of Mr. Lynn s employment for a period of three years from the date the change in control took effect (if the remaining term of the Lynn Employment Agreement at the time of the change in control is less than three years) or to terminate Mr. Lynn s employment. The Lynn Employment Agreement provides for certain payments in such circumstances and also provides that, in each case, he will receive full vesting of all stock options and restricted stock units of BGC Partners held by Mr. Lynn (unless otherwise provided in the applicable award agreement), welfare benefit continuation for two years, and a pro rata bonus for the year of termination.

On August 3, 2011, Mr. Lynn entered into a letter agreement (the Amendment) with BGC Brokers, amending the Lynn Employment Agreement to provide that, in connection with a change in control of BGC Partners, all stock options, restricted stock units, and other awards based on shares of Class A common stock shall vest in full and become immediately exercisable, and all partnership units in BGC Holdings, including all founding partner units, REUs, PSUs, PSIs and any other units, held by Mr. Lynn shall, if applicable, vest in full and be granted immediately exchangeable exchange rights for shares of Class A common stock (including any such awards or units issued to him in connection with or related to such change in control).

All trades executed on the eSpeed platform settle for clearing purposes against CF&Co, a BGC affiliate. CF&Co is a member of Financial Industry Regulatory Authority (FINRA) and the Fixed Income Clearing Corporation, a subsidiary of DTCC. CF&Co, BGC, and other affiliates participate in U.S. Treasuries as well as other markets by posting quotations for their account and by acting as principal on trades with platform users. Such activity is intended, among other things, to assist CF&Co, BGC, and their affiliates in managing their proprietary positions (including, but not limited to, those established as a result of combination trades and errors), facilitating transactions, framing markets, adding liquidity, increasing commissions and attracting order flow.

Quarterly Market Activity

Fully electronic volume on the eSpeed and BGC Trader system, including new products, was \$14.9 trillion for the three months ended June 30, 2011, up 17.0% from \$12.7 trillion for the three months ended June 30, 2010. Our combined voice-assisted and screen-assisted volume for the three months ended June 30, 2011 was \$54.5 trillion, up 26.4% from \$43.1 trillion for the three months ended June 30, 2010.

- (1) Operating leases are related to rental payments under various non-cancelable leases, principally for office space, net of sub-lease payments to be received. The total amount of sub-lease payments to be received is approximately \$17.7 million over the life of the agreement. These sub-lease payments are included in the table above.
- (2) Notes payable and collateralized obligations reflects the issuance of \$150.0 million of the 8.75% convertible notes and \$36.5 million of secured loan arrangements. See Note 13 Notes Payable and Collateralized Borrowings, in BGC Partners Inc.'s unaudited condensed consolidated financial statements for more information regarding these obligations, including timing of payments and compliance with debt covenants.

Off-Balance Sheet Arrangements

As of June 30, 2011, we did not have any relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special purpose entities, which would have been established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes.

PART I FINANCIAL INFORMATION

BGC PARTNERS, INC.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Credit Risk

Credit risk arises from potential non-performance by counterparties and customers. BGC Partners has established policies and procedures to manage its exposure to credit risk. BGC Partners maintains a thorough credit approval process to limit exposure to counterparty risk and employs stringent monitoring to control the counterparty risk from its matched principal and agency businesses. BGC Partners' account opening and counterparty approval process includes verification of key customer identification, anti-money laundering verification checks and a credit review of financial and operating data. The credit review process includes establishing an internal credit rating and any other information deemed necessary to make an informed credit decision, which may include correspondence, due diligence calls and a visit to the entity's premises, as necessary.

Credit approval is granted subject to certain trading limits and may be subject to additional conditions, such as the receipt of collateral or other credit support. On-going credit monitoring procedures include reviewing periodic financial statements and publicly available information on the client and collecting data from credit rating agencies, where available, to assess the on-going financial condition of the client. For transactions conducted through eSpeed, BGC Partners has developed and utilizes an electronic credit monitoring system which measures and controls credit usage, including the ability to prohibit execution of trades that would exceed risk limits and permit only risk reducing trades.

