QUESTIONS AND ANSWERS

Q. Who can vote at the Annual Meeting?

- A. Shareholders who owned Common Stock as of the close of business on February 28, 2013, may attend and vote at the Annual Meeting. Each share of Common Stock is entitled to one vote. There were 58,104,437 shares of Common Stock outstanding on February 28, 2013.

Q. Why am I receiving this proxy statement?

- A. This proxy statement describes proposals on which we would like you, as a shareholder, to vote. It also gives you information on these proposals, as well as other information, so that you can make an informed decision.

Q. What is the proxy card?

- A. The proxy card enables you to vote whether or not you attend the meeting. Even if you plan to attend the meeting, we encourage you to complete and return your proxy card before the meeting date in case your plans change. By completing and returning the proxy card, you are authorizing the designated proxies, Stephen P. Joyce (the Company's Chief Executive Officer) and Ervin R. Shames (the Company's lead independent director), to vote your shares of Common Stock at the meeting, as you have instructed them on the proxy card, or in the absence of such instructions, in accordance with the recommendations of the Board of Directors.

If a proposal is properly presented for a vote at the meeting that is not on the proxy card, Messrs. Joyce and Shames will vote your shares, under your proxy, at their discretion.

Q. On what issues am I voting?

- A. We are asking you to vote on:

- Proposal 1 the election of three Class I directors from the three nominees named in this proxy statement.
- Proposal 2 approval of an amendment to the Choice Hotels International, Inc. 2006 Long-Term Incentive Plan to increase the number of shares authorized for issuance.
- Proposal 3 approval of the material terms for payment of executive incentive compensation.
- Proposal 4 adoption and approval of an amendment to the Company's Restated Certificate of Incorporation to declassify the Board of Directors and provide for the annual election of directors.
- Proposal 5 an advisory vote to approve executive compensation.

- Proposal 6 the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013.
- Proposal 7 shareholder proposal requesting a report on showerheads.

Q. What is the difference between a record holder and a street name holder?

- A. If your shares of Common Stock are registered directly in your name, you are considered the holder of record with respect to those shares. If your shares of Common Stock are held in a brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the holder of record with respect to those shares, while you are considered the beneficial owner of those shares. In that case, your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using one of the methods described below.

Table of Contents

Q. How do I vote?

A. If you are a record holder:

You may vote by mail: You may do this by completing and signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope.

If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

If you sign, but do not mark your voting instructions on the proxy card, your shares will be voted:

- *for the election of the three named nominees for director,*
- *for the proposal to amend the Choice Hotels International, Inc. 2006 Long-Term Incentive Plan to increase the number of shares authorized for issuance,*
- *for the approval of the material terms for payment of executive incentive compensation,*
- *for the approval of an amendment to the Company's Restated Certificate of Incorporation to declassify the Board and provide for the annual election of directors,*
- *for the advisory vote to approve executive compensation,*
- *for the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013, and*
- *abstain for the shareholder proposal requesting a report on showerheads.*

You may vote by telephone: You may do this by calling toll-free **1-800-652-8683** on a touch-tone phone and following the instructions. You will need your proxy card available if you vote by telephone.

You may vote online: You may do this by accessing www.envisionreports.com/chh and following the instructions. You will need your proxy card available if you vote online.

You may vote in person at the meeting: We will pass out written ballots to anyone who wants to vote at the meeting. However, if you hold your shares in street name, you must request a proxy from your broker in order to vote at the meeting.

If you are a street name holder:

If you hold your shares of Common Stock in street name, you must vote your shares through the procedures prescribed by your broker, bank, trust or other nominee. Your broker, bank, trust or other nominee has enclosed or otherwise provided a voting instruction card for you to use in directing the broker, bank, trust or other nominee how to vote your shares. In many cases, you may be permitted to submit your voting instructions online or by telephone.

Q. What does it mean if I receive more than one proxy card?

- A. It means that you have multiple accounts at the transfer agent or with brokerage firms. Please complete and return all proxy cards you may receive, or otherwise vote your shares online or by telephone as described herein, to ensure that all of your shares are voted.

Table of Contents

Q. What if I change my mind after I vote?

A. If you are a holder of record, you may revoke your proxy by any of the following means:

- signing or submitting another proxy as provided herein with a later date,
- sending us a written notice of revocation, which must be received prior to the Annual Meeting at the following address: Corporate Secretary, Choice Hotels International, Inc., One Choice Hotels Circle, Suite 400, Rockville, Maryland 20850, or
- voting in person at the meeting.

If you are a street name holder, you may change your vote by complying with the procedures contained in the voting instructions provided to you by your broker, bank, trust or other nominee.

Q. Will my shares be voted if I do not return my proxy card?

A. If you are a record holder, your shares will not be voted. If you are a street name holder, your brokerage firm, under certain circumstances, may vote your shares.

Brokerage firms have authority under the New York Stock Exchange (NYSE) rules to vote customers' shares on certain routine matters if the customer has not provided the brokerage firm with voting instructions within a certain period of time before the meeting. A brokerage firm cannot vote customers' unvoted shares on non-routine matters. Only Proposal Six is considered a routine matter under the NYSE rules.

Accordingly, if you do not instruct your brokerage firm how to vote your shares, your brokerage firm may not vote your shares on Proposals One, Two, Three, Four, Five or Seven. Likewise, your brokerage firm may either:

- vote your shares on Proposal Six and other routine matters that are properly presented at the meeting, or
- leave your shares unvoted as to Proposal Six and other routine matters that are properly presented at the meeting.

When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. When a brokerage firm does not vote a customer's unvoted shares, these shares are counted to determine if a quorum exists; however, they are not treated as voting on a matter.

We encourage you to provide instructions to your brokerage firm. This ensures your shares will be voted at the meeting.

A purchasing agent under a retirement plan may be able to vote a participant's unvoted shares. If you are a participant in the Choice Hotels Retirement Savings and Investment Plan or the Non-Qualified Retirement Savings and Investment Plan, the plan's purchasing agent may vote the shares you hold under the plan if the purchasing agent does not receive voting instructions from you. The purchasing agent will vote your unvoted shares in the same proportion as all other plan participants who vote their shares.

Q. How many shares must be present to hold the meeting?

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form PRE 14A

- A. To hold the meeting and conduct business, a majority of the Company's outstanding shares of Common Stock as of the close of business on February 28, 2013, must be present in person or represented by proxy at the meeting. This is called a quorum.

Table of Contents

Shares are counted as present at the meeting if the shareholder either:

- is present and votes in person at the meeting, or
- has properly submitted a proxy card, or voted their shares by telephone or online.

Q. What are my voting choices when voting on the election of directors?

A. You may vote either for or withhold your vote for each nominee.
If you give your proxy without voting instructions, your shares will be counted as a vote *for* each nominee.

Q. How many votes must the nominees have to be elected as directors?

A. Directors are elected by a plurality of votes cast in person or by proxy at the meeting. This means that the three nominees receiving the highest number of votes for will be elected as directors.

Q. What happens if a nominee is unable to stand for election?

A. The Board expects that each of the nominees will be available for election and willing to serve. If any nominee is unable to serve at the time the election occurs, the Board may reduce the number of directors or select a substitute nominee. In the latter case, if you have completed and returned your proxy card or voted by telephone or online, Stephen P. Joyce and Ervin R. Shames can vote your shares for a substitute nominee. They cannot vote for more than three nominees.

Q. What are my voting choices when voting on the approval of the amendment to the Company's 2006 Long-Term Incentive Plan?

A. You may vote either for or against the approval of the amendment, or you may abstain from voting.
If you give your proxy without voting instructions, your shares will be voted *for* the approval of the amendment.

Q. How many votes are needed to approve the amendment to the Company's 2006 Long-Term Incentive Plan?

A. The vote of a majority of the shares present in person or represented by proxy and voting on the matter is required to approve the amendment to the Company's 2006 Long-Term Incentive Plan. In addition, under NYSE rules, the total votes cast on this proposal (which includes for and against votes and abstentions, but excludes broker non-votes) must represent over 50% of the issued and outstanding shares of Common Stock.

Q. What are my voting choices when voting on the approval of the materials terms for payment of executive incentive compensation?

A. You may vote either for or against the approval of the material terms, or you may abstain from voting. If you give your proxy without voting instructions, your shares will be voted *for* the approval of the material terms.

Q. How many votes are needed to approve the material terms for payment of executive incentive compensation?

Table of Contents

Q. What are my voting choices when voting on the adoption and approval of the amendment to the Company's Restated Certificate of Incorporation?

A. You may vote either for or against the approval of the proposal, or you may abstain from voting. If you give your proxy without voting instructions, your shares will be voted *for* approval of the amendment.

Q. How many votes are needed to approve the amendment to the Restated Certificate of Incorporation?

A. The vote of a majority of the outstanding shares of Common Stock is required to approve the amendment.

Q. What are my voting choices when voting on the advisory vote to approve executive compensation?

A. You may vote either for or against the approval of the proposal, or you may abstain from voting. If you give your proxy without voting instructions, your shares will be voted *for* approval of executive compensation.

Q. How many votes are needed to approve the advisory vote to approve executive compensation?

A. The vote of a majority of the shares present in person or represented by proxy and voting on the matter is required to approve the proposal on executive compensation. The proposal is an advisory vote, which means that it is nonbinding on the Company. However, the Compensation and Management Development Committee of the Board will take into account the outcome of the vote when considering future executive compensation decisions. Abstentions are not treated as voting on the matter.

Q. What are my voting choices when voting on the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013?

A. You may vote either for or against the ratification, or you may abstain from voting. If you give your proxy without voting instructions, your shares will be voted *for* the ratification.

Q. How many votes are needed to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013?

A. The vote of a majority of the shares present in person or by proxy and voting on the matter is required to ratify the appointment of PricewaterhouseCoopers LLP. Abstentions are not treated as voting on the matter.

Q. What are my voting choices when voting on the shareholder proposal requesting a report on showerheads?

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form PRE 14A

PROPOSAL 1 ELECTION OF CLASS I DIRECTORS

Nomination

The Company's Restated Certificate of Incorporation provides that the number of directors must be at least three but not more than 12, and is divided into three classes as nearly equal in number as possible. The exact number of directors within that range is determined from time to time by the Board and currently consists of nine members. The term of each class of directors is three years, and the term of one class expires each year in rotation.

Three Class I directors are to be elected at the 2013 Annual Meeting, to hold office until the 2016 Annual Meeting of Shareholders, or until their successors are elected and qualified. The remaining directors will continue to serve the terms consistent with their class, as noted below.

The Board has nominated William L. Jews, John T. Schwieters and John P. Tague to serve as Class I directors for terms of three years, expiring at the 2016 Annual Meeting of Shareholders, or until their successors are elected and qualified. Each of the nominees is currently a member of our Board of Directors. Mr. Tague was appointed to the Board in February 2012 as a Class I director and is standing for election for the first time. Mr. Tague was initially referred by a consultant engaged to propose potential new Board Members.

Please note that Proposal 4, which shareholders are being asked to approve at the 2013 Annual Meeting, will not directly impact the election of directors pursuant to this Proposal 1. If Proposal 4 is approved by the Company's shareholders, the annual election or declassification of the Board will be phased in such that directors elected by the shareholders at the 2013 Annual Meeting as Class I directors will serve for a three-year term ending at the 2016 Annual Meeting, and thereafter be subject to re-election on an annual basis. See Proposal 4 below for additional information.

Family Relationships

The Chairman of the Board, Stewart Bainum, Jr., is the uncle of one of our directors, Scott A. Renschler. Other than the family relationship between Mr. Bainum and Dr. Renschler, there are no other familial relationships among our directors or executive officers.

Director Qualifications

The Board requires that its members possess the highest personal and professional integrity and be positioned to contribute to the Board's effectiveness through their experience. The Board's Corporate Governance and Nominating Committee regularly reviews the experience, qualifications, attributes and skills of each of the Board's director nominees and continuing directors. The following is the Board's assessment of the qualifications of each Board member that led the Committee to conclude that each Board nominee and continuing director is qualified to serve as a member of the Company's Board:

Director Nominees

William L. Jews. Mr. Jews brings to the Board experience as the chief executive officer of large, service-oriented companies. The Board benefits from Mr. Jews' unique ability to relate to and comprehend many of the operational issues before the Board. In addition, Mr. Jews' executive experience was characterized by management of rapid company growth, which provides the Board with insight related to various strategic growth and development plans.

John T. Schwieters. Mr. Schwieters possesses an extensive background in tax, accounting and financial matters. This experience positions Mr. Schwieters well to serve as the chair of the Board's Audit Committee as well as to generally provide the Board with opinions and advice related to the financial and risk-related

Table of Contents

components of various matters considered by the Board. The Board also values Mr. Schwieters' continuing service on the audit committees of other publicly-traded companies as a means to provide comparative assessments of the Company's overall reporting, internal control and risk management functions.

John P. Tague. Mr. Tague's extensive experience in the airline industry enables him to provide the Board with input and suggestion relevant to the travel industry. Because Mr. Tague's industry experience is not hotel-based, he provides the Board with unique opinions and assessments about the sector of the travel/hospitality industry in which the Company operates. In addition to his overall industry experience, Mr. Tague's specific experience managing revenue matters in the airline industry provides the Board with a subject matter expert in distribution, eCommerce and marketing strategies, which is an area in which the Company (and the hospitality industry) is becoming increasingly involved.

Continuing Directors

Barbara T. Alexander. Ms. Alexander's experience and expertise in corporate finance provides the full Board generally, and the Audit Committee specifically, with valuable opinion and advice on financial and accounting matters. In addition, her experience as a director of other public companies provides the Board with a source for comparative and alternative Board decision-making and operational strategies which the Board expects to rely on increasingly as the Company expands its presence both domestically and around the world.

Stewart Bainum, Jr. Mr. Bainum's long-standing relationship serving the Company provides the Board with a valuable historical perspective on the Company's culture and direction that is important in the Board's decisions concerning the Company's future direction. In addition, his experience as the board chairman for a hospitality-based real estate development and management company allows Mr. Bainum to provide the Board with unique opinions and perspectives regarding development and operational issues that affect the Company's hotel brands. Mr. Bainum's previous service as Chairman of the Board of Manor Care, Inc. represents valuable, relevant experience in the duties of management and board leadership of a publicly-traded company.

Stephen P. Joyce. Because Mr. Joyce serves as the Company's president and chief executive officer, he possesses unique insight and information related to both the Company's day-to-day operations and its long- and short-term needs. Mr. Joyce's immersion in all aspects of the Company's business and operations provides a perspective on operational and strategic proposals under consideration by the Board that other directors rely upon in reviewing and approving matters before the Board. In addition, the Board benefits from Mr. Joyce's insight into hotel development matters gained during his previous experience as an executive at Marriott International.

Scott A. Renschler, Psy.D. Dr. Renschler's 15 years of experience as a member of the board of directors of Realty Investment Company, Inc. historically and currently one of the Company's largest shareholders provides the Board with the unique perspective on Company matters of a large shareholder of the Company. In addition, because Realty's ownership interests focus on hospitality and real estate investments other than in the Company, Dr. Renschler has previously encountered, discussed and made decisions as a board member regarding many of the industry-related issues that the Board regularly considers.

Ervin R. Shames. Mr. Shames has expertise in management strategy that is valuable to the Board both as a resource for use in evaluating the management performance of the Company's executive team, as well as for developing and fostering management initiatives and incentives within the Company. Mr. Shames' experience as an executive of consumer products-based companies aligns well with the Board's constant evaluation of the Company's hotel brand performance and plans for brand development and enhancement. Mr. Shames' background as a lecturer at the Darden School of Business exposed him to a variety of ideas and strategies in the area of business management which is valuable to the Board as a basis for enhancing or refining the Company's management practices and corporate governance procedures.

Gordon A. Smith. Mr. Smith's specific experience as an executive in the consumer services industry provides the Board with insight into trends, operations, practices and ideas in industries and markets that have a

Board Recommendation

The Board recommends a vote **FOR** each of the Class I nominees.

CORPORATE GOVERNANCE

Board of Directors

The Board is responsible for overseeing the overall performance of the Company. Members of the Board are kept informed of the Company's business primarily through discussions with the Chairman, the Chief Executive Officer and other members of the Company's management, by reviewing materials provided to them and by participating in Board and committee meetings.

In 2012, the Board held six meetings and each director attended at least 75% of all meetings of the Board and the standing committees of the Board on which he or she served. In 2012, all of the then current Board members attended the Annual Meeting. The independent, non-management members of the Board are required to

Table of Contents

meet at least once a year in executive session without management. Mr. Shames, the lead independent director, chairs these meetings. Four such meetings were held in 2012.

The Board has adopted Corporate Governance Guidelines, a Corporate Ethics Policy, and charters for each of its standing committees, including the Audit Committee, Compensation and Management Development Committee, Corporate Governance and Nominating Committee, and Diversity Committee, each of which is discussed further below. Each of these documents is included in the investor relations section of the Company's website at www.choicehotels.com.

Board Leadership Structure

The Board is led by the Chairman, Mr. Bainum, who has served in this role for more than 23 years. The benefits of Mr. Bainum's leadership of the Board stem both from Mr. Bainum's long-standing relationship and involvement with the Company, which provides a unique understanding of the Company's culture and business, as well as his on-going role as the Board's primary day-to-day contact with the Company's senior management team, which ensures that a constant flow of Company-related information is available to the Board as a whole. This flow of communication enables Mr. Bainum to identify issues, proposals, strategies and other considerations for future Board discussions and to assume the lead in many of the resulting discussions during Board meetings.

The Company has elected to separate the positions of Chairman (held by Mr. Bainum) and Chief Executive Officer (held by Mr. Joyce). Although Mr. Joyce serves as a member of the Board, we believe that Mr. Bainum's status as Chairman provides for a meaningful division of leadership between management and the Board.

In addition to this division of leadership between Chairman and Chief Executive Officer, leadership is further enhanced on the Board based on the Board's annual election of a lead independent director. In light of the Company and Board leadership roles held by Mr. Bainum and Mr. Joyce, the Board believes that it is important to maintain a Board leadership position that is held by an independent director. Currently, Mr. Shames serves as the Board's lead independent director. In his role as lead independent director, Mr. Shames serves as chairman of executive session meetings in which Mr. Bainum and Mr. Joyce (as well as Dr. Renschler) do not participate. The goal and purpose of these meetings chaired by Mr. Shames is to permit the non-management and independent members of the Board to freely discuss issues or concerns related to Company and Board performance, including issues or concerns related to Company or Board leadership. The Board meets regularly in executive session. Four such meetings were held in 2012. In addition to chairing the executive sessions, the lead independent director manages the Board's review of the CEO's performance, coordinates activities of the independent directors and performs any other duties assigned by the Board.

Board's Role in Risk Oversight

The Board administers its risk oversight function through two primary mechanisms: (1) through the adoption and enforcement of Board policies and procedures intended to require the full Board to discuss, address and approve or disapprove certain items determined by their nature to involve various risks requiring Board consideration, and (2) through the efforts of the Board's Audit Committee, which focuses on the particular risks to the Company that arise out of financial reporting.

The Board's primary role in risk oversight is to establish and maintain effective policies and procedures that serve to highlight or expose critical risks. The Board has adopted a set of Board policies applicable to various transactions involving the Company and its directors, officers and employees that the Board has determined are likely to involve a potentially higher degree of risk than ordinary course transactions, and therefore are appropriately reviewable by the full Board. For these transactions, the Company is required to obtain Board approval, which provides the Board with an opportunity to discuss the transaction and attendant risk, prior to becoming binding on the Company. These transactions requiring prior Board approval include transactions above

Table of Contents

certain limits, certain lending arrangements, certain litigation settlements, and related party transactions. In addition to the full Board's role in risk oversight, different committees of the Board play a role in overseeing risks attendant to the committee's particular area of focus. For instance, the Compensation and Management Development Committee assumes primary responsibility for risk oversight as it relates specifically to the Company's compensation policies and practices, and the Corporate Governance and Nominating Committee and Diversity Committee are empowered to raise risks or potential risks brought to such Committee's attention to the full Board for discussion. In addition, as discussed below, the Board's Audit Committee has specific functions and responsibilities that generally relate to the risk oversight function.

The general functions of the Audit Committee are as set forth under the heading *Committees of the Board – Audit Committee*. As a result of the Audit Committee's performance of these functions, it is often provided with access to reports and analysis (either internally generated or created by the Company's independent auditors) relating to issues or concerns that, because of the potential for exposure to risk, the Committee determines to be proper for additional review and discussion. Often, these discussions may remain within the Audit Committee, if, after discussions with the Company's Chief Executive Officer, Chief Financial Officer, Controller, and other relevant Company employees, the result of the review is a determination by the Audit Committee that the identified potential for risk is being adequately addressed by the Company. In certain circumstances, the Audit Committee may determine (either initially after identification of the potential risk or after a preliminary review conducted by the Audit Committee) that certain risks or potential risks be referred to the full Board for discussion.

Director Independence

The Board currently has nine directors, a majority (six) of whom the Board has determined to be independent under the listing standards of the NYSE. The independent directors are Barbara T. Alexander, William L. Jews, John T. Schwieters, Ervin R. Shames, Gordon A. Smith, and John P. Tague.

In determining director independence, the Board applies the standards as set forth in the listing standards of the NYSE and additional independence standards adopted by our Board as follows:

- No director can be independent until five years following the termination or expiration of a director's employment with the Company, rather than three years as currently required under the NYSE rules;
- No director can be independent who is, or in the past five years has been, affiliated with or employed by a present or former outside auditor of the Company until five years after the end of either the affiliation or the auditing relationship, rather than three years as currently required under the NYSE rules; and
- No director can be independent if he or she in the past five years has been part of an interlocking directorate, rather than three years as currently required under the NYSE rules.

Corporate Governance Guidelines

The Corporate Governance Guidelines, adopted by the Board of Directors, are a set of principles that provide a framework for the Company's corporate governance. The main tenets of the Guidelines are:

- Create value for shareholders by promoting their interests;
- Focus on the future, formulate and evaluate corporate strategies;
- Duty of loyalty to the Company by directors;

- Directors are required to reach and maintain ownership of \$175,000 of Company stock;
- Directors attendance expectations; and
- Annual report of succession planning and management development by Chief Executive Officer.

