RATIO OF EARNINGS TO FIXED CHARGES

Our consolidated ratio of earnings to fixed charges for each of the periods indicated is as follows:

	Six Months Ended April 30, 2013	2012	Year Ended October 31,			
	2013	2012	2011	2010	2009	2008
Ratio of earnings to fixed charges (1)	10.89	10.17	10.93	8.93	5.98	9.15

- (1) These ratios include Eaton Vance and its consolidated subsidiaries. For purposes of calculating the ratio of earnings to fixed charges, earnings consist of pretax income less equity in earnings of unconsolidated affiliates, less net income attributable to non-controlling and other beneficial interests, plus fixed charges and distributed earnings of unconsolidated affiliates. Fixed charges include gross interest expense, amortization of deferred financing expenses and an amount equivalent to interest included in rental charges. We have assumed that one-third of rental expense is representative of the interest factor.

DESCRIPTION OF DEBT SECURITIES

We may offer debt securities from time to time in one or more series. The following description summarizes the general terms and provisions of the debt securities that we may offer pursuant to this prospectus that are common to all series. The specific terms relating to any series of our debt securities that we offer will be described in a prospectus supplement and any applicable free writing prospectus, which you should read. Because the terms of specific series of debt securities offered may differ from the general information that we have provided below, you should rely on information in the applicable prospectus supplement and any applicable free writing prospectus that may modify or replace any information below. If there are differences between the applicable prospectus supplement and this prospectus, the prospectus supplement will control.

Unless otherwise specified in the applicable prospectus supplement, debt securities will be issued under the indenture dated as of October 2, 2007 between Wilmington Trust Company, as trustee, and us. We have summarized select portions of the indenture below. The summary is not a complete statement of the terms and provisions of the indenture. The form of the indenture has been incorporated by reference as an exhibit to the registration statement and you should read the indenture for provisions that may be important to you. Capitalized terms used in the summary and not defined herein have the meanings specified in the indenture.

In this description, the words “we”, “us”, “our” and “Eaton Vance” refer only to Eaton Vance Corp. and not to any of Eaton Vance Corp.’s subsidiaries.

Table of Contents

Form and Denomination

The debt securities may be issued in fully registered form without coupons and, unless otherwise specified in the prospectus supplement, denominated in U.S. dollars in denominations of \$1,000 or any integral multiple thereof. If debt securities are issued in bearer form, we may modify the form of debt security, payment procedures and other related matters, as appropriate. The prospectus supplement will indicate whether the debt securities will be in registered or bearer form, the denominations to be issued, the procedures for payment of interest and principal thereon and other matters.

Subject to the limitations provided in the indenture or set forth in any applicable prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the principal corporate trust office of the trustee. No service charge will be made for any transfer or exchange of the debt securities, but either we or the trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary (the "depositary") identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form, and will initially be deposited with the trustee as custodian for the depositary. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor.

The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the prospectus supplement. We expect that the following provisions will generally apply to depositary arrangements.

Upon the issuance of a global security, the depositary for such global security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with such depositary. Such accounts shall be designated by the dealers, underwriters or agents with respect to the debt securities or by us if such debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to persons that have accounts with the applicable depositary ("participants") or persons that may hold interests through participants. Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depositary or its nominee with respect to interests of participants and the records of participants with respect to interests of persons other than participants. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner of a global security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by that global security for all purposes under the indenture governing those debt securities. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of any debt securities of such series in definitive form and will not be considered the owners or holders thereof under the indenture governing such debt securities.

Table of Contents

Payments of principal, premium, if any, and interest, if any, on individual debt securities represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the global security representing the debt securities. None of Eaton Vance, the trustee for the debt securities, any paying agent, or the registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to or payments made by the depositary or any participants on account of beneficial ownership interests of the global security for the debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depositary for a series of debt securities or its nominee, upon receipt of any payment of principal, premium or interest in respect of a permanent global security representing the debt securities, immediately will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security for the debt securities as shown on the records of the depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name". Such payments will be the responsibility of such participants.