Principal Transaction Risk

Through its subsidiaries, BGC Partners executes matched principal transactions in which it acts as a middleman by serving as counterparty to both a buyer and a seller in matching back-to-back trades. These transactions are then settled through a recognized settlement system or third-party clearing organization. Settlement typically occurs within one to three business days after the trade date. Cash settlement of the transaction occurs upon receipt or delivery of the underlying instrument that was traded. BGC Partners generally avoids settlement of principal transactions on a free-of-payment basis or by physical delivery of the underlying instrument. However, free-of-payment transactions may occur on a very limited basis.

The number of matched principal trades BGC Partners executes has continued to grow as compared to prior years. Receivables from broker-dealers and clearing organizations and payables to broker-dealers and clearing organizations in the Company's unaudited condensed consolidated statements of financial condition primarily represent the simultaneous purchase and sale of the securities associated with those matched principal transactions that have not settled as of their stated settlement dates. BGC Partners' experience has been that substantially all of these transactions ultimately settle at the contracted amounts.

Market Risk

Market risk refers to the risk that a change in the level of one or more market prices, rates, indices or other factors will result in losses for a specified position. BGC Partners may allow certain of its desks to enter into unmatched principal transactions in the ordinary course of business and hold long and short inventory positions. These transactions are primarily for the purpose of facilitating clients' execution needs, adding liquidity to a market or attracting additional order flow. As a result, BGC Partners may have market risk exposure on these transactions. BGC Partners' exposure varies based on the size of its overall positions, the risk characteristics of the instruments held and the amount of time the positions are held before they are disposed of. BGC Partners has limited ability to track its exposure to market risk and unmatched positions on an intra-day basis; however, it attempts to mitigate its market risk on these positions by strict risk limits, extremely limited holding periods and hedging its exposure. These positions are intended to be held short term to facilitate customer transactions. However, due to a number of factors, including the nature of the position and access to the market on which it trades, BGC Partners may not be able to unwind the position and it may be forced to hold the position for a longer period than anticipated. All positions held longer than intra-day are marked to market.

Table of Contents

Our risk management procedures and strict limits are designed to monitor and limit the risk of unintended loss and have been effective in the past. However, there is no assurance that these procedures and limits will be effective at limiting unanticipated losses in the future. Adverse movements in the securities positions or a downturn or disruption in the markets for these positions could result in a substantial loss. In addition, principal gains and losses resulting from these positions could on occasion have a disproportionate effect, positive or negative, on BGC Partners unaudited condensed consolidated financial condition and results of operations for any particular reporting period.

Operational Risk

Our businesses are highly dependent on our ability to process a large number of transactions across numerous and diverse markets in many currencies on a daily basis. If any of our data processing systems do not operate properly or are disabled or if there are other shortcomings or failures in our internal processes, people or systems, we could suffer impairment to our liquidity, financial loss, a disruption of our businesses, liability to clients, regulatory intervention or reputational damage. These systems may fail to operate properly or become disabled as a result of events that are wholly or partially beyond our control, including a disruption of electrical or communications services or our inability to occupy one or more of our buildings. The inability of our systems to accommodate an increasing volume of transactions could also constrain our ability to expand our businesses.

In addition, despite our contingency plans, our ability to conduct business may be adversely impacted by a disruption in the infrastructure that supports our businesses and the communities in which they are located. This may include a disruption involving electrical, communications, transportation or other services used by us or third parties with whom we conduct business.

Foreign Currency Risk

BGC Partners is exposed to risks associated with changes in foreign exchange rates. Changes in foreign currency rates create volatility in the U.S. dollar equivalent of the Company's revenues and expenses in particular with regard to British Pounds and Euros. In addition, changes in the remeasurement of BGC Partners' foreign currency denominated net assets are recorded as part of its results of operations and fluctuate with changes in foreign currency rates. BGC monitors the net exposure in foreign currencies on a daily basis and hedges its exposure as deemed appropriate with highly rated major financial institutions.

