August 9, 2013

Dear Shareholder:

On or about July 17, 2013, we mailed you a proxy statement (the "proxy statement") relating to a special general meeting of the shareholders of American Safety Insurance Holdings, Ltd. ("American Safety" or "we") that is scheduled to be held on August 26, 2013, to consider and vote on, among other things, a proposal to approve and adopt the Agreement and Plan of Merger, dated as of June 2, 2013, among Fairfax Financial Holdings Limited ("Fairfax"), Fairfax Bermuda Holdings Ltd., an indirect wholly-owned subsidiary of Fairfax ("merger sub") and American Safety (together with the Bermuda merger agreement set forth on Exhibit A thereto and the other exhibits and annexes thereto, the "merger agreement"), pursuant to the terms of which merger sub will be merged with and into American Safety, with American Safety continuing as the surviving company and becoming an indirect wholly-owned subsidiary of Fairfax (the "merger").

I am pleased to report that on August 7, 2013, the parties to the merger agreement entered into an amendment (the "merger agreement amendment") to increase the per share consideration payable in the merger to American Safety shareholders from \$29.25 to \$30.25. The merger agreement amendment will result in a 3.4% increase in the per share merger consideration payable to American Safety shareholders.

We are pleased to inform you that the following conditions to closing of the merger that are provided for in the merger agreement have been satisfied or waived, including:

termination of the waiting period applicable to the closing of the merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and

the requirement that all consents of governmental authorities that must have been obtained, have been obtained without the imposition of any burdensome condition.

American Safety's board of directors (the "board"), after careful consideration of the factors more fully described in the accompanying supplement to the proxy statement (this "supplement") and the proxy statement, has determined that the merger is in the best interests of American Safety and its shareholders, and has approved the merger agreement, as amended by the merger agreement amendment (the "amended merger agreement") and the transactions contemplated by the amended merger agreement, including the merger. In addition, the board has, consistent with its fiduciary duties and in consultation with its financial and legal advisors, evaluated the proposal submitted by Catalina Holdings (Bermuda) Ltd. ("Catalina") on July 29, 2013 and confirmed on August 6, 2013 (the "Catalina proposal"), and the board has determined, after consultation with its financial advisor, that the Catalina proposal was not, and was not reasonably expected to result in, a superior proposal under the merger agreement.

After careful consideration, the board recommends that shareholders vote **FOR** the proposal to approve and adopt the amended merger agreement and to approve the merger, **FOR** the proposal to approve an adjournment or recess of the special general meeting, if necessary or appropriate in the view of the chairman of the special general meeting, to solicit additional proxies in favor of the proposal to approve and adopt the merger agreement and to approve the merger if there are insufficient votes at the

Table of Contents

time of such adjournment or recess to approve and adopt the merger agreement and to approve the merger, and FOR the merger-related compensation proposal described in the proxy statement.

The date for the special general meeting of American Safety shareholders in connection with the proposed merger has not changed and it will be held as scheduled on August 26, 2013 at 9:00 a.m., local time, at the Hyatt Regency Aruba, J. E. Irawsquín Blvd. #85, Palm Beach, Aruba, Dutch Caribbean. The record date for the special general meeting has also not changed and remains July 15, 2013, and only holders of record of American Safety common shares at the close of business on July 15, 2013 are entitled to vote at the special general meeting or at any postponement or adjournment of such special general meeting.

For your convenience, we have enclosed an additional proxy card with the accompanying supplement to the proxy statement. If you have already voted to approve and adopt the merger agreement using a properly executed proxy card, or have otherwise voted over the Internet or by telephone, you will be considered to have voted for the approval and adoption of the amended merger agreement and do not need to do anything further unless you wish to revoke or change your vote. If you have not previously voted or wish to revoke or change your vote, please vote over the Internet or by telephone, or complete, date, sign and return your proxy card as soon as possible. If you attend the special general meeting and vote in person, your vote by ballot will revoke any proxy previously submitted.

The accompanying supplement provides you with detailed information about the amended merger agreement. Please give this material your careful attention. You may also obtain more information about American Safety from documents we have filed with the Securities and Exchange Commission (the SEC).

We cannot complete the merger unless shareholders approve and adopt the amended merger agreement and approve the merger. **Your vote is very important, regardless of the number of common shares you own. Whether or not you expect to attend the special general meeting in person, please vote or otherwise submit a proxy to vote your common shares as promptly as possible so that your shares may be represented and voted at the special general meeting.**

If you have questions about the merger or other matters in the accompanying supplement or the proxy statement, need assistance in submitting your proxy or voting your common shares, or need additional copies of the accompanying supplement, the proxy statement or the enclosed proxy card or voting instructions, please contact MacKenzie Partners, Inc., American Safety's proxy solicitor, at (800) 322-2885 (toll free) or (212) 929-5500 (collect) or by email at proxy@MacKenziepartners.com.

Thank you in advance for your cooperation and continued support.

Sincerely,

David Brueggen
Chairman

SPECIAL GENERAL MEETING OF SHAREHOLDERS

SUPPLEMENT DATED AUGUST 9, 2013

(to Proxy Statement Dated July 16, 2013)

On or about July 17, 2013, American Safety Insurance Holdings, Ltd. ("American Safety") mailed to its shareholders of record as of the close of business on July 15, 2013 a definitive proxy statement (the "proxy statement") relating to a special general meeting of American Safety's shareholders in connection with the Agreement and Plan of Merger, dated as of June 2, 2013, among American Safety, Fairfax Financial Holdings Limited ("Fairfax") and Fairfax Bermuda Holdings, Ltd., an indirect wholly-owned subsidiary of Fairfax ("merger sub") (together with the Bermuda merger agreement set forth on Exhibit A thereto and the other exhibits and annexes thereto, the "merger agreement"). Upon consummation of the merger pursuant to the terms of the merger agreement (the "merger"), merger sub will merge with and into American Safety, with American Safety surviving the merger as an indirect, wholly-owned subsidiary of Fairfax.

