ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we have filed with the U.S. Securities and Exchange Commission, or the SEC, utilizing a shelf registration process. Under this shelf registration process, we may, from time to time, sell senior debt securities in one or more offerings.

Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of the securities offered, including the specific amounts, prices and terms of the securities. The prospectus supplement may also add, update or change information contained in this prospectus.

You should carefully read both this prospectus and any applicable prospectus supplement together with additional information described below under the headings "Where You Can Find More Information" and "Incorporation by Reference".

In this prospectus, we, us, our or Company refer to Grupo Televisa, S.A.B. and, where the context requires, its consolidated entities. Group refers to Grupo Televisa, S.A.B. and its consolidated entities. Unless otherwise specified, references to Ps. or Pesos in this prospectus are to Mexican Pesos, the legal currency of Mexico; and references to Dollars, U.S. Dollars, \$, or U.S.\$ are to United States dollars, the legal currency of the United States.

This prospectus contains translations of certain Peso amounts into U.S. Dollars at specified rates solely for the convenience of the reader. The exchange rate translations contained in this prospectus should not be construed as representations that the Peso amounts actually represent the U.S. Dollar amounts presented or that they could be converted into U.S. Dollars at the rate indicated, or at all. Unless otherwise indicated, the exchange rate used in translating Pesos into U.S. Dollars in calculating the convenience translations included herein is determined by reference to the interbank free market exchange rate, or the Interbank Rate, as reported by *Banco Nacional de México, S.A.*, or Banamex, as of March 31, 2013, which was Ps.12.3406 per U.S. Dollar.

ENFORCEABILITY OF CIVIL LIABILITIES

Substantially all of our directors, executive officers and controlling persons reside outside of the United States, all or a significant portion of the assets of our directors, executive officers and controlling persons, and substantially all of our assets, are located outside of the United States and some of the experts named in this prospectus also reside outside of the United States. RISK FACTORS

An investment in our debt securities involves risk. We have set forth risk factors in our most recent annual report on Form 20-F, which is incorporated by reference in this prospectus. We have also set forth below certain additional risk factors that relate specifically to securities we may offer using this prospectus. We may include further risk factors in more recent reports on Form 6-K incorporated in this prospectus by reference, or in a prospectus supplement. You should carefully consider all these risk factors in addition to the other information presented or incorporated by reference in this prospectus.

Risk Factors Related to the Senior Debt Securities

We Have Substantial Indebtedness and May Incur Substantial Additional Indebtedness; Some or All of Our Existing Indebtedness May Mature Prior to the Maturity of the Senior Debt Securities Offered Hereby

We now have and will continue to have after the issuance of the senior debt securities offered hereby a substantial amount of indebtedness outstanding. At March 31, 2013, we and our subsidiaries had Ps.57,505.9 million (equivalent to U.S.\$4,659.9 million) of indebtedness on a consolidated basis and before unamortized finance costs of Ps.782.0 million as of that date. In addition, the indenture governing the senior debt securities does not limit our ability, or the ability of our subsidiaries, to incur additional indebtedness, and we may incur indebtedness in connection with our business, including borrowings to fund investments and acquisitions. Such additional borrowings could materially adversely affect our financial position and results of operations. To the extent our restricted or unrestricted subsidiaries borrow money, whether on a secured or an unsecured basis, that indebtedness will effectively rank senior to the senior debt securities offered hereby, which will not be guaranteed by our subsidiaries. The degree to which we are leveraged may impair our ability to internally fund or obtain financing in the future for working capital, capital expenditures, acquisitions or other general corporate purposes and may limit our flexibility in planning for or reacting to changes in market conditions and industry trends. As a result, we may be more vulnerable in the event of a substantial downturn in general economic conditions in Mexico or other markets in which we participate.

