ABOUT THIS PROSPECTUS SUPPLEMENT

This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering. The second part, the accompanying prospectus, gives more general information, some of which may not apply to this offering.

To the extent the information contained in this prospectus supplement differs or varies from the information contained in the accompanying prospectus or documents incorporated by reference, the information in this prospectus supplement will supersede such information.

This prospectus supplement does not contain all of the information that is important to you. You should read the accompanying prospectus as well as the documents incorporated by reference in this prospectus supplement and the accompanying prospectus. Except as the context otherwise requires, we, our, us and the Company refer to Aimco, the Aimco Operating Partnership and their consolidated entities, collectively.

THE COMPANY

Aimco is a self-administered and self-managed real estate investment trust, or REIT. The Aimco Operating Partnership is the operating partnership for Aimco and conducts our business, which is acquiring, redeveloping, leasing and managing multifamily apartment properties. Our business activities are defined by a commitment to our core values of integrity, respect, collaboration, performance culture and a focus on our customers. These values and our corporate mission, to consistently provide quality apartment homes in a respectful environment delivered by a team of people who care, continually shape our culture. In all our dealings with residents, team members, business partners and equity holders, we aim to be the best owner and operator of apartment communities and an outstanding corporate citizen.

Our principal financial objective is to provide predictable and attractive returns to our equity holders. Our business plan to achieve this objective is to:

operate our nationwide portfolio of desirable apartment homes with valued amenities and extraordinary customer service in an efficient manner that realizes the benefits of our local management expertise;

improve our diversified portfolio of apartments averaging B/B+ in quality with properties concentrated in the largest markets in the United States by selling properties with lower projected returns and reinvesting those proceeds through the purchase of other properties or additional investment in properties already in our portfolio, including redevelopment; and

provide financial leverage primarily by the use of non-recourse, long-dated, fixed-rate property debt and perpetual preferred equity, a combination which helps to limit our refunding and re-pricing risk and provides a hedge against increases in interest rates, capitalization rates and inflation.

Aimco, and through its wholly-owned subsidiaries, AIMCO-GP, Inc. and AIMCO-LP Trust, owns a majority of the ownership interests in the Aimco Operating Partnership. Aimco conducts all of its business and owns all of its assets through the Aimco Operating Partnership. Interests in the Aimco Operating Partnership that are held by limited partners other than Aimco are referred to as OP Units. OP Units include common partnership units, high performance partnership units and partnership preferred units, which we refer to as common OP Units, HPUs and

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form 424B5

preferred OP Units, respectively. We also refer to HPUs as common OP Unit equivalents. At March 31, 2012, after eliminations for units held by consolidated entities, the Aimco Operating Partnership had 129,459,034 common OP Units and equivalents outstanding. At March 31, 2012, Aimco owned 121,351,204 of the common OP Units (93.7% of the common OP Units and equivalents of the Aimco Operating Partnership) and Aimco had outstanding an equal number of shares of its Class A Common Stock, which we refer to as Common Stock.

Table of Contents

Our owned real estate portfolio consists primarily of conventional real estate properties. Our conventional property operations consist of market-rate apartments with rents paid by the residents and included 196 properties with 62,420 units in which we held an average ownership of 95% as of March 31, 2012. We also operate a portfolio of affordable properties. Our affordable property operations consist of apartments with rents that are generally paid, in whole or part, by a government agency and consisted of 165 properties with 19,947 units in which we held an average ownership of 59% as of March 31, 2012. Our conventional and affordable property operations comprise our reportable segments and generated 88% and 12%, respectively, of our proportionate property net operating income during the three months ended March 31, 2012. Over time, we expect to dispose of almost all of our affordable properties and reinvest capital into our conventional portfolio.

Our principal executive offices are located at 4582 South Ulster Street, Suite 1100, Denver, Colorado 80237 and our telephone number is (303) 757-8101.

RISK FACTORS

Investing in shares of our Class A common stock involves a degree of risk. Please see the risk factors described in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q, which are incorporated by reference into this prospectus supplement and the accompanying prospectus. These risks and uncertainties are not the only ones facing us and there may be additional matters that we are unaware of or that we currently consider immaterial. Any of these risks and uncertainties could adversely affect our business, financial condition, results of operations, liquidity or prospects and, thus, the value of an investment in shares of our Class A common stock.

USE OF PROCEEDS

We estimate that the net proceeds from this offering will be approximately \$ million, after deducting underwriting discounts and commissions and our estimated offering expenses. If the underwriter exercises in full its option to purchase additional shares, our net proceeds will be approximately \$ million. We intend to use the net proceeds from this offering to redeem all outstanding shares of our 8.00% Class T Cumulative Preferred Stock at \$25.00 per share, for a total redemption price of approximately \$150 million, plus accrued and unpaid dividends, and to redeem all outstanding shares of our 8.00% Class V Cumulative Preferred Stock at \$25.00 per share, for a total redemption price of approximately \$65 million, plus accrued and unpaid dividends. We intend to use the remaining net proceeds of this offering to redeem outstanding shares of our 7.875% Class Y Cumulative Preferred Stock at \$25.00 per share, plus accrued and unpaid dividends, and for general corporate purposes, which may include the repayment of debt under our revolving credit facility, the acquisition of properties, and redevelopment investments at our properties.

UNDERWRITING

Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, Citigroup Global Markets Inc. has agreed to purchase, and we have agreed to sell to Citigroup Global Markets Inc., 11,000,000 shares of Class A common stock.

The underwriting agreement provides that the obligations of the underwriter to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriter is obligated to purchase all the shares (other than those covered by the option to purchase additional shares described below) if it purchases any of the shares.

If the underwriter sells more shares than the total number set forth above, we have granted to the underwriter an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 1,650,000 additional shares at the same price per share as the other shares purchased by the underwriter in this offering. Any shares issued or sold under the option will be issued and sold on the same terms and conditions as the other shares that are the subject of this offering.

We, certain of our officers and our directors have agreed that, for a period of 30 days from the date of this prospectus supplement, we and they will not, without the prior written consent of Citigroup Global Markets Inc., dispose of or hedge any shares or any securities convertible into or exchangeable for our Class A common stock. Citigroup Global Markets Inc. in its sole discretion may release any of the securities subject to these lock-up agreements at any time without notice.

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form 424B5

The shares are listed on the New York Stock Exchange under the symbol AIV.