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the debt securities, determine not to have any debt securities of a series represented by one or more global securities, and, in such event, will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. If definitive debt securities are issued, an owner of a beneficial interest in a global security will be entitled to physical delivery of definitive debt securities of the series represented by that global security equal in principal amount to that beneficial interest and to have the debt securities registered in its name.

Certain Covenants

The covenants, if any, that will apply to a particular series of debt securities will be set forth in the applicable supplemental indenture relating to such series of debt securities and described in a prospectus supplement.

Merger, Consolidation or Sale of Assets

Unless otherwise provided for a particular series of debt securities by a board resolution, supplemental indenture or an officer's certificate, Eaton Vance shall not merge or consolidate with or into any other person (other than a merger of a wholly owned subsidiary into Eaton Vance) or sell, transfer, lease, convey or otherwise dispose of all or substantially all its property in any one transaction or series of related transactions unless:

Eaton Vance shall be the surviving person (the "Surviving Person") or the Surviving Person (if other than Eaton Vance) formed by such merger or consolidation or to which such sale, transfer, lease, conveyance or disposition is made shall be a corporation or limited liability company organized and existing under the laws of the United States of America or any state or territory thereof, Bermuda or the United Kingdom;

the Surviving Person (if other than Eaton Vance) expressly assumes, by supplemental indenture in form satisfactory to the trustee, executed and delivered to the trustee by such Surviving Person, the due and punctual payment of the principal of, and premium, if any, and interest on, all the debt securities, according to their tenor, and the due and punctual performance and observance of all the covenants and conditions of the indenture to be performed by Eaton Vance;

Table of Contents

in the case of a sale, transfer, lease, conveyance or other disposition of all or substantially all the property of Eaton Vance, such property shall have been transferred as an entirety or virtually as an entirety to one person and/or such person's subsidiaries;

immediately before and immediately after giving effect to such transaction or series of related transactions, no default or event of default shall have occurred and be continuing;

Eaton Vance shall deliver, or cause to be delivered, to the trustee, an officers' certificate and an opinion of counsel, each stating that such transaction and the supplemental indenture, if any, in respect thereto comply with this covenant and that all conditions precedent in the indenture relating to such transaction have been complied with; and

Eaton Vance shall have delivered to the trustee an opinion of counsel to the effect that the holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such transaction or series of transactions and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such transaction or series of transactions had not occurred.

For the purposes of this covenant, the sale, transfer, lease, conveyance or other disposition of all the property of one or more subsidiaries of Eaton Vance, which property, if held by Eaton Vance instead of such subsidiaries, would constitute all or substantially all the property of Eaton Vance on a consolidated basis, shall be deemed to be the transfer of all or substantially all the property of Eaton Vance.

Although there is a limited body of case law interpreting the phrase "substantially all", there is no precise, established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve "all or substantially all" of the properties or assets of a Person. As a result, it may be unclear as to whether the merger, consolidation or sale of assets covenant would apply to a particular transaction as described above absent a decision by a court of competent jurisdiction.

Additional Amounts

If, following a transaction to which the provisions of the indenture described above under "Merger, Consolidation or Sale of Assets" applies, the Surviving Person is organized other than under the laws of the U.S., any state thereof or the District of Columbia, all payments made by the Surviving Person under, or with respect to, the debt securities will be made free and clear of, and without withholding or deduction for or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto), which we collectively refer to in this prospectus as the "Taxes", imposed or levied by or on behalf of the jurisdiction of organization of the Surviving Person or any political subdivision thereof or taxing authority therein, which we refer to in this prospectus as a "Taxing Jurisdiction", unless the Surviving Person is required to withhold or deduct Taxes by law or by the official interpretation or administration thereof.

