JOINT PROXY STATEMENT/PROSPECTUS

To the Stockholders of Essex Property Trust, Inc. and the Stockholders of BRE Properties, Inc.:

The board of directors of Essex Property Trust, Inc., which we refer to as Essex, and the board of directors of BRE Properties, Inc., which we refer to as BRE, have each unanimously approved an Agreement and Plan of Merger, dated as of December 19, 2013, as it may be amended from time to time, which we refer to as the merger agreement, by and among Essex, Bronco Acquisition Sub, Inc., a direct wholly owned subsidiary of Essex, which we refer to as Merger Sub, and BRE. On February 5, 2014, Merger Sub changed its name to BEX Portfolio, Inc. Pursuant to the merger agreement, Essex and BRE will combine through a merger of BRE with and into Merger Sub, with Merger Sub surviving the merger. The combined company, which we refer to as the Combined Company, will retain the name Essex Property Trust, Inc. and will continue to trade on the New York Stock Exchange, or NYSE, under the symbol ESS. The executive officers of Essex immediately prior to the effective time of the merger will continue to serve as the executive officers of the Combined Company, with Michael J. Schall continuing to serve as the President and Chief Executive Officer of the Combined Company. The obligations of Essex and BRE to effect the merger are subject to the satisfaction or waiver of certain customary conditions set forth in the merger agreement (including the applicable approvals of each company's stockholders).

If the merger is completed pursuant to the merger agreement, each share of BRE common stock outstanding immediately prior to the effective time of the merger will convert into the right to receive (i) 0.2971 shares of Essex common stock and (ii) \$12.33 in cash, without interest, which we collectively refer to as the merger consideration, each subject to certain adjustments provided for in the merger agreement and subject to any applicable withholding tax. As explained in more detail in the attached joint proxy statement/prospectus, the cash amount of the merger consideration will be reduced to the extent a special distribution is authorized and declared to be paid to BRE stockholders of record as of the close of business on the business day immediately prior to the effective time of the merger as a result of any applicable asset sale (as described in the attached joint proxy statement/prospectus). Essex stockholders will continue to hold their existing shares of Essex common stock. The exchange ratio and cash amount will not be adjusted to reflect changes in the price of Essex common stock or the price of BRE common stock occurring prior to the completion of the merger. Based on the closing price of Essex common stock on the NYSE of \$147.70 on December 18, 2013, the last trading date before the announcement of the proposed merger, the merger

consideration (based on the value of \$43.88 in Essex common stock plus the \$12.33 in cash per share) represented approximately \$56.21 for each share of BRE common stock. Based on the closing price of Essex common stock on the NYSE of \$166.79 on February 10, 2014, the latest practicable date before the date of this joint proxy statement/prospectus, the merger consideration (based on the value of \$49.55 in Essex common stock plus the \$12.33 in cash per share) represented approximately \$61.88 for each share of BRE common stock. **The value of the merger consideration will fluctuate with changes in the market price of Essex common stock. The cash portion of the merger consideration will be reduced by the amount of any special distribution in connection with or as a result of any applicable asset sale. We urge you to obtain current market quotations for Essex common stock and BRE common stock.**

Upon completion of the merger, we estimate that continuing Essex stockholders will own approximately 62% of the issued and outstanding common stock of the Combined Company, and former BRE stockholders will own approximately 38% of the issued and outstanding common stock of the Combined Company.

In connection with the proposed merger, Essex and BRE will each hold a special meeting of their respective stockholders. At the Essex special meeting, Essex stockholders will be asked to vote on (i) a proposal to approve the issuance of Essex common stock to BRE stockholders in the merger and (ii) a proposal to approve one or more adjournments of the meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger. At the BRE special meeting, BRE stockholders will be asked to vote on (i) a proposal to approve the merger and the other transactions contemplated by the merger agreement, (ii) an advisory (non-binding) proposal to approve certain compensation that may be paid or become payable to the named executive officers of BRE in connection with the merger, and (iii) a proposal to approve one or more adjournments of the meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement.

The record date for determining the stockholders entitled to receive notice of, and to vote at, the Essex special meeting and the BRE special meeting is January 23, 2014. The merger cannot be completed unless, among other matters, (i) BRE stockholders approve the merger and the other transactions contemplated by the merger agreement by the affirmative vote of the holders of at least a majority of the outstanding shares of BRE common stock entitled to vote on the merger, and (ii) Essex stockholders approve the issuance of Essex common stock to BRE stockholders in the merger by the affirmative vote of the holders of at least a majority of all votes cast on the proposal.

The Essex board of directors has unanimously (i) determined and declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement, including the issuance of Essex common stock to BRE stockholders in the merger, are advisable, fair to, and in the best interests of Essex and its stockholders, (ii) approved and adopted the merger agreement, the merger and the other transactions contemplated thereby, and (iii) authorized and approved the issuance of shares of Essex common stock to BRE stockholders in the merger. **The Essex board of directors unanimously recommends that Essex stockholders vote FOR the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger and FOR the proposal to approve one or more adjournments of the meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger.**

The BRE board of directors has unanimously (i) determined and declared that the merger, the merger agreement, and the other transactions contemplated by the merger agreement, are advisable and in the best interests of BRE and its stockholders and (ii) approved the merger agreement and authorized the performance by BRE thereunder. **The BRE board of directors unanimously recommends that BRE stockholders vote FOR the proposal to approve the merger and the other transactions contemplated by the merger agreement, FOR the advisory (non-binding) proposal to approve certain compensation that may be paid or become payable to the named executive officers of BRE in connection with the merger, and FOR the proposal to approve one or more adjournments of the**

meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement.

This joint proxy statement/prospectus contains important information about Essex, BRE, the merger, the merger agreement and the special meetings. This document is also a prospectus for shares of Essex common stock that will be issued to BRE stockholders pursuant to the merger agreement. **We encourage you to read this joint proxy statement/prospectus carefully before voting, including the section entitled Risk Factors beginning on page 35.**

Your vote is very important, regardless of the number of shares you own. Whether or not you plan to attend the Essex special meeting or the BRE special meeting, as applicable, please submit a proxy to vote your shares as promptly as possible to make sure that your shares of Essex common stock and/or shares of BRE common stock, as applicable, are represented at the applicable special meeting. Please review this joint proxy statement/prospectus for more complete information regarding the merger and the Essex special meeting and the BRE special meeting, as applicable.

Sincerely,

Michael J. Schall

the closing of the merger to (i) fund the cash consideration, (ii) pay various fees and expenses incurred in connection with the merger and the other transactions contemplated by the merger agreement, and/or (iii) repay certain indebtedness of BRE and its subsidiaries. Essex has the right to use alternative financing in connection with the consummation of the merger and is under no obligation to draw upon the financing commitment. Essex is currently exploring the availability of alternative financing to fund the cash consideration including through existing unsecured credit facilities, asset sales, joint ventures or other financing arrangements. For more information regarding the financing related to the merger, see *The Merger Agreement Financing Related to the Merger* beginning on page 144 and *The Merger Agreement Financing Relating to the Merger Asset Sale and Special Distribution* beginning on page 145.

Q: How will Essex stockholders be affected by the merger and the issuance of shares of Essex common stock to BRE stockholders in the merger?

A: After the merger, each Essex stockholder will continue to own the shares of Essex common stock that the stockholder held immediately prior to the effective time of the merger. As a result, each Essex stockholder will own shares of common stock in a larger company with more assets. However, because Essex will be issuing new shares of Essex common stock to BRE stockholders in the merger, each outstanding share of Essex common stock immediately prior to the effective time of the merger will represent a smaller percentage of the aggregate number of shares of the Combined Company common stock outstanding after the merger. Upon completion of the merger, we estimate that Essex stockholders will own approximately 62% of the issued and outstanding Combined Company common stock and former BRE stockholders will own 38% of the issued and outstanding Combined Company common stock.

Q: What happens if the market price of shares of Essex common stock or BRE common stock changes before the closing of the merger?

A: No change will be made to the exchange ratio of 0.2971 or the cash consideration of \$12.33 if the market price of shares of Essex common stock or BRE common stock changes before the merger. As a result, the value of the consideration to be received by BRE stockholders in the merger will increase or decrease depending on the market price of shares of Essex common stock at the effective time of the merger.

Q: Why am I receiving this joint proxy statement/prospectus?

A: The Essex Board and the BRE Board are using this joint proxy statement/prospectus to solicit proxies of Essex stockholders and BRE stockholders in connection with the merger agreement and the merger. In addition, Essex is using this joint proxy statement/prospectus as a prospectus for BRE stockholders because Essex is offering shares of its common stock to be issued in exchange for BRE common stock in the merger. The merger cannot be completed unless:

the holders of Essex common stock vote to approve the issuance of shares of Essex common stock to BRE stockholders in the merger; and

the holders of BRE common stock vote to approve the merger and the other transactions contemplated by the merger agreement.

Each of Essex and BRE will hold separate meetings of their respective stockholders to obtain these approvals and to consider other proposals as described elsewhere in this joint proxy statement/prospectus.

This joint proxy statement/prospectus contains important information about the merger and the other proposals being voted on at the special meetings of stockholders and you should read it carefully. The enclosed voting materials allow you to vote your shares of Essex common stock and/or BRE common stock, as applicable, without attending the applicable special meeting.

Your vote is important. You are encouraged to submit your proxy as promptly as possible.

Q: What is the Asset Sale and what is the Special Distribution that BRE stockholders may receive?

A: Under the terms of the merger agreement, Essex has the option to require BRE to sell up to \$1 billion of BRE assets (or interests therein) to one or more third-party venture partners one business day prior to the closing of the merger, which we refer to as the Asset Sale. The Asset Sale and the Special Distribution, as described below, are the mechanisms for implementing this option. In such an event, all or a portion of the net proceeds from the Asset Sale by BRE will be distributed to the BRE stockholders of record as of the close of business on the business day immediately prior to the effective time of the merger, which we refer to as the Special Distribution, and the cash portion of the merger consideration otherwise payable to the BRE stockholders will be reduced dollar-for-dollar by the amount of the Special Distribution. Regardless of whether Essex exercises the option, each BRE stockholder will receive 0.2971 shares of Essex common stock and \$12.33 in cash, without interest, with respect to each share of BRE common stock held, the cash consideration may be paid, wholly or partially, by way of the Special Distribution as opposed to merger consideration depending on whether or not the Asset Sale is consummated prior to the effective time of the merger in accordance with the terms of the merger agreement. For more information regarding the Asset Sale and the Special Distribution, see *The Merger Agreement Financing Relating to the Merger Asset Sale and Special Distribution* beginning on page 145.

Q: Am I being asked to vote on any other proposals at the special meetings in addition to the merger proposal?

A: *Essex.* At the Essex special meeting, Essex stockholders will be asked to consider and vote upon the following additional proposal:

To approve one or more adjournments of the Essex special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger.

BRE. At the BRE special meeting, BRE stockholders will be asked to consider and vote upon the following additional proposals:

An advisory (non-binding) proposal to approve certain compensation that may be paid or become payable to the named executive officers of BRE in connection with the merger; and

To approve one or more adjournments of the BRE special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement.

Q: Why are Essex and BRE proposing the merger?

A: Among other reasons, if completed, the Combined Company is expected to have a pro forma equity market capitalization of approximately \$10.4 billion and a total market capitalization of approximately \$15.4 billion, creating the largest multifamily real estate investment trust, or REIT, on the West Coast. In addition, the Combined Company is expected to benefit from the elimination of duplicative costs associated with supporting a public company platform and the leveraging of state of the art technology and systems. These savings are expected to be realized upon full integration, which is expected to occur over the 18-month period following the closing of the merger. To review the reasons of the Essex Board and the BRE Board for the merger in greater detail, see [The Merger Recommendation of the Essex Board and Its Reasons for the Merger](#) beginning on page 74 and [The Merger Recommendation of the BRE Board and Its Reasons for the Merger](#) beginning on page 76.

Q: Who will be the board of directors and management of the Combined Company?

As of the effective time of the merger, the number of directors that comprise the board of directors of the Combined Company will be 13, with all ten members of the Essex Board immediately prior to the effective time of the merger, George M. Marcus, Keith R. Guericke, David W. Brady, Gary P. Martin, Issie N. Rabinovitch, Thomas E. Randlett, Michael J. Schall, Bryon A. Scordelis, Janice L. Sears and Claude Joseph

Zinngrabe Jr., continuing as directors of the Combined Company. In addition, three current members of the BRE Board designated by BRE, Irving F. Lyons, III, Thomas E. Robinson and Thomas P. Sullivan will join the board of directors of the Combined Company as of the effective time of the merger.

The executive officers of Essex immediately prior to the effective time merger will continue to serve as the executive officers of the Combined Company, with Michael J. Schall continuing to serve as the President and Chief Executive Officer of the Combined Company.

Q: Will Essex and BRE continue to pay distributions prior to the closing of the merger?

A: Yes. The merger agreement permits Essex to pay a regular quarterly distribution, in accordance with past practice at a rate not to exceed (i) \$1.21 per share of Essex common stock, (ii) \$0.30469 per share of Essex Series G Cumulative Convertible Preferred Stock, or the Series G Preferred Stock, and (iii) \$0.44531 per share of Essex Series H Cumulative Redeemable Preferred Stock, or the Series H Preferred Stock, per quarter, and any distribution that is reasonably necessary to maintain its REIT qualification and/or to avoid the imposition of U.S. federal income or excise tax. The merger agreement permits BRE to pay a regular quarterly distribution, in accordance with past practice at a rate not to exceed (i) \$0.395 per share of BRE common stock and (ii) \$0.421875 per share of BRE Series D Cumulative Redeemable Preferred Stock per quarter, and any distribution that is reasonably necessary to maintain its REIT qualification and/or to avoid the imposition of U.S. federal income or excise tax. In addition, BRE is required to pay the Special Distribution if the Asset Sale is completed in accordance with the terms set forth in the merger agreement. See The Merger Agreement Financing Relating to the Merger Asset Sale and Special Distribution beginning on page 145. The timing of quarterly dividends paid on common stock will be coordinated by Essex and BRE so that if either Essex stockholders or BRE stockholders receive a regular dividend (i.e., other than the Special Distribution) for any particular period prior to the closing of the merger, the stockholders of the other company will also receive a dividend for the same period.

Q: When and where are the special meetings of the Essex and BRE stockholders?

A: The Essex special meeting will be held at the Clubhouse at Via Apartment Homes, 621 Tasman Drive, Sunnyvale, California 94089 on March 28, 2014 commencing at 10:00 a.m., local time. The BRE special meeting will be held at the Mandarin Oriental Hotel, 222 Sansome Street, San Francisco, California 94104 on March 28, 2014 commencing at 10:00 a.m., local time.

Q: Who can vote at the special meetings?

A: *Essex.* All holders of Essex common stock of record as of the close of business on January 23, 2014, the record date for determining stockholders entitled to notice of and to vote at the Essex special meeting, are entitled to

receive notice of and to vote at the Essex special meeting. As of the record date, there were 38,133,432 shares of Essex common stock outstanding and entitled to vote at the Essex special meeting, held by approximately 252 holders of record. Each share of Essex common stock is entitled to one vote on each proposal presented at the Essex special meeting.

BRE. BRE's bylaws provide that the presence, in person or by proxy, of stockholders entitled to cast a majority of all the votes entitled to be cast at such meeting will constitute a quorum.

Shares that are voted, in person or by proxy, and shares abstaining from voting are treated as present at each of the Essex special meeting and the BRE special meeting, respectively, for purposes of determining whether a quorum is present.

Q: What vote is required to approve the proposals?

A: *Essex.*

Approval of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger requires the affirmative vote of the holders of at least a majority of all votes cast on such proposal.

Approval of the proposal to approve one or more adjournments of the Essex special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger requires the affirmative vote of at least a majority of all votes cast on such proposal.

BRE.

Q: How does the Essex Board recommend that Essex stockholders vote on the proposals?

A: After consideration, the Essex Board has unanimously (i) determined and declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement are advisable, fair to, and in the best interests of Essex and its stockholders, (ii) approved and adopted the merger agreement, the merger and the other transactions contemplated thereby and (iii) authorized and approved the issuance of shares of Essex common stock to BRE stockholders in the merger. The Essex Board unanimously recommends that Essex stockholders vote **FOR** the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger and **FOR** the proposal to approve one or more adjournments of the meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger.

For a more complete description of the recommendation of the Essex Board, see The Merger Recommendation of the Essex Board and Its Reasons for the Merger beginning on page 74.

unanimously recommends that BRE stockholders vote **FOR** the proposal to approve the merger and the other transactions contemplated by the merger agreement, **FOR** the advisory (non-binding) proposal to approve certain compensation that may be paid or become payable to the named executive officers of BRE in connection with the merger, and **FOR** the proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement.

For a more complete description of the recommendation of the BRE Board, see "The Merger Recommendation of the BRE Board and Its Reasons for the Merger" beginning on page 76.

Q: Do any of BRE's executive officers or directors have interests in the merger that may differ from those of BRE stockholders?

A: BRE's executive officers and directors have interests in the merger that are different from, or in addition to, their interests as BRE stockholders. The members of the BRE Board were aware of and considered these interests, among other matters, in evaluating the merger agreement and the merger, and in recommending that BRE stockholders vote **FOR** the proposal to approve the merger and the other transactions contemplated by the merger agreement. For a description of these interests, see the section entitled "The Merger Interests of BRE's Directors and Executive Officers in the Merger" beginning on page 99.

Q: Have any stockholders of Essex and BRE already agreed to approve the merger?

Pursuant to separate voting agreements, Constance B. Moore, BRE's President and Chief Executive Officer and a member of the BRE Board, and Irving F. Lyons, III, the Chairman of the BRE Board, who together as of February 10, 2014 owned approximately 0.58% of the outstanding shares of BRE common stock, have agreed to vote in favor of the merger agreement, the merger and the other transactions contemplated by the merger agreement, subject to the terms and conditions of the applicable voting agreements, as described under "Voting Agreements" beginning on page 147.

Q: If my shares of Essex common stock or my shares of BRE common stock are held in street name by my broker, bank or other nominee, will my broker, bank or other nominee vote my shares of Essex common stock or my shares of BRE common stock for me?

A: No. Unless you instruct your broker, bank or other nominee how to vote your shares of Essex common stock and/or your shares of BRE common stock, as applicable, held in street name, your shares will NOT be voted. If you hold your shares of Essex common stock and/or your shares of BRE common stock in a stock brokerage account or if your shares are held by a bank or other nominee (that is, in street name), in order for your shares to be present and voted at the applicable special meeting, you must provide your broker, bank or other nominee with instructions on how to vote your shares.

Q: What happens if I do not vote for a proposal?

A: *Essex.* If you are an Essex stockholder, abstentions will be counted in determining the presence of a quorum. Abstentions will have the same effect as a vote cast AGAINST the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger. Abstentions will have no effect on the proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger. If you do not provide voting instructions to your broker, bank or other nominee, your vote will not be counted in determining the presence of a quorum and will have no effect on either proposal.

BRE. If you are a BRE stockholder, abstentions will be counted in determining the presence of a quorum. Abstentions will have the same effect as a vote cast AGAINST the proposal to approve the merger and the other transactions contemplated by the merger agreement. Abstentions will have no effect on (i) the advisory (non-binding) proposal to approve certain compensation that may be paid or become payable to the named executive officers of BRE in connection with the merger or (ii) the proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement. If you do not provide voting instructions to your broker, bank or other nominee, your vote will not be counted in determining the presence of a quorum and will have the same effect as a vote cast AGAINST the proposal to approve the merger and the other transactions contemplated by the merger agreement, but will have no effect on the other proposals.

Q: Will my rights as a stockholder of Essex or BRE change as a result of the merger?

A: The rights of Essex stockholders will be unchanged as a result of the merger. BRE stockholders will have different rights following the effective time of the merger due to the differences between the governing documents of Essex and BRE. At the effective time of the merger, the existing charter and bylaws of Essex will thereafter be the charter and bylaws of the Combined Company. For more information regarding the differences in stockholder rights, see *Comparison of Rights of Stockholders of Essex and Stockholders of BRE* beginning on page 184.

Q: When is the merger expected to be completed?

A: Essex and BRE expect to complete the merger as soon as reasonably practicable following satisfaction of all of the required conditions, provided that Essex has the right to delay the merger until June 16, 2014 if a certain third party consent is not obtained. If the stockholders of both Essex and BRE approve the merger, and if the other conditions to closing the merger are satisfied or waived, it is currently expected that the merger will be completed in the first quarter of 2014. However, there is no guaranty that the conditions to the merger will be satisfied or that the merger will close.

Q: If I am a BRE stockholder do I need to do anything with my stock certificates now?

A: No. You should not submit your stock certificates at this time. After the merger is completed, if you held shares of BRE common stock, the exchange agent for the Combined Company will send you a letter of transmittal and instructions for exchanging your shares of BRE common stock for shares of the Combined Company common stock pursuant to the terms of the merger agreement. Upon surrender of a certificate or book-entry share for cancellation along with the executed letter of transmittal and other required documents described in the instructions, a BRE stockholder will receive shares of common stock of the Combined Company and the cash consideration pursuant to the terms of the merger agreement.

Q: What are the anticipated U.S. federal income tax consequences to me of the proposed merger and the Special Distribution?

A: It is intended that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, which we refer to as the Code. The closing of the merger is conditioned on the receipt by each of Essex and BRE of an opinion from its respective counsel to the effect that the merger will qualify as a reorganization within the meaning of Section 368(a) of the Code. Assuming that the merger qualifies as a reorganization, U.S. holders of shares of BRE common stock generally will not recognize gain or loss for U.S. federal income tax purposes upon the receipt of Combined Company common stock in exchange for BRE common stock in connection with the merger, except with respect to the cash consideration and cash received in lieu of fractional shares of Combined Company common stock. Holders may also recognize income as a result of the payment of the Special Distribution, if any. Holders of BRE common stock should read the discussion under the heading *The Merger Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 103 and consult their tax advisors to determine the tax consequences to them (including the application and effect of any state, local or non-U.S. income and other tax laws) of the merger.

Q: Are BRE stockholders entitled to appraisal rights?

A: No. BRE stockholders are not entitled to exercise appraisal rights in connection with the merger. See *The Merger Agreement Merger Consideration; Effects of the Merger Appraisal Rights* beginning on page 129.

Q: What do I need to do now?

A: After you have carefully read this joint proxy statement/prospectus, please respond by completing, signing and dating your proxy card or voting instruction card and returning it in the enclosed preaddressed postage-paid envelope or, if available, by submitting your proxy by one of the other methods specified in your proxy card or voting instruction card as promptly as possible so that your shares of Essex common stock and/or your shares of BRE common stock will be represented and voted at the Essex special meeting or the BRE special meeting, as applicable.

Edgar Filing: ESSEX PROPERTY TRUST INC - Form 424B3

Please refer to your proxy card or voting instruction card forwarded by your broker, bank or other nominee to see which voting options are available to you.

The method by which you submit a proxy will in no way limit your right to vote at the Essex special meeting or the BRE special meeting, as applicable, if you later decide to attend the meeting in person.

However, if your shares of Essex common stock or your shares of BRE common stock are held in the name of a broker, bank or other nominee, you must obtain a legal proxy, executed in your favor, from your broker, bank or other nominee, to be able to vote in person at the Essex special meeting or the BRE special meeting, as applicable.

Q: How will my proxy be voted?

A: All shares of Essex common stock entitled to vote and represented by properly completed proxies received prior to the Essex special meeting, and not revoked, will be voted at the Essex special meeting as instructed on the proxies. If you properly sign, date and return a proxy card, but do not indicate how your shares of Essex common stock should be voted on a matter, the shares of Essex common stock represented by your proxy will be voted as the Essex Board recommends and therefore **FOR** the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger, and **FOR** the proposal to approve one or more adjournments of the Essex special meeting to another date, time or place, if necessary or appropriate in the view of the Essex Board, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger if there are not sufficient votes at the time of such adjournment to approve such proposal. If you do not provide voting instructions to your broker, bank or other nominee, your shares of Essex common stock will NOT be voted at the Essex special meeting.

All shares of BRE common stock entitled to vote and represented by properly completed proxies received prior to the BRE special meeting, and not revoked, will be voted at the BRE special meeting as instructed on the proxies. If you properly sign, date and return a proxy card, but do not indicate how your shares of BRE common stock should be voted on a matter, the shares of BRE common stock represented by your proxy will be voted as the BRE Board recommends and therefore **FOR** the proposal to approve the merger and the other transactions contemplated by the merger agreement, **FOR** the advisory (non-binding) proposal to approve certain compensation that may be paid or become payable to the named executive officers of BRE in connection with the merger and **FOR** the proposal to approve one or more adjournments of the BRE special meeting to another date, time or place, if necessary or appropriate, including adjournments to permit further solicitation of proxies in favor of approval of the merger agreement and the other transactions contemplated by the merger agreement. If you do not provide voting instructions to your broker, bank or other nominee, your BRE common stock will NOT be voted at the BRE special meeting.

Q: Can I revoke my proxy or change my vote after I have delivered my proxy?

A: Yes. You may revoke your proxy or change your vote at any time before your proxy is voted at the Essex special meeting or the BRE special meeting, as applicable. If you are a holder of record, you can do this in any of the three following ways:

by sending a written notice to the corporate secretary of Essex or the corporate secretary of BRE, as applicable, in time to be received before the Essex special meeting or the BRE special meeting, as applicable, stating that you would like to revoke your proxy;

by completing, signing and dating another proxy card and returning it by mail in time to be received before the Essex special meeting or the BRE special meeting, as applicable, or by submitting a later dated proxy by the Internet or telephone in which case your later-submitted proxy will be recorded and your earlier proxy revoked; or

by attending the Essex special meeting or the BRE special meeting, as applicable, and voting in person. Simply attending the Essex special meeting or the BRE special meeting, as applicable, without voting will not revoke your proxy or change your vote.

If your shares of Essex common stock or your shares of BRE common stock are held in an account at a broker, bank or other nominee and you desire to change your vote or vote in person, you should contact your broker, bank or other nominee for instructions on how to do so.

Q: What does it mean if I receive more than one set of voting materials for the Essex special meeting or the BRE special meeting?

A: You may receive more than one set of voting materials for the Essex special meeting and/or the BRE special meeting, as applicable, including multiple copies of this joint proxy statement/prospectus and multiple

proxy cards or voting instruction cards. For example, if you hold your shares of Essex common stock or your shares of BRE common stock in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares of Essex common stock or your shares of BRE common stock. If you are a holder of record and your shares of Essex common stock or your shares of BRE common stock are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive or, if available, please submit your proxy by telephone or over the Internet.

Q: What happens if I am a stockholder of both Essex and BRE?

A: You will receive separate proxy cards for each entity and must complete, sign and date each proxy card and return each proxy card in the appropriate preaddressed postage-paid envelope or, if available, by submitting a proxy by one of the other methods specified in your proxy card or voting instruction card for each entity.

Q: Do I need identification to attend the Essex or BRE special meeting in person?

A: Yes. Please bring proper identification, together with proof that you are a record owner of shares of Essex common stock or shares of BRE common stock, as the case may be. If your shares are held in street name, please bring acceptable proof of ownership, such as a letter from your broker or an account statement showing that you beneficially owned shares of Essex common stock or shares of BRE common stock, as applicable, on the applicable record date.

Q: Will a proxy solicitor be used?

A: Yes. Essex has engaged D.F. King & Co., Inc., which we refer to as D.F. King, to assist in the solicitation of proxies for the Essex special meeting, and Essex estimates it will pay D.F. King a fee of approximately \$20,000. Essex has also agreed to reimburse D.F. King for reasonable expenses incurred in connection with the proxy solicitation and to indemnify D.F. King against certain losses, claims, damages, liabilities and expenses. In addition to mailing proxy solicitation material, Essex's directors, officers and employees may also solicit proxies in person, by telephone or by any other electronic means of communication deemed appropriate. No additional compensation will be paid to Essex's directors, officers or employees for such services.

BRE has engaged MacKenzie Partners, Inc., which we refer to as MacKenzie, to assist in the solicitation of proxies for the BRE special meeting and BRE estimates it will pay MacKenzie a fee of approximately \$50,000. BRE has also agreed to reimburse MacKenzie for reasonable out-of-pocket expenses and disbursements incurred in connection with the proxy solicitation and to indemnify MacKenzie against certain losses, costs and expenses. In addition to mailing proxy solicitation material, BRE's directors, officers and employees may also solicit proxies in person, by telephone or by any other electronic means of communication deemed appropriate. No additional compensation will be paid to BRE's directors, officers or employees for such services.

The Merger

The Merger Agreement (See page 127)

Essex, Merger Sub and BRE have entered into the merger agreement attached as Annex A to this joint proxy statement/prospectus, which is incorporated herein by reference. Essex and BRE encourage you to carefully read the merger agreement in its entirety because it is the principal document governing the merger and the other transactions contemplated by the merger agreement.

The merger agreement provides that the closing of the merger will take place at 8:00 a.m. Eastern Time at the offices of Goodwin Procter LLP in San Francisco, California on the second business day following the date on which the last of the conditions to closing of the merger have been satisfied or waived, provided that if a certain third party consent is not obtained by such date, Essex has the right to extend the closing to a date that is not later than two business days after the receipt of such consent, but in no event later than June 16, 2014.

The Merger (See page 61)

Subject to the terms and conditions of the merger agreement, at the effective time of the merger, BRE will merge with and into Merger Sub, with Merger Sub surviving the merger as a direct wholly owned subsidiary of Essex. References

to the Combined Company are to Essex after the effective time of the merger. The shares of common stock of the Combined Company will continue to be listed and traded on the NYSE under the symbol ESS.

Upon completion of the merger, we estimate that continuing Essex stockholders will own approximately 62% of the issued and outstanding common stock of the Combined Company, and former BRE stockholders will own approximately 38% of the issued and outstanding common stock of the Combined Company.

Table of Contents**Index to Financial Statements*****The Merger Consideration (See page 128)***

In the merger, each issued and outstanding share of BRE common stock will be converted automatically into the right to receive 0.2971 shares of common stock, par value \$0.0001 per share, which we refer to as the stock consideration, of Essex plus \$12.33 in cash, without interest, which we refer to as the cash consideration, each subject to adjustment as described in the merger agreement. The cash consideration will be reduced to the extent the Asset Sale is completed in accordance with the terms set forth in the merger agreement and the Special Distribution is authorized and declared to be paid to the BRE stockholders of record as of the close of business on the business day immediately prior to the effective time of the merger as a result of the Asset Sale, as described under *The Merger Agreement Financing Relating to the Merger Asset Sale and Special Distribution* beginning on page 145. We refer to the stock consideration and the cash consideration collectively as the merger consideration. BRE stockholders will not receive any fractional shares of Essex common stock in the merger but instead will be paid cash (without interest) in lieu of any fractional share interest to which they would otherwise be entitled. The exchange ratio and the cash consideration will not be adjusted for changes in the market value of Essex common stock or BRE common stock. Because of this, the implied value of the merger consideration to be received by BRE stockholders in the merger will fluctuate between now and the completion of the merger. Based on the closing price of Essex common stock on the NYSE of \$147.70 on December 18, 2013, the last trading date before the announcement of the proposed merger, the merger consideration (based on the value of \$43.88 in Essex common stock plus the \$12.33 in cash per share) represented approximately \$56.21 for each share of BRE common stock. Based on the closing price of Essex common stock on the NYSE of \$166.79 on February 10, 2014, the latest practicable date before the date of this joint proxy statement/prospectus, the merger consideration (based on the value of \$49.55 in Essex common stock plus the \$12.33 in cash per share) represented approximately \$61.88 for each share of BRE common stock.

You are urged to obtain current market prices of shares of Essex common stock and BRE common stock. You are cautioned that the trading price of the common stock of the Combined Company after the merger may be affected by factors different from those currently affecting the trading prices of Essex common stock and BRE common stock, and therefore, the historical trading prices of Essex and BRE may not be indicative of the trading price of the Combined Company. See the risks related to the merger and the other transactions contemplated by the merger agreement described under the section *Risk Factors Risk Factors Relating to the Merger* beginning on page 35.

Voting Agreements (See page 147)

Concurrently with the execution of the merger agreement, BRE entered into separate voting agreements with Michael J. Schall, Essex's President and Chief Executive Officer and a member of the Essex Board, and George M. Marcus, the Chairman of the Essex Board, and Essex entered into separate voting agreements with Constance B. Moore, BRE's President and Chief Executive Officer and a member of the BRE Board, and Irving F. Lyons, III, the Chairman of the BRE Board. As of February 10, 2014, the Essex officers and directors that are a party to a voting agreement with BRE collectively owned approximately 0.91% of the outstanding shares of Essex common stock, and the BRE officers and directors that are a party to a voting agreement with Essex collectively owned approximately 0.58% of the outstanding shares of BRE common stock.

Pursuant to the terms of the voting agreements, each of the stockholders parties to the voting agreements has agreed, subject to the terms and conditions contained in each voting agreement, to among other things, vote all of his or her shares of Essex common stock or BRE common stock, as applicable, whether currently owned or acquired at any time prior to the termination of the applicable voting agreement, in favor of the issuance of Essex common stock to BRE stockholders in the merger or in favor of the merger and the other transactions contemplated by the merger agreement,

as applicable. In addition, the voting agreements with BRE stockholders provide that such persons will vote their BRE common stock against any alternative proposal, and both the voting agreements with Essex stockholders and the voting agreements with BRE stockholders provide that such

persons will vote their shares of Essex common stock or BRE common stock, as applicable, against any action which would reasonably be expected to adversely affect or interfere with the consummation of the transactions contemplated by the merger agreement.

Each of the stockholders parties to the voting agreements has also agreed to comply with certain restrictions on the transfer of his or her shares subject to the terms of the applicable voting agreement. Each of the voting agreements terminates upon the earlier to occur of (1) the effective time of the merger; and (2) the termination of the merger agreement pursuant to its terms.

The foregoing summary of the voting agreements is subject to, and qualified in its entirety by reference to, the full text of each of the voting agreements. Copies of the forms of voting agreement are attached as Annex B and Annex C to this joint proxy statement/prospectus and are incorporated herein by reference. For more information see [Voting Agreements](#) beginning on page 147.

Financing Related to the Merger (See page 144)

The merger is not conditioned upon Essex having received any financing at or prior to the effective time of the merger. However, in connection with the merger and the transactions contemplated by the merger agreement, Essex has entered into a commitment letter with Citigroup Global Markets Inc., UBS AG Stamford Branch and UBS Securities LLC, whose banking affiliates we collectively refer to as the lenders, pursuant to which the lenders have committed to provide a senior unsecured bridge loan facility of up to \$1 billion, which we refer to as the bridge loan facility, subject to the conditions set forth in the commitment letter. If drawn upon, the proceeds of the bridge loan facility may be used to (i) pay a portion of the cash consideration in the merger, (ii) pay various fees and expenses incurred in connection with the merger, and/or (iii) repay certain indebtedness of BRE and its subsidiaries. The bridge loan facility is structured as a 364-day unsecured term loan facility available in a single draw on the closing date of the merger. Essex, Essex LP and Merger Sub have the right to use alternative financing in connection with the consummation of the merger and are under no obligation to draw upon the financing commitment from the lenders. Essex is currently exploring the availability of alternative financing including through existing unsecured credit facilities, asset sales, joint ventures or other financing arrangements.

The commitment letter expires on the earliest of (i) the consummation of the bridge loan facility and (ii) April 18, 2014, provided that if either Essex or BRE has not obtained the approval of Essex stockholders or BRE stockholders, as the case may be, contemplated by the merger agreement by April 18, 2014, the commitment letter will expire on May 18, 2014.

For more information regarding the financing related to the merger, see [The Merger Agreement Financing Related to the Merger](#) beginning on page 144.

Asset Sale and Special Distribution (See page 145)

Pursuant to the merger agreement, Essex may make an irrevocable election by written notice to BRE no later than 5 p.m. Pacific Time on the business day that is at least 15 business days prior to the BRE special meeting, to require BRE to sell, and for Essex or one or more persons designated by Essex to purchase, on the business day prior to the effective time of the merger, certain to-be-identified assets of BRE and/or its subsidiaries with a net equity value of up to \$1 billion, as specified by Essex in the election notice, in the Asset Sale. Essex currently anticipates delivering such notice and that the disposition assets will be contributed to one or more joint ventures to be formed between BRE and

one or more third parties. Essex will acquire the remaining interests in such joint ventures in the merger. Pursuant to the merger agreement, and assuming the Asset Sale occurs, the net proceeds received by BRE from the third-party venture partner(s), or a portion thereof, will be paid as a dividend to BRE stockholders of record as of the close of business on the business day preceding the

Table of Contents

effective time of the merger as the Special Distribution. The amount of the Special Distribution is intended to be at least equal to BRE's earnings and profits generated from the Asset Sale. Any amounts distributed as the Special Distribution will reduce the cash consideration by the per share amount of such Special Distribution. In any event, BRE stockholders will receive \$12.33 in cash, without interest, in connection with the merger, whether as a result of the payment of the Special Distribution or payment of cash consideration in the merger, or a combination thereof. Essex has entered into non-binding term sheets related to the formation of institutional joint ventures involving properties valued at between \$800 and \$900 million.

For more information regarding the Asset Sale and the Special Distribution, see "The Merger Agreement Financing Relating to the Merger Asset Sale and Special Distribution" beginning on page 145.

Recommendation of the Essex Board (See page 74)

The Essex Board has unanimously (i) determined and declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement are advisable, fair to, and in the best interests of Essex and its stockholders, (ii) approved and adopted the merger agreement, the merger and the other transactions contemplated thereby, and (iii) authorized and approved the issuance of shares of Essex common stock to BRE stockholders in the merger. The Essex Board unanimously recommends that Essex stockholders vote **FOR** the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger and **FOR** the proposal to approve one or more adjournments of the meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock in the merger.

Recommendation of the BRE Board (See page 76)

The BRE Board has unanimously (i) determined and declared that the merger, the merger agreement and the other transactions contemplated by the merger are advisable and in the best interests of BRE and its stockholders and (ii) approved the merger agreement and authorized the performance by BRE thereunder. The BRE Board unanimously recommends that BRE stockholders vote **FOR** the proposal to approve the merger and the other transactions contemplated by the merger agreement, **FOR** the advisory (non-binding) proposal to approve certain compensation that may be paid or become payable to the named executive officers of BRE in connection with the merger, and **FOR** the proposal to approve one or more adjournments of the meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement.

Summary of Risk Factors Related to the Merger (See page 35)

You should consider carefully all of the risk factors together with all of the other information included in this joint proxy statement/prospectus before deciding how to vote. The risks related to the merger and the other transactions contemplated by the merger agreement are described under the section "Risk Factors Risk Factors Relating to the Merger" beginning on page 35.

The exchange ratio and the cash consideration will not be adjusted in the event of any change in the share prices of either Essex or BRE common stock.

The merger and the other transactions contemplated by the merger agreement, or the issuance of shares of Essex common stock to BRE stockholders, as applicable, are conditioned upon the approval by the stockholders of BRE and the stockholders of Essex.

Essex and BRE stockholders will be diluted by the merger.

If the merger does not occur in certain circumstances, BRE may be obligated to pay a \$170 million termination fee to Essex. If the stockholders of either company do not approve the merger or the

Table of Contents

Index to Financial Statements

issuance of shares of Essex common stock to BRE stockholders, as applicable, then that company will be obligated to reimburse up to \$10 million in transaction expenses incurred by the other party.

Failure to complete the merger could negatively affect the common stock prices and future business and financial results of Essex and BRE.

The pendency of the merger could adversely affect the business and operations of Essex and BRE.

The merger agreement contains provisions that could discourage a potential competing acquirer of BRE or could result in any competing proposal being at a lower price than it might otherwise be.

If the merger is not consummated by June 17, 2014, either Essex or BRE may terminate the merger agreement.

Some of the directors and executive officers of BRE have interests in the merger that are different from, or in addition to, those of the other BRE stockholders.

The Essex Special Meeting (See page 49)

Approval of the proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger requires the affirmative vote of at least a majority of all votes cast on such proposal.

At the close of business on the record date, directors and executive officers of Essex and their affiliates were entitled to vote 459,646 shares of Essex common stock, or approximately 1.2% of the shares of Essex common stock issued

and outstanding on that date. Messrs. Schall and Marcus have entered into voting agreements that obligate them to vote **FOR** the issuance of Essex common stock to BRE stockholders in the merger. Additionally, Essex currently expects that the other Essex directors and executive officers will vote their shares of Essex common stock in favor of the proposal to approve the issuance of Essex common stock to BRE stockholders in the merger as well as the other proposal to be considered at the Essex special meeting, although none of them is contractually obligated to do so.

All outstanding shares of BRE's 6.75% Series D Cumulative Redeemable Preferred Stock, which we refer to as the BRE preferred stock, will be redeemed prior to the effective time of the merger at \$25.00 per share plus any accrued and unpaid dividends, in accordance with the terms of the merger agreement and the terms of the BRE preferred stock. At the effective time of the merger, the Combined Company will assume all outstanding options to purchase BRE common stock, whether or not exercisable, and restricted stock awards (including any associated performance-based rights) covering BRE common stock. Directors and Management of the Combined Company After the Merger (See page 149)

As of the effective time of the merger, the board of directors of the Combined Company will be increased to 13 members, with the ten current Essex directors, George M. Marcus, Keith R. Guericke, David W. Brady, Gary P. Martin, Issie N. Rabinovitch, Thomas E. Randlett, Michael J. Schall, Bryon A. Scordelis, Janice L. Sears and Claude Joseph Zinngrabe Jr., continuing as directors of the Combined Company. In addition, three current members of the BRE Board, Irving F. Lyons, III, Thomas E. Robinson and Thomas P. Sullivan will join the board of directors of the Combined Company, which members we refer to as the BRE designees, to serve until the next annual meeting of the stockholders of the Combined Company (and until their successors have been duly elected and qualified). The BRE designees are entitled to be nominated by the board of directors of the Combined Company for reelection at the next subsequent annual meeting of stockholders of the Combined Company.

The executive officers of Essex immediately prior to the effective time of the merger will continue to serve as the executive officers of the Combined Company, with Michael J. Schall continuing to serve as the President and Chief Executive Officer of the Combined Company.

Interests of Essex's Directors and Executive Officers in the Merger (See page 99)

Essex has adopted a merger bonus program for key Essex personnel pursuant to which certain Essex personnel, including senior executive officers, will be eligible to receive a cash bonus if both the merger closes and the eligible executive remains employed at the applicable payment date. Pursuant to this program, Essex is authorized to pay up to \$8,000,000 in aggregate cash bonuses. Employees at the senior vice president level or higher will receive 2/3rds of their bonus if they remain employed at the 12 month anniversary of the merger closing and the remaining 1/3rd at the 18 month anniversary of the merger closing. For more information regarding Essex's merger bonus program, see "The Merger Interests of Essex's Directors and Executive Officers in the Merger" beginning on page 99.

Other than as described above, none of Essex's executive officers or members of the Essex Board is party to an arrangement with Essex, or participates in any Essex plan, program or arrangement that provides such executive officer or board member with financial incentives that are contingent upon consummation of the merger.

Interests of BRE's Directors and Executive Officers in the Merger (See page 99)

In considering the recommendation of the BRE Board to approve the merger and the other transactions contemplated by the merger agreement, BRE stockholders should be aware that BRE's directors and executive officers have certain interests in the merger that may be different from, or in addition to, the interests of BRE stockholders generally, including certain contractual change of control payments, benefits and incentive awards in connection with the merger, as described below.

Listing of Shares of the Essex Common Stock; Delisting and Deregistration of BRE Common Stock and Preferred Stock (See page 126)

It is a condition to each company's obligation to complete the merger that the shares of Essex common stock issuable to BRE stockholders in the merger be approved for listing on the NYSE, subject to official notice of issuance. Essex has agreed to use its reasonable best efforts to cause the shares of Essex common stock to be issued to BRE stockholders in the merger to be approved for listing on the NYSE prior to the effective time of the merger, subject to official notice of issuance. After the merger is completed, the shares of BRE common stock currently listed on the

NYSE will cease to be listed on the NYSE and will be deregistered under the Exchange Act. The BRE preferred stock will be redeemed on February 20, 2014.

Stockholder Appraisal Rights in the Merger (See page 129)

No dissenters or appraisal rights, or rights of objecting stockholders under Title 3 Subtitle 2 of the Maryland General Corporation Law, or the MGCL, will be available with respect to the merger or the other transactions contemplated by the merger agreement.

Conditions to Completion of the Merger (See page 140)

A number of customary conditions must be satisfied or waived, where legally permissible, before the merger can be consummated. These include, among others:

approval by BRE stockholders of the merger and the other transactions contemplated by the merger agreement;

approval by Essex stockholders of the issuance of shares of Essex common stock to BRE stockholders in the merger;

the Form S-4 registration statement, of which this joint proxy statement/prospectus is a part, having been declared effective and no stop order suspending the effectiveness of such Form S-4 having been issued and no proceeding to that effect having been commenced or threatened by the SEC and not withdrawn;

the absence of any order or injunction issued by any governmental authority or other legal restraint or prohibition preventing the consummation of the merger or the other transactions contemplated by the merger agreement;

the representations and warranties of each party made in the merger agreement must generally be true and accurate when made and as of the closing, subject to materiality standards; and

no material adverse effect shall have occurred.

Neither Essex nor BRE can give any assurance as to when or if all of the conditions to the consummation of the merger will be satisfied or waived or that the merger will occur.

For more information regarding the conditions to the consummation of the merger and a complete list of such conditions, see *The Merger Agreement* *Conditions to Completion of the Merger* beginning on page 140.

Regulatory Approvals Required for the Merger (See page 103)

Essex and BRE are not aware of any material federal or state regulatory requirements that must be complied with, or regulatory approvals that must be obtained, in connection with the merger or the other transactions contemplated by the merger agreement.

No Solicitation and Change in Recommendation (See page 135)

Under the terms of the merger agreement, BRE is prohibited from soliciting competing bids, subject to certain limited exceptions necessary to comply with the duties of the BRE Board. Prior to receiving BRE stockholder approval of the merger, BRE may negotiate with a third party after receiving an unsolicited written proposal if the BRE Board determines in good faith that the unsolicited proposal could reasonably be likely to result in a transaction that is more favorable than the merger and the BRE Board determines that failure to negotiate would be inconsistent with its duties. Once a third party proposal is received, BRE must notify Essex within 24 hours following receipt of the proposal and keep Essex informed of the status and terms of the proposal and associated negotiations.

Table of Contents

Index to Financial Statements

BRE may withdraw or modify its recommendation to BRE stockholders with respect to the merger, and enter into an agreement to consummate a competing transaction with a third party if the BRE Board determines in good faith that the competing proposal is more favorable to BRE stockholders and if BRE, in connection with terminating the merger agreement, pays a \$170 million termination fee to Essex. Prior to any such termination, BRE generally must provide Essex with notice at least three business days prior to such termination and an opportunity to revise the terms of the merger agreement to make the competing proposal no longer more favorable to BRE stockholders. In very limited circumstances, the BRE Board has a right to withdraw or modify its recommendation to BRE stockholders in the absence of a competing proposal, if following an unexpected event the failure to do so would be inconsistent with the duties of the BRE Board.

For more information regarding the limitations on BRE and the BRE Board to consider other competing proposals, see *The Merger Agreement Covenants and Agreements No Solicitation of Transactions* beginning on page 135.

Termination of the Merger Agreement (See page 142)

The merger agreement may be terminated at any time before the effective time of the merger by the mutual consent of Essex and BRE in a written instrument, even after approval of BRE stockholders or approval of Essex stockholders.

In addition, the merger agreement may also be terminated prior to the effective time of the merger by either BRE or Essex under the following conditions, each subject to certain exceptions:

a governmental authority of competent jurisdiction has issued a final, non-appealable order, decree or ruling permanently restraining, enjoining or otherwise prohibiting the merger or the other transactions contemplated by the merger agreement;

the merger has not been consummated on or before June 17, 2014;

there has been a breach by the other party of any of the covenants or agreements or any of the representations, warranties, covenants or agreements set forth in the merger agreement on the part of such other party, which breach, (i) in the case of BRE, either individually or in the aggregate, would result in, if occurring or continuing on the closing date, the failure of certain closing conditions to be satisfied, and (ii) in the case of Essex or Merger Sub, would reasonably be expected to prevent, or materially impair or delay, the ability of either Essex or Merger Sub to perform its obligations under the merger agreement, or to consummate the merger and the other transactions contemplated by the merger agreement;

stockholders of BRE failed to approve the merger and the other transactions contemplated by the merger agreement at a duly convened special meeting; or

stockholders of Essex failed to approve the issuance of shares of Essex common stock as merger consideration at a duly convened special meeting.

The merger agreement may also be terminated by Essex prior to the approval of the merger by BRE stockholders, (i) if BRE has withdrawn or modified its recommendation to BRE stockholders with respect to the merger, (ii) if the BRE Board approves or recommends a competing transaction, (iii) if BRE fails to include in the joint proxy statement the recommendation of the BRE Board of the approval of the merger, (iv) if a tender offer or exchange offer for 20% or more of the outstanding shares of capital stock of BRE is commenced, and the BRE Board does not recommend against acceptance of the offer within ten business days following its commencement, (v) if BRE has materially breached its obligations under non-solicitation provisions of the merger agreement, or (vi) if BRE publicly announces its intention to do any of the above.

The merger agreement may also be terminated by BRE at any time prior to the approval of the merger by BRE stockholders, in order to enter into an alternative acquisition agreement with respect to a competing proposal that the BRE Board determines is more favorable to BRE stockholders than the merger; provided, that BRE must concurrently pay the \$170 million termination fee as described under The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses Payable by BRE to Essex.

For more information regarding the rights of Essex and BRE to terminate the merger agreement, see The Merger Agreement Termination of the Merger Agreement beginning on page 142.

Termination Fee and Expenses (See page 143)

Generally, all fees and expenses incurred in connection with the merger and the transactions contemplated by the merger agreement will be paid by the party incurring those fees and expenses. However, if the merger agreement is terminated because BRE accepts a competing proposal, BRE will be required to pay Essex a \$170 million termination fee. If either party fails to obtain the approval of its stockholders, such party may be obligated to pay the other reasonable documented out-of-pocket expenses actually incurred up to a maximum of \$10 million.

For more information regarding the termination fee and expense reimbursement, see The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses Payable by BRE to Essex beginning on page 143 and The Merger Agreement Termination of the Agreement Expenses Payable by Essex to BRE beginning on page 144.

Litigation Relating to the Merger (See page 126)

Since the announcement of the merger agreement on December 19, 2013, three putative class action and shareholder derivative actions have been filed on behalf of alleged BRE stockholders and/or BRE itself in the Circuit Court for Baltimore City, Maryland, under the following captions: *Sutton v. BRE Properties, Inc., et al.*, No. 24-C-13-008425, filed December 23, 2013; *Applegate v. BRE Properties, Inc., et al.*, No. 24-C-14-00002, filed December 30, 2013; and *Lee v. BRE Properties, Inc., et al.*, No. 24-C-14-00046, filed January 3, 2014.

All of these complaints name as defendants BRE, the BRE Board, Essex, and Merger Sub, and allege that the BRE Board breached its fiduciary duties to BRE's stockholders and/or to BRE itself, and that the merger involves an unfair price, an inadequate sales process, and unreasonable deal protection devices that purportedly preclude competing offers. The complaints further allege that Essex, Merger Sub, and, in some cases, BRE aided and abetted those alleged breaches of duty. The complaints seek injunctive relief, including enjoining or rescinding the merger, and an award of other unspecified attorneys' and other fees and costs, in addition to other relief.

On February 7, 2014, Plaintiffs filed identical amended complaints in the three pending actions. The amended complaints add allegations that disclosures relating to the proposed merger in the joint proxy statement/prospectus filed with the SEC on January 29, 2014 are inadequate.

Material U.S. Federal Income Tax Consequences of the Merger (See page 103)

BRE and Essex intend that the merger of BRE with and into Merger Sub will qualify as a reorganization within the meaning of Section 368(a) of the Code. The closing of the merger is conditioned on the receipt by each of Essex and BRE of an opinion from its respective counsel to the effect that the merger will qualify as a reorganization within the

meaning of Section 368(a) of the Code. Assuming that the merger qualifies as a reorganization, U.S. holders of shares of BRE common stock generally will only recognize gain for U.S. federal

income tax purposes to the extent of the cash consideration received in the merger and the cash received in lieu of fractional shares of Combined Company common stock, and will not recognize any loss in connection with the merger.

For further discussion of the material U.S. federal income tax consequences of the merger and the ownership of common stock of the Combined Company, see *The Merger* Material U.S. Federal Income Tax Consequences of the Merger beginning on page 103.

Holders of shares of BRE common stock should consult their tax advisors to determine the tax consequences to them (including the application and effect of any state, local or non-U.S. income and other tax laws) of the merger.

Material U.S. Federal Income Tax Consequences of the Asset Sale and Special Distribution (See page 107)

For U.S. federal income tax purposes, it is intended that (a) the Asset Sale be treated as a taxable sale by BRE of the assets subject to the Asset Sale, and (b) the Special Distribution be treated as a dividend distribution to holders of shares of BRE common stock to the extent of BRE's current and accumulated earnings and profits.

Notwithstanding the intended U.S. federal income tax treatment described above, the federal income tax treatment of the Asset Sale and Special Distribution is not entirely clear. It is possible that the Internal Revenue Service, or the IRS, could treat all or a portion of the Special Distribution as additional cash consideration in the merger.

For further discussion of the material U.S. federal income tax consequences of the Asset Sale and the Special Distribution, see *The Merger* Material U.S. Federal Income Tax Consequences of the Merger Asset Sale and Special Distribution beginning on page 107.

Accounting Treatment of the Merger (See page 125)

Essex prepares its financial statements in accordance with U.S. generally accepted accounting principles, which we refer to as GAAP. The merger will be accounted for by applying the acquisition method. See *The Merger* Accounting Treatment.

Comparison of Rights of Stockholders of Essex and Stockholders of BRE (See page 184)

If the merger is consummated, stockholders of BRE will become stockholders of the Combined Company. The rights of BRE stockholders are currently governed by and subject to the provisions of the MGCL, and the charter and bylaws of BRE. Upon consummation of the merger, the rights of the former BRE stockholders who receive shares of Essex common stock in the merger will be governed by the MGCL and the Essex charter and bylaws, rather than the charter and bylaws of BRE. In particular, as is typical for REITs to protect their status as a REIT, the Essex charter provides that, with limited exceptions, no person may beneficially own, or be deemed to beneficially own by virtue of the attribution provisions of the Code, more than 6.0% of the outstanding shares of Essex's capital stock (which limit may be adjusted by the Essex Board up to 9.9%).

For a summary of certain differences between the rights of Essex stockholders and BRE stockholders, see *Comparison of Rights of stockholders of Essex and Stockholders of BRE* beginning on page 184.

(1) FFO is a financial measure that is commonly used in the REIT industry. Essex presents funds from operations as a supplemental operating performance measure. FFO is not used by Essex as, nor should it be considered to be, an alternative to net earnings computed under GAAP as an indicator of Essex's operating performance or as an alternative to cash from operating activities computed under GAAP as an indicator of Essex's ability to fund its cash needs.

FFO is not meant to represent a comprehensive system of financial reporting and does not present, nor does it intend to present, a complete picture of Essex's financial condition and operating performance. Essex believes that net earnings computed under GAAP remain the primary measure of performance and that FFO is only meaningful when it is used in conjunction with net earnings. Essex considers FFO and FFO excluding non-recurring items and acquisition costs, which we refer to as Core FFO, to be useful financial performance measurements of an equity REIT because, together with net income and cash flows, FFO provides investors with an additional basis to evaluate operating performance and ability of a REIT to incur and service debt and to fund acquisitions and other capital expenditures and ability to pay dividends. Further, Essex believes that its consolidated financial statements, prepared in accordance with GAAP, provide the most meaningful picture of its financial condition and its operating performance.

In calculating FFO, Essex follows the definition for this measure published by the National Association of REITs, a REIT trade association, which we refer to as NAREIT. Essex believes that, under the NAREIT FFO definition, the two most significant adjustments made to net income are (i) the exclusion of historical cost depreciation and (ii) the exclusion of gains and losses (including impairment

Table of Contents

Index to Financial Statements

charges on depreciable real estate) from the sale of previously depreciated properties. Essex agrees that these two NAREIT adjustments are useful to investors for the following reason:

- (a) historical cost accounting for real estate assets in accordance with GAAP assumes, through depreciation charges, that the value of real estate assets diminishes predictably over time. NAREIT stated in its White Paper on Funds from Operations since real estate asset values have historically risen or fallen with market conditions, many industry investors have considered presentations of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. Consequently, NAREIT's definition of FFO reflects the fact that real estate, as an asset class, generally appreciates over time and depreciation charges required by GAAP do not reflect the underlying economic realities.
- (b) REITs were created as a legal form of organization in order to encourage public ownership of real estate as an asset class through investment in firms that were in the business of long-term ownership and management of real estate. The exclusion, in NAREIT's definition of FFO, of gains and losses (including impairment charges on depreciable real estate) from the sales of previously depreciated operating real estate assets allows investors and analysts to readily identify the operating results of the long-term assets that form the core of a REIT's activity and assists in comparing those operating results between periods.

Essex believes that it has consistently applied the NAREIT definition of FFO to all periods presented. However, there is judgment involved and other REITs' calculation of FFO may vary from the NAREIT definition for this measure, and thus their disclosure of FFO may not be comparable to Essex's calculation.

- (2) Essex believes that Core FFO is a meaningful supplemental measure of Essex's operating performance for the same reasons as FFO and adjusting for non-core items that when excluded allows for more comparable periods. Core FFO begins with FFO as defined by the NAREIT White Paper and adjusts for the following:

The impact of any expenses relating to non-operating asset impairment and valuation allowances;

Property acquisition costs and pursuit cost write-offs (other expenses);

Gains and losses from early debt extinguishment, including prepayment penalties and preferred share redemptions;

Gains and losses from sales of marketable securities

Co-investment promote income;

Gains and losses on the sales of non-operating assets, and

Other non-comparable items

(3) Includes amounts classified within discontinued operations.

(4) EBITDA is an operating measure and is defined as net income before interest expense, income taxes, depreciation and amortization. EBITDA, as defined by Essex, is not a recognized measurement under GAAP. This measurement should not be considered in isolation or as a substitute for net income, cash flows from operating activities and other income or cash flow statement data prepared in accordance with GAAP, or as a measure of profitability or liquidity. Essex's definition may not be comparable to that of other companies.

(1) FFO is used by industry analysts and investors as a supplemental performance measure of an equity REIT. FFO is defined by NAREIT as net income or loss (computed in accordance with accounting principles generally accepted in the United States) excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated real estate assets, plus depreciation and amortization of real estate assets and adjustments for unconsolidated partnerships and joint ventures. BRE calculates FFO in accordance with the NAREIT definition.

BRE believes that FFO is a meaningful supplemental measure of BRE's operating performance because historical cost accounting for real estate assets in accordance with GAAP assumes that the value of real estate assets diminishes predictably over time, as reflected through depreciation. Because real estate values have historically risen or fallen with market conditions, BRE management considers FFO an appropriate supplemental performance measure because it excludes historical cost depreciation, as well as gains or losses related to sales of previously depreciated property, from GAAP net income. By excluding depreciation and gains or losses on sales of real estate, BRE management uses FFO to measure returns on its investments in real estate assets. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of BRE's communities that result from use or market conditions nor the level of capital expenditures to maintain the operating performance of BRE's communities, all of which have real economic effect and could materially impact BRE's results from operations, the utility of FFO as a measure of our performance is limited. BRE management also believes that FFO, combined with the required GAAP presentations, is useful to investors in providing more meaningful comparisons of the operating performance of a company's real estate between periods or as compared to other companies. FFO does not represent net income or cash flows from operations as defined by GAAP and is not intended to indicate whether cash flows will be sufficient to fund cash needs. It should not be considered an alternative to net income as an indicator of a REIT's operating performance or to cash flows as a measure of liquidity. BRE's FFO may not be comparable to the FFO of other REITs due to the fact that not all REITs use the NAREIT definition or apply/interpret the definition differently.

(2) BRE believes that Core FFO is a meaningful supplemental measure of BRE's operating performance for the same reasons as FFO and adjusting for non-routine items that when excluded allows for more comparable periods. Core FFO begins with FFO as defined by the NAREIT White Paper and adjusts for the following:

The impact of any expenses relating to non-operating asset impairment and valuation allowances;

Property acquisition costs and pursuit cost write-offs (other expenses);

Gains and losses from early debt extinguishment, including prepayment penalties and preferred share redemptions;

Executive level severance costs;

Gains and losses on the sales of non-operating assets, and

Other non-comparable items

- (3) Under earnings per share guidance, common share equivalents deemed to be anti-dilutive are excluded from the diluted per share calculations.

Table of Contents**Index to Financial Statements****Unaudited Comparative Per Share Information**

The following tables set forth for the nine months ended September 30, 2013 and the year ended December 31, 2012 selected per share information for Essex common stock on a historical and pro forma basis and for BRE common stock on a historical and pro forma equivalent basis after giving effect to the merger using the acquisition purchase method of accounting. Except for the historical information as of and for the year ended December 31, 2012, the information in the table is unaudited. You should read the tables below together with the historical consolidated financial statements and related notes of Essex and BRE contained in their respective Quarterly Reports on Form 10-Q for the nine months ended September 30, 2013 and in their respective Annual Reports on Form 10-K for the year ended December 31, 2012, which are incorporated by reference into this joint proxy statement/prospectus. See **Where You Can Find More Information** beginning on page 199.

The pro forma consolidated BRE equivalent information shows the effect of the merger from the perspective of an owner of BRE common stock and the information was computed by multiplying the Essex pro forma combined information by the exchange ratio of 0.2971. This computation does not include the benefit to BRE stockholders of the cash component of the merger consideration.

The unaudited pro forma consolidated per share data is presented for illustrative purposes only and is not necessarily indicative of the operating results or financial position that would have occurred if the transactions had been consummated at the beginning of the earliest period presented, nor is it necessarily indicative of future operating results or financial position. The pro forma adjustments are estimates based upon information and assumptions available at the time of the filing of this joint proxy statement/prospectus.

The pro forma income from continuing operations per share includes the combined income from continuing operations of Essex and BRE on a pro forma basis as if the transactions were consummated on January 1, 2012.

Table of Contents**Index to Financial Statements*****Recent Closing Prices***

The table below sets forth the closing per share sales prices of Essex common stock and BRE common stock as reported on the NYSE on December 18, 2013, the last full trading day before the public announcement of the execution of the merger agreement by Essex and BRE, and on February 10, 2014, the latest practicable trading day before the date of this joint proxy statement/prospectus. The BRE pro forma equivalent closing share price is equal to (i) the cash consideration of \$12.33 plus (ii) the closing price of a share of Essex common stock on each such date multiplied by 0.2971 (the exchange ratio of shares of Essex common stock for each share of BRE common stock).

	Essex Common Stock	BRE Common Stock	BRE Pro Forma Equivalent
December 18, 2013	\$ 147.70	\$ 55.91	\$ 56.21
February 10, 2014	\$ 166.79	\$ 61.88	\$ 61.88

The market price of Essex common stock and BRE common stock will fluctuate between the date of this joint proxy statement/prospectus and the effective time of the merger. Because the number of shares of Essex common stock to be issued in the merger for each share of BRE common stock is fixed in the merger agreement, the market value of Essex common stock to be received by BRE stockholders at the effective time of the merger may vary significantly from the prices shown in the table above.

Following the transaction, Essex common stock will continue to be listed on the NYSE and, until the completion of the merger, BRE common stock will continue to be listed on NYSE.

RISK FACTORS

*In addition to the other information included in this joint proxy statement/prospectus, including the matters addressed in the section entitled **Cautionary Statement Concerning Forward-Looking Statements**, whether you are an Essex stockholder or a BRE stockholder, you should carefully consider the following risks before deciding how to vote your shares of common stock of Essex and/or BRE. In addition, you should read and consider the risks associated with each of the businesses of Essex and BRE because these risks will also affect the Combined Company. These risks can be found in the respective Annual Reports on Form 10-K for the year ended December 31, 2012 and subsequent Quarterly Reports on Form 10-Q of Essex and BRE, each of which is filed with the SEC and incorporated by reference into this joint proxy statement/prospectus. You should also read and consider the other information in this joint proxy statement/prospectus and the other documents incorporated by reference into this joint proxy statement/prospectus. See **Where You Can Find More Information** beginning on page 199.*

Risk Factors Relating to the Merger

The exchange ratio and the cash consideration will not be adjusted in the event of any change in the stock prices of either Essex or BRE.

Upon the consummation of the merger, each outstanding share of BRE common stock will be converted automatically into the right to receive 0.2971 shares of Essex common stock, with cash paid in lieu of any fractional shares, plus \$12.33 in cash, without interest, each subject to certain adjustments provided for in the merger agreement. To the extent that the Asset Sale is completed in accordance with the terms set forth in the merger agreement and the Special Distribution is authorized and declared to be paid to the BRE stockholders of record as of the close of business on the business day immediately prior to the effective time of the merger as a result of the Asset Sale, the cash consideration will be reduced by the per share amount of such Special Distribution. See **The Merger Agreement Financing Relating to the Merger Asset Sale and Special Distribution** beginning on page 145. The exchange ratio of 0.2971 and cash consideration will not be adjusted for changes in the market prices of either shares of Essex common stock or shares of BRE common stock. Changes in the market price of shares of Essex common stock prior to the merger will affect the market value of the merger consideration that BRE stockholders will receive on the closing date of the merger. Stock price changes may result from a variety of factors (many of which are beyond the control of Essex and BRE), including the following factors:

market reaction to the announcement of the merger;

changes in the respective businesses, operations, assets, liabilities and prospects of Essex and BRE;

changes in market assessments of the business, operations, financial position and prospects of either company or the Combined Company;

market assessments of the likelihood that the merger will be completed;

interest rates, general market and economic conditions and other factors generally affecting the market prices of Essex common stock and BRE common stock;

federal, state and local legislation, governmental regulation and legal developments in the businesses in which Essex and BRE operate; and

other factors beyond the control of Essex and BRE, including those described or referred to elsewhere in this Risk Factors section.

The market price of shares of Essex common stock at the closing of the merger may vary from its price on the date the merger agreement was executed, on the date of this joint proxy statement/prospectus and on the date of the special meetings of Essex and BRE. As a result, the market value of the merger consideration represented by the exchange ratio will also vary. For example, based on the range of trading prices of shares of Essex common stock during the period after December 18, 2013, the last trading day before Essex and BRE announced

Table of Contents

Index to Financial Statements

the merger, through February 10, 2014, the latest practicable date before the date of this joint proxy statement/prospectus, the exchange ratio of 0.2971 and \$12.33 in cash represented a market value ranging from a low of \$53.19 to a high of \$61.96.

Because the merger will be completed after the date of the Essex and BRE special meetings, at the time of your special meeting, you will not know the exact market value of the shares of Essex common stock that BRE stockholders will receive upon completion of the merger. You should consider the following two risks:

If the market price of shares of Essex common stock increases between the date the merger agreement was signed or the date of the Essex and BRE special meetings and the closing of the merger, BRE stockholders will receive shares of Essex common stock that have a market value upon completion of the merger that is greater than the market value of such shares calculated pursuant to the exchange ratio on the date the merger agreement was signed or on the date of the special meetings, respectively.