Corporate Ethics Policy

The Board has established a Corporate Ethics Policy to aid each director, officer and employee of the Company (including the Chief Executive Officer, Chief Financial Officer and Controller) and its subsidiaries in making ethical and legal decisions in his or her daily work. To the extent granted, the Company will post amendments to or waivers from the Corporate Ethics Policy (to the extent applicable to the Chief Executive Officer, Chief Financial Officer and Controller) on the Company's website.

Committees of the Board

The standing committees of the Board are the Audit Committee, the Compensation and Management Development Committee, the Corporate Governance and Nominating Committee and the Diversity Committee. The charters for each of these committees are included in the investor relations section of the Company's website at www.choicehotels.com. All of the current members of each of the Audit Committee, Compensation and Management Development Committee, and Corporate Governance and Nominating Committee are independent, as required by the committee charters and the current listing standards of the NYSE and the rules of the SEC, as applicable.

The following provides a description of certain functions, current membership and meeting information for each of the Board committees for 2012.

Compensation and Management Development Committee

In September 2012, the Board amended the Compensation Committee's name and updated its charter. These changes were made to reflect the Committee's increasing role in the Company's executive management, talent development and succession planning, in addition to its core focus on compensation matters.

Under the terms of its revised charter, the Compensation and Management Development Committee (Compensation Committee) discharges the Board's responsibilities relating to compensation of the Company's executives through the following functions, among others:

- Overseeing the administration of the Company's equity compensation plans and authorizing equity awards thereunder;
- Establishing and updating the peer group used to compare the Company's compensation practices;
- Reviewing and approving the compensation of executive officers, in light of shareholder Say on Pay results and other relevant factors;
- Setting the compensation for the non-employee members of the Board of Directors;
- Reviewing bonus and incentive plans, pensions and retirement;
- Reviewing other employee benefit plans and programs;

- Reviewing the Company's succession plan and management development;

- Setting criteria and guidelines for performance of the Chief Executive Officer;
- Assessing performance of the Chief Executive Officer against performance objectives; and

- Reviewing and discussing the Company's Compensation Discussion and Analysis and producing the annual Compensation Committee report for the Company's proxy statement.

The Compensation Committee discharges its responsibilities relating to executive management, talent development and succession planning of the Company's executives by reviewing and discussing the Company's management succession plan for the CEO and other key senior executives and by reviewing and discussing management development for key executives as part of the Company's annual talent review process.

During 2012, at the direction of the Chairman of the Compensation Committee, Mr. Joyce our President and Chief Executive Officer assisted by Patrick Cimerola our Senior Vice President, Human Resources & Administration prepared and distributed to Committee members meeting agendas, consultant-provided compensation related information, and Company reports and data in preparation for Committee meetings. In addition, in conjunction with the Compensation Committee Chairman, Messrs. Joyce and Cimerola prepared and presented specific compensation proposals to the Compensation Committee, including Mr. Joyce's respective assessment of individual executive officer performance and recommended compensation amounts for each officer other than himself. See the *Compensation Discussion and Analysis* section below for more information on Mr. Joyce's role in recommending the compensation paid to our Named Executive Officers (as defined below in *Compensation Discussion and Analysis*) in 2012. None of our executive officers determined or recommended the amount or form of non-employee director compensation.

In accordance with its charter, the Compensation Committee has the authority to retain, terminate and approve professional arrangements for outside compensation consultants to assist the Committee. During 2012, the Compensation Committee retained Mercer USA (Mercer) to provide various compensation-related services and assistance, including preparing a report on executive compensation trends, assisting the Compensation Committee in reviewing the Company's Board and executive compensation practices, updating the Company's peer group for use beginning in 2013 for future compensation decisions, and providing regulatory updates. The Company paid Mercer \$169,894 for compensation consulting services provided in 2012 related to their engagement by the Compensation Committee. In addition to the Compensation Committee engagement, the Company paid Mercer \$35,835 for actuarial services related to the Company's supplemental executive retirement plan and \$7,282 for non-executive salary survey data provided in 2012. The Company utilized Mercer for these actuarial and salary survey-related services with the Compensation Committee's approval. See *Compensation Discussion and Analysis* below for additional information related to the role of Mercer in the Company's 2012 executive compensation decisions.

Three affiliates of Mercer, Marsh USA (Marsh), Seabury & Smith, Inc. (Seabury) and Kroll Associates, Inc. (Kroll) were engaged during 2012 by the Company. Marsh was the Company's insurance broker and risk advisor from September 2008 through September 2012; Seabury provided the Company with administrative services relating to the Company's franchisees from August 2009 through November 2012, and Kroll has, from time to time, since 2005 provided the Company with various investigative and background reports. In 2012, the Company paid Marsh aggregate fees equal to \$135,441 and paid Seabury aggregate fees equal to \$88,112. The Company did not make any payments to Kroll during 2012. When each of Marsh, Seabury and Kroll was initially retained by the Company to provide services, the Company's then current General Counsel approved the engagement. Neither the Board nor any committee thereof was involved in the decision to engage Marsh, Seabury or Kroll, and prior to the decision to engage Mercer, the Compensation Committee was not advised of Marsh's, Seabury's or Kroll's relationship with Mercer, or asked to approve the Company's maintenance of its existing business relationship with Marsh, Seabury or Kroll. As indicated above, during 2012, the Company's on-going business relationship with both Marsh and Seabury terminated.

In 2012, the Compensation Committee met six times. The Chair of the Compensation Committee was Ervin R. Shames and the other members were Fiona Dias, William L. Jews, Gordon A. Smith, David C. Sullivan, and John P. Tague. Ms. Dias and Mr. Sullivan served on the Committee through the April Committee meeting. Mr. Tague joined the Committee beginning with the February Committee meeting, and Mr. Jews joined the Compensation Committee beginning with the June Committee meeting.

Table of Contents

While the charter authorizes the Compensation Committee to delegate its responsibilities to subcommittees, to date, the Committee has not delegated any of its responsibilities in this manner.

Audit Committee

Under the terms of its charter, the Audit Committee assists the Board to fulfill its oversight responsibilities with respect to the Company's auditing, accounting and financial reporting processes generally. The Committee discharges these duties through the following functions, among others:

- Conferring separately with the Company's independent accountants and internal auditors regarding their responsibilities;
- Reviewing reports of the Company's independent accountants and internal auditors and annual and quarterly reports for filing with the SEC;
- Reviewing reports of the Company's independent accountants concerning financial reporting processes and internal controls;
- Establishing and monitoring a complaints procedure regarding accounting and auditing matters;
- Pre-approving all audit and non-audit services provided by the Company's independent accountants;
- Self-evaluating annually;
- Determining the selection, compensation and appointment of the Company's independent accountants and overseeing their work;
- Reviewing the Company's policies with respect to risk management; and
- Reviewing with the Chief Executive Officer and Chief Financial Officer, the Company's disclosure controls and procedures.

In 2012, the Audit Committee met eight times. The Chair of the Committee was John T. Schwieters and the other members of the Committee were Ervin R. Shames, David Sullivan, William Jews, Barbara T. Alexander and John P. Tague. Mr. Jews and Mr. Sullivan served on the Committee through the April Committee meeting. Mr. Tague joined the Committee beginning with the February Committee meeting and Ms. Alexander joined the Committee beginning with the April Committee meeting. Ms. Alexander currently serves on the audit committees of three other public companies. The Board has determined that such service does not impair the ability of Ms. Alexander to serve on our Audit Committee. The Board has determined that Mr. Schwieters and Ms. Alexander are qualified as audit committee financials expert within the meaning of the SEC's regulations. Furthermore, each member of the Committee has accounting and related financial management expertise within the meaning of the listing standards of the NYSE.

Corporate Governance and Nominating Committee

Under the terms of its charter, the Corporate Governance and Nominating Committee assists the Board to determine the composition of the Board and its committees and oversee the Company's corporate governance through the following functions, among others:

Under the terms of its charter, the Diversity Committee seeks to assist and oversee management in its development of a culture that values diversity of people which leads to diversity of thought and benefits the business and to further efforts to develop a workforce, franchise and vendor base that is reflective of the community in which the Company does business. The Committee seeks to achieve these goals through the following functions, among others:

Contacting the Board of Directors

Shareholders or other interested parties may contact an individual director, the lead independent director of the Board, or the independent directors as a group by mail at the following address:

Mail: Choice Hotels International, Inc.
One Choice Hotels Circle, Suite 400

Rockville, Maryland 20850

Attn: Board of Directors

Each communication should specify the applicable addressee or addressees to be contacted, as well as the general topic of the communication. The Company will initially receive and process communications before forwarding them to the addressee. The Company generally will not forward to the directors a shareholder communication that it determines to be primarily commercial in nature or relates to an improper or irrelevant topic, or that requests general information about the Company.

Consideration of Director Candidates

The Corporate Governance and Nominating Committee administers the process for nominating candidates to serve on the Company's Board. The Committee recommends candidates for consideration by the Board as a whole, which is responsible for appointing candidates to fill any vacancy that may be created between meetings of the shareholders and for nominating candidates to be considered for election by shareholders at the Company's Annual Meeting.

The Board has established selection criteria to be applied by the Corporate Governance and Nominating Committee and by the full Board in evaluating candidates for election to the Board. These criteria include: (i) independence, (ii) integrity, (iii) experience and sound judgment in areas relevant to the Company's business, (iv) a proven record of accomplishment, (v) willingness to speak one's mind, (vi) the ability to commit sufficient time to Board responsibilities, (vii) the ability to challenge and stimulate management, and (viii) belief in and passion for the Company's mission and vision. The Committee also periodically reviews with the Board the

appropriate skills and characteristics required of Board members in the context of the current membership of the Board. This assessment includes considerations such as diversity, age and functional skills in relation to the perceived needs of the Board from time to time.

The Corporate Governance and Nominating Committee uses a variety of methods to identify potential nominees for election to the Board, including consideration of candidates recommended by directors, officers or shareholders of the Company. When reviewing and recommending candidates to join the Board, the Corporate Governance and Nominating Committee considers how each prospective new member's unique background, experience and expertise will add to the Board's overall perspective and ability to govern the Company. While the Committee has not established any formal diversity policy to be used to identify director nominees, the Committee recognizes that a current strength of the Board stems from the diversity of perspective and understanding that arises from discussions involving individuals of diverse background and experience. When assessing a Board candidate's background and experience, the Committee takes into consideration all relevant components, including, but not limited to, a candidate's gender and cultural and ethnic status. The Committee may also use one or more professional search firms or other advisors to assist the Committee in identifying candidates for election to the Board.

The Corporate Governance and Nominating Committee will consider director candidates recommended by shareholders and evaluate them using the same criteria as applied to candidates identified through other means, as set forth above. Shareholders seeking to recommend a prospective candidate for the Committee's consideration should submit the candidate's name and qualifications, including the candidate's consent to serve as a director of the Company if nominated by the Committee and so elected by mail to: Corporate Secretary, Choice Hotels International, Inc., One Choice Hotels Circle, Suite 400, Rockville, Maryland 20850.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis (CD&A) describes each element of compensation that we pay or award to our named executive officers (NEOs). This CD&A includes a description of the principles underlying our executive compensation philosophy and our executive compensation decisions during our 2012 fiscal year, and provides our analysis of these policies and decisions. It is also intended to provide a context for the data we present in the compensation tables and related footnotes below, as well as the narratives that accompany the compensation tables.

For purposes of this CD&A and the compensation tables and narratives that follow, the NEOs for 2012 are:

<u>Name</u>	<u>Title</u>
Stephen P. Joyce	President and Chief Executive Officer
David L. White	Senior Vice President, Chief Financial Officer and Treasurer

As previously disclosed by the Company in its public filings, Mr. Haase ceased serving as an executive officer of the Company on January 31, 2012, and his employment with the Company terminated on May 31, 2012. However, pursuant to SEC rules, he is considered an NEO in 2012 for purposes of this proxy statement.

Executive Summary

The core principle of Choice’s executive compensation program continues to be pay-for-performance, and this principle forms the foundation of and guides all of our decisions regarding executive compensation. Choice uses a combination of fixed and variable compensation programs to reward and incent strong performance, as well as to align the interests of our executives with those of the Company’s shareholders. The framework of our executive compensation program includes the components described in this CD&A.

During 2012 we finalized leadership changes which drove our performance for the year as we focused on eliminating costs to improve our operating margins, growing our market share and expanding our service delivery to our franchisees, while returning value to shareholders. During 2012, our NEOs guided Choice in a manner that delivered immediate value to shareholders, as well as solid financial and operational results, including:

- Direct Shareholder Value
 - Total shareholder return of 20% during 2012 (and approximately 15% annualized return over the three-year period 2010 – 2012)
 - Diluted earnings per share increased 12% from \$1.85 for 2011 to \$2.07 for 2012
 - Returned value to shareholders through a combination of dividends and share repurchases totaling \$654.1 million and \$22.6 million, respectively, during 2012. This included a special cash dividend of \$10.41 per share or approximately \$600.7 million
- Operational and Financial Performance

- Financial Results
 - Total revenues of \$691.5 million, an 8% increase over 2011
 - Implemented cost containment and reduction initiatives resulting in a 4% decline in selling, general and administrative costs compared to 2011

- Operational Performance
 - 473 executed new domestic hotel franchise contracts (481 including direct Franchise Agreements in Canada), an increase of 42% over 2011
 - Domestic system-wide revenue per available room increased 6.2% and the effective royalty rate increased 1 basis point to 4.33% for full year 2012

- Key Events

 - Patrick Pacious assumed additional responsibility for Franchise Services, Business Analytics, and International Operations in addition to his then-current responsibilities which include corporate strategy and development, global reservations delivery, information technology, and loyalty and promotions.
 - Simone Wu joined the Company as Senior Vice President, General Counsel, Secretary and Chief Compliance Officer.
 - Alexandra Jaritz was promoted to Senior Vice President, Brand Strategy and Marketing.
 - Michael Murphy was promoted to Senior Vice President, Cambria and Ascend.

We believe the compensation paid to our NEOs in 2012 reflects the Company's performance during the year as a result of our pay-for-performance philosophy and is consistent with the creation of long-term shareholder value. Specifically, we exceeded our internal 2012 EPS target (as adjusted by the Committee for certain items as described below under the *Short-Term Incentives* heading) by 15% and the executives' achievement against 2012 shared market share and Likelihood to Recommend (LTR) goals exceeded targeted objectives for the year by 10% and 12%, respectively. As discussed in more detail below, these strong performances resulted in above target short-term incentive payouts to our executives.

For 2012, in order to directly incent sales performance, we revised the structure and formula for the short-term cash incentive plan for Mr. Pepper, our senior sales executive, which we believe played a pivotal role in our 42% year-over-year increase in executed domestic franchise sales contracts in 2012. Our executed franchise sales contracts for 2012 exceeded our goal for the year by 19% against a target which had already contemplated 20% year-over-year growth. As a result, our sales executive, Mr. Pepper, earned significant sales incentive compensation for the year.

In addition, in February 2013, performance-vested restricted stock units (PVRsUs) that were granted in 2010 subject to a three-year performance period, including years 2010, 2011, and 2012, paid out above target (130%) due to strong profitable revenue growth and expense management which drove above target three-year cumulative EPS achievement over the performance period.

	Performance Period	EPS Performance
2012		109%

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form PRE 14A

2011	104%
2010	107%
Cumulative	107%

In 2012, equity grants were reflective of the potential future role and importance of each executive's contribution to the achievement of the long-term strategic goals of the Company. The value of grants were delivered one-third each in the form of stock options, PVRsUs, and time-vested restricted stock. In 2012, we rebalanced the distribution of equity grants to our NEOs to increase the emphasis on time and performance

Table of Contents

vested restricted stock for the purpose of strengthening retention value and the linkage to performance. Challenging yet achievable three-year cumulative EPS targets were established, the achievement against which performance-vested restricted stock units will be earned.

While our compensation programs are not explicitly linked to Total Shareholder Return (TSR), the Company's intent and historical pattern based on performance is to have both executive compensation and total shareholder returns above the levels of our peer group. We believe that by focusing executive performance on the ingredients that deliver shareholder value, such as EPS, and linking pay to the performance against such goals, we will deliver shareholder value. This is exhibited in our performance in exceeding internal EPS targets over the last three years, delivering revenue growth, and cost management, which enables us not only to position the Company for future strategic and growth opportunities, but has yielded the one, three, and five year TSR performance set forth below:

Performance Period	Choice TSR Performance	Choice's TSR Percentile Rank Among Peer Group
One-Year	20%	35%
Three-Year	15% annualized	41%
Five-Year	9% annualized	73%

Based on internal reviews and analyses of our realizable pay positioning for our NEOs over two distinct three-year time periods (2009-2011 and 2010-2012), our executive compensation has been aligned between the 40th and the 60th percentile of the peer group being utilized at that time. This range is generally consistent with our one, three, and five year TSR percentile rankings set forth above.

At the Company's annual meeting in April of 2012, Choice's shareholders overwhelmingly voted in favor of the advisory vote approving Choice's executive compensation, or say on pay. The Compensation and Management Development Committee (the Committee) noted that approximately 99% of the shareholders voting on the say on pay proposal voted in favor of Choice's executive compensation, indicating that the Company's shareholders support the Company's focus on creating a pay-for-performance executive compensation philosophy. In light of these results, the Committee determined that the Company's executive compensation program is having its intended effect of aligning the interests of the Company's executives with those of shareholders and the Committee has continued to focus on a pay-for-performance philosophy.

Overview of Executive Compensation Program

Choice's executive compensation program links a significant portion of each executive's total compensation opportunity to corporate and individual performance. Our compensation program reflects the belief that executive talent is attracted to a company that recognizes and rewards performance, and that high performing executives create shareholder value. In selecting and rewarding executives, the Company intends to continue its practice of providing direct accountability for individual, shared and organizational results for each executive, and ensuring that the rewards are commensurate with the contributions and results delivered for shareholders.

The compensation program has been designed to achieve the following objectives:

- Provide a mix of salary and short- and long-term incentive compensation at competitive levels, as appropriate for public companies of our size, to enable the recruitment and retention of highly qualified executives;
- Link pay to corporate and individual performance to encourage and reward excellence and contributions that further Choice's success;
- Assure that compensation relative to the appropriate market is, over time, consistent with performance relative to market competitors;

Table of Contents

- Align the interests of executives with those of our shareholders through grants of equity-based compensation that, coupled with our stock ownership guidelines, encourage significant ongoing equity ownership by our executives; and
- Foster long-term focus required for success in the hospitality industry through equity incentives that vest over time.

The charts below show the elements of our executive compensation program as a percentage of the target total compensation for 2012 for our CEO and our other NEOs (excluding Mr. Haase) taken as a whole. Approximately 80% (CEO) and 70% (all other NEOs other than Mr. Haase) of total compensation is attributed to performance-based compensation.

Comparative Compensation Data

The Committee considers many factors that influence the determination of NEO compensation. These factors include the Company culture and philosophy, historical performance of the individual and the executive team as a whole, strategic importance of the executive's role in the execution of the Company's short and long-term strategic objectives, and executive compensation market trends of peer and similarly sized companies in the hospitality and franchise industries. For 2012, the Committee, with Mercer's assistance, utilized a peer group consisting of: Ameristar Casinos, Carrolls Restaurant Group, CEC Entertainment, DineEquity, Morgans Hotel Group, Panera Bread, Pinnacle Entertainment, Red Robin Gourmet Burgers, Sonic Corp., Vail Resorts and The Wendy's Company.

The Committee may review data which is reflective of the competitive market with which we compete in business and for talent. Specifically, the Committee may review nationally published third-party survey data reflective of companies similar in size to Choice in the hospitality and franchise industries. This market data is used to provide insight into the range of compensation levels in the competitive market, as well as a general understanding of compensation practices and policies used to deliver that compensation to executives.

Table of Contents

In addition, as further discussed below under the heading *Role of the Compensation Consultant*, the Committee regularly engages a compensation consultant to provide updates regarding executive compensation trends, both regulatory and practical.

However, consistent with prior practice, comparative market information is not used by the Committee to benchmark the amount of total compensation or any specific element of compensation. Comparative market information has been and is expected to continue to be reviewed by the Committee as a general reference and guide to assist the Committee with its decisions related to executive compensation.

Roles of the Committee and Others in Compensation-Related Decisions

Role of the Compensation and Management Development Committee

The Committee sets the Company's compensation principles that guide the design of compensation plans and programs for our executive officers. The Committee is charged with establishing, implementing and monitoring the Company's executive compensation and succession planning programs. In carrying out its responsibilities, the Committee endeavors to achieve and to maintain an executive compensation package that is both fair and competitive in furtherance of the Company's goals, including increasing shareholder value.

As part of its responsibility and oversight, the Committee reviews corporate goals and objectives relevant to CEO compensation, evaluates performance in light of those goals and objectives, and recommends CEO compensation based on this evaluation to the Board for approval. With regard to other executive officers, the Committee reviews and approves changes to base salary and incentive compensation targets, annual and long-term incentive plan goals and objectives and the achievement against those goals, and equity-based compensation design, delivery and value. In addition, the Committee reviews and approves all compensation-related agreements, including employment agreements, severance and change of control arrangements, and any other special supplemental compensation and/or benefits for all executive officers, except for the CEO for which the Committee makes a recommendation to the Board for approval.

As discussed in more detail above in the Corporate Governance section under the heading *Compensation and Management Development Committee*, in 2012, the Committee updated its charter to reflect the Committee's increasing role in the Company's executive management, talent development and succession planning, in addition to its core focus on compensation matters.

Role of Management

At the direction of the Chairman of the Committee, management may prepare and distribute to Committee members agendas, meeting materials and Company data in preparation for Committee meetings. In addition, in conjunction with the Committee Chairman, management may prepare and present specific compensation proposals to the Committee. For consideration by the Committee, the CEO may make recommendations with regard to the assessment of individual executive officer performance (other than his own) and corresponding compensation actions. In addition, the CEO and Senior Vice President, Human Resources and Administration may make recommendations with regard to incentive and other benefits plan design and delivery. Finally, the CEO, Senior Vice President, Human Resources and Administration, and CFO may make recommendations with regard to financial and non-financial targets under our annual incentive plan and our performance vested restricted stock unit awards. The other named executive officers do not play a role in their own individual compensation determinations, other than discussing individual performance objectives with the CEO.