Interest Rate Risk

BGC Partners had \$186.5 million in fixed-rate debt outstanding as of June 30, 2011. These debt obligations are not currently subject to fluctuations in interest rates, although in the event of refinancing or issuance of new debt, such debt could be subject to changes in interest rates.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

BGC Partners maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed by BGC Partners is recorded, processed, summarized, accumulated and communicated to its management, including its Chairman and Chief Executive Officer and its Chief Financial Officer, to allow timely decisions regarding required disclosure, and reported within the time periods specified in the SEC's rules and forms. The Chairman and Chief Executive Officer and the Chief Financial Officer have performed an evaluation of the effectiveness of the design and operation of BGC Partners disclosure controls and procedures as of June 30, 2011. Based on that evaluation, the Chairman and Chief Executive Officer and the Chief Financial Officer concluded that BGC Partners' disclosure controls and procedures were effective as of June 30, 2011.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during the six months ended June 30, 2011 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 1. LEGAL PROCEEDINGS

See the description of legal proceedings in Note 15 Commitments, Contingencies and Guarantees to the unaudited condensed consolidated financial statements included in Item 1 of Part I of this Quarterly Report on Form 10-Q, which is incorporated by reference herein.

ITEM 1A. RISK FACTORS

Set forth below are updates to certain of our risk factors. For additional risk factors, see Updated Risk Factors in our Form 8-K dated June 17, 2011.

On July 29, 2011, the Company closed its offering and sale of \$160 million aggregate principal amount of its 4.50% convertible senior notes due 2016 (the 4.50% convertible notes). In addition, on July 19, 2011, the Company received from the Financial Services Authority in the United Kingdom (the FSA) a draft copy of the FSA's risk assessment letter and risk mitigation program. The following are certain Risk Factors for the Company with respect to such matters.

Risks Relating to the 4.50% Convertible Notes and the Capped Call Transactions

The 4.50% convertible notes and the capped call transactions may affect the market for and trading price of our Class A common stock.

We expect that many investors in the 4.50% convertible notes will employ, or seek to employ, a convertible arbitrage strategy with respect to the notes. Investors that employ a convertible arbitrage strategy with respect to the 4.50% convertible notes typically will implement that strategy by selling short our Class A common stock underlying the notes or by entering into cash-settled over-the-counter derivative transactions with respect to our Class A common stock that provide investors with short economic exposure to our Class A common stock.

In connection with the sale of the 4.50% convertible notes, we entered into capped call transactions with affiliates of Bank of America Merrill Lynch and Deutsche Bank Securities, which we refer to as the hedge counterparties, in connection with the pricing of the notes and the overallotment option to cover the shares of our Class A common stock underlying the notes.

The capped call transactions are expected generally to reduce the potential dilution with respect to our Class A common stock upon conversion of the 4.50% convertible notes in the event that the volume weighted-average price per share of our Class A common stock, as measured under the terms of the capped call transactions, is greater than the strike price of the capped call transactions (which corresponds to the initial conversion price of the notes and is subject to anti-dilution adjustments substantially similar to those applicable to the notes). If, however, the volume weighted-average price per share of our Class A common stock, as measured under the terms of the capped call transactions, exceeds the cap price of the capped call transactions, the value of the shares of our Class A common stock that we expect to receive upon the exercise of the capped call transactions will be capped and the dilution mitigation under the capped call transactions will be limited based on such capped value, which means there would be dilution with respect to our Class A common stock to the extent that the then volume weighted-average price per share of our Class A common stock exceeds the cap price of the capped call transactions.

In connection with hedging the capped call transactions, we believe the hedge counterparties may enter into, or may unwind, various derivative transactions with respect to and/or purchase or sell our Class A common stock in secondary market transactions.

