PROXY STATEMENT

For the

Annual Meeting of Stockholders

To be Held on May 30, 2013

GENERAL INFORMATION

BBCN Bancorp, Inc. (the *Company*) is a registered financial holding company and BBCN Bank (the *Bank*) is our wholly owned subsidiary. This proxy statement contains information about our annual meeting of stockholders to be held on Thursday, May 30, 2013 at the Oxford Palace Hotel, 745 South Oxford Avenue, Los Angeles, California at 10:30 a.m., California time, and any postponements or adjournments thereof. The date of this proxy statement is April 29, 2013 and we will be mailing it to stockholders on or about that date.

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because the board of directors is soliciting your vote for use at the 2013 annual meeting of stockholders.

This proxy statement summarizes the information you need to know to cast an informed vote at the meeting. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card by mail. You may also vote by internet or telephone.

The record date for those entitled to vote is April 3, 2013. On that date, 78,812,140 shares of our common stock were outstanding. The common stock is our only class of voting stock outstanding. The Company redeemed both its Fixed Rate Cumulative Perpetual Preferred Stock, Series A and Series B issued through the United States Treasury's Troubled Asset Relief Program (*TARP*) as part of the Emergency Economic Stabilization Act of 2008 (*EESA*) as amended by the American Recovery and Reinvestment Act (*ARRA*) in June 2012. We are also sending our annual report for the fiscal year ended December 31, 2012 along with electronic copies of this proxy statement and the Company's Form 10K for the fiscal year ended December 31, 2012. The Company's Form 10K and Proxy are also available for review online at <http://investor.bbcnbank.com/phoenix.zhtml?c=66991&p=proxy> or a copy can be obtained by emailing legal@bbcnbank.com or angie.yang@bbcnbank.com

What Vote is Required for Each Proposal?

Edgar Filing: BBCN BANCORP INC - Form DEF 14A

Election of Directors. The nine nominees for director who receive the most votes will be elected. Accordingly, if you do not vote for a particular nominee or you indicate withhold authority to vote for a particular nominee on your proxy card, your abstention will have no effect on the election of directors and all nine nominees will be elected.

Ratification of Selection of Independent Registered Public Accounting Firm. Stockholder ratification of the Audit Committee's selection of KPMG LLP (KPMG) as our independent registered public accounting firm is not required. We are submitting the selection of KPMG to you for ratification to obtain our stockholders' views. To be approved, the ratification must receive a FOR vote from the majority of shares present and entitled to vote on the proposal. If you vote abstain such abstention

Table of Contents

will have the effect of a vote AGAINST the proposal. If the stockholders do not ratify the selection by a majority vote of the present and voting shares, our Audit Committee will reconsider whether to retain KPMG. Even if the selection is ratified, we may, in our discretion, appoint a different independent registered public accounting firm at any time during the year if we determine that such a change would be in the best interest of the Company and our stockholders.

Advisory Vote to Approve the Company's Executive Compensation. This proposal gives you as a stockholder the opportunity to vote to approve the compensation of the executive officers identified in our Summary Compensation Table in this Proxy Statement, including the Compensation Discussion and Analysis, the executive compensation tables and the narrative discussion contained herein. Because your vote is advisory, it will not be binding upon the board and may not be construed as overruling any decision by the board or Compensation Committee. However, the board and the Compensation Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements. If you abstain, such vote will have the effect of a vote AGAINST this proposal.

Nonbinding advisory stockholders vote on the frequency of future advisory votes on executive compensation. You will have the opportunity to cast a nonbinding advisory vote on whether you would prefer an advisory vote on executive compensation every year, every two years, or every three years. Because your vote is advisory, it will not be binding upon the board and may not be construed as overruling any decision by the board. However, the Compensation Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements. If you abstain, such vote will have the effect of a vote AGAINST this proposal.

How Many Votes Do I Have?

Each share of common stock that you own entitles you to one vote. The proxy card indicates the number of shares of common stock that you own. Our Certificate of Incorporation and Bylaws do not provide for cumulative voting in the election of directors.

How Do I Vote by Proxy?

Whether you plan to attend the meeting or not, we urge you to complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. You may also vote by internet or telephone as described on the enclosed proxy card. Returning the proxy card will not affect your right to attend the meeting and vote in person, but will assure that your vote is counted if you become unable to attend the meeting.

If you properly fill in your proxy card and send it to us in time to vote or you timely vote by internet or telephone, your proxies (the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxies will vote your shares as recommended by the board of directors as follows:

FOR the election of each of the nine nominees for director;

FOR the appointment of KPMG as our independent registered public accounting firm;

FOR approval of the Company's executive compensation as outlined in the 2013 Proxy;

FOR the option of every year as the preferred frequency for future advisory votes on executive compensation; and

in the discretion of the proxies as to any other matter that may properly come before the meeting.

If you hold your shares of our common stock in street name (that is, through a broker or other nominee) and you fail to instruct your broker or nominee as to how to vote your shares of common stock, your broker or

Table of Contents

nominee may, in its discretion, vote your shares, FOR the ratification of the appointment of KPMG as our independent registered public accounting firm for the year ending December 31, 2013. Brokers holding shares beneficially owned by their clients will not have the ability to cast votes with respect to the election of directors, on the advisory vote to approve the Company's executive compensation, or on the frequency for future advisory votes on executive compensation, unless they have received instructions from the beneficial owner of the shares. **It is therefore important that you provide instructions to your broker if your shares are held by a broker so that your vote with respect to directors is counted.**

Can I Change My Vote After I Return My Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote or revoke your proxy at any time before the proxy is exercised if:

you file either a written revocation of your proxy or a duly executed proxy bearing a later date than your previous proxy with our Legal Department prior to the meeting, or

you attend the meeting and vote in person. However, your presence at the meeting will not revoke your proxy unless and until you vote in person.

How Do I Vote in Person?

If you plan to attend the meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares are held in the name of your broker, bank, or other nominee, you must bring a properly executed legal proxy from the nominee authorizing you to vote the shares and indicating that you are the beneficial owner of the shares on April 3, 2013, the record date for voting.

What Constitutes a Quorum?

To establish a quorum at the annual meeting, a majority of the shares of our common stock outstanding on the record date must be present, either in person or by proxy. We will count abstentions for purposes of establishing the presence of a quorum at the meeting.

What Are the Recommendations of the Board of Directors?

Our current board of directors recommends:

the election of each of the named nominees for director;

the ratification of the selection of KPMG as our independent registered public accounting firm for the year ending December 31, 2013;

in favor of the advisory vote on executive compensation as outlined in the 2013 Proxy; and

in favor of the option of every year as the preferred frequency for future advisory votes on executive compensation.

The board of directors recommends that you vote FOR each of the nine nominees for director, FOR the ratification of the selection of KPMG as our independent registered public accounting firm for the year ending December 31, 2013, FOR the advisory vote on executive compensation as outlined in the 2013 Proxy, and FOR the option of every year as the preferred frequency for future advisory votes on executive compensation.

separate arrangements for using the Internet and telephone depending on whether your shares are registered in BBCN's stock records in your name or in the name of a broker, bank or other holder of record. If you hold your shares through a broker, bank or other holder of record, you should check your proxy card or voting instruction card forwarded by your broker, bank or other holder of record to see which options are available.

BBCN stockholders of record in your name, may submit their proxies:

through the Internet by visiting a website established for that purpose at www.investorvote.com/BBCN and following the instructions provided on that website, or

by telephone by calling the toll-free number 1-800-652-VOTE(8683) in the United States, Puerto Rico or Canada on a touch-tone phone and following the recorded instructions.

Who Will Pay the Costs of Solicitation of Proxies?

The Company will bear the cost of this solicitation, including the expense of preparing, assembling, printing and mailing this proxy statement and the material used in this solicitation of proxies. The proxies will be solicited principally by mail, but our directors, officers and regular employees may solicit proxies personally or by telephone. Although there is no formal agreement to do so, we will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expense in forwarding these proxy materials to their principals. In addition, we may pay for and utilize the services of individuals or companies we do not regularly employ in connection with the solicitation of proxies. We may hire Computershare to seek proxies of custodians such as brokers who hold shares which belong to other people. If we do the service will cost us approximately \$5,000.

Will Any Other Matters Be Considered at the Annual Meeting?

We are not aware of any matter to be presented at the annual meeting other than the proposals discussed in this proxy statement. If other matters are properly presented at the annual meeting, then the persons named as proxies will have the authority to vote all properly executed proxies in accordance with the direction of the board of directors, or, if no such direction is given, in accordance with the judgment of the persons holding such proxies on any such matter, including any proposal to adjourn or postpone the meeting.

How Do I Propose Actions for Consideration at Next Year's Annual Meeting of Stockholders?