If the market price of shares of Essex common stock declines between the date the merger agreement was signed or the date of the Essex and BRE special meetings and the closing of the merger, BRE stockholders will receive shares of Essex common stock that have a market value upon completion of the merger that is less than the market value of such shares calculated pursuant to the exchange ratio on the date the merger agreement was signed or on the date of the special meetings, respectively.

Therefore, while the number of shares of Essex common stock to be issued per share of BRE common stock is fixed, (1) Essex stockholders cannot be sure of the market value of the merger consideration that will be paid to BRE stockholders upon completion of the merger and (2) BRE stockholders cannot be sure of the market value of the merger consideration they will receive upon completion of the merger.

Essex and BRE stockholders will be diluted by the merger.

The merger will dilute the ownership position of Essex stockholders and result in BRE stockholders having an ownership stake in the Combined Company that is smaller than their current stake in BRE. Upon completion of the merger, we estimate that continuing Essex stockholders will own approximately 62% of the issued and outstanding shares of Combined Company common stock, and former BRE stockholders will own approximately 38% of the issued and outstanding common stock of the Combined Company. Consequently, Essex stockholders and BRE stockholders, as a general matter, will have less influence over the management and policies of the Combined Company after the effective time of the merger than each currently exercise over the management and policies of Essex and BRE, as applicable.

If the merger does not occur in certain circumstances, BRE may be obligated to pay a \$170 million termination fee to Essex.

If the merger agreement is terminated under certain circumstances, BRE may be obligated to pay Essex a termination fee of \$170 million. If the stockholders of either company do not approve the merger or the issuance of shares of Essex common stock to BRE stockholders in the merger, as applicable, then that company will be obligated to reimburse up to \$10 million in transaction expenses incurred by the other party. See The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses Payable by BRE to Essex beginning

on page 143 and The Merger Agreement Termination of the Agreement Expenses Payable by Essex to BRE beginning on page 144.

Failure to complete the merger could negatively impact the stock prices and the future business and financial results of both Essex and BRE.

If the merger is not completed, the ongoing businesses of Essex and BRE could be adversely affected and each of Essex and BRE will be subject to a variety of risks associated with the failure to complete the merger, including the following:

BRE being required, under certain circumstances, to pay to Essex a termination fee of \$170 million or up to \$10 million in expense reimbursement;

Table of Contents

Index to Financial Statements

Essex being required, under certain circumstances, to pay to BRE up to \$10 million in expense reimbursement;

Essex and/or BRE having to pay certain costs relating to the proposed merger, such as legal, accounting, financial advisor, filing, printing and mailing fees; and

diversion of Essex and BRE management focus and resources from operational matters and other strategic opportunities while working to implement the merger.

If the merger is not completed, these risks could materially affect the business, financial results and stock prices of both Essex and BRE.

The pendency of the merger could adversely affect the business and operations of Essex and BRE.

Prior to the effective time of the merger, some tenants or vendors of each of Essex and BRE may delay or defer decisions, which could negatively affect the revenues, earnings, cash flows and expenses of Essex and BRE, regardless of whether the merger is completed. Similarly, current and prospective employees of Essex and BRE may experience uncertainty about their future roles with the Combined Company following the merger, which may materially adversely affect the ability of each of Essex and BRE to attract and retain key personnel during the pendency of the merger. In addition, due to operating restrictions in the merger agreement, each of Essex and BRE may be unable, during the pendency of the merger, to pursue strategic transactions, undertake significant capital projects, undertake certain significant financing transactions and otherwise pursue other actions, even if such actions would prove beneficial.

The merger agreement contains provisions that could discourage a potential competing acquirer of BRE or could result in a competing acquisition proposal being at a lower price than it might otherwise be.

The merger agreement contains provisions that, subject to limited exceptions necessary to comply with the duties of the BRE Board, restrict the ability of BRE to solicit, initiate or knowingly facilitate any third-party proposals to acquire beneficial ownership of at least 20% of the assets of, equity interest in, or businesses of, BRE or any subsidiary of BRE. Prior to receiving BRE stockholder approval of the merger, BRE may negotiate with a third party after receiving an unsolicited written proposal if the BRE Board determines in good faith that the unsolicited proposal could reasonably be likely to result in a transaction that is more favorable than the merger, and the BRE Board determines that failure to negotiate would be inconsistent with its duties. Once a third party proposal is received, BRE must notify Essex within 24 hours following receipt of the proposal and keep Essex informed of the status and terms of the proposal and associated negotiations. In response to such a proposal, BRE may, under certain circumstances, withdraw or modify its recommendation to BRE stockholders with respect to the merger, and enter into an agreement to consummate a competing transaction with a third-party, if the BRE Board determines in good faith that the competing proposal is more favorable to BRE stockholders and pays the \$170 million termination fee to Essex. See The Merger Agreement Covenants and Agreements No Solicitation of Transactions beginning on page 135 and The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses Payable by BRE to Essex beginning on page 143.

These provisions could discourage a potential competing acquirer that might have an interest in acquiring all or a significant part of BRE from considering or proposing such an acquisition, even if the potential competing acquirer

was prepared to pay consideration with a higher per share value than the value proposed to be received or realized in the merger, or might result in a potential competing acquirer proposing to pay a lower per share value than it might otherwise have proposed to pay because of the added expense of the termination fee and expense reimbursement that may become payable in certain circumstances under the merger agreement.

There can be no assurance that Essex will be able to secure the financing necessary to pay the cash portion of the merger consideration on acceptable terms, in a timely manner, or at all.

In connection with the merger, Essex has obtained commitments for up to \$1.0 billion in a senior unsecured bridge loan facility to finance the cash portion of the merger consideration. In addition, Essex is exploring additional alternatives to fund the cash portion of the merger consideration including through existing unsecured credit facilities, asset sales, joint ventures or other financing arrangements. However, Essex has not entered into a definitive agreement for the debt financing, nor has it secured alternative financing, nor has it entered into a definitive agreement for the Asset Sale. There can be no assurance that Essex will be able to secure financing to pay the cash portion of the merger consideration on acceptable terms, in a timely manner, or at all. If Essex is unable to secure such financing, Essex will nonetheless be required to close the merger under the terms of the merger agreement. In addition, the bridge loan facility expires on April 18, 2014 (with a right to extend up to an additional 30 days in certain circumstances) whereas the merger agreement may not be terminable until June 17, 2014. See The Merger Agreement Financing Related to the Merger beginning on page 144.

Some of the directors and executive officers of BRE have interests in the merger that are different from, or in addition to, those of the other BRE stockholders.

Some of the directors and executive officers of BRE have arrangements that provide them with interests in the merger that are different from, or in addition to, those of BRE stockholders, generally. These interests include, among other things, a sizeable severance payment if terminated upon, or following, consummation of the merger. These interests, among other things, may influence or may have influenced the directors and executive officers of BRE to support or approve the merger. See The Merger Interests of BRE's Directors and Executive Officers in the Merger beginning on page 99.

Risk Factors Relating to the Combined Company Following the Merger

Risks Related to the Combined Company's Operations

The Combined Company expects to incur substantial expenses related to the merger.

The Combined Company expects to incur substantial expenses in connection with completing the merger and integrating the business, operations, networks, systems, technologies, policies and procedures of BRE with those of Essex. There are several systems that must be integrated, including accounting and finance and asset management. While Essex has assumed that a certain level of transaction and integration expenses would be incurred, there are a number of factors beyond its control that could affect the total amount or the timing of the Combined Company's integration expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time. As a result, the transaction and integration expenses associated with the merger could, particularly in the near term, exceed the savings that the Combined Company expects to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings related to the integration of the businesses following the completion of the merger.

Following the merger, the Combined Company may be unable to integrate the businesses of Essex and BRE successfully and realize the anticipated synergies and other benefits of the merger or do so within the anticipated timeframe.

The merger involves the combination of two companies that currently operate as independent public companies. The Combined Company is expected to benefit from the elimination of duplicative costs associated with supporting a public company platform and the leveraging of state of the art technology and systems. These savings are expected to be realized upon full integration, which is expected to occur over the 18-month period following the closing of the merger. However, the Combined Company will be required to devote significant

Table of Contents

Index to Financial Statements

management attention and resources to integrating the business practices and operations of Essex and BRE. Potential difficulties the Combined Company may encounter in the integration process include the following:

the inability to successfully combine the businesses of Essex and BRE in a manner that permits the Combined Company to achieve the cost savings anticipated to result from the merger, which would result in the anticipated benefits of the merger not being realized in the timeframe currently anticipated or at all;

the complexities associated with managing the combined businesses out of several different locations and integrating personnel from the two companies;

the additional complexities of combining two companies with different histories, cultures, regulatory restrictions, markets and customer bases;

potential unknown liabilities and unforeseen increased expenses, delays or regulatory conditions associated with the merger; and

performance shortfalls as a result of the diversion of management's attention caused by completing the merger and integrating the companies' operations.

For all these reasons, you should be aware that it is possible that the integration process could result in the distraction of the Combined Company's management, the disruption of the Combined Company's ongoing business or inconsistencies in the Combined Company's operations, services, standards, controls, procedures and policies, any of which could adversely affect the ability of the Combined Company to maintain relationships with tenants, vendors and employees or to achieve the anticipated benefits of the merger, or could otherwise adversely affect the business and financial results of the Combined Company.

Following the merger, the Combined Company may be unable to retain key employees.

The success of the Combined Company after the merger will depend in part upon its ability to retain key Essex and BRE employees. Key employees may depart either before or after the merger because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with the Combined Company following the merger. Accordingly, no assurance can be given that Essex, BRE or, following the merger, the Combined Company will be able to retain key employees to the same extent as in the past.

The Combined Company's anticipated level of indebtedness will increase upon completion of the merger and will increase the related risks Essex now faces.

In connection with the merger, the Combined Company will assume certain indebtedness of BRE and will be subject to increased risks associated with debt financing, including an increased risk that the Combined Company's cash flow could be insufficient to meet required payments on its debt. At September 30, 2013, Essex had indebtedness of \$2.9 billion, including \$15.4 million of outstanding borrowings under its lines of unsecured credit, a total of \$1.4 billion of

outstanding unsecured debt and a total of \$1.5 billion of outstanding mortgage debt. Taking into account Essex's existing indebtedness and the assumption of indebtedness in the merger, the Combined Company's pro forma consolidated indebtedness as of September 30, 2013, after giving effect to the merger, would be approximately \$5.9 billion, including \$246.4 million under lines of unsecured credit, a total of \$2.4 billion of unsecured debt, \$2.2 billion of mortgage debt, and a \$1.0 billion bridge loan facility. Essex may use the bridge loan facility, if needed, to finance the cash consideration in connection with the merger and is reflected for pro forma purposes.

The Combined Company's increased indebtedness could have important consequences to holders of its common stock and preferred stock, including BRE stockholders who receive Essex common stock in the merger, including:

increasing the Combined Company's vulnerability to general adverse economic and industry conditions;

limiting the Combined Company's ability to obtain additional financing to fund future working capital, capital expenditures and other general corporate requirements;

Table of Contents

Index to Financial Statements

requiring the use of a substantial portion of the Combined Company's cash flow from operations for the payment of principal and interest on its indebtedness, thereby reducing its ability to use its cash flow to fund working capital, acquisitions, capital expenditures and general corporate requirements;

limiting the Combined Company's flexibility in planning for, or reacting to, changes in its business and its industry; and

putting the Combined Company at a disadvantage compared to its competitors with less indebtedness. If the Combined Company defaults under a mortgage loan, it will automatically be in default under any other loan that has cross-default provisions, and it may lose the properties securing these loans. Although the Combined Company anticipates that it will pay off its mortgage payables as soon as prepayment penalties and other costs make it economically feasible to do so, the Combined Company cannot anticipate when such payment will occur.

The future results of the Combined Company will suffer if the Combined Company does not effectively manage its expanded operations following the merger.

Following the merger, the Combined Company expects to continue to expand its operations through additional acquisitions of properties, some of which may involve complex challenges. The future success of the Combined Company will depend, in part, upon the ability of the Combined Company to manage its expansion opportunities, which may pose substantial challenges for the Combined Company to integrate new operations into its existing business in an efficient and timely manner, and upon its ability to successfully monitor its operations, costs, regulatory compliance and service quality, and to maintain other necessary internal controls. There is no assurance that the Combined Company's expansion or acquisition opportunities will be successful, or that the Combined Company will realize its expected operating efficiencies, cost savings, revenue enhancements, synergies or other benefits.

In connection with the announcement of the merger agreement, three lawsuits have been filed and are pending as of February 10, 2014, seeking, among other things, to enjoin the merger, and an injunction or other adverse ruling being entered in this lawsuit may prevent the merger from being effective or from becoming effective within the expected timeframe (if at all).

Since the announcement of the merger agreement on December 19, 2013, three putative class action and shareholder derivative actions have been filed on behalf of alleged BRE stockholders and/or BRE itself in the Circuit Court for Baltimore City, Maryland, under the following captions: *Sutton v. BRE Properties, Inc., et al.*, No. 24-C-13-008425, filed December 23, 2013; *Applegate v. BRE Properties, Inc., et al.*, No. 24-C-14-00002, filed December 30, 2013; and *Lee v. BRE Properties, Inc., et al.*, No. 24-C-14-00046, filed January 3, 2014.

All of these complaints name as defendants BRE, the BRE Board, Essex, and Merger Sub, and allege that the BRE Board breached its fiduciary duties to BRE's stockholders and/or to BRE itself, and that the merger involves an unfair price, an inadequate sales process, and unreasonable deal protection devices that purportedly preclude competing offers. The complaints further allege that Essex, Merger Sub, and, in some cases, BRE aided and abetted those alleged breaches of duty. The complaints seek injunctive relief, including enjoining or rescinding the merger, and an award of other unspecified attorneys' and other fees and costs, in addition to other relief.

On February 7, 2014, Plaintiffs filed identical amended complaints in the three pending actions. The amended complaints add allegations that disclosures relating to the proposed merger in the joint proxy statement/prospectus filed with the SEC on January 29, 2014 are inadequate.

We cannot assure you as to the outcome of these, or any similar future lawsuits, including the costs associated with defending these claims or any other liabilities that may be incurred in connection with the litigation or settlement of these claims. If the plaintiffs are successful in obtaining an injunction prohibiting the parties from completing the merger on the agreed-upon terms, such an injunction may prevent the completion of the merger in the expected time frame, or may prevent it from being completed altogether. Whether or not the plaintiffs' claims are successful, this type

of litigation is often expensive and diverts management's attention and resources, which could adversely affect the operation of the businesses of BRE and Essex. For more information about litigation related to the merger, see "The Merger Litigation Relating to the Merger" beginning on page 126.

Counterparties to certain significant agreements with Essex or BRE may exercise contractual rights under such agreements in connection with the merger.

Essex and BRE are each party to certain agreements that give the counterparty certain rights following a change in control, including in some cases the right to terminate the agreement. Under some such agreements, the merger will constitute a change in control and therefore the counterparty may exercise certain rights under the agreement upon the closing of the merger. Certain Essex and BRE joint ventures, management and service contracts, and debt obligations have agreements subject to such provisions. Any such counterparty may request modifications of their respective agreements as a condition to granting a waiver or consent under their agreement. There can be no assurances that such counterparties will not exercise their rights under these agreements, including termination rights where available, or that the exercise of any such rights under, or modification of, these agreements will not adversely affect the business or operations of the Combined Company.

The Combined Company's joint ventures, including any joint venture entered into in connection with the Asset Sale, assuming the Asset Sale occurs, could be adversely affected by the Combined Company's lack of sole decision-making authority, its reliance on its joint venture partner's financial condition and disputes between the Combined Company and its joint venture partner.

Both Essex and BRE currently have joint venture investments that will constitute a portion of the Combined Company's assets upon consummation of the merger. In addition, the Combined Company may enter into additional joint ventures after consummation of the merger. Essex also currently anticipates that certain to-be-identified assets of BRE will be contributed to one or more joint ventures to be formed between BRE and one or more third parties on the business day prior to the effective time of the merger. These joint venture investments involve risks not present with a property wholly owned by the Combined Company including that (i) one or more joint venture partners might become bankrupt or fail to fund a share of required capital contributions; (ii) one or more joint venture partners may have economic or other business interests or goals that are inconsistent with the Combined Company's business interests or goals; or (iii) disputes between the Combined Company and one or more of its joint venture partners may result in litigation or arbitration that would increase the operating expenses of the Combined Company and divert management time and attention away from the business. The occurrence of one or more of the events described above could cause unanticipated disruption to the operations of the Combined Company or unanticipated costs and liabilities to the Combined Company, which could in turn adversely affect the financial condition, results of operations and cash flows of the Combined Company and limit its ability to make distributions to its stockholders.

Risks Related to an Investment in the Combined Company's Common Stock

The market price of shares of the common stock of the Combined Company may be affected by factors different from those affecting the price of shares of Essex common stock or BRE common stock before the merger.

The results of operations of the Combined Company, as well as the market price of the common stock of the Combined Company, after the merger may be affected by other factors in addition to those currently affecting Essex's or BRE's results of operations and the market prices of Essex common stock and BRE common stock. These factors include:

a greater number of shares of the Combined Company common stock outstanding as compared to the number of currently outstanding shares of Essex common stock;

different stockholders; and

different assets and capitalizations

Table of Contents

Index to Financial Statements

Accordingly, the historical market prices and financial results of Essex and BRE may not be indicative of these matters for the Combined Company after the merger. For a discussion of the businesses of Essex and BRE and certain risks to consider in connection with investing in those businesses, see the documents incorporated by reference by Essex and BRE into this joint proxy statement/prospectus referred to under [Where You Can Find More Information](#).

The market price of the Combined Company's common stock may decline as a result of the merger.

The market price of the Combined Company's common stock may decline as a result of the merger if the Combined Company does not achieve the perceived benefits of the merger as rapidly or to the extent anticipated by financial or industry analysts, or the effect of the merger on the Combined Company's financial results is not consistent with the expectations of financial or industry analysts.

In addition, upon consummation of the merger, Essex stockholders and BRE stockholders will own interests in a Combined Company operating an expanded business with a different mix of properties, risks and liabilities. Current stockholders of Essex and BRE may not wish to continue to invest in the Combined Company, or for other reasons may wish to dispose of some or all of their shares of the Combined Company's common stock. If, following the effective time of the merger, large amounts of the Combined Company's common stock are sold, the price of the Combined Company's common stock could decline.

After the merger is completed, BRE stockholders who receive shares of the Combined Company common stock in the merger will have different rights that may be less favorable than their current rights as BRE stockholders.

After the closing of the merger, BRE stockholders who receive shares of the Combined Company common stock in the merger will have different rights than they currently have as BRE stockholders. For a detailed discussion of the significant differences between the current rights as a stockholder of BRE and the rights as a stockholder of the Combined Company following the merger, see [Comparison of Rights of Stockholders of Essex and Stockholders of BRE](#) beginning on page 184.

The Combined Company cannot assure you that it will be able to continue paying dividends at or above the rate currently paid by Essex and BRE.

The stockholders of the Combined Company may not receive dividends at the same rate they received dividends as stockholders of Essex and BRE following the merger for various reasons, including the following:

the Combined Company may not have enough cash to pay such dividends due to changes in the Combined Company's cash requirements, capital spending plans, cash flow or financial position;

decisions on whether, when and in which amounts to make any future distributions will remain at all times entirely at the discretion of the Combined Company's board of directors, which reserves the right to change Essex's current dividend practices at any time and for any reason;

the Combined Company may desire to retain cash to maintain or improve its credit ratings; and

the amount of dividends that the Combined Company's subsidiaries may distribute to the Combined Company may be subject to restrictions imposed by state law, restrictions that may be imposed by state regulators, and restrictions imposed by the terms of any current or future indebtedness that these subsidiaries may incur.

Stockholders of the Combined Company will have no contractual or other legal right to dividends that have not been declared by the Combined Company's board of directors.

Table of Contents

Index to Financial Statements

The Combined Company may need to incur additional indebtedness in the future.

In connection with executing the Combined Company's business strategies following the merger, the Combined Company expects to evaluate the possibility of acquiring additional properties and making strategic investments, and the Combined Company may elect to finance these endeavors by incurring additional indebtedness. The amount of such indebtedness could have material adverse consequences for the Combined Company, including hindering the Combined Company's ability to adjust to changing market, industry or economic conditions; limiting the Combined Company's ability to access the capital markets to refinance maturing debt or to fund acquisitions or emerging businesses; limiting the amount of free cash flow available for future operations, acquisitions, dividends, stock repurchases or other uses; making the Combined Company more vulnerable to economic or industry downturns, including interest rate increases; and placing the Combined Company at a competitive disadvantage compared to less leveraged competitors.

The Combined Company may incur adverse tax consequences if Essex or BRE has failed or fails to qualify as a REIT for U.S. federal income tax purposes.

Each of Essex and BRE has operated in a manner that it believes has allowed it to qualify as a REIT for U.S. federal income tax purposes under the Code, and each intends to continue to do so through the time of the merger, and the Combined Company intends to continue operating in such a manner following the merger. None of Essex, BRE or the Combined Company has requested or plans to request a ruling from the IRS that it qualifies as a REIT. Qualification as a REIT involves the application of highly technical and complex Code provisions for which there are only limited judicial and administrative interpretations. The determination of various factual matters and circumstances not entirely within the control of Essex, BRE or the Combined Company, as the case may be, may affect any such company's ability to qualify as a REIT. In order to qualify as a REIT, each of Essex, BRE and the Combined Company must satisfy a number of requirements, including requirements regarding the ownership of its stock and the composition of its gross income and assets. Also, a REIT must make distributions to stockholders aggregating annually at least 90% of its net taxable income, excluding any net capital gains.

If any of Essex, BRE or the Combined Company loses its REIT status, or is determined to have lost its REIT status in a prior year, it will face serious tax consequences that would substantially reduce its cash available for distribution, including cash available to pay dividends to its stockholders, because:

such company would be subject to U.S. federal income tax on its net income at regular corporate rates for the years it did not qualify for taxation as a REIT (and, for such years, would not be allowed a deduction for dividends paid to stockholders in computing its taxable income);

such company could be subject to the federal alternative minimum tax and possibly increased state and local taxes for such periods;

unless such company is entitled to relief under applicable statutory provisions, neither it nor any successor company could elect to be taxed as a REIT until the fifth taxable year following the year during which it was disqualified; and

for up to ten years following re-election of REIT status, upon a taxable disposition of an asset owned as of such re-election, such company could be subject to corporate level tax with respect to any built-in gain inherent in such asset at the time of re-election.

The Combined Company will inherit any liability with respect to unpaid taxes of Essex or BRE for any periods prior to the merger. In addition, under the investment company rules under Section 368 of the Code, if both Essex and BRE are investment companies under such rules (without regard to their REIT status), the failure of either Essex or BRE to qualify as a REIT could cause the merger to be taxable to Essex or BRE, respectively, and its stockholders. As a result of all these factors, Essex's, BRE's or the Combined Company's failure to qualify as a REIT could impair the Combined Company's ability to expand its business and raise capital, and would materially adversely affect the value of its stock. In addition, for years in which the Combined Company does not qualify as a REIT, it will not otherwise be required to make distributions to stockholders.

Table of Contents

Index to Financial Statements

In certain circumstances, even if the Combined Company qualifies as a REIT, it and its subsidiaries may be subject to certain U.S. federal, state, and other taxes, which would reduce the Combined Company's cash available for distribution to its stockholders.

Even if each of Essex, BRE and the Combined Company has, as the case may be, qualified and continues to qualify as a REIT, the Combined Company may be subject to U.S. federal, state, or other taxes. For example, net income from the sale of properties that are dealer properties sold by a REIT (a prohibited transaction under the Code) will be subject to a 100% tax. In addition, the Combined Company may not be able to make sufficient distributions to avoid income and excise taxes applicable to REITs. Alternatively, the Combined Company may decide to retain income it earns from the sale or other disposition of its property and pay income tax directly on such income. In that event, the Combined Company's stockholders would be treated as if they earned that income and paid the tax on it directly. However, stockholders that are tax-exempt, such as charities or qualified pension plans, might not have any benefit from their deemed payment of such tax liability. The Combined Company and its subsidiaries may also be subject to U.S. federal taxes other than U.S. federal income taxes, as well as state and local taxes (such as state and local income and property taxes), either directly or at the level of its operating partnership, or at the level of the other companies through which the Combined Company indirectly owns its assets. Any U.S. federal or state taxes the Combined Company (or any of its subsidiaries) pays will reduce cash available for distribution by the Combined Company to stockholders. See section The Merger Material U.S. Federal Income Tax Consequences of the Merger beginning on page 103.

Essex and BRE face other risks.

The foregoing risks are not exhaustive, and you should be aware that, following the merger, the Combined Company will face various other risks, including those discussed in reports filed by Essex and BRE with the SEC. See Where You Can Find More Information beginning on page 199.

THE ESSEX SPECIAL MEETING

Date, Time, Place and Purpose of Essex's Special Meeting

The special meeting of the stockholders of Essex will be held at the Clubhouse at Via Apartment Homes, 621 Tasman Drive, Sunnyvale, California 94089 on March 28, 2014, commencing at 10:00 a.m., local time. The purpose of Essex's special meeting is:

1. to consider and vote on a proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger; and
2. to consider and vote on a proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock in the merger.

Recommendation of the Essex Board

The Essex Board has unanimously (i) determined and declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement are advisable, fair to, and in the best interests of Essex and its stockholders, (ii) approved and adopted the merger agreement, the merger and the other transactions contemplated thereby, and (iii) authorized and approved the issuance of shares of Essex common stock to BRE stockholders in the merger. The Essex Board unanimously recommends that Essex stockholders vote **FOR** the proposal to approve the issuance of Essex common stock in the merger, and **FOR** the proposal to approve one or more adjournments of the meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock in the merger. For the reasons for this recommendation, see The Merger Recommendation of Essex Board and Its Reasons for the Merger beginning on page 74.

Essex Record Date; Who Can Vote at Essex's Special Meeting

Only holders of record of Essex common stock at the close of business on January 23, 2014, Essex's record date, are entitled to notice of, and to vote at, Essex's special meeting and any adjournment of the special meeting. As of the record date, there were 38,133,432 shares of Essex common stock outstanding and entitled to vote at Essex's special meeting, held by approximately 252 stockholders of record.

Each share of Essex common stock owned on Essex's record date is entitled to one vote on each proposal at Essex's special meeting.

Vote Required for Approval; Quorum

Approval of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger requires the affirmative vote of at least a majority of all votes cast on such proposal. Approval of the proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock in the merger requires the affirmative vote of at least a majority of all votes cast on such proposal.

Essex's bylaws provide that the presence in person or by proxy of stockholders entitled to cast a majority of all the votes entitled to be cast at such meeting on any matter constitutes a quorum at a meeting of its stockholders. Shares that are voted and shares abstaining from voting are treated as being present at Essex's special meeting for purposes of determining whether a quorum is present.

Abstentions and Broker Non-Votes

Abstentions will be counted in determining the presence of a quorum. Abstentions will have the same effect as a vote cast AGAINST the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger. Abstentions will have no effect on the proposal to approve one or more adjournments

of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock to BRE stockholders in the merger. There will be no broker non-votes at the meeting because the only proposals are non-routine under NYSE Rule 452.

Manner of Submitting Proxy

Essex stockholders may submit their votes for or against the proposals submitted at Essex's special meeting in person or by proxy. Essex stockholders may be able to submit a proxy in the following ways:

Internet. Essex stockholders may submit a proxy over the Internet by going to the website listed on their proxy card or voting instruction card. Once at the website, they should follow the instructions to submit a proxy.

Telephone. Essex stockholders may submit a proxy using the toll-free number listed on their proxy card or voting instruction card.

Mail. Essex stockholders may submit a proxy by completing, signing, dating and returning their proxy card or voting instruction card in the preaddressed postage-paid envelope provided.

Essex stockholders should refer to their proxy cards or the information forwarded by their broker or other nominee to see which options are available to them.

The Internet and telephone proxy submission procedures are designed to authenticate stockholders and to allow them to confirm that their instructions have been properly recorded. If you submit a proxy over the Internet or by telephone, then you need not return a written proxy card or voting instruction card by mail. The Internet and telephone facilities available to record holders will close at 11:59 p.m. Eastern Time on March 27, 2014.

The method by which Essex stockholders submit a proxy will in no way limit their right to vote at Essex's special meeting if they later decide to attend the meeting and vote in person. If shares of Essex common stock are held in the name of a broker or other nominee, Essex stockholders must obtain a proxy, executed in their favor, from the broker or other nominee, to be able to vote in person at Essex's special meeting.

All shares of Essex common stock entitled to vote and represented by properly completed proxies received prior to Essex's special meeting, and not revoked, will be voted at Essex's special meeting as instructed on the proxies. **If Essex stockholders of record return properly executed proxies but do not indicate how their shares of Essex common stock should be voted on a proposal, the shares of Essex common stock represented by their properly executed proxy will be voted as the Essex Board recommends and therefore, FOR the proposal to approve the issuance of Essex common stock in the merger, and FOR the proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the issuance of shares of Essex common stock in the merger.**

Shares Held in Street Name

If Essex stockholders hold shares of Essex common stock in an account of a broker or other nominee and they wish to vote such shares, they must return their voting instructions to the broker or other nominee.

If Essex stockholders hold shares of Essex common stock in an account of a broker or other nominee and attend Essex's special meeting, they should bring a letter from their broker or other nominee identifying them as the beneficial owner of such shares of Essex common stock and authorizing them to vote.

Shares of Essex common stock held by brokers and other nominees will NOT be voted, and will NOT be present for purposes of determining a quorum, unless such Essex stockholders instruct such brokers or other nominees how to vote.

Tabulation of Votes

Essex will appoint an Inspector of Election for Essex's special meeting to tabulate affirmative and negative votes and abstentions.

King to assist in the solicitation of proxies for the special meeting and Essex estimates it will pay D.F. King a fee of approximately \$20,000. Essex has also agreed to reimburse D.F. King for reasonable expenses incurred in connection with the proxy solicitation and to indemnify D.F. King against certain losses, claims, damages, liabilities and expenses. In addition to mailing proxy solicitation material, Essex's directors and officers, and employees of Essex may also solicit proxies in person, by telephone or by any other electronic means of communication deemed appropriate. No additional compensation will be paid to Essex's directors or officers, or to employees of Essex for such services.

In accordance with the regulations of the SEC and NYSE, Essex also will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of shares of Essex common stock.

All shares of BRE common stock entitled to vote and represented by properly completed proxies received prior to BRE's special meeting, and not revoked, will be voted at BRE's special meeting as instructed on the proxies. **If BRE stockholders of record return properly executed proxies but do not indicate how their shares of BRE common stock should be voted on a proposal, the shares of BRE common stock represented by their properly executed**

PROPOSALS SUBMITTED TO BRE STOCKHOLDERS

Merger Proposal

(Proposal 1 on the BRE Proxy Card)

BRE stockholders are asked to approve the merger and the other transactions contemplated by the merger agreement. For a summary and detailed information regarding this proposal to approve the merger and the other transactions contemplated by the merger agreement, see the information about the merger agreement and the merger throughout this joint proxy statement/prospectus, including the information set forth in sections entitled *The Merger* beginning on page 61 and *The Merger Agreement* beginning on page 127. A copy of the merger agreement is attached as Annex A to this joint proxy statement/prospectus.

Pursuant to the merger agreement, approval of this proposal is a condition to the closing of the merger. If the proposal is not approved, the merger will not be completed even if the other proposals related to the merger are approved.

BRE is requesting that BRE stockholders approve the merger and the other transactions contemplated by the merger agreement. Approval of the proposal to approve the merger and the other transactions contemplated by the merger agreement requires the affirmative vote of the holders of at least a majority of the outstanding shares of BRE common stock entitled to vote on such proposal.

Recommendation of the BRE Board

The BRE Board has unanimously (i) determined that the merger, the merger agreement, and the other transactions contemplated thereby, are advisable and in the best interests of BRE and its stockholders, and (ii) approved the merger agreement and authorized the performance by BRE thereunder. The BRE Board unanimously recommends that BRE stockholders vote FOR the proposal to approve the merger and the other transactions contemplated by the merger agreement.

Advisory Vote on Executive Compensation

(Proposal 2 on the BRE Proxy Card)

Advisory Vote Regarding Merger-Related Compensation. Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Section 14A of the Exchange Act, BRE is providing its stockholders with the opportunity to cast an advisory (non-binding) vote on the compensation that may be paid or become payable to BRE's named executive officers, which we refer to as NEOs, as determined in accordance with Item 402(t) of Regulation S-K, that is based upon or otherwise relates to the proposed merger and arises from any form of arrangement or understanding, whether written or unwritten, between BRE and the NEOs. BRE therefore is asking its stockholders to vote on the adoption of the following resolution:

RESOLVED, that the compensation that may be paid or become payable to BRE Properties, Inc.'s named executive officers in connection with the merger, as disclosed in the table entitled *Golden Parachute Compensation* pursuant to Item 402(t) of Regulation S-K, including the associated narrative discussion and the agreements or understandings pursuant to which such compensation may be paid or become payable, as set forth in this proposal titled *Advisory Vote Regarding Merger-Related Compensation* is hereby APPROVED.

The information set forth in the table below is intended to comply with Item 402(t) of Regulation S-K, which requires disclosure of information about certain compensation for each of BRE's NEOs, that is based on or otherwise relates to the transactions contemplated under the merger agreement. BRE's NEOs are Constance B. Moore, BRE's President and Chief Executive Officer, John A. Schissel, BRE's Executive Vice President and

Table of Contents**Index to Financial Statements**

Chief Financial Officer, Stephen C. Dominiak, BRE's Executive Vice President and Chief Investment Officer, Kerry Fanwick, BRE's Executive Vice President, General Counsel and Secretary and Scott A. Reinert, BRE's Executive Vice President, Property Operations.

Please note that the amounts indicated below are estimates based on the material assumptions described in the notes to the table below, which may or may not actually occur. Some of these assumptions are based on information currently available and, as a result, the actual amounts, if any, that may become payable to a NEO may differ in material respects from the amounts set forth below. Furthermore, for purposes of calculating such amounts, we have assumed:

A closing date for the merger of February 10, 2014, the latest practicable date prior to the filing of this joint proxy statement/prospectus;

The consummation of the merger constitutes a change in control for purposes of the applicable plan or agreement;

A qualifying termination of the NEO's employment (e.g., a termination by the NEO for good reason or by BRE other than for cause) in connection with a change in control on February 10, 2014; and

A price per share of BRE common stock of \$54.98, which equals the average closing price of BRE common stock over the first five business days following December 19, 2013.

- (1) Pursuant to the employment agreements entered into by BRE with each NEO, which we refer to as the Employment Agreements, subject to the NEO's execution and non-revocation of a general release of claims, upon a qualifying termination of employment within twelve months following a change in control, each NEO is entitled to receive a lump sum cash payment equal to (i) the estimated annual bonus that the NEO would have earned for the year of termination, pro-rated through the date of termination; plus (ii) two times the sum of (a) his or her then annual base salary and (b) the average of the annual bonuses earned for the preceding two years. Such severance payments and benefits are double trigger arrangements. In the event that an NEO voluntarily resigns without good reason within twelve months following a change in control, the NEO would be entitled to a reduced

cash severance payment equal to the sum of: (i) the estimated annual bonus that the NEO would have earned for the year of termination, pro-rated through the date of termination; (ii) 100% of his or her then annual base salary; plus (iii) the average of the annual bonus awarded in the prior two years; however, for purposes of this disclosure, we have assumed that the NEO will be entitled to the greater amounts described in the preceding sentence and set forth in the table above.

The following table separately quantifies the value of each component of cash severance that the NEOs may become entitled to receive upon a qualifying termination of employment within twelve months following a change in control:

- (2) In addition to the foregoing, pursuant to the Employment Agreements, subject to the NEO's execution and non-revocation of a general release of claims, upon a qualifying termination of employment within twelve months following a change in control, certain equity awards held by the NEOs are subject to double-trigger acceleration as follows: Any then-outstanding options, performance/service share awards and restricted stock awards will vest (at target levels in the case of performance share awards for which the performance period has not ended prior to the date of termination). The following table quantifies the value, based on the assumed per share merger consideration of \$54.98, of the unvested stock options, performance/service share awards and restricted stock awards held by the NEOs that may be accelerated pursuant to the merger, assuming that the completion of the merger had occurred on February 10, 2014:

- (3) Pursuant to BRE's severance policy, upon a qualifying termination of employment within twelve months following a change in control, each NEO will be entitled to receive an amount in cash equal to the cost of six months of BRE-subsidized health care coverage plus six months of BRE-paid outplacement services. The following table separately quantifies the value of the health care coverage and outplacement services that the NEOs may become entitled to receive upon a qualifying termination of employment within twelve months following a change in control:

However, for purposes of this disclosure and the table set forth above, we have assumed that the NEOs' severance payments and benefits will not be reduced pursuant to the preceding sentence and, accordingly, have disclosed the full value of their severance payments and benefits.

Narrative Disclosure to Golden Parachute Compensation Table.

BRE has entered into the Employment Agreements with Ms. Moore and Messrs. Schissel, Dominiak, Fanwick and Reinert which provide for severance payments and benefits upon a qualifying termination of employment in connection with a change in control. For more information related to the Employment Agreements, see the footnote disclosure above and "The Merger: Interests of BRE's Directors and Executive Officers in the Merger: Employment Agreements and Severance Policy" on page 101.

In addition, BRE's severance policy provides for certain health care benefits and outplacement services upon a qualifying termination of employment in connection with a change in control. For more information, see the footnote disclosure above and "The Merger: Interests of BRE's Directors and Executive Officers in the Merger: Employment Agreements and Severance Policy" on page 101.

As disclosed in BRE's Current Report on Form 8-K dated April 3, 2013, Mr. Fanwick gave notice of his intent to retire from BRE on March 31, 2014. For more information, see "The Merger: Interests of BRE's Directors and Executive Officers in the Merger: Employment Agreements and Severance Policy" on page 101.

Vote Required and Board of Directors Recommendation

The vote regarding this proposal on merger-related compensation is a vote separate and apart from the vote on the proposal to approve the merger and the other transactions contemplated by the merger agreement. Because the vote regarding merger-related compensation is advisory only, it will not be binding on either BRE or the Combined Company regardless of whether the merger is completed. Accordingly, if the merger is completed, the merger-related compensation will become payable in connection with the merger and a qualifying termination of employment, subject only to the conditions applicable thereto, regardless of the outcome of this non-binding, advisory vote.

Approval of the merger-related compensation requires the affirmative vote of a majority of the votes cast on such proposal.

Recommendation of the BRE Board

The BRE Board unanimously recommends that BRE stockholders vote FOR the proposal to approve, on a non-binding, advisory basis, the compensation that may become payable to BRE's NEOs in connection with the merger.

BRE Adjournment Proposal

(Proposal 3 on the BRE Proxy Card)

BRE's special meeting may be adjourned one or more times to another date, time or place, if necessary or appropriate, to permit, among other things, further solicitation of proxies, if necessary or appropriate, to obtain additional votes in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement.

If, at BRE's special meeting, the number of shares of BRE common stock present or represented by proxy and voting in favor of the merger proposal is insufficient to approve the proposal to approve the merger and the other transactions contemplated by the merger agreement, BRE intends to move to adjourn BRE's special meeting in order to enable BRE's board of directors to solicit additional proxies for approval of the proposal.

BRE is requesting that BRE stockholders approve one or more adjournments of BRE's special meeting, to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement. Approval of this proposal requires the affirmative vote of a majority of the votes cast at the special meeting.

Recommendation of the BRE Board

The BRE Board unanimously recommends that BRE stockholders vote FOR the proposal to approve one or more adjournments of the special meeting to another date, time or place, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the merger and the other transactions contemplated by the merger agreement.

Other Business

At this time, BRE does not intend to bring any other matters before BRE's special meeting, and BRE does not know of any matters to be brought before BRE's special meeting by others. If, however, any other matters properly come before BRE's special meeting, the persons named in the enclosed proxy, or their duly constituted substitutes, acting at BRE's special meeting or any adjournment or postponement thereof will be deemed authorized to vote the shares represented thereby in accordance with the judgment of management on any such matter.

THE MERGER

The following is a description of the material aspects of the merger. While Essex and BRE believe that the following description covers the material terms of the merger, the description may not contain all of the information that is important to Essex stockholders and BRE stockholders. Essex and BRE encourage Essex stockholders and BRE stockholders to carefully read this entire joint proxy statement/prospectus, including the merger agreement and the other documents attached to this joint proxy statement/prospectus and incorporated herein by reference, for a more complete understanding of the merger.

General

Each of the Essex Board and the BRE Board has unanimously declared advisable, and the Essex Board has unanimously approved, the merger agreement, the merger and the other transactions contemplated by the merger agreement, and the BRE Board has unanimously approved the merger agreement and authorized the performance by BRE thereunder. In the merger, BRE will merge with and into Merger Sub, with Merger Sub continuing as the surviving entity, and BRE stockholders will receive the merger consideration described below under "The Merger Agreement - Merger Consideration; Effects of the Merger."

Background of the Merger

The BRE Board and management periodically and in the ordinary course evaluated and considered a variety of financial and strategic opportunities as part of their long-term strategy to maximize stockholder value. Members of the management teams of BRE and Essex have in the past from time to time engaged in preliminary discussions regarding a potential strategic business combination of the two companies, although these discussions had occurred more than five years earlier and did not result in any agreement between the parties.

Beginning in the middle of 2012, Essex expressed a renewed interest in a potential strategic business combination transaction between BRE and Essex. In July 2012, Michael J. Schall, President and Chief Executive Officer of Essex, set up a meeting with Constance B. Moore, President and Chief Executive Officer of BRE, which was held on July 16, 2012. At the meeting, Mr. Schall indicated that Essex was interested in engaging in discussions with BRE regarding a potential strategic business combination. Ms. Moore noted that BRE had underperformed the multi-family sector in 2012 in same store revenue growth, adversely impacting BRE's common stock price in recent periods. She stated that, in her opinion, BRE's current market valuation did not yet fully take into account the value of BRE's development pipeline. Ms. Moore also noted that in prior discussions over the years between Essex and BRE, Essex had not indicated that it would pay a premium to BRE stockholders. Mr. Schall asked that she give the matter further consideration, and he would contact her again to continue to discuss the matter. Ms. Moore thereafter reported the meeting to Mr. Irving F. Lyons, the Chairman of the BRE Board, and they discussed the appropriate response to Essex.

On August 2, 2012, Ms. Moore called Mr. Schall, and Mr. Schall returned the call on August 13, 2012. Mr. Schall reiterated Essex's interest in a potential strategic business combination with BRE. Although Ms. Moore agreed that there could be advantages to both companies from a strategic business combination, she stated that it was not an appropriate time for BRE to consider a potential strategic business combination, primarily for the reasons discussed at the meeting held on July 16, 2012, including Ms. Moore's belief that the market had not fully valued BRE's development pipeline.

Subsequently, Mr. Schall notified Ms. Moore by email that Essex would provide further information to BRE about its willingness to continue discussions regarding a potential strategic business combination, including its willingness to pay a premium to BRE stockholders.

On September 3, 2012, Ms. Moore received a letter, dated August 27, 2012 (the August 2012 Letter), from Mr. Schall on behalf of Essex, addressed to her. In the August 2012 Letter, Essex proposed a potential

strategic business combination of Essex and BRE, which Essex characterized as a merger of equals. The August 2012 Letter stated that Essex believed that a premium to BRE's stock price was appropriate and necessary, based upon Essex's further preliminary assessment of BRE's portfolio and development pipeline. The August 2012 Letter stated that, based on Essex's preliminary analysis and the recent trading ranges of both BRE's and Essex's common stock, Essex believed that an appropriate premium would be in the range of 5% to 15%. The August 2012 Letter noted that the discussion of price was conceptual, and pricing would be a function of deal structure, transaction costs, and financial impacts, all of which would require further discussion and more detailed due diligence. In the August 2012 Letter, Essex proposed that Essex and BRE enter into mutual confidentiality and standstill agreements to facilitate the exchange of non-public information and further discussions.

On September 5, 2012, the BRE Board held a telephonic meeting to discuss Essex's preliminary proposal set forth in the August 2012 Letter. Representatives of Latham & Watkins LLP, which we refer to as Latham & Watkins, counsel to BRE, were also present. Ms. Moore summarized for the BRE Board her prior discussions with Mr. Schall. The BRE Board reviewed the terms and conditions of the preliminary proposal set forth in the August 2012 Letter. The BRE Board discussed, among other things, the development pipeline and the fact that those projects would only begin to be reflected in BRE's operating results starting in late 2013 and continuing into 2014 and 2015. The BRE Board reviewed the potential benefits of a strategic business combination with Essex, including potential operating synergies and the anticipated improved ability of a larger combined company to compete for growth capital. The BRE Board noted that it was possible that Essex would ultimately not be willing to pay a premium to BRE's then current trading price of its common stock at the levels indicated in the August 2012 Letter, as the range was stated as conceptual and subject to further discussion and more detailed due diligence. After discussion, the BRE Board determined that it would not be in the best interests of BRE or its stockholders to engage in discussions with Essex at that time. In addition, the BRE Board agreed that at the Board's annual strategic retreat at the end of October 2012, the BRE Board would review in detail the current status of the development pipeline, as well as the other facets of BRE's long-range strategic plan. In addition, the BRE Board requested that Wells Fargo Securities, financial advisor to BRE, attend the annual strategic retreat to assist the BRE Board in a further review of the August 2012 Letter and BRE's long-range strategic plan.

On September 6, 2012, in accordance with direction from the BRE Board, Ms. Moore sent a letter to Mr. Schall stating that she had shared the August 2012 Letter with the BRE Board and, while they appreciated receiving Mr. Schall's views on the potential benefits of a strategic business combination, the BRE Board did not feel it was in the best interest of BRE's stockholders to enter into discussions with Essex at this time.

On September 24, 2012, Mr. Schall contacted Ms. Moore via email, and they spoke by telephone on October 1, 2012. Ms. Moore confirmed to Mr. Schall that the BRE Board supported the position stated in her letter dated September 6, 2012. Mr. Schall said that the Essex Board supported his efforts to open discussions with BRE.

On October 23, 2012, the BRE Board held its annual strategic retreat. Members of BRE's senior management and representatives of Wells Fargo Securities were also present. During this meeting, the BRE Board reviewed BRE's multi-year business plan. Management discussed the current macro-economic environment, the year-to-date performance of the REIT sector and apartment REITs in particular, and observations regarding the perception of BRE by the investment community. Management noted that on a 2012 year-to-date basis, BRE's trading price had meaningfully lagged its peers in the multi-family sector, including Essex. Management believed that this was due to several factors including: (i) BRE's lagging revenue growth relative to its peers (which management believed primarily reflected the mix of markets and submarkets in which BRE's properties are located); (ii) concerns of BRE's investors regarding the size and return profile of BRE's development pipeline; and (iii) the fact that BRE's overall earnings

growth was lower than its peers. The BRE Board and management reviewed a number of alternatives, and concluded that BRE should take several actions in order to address investor concerns and position BRE for greater long-term growth. These actions included the following: (i) reducing the size of BRE's existing development pipeline, through the sale of select land parcels or contribution of the parcels to a joint venture with an outside investor; (ii) allowing the development pipeline to

Table of Contents**Index to Financial Statements**

reduce further over time by virtue of the eventual completion of the six existing communities then under development through mid-2015, and a reduction in the number of new projects in the development pipeline; and (iii) selling a number of existing slower growth properties through mid-2015, for net proceeds estimated at that time to be between approximately \$350 million and \$575 million, which would help fund the development pipeline, limit the amount of debt or equity that would need to be issued to fund the development pipeline, and improve BRE's growth profile. The BRE Board and management noted that until these actions were fully implemented, BRE's financial results would continue to be affected by the slower growth properties in the existing portfolio, and that the sale of a large number of units would be significantly dilutive to BRE's earnings. At the same time, the benefits of the cash flow produced by the delivery of the existing development pipeline would not be reflected in BRE's financial results for a 24 to 36 month period, and in the interim, investors would likely discount the projected performance of the new developments due to the risk that the developments may not be completed on time or on budget, or may not perform as well as BRE expected. Accordingly, the BRE Board expected that the market value of BRE common stock would likely be under continued pressure during that period, but that the long-term goal was to position BRE for outperformance by 2015 after the asset sales and new developments had been completed and stronger and more predictable earnings growth realized. At the meeting, the BRE Board also reviewed with management and Wells Fargo Securities other potential strategic alternatives, including a strategic merger with another party such as Essex or another company operating in the multi-family sector, or a sale of BRE to a private buyer.

On December 7, 2012, Mr. Schall sent a second letter, addressed to Ms. Moore and Mr. Lyons (the December 2012 Letter). In the December 2012 Letter, Essex expressed continuing interest in engaging in formal discussions with BRE regarding a potential business combination. The December 2012 Letter stated that, based on Essex's review of publicly available information, Essex was prepared to offer BRE's stockholders \$53.00 per share of BRE common stock. The December 2012 Letter also stated that Essex had analyzed a potential business combination that would provide consideration to BRE stockholders of approximately 80% in Essex common stock and 20% in cash, but that Essex would be willing to consider a transaction with a greater cash component. The December 2012 Letter indicated that the preliminary, non-binding offer was not subject to a financing condition and Essex intended that the proposed business combination would be structured as a tax-free reorganization. The December 2012 Letter proposed that as a next step Essex and BRE exchange non-public information with each other.

On December 10, 2012, Ms. Moore responded to the December 2012 Letter, stating that BRE would respond once the BRE Board had the opportunity to consider it.

On December 11, 2012, Janice Sears, a member of the Essex Board, met with Jeanne Myerson, a member of the BRE Board, at the request of Ms. Sears. During the meeting, Ms. Sears explained what the Essex Board and management team viewed as potential advantages to both Essex and BRE and their respective stockholders of a combination of the two companies. Following the discussion of those potential advantages, Ms. Myerson asked Ms. Sears about rumors and analyst speculation that Essex had acquired shares of BRE common stock as a strategic investment. Ms. Sears explained that Essex did hold shares of BRE common stock, as well as securities of other companies. Ms. Myerson told Ms. Sears that the BRE Board had a regularly scheduled meeting soon, at which the topic of the December 2012 Letter would be discussed. Ms. Myerson then reported the substance of this meeting to Mr. Lyons and Ms. Moore.

On December 19, 2012, the BRE Board held a regularly scheduled meeting in San Francisco. Members of BRE's senior management were also present. Ms. Moore summarized for the BRE Board the December 2012 Letter and her most recent discussions with Mr. Schall. She noted that in early November, 2012, Essex had disclosed that it had made an investment in the common stock of a company that Essex considered strategic in nature, and, thereafter, there had been market rumors and analyst speculation that Essex had acquired approximately \$70 million of BRE common

stock. Ms. Myerson summarized her discussion with Ms. Sears. The BRE Board then reviewed the terms and conditions of the December 2012 Letter. The BRE Board noted that at the strategic retreat held two months earlier, the BRE Board had reviewed the terms of the August 2012 Letter,

Table of Contents**Index to Financial Statements**

which had preliminarily proposed a transaction with a premium to BRE stockholders of between 5% and 15% to current BRE market valuations. The BRE Board expected at that time that the current BRE market valuation would likely be under continued pressure in the near term, but that the long-term goal of BRE's strategic business plan was to position BRE for outperformance by 2015 after the asset sales and new developments had been completed and stronger and more predictable earnings growth realized. After discussion, the BRE Board determined that it would not be in the best interests of BRE's stockholders to engage in discussions with Essex at that time. The BRE Board directed Mr. Lyons to contact George M. Marcus, the Chairman of the Essex Board, and directed Ms. Moore to send a letter to Mr. Schall, setting forth in detail some of the reasons why the BRE Board had made that determination. Later that day, following the BRE Board meeting, Mr. Lyons contacted Mr. Marcus and informed him of the BRE Board's decision. Ms. Moore then sent a letter to Mr. Schall dated December 20, 2012, stating that the BRE Board believed that the market had undervalued the potential value creation embedded in BRE's existing development pipeline. The letter stated that the BRE Board continued to believe that it would not be in the best interest of BRE's stockholders to enter into discussions with Essex at that time, that BRE's existing strategy presented significant opportunities for BRE which were expected to translate into enhanced value for BRE's stockholders, and that a business combination with Essex along the lines proposed in the August 2012 Letter and the December 2012 Letter would not offer the same potential to create value for BRE's stockholders.

On April 15, 2013, in conjunction with BRE's effort to obtain joint venture capital for the development of its two Pleasanton, California projects, BRE requested to meet with representatives of a large pension fund with significant real estate investments. Ms. Moore and Mr. John A. Schissel, Executive Vice President and Chief Financial Officer of BRE, met with senior executives of the pension fund in San Francisco to discuss the pension fund's interest in working with BRE on a range of potential capital raising alternatives. The discussions were general and preliminary in nature, but the pension fund representatives indicated that the pension fund's preferred alternative was to deploy capital in a more efficient manner through a platform transaction, and that an acquisition of BRE by the pension fund could be of interest to them. Ms. Moore told them that if the pension fund had a specific proposal to share, she would relay it to the BRE Board. Ms. Moore reported the substance of the meeting to Mr. Lyons. After this meeting, there was no further contact from representatives of the pension fund.

In early June 2013, Jonathan Litt, the Chief Executive Officer of Land and Buildings, or L&B, a long/short investment fund, contacted Ms. Moore and requested a meeting with her at the upcoming NAREIT Investor Forum in Chicago. L&B had been a long-term stockholder in BRE, and Mr. Litt had spoken to Ms. Moore several times in recent years regarding L&B's investment in BRE.

On June 5, 2013, Mr. Litt proposed that they meet at a coffee shop located in the conference hotel. At this meeting, Mr. Litt stated that L&B was interested in discussing an acquisition of BRE. Mr. Litt indicated that he had contacted unnamed capital sources that were interested in the BRE portfolio of properties, and unnamed operators about running BRE. Mr. Litt asked that BRE enter into exclusive negotiations with L&B, in which case it would be possible for L&B to propose a per share purchase price for the BRE common stock with a 6 handle.

Following Ms. Moore's meeting with Mr. Litt, Ms. Moore relayed the conversation to Mr. Lyons. Ms. Moore and Mr. Lyons agreed that it would not be advisable for BRE to agree to exclusive negotiations with L&B at this time, but that she should request additional information from Mr. Litt about L&B's preliminary proposal.

On June 17, 2013, Ms. Moore called Mr. Litt and told him that BRE was committed to its independent business plan, and would not enter into exclusive negotiations with L&B. She also stated that, before the BRE Board would entertain discussions with any party, BRE would first need to verify that any proposal was credible. She asked Mr. Litt to

provide information about the transactional and operational experience of his proposed acquisition partners, and the proposed sources of capital. Mr. Litt said that he could not reveal this information.

In July 2013, a senior executive of Company A, a privately-held real estate development company, contacted Ms. Moore and requested a meeting to discuss several matters, including proposed legislative changes to California Prop 13. They agreed to meet on August 1, 2013 in San Francisco.

On the morning of July 31, 2013, immediately prior to BRE's regularly scheduled quarterly earnings call, L&B issued a press release that included a letter from L&B to the BRE Board. In the letter, L&B represented that in June 2013, it had made an offer, on behalf of a consortium, to purchase BRE at \$60 per share. L&B requested in the press release that the BRE Board form an independent committee to pursue a sale of BRE and to give serious consideration to the L&B offer. The letter and press release omitted the identity of the consortium members. L&B did not give prior notification to BRE that it intended to send a letter to the BRE Board or issue a press release.

Shortly after the issuance of L&B's press release, BRE held its regularly scheduled earnings conference call, reporting the results for the quarter ended June 30, 2013. On the call, Ms. Moore stated that she could not comment on the L&B letter, but she did state the BRE Board and management team would consider any legitimate proposal that was in the best interest of stockholders.

Later in the day, the BRE Board held a special telephonic meeting. Members of BRE's senior management and a representative of Latham & Watkins were also present. Ms. Moore summarized for the BRE Board her discussions with Mr. Litt, and said that Mr. Litt had not responded to her specific request for information about L&B's proposed sources of financing for an acquisition of BRE. The BRE Board specifically noted that: (i) Mr. Litt managed an investment fund with less than \$200 million in total assets under management, and L&B did not have the capital capacity to acquire BRE; (ii) in mid-June 2013, Ms. Moore had specifically requested that Mr. Litt provide information regarding his sources of capital, and to date, he had not responded; and (iii) Mr. Litt had no experience in engaging in acquisitions of any type. Accordingly, the BRE Board directed BRE's management to issue a press release stating that L&B's proposal did not evidence a viable opportunity for the BRE Board to consider. Later that day, BRE issued a press release to that effect.

On August 1, 2013, Ms. Moore met with the senior executive of Company A, as had been previously scheduled. Among other things, the representative of Company A wanted to discuss ways in which BRE and Company A might work together. The senior executive of Company A noted that it had access to a significant amount of capital for investment.

On August 12, 2013, and on several occasions thereafter, Mr. Litt contacted Mr. Lyons. Mr. Lyons talked with Mr. Litt by telephone on August 13 and 15, 2013, and in person on September 26, 2013. In each case, Mr. Lyons asked Mr. Litt to provide additional information about the undisclosed consortium, its capital sources, operational capabilities, and transaction experience. Mr. Litt refused to provide any additional information about the L&B offer unless BRE signed a nondisclosure agreement. Mr. Lyons told Mr. Litt that if significant capital sources were available to invest in BRE, then those capital sources should contact BRE directly rather than through Mr. Litt.

On August 14, 2013, Mr. Schall met Ms. Moore for lunch at the invitation of Mr. Schall. Mr. Schall said that he previously had been contacted by Mr. Litt and had told him that Essex was not interested in participating with Mr. Litt in any proposal to acquire BRE. However, Mr. Schall told Ms. Moore that Essex remained interested in a potential strategic business combination with BRE. Mr. Schall stated that he was meeting the following week with Mr. Marcus and Keith R. Guericke, the Vice Chairman of the Essex Board, and that he would discuss with them the possibility of Essex making a preliminary proposal to acquire BRE at a per share price that starts with a 6, if such a valuation could be supported by further due diligence.

In mid-August 2013, the senior executive of Company A called Ms. Moore and requested another meeting. On August 22, 2013, Ms. Moore and other members of BRE's senior management met with the senior executive of Company A, and a consultant to Company A. The senior executive of Company A stated that they had

Table of Contents

identified thirteen BRE properties (representing approximately 4,440 units) that Company A would like to acquire, which properties were BRE's highest growth properties. No purchase price was proposed. Ms. Moore stated that she thought it would not be in the best interests of BRE's stockholders to dispose of its highest growth properties and retain its slower growth properties. The senior executive of Company A said Company A might consider an acquisition of BRE in its entirety but would require a partner to purchase the slower-growth BRE properties.

Mr. Guericke had contacted Mr. Lyons on August 1, 2013, requesting a meeting, and they met on August 21, 2013. Mr. Guericke said that Essex was interested in a potential strategic business combination with BRE. Mr. Guericke stated that Essex would be able to place appropriate value on BRE's development pipeline. Mr. Lyons said that the BRE Board was planning to hold its annual strategic planning meeting at the end of October 2013, and, therefore, discussions with Essex would be premature prior to that meeting.

On August 30, 2013, Mr. Schall called Ms. Moore. He said that Essex had developed a very detailed financial model for a potential strategic business combination with BRE. Mr. Schall noted that the market price of Essex common stock had declined in recent periods, but he thought that Essex would still be willing to consider an offer price of \$60 per share if further due diligence supported such a valuation. Mr. Schall requested that Essex and BRE enter into a mutual nondisclosure agreement, and exchange non-public information so that each company could value the other. Ms. Moore told Mr. Schall that the BRE Board was planning its annual strategic planning meeting at the end of October 2013, and therefore discussions with Essex would be premature prior to that meeting.

On September 10, 2013, Ms. Moore called the senior executive of Company A and told him that BRE would not be interested in selling its higher growth properties to Company A. He responded that if the BRE Board were to decide to solicit proposals to acquire BRE, Company A would like to have the opportunity to consider making a proposal, even though Company A would have to dispose of a portion of the properties in the BRE portfolio.

On September 10, 2013, the Essex Board held its regularly scheduled quarterly meeting. Members of senior management were also present. Mr. Schall updated the Essex Board on his conversation with Ms. Moore on August 30, 2013 and expressed his view that, at this time, he was not optimistic that a potential business combination with BRE was possible upon terms that would be satisfactory to Essex.

On October 29, 2013, the BRE Board held its annual strategic retreat. All members of the BRE Board were present, as well as members of BRE's senior management, and representatives of Wells Fargo Securities and Latham & Watkins. Several long-term stockholders of BRE, including Mr. Litt, and a securities analyst who covered BRE, were invited to join a portion of the meeting, and they addressed the BRE Board regarding their views about the REIT industry generally, the multi-family sector, and BRE and its peers in particular. The BRE Board also discussed in detail BRE's progress in implementing the independent business plan, as outlined at the October 2012 strategic retreat, including the completion of developments in 2013, the progress made in disposing of properties in non-core, slower growth markets, and the fact that BRE had not yet attracted a joint venture partner, on acceptable terms, for its two Pleasanton, California development projects. The BRE Board reviewed various valuation methodologies for BRE in order to evaluate the long-term value creation opportunity embedded in the independent business plan, and the risks associated with realizing that value, including the challenges of completing the development pipeline in a rising interest rate environment. The BRE Board also discussed a number of potential strategic alternatives, including a strategic merger and a sale of BRE. The BRE Board noted that an acquisition of BRE would likely trigger a California property tax reassessment, which would generate a tax liability for any acquiror, but that potential overhead synergies could help offset the increased tax expense. The BRE Board analyzed a possible strategic business combination of BRE and Essex, as well as a strategic business combination with other publicly-traded REITs that operate in the

multi-family sector. The BRE Board also discussed the possibility of a sale of BRE to a private buyer.

On October 30, 2013, the BRE Board held a meeting and voted unanimously to open discussions with Essex to understand in greater detail what Essex would propose in terms of a potential strategic business combination,

Table of Contents

and to continue to review other potential strategic alternatives for BRE. The BRE Board also voted to form a planning committee of the BRE Board, which would be responsible for reviewing and evaluating any potential transaction with Essex and any other interested parties, managing the day-to-day process with respect to an assessment and negotiation of any potential transaction, and making recommendations to the BRE Board with respect to any potential transaction. The BRE Board appointed Mr. Lyons, and Jeffrey T. Pero, Thomas E. Robinson and Dennis E. Singleton, independent members of the BRE Board, to serve as members of the planning committee, which we refer to as the BRE Committee, and appointed Mr. Lyons as Chairman of the BRE Committee.

Later that day, following the BRE Board meeting, the BRE Committee held a meeting. Ms. Moore and representatives of Wells Fargo Securities and Latham & Watkins were present. At the meeting, the BRE Committee authorized and directed Mr. Lyons to contact Mr. Marcus to inform him that the BRE Board would like to understand better what Essex was willing to propose in terms of a potential strategic business combination. In addition, the BRE Committee began the process, with the assistance of Wells Fargo Securities, of identifying other qualified parties that might be interested in a potential transaction with BRE.

On October 31, 2013, Mr. Lyons contacted Mr. Marcus, stating that he was calling on behalf of the BRE Board. He said that the BRE Board would like to understand better what Essex was willing to propose in terms of a potential strategic business combination. Mr. Lyons also said that BRE was prepared to share non-public information on a confidential basis in order to allow Essex to make a detailed proposal to the BRE Board on a fully informed basis. Mr. Lyons told Mr. Marcus that BRE's financial advisor would contact Essex's financial advisor to discuss next steps.

On November 1, 2013, the BRE Committee held a telephonic meeting. Also present at the meeting were Ms. Moore and representatives of Wells Fargo Securities and Latham & Watkins. At the meeting, Mr. Lyons reported on his discussion with Mr. Marcus. The BRE Committee requested that Wells Fargo Securities assist the BRE Committee in identifying additional qualified parties that might be interested in considering a transaction with BRE.

On November 2, 2013, representatives of BRE's and Essex's financial advisors held a call. Following the call, BRE's form of nondisclosure agreement was sent to Essex to facilitate confidential discussions regarding a potential strategic business combination.

Beginning on November 2, 2013, representatives of Latham & Watkins and Goodwin Procter LLP, which we refer to as Goodwin Procter, legal counsel to Essex, began negotiating the terms of the nondisclosure agreement. The form of agreement prepared by BRE provided for, among other things, a standstill covenant with customary terms, which prohibited Essex for a two-year period from, among other matters, making unsolicited offers to acquire BRE or its securities, by merger or otherwise, or to commence a proxy solicitation to vote BRE's securities.

On November 4, 2013, the BRE Committee held a telephonic meeting. Also, present at the meeting was Ms. Moore and representatives of Wells Fargo Securities and Latham & Watkins. At this meeting, the BRE Committee reviewed a number of qualified parties that might be interested in an acquisition of BRE. The BRE Committee instructed representatives of Wells Fargo Securities to contact these qualified parties on a confidential basis to gauge their levels of interest in a potential transaction. The BRE Committee also reviewed the standstill provision included in the form of nondisclosure agreement that had been given to Essex, and discussed the relative merits of including such a provision in nondisclosure agreements with interested parties.

On November 5, 2013, the BRE Committee held a telephonic meeting. Representatives of Wells Fargo Securities and Latham & Watkins were present. At the meeting, the BRE Committee reviewed the preliminary feedback received

from potentially interested parties that, at the BRE Committee's direction, had been contacted by Wells Fargo Securities on behalf of BRE. Of the six parties contacted (including Essex), four indicated that

they were interested in entering into a nondisclosure agreement and receiving additional non-public information. The BRE Committee authorized Wells Fargo Securities to contact one additional potentially interested party.

On November 8, 2013, the BRE Board held a telephonic meeting at which the BRE Board reviewed the preliminary feedback received from potentially interested qualified parties that, at the BRE Committee's direction, had been contacted by Wells Fargo Securities on behalf of BRE. Members of senior management of BRE, and representatives of Wells Fargo Securities and Latham & Watkins, were present. Of the seven parties (including Essex) contacted prior to the meeting, four (including Essex) were interested in entering into a nondisclosure agreement and receiving confidential information. The BRE Board then directed the BRE Committee to continue with the process of soliciting interest in an acquisition of BRE.

Later that day, Company B, a publicly traded REIT that operated multi-family properties, signed a nondisclosure agreement with BRE with a two-year standstill and was granted access to confidential information regarding BRE.

On November 11, 2013, the BRE Committee held a telephonic meeting. Ms. Moore and representatives of Wells Fargo Securities and Latham & Watkins were also present. At that meeting, Wells Fargo Securities reviewed with the BRE Committee the status of discussions with the four potentially interested parties.

Later that day, Essex executed a nondisclosure agreement with BRE. Thereafter, Essex commenced a review of the business, financial and legal documents that were made available in BRE's electronic data room. Representatives of Essex, its legal and financial advisors made numerous requests for additional information, and BRE and its advisors made available responsive information.

