**Report of Independent Registered Public Accounting Firm**

To Participants and Administrator of the Webster Bank Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of Webster Bank Retirement Savings Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2011 and 2010, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2011 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management. The information has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**WEBSTER BANK RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2011**

**1. DESCRIPTION OF THE PLAN**

The following description of the Webster Bank Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the full Plan agreement for a more complete description of the Plan's provisions.

***General***

The Plan is a qualified profit sharing and deferred compensation plan under Section 401(a) of the Internal Revenue Code of 1986 (the Code). The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was initially adopted as a qualified profit sharing plan effective as of October 1, 1984 and has been amended since this date. The Plan is sponsored and administered by Webster Bank, National Association (the Bank), a subsidiary of Webster Financial Corporation (Webster or the Company). Fidelity Management Trust Company is the trustee and record-keeper as defined by the Plan. The Plan covers all eligible employees who are employed by the Bank and its subsidiaries and certain subsidiaries of Webster, who are members of the controlled group. A participant's election to make pre-tax contributions to the Plan is completely voluntary. To be eligible to make pre-tax contributions to the Plan, an employee must have attained age 21. To be eligible to receive employer contributions under the Plan an employee must have attained age 21 and completed one year of eligibility service.

***Contributions***

Effective January 1, 2008 through February 28, 2009, Webster matched 100% of the first 2% of employees' pre-tax contributions and 50% of the next 4% of an employees' pretax contributions based on annual compensation, which were limited to \$16,500 during 2009 and \$15,500 in 2008. During the period from January 1, 2008 to February 28, 2009 Webster also made non-elective contributions to all plan participants equal to 2% of compensation. Employees age 35 or over on January 1, 2008 who were participants in the Webster Bank Pension Plan prior to the plan being frozen also received special transition credits ranging from 1% to 6% of compensation.

Effective March 1, 2009, Webster matches 100% of a participant's pre-tax contributions to the extent the pre-tax contributions do not exceed 5% of compensation. If a participant fails to make a pre-tax contribution election within 90 days of his or her date of hire, automatic pre-tax contributions will commence 90 days after his or her date of hire at a rate equal to 3% of compensation. The 2% non-elective contribution has been eliminated. However, Webster continues to contribute the special transition credits.

**Table of Contents**

**WEBSTER BANK RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2011**

***Participant Accounts***

Plan participants have the ability to direct and allocate their account balances among the investment options available under the Plan that includes Webster common stock. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings or losses, including an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting***

Participants are vested immediately in their contribution account, rollover account and qualified non-elective contribution account. In general, the vesting of matching contributions is based on years of service. A participant's account vests in 2 or 3 years, depending on the employment date of the participant. The participant's vested balance is increased or decreased by any investment gains or losses generated by the participant's account.

***Participant Loans***

Employees have the ability to borrow up to 50% of their vested account balance, up to \$50,000. Interest on the loan is paid by Plan participants to their account at prevailing interest rates (prime + 1%) through payroll deductions. Loans must generally be repaid within five years through payroll deductions. In the event of a default, the outstanding loan balance is considered a distribution to the participant borrower.

***Payment of Benefits***

If the value of a participant's vested account is not greater than \$1,000 (including his or her rollover contributions account), vested interests will be paid automatically in connection with termination of employment in a single lump sum payment either to the participant, the participant's beneficiary or as a direct rollover to an IRA or another plan. If the value of a participant's vested account is greater than \$1,000 (including his or her rollover contributions account), vested interests will be paid to the participant at his or her option either as a lump sum or in installments over a period of time that does not exceed the participant's life expectancy or the joint life expectancy of the participant and his or her designated beneficiary, and the participant may defer payment until his or her required beginning date. Vested interests greater than \$200 may also be paid in a direct rollover to an IRA or another plan. Under the Plan, a participant's normal retirement date is the date age 65 is attained, and a participant's required beginning date is April 1 of the calendar year following the calendar year in which he or she reaches age 70-1/2 or retires, whichever is later.

In the event of a participant's total and permanent disability, a participant may choose to receive his or her vested account balance as if normal retirement had occurred. All benefit payments to participants are recorded when distributed in accordance with ERISA requirements.

***Forfeited Accounts***

In 2011 and 2010, employer contributions were reduced by \$128,404 and \$234,506 respectively, from forfeited non-vested accounts. At December 31, 2011 and 2010 the remaining forfeited non-vested accounts totaled \$5,747 and \$5,299, respectively. These accounts will be used to reduce future employer contributions.

**Table of Contents**

**WEBSTER BANK RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2011**

**2. SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Reclassifications***

Certain items in prior financial statements have been reclassified to conform to current presentation.