We are pleased to report that American Safety, Fairfax and merger sub have entered into an amendment to the merger agreement, dated as of August 7, 2013 (the "merger agreement amendment"), which is attached as Annex S-A to this supplement to the proxy statement (this "supplement") and is incorporated herein by reference. The primary purpose of the merger agreement amendment is to increase the per share merger consideration payable to American Safety's shareholders by \$1.00 from the \$29.25 per share that such shareholders would have received under the merger agreement prior to the merger agreement amendment, and to increase the termination fee that American Safety has agreed to pay Fairfax under certain specified circumstances (including in connection with a superior proposal as defined in the merger agreement) from \$9,186,000 to \$13,400,000. If the merger agreement, as amended by the merger agreement amendment (the "amended merger agreement"), is approved and adopted by American Safety's shareholders, then upon the terms and subject to the conditions described in the amended merger agreement, upon the effectiveness of the merger, each outstanding common share, par value \$0.01 per share, of American Safety, except as otherwise provided in the amended merger agreement, will be converted into the right to receive \$30.25 in cash, without interest (the "merger consideration") and less any applicable withholding taxes, which represents a 3.4% increase in the aggregate amount of consideration payable to American Safety shareholders.

The board of directors of American Safety (the "board"), after careful consideration of the factors more fully described in this supplement and the proxy statement, has determined that the amended merger agreement, the merger and the other transactions contemplated thereby are fair to, and in the best interests of, American Safety and its shareholders, and has approved and declared advisable the amended merger agreement, the merger and the transactions contemplated thereby. In addition, the board has, consistent with its fiduciary duties and in consultation with its financial and legal advisors, evaluated the unsolicited proposal to acquire American Safety

submitted by Catalina on July 29, 2013 and confirmed on August 6, 2013 (the Catalina proposal), and the board has determined, after consultation with its financial advisor, that the Catalina proposal was not, and was not reasonably expected to result in, a superior proposal under the merger agreement.

Table of Contents

After careful consideration, the board recommends that shareholders vote FOR the proposal to approve and adopt the amended merger agreement and to approve the merger, FOR the proposal to approve an adjournment or recess of the special general meeting, if necessary or appropriate in the view of the chairman of the special general meeting, to solicit additional proxies in favor of the proposal to approve and adopt the amended merger agreement and to approve the merger if there are insufficient votes at the time of such adjournment or recess to approve and adopt the amended merger agreement and to approve the merger, and FOR the merger-related compensation proposal described in the proxy statement.

Q. Why am I receiving this supplement to the proxy statement and proxy card?

This supplement provides information about the merger agreement amendment and updates the proxy statement that was previously mailed to you.

Q. What are the significant changes in the merger agreement amendment?

- A. The primary purpose of the merger agreement amendment is to increase the per share merger consideration payable to American Safety's shareholder to \$30.25 (an increase of \$1.00 from the \$29.25 per share merger consideration that such shareholders would have received under the merger agreement prior to the merger agreement amendment), and to increase the termination fee that American Safety has agreed to pay Fairfax under certain specified circumstances (including in connection with a superior proposal as defined in the merger agreement) from \$9,186,000 to \$13,400,000.

Q. What will I receive if the merger is completed?

- A. If the amended merger agreement is adopted by American Safety's shareholders, then upon the terms and subject to the conditions described in the amended merger agreement, upon the effectiveness of the merger, each outstanding common share, par value \$0.01 per share, of American Safety, except as otherwise provided in the amended merger agreement, will be converted into the right to receive \$30.25 in cash, without interest (the merger consideration) and less any applicable withholding taxes, which represents a 3.4% increase in the aggregate amount of consideration payable to American Safety shareholders.

Q. How does the merger consideration compare to the market price of American Safety's common shares prior to the announcement of the merger?

- A. The merger consideration represents a premium of 26.3% to the closing price of the common shares on May 31, 2013, the last trading day prior to the public announcement of the execution of the merger agreement. S-2

Table of Contents

written opinion on August 7, 2013, to the effect that, as of such date, and based upon and subject to the assumptions made, procedures followed, matters and factors considered and limitations on the review undertaken set forth in the opinion, the merger consideration is fair, from a financial point of view, to the holders of American Safety common shares (other than Fairfax, merger sub and any other wholly-owned subsidiary of Fairfax).

The full text of the written opinion of BofA Merrill Lynch, which sets forth the assumptions made, procedures followed, matters and factors considered and limitations and qualifications on the review undertaken in connection with such opinion, is attached as Annex S-B and is incorporated into this supplement and the proxy statement by reference. Holders of American Safety common shares are encouraged to read this opinion carefully in its entirety.

Q. How does the board recommend that I vote?

A. The board recommends that you vote as follows:

FOR the approval and adoption of the amended merger agreement and the approval of the merger;

FOR the proposal to approve an adjournment or recess of the special general meeting, if necessary or appropriate in the view of the chairman of the special general meeting, to allow the board to solicit additional proxies in favor of the proposal to approve and adopt the amended merger agreement and to approve the merger if there are not sufficient votes at the time of such adjournment or recess to approve and adopt the amended merger agreement and to approve the merger (the adjournment proposal); and

FOR the proposal to approve, on a non-binding, advisory basis, the agreements or understandings with, and items of compensation payable to, or which may become payable to, American Safety's named executive officers that are based on or otherwise relate to the merger (the merger-related compensation proposal).

Q. What is the status of Catalina's recently announced unsolicited proposal to acquire American Safety?

A. On July 30, 2013, American Safety announced that it had received an unsolicited proposal from Catalina to acquire American Safety, and that the board would review the Catalina proposal carefully and consistent with its fiduciary and legal duties. Members of the board participated in a number of meetings and informational calls in relation to the Catalina proposal and the pending transaction with Fairfax. During these meetings and calls, the board reviewed and discussed with its advisors and consultants various aspects of the Catalina proposal, including the comparative advantages and disadvantages of the Catalina proposal and the pending transaction with Fairfax. The board also received updates on discussions with each of Catalina and Fairfax, potential modifications to the pending transaction with Fairfax, and other further developments with regard to the two transactions. See the section entitled *Background of the Merger* beginning on page S-9.