If the Surviving Person is so required to withhold or deduct any amount for, or on account of, such Taxes from any payment made under or with respect to the debt securities, the Surviving Person will pay such additional amounts, which we refer to in this prospectus as "Additional Amounts", as may be necessary so that the net amount received by each holder (including Additional Amounts) after such withholding or deduction will not be less than the amount such holder would have received if such Taxes had not been required to be withheld or deducted.

The foregoing provisions will survive any termination or discharge of the indenture and any defeasance of the debt securities.

Table of Contents

Events of Default

Unless otherwise provided for a particular series of securities by a board resolution, a supplemental indenture or an officer's certificate, each of the following constitutes an event of default with respect to a series of debt securities:

a default in payment of the principal amount, premium, if any, or redemption price with respect to any debt security when such amount becomes due and payable;

our failure to pay interest (including additional interest, if applicable) on any debt security within 30 days of when such amount becomes due and payable;

our failure to deposit any sinking fund payment, if applicable, with respect to the debt securities on its due date;

our failure to comply with any of our covenants or agreements in the indenture or the debt securities (other than a failure that is subject to the foregoing three bullet points) and our failure to cure (or obtain a waiver of) such default and such failure continues for 60 days after written notice is given to us as provided below;

certain events of bankruptcy, insolvency or reorganization affecting us; and

any other event of default specified with respect to debt securities of such series then outstanding.

Notwithstanding the foregoing, the indenture will provide that the sole remedy for an event of default relating to the failure to comply with the reporting provisions of the indenture and for any failure to comply with the requirements of Section 314(a)(1) of the TIA (which relates to the provision of reports), will for the first 270 days after the occurrence of such an event of default consist exclusively of the right to receive additional interest on the debt securities of a series at an annual rate of 0.05% of the principal amount of the debt securities of that series. This additional interest will be payable in the same manner and on the same dates as the stated interest payable on the debt securities. The additional interest will accrue on all outstanding debt securities from and including the date on which an event of default relating to a failure to comply with the requirements of Section 314(a)(1) of the TIA first occurs to but not including the 270th day thereafter (or such earlier date on which the event of default relating to the reporting obligations shall have been cured or waived). Thereafter, such additional interest will cease to accrue and the debt securities will be subject to acceleration as provided above if the event of default is continuing. The provisions of the indenture described in this paragraph will not affect the rights of the holders of debt securities in the event of the occurrence of any other event of default.

A default under the fourth bullet point above is not an event of default until the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of such series then outstanding notify us of the default and we do not cure such default within the time specified after receipt of such notice. Such notice must specify the default, demand that it be remedied and state that such notice is a Notice of Default.

We will deliver to the trustee, within 30 days after the occurrence thereof, written notice in the form of an officer's certificate of any event that with the giving of notice or the lapse of time or both would become an event of default, its status and what action we are taking or propose to take with respect thereto.

If an event of default (other than an event of default resulting from certain events involving bankruptcy, insolvency or reorganization with respect to us) shall have occurred and be continuing, the trustee or the registered holders of not less than 25% in aggregate principal amount of the debt securities of such series then outstanding may declare, by notice to us in writing (and to the trustee, if given by holders of such debt securities) specifying the event of default, to be immediately due and payable the principal amount of all the debt securities in such series then outstanding, plus accrued but unpaid interest to the date of acceleration. In case an event of default resulting from certain events of bankruptcy, insolvency or reorganization with respect to us shall occur, such amount with respect to all the debt securities shall be due and payable immediately without any declaration.

or other act on the part of the trustee or the holders of the debt securities. After any such acceleration, but before a judgment or decree based on acceleration is obtained by the trustee, the registered holders of a majority in aggregate principal amount of the debt securities of such series then outstanding may, under certain circumstances, rescind and annul such acceleration and waive such event of default if all events of default, other than the nonpayment of accelerated principal, premium or interest, have been cured or waived as provided in the indenture.