The indenture permits us to designate existing or new subsidiaries as unrestricted subsidiaries and does not restrict our ability or the ability of our unrestricted subsidiaries to pledge shares of capital stock or assets of our unrestricted subsidiaries. In addition, our ability and our restricted subsidiaries' ability to pledge assets is subject only to the limited restrictions contained in the indenture, and we and our restricted subsidiaries can incur senior secured indebtedness subject only to those limited restrictions. To the extent we pledge shares of capital stock or other assets to secure indebtedness, the indebtedness so secured will effectively rank senior to the senior debt securities offered hereby to the extent of the value of the shares or other assets pledged. The indenture also does not restrict the ability of our unrestricted subsidiaries to pledge shares of capital stock or other assets that they own to secure indebtedness. See Description of the Senior Debt Securities .

The indenture does not restrict the ability of the Company to lend its funds to, or otherwise invest in, its subsidiaries, including its unrestricted subsidiaries. If the Company were to lend funds to, or otherwise invest in, its subsidiaries, creditors of such subsidiaries could have a claim on their assets that would be senior to the claims of the Company. See We Are a Holding Company With Our Assets Held Primarily by Our Subsidiaries; Creditors of Those Companies Have a Claim on Their Assets That Is Effectively Senior to That of Holders of the Senior Debt Securities .

Some or all of our outstanding indebtedness may mature prior to the maturity date of the senior debt securities offered hereby. If we cannot generate sufficient cash flow from operations to meet our obligations (including payments on the senior debt securities offered hereby at their maturity), then our indebtedness (including the senior debt securities offered hereby) may have to be refinanced. Any such refinancing may not be effected successfully or on terms that are acceptable to us. In the absence of such refinancings, we could be

forced to dispose of assets in order to make up for any shortfall in the payments due on our indebtedness, including interest and principal payments due on the senior debt securities offered hereby, under circumstances that might not be favorable to realizing the best price for such assets. Further, any assets may not be sold quickly enough, or for amounts sufficient, to enable us to make any such payments. If we are unable to sell sufficient assets to repay this debt we could be forced to issue equity securities to make up any shortfall. Any such equity issuance would be subject to the approval of Emilio Azcárraga Jean who has the voting power to prevent us from raising money in equity offerings. In addition, the terms of our bank loans require us to maintain compliance with certain financial covenants. See Item 5 Operating and Financial Review and Prospects Results of Operations Liquidity, Foreign Exchange and Capital Resources Indebtedness included in the 2012 Form 20-F or similar sections in our future filings. If we cannot maintain such compliance, this indebtedness could be accelerated.

We Are a Holding Company With Our Assets Held Primarily by Our Subsidiaries; Creditors of Those Companies Have a Claim on Their Assets That Is Effectively Senior to That of Holders of the Senior Debt Securities

We are a holding company with no significant operating assets other than through our ownership of shares of our subsidiaries. We receive substantially all of our operating income from our subsidiaries. The Company is the only company obligated to make payments under the senior debt securities offered hereby. Our subsidiaries are separate and distinct legal entities and they will have no obligation, contingent or otherwise, to pay any amounts due under the senior debt securities offered hereby or to make any funds available for any of those payments. The senior debt securities offered hereby will be senior unsecured obligations of the Company ranking *pari passu* with other unsubordinated and unsecured obligations of the Company. Claims of creditors of our subsidiaries, including trade creditors and banks and other lenders, will effectively have priority over the holders of the senior debt securities offered hereby with respect to the assets of our subsidiaries. In addition, our ability to meet our financial obligations, including obligations under the senior debt securities offered hereby, will depend in significant part on our receipt of cash dividends, advances and other payments from our subsidiaries. In general, Mexican corporations may pay dividends only out of net income, which is approved by stockholders. The stockholders must then also approve the actual dividend payment after we establish mandatory legal reserves (5% of net income annually up to at least an amount equal to 20% of the paid-in capital) and satisfy losses for prior fiscal years. The ability of our subsidiaries to pay such dividends or make such distributions will be subject to, among other things, applicable laws and, under certain circumstances, restrictions contained in agreements or debt instruments to which we, or any of our subsidiaries, are parties. In addition, third parties own substantial interests in certain of our other businesses such as Cablevisión and Innova. Accordingly, we must share with minority stockholders any dividends paid by these businesses.