On November 14, 2013, Company A signed a nondisclosure agreement with a two-year standstill with BRE and, on that same day, Company C, a privately-owned developer and manager of multi-family properties which had a preexisting investment relationship with the pension fund referenced above, signed a nondisclosure agreement with a two-year standstill with BRE and each were then granted access to non-public information regarding BRE.

On the morning of November 15, 2013, at the direction of the BRE Committee, a representative of Wells Fargo Securities spoke with Mr. Litt and inquired about the status of L&B's interest in a potential acquisition of BRE. L&B had previously submitted notice to BRE that it intended to nominate six people for election as BRE directors at BRE's next annual meeting of stockholders. Mr. Litt said that it would be very complicated for L&B to solicit proxies in favor of its nominees while at the same time seeking to acquire BRE. Mr. Litt then stated that he had terminated all discussions with the consortium members, and had told the consortium members that if they were interested in acquiring BRE, they should approach BRE directly.

Later that day, and again on November 19, 2013, the BRE Committee held telephonic meetings. At those meetings, Wells Fargo Securities reviewed with the BRE Committee the status of discussions with potentially interested parties.

On November 21, 2013, at the direction of the BRE Committee, Wells Fargo Securities sent a letter, on behalf of BRE, to each of Essex, Company A, Company B and Company C, inviting each of them to submit an initial proposal for a transaction with BRE. The letter requested that each party submit to BRE a written, non-binding indication of interest by December 3, 2013. The letter noted that, following the receipt of indicative proposals, BRE intended to quickly select one or more prospective bidders to further discuss the terms of their proposals, and to provide such parties with access to additional due diligence materials and a draft definitive agreement for review and comment. The letter further stated that BRE intended to seek to enter into a definitive agreement by the end of December 2013.

On November 24, 2013, a representative of Company B notified Wells Fargo Securities that Company B would not be submitting a proposal for a transaction with BRE. The principal reasons given were that

Company B's common stock was trading at a level that would not allow it to make an attractive offer to BRE, and that an acquisition of BRE would not be significantly strategic for Company B in light of Company B's current property portfolio.

On November 26, 2013, the Essex Board held a telephonic meeting. In addition to the directors, present were representatives of senior management and present by telephone was UBS, Essex's financial advisor. The Essex Board reviewed the valuations of BRE prepared by Essex's management and discussed the parameters of the terms of a preliminary non-binding offer letter to be submitted to BRE in response to BRE's process letter requesting proposals for a transaction with BRE. In addition, the Essex Board voted to delegate to the current members of the Essex executive committee (Messrs. Marcus, Guericke, Thomas E. Randlett and Schall), the responsibility of reviewing and evaluating a potential transaction with BRE and managing the day-to-day process with respect to assessment and negotiation of any potential transaction with BRE.

On the morning of December 2, 2013, the BRE Committee held a telephonic meeting. Representatives of Wells Fargo Securities and Latham & Watkins were present. At this meeting, the BRE Committee reviewed the status of discussions with Essex and Companies A and C. Wells Fargo Securities informed the BRE Committee that Company B had indicated it would not be submitting a proposal.

Also on December 2, 2013, the Executive Committee of Essex held a telephonic meeting. In addition to the committee members, present were representatives of senior management. The Executive Committee reviewed with management the parameters of the terms of a preliminary, non-binding offer letter to BRE as recommended by management based on its valuations of BRE and due diligence to date. After discussion, the Executive Committee of Essex authorized management to submit an initial non-binding preliminary offer letter to BRE on the terms presented and discussed at the meeting.

Also on December 2, 2013, representatives of BRE, Essex and BRE's financial advisor met in San Francisco. In attendance were Ms. Moore and Mr. Lyons from BRE, and Messrs. Schall and Guericke from Essex, as well as other members of senior management of each of BRE and Essex. BRE's management answered questions from the Essex representatives regarding, among other matters, BRE's development pipeline. The Essex representatives presented their views as to the long-term value of Essex and its equity securities. The parties also discussed the potential benefits to both companies and their respective stockholders of a potential strategic business combination involving BRE and Essex.

On December 3, 2013, as directed by the Essex Executive Committee, Essex submitted an initial non-binding preliminary proposal for a transaction with BRE. Essex's initial proposal was for a business combination transaction in which BRE's stockholders would receive 0.2971 shares of Essex common stock and \$11.50 in cash per share of BRE common stock. The preliminary offer was not subject to any financing condition. Essex indicated that it expected to have committed financing in place at the time of signing of a definitive agreement. Essex's initial proposal indicated that Essex was prepared to move quickly to negotiate a definitive transaction agreement and publicly announce a transaction by the end of December 2013.

Company A did not submit a proposal for a transaction with BRE. The principal reason given by Company A was that many properties in BRE's portfolio did not meet Company A's investment criteria and such properties would need to be sold by Company A after any potential transaction. Company A did not believe that it could present an attractive offer to BRE given the discount it would need to place on the properties that it intended to sell. However, Company A indicated that it was interested in some of the higher growth properties in BRE's portfolio and Company A might be

willing to partner with another party that was interested in BRE's other properties. Although Company A was encouraged to specify which properties Company A wanted and the corresponding values for each such property, Company A ultimately did not provide any further information.

Company C also did not submit a proposal to BRE. The principal reason given by Company C was that Company C did not believe it could present an attractive offer for BRE, in part because it was primarily

Table of Contents

Index to Financial Statements

interested in the higher yielding assets and not the balance of BRE's portfolio. Although Company C was encouraged to provide BRE with more information to understand better Company C's interest, Company C did not provide any further detail.

Beginning on December 3, 2013, each of BRE and Essex became aware of market rumors and speculation that Essex had made an offer to acquire BRE at a price per BRE share that would represent a significant premium to BRE's recent trading prices prior to that date.

On the morning of December 4, 2013, the BRE Committee held a telephonic meeting. Also present at the meeting were Matthew T. Medeiros and Christopher J. McGurk, independent directors of BRE, as well as Ms. Moore, Mr. Schissel and representatives of Wells Fargo Securities and Latham & Watkins. At the meeting, the BRE Committee reviewed the terms and conditions of Essex's initial proposal. The BRE Committee also reviewed the comments received from Companies A and C as to why neither had submitted proposals. The BRE Committee asked Mr. Lyons to contact representatives of Essex to set up a meeting to discuss in greater detail the terms and conditions of the Essex initial non-binding proposal submitted on December 3, 2013.

On December 4, 2013, at the invitation of Mr. Lyons, representatives of Essex met with representatives of BRE in San Francisco, to discuss Essex's initial non-binding proposal. Present from BRE were Ms. Moore, and Messrs. Lyons, Robinson and Schissel, as well as representatives of Wells Fargo Securities and Latham & Watkins. Present from Essex were Messrs. Schall, Guericke and Burkart, and present by telephone were representatives of UBS and Goodwin Procter. At this meeting, Mr. Lyons indicated that based on prior conversations with Ms. Moore and Mr. Schall the BRE Board was expecting that the Essex proposal would be at least \$60.00 per share. Based on the one-month volume weighted average price as of December 3, 2013, the value of Essex's proposed merger consideration of 0.2971 shares of Essex common stock was \$46.74, which, when added to the proposed \$11.50 in cash, totaled \$58.24 per share of BRE common stock. Mr. Lyons noted that if Essex were to raise the cash component of its proposal by \$1.76 per share of BRE common stock, it would raise the indicated value of Essex's proposal to \$60.00 per share of BRE common stock (based on the average price referred to above). At that price level, Mr. Lyons stated that he would be willing to recommend Essex's revised proposal to the BRE Board, as a basis for BRE to enter into further discussions with Essex. In response to an inquiry by Essex's financial advisor, Mr. Lyons said that he thought that the BRE Board would agree to an exclusive negotiating period with Essex if the Essex offer were increased to this level. Mr. Lyons also stated that he expected that it would be important to the BRE Board that some of its members be added to the Essex Board at the closing of a potential transaction, in light of the fact that, after the proposed business combination, BRE's stockholders would own approximately 37% of the common stock of the combined company. Mr. Lyons proposed that three current members of the BRE Board be added to the Essex Board. Mr. Lyons said that the BRE Board had a regularly scheduled board meeting on December 18, 2013, and he thought it was reasonable to expect that a transaction could be negotiated, executed and announced no later than that date.

On December 5, 2013, Messrs. Guericke and Schall called Mr. Lyons and informed him that Essex's valuation could support increasing the cash portion of the merger consideration by \$0.83, to a total of \$12.33 per share of BRE common stock, which, when added to the 0.2971 share of Essex common stock with an indicated value of \$46.74 as calculated above, totaled \$59.07 per share of BRE common stock. Messrs. Guericke and Schall noted that Essex would not be willing to increase its offer further and would expect BRE to agree to a period of exclusive negotiations with Essex.

On December 6, 2013, the BRE Board held a telephonic meeting. Members of BRE's senior management, and representatives of Wells Fargo Securities and Latham & Watkins, were present. The BRE Board reviewed the status

of discussions with the seven potentially interested parties (including Essex) that had been contacted. Of those seven, four (Essex and Companies A, B, and C) executed nondisclosure agreements with BRE and conducted due diligence. Of these four, only Essex submitted a proposal to acquire BRE. The BRE Board also discussed the principal reasons given by Companies A, B, and C as to why they did not submit proposals. At the meeting, Mr. Lyons updated the BRE Board on the recent activities of the BRE Committee, including his

contacts with representatives of Essex following the submission of Essex's initial proposal, which had resulted in Essex agreeing to increase the cash portion of the proposed merger consideration from \$11.50 per share of BRE common stock, to \$12.33 per share. Mr. Lyons noted that Essex would require a period of exclusive negotiations as a condition to further discussions. In light of existing market rumors and speculation, the BRE Board also discussed the advisability of publicly announcing that BRE was in a continuing process to review strategic alternatives, and had entered into exclusive negotiations with Essex. The BRE Board directed Mr. Lyons and the BRE Committee to continue negotiations with Essex, and approved the execution by BRE of an exclusivity agreement with Essex.

On December 6, 2013, the Essex Board held a telephone meeting. In addition to directors, also present were representatives of senior management. Senior management reviewed with the Essex Board the previous conversations with representatives of BRE, including the call with Mr. Lyons on December 5, 2013. After discussion, the Essex Board authorized management to submit a revised offer letter and exclusivity agreement on the terms discussed with Mr. Lyons.

Later that day, as directed by the Essex Board, Essex provided a draft offer letter and exclusivity agreement. Following negotiation by the parties, the letter was finalized. The letter proposed a revised transaction in which BRE stockholders would receive 0.2971 shares of Essex common stock, and \$12.33 in cash, for each share of BRE common stock. The letter stated that three current BRE directors would be invited to join the board of the combined company. The letter provided that BRE would negotiate exclusively with Essex until December 31, 2013.

On December 7, 2013, Ms. Moore countersigned Essex's revised offer letter and exclusivity agreement, agreeing on behalf of BRE as to the exclusivity covenant. Later that day, Latham & Watkins sent Goodwin Procter a draft of the merger agreement between the parties for review and comment by Essex.

Commencing on December 8, 2013, BRE made available to Essex in its electronic data room additional non-public business, financial and legal materials. Shortly thereafter, Essex made available to BRE in its electronic data room non-public information regarding Essex's assets, operations, and financial conditions and prospects.

On December 9, 2013, BRE issued a press release announcing that the BRE Board, working with BRE's management team and advisors, had been in an ongoing process of exploring strategic alternatives to enhance stockholder value. The press release stated that the BRE Board had undertaken a comprehensive and thorough review of alternatives that included, among other things, a possible sale or merger of BRE. In connection with a solicitation of indications of interest by BRE, the press release disclosed that BRE had received a non-binding proposal from Essex to acquire BRE in a negotiated merger in which each outstanding share of BRE common stock would be exchanged for 0.2971 shares of Essex common stock and \$12.33 in cash. The press release stated that the companies were currently engaged in discussions regarding this proposal and had agreed to an exclusivity period.

On December 10, 2013, Goodwin Procter and Latham & Watkins had a conference call and discussed the structure of the proposed business combination. Among other matters, the parties discussed the possibility of pursuing a third-party joint venture as a way for Essex to effect the proposed business combination in order for Essex to maintain its flexibility with regard to financing the proposed business combination. The proposed Asset Sale and Special Dividend was discussed as a means to provide that flexibility. The parties discussed the potential tax consequences to BRE stockholders if the proposed Asset Sale and Special Distribution were utilized.

Later that day, Goodwin Procter called Latham & Watkins and conveyed their principal comments on the draft merger agreement. After that call, Goodwin Procter delivered written comments. These comments included the following:

(i) a termination fee of \$170 million payable by BRE to Essex in the event that the transaction

were terminated under specified circumstances; (ii) a provision that would require that BRE submit the merger transaction to a vote of BRE's stockholders even if a third party had made a superior proposal to acquire BRE (referred to as a "force the vote" provision); (iii) a provision that the transaction would terminate if not consummated by August 31, 2014; (iv) a covenant that BRE would reimburse Essex's out-of-pocket expenses in the event that BRE's stockholders did not vote to approve the merger with Essex even in the absence of a superior proposal; and (v) a covenant that BRE would not waive any standstill agreements that it had previously received from other potential bidders. In addition, Essex asked for BRE's assistance in structuring the transaction to facilitate the assumption by Essex of BRE's outstanding debt securities, as well as implementing the proposed asset sale and special dividend structure.

On December 11, 2013, the BRE Board held a telephonic meeting. Members of BRE's senior management and representatives of Wells Fargo Securities and Latham & Watkins were present. Mr. Lyons updated the BRE Board on the status of negotiations with Essex, and BRE's review of Essex's business, financial statements, and management. Representatives from Latham & Watkins also reviewed Essex's financing plan, including a bridge commitment letter to be entered into concurrently with the execution of the merger agreement and the possibility of a third-party joint venture as a possible financing alternative.

Later that day, at the request of Mr. Lyons, Ms. Moore and Messrs. Lyons, Pero, Singleton, and Sullivan, met in person with Mr. Schall and other members of Essex's senior management in Palo Alto, California, to discuss Essex's plans and strategy for the combined company following the merger.

On December 12, 2013, Ms. Moore and other members of senior management of BRE, together with representatives of Wells Fargo Securities, had a teleconference with members of senior management from Essex to discuss Essex's business plan and review the key assumptions used in Essex's corporate financial forecast.

On December 12, 2013, Latham & Watkins transmitted a revised draft of the merger agreement to Goodwin Procter. In response to the principal points previously raised by Goodwin Procter, BRE responded as follows: (i) a termination fee of \$135 million payable by BRE to Essex in the event that the transaction terminated under specified circumstances; (ii) no force the vote provision, (iii) Essex's proposal that the transaction would terminate if not consummated by August 31, 2014, was not acceptable; (iv) reimbursement by BRE of up to \$10 million of Essex's out-of-pocket expenses related to the transaction in the event that BRE's stockholders did not vote to approve the merger with Essex in absence of a superior proposal; and (v) no restriction on BRE's ability to waive any standstill agreements previously received from other potential bidders. In addition, BRE would agree to assist Essex in facilitating the assumption by Essex of BRE's outstanding debt securities, and agreed to a possible delay in the closing of the transaction to allow for time to obtain certain specified consents, provided that the receipt of such consents would not be a condition to the closing of the proposed merger. BRE also agreed to provide Essex with the option to implement the proposed asset sale and special dividend structure, provided that the implementation of that structure would not delay, or be a condition to, the closing of the proposed merger.

On December 14, 2013, Goodwin Procter sent Latham & Watkins a revised draft of the merger agreement.

On December 15, 2013, a representative of UBS informed a representative from Wells Fargo Securities that two of the outstanding issues on the draft merger agreement were particularly important to Essex: (i) the force the vote provision; and (ii) the requirement that BRE not waive any standstill agreements previously received from other potential bidders.

On December 16, 2013, the BRE Board held a telephonic board meeting. Members of BRE's senior management, as well as representatives of Wells Fargo Securities and Latham & Watkins, were present. Mr. Lyons provided the BRE Board with an update on the status of discussions with Essex. The BRE Board discussed, with the assistance of Wells Fargo Securities, recent trading ranges of Essex common stock, and the implied value of the stock portion of the merger consideration.

On December 16, 2013, the Essex Board held a board meeting in Palo Alto, California. In addition to directors, present from Essex were members of senior management, as well as representatives of UBS and Goodwin Procter. During this meeting, a representative of Goodwin Procter reviewed with the Essex Board the legal aspects of the proposed transaction, including, among other matters, the structure of the proposed transaction, the potential payments and benefits that senior executives and employees of BRE may be eligible to receive in connection with the proposed transaction, the proposed financing commitment letter and the principal terms and conditions of the draft merger agreement, including the principal open issues in the draft merger agreement. Also, UBS reviewed with the Essex Board the financial terms of the proposed transaction.

Later that day, Latham & Watkins delivered a revised draft of the merger agreement to Goodwin Procter. Also that day, Ms. Moore met with Messrs. Schall and Dance in San Francisco to discuss, among other things, details regarding employee retention during the periods prior to and after the closing of the proposed merger.

On December 17, 2013, Messrs. Lyons and Schall had a telephone call to attempt to resolve the principal outstanding issues in the draft merger agreement. Mr. Schall emphasized the importance to Essex that the merger agreement include the force the vote covenant, but that in exchange for BRE's agreement to accept that covenant, Essex would be willing to: (i) reduce the termination fee payable by BRE from \$170 million to \$152.5 million; (ii) change the final termination date, from August 31, 2014 to mid-June 2014; and (iii) eliminate the covenant prohibiting BRE from waiving any outstanding standstill agreements with other bidders. Mr. Lyons informed Mr. Schall that it was his belief that the BRE Board would not support a transaction that included a force the vote covenant. Mr. Schall responded that Essex could agree to remove the force the vote covenant, but only if BRE were willing to pay a termination fee of \$170 million. Mr. Lyons indicated he would be willing to recommend that the BRE Board accept the \$170 million termination fee, in exchange for the removal of the force the vote covenant and the other terms proposed by Mr. Schall.

Later that day, Goodwin Procter and Latham & Watkins exchanged drafts of the merger agreement to provide for a \$170 million termination fee payable by BRE in certain circumstances, no force the vote provision, a final termination date of the merger agreement of June 17, 2014, and that the BRE Board would be permitted to waive any outstanding standstill agreements with other bidders if the BRE Board determined in good faith that the failure to do so would be inconsistent with the BRE Board's duties.

On December 18, 2013, the BRE Board held a meeting in San Francisco, California. All members of the BRE Board were present, as well as members of BRE's senior management, representatives of Wells Fargo Securities and Latham & Watkins, and representatives of Ballard Spahr LLP, which we refer to as Ballard Spahr, BRE's Maryland counsel. At the meeting, Mr. Lyons updated the BRE Board on the status of discussions with Essex. Wells Fargo Securities reviewed with the BRE Board its financial analysis of the merger consideration and rendered to the BRE Board an oral opinion, confirmed by delivery of a written opinion dated December 18, 2013, to the effect that, as of such date and based on and subject to various qualifications, limitations and assumptions stated in its opinion, the merger consideration to be received pursuant to the merger agreement by holders of BRE common stock (other than Essex, Merger Sub and their respective affiliates) was fair, from a financial point of view, to such holders. Representatives of Ballard Spahr and Latham & Watkins discussed with the BRE Board the duties applicable to its decisions with respect to its review and consideration of the proposed transaction, and reviewed the material terms of the proposed merger agreement. After discussion, the BRE Board unanimously declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement were advisable and in the best interests of BRE and its stockholders, approved the terms and conditions of the merger agreement, authorized BRE to enter into and perform its obligations under the merger agreement, and recommended to BRE's stockholders that they vote

in favor of the approval of the other transactions contemplated by the merger agreement.

On December 18, 2013, the Essex Board held a meeting in Palo Alto, California. All members of the Essex Board were present, as well as members of senior management, representatives of UBS and Goodwin Procter were present by telephone. At the meeting, Essex's legal and financial advisors updated the Essex Board on the

status of discussions with BRE. UBS reviewed with the Essex Board its financial analysis of the merger consideration and rendered to the Essex Board an oral opinion, confirmed by delivery of a written opinion dated December 18, 2013, to the effect that, as of such date and based on and subject to various assumptions made, matters considered and limitations described in its opinion, the merger consideration to be paid by Essex in the merger, was fair, from a financial point of view, to Essex. A representative of Goodwin Procter reviewed the material terms of the proposed merger agreement and the material terms of the financing commitment letter and discussed the duties of the Essex directors. After discussion, the Essex Board unanimously determined and declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement, including the issuance of shares of Essex common stock to BRE stockholders in the merger, were fair to, advisable and in the best interests of Essex and its stockholders, approved the terms and conditions of the merger agreement, authorized Essex to enter into and perform its obligations under the merger agreement, and recommended to Essex's stockholders that they vote in favor of the issuance of shares of Essex common stock to BRE stockholders in the merger.

Following the approvals of the BRE Board and the Essex Board, BRE and Essex finalized and executed the merger agreement and other transaction documentation. On December 19, 2013, BRE and Essex issued a joint press release announcing the transaction.

Recommendation of the Essex Board and Its Reasons for the Merger

In evaluating the merger, the Essex Board consulted with its legal and financial advisors and Essex's management and, after consideration, the Essex Board has unanimously determined and declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement, including the issuance of shares of Essex common stock to BRE stockholders in the merger, are fair to, advisable and in the best interests of Essex and its stockholders. The Essex Board has unanimously approved and adopted the merger agreement, the merger and the other transactions contemplated by the merger agreement, including the issuance of Essex common stock to BRE stockholders in the merger.

THE ESSEX BOARD UNANIMOUSLY RECOMMENDS THAT ESSEX STOCKHOLDERS VOTE FOR THE ISSUANCE OF SHARES OF ESSEX COMMON STOCK TO BRE STOCKHOLDERS IN THE MERGER.

In deciding to declare advisable and approve and adopt the merger agreement, the merger and the other transactions contemplated by the merger agreement, including the issuance of Essex common stock to BRE stockholders in the merger, and to recommend that Essex stockholders vote to approve the issuance of shares of Essex common stock to BRE stockholders in the merger, the Essex Board considered various factors that it viewed as supporting its decision, including the following material factors described below:

Strategic Benefits. The Essex Board expects that the merger will provide a number of significant potential strategic opportunities and benefits, including the following:

the combination of two highly complementary multifamily portfolios to create the largest multifamily REIT on the West Coast will allow Essex stockholders to participate in a stronger Combined Company with the opportunity to leverage both companies' strong presence in attractive West Coast markets and

will result in a platform with superior value creation opportunities;

the combined portfolio of approximately 56,000 multifamily units in 239 properties will provide an enhanced competitive advantage across the West Coast and drive opportunistic growth and capital deployment;

by combining two companies with businesses with significant geographic overlap, the Combined Company is expected to have a stronger platform across West Coast markets, which will improve the performance of the portfolio;

Table of Contents

Index to Financial Statements

the combination of Essex and BRE will more rapidly advance a number of strategic priorities underway at Essex, including, improving operating efficiencies, enhancing capital market opportunities, increasing exposure to highly complementary markets and lowering capital costs to provide a stronger balance sheet;

the transaction is expected to create operational and general and administrative cost synergies that will drive higher margins primarily from the elimination of duplicative costs associated with supporting a public company platform and the leveraging of state of the art technology and systems which is expected to occur over the 18 month period after closing of the merger;

the Combined Company will be able to better serve the needs of its residents because of its larger geographic footprint and therefore increase its market share in high-growth West Coast markets;

as a result of its larger size, greater access to multiple forms of capital, the Combined Company is expected to result in a lower cost of capital over the long term than Essex on a stand-alone basis;

the Combined Company is expected to provide improved liquidity for Essex stockholders as a result of the increased equity capitalization and the increased stockholder base of the Combined Company;

the increased size and scale of the Combined Company is expected to enhance its ability to attract top talent and strengthen the operating platform through integration of best practices from both companies, thereby allowing the Combined Company to be more competitive in the markets in which it operates; and

the benefits of greater operating efficiencies and lower cost of capital, if realized, will allow the Combined Company to compete more effectively for acquisition and development opportunities, while improving the financial impact of those transactions.

Fixed Exchange Ratio. The Essex Board also considered that the fixed exchange ratio, which will not fluctuate as a result of changes in the market prices of shares of Essex common stock or BRE common stock, provides certainty as to the respective pro forma percentage ownership of the Combined Company.

Opinion of Financial Advisor. The Essex Board considered the financial analyses presented to it by UBS and UBS written opinion to the Essex Board as to the fairness, from a financial point of view and as of the date of the opinion, to Essex of the consideration to be paid in the merger, which opinion was based on and subject to various assumptions made, matters considered and limitations described in UBS opinion, as more fully described below in the section Opinion of Essex's Financial Advisor beginning on page 80.

Familiarity with Businesses. The Essex Board considered its knowledge of the business, operations, financial condition, earnings and prospects of Essex and BRE, taking into account the results of Essex's due diligence review of BRE, as well as its knowledge of the current and prospective environment in which Essex and BRE operate, including economic and market conditions.

High Likelihood of Consummation. The Essex Board considered the commitment on the part of both parties to complete the merger as reflected in their respective obligations under the terms of the merger agreement, and the likelihood that the stockholder approvals needed to complete the merger would be obtained in a timely manner.

The Essex Board also considered a variety of risks and other potentially negative factors concerning the merger agreement, the merger and the other transactions contemplated by the merger agreement. These factors included:

the risk of diverting management focus and resources from operational matters and other strategic opportunities while working to implement the merger;

Table of Contents

Index to Financial Statements

the risk that, notwithstanding the likelihood of the merger being completed, the merger may not be completed, or that completion may be unduly delayed, including the effect of the pendency of the merger and the effect such failure to be completed may have on the trading price of Essex common stock and Essex's operating results, particularly in light of the costs incurred in connection with the transaction;

the risk that the anticipated strategic and financial benefits of the merger may not be realized;

the risk that the cost savings, operational synergies and other benefits to the holders of the Combined Company common stock expected to result from the merger might not be fully realized or not realized at all, including as a result of possible changes in the real estate market or the multifamily industry affecting the markets in which the Combined Company will operate;

the risk of other potential difficulties in integrating the two companies and their respective operations;

the substantial costs to be incurred in connection with the transaction, including the transaction expenses arising from the merger and the costs of integrating the businesses of Essex and BRE;

the restrictions on the conduct of Essex's business prior to the completion of the merger, which could delay or prevent Essex from undertaking business opportunities that may arise or any other action it would otherwise take with respect to the operations of Essex absent the pending completion of the merger;

that BRE and Essex may be obligated to complete the merger without having obtained appropriate consents, approvals or waivers from, or successfully refinanced, the outstanding indebtedness of BRE and Essex that requires lender consent or approval to consummate the merger, and the risk that such consummation could trigger the termination of, and mandatory prepayments of all amounts outstanding under, certain of Essex's and BRE's indebtedness; and

other matters described under the section "Risk Factors" and "Cautionary Statement Concerning Forward-Looking Statements."

This discussion of the foregoing information and material factors considered by the Essex Board in reaching its conclusion and recommendations is not intended to be exhaustive and is not provided in any specific order or ranking. In view of the wide variety of factors considered by the Essex Board in evaluating the merger agreement and the transactions contemplated by it, including the issuance of Essex common stock to BRE stockholders in the merger, and the complexity of these matters, the Essex Board did not find it practicable to, and did not attempt to, quantify, rank or otherwise assign relative weight to those factors. In addition, different members of the Essex Board may have given different weight to different factors. The Essex Board did not reach any specific conclusion with respect to any of the factors considered and instead conducted an overall review of such factors and determined that, in the aggregate, the potential benefits considered outweighed the potential risks or possible negative consequences of approving the merger agreement, the merger and the other transactions contemplated by the merger agreement,

including the issuance of Essex common stock to BRE stockholders in the merger.

This explanation of the reasoning of the Essex Board and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed in the section entitled Cautionary Statement Concerning Forward-Looking Statements.

Recommendation of the BRE Board and Its Reasons for the Merger

The BRE Board has unanimously approved the merger agreement and determined that the merger and the other transactions contemplated by the merger agreement, are advisable and in the best interests of BRE and its stockholders. The decision of the BRE Board to enter into the merger agreement was the result of careful consideration by the BRE Board of numerous factors, including the following material factors:

the value of the merger consideration, which, based on the closing price per share of Essex common stock on December 17, 2013 (the last full trading day before the BRE Board approved the proposed merger),

Table of Contents

Index to Financial Statements

implied a value of \$55.56 per share of BRE common stock, representing a premium of approximately 8.2% over the closing price per share of BRE common stock on December 2, 2013, the last full trading day prior to the start of market rumors regarding a potential transaction between BRE and Essex;

as a result of its increased size and scale, the Combined Company, which will be the largest publicly traded apartment REIT on the West Coast, is expected to have a strategic advantage over its competitors in successfully executing on large acquisition opportunities;

as a result of its larger size, access to multiple forms of capital and investment grade balance sheet, the Combined Company will have lower cost of debt capital than BRE on a stand-alone basis and substantially all of its competitors operating in the apartment real estate market, thereby enabling the Combined Company to fund its external acquisition growth strategy at a lower cost;

the Combined Company will be able to achieve greater economies of scale than BRE on a stand-alone basis by allocating Essex's operating platform over a larger portfolio;

the combination of BRE and Essex is expected to result in the realization of annual general and administrative cost savings;

because the stock consideration in the merger consists of Essex common stock and the exchange ratio is fixed, BRE stockholders will benefit from any increase in the trading price of Essex common stock between the announcement of the merger and the closing of the merger and any increases following the closing of the merger;

the BRE Board's understanding of the information concerning BRE's and Essex's respective businesses, financial performance, condition, operations, management, competitive positions, prospects and stock performance, including the report of BRE's management on the results of BRE's due diligence review of Essex and its assets, liabilities, earnings, financial condition, business and prospects, which confirmed the positive view of Essex's business and supported the BRE Board's determination that the Combined Company would have a strong foundation for growth and improved performance;

in light of the review of potential strategic alternatives conducted by BRE (see the section entitled "Background of the Merger" beginning on page 61 of this joint proxy statement/prospectus), the BRE Board did not believe that it was likely that another party would make or accept an offer to engage in a transaction with BRE that would be more favorable to BRE and its stockholders than the merger;

the opinion, dated December 18, 2013, of Wells Fargo Securities to the BRE Board as to the fairness, from a financial point of view and as of such date, of the merger consideration to be received pursuant to the merger

agreement by holders of BRE common stock (other than Essex, Merger Sub and their respective affiliates), which opinion was based on and subject to the assumptions made, procedures followed, factors considered and limitations on the review undertaken as further described below in the section entitled "Opinion of BRE's Financial Advisor" beginning on page 87 of this joint proxy statement/prospectus;

the ability to complete the merger within a reasonable period of time, including the likelihood of receiving the BRE and Essex stockholder approvals necessary to complete the transaction in a timely manner and any other necessary approval in light of the efforts BRE and Essex agreed to use in order to complete the transaction;

the merger agreement provisions permitting BRE to furnish non-public information to, and engage in discussions with, a third party that makes an unsolicited written proposal to engage in a business combination transaction, provided that the BRE Board determines in good faith, (i) after consultation with outside legal counsel and financial advisors, that the proposal is or could reasonably be likely to result in a transaction that, if consummated, would be more favorable to BRE stockholders than the merger, and (ii) after consultation with outside legal counsel, that failure to take such action would be inconsistent with the directors' duties under applicable law (see the section entitled "The Merger

Agreement Covenants and Agreements No Solicitation of Transactions by BRE beginning on page 135 of this joint proxy statement/prospectus);

the merger agreement provisions permitting the BRE Board to, under certain circumstances, withdraw, modify or qualify its recommendation with respect to the merger if (i) the BRE Board receives an unsolicited written proposal to engage in a business combination transaction that, in the good faith determination of the BRE Board, after consultation with outside legal counsel and financial advisors, constitutes a transaction that, if consummated, would be more favorable to BRE stockholders than the merger, and (ii) the BRE Board determines in good faith, after consultation with outside legal counsel, that failure to take such action would be inconsistent with the directors' duties under applicable law, and, subject to the requirement to pay the termination fee and expense reimbursement referenced below, terminate the merger agreement (see the section entitled The Merger Agreement Covenants and Agreements No Solicitation of Transactions beginning on page 135 of this joint proxy statement/prospectus); and

the structure of the transaction and the terms of the merger agreement, including the fact that the merger is intended to qualify as a reorganization within the meaning of the Code and is, therefore, not expected to be taxable to BRE stockholders, other than with respect to cash consideration received in the merger and any cash received in lieu of fractional Essex common stock or as a Special Distribution, if any.

The BRE Board also identified and considered the following potentially negative factors in its deliberations:

because the merger consideration consists partially of Essex common stock and the exchange ratio is fixed, BRE stockholders will be adversely affected by any decrease in the trading price of Essex common stock between the announcement of the transaction and the completion of the merger, which would not have been the case had the consideration been based solely on a fixed value (that is, a fixed dollar amount of value per share in all cases), and the fact that BRE is not permitted to terminate the merger agreement solely because of changes in the market price of Essex common stock;

the possible disruption to BRE's or Essex's business that may result from the announcement of the transaction;

the risk that the cost savings, operational synergies and other benefits expected to result from the transaction might not be fully realized or not realized at all;

the terms of the merger agreement regarding the restrictions on the operation of BRE's business during the period between the signing of the merger agreement and the completion of the merger;

the \$170 million termination fee to be paid to Essex if the merger agreement is terminated under circumstances specified in the merger agreement, may discourage other parties that may otherwise have an

interest in a business combination with, or an acquisition of, BRE (see the section entitled "The Merger Agreement - Termination of the Merger Agreement" beginning on page 142 of this joint proxy statement/prospectus);

the terms of the merger agreement placing limitations on the ability of BRE to solicit, initiate or knowingly facilitate any inquiry, offer or request that could reasonably be expected to result in alternative business combination proposals and to furnish non-public information to, or engage in discussions or negotiations with, a third party interested in pursuing an alternative business combination transaction (see the section entitled "The Merger Agreement - Covenants and Agreements - No Solicitation of Transactions by BRE" beginning on page 135 of this joint proxy statement/prospectus);

the possibility that the merger may not be completed or may be unduly delayed because BRE stockholders may not approve the merger and the other transactions contemplated by the merger agreement, the Essex stockholders may not approve the issuance of shares of Essex common stock to BRE stockholders in the merger, or other factors outside of BRE's control;

Table of Contents

Index to Financial Statements

the risk that the merger might not be completed and the effect of the resulting public announcement of termination of the merger agreement on:

the market price of BRE common stock,

BRE's operating results, particularly in light of the costs incurred in connection with the transaction, and

BRE's ability to attract and retain personnel;

the substantial costs to be incurred in connection with the transaction, including the costs of integrating the businesses of BRE and Essex and the transaction expenses arising from the merger;

the potential risk of diverting management focus and resources from operational matters and other strategic opportunities while working to implement the merger;

the absence of appraisal rights for BRE stockholders under Maryland law; and

the risks described in the section entitled "Risk Factors" beginning on page 35 of this joint proxy statement/prospectus.

The BRE Board also considered the interests that certain executive officers and directors of BRE may have with respect to the merger in addition to their interests as stockholders of BRE generally (see the section entitled "Interests of BRE's Directors and Executive Officers in the Merger" beginning on page 99 of this joint proxy statement/prospectus), which the BRE Board considered as being neutral in its evaluation of the proposed transaction.

Although the foregoing discussion sets forth the material factors considered by the BRE Board in reaching its recommendation, it may not include all of the factors considered by the BRE Board, and each director may have considered different factors or given different weights to different factors. In view of the variety of factors and the amount of information considered, the BRE Board did not find it practicable to, and did not, make specific assessments of, quantify or otherwise assign relative weights to the specific factors considered in reaching its recommendation. The BRE Board realized that there can be no assurance about future results, including results expected or considered in the factors above. However, the BRE Board concluded that the potential positive factors described above significantly outweighed the neutral and negative factors described above. The recommendation was made after consideration of all of the factors as a whole.

THE BRE BOARD HAS UNANIMOUSLY APPROVED THE MERGER AGREEMENT AND DETERMINED THAT THE MERGER AND THE OTHER TRANSACTIONS CONTEMPLATED BY THE MERGER AGREEMENT ARE ADVISABLE AND IN THE BEST INTERESTS OF BRE AND ITS STOCKHOLDERS. ACCORDINGLY, THE BRE BOARD UNANIMOUSLY RECOMMENDS THAT BRE

STOCKHOLDERS VOTE FOR APPROVAL OF THE MERGER AND THE OTHER TRANSACTIONS CONTEMPLATED BY THE MERGER AGREEMENT.

In considering the recommendation of the BRE Board to approve the merger and the other transactions contemplated by the merger agreement, you should be aware that certain of BRE's directors and officers have arrangements that cause them to have interests in the transaction that are different from, or are in addition to, the interests of BRE stockholders generally. See the section entitled "Interests of BRE's Directors and Executive Officers in the Merger" beginning on page 99 of this joint proxy statement/prospectus.

The explanation of the reasoning of the BRE Board and all other information presented in this section are forward-looking in nature and, therefore, should be read in light of the factors discussed in the section entitled "Cautionary Statement Concerning Forward-Looking Statements" beginning on page 45 of this joint proxy statement/prospectus.

Opinion of Essex's Financial Advisor

UBS was retained as financial advisor to Essex in connection with the merger. As part of that engagement, the Essex Board requested that UBS evaluate the fairness, from a financial point of view, to Essex of the consideration to be paid by Essex in the merger. On December 18, 2013, at a meeting of the Essex Board held to evaluate the proposed merger, UBS delivered to the Essex Board an oral opinion, confirmed by delivery of a written opinion dated December 18, 2013, to the effect that, as of that date and based on and subject to various procedures, assumptions, matters considered and qualifications and limitations described in its opinion, the consideration to be paid by Essex in the merger was fair, from a financial point of view, to Essex.

The full text of UBS' opinion describes the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by UBS. UBS' opinion is attached as Annex D to this joint proxy statement/prospectus and is incorporated by reference herein. UBS' opinion was provided for the benefit of the Essex Board (in its capacity as such) in connection with, and for the purpose of, its evaluation of the consideration to be paid by Essex in the merger, and does not address any other aspect of the merger or any related transaction. UBS' opinion does not address the relative merits of the merger or any related transaction as compared to other business strategies or transactions that might be available to Essex or Essex's underlying business decision to effect the merger or any related transaction. UBS' opinion does not constitute a recommendation to any stockholder as to how such stockholder should vote or act with respect to the merger or any related transaction. The following summary of UBS' opinion is qualified in its entirety by reference to the full text of UBS' opinion.

In arriving at its opinion, UBS, among other things:

reviewed certain publicly available business and financial information relating to BRE and Essex;

reviewed certain internal financial information and other data relating to the business and financial prospects of BRE that were provided to UBS by the managements of BRE and Essex and not publicly available, including (A) financial forecasts and estimates of BRE prepared by the management of BRE and (B) financial forecasts and estimates of BRE prepared by the management of Essex, provided that for purposes of its analysis UBS utilized, at the Essex Board's direction, the financial forecasts and estimates of BRE prepared by the management of Essex;

reviewed certain internal financial information and other data relating to the business and financial prospects of Essex that were provided to UBS by the management of Essex and not publicly available, including financial forecasts and estimates prepared by the management of Essex that the Essex Board directed UBS to utilize for purposes of its analysis;

reviewed certain estimates of synergies prepared by the management of Essex that were provided to UBS by Essex and not publicly available that the Essex Board directed UBS to utilize for purposes of its analysis;

conducted discussions with members of the senior managements of Essex and BRE concerning the businesses and financial prospects of BRE and Essex;

reviewed publicly available financial and stock market data with respect to certain other companies UBS believed to be generally relevant;

compared the financial terms of the merger with the financial terms of certain other transactions UBS believed to be generally relevant, which financial terms were either publicly available or provided to UBS by the management of Essex;

reviewed current and historical market prices of Essex common stock and BRE common stock;

considered certain pro forma effects of the merger on Essex's financial statements;

reviewed a draft dated December 17, 2013 of the merger agreement; and

conducted such other financial studies, analyses and investigations, and considered such other information, as UBS deemed necessary or appropriate.

In connection with its review, with the consent of the Essex Board, UBS assumed and relied upon, without independent verification, the accuracy and completeness in all material respects of the information provided to or reviewed by UBS for the purpose of its opinion. In addition, with the consent of the Essex Board, UBS did not make any independent evaluation or appraisal of any of the assets or liabilities (contingent or otherwise) of Essex or BRE, and UBS was not furnished with any such evaluation or appraisal (except that BRE management provided to UBS appraisals of four individual properties of BRE). With respect to the financial forecasts, estimates, synergies and pro forma effects referred to above that UBS utilized for its analysis, UBS assumed, at the direction of the Essex Board, that they have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of Essex as to the future financial performance of Essex and BRE and such synergies and pro forma effects. In addition, UBS assumed with the approval of the Essex Board that the financial forecasts and estimates, including synergies, referred to above will be achieved at the times and in the amounts projected. UBS also assumed, with the consent of the Essex Board, that the merger will qualify for U.S. federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Code. UBS was advised by Essex and BRE that each of Essex and BRE operated in conformity with the requirements for qualification as a REIT for U.S. federal income tax purposes since its formation as a REIT and UBS assumed, at the direction of the Essex Board, that the merger will not adversely affect such status or operations of Essex or BRE. UBS opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information available to it as of, the date of its opinion.

At the direction of the Essex Board, UBS was not asked to, and it did not, offer any opinion as to the terms, other than the consideration to the extent expressly specified in its opinion, of the merger agreement or any related documents or the form of the merger or any related transaction, including without limitation (i) any joint venture arrangement that may be entered into in connection with the merger or (ii) any other transfer, sale or other disposition of any assets of BRE or Essex in connection with the consummation of the merger. In addition, UBS expressed no opinion as to the fairness of the amount or nature of any compensation to be received by any officers, directors or employees of any parties to the merger, or any class of such persons, relative to the consideration. UBS expressed no opinion as to what the value of Essex common stock will be when issued pursuant to the merger or the prices at which Essex common stock or BRE common stock will trade at any time. In rendering its opinion, UBS assumed, with the consent of the Essex Board, that (i) the final executed form of the merger agreement would not differ in any material respect from the draft that UBS reviewed, (ii) the parties to the merger agreement would comply with all material terms of the merger agreement and (iii) the merger would be consummated in accordance with the terms of the merger agreement without any adverse waiver or amendment of any material term or condition thereof. UBS also assumed, at the direction of the Essex Board, that all governmental, regulatory or other consents and approvals necessary, proper or advisable for the consummation of the merger (including, without limitation, certain third party consents) would be obtained without any adverse effect on Essex, BRE or the merger in any way meaningful to its analysis. The issuance of UBS opinion was approved by an authorized committee of UBS.

In connection with rendering its opinion to the Essex Board, UBS performed a variety of financial and comparative analyses which are summarized below. The following summary is not a complete description of all analyses performed and factors considered by UBS in connection with its opinion. The preparation of a financial opinion is a complex process involving subjective judgments and is not necessarily susceptible to partial analysis or summary description. With respect to the selected public companies analysis and the selected transactions analysis summarized below, no company or transaction used as a comparison was identical to Essex, BRE or the merger. These analyses necessarily involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading or acquisition values of the companies concerned.

UBS believes that its analyses and the summary below must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying UBS' analyses and opinion. UBS did not draw, in isolation, conclusions from or with

regard to any one factor or method of analysis for purposes of its opinion, but rather arrived at its ultimate opinion based on the results of all analyses undertaken by it and assessed as a whole.

The estimates of the future performance of Essex and BRE provided by Essex management in or underlying UBS analyses are not necessarily indicative of future results or values, which may be significantly more or less favorable than those estimates. In performing these analyses, UBS considered industry performance, general business and economic conditions and other matters, many of which were beyond Essex's and BRE's control. Estimates of the financial value of companies do not purport to be appraisals or necessarily reflect the prices at which businesses or securities actually may be sold or acquired.

The consideration was determined through negotiation between Essex and BRE and the decision by Essex to enter into the transaction was solely that of the Essex Board. UBS's opinion and financial analyses were only one of many factors considered by the Essex Board in its evaluation of the merger and should not be viewed as determinative of the views of the Essex Board or management with respect to the merger or the consideration to be paid in the merger.

The following is a brief summary of the material financial analyses performed by UBS and reviewed with the Essex Board on December 18, 2013 in connection with its opinion. **The financial analyses summarized below include information presented in tabular format. In order for UBS's financial analyses to be fully understood, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of UBS's financial analyses.**

Selected Public Companies Analysis. UBS reviewed financial information of BRE and Essex and publicly available financial and stock market information of the following eight publicly traded multifamily REITs which, based on its professional judgment and expertise, UBS deemed to be relevant to its analysis:

Apartment Investment and Management Company

AvalonBay Communities, Inc.

Camden Property Trust

Equity Residential

Home Properties, Inc.

Mid-America Apartment Communities Inc.

Post Properties, Inc.

UDR, Inc.

UBS reviewed, among other things:

enterprise values of the selected REITs, calculated as equity market value plus debt at book value (including the pro rata share of any joint venture debt), preferred stock at liquidation value and minority interests at book value, less cash and cash equivalents, as a multiple of calendar year 2014 estimated earnings before interest, taxes, depreciation and amortization, which we refer to as EBITDA. Estimated EBITDA for the selected public companies represented I/B/E/S consensus estimates as of December 17, 2013, including the pro rata share of any joint venture EBITDA. I/B/E/S is a database owned and operated by Thomson Financial, which contains estimated earnings, cash flows, dividends and other data based on published reports by equity research analysts for companies in the U.S. and foreign markets.

UBS also reviewed equity stock prices of the selected REITs as of December 17, 2013, as a multiple of calendar year 2014 estimated funds from operations per share, which we refer to as FFO per share, and calendar year 2015 estimated FFO per share. Estimated FFO per share for the selected companies represented I/B/E/S consensus estimates as of December 17, 2013.

Table of Contents**Index to Financial Statements**

UBS then compared these multiples for the selected REITs with corresponding data and multiples of Essex and BRE, based on both research analysts' consensus estimates and estimates for both companies prepared by Essex management. In the case of BRE, UBS reviewed multiples based on both (1) the unaffected share price of BRE as of December 2, 2013, prior to Essex's submission of a written, non-binding indication of interest and market speculation regarding a potential transaction between Essex and BRE, and (2) the implied per share consideration in the merger of \$55.56, utilizing the 0.2971x exchange ratio and the closing price of Essex common stock on December 17, 2013. Financial data of the selected REITs were based on publicly available research analysts' estimates, public filings and other publicly available information. This foregoing analysis indicated the following implied high, mean, median and low multiples for the selected REITs, as compared to corresponding multiples for Essex and BRE:

	EV / 2014E EBITDA	Price / FFO per Share

Selected Real Estate Asset Transactions. UBS reviewed financial data relating to the following real estate portfolio transactions with a value of over \$100 million that closed after June 30, 2011 that included properties located on the West coast:

Date Closed	Buyer Name	Seller Name	Property Count
9/30/2013	Greystar Real Estate Partners / Goldman Sachs / PSP Investments	Ivanhoe Cambridge	5

9/20/2011	Essex	Tishman Speyer / Lehman Brothers Holdings Inc. / Bank of America	2

Table of Contents**Index to Financial Statements**

In addition, UBS also reviewed financial data for six additional West coast single-asset transactions completed in 2013. For each portfolio and single-asset transaction, UBS reviewed the cap rate, which is calculated as net operating income of the assets sold as a percentage of the purchase price in the transaction. Financial data regarding the real estate portfolio transactions, including the cap rate, was obtained from Real Capital Analytics, a commercial real estate database, and financial data regarding the single asset transactions, including the cap rate, was provided to UBS by Essex management. The results of the foregoing analysis indicated the following high, mean, median and low implied cap rates for the selected real estate transactions:

	Cap Rate
High	5.2%
Mean	4.5%
Median	4.6%
Low	4.0%

Selected Precedent Transactions Analysis. UBS reviewed publicly available information relating to the following seven selected transactions involving publicly traded multifamily REITs:

Announcement

Date	Acquiror	Target
6/3/2013	Mid-America Apartment Communities, Inc.	Colonial Properties Trust Inc.
5/29/2007	Tishman Speyer Real Estate Venture VIII, L.P. / Lehman Brothers Holdings Inc.	Archstone-Smith Trust

10/22/2004	Colonial Properties Trust Inc.	Cornerstone Realty Income Trust
10/4/2004	Camden Property Trust	Summit Properties Inc.

UBS reviewed, among other things, purchase price per share of the selected transactions, as multiples of, to the extent publicly available, one-year forward estimated FFO per share and two-year forward estimated FFO per share. UBS then compared these multiples derived for the selected transactions with corresponding multiples implied for BRE (based upon the implied per share consideration in the merger of \$55.56, utilizing the 0.2971x exchange ratio and the closing price of Essex common stock on December 17, 2013). Financial data of the selected transactions were based on public filings, research analysts' consensus estimates and other publicly available information. This analysis indicated the following implied high, mean, median and low multiples for the selected transactions, as compared to corresponding multiples implied for BRE (calculated separately on the basis of both research analysts' consensus estimates and on BRE estimates provided by Essex management):

	Price /

Net Asset Value Analyses. UBS conducted an analysis of the net asset value of each of BRE and Essex as a standalone company and the net asset value of the pro forma combined company, in each case utilizing publicly available information and financial estimates provided by Essex management.

Table of Contents**Index to Financial Statements**

BRE. UBS derived the net asset value per share of BRE based on the estimated next twelve months net operating income of BRE (including the pro rata share of any joint venture net operating income), adjusted for the estimated increase in property tax expense that would be incurred in the event of a reassessment of property values as a result of Article 13A of the Constitution of the State of California (Prop 13), as provided to UBS by Essex management, and cap rates ranging from 4.70% to 5.00%. UBS selected the range of cap rates based on its professional judgment and expertise utilizing, among other things, information from research analysts estimates and the selected transactions described above in the selected real estate transactions analyses and the selected precedent transactions analyses. UBS also relied on publicly available information regarding BRE, including balance sheet data at September 30, 2013, and other financial estimates and forecasts prepared by Essex management, taking into account estimated value of construction in progress, land and other tangible non-real estate assets less estimated value of indebtedness and other tangible liabilities. This analysis resulted in a range of implied values of \$56.08 to \$60.70 per outstanding share of BRE common stock, as compared to the implied per share consideration in the merger of \$55.56, utilizing the 0.2971x exchange ratio and the closing price of Essex common stock on December 17, 2013.

Essex. UBS derived the net asset value per share of Essex based on the estimated next twelve months net operating income of Essex (including the pro rata share of any joint venture net operating income), adjusted for the estimated increase in property tax expense that would be incurred in the event of a reassessment of property values as a result of Prop 13, as provided to UBS by Essex management, and cap rates ranging from 4.70% to 5.00%. UBS selected the range of cap rates based on its professional judgment and expertise utilizing, among other things, information from research analysts estimates and the selected transactions described above in the selected real estate transactions analyses and the selected precedent transactions analyses. UBS also relied on publicly available information regarding Essex, including balance sheet data at September 30, 2013, and other financial estimates and forecasts prepared by Essex management, taking into account estimated value of construction in progress, land and other tangible non-real estate assets less estimated value of indebtedness and other tangible liabilities. This analysis resulted in a range of implied values of \$142.64 to \$155.78 per outstanding share of Essex common stock.

Pro Forma Combined Company. UBS derived the net asset value of the pro forma combined company by adding together the net asset value of each of BRE and Essex calculated by UBS, and assuming cap rates ranging from 4.70% to 5.00%. UBS selected the range of cap rates based on its professional judgment and expertise utilizing, among other things, information from research analysts estimates and the selected transactions described above in the selected real estate transactions analyses and the selected precedent transactions analyses. The resulting amount was adjusted to reflect transaction adjustments, including \$1,062 million of incremental debt and operating synergies as provided by Essex management and assuming a portion of the consideration is funded by a \$1 billion joint venture which is NAV neutral, and divided by the estimated pro forma diluted shares outstanding, after taking into account the shares to be issued to BRE stockholders in the merger. This analysis resulted in a range of implied values of \$146.28 to \$160.53 per outstanding share of the pro forma combined company.

Discounted Cash Flow Analyses. For each of the discounted cash flow analyses described below, UBS utilized financial forecasts and estimates relating to BRE, Essex and the pro forma combined company prepared by Essex management.

BRE. UBS calculated a range of implied present values (as of December 31, 2013) of the standalone unlevered free cash flows that BRE was forecasted to generate from calendar year 2014 through calendar year 2018 and of terminal values for BRE. Implied terminal values were derived by applying to BRE's estimated forward EBITDA a range of forward EBITDA multiples of 19.0x to 21.0x. UBS selected the range of forward EBITDA multiples based on its professional judgment and expertise utilizing, among other things, information regarding the selected companies listed

above in the selected publicly traded companies analyses and the historical EBITDA multiples for such companies as well as Essex and BRE. Present values of cash flows and terminal values were calculated using discount rates ranging from 7.5% to 8.5%, based on

Table of Contents

Index to Financial Statements

an estimated range of BRE's weighted average cost of capital. The discounted cash flow analysis resulted in a range of implied present values of \$53.74 to \$64.04 per outstanding share of BRE common stock.

Essex. UBS calculated a range of implied present values (as of December 31, 2013) of the standalone unlevered free cash flows that Essex was forecasted to generate from calendar year 2014 through calendar year 2018 and of terminal values for Essex. Implied terminal values were derived by applying to Essex's estimated forward EBITDA a range of forward EBITDA multiples of 19.0x to 21.0x. UBS selected the range of forward EBITDA multiples based on its professional judgment and expertise utilizing, among other things, information regarding the selected companies listed above in the selected publicly traded companies analyses and the historical EBITDA multiples for such companies as well as Essex and BRE. Present values of cash flows and terminal values were calculated using discount rates ranging from 7.5% to 8.5%, based on an estimated range of Essex's weighted average cost of capital. The discounted cash flow analysis resulted in a range of implied present values of \$139.43 to \$168.64 per outstanding share of Essex common stock.

Pro Forma Combined Company. UBS calculated a range of implied present values (as of December 31, 2013) of the unlevered free cash flows that the pro forma combined company was forecasted to generate from calendar year 2014 to calendar year 2018 and of terminal values for the pro forma combined company. Implied terminal values were derived by applying to the pro forma combined company's estimated forward EBITDA a range of forward EBITDA multiples of 19.0x to 21.0x. UBS selected the range of forward EBITDA multiples based on its professional judgment and expertise utilizing, among other things, information regarding the selected companies listed above in the selected publicly traded companies analyses and the historical EBITDA multiples for such companies as well as Essex and BRE. Present values of cash flows and terminal values were calculated using discount rates ranging from 7.25% to 8.25%, based on an estimated range of the pro forma combined company's weighted average cost of capital. The discounted cash flow analysis resulted in a range of implied present values of \$140.89 to \$171.56 per outstanding share of the pro forma combined company.

Pro Forma Accretion/Dilution Analysis. UBS reviewed the potential pro forma effect of the merger on Essex's calendar years 2014 through 2016 estimated per share FFO. Estimated financial data for Essex, BRE and the combined company were based on financial forecasts and estimates prepared by Essex management. Based on an assumed merger consideration allocation of 77.8% stock and 22.2% cash, this analysis indicated that the merger could be between approximately 0.9% to 1.1% accretive to holders of Essex common stock. Actual results may vary from projected results and the variations may be material.

Other Factors.

In rendering its opinion, UBS also reviewed, for informational purposes, certain other factors, including comparisons of:

the historical closing prices of BRE common stock and Essex common stock over the three-year period ending December 17, 2013 to those of Multifamily Index (comprised of the multifamily REITs described in the selected public companies analysis) and the MSCI US REIT Index (RMZ) over the same period; and

the exchange ratio to the trading ratios of BRE common stock to Essex common stock over the ten-year period ending December 17, 2013, adjusted for the cash portion of the consideration.

Miscellaneous

Under the terms of UBS engagement, Essex agreed to pay UBS a fee for its financial advisory services in connection with the merger, a portion of which was payable in connection with the delivery of UBS opinion and the remainder of which is contingent upon consummation of the merger. In addition, Essex agreed to reimburse UBS for its reasonable expenses, including fees, disbursements and other charges of counsel, and to indemnify

Table of Contents**Index to Financial Statements**

UBS and related parties against liabilities, including liabilities under federal securities laws, relating to, or arising out of, its engagement. Essex also requested that UBS provide financing to Essex in connection with the merger and UBS will receive compensation in connection therewith. In the past, UBS and its affiliates have provided investment banking services to Essex and BRE unrelated to the merger, for which UBS and its affiliates have received compensation, including having acted as a joint book-running manager in BRE's offering of \$300 million 3.375% Senior Notes due 2023 completed in 2012. In addition, UBS or an affiliate is a participant in a credit facility of BRE for which it has received and continues to receive fees and interest payments. In the ordinary course of business, UBS and its affiliates may hold or trade, for their own accounts and the accounts of their customers, securities of Essex and BRE and, accordingly, may at any time hold a long or short position in such securities.

Essex selected UBS as its financial advisor in connection with the merger because UBS is an internationally recognized investment banking firm with substantial experience in similar transactions. UBS is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, leveraged buyouts, negotiated underwritings, competitive bids, secondary distributions of listed and unlisted securities and private placements.

Opinion of BRE's Financial Advisor

BRE retained Wells Fargo Securities to act as BRE's financial advisor in connection with the potential merger. As part of Wells Fargo Securities' engagement, the BRE Board requested that Wells Fargo Securities evaluate the fairness, from a financial point of view, of the consideration to be received pursuant to the merger agreement by holders of BRE common stock (other than Essex, Merger Sub and their respective affiliates). On December 18, 2013, at a meeting of the BRE Board held to evaluate the merger, Wells Fargo Securities rendered to the BRE Board an oral opinion, confirmed by delivery of a written opinion dated December 18, 2013, to the effect that, as of such date and based on and subject to various qualifications, limitations and assumptions stated in its opinion, the merger consideration to be received pursuant to the merger agreement by holders of BRE common stock (other than Essex, Merger Sub and their respective affiliates) was fair, from a financial point of view, to such holders.

The full text of Wells Fargo Securities' written opinion, dated December 18, 2013, to the BRE Board is attached as Annex E to this joint proxy statement/prospectus and is incorporated by reference. The written opinion sets forth, among other things, the assumptions made, procedures followed, factors considered and limitations on the review undertaken by Wells Fargo Securities in rendering its opinion. The following summary is qualified in its entirety by reference to the full text of the opinion. The opinion was addressed to the BRE Board (in its capacity as such) for its information and use in connection with its evaluation of the merger consideration from a financial point of view and did not address any other terms, aspects or implications of the merger or any related transactions. Wells Fargo Securities' opinion did not address the merits of the underlying decision by BRE to enter into the merger agreement or the relative merits of the merger or any related transactions compared with other business strategies or transactions available or that have been or might be considered by BRE's management or the BRE Board or in which BRE might engage. Under the terms of its engagement, Wells Fargo Securities has acted as an independent contractor, not as an agent or fiduciary. Wells Fargo Securities' opinion does not constitute a recommendation to the BRE Board or any other person or entity in respect of the merger or any related transactions, including as to how any stockholder should vote or act in connection with the merger, any related transactions or any other matters.

The terms of the merger and related transactions were determined through negotiations between BRE and Essex, rather than by any financial advisor, and the decision to enter into the merger agreement was solely that of the BRE

Board. Wells Fargo Securities did not recommend any specific form of consideration to the BRE Board or that any specific form of consideration constituted the only appropriate consideration for the merger. The opinion was only one of many factors considered by the BRE Board in its evaluation of the merger and should not be viewed as determinative of the views of the BRE Board, management or any other party with respect to the merger or the consideration payable in the merger.

Wells Fargo Securities relied, at the direction of the BRE Board, upon the assessments of the managements of BRE and Essex as to (i) the potential impact on BRE and Essex of certain trends and recent developments in, and prospects for, the commercial real estate market and related credit and financial markets and (ii) the ability to integrate the businesses of BRE and Essex. Wells Fargo Securities assumed, with the consent of the BRE Board, that there would be no developments with respect to any such matters that would have an adverse effect on BRE, Essex or the merger (including the contemplated benefits thereof) or that would otherwise be meaningful in any respect to its analyses or opinion. Wells Fargo Securities also assumed, with the consent of the BRE Board, that there would not be any adjustments to the merger consideration that would be meaningful in any respect to its analyses or opinion.

In arriving at its opinion, Wells Fargo Securities did not conduct physical inspections of the properties or assets of BRE, Essex or any other entity and it did not make, and was not provided with, any evaluations or appraisals of the properties, assets or liabilities (contingent or otherwise) of BRE, Essex or any other entity. Wells Fargo Securities also did not evaluate the solvency or fair value of BRE, Essex or any other entity under any state, federal or other laws relating to bankruptcy, insolvency or similar matters.

In rendering its opinion, Wells Fargo Securities assumed, at the direction of the BRE Board, that the final form of the merger agreement, when signed by the parties thereto, would not differ from the execution version of the merger agreement reviewed by Wells Fargo Securities in any respect meaningful to its analyses or opinion, that the merger and related transactions would be consummated in accordance with the terms described in the merger agreement and in compliance with all applicable laws and other requirements without amendment or waiver of any material terms or conditions and that, in the course of obtaining any necessary legal, regulatory or third party consents, approvals or agreements for the merger and related transactions, no delay, limitation or restriction would be imposed or action would be taken that would have an adverse effect on BRE, Essex, the merger or related transactions. Wells Fargo Securities also assumed, at the direction of the BRE Board, that the merger would qualify for federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Code. Wells Fargo Securities was advised that each of BRE and Essex has operated in conformity with the requirements for qualification as a REIT for U.S. federal income tax purposes since its formation as a REIT and further assumed, at the direction of the BRE Board, that the merger and related transactions would not adversely affect such status or operations.

Wells Fargo Securities did not express any opinion as to what the value of Essex common stock actually would be when issued pursuant to the merger or the prices at which BRE common stock or Essex common stock would trade at any time. Wells Fargo Securities' opinion was necessarily based on economic, market, financial and other conditions existing, and information made available to Wells Fargo Securities, as of the date of its opinion. Wells Fargo Securities noted for the BRE Board that the credit, financial and stock markets have experienced significant volatility and Wells Fargo Securities expressed no opinion or view as to any potential effects of such volatility on BRE, Essex, the merger or related transactions. Although subsequent developments may affect the matters set forth in its opinion, Wells Fargo Securities does not have any obligation to update, revise, reaffirm or withdraw Wells Fargo Securities' opinion or otherwise comment on or consider any such events occurring or coming to its attention after the date of its opinion.

Wells Fargo Securities' opinion only addressed the fairness, from a financial point of view and as of the date of its opinion, of the merger consideration to be received by holders of BRE common stock (other than Essex, Merger Sub and their respective affiliates) pursuant to the merger agreement to the extent expressly specified in its opinion, and did not address any other terms, aspects or implications of the merger or any related transactions, including, without limitation, the form or structure of the merger consideration or the merger, any adjustments to the merger consideration, any asset sale, transfer or other disposition by BRE prior to consummation of the merger or any voting

agreement or other agreement, arrangement or understanding entered into in connection with or contemplated by the merger, any related transactions or otherwise. In addition, Wells Fargo Securities' opinion did not address the fairness of the amount or nature of, or any other aspects relating to, any compensation to be received by any officers, directors or employees of any parties to the merger or related

transactions, or class of such persons, relative to the merger consideration or otherwise. Wells Fargo Securities did not express any view or opinion with respect to, and with the consent of the BRE Board relied upon the assessments of BRE's representatives regarding, accounting, tax, regulatory, legal or similar matters as to which Wells Fargo Securities understood that BRE obtained such advice as it deemed necessary from qualified professionals. Except as described in this summary, BRE imposed no other instructions or limitations on Wells Fargo Securities with respect to the investigations made or procedures followed by Wells Fargo Securities in rendering its opinion.

In connection with rendering its opinion, Wells Fargo Securities performed certain financial, comparative and other analyses as summarized below. This summary is not a complete description of the financial analyses performed and factors considered in connection with such opinion. In arriving at its opinion, Wells Fargo Securities did not ascribe a specific value to BRE common stock but rather made its determinations as to the fairness, from a financial point of view, of the merger consideration on the basis of various financial and comparative analyses taken as a whole. The preparation of a financial opinion is a complex process and involves various determinations as to the most appropriate and relevant methods of financial and comparative analyses and the application of those methods to the particular circumstances. Therefore, a financial opinion is not readily susceptible to summary description.

In arriving at its opinion, Wells Fargo Securities did not attribute any particular weight to any single analysis or factor considered but rather made qualitative judgments as to the significance and relevance of each analysis and factor relative to all other analyses and factors performed and considered and in the context of the circumstances of this particular transaction. Accordingly, the analyses must be considered as a whole, as considering any portion of such analyses and factors, without considering all analyses and factors as a whole, could create a misleading or incomplete view of the process underlying such opinion. The fact that any specific analysis has been referred to in the summary below is not meant to indicate that such analysis was given greater weight than any other analysis referred to in the summary. No company or transaction is identical to BRE or the merger and an evaluation of Wells Fargo Securities analyses is not entirely mathematical; rather, such analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the public trading or other values of the companies reviewed.

In performing its analyses, Wells Fargo Securities considered industry performance, general business and economic conditions and other matters existing as of the date of its opinion, many of which are beyond the control of BRE or any other parties to the merger. None of BRE, Wells Fargo Securities or any other person assumes responsibility if future results are different from those discussed whether or not any such difference is material. Any estimates contained in these analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than as set forth below. In addition, analyses relating to the value of properties, businesses or securities do not purport to be appraisals or necessarily reflect the prices at which properties, businesses or securities may actually be sold or acquired. Accordingly, the assumptions and estimates used in, and the results derived from, the following analyses are inherently subject to substantial uncertainty.

The following is a summary of the material financial analyses provided on December 18, 2013 to the BRE Board by Wells Fargo Securities in connection with its opinion. **Certain financial analyses summarized below include information presented in tabular format. In order to fully understand the financial analyses, the tables must be read together with the text of each summary, as the tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of such financial analyses.** For purposes of Wells Fargo Securities' analyses

described below, the term implied per share merger consideration refers to \$55.56 per share in respect of each outstanding share of BRE common stock calculated as (i) the cash consideration of \$12.33 per share and (ii) the implied value of the stock consideration based on the 0.2971 exchange ratio and closing price of Essex common stock of \$145.51 per share on December 17, 2013.