You may submit proposals for consideration at future stockholder meetings. For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, our Legal Department must receive the written proposal no later than December 30, 2013. Such proposals will also need to comply with Securities and Exchange Commission (the "SEC") Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in our proxy statement will be a date that is a reasonable time before we begin preparing our proxy materials. In addition, our bylaws provide that for any business to be brought properly before an annual meeting, a stockholder must provide timely notice of such proposal to us no less than 100 days nor more than 120 days prior to the anniversary date of the previous year's annual meeting unless the annual meeting is moved more than 30 days before or after such anniversary date, in which case the notice must be received not later than the close of business on the tenth day following the earlier of the date on which notice or public announcement of the date of the meeting is first given or made by us. Such notice must also comply with the provisions of our bylaws. Information regarding proposals for nominees is provided below.

The persons named as proxies for the 2014 annual meeting of stockholders will have discretionary authority to vote on any stockholder proposal which is not included in our proxy materials for the meeting, unless we receive notice of the proposal by March 15, 2014. If we receive proper notice by that date, the proxies will not have discretionary voting authority except as provided in the SEC regulations regarding stockholder proposals.

Nomination and Governance Committee Report

The members of the Nomination and Governance Committee are directors Peter Y.S. Kim (Chair), Steven D. Broidy, Chang Hwi Kim, Sang Hoon Kim and Scott Yoon-Suk Whang. All the members of the Nomination and Governance Committee are independent as defined by our policy and the listing standards for the Nasdaq Stock Market and the rules of the Securities and Exchange Commission. The Nomination and Governance Committee held four meetings in 2012. The Nomination and Governance Committee is appointed by the board of directors to assist the board of directors in identifying qualified individuals to become board members, consistent with criteria approved by the board of directors, to determine the composition of the board of directors and to recommend to the board of directors the director nominees for the annual meeting of stockholders. The Nomination and Governance Committee has a charter, a copy of which can be found on our website at www.BBCNbank.com.

It is the policy of the Nomination and Governance Committee to consider director candidates recommended by stockholders. The Nominating and Governance Committee will utilize the same standards for evaluating director candidates recommended by stockholders as it does for candidates proposed by the board. The Nomination and Governance Committee considers many factors in nominating directors to serve on the board of directors, including but not limited to the following:

- i) diversity of professional disciplines and backgrounds;
- ii) broad experience in business, finance or administration; familiarity with national and international business matters;

- iii) familiarity and experience with the commercial banking industry;
- iv) prominence and reputation, and ability to enhance the reputation of the Bank;
- v) time available to devote to the work of the board and one or more of its committees;

Table of Contents

- vi) specific qualifications which complement and enhance the overall core competencies of the board and/or specific committee assignments;
- vii) activities and associations of each candidate to ensure that there is no legal impediment, conflict of interest, or other consideration that might hinder or prevent service on the board;
- viii) interest of the stockholders as a whole,
- ix) independence determination,
- x) the age of a nominee, and
- xi) the extent to which a nominee may add diversity to the board.

The Company's Corporate Governance Guidelines requires all nominees who are aged 75 or older at the time of the Annual Meeting of Stockholders in 2013 to retire. There are two directors, Steven D. Broidy and Jesun Paik who meet this age restriction. The Board has determined to make an exception from policy in the case of these two directors, during the nomination process this year, for an appropriate transition, due to their extensive banking knowledge, financial expertise and risk management ability.

Nominations of persons for election to the board of directors of the Company may be made at the annual meeting of the stockholders, or at any special meeting of the stockholders called for the purpose of electing directors, by or at the direction of the board of directors, by any Committee or person authorized by the board of directors, or by any stockholder of the Company entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in our Bylaws.

Nominations, other than those made by or at the direction of the board of directors or by a nominating committee or person appointed by the board of directors, shall be made pursuant to timely notice in writing to the Secretary of the Company. To be timely, a stockholder's notice must be received at the principal executive offices of the Company (i) in the case of an annual meeting, not less than 100 days, nor more than 120 days, prior to the anniversary of the immediately preceding annual meeting of the stockholders; provided, however, that in the event that the date of the annual meeting is more than 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the tenth day following the earlier of the date on which notice or public announcement of the date of the meeting was first given or made by the Company, and (ii) in the case of a special meeting of the stockholders called for the purpose of electing directors not later than the close of business on the tenth day following the earlier of the date on which notice or public announcement of the date of the meeting was first given or made by the Company.

A stockholder's nomination notice to the Secretary must set forth: (a) as to each person whom the stockholder proposes to nominate for election or reelection as a director, (i) the name, age, business address and residence address of the person, (ii) the principal occupation or employment of the person, (iii) the class and number of shares of capital stock of the Company that are beneficially owned by the person and (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Section 14(a) of the Securities Exchange Act of 1934, as amended, and any rules or regulations promulgated thereunder; and (b) as to the stockholder giving the notice, (i) the name and record address of the stockholder and (ii) the class and number of shares of capital stock of the Company that are beneficially owned by the stockholder. The Company may require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a director of the Company. No person nominated by a stockholder shall be eligible for election as a director of the Company unless nominated in accordance with the procedures set forth herein. The chairman of the meeting shall, if the facts warrant, determine that a nomination was not made in accordance with the foregoing procedure, and, if he should so determine, he shall so declare to the meeting, and the defective nomination shall be disregarded.

Human Resources and Compensation Committee

The Human Resources and Compensation Committee (Compensation Committee) is comprised of six directors, Chang Hwi Kim (Chair), Steven D. Broidy, Sang Hoon Kim, Chung Hyun Lee, John Park, and Scott Yoon-Suk Whang, all of whom satisfy the Nasdaq Stock Market listing requirements and relevant Internal Revenue Service and Securities and Exchange Commission regulations on director independence. The Compensation Committee meets at least four times a year and also holds special meetings and telephonic meetings to discuss extraordinary items, such as the hiring or dismissal of employees at the Executive Vice President level or above. For fiscal year 2012, the Compensation Committee met a total of six times. The Chair of the Compensation Committee regularly reports to the board of directors on the Compensation Committee's actions and recommendations. The Compensation Committee has authority to retain outside counsel, compensation consultants and other advisors to assist as needed. A copy of the Compensation Committee's charter can be found on our website at <http://www.BBCNbank.com>.

BOARD DIVERSITY

The board of directors does not have a formal written policy with regard to the consideration of diversity in identifying director nominees. Our Nomination and Governance Committee Charter, however, requires the board's Nomination and Governance Committee to review the qualifications of candidates to the board, of which diversity is one of the criteria. This assessment includes the consideration of personal and professional ethics and integrity, including prominence and reputation, and ability to enhance the reputation of the Company; diversity among the existing board members, specific business experience and competence, including an assessment of whether the candidate has experience in, and possesses an understanding of, business issues applicable to the success of the banking industry; financial acumen, including whether the candidate, through education or experience, has an understanding of financial matters and the preparation and analysis of financial statements; professional and personal accomplishments, including involvement in civic and charitable activities; educational background; and whether the candidate has expressed a willingness to devote sufficient time to carrying out his or her duties and responsibilities effectively and is committed to service on the board.

Table of Contents

As currently comprised, the board is a group of individuals who are drawn from various market sectors and industry groups with a presence in the Company's niche markets, as well as a wealth of banking experience. Board members are individuals with knowledge and experience who serve and represent the communities we serve. Current board representation provides backgrounds in accounting, banking, internet marketing, retail and wholesale, printing, transportation/trucking, and importing. The expertise of these individuals covers accounting and financial reporting, corporate management, strategic planning, business acquisitions, marketing, international operations, retail and small business operations. The Nomination and Governance Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities, as discussed above that will allow the board to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

BOARD LEADERSHIP STRUCTURE

Our board of directors is committed to having a sound governance structure that promotes the best interest of all BBCN Bancorp stockholders. Our leadership structure includes the following principles:

We believe that yearly elections hold the directors of the board accountable to our stockholders, as each director is subject to re-nomination and re-election each year.

All of the directors are independent, except for Kevin S. Kim, Chairman, President and Chief Executive Officer of BBCN Bancorp, Inc. The board has affirmatively determined that the other eight directors are independent under the Securities and Exchange Commission and the Nasdaq Stock Market corporate governance rules, as applicable.

We have separated the positions of the Chairman of the Board and the Chief Executive Officer of the Bank. Historically the Company had an independent Chairman of the Company, but effective March 6, 2013, the Chairman of the Bank and Company became the President and CEO of the Company. In the dual role as Chairman of the Company and Bank as well as CEO of the Company, Mr. Kim will continue to focus on the traditional roles of board oversight responsibilities, strategic planning and mentoring company officers, and will now be able to devote more time to potential Merger and Acquisition candidates, and expanding the footprint of the Company as a financial holding company. Our Chairman and CEO will focus on the development of Company and Bank strategies and the CEO of the Bank will focus on executing the Company and Bank strategies and running the day to day operations of the Bank.

Upon the combination of the Chairman and CEO position at the Company level, the Board appointed Scott Yoon-Suk Whang as Lead Independent Director, effective March 6, 2013. Mr. Whang's responsibilities in this role will include the calling and presiding over periodic meetings with the other independent directors to assess management's progress with strategic initiatives and to identify and mitigate potential risks to the Company due to the combined structure.