***Investment Valuation and Income Recognition***

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Plan invests in common/collective trust funds which invest in fully benefit-responsive investment contracts. These funds are recorded at fair value (see Note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statement of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Changes in the fair value of fully responsive investment contracts, and all other investments, are included in net appreciation/depreciation in the fair value of investments in the statements of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011 or 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

***Payment of Benefits***

Benefits are recorded when paid.

**Table of Contents****WEBSTER BANK RETIREMENT SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS****December 31, 2011*****Administrative Expenses***

All of the expenses of maintaining the Plan are paid by the Bank, except for fees paid directly by the Plan pursuant to the Plan agreement. These fees are reflected as administrative expenses in the statements of changes in net assets available for benefits.

***New Accounting Pronouncements***

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. In May 2011, the FASB issued ASU No. 2011-04 which will supersede most of the accounting guidance currently found in Topic 820 of FASB's ASC. The amendments will improve comparability of fair value measurements presented and disclosed in financial statements prepared with GAAP and International Financial Reporting Standards. The amendments also clarify the application of existing fair value measurement requirements. These amendments include (1) the application of the highest and best use and valuation premise concepts, (2) measuring the fair value of an instrument classified in a reporting entity's shareholders equity and (3) disclosing quantitative information about the unobservable inputs used within the Level 3 hierarchy. The guidance is effective for the Company's interim and annual periods beginning after December 15, 2011 and will be applied prospectively. The Company is currently evaluating the impact of the adoption of this accounting standards update on the Company's financial statements.

**3. INVESTMENTS**

The following table presents investments that represent 5 percent or more of the Plan's net assets at fair value.

	<b>December 31, 2011</b>	<b>December 31, 2010</b>
Registered investment companies		
PIMCO Total Return Fund - Institutional Class	\$ 21,230,512	\$ 19,596,152

Common/collective trust fund		
Fidelity Managed Income Portfolio II Class 1	26,894,219	(a)
Fidelity Managed Income Portfolio	(a)	24,765,755
Common stock		
Webster Financial Corporation common stock	29,999,161	31,109,841

(a) Investment is less than 5%

**Table of Contents****WEBSTER BANK RETIREMENT SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS****December 31, 2011**

A summary of net (depreciation) appreciation in the fair value of the Plan's net investments (including gains and losses on investments bought and sold within the plan year, as well as held during the year) by investment type is as follows:

	2011	2010
<b>For the years ended December 31,</b>		
Registered investment companies	\$ (10,554,825)	\$ 16,811,856
Webster Financial Corporation common stock	1,342,848	13,033,910
	\$ (9,211,977)	\$ 29,845,766

**4. FAIR VALUE MEASUREMENTS**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined using quoted market prices. However, in many instances, there are no quoted market prices available. In such instances, fair values are determined using various valuation techniques. Various assumptions and observable inputs must be relied upon in applying these techniques. Accordingly, the fair value estimates may not be realized in an immediate transfer of the respective asset or liability.

*Fair Value Hierarchy*- The three levels within the fair value hierarchy are as follows:

*Level 1:* Valuation is based upon unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

*Level 2:* Fair value is calculated using inputs other than quoted market prices that are directly or indirectly observable for the asset or liability. The valuation may rely on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability (such as interest rates, volatilities, prepayment speeds, credit ratings, etc.) or inputs that are derived principally or corroborated by market data by correlation or other means.

*Level 3:* Inputs for determining the fair value of the respective assets or liabilities are not observable. Level 3 valuations are reliant upon pricing models and techniques that require significant management judgment or estimation. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

A description of the valuation methodologies used by the Company is presented below:

*Registered investment companies*

The Plan uses quoted market prices of identical assets on active exchanges, or Level 1 measurements.

## Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

### *Common collective trust fund*

The investments currently reside in the Fidelity Managed Income Portfolio. The Plan's interests in the trust are valued based on the net asset values reported by the trustee of the funds. Fair values for the underlying assets of the Fidelity Managed Income Portfolio II Fund were based on the market approach using quoted prices in active markets or observable inputs used to value certain securities and contracts, or Level 2 measurements.

### *Webster Financial Corporation common stock*

Webster Financial Corporation common stock is stated at fair value as quoted on an active exchange, or Level 1 measurements.

### *Cash and cash equivalents*

Cash and cash equivalents are recorded at cost, plus accrued interest, or Level 1 measurements.

**Table of Contents****WEBSTER BANK RETIREMENT SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS****December 31, 2011**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different measurement at the reporting date.