In case an event of default shall occur and be continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of the debt securities, unless such holders shall have offered to the trustee indemnity or security satisfactory to it against any loss, liability or expense. Subject to such provisions for the indemnification of the trustee, the holders of a majority in aggregate principal amount of the debt securities then outstanding will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities.

No holder of debt securities will have any right to institute any proceeding with respect to the indenture, or for the appointment of a receiver or trustee, or for any remedy thereunder, unless:

such holder has previously given to the trustee written notice of a continuing event of default;

the registered holders of at least 25% in aggregate principal amount of the debt securities of such series then outstanding have made a written request and offered indemnity to the trustee satisfactory to it to institute such proceeding as trustee; and

within 60 days after receipt of the request and offer of indemnity the trustee shall not have received from the registered holders of a majority in aggregate principal amount of the debt securities of such series then outstanding a direction inconsistent with such request and the trustee shall have failed to institute such proceeding with such 60 day period.

However, such limitations do not apply to a suit instituted by a holder of any debt security for enforcement of payment of the principal of, and premium, if any, or interest on, such debt security on or after the respective due dates expressed in such debt security.

If a default with respect to the debt securities occurs and is continuing and is known to the trustee, the trustee must mail to each holder notice of the default within 90 days after it occurs. The trustee may withhold the notice if and so long as a committee of its trust officers in good faith determines that withholding notice is in the interest of the holders of the debt securities.

We are required to furnish to the trustee, within 120 days after the end of each fiscal year, a statement of an officer regarding compliance with the indenture. Within 30 days after the occurrence of any default or event of default, we are required to deliver to the trustee written notice in the form of an officers' certificate specifying our status and what actions we are taking or propose to take with respect thereto.

Defeasance

We may terminate at any time all our obligations with respect to any series of debt securities and the applicable indenture, which we refer to in this prospectus as "legal defeasance", except for certain obligations, including those respecting the defeasance trust, to replace mutilated, destroyed, lost or stolen debt securities and to maintain a registrar and paying agent in respect of the debt securities. In addition, we may also terminate at any time our obligations with respect to any series of debt securities with respect to certain covenants that are described in the applicable indenture, which we refer to in this prospectus as "covenant defeasance", except for certain covenants, including the covenant to make payments in respect of the principal, premium, if any, and

Table of Contents

interest on the debt securities. In the event covenant defeasance occurs, certain events (not including nonpayment, bankruptcy, receivership, reorganization and insolvency events) described under Events of Default will no longer constitute events of default with respect to the debt securities. We may exercise the legal defeasance option notwithstanding our prior exercise of the covenant defeasance option.

If we exercise our legal defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default with respect thereto. If we exercise the covenant defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default specified in the fourth bullet point under Events of Default .

The legal defeasance option or the covenant defeasance option with respect to a series of debt securities may be exercised only if:

we irrevocably deposit in trust with the trustee money or U.S. Government obligations or a combination thereof for the payment of principal of, premium, if any, on and interest on such debt securities of such series to stated maturity or redemption, as the case may be;

we deliver to the trustee a certificate from a nationally recognized firm of independent registered public accountants expressing their opinion that the payments of principal and interest when due on the deposited U.S. Government obligations plus any deposited money without investment will provide cash at such times and in such amounts as will be sufficient to pay principal and interest when due on all the debt securities of such series to stated maturity or redemption, as the case may be;

123 days pass after the deposit is made and during the 123-day period no default described in the fifth bullet point under Events of Default occurs with respect to Eaton Vance or any other person making such deposit which is continuing at the end of the period;

no default or event of default with respect to that series of debt securities has occurred and is continuing on the date of such deposit;

such deposit does not constitute a default under any other agreement or instrument binding us;

we deliver to the trustee an opinion of counsel to the effect that the trust resulting from the deposit does not require registration under the Investment Company Act of 1940;

in the case of the legal defeasance option, we deliver to the trustee an opinion of counsel stating that:

we have received from the IRS a ruling, or

since the date of the indenture there has been a change in the applicable U.S. federal income tax law, to the effect, in either case, that, and based thereon such opinion of counsel shall confirm that, the holders of such debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same time as would have been the case if such defeasance has not occurred;

in the case of the covenant defeasance option, we deliver to the trustee an opinion of counsel to the effect that the holders of such debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance

Edgar Filing: EATON VANCE CORP - Form S-3ASR

and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred; and

we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of such debt securities have been complied with as required by the indenture.

