**Independent Auditors Report**

The Board of Trustees

Universal Health Realty Income Trust:

We have audited the accompanying Combined Statement of Revenue and Certain Operating Expenses (Historical Summary) of Lake Pointe Medical Arts Building and Forney Medical Plaza (the Properties) for the year ended December 31, 2010. This Historical Summary is the responsibility of management of Universal Health Realty Income Trust. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Properties' internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and for the inclusion in a Form 8-K/A of Universal Health Realty Income Trust, to be filed with the Securities and Exchange Commission, as described in note 2. It is not intended to be a complete presentation of the Properties' revenues and expenses.

In our opinion, the Historical Summary referred to above presents fairly, in all material respects, the revenue and certain operating expenses described in note 2 of the Properties for the year ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

**(1) Business**

Lake Pointe Medical Arts Building (LPMA), a multi-tenant medical office building consisting of approximately 51,000 of rentable square feet, is located in Rowlett, Texas and was acquired by Universal Health Realty Income Trust (the Trust), utilizing a qualified third-party intermediary in connection with a planned like-kind-exchange transaction pursuant to Section 1031 of the Internal Revenue Code, on June 13, 2011. LPMA was approximately 93% leased at December 31, 2010.

Forney Medical Plaza (Forney) (together with LPMA, the Properties), a multi-tenant medical office building consisting of approximately 51,000 rentable square feet, is located in Forney, Texas and was acquired by the Trust, utilizing a qualified third-party intermediary in connection with a planned like-kind-exchange transaction pursuant to Section 1031 of the Internal Revenue Code, on July 26, 2011. Forney was approximately 87% leased at December 31, 2010.

**(2) Basis of Presentation**

The Combined Statement of Revenue and Certain Operating Expenses (Historical Summary) has been prepared for the purpose of complying with Rule 3-14 of the Securities and Exchange Commission (SEC) Regulation S-X and for inclusion in the Form 8-K/A of Universal Health Realty Income Trust to be filed with the SEC and is not intended to be a complete presentation of the Properties' revenues and expenses. The Historical Summary has been prepared on the accrual basis of accounting and requires management to make estimates and assumptions that affect the reported amounts of the revenues and expenses during the reporting period. Actual results may differ from those estimates.

The unaudited Historical Summary for the three months ended March 31, 2011 has been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for interim financial information. Accordingly, it does not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. The Historical Summary for the three months ended March 31, 2011 is not necessarily indicative of the expected results for the entire year ended December 31, 2011.

**(3) Revenue**

The Properties lease medical office space under various lease agreements with their tenants. All leases are accounted for as operating leases. The leases include provisions under which the Properties are reimbursed for common area, real estate tax, and insurance expenses. Revenue related to these reimbursed expenses is recognized in the period the applicable expenses are incurred and billed to tenants pursuant to the lease agreements. Certain leases contain renewal options at various periods at various rental rates.

Although certain leases may provide for tenant occupancy during periods for which no rent is due and/or increases in minimum lease payments over the term of the lease, rental income is accrued for the full period of occupancy on a straight-line basis. These adjustments increased base rental income by \$29,061