The underwriter proposes to offer the shares of Class A common stock offered hereby from time to time for sale in one or more transactions on the New York Stock Exchange, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing

S-3

Table of Contents

market prices or at negotiated prices, subject to receipt and acceptance by it and subject to its right to reject any order in whole or in part. The underwriter may effect such transactions by selling the shares of Class A common stock to or through dealers and such dealers may receive compensation in the form of discounts, concessions, or commissions from the underwriter and/or purchasers of shares for whom they may act as agents or to whom they may sell as principal. The difference between the price at which the underwriter purchases shares from us and the price at which the underwriter resells such shares, which may include a commission equivalent of up to \$0.05 per share, may be deemed underwriting compensation.

We estimate that our portion of the total expenses of this offering will be approximately \$.

In connection with the offering, the underwriter may purchase and sell shares in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the option to purchase additional shares, and stabilizing purchases.

Short sales involve secondary market sales by the underwriter of a greater number of shares than it is required to purchase in the offering.

Covered short sales are sales of shares in an amount up to the number of shares represented by the underwriter's option to purchase additional shares.

Naked short sales are sales of shares in an amount in excess of the number of shares represented by the underwriter's option to purchase additional shares.

Covering transactions involve purchases of shares either pursuant to the underwriter's option to purchase additional shares or in the open market after the distribution has been completed in order to cover short positions.

To close a naked short position, the underwriter must purchase shares in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriter is concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

To close a covered short position, the underwriter must purchase shares in the open market after the distribution has been completed or must exercise its option to purchase additional shares. In determining the source of shares to close the covered short position, the underwriter will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which it may purchase shares through its option.

Stabilizing transactions involve bids to purchase shares so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriter for its own account, may have the effect of preventing or retarding a decline in the market price of the shares. They may also cause the price of the shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriter may conduct these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise. If the underwriter commences any of these transactions, it may discontinue them at any time.

Conflicts of Interest

The underwriter is a full service financial institution engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. The underwriter and its affiliates have in the past performed commercial banking, investment banking and advisory services for us from time to time for which it has received customary fees and reimbursement of expenses and may, from time to time, engage in transactions

with and perform services for us in the ordinary course of its business for which it may receive customary fees and reimbursement of expenses. In the ordinary course of its various business activities, the underwriter and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for its own account and for the accounts of its customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve our securities and instruments. In addition, an affiliate of the underwriter is a lender under our revolving credit facility.

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriter may be required to make because of any of those liabilities.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the documents incorporated by reference herein may contain statements, estimates or projections that constitute forward-looking statements, as defined under U.S. federal securities laws. Generally, the words believe, expect, intend, estimate, anticipate, project, will and similar expressions identify forward-looking statements. These may include, without limitation, statements regarding our ability to maintain current or meet projected occupancy, rental rates and property operating results and the effect of acquisitions and redevelopments. Actual results may differ materially from those described in these forward-looking statements and, in addition, will be affected by a variety of risks and factors, some of which are beyond our control, including, without limitation: financing risks, including the availability and cost of financing and the risk that our cash flows from operations may be insufficient to meet required payments of principal and interest; earnings may not be sufficient to maintain compliance with debt covenants; real estate risks, including fluctuations in real estate values and the general economic climate in the markets in which we operate and competition for residents in such markets; national and local economic conditions, including the pace of job growth and the level of unemployment; the terms of governmental regulations that affect us and interpretations of those regulations; the competitive environment in which we operate; the timing of acquisitions and dispositions; insurance risk, including the cost of insurance; natural disasters and severe weather such as hurricanes; litigation, including costs associated with prosecuting or defending claims and any adverse outcomes; energy costs; and possible environmental liabilities, including costs, fines or penalties that may be incurred due to necessary remediation of contamination of properties presently owned or previously owned by us. In addition, our current and continuing qualification as a real estate investment trust involves the application of highly technical and complex provisions of the Internal Revenue Code and depends on our ability to meet the various requirements imposed by the Internal Revenue Code, through actual operating results, distribution levels and diversity of stock ownership. Readers should carefully review our financial statements and the notes thereto, as well as the section entitled Risk Factors described in Item 1A of each of the Annual Reports on Form 10-K for the fiscal year ended December 31, 2010, filed by Apartment Investment and Management Company and AIMCO Properties, L.P. and the other documents we file from time to time with the SEC, including Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

AIMCO AND THE AIMCO OPERATING PARTNERSHIP

Apartment Investment and Management Company, or Aimco, is a Maryland corporation incorporated on January 10, 1994. We are a self-administered and self-managed real estate investment trust, or REIT. Our principal financial objective is to provide predictable and attractive returns to our stockholders. Our business plan

Table of Contents

to achieve this objective is described in the Business Overview section of Aimco's Annual report on Form 10-K for the fiscal year ended December 31, 2010.

Through our wholly-owned subsidiaries, AIMCO-GP, Inc. and AIMCO-LP Trust, we own a majority of the ownership interests in AIMCO Properties, L.P., which we refer to as the Aimco Operating Partnership. As of December 31, 2010, we held an interest of approximately 93% in the common partnership units and equivalents of the Aimco Operating Partnership. We conduct substantially all of our business and own substantially all of our assets through the Aimco Operating Partnership. Interests in the Aimco Operating Partnership that are held by limited partners other than Aimco are referred to as OP Units. OP Units include common partnership units, high performance partnership units and partnership preferred units, which we refer to as common OP Units, High Performance Units and preferred OP Units, respectively. At April 11, 2011, after elimination of shares held by consolidated subsidiaries, 119,510,455 shares of our Class A common stock were outstanding and the Aimco Operating Partnership had 8,445,313 common partnership units and equivalents outstanding for a combined total of 127,955,768 shares of Class A common stock, common partnership units and equivalents outstanding.

Since our initial public offering in July 1994, we have completed numerous transactions, including purchases of properties and interests in entities that own or manage properties, expanding our portfolio of owned or managed properties from 132 properties with 29,343 apartment units to a peak of over 2,100 properties with 379,000 apartment units. As of December 31, 2010, our portfolio of owned and/or managed properties consists of 768 properties with 122,694 apartment units.

Our principal executive offices are located at 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237 and our telephone number is (303) 757-8101.

RISK FACTORS

Investing in our securities involves various risks. You should carefully consider any risk factors set forth or incorporated by reference in the applicable prospectus supplement, together with all the other information contained in the prospectus supplement or appearing or incorporated by reference in this prospectus and in the applicable prospectus supplement. You should also consider the risks, uncertainties and assumptions discussed under Risk Factors in Item 1A of each of the Annual Reports on Form 10-K for the fiscal year ended December 31, 2010, filed by Aimco and the Aimco Operating Partnership, which are incorporated by reference in this prospectus, and which may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future, including Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

USE OF PROCEEDS

Unless otherwise described in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities for working capital and general corporate purposes, which may include the repayment or refinancing of outstanding indebtedness, the financing of future acquisitions (which may include acquisitions of real properties, interests therein or real estate-related securities) and the financing of improvements or expansion of properties. Pending the use thereof, we intend to invest any net proceeds in short-term, interest-bearing securities.