The board has, consistent with its fiduciary duties and in consultation with its financial, regulatory and legal advisors, evaluated the Catalina proposal, and the board has determined, after consultation with its financial advisor, that the Catalina proposal was not, and was not reasonably expected to result in, a superior proposal under the merger agreement. The board recommends that the shareholders of American Safety vote FOR the approval and adoption of the amended merger agreement and for the approval of the merger, FOR the adjournment proposal and FOR the merger-related compensation proposal.

American Safety shareholders are not being asked to vote on or take any action with respect to the Catalina proposal at the special general meeting.

SUMMARY

*The following information supplements and, where applicable, replaces the information under the heading *Summary* beginning on page 7 of the proxy statement, and highlights information contained elsewhere in this supplement. This section may not contain all the information that is important to you with respect to the merger and the other matters being considered at the special general meeting. We urge you to read this supplement and the proxy statement carefully, including the attached Annexes and the other documents incorporated by reference herein. See also the section entitled *Where You Can Find More Information*. We have included page references in this summary to direct you to more complete descriptions of the topics presented below.*

Merger Consideration (Page S-23)

Upon the terms and subject to the conditions set forth in the merger agreement, at the effective time of the merger (the *effective time*), each common share (other than (i) common shares held in the treasury of American Safety and (ii) common shares owned by merger sub, Fairfax or any other subsidiary of Fairfax immediately prior to the effective time) issued and outstanding immediately prior to the effective time will be converted into the right to receive \$30.25 in cash, without interest and less any applicable withholding taxes.

At the effective time, each option to purchase common shares under the Company's incentive plans that is outstanding and unexercised as of immediately prior to the effective time will become fully vested and exercisable. Each holder of the options to purchase common shares that are outstanding and unexercised as of the effective time will have the right to receive, in exchange for the cancellation of such options, a cash payment equal to the aggregate number of common shares issuable upon the exercise of such options multiplied by the amount (if any) by which \$30.25 exceeds the applicable option exercise price, without interest and less any applicable withholding taxes.

At the effective time, each restricted common share outstanding immediately prior to the effective time will become fully vested and transferable and all restrictions on such restricted common shares will lapse as of the effective time. Each such share will be cancelled and converted into the right to receive \$30.25 in cash, without interest, less any applicable withholding taxes.

Termination Fee (Page S-23)

If the merger agreement is terminated in certain circumstances described in the section entitled *The Merger Agreement Termination Fee* beginning on page 59 of the proxy statement, American Safety will be required to pay to Fairfax a termination fee in the amount of \$13,400,000.

Reasons for the Merger; Recommendation of the Board of Directors (Page S-11)

After careful consideration, the board has determined that the merger consideration constitutes fair value for each common share in accordance with the Companies Act and that the amended merger agreement, the merger and the other transactions contemplated thereby are fair to, and in the best interests of, American Safety and its shareholders, and has approved and declared advisable the amended merger agreement, the merger and the transactions contemplated thereby. For the factors considered by the board in reaching its decision to approve the merger agreement, the merger and the transactions contemplated thereby, see the section entitled *Reasons for the Merger* beginning on page S-11 of this supplement and the section entitled *The Merger Reasons for the Merger* beginning on page 28 of the proxy statement.

After careful consideration, the board recommends that you vote **FOR** the proposal to approve and adopt the amended merger agreement and to approve the merger, **FOR** the adjournment proposal and **FOR** the merger-related compensation proposal.

Table of Contents

Opinion of American Safety's Financial Advisor (Page S-12)

BofA Merrill Lynch, American Safety's financial advisor, delivered to American Safety's board a written opinion, dated August 7, 2013, as to the fairness, from a financial point of view and as of the date of the opinion, of the merger consideration to be received by holders of American Safety common shares. The full text of the written opinion, dated August 7, 2013, of BofA Merrill Lynch, which describes, among other things, the assumptions made, procedures followed, factors considered and limitations on the review undertaken, is attached as **Annex S-B** to this supplement and is incorporated by reference herein in its entirety. **BofA Merrill Lynch provided its opinion to American Safety's board (in its capacity as such) for the benefit and use of American Safety's board in connection with and for purposes of its evaluation of the merger consideration from a financial point of view. BofA Merrill Lynch's opinion does not address any other aspect of the merger and no opinion or view was expressed as to the relative merits of the merger in comparison to other strategies or transactions that might be available to American Safety or in which American Safety might engage or as to the underlying business decision of American Safety to proceed with or effect the merger. BofA Merrill Lynch's opinion does not address any other aspect of the merger and does not constitute a recommendation to any shareholder as to how to vote or act in connection with the proposed merger or any related matter.**

Financing of the Merger (Page S-20)

Consummation of the merger is not conditioned on the receipt of financing by Fairfax. We anticipate that the total funds needed to consummate the merger will be approximately \$317,200,000. Fairfax has informed us that it will fund this amount with its internally available sources.

Regulatory Approvals (Page S-20)

As of the date of this supplement, various conditions to closing of the merger have been satisfied, including early termination of the waiting period applicable to the closing of the merger under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act").

Market Price of Common Shares (Page S-25)

On August 8, 2013, the last full trading day before the date of this supplement, the closing price for the common shares on the NYSE was \$30.54 per common share. You are encouraged to obtain current market quotations for the common shares in connection with voting your common shares at the special general meeting.

THE MERGER

Background of the Merger

The section entitled "The Merger Background of the Merger," beginning on page 22 of the proxy statement, describes the background of the merger up to and including July 16, 2013, the date of the proxy statement. The discussion below supplements that description. While we believe that the following description, in addition to the related disclosure in the proxy statement, covers the material terms regarding the background of the merger, this summary and the summary in the proxy statement may not contain all of the information that is important to you. You should carefully read this entire supplement, including the section titled "The Amended Merger Agreement," and the entire proxy statement, including the section titled "The Merger Agreement," and the other documents to which we refer for a more complete understanding of the merger.