Claims of creditors of our subsidiaries, including trade creditors, will generally have priority as to the assets and cash flows of those subsidiaries over any claims we and the holders of the senior debt securities offered hereby may have. For a description of our outstanding debt, see Item 5 Operating and Financial Review and Prospects Results of Operations Liquidity, Foreign Exchange and Capital Resources Indebtedness included in the 2012 Form 20-F or similar sections in our future filings.

In addition, creditors of the Company, including holders of the senior debt securities offered hereby, will be limited in their ability to participate in distributions of assets of our subsidiaries to the extent that the outstanding shares of any of our subsidiaries are either pledged as collateral to our other creditors or are not owned by us. As of the date of this prospectus, minority interests in several of our subsidiaries are held by third parties and a small portion of the shares of our subsidiaries are pledged as collateral. See Item 5 Operating and Financial Review and Prospects Results of Operations Liquidity, Foreign Exchange and Capital Resources Indebtedness and Net Income Attributable to Non-controlling Interests included in the 2012 Form 20-F. At March 31, 2013, our subsidiaries had Ps.37,969.9 million (equivalent to U.S.\$3,076.8 million) of liabilities (excluding liabilities to us and excluding guarantees by subsidiaries of our indebtedness), U.S.\$768.0 million of which was U.S. Dollar-denominated. These liabilities include Ps.9,724.7 million (equivalent to U.S.\$788.0 million) of

indebtedness, U.S.\$324.4 million of which was U.S. Dollar-denominated indebtedness (equivalent to Ps.4,002.7 million). All of these liabilities would effectively have ranked senior to the senior debt securities offered hereby. The indenture does not limit the amount of indebtedness which can be incurred by us or by our restricted or unrestricted subsidiaries.

Judgments of Mexican Courts Enforcing Our Obligations in Respect of the Senior Debt Securities Would Be Paid Only in Pesos

Under the *Ley Monetaria*, or the Mexican Monetary Law, in the event that any proceedings are brought in Mexico seeking performance of our obligations under the senior debt securities offered hereby, pursuant to a judgment or on the basis of an original action, we may discharge our obligations denominated in any currency other than Pesos by paying Pesos converted at the rate of exchange prevailing on the date payment is made. This rate is currently determined by the Mexican Central Bank every business day in Mexico and published the next business day in the *Diario Oficial de la Federación*, or the Official Gazette of the Federation, for application the following business day. As a result, if any senior debt securities offered hereby are denominated in a currency other than Pesos but are paid by us in Pesos to holders thereof, the amount received may not be sufficient to cover the amount of U.S. Dollars (or other currency, as applicable) that the holder of the senior debt security would have received under the terms of the senior debt securities. In addition, our obligation to indemnify against exchange losses may be unenforceable in Mexico.

In addition, in the case of our bankruptcy or *concurso mercantil*, or judicial reorganization, our foreign currency-denominated liabilities, including our liabilities under any senior debt securities offered hereby denominated in a currency other than Pesos, will be converted into Pesos at the rate of exchange applicable on the date on which the declaration of bankruptcy or judicial reorganization is effective, and the resulting amount, in turn, will be converted to UDIs, or inflation-indexed units. Our foreign currency-denominated liabilities, including our liabilities under any senior debt securities denominated in a currency other than Pesos, will not be adjusted to take into account any depreciation of the Peso as compared to the U.S. Dollar (or other currency, as applicable) occurring after the declaration of bankruptcy or judicial reorganization. Also, all obligations under the senior debt securities will cease to accrue interest from the date of the bankruptcy or judicial reorganization declaration, will be satisfied only at the time those of our other creditors are satisfied and will be subject to the outcome of, and amounts recognized as due in respect of, the relevant bankruptcy or judicial reorganization proceeding.