The ratios of earnings to fixed charges and the ratios of earnings to combined fixed charges and partnership preferred unit distributions for the Aimco Operating Partnership are the same as the ratios of earnings

DESCRIPTION OF AIMCO DEBT SECURITIES**General**

The following description sets forth certain general terms and provisions of the debt securities of Aimco. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which these general provisions may apply to such securities will be described in the applicable prospectus supplement.

The debt securities of Aimco may be issued, from time to time, in one or more series, and will constitute either senior debt securities, senior subordinated debt securities or subordinated debt securities, each of which may be issued from time to time under an indenture to be entered into between Aimco and a trustee to be named in the applicable prospectus supplement. Forms of these indentures are incorporated by reference as exhibits to the Registration Statement that includes this prospectus. The indentures will be subject to and governed by the Trust Indenture Act of 1939, as amended (the "TIA"). Capitalized terms used in this section that are not defined in this prospectus are defined in the indenture to which they relate. The statements made under this heading about the debt securities and the indentures are summaries of their material provisions and are not complete. These statements are subject to, and are qualified in their entirety by reference to, all the provisions of the indentures and the debt securities, including definitions of certain terms.

The debt securities will be direct, unsecured obligations of Aimco. The indentures do not limit the aggregate principal amount of debt securities that may be issued thereunder and provide that such debt securities may be issued thereunder from time to time in one or more series. Under the indentures, Aimco will have the ability to issue debt securities with terms different from those of debt securities previously issued by it, without the consent

Table of Contents

of the holders of such previously issued series of debt securities, in an aggregate principal amount determined by Aimco.

The applicable prospectus supplement or prospectus supplements relating to any senior subordinated debt securities or subordinated debt securities will set forth the aggregate amount of outstanding indebtedness, as of the most recent practicable date, that by the terms of such debt securities would be senior to such debt securities and any limitation on the issuance of additional senior indebtedness.

Debt securities may be issued and sold at a discount below their principal amount. Special U.S. federal income tax considerations applicable to debt securities, including securities issued with original issue discount, will be described in more detail in the applicable prospectus supplement.

Below is a description of some general terms of Aimco's debt securities that may be specified in a prospectus supplement. You should read the applicable prospectus supplement for a description of the debt securities being offered, including:

the title of the debt securities;

any limit on the aggregate principal amount of the debt securities;

whether the debt securities may be represented initially by a debt security in temporary or permanent global form, and if so, the initial depository with respect to such temporary or permanent global security and whether, and the circumstances under which, beneficial owners of interests in any such temporary or permanent global security may exchange such interests for debt securities of such series and of like tenor of any authorized form and denomination;

the price or prices at which the debt securities will be issued;

the date or dates on which the principal of the debt securities is payable or the method of determination thereof;

the place or places where and the manner in which the principal of and premium, if any, and interest, if any, on such debt securities will be payable and the place or places where such debt securities may be presented for transfer and, if applicable, conversion or exchange;

the rate or rates at which the debt securities will bear interest, or the method of calculating such rate or rates, if any, and the date or dates from which such interest, if any, will accrue;

the dates, if any, on which any interest on the debt securities will be payable, and the regular record date for any interest payable on any debt securities;

the right or obligation, if any, of Aimco to redeem or purchase debt securities of the series pursuant to any sinking fund or analogous provisions or at the option of a holder thereof, the conditions, if any, giving rise to such right or obligation, and the period or periods within which, and the price or prices at which and the terms and conditions upon which debt securities of the series shall be redeemed or purchased, in whole or part, and any provisions for the remarketing of such debt securities;

whether such debt securities are convertible or exchangeable into other debt securities or equity securities, and, if so, the terms and conditions upon which such conversion or exchange will be effected, including the initial conversion or exchange price or rate and any adjustments thereto, the conversion or exchange period and other conversion or exchange provisions;

any terms applicable to such debt securities which are issued at a discount, including the issue price thereof and the rate or rates at which original issue discount will accrue;

if other than the principal amount thereof, the portion of the principal amount of the debt securities that will be payable upon declaration or acceleration of the maturity thereof pursuant to an event of default;

any special U.S. federal income tax considerations applicable to the debt securities; and

any other terms of the debt securities not inconsistent with the provisions of the indenture.

Table of Contents

The applicable prospectus supplement will also describe the following terms of any series of senior subordinated debt securities or subordinated debt securities offered hereby:

the rights, if any, to defer payments of interest on such series of debt securities by extending the interest payment period, and the duration of such extensions;

the subordination terms of such series of debt securities; and

any special provisions for the payment of additional amounts with respect to the debt securities.

Since the operations of Aimco are currently conducted principally through its subsidiaries, Aimco's cash flow and its consequent ability to service debt, including the debt securities, will depend, in large part, upon the earnings of its subsidiaries and the distribution of those earnings to Aimco, whether by dividends, loans or otherwise. The payment of dividends and the making of loans and advances to Aimco by its subsidiaries may be subject to statutory or contractual restrictions, are contingent upon the earnings of those subsidiaries and are subject to various business considerations. Any right of Aimco to receive assets of any of the subsidiaries upon their liquidation or reorganization (and the consequent right of the holders of the debt securities to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors (including trade creditors), except to the extent that Aimco is recognized as a creditor of such subsidiary, in which case the claims of Aimco would still be subordinate to any security interests in the assets of such subsidiary and any indebtedness of such subsidiary senior to that held by Aimco.

Conversion or Exchange

No series of debt securities that may be issued and sold pursuant hereto will be convertible into, or exchangeable for, other securities or property, except as set forth in the applicable prospectus supplement, which will set forth the terms and conditions upon which such conversion or exchange may be effected, including the initial conversion or exchange rate and any adjustments thereto, the conversion or exchange period and any other conversion or exchange provisions.

Form, Exchange, Registration and Transfer

A series of debt securities may be issued solely as registered debt securities. A series of debt securities may be issuable in whole or in part in the form of one or more global debt securities, as described below under Global Debt Securities. Unless otherwise indicated in an applicable prospectus supplement, debt securities will be issuable in denominations of \$1,000 and integral multiples thereof. Any series of debt securities will be exchangeable for other debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor.