Role of Compensation Consultant

In accordance with its charter, the Committee has the authority to retain outside compensation consultants and advisors to assist the Committee. The Committee currently retains Mercer (US) Inc. (Mercer, or the Compensation Consultant) to review market trends and advise the Committee regarding executive

Table of Contents

compensation. In 2012, in addition to providing the Committee with general advice related to executive compensation decisions, Mercer provided regular reports on executive compensation trends and regulatory updates, including a review of the executive compensation competitive market, and conducted a review of the Company's non-employee director compensation program. Mercer also reviewed the amended Committee Charter, and assisted in updating the Company's peer group for use in future compensation decisions.

The Committee is directly responsible for the appointment, compensation and oversight of the Compensation Consultant. The Compensation Consultant reported directly to the Committee, although the Committee instructed Mercer to work with management to compile information and gain an understanding of the Company and any issues for consideration by the Committee.

Elements of Named Executive Officer Compensation

The Company's executive compensation program consists of four primary elements: base salary; short-term cash incentives; long-term equity incentives; and perquisites and other personal benefits. The largest component of total compensation for our NEOs, as well as our executive officers in general, is in the form of long-term equity incentive compensation. The Committee believes that linking the greatest portion of total compensation to long-term equity incentives furthers the objectives of aligning executives' interests with those of shareholders and focusing executive attention on the Company's long-term prospects. Additionally, the Committee believes this strategy focuses our executives on addressing the potential risks facing the business. In order to strengthen the tie between executive compensation and the Company's pay-for-performance focus, each executive's targeted and actual pay mix may vary by position, and the variance generally is based on each executive's impact on operational performance, with those having a greater impact on performance generally having more pay at risk in the form of long-term incentives.

Base Salary

We believe the primary purpose of base salaries is to provide a level of fixed compensation that is competitive so as to attract and retain highly qualified executives. The table below reflects increases in each NEO's base salary during 2012, and the resulting base salary in effect for each NEO at the end of the year (or in the case of Mr. Haase, as of May 31, 2012, the last date of his employment with the Company):

Named Executive Officer	2012 Merit Increase	2012 Other Adjustments	Base Salary as of 12/31/12
Joyce	3%	6%	\$ 900,000
White	3%	n/a	\$ 345,000
Pacious	3%	19.3%	\$ 430,000
Pepper	4%	n/a	\$ 330,000
Wu	n/a	n/a	\$ 325,000
Haase	n/a	n/a	\$ 412,000

In February 2012, Mr. Joyce recommended, and the Committee approved, the merit increases listed above for Messrs. White, Pacious, and Pepper. The Committee also recommended approval to the Board of a 3% merit increase for Mr. Joyce, increasing his base salary to \$850,000. The Committee believed that each of these merit increases was consistent with executive compensation market trends prevailing at the time. In addition, in February 2012, as part of an ongoing corporate reorganization in anticipation of Mr. Haase's departure from the Company, Mr. Pacious assumed responsibility for Franchise Services and Business Analytics in addition to his then-current responsibilities. In recognition of his assumption of these responsibilities, Mr. Pacious received an additional 19.3% adjustment to his base salary. Each of the base salary increases described above were approved by the Committee during its February 2012 meeting with a retroactive effective date of January 5, 2012.

On May 25, 2012, in connection with the effective date of his amended and restated employment agreement, Mr. Joyce's base salary was increased an additional 6% to \$900,000. This increase resulted from the negotiations between the Company and Mr. Joyce related to the agreed upon 5-year extension of Mr. Joyce's employment term.

Table of Contents

Ms. Wu was hired effective February 13, 2012 and her salary was established based on the Committee's assessment of the market conditions for similarly situated senior legal executives and the negotiations between the Company and Ms. Wu.

In accordance with his agreement entered into in connection with his planned departure from the Company, Mr. Haase was not eligible for a merit increase in 2012.

Short-Term Incentives***Short-Term Incentive Target Opportunity***

The Company has established a short-term incentive program called the Management Incentive Plan (MIP), pursuant to which each NEO has a target incentive opportunity equal to the NEO's eligible earnings, which is a percentage of salary actually paid in the calendar year. For Ms. Wu, who joined the Company in February 2012, pursuant to negotiations at the time of her employment, the Company agreed to calculate her target MIP payment based on her full year salary of \$325,000, rather than her actual earnings during 2012. For Mr. Joyce, the percentage is set forth in his employment agreement. For the remaining NEOs, the percentage is established by the Committee. The targets for the continuing NEOs remained the same from 2011 to 2012. The threshold, target and maximum bonus levels for each of the NEOs for 2012 were:

Named Executive Officer	Threshold	Target	Maximum
Joyce	50%	100%	200%
White	27.5%	55%	110%
Pacios	27.5%	55%	110%
Pepper	25%	50%	100%
Wu	25%	50%	100%

Pursuant to the terms of his severance agreement with the Company, Mr. Haase is entitled to receive a payment equal to his target of 55%.

Short-Term Incentive Performance Goals

Due to the belief that the MIP design has been successful in incenting and rewarding the NEOs from year-to-year, the Committee approved the same general MIP design for calendar year 2012 as was in place in previous years. The 2012 MIP was structured to pay the target bonus for each NEO upon achievement of an established earnings per share (EPS) target as a primary goal, and to pay a varying percentage of the target for EPS performance above or below the annual goal as follows:

- no payment unless the Company achieves the minimum performance level, or 90% of the EPS goal (\$1.81 per share);
- payment equal to 50% of the target award for achievement of 90% of the EPS goal (\$1.81 per share);
- payment equal to 100% of the target award for achievement of the target performance level (\$2.01 per share); and
- payment equal to 200% of the target award for achievement of the maximum performance level, or 120% of the EPS goal (\$2.41 per share).

Consistent with prior years, the Committee chose EPS as the objective performance measure for the Company's 2012 MIP in order to provide a direct link between Company performance and shareholder value. The Committee believes that EPS is easily understood by shareholders and executives and allows for comparisons to both internal targets and other public companies. The EPS target for the 2012 MIP payout at 100% of target was \$2.01, which was recommended to the Committee by Mr. Joyce and approved in December 2011 based on the Company's Board-approved 2012 business plan.

Table of Contents

In July 2012, in connection with its review of the payment of a one-time, special cash dividend and associated financing transactions, the Committee approved an adjustment to the EPS target for the 2012 MIP to take into consideration the additional expense generated by the interest and transaction costs related to the debt issued to finance the dividend payment and the non-recurring professional fees incurred in connection with the special dividend transaction, which would have a dilutive impact on EPS. The Committee believed that since EPS is the performance measure for the MIP, the dilutive impact of the special dividend transaction would have the effect of reducing (or eliminating) the potential for the MIP to be earned for reasons not reflective of the actual performance of the Company and its associates, including the NEOs. As a result of this adjustment, the annual goals used to determine 2012 MIP payout were as follows:

- no payment unless the Company achieves the minimum performance level, or 90% of the adjusted EPS goal (\$1.66 per share);
- payment equal to 50% of the target award for achievement of 90% of the EPS goal (\$1.66 per share);
- payment equal to 100% of the target award for achievement of the target performance level (\$1.84 per share); and
- payment equal to 200% of the target award for achievement of the maximum performance level, or 120% of the EPS goal (\$2.21 per share).

Because the EPS objective is the most heavily weighted factor of the MIP for determining the target payment for all of the NEOs, the level of achievement of the EPS target, combined with each NEO's established target incentive percentage, is the primary driver of each NEO's annual incentive payment for the year. However, for each NEO, the ultimate payout may be further adjusted based on the assessment of each NEO's degree of achievement of certain pre-determined performance objectives for the year. As with the EPS objective, the other performance objectives are assigned various weighting percentages, and can each be adjusted up or down based on the relationship between the targeted goal and the result achieved. For Mr. Joyce, this assessment is conducted by the Committee. For the other NEOs, the assessment is made by the Committee based on the recommendations of Mr. Joyce. These performance objectives, where applicable, are based in part upon a qualitative evaluation of performance, but can also include quantifiable measures such as franchisee/customer satisfaction and Revenue Per Available Room (RevPAR) improvement, in addition to other relevant measures.

For 2012, following a practice initiated by the Committee in 2010 based on its belief that establishing shared objectives will create stronger alignment throughout the Company, the NEOs (as discussed below, other than Mr. Pepper) and other senior executives received two shared performance objectives as part of each of their objectives associated with performance goals related to the Company's market share and LTR (likelihood to recommend) ratings of the Company's hotel portfolio. Mr. Joyce's performance objectives for 2012 consisted exclusively of the executive team's shared objectives. For the other NEOs (other than Mr. Pepper), the shared objectives were accompanied by additional specific individual or department objectives.

For the 2012 MIP, the Committee revised the plan for the Company's senior sales executive, Mr. Pepper. Rather than including Mr. Pepper within the group of NEOs and other senior executives that have shared objective performance goals, Mr. Pepper became subject to an Executive Sales MIP intended to drive franchise sales. The plan was designed to deliver his target MIP (50% of base salary) upon achievement of 400 executed franchise agreements during 2012 (with increased performance payouts for results above the sales target, and decreased payout amounts for results below the sales target), with the opportunity for the target payout to be adjusted up or down by Company EPS similar to the other executive officers.

Because cash incentive compensation is tied to a final determination of the Company's EPS, the payments are typically finalized and paid in February following the year in which the cash incentive was earned.

In February 2013, the Company implemented a Bonus Recoupment Policy (the Clawback Policy). Pursuant to the Clawback Policy, the Committee has the right to require the Company's senior executives,

Table of Contents

including each of the NEOs, to pay back previous MIP distributions in the event that the Company materially restates its financial results as a result of significant noncompliance with financial reporting requirements.

Short-Term Incentive Results

The Company announced EPS of \$2.07 per share in 2012. However, pursuant to the MIP, EPS may be adjusted at the discretion of the Committee for certain non-recurring items. During December 2008, the Committee approved standard plan adjustments related to costs required to be accounted for in accordance with (i) Accounting Standards Codification (ASC) No. 712 Compensation Nonretirement Postemployment Benefits and (ii) ASC No. 420 Exit or Disposal Cost Obligations (the Standing Adjustment Items). As part of the Committee s 2008 approval, it determined that any future adjustments to EPS related to Standing Adjustment Items made by the Company would not need additional Committee approval. For 2012, the adjustment to EPS attributable to the Standing Adjustment Items was \$0.01. In addition to the Standing Adjustment Items, the Committee approved in February 2013 additional adjustments to the 2012 EPS in the amount of \$0.03 related to unplanned charges resulting from the settlement of the Company s Supplemental Executive Retirement Plan (SERP) and a loss on the extinguishment of debt related to the unplanned refinancing of the Company s revolving credit facility. Based on the Standing Adjustment Items, as well as the exclusion of the charges related to the settlement of the SERP and the loss on extinguishment of debt, EPS for 2012 incentive plan determination purposes was \$2.11, which resulted in an incentive payout at 170% of the target.

As discussed above, the amount of each NEO s short-term incentive is subject to potential further adjustment based on the assessment of the NEO s achievement of the pre-determined performance objectives. For 2012 annual incentive payments, the shared objectives were related to targeted market share and likelihood to recommend (LTR) ratings for certain of our brands that we refer to as our equity brands. Market share achievement was determined based on the projected total lodging industry supply growth so as to maintain our market share. LTR for equity brands was measured as the average ratings provided on the 10-point scale via the Guest Insight Systems survey administered by a third-party vendor. Performance in 2012 against both of these measures exceeded the targeted performance levels and resulted in an additional payout opportunity under the MIP. Specifically, the target versus actual achievement of both EPS and the shared objectives is set forth in the table below:

Criteria	EPS	Market Share	Likelihood to Recommend (LTR)
Target	\$1.84	Domestic new unit additions of -4 or -0.1% net unit growth	8.34 for equity brands (Cambria Suites, Comfort Inn, Comfort Suites, and Sleep Inn)
Actual	\$2.11	1.64% net unit growth for Choice vs. .74% net unit growth for the U.S.	8.40 or 6 basis points above plan
Achievement	115%	164%	100.7%
Payout Percentage	170%	110%	112%

The following table details the weighting of each of the performance measures and actual amount earned in 2012 attributed to the measure for each NEO.

NEO	EPS	Market Share	Likelihood to Recommend (LTR)	Individual /Divisional Objectives
Joyce	70% \$ 1,041,021	20% \$ 327,178	10% \$ 166,563	0% N/A
White	50% \$ 161,108	10% \$ 35,444	10% \$ 36,088	30% \$ 103,431

Wu	50% \$ 138,125	10% \$ 30,388	10% \$ 30,940	30% \$ 87,019
Pepper	Based on achievement of executed franchise sales contracts in 2012; up to the target incentive portion was subject to EPS leverage; see further description below. \$815,100			

Table of Contents

During 2012 the development team under the leadership of Mr. Pepper delivered 481 executed franchise agreements in his region (including the U.S., certain brands in Canada, and the Caribbean). Mr. Pepper's incentive plan delivered the target incentive award opportunity (i.e., 50% of salary) at 400 executed contracts. This target was increased based on the Company's EPS performance at the achievement level described above (170%), increasing Mr. Pepper's target payout to \$280,500. In addition, Mr. Pepper's MIP provided that for executed agreements in excess of 400, he would receive additional incentive payments. Based on actual achievement, Mr. Pepper earned a total cash bonus of \$815,100. However, as of February 28, 2013, \$72,600 of this amount had not been distributed and remained contingent on the satisfaction of certain outstanding items associated with 11 of the franchise agreements executed in 2012.

Pursuant to the terms of his severance agreement with the Company, Mr. Haase received a payment equal to his target of 55%, or \$226,600.

In addition to the amounts paid to NEOs pursuant to the MIP, Ms. Wu received a one-time cash sign on bonus of \$239,418 in connection with her agreement to join the Company.

Long-Term Incentives*Equity Grant Target Opportunities*

The Committee believes that annual awards of long-term equity are imperative to foster the long-term focus of the Company's executives required for success in the hospitality industry.

Consistent with prior years, as a reference for determining the 2012 grant value, a target equity value based upon a multiple of the NEO's base salary was assigned to each executive. Each NEO's multiple was established based on guidelines that take into account the executive's role within the organization and its criticality in achieving the long-term strategic plan of the organization, as well as the competitive market. The Company's Senior Vice President, Human Resources & Administration provided a range of potential values to Mr. Joyce to assist him in making recommendations to the Committee for stock option and restricted stock awards (both service and performance based), with minimum, target, and maximum values set forth for each officer. A minimum, target, and maximum value for equity, as determined by the Committee, were used to assist in its decision making for Mr. Joyce.

Award targets as a percentage of salary for the continuing NEOs remained the same from 2011 to 2012. The following table sets forth the equity award value targets for each applicable NEO and their base salary as of January 1, 2012:

Named Executive Officer	Base Salary	Target Award Value as a Percentage of Salary	Aggregate Annual Equity Award Value at Target
Joyce	\$ 825,000	200%	\$ 1,650,000
White	\$ 335,000	125%	\$ 418,750
Pacious	\$ 350,000	125%	\$ 437,500
Pepper	\$ 317,240	100%	\$ 317,240

For the actual equity award values for each NEO in 2012, see the Grants of Plan-Based Awards Table.

Because Ms. Wu joined the Company during 2012, she is not included in the table above. For a description of equity grants to Ms. Wu in connection with her agreement to join the Company, see below under the heading *Grants Made in Connection with Employment of Ms. Wu*. In addition, pursuant to the terms of his severance agreement with the Company, Mr. Haase was not eligible for, and did not receive, any equity grants as part of the annual grant process or otherwise during 2012; as a result, he is not included in the table above.

For 2012, the Committee approved awards of stock options, performance-vested restricted stock units (PVRsUs) and service-based restricted stock (RS), with each targeted at 33.3% each of the total value of the

Table of Contents

grant. This targeted distribution reflects a rebalancing from prior years, in which the Company targeted equity grants at 50% stock options, 25% RS, and 25% PVRsUs. The Committee determined to rebalance the target distribution percentages to provide a stronger mix of retention and linkage to performance against long-term financial targets. In addition, the new mix provides a balance of retention, and two-thirds performance-based through a combination of options and PVRsUs. The PVRsUs are earned based on achievement of three-year cumulative EPS targets, while the options provide the appropriate focus on share price.

Annual equity awards to the NEOs are typically granted by the Committee at its February meeting, except for Mr. Joyce, whose awards are granted at the February full Board meeting. The exercise price of each stock option awarded to the Company's executives is the closing price of the Company's stock on the date of grant.

As discussed in the preamble to the Grants of Plan-Based Awards Table, the number of shares subject to the stock option portion of the equity award granted to each officer is based on the Black Scholes option-pricing model. See the preamble to the Grants of Plan-Based Awards Table for more information on how the Company determines the actual number of shares subject to each type of equity award.

The Company grants PVRsUs to executives with the goal of further aligning compensation with the long-term results generated by the actions and decisions of these executives. Under the long-term incentive program, performance achievement levels relative to threshold, target, and maximum are established at the beginning of the performance period, as well as the corresponding percentage of the target grant that will be earned at each achievement level. As a result, the number of PVRsUs that actually vest during any performance period may range from 0% to 200% of the initial grant, based on three-year cumulative EPS performance as compared to the target EPS for the period. The chart below provides the achievement percentages and their corresponding vesting result.

Criteria	Below Threshold	Threshold	Target	Maximum
Performance Achievement	<90%	90%	100%	120%
Corresponding Vesting Result	0%	50%	100%	200%

Because disclosure of the cumulative EPS target for the ongoing performance periods could easily be used in a competitively harmful way by third parties, we are not disclosing our actual PVRsU EPS targets until the end of the respective performance periods. However, in determining the cumulative EPS target for the 2012-2014 performance period, the Committee approved management's recommendation based on the Company's projected target growth under our strategic plan over the relevant time period. The Committee believes that the approved EPS targets are consistent with the Committee's goal of making PVRsU EPS targets challenging, but achievable. The Committee believes that the recent history of PVRsU vesting supports this belief: in 2012, no PVRsUs vested because there were no PVRsUs awarded in 2009, in 2011 no PVRsUs vested as the minimum threshold performance was not achieved, and in 2010 PVRsUs vested at 70% of the target share award.

Equity Performance Results

After reviewing the equity range recommendation worksheet prepared by the Company's Senior Vice President, Human Resources & Administration, Mr. Joyce recommended that except for Mr. Pacious, each of the NEOs should receive 2012 equity awards valued at or near the target/midpoint level of the range of potential grant values for each type of award. For Mr. Pacious, Mr. Joyce recommended an overall value of approximately 13% above the target/midpoint level based on Mr. Pacious' increased role and responsibility as of February 2012.

The Committee approved a grant to Mr. Joyce above the target/midpoint level in recognition of the Mr. Joyce's continuing leadership and management of the Company during 2011.

The chart below shows the actual stock options, PVRSU, and RS granted to each NEO as part of the Company's annual equity grant process (which excludes special equity grants).

The number of options listed above represents the number actually granted in February 2012; however, in connection with the Company's declaration and payment of the special cash dividend, these options, along with other outstanding options held by all employees of the Company, were adjusted by the Committee. For more details regarding the nature of the adjustments and to see the as-adjusted figures for the 2012 grants, see the *Outstanding Equity Awards at Year-End 2012* table.

Because Ms. Wu joined the Company during 2012, equity grants made to her in 2012 were made outside of the standard annual grant structure, and she is not included in the table above. For a description of equity grants to Ms. Wu in connection with her agreement to join the Company, see below under the heading *Grants Made in Connection with Employment of Ms. Wu*. Pursuant to the terms of his severance agreement with the Company, Mr. Haase was not eligible for, and did not receive, any equity grants as part of the annual grant process or otherwise during 2012; as a result, he is not included in the table above.

To encourage individual executive performance and further support the Company's pay-for-performance philosophy, the Committee enables Mr. Joyce on an annual basis to recommend grants of stock awards to members of the executive team to reward extraordinary performance. The recommendation of these awards by Mr. Joyce is based on his assessment of individual performance, in addition to a number of factors that impact and foster extraordinary performance, including leadership and commitment to the Company's cultural values. For 2012, Mr. Joyce recommended that Mr. White receive an extraordinary performance grant of 2,809 shares of RS (with a grant date fair market value of \$100,000), and the Board awarded a grant to Mr. White in accordance with Mr. Joyce's recommendation. Mr. White's grant was in recognition of the critical role he has played in the Company achieving its long-term strategic goals. The RS granted to Mr. White for extraordinary performance cliff vests three years from the grant date.

In connection with Mr. Pacios assuming additional responsibilities after the departure from the Company of Mr. Haase, Mr. Pacios received a special retention grant of 35,113 shares of RS (with a grant date fair market value of \$1,250,000), with 40% of such shares subject to three-year cliff vesting period, and the remaining shares vesting on November 1, 2017.

In addition, in connection with Mr. Pacios entering into an amended non-competition, non-solicitation and severance benefit agreement with the Company in March of 2012, Mr. Pacios received a special retention grant of 10,750 shares of restricted stock (with a grant date fair market value of \$406,458), with a three-year cliff vesting period.

Grants Made in Connection with Contract Extension for Mr. Joyce

Pursuant to Mr. Joyce's second amended and restated employment agreement entered into in connection the extension of his term as President and CEO of the Company, Mr. Joyce received an award of performance-based restricted stock detailed in the Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table below. These awards were based upon a combination of market data provided by Mercer, value corresponding to a portion of equity awards granted pursuant to Mr. Joyce's initial employment agreement and negotiations during employment extension discussions.

Table of Contents*Grants Made in Connection with Employment of Ms. Wu*

In connection with the Company's recruitment and employment of Ms. Wu, the Committee approved an equity grant equal to 100% of her base salary of \$325,000, in the form of \$162,500 of stock options with a four-year vesting schedule, and \$162,500 of RS with a four-year cliff vesting period. The Committee also approved an additional grant of \$50,000 of RS with a three-year cliff vesting period.