An executive committee of the board, made up of Kevin S. Kim (the Chairman & CEO of the Company and the Chairman of the Bank), Scott Yoon-Suk Whang (the Lead Independent Director and Vice-Chairman of Company and Bank) and Chang Hwi Kim (the Honorary Vice-Chairman of the Company), meet as necessary to discuss and consider important matters affecting the Company between regular board meetings. This allows the board and Company added flexibility in dealing with pressing matters which need immediate and decisive attention. A new member of the Executive Committee will be named after the Annual Meeting of Stockholders to replace Chang Hwi Kim.

We believe our board structure serves the interests of the stockholders by balancing the practicalities of running the Company with the need for director accountability.

Table of Contents

BOARD'S ROLE IN RISK OVERSIGHT

Our board of directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organization objectives in the areas of strategy, operations, reporting, and compliance. The board recognizes that these objectives are important to improve and sustain long-term organizational performance and stockholder value. A fundamental part of risk management is not only identifying the risks our Company faces and the steps management is taking to manage those risks, but also determining what constitutes the appropriate level of risk based upon our Company's activities.

The full board of directors participates in the Company's annual enterprise risk management assessment, which is led by the Company's Chief Risk Officer, John Hampton. In this process, risk is assessed throughout the Company by focusing on nine areas of risk, including risks relating to: credit, liquidity, interest rate, market, foreign exchange, operational, country, compliance/legal, strategic and reputation. Risks that simultaneously affect different parts of the Company are identified, and an interrelated response is made. The board provides ongoing oversight of enterprise-wide risks through a periodic enterprise risk assessment update.

While the board of directors has the ultimate oversight responsibility for the risk management process, various committees of the board also have responsibility for risk management. In particular, the Board Risk and Compliance Committee assists the board of directors in fulfilling its oversight responsibility with respect to regulatory, compliance, operational risk and enterprise risk management issues that affect the Company and works closely with the Company's legal and risk departments. The Audit Committee helps the board monitor financial risk and internal controls from a risk-based perspective and oversees the annual audit plan. Reports from the Company's internal audit department are reviewed. The Director's Loan Committee oversees credit risk by identifying, monitoring, and controlling repayment risk associated with the Bank's lending activities. The Business Development/Strategic Planning committee of the board oversees risks associated with the planned short- and long-term direction of the Company and ensures ongoing board involvement and oversight of the Company's three-year strategic plan.

The Asset Liability Committee oversees the implementation of an effective process for managing the Bank's interest rate, liquidity, and similar market risks relating to the Bank's balance sheet and associated activities. In overseeing compensation, the Human Resource and Compensation Committee strive to advocate incentives that encourage a conservative level of risk-taking behavior consistent with the Company's business strategy and in compliance with all laws and the Interagency Guidance on Incentive Compensation. Finally, the Company's Nomination and Governance Committee approves the code of conduct and business ethics policies relating to employees and directors, respectively. In addition, it conducts an annual assessment of corporate governance policies and any potential risk associated with governance and related party matters.

Cash Compensation

Compensation consultant, EW Partners was hired in 2011, to complete an analysis of our total director compensation. They looked at the director compensation of the following companies for 2009 and 2010: Boston Private Financial, Community Bank System Inc., Columbia Banking System Inc., CVB Financial Corp., Independent Bank Corp., Old National Bancorp, PacWest Bancorp, Pacific Capital Bancorp, Provident Financial Services, Park National Corp., Sandy Spring Bancorp Inc., SCBT Financial Corp., Texas Capital Bancshares Inc., Union First Market Bankshares Corp., Westamerica Bancorp, Western Alliance Bancorp, and Wilshire Bancorp. EW Partners recommended certain changes to the overall compensation structure, including the grant of yearly equity awards to each director.

From January – March 2012, the Company approved a new director compensation schedule, based partially on the work of EW Partners. Members of the Bank and Company boards of directors, other than the Chairmen, received a \$55,000 annual board membership retainer, paid in monthly installments of \$4,583 per month. The Chairman of the Bank and Company boards each received an \$80,000 annual board membership retainer, or \$6,667 per month. The Vice-Chairman of the Bank and Company boards each received a \$70,000 annual board membership retainer, or \$5,833 per month. Each director received an additional \$1,000 per month for each month they attended board meetings, for a total possible fee of \$10,000 in annual board attendance fees. The committee Chairs, received an additional annual retainer of \$10,000, or \$833 per month, for their services. Each director was given the option to receive \$1,250 per month in cash or to participate in the Bank's health and life insurance policy, up to a cost of \$1,250 per month. The directors also received reimbursement for expenses, which included reasonable travel expenses to attend board or committee meetings, reasonable outside seminar expenses, and other special board-related expenses.

Starting in April 2012, the board determined to reduce the annual compensation available for directors. Members of the Bank and Company boards of directors, other than the Chairmen, will continue to receive a \$55,000 annual board membership retainer, paid in monthly installments of \$4,583 per month. The Chairman of the Bank and Company boards each will receive a \$73,000 annual board membership retainer, or \$6,083 per month. The Vice-Chairman of the Bank and Company boards each will receive a \$67,000 annual board membership retainer, or \$5,583 per month. The directors will no longer receive additional monies for attendance at monthly board meetings. The committee Chairs, except for the directors who serve as either Chairman or Vice-Chairman of the Bank or Company, will each receive an additional annual retainer of \$6,000 for their services, and each member of the Director's Loan Committee will receive an annual retainer of \$6,000. The other compensation will remain the same as above. In May 2004, Jin Chul Jung, Chang Hwi Kim, Peter Y.S. Kim, Sang Hoon Kim and Chung Hyun Lee each became a participant in Center Bank's Director Survivor Income Plan, which provides for a payment to each director's chosen beneficiary in the amount of \$200,000. In the fall of 2011, Kevin S. Kim became a participant in the Center Bank Director Survivor Income Plan at the same level as the other current Center Directors. Former Center Bank, in return, purchased whole life insurance policies

insuring the life of each director in amounts which exceed the benefits payable to such beneficiaries with the Company as beneficiary of each of the insurance policies.

Long-Term Equity Incentive Awards

The Company has extended long-term equity incentive awards under the Nara Bancorp, Inc. 2001 Nara Bank 2000 Continuation Long Term Incentive Plan (the 2000 Plan), which was subsequently replaced by the Nara Bancorp, Inc. 2007 Equity Incentive Plan, and renamed as the BBCN Bancorp, Inc. 2007 Equity Incentive Plan (the 2007 Plan). Under the 2000 Plan, the Company granted options to purchase the Company s common stock and restricted units, which typically vested over a three-year or five-year period in equal installments on the anniversary dates of the grant and were granted with a ten-year term. The options have an exercise price equal to the fair market value of the Company s common stock on the date of the grant. With the adoption of the 2007 Plan, the 2000 Plan was terminated, except with respect to outstanding awards.

Options and performance units granted under the 2007 Plan typically vest over a three-year or five-year period in equal installments on the anniversary date of the grant and are granted with a ten-year term. Grants made, after the issuance of the regulations applicable to TARP recipients, to executives who may be limited by TARP and ARRA have vesting schedules starting after two years. Options have an exercise price equal to the fair market value of the Company s common stock on the date of the grant. Performance unit grants will result in the issuance of the Company s common stock upon vesting and achievement of specified performance criteria.

With the completion of the merger of equals with CLFC, BBCN registered the shares associated with the 2006 Center Bank Stock Incentive Plan (the 2006 Plan). Options and restricted stock issued under the 2006 Plan typically vest over a three-year or five-year period in equal installments on the anniversary date of the grant and are granted with a ten year term. Options have an exercise price equal to the fair market value of the Company s common stock on the date of the grant. Restricted stock grants will result in the issuance of the Company s common stock upon vesting.

Directors may be granted equity awards upon their appointment to the board of directors. Periodically, the Company reevaluates board compensation, including the grant of new stock options and performance units. In setting director compensation, the Company considers the amount of time that directors expend in fulfilling their duties to the Company as well as the skill level and experience required by the board of directors. The Company also considers board compensation practices at similarly situated banks, while keeping in mind the compensation philosophy of the Company and the stockholders interests. Please see How Much Stock do our Directors, Nominees for Directors and Executive Officers Own? above, for more details.

On February 10, 2012, the Company granted performance units to all of the current directors in anticipation of their additional services to BBCN during the integration period. The four members of the Consolidation Committee (Kevin S. Kim, Chang Hwi Kim, Scott Yoon-Suk Whang and John H. Park) and Ki Suh Park (chairman) were each granted 25,000 performance units vesting on April 30, 2013, and subject to the achieving at least 75% attendance of all board of director and committee meetings required, as well as completion of their training schedule during the period. Steven D. Broidy, Louis M. Cosso, Jin Chul Jhung, Peter Y.S. Kim, Sang Hoon Kim, Chung Hyun Lee, and Jesun Paik each were granted 20,000 performance units vesting on April 30, 2013, and subject to the achieving at least 75% attendance of all board of director and committee meetings required, as well as completion of their training schedule during the period. Please see the Compensation Discussion and Analysis, *Long-Term Equity Incentive Awards*, section below, for a discussion of the equity award given to Alvin D. Kang.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. The Securities and Exchange Commission requires executive officers, directors and greater than 10% stockholders to furnish to us copies of all Section 16(a) forms they file. Based solely on our review of these reports and of certifications furnished to us, we believe that during the fiscal year ended December 31, 2012, all executive officers, directors and greater than 10% beneficial owners complied with all applicable Section 16(a) filing requirements, except for Jin Chul Jung and Peter Y.S. Kim who each filed one Form 4 report relating to the gifting of stock late.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The success of our Company has substantially depended, and will continue to depend, on our ability to attract and retain talented employees, including the Named Executive Officers (NEOs) identified in the Summary Compensation Table below, whose compensation is the subject of this Compensation Discussion and Analysis, or CD&A. Overall, our executive compensation is used to attract and retain key executive officers and to reward exceptional job performance by such executive officers.