On July 29, 2013, American Safety received two unsolicited letters from Catalina (the "Catalina letters"). The first letter, which Catalina labeled the "public letter," outlined the material terms of the Catalina proposal, including the increase in its offer to acquire American Safety from a price per share of \$29.00 to \$29.75. The second letter, which Catalina labeled the "private letter," described certain objections to the manner in which the sale process had been conducted by the board and its advisors. Later that day, Catalina filed an amended Schedule 13D disclosing the public letter.

Also on July 29, 2013, certain members of the board had discussions with Shearman & Sterling and BofA Merrill Lynch regarding the Catalina letters and determined to publicly file both letters and request a waiver from Fairfax under the merger agreement to permit the board to engage in discussions and negotiations with Catalina regarding the Catalina proposal (the "waiver"). Later that night, Shearman & Sterling had discussions with Torys, counsel to Fairfax, regarding the waiver, subsequent to which Shearman & Sterling sent Fairfax a draft of the waiver.

On July 29 and 30, 2013, at the request of the board, a representative of BofA Merrill Lynch had conversations with representatives of Fairfax regarding American Safety's receipt of the Catalina proposal and the waiver.

On July 30, 2013, American Safety publicly disclosed the Catalina letters on Form 8-K, stating that the board disagreed with Catalina's characterization of the sale process and that it would review the Catalina proposal carefully and consistent with its fiduciary and legal duties.

Later that day, the board held a telephonic meeting, with American Safety management and certain of its advisors in attendance, to discuss the Catalina proposal. After a brief update from BofA Merrill Lynch, Shearman & Sterling reviewed with the board its obligations under the terms of the merger agreement with respect to the Catalina proposal and the fiduciary principles relevant to the decisions to be made by the board in connection with its consideration of the Catalina proposal. The board directed BofA Merrill Lynch and Shearman & Sterling to provide certain non-public information to Royal Bank of Canada, financial advisor to Catalina ("RBC"), and Allen & Overy LLP, counsel to Catalina ("Allen & Overy"), and to request that Catalina confirm its offer following review of such information and provide to American Safety additional information regarding its anticipated regulatory approval process. The board also directed BofA Merrill Lynch to contact representatives of Fairfax to determine whether they were interested in improving the terms on which they would be willing to acquire American Safety. Later that day, Fairfax granted the waiver to American Safety.

On July 31, 2013, BofA Merrill Lynch, at the request of the board, discussed with RBC the terms of the Catalina proposal. That day, Shearman & Sterling discussed with Allen & Overy the Catalina proposal and requested that Catalina confirm its offer after review of certain non-public information provided by BofA Merrill Lynch later that day. Shearman & Sterling also requested the scheduling of a further discussion regarding regulatory matters and an updated financing commitment letter.

Also on July 31, 2013, at the request of the board, a representative of BofA Merrill Lynch had conversations with representatives of Fairfax to encourage Fairfax to consider improving its offer.

Table of Contents

On August 1, 2013, BofA Merrill Lynch, at the request of the board, provided certain non-public information regarding American Safety to RBC to facilitate discussions and negotiations regarding the Catalina proposal.

Also on August 1, 2013, Allen & Overy provided Catalina's updated financing commitment letter, information regarding the availability of Catalina's equity financing and a summary of Catalina's prior experience in obtaining insurance regulatory approvals.

On August 2, 2013, after reviewing the information provided on August 1, 2013, Catalina confirmed its offer as conveyed in its offer letter of July 29, 2013. Later that day, representatives of American Safety, Shearman & Sterling and BofA Merrill Lynch had a telephonic meeting to discuss the Catalina proposal and Catalina's request that American Safety provide it with a draft merger agreement.

On August 2, 2013, at the request of the board, representatives of BofA Merrill Lynch contacted representatives of RBC, informing them that additional non-public information would be provided to them and encouraging them to request a discussion regarding such information with American Safety. Later that day, at the request of the board, BofA Merrill Lynch sent RBC and Allen & Overy such information. In addition, Shearman & Sterling contacted Allen & Overy requesting that Catalina confirm its offer as conveyed in its offer letter of July 29, 2013 after reviewing such additional information.

On August 3, 2013, representatives of American Safety and its advisors discussed with representatives of Catalina and its advisors certain regulatory matters, including Catalina's experience in obtaining regulatory approvals in prior transactions.

Immediately thereafter, at the request of Catalina, representatives of American Safety, along with Shearman & Sterling, discussed with Catalina, RBC and Allen & Overy certain matters relating to American Safety and its business.

Later that day, Shearman & Sterling sent to Allen & Overy a draft of a merger agreement providing for the acquisition of American Safety by Catalina.

From August 1 through August 6, 2013, a representative of BofA Merrill Lynch had a number of conversations with representatives of Fairfax to continue to encourage Fairfax to improve its offer.

On August 5, 2013, at the request of the board, Shearman & Sterling advised Allen & Overy that the board had scheduled a meeting for August 7, 2013 and requested that Catalina provide the best and final price at which it proposed to acquire 100% of the outstanding shares of American Safety and a draft of the merger agreement that Catalina would be prepared to sign. In addition, Shearman & Sterling advised Torsys of the scheduled board meeting and asked that, if Fairfax wished to improve the terms of the pending transaction between American Safety and Fairfax, such revised price (and any other terms) be submitted by the close of business on August 6, 2013. Shearman & Sterling also provided to Torsys a draft amendment to be executed in the event Fairfax improved its terms and asked that any comments to such amendment and an estimate of when Fairfax expected to receive regulatory approval also be provided at such time.

Also on August 5, 2013, at the request of the board, representatives of BofA Merrill Lynch contacted representatives of RBC to request that Catalina's best and final price be submitted no later than August 6, 2013 and to encourage Catalina to improve its proposal beyond \$29.75 per share. At the request of the board, BofA Merrill Lynch also contacted Fairfax and requested that any improvement in their offer be submitted by such date.

Later that day, Allen & Overy submitted a revised draft of a merger agreement to Shearman & Sterling.