Debt securities may be presented for exchange as provided above and, unless otherwise indicated in the applicable prospectus supplement, may be presented for registration of transfer, at the office or agency of Aimco designated as registrar or co-registrar with respect to such series of debt securities, without service charge and upon payment of any taxes, assessments or other governmental charges as described in the indenture. Such transfer or exchange will be effected on the books of the registrar or any other transfer agent appointed by Aimco upon such registrar or transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. Aimco intends initially to appoint the trustee for the particular series of debt securities as the registrar for such debt securities and the name of any different or additional registrar designated by Aimco with respect to the debt securities will be included in the prospectus supplement relating thereto. If a prospectus supplement refers to any transfer agents (in addition to the registrar) designated by Aimco with respect to any series of debt securities, Aimco may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that Aimco will be required to maintain a transfer agent in the Borough of Manhattan, the City of New York. Aimco may at any time designate additional transfer agents with respect to any series of debt securities.

In the event of any partial redemption of any series of debt securities, Aimco will not be required to (1) issue, register the transfer of or exchange debt securities of that series during a period beginning at the opening of business 15 days before any selection of debt securities of that series to be redeemed and ending at the

Table of Contents

close of business on the day of mailing of the relevant notice of redemption; or (2) register the transfer of or exchange any debt security, or portion thereof, called for redemption, except the unredeemed portion of any debt security being redeemed in part.

Payment and Paying Agents

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of, and interest, if any, on, debt securities will be made at the office of such paying agent or paying agents as Aimco may designate from time to time, except that, at the option of Aimco, payment of principal or interest may be made by check or by wire transfer to an account maintained by the payee. Unless otherwise indicated in the applicable prospectus supplement, payment of any installment of interest on debt securities will be made to the person in whose name such debt security is registered at the close of business on the regular record date for such interest.

Unless otherwise indicated in the applicable prospectus supplement, the trustee for the debt securities being offered will be designated as Aimco's sole paying agent for payments with respect to such debt securities. Any other paying agents initially designated by Aimco for the debt securities being offered will be named in the applicable prospectus supplement. Aimco may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that Aimco will be required to maintain a paying agent in the Borough of Manhattan, The City of New York.

All moneys paid by Aimco to a paying agent for the payment of principal of, or interest, if any, on, any debt security that remains unclaimed at the end of two years after such principal or interest shall have become due and payable will be repaid to Aimco, and the holder of such debt security or any coupon will thereafter look only to Aimco for payment thereof.

Global Debt Securities

The debt securities of a series may be issued in whole or in part in global form. A debt security in global form will be deposited with, or on behalf of, a depository, which will be identified in the applicable prospectus supplement. A global debt security may be issued only in registered form and in either temporary or permanent form. A debt security in global form may not be transferred except as a whole to the depository for such debt security or to a nominee or successor of such depository. If any debt securities of a series are issuable in global form, the applicable prospectus supplement will describe the circumstances, if any, under which beneficial owners of interests in any such global debt security may exchange such interests for definitive debt securities of such series and of like tenor and principal amount in any authorized form and denomination, the manner of payment of principal of and interest, if any, on such global debt security and the specific terms of the depository arrangement with respect to such global debt security.

Mergers and Sales of Assets

Aimco may not consolidate with or merge into any other person or convey, transfer or lease its properties and assets substantially as an entirety to another person, unless, among other things, (1) the resulting, surviving or transferee person (if other than Aimco) is organized and existing under the laws of the United States, any state thereof or the District of Columbia and such person expressly assumes all obligations of Aimco under the debt securities and the indenture, and (2) immediately after giving effect to such transaction, no default or event of default shall have occurred or be continuing under the indenture. Upon the assumption of Aimco's obligations by a person to whom such properties or assets are conveyed, transferred or leased, subject to certain exceptions, Aimco shall be discharged from all obligations under the debt securities and the indenture.

Events of Default

Each indenture provides that, if an event of default specified therein shall have occurred and be continuing, with respect to each series of debt securities outstanding thereunder, the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series may declare the principal amount (or, if any of the debt securities of such series were issued at a discount, such portion of the principal amount of such debt securities as may be specified by the terms thereof) of the debt securities of such series to be

Table of Contents

immediately due and payable. Under certain circumstances, the holders of a majority in aggregate principal amount of the outstanding debt securities of such series may rescind such a declaration.

Under each indenture, an event of default is defined as, with respect to each series of debt securities outstanding thereunder, any of the following:

default in payment of the principal of any debt securities of such series;

default in payment of any interest on any debt securities of such series when due, continuing for 30 days (or 60 days, in the case of senior subordinated debt securities or subordinated debt securities);

default by Aimco in compliance with other agreements in the debt securities of such series or the indenture relating to the debt securities of such series upon the receipt of notice of such default given by the trustee for such debt securities or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series and Aimco's failure to cure such default within 60 days after receipt of such notice;

certain events of bankruptcy or insolvency; and

any other event of default set forth in an applicable prospectus supplement with respect to the debt securities of such series.

The trustee shall give notice to holders of the debt securities of any continuing default known to the trustee within 90 days after the occurrence thereof; *provided*, that the trustee may withhold such notice, as to any default other than a payment default, if it determines in good faith that withholding the notice is in the interests of the holders.

The holders of a majority in principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of such series; provided that such direction shall not be in conflict with any law or the indenture and subject to certain other limitations. Before proceeding to exercise any right or power under the indenture at the direction of such holders, the trustee shall be entitled to receive from such holders reasonable security or indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred by it in complying with any such direction. With respect to each series of debt securities, no holder will have any right to pursue any remedy with respect to the indenture or such debt securities, unless:

such holder shall have previously given the trustee written notice of a continuing event of default with respect to the debt securities of such series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series shall have made a written request to the trustee to pursue such remedy;

such holder or holders have offered to the trustee reasonable indemnity satisfactory to the trustee;

the holders of a majority in aggregate principal amount of the outstanding debt securities of such series have not given the trustee a direction inconsistent with such request within 60 days after receipt of such request; and

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form 424B5

the trustee shall have failed to comply with the request within such 60-day period.

Notwithstanding the foregoing, the right of any holder of debt securities to receive payment of the principal of and interest in respect of such debt securities on the date specified in such debt securities as the fixed date on which an amount equal to the principal of such debt securities or an installment of principal thereof or interest thereon is due and payable (the stated maturity or stated maturities) or to institute suit for the enforcement of any such payments shall not be impaired or adversely affected without such holder's consent. The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may waive an existing default with respect to such series and its consequences, other than (1) any default in any payment of the principal of, or interest on, any debt securities of such series or (2) any default in respect of certain covenants or provisions in the indenture that may not be modified without the consent of the holder of each of the outstanding debt securities of such series affected as described in Modification and Waiver below.

Table of Contents

Each indenture provides that Aimco shall deliver to the trustee within 120 days after the end of each fiscal year of Aimco an officers certificate stating whether or not the signers know of any default that occurred during such period.