Compensation Philosophy and Objectives

We believe that the most effective executive compensation programs are those that align the interests of our executive officers with those of our stockholders. A properly structured compensation program will reinforce and support the development of a strong performance-oriented culture within the Company to achieve specific short and long-term strategic objectives while taking into consideration potential risk implications, such as not encouraging imprudent risk-taking that threatens the long-term value of the Company. Although we believe that a significant percentage of executive compensation should be based on the principles of pay for performance, we also recognize that we must have the ability to attract and retain highly talented executive officers by offering competitive base salaries. An important objective of the Company and its Human Resources and Compensation Committee (the Compensation Committee) is to ensure that the compensation programs for our employees at the Executive Vice President level and above are competitive with those at our peer group companies.

The Company's executive compensation programs are designed to provide:

levels of base salary that are competitive with companies in our peer group;

annual cash incentive bonuses under the Company's Performance Incentive Plan, or PIP, that are tied to our financial results, achievement of our yearly strategic goals and achievement of individual performance objectives; and

long-term incentive equity awards, including equity-based awards under the 2007 Plan and 2006 Plan, and long-term incentive cash awards under the Company's Long Term Incentive Plan (LTIP), that are designed to encourage executive officers to focus their efforts on building stockholder value by meeting longer-term financial and strategic goals.

The Compensation Committee attempts to strike a balance among these elements, each of which is discussed in greater detail below, in designing and administering the Company's executive compensation programs. With respect to performance-based compensation, the Compensation Committee believes that executive compensation should be closely tied to the financial and operational performance of the Company, individual performance and the level of responsibility of the officer, as well as risk management. The Compensation Committee believes that the equity-based portion of our management compensation should include meaningful features that encourage key employees to remain in the employment of the Company. In making compensation decisions, the Compensation Committee considers such factors as fairness to employees, retention of talented executive officers and fostering improvement in the Company's performance, which will ultimately benefit the Company's stockholders. The Company's ability to implement its compensation philosophy and objectives is subject to compliance with the executive compensation requirements of Dodd-Frank and the Interagency Guidance on Sound Incentive Compensation. The Company redeemed all preferred stock under the Capital Purchase Program of TARP on June 27, 2012, and thus were restricted by its requirements until such time. See Capital Purchase Program under the TARP Executive Compensation Requirements for a summary of such requirements.

In 2009, as a result of the challenging economic environment and a decline in the Company's profitability, and with the goal of maximizing stockholder profitability, the Company instituted several cost saving measures in the employee compensation area, including freezing base salaries for all employees, with the exception of

Table of Contents

certain promotions, market adjustments or other changes in response to critical circumstances. The Company also reduced its auto allowance in June 2009, with the highest level of reduction for NEOs, suspended the Bank's 401(k) Plan matching in September 2009, eliminated the Company's contribution to the Bank's Employee Stock Ownership Plan (ESOP) for 2009 and implemented other smaller cost saving measures.

In 2010, as the economy began to recover and the Company moved toward profitability, the Company reinstated some employee compensation benefits, including resuming the Bank's 401(k) Plan matching starting January 1, 2011, reinstating the auto allowance mid-year to the same levels existing in early 2009 and making a contribution to the Bank's ESOP. Additionally, in 2011, we reinstated typical salary adjustments. In 2012, the Company gave salary adjustments of 2-3% to most staff and made market adjustments to reflect the prevailing wages of our peer group for certain positions.

Roles and Responsibilities of the Human Resources and Compensation Committee

The Compensation Committee of the board of directors has strategic and oversight responsibility for the compensation and benefits programs of the Company. The Compensation Committee reviews the compensation recommendations made by the Chief Executive Officer for employees at the Executive Vice President level and any other Chief Officers who are not Executive Vice Presidents (the Chief Risk Officer and Chief Internal Auditor are each Senior Vice Presidents) to determine whether the compensation paid to such employees is reasonable and competitive and whether such compensation serves the interests of the Company's stockholders. The Chief Risk Officer reports directly to the Board Risk and Compliance Committee (BRCC) and the Chief Internal Auditor reports directly to the Audit Committee (AC). The Chairs of the BRCC and the AC, respectively, also provide input on compensation decisions for the the CRO and CIA, in conjunction with the Compensation Committee. The Compensation Committee is also responsible for establishing, implementing, and monitoring the compensation structure, policies, and programs of the Company subject to the overall authority of the board of directors, including assessment of the risk profile of each compensation policy and practice, and for assessing and recommending to the board for approval of the total compensation paid to the Chief Executive Officer and Executive Vice Presidents of the Company. The Compensation Committee periodically reviews the pay practices of companies in our peer group to determine the appropriate compensation mix and levels for our executive officers. It is the policy of the Company to only engage compensation consultants who are independent, and only provide services related to the form and amount of executive and director compensation.

The Peer Group

Total direct compensation is mainly comprised of a base salary, annual cash incentive bonus and long-term equity or cash incentive awards, as discussed in more detail below. To determine the appropriate mix among these elements, the Compensation Committee evaluates the pay practices of its peers. The Compensation Committee reviews compensation data obtained from a select group of comparable banking institutions identified by the Company. The 2009 peer group consisted of the following banks: Center Financial Corporation, Columbia Banking System, Inc., CVB Financial Corp., First Interstate BancSystem, Inc., Westamerica Bancorporation, West Coast Bancorp and Wilshire Bancorp, Inc.

In 2010, no peer group compensation review and analyses were conducted because the Company decided to freeze base salaries, subject to certain limited exceptions.

In 2011, we hired EW Partners (EW) to conduct an extensive executive compensation review and analysis, in connection with our merger with Center Financial Corporation. The Company has engaged EW to assist the Company in its executive compensation review and analysis. EW's review included an evaluation of the total compensation for all the executive level positions, including: base pay, short-term incentives (bonus) and long-term incentives (equity). The purpose of the evaluation was to ensure that the Company is competitively positioned to retain the current management team, and to determine the appropriate level of compensation for the executive team once the organizations were merged. EW used asset size and geography to

Table of Contents

assess market competitive compensation, including financial institutions with assets between \$3.8 billion and \$7.2 billion located in the western United States. The 2011 peer group consisted of the following banks: Banner Corporation, Columbia Banking System, Inc., CVB Financial Corp., Farmers & Merchants Bank of Long Beach, First Interstate BancSystem, Inc., Glacier Bancorp, Inc., Westamerica Bancorporation and Western Alliance Bancorporation.

EW also analyzed survey data from the 1) 2010 / 2011 Financial Institutions Benchmark Compensation Report (asset size between \$2 billion and \$9.9 billion), the 2) State of California Department of Financial Institutions' 3rd Annual Executive Officer and Director Compensation Survey, effective June 1, 2010 (asset size over \$1 billion), the 3) Executive Assessor developed by the Economic Research Institute, as of April 2011 (financial institutions in California between \$3 billion and \$5 billion) and 4) the 2010 California Bankers Association Compensation & Benefits Survey (asset size between \$1 billion and \$20 billion). Given their peer analysis and the Company's current compensation scheme at the executive level, and the performance of the Company and the executive management team, EW recommended to the CEO and the Compensation Committee, that executive salaries should be increased in 2011, to move compensation closer to the market median.

In 2012, the Company completed an internal analysis of our pay standards, for our CEO, CFO and COO with a peer group made up of U.S. public commercial banks with total assets plus or minus 30%, with a deposit to asset ratio of greater than 50%, brokered deposits to deposit ratio of less than 33%, CRE loans to total loans ratio of greater than 33% and a total assets of parent corporation of less than 150% of BBCN Bancorp. The peer group consisted of: Park National Bank, Citizens Business Bank, First Financial Bank NA, Boston Private Bank and Trust Company, First Commonwealth Bank, Santa Barbara Bank & Trust NA, BancFirst, Pacific Western Bank, WestAmerica Bank, Rockland Trust Company, Columbia State Bank, Pinnacle National Bank, Cole Taylor Bank, 1st Source Bank, TowneBank, Centennial Bank, Union First Market Bank and Bank of the Ozarks. The internal analysis found that in performance the Company ranked above the 75th percentile, but in pay for the CEO, CFO and COO the Company ranked at the 25th percentile. Following the Company's repayment of TARP, the Company will continue to assess its overall compensation policies relative to its competitors.