On August 6, 2013, Shearman & Sterling discussed with Allen & Overy certain material issues related to a revised draft of a merger agreement submitted by Allen & Overy to Shearman & Sterling on August 5, 2013.

Later that day, Allen & Overy submitted a revised draft of a merger agreement to Shearman & Sterling and Catalina delivered a letter to the board of directors of American Safety, which it filed on an amended Schedule 13D, confirming its offer to purchase 100% of the outstanding shares of American Safety at a price per share of \$29.75.

Table of Contents

On the morning of August 7, 2013, representatives of Fairfax informed representatives of BofA Merrill Lynch that Fairfax was prepared to increase the price at which Fairfax would acquire American Safety from \$29.25 per share to \$30.25 per share, but also requested an increase in the termination fee from \$9,186,000 to \$18,000,000. In addition, Torys provided to S&S a revised draft of the amendment to the merger agreement.

At a meeting of the board later that morning, which representatives of BofA Merrill Lynch and Shearman & Sterling attended, the board reviewed and considered both Catalina's proposal and draft merger agreement and Fairfax's proposal and draft amendment. The board determined that, while Fairfax's proposed per share acquisition price was higher than Catalina's, the board was not prepared to agree to the termination fee proposed by Fairfax. The board directed BofA Merrill Lynch to contact Fairfax to communicate the board's proposal that the termination fee would be \$12,000,000, or approximately 3.8% of the purchase price. BofA Merrill Lynch made this proposal to Fairfax.

Fairfax subsequently contacted BofA Merrill Lynch and proposed that the termination fee would be \$14,400,000, or approximately 4.5% of the purchase price. BofA Merrill Lynch communicated this revised proposal to the board. The board considered the revised proposal and instructed BofA Merrill Lynch and Shearman & Sterling to communicate to Fairfax that it had not changed its proposal that the termination fee be \$12,000,000. At the direction of the board, BofA Merrill Lynch and Shearman & Sterling had a number of discussions with Fairfax regarding the termination fee, during which BofA Merrill Lynch also asked whether Fairfax was willing to increase its offer beyond \$30.25 per share, which Fairfax was unwilling to do. BofA Merrill Lynch and Shearman & Sterling reported to the board the nature of these conversations, including the fact that Fairfax was unwilling to agree to a further reduction of the termination fee and that there was a risk that Fairfax would withdraw or modify its offer of \$30.25 per share if the board did not agree to its proposed termination fee.

The board then discussed whether it was advisable to conduct further discussions with Catalina. Based on indications from Fairfax, the board concluded that there was a meaningful risk that American Safety or its advisors conducting further negotiations with Catalina could result in Fairfax rescinding its offer of \$30.25 per share. Based on this determination, the board determined that it was not advisable to engage in further negotiations with Catalina at such time.

Thereafter, there was a conversation between David Brueggen, Chairman of the Board of American Safety, and the chairman of Fairfax. During this call, the chairman of Fairfax proposed a termination fee of \$13,400,000 or approximately 4.2% of the purchase price. Mr. Brueggen then communicated this proposal to the other members of the board.

BofA Merrill Lynch then reviewed with the board, among other things, its financial analysis of the merger consideration proposed by Fairfax and delivered to the board an oral opinion, which was confirmed by delivery of a written opinion dated August 7, 2013, to the effect that, as of that date and based on and subject to various assumptions and limitations described in its opinion, such merger consideration to be received by American Safety's shareholders was fair, from a financial point of view, to such shareholders.

Following further discussion and consultation with BofA Merrill Lynch, the board determined that Catalina's proposal was not, and was not reasonably expected to result in, a superior proposal under the merger agreement. The board also determined that pursuing a transaction with Fairfax on the terms proposed would be in the best interest of American Safety and its shareholders and approved the amendment to the merger agreement.

On August 7, 2013, American Safety announced that it had entered into the merger agreement amendment with Fairfax, pursuant to which the merger consideration payable to American Safety shareholders was increased to \$30.25 per share from the previously announced \$29.25 per share, and the termination fee was increased to \$13,400,000 from \$9,186,000.

Reasons for the Merger

The board, after careful consideration of the factors described in this supplement and the proxy statement, has determined that the merger is in the best interests of American Safety and its shareholders,

and has approved the amended merger agreement and the transactions contemplated by the amended merger agreement, including the merger. In evaluating the amended merger agreement, the board consulted with American Safety's management, as well as American Safety's legal and financial advisors and, in reaching its determination and recommendation regarding the amended merger agreement and the merger, considered the following factors, in addition to the factors described in *The Merger Reasons for the Merger* in the proxy statement:

the fact that the cash purchase price paid to American Safety shareholders increased from \$29.25 per share to \$30.25 per share, and represents a premium of: 26.3% to the closing price of American Safety's common shares on May 31, 2013, the last trading day prior to the approval of the merger agreement; 79.1% to the closing price on December 6, 2012, the last trading day prior to the date Catalina began purchasing American Safety's common shares; 30.6% to the closing price on March 5, 2013, the date that Catalina filed a Schedule 13D with respect to its beneficial ownership of American Safety's common shares; and 3.4% to the original merger consideration;

the fact that Catalina was asked to submit the best and final price at which it proposed to acquire 100% of the outstanding shares of American Safety, and that after receiving such request Catalina confirmed its offer of \$29.75, which is \$0.50 lower than the price per share proposed by Fairfax;

the likelihood that the merger would be completed, and completed in a reasonably prompt time frame, considering the terms of the amended merger agreement; and

the opinion of BofA Merrill Lynch, dated August 7, 2013, to the board as to the fairness, from a financial point of view and as of the date of the opinion, of the merger consideration to be received by holders of American Safety common shares, as more fully described below in the section entitled *Opinion of ASI's Financial Advisor*.

This discussion of the information and factors considered by the board includes the principal positive and negative factors considered by the board, but is not intended to be exhaustive and may not include all of the factors considered.