When (i) we deliver to the trustee all outstanding debt securities of a series (other than debt securities replaced because of mutilation, loss, destruction or wrongful taking) for cancellation or (ii) all outstanding debt securities of a series have become due and payable, whether at maturity or as a result of the mailing of a notice of redemption, and we irrevocably deposit with the trustee funds sufficient to pay at maturity or upon redemption all outstanding debt securities of a series, including interest thereon, and if in either case we pay all other sums related to such debt securities payable under the indenture by us, then the indenture shall, subject to certain surviving provisions, cease to be of further effect as to all outstanding debt securities of such series. The trustee shall acknowledge satisfaction and discharge of the indenture with respect to such series of debt securities on our demand accompanied by an officers' certificate and an opinion of counsel of Eaton Vance.

Regarding the Trustee

Except during the continuance of an event of default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an event of default, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the TIA that are incorporated by reference therein contain limitations on the rights of the trustee, should it become one of our creditors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with us or any of our affiliates; provided, however, that if it acquires any conflicting interest (as defined in the indenture or in the TIA), it must eliminate such conflict or resign.

Governing Law

The indenture and the debt securities will be governed by and construed in accordance with the laws of the State of New York, without regard to conflicts of laws principles thereof.

PLAN OF DISTRIBUTION

We may sell the securities covered by this prospectus in one or more of the following ways from time to time:

to or through underwriters or dealers for resale to purchasers;

directly to purchasers;

through agents or dealers to purchasers; or

through a combination of any of these methods of sale.

In addition, we may enter into derivative or other hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if applicable, will be identified in the applicable prospectus supplement (or a post-effective amendment).

We may also issue the securities as a dividend or distribution or in a subscription rights offering to our existing security holders.

A prospectus supplement with respect to each offering of securities will include, to the extent applicable:

the terms of the offering;

the name or names of any underwriters, dealers, remarketing firms or agents and terms of any agreement with such parties including the compensation, fees or commissions received by and the amount of securities underwritten, purchased or remarketed by each of them, if any;

the public offering price or purchase price of the securities and an estimate of the net proceeds to be received by us, as applicable, from any such sale;

any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;

the anticipated delivery date of the securities, including any delayed delivery arrangements, and any commissions we may pay for solicitation of any such delayed delivery contracts;

that the securities are being solicited and offered directly to institutional investors or others;

Edgar Filing: EATON VANCE CORP - Form S-3ASR

any discounts, commissions or concessions to be allowed or reallocated or to be paid to agents or dealers; and

any securities exchange on which the securities may be listed.

Any offer and sale of the securities described in this prospectus by us, any underwriters or other third parties described above may be effected from time to time in one or more transactions, including, without limitation, either:

at a fixed public offering price or prices, which may be changed;

at market prices prevailing at the time of sales;

at prices related to prevailing market prices at the time of sale; or

at negotiated prices.

Table of Contents

Offerings of securities covered by this prospectus may also be made into an existing trading market for such securities in transactions at other than a fixed price, either:

on or through the facilities of the NYSE or any other securities exchange or quotation or trading service on which such securities may be listed, quoted or traded at the time of sale; and/or

to or through a market maker otherwise than on the NYSE or such other securities exchanges or quotation or trading services. Such at-the-market offerings, if any, will be conducted by underwriters acting as our principal or agent, who may also be third-party sellers of securities as described above.