The investments valued at net asset value (NAV) as a practical expedient for fair value have no restrictions on redemptions and there were no unfunded commitments at December 31, 2011 and 2010 and no plans to sell investments at December 31, 2011 and 2010 other than normal participant redemptions at the stated NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

	Total	At December 31, 2011			Total	At December 31, 2010		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Fair value of financial assets of the Plan:</b>								
Registered investment companies	\$ 163,119,926	\$ 163,119,926	\$	\$	\$ 164,482,203	\$ 164,482,203	\$	\$
Common collective trust fund	26,894,219		26,894,219		26,087,252		26,087,252	
Webster Financial Corp. Common Stock	29,999,161	29,999,161			31,109,841	31,109,841		
Money market mutual funds	3,836,281	3,836,281			1,475,593	1,475,593		
Cash and Cash Equivalents	272,798	272,798			207,827	207,827		
<b>Total</b>	<b>\$ 224,122,385</b>	<b>\$ 197,228,166</b>	<b>\$ 26,894,219</b>	<b>\$</b>	<b>\$ 223,362,716</b>	<b>\$ 197,275,464</b>	<b>\$ 26,087,252</b>	<b>\$</b>

**5. RELATED PARTY TRANSACTIONS**

Certain of the Plan's investments are managed by Fidelity Investments Institutional Operations Company. Because Fidelity Management Trust Company is an affiliate of Fidelity Investments Institutional Operations Company and is the Trustee as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$44,054 and \$54,042 for the years ended December 31, 2011 and 2010, respectively.

At December 31, 2011 and 2010, the Plan held 1,471,268 shares and 1,579,180 shares of Webster Financial Corporation common stock, respectively, with fair value of \$30.0 million and \$31.1 million respectively. During the years ended December 31, 2011 and 2010, the Plan recorded dividend income from Webster Financial Corporation common stock of \$211 thousand and \$58 thousand respectively.

**6. PLAN TERMINATION**

Although the Bank has not expressed any intent to terminate the Plan, it has the right to do so at any time. The rights of all employees to benefits accrued under the Plan as of the date of such termination or discontinuation of contributions will be fully vested and nonforfeitable. After providing for the expenses of the Plan, the remaining assets of the Plan will be allocated by the Office of the Chairman, which is appointed by Webster Bank's Board of Directors.

**Table of Contents****WEBSTER BANK RETIREMENT SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS****December 31, 2011****7. TAX STATUS**

The Plan has received a determination letter from the Internal Revenue Service dated September 13, 2002 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended (and/or restated). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended (and/or restated), is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

**8. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500.

	<b>December 31, 2011</b>	<b>December 31, 2010</b>
Net assets available for benefits per the financial statements	\$ 230,165,292	\$ 229,672,417
Less: Adjustment from fair value to contract value for fully benefit-responsive investment contracts	653,440	214,418
<b>Net assets available for benefits per Form 5500</b>	<b>\$ 230,818,732</b>	<b>\$ 229,886,835</b>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the years ended December 31, 2011 and 2010 to Form 5500:

	<b>Year ended December 31 2011</b>	<b>Year ended December 31 2010</b>
	\$ 492,875	\$ 40,311,641

Edgar Filing: WEBSTER FINANCIAL CORP - Form 11-K

Net increase in net assets available for benefits per the financial statements		
Net adjustment from fair value to contract value for fully benefit-responsive investment contracts	439,022	700,872
Net increase in net assets available for benefits per Form 5500	\$ 931,897	\$ 41,012,513

**WEBSTER BANK RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2011**

**10. AMENDMENTS**

The Webster Bank Retirement Savings Plan was amended during the 2011 and 2010 plan years. The following information is meant to provide only a brief description of the amendments to the Plan during the 2011 and 2010 plan years. The Plan agreement should be referenced for complete information.

On June 14, 2010, the Board of Directors of Webster Bank amended the Plan to require the plan administrator to offer Webster Financial Corporation common stock as an investment option under the Plan. Prior to that date, the plan administrator had discretion regarding whether or not to offer Webster Financial Corporation common stock as an investment option.

On December 14, 2010, the Board of Directors of Webster Bank adopted an amendment and restatement of the Plan. This amendment and restatement included all of the changes required by the Economic Growth and Tax Relief Reconciliation Act of 2001 ( EGTRRA ) and subsequently-enacted laws and regulations. The amendment and restatement also reflected all of the discretionary amendments to the Plan that were adopted since the October 22, 2001 amendment and restatement of the Plan. The Plan document should be referenced for complete information.

On December 21, 2011 the Board of Directors of Webster Bank adopted an amendment of the Plan. This amendment included all of the changes required by the Worker, Retiree, and Employer Recovery Act of 2008 ( WRERA ) and subsequently-enacted laws and regulations.