In view of the wide variety of factors considered in connection with its evaluation of the amended merger agreement and the merger and the complexity of these matters, the board did not find it useful to and did not attempt to quantify, rank or otherwise assign relative weights to these factors. Rather, the board viewed its position and recommendation as being based on the totality of the information presented to them and the factors they considered.

In addition, individual members of the board may have given differing weights to different factors. It should be noted that this explanation of the reasoning of the board and certain information presented in this section is forward-looking in nature and, therefore, that information should be read in light of the factors discussed in the section entitled *Cautionary Statement Regarding Forward-Looking Information* beginning on page 15 of the proxy statement.

Recommendation of the Board

The board recommends that the shareholders of American Safety vote **FOR** the approval and adoption of the amended merger agreement.

Discounted Cash Flow Analysis. BofA Merrill Lynch performed a discounted cash flow analysis of American Safety to calculate the estimated present value of the standalone, distributable, levered cash flows that American Safety was forecasted to generate during American Safety’s fiscal years 2013 through 2017 based on the American Safety management forecasts, a summary of which is set forth under *American Safety Unaudited Prospective Financial Information* on pages 37 to 38 of the proxy statement. In rendering its opinion, BofA Merrill Lynch also reviewed and considered other factors, including:

historical trading prices of American Safety common shares during the period commencing on January 1, 2012 and ending on August 5, 2013 and trading volumes of American Safety’s common shares during the twelve-month and six-month periods ended August 5, 2013;

the historical ratio of price per share to trailing primary book value per share for American Safety during the period commencing on January 1, 2012 and ending on August 5, 2013;

operating return on average equity and the combined ratio for the selected publicly traded companies; and

implied premiums paid in selected precedent transactions in which the target company was publicly traded.

Miscellaneous

As noted above, the discussion set forth above is a summary of the material financial analyses presented by BofA Merrill Lynch to American Safety’s board in connection with its opinion and is not a comprehensive description of all analyses undertaken by BofA Merrill Lynch in connection with its opinion. The preparation of a financial opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a financial opinion is not readily susceptible to partial analysis or summary description. BofA Merrill Lynch believes that its analyses summarized above must be considered as a whole. BofA Merrill Lynch further believes that selecting portions of its analyses and the factors considered or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying BofA Merrill Lynch’s analyses and opinion. The fact that any specific analysis has been referred to in the summary above is not meant to indicate that such analysis was given greater weight than any other analysis referred to in the summary.

In performing its analyses, BofA Merrill Lynch considered industry performance, general business and economic conditions and other matters, many of which are beyond the control of American Safety. The estimates

Table of Contents

of the future performance of American Safety in or underlying BofA Merrill Lynch's analyses are not necessarily indicative of actual values or actual future results, which may be significantly more or less favorable than those estimates or those suggested by BofA Merrill Lynch's analyses. These analyses were prepared solely as part of BofA Merrill Lynch's analysis of the fairness, from a financial point of view, of the merger consideration and were provided to American Safety's board in connection with the delivery of BofA Merrill Lynch's opinion. The analyses do not purport to be appraisals or to reflect the prices at which a company might actually be sold or the prices at which any securities have traded or may trade at any time in the future. Accordingly, the estimates used in, and the ranges of valuations resulting from, any particular analysis described above are inherently subject to substantial uncertainty and should not be taken to be BofA Merrill Lynch's view of the actual values of American Safety.

The type and amount of consideration payable in the merger was determined through negotiations between American Safety and Fairfax, rather than by any financial advisor, and was approved by American Safety's board. The decision to enter into the merger agreement was solely that of American Safety's board. As described above, BofA Merrill Lynch's opinion and analyses were only one of many factors considered by American Safety's board in its evaluation of the proposed merger and should not be viewed as determinative of the views of American Safety's board or management with respect to the merger or the merger consideration.

American Safety has agreed to pay BofA Merrill Lynch for its services in connection with the merger an aggregate fee of approximately \$5.0 million to \$5.9 million, a portion of which was payable in connection with its prior opinion rendered in connection with the merger agreement, a portion of which is payable in connection with the rendering of its August 7, 2013 opinion and a significant portion of which is contingent upon the completion of the merger. American Safety also has agreed to reimburse BofA Merrill Lynch for its expenses incurred in connection with BofA Merrill Lynch's engagement and to indemnify BofA Merrill Lynch, any controlling person of BofA Merrill Lynch and each of their respective directors, officers, employees, agents and affiliates against specified liabilities, including liabilities under the federal securities laws.

BofA Merrill Lynch and its affiliates comprise a full service securities firm and commercial bank engaged in securities, commodities and derivatives trading, foreign exchange and other brokerage activities, and principal investing as well as providing investment, corporate and private banking, asset and investment management, financing and financial advisory services and other commercial services and products to a wide range of companies, governments and individuals. In the ordinary course of their businesses, BofA Merrill Lynch and its affiliates invest on a principal basis or on behalf of customers or manage funds that invest, make or hold long or short positions, finance positions or trade or otherwise effect transactions in the equity, debt or other securities or financial instruments (including derivatives, bank loans or other obligations) of American Safety, Fairfax and certain of their respective affiliates.

BofA Merrill Lynch and its affiliates in the past have provided, currently are providing, and in the future may provide investment banking, commercial banking and other financial services to Fairfax and certain of its affiliates and have received or in the future may receive compensation for the rendering of these services, including (i) having acted or acting as joint lead arranger and bookrunner for, and/or a lender under, certain credit or other facilities of, or loans to, Fairfax and/or certain of its affiliates, (ii) having acted or acting as manager or underwriter for various debt offerings of Fairfax and/or certain of its affiliates, (iii) having acted or acting as a dealer-manager in connection with certain debt and/or equity tender offers for Fairfax and/or certain of its affiliates, (iv) having acted as a financial advisor to an affiliate of Fairfax in connection with a merger and acquisition transaction, (v) having provided or providing certain swap, derivatives and foreign exchange trading services to Fairfax and/or certain of its affiliates, and (vi) having provided or providing certain treasury and trade management services and products to Fairfax and/or its affiliates. From June 1, 2011 through June 30, 2013, BofA Merrill Lynch and its affiliates received or derived, directly or indirectly, aggregate revenues of approximately \$41.5 million from Fairfax and its affiliates for commercial, corporate and investment banking services.