Previously Granted PVRsUs Vesting in 2012

Because no PVRsUs were granted in 2009, there were no PVRsUs previously granted to any NEO that were eligible to vest during 2012.

Share Ownership Guidelines

Our Executive Stock Ownership Guidelines are intended to align the interests and actions of executives with the interests of shareholders and further promote our longstanding commitment to sound corporate governance.

Under the guidelines, each NEO must attain ownership of qualifying shares worth a multiple of the executive's then-current base salary. The guidelines provide that executives must achieve ownership of shares having the required market value within five years after first becoming a covered executive. The chart below details the required market value for each category of executive officer:

Category	Named Executive Officer	Required Ownership Levels
Chief Executive Officer	Joyce	5x current base salary
Category 1 Executive Officers	White, Pacious	3x current base salary
Category 2 Executive Officers	Wu, Pepper	2x current base salary
Category 3 Executive Officers	Other	1.5x current base salary

Stock ownership counting towards satisfaction of the guidelines includes:

- Stock purchased on the open market by the executive;
- Stock obtained through stock option exercises;
- Stock obtained through Choice's 401(k) Retirement Savings and Investment Plan or Non-Qualified Retirement Savings and Investment Plan;
- Restricted stock issued by Choice (whether or not vested), including time-based restricted stock, performance vested restricted stock and performance-based restricted stock; and
- Stock beneficially owned in trust or by immediate family members residing in the same household.

If an executive does not attain the ownership levels within the five year period, and thereafter maintain the ownership levels, the Committee may:

- Require the transfer of up to fifty percent (50%) of the executive's payment under the MIP into the form of Choice stock and/or adjust the amount or composition of any future cash or equity compensation to assist the executive in attaining the level of ownership required by the guidelines;

- Restrict the executive from selling or otherwise disposing of Choice stock until he or she has attained the required ownership levels;
- Forego the future grant of any equity awards to the executive; or
- Take any other actions reasonably designed to assist or enable the executive to satisfy the guidelines.

In addition, the NEOs must meet specified exemption criteria or obtain permission before selling stock that would result in their holding dropping below the guideline requirements.

Table of Contents

The Committee formally reviews the stock ownership of the executives at least annually.

As of December 31, 2012, each of the NEOs had attained the required ownership levels for their positions except for Ms. Wu who is still within her prescribed grace period. Mr. Haase is no longer employed by the Company and, therefore, is not subject to the executive share ownership guidelines.

Perquisites and Other Personal Benefits

Flexible Perquisites Plan. Executive officers, including each of the NEOs, are eligible to receive certain benefits not available to other full-time employees. In 2000, the Company established a Flexible Perquisites Plan in connection with our efforts to recruit and retain certain key executives at that time. The plan design and covered benefits were based on our review at that time of competitive market information and how the Committee believed other companies structured their flexible perquisites program. In 2012, the Committee reviewed the prevalence of these benefits against our peer group and found them to be consistent with market practice in the hospitality and franchise market sectors.

Pursuant to the Company's Flexible Perquisites Plan, each NEO and certain other executives are eligible to receive an aggregate amount of reimbursement that may be used by the executive officer for any of the following personal benefits: financial and estate planning, legal services, supplemental life insurance premiums, club membership dues, certain health care expenses and child care expenses. The reimbursement amount for each NEO is based on the executive's title, role within the organization, and scope of responsibilities. The amounts applicable to each category of executive have not increased under the Flexible Perquisites Plan since 2003. These reimbursements represent taxable income to the executive; however, pursuant to the plan, the Company pays any associated tax. In the event that an executive incurs reimbursable costs that are less than the aggregate reimbursable amount, the difference is not paid to the executive or carried forward to the next year. We believe the cost to the Company to provide this plan, and any associated tax gross up expense, is minimal compared to the goodwill and retention benefits the program offers.

In 2012, the aggregate amount of reimbursement which was available to each NEO under the Flexible Perquisites Plan is as set forth below.

Officer	2012 Eligible Reimbursement
Joyce	\$ 31,800
White	\$ 15,000
Pacious	\$ 15,000
Pepper	\$ 15,000
Wu	\$ 15,000
Haase	\$ 15,000

For actual amounts reimbursed to each officer under the Flexible Perquisites Plan for qualified expenditures during 2012, see the *All Other Compensation* column of the *Summary Compensation Table* below.

Other Personal Benefits. In addition to the Flexible Perquisites Plan, the Company offers our officers and members of the Board the Company's Stay at Choice program which provides reimbursements for nightly room charges when staying at the Company's franchised properties for non-business related travel. The Company grosses up any associated taxes incurred from utilizing this program. Through the Stay at Choice program, the Company seeks to encourage our senior executives to use our hotels when traveling on personal matters as they are the best source of input and feedback with regard to the value and consistency of our product. For the reasons set forth above, there is no limit on an executive's use of this plan during the year.

In addition to participation in the Flexible Perquisites Plan, Mr. Joyce's previous employment agreement provided for an annual car allowance, as well as initial and annual fees at a dining and/or recreational club of his

Table of Contents

choosing. Effective with the execution of his five year employment agreement in May 2012, these allowances are no longer available to Mr. Joyce. Mr. Joyce does continue eligibility for the personal use of the aircraft leased by the Company for up to 40 flight hours per year.

During 2012, each of the NEOs (other than Mr. Joyce, after May of 2012) received a car allowance. For the aggregate cost to the Company of each of the perquisites or other personal benefits described above, see the *All Other Compensation* column of the *Summary Compensation Table* below.

Retirement Plans

The Company offers our executives, including each of the NEOs, a retirement package comprised of various nonqualified retirement plans. We believe the combination of these retirement plans is reasonable and competitive and that these plans encourage retention of our executives and reward them for long, continued service to the Company. We provide the non-qualified plans due to the regulatory limits on the amount of compensation that can be contributed to qualified retirement plans in any given year. We believe these limits leave higher-paid executives without competitive retirement income replacement. Accordingly, we believe the nonqualified plans are a vital part of an executive's financial planning to bridge the divide between Social Security and retirement income.

For more information on these plans, see the *Change in Pension Value* and *All Other Compensation* columns of the *Summary Compensation Table* below, as well as the *Pension Benefits and Non-Qualified Deferred Compensation Tables* and accompanying narratives below.

Severance and Change in Control Arrangements

Each of the NEOs, other than Mr. Haase, is entitled to receive various payments and continued benefits upon various triggering events. For Mr. Joyce, these arrangements are set forth in an employment agreement, and for each of Ms. Wu and Messrs. White and Pacious, a non-competition, non-solicitation and severance benefit agreement. For Mr. Pepper, these arrangements are prescribed by the Choice Hotels International Severance Benefit Plan which is applicable to all of the Company's employees who do not otherwise have an employment agreement or severance agreement with the Company.

The terms of the severance provisions and benefits in each of these agreements and the Choice Severance Benefit Plan were based on what the Committee believed was competitive with market at the time of adoption. In addition, Mr. Joyce's employment agreement was based on contract renewal negotiations, with the Committee giving due consideration to market terms.

In connection with the contract renewal negotiations between the Company and Mr. Joyce that were completed in May 2012, the Company entered into an amended and restated employment agreement with Mr. Joyce, the terms of which were based upon arms-length negotiations. Mr. Joyce's employment agreement contains severance benefits following constructive termination and termination following a change in control.

The Company and each of Ms. Wu and Messrs. White and Pacious are parties to an executive non-competition, non-solicitation and severance benefit agreement. The Committee believes that the severance, non-competition and non-solicitation provisions are typical within our industry, and are reasonable and enforceable. Each of these agreements provide for 70 weeks of severance and termination benefits in the event of termination without cause or constructive termination, and for severance payments upon termination of the executive following a change in control (i.e., a double trigger) equal to a lump sum payment of 200% of his or her base salary plus 200% of his or her annual bonus. These agreements do not provide for gross-up payments for excise tax.

For Mr. Pepper, who does not have a severance agreement or a written employment agreement that contains a severance provision, severance is determined in accordance with the Choice Severance Benefit Plan that is

Table of Contents

generally applicable to all employees of the Company. This plan provides for severance compensation in certain events, but does not include accelerated vesting of equity or non-competition or non-solicitation restrictions. The Severance Benefit Plan's severance benefit level for executives at or above Mr. Pepper's level is 5 weeks of severance pay for each year of service, with a minimum of 26 weeks and capped at 70 weeks (or 14 years of service) where the termination is not in connection with a change in control. For a termination following a change in control, the plan provides for severance payments equal to 200% of the executive's base salary plus 200% of his annual bonus.

Mr. Joyce's employment agreement, the severance benefit agreements with Ms. Wu and Messrs. White and Pacious, and the Severance Benefit Plan for Mr. Pepper contain provisions granting severance payments upon termination following a change in control. These provisions were adopted to ensure that these executives will not be tempted to act in their own interests rather than the interests of the Company's shareholders in the event the Company is considering a change in control transaction. These executives may lose their ability to influence the Company's performance after a change in control and may not be in a position to earn incentive awards or vest in equity awards, and thus might be biased against such a transaction. These provisions are designed to make any transaction neutral to the executives' economic interests. With respect to the severance payments and continuation of benefits upon a constructive termination or termination without cause, outside of a change in control, the Committee believed these provisions ensure executives who are unexpectedly terminated for reasons outside of their control are appropriately compensated and provided for during a limited period of time following termination.

Pursuant to an amendment to Mr. Haase's 2008 severance, non-competition and non-solicitation agreement, and a transition services agreement, each of which was entered into in 2012 between the Company and Mr. Haase in connection with his planned departure from the Company, the Company agreed to the continued payment of his salary, benefits, and his participation in the Company's annual incentive compensation plan, with a target bonus equal to 55% of his base salary during the severance period. Mr. Haase's severance period is 18 months, from June 1, 2012 to November 30, 2013.

For a more detailed discussion of the arrangements applicable to each NEO, including an estimated quantification of the benefits payable to each officer assuming a termination event as of December 31, 2012 (or, in the case of Mr. Haase, based on his actual termination date), see the *Potential Payments Upon Termination or Change of Control* section below.

Restrictions on Hedging Transactions

In September 2012, the Company adopted new restrictions on hedging transactions by Company employees, including the NEOs. These restrictions are set forth in the Company's Insider Trading Policy. The new restriction prohibits Company employees, including NEOs, from engaging in hedging transactions involving this Company's stock, such as prepaid variable forwards, equity swaps, collars and exchange funds unless the transaction has been reviewed and approved in advance by the Company's Legal Department.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code imposes a corporate deduction limit of \$1 million annually on certain compensation paid to the Chief Executive Officer and the next three most highly compensated executive officers (other than the CFO) who are employed with the Company as of the end of the tax year. Compensation is deductible to the extent it constitutes performance-based compensation (compensation paid based on satisfying pre-established performance goals) that has been approved by the shareholders. The Company believes that while it is generally in the best interest of shareholders to structure compensation plans so that compensation is deductible under Section 162(m), and the Company generally seeks to do so, there may be times when the benefit of the deduction would be outweighed by other corporate objectives, such as the need for flexibility.

Service-based restricted stock awards are generally subject to the \$1 million deduction limitation imposed by Section 162(m); however, all other equity awards to our NEOs in 2010 through 2012 are fully deductible under Section 162(m).

- (1) Except as noted in the following sentence, values reflect base salary actually received by each Named Executive Officer in the years presented, which depending on the position of pay periods within a calendar year, may not equal a Named Executive Officer's stated annual salary. Due to an administrative oversight, a portion of Mr. Joyce's salary earned during 2011 was not paid to him until January of 2012.
- (2) For each of the Named Executive Officers, amounts shown in the *Stock Awards* column for 2010, 2011 and 2012 include the grant date fair values for RS, PBRsUs and PVRsUs. The values included for PBRsUs and PVRsUs are based on the probable outcome of the performance goals on the grant date (100% of the performance target), computed in accordance with FASB ASC Topic 718. Assumptions used to calculate fair value for 2012 are discussed in Note 19 to the audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2012. The actual value realized by each individual with respect to PBRsU and PVRsU awards will depend on the Company's actual performance relative to the performance goals, with vesting options for actual shares ranging from 0% to 207.46% for PBRsUs and 0% to 200% for PVRsUs based on actual performance against the performance target established at the time of grant.

The grant date fair value based on the probable outcome for the 2012 PVRsU awards was \$666,681 for Mr. Joyce, \$140,015 for Mr. White, \$165,006 for Mr. Pacious and \$106,017 for Mr. Pepper. The grant date fair value based on the maximum outcome for the 2012 PVRsU awards was \$1,333,362 for Mr. Joyce, \$280,030 for Mr. White, \$330,012 for Mr. Pacious and \$212,034 for Mr. Pepper. Pursuant to his termination agreement with the Company, Mr. Haase was not eligible to receive equity grants, including PVRsUs, during 2012. Because Ms. Wu joined the Company in 2012, she did not receive any PVRsUs.

The grant date fair value based on the probable outcome for the 2011 PVRsU awards was \$450,038 for Mr. Joyce, \$101,599 for Mr. White, \$137,528 for Mr. Haase, \$75,034 for Mr. Pacious and \$77,014 for Mr. Pepper. The grant date fair value based on the maximum outcome for the 2011 PVRsU awards was \$900,076 for Mr. Joyce, \$203,198 for Mr. White, \$275,056 for Mr. Haase, \$150,068 for Mr. Pacious and \$154,028 for Mr. Pepper.

The grant date fair value based on the probable outcome for the 2010 PVRsU awards was \$500,019 for Mr. Joyce, \$99,984 for Mr. White, \$122,511 for Mr. Haase, \$92,291 for Mr. Pacious and \$92,291 for Mr. Pepper. The grant date fair value based on the maximum outcome for the 2010 PVRsU awards was \$1,000,038 for Mr. Joyce, \$199,968 for Mr. White, \$245,022 for Mr. Haase, \$184,582 for Mr. Pacious and \$184,582 for Mr. Pepper. The 2010 PVRsUs awards

vested in February 2013 with an actual outcome at 130% of the performance target.

Table of Contents

The amount shown in Mr. Joyce's Stock Award column for 2012 includes the grant date fair value of PBRsUs based on the probable outcome of the performance goal (100% of the performance target), which amounts to a grant date fair value of \$2,000,023. The grant date fair value based on the maximum outcome for the PBRsU awards was \$4,149,200. The PBRsU award was granted to Mr. Joyce in connection with the negotiation and execution of his 5-year contract extension signed in May 2012.

- (3) Values reflect the cash awards earned by each of the Named Executive Officers under the 2012 Management Incentive Plan. For a discussion of the performance targets under the 2012 Management Incentive Plan, see the description under the heading *Short-Term Incentives* above. For a discussion of the potential amounts payable to each Named Executive Officer under the 2012 Management Incentive Plan, see the *Grants of Plan-Based Awards for 2012* table below. For Mr. Pepper, amount excludes \$72,600 which as of February 28, 2013, had not been distributed and remained contingent on the satisfaction of certain outstanding items associated with 11 of the franchise agreements executed in 2012.
- (4) Represents cash bonus payments made outside of the Company's Non-Equity Incentive Plan Compensation. For Mr. Pacious in 2011, represents a cash bonus paid in connection with his promotion to Executive Vice President, Global Strategy, Distribution & Technology. For Ms. Wu in 2012, represents a cash bonus paid in connection with her agreement to join the Company as General Counsel, Senior Vice President, Secretary & Chief Compliance Officer.
- (5) For 2012, the following table reflects the preferential earnings on non-qualified deferred compensation under the Executive Deferred Compensation Plan (EDCP). The values reported are based on the excess of the return on amounts credited to accounts in the EDCP at the annually designated rate of return over 120% of the applicable federal long-term rate. As further described under the heading *Pension Benefits for 2012*, balances under the Company's supplemental executive retirement plan (SERP) were distributed during 2012 following the SERP's termination in December 2011. As a result, SERP values did not change in 2012.

Named Executive Officer	Preferential Earnings (EDCP) (\$)
Joyce	26,851
White	29,286
Pacious	5,665
Pepper	101,424

Haase	87,798

- (6) See the *All Other Compensation* table below for additional information on the amounts included for each Named Executive Officer in the 2012 *All Other Compensation* column.
- (7) On January 31, 2012, Mr. Haase ceased serving as an executive office of the Company, and on May 31, 2012, Mr. Haase's employment with the Company terminated.

- (a) Represents amounts reimbursed for payment of taxes with respect to certain perquisites paid during 2012 pursuant to our Flexible Perquisite Program, including certain financial and estate planning and legal services, supplemental life insurance premiums, club membership dues, and certain health care and child and elder care. This column also includes amounts reimbursed for payment of taxes with respect to amounts reimbursed under our Stay at Choice program which provides reimbursements to senior executives when staying at Choice hotels properties for purposes other than business.
- (b) Benefits included in this column include the following amounts or types of compensation:
- reimbursement for stay during 2012 under our Stay at Choice program, which was \$6,225 for Mr. Joyce; \$13,487 for Mr. White; \$25,646 for Mr. Pacious; \$2,561 for Mr. Pepper; \$10,385 for Ms. Wu; and \$7,974 for Mr. Haase;

 - reimbursement of health care expenses incurred during 2012 under the Flexible Perquisites Program, which was \$140 for Mr. Joyce; \$366 for Mr. White; \$1,373 for Mr. Pacious; and \$316 for Mr. Haase;
 - reimbursement of child care expenses incurred during 2012 under the Flexible Perquisites Program, which was \$2,560 for Mr. Pacious;
 - a car allowance for each officer, as follows: \$7,818 for Mr. Joyce (representing payments up to May 25, 2012, the effective date of Mr. Joyce's amended employment agreement, which agreement did not contain a continuing car allowance); \$10,154 for Ms. Wu; \$12,000 for Messrs. White, Pacious, and Pepper;
 - group term life insurance premiums paid by Choice on behalf of each Named Executive Officer; and

- the aggregate incremental cost to the Company for Mr. Joyce's personal use of the Company's aircraft during 2012, which was \$108,335.

Choice calculates the aggregate incremental cost of the personal use of the Company's aircraft by summing actual direct and direct variable costs associated with the use of the aircraft. These costs include fuel, crew travel expenses, landing fees, flight plans, catering, and incremental cost associated with the aircraft lease. Per Mr. Joyce's employment agreement, he is entitled to use the Company's aircraft for personal use for up

to 40 hours per year. Periodically, Mr. Joyce's family members and guests may accompany him on business or personal trips on the aircraft; however, the aggregate incremental cost to the Company of their use of the aircraft is minimal, if any.

- (c) Severance payments include certain amounts shown in the *Potential Payments Upon Termination or Change in Control* section for Mr. Haase.

Table of Contents**GRANTS OF PLAN-BASED AWARDS FOR 2012**

The Compensation and Management Development Committee determines the aggregate equity value to be awarded to each Named Executive Officer annually as discussed above in *Compensation Discussion and Analysis*, under the heading *Long-Term Incentives*. In 2012, other than for Ms. Wu and Mr. Haase, each NEO's aggregate standard annual equity value (excluding extraordinary performance grants, employment and retention related grants, and similar grants made outside of the annual process) was divided into awards of approximately one-third stock options, one-third service-based restricted stock (RS), and one-third as performance vested restricted stock units (PVRSU). For options granted to these NEOs, the value of the aggregate equity grant to be delivered as options is divided by the Black-Scholes value on the date of grant to determine the number of shares to be granted. For example, as discussed above in *Compensation Discussion and Analysis*, Mr. White's long-term equity grant value in 2012 was 125% of his base salary, or \$418,750. Approximately one-third of this value, or \$140,000, was granted as stock options. The Black-Scholes value was \$9.979. Thus, the number of shares subject to Mr. White's option grant on February 19, 2012 was determined as follows: $\$140,000/\$9.979 = 14,030$ shares. The value of the aggregate equity grant to be delivered as RS and PVRSU were divided by the closing price of Choice's Common Stock on the most recent business day before the date of grant, or \$35.60. Thus, Mr. White's stock grant was determined as follows: $\$280,000$ (50% RS and 50% PVRSU of the aggregate equity award value for 2012)/ $\$35.60 = 7,866$ shares, consisting of 3,933 RS and 3,933 PVRSU.

Please note that the number of equity awards listed below represent the amounts actually granted in February 2012. In connection with the Company's declaration and payment of the special dividend, these awards, along with other outstanding awards, were adjusted by the Compensation Committee. For more details regarding the nature of the adjustments and to see the as-adjusted figures for the 2012 grants, see the *Outstanding Equity Awards at Year-End 2012* table.