Elements of Compensation

The following describes in greater detail the objectives and policies underlying the elements of our compensation structure and the methodology we use for establishing the amount of each element for our NEOs:

Base Salary

We believe that our employees should be paid a base salary that is competitive with the salaries paid by companies in our peer group based on each employee's experience, performance, and geographic location. The results of the peer analysis completed by EW in 2011 showed that executive compensation was below the market median. To remedy this situation and incentivize the executive team, the Compensation Committee has determined to move the target base salary to market median over the next several years, if Company and individual performance support such an increase.

Each year, the Compensation Committee determines the target level of total annual cash compensation (salary and non-equity incentive compensation) for each NEO. The Compensation Committee considers a wide variety of factors in determining compensation levels, including the individual executive officer's performance, the Company's performance, the business or corporate function for which the executive is responsible, the nature and importance of the executive officer's position and role within the Company, the scope of the executive officer's responsibility or internal relationships and the current compensation package in place for the executive officer, including the executive officer's current annual base salary and potential bonus incentive awards under the Company's performance incentive plan.

Table of Contents

As discussed above, in 2009 and 2010, the Company implemented several cost saving measures in the employee compensation area, including freezing base salaries of all employees with the exception of certain promotions, market adjustments or other changes in response to critical circumstances. In 2010, the board of directors approved an increase in Alvin D. Kang's base salary to reflect his increased responsibilities resulting from being appointed Chief Executive Officer of the Company.

The Company returned to solid profitability in 2011, and reinstated management bonuses under the PIP plan (discussed below); however, no executives were included in the PIP bonuses paid in March 2012 for work done in 2011. Out of a sense of fairness, the CEO and Compensation Committee determined that no executive, even those not limited by the bonus restrictions of ARRA, would be eligible for a PIP bonus, even if they met all of their goals. Instead the Compensation Committee determined to give base salary increases to the NEOs and the executive team, to get them closer to market median, and in recognition of the financial turnaround of the Company and as an acknowledgment of their increased responsibilities due to the pending merger with Center Financial Corporation.

Annual Cash Incentive Bonus

Annual cash incentive bonuses are paid under the Company's Performance Incentive Plan (PIP). The PIP was developed to recognize and reward senior officers, including NEOs but excluding the Chief Executive Officer, who help enhance stockholder value, profitability and customer satisfaction and help meet the strategic goals of the Company. The PIP defines corporate and individual goals and establishes incentive award ranges for each level of management. The PIP also measures performance against agreed-upon goals in determining an incentive award. The PIP is administered by the Chief Executive Officer, and approved by the Compensation Committee. Annual cash incentive awards for the Chief Executive Officer are determined by the Compensation Committee based on achievement of strategic plan goals and performance against budget, both of which are approved by the board of directors. The CEO's goals are 100% based on the Bank Performance Goals.

We intend to continue our strategy of compensating NEOs and executives through programs that emphasize performance-based incentive compensation, with incentive criteria primarily tied to the Company's performance. In 2012, individual PIP goals were created for each NEOs focused on achieving the following bank performance goals: completing all significant merger integration steps, equal or exceed budgeted performance goals, increase average number of products / services used by customers by 10%, place in the top 22% in performance against peers, and establish a customer satisfaction survey and demonstrate improvement by 10% (Bank Performance Goals). All employees with a title of Senior VP or First VP were entitled to participate in the PIP, and each had both bank and individual goals assigned. The front office staff, who have primary responsibility for maintaining existing and generating new loan and deposit customers had a higher percentage of their goals based on individual performance and unit profitability while the back office staff, who focus their time on the administrative functions and supporting the front office staff, had goals were more heavily weighed on the achievement of risk management or efficiency goals. Most senior and mid-level managers were paid a bonus in March of 2013, for the work performed in 2012. All full-time employees received an individual holiday bonus of cash and gift cards worth approximately \$2200 in 2012.

For 2012, the NEO goals, other than Alvin D. Kang, were based 80% on the achievement of Bank Performance Goals and 20% on individual goals. This 80% was broken down equally between the five Bank Performance Goals. The Bank met or exceeded 100% of its performance goals relating to integration, budgeted performance, and performance against peers. The Bank met 50% of its performance goal related to increasing the average number of products and services used by customers and met 94% of its goal related to improving customer satisfaction.

Each of the NEOs, other than Alvin D. Kang, had individual goals related to strategic plan objectives and improving their areas of responsibility, comprising 20% of their total performance goals:

Bonita I. Lee, 1) meet strategic plan action items (15%), and 2) attend graduate banking school focused on leadership (5%). Ms. Lee met 100% of her individual goals.

Table of Contents

Philip E. Guldeman, 1) meet strategic plan action items (5%), 2) evaluate and implement appropriate changes in responsibilities for producing credit related schedules for SEC reports (5%), 3) implement customer profitability and loan pricing worksheet (5%) and 4) implement customer satisfaction survey and demonstrate improvement over the year (5%). Mr. Guldeman met 100% of all his individual goals other than #3, which he met 90%.

Douglas J. Goddard, 1) meet strategic plan action items (10%), 2) complete the preparation and documentation of the procedures, policies, and internal controls related to loan acquisition accounting. Expand to incorporate into M&A due diligence and planning (5%), 3) implement customer satisfaction survey and demonstrate improvement over the year (5%). Mr. Goddard met 100% of his individual goals other than #2, which he met 80%.

Jason K. Kim, 1) meet strategic plan action items (10%), 2) manage credit cost and delinquency ratio on SBA, auto and credit card units, receive satisfactory rating from U.S. SBA PLP audit, and address and mitigate any potential compliance issues (5%), 3) achieve new SBA loan origination of \$200MM in 2012, increase consumer auto lending, and accomplish organic growth through the opening of LPOs (5%). Mr. Kim met 90% of his strategic plan action items, 95% of his management goals, and 95% of his growth goals.

The determination of how incentive payments are allocated and paid to each NEO is recommended by the Chief Executive Officer to the Compensation Committee and reviewed by the board of directors. The Chief Executive Officer makes his recommendation after the completion of each NEO's annual performance incentive plan evaluation. The allocation of each year's performance incentive plan accrual, to be paid in the following year, is determined by the relative performance and contribution to the financial results of the Company by each NEO and achievement of individual performance under each NEO's performance incentive plan. In 2012, all BBCN employees who are First Vice Presidents, Senior Vice Presidents and Executive Vice Presidents are eligible to participate in the PIP, subject to the restrictions under TARP. In 2012, the five most highly compensated executives as determined from compensation in 2011, were Alvin D. Kang, Philip E. Guldeman, Bonita I. Lee, Mark H. Lee and Kyu S. Kim. Following the repayment of TARP, the Company was able to pay each of these executives a percentage of their bonus earned in 2012 in compliance with applicable TARP regulations.

Long-Term Equity Incentive Awards

Long-term incentive equity awards are an additional component of the Company's total compensation package for retaining and motivating executive officers. The Compensation Committee believes that equity-based compensation, including stock options and performance units, ensures that the Company's officers have a personal stake in the long-term success of the Company without encouraging such officers to take inappropriate or unnecessary risks. During the Company's history, long-term incentive equity awards have been granted every few years to help retain officers and secure their ongoing commitment to the Company. These long-term incentive awards have been granted under the 2000 Plan, the 2006 Plan and the 2007 Plan, as described under "Director Compensation" above. The Company will continue to review best practices periodically and reevaluate the frequency of grants in light of practices by peer group companies in a manner that is consistent with the compensation philosophy of the Company and stockholders' interests.

On February 10, 2012, the executive officers of the Company, including the NEOs were granted performance units worth approximately 45% of their base salary in 2011. The performance units will vest one-half after the first two years, and one-quarter each after the third and fourth year from the grant date, and will be subject to attainment of satisfactory individual performance review in each year of the vesting period.

Long Term Cash Incentive Plan

The Company has a Long Term Incentive Plan (LTIP) for NEOs. The LTIP requires the satisfaction of certain performance criteria by each participating NEO each year in order for the NEO to receive full credit for

Table of Contents

his or her potential yearly contribution. Performance criteria are determined in advance by the board of directors each year. For 2008, the performance criterion was that the Company must meet at least 80% of its return on assets and return on equity targets to be eligible for any contribution to an NEO's LTIP account. The Company did not meet this goal in 2008, which was the first year the LTIP was in effect, and thus, no amounts were accrued on or placed in any of the participating NEO's LTIP accounts. Out of an abundance of caution, due to the executive compensation restrictions imposed by the TARP Rules, the Company chose not to declare new performance criteria for the LTIP in 2009 and 2010, but under the terms of the LTIP the goals for 2008 would have remained in effect. The Company did not meet at least 80% of its return on assets and return on equity targets in 2009 and 2010 and thus no monies were accrued on or placed in any of the participating NEO's LTIP accounts. The LTIP allows for vesting of the contribution portion already accrued for an executive officer's deferred compensation account, whether vested or not, upon the occurrence of a double trigger, that is both a change in control of the Company and a separation from service for good cause within twelve months of the change in control event.