American Safety Unaudited Prospective Financial Information

The following information supplements the information under the heading "American Safety Unaudited Prospective Financial Information" beginning on page 37 of the proxy statement.

As stated in the proxy statement, American Safety does not, as a matter of course, prepare or publicly disclose prospective financial information about American Safety's future financial performance, revenues, earnings or other results due to, among other reasons, the uncertainty of the underlying assumptions and estimates. However, since the execution of the merger agreement in June 2013, certain financial forecasts were prepared by and made available to the board and BofA Merrill Lynch in connection with the board's consideration of the proposals by Catalina and Fairfax.

American Safety is including this prospective financial information in this supplement to provide its shareholders access to certain nonpublic unaudited forward-looking financial information that was made available to the board and BofA Merrill Lynch in connection with the approval of the amended merger agreement. The inclusion of this information in this supplement should not be regarded as an indication that American Safety, the board, BofA Merrill Lynch or any other recipient of this information considered, or now considers, this information to be reliable predictions of future results, and it should not be relied upon as such.

The prospective financial information is subjective in many respects and reflects numerous judgments, estimates and assumptions that are inherently uncertain, many of which are beyond American Safety's control, including estimates and assumptions regarding general economic conditions, premium rate levels, loss ratios, loss cost trends, reinsurance costs, capital adequacy, investment yields and other financial metrics. Important factors that may affect actual results and cause this information not to be accurate include, but are not limited to, general economic trends, risks and uncertainties relating to American Safety's business (including its ability to achieve strategic goals, objectives and targets over the applicable periods), industry performance, the regulatory environment, premium rate levels, property and casualty insurance industry loss cost trends, competition, reinsurance costs, capital adequacy and other factors described in the section entitled "Cautionary Statement Regarding Forward-Looking Information" beginning on page 15 of the proxy statement and page S-8 of this supplement and also described in the "Risk Factors" sections of our annual report on Form 10-K for the fiscal year ended December 31, 2012, as amended, and our quarterly reports on Form 10-Q thereafter. In addition, the prospective financial information does not reflect any events that could affect American Safety's prospects, including changes in general business or economic conditions or any other transaction or event that has occurred since, or that may occur and that was not anticipated at, the time the financial projections were prepared. The prospective financial information also covers multiple years and by its nature becomes subject to greater uncertainty with each successive year. Furthermore, and for the same reasons, this information should not be construed as commentary by American Safety's management as to how American Safety's management expects American Safety's actual results to compare to research analysts' estimates. There can be no assurance that the prospective financial information is or will be accurate or that American Safety's future financial results will not vary, even materially, from this information. None of American Safety, its affiliates, representatives or agents undertakes any obligation to update or otherwise to revise the prospective financial information to reflect circumstances existing or arising after the date such information was generated or to reflect the occurrence of future events, even if any or all of the underlying estimates and assumptions are shown to be in error or to have changed.

The prospective financial information should be read together with the historical financial statements of American Safety, which have been filed with the SEC. See the section entitled *Where You Can Find More Information* beginning on page 69 of the proxy statement and page S-28 of this supplement. The prospective financial information was not prepared with a view toward public disclosure and, accordingly, does not comply with published guidelines of the SEC, the Public Company Accounting and Oversight Board or the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither our independent registered public accounting firm nor any other independent accountant has compiled, examined or performed any procedures with respect to the prospective financial information, nor have they expressed any opinion or given any form of assurance on the prospective financial information or its achievability, and accordingly assume no responsibility for it or its achievability. The report of American Safety's independent registered public accounting firm incorporated into the proxy statement by reference relates to American Safety's historical financial information. It does not extend to the prospective financial information and should not be read to do so.

There can be no assurance that any prospective financial information will be, or are likely to be, realized, or that the assumptions on which they are based will prove to be, or are likely to be, correct. None of American Safety or its respective affiliates, advisors, officers, directors or representatives has made or makes any representation to any shareholders or any other person regarding the ultimate performance of American Safety compared to the prospective financial information set forth above. American Safety has not made any representation to Fairfax, in the merger agreement or otherwise, concerning the prospective financial information. You are cautioned not to place undue reliance on this information in making a decision as to whether to vote for the proposal to approve and adopt the amended merger agreement and to approve the merger.

Financing of the Merger

Consummation of the merger is not conditioned on the receipt of financing by Fairfax. We anticipate that the total funds needed to consummate the merger will be approximately \$317,200,000, which Fairfax has informed us will be funded from its internally available sources.

THE MERGER AGREEMENT AMENDMENT

*The following describes certain material provisions of the merger agreement amendment and supplements or replaces the information provided in the section entitled *The Merger Agreement* beginning on page 47 of the proxy statement. The following description of the merger agreement amendment does not purport to be complete and is subject to, and qualified in its entirety by reference to, the merger agreement amendment, which is attached as Annex S-A to this supplement, and the merger agreement, which is attached as Annex A to the proxy statement, each of which is incorporated in this supplement and the proxy statement by reference.*

*The rights and obligations of American Safety and Fairfax are governed by the express terms and conditions of the amended merger agreement and not by this summary or any other information contained in this supplement or the proxy statement. All shareholders are urged to read the merger agreement amendment and the merger agreement carefully and in their entirety before making any decisions regarding the merger, including the approval and adoption of the amended merger agreement. Various events contemplated by the merger agreement have occurred since its execution, and you should carefully read this supplement and the proxy statement in its entirety, including the section titled *The Merger*, for a more complete understanding of the merger.*

Merger Consideration

At the effective time of the merger, each common share issued and outstanding immediately prior to the effective time will be canceled and converted in the right to receive \$30.25 in cash, without interest and less any applicable withholding taxes, other than common shares:

held by Fairfax, merger sub or any other direct or indirect wholly-owned subsidiary of Fairfax immediately prior to the effective time, which will be canceled without payment of any merger consideration with respect to such common shares; and

held by American Safety in treasury, which will be canceled without payment of any merger consideration with respect to such common shares.