Table of Contents

- (1) For NEOs other than Mr. Pepper, threshold amount reflects the threshold payment level under the Company's 2012 Management Incentive Plan, which is 50% of the target amount. Maximum amount reflects 200% of the target amount. The threshold amount is paid if 90% of the performance goal is attained. The maximum amount is paid upon attaining 120% of the performance goal. For Mr. Pepper, threshold amount is based on minimum sales goal required to earn any payment under his Management Incentive Plan. Based on the unique structure of Mr. Pepper's Plan, there is no maximum amount that can be earned. For a discussion of the performance targets under the 2012 Management Incentive Plan, see *Annual Incentive Cash Compensation* above. For the actual payments made to each NEO pursuant to the 2012 Management Incentive Plan, see the *2012 Non-Equity Incentive Plan Compensation* column of the *Summary Compensation Table* above.
- (2) Except as further described as related to Mr. Joyce's PBRsUs, represents the range of PVRsU award sizes upon vesting. These PVRsUs will vest, if at all, depending on the Company's actual three-year cumulative earnings per share compared to the performance target. During the performance periods, dividends accrue on the PVRsUs, if and at the same rate as dividends are paid out on our outstanding Common Stock; provided, however, that dividends are only paid out to the extent that the PVRsUs actually vest.
- For Mr. Joyce's May 25 grant of PBRsUs, represents the range of 5-year PBRsU vesting. Approximately one-third of the target number of shares of the PBRsUs, with a grant date fair value of \$680,000, is eligible to vest four years from the effective date subject to the satisfaction of a 4-year performance target. This partial vesting does not include any threshold or maximum payout; therefore, if the 4-year performance target is met or exceeded, the partial vesting will occur, and if the 4-year performance target is not met, no portion of the partial award will vest. Any portion of the 2012 PBRsUs that does not vest at the four-year measurement period will vest five years from the effective date, subject to the satisfaction of a 5-year performance target. The actual payout at the conclusion of the 5-year period is subject to leveraging based on satisfaction of the 5-year performance target, with a 60% target payout threshold and a 207.46% payout maximum.
- (3) Represents grants of RS to each NEO. Except as noted in the following sentences, these awards vest in equal installments on the anniversary of the grant date over a four-year period based on the continued employment of the officer: For Mr. Pacious, 14,405 shares of RS vest at the third year anniversary of the grant date, and 21,068 shares of RS vest on November 1, 2017. For Ms. Wu, 4,565 shares of RS vest at the four year anniversary of the grant date, and 1,405 shares of RS vest at the three year anniversary of the grant date. For Mr. White, 2,809 shares of RS vest at the third anniversary of the grant date. Dividends are paid on the RS, if and at the same rate as dividends are paid on our outstanding Common Stock.
- (4) Represents grants of stock options to each NEO. These awards vest in equal installments on the anniversary of the grant date over a four-year period, based on the continued employment of the officer.
- (5) The exercise price of an option is equal to the closing price of Choice Common Stock on the date of grant. Fair market value was established by the Compensation and Management Development Committee as the closing price reported on the New York Stock Exchange on the date of the grant. If no shares were traded on the grant date, the Committee determines the fair market value. The Committee directed that the closing price reported on Friday, February 17, 2012 be the fair market value for the grants awarded on Sunday, February 19, 2012 since the New York Stock Exchange was not open for trading on February 19, 2012.

NARRATIVE TO THE SUMMARY COMPENSATION TABLE AND**GRANTS OF PLAN-BASED AWARDS TABLE***Employment Agreements*

Choice has entered into an Employment Agreement with Mr. Joyce and Choice has entered into a Non-Competition, Non-Solicitation and Severance Benefit Agreement (*Severance Benefit Agreement*) with each of Messrs. White, Pacious and Haase, and with Ms. Wu.

Mr. Joyce

On March 21, 2008, Choice entered into an employment agreement with Mr. Joyce, effective May 1, 2008, as amended and restated on April 30, 2008 and further amended September 16, 2010 (as amended, the *Initial Joyce Employment Agreement*). The term of the Initial Joyce Employment Agreement was five years. The Initial Joyce Employment Agreement provided that, for the first six months of the agreement term, Mr. Joyce would be President and Chief Operating Officer and, thereafter, he would transition to President and Chief Executive Officer. As previously disclosed, this schedule was accelerated and Mr. Joyce assumed the role of President and Chief Executive Officer on June 26, 2008. The Initial Joyce Employment Agreement also provided that Mr. Joyce was to be nominated for election to the Board as a Class III director. Mr. Joyce was appointed to the Board, effective April 30, 2008.

Table of Contents

On May 24, 2012, Choice and Mr. Joyce entered into the Second Amended and Restated Employment Agreement (the Joyce Employment Agreement), which superseded and replaced the Initial Joyce Employment Agreement. The term of the Joyce Employment Agreement is five years.

Pursuant to the Joyce Employment Agreement, Mr. Joyce receives an initial annual base salary of \$900,000 as President and Chief Executive Officer. In addition, on the effective date of the agreement, Mr. Joyce received an award of performance-based restricted stock units (2012 PBRSU), which superseded and replaced the PBRSU granted under the Initial Joyce Employment Agreement. The target number of shares granted under the 2012 PBRSU is equal to the number with a fair market value on the effective date of \$2,000,023. Approximately one-third of the target number of shares of the 2012 PBRSU is eligible to vest four years from the effective date subject to the satisfaction of a 4-year performance target. This partial vesting does not include any threshold or maximum payout; therefore, if the 4-year performance target is met or exceeded, the partial vesting will occur, and if the 4-year performance target is not met, no portion of the partial award will vest. Any portion of the 2012 PBRSU that does not vest at the four-year measurement period will vest five years from the effective date, subject to the satisfaction of a 5-year performance target. The actual payout at the conclusion of the 5-year period is subject to leveraging based on satisfaction of the 5-year performance target, with a 60% target payout threshold and a 207.46% payout maximum.

In addition, Mr. Joyce is eligible throughout the term of the Joyce Employment Agreement to earn a target bonus of 100% per year of his base salary. Additionally, Mr. Joyce is eligible to receive annual awards of options to purchase Choice Common Stock and/or restricted stock, with the value of such annual awards to be based on a multiple of his base salary, as determined in the discretion of the Compensation Committee. Mr. Joyce is also eligible to participate in the Executive Deferred Compensation Plan (EDCP). As applied to Mr. Joyce under the EDCP, upon attaining age 55, his years of service will be deemed to be ten years. Mr. Joyce was eligible to participate under the Initial Joyce Employment Agreement in the now-terminated Choice Supplemental Executive Retirement Plan (SERP). As applied to Mr. Joyce under the SERP, upon attaining age 55, his years of service will be deemed to be his actual years of service plus ten years. The SERP was terminated in December 2012 and Mr. Joyce received a payout of his accrued benefit.

The Joyce Employment Agreement further provides that Choice will provide Mr. Joyce with (i) use of the aircraft utilized by the Company for personal use for up to 40 flight hours per year, consistent with Company policy, (ii) reimbursement for all reasonable expenses incurred by him in the performance of services under the agreement, including all travel and living expenses while away from home on business or at the request of and in the service of Choice in accordance with Company policy, (iii) participation in the Company's Flex Perquisite Program in an amount not to exceed \$31,800 per year or such higher amount as may be approved by the Committee, and (iv) participation in all other retirement, health, welfare and fringe benefit plans and policies as generally afforded to the most senior executives of the Company, as are in effect from time to time. Under the Joyce Employment Agreement effective in May 2012, Mr. Joyce no longer receives a corporate club membership or automobile allowance, both benefits that were provided under the Initial Joyce Employment Agreement.

month. In addition, the Company and Mr. Haase entered into a Transition Services Agreement, which principally provides that: (i) as of January 31, 2012, Mr. Haase will cease serving as an executive officer of the Company and will no longer be authorized to make policy decisions on behalf of the Company, (ii) Mr. Haase will continue to serve as an employee of the Company from February 1, 2012 through May 31, 2012, performing various duties assigned to him by the Company's CEO, (iii) from February 1, 2012 through May 31, 2012, Mr. Haase will continue to receive compensation and benefits at the same levels provided to him as of January 31, 2012, except that after January 31, 2012, Mr. Haase will no longer be eligible to receive any grants of equity, and (iv) Haase's employment with the Company will terminate on May 31, 2012, and this termination will be deemed a termination without cause under the Haase Severance Benefit Agreement. Mr. Haase's amended Severance Benefit Agreement provides for certain benefits applicable after May 31, 2012. These benefits are described under the Potential Payments Upon Termination or Change in Control section below.

Please see the *Potential Payments Upon Termination or Change in Control* section below for a more detailed discussion on the termination and severance provisions set forth in each employment agreement described above, as well as the severance and termination provisions and arrangements applicable to our other Named Executive Officers.

Table of Contents**OUTSTANDING EQUITY AWARDS AT YEAR-END 2012**

The following table provides information on the current holdings of stock options and stock awards by the Named Executive Officers. This table includes unexercised and unvested stock option awards, unvested RS, and unvested PVRsUs with performance conditions that have not yet been satisfied. The market value of the RS, PVRsU and PBRsU awards is based on the closing market price of Choice's stock as of December 31, 2012, which was \$33.62. Because the PVRsUs will be earned, if at all, based on our three-year cumulative EPS performance as compared to the target EPS goal for the respective period (except for Mr. Joyce's May 2012 PBRsUs that will be earned, if at all, based upon our four and five-year cumulative average EPS growth rates (see *Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table Employment Agreements - Mr. Joyce*)) the market value of the PVRsUs and PBRsUs shown in the table is based on achievement of the target level of performance under the awards. PVRsUs listed below that were granted in 2010 reflect the target amount but actually vested in February 2013 at 130% of target.

In connection with the Company's payment in 2012 of a special cash dividend of \$10.41 per share, the Compensation and Management Development Committee was required to approve an equitable adjustment to the outstanding stock options to prevent the dilution of their value. The Committee elected to utilize an adjustment method known as the ratio-spread adjustment which combined a reduction of the exercise price (by amount less than the \$10.41 per share dividend amount) with an increase in the number of shares subject to the option, to preserve the ratio of exercise price to fair market value that existed prior to the payment of the special cash dividend. For all option awards set forth below, the number of securities and the applicable option exercise price reflect the post-special dividend adjustment. Because dividends are payable on RS, and earned (and potentially payable) on PVRsUs and PBRsUs, no adjustments to the number of shares subject to these awards were made. However, because of the negative impact on EPS of the financing transactions related to the special dividend, the Committee approved adjustments to the EPS targets for the 2010, 2011 and 2012 PVRsU awards, and to the cumulative average EPS growth rates for the 2012 PBRsUs granted to Mr. Joyce.

PENSION BENEFITS FOR 2012

Choice's supplemental executive retirement plan (SERP) was a non-contributory defined benefit pension plan that covered our Chief Executive Officer and other key executives approved by the Board of Directors. In December of 2011, the Board adopted a resolution to terminate the SERP, initiating a process by which all interests in the SERP would be paid out to the beneficiaries. The Company completed this distribution during 2012. The table below lists the distribution amounts for each of the NEOs that participated in the SERP. Because Ms. Wu joined the Company after the Board had terminated the SERP, she did not participate in the SERP. The SERP termination process required the Compensation Committee to make certain assumptions and decisions in order to enable payouts for actively employed participants, including the NEOs listed below. The material assumptions and decisions impacting the final distribution amounts are described below.

Pursuant to the SERP, retirement benefits are determined under a formula based on each participant's years of service and final average salary, defined as a monthly salary based on the sum of: (a) an average of base salary earned in the highest 60 months out of, and (b) the monthly pro-rata of the average of the five highest bonus payments earned during, the 120 months of employment immediately prior to the normal retirement date, the early retirement date or other date of separation from service. Subject to giving effect to the December 31, 2009 suspension of future accrual of benefits, the formula provides a benefit equal to 1% per year of service up to 15% and 1.5% per year of service thereafter up to 30%. Participants become vested in their benefits under the SERP upon completion of five years of service. Benefits paid under the SERP are straight life annuity amounts, although participants have the option of selecting a joint and 50% survivor annuity (for those who are married or have a domestic partner) or ten-year guaranteed payments. The benefits are not subject to offset for social security and other amounts.

Pursuant to Mr. Joyce's employment agreement in effect at the time the SERP terminated, upon attaining age 55, Mr. Joyce is to be credited an additional ten years of service for purposes of the SERP. This provision was negotiated with Mr. Joyce at the time of his hire.

Unreduced benefits are available upon retirement at age 65 (the normal retirement age under the plan), or upon retirement at age 55, provided the participant has a minimum of ten years of service. The SERP does not provide for early retirement with reduced benefits; if a participant terminates prior to age 65, or prior to age 55 with ten years of service, benefit payments commence on the first day of the month following his or her 65th birthday. Upon termination for cause, participants forfeit any accumulated benefit under the SERP, even if vested. Further, upon the death of a participant before payment has begun, his or her spouse (or domestic partner) is generally entitled to receive 50% of the participant's vested SERP benefit.

All of the NEOs are entitled to an unreduced benefit at age 65, except Mr. Joyce who, pursuant to his employment agreement, will be eligible to receive unreduced benefits upon attaining age 55.

As a result of the determination in 2011 to terminate the SERP, in 2012 the Compensation Committee was required to make certain decisions regarding assumptions for mortality, interest, and retirement age to enable lump sum conversion calculations for the final SERP distributions. For mortality and interest, the Committee determined to adopt the methodology required by the IRS for qualified plans under Section 417(e) of the Internal Revenue Code. This included the adoption of a one-year stability period with a two month lookback to November 2011 for interest rates, which resulted in rates of 1.99% for the first five years, 4.47% for the following 15 years, and 5.26% thereafter. For mortality, this resulted in the use of the table published by the IRS in notice 2008-85 for distributions occurring during 2012. For the applicable retirement age, the Committee selected 57.5 years to be used as the retirement age for all active participants, which represents the age that Mr. Joyce will be at the end of his current employment contract. Based on the use of this assumed retirement age,

pursuant to Mr. Joyce's employment agreement, he was credited with an additional 10 years of service, which additional amount is reflected in the distribution total set forth below.

NON-QUALIFIED DEFERRED COMPENSATION FOR 2012

Executive Deferred Compensation Plan. In 2002, Choice adopted the Choice Hotels International, Inc. Executive Deferred Compensation Plan (EDCP), which became effective January 1, 2003. Our Chief Executive Officer and other key executives approved by the Board (including each of the Named Executive Officers) are eligible to participate in the EDCP. During 2012, each of the NEOs participated in the EDCP. Participants in the EDCP are not entitled to participate in the Non-Qualified Plan described below.

Under the EDCP, participants may defer up to 90% of their base salary and up to 100% of their bonus each year. Choice matches 50% of up to 15% of eligible salary under the EDCP, reduced by the total matching contributions to which the participant is otherwise entitled under the 401(k) plan. The participant's right to any Company match vests at 20% per year from the time the participant was first hired, with all past and future match amounts becoming 100% vested after the participant's fifth year of service. As of December 31, 2012, each of the participating NEOs, other than Mr. Joyce and Ms. Wu, was fully vested in their Company match amounts.

A participant may elect a return based on a selection of investment options selected by the EDCP's administrators, which are generally publicly available mutual funds or other indices. Participants may elect to change their investment options under the EDCP in accordance with plan requirements.

Benefits commence under the EDCP upon the death of the participant (to the participant's beneficiary), or, at the participant's election, upon the participant's termination of employment or, commencing in 2009 on a January designated by the participant, subject to any requirements imposed by Section 409A of the Internal Revenue Code (Section 409A). If no election is made, benefits will commence upon termination of employment, subject to any requirements imposed by Section 409A. Benefits are payable in a lump-sum payment or in annual installments over a period of up to 20 years, as elected by the participant. If no election is made, benefits will be paid in a lump sum. Benefits will also automatically be paid in a lump sum if the amount payable as of the initial payout date is \$100,000 or less.

In December 2008, the Company amended and restated the EDCP to comply with treasury regulations promulgated pursuant to Section 409A. The amendment and restatement, which became effective on January 1, 2009, only applies to that portion of each participant's EDCP account balances that are subject to Section 409A (generally, those contribution amounts that became vested or were credited after 2004). The pre-2005 plan documents continue to apply to the remaining participant account balances under the EDCP.

Stock Deferral Program. Each NEO is entitled to defer all or any portion of any equity award (other than stock options). The executive may elect to defer the receipt of such equity until termination of their employment or until a specified future date. Any dividends or other distributions during the deferral period are credited to the executive's deferred equity account and reinvested in the purchase of additional Choice Common Stock. In December 2008, the Company amended and restated the 2006 Long-Term Incentive Plan to comply with treasury regulations promulgated pursuant to Section 409A. This amendment became effective on January 1, 2009.

Non-Qualified Plan. In 1997, Choice adopted the Choice Hotels International, Inc. Non-Qualified Retirement Savings and Investment Plan (Non-Qualified Plan). Generally, Choice employees with gross earnings that are greater than 125% of the highly-compensated employee limit established by the IRS, but who are not eligible to participate in the EDCP, are eligible to participate in the Non-Qualified Plan. None of the NEOs were eligible to participate in the Non-Qualified Plan in 2012. However, Mr. White retains an account balance related to his prior plan participation.

In general, participants under the Non-Qualified Plan may elect to defer up to 90% of their base salary and up to 100% of their annual bonus, reduced by the deferral limit in effect under the Choice 401(k) plan (which was \$17,000 for 2012). Choice matches up to 5% of any deferred salary under the Non-Qualified Plan, offset by the amount of matching contributions to which the participant is entitled under the 401(k) plan.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The tables below reflect the amount of compensation that could have been received by each of the Named Executive Officers (other than Mr. Haase) in the event such executive's employment had terminated under the various applicable triggering events described below as of December 31, 2012, the last business day of 2012. The amounts shown assume that such termination was effective as of December 31, 2012 and, for any equity-based payments or valuations, the closing stock price of Choice's Common Stock on December 31, 2012, or \$33.62 per share. Other than for Mr. Haase, the amounts shown are estimates only; the actual amounts to be paid will only be determinable at the time of the executive's separation from Choice. In addition, certain benefits received by Mr. Haase in connection with his separation from the Company are discussed and shown below.

General Payments Made upon Termination

Regardless of the manner in which an NEO's employment terminates (or terminated, in the case of Mr. Haase), the NEO is entitled to receive amounts earned during his or her term of employment. The following amounts are not included in the tables or narratives below and include:

- base salary earned through the date of termination;
- accrued but unpaid vacation pay earned through the date of termination;
- annual incentive compensation earned during the fiscal year of termination, which for 2012 is reflected in the 2012 *Non-Equity Incentive Plan Compensation* column of the *Summary Compensation Table* above for each NEO;
- amounts contributed by the executive under the Choice 401(k) plan;
- payments pursuant to our life insurance plan, available to all employees generally, which provides for one times base salary upon death; and
- each executive's account balance under the EDCP, Non-Qualified Plan and Stock Deferral Program, as applicable and as set forth above under the heading *Non-Qualified Deferred Compensation for 2012*.

With respect to deferred compensation plans, if the executive has previously elected to receive deferred amounts in the EDCP or Non-Qualified Plan in installments, the undistributed account balances will continue to be credited with increases or decreases reflecting changes in the investment options chosen by the executive.

Messrs. Joyce, White, Pacious and Pepper, and Ms. Wu*Payments Made upon Constructive Termination or Termination without Cause**Mr. Joyce*

Pursuant to the Joyce Employment Agreement, if Mr. Joyce is constructively terminated, he will be entitled to receive for two years after the date of such constructive termination, the base salary and bonus (calculated on the actual payout of the corporate objectives) under the Joyce Employment Agreement. The base salary severance shall be paid in installments in accordance with the Company's payroll cycle. Additionally during this two year period, all unvested restricted stock and stock options granted prior to the constructive termination shall continue to vest. With respect to the 2012 PBRUSU, Mr. Joyce is entitled to a pro-rata vesting of the target award based upon the percentage of actual service through the date of constructive termination. All unvested PVRUSU grants will lapse upon constructive termination.

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form PRE 14A

The Joyce Employment Agreement also provides for a two-year non-compete and non-solicitation period. Pursuant to the non-compete, Mr. Joyce may not engage in any competing business in the U.S. or Canada in which, at the time of termination of his employment, Choice is materially engaged. As used in the Joyce

Table of Contents

Employment Agreement, a competing business means any business engaged in the (i) the same upscale, select service market as Cambria Suites, (ii) mid-market or economy hotel franchising business or (iii) any other line of business that Choice is engaged in at the time of termination. The Joyce Employment Agreement also provides for a general confidentiality provision in favor of Choice.

Generally, constructive termination is defined under Joyce Employment Agreement as:

- Choice's removal or termination other than by expiration of the agreement or for cause, death, disability or resignation;
- failure of Choice to place Mr. Joyce's name in nomination for election to the Board;
- assignment of duties to Mr. Joyce inconsistent with the duties set forth in the agreement;
- a decrease in Mr. Joyce's compensation or benefits;
- a change in Mr. Joyce's title or line of reporting set forth in the agreement;
- a significant reduction in the scope of Mr. Joyce's authority, position, duties or responsibilities;
- the relocation of Mr. Joyce's office to a location more than 25 miles from his prior place of employment;
- a change in Choice's annual bonus program which adversely affects Mr. Joyce; or
- any other material breach of the agreement by Choice.

Messrs. Pacious and White and Ms. Wu

Under the Pacious Severance Benefit Agreement, the White Severance Benefit Agreement and the Wu Severance Benefit Agreement, if the executive elects to terminate for good reason or if the Company terminates the executive for any reason other than for cause, the executive is entitled to receive continued base salary for 70 weeks, payable in installments in accordance with Choice's normal payroll practices and subject to standard deductions. Generally, good reason is defined under the agreement as a substantial change in the executive's compensation or position and responsibilities. In addition, if the termination occurs after June 30, the executive will be entitled to the annual bonus for the year in which the termination occurred at the actual attainment level for the company's objectives and at 100% deemed attainment of the individual objectives. The executive will also be eligible to receive continued medical and dental benefits during the 70-week period, with Choice continuing to make its employer contributions for such continued benefits. Optional deductions for items such as retirement plans and life insurance will cease on the termination date. Choice is also obligated to provide the executive with its standard outplacement services for executive-level employees during the 70-week period, subject to termination in the event the executive secures new employment.

Pursuant to the Pacious Severance Benefit Agreement, the White Severance Benefit Agreement and the Wu Severance Benefit Agreement, the executive will continue to vest in any unvested stock options and other stock awards granted after the date of his or her respective severance agreement (for Mr. Pacious, May 5, 2011, for Mr. White, August 1, 2011, and for Ms. Wu, February 13, 2012) during the 70-week period.

As conditions to the executive's continued receipt of the payments and benefits above, each of the executives has agreed that if he or she becomes employed prior to the end of the 70-week period, Choice is entitled to offset the payments required above by the amount of any compensation earned by him or her as a result of new employment, including unemployment insurance benefits, social security insurance or like

amounts. In addition, the executive must execute a release in favor of Choice, releasing Choice and its affiliates from any claims relating to the executive's employment with Choice. The agreement also provides for a 70-week non-compete and non-solicitation period, and general confidentiality provision in favor of Choice.