In 2011, the Company did not change the performance criterion from 2008, and thus the same goal was in effect for 2011. The Company met its performance criterion of at least 80% of its return on assets and return on equity targets in 2011, and thus made a contribution of \$40,000 and \$30,000, to Alvin D. Kang and Kyu S. Kim's LTIP accounts, respectively.

The goal for 2012 will remain as the performance of at least 80% of its return on assets and return on equity targets. The Company attained the goals for 2012 and as such it accrued a contribution for Alvin D. Kang, Kyu S. Kim and Bonita I. Lee.

One current NEOs and one Executive Officer became a participant in the LTIP in 2008: Alvin D. Kang and Kyu S. Kim. The Company also entered into a LTIP agreement with Bonita Lee, our Chief Operating Officer, on February 12, 2009, which became effective upon the repayment of TARP funds on June 27, 2012. The LTIP is intended to incentivize executive officers to remain employed by the Bank for the long term and to provide a vehicle for NEOs to build a retirement fund beyond the Company's 401(k) plan. We believe that the stability of our executive management team is a key component to the Company's future success and growth.

According to the terms of his individual LTIP agreement, Alvin Kang will have up to \$40,000 per year, for the next five years beginning in 2008, placed in a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting on January 1, 2013.

Kyu Kim will have up to \$30,000 per year, for the next ten years beginning in 2008, placed in a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when she reaches 65 years of age.

Bonita Lee will have up to \$40,000 per year, for the next ten years beginning in 2009, placed in a deferred compensation account which accrues interest at an annual rate of 6.25%, to be paid out starting when she reaches 65 years of age.

As more fully explained above, since inception contributions have only been made in 2011 (\$40,000 for Alvin D. Kang and \$30,000 Kyu S. Kim) and 2012 ((\$40,000 for Alvin D. Kang, \$30,000 Kyu S. Kim and \$20,000 for Bonita I. Lee).

Bonita Lee and Kyu S. Kim have a five-year cliff vesting of up to 50% of their total potential contribution amounts plus accrued interest in their deferred compensation accounts, with an additional 10% vesting of the total potential contributions plus accrued interest in each of years six through ten. Alvin Kang had three year cliff vesting of up to 50% of the total potential contributions into the deferred compensation account plus accrued interest, with an additional 25% of the total potential contributions plus accrued interest in years four and five. Mr. Kang will begin receiving his payments under the LTIP, since he has terminated employment with the Company as of January 31, 2013, and all other requirements under his LTIP contract have been satisfied.

Deferred Compensation Plans

In 1996, the Bank established a deferred compensation plan that permitted eligible officers and directors to defer a portion of their compensation in order to retain qualified executives and directors. In July 1996, Mr. John H. Park entered into a deferred compensation agreements with the Bank. Currently, Mr. Park is the only director who has a right to participate in the Bank's deferred compensation plan. The deferred compensation plan has not been open to officers and directors of the Company since 1996.

Under the deferred compensation agreement, the total account balance will be paid out upon the earliest of the following events: departure from Company, death, disability, a change in control event, or normal retirement date (defined as 60 years of age). A change in control means the transfer of 51% or more of the Company's outstanding voting common stock.

Perquisites

The Company believes it is important to give customary perquisites to its NEOs which assist them in performing their responsibilities within the Company. Please see the footnotes to the Summary Compensation Table for details.

Broad-Based Employee Benefit Programs

The NEOs are entitled to participate in the benefits programs that are available to all full-time employees. These benefits include health, dental, vision, and life insurance, paid vacation, the Employee Stock Ownership Plan, and the Company contributions to the 401(k) Plan, if any.

Capital Purchase Program under the TARP Executive Compensation Requirements

In November of 2008, the Company entered into a Securities Purchase Agreement with the United States Department of the Treasury (the Treasury) as part of the Capital Purchase Program under the Treasury's TARP (CPP). Following the merger with CLFC, the Company had both Series A Preferred Stock and Series B Preferred Stock (collectively, the Preferred Stock) issued to the Treasury as part of its participation in CPP. Pursuant to CPP, the Company was required to comply with the requirements governing executive compensation of the EESA, ARRA and Interim Final Rule TARP Standards for Compensation and Corporate Governance (Interim Final Rule) during the period Treasury held our Preferred Stock. We believe we fully complied with the requirements of EESA, ARRA and Interim Final Rule (collectively, the TARP Rules) through June 27, 2012 (the TARP Period), when we completed the redemption of all of our Preferred Stock. During the TARP Period these requirements included the following:

Prohibition on Certain Types of Compensation. The TARP Rules prohibited us from providing incentive compensation arrangements that encourage our Senior Executive Officers to take unnecessary and excessive risks that threaten the value of the Company. It also prohibited us from implementing any compensation plan that would encourage manipulation of the reported earnings in order to enhance the compensation of any of our employees.

Risk Review. The TARP Rules required the Compensation Committee to meet with our senior risk officer at least semiannually to discuss and evaluate employee compensation plans in light of an assessment of any risk to us posed by such plans. The review is intended to better inform the Compensation Committee of the risks posed by the plans and the ways to limit such risks. The Compensation Committee performed this review, and its conclusions are included in its report which appears at the end of this CD&A.

Bonus Prohibition. The TARP Rules prohibited the payment of any bonus, retention award, or incentive compensation to our top five most highly compensated employees. The prohibition includes several limited exceptions, including payments under enforceable agreements that were in existence as

Table of Contents

of February 11, 2009 (such as the LTIP) and limited amounts of long-term restricted stock, as discussed below. We performed an extensive review of our compensation arrangements and have complied with all requirements of ARRA for 2012.

Limited Amount of Long Term Restricted Stock Excluded from Bonus Prohibition. The TARP Rules permitted us to pay a limited amount of long-term restricted stock. The amount was limited to one-third of the total annual compensation of the employee. ARRA requires such stock to have a minimum 2-year vesting requirement and be subject to transfer restrictions that lapse in 25% increments as the CPP obligation is repaid.

Golden Parachutes. The TARP Rules prohibited any severance payment to any Senior Executive Officer or any of the next five most highly compensated employees upon termination of employment for any reason. ARRA provided an exception for amounts that were earned or accrued prior to termination, such as normal retirement benefits.

Claw back. The TARP Rules require us to recover any bonus or other incentive payment paid to Senior Executive Officers and the next 20 most highly compensated employees on the basis of materially inaccurate financial or other performance criteria.

Limit on Tax Deduction. We contractually agreed to abide by a provision of the TARP Rules which limit our tax deduction for compensation paid to any Senior Executive Officer to \$500,000 annually. This provision amended the Internal Revenue Code by adding a new Section 162(m)(5), which imposes a \$500,000 deduction limit.

Stockholder Say-on-Pay Vote Required. The TARP Rules required us to include a nonbinding stockholder vote to approve the compensation of executive officers as disclosed in this document.

Policy on Luxury Expenditures. The TARP Rules required us to implement a company-wide policy regarding excessive or luxury expenditures, including excessive expenditures on entertainment or events, office and facility renovations, aviation or other transportation services. This policy is available on the Bank's website.

Reporting and Certification. The TARP Rules required our Chief Executive Officer and Chief Financial Officer to provide a written certification of compliance with the executive compensation restrictions in our annual report. ARRA also required certain disclosures and certifications by the Compensation Committee, which is included in its report at the end of this CD&A.

Although the Company redeemed the preferred shares held by the Treasury on June 27, 2012, we still will comply with the TARP Rules reporting requirements for 2012. We also intend to continue to monitor, and plan to maintain some of the procedures originally put in place under our compliance with ARRA and TARP, including monitoring all incentive compensation plans and potential luxury expenditures.

Tax Deductibility of Executive Officer Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its Chief Executive Officer or any of its four highest paid executive officers other than the Chief Executive Officer, unless certain criteria are satisfied. However, performance-based compensation that has been approved by stockholders is excluded from the \$1 million limit. The Company plans to comply with the deduction requirements of Section 162(m).

The ARRA has reduced the deduction allowable under Section 162(m) to \$500,000 for its Senior Executive Officers as defined under Title VII Section 111(a)(1) during the TARP Period. The Company has implemented a mechanism to monitor its tax reporting in order to meet the requirements of Section 162(m).

Compensation Committee Interlocks and Insider Participation

The members of our Human Resources and Compensation Committee are Messrs. Chang Hwi Kim (Chair), Steven D. Broidy, Sang Hoon Kim, Chung Hyun Lee, John H. Park and Scott Yoon-Suk Whang. None of the members of the Compensation Committee has ever been an officer or employee of the Company or any of its subsidiaries.

Human Resources and Compensation Committee Report

The following report does not constitute soliciting material and should not be deemed incorporated by reference into any other filings by the Company under the Securities Act of 1933, as amended, or the Securities Act of 1934, as amended, except to the extent we may specifically incorporate the information contained in this report by reference thereto.

The Human Resources and Compensation Committee (Compensation Committee) has reviewed and discussed the CD&A included in this document with management and based on its review and discussions, has recommended to the board of directors that the CD&A be included in the Company s Annual Report on Form 10-K and proxy statement.