Such arbitrage and hedging activities could have the effect of causing or avoiding an increase or decrease in the trading price of our Class A common stock following the sale of the 4.50% convertible notes, including during any cash settlement averaging period related to a conversion of the notes and following any conversion of the notes and during the period prior to the maturity date. The effect, if any, of any of these transactions and activities on our Class A common stock will depend in part on market conditions and cannot be ascertained at this time, but any of these activities could adversely affect the market for and trading price of our Class A common stock.

Table of Contents

A failure by a hedge counterparty (due to bankruptcy or otherwise) to pay or deliver, as the case may be, to us amounts owed to us under the capped call transactions will not reduce the consideration we are required to deliver to a holder upon its conversion of the 4.50% convertible notes and may result in an increase in dilution with respect to our Class A common stock.

We may not have the funds necessary to purchase the 4.50% convertible notes upon a fundamental change as required by the indenture governing the notes.

Holders may require us to purchase their 4.50% convertible notes for cash upon a fundamental change as described in the indenture governing the notes. A fundamental change may also constitute an event of default and result in the effective acceleration of the maturity of our then-existing indebtedness. There can be no assurance that we would have sufficient financial resources, or would be able to arrange financing, to pay in cash the fundamental change purchase price in full for the 4.50% convertible notes surrendered by the holders. In addition, the terms of any then-existing credit facilities and financing agreements may limit our ability to pay any fundamental change purchase price. Failure by us to purchase the 4.50% convertible notes when required will result in an event of default with respect to the notes.

The fundamental change provisions may delay or prevent an otherwise beneficial takeover attempt of us.

The fundamental change purchase rights in the indenture governing the 4.50% convertible notes, which will allow noteholders to require us to purchase all or a portion of their notes upon the occurrence of a fundamental change, as defined in such indenture, and the provisions requiring an increase in the conversion rate for conversions in connection with make-whole fundamental changes may in certain circumstances delay or prevent a takeover of us and the removal of our incumbent management that might otherwise be beneficial to holders of our Class A common stock.

Conversion of the 4.50% convertible notes may dilute the ownership interest of existing stockholders, and sales of the underlying shares may depress the market price of our Class A common stock.

The conversion of some or all of the 4.50% convertible notes may dilute the ownership interests of existing Class A stockholders, including as a result of any adjustment to the conversion rate on the notes due to our payment of cash dividends above a specified rate. Any sales in the public market of any shares of our Class A common stock issuable upon conversion could depress the market price of our Class A common stock.

If we elect a cash settlement or a combination settlement of the 4.50% convertible notes, it may have adverse consequences.

In lieu of delivery of shares of our Class A common stock in satisfaction of our obligation upon conversion of the 4.50% convertible notes, we may settle the notes surrendered for conversion entirely in cash or in a combination of cash and shares of our Class A common stock. This feature of the 4.50% convertible notes may result in noteholders receiving no shares upon conversion or fewer shares relative to the conversion value of the notes, but could reduce our liquidity if we pay the conversion price in whole or in part in cash.

The accounting method for convertible debt securities, such as the 4.50% convertible notes, could have a material adverse effect on our reported financial results.

In May 2008, the Financial Accounting Standards Board issued accounting guidance for convertible debt that may be settled in cash upon conversion. Under this accounting guidance, an entity must separately account for the liability and equity components of convertible debt instruments, such as the 4.50% convertible notes, that may be settled in cash or partially in cash upon conversion in a manner that reflects the issuer's economic interest cost. The guidance requires the fair value of the conversion option of the 4.50% convertible notes be

Table of Contents

reported as a component of stockholders' equity and included in additional paid-in capital on our consolidated balance sheet. The value of the conversion option of the 4.50% convertible notes will be reported as a discount to the notes. We will report lower net income in our financial results because interest will include both the current period's amortization of the debt discount (non-cash interest) and the instrument's cash interest, which could adversely affect our reported or future financial results and the trading price of our Class A common stock.