Mr. Pepper

If Mr. Pepper is terminated without cause by Choice, he is entitled to severance payments under the Choice Hotels International Severance Benefit Plan, which applies to all Company employees except for those employees who are subject to an employment agreement or non-competition, non-solicitation and severance agreement. Under the Choice Hotels International Severance Benefit Plan, each participant's severance benefit, and the length of time after termination for which the participant is eligible for the benefit, is determined based on his or her base salary, position and years of service as of the termination date. In addition, each participant is entitled to continuation of medical and dental coverage during the severance period, at the same level the participant was receiving at termination.

Pursuant to the Choice Hotels International Severance Benefit Plan, corporate officers without a specifically applicable written agreement, which includes Mr. Pepper, are entitled to five weeks of base salary (as in effect at termination of employment) per year of service with Choice, with a minimum of twenty-six weeks of base salary and a maximum of seventy weeks. Additionally, if the termination occurs on or after June 30th of any year, Mr. Pepper is entitled to receive a full bonus for the year in which the termination occurs. Assuming a termination as of December 31, 2012, Mr. Pepper would be entitled to 50 weeks of continued base salary. In addition, Mr. Pepper would receive payment of his 2012 incentive bonus, as well as continued medical and dental benefits during the 50-week severance benefit period. The severance benefit terminates prior to the end of the severance benefit period provided under the Choice Hotels International Severance Benefit Plan upon the earlier to occur of (i) death of the participant, or (ii) employment with a new employer. In addition, the severance benefit is subject to the participant's execution of a standard release agreement in favor of Choice.

As a condition to the receipt of any benefits under the Severance Benefit Plan, Mr. Pepper is required to sign all documents required by the Company including a general release of claims.

Payments Made upon Death or Disability

The Company's disability program provides that each of the executives will receive an annual benefit equal to 70% of the previous year's base salary and annual bonus, with such amount capped at \$25,000 per month. In each case, the disability benefit continues until the executive reaches age 65.

Messrs. Joyce, White, Pacious, Pepper and Ms. Wu each have a supplemental executive individual life insurance policy, paid for by Choice, in the amount of \$1,000,000. Premiums on this policy are added to each executive's taxable income for the year.

Pursuant to the Joyce Employment Agreement, if Mr. Joyce's employment is terminated because of death or disability, then all of his unvested restricted stock and stock options continue to vest in accordance with their terms. Mr. Joyce is also entitled to pro-rated vesting of his PBRUSs based upon the percentage of actual service through the date of death or disability. All unvested PVRUS grants lapse upon death or disability.

Payments Made upon Termination Following Change of Control

Mr. Joyce

If, within 12 months after a change in control, Mr. Joyce is terminated, pursuant to the Joyce Employment Agreement, he will be entitled to receive an amount equal to his base salary and bonuses (payable at 100% of target) for the period of two and a half years after the date of such change of control termination.

During the period of time he receives the foregoing change of control severance payments, all unvested shares of restricted stock and stock options, including the 2012 PBRUS assuming maximum performance but excluding the PVRUS grants, are to automatically become fully vested and any and all restrictions are to lapse immediately prior to the date of such change of control termination. Unvested PVRUS grants will lapse upon such change of control termination.

Table of Contents

Upon a change in control termination, Mr. Joyce would be subject to the non-compete and non-solicitation provisions described above, and he would be required to execute a general release in favor of Choice in order to receive any of the above-described severance payments.

Generally, change in control is defined under the agreements described above as:

- any person (with certain exceptions, including Mr. Bainum and his family members) becomes the beneficial owner of 33% or more of the outstanding voting securities of Choice;
- individuals constituting the Board of Directors of Choice, and the successors of such individuals (as nominated by the Board or committee thereof), cease to constitute a majority of the Board;
- a merger or other consolidation which results in Choice shareholders owning less than 65% of the surviving entity; and
- the acquisition of Choice, a liquidation or sale of all or substantially all of the assets of Choice, or a tender offer for all or substantially all of the stock of Choice.

Messrs. White and Pacious and Ms. Wu

For Messrs. White and Pacious and Ms. Wu, pursuant to each of their respective Severance Benefit Agreements, if the executive's employment is terminated within 12 months following a change of control, and such termination is by Choice without cause or by the executive for good reason, he is entitled to receive:

- a lump-sum severance payment of 200% of the executive's base salary then in effect plus 200% of the full amount of the annual incentive bonus (for Mr. Pacious, the bonus payment is calculated based on the previous year's bonus amount paid to the executive, or if no bonus was paid in the prior year, then the target bonus amount; for Mr. White and Ms. Wu, the bonus payment is calculated based on the target bonus for the fiscal year in which the termination occurs); and
- immediate vesting of all unvested stock options, restricted stock and performance vested restricted stock units granted after the date of his or her respective severance agreement (for Mr. White, August 1, 2011, for Mr. Pacious, May 5, 2011, and for Ms. Wu, February 13, 2012).

In addition, in the event of a termination following a change of control, the Company's Long-Term Incentive Plan (LTIP) would govern the equity grants issued to Messrs. White and Pacious prior to the date of each of their respective severance agreements, and the LTIP provides that stock options become fully vested and exercisable in full, all restricted stock becomes fully vested with immediate lapsing of any restrictions, and all PVRsUs are deemed to be fully vested and immediately payable to the executive at the maximum level of performance applicable to the award. Therefore, for each of Messrs. White and Pacious, the LTIP, together with each of their respective severance agreements, would result in the immediate vesting of all of the executive's equity awards.

Also, upon a change in control termination, Messrs. White and Pacious and Ms. Wu would be subject to the non-competition and non-solicitation provisions described above.

In addition to the other conditions applicable to Messrs. White and Pacious and Ms. Wu in order for each executive to receive his or her severance payments, as described above, the executive is required to execute a general release in favor of Choice in order to receive any severance payments upon a qualifying termination following a change in control.

Mr. Pepper

Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form PRE 14A

Pursuant to the Company's Severance Benefit Policy, if Mr. Pepper's employment is terminated within 12 months following a change of control, and such termination is by Choice without cause or by him for good reason, he is entitled to receive a lump-sum severance payment of 200% of his base salary then in effect plus

Table of Contents

200% of the full amount of the annual incentive bonus based on the target bonus for the fiscal year in which the termination occurs. In addition, he is entitled to receive medical and dental coverage for 70 weeks at the level he was receiving at the time of his termination. In addition to the other conditions applicable to Mr. Pepper in order to receive his severance payments, as described above, he is required to execute a general release in favor of Choice in order to receive any severance payments upon a qualifying termination following a change in control.

Because Mr. Pepper does not have a written agreement with the Company governing treatment of his equity awards in the event of a termination following a change of control, the terms of the Company's LTIP apply. Pursuant to the LTIP, if within two years of a change of control, Mr. Pepper is terminated by the Company other than for cause, or terminates his employment for good reason, then all of his stock options become fully vested and exercisable in full, all restricted stock becomes fully vested with immediate lapsing of any restrictions, and all PVRsUs are deemed to be fully vested and immediately payable to Mr. Pepper at the maximum level of performance applicable to the award.

June 1, 2012 to November 30, 2013 (the Haase Severance Period). The Severance Agreement imposes non-competition and non-solicitation obligations on Mr. Haase during the Haase Severance Period and requires him to execute a general release in favor of Choice.

Accordingly, pursuant to his Severance Agreement, Mr. Haase is entitled to receive the following during the Haase Severance Period:

- base salary;
- payment of the 2012 incentive bonus at target;
- medical and dental benefits to the same extent as at termination and with Choice to continue its employer contribution for such benefits;

As conditioned to his receipt of the payments and benefits above, Mr. Haase agreed that if he becomes employed during the Haase Severance Period, Choice is entitled to offset the salary and bonus payments required above with any new salary or bonus compensation earned by Mr. Haase. However, the Severance Agreement permits Mr. Haase to provide consulting to third parties without offset so long as such services do not exceed \$5,000 per month and are not provided to any person or entity who competes with Choice.

PROPOSAL 2 APPROVAL OF AN AMENDMENT TO THE COMPANY S 2006 LONG-TERM INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES AUTHORIZED FOR ISSUANCE

On February 8, 2013, the Board, upon recommendation of the Compensation and Management Development Committee (the Committee), adopted an amendment to the Choice Hotels International, Inc. 2006 Long-Term Incentive Plan, as amended (the Plan), subject to shareholder approval. The amendment, a copy of which is attached to this proxy statement as Appendix A, would increase the number of shares of Common Stock reserved for issuance under the Plan from 4,600,000 shares to 7,600,000 shares, of which 7,600,000 shares may be issued pursuant to stock options and a maximum of 4,496,478 shares may be issued as full value shares. As of February 28, 2013, there were 504,288 shares remaining available for issuance under the Plan.

If our shareholders do not approve the amendment to the Plan, no additional shares will become available for issuance under the Plan.

Approval of the Plan, as amended, will also constitute approval of the material terms of the performance goals contained in the Plan for purposes of enabling the Company to structure payments under the Plan in a manner intended to allow such payments to meet requirements under Section 162(m) (Section 162(m)) of the Internal Revenue Code (the Code) for tax deductibility.

Rationale for Seeking Additional Shares

We use long-term incentives, including equity granted pursuant to the Plan, to align the interests of our officers, employees and directors with those of our shareholders and, as described in the *Compensation Discussion and Analysis* section of this proxy statement, to focus the efforts of our executives on our long-term strategic priorities. The Board believes its capacity to provide for awards of long-term incentives under the Plan is a key component of its ability to incentivize grantees to achieve superior performance and create long-term shareholder value, while providing an important retention tool. The Plan provides an efficient and effective means of making the Company's compensation competitive with that of other companies in the Company's industry and companies in other industries that compete for the same employees, some of which are larger than us and have greater financial resources.

In arriving at the proposed amount of increase in shares available under the Plan, for which shareholder approval is being sought, the Board and the Committee considered a number of factors including the desire to continue to be able to offer existing and future employees long-term incentives in the form of equity awards, the historical share usage under the Plan (both alone and in comparison to the Company's peers), estimated future share needs under the Plan, the number of shares currently subject to outstanding awards under the Plan, and the views of proxy advisory firms, such as Institutional Shareholder Services. The Committee's independent consultant provided advice and assistance in this regard. While the Company's future equity award practices cannot be known at this time, and the Board and Committee have discretion to determine appropriate levels of future awards, the Board believes the amount of additional shares sought under the Plan will be sufficient to cover awards under the Plan for at least the next four years.

General

As of February 28, 2013, there were 2,690,007 shares of our Common Stock subject to outstanding grants, including 796,075 full value shares and 1,893,932 stock options. In addition, on that same date, there were 504,288 shares available for future grants under the Plan, of which 504,288 may be issued as stock options and a maximum of 502,105 may be issued as full value shares.

The maximum number of shares of Common Stock underlying options that may be issued to any person in a calendar year is 250,000. The maximum number of shares of Common Stock underlying restricted stock or restricted stock units that may be issued to any person in a calendar year is 250,000. The maximum number of shares underlying a performance award that may be issued to any person in a calendar year is 250,000.

Table of Contents

Shares of Common Stock issued under the Plan may be authorized but unissued shares, reacquired shares or both. The number of shares considered issued under the Plan equals the number of shares issued upon exercise or settlement of an award. However, shares retained by or delivered to the Company to pay the exercise price or withholding taxes arising under an award, shares retained by or delivered to the Company to pay the exercise price or withholding taxes arising under an award and unissued shares resulting from settlement of stock appreciation rights in stock or net settlement of a stock option do not again become eligible for issuance as future awards under the Plan.

As of February 28, 2013 the closing price per share of the Common Stock was \$38.03 as reported on the NYSE. Also, as of February 28, 2013, our executive officers, approximately 110 other employees, and our non-employee directors of the Company were eligible to participate in the Plan. Because participation and the types of awards under the Plan are discretionary, the benefits or amounts that will be received by any participants or groups of participants if the amendment of the Plan is approved are not currently determinable.

Unless terminated earlier by action of the Board, the Plan will terminate on February 13, 2016.

The following summary of the material provisions of the Plan is qualified in its entirety by reference to the complete text of the Plan, a copy of which is attached to this proxy statement as [Appendix B](#).

Description of the Plan

Administration. The Committee will administer the Plan (subject to the Board's discretion to designate any other committee or subcommittee to administer the Plan).

Eligibility. Any employee, officer or director of the Company or any of its affiliates is eligible to receive an award under the Plan.

Options. Stock option grants may be either incentive stock options (within the meaning of Section 422 of the Code) or non-qualified stock options (options that do not qualify as incentive stock options for federal income tax purposes). The exercise price of an option cannot be less than the fair market value of a share on the grant date, unless granted in connection with a merger or acquisition as a replacement for options held by optionees of the acquired entity. The duration of incentive stock options cannot exceed ten years, or five years if granted to a ten percent shareholder. If an incentive stock option is granted to an individual ten percent shareholder, the exercise price must be at least 110% of the fair market value on the grant date.

Participants may exercise their options in whole or in part. The exercise of an option may be paid in cash or, if provided in an award agreement, stock or in a combination of cash and stock.

The Plan prohibits repricing of stock options and the exchange of out-of-money options for other awards or cash without shareholder approval.

Other Awards. The Committee may grant stock subject to vesting restrictions; stock appreciation rights providing the right to the monetary equivalent of the increase in the value of a specified number of the Company's shares over a specified period of time after the right is granted; restricted stock units, which are a conditional right to receive a share of stock in the future, subject to restrictions, including vesting restrictions; and performance-based and non-performance based incentive awards, ultimately payable in stock or cash or a combination thereof, which may be multi-year and/or annual incentive awards subject to achievement of specified performance goals tied to business criteria described below.

Performance Goals. In establishing performance goals for awards intending to comply with Section 162(m) of the Code to be granted to covered employees, the Company will use one or more of the following business criteria either individually, alternatively or in any combination, applied to either the Company

Table of Contents

as a whole or to a business unit or subsidiary, either individually, alternatively, or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to a previous year's results or to a designated comparison group, in each case as specified by the Committee in the award: operating income; earnings before interest, taxes, depreciation and amortization; earnings; cash flow; market share; sales or revenue; expenses; profit/loss or profit margin; working capital; return on equity or capital; earnings per share; stock price; price/earnings ratio; debt or debt-to-equity; balance sheet measurements; cash or assets; liquidity; economic value added; operations, mergers and acquisitions or divestitures; financing; franchisee operations; room occupancy rates; room turnover; customer satisfaction; revenue and/or royalties per available room; executed franchise contracts; and number of franchisees.

Adjustments for Changes in Capital Structure. The maximum number of shares as to which awards may be granted under this Plan, the annual award limits and the terms of any outstanding award shall be adjusted proportionately in the event that (i) the Company (A) effects one or more dividends or distributions of securities, property or cash (other than regular, quarterly cash dividends), stock split-ups, subdivisions or consolidations of stock or (B) engages in a reorganization, reclassification or spin-off or (ii) there occurs any other event or transaction that affects the number or kind of shares outstanding, which the Committee determines that such adjustments are necessary or appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. Any adjustments required hereunder for stock options may be made in accordance with Section 424(a) of the Code and/or Section 409A of the Code, or, except as otherwise expressly provided in this Plan, may be designed to treat the shares available under the Plan and subject to awards as if they were all outstanding on the record date for such event or transaction or to increase the number of such shares to reflect a deemed reinvestment in shares of the amount distributed to the Company's shareholders. Notwithstanding the foregoing or the terms of any agreement to the contrary, any adjustments required hereunder for any award shall, to the extent necessary to comply with Section 409A of the Code, be made in accordance with Section 409A (and any regulations thereunder).

Amendment and Termination. The Board may at any time and for any reason amend or terminate the Plan, except that no alteration of amendment will be effective without shareholder approval if such approval is required by law, regulation, rule or order. Additionally, no termination or amendment may adversely alter or affect the terms of any outstanding awards without the consent of the affected participant.

Benefits of Additional Shares. No awards have been made involving the additional shares that are subject to shareholder approval. Future benefits related to the issuance of such additional shares are discretionary and therefore not determinable.

Tax Consequences of the Plan

The following discussion of the federal income taxes of the Plan is intended to be a summary of the applicable federal laws as currently in effect. Foreign, state, and local tax consequences may differ and laws may be amended or interpreted differently during the term of the Plan or awards granted thereunder. Because federal income tax rules governing awards and related payments are complex and subject to frequent change, award holders are advised to consult their individual tax advisors.

Stock Options. Incentive stock options and non-qualified stock options are treated differently for federal income tax purposes. Incentive stock options are intended to comply with the requirements of Section 422 of the Code. Non-qualified stock options do not comply with such requirements.

Only employees, and not non-employee directors, can be granted incentive stock options. An optionee is not taxed on the grant or an exercise of an incentive stock option. The difference between the exercise price and the fair market value of the shares on the exercise date will, however, be a preference item for purposes of the alternative minimum tax. If an optionee holds the shares acquired upon exercise of an incentive stock option for at least two years following the option grant date and at least one year following the exercise, the optionee's gain,

Table of Contents

if any, upon a subsequent disposition of such shares is long-term capital gain. The measure of the gain is the difference between the proceeds received on disposition and the optionee's basis in the shares (which generally equals the exercise price). If an optionee disposes of stock acquired pursuant to an exercise of an incentive stock option before satisfying the one and two-year holding periods as described above, the optionee will generally recognize both ordinary income and capital gain in the year of the disposition. The amount of ordinary income will be the lesser of (i) the amount realized upon disposition less the optionee's adjusted basis in the stock (usually the exercise price) or (ii) the difference between the fair market value of the stock on the exercise date and the option price. The balance of the consideration received on such a distribution will be long-term capital gain if the stock had been held for at least one year following the exercise of the incentive stock option and otherwise will be short-term capital gain. The Company is not entitled to an income tax deduction on the grant or exercise of an incentive stock option or on the optionee's disposition of the shares after satisfying the holding requirement described above. If the holding periods are not satisfied, the Company will be entitled to a deduction in the year the optionee disposes of the shares in an amount equal to the ordinary income recognized by the optionee.

In order for an option to qualify for incentive stock option tax treatment, the grant of the options must satisfy various conditions (e.g., the limitation of \$100,000 of stock underlying incentive stock options that may vest in one year) and the option holder must satisfy certain conditions, including exercising the option while an employee or within a short period of time after ceasing to be an employee, and holding the shares acquired upon exercise of the option for a specified period of time. In the event an option intended to be an incentive stock option fails to so qualify, it will be taxed as a non-qualified stock option as described in the next paragraph.

An optionee is not taxed on the grant of a non-qualified stock option. On exercise, however, the optionee recognizes ordinary income equal to the difference between the option price and the fair market value of the shares acquired on the date of exercise. The Company is entitled to an income tax deduction in the year of exercise in the amount recognized by the optionee as ordinary income. Any gain (or loss) on subsequent disposition of the shares is long-term capital gain (or loss) if the shares are held for at least one year following exercise. The Company does not receive a deduction for this gain.

Stock Appreciation Rights. The grant of a SAR is generally not a taxable event for a participant. Upon exercise of the SAR, the participant will generally recognize ordinary income equal to the amount of cash and/or the fair market value of any shares received. The Company will be entitled to a tax deduction at the same time for the same amount. If the SAR is settled in shares, the participant's subsequent sale of the shares generally will give rise to capital gain or loss equal to the difference between the sale price and the ordinary income recognized when the participant received the shares, and these capital gains (or losses) will be taxable as long-term capital gains if the participant held the shares for more than one year.

Restricted Stock and Restricted Stock Units. Generally, grantees of restricted stock or restricted stock units do not recognize income at the time of the grant of such restricted stock or restricted stock units. However, when the restricted stock or restricted stock units vest or are paid, as applicable, grantees generally recognize ordinary income in an amount equal to the fair market value of the stock or units at such time, and the Company will receive a corresponding deduction. A grantee of restricted stock may elect under Section 83(b) of the Code to recognize ordinary income in the year of the award in an amount equal to the fair market value of the shares on the date of the award (less the purchase price, if any), determined without regard to the restrictions.

Company Deduction and Section 162(m). For the individual serving as the chief executive officer of the Company at the end of the taxable year, and for the individuals serving as officers of the Company or a subsidiary at the end of such year who are among the three highest compensated officers (other than the chief financial officer) for proxy reporting purposes, Section 162(m) of the Code limits the amount of compensation otherwise deductible by the Company and its subsidiaries for such year to \$1,000,000 for each such individual except to the extent that such compensation is performance-based compensation. The Company expects that non-qualified stock options and incentive stock options should qualify as performance-based compensation. The

Table of Contents

Committee may establish performance conditions and other terms with respect to grants of restricted stock and restricted stock units in order to qualify such grants as performance-based compensation for purposes of Section 162(m) of the Code. At the time of grant, the Committee will determine the extent to which such grant is intended to be performance-based compensation for purposes of Section 162(m) of the Code. In addition, the Committee will certify the extent to which the performance criteria have been satisfied before any payment is made that is intended to qualify as performance-based compensation.

The material terms of performance-based compensation, including eligibility, individual limits and performance goals described above, must be approved by the shareholders at least every five years as required by Section 162(m) of the Code. Approval of the material terms will extend approval of the material terms for an additional five years.

Tax Withholding. To the extent required by applicable federal, state, local or foreign law, a participant shall be required to satisfy, in a manner satisfactory to the Company, any withholding tax obligations that arise by reason of an award.

Board Recommendation

The Board recommends that shareholders vote **FOR** the approval of the proposed amendment to our Plan to increase the number of shares of Common Stock reserved for issuance.

PROPOSAL 3 APPROVAL OF MATERIAL TERMS

FOR INCENTIVE COMPENSATION UNDER THE COMPANY'S EXECUTIVE INCENTIVE COMPENSATION PLAN

On February 8, 2013, the Board adopted the Choice Hotels International, Inc. Executive Incentive Compensation Plan (the "EICP"). The EICP provides for short-term cash incentive awards to the Company's chief executive officer and other designated executive officers. In order to allow payments under the EICP to qualify as tax deductible performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986 (the "Code") we are asking shareholders to approve the material terms for the payment of incentive compensation to the Company's executive officers under the EICP. If shareholders approve this proposal, the compensation paid pursuant to such material terms may be deductible by the Company under Section 162(m). If shareholders do not approve this proposal, awards and payments may still be made under the EICP, however some or all of any such payments may not be deductible by the Company.