Each holder of an option to purchase common shares that is outstanding and unexercised as of the effective time will have the right to receive, in exchange for the cancellation of such option, a cash payment equal to the aggregate number of common shares issuable upon the exercise of such option multiplied by the amount (if any) by which \$30.25 exceeds the exercise price of such option, without interest and less any applicable withholding taxes.

Each restricted common share outstanding as of immediately prior to the effective time will be canceled and converted into the right to receive \$30.25 in cash, without interest, less any applicable withholding taxes.

The merger agreement amendment increases the termination fee amount to \$13,400,000.

Members of the Board of Directors:

We understand that American Safety Insurance Holdings, Ltd. (ASI) proposes to enter into Amendment No. 1, dated as of August 7, 2013, to the Agreement and Plan of Merger, dated as of June 2, 2013 (the Original Agreement , and as so amended, the Plan of Merger), among ASI, Fairfax Financing Holdings (Parent) and Fairfax Bermuda Holdings Ltd., an indirect wholly owned subsidiary of Parent (Merger Sub), and a merger agreement in the form attached as Exhibit A to the Plan of Merger (the Merger Agreement and, together with the Plan of Merger, the Agreements), pursuant to which, among other things, Merger Sub will merge with and into ASI (the Merger) and each outstanding common share, par value \$0.01 per share, of ASI (each, an ASI Common Share), other than ASI Common Shares held in treasury or owned by Merger Sub, Parent or any of Parent s wholly owned subsidiaries and other than Dissenting Shares (as defined in the Merger Agreement), will be converted into the right to receive \$30.25 in cash, without interest (the Consideration). The terms and conditions of the Merger are more fully set forth in the Agreements.

You have requested our opinion as to the fairness, from a financial point of view, to the holders of ASI Common Shares of the Consideration to be received by such holders in the Merger.

In connection with this opinion, we have, among other things:

- (1) reviewed certain publicly available business and financial information relating to ASI;
- (2) reviewed certain internal financial and operating information with respect to the business, operations and prospects of ASI furnished to or discussed with us by the management of ASI, including certain financial forecasts relating to ASI prepared by the management of ASI (such forecasts, the ASI Forecasts);

- (7) considered (i) the fact that ASI publicly announced that its Board of Directors was undertaking a review of strategic alternatives, including a potential sale of ASI, (ii) the results of our efforts on behalf of ASI to solicit, at the direction of the Board of Directors of ASI, indications of interest and definitive proposals from third parties with respect to a possible acquisition of ASI and (iii) the proposal received from a third party subsequent to the execution of the Original Agreement;

(9) reviewed the Merger Agreement; and

(10) performed such other analyses and studies and considered such other information and factors as we deemed appropriate. In arriving at our opinion, we have assumed and relied upon, without independent verification, the accuracy and completeness of the financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with us and have relied upon the assurances of the management of ASI that management is not aware of any facts or circumstances that would make such information or data inaccurate or misleading in any material respect. With respect to the ASI Forecasts, we have been advised by ASI, and have assumed, that they have been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of ASI as to the future financial performance of ASI. We have not made or been provided with any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of ASI, nor have we made any physical inspection of the properties or assets of ASI. We have not evaluated the solvency or fair value of ASI or Parent under any state, federal or other laws relating to bankruptcy, insolvency or similar matters. We are not experts in the evaluation of reserves for property and casualty insurance losses and loss adjustment expenses and we have not made an independent evaluation of the adequacy of the reserves of ASI. In that regard, we have made no analysis of, and express no opinion as to, the adequacy of the losses and loss adjustment expense reserves for ASI. We have assumed, at the direction of ASI, that the Merger will be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary governmental, regulatory and other approvals, consents, releases and waivers for the Merger, no delay, limitation, restriction or condition, including any divestiture requirements or amendments or modifications, will be imposed that would have an adverse effect on ASI or the contemplated benefits of the Merger.

We express no view or opinion as to any terms or other aspects of the Merger (other than the Consideration to the extent expressly specified herein), including, without limitation, the form or structure of the Merger. Our opinion is limited to the fairness, from a financial point of view, of the Consideration to be received by holders of ASI Common Shares and no opinion or view is expressed with respect to any consideration received in connection with the Merger by the holders of any class of securities, creditors or other constituencies of any party. In addition, no opinion or view is expressed with respect to the fairness (financial or otherwise) of the amount, nature or any other aspect of any compensation to any of the officers, directors or employees of any party to the Merger, or class of such persons, relative to the Consideration. Furthermore, no opinion or view is expressed as to the relative merits of the Merger in comparison to other strategies or transactions that might be available to ASI or in which ASI might engage or as to the underlying business decision of ASI to proceed with or effect the Merger. In addition, we express no opinion or recommendation as to how any shareholder should vote or act in connection with the Merger or any related matter.

We have acted as financial advisor to the Board of Directors of ASI in connection with the Merger and will receive a fee for our services, a portion of which was payable in connection with our prior opinion rendered in connection with the Original Agreement, a portion of which is payable upon the rendering of this opinion and a significant portion of which is contingent upon consummation of the Merger. In addition, ASI has agreed to reimburse our expenses and indemnify us against certain liabilities arising out of our engagement.

We and our affiliates comprise a full service securities firm and commercial bank engaged in securities, commodities and derivatives trading, foreign exchange and other brokerage activities, and principal investing as well as providing investment, corporate and private banking, asset and investment management, financing and financial advisory services and other commercial services and products to a wide range of companies,

Our opinion is necessarily based on financial, economic, monetary, market and other conditions and circumstances as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion, and we do not have any obligation to update, revise, or reaffirm this opinion. The issuance of this opinion was approved by our Americas Fairness Opinion Review Committee.

Based upon and subject to the foregoing, including the various assumptions and limitations set forth herein, we are of the opinion on the date hereof that the Consideration to be received in the Merger by holders of ASI Common Shares is fair, from a financial point of view, to such holders.