Risks Relating to the FSA Review

Extensive regulation of our businesses restricts and limits our operations and activities and results in ongoing exposure to the potential for significant costs and penalties, including fines or additional restrictions or limitations on our ability to conduct or grow our businesses.

The financial services industry, including our businesses, is subject to extensive regulation, which is very costly. The requirements imposed by regulators are designed to ensure the integrity of the financial markets and to protect customers and other third parties who deal with us and are not designed to protect our stockholders. These regulations will often serve to restrict or limit our operations and activities, including through capital, customer protection and market conduct requirements.

Firms in the financial services industry, including our businesses, have experienced increased scrutiny in recent years, and penalties and fines sought by regulatory authorities, including the Securities and Exchange Commission (the "SEC"), the Financial Industry Regulatory Authority ("FINRA"), the Commodities Futures Trading Commission (the "CFTC"), state securities commissions, state attorneys general and the FSA, have increased accordingly. This trend toward a heightened regulatory and enforcement environment can be expected to continue for the foreseeable future, and this environment may create uncertainty.

Our businesses are subject to regulation by governmental and self-regulatory organizations in the jurisdictions in which we operate around the world. Many of these regulators, including U.S. and non-U.S. government agencies and self-regulatory organizations, as well as state securities commissions in the U.S., are empowered to bring enforcement actions and to conduct administrative proceedings and examinations, inspections, and investigations, which may result in costs, fines, penalties, enhanced oversight, additional requirements, restrictions, or limitations, and censure, suspension, or expulsion. Self-regulatory organizations such as FINRA and the National Futures Association, along with statutory bodies such as the SEC, the CFTC and the FSA, require strict compliance with their rules and regulations.

From time to time, we and our associated persons have been and are subject to periodic examinations, inspections and investigations that have and may result in significant costs and possible disciplinary actions by the SEC, the CFTC, the FSA, self-regulatory organizations and state securities administrators. Currently, we and certain other inter-dealer brokers are being investigated by the SEC with respect to trading practices, and the Company and/or its executives are being questioned by the FSA with respect to certain matters relating to prior litigation.

The FSA biennial Advanced, Risk-Responsive Operating Framework risk assessment and other FSA supervisory review and evaluation processes of our UK group's regulated businesses identified certain weaknesses in our UK group's risk, compliance and control functionality, including governance procedures. Consequently, the FSA has made a number of requests and imposed certain requirements, restrictions and limitations, and may impose additional requirements, restrictions and limitations, to enhance our regulatory compliance and controls.

The FSA has raised certain concerns with respect to our governance, oversight, and risk management policies and procedures, including those relating to our anti-money laundering, anti-bribery, and corruption and fraud prevention systems and controls. The FSA has requested that we provide them with a method of supervising, on a consolidated basis, for regulatory purposes, certain of the businesses in our UK group with those of Cantor and its UK entities (the "Cantor UK group"), and may request or require other changes to the structure of our UK group and the Cantor

Table of Contents

UK group. In response to the FSA's request, we have agreed to a voluntary limitation on closing acquisitions of new businesses regulated by the FSA or entering into new regulated business lines, which may have a temporary impact on our ability to add business to our UK group, and the FSA may request additional restrictions and limitations. We have been advised by the FSA that our UK group will need to maintain significantly higher regulatory capital than it has in the past. Our UK group will also need to adhere to new liquidity provisions that may impact the ability to transfer cash assets to other group members. The FSA has requested that we review and enhance our policies and procedures relating to assessing risks and our liquidity and capital requirements, and has further requested detailed contingency planning steps to determine the stand-alone viability of each of the businesses in our UK group and the Cantor UK group, including theoretical orderly wind-down scenarios for these businesses.

The FSA has advised us that it expects our UK group to implement a large-scale program of remediation to address the foregoing. The FSA has provided a meeting schedule during the remediation to allow for close and continuous supervision of developments and progress against our proposed timelines, and will require an independent review of our governance and control functions by skilled persons under Section 166 of the Financial Services and Markets Act.