In general, Section 162(m) provides that no federal income tax business expense deduction is allowed to a Company for annual compensation in excess of \$1 million paid to its chief executive officer and three other most highly compensated officers excluding the chief financial officer (the "covered executive officers"). However, under the Code there is no limitation on the deductibility of qualified performance-based compensation. Qualified performance-based compensation must be paid solely on account of the attainment of one or more objective performance goals established in writing by the Compensation Committee while the attainment of such goals is substantially uncertain. Performance goals may be based on one or more criteria that apply to an individual, a business unit or the Company as a whole, and may be measured on an absolute basis or on a relative basis and on a GAAP or non-GAAP basis. The Compensation Committee is prohibited from increasing the amount of compensation payable if a performance goal is met, but may reduce or eliminate compensation even if such performance goal is attained. Shareholders must approve the types of performance goals and the maximum amount that may be paid to covered executive officers or the formula used to calculate such amount.

Description of the EICP

The following description of the key terms of the EICP is subject to the specific provisions contained in the full text of the EICP set forth as Appendix C. Capitalized terms used herein and not defined shall have the same meanings as set forth in the EICP.

Purpose of the EICP. The EICP is an important part of the Company's overall compensation program. It allows the Company to make short-term incentive awards to the Company's officers. The purpose of the EICP is to enhance the Company's ability to attract and retain highly qualified executives and to provide such executives with additional financial incentives to promote the success of the Company and its subsidiaries.

Eligibility. Participation in the EICP is limited to the Company's covered executive officers (collectively "Participants").

Administration. The EICP will be administered by the Compensation and Management Development Committee of the board of directors (the "Committee"). The Committee has the authority to (i) select the Participants to whom Awards shall be granted; (ii) designate the Performance Period; and (iii) specify the terms and conditions for the determination and payment of each Award. Except as otherwise provided by the board of directors and subject to applicable laws, the Committee has the full and final authority in its discretion to establish rules and take all actions determined by the Committee to be necessary in the administration of the EICP, including, without limitation, interpreting the terms of the EICP and any related documents, rules, or regulations and deciding all questions of fact arising in their application. All decisions, determinations and interpretations of the Committee are final, binding and conclusive on all persons, including the Company, its subsidiaries, its shareholders, the Participants and their estates and beneficiaries.

Table of Contents

Performance Goals. Payment of a cash incentive to the executive officers intended to satisfy the requirements for qualified performance-based compensation will be contingent upon the attainment of one or more performance goals (which may be stated as alternative goals) established in writing by the Committee for the executive officer for each performance period. Performance goals will be based on one or more of the following business criteria:

- Operating income;
- Earnings before interest, taxes, depreciation, and amortization (EBITDA);
- Earnings;
- Cash flow;
- Market share;
- Sales or revenue;
- Expenses;
- Profit/loss or profit margin;
- Working capital;
- Return on equity or capital;
- Earnings per share;
- Stock price;

Performance Period. The performance period for awards made under the EICP may be established by the Committee but will be no less than six months and no more than two years.

Maximum Award. The maximum Award that may be paid to any Participant under the EICP for any twelve (12)-month period in a performance period shall not exceed three million dollars (\$3,000,000).

Awards. Within 90 days after the commencement of each performance period, or the number of days that is equal to 25% of such performance period, if less, the Committee shall select, in writing, the Participants to whom Awards shall be granted, designate the performance period, and specify the terms and conditions for the determination and payment of such Awards.

Committee Certification. As soon as practicable after the end of each performance period, the Committee shall determine the amount of the Awards to be paid to each Participant and shall certify its determination in writing.

Payment of Awards. All awards will be paid in cash. Awards shall be paid to Participants following the Committee's certification no later than March 15 of the year following the close of the performance period, unless all or a portion of an Award is deferred pursuant to an election the Participant has timely and validly made under Section 409A of the Code.

Clawback. Any Award granted pursuant to the EICP shall be subject to mandatory repayment by the Participant to the Company to the extent the Participant is, or in the future becomes, subject to any Company clawback or recoupment policy that is adopted to comply with the requirements of any applicable law, rule or regulation, or otherwise.

Amendment and Termination. The board of directors or the Committee may at any time alter, amend, suspend or terminate the EICP, in whole or in part, provided, however, that no amendment that requires shareholder approval in order to maintain qualification of the Awards as performance-based compensation under Section 162(m) shall be made without such approval. If changes are made to Section 162(m) or the related regulations that permit greater flexibility with respect to any Award, the Committee may make adjustments to the EICP and/or Awards as it deems appropriate.

New Plan Benefits. Awards under the EICP are determined based on future performance and, therefore, future actual Awards cannot now be determined.

Federal Income Tax Consequences

The following is a brief summary of the material United States federal income tax consequences associated with Awards granted under the EICP. The summary is based on existing United States laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be complete and does not discuss the tax consequences upon a Participant's death, or the provisions of the income tax laws of any municipality, state or foreign country in which the Participant may reside. The tax consequences for any particular Participant may vary based on individual circumstances.

Table of Contents

Participants will recognize ordinary income equal to the amount of the Award received in the year of receipt (assuming, in the case of Participants who make an election to defer receipt of payment of their Award that such election is timely and validly made under Section 409A of the Code). That income will be subject to applicable income and employment tax withholding by the Company. If and to the extent that the EICP payments satisfy the requirements of Section 162(m) of the Code and otherwise satisfy the requirements of deductibility under federal income tax law, the Company will receive a deduction for the amount constituting ordinary income to the Participant.

Board Recommendation

The Board recommends a vote **FOR** the approval of the material terms for payment of incentive compensation under the Company's Executive Incentive Compensation Plan.

PROPOSAL 4 ADOPTION AND APPROVAL OF AN AMENDMENT TO THE COMPANY S RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS AND PROVIDE FOR THE ANNUAL ELECTION OF DIRECTORS

As part of the Corporate Governance and Nominating Committee s annual review of the Company s corporate governance policies and practices, the Committee recommended that the Board approve an amendment to the Company s Restated Certificate of Incorporation (the Charter) to eliminate the classification of the Board of Directors over a three year period and provide for an annual election of all directors beginning at the 2016 Annual Meeting of Shareholders. On February 8, 2013, the Board of Directors adopted an amendment to the Charter (the Charter Amendment) which would phase out the classification of the Board and recommended that the Charter Amendment be submitted to the Company s shareholders for approval. We are asking shareholders to approve the Charter Amendment.

Article 7 of the Charter currently provides that the Company s directors are divided into three classes, with the term of one class expiring each year and the directors in each class serving three-year terms. If the Charter Amendment is approved and becomes effective, directors elected at or before the 2013 Annual Meeting of Shareholders will continue to serve out their three-year terms, but directors elected after the 2013 Annual Meeting of Shareholders will be elected to one-year terms. Therefore, beginning with the 2016 Annual Meeting of Shareholders, the entire Board will be elected on an annual basis.

The Charter Amendment would not affect the term of the class of directors elected at this 2013 Annual Meeting of Shareholders, or the terms of classes elected in 2012 and 2011. As a result, beginning with the 2016 Annual Meeting of Shareholders, all directors will stand for election at each annual meeting for one year terms. The Charter Amendment would not change the present number of directors or the Board s authority to change that number and to fill any vacancies or newly created directorships.

Delaware corporate law provides, unless otherwise provided in the certificate of incorporation, that members of a board that is classified may be removed only for cause. At present, because the Board is classified, the Charter and the bylaws provide that the members of the Board are removable only for cause. The Charter Amendment provides that, once the Board has become declassified in 2016, directors may be removed with or without cause.

The Charter Amendment would also provide that, upon the annual election of the entire Board at the 2016 Annual Meeting of Shareholders, a director appointed to a vacancy or new directorship would serve for a term expiring at the next Annual Meeting of Shareholders following his or her appointment.

The foregoing description of the Charter Amendment is a summary and is qualified by and subject to the full text of the Charter Amendment, which is attached to this proxy statement as [Appendix D](#).

If the Charter Amendment is approved, the Board intends to cause the Charter Amendment to be filed with the Secretary of State of the State of Delaware following the annual meeting and adopt conforming amendments, if necessary, to the Company s Amended and Restated Bylaws. Even if the Charter Amendment is approved, the Board reserves the right not to effect the filing of the Charter Amendment with the Secretary of State of the State of Delaware if the Board determines it not to be in the best interests of the Company and its shareholders to effect the declassification of the Board. If the Charter Amendment is not approved, our Board will remain classified.

Board Recommendation

The Board recommends that shareholders vote **FOR** the approval of the Charter Amendment.

PROPOSAL 5 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Securities Exchange Act of 1934, we are seeking shareholder input on our executive compensation as disclosed in this proxy statement. The Board and the Compensation and Management Development Committee (Compensation Committee) actively monitor our executive compensation practices in light of the industry in which we operate and the marketplace for talent in which we compete. We remain focused on compensating our executive officers fairly and in a manner that incentivizes high levels of performance while providing tools necessary to attract and retain the best talent.

As described in the *Compensation Discussion and Analysis* beginning on page 23 of this proxy statement, our executive compensation program is designed to incentivize achievement of short-and long-term Company and individual performance. By paying for performance, we believe we align the interests of our executive officers with those of our shareholders. The Company believes the highest executive talent is attracted to a company that recognizes and rewards performance. We also emphasize good governance practices as part of our compensation program and believe that such practices enhance the alignment of interests between our executives and our shareholders. To that end, as noted in the *Compensation Discussion and Analysis*, in 2012 we adopted an anti-hedging policy as part of our Insider Trading Policy, and in 2013 we adopted clawback policy that requires senior executives to pay back previous cash incentive plan distributions in the event that the Company materially restates its financial results as a result of significant non-compliance with financial reporting requirements.

Consistent with the philosophy noted above, the compensation program has been designed to achieve the following objectives:

- Provide an attractive mix of salary and annual short- and long-term incentive compensation at competitive levels, as appropriate for public companies of our size, to enable the recruitment and retention of highly qualified executives;
- Link pay to corporate and individual performance to encourage and reward excellence and contributions that further our Company's success;
- Align the interests of executives with those of our shareholders through grants of equity-based compensation that also provide opportunities for ongoing executive ownership; and
- Foster long-term focus required for success in the hospitality industry through equity incentives that vest over time.

For these reasons, the Board recommends that shareholders vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED

The vote is advisory and is not binding on the Board. However, the Compensation Committee will take into account the outcome of the vote as part of its ongoing oversight and consideration of the Company's executive compensation program.

Board Recommendation

The Board recommends that shareholders vote **FOR** the approval of executive compensation.

**PROPOSAL 6 RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board has appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending December 31, 2013. During fiscal year 2012, PricewaterhouseCoopers LLP served as the Company's independent registered public accounting firm and also provided certain tax and other audit related services. See *Principal Auditor Fees and Services* below.

As a matter of good corporate governance, the appointment of PricewaterhouseCoopers LLP is being presented to the shareholders for ratification. If the appointment is not ratified, the Board will consider whether it should select a different independent registered public accounting firm.

The Company expects that representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so, and it is expected that they will be available to respond to appropriate questions.

Principal Auditor Fees and Services

During fiscal years 2012 and 2011, the Audit Committee pre-approved all audit and non-audit services provided by our independent registered public accounting firm. The following table presents fees for audit services rendered by PricewaterhouseCoopers LLP for the audit of the Company's annual financial statements relating to fiscal years 2012 and 2011, and fees incurred for other services rendered by PricewaterhouseCoopers LLP relating to those periods.

Fees	Fiscal Year Ended December 31, 2012	Fiscal Year Ended December 31, 2011
Audit Fees	\$ 880,095	\$ 903,869
Audit Related Fees ⁽¹⁾	\$ 149,100	\$ 82,100
Tax Fees ⁽²⁾	\$ 181,196	\$ 75,305
All Other Fees ⁽³⁾	\$ 3,600	\$ 3,600
Total	\$ 1,213,991	\$ 1,064,874

- (1) Audit Related Fees primarily include Franchise Disclosure Document consents, review of the Company's proxy statement, audits of the Company's marketing and reservations activities and other miscellaneous assurance services. For 2012, Audit Related Fees also included an audit in connection with the Company's registration and sale of debt securities.
- (2) Tax Fees primarily related to review of certain Company income tax returns, review of certain state, federal and international tax matters.
- (3) All Other Fees include renewal fees for the online Comperio accounting research software program provided by PricewaterhouseCoopers LLP.

PROPOSAL 7 SHAREHOLDER PROPOSAL REQUESTING A REPORT ON SHOWERHEADS

A shareholder has represented that he and his wife are the beneficial owners of 80 shares of Choice common stock and that he plans to present the proposal below for consideration at the Annual Meeting. In accordance with applicable rules of the SEC, the proposal and supporting statement, for which Choice accepts no responsibility, are set forth below exactly as they were submitted. The Company will provide the name and address of the shareholder proponent upon oral or written request of any shareholder.

Resolved: Choice Hotels International Inc. shall write a report on showerheads that deliver no more than 1.75 gallons per minute (gpm) of flow-or a lower number (such as 1.6 and/or 1.5gpm). A mechanical switch that will allow for full water flow to almost no flow shall be considered. Energy usage, anticipated guest and hotel owner reaction, installation logistics and related factors shall be considered.

Discussion: Most scientists and engineers who have studied the data and the technical underpinnings have concluded that global warming is a major problem of our time. Greenhouse gasses resulting from burning fossil fuels used to heat water are a major contributor to global warming. Think how long a stove burner takes to heat a pot of water. Typical showers require much more hot water and consume a significant fraction of the energy used in hotels. Additionally, fossil fuel usage has strategic, balance of payments and environmental implications. Simply reducing water consumption is also a benefit.

The hotel industry has reduced energy consumption. Indeed, saved energy is a cost savings. But has enough been done? Changes made to date have generally been transparent to the guest. Understandably, perhaps because of undue concern with anticipated perceptions of some guests, concerns that may never materialize, there can be hesitancy to taking additional steps. Times have changed. The latest studies of global warming indicate that proactive efforts are required. Guests may welcome what is proposed. Hotel profitability will increase. Well performing maximum 1.75 gpm showerheads (or lower) are on the market. In some fluid mechanics effects are utilized to improve the shower experience. Shower quality, effectiveness and experience may be no different than that of a higher flow rate showerhead. An on to mostly off showerhead switch will significantly contribute to lowered energy consumption and is a possible option. Installation will take minutes.

I have a Ph.D. degree in Mechanical Engineering. I have followed the global warming discussion for years, have worked in the energy field and am aware of pertinent engineering and other trade-offs. What is being proposed is not a total solution, but is one of the simplest and most cost effective contributors to a solution. I urge stockholders to vote in favor of this resolution to have Choice Hotels International write a report addressing the subject and issues.

Board Recommendation

While the Board supports efforts to enhance sustainability and is committed to good environmental practices, and the Company has a strong record of supporting such initiatives, including through the Company's Room to be Green program, which encourages our franchisees to implement green practices such as the use of low flow showerheads, the Board makes **NO RECOMMENDATION** with respect to this proposal.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's policy for the review and approval of related person transactions is contained in the Company's written Amended and Restated Basic Policies of the Board of Directors. This policy requires Board approval of any material transactions between the Company and its directors, officers, shareholders, employees or agents and affiliates. For this purpose, the Company's Legal Department determines which transactions may be viewed as material transactions requiring Board approval under the policy. Except as described in this paragraph, the Board does not apply pre-determined standards in reviewing material transactions. Board approval is also required for investments by directors, officers or employees in certain entities that compete with, supply to or purchase from the Company unless such investments are in securities of a company that is listed on a national securities exchange or is regularly traded by national securities dealers (provided that the investments do not exceed one percent of the market value of the outstanding securities of such company). Investments in Manor Care, Inc. and Sunburst Hospitality Corporation and their affiliates are exempted from the policy. Set forth below is information regarding certain transactions in which our executives, directors or entities associated with them had a direct or indirect material interest.

Sunburst Hospitality Corporation (Sunburst) is one of the Company's franchisees, with a portfolio of 12 Choice franchised hotels as of December 31, 2012. The Chairman of the Board, Stewart Bainum, Jr., along with other Bainum family members, owns a controlling interest in Sunburst. Total revenue paid by Sunburst to the Company for franchising, royalty, marketing and reservation fees for 2012 was approximately \$2.6 million. The franchise agreements require the payment of certain fees and charges, including the following: (a) a royalty fee of between 1.75% and 5.0% of monthly gross room revenues; (b) a marketing fee of between 0.7% and 2.1% of monthly gross room revenues plus \$0.28 per day multiplied by the specified room count; and (c) a reservation fee of 0.88% to 1.75% of monthly gross room revenues. The marketing fee and the reservation fee are subject to reasonable increases during the term of the franchise if the Company raises such fees uniformly among all its franchisees, generally.

In connection with Sunburst's recapitalization in 2000, Choice and Sunburst entered into an Omnibus Amendment of the franchise agreements. The Omnibus Amendment provides that (i) Sunburst shall pay an application fee of \$20,000 on all future franchise agreements, and (ii) no royalties, marketing or reservation fees shall be payable for a period of two years for the next ten franchise agreements entered into after December 28, 1998, (iii) Sunburst is not required to pay liquidated damages upon the termination of any franchise agreements unless the related hotel owned by Sunburst that carried a Choice Hotels brand is not sold by Sunburst within three years from the date such hotel was reflagged with a different non-Choice Hotels brand, in which case liquidated damages will be paid with respect to any such hotel; not to exceed a maximum of \$100,000, and (iv) if Sunburst sells any property that is the subject of an existing Franchise Agreement with Choice Hotels, if that property is not past due on any fees and (a) is not failing a quality assurance review, Choice Hotels will enter into a new Franchise Agreement on customary market terms with the buyer (without addendum or property improvement plan), or (b) is failing a quality assurance review, Choice Hotels will enter into a Franchise Agreement on customary market terms with a property improvement plan containing only those items necessary to pass such quality assurance review.

The Company entered into an Amended and Restated Employment Agreement with its Chairman of the Board, Stewart Bainum, Jr., in 2008, which was amended effective January 1, 2012 to effect an \$35,000 increase in the annual salary payable under the agreement. Pursuant to this agreement, Mr. Bainum is paid an annual salary of \$235,000, may participate in the Choice 401(k) and non-qualified deferred compensation plans and is furnished with suitable office space and secretarial assistance, with access to telephone, computer, fax and other reasonable and necessary office services.

In October 2007, the Company entered into a lease for certain office space in Chevy Chase, Maryland, for the purpose of providing office space to Stewart Bainum, Sr., a principal shareholder of the Company and father of our Chairman. In August 2012, the Company entered into a lease amendment to extend the initial five-year

Table of Contents

term for an additional period of three years. The terms of the lease, as amended, require the Company to make rent payments totaling \$360,250 during the initial five-year term and \$253,334 during the three-year extension. The Company currently provides use of the entire leased space to Stewart Bainum, Sr. free of charge and reimburses him for the taxes incurred related to the personal use of the office space, which reimbursements are approximately \$40,000 per year.

The Company subleases space in its Silver Spring, Maryland headquarters complex for use by the Commonweal Foundation (Commonweal), a non-profit organization that supports educational programs and projects assisting disadvantaged youth. Barbara Bainum, the sister of Stewart Bainum, Jr., is the Chairman of the Board of Commonweal and other Bainum family members, including Scott A. Renschler and Stewart Bainum, Sr., the father of our Chairman, are members of the Board of Directors of Commonweal. Ms. Bainum served on the Company's Board of Directors from 1996 until 2004. Beginning in August 2004, the Company donated a portion of the value of the subleased space to Commonweal, and Mr. Bainum paid the remaining portion of rent for the space used by Commonweal. Beginning in April of 2010 and continuing through March 2013 (which is the expiration date of the Company's master lease), the Company is providing the entire space utilized by Commonweal (currently approximately 4,900 square feet) without charge to Commonweal, and Mr. Bainum no longer makes any payments to Choice with respect to Commonweal's use of the subleased office space. During 2012, the aggregate value of the space provided to Commonweal was approximately \$110,000.

The Company maintains an Aircraft Lease Agreement with LP_C, LLC (LPC), which is owned by Stewart Bainum, Stewart Bainum, Jr., Barbara Bainum and Roberta Bainum. The agreement permits the Company to lease from time to time the aircraft owned by LPC. During 2012, the Company incurred a total of \$0.3 million for aircraft usage pursuant to the agreement. The Company believes the terms of the aircraft lease are more favorable to the Company than those that could be obtained from non-related parties.

In December 2008, the Company's Board of Directors approved an arrangement with Realty to permit Realty to utilize the services of one particular Choice employee from Choice's Corporate Business & Strategy group. The approved transaction was memorialized in a Consulting Agreement dated March 1, 2009. Per the terms of the consulting agreement, Realty and its affiliates are permitted to utilize up to 50% of the designated employee's overall working time, and in return is required to reimburse Choice for 50% of the Company's overall cost associated with the individual's employment (including base salary, bonus compensation and benefits). During 2012, Realty made approximately \$200,000 in reimbursement payments to Choice pursuant to the consulting agreement. In January 2013, the Company and Realty terminated the Consulting Agreement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's reporting officers and directors, and persons who own more than ten percent of the Company's Common Stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission (the Commission), the NYSE and the Company. Based solely on the Company's review of the forms filed with the Commission and written representations from reporting persons, the Company believes that all of its reporting officers, directors and greater than ten percent beneficial owners complied with all filing requirements applicable to them during the year ended December 31, 2012.

AUDIT COMMITTEE REPORT

Upon the recommendation of the Audit Committee and in compliance with the regulations of the NYSE, the Board of Directors has adopted an Audit Committee Charter setting forth the requirements for the composition of the Audit Committee, the qualifications of its members, the frequency of meetings, and the responsibilities of the Audit Committee. A copy of the Audit Committee charter is available at the investor relations section of the Company's website at www.choicehotels.com. The Audit Committee consists of Mr. Schwieters as Chairman, Ms. Alexander, and Messrs. Shames and Tague. The Audit Committee is composed of four independent directors within the meaning of the NYSE's rules.