In addition, the Compensation Committee certifies that:

1. It has reviewed with the senior risk officer the senior executive officer, as defined by EESA, compensation plans and has made all reasonable efforts to ensure that these plans do not encourage senior executive officers to take unnecessary and excessive risks that threaten the value of the Company;
2. It has reviewed with the senior risk officer the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to the Company; and
3. It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of the Company to enhance the compensation of any employee.

In connection with the Company s participation in the CPP, which ended effective June 27, 2012, the Compensation Committee is required to meet at least semi-annually with the Company s Chief Risk Officer or other senior risk officers to discuss and review any incentive or bonus compensation arrangements for NEOs and other employees that might promote unnecessary and excessive risk-taking and jeopardize the institution s value and also that employee compensation plans do not encourage behavior focused on short-term results or manipulation of reported earnings. In response to this requirement, the Compensation Committee met with the Company s Chief Risk Officer in February 2012.

All senior executive officer compensation plans of the Company are currently operating or suspended within the constraints of the CPP. At the time of the review, the senior executive officer compensation plans consisted of a deferred compensation agreement, Long Term Incentive Plan, Performance Incentive Plan and Bank defined contribution plans.

Upon review of each senior executive officer compensation plan, the Compensation Committee determined that none of the plans encouraged any senior executive officer to take unnecessary and excessive risks that threaten the value of the Company. The Compensation Committee determined that the risk level of each such plan ranged from zero to minimal risk. For any plan that might have minimal risk, the Compensation Committee determined that the inherent controls of the plan and the manner of its implementation ensured appropriate mitigation of risks.

Table of Contents

The Compensation Committee also reviewed employee compensation plans. The employee compensation plans include commissions paid to business development officers, relationship managers and loan production managers, according to standards set by the Company, PIP performance based bonuses, grants of performance units, the SBA Loan Referral Program, the CRE Loan Retention Incentive Program, the C&I Loan Employee Incentive Plan and the Deposit Incentive Program.

Based on its review, the Compensation Committee believes that the features of the employee compensation plans, along with the systems of controls in place, do not encourage unnecessary or excessive risks or, if there is any risk, such risk has been appropriately limited and does not encourage the manipulation of reported earnings to enhance the compensation of any employee. With respect to the plans, the Compensation Committee determined that loan default risks to the Company were minimized by the Company's and Bank's loan risk prevention measures, which include stringent lending policies and procedures, oversight by various loan committees and a loan review and risk monitoring system.

This certification and narrative are being provided in accordance with the requirement of the Interim Final Rule of the Treasury, TARP Standards for Compensation and Corporate Governance, issued June 15, 2009.

Respectfully submitted by the members of the Compensation Committee of the board of directors:

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Approving Related Party Transactions

We conduct a review of all related party transactions for potential conflict of interest situations on an ongoing basis, and all such transactions must be reviewed by the Nomination and Governance Committee and ultimately reviewed and approved by the Company's board of directors. As required under its charter, the Nomination and Governance Committee is responsible for reviewing each director's independence (according to the Nasdaq Stock Market and the Securities and Exchange Commission standards) and for making recommendations to the full board based on its findings. The Nomination and Governance Committee has determined that each of the directors, other than Kevin S. Kim, is independent in accordance with such standards. The Nomination and Governance Committee charter can be found on our website at www.BBCNbank.com.

Our Code of Ethics and Business Conduct for employees requires employees who may have a potential or apparent conflict of interest to notify their supervisor or the Ethics Officer. Our Director Code of Ethics and Business Conduct requires directors to notify the chair of the Nomination and Governance Committee. A potential conflict is considered to exist whenever an individual has an outside interest—direct or indirect—which conflicts with the individual's duty to the Company or adversely affects the individual's judgment in the discharge of his or her responsibilities at the Company. Prior to consideration of a related party transaction, our board of directors requires full disclosure of all material facts concerning the relationship and financial interest of the relevant individuals in the transaction. The board then determines whether the terms and conditions of the transaction are more or less favorable to the Company than those offered by unrelated third parties. Once the board determines that the terms and conditions are substantially similar to those offered by unrelated parties, the transaction may be permitted if it is approved by a majority of the independent directors entitled to vote on the matter with the interested director abstaining.

All of the transactions reported below were approved by our board of directors in accordance with these policies and procedures, and we believe that the terms of these transactions were not less favorable to us as those we could have obtained from unrelated third parties. The employee and director Code of Ethics and Business Conduct can be found on our website at www.BBCNbank.com.

To identify related party transactions, each year we require our directors and NEOs to complete director and officer questionnaires identifying any transaction with us or any of our subsidiaries in which the officer or director or their family members have an interest. In addition, director independence is discussed on a regular basis at the Nomination and Governance Committee, and the Bank tracks all deposit accounts on a daily basis and loan accounts on a quarterly basis. Directors and NEOs are expected to notify the Legal Department of any updates to the information supplied in the questionnaire occurring after the date of its completion.

There are no existing or proposed material transactions between the Company or BBCN Bank and any of our officers, directors, nominees or principal stockholders or the immediate family or associates of the foregoing persons, except as indicated below.

Transactions Considered

Some of the directors and officers of the Company and/or the Bank and the immediate families and the business organizations with which they are associated, are customers of, and have had banking transactions with, BBCN Bank in the ordinary course of our business and we expect to have banking transactions with such persons in the future. All loans made to such persons have been made in the ordinary course of business; on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans with persons not related to the lender; and do not involve more than a normal risk of collectability or present other unfavorable features.

ELECTION OF DIRECTORS AND OTHER PROPOSALS TO BE CONSIDERED AT THE BBCN ANNUAL MEETING

Unless otherwise indicated or the context otherwise requires, references to we, our, us or the Company in the following sections of this document that relate to the other proposals to be considered at the BBCN annual meeting are to BBCN Bancorp, Inc., including its subsidiary, BBCN Bank.

BBCN Proposal 1: Election of Directors

Our Certificate of Incorporation and Bylaws provide that the number of directors may be no less than five and no more than twenty-five, with the exact number to be fixed by resolution of the board of directors or stockholders. Currently, the board of directors has nine members.

The board of directors has nominated the following nine individuals to serve as the Company's directors until the next annual meeting of stockholders and until their successors are elected and qualified:

Steven D. Broidy

Louis M. Cosso

Jin Chul Jhung

Kevin S. Kim

Peter Y.S. Kim

Sang Hoon Kim

Chung Hyun Lee

Jesun Paik

Scott Yoon-Suk Whang

The proxy holders will vote all proxies for the election of the nine nominees listed above unless authority to vote for the election of any of the directors is withheld. The nine nominees receiving the highest number of affirmative votes of the shares entitled to be voted for the election of directors shall be elected as directors. Abstentions and votes cast against nominees will have no effect on the election of directors. If any of the nominees should become unable to serve as a director, the proxies solicited hereby may be voted for a substitute nominee designated by the board of directors. Each nominee has agreed to serve if elected and the board of directors has no reason to believe that any nominee will become unavailable.

The nominees: Steven D. Broidy, Louis M. Cosso, Jin Chul Jhung, Kevin S. Kim, Peter Y.S. Kim, Sang Hoon Kim, Chung Hyun Lee, Jesun Paik, and Scott Yoon-Suk Whang, are currently directors of the Company who were previously elected by the stockholders at the 2012 Annual Stockholder's Meeting. It is the Company's policy to encourage its directors and nominees for election as directors to attend the annual meeting. All of the director nominees attended our 2012 annual meeting of stockholders.

The Nasdaq Stock Market listing standards require that a majority of the members of a listed company's board of directors qualify as independent, as affirmatively determined by the board of directors. The board of directors consults with the Company's counsel to ensure that the board of directors' determinations of independence are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the Nasdaq Stock Market, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and KPMG, LLP, the board of directors affirmatively has determined that all of our directors, other than our Chairman and Chief Executive Officer Kevin S. Kim, are independent directors within the meaning of the applicable the Nasdaq Stock Market listing standards. See Board Leadership Structure.

The following is a brief description of our current directors, each of whom has been nominated by the board of directors for election as director. The Company knows of no arrangements, including any pledge by any person of the Company's securities, the operation of which may, at a subsequent date, result in a change in control of the Company. Table of Contents**BBCN Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm**

The Audit Committee of the board of directors has selected KPMG LLP (KPMG) as our independent registered public accounting firm for the year ending December 31, 2013 and has further directed that the selection of KPMG be submitted for ratification by the stockholders at the annual meeting. KPMG became our independent registered public accounting firm on March 15, 2012, replacing Crowe Horwath, LLP who acted as our independent registered public accounting firm since September 17, 2004. KPMG acted as Center Financial Corporation s independent registered public accounting firm prior to its merger into Company.