We May Not Have Sufficient Funds to Meet Our Obligation Under the Indenture to Repurchase the Senior Debt Securities Upon a Change of Control

Upon the occurrence of a change of control, we will be required to offer to repurchase each holder's senior debt securities at a price of 101% of the principal amount plus accrued and unpaid interest, if any, to the date of purchase. The terms of some or all of our other indebtedness, including additional indebtedness we may incur in the future, may contain similar requirements. We may not have the financial resources necessary to meet our obligations in respect of our indebtedness, including the required repurchase of senior debt securities offered hereby, following a change of control. We also may be restricted under the terms of other indebtedness from making such repurchase. If an offer to repurchase the senior debt securities offered hereby is required to be made and we do not have available sufficient funds to repurchase the senior debt securities, an event of default would occur under the indenture. The occurrence of an event of default will result in acceleration of the maturity of the senior debt securities offered hereby and other indebtedness. See Description of the Senior Debt Securities .

It May Be Difficult to Enforce Civil Liabilities Against Us or Our Directors, Executive Officers and Controlling Persons

We are organized under the laws of Mexico. Substantially all of our directors, executive officers and controlling persons reside outside the United States, all or a significant portion of the assets of our directors,

executive officers and controlling persons, and substantially all of our assets, are located outside of the United States, and some of the parties named in this prospectus also reside outside of the United States. As a result, it may be difficult for you to effect service of process within the United States upon these persons or to enforce against them or us in U.S. courts judgments predicated upon the civil liability provisions of the federal securities laws of the United States. We have been advised by our Mexican counsel, Mijares, Angoitia, Cortés y Fuentes, S.C., that there is doubt as to the enforceability, in original actions in Mexican courts, of liabilities predicated solely on U.S. federal securities laws and as to the enforceability in Mexican courts of judgments of U.S. courts obtained in actions predicated upon the civil liability provisions of U.S. federal securities laws. See Enforceability of Civil Liabilities .

There May Not Be a Liquid Trading Market for the Senior Debt Securities, Which Could Limit Your Ability to Sell Your Senior Debt Securities in the Future

The senior debt securities offered hereby will constitute one or more new issues of securities for which, prior to an offering of the applicable series of senior debt securities, there has been no public market, and the senior debt securities may not be widely distributed. Accordingly, an active trading market for any series of the senior debt securities may not develop. If a market for any series of the senior debt securities offered hereby does develop, the price of such senior debt securities may fluctuate and liquidity may be limited. If a market for any series of the senior debt securities offered hereby does not develop, purchasers may not be able to resell such senior debt securities for an extended period of time, if at all.

USE OF PROCEEDS

Unless indicated otherwise in any applicable prospectus supplement, we expect to use the net proceeds from the sale of the senior debt securities offered hereby for general corporate purposes. Additional information on the use of net proceeds from the sale of securities that we may offer from time to time by this prospectus and any prospectus supplement may be set forth in the applicable prospectus supplement relating to a particular offering.

DESCRIPTION OF THE SENIOR DEBT SECURITIES

We may issue senior debt securities from time to time in one or more distinct series. The debt securities will be issued under an indenture, dated as of August 8, 2000, which we refer to as the base indenture, between the Company, as issuer, and The Bank of New York Mellon (formerly known as The Bank of New York), as trustee, as amended and supplemented from time to time. The aggregate principal amount of debt securities that may be authenticated and delivered under the base indenture is unlimited. We will include in a supplement to this prospectus the specific terms of each series of debt securities being offered. The statements and descriptions in this prospectus or in any prospectus supplement regarding provisions of the debt securities, the base indenture and any supplemental indentures are summaries of these provisions, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the debt securities, the base indenture and such supplemental indentures. The base indenture is filed as an exhibit to the registration statement of which this prospectus forms part.

Unless otherwise specified in a prospectus supplement, the debt securities will be senior unsecured obligations of Grupo Televisa, S.A.B., and will not be guaranteed by any of our subsidiaries. The debt securities will rank equally with any of our other senior and unsubordinated debt.