Net Asset Value Analysis. Wells Fargo Securities performed a net asset value analysis of BRE as of September 30, 2013 based on BRE's balance sheet as of that date. Wells Fargo Securities calculated the estimated net asset value of BRE's income-producing properties on an asset-by-asset basis by applying to the calendar year 2014 estimated cash net operating income of such properties, assuming no potential impact of Proposition 13 on such income, blended implied nominal capitalization rates ranging from 5.14% to 5.47% depending on, among other factors, asset quality, location, current occupancy levels and supply/demand dynamics and, in the case of BRE's redevelopment and lease-up projects, taking into account remaining redevelopment funding, execution risks and/or timing. An estimated net asset value range for BRE's in-process development pipeline was derived based on a discounted cash flow analysis of project-level cash flows and stabilized yield estimates per BRE's management. An estimated net asset value range for BRE's future development pipeline was assumed to be equal to the amount of capital expenditures for such development pipeline as of September 30, 2013. The net asset value analysis also took into account, based on internal estimates of, and other information and data provided by, BRE's management, (i) BRE's outstanding preferred stock at its liquidation preference, (ii) BRE's cash and liabilities as reflected on its balance sheet as of September 30, 2013, including BRE's indebtedness, which was marked to market utilizing estimated market rates for similar types of indebtedness and, in the case of BRE's line of credit, was assumed to be reduced by the net proceeds from BRE's recent sale of its Mission Grove properties, and (iii) the estimated value of BRE's other assets. An implied per share equity value reference range for BRE was then calculated based on BRE's implied net asset value derived from such analysis divided by the number of fully diluted shares of BRE common stock per BRE's management. This analysis indicated the following approximate implied per share equity value reference range for BRE common stock, as compared to the implied per share merger consideration:

Implied Per Share	Implied Per Share

This information also was provided to Essex's financial advisor to the extent noted below. Certain portions of the information were also made available to the BRE Board and management as well as to BRE's financial advisor. The inclusion of this information should not be regarded as an indication that any of Essex, BRE, their respective advisors or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual future results.

The unaudited prospective financial information was, in general, prepared solely for internal use and is subjective in many respects. As a result, there can be no assurance that the prospective results will be realized or that the actual results will not be significantly higher or lower than estimated. Since the unaudited prospective financial results cover multiple years, such information by its nature becomes less predictive with each successive year. Essex stockholders and BRE stockholders are urged to review the SEC filings of Essex for a description of the risk factors with respect to the business of Essex. See *Cautionary Statement Concerning Forward-Looking Statements* beginning on page 45 and *Where You Can Find More Information* beginning on page 199. The unaudited prospective financial results were not prepared with a view toward public disclosure, nor were they prepared with a view toward compliance with GAAP, published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information.

Neither the independent registered public accounting firm of Essex, nor any other independent accountants, have compiled, examined or performed any audit or other procedures with respect to the unaudited prospective financial results contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability. The report of the independent registered public accounting firm of Essex contained in Essex's Annual Report on Form 10-K for the year ended December 31, 2012, which is incorporated by reference into this joint proxy statement/prospectus, relates to the historical consolidated financial statements of Essex. It does not extend to the unaudited prospective financial results and should not be read to do so. Furthermore, the unaudited prospective financial results do not take into account any circumstances or events occurring after the respective dates on which

they were prepared.

These unaudited prospective financial results were provided to UBS and used by UBS in connection with the preparation of its financial analyses described above under "The Merger" Opinion of Essex's Financial Advisor.

Table of Contents**Index to Financial Statements**

The following table presents selected unaudited prospective financial information for the fiscal years ending 2013 through 2018 for Essex that was prepared on a standalone basis:

	Year Ending December 31,					
	2013	2014	2015	2016	2017	2018
	(\$ in millions)					
Net Operating Income (NOI)	\$ 430.4	\$ 473.0	\$ 523.5	\$ 553.6	\$ 577.4	\$ 602.1
Earnings Before Interest Taxes Depreciation and Amortization (EBITDA)	\$ 410.8	\$ 451.7	\$ 501.3	\$ 530.7	\$ 553.6	\$ 577.5
Core FFO	\$ 299.7	\$ 332.0	\$ 370.7	\$ 395.2	\$ 422.0	\$ 453.6

For purposes of the unaudited prospective financial information presented herein, NOI is a non-GAAP financial performance measure that represents revenue less operating expenses, including property taxes. For purposes of the unaudited prospective financial information presented herein, EBITDA is calculated as net income before interest expense, income taxes, depreciation and amortization. In calculating funds from operations, which we refer to as FFO, Essex follows the definition for this measure published by NAREIT. FFO is defined by NAREIT as net income or loss (computed in accordance with GAAP) excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated real estate assets and depreciation and amortization of real estate assets. Core FFO excludes merger and acquisition costs and items that are not related to Essex's core business activities.

BRE and Essex calculate certain non-GAAP financial metrics including EBITDA, NOI and Core FFO using different methodologies. Consequently, the financial metrics presented in each company's prospective financial information disclosures and in the sections of this joint proxy statement/prospectus with respect to the opinions of the financial advisors to Essex and BRE may not be directly comparable to one another.

In preparing the foregoing unaudited prospective financial results, Essex made a number of assumptions and estimates regarding, among other things, future interest rates, Essex's future stock price, the level of future investments by Essex and the yield to be achieved on such investments, financing of future investments, including leverage ratios, future property sales by Essex, future mortgage and receivable loan payoffs to Essex, the ability to refinance certain of Essex's outstanding secured and unsecured debt and the terms of any such refinancing, and future capital expenditures and dividend rates. Essex management believes these assumptions and estimates were reasonably prepared, but these assumptions and estimates may not be realized and are inherently subject to significant business, economic, competitive and regulatory uncertainties and contingencies, including, among others, the risks and uncertainties described under Risk Factors and Cautionary Statement Concerning Forward-Looking Statements beginning on pages 35 and 45, respectively, and in Essex's Annual Report on Form 10-K for the year ended December 31, 2012, and subsequent quarterly reports on Form 10-Q, which are incorporated by reference into this joint proxy statement/prospectus. All of these uncertainties and contingencies are difficult to predict and many are beyond the control of Essex and/or BRE and will be beyond the control of the Combined Company.

Readers of this joint proxy statement/prospectus are cautioned not to place undue reliance on the unaudited prospective financial results set forth above. The inclusion of the above unaudited prospective financial results in this joint proxy statement/prospectus should not be regarded as an indication that Essex, BRE, or their respective officers, directors, affiliates, advisors or other representatives consider such information to be necessarily predictive of actual future events. There can be no assurance that projected results or underlying assumptions will be realized, and actual results likely will differ, and may differ materially, from those reflected in the unaudited prospective financial results,

whether or not the merger is completed. In addition, the above unaudited prospective financial results do not give effect to the merger. None of Essex, BRE, or their respective officers, directors, affiliates, advisors or other representatives has made any representations regarding the ultimate performance of Essex compared to the information included in the above unaudited prospective financial results.

ESSEX DOES NOT INTEND TO UPDATE OR OTHERWISE REVISE THE ABOVE UNAUDITED PROSPECTIVE FINANCIAL RESULTS TO REFLECT CIRCUMSTANCES EXISTING AFTER THE DATE WHEN MADE OR TO REFLECT THE OCCURRENCE OF FUTURE EVENTS, EVEN IN THE EVENT THAT ANY OR ALL OF THE ASSUMPTIONS UNDERLYING SUCH UNAUDITED PROSPECTIVE FINANCIAL RESULTS ARE NO LONGER APPROPRIATE, EXCEPT AS MAY BE REQUIRED BY APPLICABLE LAW.

Certain BRE Unaudited Prospective Financial Information

BRE does not as a matter of course make public long-term projections as to future revenues, earnings or other results due to, among other reasons, the uncertainty of the underlying assumptions and estimates. However, BRE is including these projections that were made available to the BRE Board and management in connection with the evaluation of the merger. This information also was provided to BRE's financial advisor to the extent noted below. Certain portions of the information were also made available to the Essex Board and management as well as to Essex's financial advisor. The inclusion of this information should not be regarded as an indication that any of BRE, Essex, their respective advisors or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual future results.

The unaudited prospective financial information was, in general, prepared solely for internal use and is subjective in many respects. As a result, there can be no assurance that the prospective results will be realized or that actual results will not be significantly higher or lower than estimated. Since the unaudited prospective financial information covers multiple years, such information by its nature becomes less predictive with each successive year. BRE stockholders and Essex stockholders are urged to review the SEC filings of BRE for a description of risk factors with respect to the business of BRE. See "Cautionary Statement Concerning Forward-Looking Statements" beginning on page 45 and "Where You Can Find More Information" beginning on page 199. The unaudited prospective financial information was not prepared with a view toward public disclosure, nor was it prepared with a view toward compliance with GAAP, published guidelines of the SEC or the published guidelines established by the American Institute of Certificate Public Accountants for preparation and presentation of prospective financial information. In addition, the unaudited prospective financial information requires significant estimates and assumptions.

Neither the independent registered public accounting firm of BRE nor any other independent accountants have compiled, examined, or performed any audit or other procedures with respect to the unaudited prospective financial information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability. The report of the independent registered public accounting firm of BRE contained in BRE's Annual Report on Form 10-K for the year ended December 31, 2012, which is incorporated by reference into this joint proxy statement/prospectus, relates to the consolidated historical financial statements of BRE and it does not extend to the unaudited prospective financial information and should not be read to do so. Furthermore, the unaudited prospective financial information does not take into account any circumstances or events occurring after the respective dates on which they were prepared.

In preparing the unaudited prospective financial results, BRE's management assumed external growth and debt recapitalization plans. The external growth and debt recapitalization assumptions include assumptions about BRE's access to debt and equity capital markets and the future issuance of senior unsecured debt and BRE common stock. The issuance of BRE common stock is dilutive to BRE's unaudited prospective financial results

on a per share basis. These unaudited prospective financial information was provided to Wells Fargo Securities for use in connection with its financial analyses described above in the section entitled "The Merger" Opinion of BRE's Financial Advisor. The following table presents selected unaudited prospective financial information for the fiscal years ending 2013 through 2016:

	2013	2014	2015	2016
	(\$ in millions)			
Revenue	\$ 403.6	\$ 426.7	\$ 461.8	\$ 478.6
Funds From Operations (FFO)	\$ 195.2	\$ 200.7	\$ 219.5	\$ 233.5
Adjusted Funds from Operations (AFFO)	\$ 166.7	\$ 175.3	\$ 193.1	\$ 206.1

FFO and AFFO are non-GAAP measures that BRE believes are important to understanding BRE's operations. BRE believes FFO is an important supplemental measure of operating performance because it excludes the effects of depreciation and amortization (which is based on historical costs and which may be of limited relevance in evaluating current performance). BRE believes AFFO is an important supplemental measure of operating performance because, it is a measure of residual cash flow available for stockholders and a measure that can be analyzed in conjunction with BRE's ability to pay dividends. AFFO is calculated by reducing FFO for recurring capital expenditures. BRE believes that net income is the most directly comparable GAAP measure to FFO and AFFO.

In preparing the foregoing unaudited prospective financial results, BRE made a number of assumptions and estimates regarding, among other things, future interest rates, BRE's future stock price, the level of future investments by BRE and the yield to be achieved on such investments, financing of future investments, including leverage ratios, future property sales by BRE, future mortgage and receivable loan payoffs to BRE, the ability to refinance certain of BRE's outstanding secured and unsecured debt and the terms of any such refinancing, and future capital expenditures and dividend rates. BRE management believes these assumptions and estimates were reasonably prepared, but these assumptions and estimates may not be realized and are inherently subject to significant business, economic, competitive and regulatory uncertainties and contingencies, including, among others, the risks and uncertainties described under "Risk Factors" and "Cautionary Statement Concerning Forward-Looking Statements" beginning on pages 35 and 45, respectively, and in BRE's Annual Report on Form 10-K for the year ended December 31, 2012, which is incorporated by reference into this joint proxy statement/prospectus. All of these uncertainties and contingencies are difficult to predict and many are beyond the control of BRE and/or Essex and will be beyond the control of the Combined Company.

Readers of this joint proxy statement/prospectus are cautioned not to place undue reliance on the unaudited prospective financial results set forth above. The inclusion of the above unaudited prospective financial results in this joint proxy statement/prospectus should not be regarded as an indication that BRE, Essex, or their respective officers, directors, affiliates, advisors or other representatives consider such information to be necessarily predictive of actual future events. There can be no assurance that the projected results or underlying assumptions will be realized, and actual results likely will differ, and may differ materially, from those reflected in the unaudited prospective financial results, whether or not the merger is completed. In addition, the above unaudited prospective financial results do not give effect to the merger. None of BRE, Essex, or their respective officers, directors, affiliates, advisors or other representatives has made any representations regarding the ultimate performance of BRE compared to the information included in the above unaudited prospective financial results.

Interests of Essex's Directors and Executive Officers in the Merger

Essex has adopted a merger bonus program for key Essex personnel pursuant to which certain Essex personnel, including senior executive officers, will be eligible to receive a cash bonus if both the merger closes and the eligible executive remains employed at the applicable payment date. Pursuant to this program, Essex is authorized to pay up to \$8,000,000 in aggregate cash bonuses. Employees at the senior vice president level or higher will receive 2/3rds of their bonus if they remain employed at the 12 month anniversary of the merger closing and the remaining 1/3rd at the 18 month anniversary of the merger closing.

The information set forth in the table below is intended to comply with Item 402(t) of Regulation S-K, which requires disclosure of information about certain compensation for each of Essex's named executive officers, that is based on or otherwise relates to the transactions contemplated under the merger agreement.

Named Executive Officers	Other (\$)(1)	Total (\$)
Michael Schall	550,000	550,000
Michael Dance	500,000	500,000
John D. Eudy	500,000	500,000
Craig K. Zimmerman	500,000	500,000
John F. Burkart	550,000	550,000

- (1) In connection with the proposed acquisition of BRE and in light of the additional management time and effort necessary to close the merger and integrate the two companies' operations, Essex has adopted a merger retention bonus program for key Essex personnel pursuant to which certain Essex personnel, including its named executive officers, Messrs. Schall, Dance, Eudy, Zimmerman and Burkart, will be eligible to receive a cash retention bonus if both the merger closes and the eligible named executive officer remains employed at the applicable payment date. A named executive officer will receive two-thirds of his bonus if he remains employed through the 12 month anniversary of the closing of the merger and the remaining one-third if he remains employed through the 18 month anniversary of the closing of the merger.

Other than as described above, none of Essex's executive officers or members of the Essex Board is party to an arrangement with Essex, or participates in any Essex plan, program or arrangement that provides such executive officer or board member with financial incentives that are contingent upon consummation of the merger.

Interests of BRE's Directors and Executive Officers in the Merger

In considering the recommendation of the BRE Board to approve the merger and the other transactions contemplated by the merger agreement, BRE stockholders should be aware that executive officers and directors of BRE have certain interests in the merger that may be different from, or in addition to, the interests of BRE stockholders generally. These interests may create potential conflicts of interest. The BRE Board was aware of those interests and considered them, among other matters, in reaching its decision to approve the merger agreement. These interests include the following:

Conversion of Outstanding Shares Pursuant to the Merger

Shares of BRE common stock owned by executive officers and directors of BRE will be converted into the right to receive the merger consideration on the same terms and conditions as the other stockholders of BRE. As

Table of Contents**Index to Financial Statements**

of February 10, 2014 the executive officers and directors of BRE beneficially owned, in the aggregate, 571,670 shares of BRE common stock, excluding shares of BRE common stock issuable upon (i) exercise of stock options to acquire shares of BRE common stock, which we refer to as BRE stock options, granted under the Amended and Restated 1999 BRE Stock Incentive Plan, which we refer to as the 1999 Plan, and the Fifth Amended and Restated Non-Employee Director Stock Option and Restricted Stock Plan, which we refer to as the Non-Employee Director Plan, and (ii) settlement of certain rights to receive additional shares of BRE common stock upon the achievement of BRE performance goals which are associated with certain BRE restricted stock awards granted under the 1999 Plan and the Non-Employee Director Plan. If all of the shares of BRE common stock beneficially owned by the executive officers and directors as of February 10, 2014 (other than shares of BRE common stock issuable with respect to BRE stock options and BRE restricted stock) were converted to shares of Essex common stock in the merger, then the executive officers and directors would receive an aggregate of \$7,048,691, representing the cash consideration portion of the merger consideration, and 169,843 shares of Essex common stock pursuant to the merger, which based on the closing price of Essex common stock on February 10, 2014 would have an aggregate value of \$28,328,114.

Treatment of BRE Stock Options

Under the merger agreement, at the effective time of the merger, each BRE stock option that is outstanding and unexercised immediately prior to the effective time of the merger, whether or not then vested or exercisable, will be assumed by Essex and converted into a stock option to acquire the number of whole shares of Essex common stock equal to the product of (i) the number of shares of BRE common stock subject to the BRE stock option and (ii) the sum of 0.2971 and the quotient obtained by dividing (x) the per share cash consideration portion of the merger consideration by (y) the volume weighted average of Essex common stock over a ten-day trading period starting with the opening of trading on the first trading day to the closing of the second to last trading day prior to the closing date of the transactions contemplated by the merger agreement, the sum of which we refer to as the Stock Award Exchange Ratio. The exercise price per share of Essex common stock subject to each such assumed option will be equal to the quotient obtained by dividing (a) the exercise price per share of BRE common stock of such BRE stock option by (b) the Stock Award Exchange Ratio. Except as described above, each such assumed stock option will continue to have, and will be subject to, the same terms and conditions as applied to the BRE stock option immediately prior to the effective time of the merger (but taking into account any changes provided for in the applicable Company Equity Plan (as defined in the merger agreement), in any award agreement, or in such BRE stock option by reason of the merger or the merger agreement).

Treatment of BRE Restricted Stock

Under the merger agreement, at the effective time of the merger, each outstanding and unvested share of BRE restricted stock (including any associated right to the issuance of additional shares of BRE common stock upon the achievement of BRE performance goals) will be assumed by Essex and will be converted into an award of Essex restricted stock for that number of shares of Essex common stock equal to product of (i) the number of shares of BRE common stock underlying the BRE restricted stock award, and (ii) the Stock Award Exchange Ratio. To the extent any such BRE restricted stock is subject to performance vesting and, following the effective time of the merger, the performance metrics applicable to such BRE restricted stock otherwise cease to be measurable on substantially similar terms as immediately prior to the effective time of the merger, then the Essex restricted stock will vest based on target performance at the time and, subject to any applicable payment conditions, prescribed by the terms in effect for such BRE restricted stock immediately prior to the effective time of the merger. Except as described above, each such assumed award of restricted stock will continue to have, and will be subject to, the same terms and conditions as applied to the BRE restricted stock immediately prior to the effective time of the merger (but taking into account any

changes provided for in the applicable Company Equity Plan or in any award agreement by reason of the merger or the merger agreement).

Directors of the Combined Company after the Merger

Under the terms of the merger agreement, BRE will designate three members of the existing BRE Board reasonably acceptable to the Essex Board to be appointed to the Combined Company board of directors as of the effective time of the merger. Under the terms of the merger agreement, each BRE designee will serve until the next annual meeting of the Combined Company stockholders (and until their successors have been duly elected and qualified) and are entitled to be nominated by the Essex Board for reelection at the next subsequent annual meeting of the Combined Company stockholders. The BRE designees will be entitled to receive fees and other compensation and participation in options, share or other benefit plans in the same manner as other non-employee directors of the Combined Company.

Indemnification and Insurance

For a period of six years after the effective time of the merger, the surviving entity will honor and fulfill the obligations of BRE under BRE's charter, bylaws, or the Indemnification Agreements (as defined below). Without limiting the foregoing, for a period of six years after the effective time of the merger, pursuant to the terms of the merger agreement and subject to certain limitations, the Combined Company will indemnify and hold harmless, among others, each officer and director of BRE, for actions at or prior to the effective time of the merger, including with respect to the transactions contemplated by the merger agreement. In addition, pursuant to the terms of the merger agreement and subject to certain limitations, prior to the effective time of the merger, BRE may purchase for a period of six years after the effective time of the merger, a tail prepaid insurance policy or policies of up to the same coverage and amounts and containing comparable terms and conditions as BRE's existing policies with respect to directors' and officers' liability insurance with respect to wrongful acts and/or omissions committed or allegedly committed at or prior to the effective time of the merger, provided that such tail insurance policy may not exceed 250% of the annual premiums paid as of the date of the merger agreement for directors' and officers' liability insurance, or the Base Premium, and further provided that if such insurance cannot be obtained, BRE may purchase the most advantageous tail insurance policy obtainable for a cost equal to the Base Premium. These interests are described in detail below at The Merger Agreement Covenants and Agreements Indemnification of Directors and Officers; Insurance.

The BRE Board was aware of the interests described in this section and considered them, among other matters, in approving the merger agreement and making its recommendation that BRE stockholders approve the merger and the other transactions contemplated by the merger agreement. See The Merger Recommendation of the BRE Board and Its Reasons for the Merger.

Employment Agreements and Severance Policy

Employment Agreements. BRE is party to the Employment Agreements with each of its NEOs. The Employment Agreements provide that, upon certain terminations of employment during the twelve-month period following a change in control, the NEOs will become entitled to receive certain severance payments and benefits, as described below.

Voluntary Termination without Good Reason. Upon an NEO's voluntary termination without good reason within twelve months following a change in control, the NEO will be entitled to receive a lump sum payment equal to the sum of: (i) the estimated annual bonus that the NEO would have earned for the year of

termination, pro-rated through the date of termination; (ii) 100% of his or her then annual base salary; plus (iii) the average of the annual bonus awarded in the prior two years. The NEO would only become entitled to receive the amounts described in the foregoing clauses (ii) and (iii) if the NEO provided ninety days' written notice of termination and assisted with the transition during that period.

Voluntary Termination with Good Reason or Termination Other than for Cause. Upon an NEO's voluntary termination with good reason or an NEO's termination by BRE other than for good cause, in either case, within twelve months following a change in control, the NEO will be entitled to receive a

Table of Contents

lump sum equal to: (i) the estimated annual bonus that the NEO would have earned for the year of termination, pro-rated through the date of termination; plus (ii) two times the sum of (a) his or her then annual base salary and (b) the average of the annual bonuses earned for the preceding two years. In addition, the performance/service share awards, restricted stock and all then-outstanding, unvested options held by the NEO will vest (at target levels with respect to performance share awards for which the performance period has not ended prior to the date of termination) in connection with such termination of employment. The foregoing payments and benefits are subject to and conditioned upon the NEO's execution and non-revocation of a release of claims against BRE and its representatives.

If any severance payments or benefits would constitute a parachute payment, and would be subject to the excise tax imposed by Section 4999 of the Code, the aggregate benefits will either be delivered in full or delivered in a lesser amount that would result in no portion of the aggregate benefits being subject to the excise tax, whichever results in the receipt by the NEO of the greatest amount of aggregate benefits on an after-tax basis.

Severance Policy. BRE also maintains a severance policy covering each NEO. Pursuant to BRE's severance policy, upon a qualifying termination of employment within twelve months following a change in control, each NEO will be entitled to receive an amount in cash equal to the cost of six months of BRE-subsidized health care coverage plus six months of BRE-paid outplacement services.

It is currently contemplated that at or following the effective time of the merger, Ms. Moore's employment will terminate. As disclosed in BRE's Current Report on Form 8-K dated April 3, 2013, Mr. Fanwick gave notice of his intent to retire from BRE on March 31, 2014.

Section 16 Matters

Pursuant to the merger agreement, prior to the effective time of the merger, BRE may take all steps as may be required or advisable to cause to be exempt under Rule 16b-3 under the Exchange Act any dispositions of shares of BRE common stock (including derivative securities with respect to such shares) that are treated as dispositions under Rule 16b-3 and result from the transactions contemplated under the merger agreement by each officer or director of BRE who is or will be subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to BRE.

Security Ownership of BRE's Directors and Executive Officers and Current Beneficial Owners

The following table sets forth information regarding the beneficial ownership of BRE common stock as of February 10, 2014 by:

each person known by BRE to be the beneficial owner of more than 5% of the outstanding shares of BRE based solely upon the amounts and percentages contained in the public filings of such persons;

each of BRE's officers and directors; and

all of BRE's officers and directors as a group.

upon the Code, Treasury regulations promulgated under the Code, which we refer to as the Treasury Regulations, judicial decisions and published administrative rulings, all as currently in effect and all of which are subject to change, possibly with retroactive effect. This discussion does not address (i) U.S. federal taxes other than income taxes, (ii) state, local or non-U.S. taxes or (iii) tax reporting requirements, in each case, as applicable to the merger. In addition, this discussion does not address U.S. federal income tax considerations applicable to holders of shares of BRE common stock that are subject to special treatment under U.S. federal income tax law, including, for example:

financial institutions;

pass-through entities (such as entities treated as partnerships for U.S. federal income tax purposes);

insurance companies;

broker-dealers;

tax-exempt organizations;

dealers in securities or currencies;

traders in securities that elect to use a mark to market method of accounting;

persons that hold shares of BRE common stock (or, following the effective time of the merger, Combined Company common stock) as part of a straddle, hedge, constructive sale, conversion transaction, or other integrated transaction for U.S. federal income tax purposes;

regulated investment companies;

real estate investment trusts;

certain U.S. expatriates;

U.S. holders whose functional currency is not the U.S. dollar; and

persons who acquired their shares of BRE common stock (or, following the effective time of the merger, Combined Company common stock) through the exercise of an employee stock option or otherwise as compensation.

For purposes of this discussion, a holder means a beneficial owner of shares of BRE common stock (or, following the effective time of the merger, of the Combined Company common stock), and a U.S. holder means a holder that is:

an individual who is a citizen or resident of the United States for U.S. federal income tax purposes;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any political subdivision thereof;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust that (A) is subject to the supervision of a court within the United States and the control of one or more U.S. persons or (B) has a valid election in place under the Treasury Regulations to be treated as a U.S. person.

For purposes of this discussion, a non-U.S. holder means a beneficial owner of shares of BRE common stock (or, following the effective time of the merger, Combined Company common stock) other than a U.S. holder.

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds shares of BRE common stock (or, following the merger, Combined Company common stock), the tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership. Any partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes that holds shares of BRE common stock (or, following the merger, the Combined Company common stock), and the partners in such partnership (as determined for U.S. federal income tax purposes), should consult their tax advisors.

In addition, holders who also own BRE preferred stock should consult their tax advisors regarding any special tax consequences of the merger to them.

This discussion of material U.S. federal income tax consequences of the merger is not binding on the IRS. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any described herein.

THE U.S. FEDERAL INCOME TAX RULES APPLICABLE TO THE MERGER AND TO REITS GENERALLY ARE HIGHLY TECHNICAL AND COMPLEX. HOLDERS OF SHARES OF BRE COMMON STOCK ARE URGED TO CONSULT THEIR TAX ADVISORS REGARDING THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE MERGER, THE OWNERSHIP OF COMMON STOCK OF THE COMBINED COMPANY, AND THE COMBINED COMPANY'S QUALIFICATION AS A REIT, INCLUDING THE APPLICABILITY AND EFFECT OF U.S. FEDERAL, STATE, LOCAL AND NON-U.S. INCOME AND OTHER TAX LAWS, AND POTENTIAL CHANGES IN APPLICABLE TAX LAWS, IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES.

Tax Opinions from Counsel Regarding the Merger

It is a condition to the completion of the merger that Latham & Watkins LLP and Goodwin Procter LLP each renders a tax opinion to its client to the effect that the merger will constitute a reorganization within the meaning of Section 368(a) of the Code. Latham & Watkins LLP and Goodwin Procter LLP counsel are providing opinions to BRE and Essex, respectively, to similar effect in connection with the filing of this Registration Statement. Such opinions will be subject to customary exceptions, assumptions and qualifications, and will be based on representations made by BRE and Essex regarding factual matters (including those contained in tax representation letters provided by BRE and Essex), and covenants undertaken by BRE and Essex. If any assumption or representation is inaccurate in any way, or any covenant is not complied with, the tax consequences of the merger could differ from those described in the tax opinions and in this discussion. These tax opinions represent the legal judgment of counsel rendering the opinion and are not binding on the IRS or the courts. No ruling from the IRS has been or will be requested in connection with the merger, and there can be no assurance that the IRS would not assert, or that a court would not sustain, a position contrary to the conclusions set forth in the tax opinions. If the condition relating to either tax opinion to be delivered at closing is waived, this joint proxy statement/prospectus will be amended and recirculated.

As noted and subject to the qualifications above, in the opinion of Latham & Watkins LLP and Goodwin Procter LLP, the merger of BRE with and into Essex will qualify as a reorganization within the meaning of Section 368(a) of the Code. Accordingly:

BRE will not recognize any gain or loss as a result of the merger.

A holder will recognize gain, to the extent of the lesser of (1) the total amount of cash received by such stockholder in the merger (other than cash received in lieu of a fractional share of Combined Company common stock); and (2) the difference between (a) the sum of the fair market value of the Combined Company common stock received in the merger plus the amount of cash received in the merger (other than cash received in lieu of a fractional share of Combined Company common stock), and (b) the stockholder's tax basis in the shares of BRE common stock surrendered in exchange therefor.

No loss will be recognized, except for loss resulting from the receipt of cash in lieu of a fractional share of Combined Company common stock.

If a holder acquired different blocks of shares of BRE common stock at different times or different prices, Treasury Regulations provide guidance on how such holder may allocate its tax basis to shares of the Combined Company common stock received in the merger. Holders that hold multiple blocks of shares of BRE common stock should consult their tax advisors regarding the proper allocation of their basis among shares of Combined Company common stock received in the merger under these Treasury Regulations.

Any gain recognized generally will be capital gain, provided that the cash consideration received does not have the effect of the distribution of a dividend within the meaning of Section 356(a)(2) of the

Table of Contents

Index to Financial Statements

Code (including through the application of Section 302 of the Code). Such capital gain will be long-term capital gain if the shares of BRE common stock exchanged were held for more than one year. Whether or not the cash consideration received by any stockholder could be considered essentially equivalent to, or having the effect of, a dividend will depend on the stockholder's particular situation. Each holder of shares of BRE common stock should consult its own tax advisor as to the applicability of these rules to them.

The aggregate tax basis of the Combined Company common stock received (including any fractional share interests deemed received and redeemed for cash as described below) by a holder will be the same as the aggregate tax basis of the shares of BRE common stock surrendered in exchange therefor, reduced by the amount of cash received in the merger (excluding cash received in lieu of a fractional share of Combined Company common stock) and increased by the amount of any gain or dividend income recognized in the merger (excluding any gain recognized as a result of any cash received in lieu of a fractional share of Combined Company common stock). Holders of shares of BRE common stock who hold multiple blocks of shares of BRE common stock should consult their tax advisors regarding the proper allocation of their basis among Combined Company common stock received.

The holding period of the Combined Company common stock received by a holder in connection with the merger will include the holding period of the shares of BRE common stock surrendered in the merger.

Cash received by a holder in lieu of a fractional share of Combined Company common stock in the merger will be treated as if such fractional share had been issued in the merger and then redeemed by the Combined Company, and such holder generally will recognize capital gain or loss with respect to such cash payment, measured by the difference, if any, between the amount of cash received and the holder's tax basis in such fractional share. Such capital gain or loss will be long-term capital gain or loss if the holder's holding period in respect of such fractional share is greater than one year. Certain non-corporate holders are generally subject to tax on long-term capital gains at reduced rates under current law. The deductibility of capital losses is subject to certain limitations.

Non-U.S. holders of shares of BRE common stock generally will not be subject to U.S. federal income tax on amounts described above (other than dividends) if (1) such non-U.S. holder has owned, actually or constructively, 5% or less of BRE's outstanding common stock during the five-year period ending on the date of the merger (or, if shorter, the period during which the non-U.S. holder held the stock) or (2) BRE is a domestically controlled qualified investment entity. A domestically controlled qualified investment entity includes a REIT in which, at all times during a specified testing period, less than 50% in value of its outstanding shares are held directly or indirectly by non-U.S. holders. Because BRE is publicly traded, it cannot be certain that it is domestically controlled. If BRE is not domestically controlled, a non-U.S. holder that owns more than 5% in value of BRE's common stock will be subject to U.S. federal income tax on that holder's gain in their BRE common stock unless (A) the Combined Company is not domestically-controlled, (B) either the Combined Company common stock is not regularly traded on an established securities market or the non-U.S. holder receives more than 5% in value of the Combined Company common stock if such common stock is regularly traded on an established securities market, and (C) the non-U.S. holder complies with certain U.S. return filing requirements, in which case only the gain attributable to fractional shares

exchanged for cash shall be subject to U.S. federal income tax. If a non-U.S. holder is subject to tax on its exchange of BRE common stock in the merger, its gain will be measured by the excess of (i) the sum of the fair market value of the Combined Company stock received in the exchange plus any cash received over (ii) the non-U.S. holder's adjusted tax basis in its BRE common stock.

If the cash consideration received by a non-U.S. holder could be considered to be essentially equivalent to, or having the effect of, a dividend, as discussed above, such dividend generally will be treated as ordinary income and will be subject to withholding tax at the rate of 30%, unless reduced or eliminated by an applicable income tax treaty.

Asset Sale and Special Distribution

For U.S. federal income tax purposes, it is intended that (a) the Asset Sale be treated as a taxable sale by BRE of the assets subject to the Asset Sale, and (b) the Special Distribution be treated as a dividend distribution to U.S. holders of shares of BRE common stock to the extent of BRE's current and accumulated earnings and profits. BRE intends to designate the Special Distribution as a capital gain dividend to the extent permitted by the Code, and that the tax consequences described below under the applicable sections under U.S. Federal Income Tax Considerations for Holders of the Combined Company Common Stock, replacing all references to Combined Company common stock with BRE common stock, will apply to U.S. holders and non U.S. holders who receive the Special Distribution.

Notwithstanding the intended U.S. federal income tax treatment described above, the proper federal income tax treatment of the Asset Sale and Special Distribution is not entirely clear. It is possible that the IRS could treat the Special Distribution as additional cash consideration in the merger. The consequences upon a recharacterization of the Special Distribution as additional merger consideration would generally be as described under Tax Opinions from Counsel Regarding the Merger treating the amount of the Special Distribution as additional cash received in the merger and not as a distribution by BRE.

Backup Withholding

Certain holders of shares of BRE common stock may be subject to backup withholding with respect to any cash received in the merger or the Special Distribution. Backup withholding generally will not apply, however, to a holder of shares of BRE common stock that furnishes a correct taxpayer identification number and certifies that it is not subject to backup withholding on IRS Form W-9, or provides a properly completed IRS Form W-8BEN, or is otherwise exempt from backup withholding and provides appropriate proof of the applicable exemption. Backup withholding is not an additional tax and any amounts withheld will be allowed as a refund or credit against the holder's U.S. federal income tax liability, if any, provided that the holder timely furnishes the required information to the IRS.

Tax Opinions from Counsel Regarding REIT Qualification of BRE and Essex

It is a condition to the obligation of Essex to complete the merger that Essex receive an opinion from Latham & Watkins LLP to the effect that, for all taxable years commencing with BRE's taxable year ended December 31, 1997 through its taxable year which ends with the merger, BRE has been organized and operated in conformity with the requirements for qualification and taxation as a REIT under the Code. The opinion of Latham & Watkins LLP will be subject to customary exceptions, assumptions and qualifications, and be based on representations made by BRE regarding factual matters (including those contained in a tax representation letter provided by BRE) relating to the organization and operation of BRE and its subsidiaries.

It is a condition to the obligation of BRE to complete the merger that BRE receive an opinion from Goodwin Procter LLP (or other counsel to Essex reasonably acceptable to BRE) to the effect that, for all taxable years commencing with Essex's taxable year ended December 31, 2009, Essex has been organized and operated in conformity with the requirements for qualification and taxation as a REIT under the Code, and its past, current, and intended future organization and operations will permit Essex (as the Combined Company) to continue to qualify for taxation as a REIT under the Code for its taxable year that includes the merger and subsequent taxable years. The opinion of Goodwin Procter LLP (or such other counsel) will be subject to customary exceptions, assumptions and qualifications, and be based on representations made by BRE and Essex regarding factual matters (including those contained in tax representation letters provided by BRE and Essex), and covenants undertaken by Essex, relating to the organization

and operation of the Combined Company and its subsidiaries.

Neither of the opinions described above will be binding on the IRS or the courts. The Combined Company intends to continue to operate in a manner to qualify as a REIT following the merger, but there is no guarantee that it will qualify or remain qualified as a REIT. Qualification and taxation as a REIT depends upon the ability

Table of Contents**Index to Financial Statements**

of the Combined Company to meet, through actual annual (or, in some cases, quarterly) operating results, requirements relating to income, asset ownership, distribution levels and diversity of share ownership, and the various REIT qualification requirements imposed under the Code. Given the complex nature of the REIT qualification requirements, the ongoing importance of factual determinations and the possibility of future changes in the circumstances of the Combined Company, there can be no assurance that the actual operating results of the Combined Company will satisfy the requirements for taxation as a REIT under the Code for any particular tax year.

Tax Liabilities and Attributes Inherited from BRE

If BRE failed to qualify as a REIT for any of its taxable years for which the applicable period for assessment had not expired, BRE would be liable for (and the Combined Company would be obligated to pay) U.S. federal income tax on its taxable income for such years at regular corporate rates, and, assuming the merger qualified as a reorganization within the meaning of Section 368(a) of the Code, the Combined Company would be subject to tax on the built-in gain on each BRE asset existing at the time of the merger if the Combined Company were to dispose of the BRE asset within a statutory period, which could extend for up to ten years following the merger. Such tax would be imposed at the highest regular corporate rate in effect at the date of the sale. Furthermore, after the merger, the asset and income tests will apply to all of the assets of the Combined Company, including the assets the Combined Company acquires from BRE, and to all of the income of the Combined Company, including the income derived from the assets the Combined Company acquires from BRE. As a result, the nature of the assets that the Combined Company acquires from BRE and the income the Combined Company derives from those assets may have an effect on the tax status of the Combined Company as a REIT.

Qualification as a REIT requires BRE to satisfy numerous requirements, some on an annual and others on a quarterly basis, as described below with respect to BRE. There are only limited judicial and administrative interpretations of these requirements, and qualification as a REIT involves the determination of various factual matters and circumstances which were not entirely within the control of BRE.

Tax Liabilities and Attributes of Essex

If Essex failed to qualify as a REIT for any of its taxable years for which the applicable period for assessment had not expired, Essex would be liable for (and the Combined Company would be obligated to pay) U.S. federal income tax on its taxable income at regular corporate rates. Furthermore, Essex (and the Combined Company) would not be able to re-elect REIT status until the fifth taxable year after the first taxable year in which such failure occurred.

Material U.S. Federal Income Tax Considerations Applicable to Holders of the Combined Company Common Stock

This section summarizes the material U.S. federal income tax consequences generally resulting from the election of Essex to be taxed as a REIT and the ownership of common stock of the Combined Company. The sections of the Code and the corresponding Treasury Regulations that relate to qualification and operation as a REIT are highly technical and complex. The following sets forth the material aspects of the sections of the Code that govern the U.S. federal income tax treatment of a REIT and the holders of certain of its common stock under current law. This summary is qualified in its entirety by the applicable Code provisions, relevant rules and regulations promulgated under the Code, and administrative and judicial interpretations of the Code and these rules and regulations.

Taxation of REITs in General

BRE and Essex have each elected to be taxed as a REIT. Essex elected to be taxed as a REIT under Sections 856 through 860 of the Code commencing with its taxable year ended December 31, 1994. Essex believes that it has been organized and operated in a manner which allows Essex and the Combined Company to qualify for taxation as a REIT under the Code commencing with the taxable year ended December 31, 1994.

Table of Contents

Index to Financial Statements

Essex currently intends to continue to be organized and operate in this manner. However, qualification and taxation as a REIT depend upon the ability of the Combined Company to meet the various qualification tests imposed under the Code, including through actual annual operating results, asset composition, distribution levels and diversity of stock ownership. Accordingly, no assurance can be given that Essex has been organized and has operated, or that the Combined Company will continue to be organized and operate, in a manner so as to qualify or remain qualified as a REIT.

Provided the Combined Company qualifies for taxation as a REIT, the Combined Company generally will be allowed to deduct dividends paid to its stockholders, and, as a result, the Combined Company generally will not be subject to U.S. federal income tax on that portion of its ordinary income and net capital gain that it currently distributes to its stockholders. The Combined Company expects to make distributions to its stockholders on a regular basis as necessary to avoid material U.S. federal income tax and to comply with the REIT requirements. See Annual Distribution Requirements below.

Notwithstanding the foregoing, even if the Combined Company qualifies for taxation as a REIT, it nonetheless may be subject to U.S. federal income tax in certain circumstances, including the following:

The Combined Company will be required to pay U.S. federal income tax on its undistributed REIT taxable income, including net capital gain;

The Combined Company may be subject to the alternative minimum tax;

The Combined Company may be subject to tax at the highest corporate rate on certain income from foreclosure property (generally, property acquired by reason of default on a lease or indebtedness held by it);

The Combined Company will be subject to a 100% U.S. federal income tax on net income from prohibited transactions (generally, certain sales or other dispositions of property, sometimes referred to as dealer property, held primarily for sale to customers in the ordinary course of business) unless the gain is realized in a taxable REIT subsidiary, or TRS, or such property has been held by the Combined Company for at least two years and certain other requirements are satisfied;

If the Combined Company fails to satisfy the 75% gross income test or the 95% gross income test (discussed below), but nonetheless maintains its qualification as a REIT pursuant to certain relief provisions, the Combined Company will be subject to a 100% U.S. federal income tax on the greater of (i) the amount by which it fails the 75% gross income test or (ii) the amount by which it fails the 95% gross income test, in either case, multiplied by a fraction intended to reflect its profitability;

If the Combined Company fails to satisfy any of the asset tests, other than a failure of the 5% or the 10% asset tests that qualifies under the De Minimis Exception, and the failure qualifies under the General

Exception, as described below under Qualification as a REIT Asset Tests, then the Combined Company will have to pay an excise tax equal to the greater of (i) \$50,000 and (ii) an amount determined by multiplying the net income generated during a specified period by the assets that caused the failure by the highest U.S. federal income tax applicable to corporations;

If the Combined Company fails to satisfy any REIT requirements other than the income test or asset test requirements, described below under Qualification as a REIT Income Tests and Qualification as a REIT Asset Tests, respectively, and the Combined Company qualifies for a reasonable cause exception, then the Combined Company will have to pay a penalty equal to \$50,000 for each such failure;

The Combined Company will be subject to a 4% nondeductible excise tax if certain distribution requirements are not satisfied;

The Combined Company may be required to pay monetary penalties to the IRS in certain circumstances, including if the Combined Company fails to meet record-keeping requirements intended to monitor its compliance with rules relating to the composition of a REIT's stockholders, as described below in Recordkeeping Requirements ;

Table of Contents**Index to Financial Statements**

If the Combined Company acquires any asset from a corporation which is or has been a C corporation in a transaction in which the basis of the asset in the Combined Company's hands is less than the fair market value of the asset, in each case determined at the time it acquired the asset, and it subsequently recognizes gain on the disposition of the asset during the ten-year period beginning on the date on which it acquired the asset, then it will be required to pay tax at the highest regular corporate tax rate on this gain to the extent of the excess of (a) the fair market value of the asset over (b) its adjusted basis in the asset, in each case determined as of the date on which it acquired the asset. The results described in this paragraph with respect to the recognition of gain assume that the C corporation will refrain from making an election to receive different treatment under applicable Treasury Regulations on its tax return for the year in which the Combined Company acquires the asset from the C corporation. Treasury Regulations exclude from the application of this built-in gains tax any gain from the sale of property acquired by a REIT in an exchange under Section 1031 (a like kind exchange) or Section 1033 (an involuntary conversion) of the Code;

The Combined Company will be required to pay a 100% tax on any redetermined rents, redetermined deductions, and excess interest. In general, redetermined rents are rents from real property that are overstated as a result of services furnished to any of its non-TRS tenants by one of its TRSs. Redetermined deductions and excess interest generally represent amounts that are deducted by a TRS for amounts paid to the Combined Company that are in excess of the amounts that would have been deducted based on arm's-length negotiations; and

Income earned by the Combined Company's TRSs or any other subsidiaries that are C corporations will be subject to tax at regular corporate rates.

No assurance can be given that the amount of any such U.S. federal income taxes will not be substantial. In addition, the Combined Company and its subsidiaries may be subject to a variety of taxes, including payroll taxes and state, local and foreign income, property and other taxes on assets and operations. The Combined Company could also be subject to tax in situations and on transactions not presently contemplated.

Qualification as a REIT

In General. The REIT provisions of the Code apply to a domestic corporation, trust, or association (i) that is managed by one or more trustees or directors, (ii) the beneficial ownership of which is evidenced by transferable shares or by transferable certificates of beneficial interest, (iii) that properly elects to be taxed as a REIT and such election has not been terminated or revoked, (iv) that is neither a financial institution nor an insurance company, (v) that uses a calendar year for U.S. federal income tax purposes, (vi) that would be taxable as a domestic corporation but for the special Code provisions applicable to REITs and (vii) that meets the additional requirements discussed below.

Ownership Tests. Commencing with the Combined Company's second REIT taxable year, (i) the beneficial ownership of the Combined Company common stock must be held by 100 or more persons during at least 335 days of a 12-month taxable year (or during a proportionate part of a taxable year of less than 12 months) for each of its taxable years and (ii) during the last half of each taxable year, no more than 50% in value of the Combined Company's shares may be owned, directly or indirectly, by or for five or fewer individuals, which we refer to as the 5/50 Test. Share ownership for purposes of the 5/50 Test is determined by applying the constructive ownership provisions of Section 544(a) of the Code, subject to certain modifications. The term "individual" for purposes of the 5/50 Test includes a private foundation, a trust providing for the payment of supplemental unemployment compensation

benefits, and a portion of a trust permanently set aside or to be used exclusively for charitable purposes. A qualified trust described in Section 401(a) of the Code and exempt from tax under Section 501(a) of the Code generally is not treated as an individual for purposes of the 5/50 Test; rather, shares held by it are treated as owned proportionately by its beneficiaries.

The Combined Company's charter restricts ownership and transfers of its shares that would violate these requirements, although these restrictions may not be effective in all circumstances to prevent a violation. In

Table of Contents**Index to Financial Statements**

addition, the Combined Company will be deemed to have satisfied the 5/50 Test for a particular taxable year if it has complied with all the requirements for ascertaining the ownership of its outstanding shares in that taxable year and has no reason to know that it has violated the 5/50 Test.

Ownership of Interests in Entities Treated as Partnerships for U.S. Federal Income Tax Purposes. A REIT that is a partner in an entity treated as a partnership for U.S. federal income tax purposes (generally including any domestic unincorporated entity that has not elected to be taxed as a corporation and is not a publicly traded partnership or a taxable mortgage pool) will be deemed to own its proportionate share of the assets of the partnership and will be deemed to earn its proportionate share of the partnership's income, based on its interest in partnership capital. In addition, the assets and gross income of the partnership retain the same character in the hands of the REIT for purposes of the gross income and asset tests applicable to REITs as described below. Thus, so long as Essex LP qualifies as a partnership for U.S. federal income tax purposes, the Combined Company's proportionate share of the assets and items of income of Essex LP, including Essex LP's share of assets and items of income of any subsidiaries that are partnerships for U.S. federal income tax purposes, are treated as assets and items of income of the Combined Company for purposes of applying the REIT income and asset tests described below. Unless otherwise noted, references to "partnership" in this discussion include any entity that is treated as a partnership for U.S. federal income tax purposes.

Ownership of Interests in Disregarded Subsidiaries. If a REIT owns a corporate subsidiary (including an entity which is treated as an association taxable as a corporation for U.S. federal income tax purposes) that is a qualified REIT subsidiary, the separate existence of that subsidiary is disregarded for U.S. federal income tax purposes. Generally, a qualified REIT subsidiary is a corporation, other than a TRS (discussed below), all of the capital stock of which is owned by the REIT (either directly or through other disregarded subsidiaries). For U.S. federal income tax purposes, all assets, liabilities and items of income, deduction and credit of the qualified REIT subsidiary will be treated as assets, liabilities and items of income, deduction and credit of the REIT itself. A qualified REIT subsidiary of the Combined Company will not be subject to federal corporate income taxation, although it may be subject to state and local taxation in some states. Certain other entities also may be treated as disregarded entities for U.S. federal income tax purposes, generally including any domestic unincorporated entity that would be treated as a partnership if it had more than one owner. For U.S. federal income tax purposes, all assets, liabilities and items of income, deduction and credit of any such disregarded entity will be treated as assets, liabilities and items of income, deduction and credit of the owner of the disregarded entity.

Income Tests. In order to maintain qualification as a REIT, the Combined Company must annually satisfy two gross income requirements. First, at least 75% of its gross income (excluding gross income from prohibited transactions and certain other income and gains as described below) for each taxable year must be derived, directly or indirectly, from investments relating to real property or mortgages on real property or from certain types of temporary investments (or any combination thereof). Qualifying income for purposes of this 75% gross income test generally includes: (a) rents from real property, (b) interest on debt secured by mortgages on real property or on interests in real property, (c) dividends or other distributions on, and gain from the sale of, shares in other REITs, (d) gain from the sale of real estate assets (other than gain from prohibited transactions), (e) income and gain derived from foreclosure property, and (f) income from certain types of temporary investments.

Second, in general, at least 95% of the Combined Company's gross income (excluding gross income from prohibited transactions and certain other income and gains as described below) for each taxable year must be derived from the real property investments described above and from other types of dividends and interest, gain from the sale or disposition of shares or securities that are not dealer property, or any combination of the above.

Rents the Combined Company receives will qualify as rents from real property in satisfying the gross income requirements for a REIT described above only if several conditions are met. First, the amount of rent must not be based in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term rents from real property solely by reason of being based on a fixed percentage or percentages of receipts or sales. Second, rents received from a related party tenant will

Table of Contents**Index to Financial Statements**

not qualify as rents from real property in satisfying the gross income tests unless the tenant is a TRS and either (i) at least 90% of the property is leased to unrelated tenants and the rent paid by the TRS is substantially comparable to the rent paid by the unrelated tenants for comparable space, or (ii) the property leased is a qualified lodging facility, as defined in Section 856(d)(9)(D) of the Code, or a qualified health care property, as defined in Section 856(e)(6)(D)(i), and certain other conditions are satisfied. A tenant is a related party tenant if the REIT, or an actual or constructive owner of 10% or more of the REIT's stock, actually or constructively owns 10% or more of the interests in the assets or net profits of the tenant if the tenant is not a corporation, or, if the tenant is a corporation, 10% or more of the total combined voting power of all classes of stock entitled to vote or 10% or more of the total value of all classes of stock of the tenant. Third, if rent attributable to personal property, leased in connection with a lease of real property, is greater than 15% of the total rent received under the lease, then the portion of rent attributable to the personal property will not qualify as rents from real property.

Generally, for rents to qualify as rents from real property for the purpose of satisfying the gross income tests, the REIT may provide directly only a de minimis amount of services, unless those services are usually or customarily rendered in connection with the rental of real property and not otherwise considered rendered to the occupant under the applicable tax rules. Accordingly, the Combined Company may not provide impermissible services to tenants (except through an independent contractor from whom it derives no revenue and that meets other requirements or through a TRS) without giving rise to impermissible tenant service income. Impermissible tenant service income is deemed to be at least 150% of the direct cost to the REIT of providing the service. If the impermissible tenant service income exceeds 1% of the REIT's total income from a property, then all of the income from that property will fail to qualify as rents from real property. If the total amount of impermissible tenant service income from a property does not exceed 1% of the Combined Company's total income from the property, the services will not disqualify any other income from the property that qualifies as rents from real property, but the impermissible tenant service income will not qualify as rents from real property.

The Combined Company does not intend to charge rent that is based in whole or in part on the income or profits of any person or to derive rent from related party tenants, or rent attributable to personal property leased in connection with real property that exceeds 15% of the total rents from the real property if the treatment of any such amounts as non-qualified rent would jeopardize its status as a REIT. The Combined Company also does not intend to derive impermissible tenant service income that exceeds 1% of its total income from any property if the treatment of the rents from such property as nonqualified rents could cause it to fail to qualify as a REIT.

If the Combined Company fails to satisfy one or both of the 75% or the 95% gross income tests, it may nevertheless qualify as a REIT for a particular year if it is entitled to relief under certain provisions of the Code. Those relief provisions generally will be available if the failure to meet such tests is due to reasonable cause and not due to willful neglect and a schedule is filed describing each item of gross income for such year(s) in accordance with the applicable Treasury Regulations. It is not possible, however, to state whether in all circumstances these relief provisions could apply. As discussed above in *Taxation of REITs in General*, even if these relief provisions were to apply, the Combined Company would be subject to U.S. federal income tax to the extent it fails to meet the 75% or 95% gross income tests or otherwise fails to distribute 100% of its net capital gain and taxable income.

Asset Tests. At the close of each quarter of its taxable year, the Combined Company must also satisfy four tests relating to the nature of its assets. First, real estate assets, cash and cash items, and government securities must represent at least 75% of the value of its total assets. Second, not more than 25% of its total assets may be represented by securities other than those in the 75% asset class. Third, of the investments that are not included in the 75% asset class and that are not securities of its TRSs, (i) the value of any one issuer's securities owned by the Combined

Company may not exceed 5% of the value of its total assets and (ii) the Combined Company may not own more than 10% by vote or by value of any one issuer's outstanding securities. For purposes of the 10% value test, debt instruments issued by a partnership are not classified as securities to the extent of the Combined Company's interest as a partner in such partnership (based on its proportionate share of the partnership's equity interests and certain debt securities) or if at least 75% of the partnership's gross income,

Index to Financial Statements

excluding income from prohibited transactions, is qualifying income for purposes of the 75% gross income test. For purposes of the 10% value test, the term securities also does not include debt securities issued by another REIT, certain straight debt securities (for example, qualifying debt securities of a corporation of which the Combined Company owns no more than a de minimis amount of equity interest), loans to individuals or estates, and accrued obligations to pay rent. Fourth, securities of TRSs cannot represent more than 25% of a REIT's total assets. Real estate assets for purposes of the REIT rules include stock in other REITs, but do not include stock in non-REIT companies. Also, for purposes of these asset tests, the term real estate assets includes any property that is attributable to the temporary investment of new capital, but only if such property is comprised of stock or debt instruments, and only for the one-year period beginning on the date the REIT receives such capital.

The Combined Company will monitor the status of its assets for purposes of the various asset tests and will endeavor to manage its portfolio in order to comply at all times with such tests. If the Combined Company fails to satisfy the asset tests at the end of a calendar quarter, the Combined Company will not lose its REIT status if one of the following exceptions applies:

the Combined Company satisfied the asset tests at the end of the preceding calendar quarter, and the discrepancy between the value of its assets and the asset test requirements arose from changes in the market values of its assets and was not wholly or partly caused by the acquisition of one or more non-qualifying assets; or

the Combined Company eliminates any discrepancy within 30 days after the close of the calendar quarter in which it arose.

Moreover, if the Combined Company fails to satisfy the asset tests at the end of a calendar quarter during a taxable year, it will not lose its REIT status if one of the following additional exceptions applies:

De Minimis Exception: The failure is due to a violation of the 5% or 10% asset tests referenced above and is de minimis (meaning that the failure is one that arises from ownership of assets the total value of which does not exceed the lesser of 1% of the total value of the Combined Company's assets at the end of the quarter in which the failure occurred and \$10 million), and the Combined Company either disposes of the assets that caused the failure or otherwise satisfies the asset tests within six months after the last day of the quarter in which the Combined Company's identification of the failure occurred; or

General Exception: All of the following requirements are satisfied: (i) the failure is not due to a de minimis violation of the 5% or 10% asset tests (as defined above), (ii) the failure is due to reasonable cause and not willful neglect, (iii) the Combined Company files a schedule in accordance with Treasury Regulations providing a description of each asset that caused the failure, (iv) the Combined Company either disposes of the assets that caused the failure or otherwise satisfies the asset tests within six months after the last day of the quarter in which its identification of the failure occurred, and (v) the Combined Company pays an excise tax as described above in Taxation of REITs in General.

Foreclosure Property. Foreclosure property is real property (including interests in real property) and any personal property incident to such real property (1) that is acquired by a REIT as a result of the REIT having bid in the property at foreclosure, or having otherwise reduced the property to ownership or possession by agreement or process of law, after there was a default (or default was imminent) on a lease of the property or a mortgage loan held by the REIT and secured by the property, (2) for which the related loan or lease was made, entered into or acquired by the REIT at a time when default was not imminent or anticipated and (3) for which such REIT makes an election to treat the property as foreclosure property. Income and gain derived from foreclosure property is treated as qualifying income for both the 95% and 75% gross income tests. REITs generally are subject to tax at the maximum corporate rate (currently 35%) on any net income from foreclosure property, including any gain from the disposition of the foreclosure property, other than income that would otherwise be qualifying income for purposes of the 75% gross income test. Any gain from the sale of property for which a foreclosure property election has been made will not be subject to the 100% tax on gains from prohibited transactions described below under Prohibited Transactions Tax, even if the property is held primarily for sale to customers in the ordinary course of a trade or business.

Table of Contents**Index to Financial Statements**

Debt Instruments. The Combined Company may hold or acquire mortgage, mezzanine, bridge loans and other debt investments. Interest income constitutes qualifying mortgage interest for purposes of the 75% gross income test (as described above) to the extent that the obligation upon which such interest is paid is secured by a mortgage on real property. If a REIT receives interest income with respect to a mortgage loan that is secured by both real property and other property, and the highest principal amount of the loan outstanding during a taxable year exceeds the fair market value of the real property on the date that it acquired or originated the mortgage loan, the interest income will be apportioned between the real property and the other collateral, and income from the arrangement will qualify for purposes of the 75% gross income test only to the extent that the interest is allocable to the real property. Loans that are modified generally will have to be retested using the fair market value of the collateral real property securing the loan as of the date the modification, unless the modification does not result in a deemed exchange of the unmodified note for the modified note for tax purposes, or the mortgage loan was in default or is reasonably likely to default and the modified loan substantially reduces the risk of default, in which case no re-testing in connection with the loan modification is necessary. Under IRS guidance, a loan may be treated as a qualifying real estate asset in an amount equal to the lesser of the fair market value of the loan or the fair market value of the real property securing the loan on the date the REIT acquired the loan. Although the guidance is not entirely clear, it appears that the non-qualifying portion of the mortgage loan will be equal to the portion of the loan's fair market value that exceeds the value on the date of acquisition of the associated real property that is security for that loan.

The application of the REIT provisions of the Code to certain mezzanine loans, which are loans secured by equity interests in an entity that directly or indirectly owns real property rather than by a direct mortgage of the real property, is not entirely clear. A safe harbor in Revenue Procedure 2003-65 provides that if a mezzanine loan meets certain requirements then (i) the mezzanine loan will be treated as a qualifying real estate asset for purposes of the REIT asset tests and (ii) interest in respect of such mezzanine loan will be treated as qualifying mortgage interest for purposes of the 75% income test. To the extent the Combined Company acquires mezzanine loans that do not comply with this safe harbor, all or a portion of such mezzanine loans may not qualify as real estate assets or generate qualifying income and REIT status may be adversely affected. As such, the REIT provisions of the Code may limit the Combined Company's ability to acquire mezzanine loans that it might otherwise desire to acquire.

Interests in a REMIC generally will be treated as real estate assets for purposes of the asset tests, and income derived from REMIC interests generally will be treated as qualifying income for purposes of the 75% and 95% gross income tests, except that if less than 95% of the assets of the REMIC are real estate assets, then the Combined Company will be treated as owning and receiving its proportionate share of the assets and income of the REMIC, with the result that only a proportionate part of the Combined Company's interest in the REMIC and income derived from the interest will qualify for purposes of the assets and the 75% gross income test. Even if a loan is not secured by real property, or is undersecured, the income that it generates may nonetheless qualify for purposes of the 95% gross income test.

To the extent that a REIT derives interest income from a mortgage loan where all or a portion of the amount of interest payable is contingent, such income generally will qualify for purposes of the gross income tests only if it is based upon the gross receipts or sales, and not the net income or profits, of the borrower. This limitation does not apply, however, (i) where the borrower leases substantially all of its interest in the property to tenants or subtenants, to the extent that the rental income derived by the borrower would qualify as rents from real property had the REIT earned the income directly, or (ii) if contingent interest is payable pursuant to a shared appreciation mortgage provision. A shared appreciation mortgage provision is any provision which is in connection with an obligation held by a REIT that is secured by an interest in real property, which entitles the REIT to a portion of the gain or appreciation in value of the collateral real property at a specified time. Any contingent interest earned pursuant to a shared appreciation mortgage provision shall be treated as gain from the sale of the underlying real property collateral

for purposes of the REIT income tests.

Hedging Transactions. The Combined Company may enter into hedging transactions with respect to one or more of its assets or liabilities. Hedging transactions could take a variety of forms, including interest rate swaps

Table of Contents**Index to Financial Statements**

or cap agreements, options, futures contracts, forward rate agreements or similar financial instruments. Except to the extent as may be provided by future Treasury Regulations, any income from a hedging transaction entered into after July 30, 2008 which is clearly and properly identified as such before the close of the day on which it was acquired, originated or entered into, including gain from the disposition or termination of such a transaction, will not constitute gross income for purposes of the 95% and 75% gross income tests, provided that the hedging transaction is entered into (i) in the normal course of business primarily to manage risk of interest rate or price changes or currency fluctuations with respect to indebtedness incurred or to be incurred to acquire or carry real estate assets or (ii) primarily to manage the risk of currency fluctuations with respect to any item of income or gain that would be qualifying income under the 75% or 95% income tests (or any property which generates such income or gain). To the extent the Combined Company enters into other types of hedging transactions, the income from those transactions is likely to be treated as non-qualifying income for purposes of both the 75% and 95% gross income tests.

Foreign Investments. To the extent that the Combined Company holds or acquires any investments and, accordingly, pays taxes in other countries, taxes paid in non-U.S. jurisdictions may not be passed through to, or used by, the Combined Company's stockholders as a foreign tax credit or otherwise. In addition, certain passive income earned by a non-U.S. taxable REIT subsidiary must be taken in account currently (whether or not distributed by the taxable REIT subsidiary) and may not be qualifying income under the 95% and 75% gross income tests.

Qualified Temporary Investment Income. Income derived by the Combined Company from certain types of temporary share and debt investments made with the proceeds of sales of the Combined Company's stock or certain public debt offerings, not otherwise treated as qualifying income for the 75% gross income test, generally will nonetheless constitute qualifying income for purposes of the 75% gross income test for the year following the sale of such stock or debt. More specifically, qualifying income for purposes of the 75% gross income test includes qualified temporary investment income, which generally means any income that is attributable to shares of stock or a debt instrument, is attributable to the temporary investment of new equity capital and certain debt capital, and is received or accrued during the one-year period beginning on the date on which the REIT receives such new capital. After such one year period, income from such investments will be qualifying income for purposes of the 75% income test only if derived from one of the other qualifying sources enumerated above.

Annual Distribution Requirements

In order to qualify as a REIT, the Combined Company must distribute dividends (other than capital gain dividends) to its stockholders in an amount at least equal to (A) the sum of (i) 90% of its REIT taxable income, determined without regard to the dividends paid deduction and by excluding any net capital gain, and (ii) 90% of the net income (after tax), if any, from foreclosure property, minus (B) the sum of certain items of non-cash income. The Combined Company generally must pay such distributions in the taxable year to which they relate, or in the following taxable year if declared before the Combined Company timely files its tax return for such year and if paid on or before the first regular dividend payment after such declaration.

To the extent that the Combined Company does not distribute all of its net capital gain and taxable income, it will be subject to U.S. federal, state and local tax on the undistributed amount at regular corporate income tax rates. Furthermore, if the Combined Company should fail to distribute during each calendar year at least the sum of (i) 85% of its ordinary income for such year, (ii) 95% of its capital gain net income for such year, and (iii) 100% of any corresponding undistributed amounts from prior periods, it will be subject to a 4% nondeductible excise tax on the excess of such required distribution over the amounts actually distributed.

Under certain circumstances, the Combined Company may be able to rectify a failure to meet the distribution requirement for a year by paying deficiency dividends to its stockholders in a later year that may be included in its deduction for dividends paid for the earlier year. Thus, the Combined Company may be able to avoid being taxed on amounts distributed as deficiency dividends; however, the Combined Company will be required to pay interest based upon the amount of any deduction taken for deficiency dividends.

Table of Contents

Index to Financial Statements

In addition, dividends the Combined Company pays must not be preferential. If a dividend is preferential, it will not qualify for the dividends paid deduction. To avoid paying preferential dividends, the Combined Company must treat every stockholder of the class of shares with respect to which it makes a distribution the same as every other stockholder of that class, and the Combined Company must not treat any class of shares other than according to its dividend rights as a class. Under certain technical rules governing deficiency dividends, the Combined Company could lose its ability to cure an under-distribution in a year with a subsequent year deficiency dividend if it pays preferential dividends. Accordingly, the Combined Company intends to pay dividends pro rata within each class, and to abide by the rights and preferences of each class.

The Combined Company may retain and pay income tax on net long-term capital gains received during the tax year. To the extent the Combined Company so elects, (i) each stockholder must include in its income (as long-term capital gain) its proportionate share of the Combined Company's undistributed long-term capital gains, (ii) each stockholder is deemed to have paid, and receives a credit for, its proportionate share of the tax paid by the Combined Company on the undistributed long-term capital gains, and (iii) each stockholder's basis in its shares of the Combined Company's stock is increased by the included amount of the undistributed long-term capital gains less their share of the tax paid.

To qualify as a REIT, the Combined Company may not have, at the end of any taxable year, any undistributed earnings and profits accumulated in any non-REIT taxable year. In the event the Combined Company accumulates any non-REIT earnings and profits, the Combined Company intends to distribute its non-REIT earnings and profits before the end of its first REIT taxable year to comply with this requirement.

Failure to Qualify

If the Combined Company fails to qualify as a REIT and such failure is not an asset test or income test failure subject to the cure provisions described above, or the result of preferential dividends, the Combined Company generally will be eligible for a relief provision if the failure is due to reasonable cause and not willful neglect and the Combined Company pays a penalty of \$50,000 with respect to such failure.

If the Combined Company fails to qualify for taxation as a REIT in any taxable year and no relief provisions apply, the Combined Company generally will be subject to tax (including any applicable alternative minimum tax) on its taxable income at regular corporate rates. Distributions to the Combined Company's stockholders in any year in which the Combined Company fails to qualify as a REIT will not be deductible by the Combined Company nor will they be required to be made. In such event, to the extent of the Combined Company's current or accumulated earnings and profits, all distributions to its stockholders will be taxable as dividend income. Subject to certain limitations in the Code, corporate stockholders may be eligible for the dividends received deduction, and individual, trust and estate stockholders may be eligible to treat the dividends received from the Combined Company as qualified dividend income taxable as net capital gains, under the provisions of Section 1(h)(11) of the Code. Unless entitled to relief under specific statutory provisions, the Combined Company also will be ineligible to elect to be taxed as a REIT again prior to the fifth taxable year following the first year in which it failed to qualify as a REIT under the Code.

The Combined Company's qualification as a REIT for U.S. federal income tax purposes will depend on it continuing to meet the various requirements summarized above governing the ownership of its outstanding shares, the nature of its assets, the sources of its income, and the amount of its distributions to its stockholders. Although the Combined Company intends to operate in a manner that will enable it to comply with such requirements, there can be no certainty that such intention will be realized. In addition, because the relevant laws may change, compliance with one or more of the REIT requirements may become impossible or impracticable.