To address these matters, we have retained an international accounting firm and UK counsel to assist us with our UK remediation efforts. While we do not anticipate that the costs, and any requirements, restrictions or limitations in the UK imposed by the FSA in connection with its ongoing review, would have a material adverse effect on our businesses, financial condition, results of operations or prospects, there can be no assurance that such costs, requirements, restrictions or limitations would not have such effect.

Risks Relating to Acquisitions/New Opportunities

In addition to hiring brokers for new or existing brokerage desks, we may pursue strategic alliances, acquisitions or joint ventures, which could present unforeseen integration obstacles or costs and could dilute our stockholders. We may also face competition in our acquisition strategy, as well as regulatory restrictions and limitations in the UK, which may limit our number of acquisitions and growth opportunities.

We have explored a wide range of strategic alliances, acquisitions or joint ventures with other brokerage firms and with other companies that have interests in businesses in which there are brokerage or other strategic opportunities. We also may make acquisitions outside of the financial services industry. We have recently announced our agreement to acquire real estate advisory firm and broker Newmark Knight Frank. No assurance can be given that this acquisition will be completed or, if completed, will be integrated successfully.

In addition, from time to time, we have and we expect to continue to evaluate and potentially pursue possible strategic alliances, acquisitions, joint ventures or broker hires. These acquisitions or new hires may be necessary in order for us to enter into or develop new products and geographic areas.

Strategic alliances, acquisitions, joint ventures and new hires involve a number of risks and present financial, managerial and operational challenges, including:

potential disruption of our ongoing businesses and product development and distraction of management;

difficulty retaining and integrating personnel and integrating financial and other systems;

the necessity of hiring additional management and other critical personnel and integrating them into current operations and maintaining regulatory compliance;

litigation and/or arbitration associated with hiring brokerage personnel;

increasing the scope, geographic diversity and complexity of our operations;

potential dependence upon, and exposure to liability, loss or reputational damage relating to systems, controls and personnel that are not under our control;

potential unfavorable reaction to our strategic alliance, acquisition or joint venture strategy by our customers;

to the extent that we pursue business opportunities outside the U.S., exposure to political, economic, legal, regulatory, operational and other risks that are inherent in operating in a foreign country, including risks of possible nationalization, expropriation, price controls, capital controls, exchange controls and other restrictive governmental actions, as well as the outbreak of hostilities;

the upfront costs associated with pursuing acquisitions and recruiting brokerage personnel, which efforts may be unsuccessful;

conflicts or disagreements between any strategic alliance or joint venture partner and us; and

exposure to additional liabilities of any acquired business, strategic alliance or joint venture.

We expect to face competition for acquisition candidates, which may limit the number of acquisitions and growth opportunities and may lead to higher acquisition prices. There can be no assurance that we will be able to identify, acquire or manage profitably additional businesses or to integrate successfully any acquired businesses without substantial costs, delays or other operational, regulatory or financial difficulties.

In addition, in the UK, we have agreed to a voluntary limitation on closing acquisitions of new businesses regulated by the FSA or entering into new regulated business lines, which may have a temporary impact on our ability to add business to our UK group. The FSA has given us further guidance regarding the imposition of additional requirements, restrictions and limitations relating to our UK group's regulated businesses, which could adversely affect, until remediation efforts are complete, our ability to add business to our UK group.

As a result of these risks and challenges, we may not realize any anticipated benefits from strategic alliances, acquisitions, joint ventures or new hires, and such strategic alliances, acquisitions, joint ventures or new hires may in fact materially adversely affect our businesses, financial condition, results of operations and prospects. In addition, future strategic alliances, acquisitions or joint ventures or the hiring of new brokerage personnel may involve the issuance of additional shares of our Class A common stock, which may dilute existing stockholders or may involve litigation.