Modification and Waiver

Aimco and the trustee may execute a supplemental indenture without the consent of the holders of the debt securities:

to add to the covenants, agreements and obligations of Aimco for the benefit of the holders of all the debt securities of any series or to surrender any right or power conferred in the indenture upon Aimco;

to evidence the succession of another corporation, partnership or other entity to Aimco and the assumption by such corporation, partnership or other entity of the obligations of Aimco under the indenture and the debt securities;

to establish the form or terms of debt securities of any series as permitted by the indenture;

to provide for the acceptance of appointment under the indenture of a successor trustee with respect to the debt securities of one or more series and to add to or change any provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trusts by more than one trustee;

to cure any ambiguity, defect or inconsistency;

to add to, change or eliminate any provisions (which addition, change or elimination may apply to one or more series of debt securities), provided that any such addition, change or elimination does not (1) apply to any debt securities of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision or (2) modify the rights of the holder of any such debt securities with respect to such provision;

to secure the debt securities; or

to make any other change that does not adversely affect the rights of any holder of debt securities.

Each indenture provides that, with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of the series affected by such supplemental indenture, Aimco and the trustee may also execute a supplemental indenture to add provisions to, or change in any manner or eliminate any provisions of, the indenture with respect to such series of debt securities or modify in any manner the rights of the holders of the debt securities of such series; provided that no such supplemental indenture will, without the consent of the holder of each such outstanding debt security affected thereby:

change the stated maturity of the principal of, or any installment of principal or interest on, any such debt security or any premium payable upon redemption or repurchase thereof, or reduce the amount of principal of any debt security that was issued at a discount and that would be due and payable upon declaration of acceleration of maturity thereof;

reduce the principal amount of, or the rate of interest on, any such debt security;

change the place or currency of payment of principal or interest, if any, on any such debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any such debt security;

reduce the above-stated percentage of holders of debt securities of any series necessary to modify or amend the indenture for such debt securities;

modify the foregoing requirements or reduce the percentage in principal amount of outstanding debt securities of any series necessary to waive any covenant or past default; or

in the case of senior subordinated debt securities or subordinated debt securities, amend or modify any of the provisions of such indenture relating to subordination of the debt securities in any manner adverse to the holders of such debt securities.

Table of Contents

Holders of not less than a majority in principal amount of the outstanding debt securities of any series may waive certain past defaults and may waive compliance by Aimco with certain of the restrictive covenants described above with respect to the debt securities of such series.

Discharge and Defeasance

Unless otherwise indicated in an applicable prospectus supplement, each indenture provides that Aimco may satisfy and discharge obligations thereunder with respect to the debt securities of any series by delivering to the trustee for cancellation all outstanding debt securities of such series or depositing with the trustee, after such outstanding debt securities have become due and payable, cash sufficient to pay at stated maturity all of the outstanding debt securities of such series and paying all other sums payable under the indenture with respect to such series.

In addition, unless otherwise indicated in the applicable prospectus supplement, each indenture provides that Aimco,

shall be discharged from its obligations in respect of the debt securities of such series (defeasance and discharge), or

may cease to comply with certain restrictive covenants (covenant defeasance), including those described under Mergers and Sales of Assets, and any such cessation shall not be an event of default with respect to the debt securities of such series.

In each case, at any time prior to the stated maturity or redemption thereof, when Aimco has irrevocably deposited with the trustee, in trust,

sufficient funds to pay the principal of and interest to stated maturity (or redemption) on, the debt securities of such series, or

such amount of direct obligations of, or obligations the principal of (and premium, if any) and interest on which are fully guaranteed by, the government of the United States and that are not subject to prepayment, redemption or call, as will, together with the predetermined and certain income to accrue thereon without consideration of any reinvestment thereof, be sufficient to pay when due the principal of (and premium, if any) and interest to stated maturity (or redemption) on, the debt securities of such series.

Upon such defeasance and discharge, the holders of the debt securities of such series shall no longer be entitled to the benefits of the indenture, except for the purposes of registration of transfer and exchange of the debt securities of such series and replacement of lost, stolen or mutilated debt securities and shall look only to such deposited funds or obligations for payment. In addition, under present law such defeasance and discharge is likely to be treated as a redemption of the debt securities of that series prior to maturity in exchange for such money or United States government obligations. In that event, each holder would generally recognize, at the time of defeasance, gain or loss measured by the difference between the amount of such money and the fair market value of the United States government obligations deemed received and such holder's tax basis in the debt securities deemed surrendered. Thereafter, each holder would likely be treated as if such holder held an undivided interest in the money (or investments made therewith) or the United States government obligations (or investments made with interest received therefrom), would generally be subject to tax liability in respect of interest income and/or original issue discount, if applicable, thereon and would recognize any gain or loss upon any disposition, including redemption, of such assets or obligations. Although tax might be owed, the holder of a defeased debt security would not receive any cash until the maturity or an earlier redemption of the debt security (except for current payments of interest on the debt securities of that issue). Such tax treatment could affect the purchase price that a holder would receive upon the sale of the debt securities. Holders are urged to consult their tax advisors with respect to the tax treatment of defeasance of any debt securities.

The Trustees

The trustee for any debt securities will be named in the applicable prospectus supplement. Each trustee will be permitted to engage in other transactions with Aimco and each of its subsidiaries; however, if a trustee acquires any conflicting interest, it must eliminate such conflict or resign.

DESCRIPTION OF AIMCO OPERATING PARTNERSHIP DEBT SECURITIES

General

The following description sets forth certain general terms and provisions of the debt securities of the Aimco Operating Partnership to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities so offered will be described in the prospectus supplement relating to such debt securities.

The debt securities may be issued by the Aimco Operating Partnership, from time to time, in one or more series, and will constitute either senior debt securities, senior subordinated debt securities or subordinated debt securities, each of which may be issued under an indenture to be entered into among the Aimco Operating Partnership, Aimco (as guarantor, if applicable) and a trustee to be named in the applicable prospectus supplement. Forms of these indentures are filed as exhibits to the Registration Statement that include this prospectus. The indentures will be subject to and governed by the TIA. Capitalized terms used in this section that are not defined in this prospectus are defined in the indenture to which they relate. The statements made under this heading about the debt securities and the indentures are summaries of their material provisions and are not complete. These statements are subject to, and are qualified in their entirety by reference to, all the provisions of the indentures and the debt securities, including the definitions of certain terms.

The debt securities issued by the Aimco Operating Partnership will not be convertible. Aimco will fully and unconditionally guarantee the payment obligations on all debt securities issued by the Aimco Operating Partnership unless, at the time of sale, at least one nationally recognized statistical rating organization (as that term is used in Rule 15c3-1(c)(2)(vi)(F) under the Securities Exchange Act of 1934) has rated such debt securities in one of its generic rating categories which signifies investment grade.