Prohibited Transactions Tax

Except as discussed above under Foreclosure Property, gain realized by the Combined Company on the sale of any property held as inventory or other property held primarily for sale to customers in the ordinary course of business, including its share of any such gain realized by Essex LP or any other subsidiary partnership,

Table of Contents

Index to Financial Statements

taking into account any related foreign currency gains or losses, will be treated as income from a prohibited transaction that is subject to a 100% penalty tax. Whether property is held as inventory or primarily for sale to customers in the ordinary course of a trade or business depends upon all the facts and circumstances with respect to the particular transaction. However, the Code provides a safe harbor pursuant to which sales of properties held for at least two years and meeting certain other requirements will not give rise to prohibited transaction income.

The Combined Company may make sales that do not satisfy the safe harbor requirements described above and there can be no assurance that the IRS will not contend that one or more of these sales are subject to the 100% penalty tax. The 100% tax will not apply to gains from the sale of property realized through a TRS or other taxable corporation, although such income will be subject to tax at regular corporate income tax rates.

Recordkeeping Requirements

To avoid a monetary penalty, the Combined Company must request on an annual basis information from its stockholders designed to disclose the actual ownership of its outstanding shares.

Investments in TRSs

The Combined Company will own (indirectly) subsidiaries that are intended to be treated as TRSs for federal income tax purposes. A TRS is a corporation in which a REIT directly or indirectly own shares and that jointly elects with the REIT to be treated as a TRS under Section 856(l) of the Code. In addition, if a TRS owns, directly or indirectly, securities representing 35% or more of the vote or value of a subsidiary corporation, that subsidiary will also be treated as a TRS of the REIT. A domestic TRS pays U.S. federal, state, and local income taxes at the full applicable corporate rates on its taxable income prior to payment of any dividends. A non-U.S. TRS with income from a U.S. trade or business or certain U.S. sourced income also may be subject to U.S. income taxes. A TRS owning property outside of the U.S. may pay foreign taxes. The taxes owed by a TRS could be substantial. To the extent that the Combined Company's TRSs are required to pay U.S. federal, state, local, or foreign taxes, the cash available for distribution by the Combined Company will be reduced accordingly.

A TRS is permitted to engage in certain kinds of activities that cannot be performed directly by the Combined Company without jeopardizing the Combined Company's qualification as a REIT. Certain payments made by any of the Combined Company's TRSs to the Combined Company may not be deductible by the TRS (which could materially increase the TRS's taxable income), and certain direct or indirect payments made by any of the Combined Company's TRS to the Combined Company may be subject to 100% tax. In addition, subject to certain safe harbors, the Combined Company generally will be subject to a 100% tax on the amounts of any rents from real property, deductions, or excess interest received from a TRS that would be reduced through reapportionment under Section 482 of the Code in order to more clearly reflect the income of the TRS (and amounts protected from the 100% tax by reason of such safe harbor may nonetheless be reapportioned under Section 482).

Distributions that the Combined Company receives from a domestic TRS will be classified as dividend income to the extent of the current or accumulated earnings and profits of the TRS. Such distributions will generally constitute qualifying income for purposes of the 95% gross income test, but not under the 75% gross income test unless attributable to investments of certain new capital during the one-year period beginning on the date of receipt of the new capital.

REIT Subsidiaries

Essex indirectly holds interests in one or more subsidiaries intended to qualify as REITs. Any such subsidiary REITs would need to satisfy the various REIT requirements discussed above on a stand-alone basis. Stock of any subsidiary qualifying as REIT will be a qualifying real estate asset for purposes of the assets tests, and any dividends received by the Combined Company from a subsidiary qualifying as a REIT and gains from sales of such subsidiary's stock will be qualifying income for purposes of both the 95% and 75% gross income tests. If a subsidiary intended to qualify as a REIT failed to so qualify, the Combined Company would be treated

Table of Contents

Index to Financial Statements

as holding stock of a non-REIT, non-TRS corporate subsidiary, which could jeopardize the Combined Company's status as a REIT.

Tax Aspects of Essex LP and Merger Sub

In General. The Combined Company will own all or substantially all of its assets through Essex LP and Merger Sub, which will in turn own a substantial portion of their assets through interests in various partnerships and limited liability companies.

Merger Sub is intended to qualify as a qualified REIT subsidiary immediately following the merger. See Ownership of Interests in Disregarded Subsidiaries above.

Except in the case of subsidiaries that have elected REIT or TRS status, the Combined Company expects that Essex LP, Merger Sub, and their partnership and limited liability company subsidiaries will be treated as partnerships or disregarded entities for U.S. federal income tax purposes. In general, entities that are classified as partnerships for U.S. federal income tax purposes are treated as pass-through entities which are not required to pay U.S. federal income tax. Rather, partners or members of such entities are allocated their share of the items of income, gain, loss, deduction and credit of the entity, and are potentially required to pay tax on that income without regard to whether the partners or members receive a distribution of cash from the entity. The Combined Company includes in its income its allocable share of the foregoing items for purposes of computing its REIT taxable income, based on the applicable partnership agreement. For purposes of applying the REIT income and asset tests, the Combined Company includes its pro rata share of the income generated by and the assets held by the partnerships and limited liability companies treated as partnerships for U.S. federal income tax purposes in which it owns an interest, including their shares of the income and assets of any subsidiary partnerships and limited liability companies treated as partnerships for U.S. federal income tax purposes based on its capital interests. See Taxation of REITs in General.

The Combined Company's ownership interests in such partnerships and other disregarded entities involve special tax considerations, including the possibility that the IRS might challenge the status of these entities as partnerships or disregarded entities, as opposed to associations taxable as corporations, for U.S. federal income tax purposes. If any such entity were treated as an association, it would be taxable as a corporation and would be required to pay an entity-level tax on its income. In this situation, the character of its assets and items of gross income would change, and could prevent the Combined Company from satisfying the REIT asset tests and/or the REIT income tests. See

Qualification as a REIT Asset Tests and Qualification as a REIT Income Tests. This, in turn, could prevent it from qualifying as a REIT. See Failure to Qualify for a discussion of the effect of its failure to meet these tests for a taxable year.

Essex believes that the partnerships and other disregarded entities will be classified as partnerships or disregarded entities for U.S. federal income tax purposes, and the remainder of the discussion under this section Tax Aspects of Essex LP and Merger Sub is based on such classification.

Although a domestic unincorporated entity is generally treated as a partnership (if it has more than one owner) or a disregarded entity (if it has a single owner) for U.S. federal income tax purposes, in certain situations such an entity may be treated as a corporation for U.S. federal income tax purposes, including if the entity is a publicly traded partnership that does not qualify for an exemption based on the character of its income. A partnership is a publicly traded partnership under Section 7704 of the Code if:

(1) interests in the partnership are traded on an established securities market; or

(2) interests in the partnership are readily tradable on a secondary market or the substantial equivalent of a secondary market.

Essex LP currently takes the reporting position for U.S. federal income tax purposes that it is not a publicly traded partnership. There is a risk, however, that the right of a holder of operating partnership units to redeem the units for common stock could cause operating partnership units to be considered readily tradable on the

Table of Contents**Index to Financial Statements**

substantial equivalent of a secondary market. Under the relevant Treasury regulations, interests in a partnership will not be considered readily tradable on a secondary market or on the substantial equivalent of a secondary market if the partnership qualifies for specified safe harbors, which are based on the specific facts and circumstances relating to the partnership. Essex and Essex LP believe that Essex LP will qualify for at least one of these safe harbors at all times in the foreseeable future, but cannot provide any assurance that Essex LP will continue to qualify for one of the safe harbors mentioned above.

If Essex LP is a publicly traded partnership, it will be taxed as a corporation unless at least 90% of its gross income has consisted and will consist of qualifying income under Section 7704 of the Code. Qualifying income is generally real property rents and other types of passive income. Essex and Essex LP believe that Essex LP will have sufficient qualifying income so that it would be taxed as a partnership, even if it were a publicly traded partnership. The income requirements applicable to REITs under the Code and the definition of qualifying income under the publicly traded partnership rules are very similar. Although differences exist between these two income tests, Essex and Essex LP do not believe that these differences have caused or will cause Essex LP not to satisfy the 90% gross income test applicable to publicly traded partnerships.

Allocations of Income, Gain, Loss and Deduction. A partnership or limited liability company agreement will generally determine the allocation of income and losses among partners or members. These allocations, however, will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Code and the related Treasury Regulations. Generally, Section 704(b) of the Code and the related Treasury Regulations require that partnership and limited liability company allocations respect the economic arrangement of their partners or members. If an allocation is not recognized by the IRS for U.S. federal income tax purposes, the item subject to the allocation will be reallocated according to the partners' or members' interests in the partnership or limited liability company, as the case may be. This reallocation will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners or members with respect to such item. The allocations of taxable income and loss in each of the partnerships and limited liability companies in which the Combined Company owns an interest are intended to comply with the requirements of Section 704(b) of the Code and the Treasury Regulations promulgated thereunder.

Tax Allocations With Respect to Contributed Properties. In general, when property is contributed to a partnership in exchange for a partnership interest, the partnership inherits the carryover tax basis of the contributing partner in the contributed property. Any difference between the fair market value and the adjusted tax basis of contributed property at the time of contribution is referred to as a Book-Tax Difference. Under Section 704(c) of the Code, income, gain, loss and deduction attributable to property with a Book-Tax Difference that is contributed to a partnership in exchange for an interest in the partnership must be allocated in a manner so that the contributing partner is charged with the unrealized gain or benefits from the unrealized loss associated with the property at the time of the contribution, as adjusted from time to time, so that, to the extent possible under the applicable method elected under Section 704(c) of the Code, the non-contributing partners receive allocations of depreciation and gain or loss for tax purposes comparable to the allocations they would have received in the absence of Book-Tax Differences. These allocations are solely for U.S. federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the partners or members. Similar tax allocations are required with respect to the Book-Tax Differences in the assets owned by a partnership when additional assets are contributed in exchange for a new partnership interest.

U.S. Federal Income Tax Considerations for Holders of the Combined Company Common Stock

Distributions. Distributions by the Combined Company, other than capital gain dividends, will constitute ordinary dividends to the extent of its current and accumulated earnings and profits as determined for U.S. federal income tax purposes. In general, these dividends will be taxable as ordinary income and will not be eligible for the dividends-received deduction for corporate U.S. holders. The Combined Company's ordinary dividends generally will not qualify as qualified dividend income taxed as net capital gain for U.S. holders that are individuals, trusts, or estates. However, distributions to U.S. holders that are individuals, trusts, or estates generally will constitute qualified dividend income taxed as net capital gains to the extent the U.S. holder

Table of Contents

Index to Financial Statements

satisfies certain holding period requirements and to the extent the dividends are attributable to (i) qualified dividend income the Combined Company receives from C corporations, including its TRSs, (ii) the Combined Company's undistributed earnings or built-in gains taxed at the corporate level during the immediately preceding year or (iii) any earnings and profits inherited from a C corporation in a tax-deferred reorganization or similar transaction, and provided the Combined Company properly designates the distributions as qualified dividend income. The Combined Company does not anticipate distributing a significant amount of qualified dividend income.

To the extent that the Combined Company makes a distribution in excess of its current and accumulated earnings and profits, the distribution will be treated first as a tax-free return of capital, reducing the tax basis in a U.S. holder's shares, and thereafter as capital gain realized from the sale of such shares to the extent the distribution exceeds the U.S. holder's tax basis in the shares.

Dividends declared by the Combined Company in October, November or December and payable to a U.S. holder of record on a specified date in any such month shall be treated both as paid by the Combined Company and as received by the U.S. holder on December 31 of the year, provided that the dividend is actually paid during January of the following calendar year.

Distributions that are properly designated as capital gain dividends will be taxed as long-term capital gains (to the extent they do not exceed the Combined Company's actual net capital gain for the taxable year) without regard to the period for which the U.S. holder has held its shares. However, corporate U.S. holders may be required to treat up to 20% of certain capital gain dividends as ordinary income. In addition, U.S. holders may be required to treat a portion of any capital gain dividend as unrecaptured Section 1250 gain, taxable at a maximum rate of 25% for individuals, if the Combined Company incurs such gain. Capital gain dividends are not eligible for the dividends-received deduction for corporations.

The REIT provisions of the Code do not require the Combined Company to distribute its long-term capital gain, and the Combined Company may elect to retain and pay income tax on its net long-term capital gains received during the taxable year. If the Combined Company so elects for a taxable year, its U.S. holders would include in income as long-term capital gains their proportionate share of retained net long-term capital gains for the taxable year as the Combined Company may designate. A U.S. holder would be deemed to have paid its share of the tax paid by the Combined Company on such undistributed capital gains, which would be credited or refunded to the U.S. holder. The U.S. holder's basis in its shares would be increased by the amount of undistributed long-term capital gains (less the capital gains tax paid by the Combined Company) included in the U.S. holder's long-term capital gains.

Passive Activity Loss and Investment Interest Limitations. The Combined Company's distributions and gain from the disposition of its shares will not be treated as passive activity income and, therefore, U.S. holders will not be able to apply any passive losses against such income. With respect to non-corporate U.S. holders, the Combined Company's dividends (to the extent they do not constitute a return of capital) that are taxed at ordinary income rates will generally be treated as investment income for purposes of the investment interest limitation; however, net capital gain from the disposition of shares of the Combined Company common stock (or distributions treated as such), capital gain dividends, and dividends taxed at net capital gains rates generally will be excluded from investment income except to the extent the U.S. holder elects to treat such amounts as ordinary income for U.S. federal income tax purposes. U.S. holders may not include in their own U.S. federal income tax returns any of the Combined Company's net operating or net capital losses.

Sale or Disposition of Common Stock. In general, any gain or loss realized upon a taxable disposition of shares of the Combined Company common stock by a U.S. holder will be a long-term capital gain or loss if the shares have been held for more than one year and otherwise as a short-term capital gain or loss. However, any loss upon a sale or exchange of the shares by a U.S. holder who has held such shares for six months or less (after applying certain holding period rules) will be treated as a long-term capital loss to the extent of undistributed capital gains or distributions received by the U.S. holder from the Combined Company, each as required to be

Table of Contents**Index to Financial Statements**

treated by such U.S. holder as long-term capital gain. All or a portion of any loss realized upon a taxable disposition of shares of the Combined Company common stock may be disallowed if other shares of its common stock (or stocks or securities which are substantially identical to its common stock) are purchased within 30 days before or after the disposition.

Medicare Tax on Unearned Income. A U.S. holder that is an individual is subject to a 3.8% tax on the lesser of (1) the U.S. holder's net investment income for the relevant taxable year and (2) the excess of the U.S. holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. holder that is an estate or trust that does not fall into a special class of trusts that is exempt from such tax is subject to the same 3.8% tax on the lesser of its undistributed net investment income and the excess of its adjusted gross income over a certain threshold. A U.S. holder's net investment income will include, among other things, dividends on and capital gains from the sale or other disposition of shares of the Combined Company. Prospective U.S. holders that are individuals, estates or trusts should consult their tax advisors regarding the effect, if any, of this Medicare tax on their ownership and disposition of the Combined Company common stock.

Taxation of U.S. Tax-Exempt Holders

In general, a tax-exempt organization is exempt from U.S. federal income tax on its income, except to the extent of its unrelated business taxable income or UBTI, which is defined by the Code as the gross income derived from any trade or business which is regularly carried on by a tax-exempt entity and unrelated to its exempt purposes, less any directly connected deductions and subject to certain modifications. For this purpose, the Code generally excludes from UBTI any gain or loss from the sale or other disposition of property (other than stock in trade or property held primarily for sale in the ordinary course of a trade or business), dividends, interest, rents from real property, and certain other items. However, a portion of any such gains, dividends, interest, rents, and other items generally is UBTI to the extent derived from debt-financed property, based on the amount of acquisition indebtedness with respect to such debt-financed property. Distributions that the Combined Company makes to a tax-exempt employee pension trust or other domestic tax-exempt holder or gains from the disposition of the Combined Company's shares held as capital assets generally will not constitute UBTI unless the exempt organization's shares are debt-financed property (e.g., the holder has borrowed to acquire or carry its shares). However, if the Combined Company is a pension-held REIT, this general rule will not apply to distributions to certain pension trusts that hold more than 10% (by value) of the Combined Company's shares. The Combined Company will be treated as a pension-held REIT if (i) treating qualified trusts as individuals would cause the Combined Company to fail the 5/50 Test (as defined above) and (ii) the Combined Company is predominantly held by certain pension trusts. The Combined Company will be predominantly held if either (i) a single such pension trust holds more than 25% by value of the Combined Company's shares or (ii) one or more such pension trusts, each owning more than 10% by value of the Combined Company's shares, hold in the aggregate more than 50% by value of the Combined Company's shares. In the event the Combined Company is a pension-held REIT, the percentage of any dividend received from it treated as UBTI would be equal to the ratio of (a) the gross UBTI (less certain associated expenses) earned by it (treating it as if it were a qualified trust and, therefore, subject to tax on UBTI) to (b) its total gross income (less certain associated expenses). A de minimis exception applies where the ratio set forth in the preceding sentence is less than 5% for any year; in that case, no dividends are treated as UBTI. There can be no assurance that the Combined Company will not be treated as a pension-held REIT. Before making an investment in shares of the Combined Company common stock, a tax-exempt holder should consult its tax advisors with regard to UBTI and the suitability of the investment in shares of the Combined Company's common stock.

Social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, and qualified group legal services plans that are exempt from taxation under paragraphs (7), (9), (17), and (20), respectively, of Section 501(c) of the Code are subject to different UBTI rules, which generally will require them to characterize distributions from the Combined Company as UBTI. Before making an investment in shares of the Combined Company common stock, a tax-exempt holder should consult its tax advisors with regard to UBTI and the suitability of the investment in the Combined Company's shares.

Table of Contents**Index to Financial Statements***Taxation of Non-U.S. Holders.*

The following is a summary of certain U.S. federal income tax consequences of the ownership and disposition of common stock of the Combined Company applicable to non-U.S. holders. The discussion addresses only selective and not all aspects of U.S. federal income taxation that may be material for non-U.S. holders and is for general information only.

Ordinary Dividends. The portion of dividends received by non-U.S. holders payable out of the Combined Company's earnings and profits that are not attributable to gains from sales or exchanges of U.S. real property interests and which are not effectively connected with a U.S. trade or business of the non-U.S. holder generally will be treated as ordinary income and will be subject to withholding tax at the rate of 30%, unless reduced or eliminated by an applicable income tax treaty. Under some treaties, lower withholding rates may not apply to dividends from REITs, or may only apply if certain additional conditions are satisfied.

In cases where the dividend income from a non-U.S. holder's investment in the Combined Company common stock is, or is treated as, effectively connected with the non-U.S. holder's conduct of a U.S. trade or business, the non-U.S. holder generally will be subject to U.S. federal income tax at graduated rates, in the same manner as U.S. holders are taxed with respect to such dividends, and may also be subject to the 30% branch profits tax (or a lower rate of tax under the applicable income tax treaty) on the income after the application of the income tax in the case of a non-U.S. holder that is a corporation. The Combined Company plans to withhold U.S. income tax at the rate of 30% on the gross amount of any distribution paid to a non-U.S. holder (including any portion of any dividend that is payable in stock) that is neither a capital gain dividend nor a distribution that is attributable to gain from the sale or exchange of United States real property interests under the Foreign Investment in Real Property Tax Act of 1980, or FIRPTA, rules described below under *Dispositions of Common Stock* unless either (i) a lower treaty rate applies and the non-U.S. holder files with the Combined Company any required IRS Form W-8 (for example, an IRS Form W-8BEN) evidencing eligibility for that reduced rate or (ii) the non-U.S. holder files with the Combined Company an IRS Form W-8ECI claiming that the distribution is effectively connected income. The balance of this discussion assumes that dividends that the Combined Company distributes to non-U.S. holders and gains non-U.S. holders recognize with respect to Combined Company shares are not effectively connected with the non-U.S. holder's conduct of a U.S. trade or business unless deemed to be effectively connected under FIRPTA as described below under *Dispositions of Common Stock*.

Non-Dividend Distributions. Distributions by the Combined Company to non-U.S. holders that are not attributable to gains from sales or exchanges of U.S. real property interests and that exceed the Combined Company's earnings and profits will be a non-taxable return of the non-U.S. holder's basis in its shares and, to the extent in excess of the non-U.S. holder's basis, gain from the disposition of such shares, the tax treatment of which is described below. If it cannot be determined at the time at which a distribution is made whether or not the distribution will exceed the Combined Company's earnings and profits, the distribution may be subject to withholding at the rate applicable to dividends. A non-U.S. holder, however, may seek a refund from the IRS of any amounts withheld that exceed the non-U.S. holder's actual U.S. federal income tax liability. If the Combined Company's stock constitutes a U.S. real property interest, distributions in excess of the sum of the Combined Company's earnings and profits plus the non-U.S. holder's adjusted tax basis in the stock will be taxed under FIRPTA at the rate of tax, including any applicable capital gain rates, that would apply to a U.S. holder of the same type (e.g., an individual or a corporation, as the case may be), and the collection of the tax will be enforced by a withholding at a rate of 10% of the amount by which the distribution exceeds the non-U.S. holder's share of the Combined Company's earnings and profits. The amount withheld generally would be creditable against the non-U.S. holder's U.S. federal income tax liability.

Capital Gain Dividends. Under FIRPTA, subject to the discussion below for 5% or smaller holders of regularly traded classes of stock, a distribution made by the Combined Company to a non-U.S. holder attributable to gains from dispositions of U.S. real property interests held by the Combined Company (directly or through pass-through subsidiaries) must be reported in U.S. federal income tax returns filed by, and are treated as effectively connected with a U.S. trade or business of, the non-U.S. holder. The term U.S. real property

Table of Contents**Index to Financial Statements**

interests includes interests in U.S. real property and shares in U.S. corporations at least 50% of whose real estate and business assets consist of U.S. real property interests. Such gains are subject to federal income tax at the rates applicable to U.S. holders and, in the case of a non-U.S. holder that is a corporation, a 30% branch profits tax (or a lower rate of tax under the applicable income tax treaty). The Combined Company is required to withhold tax at a 35% rate from distributions that are attributable to gains from the sale or exchange of U.S. real property interests. The amount withheld generally would be creditable against the non-U.S. holder's U.S. federal income tax liability.

Notwithstanding the foregoing discussion, capital gain dividends distributed to a non-U.S. holder who did not at any time during the one year period ending on the date of the distribution own more than 5% of a class of shares that is regularly traded on an established securities market located in the U.S. will not be subject to FIRPTA, but will be treated as ordinary dividends subject to the rules discussed above under Ordinary Dividends.

Capital gain dividends that are not attributable to sales or exchanges of U.S. real property interests, generally are not subject to U.S. federal income tax unless (i) such distribution is effectively connected with a U.S. trade or business of the non-U.S. holder and, if certain treaties apply, is attributable to a U.S. permanent establishment of the non-U.S. holder, in which case the non-U.S. holder will be subject to net-basis U.S. federal income tax on the dividend as if the non-U.S. holder were a U.S. holder and, in the case of a non-U.S. holder that is a corporation, a 30% branch profits tax (or a lower rate of tax under the applicable income tax treaty), or (ii) such non-U.S. holder was present in the U.S. for 183 days or more during the taxable year and has a tax home in the U.S., in which case a 30% withholding tax would apply to the dividend.

However, notwithstanding that such dividends should only be subject to U.S. federal income taxation in those two instances, existing Treasury Regulations might be construed to require the Combined Company to withhold on such dividends in the same manner as capital gain dividends that are attributable to gain from the disposition of U.S. real property interests, generally at the rate of 35% of the dividend (although any amounts withheld generally would be creditable against the non-U.S. holder's U.S. federal income tax liability).

Dispositions of Common Stock. Unless FIRPTA applies, or as otherwise set forth below, a sale or exchange of Combined Company shares by a non-U.S. holder generally will not be subject to U.S. federal income taxation. FIRPTA applies only if shares of the Combined Company common stock constitute a U.S. real property interest.

The Combined Company common stock will not constitute a U.S. real property interest if the Combined Company is a domestically controlled qualified investment entity. A domestically controlled qualified investment entity includes a REIT in which, at all times during a specified testing period, less than 50% in value of its outstanding shares are held directly or indirectly by non-U.S. holders. Because the Combined Company common stock will be publicly traded, no assurance can be given that the Combined Company will be, or that if it is it will remain, a domestically controlled qualified investment entity.

In the event that the Combined Company does not constitute a domestically controlled qualified investment entity, a non-U.S. holder's sale of the Combined Company common stock nonetheless will generally not be subject to tax under FIRPTA as a sale of a U.S. real property interest, provided that (1) shares of the Combined Company common stock are regularly traded, as defined by applicable Treasury Regulations, on an established securities market and (2) the selling non-U.S. holder owned, actually or constructively, 5% or less of the Combined Company's outstanding common stock during the five-year period ending on the date of the sale or exchange (or, if shorter, the period during which the non-U.S. holder held the stock).

In addition, even if the Combined Company is a domestically controlled qualified investment entity, upon disposition of shares of the Combined Company, a non-U.S. holder may be treated as having gain from the sale or exchange of a U.S. real property interest if the non-U.S. holder (1) disposes of an interest in the Combined Company's shares during the 30-day period preceding the ex-dividend date of a distribution, any portion of which, but for the disposition, would have been treated as gain from sale or exchange of a U.S. real property

interest and (2) acquires, enters into a contract or option to acquire, or is deemed to acquire, other shares of the Combined Company common stock within 30 days after such ex-dividend date. The foregoing rules do not apply to a transaction if the 5% regularly traded test described above is satisfied with respect to the non-U.S. holder.

If gain on the sale of shares of the Combined Company common stock were subject to taxation under FIRPTA, the non-U.S. holder would be subject to the same treatment as a U.S. holder with respect to such gain, subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals, and the purchaser of the shares could be required to withhold 10% of the purchase price and remit such amount to the IRS.

Gain from the sale of shares of the Combined Company common stock that would not otherwise be subject to FIRPTA will nonetheless be taxable in the U.S. to a non-U.S. holder if (i) such gain is effectively connected to a U.S. trade or business of the non-U.S. holder and, if certain treaties apply, is attributable to a U.S. permanent establishment of the non-U.S. holder, in which case the gain will be subject to net-basis U.S. federal income tax as if the non-U.S. holder were a U.S. holder and, in the case of a non-U.S. holder that is a corporation, a 30% branch profits tax (or a lower rate of tax under the applicable income tax treaty), or (ii) the non-U.S. holder is a nonresident alien individual who was present in the U.S. for 183 days or more during the taxable year and has a tax home in the U.S., in which case the nonresident alien individual will be subject to a 30% tax on the individual's capital gain.

Information Reporting Requirements and Backup Withholding Tax

The Combined Company will report to its U.S. holders and to the IRS the amount of distributions paid during each calendar year, and the amount of tax withheld, if any. Under the backup withholding rules, a U.S. holder may be subject to backup withholding at a rate of 28% with respect to distributions paid, unless such U.S. holder (i) is a corporation or other exempt entity and, when required, proves its status or (ii) certifies under penalties of perjury that the taxpayer identification number the U.S. holder has furnished is correct and the U.S. holder is not subject to backup withholding and otherwise complies with the applicable requirements of the backup withholding rules. A U.S. holder that does not provide its correct taxpayer identification number also may be subject to penalties imposed by the IRS.

The Combined Company will also report annually to the IRS and to each non-U.S. holder the amount of dividends paid to such holder and the tax withheld with respect to such dividends, regardless of whether withholding was required. Copies of the information returns reporting such dividends and withholding may also be made available to the tax authorities in the country in which the non-U.S. holder resides under the provisions of an applicable income tax treaty. A non-U.S. holder may be subject to back-up withholding unless applicable certification requirements are met.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against such holder's U.S. federal income tax liability, provided the required information is furnished to the IRS.

Other Withholding and Reporting Requirements under FATCA

The Foreign Account Tax Compliance Act provisions of the Code, enacted in 2010, which we refer to as FATCA, impose withholding taxes on certain types of payments to (i) foreign financial institutions that do not agree to comply with certain diligence, reporting and withholding obligations with respect to their U.S. accounts and (ii) non-financial foreign entities that do not identify (or confirm the absence of) substantial U.S. owners. The withholding tax of 30%

would apply to dividends and the gross proceeds of a disposition of Combined Company stock paid to certain foreign entities unless various information reporting requirements are satisfied. Because the Combined Company may not know the extent to which a distribution is a dividend for U.S. federal income tax purposes at the time it is made, for purposes of these withholding rules the Combined Company may treat the entire distribution as a dividend. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing these withholding provisions may be subject to different rules.

Table of Contents

Index to Financial Statements

For these purposes, a foreign financial institution generally is defined as any non-U.S. entity that (i) accepts deposits in the ordinary course of a banking or similar business, (ii) is engaged in the business of holding financial assets for the account of others, or (iii) is engaged or holds itself out as being engaged primarily in the business of investing, reinvesting, or trading in securities, partnership interests, commodities, or any interest in such assets. Withholding under this legislation (as modified pursuant to subsequent guidance) on withholdable payments to foreign financial institutions and non-financial foreign entities would apply after December 31, 2016 with respect to gross proceeds of a disposition of property that can produce U.S. source interest or dividends and would apply after June 30, 2014 with respect to other withholdable payments.

Legislative or Other Actions Affecting REITs

The rules dealing with U.S. federal income taxation are constantly under review by persons involved in the legislative process and by the IRS and the U.S. Treasury Department. No assurance can be given as to whether, when, or in what form, the U.S. federal income tax laws applicable to the Combined Company and its stockholders may be enacted. Changes to the U.S. federal tax laws and interpretations of federal tax laws could adversely affect an investment in the Combined Company common stock.

State, Local and Foreign Tax

The Combined Company may be subject to state, local and foreign tax in states, localities and foreign countries in which it does business or owns property. The tax treatment applicable to the Combined Company and its stockholders in such jurisdictions may differ from the U.S. federal income tax treatment described above.

Accounting Treatment

Essex prepares its financial statements in accordance with GAAP. The merger will be accounted for by applying the acquisition method, which requires the identification of the acquirer, the determination of the acquisition date, the recognition and measurement, at fair value, of the identifiable assets acquired, liabilities assumed and any noncontrolling interest in the consolidated subsidiaries of the acquiree and recognition and measurement of goodwill or a gain from a bargain purchase. Essex will be considered the accounting acquirer and will therefore, recognize and measure, at fair value, the identifiable assets acquired, liabilities assumed and any noncontrolling interests in the consolidated subsidiaries of BRE, and Essex will recognize and measure any goodwill and any gain from a bargain purchase, in each case, upon completion of the merger.

Exchange of Shares in the Merger

Essex has appointed Computershare Trust Company, N.A., or the exchange agent and payment agent, to act as the exchange agent and payment agent for the exchange of shares of BRE common stock for shares of Essex common stock and the payment of the cash consideration and cash in lieu of any fractional shares of Essex common stock. As promptly as practicable after the effective time of the merger, the exchange agent will send to each holder of record of shares of BRE common stock at the effective time of the merger who holds shares of BRE common stock in certificated or book-entry form a letter of transmittal and instructions for effecting the exchange of BRE common stock certificates or book-entry shares for the merger consideration the holder is entitled to receive under the merger agreement. Upon surrender of stock certificates or book-entry shares for cancellation along with the executed letter of transmittal and other documents described in the instructions, a BRE stockholder will receive any whole shares of Essex common stock such holder is entitled to receive and the cash consideration and cash in lieu of any fractional

shares of Essex common stock such holder is entitled to receive. After the effective time of the merger, BRE will not register any transfers of shares of BRE common stock.

Essex stockholders need not take any action with respect to their stock certificates or book-entry shares.

Dividends

The merger agreement permits Essex to continue to pay a regular quarterly distribution, in accordance with past practice at a rate not to exceed (i) \$1.21 per share of Essex common stock, (ii) \$0.30469 per share of Essex

Table of Contents

Index to Financial Statements

Series G Preferred Stock and (iii) \$0.44531 per share of Essex Series H Preferred Stock per quarter, and any distribution that is reasonably necessary to maintain its REIT qualification and/or to avoid the imposition of U.S. federal income or excise tax. The merger agreement permits BRE to pay a regular quarterly distribution, in accordance with past practice at a rate not to exceed \$0.395 per share of BRE common stock and \$0.421875 per share of the BRE preferred stock per quarter, and any distribution that is reasonably necessary to maintain its REIT qualification and/or to avoid the imposition of U.S. federal income or excise tax. The timing of quarterly dividends will be coordinated by Essex and BRE so that if either Essex common stockholders or BRE common stockholders receive a dividend for any particular quarter prior to the closing of the merger, the common stockholders of the other entity will also receive a dividend for that quarter prior to the closing of the merger. Following the closing of the merger, Essex expects to continue its current dividend policy for common stockholders of the Combined Company, subject to the discretion of the Combined Company's board of directors, which reserves the right to change the Combined Company's dividend policy at any time and for any reason. See Risk Factors Risks Related to an Investment in the Combined Company's Common Stock The Combined Company cannot assure you that it will be able to continue paying dividends at or above the rate currently paid by Essex and BRE on page 41.

The Merger Agreement permits BRE to make the Special Distribution to BRE stockholders in the event that the Asset Sale occurs. Any amounts distributed as a Special Distribution will reduce the cash consideration by the per share amount of the Special Distribution authorized and declared on the BRE common stock to BRE stockholders of record as of the close of business on the business day preceding the effective time of the merger. See The Merger Agreement Financing Relating to the Merger Asset Sale and Special Distribution beginning on page 145.

Listing of Essex Common Stock

It is a condition to each party's obligation to complete the merger that the shares of Essex common stock issuable to BRE stockholders in the merger be approved for listing on the NYSE, subject to official notice of issuance. Essex has agreed to use its reasonable best efforts to cause the shares of Essex common stock to be issued to BRE stockholders in the merger to be approved for listing on the NYSE prior to the effective time of the merger, subject to official notice of issuance.

Delisting and Deregistration of BRE Common Stock and BRE Preferred Stock

After the merger is completed, the shares of BRE common stock currently listed on the NYSE will cease to be listed on the NYSE and will be deregistered under the Exchange Act. The BRE preferred stock will be redeemed on February 20, 2014.

Litigation Relating to the Merger

Since the announcement of the merger agreement on December 19, 2013, three putative class action and shareholder derivative actions have been filed on behalf of alleged BRE stockholders and/or BRE itself in the Circuit Court for Baltimore City, Maryland, under the following captions: *Sutton v. BRE Properties, Inc., et al.*, No. 24-C-13-008425, filed December 23, 2013; *Applegate v. BRE Properties, Inc., et al.*, No. 24-C-14-00002, filed December 30, 2013; and *Lee v. BRE Properties, Inc., et al.*, No. 24-C-14-00046, filed January 3, 2014.

All of these complaints name as defendants BRE, the BRE Board, Essex, and Merger Sub, and allege that the BRE Board breached its fiduciary duties to BRE's stockholders and/or to BRE itself, and that the merger involves an unfair price, an inadequate sales process, and unreasonable deal protection devices that purportedly preclude competing

offers. The complaints further allege that Essex, Merger Sub, and, in some cases, BRE aided and abetted those alleged breaches of duty. The complaints seek injunctive relief, including enjoining or rescinding the merger, and an award of other unspecified attorneys' fees and other fees and costs, in addition to other relief. On February 7, 2014, Plaintiffs filed identical amended complaints in the three pending actions. The amended complaints add allegations that disclosures relating to the proposed merger in the joint proxy statement/prospectus filed with the SEC on January 29, 2014 are inadequate.

THE MERGER AGREEMENT

This section of this joint proxy statement/prospectus summarizes the material provisions of the merger agreement, which is attached as Annex A to this joint proxy statement/prospectus and is incorporated herein by reference. As a stockholder, you are not a third party beneficiary of the merger agreement and therefore you may not directly enforce any of its terms and conditions.

*This summary may not contain all of the information about the merger agreement that is important to you. Essex and BRE urge you to carefully read the full text of the merger agreement because it is the legal document that governs the merger. The merger agreement is not intended to provide you with any factual information about Essex or BRE. In particular, the assertions embodied in the representations and warranties contained in the merger agreement (and summarized below) are qualified by information each of Essex and BRE filed with the SEC prior to the effective date of the merger agreement, as well as by certain disclosure letters each of the parties delivered to the other in connection with the signing of the merger agreement, which modify, qualify and create exceptions to the representations and warranties set forth in the merger agreement. Moreover, some of those representations and warranties may not be accurate or complete as of any specified date, may apply contractual standards of materiality in a way that is different from what may be viewed as material by investors or that is different from standards of materiality generally applicable under the U.S. federal securities laws or may not be intended as statements of fact, but rather as a way of allocating risk among the parties to the merger agreement. The representations and warranties and other provisions of the merger agreement and the description of such provisions in this joint proxy statement/prospectus should not be read alone but instead should be read in conjunction with the other information contained in the reports, statements and filings that each of Essex and BRE file with the SEC and the other information in this joint proxy statement/prospectus. See *Where You Can Find More Information* beginning on page 199.*

Essex and BRE acknowledge that, notwithstanding the inclusion of the foregoing cautionary statements, each of them is responsible for considering whether additional specific disclosures of material information regarding material contractual provisions are required to make the statements in this joint proxy statement/prospectus not misleading.

Form, Effective Time and Closing of the Merger

The merger agreement provides for the combination of BRE and Essex through the merger of BRE with and into Merger Sub, with Merger Sub surviving the merger upon the terms and subject to the conditions set forth in the merger agreement. The merger will become effective upon the filing of the articles of merger with the State Department of Assessments and Taxation of the State of Maryland and a certificate of merger with the Secretary of State of the State of Delaware or at a later date and time agreed to by Essex and BRE and specified in the articles of merger and certificate of merger.

The merger agreement provides that the closing of the merger will take place at 8:00 a.m. Eastern Time at the offices of Goodwin Procter LLP in San Francisco, California on the second business day following the date on which the last of the conditions to closing of the merger (described below under *Conditions to Completion of the Merger*) have been satisfied or waived (other than the conditions that by their terms are to be satisfied at the closing of the merger, but subject to the satisfaction or waiver of those conditions), provided that if a certain third party consent is not obtained by such date, Essex has the right to extend the closing to a date that is not later than two business days after the receipt of such consent, but in no event later than June 16, 2014.

Board of Directors of the Combined Company

As of the effective time of the merger, the board of directors of the Combined Company will be increased to 13 members, with the ten current Essex directors, George M. Marcus, Keith R. Guericke, David W. Brady, Gary P. Martin, Issie N. Rabinovitch, Thomas E. Randlett, Michael J. Schall, Bryon A. Scordelis, Janice L. Sears

Table of Contents**Index to Financial Statements**

and Claude Joseph Zinngrabe Jr., continuing as directors of the Combined Company. George M. Marcus and Keith R. Guericke, Chairman and Vice Chairman of the Essex Board, respectively, will serve as Chairman and Vice Chairman of the Board for the Combined Company, respectively. The Essex Board will fill the three newly created vacancies by appointing to the Essex Board, as of the effective time of the merger, Irving F. Lyons, III, Thomas E. Robinson and Thomas P. Sullivan, which members we refer to as the BRE designees, to serve until the next annual meeting of the Combined Company's stockholders (and until their successors have been duly elected and qualified). The BRE designees will be nominated by the board of directors of the Combined Company for reelection at the next subsequent annual meeting of the Combined Company's stockholders.

Merger Consideration; Effects of the Merger***Merger Consideration***

At the effective time of the merger and by virtue of the merger, each outstanding share of BRE common stock (other than shares held by any subsidiary of BRE, by Essex, by Merger Sub or any of their respective subsidiaries) will be converted into the right to receive (i) the stock consideration, 0.2971 shares of Essex common stock, and (ii) the cash consideration, \$12.33 in cash, without interest, each subject to adjustment as described in the merger agreement. The cash consideration will be reduced to the extent the Special Distribution is authorized to be paid to BRE stockholders prior to the closing of the merger, as described below under Asset Sale and Special Distribution. We refer to the stock consideration and the cash consideration collectively as the merger consideration. No fractional shares of Essex common stock will be issued, but instead BRE stockholders will receive cash, without interest, in an amount determined by multiplying the fractional interest of Essex common stock to which the holder would otherwise be entitled by the volume weighted average price of Essex common stock for the 10 trading days immediately prior to the closing date, starting with the opening of trading on the first trading day to the closing of the second to last trading day prior to the closing date, as reported by Bloomberg.

Procedures for Surrendering BRE Stock Certificates

The conversion of shares of BRE common stock into the right to receive the merger consideration will occur automatically at the effective time of the merger. In accordance with the merger agreement, Essex has appointed an exchange agent to handle the payment and delivery of the merger consideration and the cash payments to be delivered in lieu of fractional shares. Prior to the effective time of the merger, Essex or Merger Sub will deliver to the exchange agent evidence of the Essex common stock in book-entry form sufficient to pay the stock consideration and cash in an amount sufficient to pay for the cash consideration and any cash to be delivered in lieu of fractional shares. As soon as reasonably practicable after the effective time, but in no event later than two business days thereafter, Essex will cause the exchange agent to mail (and make available for collection by hand) to each record holder of shares of BRE common stock, a letter of transmittal and instructions explaining how to surrender BRE common share certificates to the exchange agent.

Each BRE stockholder that surrenders its stock certificate to the exchange agent together with a duly completed letter of transmittal, and each BRE stockholder that holds book-entry shares of BRE common stock, will receive the merger consideration due to such stockholder (including cash in lieu of any fractional shares). After the effective time of the merger, each certificate that previously represented shares of BRE common stock will only represent the right to receive the merger consideration into which those shares of BRE common stock have been converted.

Redemption of the BRE Preferred Stock

All outstanding shares of the BRE preferred stock will be redeemed prior to the effective time of the merger at \$25.00 per share plus any accrued and unpaid dividends, in accordance with the terms of the merger agreement. BRE sent notice of the redemption of the BRE preferred stock to holders of BRE preferred stock on January 21, 2014 in accordance with the terms of the BRE preferred stock. The BRE preferred stock will be redeemed on February 20, 2014.

Assumption of BRE Equity Incentive Plans by the Combined Company

At the effective time of the merger, the Combined Company will assume all outstanding options, whether or not exercisable, and restricted stock awards (including any associated performance-based rights) subject to their current terms under the BRE equity incentive plans, as adjusted by the Stock Award Exchange Ratio. Each option and restricted stock award so assumed by the Combined Company will continue to have the same terms and conditions (including vesting schedule) as were applicable under the BRE equity incentive plans prior to the effective time of the merger, subject to certain adjustments for BRE performance-based restricted stock awards.

Withholding

All payments under the merger agreement are subject to applicable withholding requirements.

Definition of Material Adverse Effect

Many of the representations of Essex, Merger Sub and BRE are qualified by a material adverse effect standard (that is, they will not be deemed to be untrue or incorrect unless their failure to be true or correct, individually or in the aggregate, would reasonably be expected to have a material adverse effect). For the purposes of the merger agreement, material adverse effect means any change, effect, development, circumstance, condition, state of facts, event or occurrence that has a material adverse effect on the financial condition, business, assets, properties, or results of operations of Essex and its subsidiaries, taken as a whole, or BRE and its subsidiaries, taken as a whole, as the case may be. However, any change, effect, development, circumstance, condition, state of facts, event or occurrence will not be considered a material adverse effect to the extent arising out of or resulting from the following:

any changes in the general United States or global economic conditions;

conditions in the REIT industry;

general legal, tax, economic, political and/or regulatory conditions, including any changes effecting financial, credit or capital market conditions;

changes in GAAP;

changes in applicable law;

any actions expressly required by, or failure to take any action expressly prohibited by, the merger agreement or any actions taken at the request or with the consent of the other party, and any effect attributable to the negotiation, execution or announcement of the merger agreement or the transactions contemplated thereby;

changes in the price of or the trading volume of shares of Essex common stock or shares of BRE common stock, as applicable;

any failure to meet internal or published projections, estimates or expectations;

changes in geopolitical conditions, acts of terrorism or sabotage, the commencement, continuation or escalation of a war or acts of armed hostility;

weather conditions or other force majeure events; and

any reduction in the credit rating of Essex, BRE or their respective subsidiaries, as applicable;

which, in the case of first and second bullet points above, such changes do not disproportionately have a greater adverse impact on Essex or BRE, as applicable, relative to other companies of comparable size operating in the REIT industry.

Covenants and Agreements

Conduct of Business of BRE Pending the Merger

BRE has agreed to certain restrictions on it and its subsidiaries until the earlier of the effective time of the merger and the valid termination of the merger agreement. In general, except with Essex's prior written approval or as otherwise expressly required or permitted by the merger agreement or required by law, BRE has agreed that it will, and will cause each of its subsidiaries to, conduct its business in all material respects in the ordinary course and in a manner consistent with past practice, and use its commercially reasonable efforts to (i) maintain its material assets and properties in their current condition (normal wear and tear excepted), (ii) preserve intact in all material respects its current business organization, goodwill, ongoing businesses and significant relationships with third parties, (iii) keep available the services of its present officers provided it does not require additional compensation, (iv) maintain all BRE insurance policies, and (v) maintain the status of BRE as a REIT. Without limiting the foregoing, BRE has also agreed that it will not, and it will not cause or permit any of its subsidiaries to (subject to certain exceptions), among other things:

amend or propose to amend its organizational documents;

split, combine, subdivide or reclassify any shares of stock of BRE or any of its subsidiaries;

declare, set aside or pay any dividends on or make any other distributions with respect to shares of capital stock or other equity securities or ownership interests in BRE or any of its subsidiaries;

redeem, purchase or otherwise acquire any shares of BRE's capital stock or other equity interests of BRE or any of its subsidiaries;

acquire real property, personal property, business organizations or any division or material amount of assets thereof;

sell, pledge, assign, transfer, dispose of or encumber any property or assets;

incur, create, assume, refinance, replace or prepay any indebtedness for borrowed money or issue or amend the terms of any debt securities of BRE or any of its subsidiaries, or assume, guarantee or endorse, or otherwise become responsible (whether directly, contingently or otherwise) for the indebtedness of any other

person;

make any loans, advances or capital contributions to, or investments in, any other person or entity (including to any of its officers, trustees, affiliates, agents or consultants), make any change in its existing borrowing or lending arrangements for or on behalf of such persons or entities, or enter into any keep well or similar agreement to maintain the financial condition of another entity;

enter into, renew, modify, amend or terminate, or waive, release, compromise or assign any rights or claims under, any material contract;

enter into, modify or terminate any ground lease or office lease;

make any material tax election, enter into any material closing agreement with a tax authority, file any amended tax return or change any method of accounting for tax purposes or annual tax accounting period;

take any action that could, or fail to take any action, the failure of which could, reasonably be expected to cause BRE to fail to qualify as a REIT;

incur any capital expenditures or any obligations or liabilities in excess of \$500,000 individually, or \$1,000,000 in the aggregate;

Table of Contents

Index to Financial Statements

increase the salary or bonus opportunity of any officers or directors, grant any officer or director any increase in severance or termination pay, or hire any officer with a title of vice president or higher;

enter into any agreement or arrangement that materially restricts BRE, or, after the closing of the merger, Essex or its subsidiaries or any successor thereto from engaging or competing in any line of business in which BRE is currently engaged or in any geographic area material to the business or operations of Essex;

change any of the accounting methods used by BRE or its subsidiaries, except for such changes required by GAAP or applicable law;

settle or compromise any material claim or legal proceeding where the amount paid in settlement or compromise exceeds \$500,000 individually or \$1,000,000 in the aggregate;

adopt a plan of complete or partial liquidation, dissolution, restructuring, recapitalization or other reorganization;

form any new joint ventures or funds;

undertake any development projects;

amend or modify the compensation terms or other obligations of BRE contained in the engagement letter with BRE's financial advisor;

modify or amend a specific lease option agreement to which a subsidiary of BRE is a party; or

enter into any written agreement, contract, commitment or arrangement to do any of the foregoing, or authorize in writing any of the foregoing.

However, nothing in the merger agreement prohibits BRE from taking any action that, in the reasonable judgment of BRE, upon advice of counsel, is reasonably necessary for BRE to maintain its qualification as a REIT under the Code for any period or portion thereof ending on or prior to the effective time of the merger or to qualify or preserve certain tax status of BRE subsidiaries, including making dividend or other distribution payments to stockholders of BRE.

Furthermore, BRE is permitted after giving prior notice to Essex to waive any outstanding standstill agreements with third parties if the BRE Board determines in good faith after consultation with BRE's outside legal advisors that the failure to do so would be inconsistent with the BRE Board's duties under applicable law.

Conduct of Business of Essex Pending the Merger

Essex has agreed to certain restrictions on it and its subsidiaries until the earlier of the effective time of the merger and the valid termination of the merger agreement. In general, except with BRE's prior written approval or as otherwise expressly required or permitted by the merger agreement or required by law, Essex has agreed that it will, and will cause each of its subsidiaries to, conduct its business in all material respects in the ordinary course and in a manner consistent with past practice, and use its commercially reasonable efforts to (i) maintain its material assets and properties in their current condition (normal wear and tear excepted), (ii) preserve intact in all material respects its current business organization, goodwill, ongoing businesses and significant relationships with third parties, and (iii) maintain the status of Essex as a REIT. Without limiting the foregoing, Essex has also agreed that it will not, and it will not cause or permit any of its subsidiaries to (subject to certain exceptions), among other things:

amend or propose to amend its organizational documents;

split, combine, subdivide or reclassify any shares of stock of Essex or any of its subsidiaries;

declare, set aside or pay any dividends on or make any other distributions with respect to shares of capital stock or other equity securities or ownership interests in Essex or any of its subsidiaries;

redeem, purchase or otherwise acquire any shares of Essex's capital stock or other equity interests of Essex or any of its subsidiaries;

acquire real property, personal property, business organizations or any division or material amount of assets thereof;

incur, create, assume, refinance, replace or prepay any indebtedness for borrowed money or issue or amend the terms of any debt securities of Essex or any of its subsidiaries, or assume, guarantee or endorse, or otherwise become responsible (whether directly, contingently or otherwise) for the indebtedness of any other person;

make any loans, advances or capital contributions to, or investments in, any other person or entity (including to any of its officers, trustees, affiliates, agents or consultants), make any change in its existing borrowing or lending arrangements for or on behalf of such persons or entities, or enter into any "keep well" or similar agreement to maintain the financial condition of another entity;

enter into, modify or terminate any ground lease;

make any material tax election, enter into any material closing agreement with a tax authority, file any amended tax return or change any method of accounting for tax purposes or annual tax accounting period;

take any action that could, or fail to take any action, the failure of which could, reasonably be expected to cause Essex to fail to qualify as a REIT;

change any of the accounting methods used by Essex or its subsidiaries, except for such changes required by GAAP or applicable law;

adopt a plan of complete or partial liquidation, dissolution, restructuring, recapitalization or other reorganization; or

enter into any written agreement, contract, commitment or arrangement to do any of the foregoing, or authorize in writing any of the foregoing.

However, nothing in the merger agreement prohibits Essex from taking any action that, in the reasonable judgment of Essex, upon advice of counsel, is reasonably necessary for Essex to maintain its qualification as a REIT under the Code for any period or portion thereof ending on or prior to the effective time of the merger or to qualify or preserve certain tax status of Essex subsidiaries, including making dividend or other distribution payments to stockholders of Essex.

Debt Exchange Offers

Pursuant to the merger agreement, Essex has agreed to cause Essex LP to use its commercially reasonable efforts to commence, no later than 30 business days prior to the closing date of the merger or any other date mutually agreed to by the parties, offers to exchange, with respect to all or substantially all of the outstanding aggregate principal amount of BRE's (i) 5.500% Notes due 2017, (ii) 5.200% Notes due 2021 and (iii) 3.375% Senior Notes due 2023, which we refer to collectively as the Notes, and related consent solicitations on Essex's behalf to amend, supplement and/or remove certain provisions in the indenture governing the Notes upon terms mutually agreed to by Essex and BRE after consultation with their respective legal and financial advisors. The new notes will be issued by Essex LP pursuant to a private placement. In addition, Essex and BRE agreed that the new notes will (i) have substantially the same covenant package as is included in the indenture that governs Essex's most recent issuance of senior notes, (ii) have the same interest rates, interest payment dates, record dates, maturity dates, and discount rates used in the make-whole formulations as are included in the Notes and (iii) include such other customary terms and conditions as are reasonably acceptable to BRE and Essex. Essex and BRE agreed that the closing of the debt exchange offers will be conditioned upon the closing of the merger and acknowledged and agreed that the consummation of the debt exchange offers is not a condition to the obligation of Essex and BRE to consummate the merger and the other transactions contemplated by the merger agreement.

No Solicitation of Transactions

BRE will not, nor will it permit any of its subsidiaries to, and will use its reasonable best efforts to cause its and its subsidiaries' representatives not to, directly or indirectly, (i) solicit, initiate or knowingly facilitate any inquiry, offer or request that constitutes, or reasonably could be expected to result in, any Competing Proposal (as defined below), (ii) participate in any negotiations regarding, or furnish any material nonpublic information relating to BRE in connection with a Competing Proposal, (iii) engage in discussions with any person with respect to any Competing Proposal, (iv) approve or recommend, or propose publicly to approve or recommend, any Competing Proposal, (v) withdraw, change, amend, modify or qualify, or otherwise propose publicly to withdraw, change, amend, modify or qualify, in a manner adverse to Essex or Merger Sub, or otherwise make any statement or proposal inconsistent with, the recommendation of the BRE Board in favor of the merger, (vi) enter into any letter of intent, agreement in principle, merger agreement, asset purchase or share exchange agreement, option agreement or other similar agreement or commitment related to any Competing Proposal, or (vii) resolve, propose or agree to do any of the foregoing.

For the purposes of the merger agreement, **Competing Proposal** means any proposal made by a person, entity or group (other than a proposal or offer by Essex or any of its subsidiaries) at any time which is structured to permit such person or group to acquire beneficial ownership of at least 20% of the assets of, equity interest in, or businesses of, BRE or any BRE subsidiary (whether pursuant to a merger, consolidation or other business combination, sale of shares of capital stock, sale of assets, tender offer, exchange offer, joint venture or otherwise, including any single or multi-step transaction or series of related transactions), in each case other than the merger or the other transactions contemplated by the merger agreement.

Notwithstanding the restrictions set forth above, the merger agreement provides that, at any time prior to the approval of the merger at BRE's special meeting, the BRE Board is permitted, subject to first entering into a confidentiality agreement having provisions that are no less favorable to those contained in the confidentiality agreement between Essex and BRE (provided that such confidentiality agreement is not required to contain standstill provisions), to engage in discussions and negotiations with, or furnish any nonpublic information to, any person in response to a written Competing Proposal by such person that did not result from a breach of the no solicitation provisions of the merger agreement and which the BRE Board determines in good faith (after consultation with outside legal counsel and financial advisors) constitutes or is reasonably likely to lead to a Superior Proposal (as defined below), if and only to the extent that the BRE Board concludes in good faith (after consultation with outside legal counsel) that failure to do so would be inconsistent with their duties under applicable law. BRE will provide Essex with a copy of any nonpublic information or data provided to a third party substantially simultaneously with furnishing such information to such third party.

For purposes of the merger agreement, **Superior Proposal** means a written Competing Proposal (that did not result from a material breach of the no solicitation provisions of the merger agreement) for or in respect of at least a majority of the outstanding shares of BRE common stock or assets of BRE, made by any person or entity on terms that the BRE Board determines in good faith, after consultation with BRE's financial and legal advisors, and considering such factors as the BRE Board considers to be appropriate (including all regulatory and timing aspects of such proposal and the availability of financing), are more favorable to BRE and its stockholders than the merger, which Competing Proposal is reasonably likely to be consummated.

BRE must notify Essex promptly (but in no event later than 24 hours) after receipt of any Competing Proposal, or any request for nonpublic information relating to BRE or any of its subsidiaries by any person that informs BRE or any of

its subsidiaries that it is considering making a Competing Proposal, or any inquiry from any person seeking to have discussions or negotiations with BRE relating to a possible Competing Proposal. The notice will be made orally and confirmed in writing, and will indicate the identity of the person making the Competing Proposal, inquiry or request and the material terms and conditions of any inquiries, proposals or offers (including a copy thereof if in writing and any related documentation or correspondence). BRE will also promptly, and in any event within 24 hours, notify Essex, orally and in writing, if it enters into discussions or

negotiations concerning any Competing Proposal or provides nonpublic information or data to any person and keep Essex informed in all material respects of the status and terms of any such proposals, offers, discussions or negotiations on a current basis, including by providing a copy of all material documentation or correspondence relating thereto.

Notwithstanding the restrictions above, with respect to a Competing Proposal, the BRE Board may make a change in recommendation (and in the event that the BRE Board determines the Competing Proposal to be a Superior Proposal, terminate the merger agreement), if and only if (i) a Competing Proposal (that did not result from a breach of the no solicitation provisions of the merger agreement) is made to BRE and is not withdrawn, (ii) the BRE Board has concluded in good faith (after consultation with outside legal counsel and financial advisors) that such Competing Proposal constitutes a Superior Proposal, (iii) the BRE Board has concluded in good faith (after consultation with outside legal counsel) that failure to do so would be inconsistent with its duties under applicable law, (iv) three business days, which we refer to as the notice period, has elapsed since BRE has given written notice to Essex advising Essex that it intends to take such action and specifying in reasonable detail the reasons therefor, including the terms and conditions of any such Superior Proposal that is the basis of the proposed action, (v) during such notice period, the BRE Board has considered and, at the reasonable request of Essex, engaged in good faith discussions with Essex regarding, any adjustment or modification of the terms of the merger agreement proposed by Essex, and (vi) the BRE Board, following such notice period, again reasonably determines in good faith (after consultation with outside legal counsel and financial advisors, and taking into account any adjustment or modification of the terms of the merger agreement proposed by Essex) that such Competing Proposal constitutes a Superior Proposal. Upon any material amendment to the Superior Proposal giving rise to the notice, BRE is required to deliver a new notice and commence a new negotiation period of two business days.

For the purposes of the merger agreement, in circumstances not involving or relating to a Competing Proposal, the BRE Board may make a change in recommendation if and only if (i) a material development or change in circumstances has occurred or arisen after December 19, 2013 that was neither known to the BRE Board nor reasonably foreseeable by the BRE Board as of December 19, 2013 (and which change or development does not relate to a Competing Proposal), (ii) the BRE Board has first reasonably determined in good faith (after consultation with outside legal counsel) that failure to do so would be inconsistent with its duties under applicable law, (iii) three business days, which we refer to as the intervening event notice period, will have elapsed since BRE has given a notice of recommendation change to Essex advising that the BRE Board intends to take such action and specifying in reasonable detail the reasons therefor, (iv) during the intervening event notice period, the BRE Board has considered and, at the reasonable request of Essex, engaged in good faith discussions with Essex regarding, any adjustment or modification of the terms of the merger agreement proposed by Essex, and (v) the BRE Board, following such intervening event notice period, again reasonably determines in good faith (after consultation with outside legal counsel, and taking into account any adjustment or modification of the terms of the merger agreement proposed by Essex) that failure to do so would be inconsistent with their duties under applicable law. In the event the BRE Board does not make a change in recommendation following such intervening event notice period, but thereafter determines to make a change in recommendation in circumstances not involving a Competing Proposal, the foregoing procedures will apply anew and will also apply to any subsequent withdrawal, amendment or change.

The merger agreement requires BRE to, and to cause its subsidiaries to, immediately terminate any and all existing activities, discussions or negotiations with any third parties conducted prior to December 19, 2013 with respect to any Competing Proposal, and to use its reasonable best efforts to promptly inform its and its subsidiaries' respective representatives of these obligations.

Unless the merger agreement is validly terminated, notwithstanding a change in recommendation, BRE has agreed to submit the approval of the merger and the other transactions contemplated by the merger agreement to a vote of its stockholders.

Form S-4, Joint Proxy Statement/Prospectus; Stockholder Meetings

The merger agreement provides that Essex and BRE will prepare and cause to be filed with the SEC the joint proxy statement included in this joint proxy statement/prospectus and Essex agreed to prepare and file a registration statement on Form S-4 with respect to the merger, which includes this joint proxy statement/prospectus, in each case as promptly as reasonably practicable following the date of the merger agreement. Essex and BRE also will use their reasonable best efforts to (i) have the Form S-4 declared effective under the Securities Act as promptly as practicable after filing, (ii) ensure that the Form S-4 complies in all material respects with the applicable provisions of the Exchange Act or Securities Act, and (iii) to keep the Form S-4 effective for so long as necessary to complete the merger.

Each of Essex and BRE will use its reasonable best efforts to cause this joint proxy statement/prospectus to be mailed to their stockholders entitled to vote at their respective stockholder meetings and to hold their respective stockholder meetings as soon as practicable after the Form S-4 is declared effective. BRE also will include in the joint proxy statement/prospectus its recommendation to its stockholders that they approve the merger and the other transactions contemplated by the merger agreement, and Essex will include in the joint proxy statement/prospectus its recommendation to its stockholders that they approve the issuance of shares of Essex common stock as merger consideration, and each of Essex and BRE will use its reasonable best efforts to obtain its stockholder approval.

Access to Information; Confidentiality

The merger agreement requires both Essex and BRE to provide to the other, upon reasonable advance notice and during normal business hours, reasonable access to its properties, offices, books, contracts, commitments, personnel and records, and each of Essex and BRE are required to furnish reasonably promptly to the other a copy of each report, schedule, registration statement and other document filed prior to closing pursuant to federal or state securities laws and all other information concerning its business, properties and personnel as the other party may reasonably request.

Each of Essex and BRE will hold, and cause its representatives and affiliates to hold, any non-public information in confidence to the extent required by the terms of its existing confidentiality agreements.

Each of Essex and BRE will give prompt written notice to the other if, to the knowledge of such party, the occurrence of any state of facts, change, development, event or condition would cause, or would reasonably be expected to cause, any of the conditions to closing set forth in the merger agreement not to be satisfied or satisfaction to be materially delayed.

Efforts to Complete Transactions; Consents

Both Essex and BRE will use their reasonable best efforts to take all actions and do all things necessary, proper or advisable under applicable laws or pursuant to any contract or agreement to consummate and make effective, as promptly as practicable, the merger, including obtaining all necessary actions or nonactions, waivers, consents and approvals from governmental authorities or other persons or entities in connection with the merger and the other transactions contemplated by the merger agreement, defending any lawsuits or other legal proceedings challenging the merger agreement or the merger or other transactions contemplated by the merger agreement, and executing and delivering all additional instruments necessary to consummate the merger and the other transactions contemplated by the merger agreement and to fully carry out the purposes of the merger agreement. Essex and BRE will provide any

necessary notices to third parties and use their reasonable best efforts to obtain any third-party consents that are necessary, proper or advisable to consummate the merger. Additionally, Essex and BRE will use their reasonable best, good faith and diligent efforts to obtain a certain third party consent promptly after the date of the merger agreement.

Notification of Certain Matters; Transaction Litigation

Essex and BRE will provide prompt notice to the other of any notice received from any governmental authority in connection with the merger agreement or the transactions contemplated by the merger agreement, including the merger, or from any person or entity alleging that its consent is or may be required in connection with any such transaction.

Each of Essex and BRE will provide prompt notice to the other if any representation or warranty made by it in the merger agreement becomes untrue or inaccurate, or if it fails to comply with or satisfy in any material respect any covenant, condition or agreement contained in the merger agreement, in each case such that it would be reasonable to expect that the applicable closing conditions would be incapable of being satisfied by June 17, 2014.

Each of Essex and BRE will provide prompt notice to the other of any claims, actions, suits, arbitrations, alternative dispute resolution actions or any other judicial or administrative proceedings commenced or, to the party's knowledge, threatened against, relating to or involving such party or any of its subsidiaries in connection with the merger agreement, the merger or the other transactions contemplated by the merger agreement. BRE will allow Essex the opportunity to participate in, but not control, the defense and settlement of any stockholder litigation related to the Merger Agreement and will not to agree to a settlement of any stockholder litigation without Essex's consent (not to be unreasonably withheld, conditioned or delayed) under certain circumstances.

Indemnification of Directors and Officers; Insurance

From and after the effective time of the merger, pursuant to the terms of the merger agreement and subject to certain limitations, the Combined Company will honor and fulfill in all respects the obligations of BRE to the fullest extent permissible under applicable laws, under BRE's organizational documents in effect on December 19, 2013 and under any indemnification or other similar agreements in effect on December 19, 2013, which we refer to as the Indemnification Agreements, to the individuals covered by such organizational documents or Indemnification Agreements, which we refer to as the Covered Persons, arising out of or relating to actions or omissions in their capacity as such occurring at or prior to the effective time of the merger, including in connection with the approval of the merger agreement and the transactions contemplated by the merger agreement.

Without limiting the foregoing, for a period of six years after the effective time of the merger, the Combined Company will, or will cause Merger Sub to: (i) indemnify and hold harmless each Covered Person against and from any costs or expenses (including attorneys' fees), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, to the extent such claim, action, suit, proceeding or investigation arises out of or pertains to: (A) any action or omission or alleged action or omission in such Covered Person's capacity as such, or (B) the merger agreement and any of the transactions contemplated by the merger agreement; and (ii) pay in advance of the final disposition of any such claim, action, suit, proceeding or investigation the expenses (including attorneys' fees) of any Covered Person upon receipt of an undertaking by or on behalf of such Covered Person to repay such amount if it will ultimately be determined that such Covered Person is not entitled to be indemnified. Notwithstanding anything to the contrary in the merger agreement, neither the Combined Company nor Merger Sub will settle or compromise or consent to the entry of any judgment or otherwise seek termination with respect to any claim, action, suit, proceeding or investigation of a Covered Person for which indemnification may be sought unless such settlement, compromise, consent or termination includes an unconditional release of the Covered Person from all liability arising out of such claim, action, suit, proceeding or investigation. Notwithstanding anything to the contrary contained in the

merger agreement, no Covered Person may settle or compromise or consent to the entry of any judgment or otherwise seek termination with respect to any claim, action, suit, proceeding or investigation of a Covered Person for which indemnification may be sought under without the prior consent of the Combined Company (which consent will not be unreasonably withheld, delayed or conditioned).

For a period of six years after the effective time of the merger, the charter and bylaws of Merger Sub or any of its successors or assigns will contain provisions no less favorable with respect to indemnification, advancement of expenses and exculpation of Covered Persons for periods prior to and including the effective time of the merger than are currently set forth in BRE's organizational documents. The Indemnification Agreements with Covered Persons that survive the merger will continue in full force and effect in accordance with their terms.

Subject to certain limitations set forth in the merger agreement, BRE may, prior to closing, purchase a directors' and officers' liability insurance tail or runoff insurance program for a period of six years after the effective time of the merger with respect to wrongful acts and/or omissions committed or allegedly committed at or prior to the effective time of the merger, which coverage must have an aggregate coverage limit over the term of such policy in an amount not to exceed the annual aggregate coverage limit under BRE's existing directors' and officers' liability policy, and in all other respects shall be comparable to such existing coverage, provided that the cost of such program may not exceed 250% of the annual premiums paid as of December 19, 2013 by BRE for directors' and officers' liability insurance, which we refer to as the base premium, and further provided that if such insurance coverage cannot be obtained at all, or can only be obtained at a cost in excess of the base premium, BRE may purchase the most advantageous policies of tail or run-off directors' and officers' insurance obtainable for a cost equal to the base premium.