In addition, we may sell some or all of the securities covered by this prospectus through:

purchases by a dealer, as principal, who may then resell those securities to the public for its account at varying prices determined by the dealer at the time of resale or at a fixed price agreed to with us at the time of sale;

block trades in which a dealer will attempt to sell as agent, but may position or resell a portion of the block, as principal, in order to facilitate the transaction; and/or

ordinary brokerage transactions and transactions in which a broker-dealer solicits purchasers.

Any dealer may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities so offered and sold.

In connection with offerings made through underwriters or agents, we may enter into agreements with such underwriters or agents pursuant to which we receive our outstanding securities in consideration for the securities being offered to the public for cash. In connection with these arrangements, the underwriters or agents may also sell securities covered by this prospectus to hedge their positions in any such outstanding securities, including in short sale transactions. If so, the underwriters or agents may use the securities received from us under these arrangements to close out any related open borrowings of securities.

We may loan or pledge securities to a financial institution or other third party that in turn may sell the loaned securities or, in any event of default in the case of a pledge, sell the pledged securities using this prospectus and the applicable prospectus supplement. Such financial institution or third party may transfer its short position to investors in our securities or in connection with a simultaneous offering of other securities covered by this prospectus.

If we offer securities in a subscription rights offering to our existing security holders, we may enter into a standby underwriting agreement with dealers, acting as standby underwriters. We may pay the standby underwriters a commitment fee for the securities they commit to purchase on a standby basis. If we do not enter into a standby underwriting arrangement, we may retain a dealer-manager to manage a subscription rights offering for us.

Any offers to purchase the securities covered by this prospectus may be solicited, and any sales of the securities may be made, by us of those securities directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resales of the securities.

The securities may also be offered and sold, if so indicated in a prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us.

If indicated in the applicable prospectus supplement, we may sell the securities through agents from time to time. We generally expect that any agent will be acting on a best efforts basis for the period of its appointment.

Table of Contents

As one of the means of direct issuance of securities, we may utilize the service of an entity through which we may conduct an electronic dutch auction or similar offering of the offered securities among potential purchasers who are eligible to participate in the action or offering of such offered securities, if so described in the applicable prospectus supplement.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The delayed delivery contracts will be subject only to those conditions set forth in the applicable prospectus supplement.

If underwriters are used in any sale of any securities, the securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Unless otherwise stated in a prospectus supplement, the obligations of the underwriters to purchase any securities will be conditioned on customary closing conditions and the underwriters will be obligated to purchase all of such series of securities, if any are purchased.

Underwriters, dealers, agents and remarketing firms may at the time of any offering of securities be entitled under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the underwriters, dealers, agents and remarketing firms may be required to make. Underwriters, dealers, agents and remarketing agents may be customers of, engage in transactions with, or perform services in the ordinary course of business for us and/or our affiliates.

Each offering of securities will be a new issue of securities and will have no established trading market other than our non-voting common stock, which is listed on the NYSE. We intend that any non-voting common stock sold pursuant to this prospectus will be listed on the NYSE, upon official notice of issuance. The securities, other than our non-voting common stock, may or may not be listed on a national securities exchange or foreign securities exchange. No assurance can be given as to the liquidity or activity of any trading in the offered securities.

Any underwriters to whom securities covered by this prospectus are sold by us for public offering and sale, if any, may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice.

Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. The applicable prospectus supplement may provide that the original issue date for the offered securities may be more than three scheduled business days after the trade date for your securities. Accordingly, in such a case, if you wish to trade securities on any date prior to the third business day before the original issue date for your securities, you will be required, by virtue of the fact that your securities initially are expected to settle in more than three scheduled business days after the trade date for your securities, to make alternative settlement arrangements to prevent a failed settlement.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

The Maryland General Corporation Law authorizes a Maryland corporation to limit the liability of directors and officers to the corporation or its stockholders for money damages, except: (a) to the extent that it is proved that the person actually received an improper benefit or profit in money, property or services, for the amount of the benefit or profit in money, property or services actually received; (b) to the extent that a judgment or other final adjudication adverse to the person is entered in a proceeding based on a finding in the proceeding that the person's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding; or (c) with respect to certain other actions not applicable to the Registrant.