The debt securities will be direct, unsecured obligations of the Aimco Operating Partnership. The indentures do not limit the aggregate principal amount of debt securities that may be issued thereunder and provide that such debt securities may be issued thereunder from time to time in one or more series. Under the indentures, the Aimco Operating Partnership will have the ability to issue debt securities with terms different from those of debt securities previously issued by it, without the consent of the holders of such previously issued series of debt securities, in an aggregate principal amount determined by the Aimco Operating Partnership.

The applicable prospectus supplement or prospectus supplements relating to any senior subordinated debt securities or subordinated debt securities will set forth the aggregate amount of outstanding indebtedness, as of the most recent practicable date, that by the terms of such debt securities would be senior to such debt securities and any limitation on the issuance of additional senior indebtedness.

Debt securities may be issued and sold at a discount below their principal amount. Special U.S. federal income tax considerations applicable to debt securities, including debt securities issued with original issue discount, will be described in more detail in any applicable prospectus supplement. Even if debt securities are not issued at a discount below their principal amount, such debt securities may, for U.S. federal income tax purposes, be deemed to have been issued with original issue discount because of certain interest payment characteristics, as set forth in any applicable prospectus supplement. In addition, special U.S. federal tax considerations or other restrictions or terms applicable to any debt securities offered exclusively to United States aliens or denominated in a currency other than United States dollars will be set forth in a prospectus supplement relating thereto.

Below is a description of some general terms of the Aimco Operating Partnership's debt securities which may be specified in a prospectus supplement. You should read the applicable prospectus supplement for a description of the debt securities being offered, including:

the title of the debt securities;

any limit on the aggregate principal amount of the debt securities;

whether the debt securities may be represented initially by a debt security in temporary or permanent global form, and if so, the initial depositary with respect to such temporary or permanent global debt security and whether, and the circumstances under which, beneficial owners of interests in any such

temporary or permanent global debt security may exchange such interests for debt securities of such series and of like tenor of any authorized form and denomination;

the price or prices at which the debt securities will be issued;

the date or dates on which the principal of the debt securities is payable or the method of determination thereof;

the place or places where and the manner in which the principal of and premium, if any, and interest, if any, on such debt securities will be payable and the place or places where such debt securities may be presented for transfer;

the rate or rates at which the debt securities will bear interest, or the method of calculating such rate or rates, if any, and the date or dates from which such interest, if any, will accrue;

the dates, if any, on which any interest on the debt securities will be payable, and the regular record date for any interest payable on any debt securities;

the right or obligation, if any, of the Aimco Operating Partnership to redeem or purchase debt securities of the series pursuant to any sinking fund or analogous provisions or at the option of a holder thereof, the conditions, if any, giving rise to such right or obligation, and the period or periods within which, and the price or prices at which and the terms and conditions upon which debt securities of the series shall be redeemed or purchased, in whole or part, and any provisions for the remarketing of such debt securities;

any terms applicable to such debt securities which are issued at a discount, including the issue price thereof and the rate or rates at which original issue discount will accrue;

if other than the principal amount thereof, the portion of the principal amount of the debt securities that will be payable upon declaration or acceleration of the maturity thereof pursuant to an event of default;

any special U.S. federal income tax considerations applicable to the debt securities;

whether the debt securities will be guaranteed by Aimco and the terms of any such guarantee; and

any other terms of the debt securities not inconsistent with the provisions of the indenture.

The applicable prospectus supplement will also describe the following terms of any series of senior subordinated debt securities or subordinated debt securities offered hereby:

the rights, if any, to defer payments of interest on such series of debt securities by extending the interest payment period, and the duration of such extensions;

the subordination terms of such series of debt securities; and

any special provisions for the payment of additional amounts with respect to the debt securities.

Since the operations of the Aimco Operating Partnership are currently conducted principally through its subsidiaries, the Aimco Operating Partnership's cash flow and its consequent ability to service debt, including the debt securities, will be dependent, in large part, upon the earnings of the subsidiaries and the distribution of those earnings to the Aimco Operating Partnership, whether by dividends, loans or otherwise. The payment of dividends and the making of loans and advances to the Aimco Operating Partnership by its subsidiaries may be subject to statutory or contractual restrictions, are contingent upon the earnings of those subsidiaries and are subject to various business considerations. Any right of the Aimco Operating Partnership to receive assets of any of its subsidiaries upon their liquidation or reorganization (and the consequent right of the holders of the debt securities to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors (including trade creditors), except to the extent that the Aimco Operating Partnership is recognized as a creditor of such subsidiary, in which case the claims of the Aimco Operating Partnership would still be subordinate to any security interests in the assets of such subsidiary and any indebtedness of such subsidiary senior to that held by the Aimco Operating Partnership.

Table of Contents

Form, Exchange, Registration and Transfer

A series of debt securities may be issued solely as registered debt securities. A series of debt securities may be issuable in whole or in part in the form of one or more global debt securities, as described below under Global Debt Securities. Unless otherwise indicated in an applicable prospectus supplement, debt securities will be issuable in denominations of \$1,000 and integral multiples thereof. Any series of debt securities will be exchangeable for other debt securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor.

Debt securities may be presented for exchange as provided above and, unless otherwise indicated in the applicable prospectus supplement, may be presented for registration of transfer, at the office or agency of the Aimco Operating Partnership designated as registrar or co-registrar with respect to such series of debt securities, without service charge and upon payment of any taxes, assessments or other governmental charges as described in the indenture. Such transfer or exchange will be effected on the books of the registrar or any other transfer agent appointed by the Aimco Operating Partnership upon such registrar or transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. The Aimco Operating Partnership intends initially to appoint the trustee for the particular series of debt securities as the registrar for such debt securities and the name of any different or additional registrar designated by the Aimco Operating Partnership with respect to the debt securities will be included in the prospectus supplement relating thereto. If a prospectus supplement refers to any transfer agents (in addition to the registrar) designated by the Aimco Operating Partnership with respect to any series of debt securities, the Aimco Operating Partnership may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that the Aimco Operating Partnership will be required to maintain a transfer agent in the Borough of Manhattan, the City of New York. The Aimco Operating Partnership may at any time designate additional transfer agents with respect to any series of debt securities.

In the event of any partial redemption of debt securities of any series, the Aimco Operating Partnership will not be required to (1) issue, register the transfer of or exchange debt securities of that series during a period beginning at the opening of business 15 days before any selection of debt securities of that series to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption; or (2) register the transfer of or exchange any debt security, or portion thereof, called for redemption, except the unredeemed portion of any debt security being redeemed in part.