Public Announcements

Each of Essex and BRE will, subject to certain exceptions, obtain the other party's consent (which consent will not be unreasonably withheld, conditioned or delayed) before issuing any press release or other announcement with respect to the merger or the merger agreement.

Other Covenants and Agreements

The merger agreement contains certain other covenants and agreements, including covenants and agreements related to:

each of Essex and BRE using its respective reasonable best efforts to cause the merger to qualify as a reorganization under the Code;

the Combined Company and its subsidiaries, during the period commencing on the closing and ending twelve months thereafter, providing each employee of BRE and its subsidiaries who remains employed by Merger Sub or any subsidiary thereof with (i) compensation (excluding any equity-based compensation) that is not less favorable in the aggregate than the compensation provided to similarly situated employees of Essex, (ii) severance benefits that are no less favorable than the severance benefits provided to such continuing employee by BRE immediately prior to the effective time of the merger, and (iii) employee benefits that are, in the aggregate, no less favorable than those provided to similarly situated employees of Essex;

except for regular quarterly dividends payable by BRE and Essex, neither BRE nor Essex declaring or setting aside any dividend or other distribution to their respective stockholders from December 19, 2013 to

the earlier of the effective time of the merger or the termination of the merger agreement, subject to certain exceptions;

Essex having the right to make an irrevocable election by written notice to BRE, which must be delivered to BRE at least fifteen business days prior to the initial scheduled date for the BRE stockholder meeting, to require BRE to sell, and Essex or its designees to purchase, on the business day prior to the effective time of the merger, certain to-be-identified assets or interests of BRE as designated by Essex in the notice with a net equity value not exceeding \$1,000,000,000; and

the bridge loan facility, and BRE, its subsidiaries and its representatives using their commercially reasonable efforts to provide all reasonable cooperation requested by Essex in connection with the documentation and arrangement of any debt financing including the bridge loan facility to the extent that such cooperation does not unreasonably interfere with the ongoing operations of BRE and its subsidiaries.

Conditions to Completion of the Merger

Mutual Closing Conditions

The obligation of each of Essex, Merger Sub and BRE to effect the merger is subject to the satisfaction or, to the extent permitted by law, waiver, at or prior to the closing date, of the following conditions:

approval of the merger and the other transactions contemplated by the merger agreement by BRE stockholders;

approval of the issuance of shares of Essex common stock to BRE stockholders in the merger by Essex stockholders;

Termination of the Merger Agreement

Termination by Mutual Agreement

The merger agreement may be terminated at any time before the effective time of the merger by the mutual consent of Essex and BRE in a written instrument, even after approval of BRE stockholders or approval of Essex stockholders.

Termination by Either BRE or Essex

The merger agreement may also be terminated prior to the effective time of the merger by either BRE or Essex if:

there has been a breach by the other party of any of the covenants or agreements or any of the representations, warranties, covenants or agreements set forth in the merger agreement on the part of such other party, which breach, (i) in the case of BRE, either individually or in the aggregate, would result in, if occurring or continuing on the closing date, the failure of certain closing conditions to be satisfied, and (ii) in the case of Essex or Merger Sub, would reasonably be expected to prevent, or materially impair or delay, the ability of either Essex or Merger Sub to perform its obligations under the merger agreement, or to consummate the merger and the other transactions contemplated by the merger agreement, unless in each case such breach is reasonably capable of being cured, has been cured within the earlier of (x) twenty calendar days after the receipt of notice thereof by the defaulting party from the non-defaulting party, or (y) June 12, 2014 (provided that this termination right will not be available to a party that is in material breach of any of its own respective representations, warranties, covenants or agreements set forth in the merger agreement);

the effective time of the merger shall not have occurred on or before midnight, New York City time on June 17, 2014 (provided that this termination right will not be available to a party whose breach of any representation, warranty, covenant or agreement set forth in the merger agreement has been the primary cause of, or resulted in, the failure of the merger to occur on or before such date);

a governmental authority of competent jurisdiction has issued a final, non-appealable order, decree or ruling permanently restraining, enjoining or otherwise prohibiting the merger or the other transactions contemplated by the merger agreement (provided that the party seeking to terminate the agreement shall have complied with its obligation to use reasonable best efforts to prevent the entry of and remove such order, decree or ruling);

stockholders of BRE failed to approve the merger and the other transactions contemplated by the merger agreement at a duly convened special meeting (provided that this termination right will not be available to BRE if the failure to obtain that BRE's stockholder approval was primarily due to BRE's material breach of certain provisions of the merger agreement); or

stockholders of Essex failed to approve the issuance of shares of Essex common stock as merger consideration at a duly convened special meeting (provided that this termination right will not be available to Essex if the failure to obtain that Essex's stockholder approval was primarily due to Essex's material breach of certain provisions of the merger agreement).

Termination by BRE

The merger agreement may also be terminated by BRE by written notice to Essex at any time prior to the approval of the merger and the other transactions contemplated by the merger agreement by BRE stockholders, in order to enter into any alternative acquisition agreement with respect to a Superior Proposal; provided, that BRE must concurrently pay the termination fee plus the expense reimbursement described below under Termination Fee and Expenses Payable by BRE to Essex.

Termination by Essex

The merger agreement may also be terminated by Essex by written notice to BRE at any time prior to the approval of the merger and the other transactions contemplated by the merger agreement by BRE stockholders, if (i) the BRE Board has effected a change in recommendation, (ii) the BRE Board approves, adopts, recommends to BRE stockholders to approve or adopt, or enters into an agreement with respect to any Competing Transaction (other than certain confidentiality agreements); (iii) BRE fails to include in this joint proxy statement/prospectus the recommendation of the BRE Board in favor of the approval of the merger; (iv) if a tender offer or exchange offer for 20% or more of the outstanding shares of BRE capital stock is commenced, and the BRE Board does not recommend against acceptance of such tender offer or exchange offer by its stockholders within ten business days following commencement of such offer (or, in the event of a change in the terms of the tender offer, within ten business days of the announcement of such changes); (v) BRE has materially breached its obligations under the no solicitation provision of the merger agreement; or (vi) BRE publicly announces its intention to do any of the foregoing (provided that Essex's right to terminate the merger agreement shall expire at 5:00 p.m., California time, on the tenth business day following the date on which Essex became aware that the event permitting such termination occurred).

Termination Fee and Expenses Payable by BRE to Essex

BRE has agreed to pay a termination fee of \$170 million if:

BRE receives a Superior Proposal with respect to BRE, and the BRE Board has determined in good faith (after consulting with its outside legal counsel) that failure to accept such Superior Proposal is reasonably likely to be inconsistent with the exercise of the duties of the members of the BRE Board (or any committee thereof) under applicable laws, and BRE terminates the merger agreement;

Essex terminates the merger agreement because (i) the BRE Board has effected a change in recommendation, (ii) the BRE Board approves, adopts, recommends to BRE stockholders to approve or adopt, or enters into an agreement with respect to any Competing Transaction (other than certain confidentiality agreements); (iii) BRE fails to include in this joint proxy statement/prospectus the recommendation of the BRE Board in favor of the approval of the merger; (iv) if a tender offer or exchange offer for 20% or more of the outstanding shares of BRE capital stock is commenced, and the BRE Board does not recommend against acceptance of such tender offer or exchange offer by its stockholders within ten business days following commencement of such offer (or, in the event of a change in the terms of the tender offer, within ten business days of the announcement of such changes); (v) BRE has materially breached its obligations under the no solicitation provision of the merger agreement; or (vi) BRE publicly announces its intention to do any of the foregoing;

All of the following occurs (in which case, the termination fee will be less, if applicable, any reimbursable expenses previously paid by BRE to Essex):

Essex terminates the merger agreement because (i) stockholders of BRE failed to approve the merger and the other transactions contemplated by the merger agreement at a duly convened special meeting, or (ii) BRE has breached any representation, warranty, covenant or agreement set forth in the merger agreement that would, or would reasonably be expected to, result in certain closing conditions not being satisfied, and which breach has not been cured pursuant to the terms of the merger agreement,

the BRE Board has received prior to the meeting of BRE stockholders a Competing Proposal, which was not withdrawn at or prior to the time of the stockholder meeting or prior to the termination of the merger agreement, and

within twelve months after termination of the merger agreement, BRE consummates a Competing Transaction or enters into an agreement providing for a Competing Transaction (that is later consummated)

BRE has agreed to pay any out-of-pocket fees and expenses actually incurred up to a maximum of \$10 million if the merger agreement is terminated (i) by either BRE or Essex because stockholders of BRE failed to approve the merger and the other transactions contemplated by the merger agreement at a duly convened special meeting, or (ii) by Essex because BRE has breached any representation, warranty, covenant or agreement set forth in the merger agreement that would, or would reasonably be expected to, result in certain closing conditions not being satisfied, and which breach has not been cured pursuant to the terms of the merger agreement.

Expenses Payable by Essex to BRE

Essex has agreed to pay any out-of-pocket fees and expenses actually incurred up to a maximum of \$10 million if the merger agreement is terminated (i) by either BRE or Essex because stockholders of Essex failed to approve the issuance of shares of Essex common stock as merger consideration at a duly convened special meeting, or (ii) by BRE because Essex or Merger Sub has breached any representation, warranty, covenant or agreement set forth in the merger agreement that would reasonably be expected to prevent, or materially impair or delay, the ability of either Essex or Merger Sub to perform its obligations under the merger agreement, or to consummate the merger and the other transactions contemplated by the merger agreement, and which breach has not been cured pursuant to the terms of the merger agreement.

Financing Related to the Merger

Debt Financing

The merger is not conditioned upon Essex having received any financing at or prior to the effective time of the merger. However, in connection with the merger and the transactions contemplated by the merger agreement, Essex has entered into a commitment letter with Citigroup Global Markets Inc., UBS AG, Stamford Branch and UBS Securities LLC, whose banking affiliates we collectively refer to as the Lenders, pursuant to which the Lenders have committed to provide a senior unsecured bridge loan facility of up to \$1 billion, which we refer to as the bridge loan facility, subject to the conditions set forth in the commitment letter. If drawn upon, the proceeds of the bridge loan facility may be used to (i) pay a portion of the consideration in the merger, (ii) pay various fees and expenses incurred in connection with the merger, and/or (iii) repay certain indebtedness of BRE and its subsidiaries. The bridge loan facility is structured as a 364-day unsecured term loan facility available in a single draw on the closing date of the merger.

The obligations of the Lenders to provide the financing under the commitment letter are subject to a number of conditions (including conditions that do not relate directly to the merger agreement), including without limitation: (i) consummation of the merger in accordance with the merger agreement (without giving effect to any amendments, modifications or waivers to the merger agreement that are materially adverse to the interests of the Lenders without the prior written consent of the Lenders) substantially contemporaneously with the funding of the bridge loan facility; (ii) no default or event of default with respect to Essex, Essex LP or Merger Sub existing at the time of funding of the bridge loan facility relating to a breach of certain material covenants and other customary events; (iii) that since January 1, 2013, subject to the exceptions and qualifications set forth in the commitment letter, there has not been any Parent Material Adverse Effect or any Target Material Adverse Effect (as such terms are defined in the commitment letter); (iv) delivery of certain customary financial statements with respect to Essex and BRE; (v) payment of all costs, fees, expenses and other compensation as contemplated by the commitment letter; (vi) delivery of certain customary closing documents; and (vii) the accuracy of certain customary representations and warranties.

The commitment letter expires on the earliest of (i) the consummation of the bridge loan facility and (ii) April 18, 2014, provided that if either Essex or BRE has not obtained the approval of Essex stockholders or BRE stockholders, as the case may be, contemplated by the merger agreement by April 18, 2014, the commitment letter will expire on May 18, 2014.

The bridge facility does not amortize and is unsecured. Borrowings may be made at interest rates equal to the Eurodollar rate, plus a margin of 100 to 205 basis points, or a base rate, plus a margin of 0 to 105 basis points. The applicable margin will be determined based on Essex's senior unsecured long-term non-credit enhanced debt ratings. The interest rates will increase (i) by 0.25% from and after the day that is 90 days following the date the bridge loan facility closes, (ii) by an additional 0.25% from and after the date that is 180 days following the date the bridge loan facility closes (for an aggregate increase of 0.50%), and (iii) by an additional 0.25% from and after the date that is 270 days following the date the bridge loan facility closes (for an aggregate increase of 0.75%).

In addition, the terms of the financing commitment include the following, without limitation: (i) a maturity date at 364 days from the closing of the bridge facility, (ii) certain voluntary and mandatory prepayment and commitment reduction provisions including with respect to debt and equity issuances and dispositions as set forth in the commitment letter, (iii) customary financial covenants, and (iv) customary representations and warranties, affirmative and negative covenants, events of default and conditions to borrowings.

Pursuant to such financing commitment and in accordance with the terms of fee letter entered into among the Lenders, Essex LP and Merger Sub, the Lenders expect to receive certain customary fees, some of which are based on their pro rata participation under the commitment letter, from Essex LP and Merger Sub, including certain fees payable depending on various circumstances and contingencies. In addition, the fee letter includes certain customary market-flex provisions.

Essex, Essex LP and Merger Sub have the right to use alternative financing in connection with the consummation of the merger and are under no obligation to draw upon the financing commitment from the Lenders. Essex is currently exploring the availability of alternative financing including through existing unsecured credit facilities, asset sales, joint ventures or other financing arrangements.

Asset Sale and Special Distribution

The merger agreement provides that Essex may make an irrevocable election by written notice to BRE no later than 5 p.m. Pacific Time on the business day that is at least 15 business days prior to the BRE special meeting, to require that BRE sell, and for Essex or one or more persons designated by Essex to purchase, on the business day prior to the effective time of the merger, certain to-be-identified assets of BRE and/or its subsidiaries as specified by Essex in the election notice. Pursuant to the merger agreement, the net equity value of the disposition assets in the Asset Sale may not in the aggregate exceed \$1 billion.

Essex currently anticipates delivering such notice and that the disposition assets will be contributed to one or more joint ventures to be formed between BRE and one or more third parties. Essex will acquire the remaining interests in such joint ventures in the merger. The merger agreement provides that, assuming the Asset Sale occurs in accordance with the terms set forth in the merger agreement, the net proceeds received by BRE from the third-party venture partner(s), or a portion thereof, as determined by BRE after consultation with Essex, will be paid as a dividend to BRE stockholders of record as of the close of business on the business day preceding the effective time of the merger as the Special Distribution. The amounts distributed as a Special Distribution will reduce the cash consideration by the per share amount of such Special Distribution. The amount of the Special Distribution is intended to be at least equal to BRE's earnings and profits generated from the Asset Sale. In any event, BRE stockholders will receive \$12.33 in cash, without interest, in connection with the merger whether as a result of the payment of the Special Distribution or payment of the cash consideration in the merger or a combination thereof.

The closing of the Asset Sale is not a condition precedent to the merger and does not require stockholder approval. If the merger is not completed for any reason, the Asset Sale will not be completed. If the Asset Sale and proposed joint venture or sale of the disposition assets does not close, Essex may seek alternative financing

as described above or may utilize the bridge loan facility. As of the date of this joint proxy statement/prospectus, Essex has not entered into any definitive agreement with any person regarding the Asset Sale. However, Essex has entered into non-binding term sheets related to the formation of institutional joint ventures involving properties valued at between \$800 and \$900 million.

Miscellaneous Provisions

Payment of Expenses

The merger agreement provides that each party will pay its own fees and expenses in connection with the merger agreement, except (i) as described above under Termination of the Merger Agreement Termination Fee and Expenses Payable by BRE to Essex and Termination of the Merger Agreement Termination Fee and Expenses Payable by Essex to BRE, and (ii) Essex shall pay, whether or not the merger or any other transaction contemplated by the merger agreement is consummated, all expenses incurred in connection with (a) printing, filing and mailing this joint proxy statement/prospectus and all SEC and other regulatory filing fees incurred in connection with this joint proxy statement/prospectus, (b) any filing with antitrust authorities, and (c) the exchange agent. Notwithstanding anything to the contrary contained in the merger agreement, Essex shall pay the amount of any documentary, sales, use, real property transfer, real property gains, registration, value-added, transfer, stamp, recording and other similar taxes, fees, and costs together with any interest thereon, penalties, fines, costs, fees, additions to tax or additional amounts with respect thereto incurred in connection with the merger agreement and the transactions contemplated thereby.

Specific Performance

The parties to the merger agreement are entitled to injunctions, specific performance and other equitable relief to prevent breaches of the merger agreement and to enforce specifically the terms and provisions of the merger agreement in addition to any and all other remedies at law or in equity.

Amendment

The parties to the merger agreement may amend the merger agreement by an instrument in writing signed by each of the parties, provided that, after approval of the merger and the other transactions contemplated by the merger agreement by BRE's stockholders, no amendment may be made which by law requires further approval by such stockholders without such further approval. Certain provisions of the merger agreement relating to the bridge loan facility may not be modified, waived or terminated in a manner that is adverse in any respect to a Lender under the bridge loan facility or a party related to the Lender without the prior written consent of the Lender or related party.

Waiver

Prior to the effective time of the merger, Essex, Merger Sub or BRE may extend the time for performance of any obligations of the other or waive any inaccuracies in the representations and warranties of the other or the other party's compliance with any agreements or conditions contained in the merger agreement.

Governing Law

The merger agreement is governed by the laws of the State of Maryland, without giving effect to conflicts of laws principles.

CORPORATE GOVERNANCE

Director Independence

Under independence standards established by the Essex Board, a director does not qualify as independent unless the Essex Board affirmatively determines that the director has no material relationship with Essex, either directly or as a partner, stockholder or officer of an organization that has a relationship with Essex. The Essex Board considers such facts and circumstances as it deems relevant to the determination of director independence. To assist in making its determination regarding independence, the Essex Board considers, at a minimum, the following categorical standards:

A director is not independent if the director is, or has been within the last three years, an employee of Essex, or an immediate family member is, or has been within the last three years, an executive officer of Essex.

A director is not independent if the director has received, or has an immediate family member that is an executive officer of Essex and who has received, during any twelve-month period with the last three years, more than \$120,000 in direct compensation from Essex (other than director and committee fees and compensation or other forms of deferred compensation for prior service, which compensation is not contingent upon continued service). Consistent with the commentary of the applicable NYSE listing standards, compensation received by a director for former service as an interim Chairman or Chief Executive Officer or other executive officer need not be considered in determining independence under this test, and compensation received by an immediate family member for service as an employee of the listed company (other than an executive officer) need not be considered in determining independence under this test.

A director is not independent if (i) the director or an immediate family member is a current partner of a firm that is Essex's internal or external auditor; (ii) the director is a current employee of such a firm, (iii) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (iv) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on Essex's audit within that time.

A director is not independent if the director or an immediate family member is, or has been within the last three years, employed as an executive officer of any other company where any of Essex's present executive officers concurrently serves or served on that company's Compensation Committee.

A director is not independent if the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, Essex for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues.

A director is not independent if the director serves an executive officer of any tax exempt organization to which Essex has made, within the last three years, contributions in any single fiscal year that exceeded the greater of \$1 million or 2% of such tax exempt organization's consolidated gross revenues.

The Essex Board has determined that the following directors and nominees for director have no material relationship with Essex (either directly or as a partner, stockholder or officer of an organization that has a relationship with Essex), and each is independent within the meaning of independence as set forth in the rules of the NYSE: David W. Brady, George M. Marcus, Gary P. Martin, Issie N. Rabinovitch, Thomas E. Randlett, Byron A. Scordelis, Janice L. Sears and Claude J. Zinngrabe, Jr.

In determining the independence of Mr. Marcus, the Essex Board considered the matters that refer to Mr. Marcus set forth under "Certain Relationships and Related Persons Transactions" below. In determining

Table of Contents

Index to Financial Statements

the independence of Mr. Martin, the Essex Board considered that his adult son is employed by Essex at an entry level position and is not an executive officer. The Essex Board also considered the ownership of Essex equity securities by the directors and determined, in accordance with principles of the NYSE listing standards, that such ownership is not inconsistent with a determination of independence.

Compensation Committee Interlocks and Insider Participation

Essex's Compensation Committee was formed in June 1994. No interlocking relationship existed in 2013 or presently exists between any member of the Compensation Committee or the Essex Board on the one hand and another company's compensation committee or board of directors on the other hand. Certain transactions and relationships between Essex and certain of its officers and directors are set forth below in the section titled Certain Relationships and Related Persons Transactions.

Relationships Among Directors or Executive Officers

There are no family relationships among any of the directors or executive officers of Essex.

Certain Relationships and Related Persons Transactions

Policies and Procedures with Respect to Related Person Transactions

Essex has adopted written related party transaction guidelines that are intended to cover transactions in which Essex (including entities it controls) is a party and in which any related person has a direct or indirect interest. A related person means any Essex director, director nominee, or executive officer, any beneficial owner of more than 5% of outstanding Essex common stock, and any immediate family member of any of the foregoing persons. A related person may be considered to have an indirect interest in a transaction if he or she (i) is an owner, director, officer or employee of or otherwise associated with another company that is engaging in a transaction with Essex, or (ii) otherwise, through one or more entities or arrangements, has an indirect financial interest in or personal benefit from the transaction.

The related person transaction review and approval process is intended to determine, among any other relevant issues, the dollar amount involved in the transaction; the nature and value of any related person's direct or indirect interest (if any) in the transaction; and whether or not (i) a related person's interest is material, (ii) the transaction is fair, reasonable, and serves the best interest of Essex and its stockholders, and (iii) whether the transaction or relationship should be entered into, continued or ended.

Generally:

the Audit Committee will review single related person transactions up to \$75 million and determine whether or not to approve the transaction, prior to Essex committing to the transaction.

the Audit Committee and the Nominating and Corporate Governance Committee will jointly review a single related person transaction in excess of \$75 million or related person transactions that in the aggregate exceed

\$100 million in any calendar year, and such transaction shall be approved by each Committee, prior to Essex committing to the transaction.

These transactions may also be ratified by such Committee or Committees no later than their next regularly scheduled meetings.

The guidelines also list types of related person transactions that are governed by specific approval procedures:

Routine Transactions up to \$1,000,000 that might involve a related person: generally transactions with a related person for ordinary course goods or services with established pricing practices, such as broker commissions for listing or buying properties, do not require prior committee approval but are to be reported to the Audit Committee for ratification.

Index to Financial Statements

Property Transactions: the acquisition or disposition of properties that may involve a related person are governed by the general approval procedure set forth above for transactions at the \$75 million and \$100 million thresholds (with associated Audit Committee, or Audit Committee and Nominating and Corporate Governance Committee approval, or ratification), except that the guidelines list specified information relating to acquisitions or dispositions to be provided to the reviewing committee(s), including a description of the related person's direct or indirect interest in the transaction, the underwriting process, risk and mitigation information, the property marketing process, and analysis of comparable transactions, valuation or other relevant metrics. For two years after an acquisition involving a related person, the Audit Committee will receive reports concerning actual versus underwritten performance.

Preferred Equity/Subordinate Debt Transactions: these types of transactions with a related person, regardless of the amount involved, must be approved or ratified by both the Audit Committee and Nominating and Corporate Governance Committee. The committees must be provided information concerning the proposed transaction that is comparable to that set forth above for property transactions, and reports must be made to the Audit Committee quarterly as to the status of the transaction and promptly as to any default or similar event. Unless otherwise approved by the Essex Board, the amount outstanding under, or invested pursuant to, all preferred equity/subordinate debt transactions involving the same related person may not exceed \$50 million.

The guidelines also state that the Essex Board is to be annually provided a report of the related person transactions that have been entered into since the date of the last such report to the Essex Board.

Agreements between Mr. Marcus and Essex

George Marcus, the Chairman of Essex, is also involved in other real estate businesses. Mr. Marcus has entered into a written agreement with Essex pursuant to which Mr. Marcus has agreed (1) that he will not divert any multifamily property acquisition and/or development opportunities, which involve properties in Essex's geographic areas and with more than one hundred rental units, that are presented to him in his capacity as Chairman of Essex to any of his affiliated companies, (2) that he will not divulge any confidential or proprietary information regarding property acquisition and/or development opportunities that may be received by him in his capacity as Chairman of Essex to any of his affiliated companies and (3) that he will absent himself from any and all discussions by the Essex Board regarding any proposed acquisition and/or development of a multifamily property where it appears that there may be an actual conflict of interest with any of his affiliated companies. This agreement was approved by the independent directors (other than Mr. Marcus) of Essex.

Other Transactions

Essex's Chairman and founder, George Marcus, is the Chairman of the Marcus & Millichap Company, referred to as MMC, which is a holding company of a diversified group of real estate service, investment and development firms. Mr. Marcus is also the Co-Chairman of MMI, and Mr. Marcus owns a controlling interest in MMI. MMI is a national brokerage firm listed on the NYSE that underwent its initial public offering in 2013.

The preferred return for this investment during the first five years was 13% per annum. In the third quarter of 2013, Essex restructured the terms of the preferred equity investment, reducing the rate from 13% to 9%, while extending the maximum term by one year. Independent directors (other than Mr. Marcus) on the Essex Board approved the investment in this entity.

Also, during the third quarter of 2012, Essex acquired Montebello, a 248 unit apartment community in Kirkland, Washington for \$52.0 million from an entity affiliated with MMC, and Wesco I, LLC acquired Riley Square (formerly Waterstone Santa Clara), a 156 unit apartment community in Santa Clara, California for \$38.3 million from an entity affiliated with MMC. Independent directors (other than Mr. Marcus) on the Essex Board approved the acquisitions of Montebello and Riley Square.

During the second quarter of 2010, the independent directors (other than Mr. Marcus) approved the partial redemption for cash by Essex LP of limited partnership units in Essex LP that were held by Mr. Marcus, at \$106.76 per unit representing a 2% discount from the closing price of Essex common stock on May 17, 2010. Essex LP purchased 187,334 units from Mr. Marcus. Under Essex LP's partnership agreement, limited partnership units are exchangeable on a one-for-one basis into shares of Essex common stock.

During the first quarter of 2010, an Executive Vice President of Essex invested \$4.0 million for a 3% limited partnership interest in a partnership with Essex that owns Essex Skyline at MacArthur Place. The Executive Vice President's investment is equal to a pro-rata share of the contributions to the limited partnership. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary. Essex's goals for its executive compensation program are (i) to attract, motivate and retain experienced, effective executives, (ii) to direct the performance of those executives with clearly defined goals and measures of achievement, and (iii) to align the interests of management with the interests of Essex's stockholders. With regard to absolute levels of executive compensation and the compensation programs, the Compensation Committee of the Essex Board periodically reviews relevant information about competitive pay levels and structures but also considers a number of other factors, as described below.

Each year the Essex Board sets annual corporate goals that are generally designed to promote stockholder value creation over a multiple year period. These corporate goals are used as the basis for measuring management performance, a key consideration in granting both cash bonuses and long term equity. These goals, which include measures of performance on both an absolute basis as well as relative to peers, are described in more detail in the discussion below. Goals for 2013 included specific company performance metrics such as per share growth in FFO, yields from recent investment transactions relative to the pro-forma underwriting, increasing same property NOI, and discretionary objectives, such as progress on specific corporate initiatives. In 2013, Essex also adopted a new long-term equity incentive compensation program focusing on Essex's absolute and relative total stockholder return. The compensation of Essex's executive officers also reflects performance against individual and (where appropriate) business unit goals, as described in the discussion below.

Stockholder advisory approval of Essex's executive compensation. In 2013, Essex held a say-on-pay vote on Essex's executive compensation program as set forth in the proxy statement and 97.8% of the votes cast voted for the proposal. The Compensation Committee considered the results of the stockholder vote in finalizing 2014 compensation but because a substantial majority of stockholders approved the compensation program, the Compensation Committee continued to apply the same principles in determining the amounts and types of executive compensation and did not implement substantial changes as a result of the stockholder advisory vote. An advisory vote to approve the compensation of Essex's named executive officers will be held on an annual basis until the next required vote on the frequency of stockholder votes is held.

Role and Procedures of the Compensation Committee. The Compensation Committee, composed of independent, non-employee directors, determines and approves the compensation arrangements for the named executive officers. The Committee has the authority to select, retain and terminate special counsel and other experts (including compensation consultants) as the Committee deems appropriate.

In 2013 the Compensation Committee retained Mercer to select a peer group of fifteen REITs and complete a review of the executive compensation levels and practices relative to the peer group. In 2013 the Compensation Committee engaged Mercer to complete a review of board compensation relative to the same peer group used for management compensation and to recommend the number of shares to include in the 2013 Stock Award and Incentive Compensation Plan.

Mercer has not provided any services to Essex other than to the Compensation Committee with respect to executive and board compensation matters, reports directly to the Compensation Committee and not to management, and is independent from Essex. The Compensation Committee has assessed the independence of Mercer pursuant to, and taking into account factors listed in, applicable SEC rules and concluded that the work of Mercer has not raised any

conflict of interest.

While the Compensation Committee determines Essex's overall compensation philosophies and sets the compensation for Essex's CEO and other executive officers, it looks to the CEO to make recommendations with respect to both overall compensation policies and specific compensation decisions. For the upcoming fiscal year, Essex's CEO recommends to the Compensation Committee the levels of base salary, targeted annual bonus and long-term equity for the named executive officers other than himself, within the elements of compensation

otherwise established by the Compensation Committee. The sum of such base salaries and targeted bonuses and long term equity compensation, if any, is included in the Essex annual business plan, which is approved by the Essex Board. Also, at that time, the Compensation Committee reviews and approves goals for the upcoming year for specific executive officers. Such goals may include company-wide, business unit and individual goals.

At the end of a fiscal year, the Essex Board reviews actual performance against such goals and, in consultation with the CEO and as discussed further below, sets the actual bonuses to be paid to the executive officers. The CEO also provides the Compensation Committee with his perspective on the performance of Essex's executive officers as well as a self-assessment of his own performance. The Compensation Committee establishes the compensation package for the CEO. Essex's Chief Financial Officer also attends certain of the Compensation Committee's meetings to provide perspective on the competitive landscape and the needs of the business and to discuss potentially new elements for the executive officer's compensation packages.

The following fifteen REITs (all are equity REITs, five of which are headquartered in California, nine are reasonably similar to Essex in revenue and market capitalization and ten invest primarily in apartments) are considered in an annual peer comparison prepared by Mercer based on publicly filed proxy materials.

The Compensation Committee considered the peer group information in determining overall compensation levels in light of the Compensation Committee's view of appropriate, market-based compensation levels. However, the Compensation Committee did not utilize any specific or numeric percentile or other benchmark within the peer group companies for this purpose.

Compensation Program Objectives. The objectives of Essex's compensation program for named executive officers are to:

Attract, retain, and motivate executive officers through the overall design and mix of cash, equity, and short and long-term compensation elements;

Reward individual performance by tying significant portions of short-term compensation in the form of salary and annual bonus opportunity to achievement of individual performance; and

Align the interests of executive officers with the interests of Essex's stockholders by tying significant portions of short and long-term compensation, in the form of annual bonus and long-term equity based awards, to increasing distributable cash flow to stockholders, and increasing the value of Essex's common stock based on the acquisition, development, redevelopment and onsite property management of apartment communities.

Table of Contents**Index to Financial Statements**

Within these objectives, the Compensation Committee believes that the primary goal of Essex's executive compensation program should be related to creating stockholder value. The Compensation Committee seeks to offer the named executive officers competitive compensation opportunities based upon their personal performance, the financial performance of Essex as compared to other REITs, and their contribution to that performance. The executive compensation program is designed to attract and retain executive talent that contributes to long-term success, to reward the achievement of Essex's short-term and long-term strategic goals, to link executive officer compensation and stockholder interests through equity-based plans, and to recognize and reward individual contributions to corporate performance.

Key elements. The key elements of Essex's current compensation program for the named executive officers are summarized in the table below:

Compensation element:	Why this element is included:	How the amount of this element is determined:	How this element fits in the overall program:
Base salary	Customary element necessary to hire and retain executives.	Base salary and any changes in salary are based on views of individual retention or performance factors and market data at peer companies (but without specific benchmarking).	Short-term cash compensation that is fixed and paid during the year.
Annual bonus	Customary element appropriate to motivate executives and tie a significant compensation opportunity to a mix of individual and corporate performance.	Annual bonus is based on both discretionary and non-discretionary performance criteria.	Short-term cash compensation that is contingent on Essex Compensation Committee discretion and review of non-discretionary criteria.
Equity incentive stock options grants and Essex LP Units (LTIP Units)	Equity compensation for long-term retention of management and alignment of stockholder interest that complements cash compensation and provides performance incentives.	Stock option awards and LTIP Unit awards are determined primarily based on how the award's grant date value relates to the officer's total compensation and how the vesting and other aspects of the awards might incentivize performance.	Long-term compensation is primarily contingent on performance goals and continued employment which are expected to be consistent with an increase in the long-term value of Essex's common stock into which the LTIP Units are ultimately convertible.

Perquisites	Customary element necessary to hire and retain executives.	Generally based on perquisites being offered by comparable companies.	A supplement to the base salary.

Base Salaries. None of Essex's executive officers have an employment agreement. Base salaries are viewed as a customary element necessary to hire and retain executive officers. Base salary and any changes in base salary are based on views of individual retention and/or performance factors and market data at peer companies, without benchmarking. For 2013, the Compensation Committee established base salaries in light of these considerations as well as subjective assessments of individual performance, scope of responsibilities, expertise and experience, and Essex's financial performance and condition. Further, based on the results of the study performed by Mercer in 2012, the Compensation Committee increased the salary of the Chief Executive Officer by \$100,000 per year effective April 1, 2013 which is slightly below the median of the peer group.

Executive	Salary 2012 (\$)	Salary 2013 (\$)	Percentage Change
Michael Schall, CEO	450,000	550,000	22.2%
Michael Dance, CFO	325,000	325,000	
Craig Zimmerman, EVP	325,000	325,000	
John Eudy, EVP	325,000	325,000	
John Burkart, EVP	275,000	275,000	

Annual Bonuses. Each named executive officer is eligible to earn an annual cash bonus based on the achievement of the operating performance budget approved by the Essex Board and the meeting of performance goals during the year. The performance goals used for determining an officer's annual bonus fall into one or more of the following categories, as determined by the Compensation Committee and by the CEO of Essex in his recommendations to the Compensation Committee:

individual performance;

corporate and business unit performance; and

the functions performed by the executive officer.

Table of Contents**Index to Financial Statements**

Each year a target bonus amount is established for each named executive officer, and the sum of all target bonuses are included in the Essex annual business plan which is approved by the Essex Board. To the extent that Essex does not meet its annual business plan targets and its results are less than the plan targets, the annual target bonus amounts can be reduced to zero. In years that Essex exceeds its financial targets, the Compensation Committee has awarded the named executive officers annual bonuses that are as much as twice the individual's target bonus amount. Essex's named executive officers target bonuses are set forth below:

Executive	Targeted Discretionary Bonus (\$)	Targeted Non-Discretionary Incentive Bonus (\$)	Maximum Bonus (\$)
Michael Schall, CEO	250,000	250,000	750,000
Michael Dance, CFO	150,000	150,000	450,000
Craig Zimmerman, EVP	150,000	150,000	450,000
John Eudy, EVP	150,000	150,000	450,000
John Burkart, EVP	150,000	150,000	450,000

The Targeted Non-Discretionary Incentive Bonus is tied to achieving corporate performance goals. Each executive will be paid based on meeting objective corporate performance goals with a maximum opportunity of up to 200% of the targeted non-discretionary bonus if specific performance levels exceed the objective corporate performance goals at levels consistent with Essex's high end of its 2013 guidance.

Essex believes that Funds from Operations, or FFO, per share and Core Funds from Operations, or Core FFO, per share are the primary corporate performance measures. The Essex Board reviews and approves an annual FFO and Core FFO per share target. The Compensation Committee monitors management's achievement of the set dollar amount target and on a relative basis (ranking in the top quartile of the multifamily REITs with respect to Core FFO per share growth). The target levels for the dollar amount of FFO and Core FFO per share changes from year to year and are dependent on a number of factors, including expectations surrounding internal and external earnings, general economic conditions, real estate fundamentals and other specific circumstances facing Essex in the coming year. The Compensation Committee also establishes FFO and Core FFO goals that are consistent with the board approved operating plan for Essex. For 2013, the following specific goals were set for corporate performance:

- 1) Same-property NOI growth of 7%, adjusted for dispositions;
- 2) FFO per diluted share of \$7.70; and Core FFO per diluted share of \$7.55;
- 3) Increase FFO with external growth investments consistent with the FFO guidance provided to common stock investors; and
- 4) Actual results exceeding underwritten yields from 2011 and 2012 acquisitions and developments.

The named executive officers earned approximately 90% of their performance targets and 95% of their discretionary targets in 2013.

A portion of each executive's bonus for 2013 also relates to achievement of both objective and subjective individual factors, including the evaluation of the officer's handling of his day-to-day responsibilities, and individual performance

goals and, in some cases, business unit goals. For 2013, the primary individual-based bonus criteria for were as follows:

Mr. Schall's goals included achieving Essex's financial and operating objectives, including ranking in the top quartile of multifamily REITs with respect to Core FFO results, establishing a career planning process for high impact employees, restructuring Essex's economic research activities to improve the long term portfolio performance and other strategic initiatives.

Mr. Dance's goals included achieving Essex's financial and operating objectives, including ranking in the top quartile of multifamily REITs with respect to Core FFO results, overseeing the implementation of a human resource information system and improving Essex's equity compensation programs consistent with best corporate governance practices.

Mr. Eudy's goals included the initiation of two new development starts with projected capitalization rates of an appropriate premium over acquisition capitalization rates and completing eight active development projects on time and on budget.

Mr. Zimmerman's goals included allocating capital via acquisitions to the supply constrained markets with the best return potential and other investments at returns that exceed the cost of capital.

Mr. Burkart's goals included identifying assets for renovations to improve their long term performance including unit upgrades to achieve targeted returns, the disposition of assets that are not expected to achieve the desired long term returns on investment, and to earn a minimum of a \$3 million promote from the liquidation of Fund II.

The 2013 discretionary and non-discretionary bonuses for the named executive officers ranged from approximately 127% to 155% of their annual base salary amounts.

Long-Term Equity Incentives. The Essex long-term equity incentive program is designed to provide an opportunity for management to share in the value creation to stockholders. The Compensation Committee approves the granting of new equity based compensation awards as well as determining the performance criteria for the annual increases in the conversion ratio (equivalent to vesting) for Z-1 incentive unit awards and the terms of performance criteria for LTIP Units.

Prior to 2013, awards granted under the Essex long-term incentive program included restricted operating partnership units, referred to as "Z-1 incentive units", issued and sold to designated executive officers in 2004, 2005, 2010 and 2011. These incentive units are convertible into limited partnership units of Essex LP, which are exchangeable for shares of Essex common stock. The conversion ratio generally starts at zero upon issuance of the awards and may increase up to 14% each year and up to 20% in certain circumstances in the year following their initial issuance, in which Essex meets the performance criteria set forth in the plan. The Compensation Committee may revise the criteria for increases in the conversion ratio to reflect different or additional parameters, objectives or performance measures if it determines that the funds from operations per share performance measure is no longer appropriate for establishing management objectives or that the target levels are no longer feasible in light of factors or circumstances outside of Essex's control (such as general economic conditions, legal/regulatory changes, war or similar events). To change such criteria, the Compensation Committee must further determine that the revised criteria are, as a whole, comparable or more effective for analyzing the performance of Essex and incentivizing the executives and that such amended or revised criterion shall not be more difficult to achieve than the funds from operations target measure set forth in the plan. The sale of these incentive units is contractually prohibited; Z-1 incentive units are convertible into operating partnership common units which are exchangeable for shares of Essex common stock that may have marketability restrictions.

In December 2013, the Compensation Committee granted to each of Essex's named executive officers stock options at an exercise price of \$152.63 per share (the fair market value on the date of grant), vesting 20% on December 10, 2014 and 1/60th monthly thereafter. The Compensation Committee determined the relative amounts of these awards based primarily on considerations of how the grant date value of each award related to the total compensation of each officer, and how the long term vesting and incentive aspects of each award would incentivize Essex's executive team to focus on longer term corporate performance. The Compensation Committee also made an overall subjective determination that the awards reflected an appropriate part of total compensation for the officers in light of the longer term value that might be realized from the awards if applicable performance targets are met.

On December 10, 2013, Essex, as general partner of Essex LP, executed the Third Amended and Restated Agreement of Limited Partnership of Essex LP, which we refer to, as amended, as the Partnership Agreement, which amended and restated the Second Amended and Restated Agreement of Limited Partnership of Essex LP, as previously amended. This amendment established the terms of a new class of partnership interests designated as LTIP Units, which are intended to be utilized by Essex and Essex LP in its equity compensation programs in lieu of the Z-1 incentive units.

LTIP Units are structured to qualify as profits interests for U.S. federal income tax purposes. As profits interests, LTIP Units initially will not have full parity, on a per-unit basis, with Essex LP common units with respect to liquidating distributions. Upon the occurrence of specified events, LTIP Units can over time achieve full parity with Essex LP common units and therefore accrete to an economic value for the participant equivalent to Essex LP common units. This accretion to parity is driven, in part, by partnership tax rules and is based on the book capital account associated with LTIP Units for tax purposes. Generally, the book capital account associated with LTIP Units when they are initially issued is zero. Economic parity is reached when the book capital account of the LTIP Units has grown, through special allocations of unrealized or realized gain, to be equal to that of an equal number of common units. Events that allow such special allocations under the partnership agreement and applicable federal tax regulations include the issuance or redemption by Essex LP of more than a de minimis amount of partnership units. If such parity is achieved, LTIP Units may be converted, subject to the satisfaction of applicable vesting conditions, on a one-for-one basis into Essex LP common units, which in turn may be converted by the holder for shares of Essex common stock on a one-for-one basis. Whether or not such parity has been achieved, LTIP Units will entitle the holder to receive regular or other non-liquidating distributions per unit from Essex LP that are equivalent to the dividends and distributions per share that would be made with respect to the number of shares of common stock of Essex underlying such LTIP Units multiplied by the sharing percentage specified in the award agreement for such LTIP Units.

On December 10, 2013, the Compensation Committee approved and granted LTIP Unit awards, which we refer to as the 2014 Long-Term Incentive Plan Awards, to each of Essex's named executive officers pursuant to a new performance-based, long-term incentive compensation program that is based on Essex's total stockholder return. Pursuant to the 2014 Long-Term Incentive Plan Awards, each recipient was initially granted a number of LTIP Units, 90% of which are subject to performance-based vesting, and 10% of which are subject to service-based vesting based on continued employment. One-third of the performance-based vesting of the LTIP Units initially granted will be eligible to be earned by recipients based on Essex's absolute total stockholder return and two-thirds will be eligible to be earned based on Essex's relative total stockholder return, in each case, during a one-year performance period beginning on the initial grant date of the awards.

LTIP Units earned based on the criteria set forth above will remain subject to service-based vesting, with 25% of the LTIP Units earned vesting on each of the first four anniversaries of the initial grant date, subject to the recipient's continued employment through such dates. The Compensation Committee determined the relative amounts of these awards based primarily on considerations of how the grant date value of each award related to the total compensation of each officer, and how the long term vesting and incentive aspects of each award would incentivize Essex's executive team to focus on longer term corporate performance.

In the event of a change in control (as defined in the 2014 Long-Term Incentive Plan award agreements) during the performance period, the LTIP Units will be earned based on Essex's performance from the beginning of the performance period through the date of the change in control, on an annualized basis.

If a recipient's employment is terminated in circumstances constituting a terminating event (as defined in the 2014 Long-Term Incentive Plan award agreements), then all LTIP Units will fully vest upon such termination; provided that such LTIP Units will remain subject to performance-based vesting if such termination occurs before performance-based vesting has been determined. A terminating event, generally, includes termination of employment by Essex other than for cause (as defined in the 2014 Long-Term Incentive Plan award agreements) or upon death or disability or by the recipient for good reason (as defined in the 2014 Long-Term Incentive Plan award agreements) that occurs, in either event, in connection with or within 24 months after a change in control.

Before LTIP Units are earned, recipients are only entitled to receive distributions on the LTIP Units subject to service-based vesting. After LTIP Units subject to performance-based vesting are earned, recipients will be entitled to receive distributions on the LTIP Units that are earned equal to the dividends and distributions per share that would be made with respect to the number of shares of common stock of Essex underlying such earned LTIP Units.

The Compensation Committee granted 2014 Long-Term Incentive Plan Awards for the following amounts of LTIP Units, subject to performance-based and service-based vesting, to Essex's named executive officers: Michael J. Schall 9,000 LTIP Units; Michael T. Dance 5,000 LTIP Units; John D. Eudy 5,000 LTIP Units; Craig K. Zimmerman 5,000 LTIP Units; and John F. Burkart 5,000 LTIP Units.

Nonqualified Deferred Compensation. Named executive officers are currently permitted to make elections to defer up to 100% of their base salaries and bonuses under Essex's Deferred Compensation Plan. Essex believes that providing the named executive officers and other eligible employees with nonqualified deferred compensation opportunities is a cost-effective supplemental benefit that enables named executive officers to defer income tax on deferred salary and bonus payments, even though Essex also defers the related deduction. Essex makes no matching contributions to the plan. Additional information concerning this deferred compensation plan is set forth in the Nonqualified Deferred Compensation table and related text below.

Retirement Benefit. Named executive officers are eligible to participate in the Essex tax-qualified 401(k) plan. Essex does not make any additional matching contributions to the officers' accounts. Essex does not maintain any defined benefit, pension, or supplemental or excess retirement plans for the named executive officers.

Severance and Other Benefits Upon Termination of Employment or Change of Control. Under the Essex Property Trust, Inc. Executive Severance Plan, which was amended and restated March 12, 2013, each of Essex's named executive officers would be entitled to benefits defined under the plan if, within the period commencing 2 months prior to a change in control (as defined in the section titled "Potential Payments Upon Termination or Change of Control") of Essex (if the termination were in connection with a change of control) and ending 24 months after a change of control, the individual's employment is terminated by the employer for any reason other than cause (as defined in the plan), death or disability, or if the individual resigns for good reason (as defined in the plan).

The benefits in such event generally consist of:

severance payments of two times current annual base salary and two times the individual's average annual bonus for the three calendar years preceding the change in control;

continuation of health, dental and life insurance for up to 24 months to be paid by Essex;

accelerated vesting of all outstanding, unvested equity-based compensation awards and Series Z-1 incentive units that are not assumed or substituted in connection with a change in control (the vesting will accelerate at the time of a change in control if such awards or units are not assumed or substituted in connection with a change in control of Essex); and

outplacement services provided at the cost of Essex.

Severance payments and benefits are subject to withholding and other potential requirements of applicable income tax law. Individuals participating in the plan are not entitled to any tax gross up in respect of excise taxes, if any, that might arise under the golden parachute sections of the federal income tax law (Section 280G of the Code), and may be subject to a reduction in benefits if any such excise tax were applicable and the reduced benefit would maximize the after-tax payment to the participant.

The Compensation Committee believes that these provisions provide a reasonable level of continued economic benefit to the named executive officer if a change of control and related termination event were to

occur, are a reasonable balance to the at will nature (and lack of fixed terms) of employment for the officers, and provide a reasonable level of incentive for the covered individuals to remain with Essex prior to any proposal or contemplation of, and during any negotiations for, a change of control. The Compensation Committee also believes that the 2 years cash severance payment, the accelerated vesting of equity awards and other reasonable severance benefits, together with the absence of a tax gross-up provision, is in line with or provides lesser benefits than the scope of change of control benefits offered by many companies the Compensation Committee considers to be comparable. Generally, the existence of this plan, and the potential benefits to executive officers under it, does not affect the annual determination of an executive officer's base salary, cash bonus or long-term incentive unit grants.

Life insurance and perquisites. Named executive officers receive automobile allowances or leased automobiles, automobile insurance, annual DMV renewals, health and dental insurance and payment of life insurance premiums. The Compensation Committee believes that such perquisites are comparable to, or less than, what are provided by comparable companies.

Tax and Accounting Considerations. Section 162(m) of the Internal Revenue Code of 1986, as amended, prohibits Essex from deducting compensation in excess of \$1 million for certain executive officers unless certain performance, disclosure, and stockholder approval requirements are met. Option grants under the Essex 2013 Stock Award and Incentive Compensation Plan are intended to qualify as performance-based compensation not subject to the Section 162(m) deduction limitation. The Compensation Committee's present intention is to qualify, to the extent reasonable, a substantial portion of the executive officers' compensation for deductibility under applicable tax laws. However, the Compensation Committee reserves the right to design programs that incorporate a full range of performance criteria important to Essex's success, even where compensation payable under such programs may not be deductible.

Under the incentive program involving the issuance of Series Z-1 incentive units of limited partnership interests in Essex LP, vesting in the units is based on performance criteria established in the plan. The estimated fair value of a unit is determined on the grant date and considers Essex's current stock price, the unpaid dividends on unvested units and the discount factor for the 8 to 15 years of illiquidity. Compensation expense for the units is calculated by taking annual vesting increases multiplied by the estimated fair value as of the grant date less each unit's \$1.00 purchase price.

Stock ownership guidelines. Essex has stock ownership guidelines that require executives to acquire and hold a certain amount of Essex shares and all named executive officers were in compliance with such guidelines as of December 31, 2013.

- (1) These dollar amounts reflect the aggregate grant date fair value calculated in accordance with FASB ASC Topic 718 for the awards granted for the year indicated. The 2011 stock awards and 2014 Long-Term Incentive Plan Awards (granted December 10, 2013) are subject to performance conditions, and the grant date fair value of these awards is based on the probable outcome of the performance conditions calculated in accordance with ASC Topic 718. These dollar amounts do not represent payments actually received by the officers.

These awards consist of (i) for 2013, stock option awards and the 2014 Long-Term Incentive Plan Awards (described in the Grant of Plan Based Awards table, below), (ii) for 2012, stock option awards and (iii) for 2011, stock option awards and Series Z-1 incentive unit awards.

The grant date fair value of the performance-based stock awards granted in 2011 based on the maximum level of performance is as follows: \$418,200 for Mr. Schall, \$167,280 for Mr. Dance, \$167,280, for Mr. Eudy, \$167,280 for Mr. Zimmerman, and \$585,480 for

Mr. Burkart.

The grant date fair value of the 2014 Long-Term Incentive Plan Awards based on the maximum level of performance is as follows: \$587,970 for Mr. Schall, \$326,650 for Mr. Dance, \$326,650 for Mr. Eudy, \$326,650 for Mr. Zimmerman, and \$326,650 for Mr. Burkart.

The methodology used to calculate the values of the 2013 stock option awards and 2014 Long-Term Incentive Plan Awards is consistent with the methodology set forth in Note 13 of the Notes to Consolidated Financial Statements in Essex's Annual Report on Form 10-K for the year ended December 31, 2012.

- (2) For 2013, these amounts include the named executive officers' respective perquisites limited to Essex provided leased automobiles or automobile allowances, and payments of life insurance premiums of \$330, for Mr. Schall, Mr. Dance, Mr. Eudy, Mr. Zimmerman, and Mr. Burkart, respectively.

Nonqualified Deferred Compensation

The named executive officers are currently eligible to participate in the Essex Portfolio, L.P. 2005 Deferred Compensation Plan, which is referred to herein as the 2005 deferred compensation plan. The 2005 deferred compensation plan, which was adopted on December 2, 2008 and replaced an older plan, to comply with Section 409A of the Internal Revenue Code. Under the deferred compensation plan, eligible employees, which include the named executive officers of Essex, may elect in accordance with plan procedures to defer up to 100% of their base salary and up to 100% of their cash bonus (and other cash compensation) in any year, in each case, after taking into effect reductions due to income and payroll tax withholding and contributions to benefits plans. Essex does not currently make company matching contributions, although the plan allows Essex to make a discretionary contribution. Deferral elections under the 2005 deferred compensation plan must generally be made by December 15th of the calendar year proceeding the calendar year in which the compensation that is to be deferred is scheduled to be

earned.

Distributions of the deferred accounts under the 2005 deferred compensation plan are made on the earliest of (1) the participant's separation from service, as defined in the plan, (2) a change in control, as defined in the plan or (3) a date specified by the participant at the time the deferral election was made. The distributions are payable in a lump sum, except that a participant may elect a payout of amounts exceeding \$150,000 as of the distribution date over a period of 5, 10 or 15 annual installments. Distributions under the 2005 deferred compensation plan payable to a key employee (as defined in the plan) in connection with a separation from service will be delayed for six months (to the extent required to comply with Section 409A of the Internal Revenue Code).

Under the plans, the earnings in an officer's account are based on investment earnings (or losses) equal to the actual net investment earning or losses experienced by the investment selected by the participant. Accordingly, any

Table of Contents**Index to Financial Statements**

earnings are based solely upon the investment allocations directed by the officer. Essex does not make these investment decisions or guarantee any particular rate of return or other benefit under the plan. Under the investment policies of the plans, and subject to administrative approval, investments may be directed by the officer in any securities generally available and traded on US public markets. However, the plan prohibits investments such as derivative securities, securities issued by Essex, tax-exempt securities, foreign securities not listed on the NYSE, securities determined by the administrator to be illiquid, securities purchased on margin, and a number of other categories intended to limit the permitted investments to securities regularly and publicly traded in the US market. The plans do not impose specific limitations on the frequency of investment selections or changes in investments.

Although each participant's account is wholly unfunded, the investments selected by the officer are purchased by Essex in and for its own account, which account is maintained by Essex with a brokerage firm, and the return on the deferral account is derived solely from these purchased investments directed by the officer. The plan administrator will not monitor a participant's investment instructions, but it may require the participant to liquidate an investment that is determined to be inconsistent with the plan's investment policy, other plan provisions, or Essex's brokerage account agreement. The following table provides information concerning compensation deferred under the prior deferred compensation plan and the 2005 deferred compensation plan by the named executive officers as of the end of 2013.

Potential Payments upon Termination or Change of Control

Essex maintains an executive severance plan, which was amended and restated effective March 12, 2013, that covers the officers and members of senior management of Essex who are selected by the Essex Board and employees who were participating in the plan as of March 12, 2013, which includes, among others, Messrs. Schall, Dance, Eudy, Zimmerman and Burkart.

In addition, the plan provides that if within the period commencing 2 months prior to a change of control of Essex and ending 24 months thereafter, Essex terminates without cause any officer covered by the plan or the officer terminates his or her employment for good reason, (as these terms are defined in the plan), Essex will pay the officer an amount equal to twice such officer's current annual base salary, twice such officer's three-year average annual bonus, pay for up to 24 months of health, dental and life insurance premium benefits and outplacement services, and the equity awards held by the officer will fully vest and become exercisable. The severance amounts are payable in one lump sum within 31 days following the termination date, except that payments to officer who are specified employees at the time of payment will be subject to a 6-month delay. Good reason includes a number of circumstances including a substantial adverse change in the officer's authority, duty or power, a reduction in annual base salary, annual bonus opportunity or

certain employee benefits, certain relocations, failure to pay amounts owed to the officer, or a material breach by Essex under the plan. Severance payments and benefits are subject to withholding and other potential requirements of applicable income tax law. Individuals participating in the plan are not entitled to any tax gross up in respect of excise taxes, if any, that might arise under the golden parachute sections of the federal income tax law (Section 280G of the Code), and may be subject to a reduction in benefits if any such excise tax were applicable and the reduced benefit would maximize the after-tax payment to the participant.

A change of control under the executive severance plan is generally defined as: (a) the acquisition by any person or entity, together with all of their respective affiliates or associates, of securities representing 30 percent

Table of Contents**Index to Financial Statements**

or more of the combined voting power of Essex's then outstanding securities having the right to vote, (b) the persons who, as of March 12, 2013, constituted Essex Board (or the incumbent directors) cease to constitute a majority of such directors, provided that a person becoming a director subsequent to March 12, 2013 shall be considered an incumbent director if the person's election was approved by a vote of a majority of the incumbent directors, or (c) the consummation of any consolidation or merger of Essex where the stockholders of Essex, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, beneficially own shares representing in the aggregate 50 percent or more of the voting shares of the corporation issuing cash or securities in the consolidation or merger.

With respect to LTIP Units subject to performance-based vesting conditions granted as 2014 Long-Term Incentive Plan Awards, in the event of a change in control (as defined in the 2014 Long-Term Incentive Plan award agreements) during the performance period, the LTIP Units will be earned based on Essex's performance from the beginning of the performance period through the date of the change in control, on an annualized basis. Under the 2014 Long-Term Incentive Plan Awards, if a recipient's employment is terminated in circumstances constituting a terminating event (as defined in the 2014 Long-Term Incentive Plan award agreements), then all LTIP Units will fully vest upon such termination; provided that such LTIP Units will remain subject to performance-based vesting if such termination occurs before performance-based vesting has been determined. A terminating event, generally, includes termination of employment by Essex other than for cause (as defined in the 2014 Long-Term Incentive Plan award agreements) or upon death or disability or by the recipient for good reason (as defined in the 2014 Long-Term Incentive Plan award agreements) that occurs, in either event, in connection with or within 24 months after a change in control, as all such terms are defined in the 2014 Long-Term Incentive Plan Award agreements.

The table below illustrates hypothetical payments under the executive severance plan as if a change of control had occurred on December 31, 2013 and a defined termination occurred on such date:

Name	Payment for 2X Annual Salary/Bonus (\$)	24 months of benefits (\$)	Value of Accelerated Equity Awards (including LTIP Units) (\$)	Total(1) (\$)
Schall	2,270,351	22,000	3,142,643	5,434,994
Dance	1,467,544	22,000	1,928,679	3,418,223

Zimmerman	1,479,211	22,000	2,047,903	3,549,114
Burkart	1,323,211	22,000	2,246,476	3,591,867

- (1) The total does not include: (i) available balances under the nonqualified deferred compensation plan table preceding this table, (ii) any amounts due for accrued but unpaid wages under applicable law or under generally available benefit plans such as Essex's 401(k) plan, at the time of any employment termination, or (iii) the proceeds of insurance policies paid by insurance companies in the event of death or disability.

Director Compensation

Each director of Essex, who is not an executive officer, receives, or has received, the following compensation under Essex's current director compensation program adopted in May 2013:

An annual grant of options for that number of shares as determined by having the grant have a value of \$50,000 for directors and \$140,000 for the chairman of the board, respectively, as based on using the Black-Scholes option pricing methodology. With respect to annual grants of options, directors or the chairman can elect, in lieu of an option grant, to receive a restricted stock award for that number of shares as determined by having the restricted stock grant equal to a value of \$50,000, or in the case of the chairman, \$140,000.

Table of Contents**Index to Financial Statements**

The directors and the chairman of the board must make this election at the time of Essex's annual meeting, at which time such grant of options or restricted stock will be made. Annual grants of options or restricted stock will completely vest one year after the date of grant.

An annual cash retainer, paid quarterly, in the amount of \$30,000 per year.

A board attendance fee of \$1,000 per meeting attended.

A committee attendance fee up to \$750 per meeting, except as to regularly scheduled Audit Committee meetings, for which a \$2,000 attendance fee is paid. With the exception of meetings of the Audit Committee, no meeting attendance fees shall apply when both Essex Board and committee meetings occur on the same day.

A committee chairman fee of \$4,000 per year. The chairman of the Audit Committee, Mr. Randlett, receives \$15,000 per year, payable quarterly, in addition to the other compensation indicated above.

Each non-employee director, upon joining the Essex Board, receives an automatic grant of options for that number of shares as determined by having the grant have a value of \$80,000 based on the Black-Scholes option pricing methodology. Such options become exercisable as to one-third of the shares of common stock subject to the option on each yearly anniversary of the grant date, such that the options granted will be fully exercisable three years after the grant date. In the event of a change of control of Essex, the Essex Board may unilaterally cancel unexercised director options, after advance written notice has been provided to each affected director.

The table below summarizes the compensation Essex paid to directors for the fiscal year ended December 31, 2013. Mr. Schall, who served in 2013 as Essex's Chief Executive Officer, is not included in the table below because he did not receive for 2013 any additional compensation for services provided as a director. Mr. Guericke, who served as a part-time employee in 2013, received a salary and bonus shown below under All Other Compensation, but he did not receive any additional compensation for services provided as a director.

In addition, an aggregate of 2,031,513 shares of common stock may be issued upon the conversion of limited partnership interests in Essex LP and an additional 263,354 shares of common stock would be issuable in exchange for non-forfeitable Series Z-1 Incentive Units in Essex LP, subject to meeting certain requirements with respect to the Series Z-1 Incentive Units program. In addition, certain partners in limited partnerships in which Essex LP has invested, have the right to have their limited partnership interests in such partnership(s) redeemed for cash or, at Essex's option, for an aggregate of 1,007,879 shares of common stock. In addition, as of February 10, 2014, 178,249 shares of Essex's Series G Preferred Stock were issued and outstanding and 2,950,000 shares of Essex's Series H Preferred Stock were issued and outstanding.

Common Stock

The following description of Essex common stock sets forth certain general terms and provisions of Essex common stock. This description is in all respects subject to and qualified in its entirety by reference to the applicable provisions of Essex's charter and bylaws. The common stock is listed on the NYSE under the symbol "ESS". Computershare Investor Services, LLC is Essex's transfer agent.

The holders of the outstanding common stock are entitled to one vote per share on all matters voted on by stockholders, including elections of directors. Essex's charter provides that shares of common stock do not have cumulative voting rights.

Subject to the preferential rights of any outstanding series of capital stock, the holders of common stock are entitled to such distributions as may be authorized from time to time by the Essex Board and declared by Essex from funds

available for distribution to such holders. Essex currently pays regular quarterly dividends to holders of common stock out of funds legally available for distribution when, and if, authorized by the Essex Board.

In the event of a liquidation, dissolution or winding up of Essex, the holders of common stock are entitled to receive ratably the assets remaining after satisfaction of all liabilities and payment of liquidation preferences and

accrued dividends, if any, on any series of capital stock that has a liquidation preference. The rights of holders of common stock are subject to the rights and preferences established by the Essex Board for any capital stock that may subsequently be issued by Essex.

Essex is required to seek certain information from all persons who own, directly or by virtue of the attribution provisions of the Code, more than a certain percentage of Essex's outstanding stock. Stockholders who do not provide Essex with the information requested are required to submit such information with their U.S. federal income tax returns.

Restrictions on Transfer

In order for Essex to qualify as a REIT under the Code, among other requirements, no more than 50% of the value of the outstanding shares of Essex's stock may be owned, directly or indirectly, by five or fewer individuals, as defined in the Code, during the last half of a taxable year (other than Essex's first year as a REIT) or during a proportionate part of a shorter taxable year. In addition, Essex's stock must be owned by 100 or more persons during at least 335 days of a taxable year of 12 months (other than Essex's first year as a REIT) or during a proportionate part of a shorter taxable year.

Essex's charter, subject to certain exceptions, provides an ownership limit under which no stockholder, other than George M. Marcus (and his wife and children, trusts for the benefit of his descendants and, upon his death, his heirs), may own, or be deemed to own by virtue of the attribution provisions of the Code, more than 6.0% of the value of the issued and outstanding shares of Essex's stock (not including any shares of excess stock). However, the ownership limit provisions provide that a qualified trust, as defined in the charter, generally may own up to 9.9% of the value of the outstanding shares of Essex's stock. If George M. Marcus converts his limited partnership interests in Essex LP into shares of common stock, he may exceed the ownership limit. The ownership limit provisions therefore provide that George M. Marcus (and his wife and children, trusts for the benefit of his descendants and, upon his death, his heirs) may own up to 25% of the value of the outstanding shares of Essex's stock. The Essex Board may also exempt an underwriter of a public offering of Essex's stock or a person who is not an individual (as defined under the Code to include certain entities) from the ownership limit if it received satisfactory evidence that such stockholder's ownership of Essex's shares in excess of the ownership limit will not jeopardize Essex's status as a REIT. As a condition to providing such an exemption, the Essex Board must receive an opinion of counsel or ruling of the IRS and representations and agreements from the applicant with respect to preserving Essex's REIT status. However, the Essex Board cannot grant an exemption to the ownership limit if the applicant would own more than 25% of the value of the outstanding shares of Essex's stock, unless, in addition to the foregoing, the Essex Board receives a ruling from the IRS to the effect that such an exemption will not jeopardize Essex's status as a REIT. The Essex Board has granted an exemption to the ownership limit to the trusts that were shareholders of John M. Sachs, Inc. in connection with the issuance of common stock of Essex to such trusts for the acquisition of John M. Sachs, Inc. The Essex Board may also increase the ownership limit to a maximum of 9.9% and, in connection therewith, require opinions of counsel, affidavits, undertakings or agreements as it may deem necessary or advisable in order to preserve Essex's REIT status. If the Essex Board determines that it is no longer in Essex's best interests to attempt to qualify, or to continue to qualify, as a REIT, the ownership limit provisions of Essex's charter can be terminated.

If a stockholder attempts to transfer shares of stock that would (i) create a direct or indirect ownership of Essex's shares in excess of the ownership limit absent an exemption from the Essex Board, (ii) result in the ownership of Essex's stock by fewer than 100 persons, or (iii) result in the ownership of more than 50% of the value of Essex's stock (other than excess stock), directly or indirectly, by five or fewer individuals, as defined in the Code, the transfer shall

be null and void, and the intended transferee will acquire no rights to the shares. In addition, in the event of a transfer or attempted transfer, or other event, that would result in any person owning directly or indirectly, shares of Essex stock in excess of the ownership limit (or any limit created in connection with an exemption from the ownership limit) or that would result in the ownership of more than 50% of the value of Essex's stock, directly or indirectly, by five or fewer persons, such shares of Essex's stock will automatically be exchanged for shares of excess stock. All shares of excess stock will be automatically transferred, without

action by the purported holder, to a person who is unaffiliated with Essex or the intended transferee, as trustee for the exclusive benefit of one or more organizations described in Sections 170(b), 170(c) or 501(c)(3) of the Code as charitable beneficiary and designated by resolution of the Essex Board. Such shares of excess stock held in trust are considered issued and outstanding shares of Essex's stock. In general, the trustee of such shares is deemed to own the shares of excess stock held in trust for the exclusive benefit of the charitable beneficiary on the day prior to the date of the purported transfer or change in capital structure which resulted in the automatic transfer and has all voting rights and all right to receive distributions payable with respect to the excess shares. Any dividend or other distribution paid prior to the discovery by Essex that shares exchanged for excess stock will be repaid by the recipient to Essex upon demand or, if Essex elects, offset against any future dividends or distributions payable to the recipient. Subject to Maryland law, any vote cast by the purported owner of excess shares will be rescinded and recast in accordance with the direction of the trustee acting for the benefit of the charitable beneficiary.

Essex may cause the trustee to transfer a beneficial interest in the trust representing a number of shares of excess stock if the shares of excess stock would not be excess stock in the hands of the identified transferee. In the event of such a transfer, the purported transferee of the shares exchanged for excess stock may receive a price for its interest in such shares that is the lesser of (i) the price paid by the purported transferee or, if the purported transferee did not give value for the shares in connection with the event causing shares to be exchanged for excess stock (*e.g.*, a gift, devise or other similar transaction), the Market Price (as defined in Essex's charter) of the shares on the day of the event causing the shares to be exchanged for excess stock and (ii) the price received by the trustee from the sale or other disposition of the shares of excess stock. Upon any such a transfer, the shares of excess stock will automatically be exchanged for an equal number of shares of stock of the class and series originally exchanged for such shares of excess stock.