Following a competitive request for proposal process undertaken by the Audit Committee, the Company engaged KPMG effective March 15, 2012 as the Company s independent registered public accounting firm for the fiscal year ending December 31, 2012 and dismissed its prior audit firm, Crowe Horwath LLP (Crowe Horwath). The change in accountants was not a result of any dissatisfaction with the quality of professional services rendered by Crowe Horwath. Crowe Horwath was the independent registered public accounting firm for the former Nara Bancorp, Inc., and KPMG was the independent registered public accounting firm for the former Center Financial Corporation (CLFC). The audited financials for the fiscal years ended December 31, 2010 and December 31, 2011 did not contain an adverse opinion or a disclaimer of opinion and was not qualified as to uncertainty in audit scope or accounting principles. The decision to change registered public accounting firms and the appointment of the new registered public accounting firm was made by the Audit Committee.

In the two fiscal years ended December 31, 2011 and 2010, and for the periods through the date of the dismissal, March 15, 2012, there have been no disagreements between the Company and Crowe Horwath on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to Crowe Horwath s satisfaction, would have caused Crowe Horwath to make reference to the subject matter of the disagreement in connection with its opinion on the Company s consolidated financial statements for such year, and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The following table provides a summary of the various fees paid to Crowe Horwath and KPMG in 2011 and 2012:

Summary of Fees to Independent Registered Public Accounting Firm

	2011	2012 (Crowe)	2012 (KPMG)
Audit Fees	\$ 730,500	0	\$ 609,500
Audit Related Fees	138,661	\$ 41,825	0
All Other Fees	3,785	0	0
Total Fees	\$ 872,946	\$ 41,825	\$ 609,500

Audit Fees. The audit fees include only fees that are customary under generally accepted auditing standards and are the aggregate fees that we incurred for professional services rendered for the audit of our annual consolidated financial statements for fiscal years 2011 and 2012. Crowe Horwath s audit fees include the fees for the audit of the 2011 consolidated financial statements and internal controls over financial reporting and review of our quarterly consolidated financial statements included in the quarterly Form 10-Q filings for 2011. KPMG s audit fees include the fees for the audit of the 2012 consolidated financial statements and internal control over financial reporting and review of our quarterly consolidated financial statements included in our quarterly Form 10-Q filings for 2012.

Audit Related Fees. Crowe Horwath s audit related fees for 2011 were for comfort letter procedures for the stock offering and providing their consent to include the Auditor s opinion in various registration statements filed on Form S-3 and S-4. Crowe Horwath s 2012 audit related fees were for the issuance of consents for the 2012 Form 10-K filing, and for the Form S-4 filing.

Table of Contents

Tax Fees. No tax fees were incurred in 2011 and 2012.

All Other Fees. All other fees include, in 2011, the aggregate fees billed for services other than audit services, including providing software licenses for the Accounting Research Manager database and providing data base management software to facilitate communications related to the external audit. The Audit Committee considered whether the provision of non-audit services is compatible with maintaining the independence of Crowe Horwath.

Pre-Approval Policies and Procedures.

The Audit Committee has adopted policy and procedures for the approval in advance of audit and non-audit services rendered by our independent auditor. The policy requires advance approval of all services before the independent auditor is engaged to provide such services. The advance approval of services may be delegated to the Chair of the Audit Committee who has authority to approve up to \$25,000, to be ratified at the next scheduled Audit Committee meeting. A copy of the Company's policy regarding the approval of audit and non-audit services provided by the independent auditor is attached as Appendix A to this document.

The Company anticipates that a representative of KPMG will be present at the annual meeting and will be available to respond to your appropriate questions and make such statements as the representative may desire.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG as the Company's independent registered public accounting firm. However, we are submitting the selection of KPMG to the stockholders for ratification to obtain our stockholders' views. If the stockholders fail to ratify the selection of KPMG, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the board of directors in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee of the board of directors determines that such a change would be in our best interests and the best interests of our stockholders.

The affirmative vote of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the annual meeting will be required to ratify the selection of KPMG. Abstentions will be counted toward the tabulation of votes cast on proposals presented to stockholders and will have the same effect as negative votes.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR APPROVAL OF PROPOSAL NO. 2.

BBCN Proposal 3: Nonbinding Advisory Vote to Approve Executive Compensation

The Company believes that our overall executive compensation program, as described in this proxy statement, is designed to pay for performance and directly aligns the interest of our executive officers with the long-term interests of our stockholders.

The Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) enables our stockholders to vote to approve, on a nonbinding basis, the compensation of our NEOs as disclosed in this proxy statement in accordance with the SEC's rules. Accordingly, the Company gives you the stockholder the opportunity to vote for or against the following resolution:

Resolved, that the stockholders of BBCN Bancorp, Inc. (BBCN) hereby approve the compensation of our Named Executive Officers as reflected in the Summary Compensation Table of BBCN's Proxy Statement for the 2013 Annual Meeting of Stockholders, including the Compensation Discussion and Analysis, the executive compensation tables and narrative discussion contained in the Proxy Statement.

Because your vote is advisory, it will not be binding upon the Board of Directors. In the event this nonbinding proposal is not approved by our stockholders, then such a vote shall neither be construed as overruling a decision by our Board of Directors or our Compensation Committee, nor create or imply any additional fiduciary duty by our Board of Directors or our Compensation Committee, nor further shall such a vote be construed to restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. Notwithstanding the foregoing, the Board of Directors and Compensation Committee will consider the nonbinding vote of our stockholders on this proposal when reviewing compensation policies and practices in the future.

Stockholders are encouraged to carefully review the Compensation Discussion and Analysis section of this document for a detailed discussion of the Company's executive compensation program.

Our overall executive compensation policies and procedures are described in the Compensation Discussion and Analysis and the tabular disclosure regarding Named Executive Officer compensation (together with the accompanying narrative disclosure) in this document. We believe that our compensation policies and procedures are centered on a pay-for-performance culture and are aligned with the long-term interests of our stockholders, as described in the Compensation Discussion and Analysis. The Compensation Committee, which is comprised entirely of independent directors oversees our executive compensation program and continually monitors our policies to ensure they continue to emphasize programs that reward executives for results that are consistent with stockholder interests.

Our board and our Compensation Committee believe that our commitment to these responsible compensation practices justifies a vote by stockholders FOR the resolution approving the compensation of our executives as disclosed in this document.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE NONBINDING RESOLUTION APPROVING THE COMPENSATION OF EXECUTIVES.

BBCN PROPOSAL NO. 4: NONBINDING

ADVISORY STOCKHOLDER VOTE ON THE FREQUENCY OF FUTURE ADVISORY

VOTES ON EXECUTIVE COMPENSATION

The Board of Directors Recommends That You Vote For the Option of Every Year as the Preferred Frequency for Future Advisory Votes on Executive Compensation

As described in Proposal 3 above, the Company's stockholders have the opportunity to cast an advisory vote on approval of the compensation of the Company's NEOs as disclosed in this proxy statement. The Dodd-Frank Act also enables our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our NEOs. By voting on this Proposal 4, stockholders may indicate whether they would prefer an advisory vote on executive compensation every year, every two years, or every three years. Stockholders also may, if they wish, abstain from casting a vote on this proposal.

Upon careful consideration, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year is most appropriate for the Company, and recommends that you vote for a frequency of every year for future advisory votes on executive compensation. We believe that an annual advisory vote will enable our stockholders to provide timely, direct input on the Company's executive compensation program as disclosed in the proxy statement each year, and is consistent with our efforts to engage in an ongoing dialogue with our stockholders regarding executive compensation.

This vote is advisory and not binding on the Company, our Compensation Committee, or our Board of Directors. The Board of Directors and the Compensation Committee value the opinions expressed by the stockholders and will consider the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE OPTION OF EVERY YEAR AS THE PREFERRED FREQUENCY FOR FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.

You will be required to pay the expenses for copying and mailing of the exhibits.

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those share/stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are BBCN Bancorp, Inc., stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker and direct your written request to BBCN Bancorp, Inc., Attention: Investment Relations, 3731 Wilshire Blvd., Suite 1000, Los Angeles, CA 90010 or telephone Angie Yang at (213) 639-1700. As part of this responsibility, the Audit Committee is required to approve the audit and non-audit services performed by the independent auditor in order to assure that they do not impair the auditor's independence from the Company. The Sarbanes-Oxley Act of 2002 (the Act) and the rules and regulations adopted by the Securities and Exchange Commission (SEC) thereunder contain detailed requirements specifying the types of non-audit services that an independent auditor may not provide to its audit client and the Audit Committee's administration of the engagement of the independent auditor. The Audit Committee may delegate to the Chair of the Audit Committee, who is independent as defined under applicable Nasdaq rules, the authority to grant approval of permitted services to be provided by the independent auditor up to \$25,000. The decision of the Chair to approve a permitted service shall be reported to the Audit Committee at each of its regularly scheduled meetings.

All fees paid to the Company's independent auditor will be disclosed in the Company's annual proxy statement in accordance with applicable SEC rules. Subject to SEC rules, the annual proxy statement should include disclosure of the amount of Audit Related Fees and other fees required to be disclosed by the rules.

3. Actuarial Services. The independent auditor cannot provide insurance actuarial-oriented advisory services unless the Company uses its own actuaries or third party actuaries to provide management with the primary actuarial capabilities, and management accepts responsibility for the actuarial methods and assumptions.