Payment and Paying Agents

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of, and interest, if any, on, debt securities will be made at the office of such paying agent or paying agents as the Aimco Operating Partnership may designate from time to time, except that, at the option of the Aimco Operating Partnership, payment of principal or interest may be made by check or by wire transfer to an account maintained by the payee. Unless otherwise indicated in the applicable prospectus supplement, payment of any installment of interest on debt securities will be made to the person in whose name such debt security is registered at the close of business on the regular record date for such interest.

Unless otherwise indicated in the applicable prospectus supplement, the trustee for the debt securities being offered will be designated as the Aimco Operating Partnership's sole paying agent for payments with respect to the debt securities. Any other paying agents initially designated by the Aimco Operating Partnership for the debt securities being offered will be named in the applicable prospectus supplement. The Aimco Operating Partnership may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that the Aimco Operating Partnership will be required to maintain a paying agent in the Borough of Manhattan, The City of New York.

All moneys paid by the Aimco Operating Partnership to a paying agent for the payment of principal of, or interest, if any, on, any debt security that remains unclaimed at the end of two years after such principal or interest shall have become due and payable will be repaid to the Aimco Operating Partnership, and the holder of such debt security or any coupon will thereafter look only to the Aimco Operating Partnership for payment thereof.

Guarantees

If the Aimco Operating Partnership issues any debt securities that are rated below investment grade at the time of issuance, Aimco will fully and unconditionally guarantee, on a senior or subordinated basis, the due and punctual payment of principal of, premium, if any, and interest on such debt securities, and the due and punctual payment of any sinking fund payments thereon, when and as the same shall become due and payable, whether at a maturity date, by declaration of acceleration, call for redemption or otherwise. The applicability and terms of any such guarantees relating to a series of debt securities will be set forth in the prospectus supplement relating to such debt securities.

Global Debt Securities

The debt securities of a series may be issued in whole or in part in global form. A debt security in global form will be deposited with, or on behalf of, a depository, which will be identified in the applicable prospectus supplement. A global debt security may be issued only in registered form and in either temporary or permanent form. A debt security in global form may not be transferred except as a whole to the depository for such debt security or to a nominee or successor of such depository. If any debt securities of a series are issuable in global form, the applicable prospectus supplement will describe the circumstances, if any, under which beneficial owners of interests in any such global debt security may exchange such interests for definitive debt securities of such series and of like tenor and principal amount in any authorized form and denomination, the manner of payment of principal of and interest, if any, on such global debt security and the specific terms of the depository arrangement with respect to such global debt security.

Mergers and Sales of Assets

The Aimco Operating Partnership may not consolidate with or merge into any other person or convey, transfer or lease its properties and assets substantially as an entirety to another person, unless, among other things, (1) the resulting, surviving or transferee person (if other than the Aimco Operating Partnership) is organized and existing under the laws of the United States, any state thereof or the District of Columbia and such person expressly assumes all obligations of the Aimco Operating Partnership under the debt securities and the indenture, and (2) immediately after giving effect to such transaction, no default or event of default shall have occurred or be continuing under the indenture. Upon the assumption of the Aimco Operating Partnership's obligations by a person to whom such properties or assets are conveyed, transferred or leased, subject to certain exceptions, the Aimco Operating Partnership shall be discharged from all obligations under the debt securities and the indenture.

Events of Default

Each indenture provides that, if an event of default specified therein shall have occurred and be continuing, with respect to each series of debt securities outstanding thereunder, the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series may declare the principal amount (or, if any of the debt securities of such series were issued at a discount, such portion of the principal amount of such debt securities as may be specified by the terms thereof) of the debt securities of such series to be immediately due and payable. Under certain circumstances, the holders of a majority in aggregate principal amount of the outstanding debt securities of such series may rescind such a declaration.

Under each indenture, an event of default is defined as, with respect to each series of debt securities outstanding thereunder, any of the following:

default in payment of the principal of any debt securities of such series;

default in payment of any interest on any debt securities of such series when due, continuing for 30 days (or 60 days, in the case of senior subordinated debt securities or subordinated debt securities);

default by the Aimco Operating Partnership (or Aimco, in the case of a guarantee of such debt securities) in compliance with its other agreements in the debt securities of such series or the indenture relating to the debt securities of such series upon the receipt of notice of such default given by the trustee for such debt securities or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of

such series and the failure of the Aimco Operating Partnership (or Aimco, in the case of a guarantee of such debt securities) to cure such default within 60 days after receipt of such notice;

certain events of bankruptcy or insolvency; and

any other event of default set forth in an applicable prospectus supplement with respect to the debt securities of such series.

The trustee shall give notice to holders of the debt securities of any continuing default known to the trustee within 90 days after the occurrence thereof; provided, that the trustee may withhold such notice, as to any default other than a payment default, if it determines in good faith that withholding the notice is in the interests of the holders.

The holders of a majority in principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of such series; provided that such direction shall not be in conflict with any law or the indenture and subject to certain other limitations. Before proceeding to exercise any right or power under the indenture at the direction of such holders, the trustee shall be entitled to receive from such holders reasonable security or indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred by it in complying with any such direction. With respect to each series of debt securities, no holder will have any right to pursue any remedy with respect to the indenture or such debt securities, unless:

such holder shall have previously given the trustee written notice of a continuing event of default with respect to the debt securities of such series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series shall have made a written request to the trustee to pursue such remedy;

such holder or holders have offered to the trustee reasonable indemnity satisfactory to the trustee;

the holders of a majority in aggregate principal amount of the outstanding debt securities of such series have not given the trustee a direction inconsistent with such request within 60 days after receipt of such request; and

the trustee shall have failed to comply with the request within such 60-day period.

Notwithstanding the foregoing, the right of any holder of debt securities to receive payment of the principal of and interest in respect of such debt securities on the date specified in such debt securities as the fixed date on which an amount equal to the principal of such debt securities or an installment of principal thereof or interest thereon is due and payable (the stated maturity or stated maturities) or to institute suit for the enforcement of any such payments shall not be impaired or adversely affected without such holder's consent. The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may waive an existing default with respect to such series and its consequences, other than (1) any default in any payment of the principal of, or interest on, any debt securities of such series or (2) any default in respect of certain covenants or provisions in the indenture that may not be modified without the consent of the holder of each of the outstanding debt securities of such series affected as described in "Modification and Waiver" below.

Each indenture provides that the Aimco Operating Partnership shall deliver to the trustee within 120 days after the end of each fiscal year of the Aimco Operating Partnership an officers' certificate stating whether or not the signers know of any default that occurred during such period.