Shares of excess stock held in the trust will be deemed to have been offered for sale to Essex, or its designee, at a price per share equal to the lesser of (i) the price per share in the transaction that resulted in the exchange for shares of excess stock (or, in the case of a devise or gift, the Market Price at the time of the devise or gift) and (ii) the Market Price on the date that Essex, or its designee, accepts the offer. Essex will have the right to accept the offer for a period of ninety days after the later of the date of the transaction that resulted in the exchange for shares of excess stock and, if Essex does not receive prior notice of such transaction, the date that the Essex Board determines in good faith that a transaction resulting in excess stock has occurred.

Even if the provisions of the Code regarding REITs are changed to eliminate any ownership concentration limitation or increase the limitation, the ownership limitations in Essex's charter will not be automatically eliminated or modified. Except as described above, any change to such limitations would require an amendment to Essex's charter, which in turn would require the affirmative vote of holders owning a majority of the outstanding shares of Essex common stock. In addition to preserving Essex's status as a REIT, the ownership limit provisions in Essex's charter may have the effect of precluding an acquisition of control of Essex without the approval of the Essex Board.

All certificates representing shares of equity stock will bear a legend referring to the restrictions described above.

Description of Series G Preferred Stock

General

On July 31, 2006, Essex completed an offering of 5,980,000 shares of its Series G Preferred Stock at a public offering price of \$24.75 per share. The holders of Series G Preferred Stock are entitled to receive cumulative cash dividends on

the Series G Preferred Stock at a rate of 4.875% per year of the \$25.00 liquidation preference. The Series G Preferred Stock may be converted by the holder at an initial conversion rate of 0.1830 shares of common stock per \$25.00 liquidation preference (subject to adjustment in certain events), which is

equivalent to an initial conversion price of \$136.62 per share of common stock. The Series G Preferred Stock has no maturity date. During 2009, Essex repurchased 5,801,751 shares of the Series G Preferred Stock, and 178,249 shares of the Series G Preferred Stock are currently outstanding.

Upon the occurrence of certain events, holders of the Series G Preferred Stock may require the redemption for cash of all outstanding shares of such preferred stock, provided that holders of at least a majority of the shares of Series G Preferred Stock elect such redemption. With respect to the Series G Preferred Stock, if a fundamental change (as defined in the articles supplementary for the Series G Preferred Stock) occurs, holders will have the right to require the redemption for cash of some or all of their Series G Preferred Stock.

The description of the Series G Preferred Stock is in all respects subject to and qualified in its entirety by reference to the applicable provisions of Essex's charter and bylaws.

Optional Redemption and Optional Conversion

The Series G Preferred Stock may be converted, at Essex's option on and after July 31, 2011, at the then prevailing conversion rate, only if the closing sale price of Essex common stock equals or exceeds 130% of the then prevailing conversion price of the Series G Preferred Stock for at least 20 trading days in a period of 30 consecutive trading days.

Limited Voting Rights

If at any time full distributions shall not have been timely made on any Series G Preferred Stock with respect to any six (6) prior quarterly distribution periods, whether or not consecutive, and, the holders of such Series G Preferred Stock, voting together as a single class with the holders of each class or series of parity preferred stock upon which similar voting rights have been conferred and are exercisable will have the right to elect two additional directors to the Essex Board at a special meeting called by the holders of record of at least 10% of the then outstanding shares of Series G Preferred Stock, or any other class or series of parity preferred stock upon which similar voting rights have been conferred and are exercisable, or at the next annual meeting of stockholders, and at each subsequent annual meeting of stockholders or special meeting held in place thereof, until all such distributions in arrears and distributions for the current quarter have been paid in full. Thereafter, upon such payment in full, the holders of such class or series of preferred stock will be divested of their voting rights and the term of any member of the Essex Board elected by the holders of such class or series of preferred stock shall terminate. Holders of Series G Preferred Stock are entitled to one vote per \$50.00 of liquidation preference to which such series of preferred stock is entitled by its terms (excluding amounts in respect of accumulated and unpaid distributions).

In addition, while any shares of the Series G Preferred Stock are outstanding, Essex shall not, without the affirmative vote of the holders of at least two-thirds (2/3) of the outstanding shares of the Series G Preferred Stock, (voting separately as a class): (i) authorize or create, or increase the authorized or issued amount of, any class or series of shares ranking prior to the Series G Preferred Stock with respect to payment of distributions or rights upon liquidation, dissolution or winding-up or reclassify any authorized shares of Essex into any such shares, or create, authorize or issue any obligations or security convertible into or evidencing the right to purchase any such shares or (ii) either amend, alter or repeal the provisions of Essex's charter (including the articles supplementary pertaining to the Series G Preferred Stock) or bylaws, including by merger or consolidation, that would materially and adversely affect the preferences, other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications, or terms and conditions of redemption, of any outstanding shares of the Series G Preferred Stock.

The Series G Preferred Stock will have no voting rights other than as discussed above and as otherwise provided by applicable law.

Liquidation Preference

Subject to the rights of the holders of any other senior or parity preferred stock, each share of Series G Preferred Stock is entitled to a liquidation preference of \$25.00 per share, plus any accrued and unpaid dividends, in preference to any other class or series of capital stock of Essex.

Description of Series H Preferred Stock

General

During the second quarter of 2011, Essex issued 2,950,000 shares of its Series H Preferred Stock at a public offering price of \$25.00 per share for net proceeds of \$71.2 million, net of costs and underwriting discounts.

The description of the Series H Preferred Stock is in all respects subject to and qualified in its entirety by reference to the applicable provisions of Essex's charter and bylaws.

Ranking

The Series H Preferred Stock ranks senior to Essex's shares of common stock and to any other of Essex's future equity securities that Essex may later authorize or issue that by their terms rank junior to the Series H Preferred Stock with respect to the payment of dividends and the distribution of assets in the event of Essex's liquidation, dissolution or winding up. The Series H Preferred Stock ranks on a parity with (i) the Series G Preferred Stock, and (ii) any future equity securities that Essex may later authorize or issue that by their terms are on a parity with the Series H Preferred Stock. The Series H Preferred Stock ranks junior to any equity securities that Essex may later authorize or issue that by their terms rank senior to the Series H Preferred Stock. Any such authorization or issuance would require the affirmative vote of the holders of at least two-thirds of the outstanding shares of Series H Preferred Stock. The Series H Preferred Stock ranks junior to all of Essex's existing and future indebtedness.

Dividends

Subject to the rights of holders of stock ranking senior to, or on parity with, the Series H Preferred Stock as to the payment of dividends, holders of the Series H Preferred Stock will be entitled to receive, when and as authorized by the Essex Board and declared by Essex, out of funds legally available for the payment of dividends, cumulative cash dividends at the rate of 7.125% per annum of the \$25.00 per share liquidation preference, equivalent to \$1.78125 per annum per share of Series H Preferred Stock. Dividends on the Series H Preferred Stock are payable quarterly in arrears on or about the 15th day of January, April, July and October of each year.

The Essex Board will not authorize, and Essex will not pay, any dividends on the Series H Preferred Stock or set aside funds for the payment of dividends if the terms of any of Essex's agreements, including agreements relating to its indebtedness, prohibit that authorization, payment or setting aside of funds or provide that the authorization, payment or setting aside of funds is a breach of or a default under that agreement, or if the authorization, payment or setting aside of funds is restricted or prohibited by law. Essex is and may in the future become a party to agreements that restrict or prevent the payment of dividends on, or the purchase or redemption of, its shares of common stock. Under certain circumstances, these agreements could restrict or prevent the payment of dividends on or the purchase or redemption of shares of Essex's Series H Preferred Stock. These restrictions may be indirect (for example, covenants requiring Essex to maintain specified levels of net worth or assets) or direct. Essex does not believe that these

restrictions currently have any adverse impact on its ability to pay dividends on the Series H Preferred Stock.

Notwithstanding the foregoing, dividends on the Series H Preferred Stock will accrue whether or not Essex has earnings, whether or not there are funds legally available for the payment of dividends and whether or not dividends are authorized or declared. Accrued but unpaid dividends on the Series H Preferred Stock will not bear interest, and the holders of the Series H Preferred Stock will not be entitled to any dividends in excess of full

Table of Contents

Index to Financial Statements

cumulative dividends as described above. All of Essex's dividends on the Series H Preferred Stock, including any capital gain distributions, will be credited to the previously accrued dividends on the Series H Preferred Stock. Essex will credit any dividend made on the Series H Preferred Stock first to the earliest accrued and unpaid dividend due.

Except as provided in the following paragraph, Essex will not declare or pay any dividends, or set aside any funds for the payment of dividends, on its common stock or any other shares that rank junior to, or on a parity with, the Series H Preferred Stock, if any, or redeem or otherwise acquire Essex common stock or other junior shares, or shares ranking on a parity with the Series H Preferred Stock, unless Essex also has declared and either paid or set aside for payment the full cumulative dividends on the Series H Preferred Stock for the current and all past dividend periods. This restriction will not limit Essex's redemption or other acquisition of shares under incentive, benefit or share purchase plans for officers, directors or employees or others performing or providing similar services or for the purposes of enforcing restrictions upon ownership and transfer of Essex's equity securities contained in Essex's charter in order to preserve its status as a REIT.

If Essex does not declare and either pay or set aside for payment the full cumulative dividends on the Series H Preferred Stock and all shares that rank on a parity with Series H Preferred Stock, the amount which Essex has authorized and declared will be allocated pro rata to the Series H Preferred Stock and to each parity series of shares so that the amount declared for each Series H Preferred Stock and for each share of each parity series is proportionate to the accrued and unpaid dividends on those shares.

In the event of Essex's liquidation, dissolution or winding up, the holders of the Series H Preferred Stock will be entitled to be paid out of Essex's assets legally available for distribution to Essex stockholders liquidating distributions in cash or property at fair market value as determined by the Essex Board equal to a liquidation preference of \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of the payment. Holders of Series H Preferred Stock will be entitled to receive this liquidating distribution before Essex distributes any assets to holders of its common stock or any other shares of preferred stock that rank junior to the Series H Preferred Stock. The rights of holders of Series H Preferred Stock to receive their liquidation preference would be subject to preferential rights of the holders of any series of shares that is senior to the Series H Preferred Stock. After payment of the full amount of the liquidating distribution to which they are entitled, the holders of Series H Preferred Stock will have no right or claim to any of Essex's remaining assets. If Essex consolidates or merges with any other entity, sells, leases, transfers or conveys all or substantially all of its property or business, or engages in a statutory share exchange, Essex will not be deemed to have liquidated, dissolved or wound up its affairs. In the event Essex's assets are insufficient to pay the full liquidating distributions to the holders of Series H Preferred Stock and all other classes or series of Essex's equity securities ranking on a parity with the Series H Preferred Stock, if any, then Essex will distribute its assets to the holders of Series H Preferred Stock and all other classes or series of parity securities ratably in proportion to the full liquidating distributions they would have otherwise received.

Redemption

Essex may not redeem the Series H Preferred Stock prior to April 13, 2016, except as described below under "Special Optional Redemption" and under restrictions relating to Essex's qualification as a REIT for federal tax purposes. On and after April 13, 2016, upon no fewer than 30 days' nor more than 60 days' written notice, Essex may, at its option, redeem the Series H Preferred Stock, in whole or from time to time in part, by paying \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption.

If Essex redeems fewer than all of the shares of Series H Preferred Stock, the notice of redemption mailed to each stockholder will also specify the number of shares of Series H Preferred Stock that Essex will redeem from each stockholder. In this case, Essex will determine the number of shares of Series H Preferred Stock to be redeemed on a pro rata basis, by lot or by any other equitable method Essex may choose in its sole discretion.

Table of Contents

Index to Financial Statements

Subject to certain exceptions, unless full cumulative distributions on all shares of Series H Preferred Stock are declared and paid or set apart for payment for all past distribution periods and the then current distribution period, no shares of Series H Preferred Stock shall be redeemed unless all outstanding shares of Series H Preferred Stock are simultaneously redeemed.

The Series H Preferred Stock has no stated maturity and will not be subject to any sinking fund or mandatory redemption provisions, except as provided under restrictions relating to Essex's qualification as a REIT for federal tax purposes. In order to ensure that Essex continues to meet the requirements for qualification as a REIT, the Series H Preferred Stock will be subject to the restrictions on ownership and transfer set forth in Essex's charter.

Subject to applicable law, Essex may purchase Series H Preferred Stock in the open market, by tender or by private agreement.

Special Optional Redemption

Upon the occurrence of a Change of Control (as defined below), Essex may, at its option, redeem the Series H Preferred Stock, in whole or in part and within 120 days after the first date on which such Change of Control occurred, by paying \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption. If, prior to the Change of Control Conversion Date (as defined below), Essex has provided or provides notice of redemption with respect to the shares of Series H Preferred Stock (whether pursuant to Essex's optional redemption right or its special optional redemption right), the holders of such shares of Series H Preferred Stock will not have the conversion right described below under Conversion Rights.

If Essex redeems fewer than all of the outstanding shares of Series H Preferred Stock, the notice of redemption mailed to each stockholder will also specify the number of shares of Series H Preferred Stock that Essex will redeem from each stockholder. In this case, Essex will determine the number of shares of Series H Preferred Stock to be redeemed on a pro rata basis, by lot or by any other equitable method Essex may choose.

A Change of Control is when, after the original issuance of the Series H Preferred Stock, the following have occurred and are continuing:

the acquisition by any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Exchange Act of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of shares of Essex entitling that person to exercise more than 50% of the total voting power of all shares of Essex entitled to vote generally in elections of directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither Essex nor the acquiring or surviving entity has a class of common securities (or ADRs representing such securities) listed on the NYSE, the NYSE Amex or NASDAQ or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE Amex or NASDAQ.

Conversion Rights

Upon the occurrence of a Change of Control, each holder of Series H Preferred Stock will have the right, unless, prior to the Change of Control Conversion Date, Essex has provided or provide notice of its election to redeem the Series H Preferred Stock as described under Redemption or Special Optional Redemption, to convert some or all of the shares of Series H Preferred Stock held by such holder, which we refer to as the Change of Control Conversion Right, on the Change of Control Conversion Date into a number of shares of Essex common stock per share of Series H Preferred Stock, which we refer to as the Common Share Conversion Consideration, equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference plus the amount of any accrued and unpaid dividends to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a Series H Preferred Stock dividend payment and prior to the corresponding Series H Preferred Stock dividend payment date, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Share Price, such quotient being referred to as the Conversion Rate; and

0.3995, which we refer to as the Share Cap.

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a dividend of Essex common stock), subdivisions or combinations, in each case, which we refer to as a Share Split, with respect to Essex common stock as follows: the adjusted Share Cap as the result of a Share Split will be the number of shares of Essex common stock that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of shares of Essex common stock outstanding after giving effect to such Share Split and the denominator of which is the number of shares of Essex common stock outstanding immediately prior to such Share Split.

For the avoidance of doubt, subject to the immediately succeeding sentence, the aggregate number of shares of Essex common stock (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable in connection with the exercise of the Change of Control Conversion Right in respect of currently outstanding shares of Series H Preferred Stock will not exceed 1,178,525 shares of Essex common stock in total (or equivalent Alternative Conversion Consideration, as applicable), which we refer to as the Exchange Cap. The Exchange Cap is subject to pro rata adjustments for any Share Splits on the same basis as the corresponding adjustment to the Share Cap. If Essex issues additional shares of Series H Preferred Stock in the future, the latter number will increase.

In the case of a Change of Control pursuant to which Essex common stock will be converted into cash, securities or other property or assets (including any combination thereof), which we refer to as the Alternative Form Consideration, a holder of Series H Preferred Stock will receive upon conversion of such Series H Preferred Stock the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of Essex common stock equal to the Common Share Conversion Consideration immediately prior to the effective time of the Change of Control, or the Alternative Conversion Consideration.

If the holders of Essex common stock have the opportunity to elect the form of consideration to be received in the Change of Control, the consideration that the holders of the Series H Preferred Stock will receive will be the form and

proportion of the aggregate consideration elected by the holders of Essex common stock who participate in the determination (based on the weighted average of elections) and will be subject to any limitations to which all holders of Essex common stock are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in the Change of Control.

Series H Preferred Stock as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable conversion consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date, unless prior to the Change of Control Conversion Date Essex has provided or provide notice of

Table of Contents

its election to redeem such Series H Preferred Stock, whether pursuant to its optional redemption right or its special optional redemption right. If Essex elects to redeem Series H Preferred Stock that would otherwise be converted into the applicable conversion consideration on a Change of Control Conversion Date, such Series H Preferred Stock will not be so converted and the holders of such shares will be entitled to receive on the applicable redemption date \$25.00 per share, plus any accrued and unpaid dividends thereon to, but not including, the redemption date.

Except as provided above in connection with a Change of Control, the shares of Series H Preferred Stock are not convertible into or exchangeable for any other securities or property. The merger does not constitute a Change of Control for these purposes.

Limited Voting Rights

Holders of Series H Preferred Stock will have no voting rights, except as set forth below.

Whenever dividends on the Series H Preferred Stock are due but unpaid for six quarterly periods, whether or not consecutive, or a Preferred Dividend Default, the number of directors then constituting the Essex Board shall be increased by two and holders of the Series H Preferred Stock, voting as a single class with the holders of any other class or series of parity preferred stock upon which like voting rights have been conferred and are exercisable, will be entitled to vote for the election of two additional directors to serve on the Essex Board, or the Preferred Stock Directors, at a special meeting called by the holders of at least 10% of the outstanding Series H Preferred Stock or the holders of at least 10% of any such other series of parity preferred stock, or at the next annual or special meeting of stockholders, and at each subsequent annual or special meeting of stockholders until all dividends accumulated on the Series H Preferred Stock for the past dividend periods and the then-current dividend period have been paid or declared and set aside for payment in full.

If and when all accumulated dividends in arrears and dividends for the then-current dividend period on the Series H Preferred Stock shall have been paid in full or a sum sufficient for the payment is irrevocably deposited in trust for payment, the holders of the Series H Preferred Stock shall be divested of the voting rights as described in this section (subject to re-vesting in the event of each and every Preferred Dividend Default) and, if all accumulated dividends in arrears and the dividends for the current dividend period have been paid in full or set aside for payment in full on all other classes or series of parity preferred stock upon which like voting rights have been conferred and are exercisable, the term of office of each Preferred Stock Director so elected shall terminate. Any Preferred Stock Director may be removed at any time with or without cause by the vote of, and shall not be removed otherwise than by the vote of, the holders of record of a majority of the outstanding shares of Series H Preferred Stock when they have the voting rights set forth as described in this section (voting together as a single class, with one vote for each \$50.00 of liquidation preference, with all other classes or series of parity preferred stock upon which like voting rights have been conferred and are exercisable). So long as a Preferred Dividend Default shall continue, any vacancy in the office of a Preferred Stock Director may be filled by written consent of the Preferred Stock Director remaining in office or, if none remains in office, by a vote of the holders of record of a majority of the outstanding shares of Series H Preferred Stock when they have the voting rights set forth in this section (voting together as a single class with all other classes or series of parity preferred stock upon which like voting rights have been conferred and are exercisable). The Preferred Stock Directors shall each be entitled to one vote per Director on any matter.

So long as any shares of Series H Preferred Stock remain outstanding, Essex may not, without the affirmative vote of the holders of at least two-thirds of the shares of Series H Preferred Stock outstanding at the time: (i) authorize or create, or increase the authorized or issued amount of, any class or series of shares ranking senior to the Series H

Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up of Essex, or reclassify any authorized shares of Essex into any such shares, or create, authorize or issue any obligations or security convertible into or evidencing the right to purchase any such shares; or (ii) amend, alter or repeal the provisions of Essex's charter (including the articles supplementary designating the Series H Preferred Stock), whether by merger, consolidation or otherwise, in each case in such a

way that would materially and adversely affect any right, preference, privilege or voting power of the Series H Preferred Stock; provided, however, that with respect to the occurrence of a merger, consolidation or a sale or lease of all of Essex's assets as an entirety, so long as (a) the shares of Series H Preferred Stock remain outstanding with the terms thereof materially unchanged, or (b) the holders of the Series H Preferred Stock receive equity securities with rights, preferences, privileges or voting powers substantially the same as those of the Series H Preferred Stock, then the occurrence of any such event shall not be deemed to materially and adversely affect the rights, privileges or voting powers of the holders of the Series H Preferred Stock. In addition, any increase in the amount of authorized Series H Preferred Stock or the creation or issuance, or increase in the amounts authorized, of any other equity securities ranking on a parity with or junior to the Series H Preferred Stock with respect to payment of dividends and the distribution of assets upon liquidation, dissolution or winding up of Essex, shall not be deemed to materially and adversely affect the rights, preferences, privileges or voting powers of the Series H Preferred Stock.

In any matter in which shares of the Series H Preferred Stock are entitled to vote, each share of Series H Preferred Stock will be entitled to one vote. If the holders of Series H Preferred Stock and another series of preferred shares, if any, are entitled to vote together as a single class on any matter, the shares of Series H Preferred Stock and the shares of the other series will have one vote for each \$50.00 of liquidation preference.

If the merger is consummated, stockholders of BRE will become stockholders of the Combined Company. The rights of BRE stockholders are currently governed by and subject to the provisions of the MGCL, and the charter and bylaws of BRE. Upon consummation of the merger, the rights of the former BRE stockholders who receive Essex common stock will be governed by the MGCL and the charter and bylaws of Essex, rather than the charter and bylaws of BRE.

The following is a summary of the material differences between the rights of Essex stockholders (which will be the rights of stockholders of the Combined Company following the merger) and BRE stockholders, but does not purport to be a complete description of those differences or a complete description of the terms of the Essex common stock subject to issuance in the merger. The following summary is qualified in its entirety by reference to the relevant provisions of (i) Maryland law; (ii) the Essex charter; (iv) the BRE charter; (v) the Essex bylaws; and (vi) the BRE bylaws.

This section does not include a complete description of all differences among the rights of Essex stockholders and BRE stockholders, nor does it include a complete description of the specific rights of such stockholders.

Furthermore, the identification of some of the differences in the rights of such holders as material is not intended to indicate that other differences that may be equally important do not exist. UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Introduction

BEX Portfolio, Inc. (formerly known as Bronco Acquisition Sub, Inc.), which we refer to as Merger Sub, a wholly owned subsidiary of Essex Property Trust, Inc., which we refer to as Essex, plans to merge with and into BRE Properties, Inc., which we refer to as BRE, with Merger Sub continuing as the surviving corporation and a wholly owned indirect subsidiary of Essex. We refer to this merger as the merger. The merger is part of the transactions contemplated by the Agreement and Plan of Merger entered into on December 19, 2013 between Essex and BRE, which we refer to as the merger agreement.

Pursuant to the terms and subject to the conditions set forth in the merger agreement, at the effective time of the merger, each outstanding share of common stock, par value \$0.01 per share, of BRE, which we refer to as BRE common stock will be converted into the right to receive (i) 0.2971 shares of Essex common stock, par value \$0.0001 per share, which we refer to as Essex common stock, and (ii) \$12.33 in cash, which we refer to as the cash consideration.

Under the terms of the merger agreement, at the effective time of the merger, each option to purchase shares of BRE common stock will be converted into an option exercisable for a number of shares of Essex common stock calculated based on an exchange ratio and adjusted to take into account the cash consideration, subject to the same economic terms and conditions as were applicable to the corresponding option immediately prior to the merger. In addition, all BRE restricted stock awards outstanding at the effective time of the merger will be converted into the right to receive a number of shares of Essex common stock calculated based on an exchange ratio and adjusted to take into account the cash consideration, subject to the same economic terms and conditions as were applicable to the corresponding award immediately prior to the merger and subject to certain adjustments with respect to performance-based BRE restricted stock awards. In addition, BRE will redeem all outstanding shares of BRE preferred stock on February 20, 2014 at \$25.00 per share plus any accrued and unpaid dividends, in accordance with their terms and the terms of the merger agreement.

The following unaudited pro forma condensed consolidated financial statements are based on Essex's historical consolidated financial statements and BRE's historical consolidated financial statements incorporated by reference to this joint proxy statement/prospectus, and have been adjusted in the statements below to give effect to the merger. The unaudited pro forma condensed consolidated statements of income for the nine months ended September 30, 2013 and the twelve months ended December 31, 2012 give effect to the merger as if it had occurred on January 1, 2012, the beginning of the earliest period presented. The unaudited pro forma condensed consolidated balance sheet as of September 30, 2013 gives effect to the merger as if it had occurred on September 30, 2013. The historical consolidated financial statements of BRE have been adjusted to reflect certain reclassifications in order to conform to Essex's financial statement presentation.

The unaudited pro forma condensed consolidated financial statements were prepared using the acquisition method of accounting with Essex considered the accounting acquirer of BRE. Under the acquisition method of accounting, the purchase price is allocated to the underlying BRE tangible and intangible assets acquired and liabilities assumed based on their respective fair values with the excess purchase price, if any, allocated to goodwill.

The pro forma adjustments and the purchase price allocation as presented are based on estimates and certain information that is currently available. The total consideration for the merger and the assignment of fair values to BRE's assets acquired and liabilities assumed has not been finalized, is subject to change, could vary materially from the actual amounts at the time the merger is completed, and may not have identified all adjustments necessary to conform BRE's accounting policies to Essex's accounting policies. A final determination of the fair value of BRE's assets and liabilities, including intangible assets, will be based on the actual net tangible and

intangible assets and liabilities of BRE that exist as of the closing date of the merger and, therefore, cannot be made prior to the completion of the merger. In addition, the value of the consideration to be paid by Essex upon the consummation of the merger will be determined based on the closing price of Essex's common stock on the closing date of the merger. As a result of the foregoing, the pro forma adjustments are preliminary and are subject to change as additional information becomes available and additional analyses are performed. The preliminary pro forma adjustments have been made solely for the purpose of providing the unaudited pro forma consolidated financial statements presented below. Essex estimated the fair value of BRE's assets and liabilities based on discussions with BRE's management, preliminary valuation studies, due diligence and information presented in BRE's public filings. Upon completion of the merger, final valuations will be performed. Any increases or decreases in the fair value of relevant balance sheet amounts upon completion of the final valuations will result in adjustments to the pro forma balance sheet and/or statements of income. The final purchase price allocation may be different than that reflected in the pro forma purchase price allocation presented herein, and this difference may be material.

The aggregate purchase price for financial statement purposes will be based on the actual closing price per share of Essex common stock on the closing date, which could differ materially from the assumed value disclosed in the notes to the unaudited pro forma consolidated financial statements, and \$12.33 in cash for each BRE common stock. If the actual closing price per share of Essex common stock on the closing date is higher than the assumed amount, the final purchase price will be higher; conversely, if the actual closing price is lower, the final purchase price will be lower. A hypothetical 10% change in Essex's closing stock price on the closing date of the merger would have an approximate \$352 million impact on the purchase price.

Assumptions and estimates underlying the unaudited adjustments to the unaudited pro forma condensed consolidated financial statements are described in the accompanying notes. The historical consolidated financial statements have been adjusted in the unaudited pro forma condensed consolidated financial statements to give effect to pro forma events that are: (1) directly attributable to the merger, (2) factually supportable, and (3) expected to have a continuing impact on the results of income of Essex following the merger. This information is presented for illustrative purposes only and is not indicative of the consolidated operating results or financial position that would have occurred if such transactions had occurred on the dates described above and in accordance with the assumptions described below, nor is it indicative of future operating results or financial position.

The unaudited pro forma consolidated financial statements, although helpful in illustrating the financial characteristics of Essex following the merger under one set of assumptions, do not reflect the benefits of expected cost savings (or associated costs to achieve such savings), opportunities to earn additional revenue, or other factors that may result as a consequence of the merger and do not attempt to predict or suggest future results. Specifically, the unaudited pro forma condensed consolidated statements of income exclude projected operating efficiencies and synergies expected to be achieved as a result of the merger. The projected operating synergies are expected to substantially offset the expected increase in property taxes primarily due to California's Proposition 13 reassessments of the acquired properties. The unaudited pro forma consolidated financial statements also exclude the effects of costs associated with any restructuring or integration activities or asset dispositions resulting from the merger as they are currently not known, and to the extent they occur, are expected to be non-recurring and will not have been incurred at the closing

date of the merger. However, such costs could affect Essex following the merger in the period the costs are incurred or recorded. Further, the unaudited pro forma condensed consolidated financial statements do not reflect the effect of any regulatory actions that may impact the results of Essex following the merger.

NOTES TO UNAUDITED PRO FORMA

CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Overview

For purposes of the unaudited pro forma consolidated financial statements, which we refer to as the pro forma financial statements, we have assumed a total preliminary purchase price for the merger of approximately \$4.5 billion, which consists of shares of Essex common stock issued and cash paid in exchange for BRE common stock. Under the terms of the merger agreement, each outstanding share of BRE common stock will be converted into the right to receive (i) 0.2971 shares of Essex common stock and (ii) \$12.33 in cash.

The pro forma financial statements have been prepared assuming the merger is accounted for using the acquisition method of accounting under U.S. GAAP, which we refer to as acquisition accounting, with Essex as the acquiring entity. Accordingly, under acquisition accounting, the acquired net tangible and identifiable intangible assets and liabilities assumed of BRE are recorded based on their respective fair values, as further described below.

To the extent identified, certain reclassifications have been reflected in the pro forma adjustments to conform BRE's financial statement presentation to that of Essex, as described in footnote (A) below. However, the unaudited pro forma financial statements may not reflect all adjustments necessary to conform BRE's accounting policies to those of Essex due to limitations on the availability of information as of the date of this joint proxy statement/prospectus.

The pro forma adjustments represent Essex management's estimates based on information available as of the date of this joint proxy statement/prospectus and are subject to change as additional information becomes available and additional analyses are performed. The pro forma financial statements do not reflect the impact of possible revenue or earnings enhancements, cost savings from operating efficiencies or synergies, or asset dispositions. Also, the pro forma financial statements do not reflect possible adjustments related to restructuring or integration activities that have yet to be determined, including transaction or other costs following the merger that are not expected to have a continuing impact. Further, one-time transaction-related expenses anticipated to be incurred prior to, or concurrent with, closing the merger are excluded from the pro forma statements of income.

The pro forma condensed consolidated statements of income for the year ended December 31, 2012 and for the nine months ended September 30, 2013 consolidate the historical consolidated statements of income of Essex and BRE, giving effect to the merger as if it had been consummated on January 1, 2012, the beginning of the earliest period presented. The pro forma balance sheet combines the historical consolidated balance sheet of Essex and the historical consolidated balance sheet of BRE as of September 30, 2013, giving effect to the merger as if it had been consummated on September 30, 2013.

Completion of the merger is subject to, among other things, approval by the stockholders of both Essex and BRE. As of the date of this joint proxy statement/prospectus, the merger is expected to be completed during the first quarter of 2014.

Preliminary Estimated Purchase Price

The total preliminary estimated purchase price of approximately \$4.5 billion was determined based on the number of BRE s common shares outstanding as of January 15, 2014. For purposes of the pro forma financial statements, such common shares are assumed to remain outstanding as of the closing date of the merger. Further, no effect has been given to any new BRE common shares that may be issued or granted subsequent to the date of this joint proxy statement/prospectus and before the closing date of the merger. In all cases in which Essex s

closing stock price is a determining factor in arriving at final consideration for the merger, the stock price assumed for the total preliminary purchase price is the closing price of Essex's common stock on January 15, 2014 (\$152.92 per share), the most recent date practicable in the preparation of this joint proxy statement/prospectus.

The purchase price will be computed using the closing price of Essex common stock on the closing date; therefore, the actual purchase price will fluctuate with the market price of Essex common stock until the merger is consummated. As a result, the final purchase price could differ significantly from the current estimate, which could materially impact the pro forma financial statements.

The following table presents the changes to the value of stock consideration and the total preliminary purchase price based on a 10% increase and decrease in the per share price of Essex common stock and cash paid (in thousands, except per share data):

	Price of ESS Common Stock	ESS Shares to be Issued	Cash to be Paid	Calculated Value of Consideration
As of January 15, 2014	\$ 152.92	23,028	\$ 955,699	\$ 4,477,179
Decrease of 10%	137.63	23,028	955,699	4,125,031
Increase of 10%	168.21	23,028	955,699	4,829,327

For purposes of these pro forma financial statements, BRE's tangible and intangible assets acquired and liabilities assumed have been recorded based on their estimated fair values assuming the merger was completed on the pro forma balance sheet date presented. The final fair values will be based upon valuations and other analyses for which there is currently insufficient information to make a definitive valuation. Accordingly, the purchase price adjustments are preliminary and have been made solely for the purpose of providing pro forma financial statements. The final purchase price adjustments will be determined after the merger is consummated and after completion of a thorough analysis to determine the fair value of BRE's tangible assets and liabilities, including tangible assets and identifiable intangible assets and liabilities. As a result, the final acquisition accounting adjustments, including those resulting from conforming BRE's accounting policies to those of Essex, could differ materially from the pro forma adjustments presented herein.

The fair value adjustment based on the total preliminary purchase price was as follows (in thousands):

Balance Sheet Adjustments

- (B) BRE's real estate assets have been adjusted to their estimated fair values as of September 30, 2013. The estimated fair value was derived by applying a capitalization rate to estimated net operating income, using recent third party appraisals, or other available market data. The preliminarily estimated purchase price allocation was performed using the closing stock price of Essex on January 15, 2014.
- (C) Accumulated depreciation was adjusted to eliminate BRE's historical accumulated depreciation.
- (D)

BRE's co-investment has been adjusted to its estimated fair value as of September 30, 2013, using valuation techniques similar to those used to estimate the fair value of wholly-owned assets as discussed in (B) above.

- (E) The prepaid expenses and other asset adjustment includes \$96.8 million for acquisition of acquired in place leases. The estimated fair value of in place leases was calculated based on the estimated cost to replace such leases, including foregone rents during an assumed lease-up period. These costs were offset by the elimination of BRE's historical in-place lease intangible assets of \$7.0 million.
- (F) Deferred financing costs was adjusted by \$12.3 million net, to eliminate BRE's historical financing costs, net. These eliminated costs were offset by costs associated with Essex's bridge loan of \$22.5 million.
- (G) BRE's debt balances have been adjusted by \$90.0 million to reflect the estimated fair values at September 30, 2013. Fair value was estimated based on contractual future cash flows discounted using borrowing spreads and market interest rates that would have been available for debt with similar terms and maturities.
- (H) BRE's line of credit was increased by \$54.0 million to finance the redemption of its Series D preferred stock as required in the merger agreement.
- (I) Adjustment represents the issuance of 23,028,000 shares of Essex common stock with a fair value of \$152.92 per share as of January 15, 2014; the elimination of all historical BRE equity balances; the redemption of BRE's preferred stock; and transaction costs. Additionally, Essex has entered into a

bridge loan, if needed, to finance the cash consideration in connection with the merger and is reflected for pro forma purposes to fund the cash portion of the purchase price. The following table provides detail of adjustments impacting additional paid in capital (APIC), common stock and distributions in excess of accumulated earnings (in thousands):

	APIC	Common stock	Distributions in excess of accumulated earnings
Transaction costs of BRE	\$	\$	\$ (40,000)
BRE employee severance			(12,000)
Redemption of BRE's preferred stock	(52,125)		(1,880)
Issuance of Essex common stock	3,521,478	2	
Removal of BRE's historical balances	(1,834,394)	(772)	239,320
Transaction costs of Essex			(40,000)
Total adjustment	\$ 1,634,959	\$ (770)	\$ 145,440

- (J) Adjustment represents estimated transaction costs anticipated to be incurred by Essex and BRE prior to or concurrent with the closing of the merger of approximately \$80.0 million, consisting primarily of fees for investment bankers, legal, accounting, tax, and certain filings to be paid to third parties based on actual expenses incurred to date and each party's best estimate of its remaining fees as provided to Essex and BRE. Additionally, Essex will assume \$12.0 million in liabilities for certain BRE employees in connection with the change in control and their contractual employment agreements.

Statement of Income Adjustments for the Nine Months Ended September 30, 2013

- (K) The estimated increase in property taxes is primarily due to reassessment of California properties with estimated fair value exceeding historical property tax basis pursuant to Proposition 13. The adjustment was calculated based on multiplying property tax rate by the difference between the estimated fair value and the historical property tax basis.

(L)

Depreciation and amortization was adjusted to eliminate \$79.2 million of BRE's historical depreciation and amortization expense and to recognize \$117.7 million of depreciation due to the fair value adjustment of the real estate assets and \$38.7 million of amortization of the intangible assets recognized at estimated fair value. This depreciation and amortization adjustment is computed on a straight-line basis over the estimated useful lives of the related assets, which range from 30 years for land improvements and buildings and 20 months amortization for acquired in-place residential leases, all of which are preliminary determinations.

- (M) Essex and BRE expect the merger to create general and administrative cost efficiencies but there can be no assurance that such costs will be achieved. The unaudited pro forma consolidated financial statements do not include any estimate of projected cost savings.

- (N) Interest expense is reduced by \$16.3 million as the result of the amortization of the debt premium associated with the pro forma adjustment to record BRE's debt at fair value. The reduction is offset by \$21.4 million increase in interest expense in connection with a bridge loan to finance the cash consideration terms of the merger.

- (O) Amortization expense of deferred financing cost is eliminated to remove \$3.5 million of BRE's historical amortization. These eliminated costs were offset by costs associated with Essex's bridge loan of \$16.9 million.

(P) BRE's dividends to preferred stockholders were eliminated with the redemption of its Series D preferred stock as required in the merger agreement.

(Q) The calculation of basic and diluted income from continuing operations per common share was as follows:

Nine Months Ended September 30, 2013

(Dollars in thousands, except per share data)

	Essex Historical	BRE Historical	Essex Pro Forma
Net income from continuing operations available to common stockholders, basic and diluted	\$ 106,337	\$ 81,335	\$ 76,009

Income from continuing operations available to common stockholders per common shares, diluted	\$ 2.85	\$ 1.05	\$ 1.26

Note: The pro forma weighted average common shares assume that the Essex shares issued to BRE stockholders in connection with the merger were issued as of January 1, 2012.

Statement of Income Adjustments for the Year Ended December 31, 2012

(R) The estimated increase in property taxes is primarily due to reassessment of California properties with estimated fair value exceeding historical property tax basis pursuant to Proposition 13. The adjustment was calculated based on multiplying property tax rate by the difference between the estimated fair value and the historical property tax basis.

(S) Depreciation and amortization was adjusted to eliminate \$100.5 million of BRE's historical depreciation and amortization expense and to recognize \$156.9 million of depreciation due to the fair value adjustment of the real estate assets and \$58.1 million of amortization of the intangible assets recognized at estimated fair value. This depreciation and amortization adjustment is computed on a straight-line basis over the estimated useful lives of the related assets, which range from 30 years for land improvements and buildings and 20 months amortization for acquired in-place residential leases, all of which are subjective determinations.

- (T) Essex and BRE expect the merger to create general and administrative cost efficiencies but there can be no assurance that such costs will be achieved. Since these costs are not factually supportable, the unaudited pro forma consolidated financial statements do not include any estimate of projected cost savings.
- (U) Interest expense is reduced by \$21.8 million as the result of the amortization of the debt premium associated with the pro forma adjustment to record BRE's debt at fair value. The reduction is offset by \$28.6 million increase in interest expense in connection with a bridge loan to finance the cash consideration terms of the merger.
- (V) Amortization expense of deferred financing cost is eliminated to remove \$4.5 million of BRE's historical amortization. These eliminated costs were offset by costs associated with Essex's bridge loan of \$22.5 million.
- (W) BRE's dividends to preferred stockholders were eliminated with the redemption of its Series D preferred stock as required in the merger agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained in this Agreement and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the Parties agree as follows:

AGREEMENT

ARTICLE I

THE MERGER

Section 1.1 **The Merger**. Upon the terms and subject to the satisfaction or waiver of the conditions set forth in this Agreement, and in accordance with the MGCL and the DGCL, at the Effective Time, the Company shall be merged with and into Merger Sub, whereupon the separate existence of the Company will cease, with Merger Sub surviving the Merger (Merger Sub, as the surviving corporation in the Merger, sometimes being referred to herein as the Surviving Entity), such that following the Merger, the Surviving Entity will be a wholly owned subsidiary of Parent. The Merger shall have the effects provided in this Agreement and as specified in the MGCL and the DGCL.

Section 1.2 **Closing**. The closing of the Merger (the Closing) will take place at 8:00 a.m., Eastern time, at the offices of Goodwin Procter LLP, Three Embarcadero Center, 24th Floor, San Francisco, California 94111-4003, on the second (2nd) business day after the satisfaction or, to the extent permitted hereunder, waiver of the last of the conditions set forth in Article VII to be satisfied or waived by the Party entitled to the benefit of the same (other than any such conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or, to the extent permitted hereunder, waiver of such conditions at the Closing), unless another date or place is agreed to in writing by the Company and Parent; *provided, however*, if Parent has not obtained the Specified Consents as of such date, Parent may extend the Closing to a date that is not later than two (2) business days after the receipt of the Specified Consents but in no event later than June 16, 2014. The date on which the Closing actually takes place is referred to as the Closing Date.

Section 1.3 **Effective Time**. On the Closing Date, the Company, Parent and Merger Sub shall (i) cause articles of merger with respect to the Merger (the Articles of Merger) to be duly executed and filed with the State Department of Assessments and Taxation of Maryland (the SDAT) in accordance with the MGCL, (ii) cause a certificate of merger with respect to the Merger (the Certificate of Merger) to be duly executed and filed with the DSOS as provided under the DGCL and (iii) make any other filings, recordings or publications required to be made by the Company or Merger Sub under the MGCL or the DGCL in connection with the Merger. The Merger shall become effective at the latest of such time as the Articles of Merger are accepted for record by the SDAT and the Certificate of Merger is duly filed with the DSOS or on such other date and time (not to exceed thirty (30) business days from the date the Articles of Merger are accepted for record by the SDAT and the Certificate of Merger is duly filed with the DSOS) as shall be agreed to by the Company and Parent and specified in the Articles of Merger and the Certificate of Merger (such date and time being hereinafter referred to as the Effective Time).

Section 1.4 **Governing Documents**. At the Effective Time, the certificate of incorporation and bylaws of Merger Sub, as in effect immediately prior to the Effective Time and attached hereto as Exhibit C and Exhibit D, respectively, shall be the certificate of incorporation and bylaws of the Surviving Entity, until thereafter amended, subject to Section 6.4, in accordance with applicable Law and the applicable provisions of such certificate of incorporation and bylaws.

Section 1.5 Directors and Officers of the Surviving Entity. The directors of Merger Sub immediately prior to the Effective Time shall be and become the directors of the Surviving Entity as of the Effective Time, each to hold office in accordance with the certificate of incorporation and bylaws of the Surviving Entity. The officers of Merger Sub immediately prior to the Effective Time shall be and become the officers of the Surviving Entity as of the Effective Time.

Section 1.6 Parent Board Representation. The Parties shall take all actions necessary so that as of the Effective Time, the Parent Board shall be increased by three (3) and the Parent Board shall appoint three (3) individuals from the Company Board designated by the Company and reasonably acceptable to the Parent Board (the Company Designees), to serve on the Parent Board, initially, until the next annual meeting of Parent's stockholders in accordance with the Parent Governing Documents, and who shall also be nominated by the Parent Board for election (or re-election) to the Parent Board at the next annual meeting of Parent's stockholders in accordance with the Parent Governing Documents, to serve until the next subsequent annual meeting of the Parent's stockholders and until their respective successors are duly elected and qualify. The Company and Parent agree that in the event that any of the Company Designees is unable to serve, for any reason, as a director of Parent at the Effective Time, the Company shall have the right to designate another individual currently serving on the Company Board to serve as a director of Parent, and to become a Company Designee, in place of such Company Designee originally designated; *provided* that such other individual currently serving on the Company Board to be appointed to the Parent Board at the Effective Time shall likewise be reasonably acceptable to Parent. Parent further agrees that in the event that any Company Designee who commences his or her service on the Parent Board as of the Effective Time is unable or otherwise fails to serve, for any reason (other than on account of the failure of such individual to be re-elected notwithstanding his or her nomination for re-election by the Parent Board), as a director of Parent for the full term or terms of office as contemplated above (until the second annual meeting of the Parent's stockholders following the Effective Time), the Parent and the Parent Board shall, subject to their duties under applicable law, take all actions necessary to appoint or nominate for election, as applicable, to the Parent Board an individual or individuals serving, as of the date hereof, on the Company Board that is designated by the Company Designees then still serving on the Parent Board, if any, and reasonably acceptable to Parent for the remainder of period for which Company Designees are to serve, as contemplated above.

Section 1.7 Tax Consequences. It is intended that, for U.S. federal income tax purposes, the Merger shall qualify as a reorganization within the meaning of Section 368(a) of the Code, and that this Agreement, insofar as it provides for the Merger and the payment of Merger Consideration, be, and is hereby adopted as, a plan of reorganization for purposes of Sections 354 and 361 of the Code.

Section 1.8 Alternative Merger Structure. Parent may elect prior to the Closing Date to have Merger Sub be a limited liability company rather than a corporation, in which case, all provisions in this Agreement related to Merger Sub and the Surviving Entity shall be deemed *mutatis mutandis* to take into account the change in the structure type of Merger Sub.

ARTICLE II

TREATMENT OF SECURITIES

Section 2.1 Treatment of Capital Stock. At the Effective Time, by virtue of the Merger and without any action on the part of the holders of any securities of the Company or of Merger Sub:

(a) Treatment of Company Common Stock. Each share of Company Common Stock issued and outstanding immediately prior to the Effective Time (other than Company Shares to be cancelled in accordance with Section 2.1(c)) shall be converted into the right to receive (i) 0.2971 (the Exchange Ratio) validly issued, fully paid and nonassessable shares (the Stock Consideration) of common stock, par value \$0.0001 per share, of Parent (the Parent Common Stock), and (ii) \$12.33 in cash (the Cash Consideration), subject to adjustment as provided in Section 2.1(e), and in each case, subject to any applicable withholding Tax (collectively, the Merger Consideration).

From and after the Effective Time, all such Company Shares shall no longer be outstanding and shall automatically be cancelled and shall cease to exist, and each holder of a Company Share shall cease to have any rights with respect thereto, except the right to receive the Merger Consideration therefor upon the surrender of such Company Share in accordance with Section 2.2, including the

right to receive, pursuant to Section 2.6, cash in lieu of fractional shares of Parent Common Stock, if any, into which such shares of Company Common Stock have been converted pursuant to this Section 2.1(a) (the Fractional Share Consideration), together with the amounts, if any, payable pursuant to Section 2.2(f).

(b) Treatment of Company Preferred Stock. At least thirty (30) days prior to the Company Stockholder Meeting, or at such other time as mutually agreed to by the Parties, the Company shall deliver a redemption notice in accordance with the Company Certificate and the MGCL to redeem all of the outstanding Company Series D Preferred Stock as of immediately prior to the anticipated Closing Date (the Preferred Redemption). The Parties shall take all actions necessary so that as of immediately prior to the Effective Time, no shares of Company Series D Preferred Stock remain outstanding, including the funding by the Company of the amount necessary to redeem the Company Series D Preferred Stock.

(c) Cancellation of Company Common Stock. All Company Shares owned by any Company Subsidiary, Parent, Merger Sub or by any of their respective Subsidiaries shall be cancelled and shall cease to exist, and no consideration shall be delivered in exchange therefor.

(d) Treatment of Merger Sub Capital Stock. All shares of capital stock of Merger Sub issued and outstanding immediately prior to the Effective Time shall remain outstanding as shares of capital stock of the Surviving Entity.

(e) Adjustments to Merger Consideration.

(i) The Merger Consideration shall be adjusted appropriately to reflect the effect of any stock split, reverse stock split, stock dividend (including any dividend or distribution of securities convertible into Company Common Stock), reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to the number of shares of Company Common Stock outstanding after the date hereof and prior to the Effective Time. The Exchange Ratio shall be adjusted appropriately to reflect the effect of any stock split, reverse stock split, stock dividend (including any dividend or distribution of securities convertible into Parent Common Stock), reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to the number of shares of Parent Common Stock outstanding after the date hereof and prior to the Effective Time.

(ii) The Cash Consideration shall be reduced (but in no case below zero) by the per share amount of the Special Dividend declared and paid on the Common Stock pursuant to Section 6.16(c), if any.

Section 2.2 Payment for Securities; Surrender of Certificates

(a) Exchange Fund. Prior to the Effective Time, Parent or Merger Sub shall designate a bank or trust company reasonably acceptable to the Company to act as the exchange agent in connection with the Merger (the Exchange Agent). Prior to the Effective Time, Parent or Merger Sub shall deposit, or cause to be deposited, with the Exchange Agent (i) evidence of Parent Common Stock in book-entry form issuable pursuant to Section 2.1(a) equal to the aggregate Stock Consideration (excluding any Fractional Share Consideration), and (ii) cash in immediately available funds in an amount sufficient to pay the Cash Consideration, Fractional Share Consideration and any dividends under Section 2.2(f) (such evidence of book-entry shares of Parent Common Stock and cash amounts, together with any dividends or other distributions with respect thereto, the Exchange Fund), in each case, for the sole benefit of the holders of shares of Company Common Stock. In the event the Exchange Fund shall be insufficient to pay the Cash Consideration, Fractional Share Consideration and any dividends under Section 2.2(f), Parent shall, or shall cause Merger Sub to, promptly deposit additional funds with the Exchange Agent in an amount which is equal to the

deficiency in the amount required to make such payment. Parent shall cause the Exchange Agent to make, and the Exchange Agent shall make delivery of the Merger Consideration, including payment of the Fractional Share Consideration, and any amounts payable in respect of dividends or other distributions on shares of Parent Common Stock in accordance with Section 2.2(f) out of the

Exchange Fund in accordance with this Agreement. The Exchange Fund shall not be used for any purpose that is not expressly provided for in this Agreement. The cash portion of the Exchange Fund shall be invested by the Exchange Agent as reasonably directed by Parent; *provided, however*, that any investment of such cash shall in all events be limited to direct short-term obligations of, or short-term obligations fully guaranteed as to principal and interest by, the U.S. government, in commercial paper rated P-1 or A-1 or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively, or in certificates of deposit, bank repurchase agreements or banker's acceptances of commercial banks with capital exceeding \$10 billion (based on the most recent financial statements of such bank that are then publicly available), and that no such investment or loss thereon shall affect the amounts payable to holders of Certificates or Book-Entry Shares pursuant to this Article II. Any interest and other income resulting from such investments shall be paid to the Surviving Entity on the earlier of (i) one (1) year after the Effective Time or (ii) the full payment of the Exchange Fund.

(b) Procedures for Surrender. Promptly after the Effective Time (but in no event later than two (2) business days after the Effective Time), Parent shall, and shall cause the Surviving Entity to, cause the Exchange Agent to mail (and make available for collection by hand) to each holder of record of a certificate or certificates which immediately prior to the Effective Time represented outstanding Company Shares (the Certificates) or non-certificated Company Shares represented by book-entry (Book-Entry Shares) and whose Company Shares were converted pursuant to Section 2.1 into the right to receive the Merger Consideration (i) a letter of transmittal, which shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon delivery of the Certificates (or affidavits of loss in lieu thereof) to the Exchange Agent and shall be in such form and have such other provisions as Parent may reasonably specify and (ii) instructions for effecting the surrender of the Certificates (or affidavits of loss in lieu thereof) or Book-Entry Shares in exchange for payment of the Merger Consideration, including any amount payable in respect of Fractional Share Consideration in accordance with Section 2.6, and any dividends or other distributions on shares of Parent Common Stock in accordance with Section 2.2(f). Upon surrender of a Certificate (or an affidavit of loss in lieu thereof) or Book-Entry Share for cancellation to the Exchange Agent or to such other agent or agents as may be appointed by Parent or the Surviving Entity, together with such letter of transmittal duly completed and validly executed in accordance with the instructions thereto, and such other documents as may be required pursuant to such instructions, the holder of such Certificate or Book-Entry Share shall be entitled to receive in exchange therefor the Stock Consideration for each share of Company Common Stock formerly represented by such Certificate or Book-Entry Share pursuant to the provisions of this Article II and a check or wire transfer representing the Cash Consideration for each share of Company Common Stock formerly represented by such Certificate or Book-Entry Share pursuant to the provisions of this Article II, any Fractional Share Consideration that such holder has the right to receive pursuant to the provisions of Section 2.6, and any amounts that such holder has the right to receive in respect of dividends or other distributions on shares of Parent Common Stock in accordance with Section 2.2(f) for each Company Share formerly represented by such Certificate or Book-Entry Share, to be mailed (or made available for collection by hand if so elected by the surrendering holder) within five (5) business days following the later to occur of (i) the Effective Time or (ii) the Exchange Agent's receipt of such Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share, and the Certificate (or affidavit of loss in lieu thereof) or Book-Entry Share so surrendered shall be forthwith cancelled. The Exchange Agent shall accept such Certificates (or affidavits of loss in lieu thereof) or Book-Entry Shares upon compliance with such reasonable terms and conditions as the Exchange Agent may impose to effect an orderly exchange thereof in accordance with normal exchange practices. If payment of the Merger Consideration is to be made to a Person other than the Person in whose name the surrendered Certificate is registered, it shall be a condition precedent of payment that (A) the Certificate so surrendered shall be properly endorsed or shall be otherwise in proper form for transfer and (B) the Person requesting such payment shall have paid any transfer and other similar Taxes required by reason of the payment of the Merger Consideration to a Person other than the registered holder of the Certificate surrendered or shall have established to the satisfaction of the Surviving Entity that

such Tax either has been paid or is not required to be paid. Payment of the applicable Merger Consideration with respect to Book-Entry Shares shall only be made to the Person in whose name such Book-Entry Shares are registered. Until surrendered as contemplated by this Section 2.2, each Certificate and Book-Entry Share shall be deemed at any time after the Effective Time to represent only the right to receive the applicable Merger Consideration as

contemplated by this Article II, including any amount payable in respect of Fractional Share Consideration in accordance with Section 2.6, and any dividends or other distributions on shares of Parent Common Stock in accordance with Section 2.2(f), without interest thereon.

(c) Transfer Books; No Further Ownership Rights in Company Shares. At the Effective Time, the stock transfer books of the Company shall be closed and thereafter there shall be no further registration of transfers of Company Shares on the records of the Company. From and after the Effective Time, the holders of Certificates outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such Company Shares except as otherwise provided for herein or by applicable Law. If, after the Effective Time, Certificates or Book-Entry Shares are presented to the Surviving Entity for any reason, they shall be cancelled and exchanged as provided in this Agreement.

(d) Termination of Exchange Fund; No Liability. At any time following twelve (12) months after the Effective Time, Parent shall be entitled to require the Exchange Agent to deliver to it any funds (including any interest received with respect thereto) remaining in the Exchange Fund that have not been disbursed, or for which disbursement is pending subject only to the Exchange Agent's routine administrative procedures, to holders of Certificates or Book-Entry Shares, and thereafter such holders shall be entitled to look only to the Surviving Entity and Parent (subject to abandoned property, escheat or other similar Laws) as general creditors thereof with respect to the applicable Merger Consideration, including any amount payable in respect of Fractional Share Consideration in accordance with Section 2.6, and any dividends or other distributions on shares of Parent Common Stock in accordance with Section 2.2(f), payable upon due surrender of their Certificates or Book-Entry Shares and compliance with the procedures in Section 2.2(b), without any interest thereon. Notwithstanding the foregoing, none of the Surviving Entity, Parent or the Exchange Agent shall be liable to any holder of a Certificate or Book-Entry Share for any Merger Consideration or other amounts delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law.

(e) Lost, Stolen or Destroyed Certificates. In the event that any Certificates shall have been lost, stolen or destroyed, the Exchange Agent shall issue in exchange for such lost, stolen or destroyed Certificates, upon the making of an affidavit of that fact by the holder thereof, the applicable Merger Consideration payable in respect thereof pursuant to Section 2.1 hereof, including any amount payable in respect of Fractional Share Consideration in accordance with Section 2.6, and any dividends or other distributions on shares of Parent Common Stock in accordance with Section 2.2(f).

(f) Dividends with Respect to Parent Common Stock. No dividends or other distributions with respect to Parent Common Stock with a record date after the Effective Time shall be paid to the holder of any unsurrendered Certificate or Book-Entry Share with respect to the shares of Parent Common Stock issuable hereunder, and all such dividends and other distributions shall be paid by Parent to the Exchange Agent and shall be included in the Exchange Fund, in each case until the surrender of such Certificate or Book-Entry Share (or affidavit of loss in lieu thereof) in accordance with this Agreement. Subject to applicable Laws, following surrender of any such Certificate or Book-Entry Share (or affidavit of loss in lieu thereof) there shall be paid to the holder thereof, without interest, (i) the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such shares of Parent Common Stock to which such holder is entitled pursuant to this Agreement and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to such surrender and with a payment date subsequent to such surrender payable with respect to such shares of Parent Common Stock.

Section 2.3 Dissenters' Rights. No dissenters' or appraisal rights shall be available with respect to the Merger or the other Transactions, so long as the provisions of Section 3-202(c)(1)(ii) of the MGCL are applicable to the

Transactions.

Table of Contents**Index to Financial Statements**Section 2.4 Treatment of Company Stock Options, Company Restricted Shares; and DRIP.

(a) As of the Effective Time, each option to purchase Company Shares (a Company Stock Option) whether granted under any Company Equity Plan or otherwise that is outstanding and unexercised immediately prior to the Effective Time, whether or not then vested or exercisable, shall be assumed by Parent and shall be converted into a stock option (a Parent Stock Option) to acquire Parent Common Stock in accordance with this Section 2.4. Each such Parent Stock Option as so assumed and converted shall continue to have, and shall be subject to, the same terms and conditions as applied to the Company Stock Option immediately prior to the Effective Time (but, taking into account any changes thereto provided for in the Company Equity Plans, in any award agreement or in such Company Stock Option by reason of this Agreement or the Transactions). As of the Effective Time, each such Parent Stock Option as so assumed and converted shall be for that number of whole shares of Parent Common Stock (rounded down to the nearest whole share) equal to the product of (i) the number of shares of Company Common Stock subject to such Company Stock Option and (ii) the Stock Award Exchange Ratio, at an exercise price per share of Parent Common Stock (rounded up to the nearest whole cent) equal to the quotient obtained by dividing (x) the exercise price per share of Company Common Stock of such Company Stock Option by (y) the Stock Award Exchange Ratio; *provided* that the exercise price and the number of shares of Parent Common Stock subject to the Parent Stock Option shall be determined in a manner consistent with the requirements of Section 409A of the Code, and, in the case of Company Stock Options that are intended to qualify as incentive stock options within the meaning of Section 422 of the Code, consistent with the requirements of Section 424 of the Code. For purposes of this Agreement, Stock Award Exchange Ratio means the sum of the Exchange Ratio and the Cash Consideration Exchange Ratio. The Cash Consideration Exchange Ratio means the quotient obtained by dividing (1) the Cash Consideration by (2) the VWAP of Parent Common Stock.

(b) As of the Effective Time, all outstanding shares of restricted stock and any associated rights to the issuance of additional Company Common Stock upon the achievement of Company performance goals (the Company Restricted Shares) under any Company Equity Plan that is not then vested shall be assumed by Parent and shall be converted into a restricted stock award for Parent Common Stock with associated rights to the issuance of additional shares of Parent Common Stock (the Parent Restricted Shares) in accordance with this Section 2.4. Such Company Restricted Shares as so assumed and converted into Parent Restricted Shares shall continue to have, and shall be subject to, the same terms and conditions as applied to the Company Restricted Shares immediately prior to the Effective Time (but, taking into account any changes thereto, including any necessary changes to any performance vesting or issuance provisions, provided for or permitted in the applicable Company Equity Plans, or in any award agreement for in such Company Restricted Shares, by reason of this Agreement or the Transactions). To the extent any such Company Restricted Shares are subject to performance vesting, and following the Effective Time the performance metrics applicable to such Company Restricted Shares otherwise cease to be measurable on substantially similar terms as immediately prior to the Effective Time, then the Parent Restricted Shares shall vest based on target performance at the time, and subject to any applicable payment conditions, prescribed by the terms in effect for such Company Restricted Shares immediately prior to the Effective Time. As of the Effective Time, such Company Restricted Shares as so assumed and converted into Parent Restricted Shares shall be for that number of shares of Parent Common Stock equal to the product of (i) the number of shares of Company Common Stock underlying such Company Restricted Shares multiplied by (ii) the Stock Award Exchange Ratio.

(c) Not later than the Closing Date, the Company shall deliver to the holders of Company Stock Options and Company Restricted Shares any required notices setting forth such holders' rights pursuant to the relevant Company Stock Plans and award documents and stating that such Company Stock Options and Company Restricted Shares, have been assumed by Parent and shall continue in effect on the same terms and conditions (subject to the adjustments required by this Section 2.4 after giving effect to the Merger and the terms of the relevant Company Equity Plans).

(d) Prior to the Effective Time, the Company shall take all necessary and appropriate actions for the adjustment of the Company Stock Options and Company Restricted Shares (collectively, the Company Equity Awards) as contemplated by this Section 2.4.

A-7

(e) Parent shall reserve for future issuance a number of shares of Parent Common Stock at least equal to the number of shares of Parent Common Stock that will be subject to Parent Stock Options and Parent Restricted Shares as a result of the actions contemplated by this Section 2.4. Promptly after the Closing Date, Parent shall file an effective registration statement on Form S-4 or Form S-8 (or other applicable form) with respect to the shares of Parent Common Stock subject to such Parent Stock Options and Parent Restricted Shares and shall distribute a prospectus relating to such Form S-8, and Parent shall use reasonable best efforts to maintain the effectiveness of such registration statement or registration statements (and maintain the current status of the prospectus or prospectuses contained therein) for so long as such Parent Stock Options and Parent Restricted Shares remain outstanding.

(f) The Company Board has, no later than the date hereof, taken all actions to suspend or terminate the DRIP, and following such suspension or termination, will not issue any shares of Company Common Stock under the DRIP.

Section 2.5 Withholding. All amounts payable pursuant to Section 2.2 shall be paid without interest (unless otherwise noted). Any payments made pursuant to Section 2.2 shall be net of all applicable withholding Taxes that Parent, Merger Sub, the Surviving Entity and the Exchange Agent, as the case may be, shall be required to deduct and withhold under applicable Law. To the extent that amounts are so deducted and withheld by the applicable payor and remitted to the appropriate Governmental Entity, such amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction and withholding was made.

Section 2.6 Fractional Shares. No certificate or scrip representing fractional shares of Parent Common Stock shall be issued upon the surrender for exchange of Certificates or Book-Entry Shares, and such fractional share interests shall not entitle the owner thereof to vote or to any other rights of a stockholder of Parent. Notwithstanding any other provision of this Agreement, each holder of shares of Company Common Stock converted pursuant to the Merger who would otherwise have been entitled to receive a fraction of a share of Parent Common Stock shall receive, in lieu thereof, cash, without interest, in an amount equal to such fractional part of a share of Parent Common Stock multiplied by the VWAP of Parent Common Stock.

Section 2.7 Debt Exchange Offers and Consent Solicitations

(a) Parent shall cause Parent LP to use its commercially reasonable efforts to commence on the date that is no later than thirty (30) business days prior to the Closing Date, or any other date mutually agreed to by the Parties, on at least two (2) days notice to the Company, offers to exchange, with respect to, all or substantially all of the outstanding aggregate principal amount of the Company's (i) 5.500% Notes due 2017, (ii) 5.200% Notes due 2021 and (iii) 3.375% Senior Notes due 2023 (the Notes), and related consent solicitations on the Company's behalf to amend, supplement and/or remove certain provisions in the indenture governing the Notes upon terms mutually agreed to by the Parties after consultation with their legal and financial advisors; *provided* that the Parties agree that the new notes to be issued by Parent LP (the New Notes) will be issued pursuant to a private placement. In addition, the Parties agree that the New Notes will (i) have substantially the same covenant package (including the provisions and definitions applicable to early make-whole redemptions) as is included in the indenture that governs Parent's most recent issuance of senior notes, (ii) have the same interest rates, interest payment dates, record dates, maturity dates, and discount rates used in the make-whole formulations as are included in the Notes and (iii) include such other customary terms and conditions as are reasonably acceptable to the Company and Parent (including the related consent solicitations, collectively, the Debt Exchange Offers); *provided* that (A) this Agreement shall not have been terminated in accordance with Section 8.1, and (B) at the time of such commencement, the Company shall have otherwise performed or complied with all of its agreements and covenants required by this Agreement to be performed on or prior to the time that the Debt Exchange Offers are to be commenced. The Parties agree that the closing of the Debt Exchange Offers shall be

conditioned upon the closing of the Merger and the Parties acknowledge and agree that the consummation of the Debt Exchange Offers is not a condition to the obligation of the Parties to consummate the Transaction.

(b) The Company covenants and agrees that, immediately following the consent expiration date, assuming the requisite consents are received, the Company and each Company Subsidiary, to the extent necessary, shall execute supplemental indentures to the indentures governing the Notes, which supplemental indentures shall implement the amendments set forth in the Offer Documents and shall become operative immediately prior to the Effective Time, subject to the terms and conditions of this Agreement (including the conditions to the Debt Exchange Offers).

(c) Parent shall prepare all necessary and appropriate documentation in connection with the Debt Exchange Offers, including the offers to exchange, related letters of transmittal and other related documents (collectively, the Offer Documents). Parent and the Company shall cooperate with each other in the preparation of the Offer Documents. The Company shall provide reasonable assistance to Parent and Parent LP, including, without limitation, assistance with due diligence, preparation of necessary financial statements and delivery of legal opinions, comfort letters and other customary agreements and certificates to the extent reasonable and customary. All mailings to the holders of the Notes in connection with the Debt Exchange Offers shall be subject to the prior review of, and comment by, the Company and Parent and shall be reasonably acceptable to each of them. If at any time prior to the completion of the Debt Exchange Offers any information in the Offer Documents should be discovered by the Company or Parent which should be set forth in an amendment or supplement to the Offer Documents, so that the Offer Documents shall not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they are made, not misleading, the party that discovers such information shall promptly notify the other party, and an appropriate amendment or supplement describing such information shall be disseminated to the holders of the applicable Notes. Notwithstanding anything to the contrary in this Section 2.7, Parent shall, and shall cause Parent LP to, comply with the requirements of Rule 14e-1 under the Exchange Act and any other applicable Law to the extent such laws are applicable in connection with the Debt Exchange Offers. To the extent that the provisions of any applicable Law conflict with this Section 2.7, Parent shall, and shall cause Parent LP to, comply with the applicable Law and shall not be deemed to have breached its obligations hereunder by such compliance.