Report of the Audit Committee

The Audit Committee is responsible for providing independent, objective oversight of the Company's accounting functions and internal controls. The Audit Committee possesses sole authority to engage and discharge independent registered public accounting firms and to approve all significant non-audit engagements with such firms. Further responsibilities of the Audit Committee include review of SEC filings and financial statements and ultimate supervision of the Company's internal auditing function.

Management is responsible for the Company's system of internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and management's assessment of internal controls pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 in accordance with Public Company Accounting Oversight Board (PCAOB) standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee those processes.

In this context, the Audit Committee has reviewed and discussed with management and the independent registered public accounting firm, PricewaterhouseCoopers LLP, the Company's audited financial statements as of and for the year ended December 31, 2012. Management represented that the consolidated financial statements were prepared in accordance with Generally Accepted Accounting Principles (GAAP). The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards (SAS) No. 90, Audit Committee Communications, SAS No. 89, Audit Adjustments and SAS No. 61, Communications with Audit Committees, as adopted by the PCAOB in Rule 3200T. All of these statements were issued by the American Institute of Certified Public Accountants.

In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP their independence from the Company and its management, including matters in the written disclosure and letter required by applicable requirements of the PCAOB and the provision of non-audit services by the independent registered public accounting firm. A disclosure summarizing the fees paid to PricewaterhouseCoopers LLP in 2012 for audit and non-audit services appears below under the heading *Principal Auditor Fees and Services*. All of the services provided by PricewaterhouseCoopers LLP were pre-approved by the Audit Committee in accordance with its policies and procedures. The Audit Committee received a description of the services and approved them after determining that they would not affect the auditor's independence.

The Audit Committee discussed with the Company's internal auditors and the independent registered public accounting firm the overall scopes and plans for their respective audits. The Audit Committee met with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Based on the Audit Committee's discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the Securities and Exchange Commission.

(b) A Participant will, as determined by the Committee, be entitled to the grant made under a Qualified Performance-Based Award only if (and to the extent) the applicable Performance Goal(s) are achieved within the applicable Performance Period; provided that the Committee may reduce or eliminate a Qualified Performance-Based Award to the extent it deems necessary or appropriate.

Table of Contents

(c) The maximum Qualified Performance-Based Award payment to any one Participant under the Plan for a Performance Period shall be the Share limit set forth in Sections 6.01(b), 7.01(b) or 8.01(b), whichever is applicable.

(d) No adjustment of any Qualified Performance-Based Award pursuant to Section 11.01 shall be made except on such basis, if any, as will not cause such Award to cease to qualify as performance-based compensation within the meaning of Section 162(m) of the Code.

9.04. Establishment of Performance Goals.

(a) All Performance Goals shall (i) be objective, (ii) be established not later than ninety (90) days after the beginning of any applicable Performance Period (or at such other date as may be required or permitted for performance-based compensation under Section 162(m)) and (iii) otherwise meet the requirements of Section 162(m) of the Code, including the requirement that the outcome of the Performance Goals be substantially uncertain at the time established.

(b) The Committee shall establish the applicable Performance Goals for a Performance Period based upon the applicable performance criteria set forth in subsection (c) below. After the end of the applicable Performance Period, the Committee shall certify (in writing) the extent to which any such Performance Goals have been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding satisfaction of any Performance Goals, the number of Shares issued under or the amount paid under an award may be reduced by the Committee on the basis of such further considerations as the Committee shall determine.

(c) For purposes of this Article, performance criteria shall mean any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee: (i) operating income; (ii) earnings before interest, taxes, depreciation and amortization (EBITDA); (iii) earnings; (iv) cash flow; (v) market share; (vi) sales or revenue; (vii) expenses; (viii) profit/loss or profit margin; (ix) working capital; (x) return on equity or capital; (xi) earnings per share; (xii) stock price; (xiii) price/earnings ratio; (xiv) debt or debt-to-equity; (xv) balance sheet measurements; (xvi) cash or assets; (xvii) liquidity; (xviii) economic value added (EVA); (xix) operations; (xx) mergers and acquisitions or divestitures; and/or (xxi) franchisee operations and other industry-specific factors (such as average daily room rates, room occupancy rates, room turnover, customer satisfaction, revenue and/or royalties per available room, executed franchise contracts, number of franchises and like factors).

(d) To the extent consistent with Section 162(m) of the Code, the Committee (i) may appropriately establish performance criteria that either disregards or takes into account the effects of charges for restructurings, discontinued operations, extraordinary items and all items of gain, loss or expense determined to be extraordinary or unusual in nature or related to the disposal of a segment of a business or related to a change in accounting principle all as determined in accordance with standards established by opinion No. 30 of the Accounting Principles Board or other applicable or successor accounting provisions, as well as the cumulative effect of accounting changes, in each case as determined in accordance with generally accepted accounting principles or identified in the Company's financial statements or notes to the financial statements, and (ii) may appropriately establish performance criteria that either includes or excludes gains and losses related to any of the following events that occurs during a performance period: (A) the sale of assets, (B) litigation, claims, judgments or settlements, (C) the effect of changes in tax law or other such laws or provisions affecting reported results, (D) accruals for reorganization and restructuring programs and (E) accruals of any amounts for payment under this Plan or any other compensation arrangement maintained by the Company.

ARTICLE X

DEFERRAL OF PAYMENTS

10.01. *Deferral Elections.* To the extent permitted in the Agreement or by the Committee, a Participant may elect to defer all or any portion of an Award (other than an Option or SAR). Such election shall be made at such time and upon such terms as the Committee may establish consistent with Section 409A of the Code.

10.02. *Deferral Account.* The deferred Awards shall be credited to a bookkeeping account maintained by the Company in the name of the Participant. Any dividends or other distributions on credited Shares also shall be credited to that account. Such amounts may, as provided in the Agreement or determined by the Committee, be credited with a reasonable rate of interest or invested in additional deferred Shares.

10.03. *Applicable Legal Requirements.* The deferral of any Award under this Article shall comply and be administered consistent with Section 409A of the Code. Notwithstanding anything herein to the contrary, in no event will any deferral of the delivery of Shares or any other payment (or the acceleration of the delivery of deferred Shares or other deferred payments) for any Award be allowed if the Committee determines that the deferral would result in a violation of the requirements of Section 409A for deferral elections and/or the timing of payments. Any Agreement may be reformed by the Committee to the extent necessary or appropriate to comply with the requirements of Section 409A.

ARTICLE XI

ADJUSTMENTS

11.01. *Adjustments for Changes in Capital Structure.* The maximum number of Shares as to which Awards may be granted under this Plan, the annual Award limits and the terms of any outstanding Award may be proportionately (or otherwise equitably) adjusted as the Committee shall determine in the event that (i) the Company (A) effects one or more dividends or distributions of securities, property or cash (other than regular, quarterly cash dividends), stock split-ups, subdivisions or consolidations of Stock or (B) engages in a reorganization, reclassification or spin-off or (ii) there occurs any other event or transaction that affects the number or kind of Shares outstanding, which the Committee determines that such adjustments are necessary or appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. Any adjustments required hereunder for Options may be made in accordance with Section 424(a) of the Code and/or Section 409A of the Code, or, except as otherwise expressly provided in this Plan, may be designed to treat the Shares available under the Plan and subject to Awards as if they were all outstanding on the record date for such event or transaction or to increase the number of such Shares to reflect a deemed reinvestment in Shares of the amount distributed to the Company's securityholders.

ARTICLE XII

CHANGE IN CONTROL

12.01. *Change of Control.*

(a) In the event of a Change of Control, the Committee may take any one or more of the following actions with respect to one or more of the outstanding Awards:

(i) Provide that such Awards shall be assumed, or equivalent Awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), provided that any such Options substituted for Incentive Stock Options may be structured to satisfy, in the determination of the Committee, the requirements of Code section 424(a);

Table of Contents

(ii) Provide that such Awards shall terminate upon consummation of the Change of Control and each Participant shall receive, in exchange therefor, a payment in securities, cash or a combination of the two equal to:

(A) in the case of an Option, the Fair Market Value of the Shares payable under such Option as of the last trading day preceding the date on which the Change in Control takes place (net of the Option Price);

(B) in the case of a SAR, the amount payable under the SAR as of the last trading day preceding the date on which the Change in Control takes place; or

(C) in the case of any other Award, the Fair Market Value of the Shares subject to the Award as of the last trading day preceding the date on which the Change in Control takes place.

(iii) vest Awards and require that any Options or SARs be exercised at such time and upon such conditions as the Committee may determine (with any unexercised Awards terminating upon expiration of the time period for exercise).

Notwithstanding the foregoing, the time for payment of an Award shall not be accelerated under this Section to the extent such acceleration would be contrary to the payment timing or other rules under Section 409A of the Code.

12.02. Vesting Upon a Change in Control.

(a) Notwithstanding any other provision of the Plan to the contrary, if a Change of Control occurs and the Participant's employment with the Company terminates as described in subsection (b) below, the following shall (except as otherwise provided by the Committee or in the Agreement) occur:

(i) All Options and SARs that are outstanding at the time the Participant's employment with the Company terminates shall become fully vested and exercisable in full;

(ii) All Stock and Stock Unit Awards (including any Qualified Performance-Based Awards) that are outstanding at the time the Participant's employment with the Company terminates shall become fully vested and any restrictions shall lapse, and;

(iii) for any Awards with performance-based requirements that are outstanding at the time the Participant's employment with the Company terminates, all uncompleted performance periods at the time of such Change of Control shall be deemed to have been completed, the maximum level of performance set forth under the Agreement shall be deemed to have been attained and each such outstanding Award granted to each Participant for all outstanding Performance Periods shall become payable to each Participant.

Notwithstanding the foregoing, the time for payment of an Award shall not be accelerated under this Section to the extent such acceleration would be contrary to the payment timing or other rules under Section 409A of the Code, and, in the case of a Participant to whom Section 409A(a)(2)(B)(i) applies, payment shall, to the extent required under that Section 409A, be delayed for six months following the Participant's termination as an Employee.

(b) This Section shall (except as otherwise provided by the Committee or in the Agreement) apply in the event that the Participant's employment terminates within two years of the Change of Control under either of the circumstances described below:

(i) The Participant's employment as an Employee is terminated by the Company other than for Cause: or

(ii) The Participant terminates his or her employment as an Employee for good reason (as defined in subsection (c) below).

Table of Contents

(c) For purposes of this Section, "good reason" shall mean (i) a significant reduction in the scope of a Participant's authority, position, title, functions, duties or responsibilities, (ii) the relocation of a Participant's office location to a location more than 25 miles from the Participant's prior principal place of employment, (iii) any reduction in a Participant's base salary, (iv) a significant change in the Company's annual bonus program adversely affecting the Participant, or (v) a significant reduction in the other employee benefits provided to a Participant.

12.03. *Gross-up Payment.* In the event of a Change of Control as defined under Section 280G of the Code, if the vesting of Awards and/or payment of Awards under this Plan and/or payments of amounts under any other agreement with or plan of the Company (in the aggregate the "Total Payments") subject all or any part of the Total Payments to the tax (the "Excise Tax") imposed by Section 4999 of the Code (or any similar tax that may hereafter be imposed), the Company shall (except as otherwise provided by the Committee or in the Agreement) pay to the Participant in cash an additional amount (the "Additional Payment") such that the net amount retained by the Participant, after deduction of any Excise Tax imposed upon the Total Payments and any federal, state and local income tax and Excise Tax upon the Additional Payment provided for by this Paragraph C, and any employment tax (including FICA and FUTA) upon such Additional Payment, shall be equal to the amount of Total Payments prior to such taxes. Such Additional Payment shall be made by the Company to the Participant as soon as practicable but in no event later than two and one-half (2 1/2) months after the year in which such Excise Tax or other tax liability is incurred. The determination of whether any of the Total Payments to a Participant will be subject to the Excise Tax, the calculation of parachute value under Section 280G of the Code of the Total Payments, and calculation of the Additional Payment, shall be made by a Certified Public Accounting firm jointly agreed to by the Company and the Participant.

ARTICLE XIII

OTHER PROVISIONS FOR GRANTS AND AWARDS

13.01. *Tax Withholding Requirements.*

(a) To the extent required by applicable federal, state, local or foreign law, a Participant shall make arrangements satisfactory to the Company for the satisfaction of any required statutory federal, state and/or local withholding tax obligations that arise by reason of an Option exercise or other Award prior to delivery of any Shares. The obligations of the Company under the Plan shall be conditional on satisfaction of all such withholding obligations and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant.

(b) To the extent provided in the Agreement or permitted by the Committee, the Participant may (to the extent permitted under Section 409A of the Code) elect to have any such withholding obligations satisfied, in whole or in part, by having the Company's withhold Shares subject to the Option or other Award, but not to exceed an amount equal to the minimum prescribed statutory withholding amount. The value of any Shares so withheld shall be determined based on the Fair Market Value as of the last trading day preceding the date the Shares are withheld for this purpose.

(c) Notwithstanding anything else herein to the contrary, in the event of a cashless exercise of an Option, the Fair Market Value for tax withholding purposes shall be the per-Share price at which the Shares were sold by the broker in executing the cashless exercise.

13.02. *Withdrawal.* A Participant may at any time elect in writing to abandon an Award under the Plan.

13.03. *Forfeiture Upon Termination For Cause.* In the event that a Participant's status as an Employee or Director is terminated for Cause, all of the Participant's outstanding unexercised Options and unpaid Awards shall (except as otherwise provided in the Agreement or by the Committee) automatically terminate as of the date he or she ceases to be an Employee or Director.

13.04. *Registration, Listing and Qualification of Stock.*

(a) No Option or SAR shall be exercisable, no Stock shall be issued or delivered, and no payment shall be made under this Plan except in compliance with all applicable federal and state laws and regulations (including, without limitation, withholding tax requirements), any listing agreement to which the Company is a party, and the rules of all domestic stock exchanges on which the Shares may be listed. The Company shall have the right to rely on an opinion of its counsel as to such compliance.

(b) Any Shares issued pursuant to this Plan may bear such legends and statements as the Committee may deem advisable to assure compliance with federal and state laws and regulations. No Awards shall be granted, Options or SARs shall be exercised, Shares shall be issued and no payment shall be made under this Plan until the Company has obtained such consent or approval as the Committee may deem advisable from regulatory bodies having jurisdiction over such matters.

(c) Any person exercising an Option or SAR or receiving Stock under any other Award shall make such representations, warranties and agreements and furnish such information as the Committee or the Company may request to assure compliance with the foregoing or any other applicable legal requirements.

13.05. *Corporate Restrictions.*

(a) Any Stock to be issued pursuant to an Award shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, and by-laws, of the Company.

(b) The Committee may provide that the Shares issued upon exercise of an Option or SAR or otherwise subject to or issued under an Award shall be subject to such further agreements, restrictions, conditions or limitations as the Committee in its discretion may specify prior to the exercise of such Option or SAR or the grant, vesting or settlement of such Award, including without limitation, conditions on vesting or transferability, forfeiture or repurchase provisions and method of payment for the Shares issued upon exercise, vesting or settlement of such Award (including the actual or constructive surrender of Shares already owned by the Participant) or payment of taxes arising in connection with an Award. Without limiting the foregoing, such restrictions may address the timing and manner of any resales by the Participant or other subsequent transfers by the Participant of any Shares issued under an Award, including without limitation (i) restrictions under an insider trading policy or pursuant to applicable law, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by Participant and holders of other Company equity compensation arrangements, (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers and (iv) provisions requiring Shares to be sold on the open market or to the Company in order to satisfy tax withholding or other obligations.

13.06. *Investment Representations.* The Company shall be under no obligation to issue any Shares pursuant to any Award unless the Shares have been effectively registered under the Securities Act of 1933 or the Participant shall have made such written representations to the Company (upon which the Company believes it may reasonably rely) as the Company may deem necessary or appropriate for purposes of confirming that the issuance of such Shares will be exempt from the registration requirements of that Act and any applicable state securities laws and otherwise in compliance with all applicable laws, rules and regulations. To the extent the Company is unable to or the Committee deems it infeasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, the Company and its Subsidiaries shall be relieved of any liability with respect to the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained. No Option shall be exercisable and no Shares shall be issued and/or transferable under any other Award unless a registration statement with respect to the Shares underlying such Option is effective and current or the Company has determined that such registration is unnecessary.

Table of Contents

13.07. *Registration.* If the Company shall deem it necessary or desirable to register under the Securities Act of 1933 or other applicable statutes any Stock issued or to be issued pursuant to an Award, or to qualify any such Stock for exemption from the Securities Act of 1933, as amended or other applicable statutes, the Company shall take such action at its own expense. The Company may require from each Participant such information in writing for use in any registration statement, prospectus, preliminary prospectus or offering circular as is reasonably necessary for that purpose.

13.08. *Transferability of Options, Stock Awards and Phantom Shares.* Notwithstanding any other provision of the Plan, the Committee may permit a Nonqualified Stock Option, Stock Award or Phantom Share Award to be transferred by a Participant to a family member (as defined in the General Instructions for the Form S-8) as a gift (or otherwise without payment of any consideration) on such terms and conditions as may be permitted under applicable law (or otherwise established by the Committee). Except as otherwise established by the Committee, the transferee shall be bound by the terms and conditions set forth in the Agreement for the transferred Award; provided, however that such transferee may not transfer Option or award except by will or the laws of descent and distribution.

13.09. *Applicable Legal Requirements.* All Awards shall, to extent applicable, comply and be administered in accordance with the rules and requirements of Section 409A of the Code. To extent necessary to ensure such compliance, the Committee may reform any Agreement to the extent it determines that the Agreement does not comply with Section 409A.

ARTICLE XIV

AMENDMENT AND TERMINATION

14.01. Amendment.

- (a) The Board shall have the right to amend the Plan at any time and from time to time; provided, that no such amendment of the Plan shall, without stockholder approval, be effective if stockholder approval of the amendment is required at such time to qualify for any exemption from Section 16 of the Exchange Act or by any other applicable law, regulation, rule or order.
- (b) No amendment may be made that would cause an Option or other Award not to qualify for exemption under Section 16 of the Exchange Act.
- (c) Except as otherwise provided in the Plan or the Agreement, no amendment of the Plan shall, without the written consent of a Participant adversely affect the rights of the Participant with respect to an Option or other Award prior to the date of the amendment or termination (except to the extent necessary to comply with any applicable law, regulation, rule or order).
- (d) Notwithstanding anything herein or in any Agreement to the contrary, the Board shall have the power to amend the Plan in any manner deemed necessary or advisable for Options or any other Awards made under the Plan to qualify for any exemption provided under Section 16 of the Exchange Act and any such amendment shall, to the extent deemed necessary or advisable by the Board, be applicable to any outstanding Options or other Award previously issued under the Plan. In the event of such an amendment to the Plan, the holder of any Option or other Award shall, upon request of the Board and as a condition for exercising of such Option, obtaining such other award, execute a conforming amendment in the form prescribed by the Board to the Agreement within such reasonable period of time as the Board shall specify in such request.

14.02. *Termination.* The Board shall have the right to terminate the Plan at any time; provided, that no such termination shall, except as otherwise provided in any Agreement, terminate any outstanding Option or other award previously granted under the Plan or adversely affect the rights of such Participant without his or her written consent. No new Awards may be granted under the Plan on or after the date of termination.

Except as may be determined by the Committee at the time of termination of employment or specifically provided in an Award pursuant to Section 6(a) or in any written agreement executed between the Participant and the Company, including employment or change in control agreements, a Participant shall have no right to an Award under the Plan for any Performance Period in which the Participant is not actively employed by the Company or a Subsidiary on the last day of the Performance Period to which such Award relates and, in no event, shall a Participant have the right to a payment greater than the Award that would have been earned based on actual performance at the end of the Performance Period in the event of a termination of employment for any reason other than death, disability or change in control. In establishing Awards under Section 6(a), the Committee may also provide that in the event a Participant is not employed by the Company or a Subsidiary on the date on which the Award is paid, the Participant may forfeit his or her right to the Award paid under the Plan.

maintain the qualification of Awards as performance-based compensation pursuant to Code Section 162(m) and regulations promulgated thereunder shall be made without such stockholder approval. If changes are made to Code Section 162(m) or regulations promulgated thereunder to permit greater flexibility with respect to any Award or Awards available under the Plan, the Committee may, subject to this Section 10, make any adjustments to the Plan and/or Awards it deems appropriate. Re-approval by stockholders of the Plan or portions of the Plan shall be sought to the extent necessary to maintain compliance with Code Section 162(m).

13. Legal Construction.

(a) **Gender, Number, and References.** Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural. (b) **Severability.** If any one or more of the provisions contained in this Plan, or any application thereof, shall be invalid, illegal, or unenforceable in any respect, the validity, legality, and enforceability of the remaining provisions contained herein and all other applications thereof shall not in any way be affected or impaired thereby. This Plan shall be construed and enforced as if such invalid, illegal, or unenforceable provision has never comprised a part hereof, and the remaining provisions hereof shall remain in full force and effect and shall not be affected by the invalid, illegal, or unenforceable provision or by its severance herefrom. In lieu of such invalid, illegal, or unenforceable provisions, there shall be added automatically as a part hereof a provision as similar in terms and economic effect to such invalid, illegal, or unenforceable provision as may be possible and be valid, legal, and enforceable.

(c) **Requirements of Law.** The granting of Awards and the issuance of cash or Shares under the Plan shall be subject to all applicable laws and to such approvals by any governmental agencies or national securities exchanges as may be required.

(f) Non-Exclusive Plan. Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable.

(g) Code Section 409A Compliance. To the extent applicable, it is intended that this Plan and any Awards granted hereunder comply with the requirements of Section 409A of the Code and any related regulations or other guidance promulgated with respect to such Section by the U.S. Department of the Treasury or the Internal Revenue Service (Section 409A). Specifically, it is intended that the Plan and any Award granted hereunder comply with the short term deferral exception of Section 409A of the Code. Any provision that would cause the Plan or any Award granted hereunder to fail to satisfy Section 409A shall have no force or effect until amended to comply with Section 409A, which amendment may be retroactive to the extent permitted by Section 409A.