Modification and Waiver

The Aimco Operating Partnership and the trustee may execute a supplemental indenture without the consent of the holders of the debt securities:

to add to the covenants, agreements and obligations of the Aimco Operating Partnership for the benefit of the holders of all the debt securities of any series or to surrender any right or power conferred in the indenture upon the Aimco Operating Partnership;

Table of Contents

to evidence the succession of another corporation, partnership or other entity to the Aimco Operating Partnership and the assumption by such corporation, partnership or other entity on of the obligations of the Aimco Operating Partnership under the indenture and the debt securities;

to establish the form or terms of debt securities of any series as permitted by the indenture;

to provide for the acceptance of appointment under the indenture of a successor trustee with respect to the debt securities of one or more series and to add to or change any provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trusts by more than one trustee;

to cure any ambiguity, defect or inconsistency;

to add to, change or eliminate any provisions (which addition, change or elimination may apply to one or more series of debt securities), provided that any such addition, change or elimination does not (1) apply to any debt securities of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision or (2) modify the rights of the holder of any such debt securities with respect to such provision;

to secure the debt securities; or

to make any other change that does not adversely affect the rights of any holder of debt securities.

Each indenture provides that, with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of the series affected by such supplemental indenture, the Aimco Operating Partnership and the trustee may also execute a supplemental indenture to add provisions to, or change in any manner or eliminate any provisions of, the indenture with respect to such series of debt securities or modify in any manner the rights of the holders of the debt securities of such series; provided that no such supplemental indenture will, without the consent of the holder of each such outstanding debt security affected thereby:

change the stated maturity of the principal of, or any installment of principal or interest on, any such debt security or any premium payable upon redemption or repurchase thereof, or reduce the amount of principal of any debt security that was issued at a discount and that would be due and payable upon declaration of acceleration of maturity thereof;

reduce the principal amount of, or the rate of interest on, any such debt security;

change the place or currency of payment of principal or interest, if any, on any such debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any such debt security;

reduce the above-stated percentage of holders of debt securities of any series necessary to modify or amend the indenture for such debt securities;

Edgar Filing: APARTMENT INVESTMENT & MANAGEMENT CO - Form 424B5

modify the foregoing requirements or reduce the percentage in principal amount of outstanding debt securities of any series necessary to waive any covenant or past default; or

in the case of senior subordinated debt securities or subordinated debt securities, amend or modify any of the provisions of such indenture relating to subordination of the debt securities in any manner adverse to the holders of such debt securities.

Holders of not less than a majority in principal amount of the outstanding debt securities of any series may waive certain past defaults and may waive compliance by the Aimco Operating Partnership with certain of the restrictive covenants described above with respect to the debt securities of such series.

Discharge and Defeasance

Unless otherwise indicated in an applicable prospectus supplement, each indenture provides that the Aimco Operating Partnership may satisfy and discharge obligations thereunder with respect to the debt securities of any series by delivering to the trustee for cancellation all outstanding debt securities of such series or depositing with

the trustee, after such outstanding debt securities have become due and payable, cash sufficient to pay at stated maturity all of the outstanding debt securities of such series and paying all other sums payable under the indenture with respect to such series.

In addition, unless otherwise indicated in the applicable prospectus supplement, each indenture provides that the Aimco Operating Partnership,

shall be discharged from its obligations in respect of the debt securities of such series (defeasance and discharge), or

may cease to comply with certain restrictive covenants (covenant defeasance), including those described under Mergers and Sales of Assets, and any such cessation shall not be an event of default with respect to the debt securities of such series.

In each case, at any time prior to the stated maturity or redemption thereof, when the Aimco Operating Partnership has irrevocably deposited with the trustee, in trust,

sufficient funds to pay the principal of and interest to stated maturity (or redemption) on, the debt securities of such series, or

such amount of direct obligations of, or obligations the principal of (and premium, if any) and interest on which are fully guaranteed by, the government of the United States and that are not subject to prepayment, redemption or call, as will, together with the predetermined and certain income to accrue thereon without consideration of any reinvestment thereof, be sufficient to pay when due the principal of (and premium, if any) and interest to stated maturity (or redemption) on, the debt securities of such series.

Upon such defeasance and discharge, the holders of the debt securities of such series shall no longer be entitled to the benefits of the indenture, except for the purposes of registration of transfer and exchange of the debt securities of such series and replacement of lost, stolen or mutilated debt securities and shall look only to such deposited funds or obligations for payment. In addition, under present law such defeasance and discharge is likely to be treated as a redemption of the debt securities of that series prior to maturity in exchange for such money or United States government obligations. In that event, each holder would generally recognize, at the time of defeasance, gain or loss measured by the difference between the amount of such money and the fair market value of the United States government obligations deemed received and such holder's tax basis in the debt securities deemed surrendered. Thereafter, each holder would likely be treated as if such holder held an undivided interest in the money (or investments made therewith) or the United States government obligations (or investments made with interest received therefrom), would generally be subject to tax liability in respect of interest income and/or original issue discount, if applicable, thereon and would recognize any gain or loss upon any disposition, including redemption, of such assets or obligations. Although tax might be owed, the holder of a defeased debt security would not receive any cash until the maturity or an earlier redemption of the debt security (except for current payments of interest on the debt securities of that issue). Such tax treatment could affect the purchase price that a holder would receive upon the sale of the debt securities. Holders are urged to consult their tax advisors with respect to the tax treatment of defeasance of any debt securities.

The Trustees

The trustee for any debt securities will be named in the applicable prospectus supplement. Each trustee will be permitted to engage in other transactions with the Aimco Operating Partnership and each of its subsidiaries; however, if a trustee acquires any conflicting interest, it must eliminate such conflict or resign.

The following summary of the

material provisions of the preferred stock does not purport to be complete and is subject to, and is qualified in its entirety by express reference to, articles supplementary relating to a specific class or series of preferred stock, which will be in the form filed as an exhibit to or incorporated by reference in the Registration Statement that includes this prospectus at or prior to the time of issuance of such series of preferred stock.

As of April 11, 2011, Aimco's charter authorized the issuance of up to 510,587,500 shares of capital stock with a par value of \$.01 per share, of which 88,429,764 shares were classified as preferred stock. The Board of Directors of Aimco is authorized to issue shares of preferred stock, in one or more classes or series, and may classify and reclassify any shares of its unissued capital stock into shares of preferred stock by setting or changing in any one or more respects the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications or terms or conditions of redemption of such shares of capital stock, including, but not limited to, ownership restrictions consistent with the ownership limit with respect to each class or series of capital stock, and the number of shares constituting each class or series, and to increase or decrease the number of shares of any such class or series, to the extent permitted by the Maryland General Corporation Law, or MGCL, and Aimco's charter.