The applicable prospectus supplement will set forth the terms of each series of debt securities, including, if applicable:

currency in which such debt securities or any of them are to be paid pursuant to such election, and any other terms providing for or facilitating the issuance of debt securities denominated or payable, at our election or the election of a holder thereof or otherwise, in a foreign currency;

whether the amount of payments of principal of, any premium or interest on or any additional amounts with respect to such debt securities may be determined with reference to an index, formula or other method or methods (which index, formula or method or methods may be based without limitation, on one or more currencies, commodities, equity indices or other indices), and, if so, the terms and conditions upon which and the manner in which such amounts shall be determined and paid or be payable;

This prospectus is part of a registration statement that provides that we may issue senior debt securities from time to time in one or more series under the base indenture, in each case with the same or various maturities, at par or at a discount. Unless otherwise indicated in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the base indenture.

PLAN OF DISTRIBUTION

General

We may offer and sell securities in one or more transactions from time to time to or through underwriters, who may act as principals or agents, directly to other purchasers or through agents to other purchasers or through any combination of these methods.

A prospectus supplement relating to a particular offering of securities may include the following information:

the terms of the offering;

the names of any underwriters or agents;

the purchase price of the securities;

the net proceeds to us from the sale of the securities;

any delayed delivery arrangements;

any underwriting discounts and other items constituting underwriters' compensation;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

other information related to the distribution of the securities.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

Underwriting Compensation

We may offer these securities to the public through underwriting syndicates represented by managing underwriters or through underwriters without an underwriting syndicate. If underwriters are used for the sale of securities, the securities will be acquired by the underwriters for their own account. The underwriters may resell the securities in one or more transactions, including in negotiated transactions at a fixed public offering price or at varying prices determined at the time of sale. In connection with any such underwritten sale of securities, underwriters may receive compensation from us or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

If we use an underwriter or underwriters in the sale of particular securities, we will execute an underwriting agreement with those underwriters at the time of sale of those securities. The names of the underwriters will be set forth in the prospectus supplement used by the underwriters to sell those securities. Unless otherwise indicated in the prospectus supplement relating to a particular offering of securities, the obligations of the underwriters to purchase the securities will be subject to customary conditions precedent and the underwriters will be obligated to purchase all of the securities offered if any of the securities are purchased.

Underwriters, dealers and agents that participate in the distribution of securities may be deemed to be underwriters under the Securities Act. Any discounts or commissions that they receive from us and any profit that they receive on the resale of securities may be deemed to be underwriting discounts and commissions under the Securities Act. If any entity is deemed an underwriter or any amounts deemed underwriting discounts and commissions, the prospectus supplement will identify the underwriter or agent and describe the compensation received from us.

Indemnification

We may enter agreements under which underwriters and agents who participate in the distribution of securities may be entitled to indemnification by us against various liabilities, including liabilities under the Securities Act, and to contribution with respect to payments which the underwriters, dealers or agents may be required to make.

Related Transactions

Various of the underwriters who participate in the distribution of securities, and their affiliates, may perform various commercial banking, investment banking and other services for us from time to time.

Delayed Delivery Contracts

We may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase securities from us pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the securities will not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Price Stabilization and Short Positions

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering (that is, if they sell more securities than are set forth on the cover page of the prospectus supplement) the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

VALIDITY OF NOTES

In connection with particular offerings of the securities, and if stated in the applicable prospectus supplement, some legal matters relating to the validity of the securities will be passed upon by Mijares, Angoitia, Cortés y Fuentes, S.C., Mexico City, Mexico and Fried, Frank, Harris, Shriver & Jacobson LLP, New York, New York, our Mexican and U.S. counsel, respectively. Item 10. Undertakings.

The undersigned Registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement,

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A. of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act of 1933 need not be furnished, *provided*, that the Registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act of 1933 or Item 8.A. of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the Securities and Exchange Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement.
- (5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (i) each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (6) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
 - (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
 - (iv) any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form F-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in Mexico City, Mexico on April 26, 2013.