The Maryland General Corporation Law also provides for permissive and mandatory indemnification by a Maryland corporation of its directors and officers that are made party to any proceeding by reason of service in that capacity. Under those provisions, unless limited by the corporation's charter, indemnification is mandated for the reasonable expenses incurred by a director or officer in connection with such a proceeding if: (a) the director or officer has been successful, on the merits or otherwise, in the defense of the proceeding or in the defense of any claim, issue or matter in the proceeding; or (b) upon application by the officer or director, a court of appropriate jurisdiction determines that such indemnification is appropriate and orders that it be made. Indemnification is permitted for such expenses and for any judgments, penalties, fines or settlements actually incurred by a director or officer in connection with the proceeding unless (a) the corporation's charter or bylaws, or a resolution of the corporation's board of directors or a board-approved agreement of the corporation otherwise provides; (b) it is established that (i) the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (ii) the director or officer actually received an improper personal benefit in money, property or services, or (iii) in the case of any criminal proceeding, the director or officer had reasonable cause to believe his or her act or omission was unlawful; or (c) the proceeding is one that was brought by the director or officer.

Table of Contents

against the corporation (other than a proceeding brought to enforce indemnification) unless the corporation's charter or bylaws, or a resolution of the corporation's board of directors or a board-approved agreement of the corporation otherwise provides.

The Maryland General Corporation Law also permits a Maryland corporation to advance payments of reasonable expenses incurred by a director or officer in such a proceeding (other than one described in clause (c) of the preceding sentence) if the corporation has received a written affirmation by the director or officer of his or her good faith belief that the standard of conduct necessary for permissive indemnification has been satisfied and the corporation has received a written undertaking by or on behalf of the director or officer to repay the advanced amount if it is ultimately determined that such standard of conduct has not been met. The Maryland General Corporation Law also permits a Maryland corporation to purchase and maintain insurance on behalf of persons who are or were directors or officers against any liability asserted against or incurred by them arising out of their positions, irrespective of whether the corporation would have the power to indemnify them for such liabilities.

Article NINTH, section (8) of our Articles of Incorporation provides that, to the full extent permitted by the laws of Maryland, we shall indemnify (a) any person that is serving as a director or officer of Eaton Vance Corp., (b) any person that has served as an officer or director of Eaton Vance Corp., and (c) any person who at our request is serving or has served as a director, officer, trustee, partner, employee, agent or other representative of another corporation, joint stock company, syndicate, association, firm, trust, partnership or other entity, against all liabilities and expenses, including without limitation attorneys' fees and judgments, penalties, fines and amounts paid in settlement, reasonably incurred by such person in connection with any threatened, pending or completed action, suit, or other proceeding, whether civil, criminal, administrative, investigative or legislative, in which such person may be involved or with which such person may be threatened by reason of serving or having served in such position.

Indemnification requires a determination made in accordance with applicable statutory standards by the board of directors or by legal counsel selected by the board of directors or by the holders of not less than a majority of the total number of shares of our Common Stock then outstanding.

Article NINTH, section (8) of our Articles of Incorporation provides that the indemnification right provided therein is not exclusive of and will not otherwise affect any other rights to which such person may be entitled (whether under any law, by-law, agreement, director vote, stockholder vote or otherwise), shall inure to the benefit of such person's heirs, executors, administrators and personal representatives, and shall continue as to a person who has ceased to serve in such position.

ITEM 16. EXHIBITS

The exhibits to this registration statement are listed in the Exhibit index, which appears below and is incorporated herein by reference.

ITEM 17. UNDERTAKINGS

(a) The undersigned registrant hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement.

Table of Contents

Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and

As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

Table of Contents

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the applicable registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than a payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes that:

(1) For purposes of determining liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(e) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under Section 305(b)(2) of the Trust Indenture Act.