(d) In connection with the Debt Exchange Offers, Parent may select one or more dealer managers, information agents, exchange agents, trustees, depositaries and other agents reasonably acceptable to the Company to provide assistance in connection therewith and the Company (and the Company Subsidiaries, as necessary) shall enter into agreements (including indemnities) reasonably acceptable to the Company with such parties so selected to the extent reasonable and customary. Parent shall pay the reasonable fees and expenses of any dealer manager, information agent, exchange agent, trustee, depositary or other agent retained in connection with the Debt Exchange Offers, and Parent further agrees to reimburse the Company for all of their reasonable out-of-pocket costs in connection with the Debt Exchange Offers promptly following incurrence and delivery of reasonable documentation of such costs. Parent shall indemnify and hold harmless the Company, the Company Subsidiaries, their respective officers and directors and each Person, if any, who controls the Company within the meaning of Section 20 of the Exchange Act for and against any and all liabilities, losses, damages, claims, costs, expenses, interest, awards, judgments and penalties suffered or incurred by them in connection with the Debt Exchange Offers and the Offer Documents; *provided, however*, that Parent shall have no obligation to indemnify and hold harmless any such Person to the extent that any such liabilities, losses, damages, claims, costs, expenses, interest, awards, judgments and penalties suffered or incurred arises from disclosure regarding the Company or any Company Subsidiary that is determined to have contained a material misstatement or omission.

The Company agrees that it will use its reasonable best efforts to promptly inform its Representatives of the obligations undertaken in this Section 5.3.

(h) Notwithstanding any Change in Recommendation, unless this Agreement is validly terminated in accordance with its terms pursuant to Article VIII, the Company shall cause the approval of the Merger and the other Transactions to be submitted to a vote of its stockholders at the Company Stockholder Meeting.

(i) References in this Section 5.3 to the Company Board shall include a duly authorized committee thereof.

Section 5.4 Preparation of the Form S-4 and the Joint Proxy Statement: Stockholders Meetings.

(a) As promptly as reasonably practicable following the date of this Agreement, (i) the Company and Parent shall jointly prepare and cause to be filed with the SEC the Joint Proxy Statement in preliminary form, and (ii) Parent shall prepare and cause to be filed with the SEC, the Form S-4 with respect to the Parent Common Stock issuable in the Merger, which will include the Joint Proxy Statement with respect to the Company Stockholder Meeting and Parent Stockholder Meeting. Each of the Company and Parent shall use its reasonable best efforts to (x) have the Form S-4 declared effective under the Securities Act as promptly as practicable after such filing, (y) ensure that the Form S-4 complies in all material respects with the applicable provisions of the Exchange Act or Securities Act, and (z) keep the Form S-4 effective for so long as necessary to complete the Merger. Each of the Company and Parent shall furnish all information concerning itself, its affiliates and the holders of its capital stock to the other and provide such other assistance as may be reasonably requested in connection with the preparation, filing and distribution of the Form S-4 and Joint Proxy Statement. The Form S-4 and Joint Proxy Statement shall include all information reasonably requested by such other Party to be included therein. Each of the Company and Parent shall promptly notify the other upon the receipt of any comments from the SEC or any request from the SEC for amendments or supplements to the Form S-4 or Joint Proxy Statement, and shall, as promptly as practicable after receipt thereof, provide the other with copies of all correspondence between it and its Representatives, on one hand, and the SEC, on the other hand, and all written comments with respect to the Joint Proxy Statement or the Form S-4 received from the SEC and advise the other party or any oral comments with respect to the Joint Proxy Statement or the Form S-4 received from the SEC. Each of the Company and Parent shall use its reasonable best efforts to respond as promptly as practicable to any

comments from the SEC with respect to the Joint Proxy Statement, and Parent shall use its reasonable best efforts to respond as promptly as practicable to any comment from the SEC with respect to the Form S-4. Notwithstanding the foregoing, prior to filing the Form S-4 (or any amendment or supplement thereto) or mailing the Joint Proxy Statement (or any amendment or supplement thereto) or responding to any comments of the SEC with respect

thereto, each of the Company and Parent shall cooperate and provide the other a reasonable opportunity to review and comment on such document or response (including the proposed final version of such document or response). Parent shall advise the Company, promptly after it receives notice thereof, of the time of effectiveness of the Form S-4, the issuance of any stop order relating thereto or the suspension of the qualification of the Parent Common Stock issuable in connection with the Merger for offering or sale in any jurisdiction, and Parent shall use its reasonable best efforts to have any such stop order or suspension lifted, reversed or otherwise terminated. Parent shall also take any other action required to be taken under the Securities Act, the Exchange Act, any applicable foreign or state securities or blue sky Laws and the rules and regulations thereunder in connection with the issuance of the Parent Common Stock in the Merger, and the Company shall furnish all information concerning the Company and the holders of the Company Common Stock as may be reasonably requested in connection with any such actions.

(b) If, at any time prior to the receipt of the Company Stockholder Approval or the Parent Stockholder Approval, any information relating to the Company or Parent, or any of their respective affiliates, should be discovered by the Company or Parent which, in the reasonable judgment of the Company or Parent, should be set forth in an amendment of, or a supplement to, any of the Form S-4 or the Joint Proxy Statement, so that any of such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the Party which discovers such information shall promptly notify the other Parties, and the Company and Parent shall cooperate in the prompt filing with the SEC of any necessary amendment of, or supplement to, the Joint Proxy Statement or the Form S-4 and, to the extent required by Law, in disseminating the information contained in such amendment or supplement to stockholders of the Company and the stockholders of Parent. Nothing in this Section 5.4(b) shall limit the obligations of any Party under Section 5.4(a). For purposes of this Section 5.4, any information concerning or related to the Company, its affiliates or the Company Stockholder Meeting will be deemed to have been provided by the Company, and any information concerning or related to Parent, its affiliates or the Parent Stockholder Meeting will be deemed to have been provided by Parent.

(c) As promptly as practicable following the date of this Agreement, the Company shall, in accordance with applicable Law and the Company Governing Documents, establish a record date for, duly call, give notice of, convene and hold the Company Stockholder Meeting. The Company shall use its reasonable best efforts to cause the Joint Proxy Statement to be mailed to the stockholders of the Company entitled to vote at the Company Stockholder Meeting and to hold the Company Stockholder Meeting as soon as practicable after the Form S-4 is declared effective under the Securities Act. The Company shall, through the Company Board, recommend to its stockholders that they give the Company Stockholder Approval, include such recommendation in the Joint Proxy Statement and solicit and use its reasonable best efforts to obtain the Company Stockholder Approval, except to the extent that the Company Board shall have made a Change in Recommendation as permitted by Section 5.3. Notwithstanding the foregoing provisions of this Section 5.4(c), if, on a date for which the Company Stockholder Meeting is scheduled, the Company has not received proxies representing a sufficient number of shares of Company Common Stock to obtain the Company Stockholder Approval, whether or not a quorum is present, the Company shall have the right to make one or more successive postponements or adjournments of the Company Stockholder Meeting; *provided*, that the Company Stockholder Meeting is not postponed or adjourned to a date that is more than thirty (30) days after the date for which the Company Stockholder Meeting was originally scheduled (excluding any adjournments or postponements required by applicable Law) without the consent of Parent. Unless this Agreement is terminated in accordance with Section 8.1, nothing contained in this Agreement shall be deemed to relieve the Company of its obligation to submit the approval of the Merger Agreement to its stockholders for a vote on the approval thereof.

(d) As promptly as practicable following the date of this Agreement, Parent shall, in accordance with applicable Law and the Parent Governing Documents, establish a record date for, duly call, give notice of, convene and hold the Parent Stockholder Meeting. Parent shall use its reasonable best efforts to cause the Joint Proxy Statement to be mailed to the stockholders of Parent entitled to vote at the Parent Stockholder Meeting and to hold the Parent Stockholder Meeting as soon as practicable after the Form S-4 is declared effective under the

Securities Act. Parent shall, through the Parent Board, recommend to its stockholders that they give the Parent Stockholder Approval, include such recommendation in the Joint Proxy Statement, and solicit and use its reasonable best efforts to obtain the Parent Stockholder Approval. Notwithstanding the foregoing provisions of this Section 5.4(d), if, on a date for which the Parent Stockholder Meeting is scheduled, Parent has not received proxies representing a sufficient number of shares of Parent Common Stock to obtain the Parent Stockholder Approval, whether or not a quorum is present, Parent shall have the right to make one or more successive postponements or adjournments of the Parent Stockholder Meeting; *provided*, that the Parent Stockholder Meeting is not postponed or adjourned to a date that is more than thirty (30) days after the date for which the Parent Stockholder Meeting was originally scheduled (excluding any adjournments or postponements required by applicable Law) without the consent of the Company. Nothing contained in this Agreement shall be deemed to relieve Parent of its obligation to submit the issuance of the Parent Common Stock in the Merger to its stockholders for a vote on the approval thereof.

(e) The Company and Parent will use their respective reasonable best efforts to hold the Company Stockholder Meeting and the Parent Stockholder Meeting on the same date and as soon as reasonably practicable after the date of this Agreement.

ARTICLE VI

ADDITIONAL AGREEMENTS

Section 6.1 Access; Confidentiality; Notice of Certain Events.

(a) From the date of this Agreement until the Effective Time or the date, if any, on which this Agreement is terminated pursuant to Section 8.1, to the extent permitted by applicable Law and contracts, and subject to the reasonable restrictions imposed from time to time upon advice of counsel, each of the Company and Parent shall, and shall cause each of the Parent Subsidiaries (to the extent permitted by the applicable Parent Subsidiary's governance documents) and the Company Subsidiaries, respectively, to, afford to the other Party and to the Representatives of such other Party reasonable access during normal business hours and upon reasonable advance notice to all of their respective properties, offices, books, contracts, commitments, personnel and records and, during such period, each of the Company and Parent shall, and shall cause each of the Company Subsidiaries and the Parent Subsidiaries, respectively, to, furnish reasonably promptly to the other Party (i) a copy of each report, schedule, registration statement and other document filed by it during such period pursuant to the requirements of federal or state securities Laws, and (ii) all other information (financial or otherwise) concerning its business, properties and personnel as such other Party may reasonably request. Notwithstanding the foregoing, neither the Company nor Parent shall be required by this Section 6.1 to provide the other Party or the Representatives of such other Party with access to or to disclose information (x) that is subject to the terms of a confidentiality agreement with a third party entered into prior to the date of this Agreement or entered into after the date of this Agreement in the ordinary course of business consistent with past practice (*provided, however*, that the withholding Party shall use its reasonable best efforts to obtain the required consent of such third party to such access or disclosure), (y) the disclosure of which would violate any Law or duty (*provided, however*, that the withholding Party shall use its reasonable best efforts to make appropriate substitute arrangements to permit reasonable disclosure not in violation of any Law or duty) or (z) that is subject to any attorney-client, attorney work product or other legal privilege (*provided, however*, that the withholding Party shall use its reasonable best efforts to allow for such access or disclosure to the maximum extent that does not result in a loss of any such attorney-client, attorney work product or other legal privilege). Each of the Company and Parent will use its reasonable best efforts to minimize any disruption to the businesses of the other Party that may result from the requests for access, data and information hereunder. Prior to the Effective Time, each of Parent and Merger Sub shall

not, and shall cause their respective Representatives and affiliates not to, contact or otherwise communicate with the employees of the Company or any Company Subsidiary (other than those employees set forth on Section 6.1(a) of the Company Disclosure Letter) or other parties with which the Company or any Company

Subsidiary has a business relationship regarding the business of the Company and the Company Subsidiaries or this Agreement and the Transactions without the prior written consent of the Company.

(b) Each of the Company and Parent will hold, and will cause its Representatives and affiliates to hold, any nonpublic information, including any information exchanged pursuant to this Section 6.1, in confidence to the extent required by and in accordance with, and will otherwise comply with, the terms of the Confidentiality Agreement, subject to the following: (x) notwithstanding the second paragraph of Section 2 of the Confidentiality Agreement, the Company and Parent may disclose any of the terms, conditions or other facts of the Merger and other Transactions in accordance with this Agreement; (y) the third paragraph of Section 2 of the Confidentiality Agreement is terminated and of no further force and effect, with the effect that the Company has no consent rights with respect to Parent's selection of any potential source of debt or equity financing (and their respective counsel) or Parent's ability to share Evaluation Material (as defined in the Confidentiality Agreement) with such financing sources and (z) any such financing sources shall be included within the definition of Representatives.

(c) The Company shall give prompt notice to Parent, and Parent shall give prompt notice to the Company, (i) of any notice or other communication received by such Party from any Governmental Entity in connection with this Agreement, the Merger or the other Transactions, or from any Person alleging that the consent of such person is or may be required in connection with the Merger or the other Transactions, if the subject matter of such communication or the failure of such Party to obtain such consent could be material to the Company, the Surviving Entity or Parent, (ii) of any Legal Proceeding commenced or, to any Party's knowledge, threatened against, such Party or any of its Subsidiaries or affiliates or otherwise relating to, involving or affecting such Party or any of its Subsidiaries or affiliates, in each case in connection with, arising from or otherwise relating to the Merger or any other Transaction, and (iii) if (A) any representation or warranty made by such Party contained in this Agreement becomes untrue or inaccurate such that it would be reasonable to expect that the applicable closing conditions would be incapable of being satisfied by the Outside Date or (B) such Party fails to comply with or satisfy in any material respect any covenant, condition or agreement to be complied with or satisfied by it under this Agreement such that it would be reasonable to expect that the applicable closing conditions would be incapable of being satisfied by the Outside Date; *provided, however*, that no such notification shall affect the representations, warranties, covenants or agreements of the Parties or the conditions to the obligations of the Parties under this Agreement. Without limiting the foregoing, the Company shall give prompt notice to Parent, and Parent shall give prompt notice to the Company, if, to the knowledge of such Party, the occurrence of any state of facts, change, development, event or condition would cause, or would reasonably be expected to cause, any of the conditions to Closing set forth herein not to be satisfied or satisfaction to be materially delayed, as the case may be, *provided, however*, that the delivery of any notice pursuant to this Section 6.1(c) shall not cure any breach of any representation or warranty requiring disclosure of such matter prior to the date of this Agreement or otherwise limit or affect the remedies available hereunder to any Party. The failure to deliver any such notice shall not affect any of the conditions set forth in Article VII.

Section 6.2 Consents and Approvals.

(a) Upon the terms and subject to the conditions set forth in this Agreement, each of the Company and Parent shall and shall cause their respective Subsidiaries, to use reasonable best efforts to take, or cause to be taken, all actions, and to do, or cause to be done, and to assist and cooperate with the other Party in doing, all things necessary, proper or advisable under applicable Law or pursuant to any contract or agreement to consummate and make effective, as promptly as practicable, the Merger and the other Transactions, including (i) the taking of all actions necessary to cause the conditions to Closing set forth in Article VII to be satisfied, (ii) the obtaining of all necessary actions or nonactions, waivers, consents and approvals from Governmental Entities or other Persons necessary in connection

with the consummation of the Merger and the other Transactions and the making of all necessary registrations and filings (including filings with Governmental Entities, if any) and the taking of all reasonable steps as may be necessary to obtain an approval or waiver from, or to avoid an action or proceeding by, any Governmental Entity or other Persons necessary in connection with the consummation of the Merger and the other Transactions, (iii) the defending of any lawsuits or other legal

proceedings, whether judicial or administrative, challenging this Agreement or the consummation of the Merger or the other Transactions, including seeking to have any stay or temporary restraining order entered by any court or other Governmental Entity vacated or reversed, the avoidance of each and every impediment under any antitrust, merger control, competition or trade regulation Law that may be asserted by any Governmental Entity with respect to the Merger so as to enable the Closing to as soon as reasonably practicable, and (iv) the execution and delivery of any additional instruments necessary to consummate the Merger and the other Transactions and to fully carry out the purposes of this Agreement.

(b) In connection with and without limiting the foregoing, each of Parent and the Company shall give (or shall cause to be given) any notices to any Person, and each of Parent and the Company shall use, and cause each of their respective affiliates to use, its reasonable best efforts to obtain any consents from any Person not covered by Section 6.2(a) that are necessary, proper or advisable to consummate the Merger. Each of the Parties will furnish to the other such necessary information and reasonable assistance as the other may request in connection with the preparation of any required governmental filings or submissions and will cooperate in responding to any inquiry from a Governmental Entity, including promptly informing the other Party of such inquiry, consulting in advance before making any presentations or submissions to a Governmental Entity, and supplying each other with copies of all material correspondence, filings or communications between either Party and any Governmental Entity with respect to this Agreement. To the extent reasonably practicable, the Parties or their Representatives shall have the right to review in advance and each of the Parties will consult the others on, all the information relating to the other and each of their affiliates that appears in any filing made with, or written materials submitted to, any Governmental Entity in connection with the Merger and the other Transactions (other than Tax Returns), except that confidential competitively sensitive business information may be redacted from such exchanges. To the extent reasonably practicable, neither the Company nor Parent shall, nor shall they permit their respective Representatives to, participate independently in any meeting or engage in any substantive conversation with any Governmental Entity in respect of any filing, investigation or other inquiry without giving the other Party prior notice of such meeting or conversation and, to the extent permitted by applicable Law, without giving the other Party the opportunity to attend or participate (whether by telephone or in person) in any such meeting with such Governmental Entity. Notwithstanding the foregoing, obtaining any approval or consent from any Person pursuant to this Section 6.2(b) shall not be a condition to the obligations of the Parties to consummate the Merger.

(c) Notwithstanding anything to the contrary in this Agreement, in connection with obtaining any approval or consent from any Person (other than any Governmental Entity) with respect to the Merger, the Company, the Company Subsidiaries and their respective Representatives shall not be obligated to, and shall not without the consent of Parent, pay or commit to pay to such Person whose approval or consent is being solicited any cash or other consideration, make any accommodation or commitment or incur any liability or other obligation to such Person. The Parties shall cooperate with respect to accommodations that may be requested or appropriate to obtain such consents.

(d) Without limiting the generality of the foregoing, each of the Parties hereto acknowledges that the Specified Consent may be required with respect to the Merger and the Transactions and such Specified Consent has not been obtained as of the date of this Agreement. Parent and the Company shall, and shall cause their respective Representatives to use reasonable best, good faith and diligent efforts to obtain the Specified Consent promptly after the date of this Agreement. The Parties acknowledge that Parent will have the right to commence and lead all negotiations with the relevant Persons with respect to obtaining the Specified Consent. In connection therewith, the Company shall promptly provide, and cause each Company Subsidiary and their respective Representatives to promptly provide, all assistance and cooperation reasonably requested by Parent in connection with obtaining such Specified Consent, including the preparation and delivery of any information regarding the Company or any Company

Subsidiary as may be requested by Parent, and, if requested by Parent, the participation in any meetings or discussions or communications with, and communications, from the relevant Persons. The Company shall execute, or cause to be executed by any applicable Company Subsidiary, any customary documents reasonably requested by Parent or required by the relevant Persons in connection with

obtaining the Specified Consent; *provided* that (i) no obligation of the Company or any of the Company Subsidiaries under any such customary documents shall be effective until the actual occurrence of the Effective Time, and (ii) none of the Company or any of the Company Subsidiaries or their respective Representatives shall be required to pay any fee or incur any other cost or expense that is not simultaneously reimbursed by Parent in connection with the obtaining the Specified Consent prior to the Effective Time.

Section 6.3 Publicity. So long as this Agreement is in effect, neither the Company nor Parent, nor any of their respective affiliates, shall issue or cause the publication of any press release or other announcement with respect to the Merger or this Agreement without the prior consent of the other Party (which consent shall not be unreasonably withheld, conditioned or delayed), unless such Party determines, after consultation with outside counsel, that it is required by applicable Law or by any listing agreement with or the listing rules of a national securities exchange or trading market to issue or cause the publication of any press release or other announcement with respect to the Merger or this Agreement, in which event such Party shall endeavor, on a basis reasonable under the circumstances, to provide a meaningful opportunity to the other Party to review and comment upon such press release or other announcement and shall give due consideration to all reasonable additions, deletions or changes suggested thereto; *provided, however*, that the Company shall not be required to provide any such review or comment to Parent in connection with the receipt and existence of a Competing Proposal and matters related thereto or a Change in Recommendation; *provided, further*, each Party and their respective controlled affiliates may make statements that are not inconsistent with previous press releases, public disclosures or public statements made by Parent and the Company in compliance with this Section 6.3. The Parties have agreed upon the form of joint press release announcing the Merger and the execution of this Agreement.

Section 6.4 Directors and Officers Insurance and Indemnification.

(a) Parent shall, or shall cause the Surviving Entity to, honor and fulfill in all respects the obligations of the Company to the fullest extent permissible under applicable Law, under the Company Governing Documents in effect on the date hereof and under any indemnification or other similar agreements in effect on the date hereof (the Indemnification Agreements) to the individuals covered by such Company Governing Documents or Indemnification Agreements (the Covered Persons) arising out of or relating to actions or omissions in their capacity as such occurring at or prior to the Effective Time, including in connection with the approval of this Agreement and the Transactions.

(b) Without limiting the provisions of Section 6.4(a), for a period of six (6) years after the Effective Time, Parent shall, or shall cause the Surviving Entity to: (i) indemnify and hold harmless each Covered Person against and from any costs or expenses (including attorneys' fees), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, to the extent such claim, action, suit, proceeding or investigation arises out of or pertains to: (A) any action or omission or alleged action or omission in such Covered Person's capacity as such, or (B) this Agreement and any of the Transactions; and (ii) pay in advance of the final disposition of any such claim, action, suit, proceeding or investigation the expenses (including attorneys' fees) of any Covered Person upon receipt of an undertaking by or on behalf of such Covered Person to repay such amount if it shall ultimately be determined that such Covered Person is not entitled to be indemnified. Notwithstanding anything to the contrary contained in this Section 6.4 or elsewhere in this Agreement, neither Parent nor the Surviving Entity shall (and Parent shall cause the Surviving Entity not to) settle or compromise or consent to the entry of any judgment or otherwise seek termination with respect to any claim, action, suit, proceeding or investigation of a Covered Person for which indemnification may be sought under this Section 6.4(b) unless such settlement, compromise, consent or termination includes an unconditional release of such Covered Person from all liability arising out of such claim, action, suit, proceeding or

investigation. Notwithstanding anything to the contrary contained in this Section 6.4 or elsewhere in this Agreement, no Covered Person shall settle or compromise or consent to the entry of any judgment or otherwise seek termination with respect to any claim, action, suit, proceeding or investigation of a Covered Person for which indemnification

may be sought under this Section 6.4(b) without the prior consent of Parent (which consent shall not be unreasonably withheld, delayed or conditioned).

(c) For a period of six (6) years after the Effective Time, the certificate of incorporation and bylaws of the Surviving Entity or any of its successors or assigns shall contain provisions no less favorable with respect to indemnification, advancement of expenses and exculpation of Covered Persons for periods prior to and including the Effective Time than are currently set forth in the Company Governing Documents. The Indemnification Agreements with Covered Persons that survive the Merger shall continue in full force and effect in accordance with their terms.

(d) The Company may, prior to Closing, purchase a directors and officers liability insurance tail or runoff insurance program for a period of six (6) years after the Effective Time with respect to wrongful acts and/or omissions committed or allegedly committed at or prior to the Effective Time (such coverage shall have an aggregate coverage limit over the term of such policy in an amount not to exceed the annual aggregate coverage limit under the Company's existing directors and officers liability policy, and in all other respects shall be comparable to such existing coverage), *provided, however*, that the cost of such program may not exceed 250% of the annual premiums paid as of the date of this Agreement by the Company for directors and officers liability insurance (such 250% amount, the Base Premium); *provided, further*, if such insurance coverage cannot be obtained at all, or can only be obtained at a cost in excess of the Base Premium, the Company may purchase the most advantageous policies of tail or run-off directors and officers insurance obtainable for a cost equal to the Base Premium.

(e) In the event the Surviving Entity or any of its successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger or (ii) transfers all or substantially all of its properties and assets to any Person, then and in each such case, proper provision shall be made so that such continuing or surviving corporation or entity or transferee of such assets, as the case may be, shall assume all of the applicable obligations set forth in this Section 6.4.

(f) The Covered Persons (and their successors and heirs) are intended third party beneficiaries of this Section 6.4, and this Section 6.4 shall not be amended in a manner that is adverse to the Covered Persons (including their successors and heirs) or terminated without the consent of the Covered Persons (including their successors and heirs) affected thereby.

Section 6.5 Takeover Statutes. The Parties shall use their respective reasonable best efforts (a) to take all action necessary so that no Takeover Statute is or becomes applicable to the Merger or any of the other Transactions and (b) if any such Takeover Statute is or becomes applicable to any of the foregoing, to take all action necessary so that the Merger and the other Transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise to eliminate or minimize the effect of such Takeover Statute on the Merger and the other Transactions.

Section 6.6 Obligations of Merger Sub. Parent shall take all action necessary to cause Merger Sub and the Surviving Entity to perform their respective obligations under this Agreement and to consummate the Transactions, including the Merger, upon the terms and subject to the conditions set forth in this Agreement.

Section 6.7 Employee Benefits Matters.

(a) Effective as of the Effective Time and for a period of one (1) year thereafter, Parent shall provide, or shall cause the Surviving Entity to provide, to each employee of the Company and/or its Subsidiaries who continues to be

employed by the Company or the Surviving Entity or any Subsidiary thereof (the Continuing Employees), (i) compensation (excluding any equity-based compensation) that is not less favorable in the aggregate than the compensation provided to similarly situated employees of Parent, (ii) severance benefits that are no less favorable than the severance benefits provided to such Continuing Employee by the Company

immediately prior to the Effective Time, (iii) employee benefits that are, in the aggregate, no less favorable than those provided to similarly situated employees of Parent. Effective as of the Effective Time and thereafter, Parent shall provide, or shall cause the Surviving Entity to provide, that periods of employment with the Company (including any current or former affiliate of the Company or any predecessor of the Company) shall be taken into account for purposes of determining, as applicable, the eligibility for participation and vesting, but not for benefit accrual purposes, of any Continuing Employee under all employee benefit plans maintained by Parent or an affiliate of Parent for the benefit of the Continuing Employees, including vacation or other paid-time-off plans or arrangements, 401(k), pension or other retirement plans and any severance or health or welfare plans.

(b) Effective as of the Effective Time and thereafter, Parent shall, and shall cause the Surviving Entity to, (x) ensure that no eligibility waiting periods, actively-at-work requirements or pre-existing condition limitations or exclusions shall apply with respect to the Continuing Employees under the applicable health and welfare benefits plan of Parent or any affiliate of Parent (except to the extent applicable under Company Benefit Plans immediately prior to the Effective Time), (y) waive any and all evidence of insurability requirements with respect to such Continuing Employees to the extent such evidence of insurability requirements were not applicable to the Continuing Employees under the Benefits Plans immediately prior to the Effective Time, and (z) credit each Continuing Employee with all deductible payments, out-of-pocket or other co-payments paid by such employee under the health benefit plans of the Company or its affiliates prior to the Closing Date during the year in which the Closing occurs for the purpose of determining the extent to which any such employee has satisfied his or her deductible and whether he or she has reached the out-of-pocket maximum under any health benefit plan of Parent or an affiliate of Parent for such year. The Merger shall not affect any Continuing Employee's accrual of, or right to use, in accordance with Company policy as in effect immediately prior to the Effective Time, any personal, sick, vacation or other paid-time-off accrued but unused by such Continuing Employee immediately prior to the Effective Time.

(c) From and after the Closing Date, Parent shall cause the Surviving Entity and/or its affiliates, as applicable, to honor and perform all written agreements listed as Employment Agreements or Equity Plans on Section 3.11(a) of the Company Disclosure Letter, between the Company and/or its affiliates, as applicable, on the one hand, and any Continuing Employee on the other.

(d) Nothing in this Agreement shall confer upon any Continuing Employee any right to continue in the employ or service of Parent, the Surviving Entity or any affiliate of Parent, or shall interfere with or restrict in any way the rights of Parent, the Surviving Entity or any affiliate of Parent, which rights are hereby expressly reserved, to discharge or terminate the services of any Continuing Employee at any time for any reason whatsoever, with or without cause, except to the extent expressly provided otherwise in a written agreement between Parent, the Surviving Entity, the Company or any affiliate of Parent and the Continuing Employee or any severance, benefit or other applicable plan or program covering such Continuing Employee, nor shall anything herein alter or limit the ability of Parent, the Surviving Entity or any affiliate of Parent to amend, modify or terminate any benefit plan, program, policy agreement or arrangement at any time, assumed, established, sponsored or maintained by any of them. Notwithstanding any provision in this Agreement to the contrary, nothing in this Section 6.7 shall (x) be deemed or construed to be an amendment or other modification of any Company Benefit Plan or Merger Sub employee benefit plan, or (y) create any third party rights in any current or former service provider of the Company or its affiliates (or any beneficiaries or dependents thereof).

Section 6.8 Rule 16b-3. Prior to the Effective Time, the Company shall be permitted to take such steps as may be reasonably necessary or advisable hereto to cause dispositions of Company equity securities (including derivative securities) pursuant to the Merger by each individual who is a director or officer of the Company to be exempt under

Rule 16b-3 promulgated under the Exchange Act.

Section 6.9 Control of Operations. Without in any way limiting any Party's rights or obligations under this Agreement, the Parties understand and agree that (i) nothing contained in this Agreement shall give Parent, directly or indirectly, the right to control or direct the Company's operations prior to the Effective Time, and

(ii) prior to the Effective Time, the Company shall exercise, consistent with and subject to the terms and conditions of this Agreement, complete control and supervision over its operations.

Section 6.10 Security Holder Litigation. In the event that any litigation related to this Agreement, the Merger or the other Transactions is brought against the Company and/or its directors by security holders of the Company, the Company shall promptly notify Parent of such litigation and shall keep Parent informed on a current basis with respect to the status thereof. The Company shall give Parent the opportunity to participate, subject to a customary joint defense agreement, in, but not control, the defense and settlement of any such litigation against the Company and/or its directors by security holders of the Company and no such settlement shall be agreed to by the Company or any Company Subsidiary without the Parent's prior written consent (which consent shall not be unreasonably withheld, delayed or conditioned in the case of settlements that do not exceed in the aggregate the amount set forth on Schedule 6.10 of the Company Disclosure Letter).

Section 6.11 Delisting. Each of the Parties agrees to cooperate with the other Parties in taking, or causing to be taken, all actions necessary to delist the Company Common Stock and the Company Series D Preferred Stock from the NYSE and terminate their registration under the Exchange Act, *provided*, that such delisting and termination shall not be effective until after the Effective Time.

Section 6.12 Director and Officer Resignations. The Company shall use commercially reasonable efforts to cause to be delivered to Parent resignations executed by each director and officer of the Company and the Company Subsidiaries in office immediately prior to the Effective Time.

Section 6.13 Certain Tax Matters. Each of Parent and the Company shall use its reasonable best efforts to cause the Merger to qualify as a reorganization within the meaning of Section 368(a) of the Code, including by executing and delivering the tax representation letters referred to herein. None of Parent or the Company shall take any action, or fail to take any action, that could reasonably be expected to cause the Merger to fail to qualify as a reorganization within the meaning of Section 368(a) of the Code. All Parties shall treat the Merger as a reorganization under Section 368(a) of the Code and no Party shall take any positions inconsistent therewith for Tax purposes.

Section 6.14 Tax Opinions and Tax Representation Letters.

Section 8.1 Termination. This Agreement may be terminated and the Merger and the other Transactions may be abandoned (except as otherwise provided below, whether before or after receipt of the Company Stockholder Approval, if applicable) as follows:

(a) by mutual written consent of Parent and the Company;

(b) by either Parent or the Company, prior to the Effective Time, if there has been a breach by the other Party or Parties of any representation, warranty, covenant or agreement set forth in this Agreement, which breach (i) in the case of the Company would, or would reasonably be expected to, result in the conditions in Section 7.1 and Section 7.2 not being satisfied and (ii) in the case of a breach by Parent or Merger Sub, that would reasonably be expected to prevent, or materially impair or delay, the ability of either Parent or Merger Sub to perform its obligations under this Agreement, or to consummate the Merger and the other Transactions (and in each case such breach is not curable prior to the Outside Date, or if curable prior to the Outside Date, has not been cured within the earlier of (x) twenty (20) calendar days after the receipt of notice thereof by the defaulting Party from the non-defaulting Party or (y) three (3) business days before the Outside Date); *provided, however*, this Agreement may not be terminated pursuant to this Section 8.1(b) by any Party if such Party is then in material breach of any representation, warranty, covenant or agreement set forth in this Agreement;

(c) by either Parent or the Company, if the Effective Time shall not have occurred by midnight, New York City time on the Outside Date; *provided, however*, that the right to terminate this Agreement pursuant to this Section 8.1(c) shall not be available to any Party whose breach of any representation, warranty, covenant or agreement set forth in this Agreement has been the primary cause of, or resulted in, the Effective Time not occurring prior to the Outside Date;

(d) by Parent, prior to the Company Stockholder Approval being obtained, if (i) the Company Board shall have effected a Change in Recommendation; (ii) the Company Board approves or adopts, recommends to the stockholders of the Company to approve or adopt, or enters into an agreement with respect to any Competing Transaction (other than a confidentiality agreement entered into in compliance with Section 5.3(b)); (iii) the Company shall have failed to include in the Joint Proxy Statement the recommendation of the Company Board in favor of the approval of the Merger; (iv) if a tender offer or exchange offer for 20% or more of the outstanding shares of capital stock of the Company is commenced, and the Company Board does not recommend against acceptance of such tender offer or exchange offer by its stockholders within ten business days following commencement of such offer (or, in the event of a change in the terms of the tender offer, within ten business days of the announcement of such changes); (v) the Company has materially breached its obligations under Section 5.3(a); or (vi) the Company publicly announces its intention to do any of the foregoing; *provided* that Parent's right to terminate this Agreement pursuant to this Section 8.1(d) shall expire at 5:00 p.m., California time, on the tenth (10th) business day following the date on which Parent became aware that the event permitting such termination occurred;

(e) by the Company if, prior to the Company Stockholder Approval being obtained, (i) the Company Board (or any committee thereof) has received a Superior Proposal, and (ii) the Company Board (or any committee thereof) has determined in good faith (after consulting with its outside legal counsel) that the failure to accept such Superior Proposal is reasonably likely to be inconsistent with the exercise of the duties of the members of the Company Board (or any committee thereof) under applicable Law; *provided* that the Company shall thereafter pay the Company

Termination Fee to Parent concurrently with such termination;

appealable order, decree or ruling in each case permanently restraining, enjoining or otherwise prohibiting the consummation of the Merger or other Transactions; *provided, however*, that the Party seeking to terminate this Agreement pursuant to this Section 8.1(f) shall have complied with its obligations under Section 6.2 to use reasonable best efforts to prevent the entry of and to remove such order, decree or ruling;

(g) by either the Company or Parent, if the Company Stockholder Approval in favor of the approval of the Merger shall not have been obtained at the Company Stockholder Meeting or at any adjournment or postponement thereof, in each case at which a vote on such approval was taken; *provided* that the right to terminate this Agreement under this Section 8.1(g) shall not be available to the Company if the failure to obtain such Company Stockholder Approval was primarily caused by any action or failure to act of the Company that constitutes a material breach of this Agreement; or

(h) by either Parent or the Company, if the Parent Stockholder Approval to approve the issuance of Parent Common Stock in connection with the Merger shall not have been obtained at the Parent Stockholder Meeting or at any adjournment or postponement thereof, in each case at which a vote on such approval was taken; *provided* that the right to terminate this Agreement under this Section 8.1(h) shall not be available to Parent if the failure to obtain such Parent Stockholder Approval was primarily caused by any action or failure to act of Parent that constitutes a material breach of this Agreement.

Section 8.2 Effect of Termination.

(a) In the event of the termination of this Agreement as provided in Section 8.1, written notice thereof shall forthwith be given to the other Party or Parties specifying the provision hereof pursuant to which such termination is made, and this Agreement shall forthwith become null and void and there shall be no liability on the part of Parent, Merger Sub or the Company, except that the Confidentiality Agreement, Section 6.1(b), this Section 8.2 and Section 9.3 through Section 9.14 shall survive such termination; *provided, however*, that subject to Section 8.2(b), nothing herein shall relieve any Party from liability for a Willful Breach of its covenants or agreements set forth in this Agreement prior to such termination; *provided, further*, that nothing in this Agreement shall prohibit the Company from seeking to prove that any damages include the benefit of the bargain lost by the Company stockholders (taking into consideration relevant matters, including the total amount payable to such stockholders under this Agreement and the time value of money and any relevant breaches by the Company, Parent or Merger Sub), in each case to the extent not otherwise recoverable by such stockholders.

(b) Company Termination Fee and Expense Reimbursements.

(i) If (A) the Company terminates this Agreement pursuant to Section 8.1(e) or (B) Parent terminates this Agreement pursuant to Section 8.1(d), within two (2) business days after such termination (or concurrently with the termination if terminated pursuant to Section 8.1(e)) the Company shall pay a fee of \$170,000,000 in cash (the Company Termination Fee) and, upon the payment of the Company Termination Fee, the Company shall have no further liability with respect to this Agreement or the Transactions to Parent or Merger Sub.

(ii) If (A) this Agreement is terminated by either the Company or Parent pursuant to Section 8.1(g) or by Parent pursuant to Section 8.1(b), and (B) the Company Board had received prior to the Company Stockholder Meeting a Competing Proposal, which was not withdrawn at or prior to the time of the Company Stockholder Meeting or, if there has been no Company Stockholder Meeting, prior to the termination of this Agreement, and (C) within twelve (12) months after termination of this Agreement, the Company consummates a Competing Transaction or enters into

an agreement providing for a Competing Transaction (that is later consummated), within one (1) business day after the consummation of such Competing Transaction, the Company shall pay or cause to be paid to the Parent the Company Termination Fee less, if applicable, any Reimbursable Expenses previously paid by the Company to Parent, and upon the payment of the Company Termination Fee the Company shall have no further liability with respect to this Agreement or the Transactions to Parent or Merger Sub.

(iii) If this Agreement is terminated (A) by Parent pursuant to Section 8.1(b) or (B) by the Company or Parent pursuant to Section 8.1(g), the Company shall pay to Parent an amount equal to Parent's Reimbursable Expenses. If this Agreement is terminated (A) by the Company pursuant to Section 8.1(b) or (B) by the Company or Parent pursuant to Section 8.1(h), Parent shall pay to the Company an amount equal to the Company's Reimbursable Expenses. Any payments pursuant to this Section 8.2(b)(iii) shall be made within two (2) business days of termination. Reimbursable Expenses means any and all out-of-pocket fees and expenses (including, without limitation, legal, investment banking, accounting, banking and consulting fees and expenses) up to an aggregate of \$10,000,000 actually incurred in connection with the due diligence investigation, negotiation, preparation and execution of this Agreement and the preparation for the consummation of the Transactions contemplated hereby (subject to reasonable documentation).

(iv) In the event the Company Termination Fee and/or Parent's Reimbursable Expenses are payable pursuant to the preceding clauses (i)-(iii), the Company Termination Fee and/or Parent's Reimbursable Expenses shall be paid by wire transfer of immediately available funds to an account designated in writing by Parent. For the avoidance of doubt, in no event shall the Company be obligated to pay the Company Termination Fee on more than one occasion. In the event the Company's Reimbursable Expenses are payable pursuant to clause (iii) above, the Company's Reimbursable Expenses shall be paid by wire transfer of immediately available funds to an account designated in writing by the Company.

(v) If one Party to this Agreement (the Payor) is required to make a payment to another Party to this Agreement (the Payee) pursuant to this Article VIII, then notwithstanding anything to the contrary in this Agreement, unless the Payee shall have received, and notified the Payor in writing of its receipt and directing that payment be made otherwise than into escrow as provided below, a tax opinion of counsel or a ruling from the IRS to the effect that the Payee's receipt of such payment will be treated as qualifying income with respect to the Payee for purposes of Section 856(c)(2) and 856(c)(3) of the Code or shall be excluded from income for such purposes (a Positive Tax Opinion or Ruling), the aggregate amount of the payment to be paid to the Payee pursuant to this Article VIII shall be placed into escrow as directed by the Payee and the amounts payable to the Payee shall be limited to the maximum amount (Allowed Fee) that can be paid without causing the Payee's receipt of its pro rata share of such funds to cause the Payee to fail to meet the requirements of Sections 856(c)(2) and (3) of the Code, determined as if the payment of such amount did not constitute qualifying income for such purposes, as determined by independent accountants to the Payee. In the event that any payment to be made pursuant to this Article VIII exceeds the Allowed Fee, then such excess amount (the Escrowed Fee) shall be retained by the escrow agent in a separate interest-bearing, segregated account for the account of the Payor. The Payee shall pay all costs associated with obtaining any tax opinion of counsel or ruling from the IRS described above. The Escrowed Fee shall be fully disbursed (and therefore any unpaid portion of the payment pursuant to this Article VIII shall be paid to the Payee) upon receipt of a Positive Tax Opinion or Ruling. To the extent not previously paid, upon any determination by independent accountants to the Payee that any additional amount of the Company Termination Fee may be disbursed to the Payee without causing the Payee to fail to meet the requirements of Sections 856(c)(2) and 856(c)(3) of the Code, determined as if the payment of such amount did not constitute qualifying income for such purposes, the determination of such independent accountants shall be provided to the escrow agent and such additional amount shall be disbursed. At the end of the second calendar year beginning after the date on which the Competing Transaction is consummated (or earlier if directed by the Payee), any remainder of the Escrowed Fee (together with interest thereon) then being held by the escrow agent shall be disbursed to the Payor and, in the event that the payment pursuant to this Article VIII has not by then been paid in full, such unpaid portion shall be deemed forgiven. The Payee shall bear any and all expenses associated with the escrow of the Escrowed Fee. The Payee is hereby granted the power of attorney on behalf of the Payor to execute, acknowledge, swear to and deliver all such documents required in connection with the foregoing escrow account, such power to be

irrevocable and coupled with an interest.

(c) Liquidated Damages. Each of the Parties acknowledges that the agreements contained in this Section 8.2 are an integral part of the Transactions and that the Company Termination Fee is not a penalty, but rather is liquidated damages in a reasonable amount that will compensate Parent and Merger Sub in the

circumstances in which the Company Termination Fee is payable for the efforts and resources expended and opportunities foregone while negotiating this Agreement and in reliance on this Agreement and on the expectation of the consummation of the Transactions, which amount would otherwise be impossible to calculate with precision. Notwithstanding anything to the contrary in this Agreement, Parent's right to receive payment of the Company Termination Fee from the Company shall be the sole and exclusive remedy of Parent and Merger Sub against the Company and its Subsidiaries and any of their respective former, current or future officers, directors, partners, stockholders, managers, members, affiliates or agents for the loss suffered as a result of the failure of the Merger to be consummated, and upon payment of such amount, none of the Company, any of its Subsidiaries or any of their respective former, current or future officers, directors, partners, stockholders, managers, members, affiliates or agents shall have any further liability or obligation relating to or arising out of this Agreement or the Transactions.

ARTICLE IX

MISCELLANEOUS

Section 9.1 Amendment and Modification; Waiver.

(a) Subject to applicable Law and except as otherwise provided in this Agreement, this Agreement may be amended, modified and supplemented, whether before or after receipt of the Company Stockholder Approval, if applicable, by written agreement of the Parties; *provided, however*, that after the approval of the Merger by the stockholders of the Company, no amendment shall be made which by Law requires further approval by such stockholders without obtaining such further approval. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the Parties. Notwithstanding anything to the contrary contained herein, this Section 9.1(a), and Section 9.9, Section 9.11(c), Section 9.12, Section 9.13 and Section 9.16 (and any provision of this Agreement to the extent a modification, waiver or termination of such provision would adversely modify the substance of any of the foregoing provisions in any manner that is materially adverse to any Lender Party or any Lender Related Party) may not be modified, waived or terminated in a manner that is adverse in any respect to a Lender Party or a Lender Related Party without the prior written consent of such Lender Party or Lender Related Party.

(b) At any time and from time to time prior to the Effective Time, any Party or Parties may, to the extent legally allowed and except as otherwise set forth herein, (i) extend the time for the performance of any of the obligations or other acts of the other Party or Parties, as applicable, (ii) waive any inaccuracies in the representations and warranties made to such Party or Parties contained herein or in any document delivered pursuant hereto, and (iii) waive compliance with any of the agreements or conditions for the benefit of such Party or Parties contained herein. Any agreement on the part of a Party or Parties to any such extension or waiver shall be valid only if set forth in an instrument in writing signed on behalf of such Party or Parties, as applicable. The failure of a Party to assert any of its rights under this Agreement or otherwise shall not constitute a waiver of those rights. No single or partial exercise of any right, remedy, power or privilege hereunder shall preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. Any waiver shall be effective only in the specific instance and for the specific purpose for which given and shall not constitute a waiver to any subsequent or other exercise of any right, remedy, power or privilege hereunder.

Section 9.2 Non-Survival of Representations and Warranties. None of the representations, warranties, covenants and agreements in this Agreement or in any schedule, instrument or other document delivered pursuant to this Agreement, including any rights arising out of any breach of such representations, warranties, covenants, and agreements, shall survive the Effective Time; *provided* that this Section 9.2 shall not limit any covenant or agreement of the Parties

which by its terms contemplates performance after the Effective Time, which shall each survive. The Confidentiality Agreement will survive termination of this Agreement in accordance with its terms.

As used in this Agreement, the term affiliates shall have the meaning set forth in Rule 12b-2 of the Exchange Act. The table of contents and headings set forth in this Agreement are for convenience of reference purposes only and shall not affect or be deemed to affect in any way the meaning or interpretation of this Agreement or any term or provision hereof. The words hereof, herein and hereunder and words of similar import, when used in this Agreement, refer to this Agreement as a whole and not to any particular provision of this Agreement, except to the extent otherwise specified. References in this Agreement to any item, document or information having been delivered, made available or any variation thereof means an item or document has been delivered or made available to the applicable recipient party by posting such item, document and information to, in the case of the Company, the Project LRM data room on intralinks.com or the Due Diligence data room on rrdvenue.com, or in the case of Parent, the Project Bronco data room on intralinks.com, at least one (1) business day prior to the execution of this Agreement and not removed after it was posted. Any pronoun shall include the corresponding masculine, feminine and neuter forms, and the definitions contained in this Agreement are applicable to the singular as well as the plural forms of such terms. All terms defined in this Agreement have the defined meanings when used in any certificate or other document made or delivered pursuant hereto, unless otherwise defined therein. When reference is made herein to a Person, such reference shall be deemed to include all direct and indirect Subsidiaries of such Person unless otherwise indicated or the context otherwise requires. All references herein to the Subsidiaries of a Person shall be deemed to include all direct and indirect Subsidiaries of such Person unless otherwise indicated or the context otherwise requires. The Parties agree that they have been represented by counsel during the negotiation and execution of this Agreement and, therefore, waive the application of any Law, regulation, holding or rule of construction providing that ambiguities in an agreement or other document will be construed against the party drafting such agreement or document.

Section 9.8 **Counterparts**. This Agreement may be executed manually or by facsimile by the Parties, in any number of counterparts, each of which shall be considered one and the same agreement and shall become effective when a counterpart hereof shall have been signed by each of the Parties and delivered to the other Parties (including by means of electronic delivery), it being understood that the Parties need not sign the same counterpart. Signatures to this Agreement transmitted by facsimile transmission, by electronic mail in portable document format (.pdf), or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing the original signature.

Section 9.9 **Entire Agreement; Third-Party Beneficiaries**.

(a) This Agreement (including the Company Disclosure Letter and the Parent Disclosure Letter) and the Confidentiality Agreement constitute the entire agreement among the Parties with respect to the subject

matter hereof and thereof and supersede all other prior agreements (except that the Confidentiality Agreement shall be amended so that until the termination of this Agreement in accordance with Section 8.1 hereof, Parent and Merger Sub shall be permitted to take the actions contemplated by this Agreement) and understandings, both written and oral, among the Parties or any of them with respect to the subject matter hereof and thereof.

(b) Except (i) as provided in Section 1.6 and Section 6.4 and (ii) the right of the Company, on behalf of its stockholders, to pursue damages in the event of Parent's or Merger Sub's breach of this Agreement, neither this Agreement (including the Company Disclosure Letter and the Parent Disclosure Letter) nor the Confidentiality Agreement are intended to confer upon any Person other than the Parties and, only with respect to Section 9.1(a), this Section 9.9 and Section 9.11, Section 9.12, Section 9.13 and Section 9.16, the Lender Parties and the Lender Related Parties, any rights or remedies hereunder.

Section 9.10 Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by rule of Law or public policy in any jurisdiction, such term or other provision shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability and, unless the effect of such invalidity or unenforceability would prevent the Parties from realizing the major portion of the economic benefits of the Mergers that they currently anticipate obtaining therefrom, shall not render invalid or unenforceable the remaining terms and provisions of this Agreement or affect the validity or enforceability of any of the terms or provisions of this Agreement in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the Merger are fulfilled to the extent possible.

Section 9.11 Governing Law; Jurisdiction.

(a) This Agreement, and all claims or causes of actions (whether at Law, in equity, in contract or in tort) that may be based upon, arise out of, or are related to, this Agreement or the negotiation, execution or performance of this Agreement, shall be governed by, and construed in accordance with, the Laws of the State of Maryland applicable to agreements entered into and performed entirely therein by residents thereof, without giving effect to conflicts of laws principles (whether of the State of Maryland or any other jurisdiction that would cause the application of the Laws of any jurisdiction other than the State of Maryland).

(b) All Legal Proceedings and proceedings arising out of or relating to this Agreement shall be heard and determined exclusively in the Circuit Court for Baltimore City (Maryland) (the Maryland Court). Each of the Parties hereby irrevocably and unconditionally agrees to request and/or consent to the assignment of any such proceeding to the Maryland Court's Business and Technology Case Management Program. Each of the Parties hereby irrevocably and unconditionally (a) consents and submits to the exclusive jurisdiction of the Maryland Court for the purpose of any Legal Proceeding brought by any Party arising out of or relating to this Agreement or any ancillary agreement, (b) agrees not to commence any such action or proceeding except in the Maryland Court, (c) agrees that any claim with respect to any such action or proceeding shall be heard and determined in the Maryland Court, (d) waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to venue of any such action or proceeding in the Maryland Court, and (e) waives, to the fullest extent permitted by Law, the defense of an inconvenient forum to the maintenance of such action or proceeding in the Maryland Court. Each of the Parties agrees that a final judgment in any such action or proceeding shall be conclusive, subject to any rights of appeal, and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by Law. Nothing in this Agreement shall, however, limit or affect the rights of any Party to pursue appeals from any judgments or orders

of the Maryland Court as provided by Law. Each Party irrevocably consents to service of process in the manner provided for notices in Section 9.4. Nothing in this Agreement will affect the right of any Party to serve process in any other manner permitted by Law.

(c) Notwithstanding anything in preceding clause (b) to the contrary, and without limiting anything set forth in Section 9.16, each of the parties hereto agrees that it will not bring or support any suit, action or other

proceeding (whether at law, in equity, in contract, in tort or otherwise) against any Lender Party or Lender Related Party in any way relating to this Agreement or any of the transactions contemplated by this Agreement (including the Transactions and any related financing), including any dispute arising out of or relating in any way to the Bridge Financing, or the performance thereof, in any forum other than any New York State court or federal court sitting in the County of New York and the Borough of Manhattan (and appellate courts thereof). The parties hereto further agree that all of the provisions of Section 9.12 relating to waiver of jury trial shall apply to any suit, action or other proceeding referenced in this Section 9.11(c).

Section 9.12 Waiver of Jury Trial. EACH PARTY HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT AND ANY OF THE AGREEMENTS DELIVERED IN CONNECTION HERewith OR THE MERGER AND OTHER TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE EITHER OF SUCH WAIVERS, (B) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF SUCH WAIVERS, (C) IT MAKES SUCH WAIVERS VOLUNTARILY, AND (D) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 9.12.

Section 9.13 Assignment. This Agreement shall not be assigned by any of the Parties (whether by operation of Law or otherwise) without the prior written consent of the other Parties, except that (a) Merger Sub may assign, in its sole discretion and without the consent of any other party, any or all of its rights, interests and obligations hereunder to (i) Parent, (ii) Parent and one or more direct or indirect wholly owned Subsidiaries of Parent, or (iii) one or more direct or indirect wholly owned Subsidiaries of Parent and (b) Parent and Merger Sub may assign, in their sole discretion and without the consent of any other Party, any or all of their rights, interests and obligations hereunder to any of their lenders or other financing sources from time to time as collateral security. Any attempt to make any such assignment without such consent shall be null and void. Subject to the preceding sentences, but without relieving any Party of any obligation hereunder, this Agreement will be binding upon, inure to the benefit of and be enforceable by the Parties and their respective successors and assigns.

Section 9.14 Enforcement; Remedies.

(a) Except as otherwise provided herein, any and all remedies herein expressly conferred upon a Party will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by Law or equity upon such Party, and the exercise by a Party of any one remedy will not preclude the exercise of any other remedy.

(b) The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Except as set forth in this Section 9.14, including the limitations set forth in Section 9.14(c), it is agreed that prior to the termination of this Agreement pursuant to Article VIII, the non-breaching Party shall be entitled to an injunction or injunctions to prevent breaches of this Agreement by any other Party and to specifically enforce the terms and provisions of this Agreement.

(c) The Parties' right of specific enforcement is an integral part of the Transactions and each Party hereby waives any objections to the grant of the equitable remedy of specific performance to prevent or restrain breaches of this Agreement by any other Party (including any objection on the basis that there is an adequate remedy at Law or that an

award of specific performance is not an appropriate remedy for any reason at Law or equity), and each Party shall be entitled to an injunction or injunctions and to specifically enforce the terms and provisions of this Agreement to prevent or restrain breaches or threatened breaches of, or to enforce compliance

In the event any Party seeks an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, such Party shall not be required to provide any bond or other security in connection with such order or injunction all in accordance with the terms of this Section 9.14.

Section 9.15 Tax Advice. Neither Parent, Merger Sub or their respective advisors, on the one hand, nor the Company or their respective advisors, on the other hand, make any representations or warranties to the other regarding the Tax treatment of the Merger or any other Transaction, and each of the Parties acknowledges that it is relying solely on its own Tax advisors in connection with this Agreement.

Section 9.16 No Recourse. Without limiting any other provision in this Agreement (including the rights of the Lender Parties and the Related Lender Parties set forth in Section 9.9(b)), this Agreement may only be enforced against, and any claims or causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement, may only be made against the parties hereto, and no Lender Party or Lender Related Party shall have any liability for any obligations or liabilities of the parties hereto or for any claim (whether in tort, contract or otherwise), based on, in respect of, or by reason of, the transactions contemplated hereby or in respect of any oral representations made or alleged to be made in connection herewith. In no event, shall the Company or any of its affiliates, and the Company agrees not to, and to cause its affiliates not to, (A) seek to enforce this Agreement against, make any claims for breach of this Agreement against, or seek to recover monetary damages from, any Lender Party or Lender Related Party or (B) seek to enforce the commitments against, make any claims for breach of the Bridge Financing or Debt Financing commitments against, or seek to recover monetary damages from, or otherwise sue, the Lender Parties or the Lender Related Parties for any reason, including in connection with the Bridge Financing or Debt Financing commitments or the obligations of Lenders thereunder. Other than a Permitted Transfer, until the Expiration Date, the Shareholder shall not (i) Transfer any of the Company Shares or New Company Shares, or (ii) deposit any Company Shares or New Company Shares into a voting trust or enter into a voting agreement or arrangement with respect to such Company Shares or New Company Shares or grant any proxy (except as otherwise provided herein) or power of attorney with respect thereto.

2.2 Additional Purchases. The Shareholder agrees that any Company Common Shares and any other capital shares of the Company that the Shareholder purchases or otherwise acquires or with respect to which the Shareholder otherwise acquires sole or shared voting power after the execution of this Agreement and prior to the Expiration Date (the New Company Shares) shall be subject to the terms and conditions of this Agreement to the same extent as if they constituted the Company Shares.

Notwithstanding the foregoing or any other provision in this Agreement to the contrary, to the extent any Company Shares held by the Shareholder subject to any Lien (as set forth on Schedule A hereto) become subject to foreclosure, forfeiture or other similar proceedings, thereby causing the Shareholder to be unable to comply with his obligations under this Agreement with respect to such securities, neither the Shareholder nor the Company shall be deemed to be in breach of this Agreement with respect to the Shareholder's obligations with respect to such Company Shares.

The Shareholder intends this proxy to be irrevocable and coupled with an interest hereafter until the Expiration Date for all purposes, including without limitation Section 2-507(d) of the Maryland General Corporation Law, and hereby revokes any proxy previously granted by the Shareholder with respect to the Company Shares or New Company Shares. The Shareholder hereby ratifies and confirms all actions that the proxies appointed hereunder may lawfully do or cause to be done in accordance with this Agreement.

4. **Ownership Interest.** Nothing contained in this Agreement shall be deemed to vest in the Company, Parent, any of the Persons identified in Section 3.2 or any other Person any direct or indirect ownership or incidence of ownership of or with respect to, or pecuniary interest in, any of the Company Shares or New Company Shares. This Agreement has been duly and validly executed and delivered by the Shareholder and constitutes a valid and binding agreement of the Shareholder enforceable against it in accordance with its terms, except to the extent enforceability may be limited by the effect of applicable bankruptcy, reorganization, insolvency, moratorium or other Laws affecting the enforcement of creditors' rights generally and the effect of general principles of equity, regardless of whether such enforceability is considered in a proceeding at law or in equity.

5.2 **Ownership of Company Shares.** As of the date hereof, the Shareholder (i) is the beneficial or record owner of the Company Shares indicated on Schedule A hereto, free and clear of any and all Liens, other than those created by this Agreement, those related to margin related loans or as would not prevent the Shareholder from performing his obligations under this Agreement, and (ii) has either sole or shared voting power over all of the Company Shares. As of the date hereof, the Shareholder does not own, beneficially or of record, any capital stock or other securities of the Company other than the Company Shares set forth on Schedule A. As of the date hereof, the Shareholder does not own, beneficially or of record, any rights to purchase or acquire any shares of capital stock of the Company.

FORM OF ESSEX VOTING AGREEMENT

(Parent Shareholders)

This Voting Agreement (this Agreement) is made and entered into as of December 19, 2013, by and among BRE Properties, Inc., a Maryland corporation (the Company) and the undersigned shareholder (the Shareholder) of Essex Property Trust, Inc., a Maryland corporation (Parent).

RECITALS

A. Concurrently with the execution of this Agreement, Parent, Bronco Acquisition Sub, Inc., a Delaware corporation (Merger Sub), and the Company have entered into an Agreement and Plan of Merger (the Merger Agreement) which provides for the merger of the Company with and into Merger Sub with Merger Sub being the surviving entity (the Merger).

B. As a condition and an inducement to the Company's willingness to enter into the Merger Agreement, the Company has required that the Shareholder, and the Shareholder has agreed, to enter into this Agreement with respect to (i) all shares of common stock, par value \$0.0001 per share, of Parent (Parent Common Stock) that the Shareholder now or hereafter owns beneficially (as defined for purposes of this Agreement in Rule 13d-3 under the Exchange Act) or of record and (ii) all limited partnership interests designated as a Partnership Unit (Parent OP Units) under the Second Amended and Restated Agreement of Limited Partnership of Essex Portfolio, L.P., dated as of May 27, 2009, as amended, modified or supplemented from time to time (the Parent LP Agreement), that the Shareholder now or hereafter owns, if any, beneficially or of record.

C. The Shareholder is the current beneficial or record owner, and has either sole or shared voting power over, such number of Parent Common Stock (the Parent Shares) and Parent OP Units (Parent Units), if any, as is indicated on Schedule A attached hereto.

D. The Company desires the Shareholder to agree, and the Shareholder is willing to agree, subject to the limitations herein, not to Transfer (as defined below) any of the Parent Shares, New Parent Shares (as defined below), Parent Units and New Parent Units (as defined below), and to vote the Parent Shares in a manner so as to facilitate consummation of the Merger.

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth below and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, do hereby agree as follows:

1. Definitions. Capitalized terms used but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Merger Agreement. 2.3 Unpermitted Transfers. Any Transfer or attempted Transfer of any of the Parent Shares, New Parent Shares, Parent Units or New Parent Units in violation of this Section 2 shall, to the fullest extent permitted by Law, be null and void *ab initio*, and Parent and Parent LP shall not, and shall instruct their transfer agent and other third parties not to, record or recognize any such purported Transfer on the share register of Parent or the books and records of Parent LP. 3.2 **Irrevocable Proxy**. 5.1 **Due Authority**. The Shareholder has the legal capacity and full power and authority to make, enter into and carry out the terms of this Agreement and to grant the irrevocable proxy as set forth in Section 3.2 hereof. This Agreement has been duly and validly executed and delivered by the Shareholder and constitutes a valid and binding agreement of the Shareholder enforceable against it in accordance with its terms, except to the extent enforceability may be limited by the effect of applicable bankruptcy, reorganization, insolvency, moratorium or other Laws affecting the enforcement of creditors' rights generally and the effect of general principles of equity, regardless of whether such enforceability is considered in a proceeding at law or in equity.

5.2 **Ownership of Parent Shares and Parent Units**. As of the date hereof, the Shareholder (i) is the beneficial or record owner of the Parent Shares and Parent OP Units indicated on **Schedule A** hereto, free and clear of any and all Liens, other than those created by this Agreement, those related to margin related loans or as would not prevent the Shareholder from performing his obligations under this Agreement, and (ii) has either sole or shared voting power over all of the Parent Shares. [LETTERHEAD OF UBS SECURITIES LLC]

December 18, 2013

The Board of Directors

Essex Property Trust, Inc.

925 East Meadow Drive

Palo Alto, California 94303

Dear Members of the Board:

We understand that Essex Property Trust, Inc., a Maryland real estate investment trust (the Company), is considering a transaction whereby the Company will acquire control of BRE Properties, Inc., a Maryland real estate investment trust (BRE). Pursuant to the terms of an Agreement and Plan of Merger, draft dated December 17, 2013 (the Agreement), by and among BRE, the Company and Bronco Acquisition Sub, Inc., a Delaware corporation and wholly owned subsidiary of the Company (Sub), BRE will merge with and into Sub, with Sub continuing as the surviving entity, as a result of which the successor entity to BRE will be a wholly owned subsidiary of the Company (the Transaction), and all of the issued and outstanding shares of the common stock, par value \$0.01 per share, of BRE (BRE Common Stock) will be converted into the right to receive, for each outstanding share of BRE Common Stock, (x) 0.2971 shares of the common stock, par value \$0.0001 per share, of the Company (Company Common Stock and, such aggregate number of shares of Company Common Stock, the Stock Consideration), and (y) \$12.33 in cash (the Cash Consideration and, collectively with the Stock Consideration, the Consideration). The terms and conditions of the Transaction are more fully set forth in the Agreement.

You have requested our opinion as to the fairness, from a financial point of view, to the Company of the Consideration to be paid by the Company in the Transaction.

UBS Securities LLC (UBS) has acted as financial advisor to the Company in connection with the Transaction and will receive a fee for its services, a portion of which is payable in connection with this opinion and a significant portion of which is contingent upon consummation of the Transaction. UBS has been requested by the Company to provide financing to the Company in connection with the Transaction and, in such event, would receive compensation in connection therewith. In the past, UBS and its affiliates have provided investment banking services to the Company and BRE unrelated to the proposed Transaction, for which UBS and its affiliates received compensation, including having acted as a joint book-running manager in BRE's offering of \$300 million 3.375% Senior Notes due 2023 completed in 2012. In addition, UBS or an affiliate is a participant in a credit facility of BRE for which it received and continues to receive fees and interest payments. In the ordinary course of business, UBS and its affiliates may hold or trade, for their own accounts and the accounts of their customers, securities of the Company and BRE and, accordingly, may at any time hold a long or short position in such securities. The issuance of this opinion was approved by an authorized committee of UBS.

Our opinion does not address the relative merits of the Transaction or any related transaction as compared to other business strategies or transactions that might be available to the Company or the Company's underlying business decision to effect the Transaction or any related transaction. Our opinion does not constitute a recommendation to any shareholder as to how such shareholder should vote or act with respect to the Transaction or any related transaction. At your direction, we have not been asked to, nor do we, offer any opinion as to the terms, other than the Consideration to the extent expressly specified herein, of the Agreement or any related documents or the form of the Transaction or any related transaction, including without limitation (i) any joint venture arrangement that may be entered into in connection with the Transaction or (ii) any other transfer, sale or other disposition of any assets of BRE or the Company in connection with the consummation of the Transaction.

In addition, we express no opinion as to the fairness of the amount or nature of any compensation to be received by any officers, directors or employees of any parties to the Transaction, or any class of such persons, relative to the Consideration. We express no opinion as to what the value of Company Common Stock will be when issued pursuant to the Transaction or the prices at which Company Common Stock or BRE Common Stock will trade at any time. In rendering this opinion, we have assumed, with your consent, that (i) the final executed form of the Agreement will not differ in any material respect from the draft that we have reviewed, (ii) the parties to the Agreement will comply with all material terms of the Agreement and (iii) the Transaction will be consummated in accordance with the terms of the Agreement without any adverse waiver or amendment of any material term or condition thereof. We have also assumed, at your direction, that all governmental, regulatory or other consents and approvals necessary, proper or advisable for the consummation of the Transaction (including, without limitation, the Specified Consents (as such term is defined in the Agreement)) will be obtained without any adverse effect on the Company, BRE or the Transaction in any way meaningful to our analysis.

In arriving at our opinion, we have, among other things: (i) reviewed certain publicly available business and financial information relating to BRE and the Company; (ii) reviewed certain internal financial information and other data relating to the business and financial prospects of BRE that were provided to us by the managements of BRE and the Company and not publicly available, including (A) financial forecasts and estimates of BRE prepared by the management of BRE and (B) financial forecasts and estimates of BRE prepared by the management of the Company, provided that for purposes of our analysis we have utilized, at your direction, the financial forecasts and estimates of BRE prepared by the management of the Company; (iii) reviewed certain internal financial information and other data relating to the business and financial prospects of the Company that were provided to us by the management of the Company and not publicly available, including financial forecasts and estimates prepared by the management of the Company that you have directed us to utilize for purposes of our analysis; (iv) reviewed certain estimates of synergies prepared by the management of the Company that were provided to us by the Company and not publicly available that you have directed us to utilize for purposes of our analysis; (v) conducted discussions with members of the senior managements of the Company and BRE concerning the businesses and financial prospects of BRE and the Company; (vi) reviewed publicly available financial and stock market data with respect to certain other companies we believe to be generally relevant; (vii) compared the financial terms of the Transaction with the financial terms of certain other transactions we believe to be generally relevant, which financial terms were either publicly available or provided to us by the management of the Company; (viii) reviewed current and historical market prices of Company Common Stock and BRE Common Stock; (ix) considered certain pro forma effects of the Transaction on the Company's financial statements; (x) reviewed the Agreement; and (xi) conducted such other financial studies, analyses and investigations, and considered such other information, as we deemed necessary or appropriate.

In connection with our review, with your consent, we have assumed and relied upon, without independent verification, the accuracy and completeness in all material respects of the information provided to or reviewed by us for the purpose of this opinion. In addition, with your consent, we have not made any independent evaluation or appraisal of any of the assets or liabilities (contingent or otherwise) of the Company or BRE, nor have we been furnished with any such evaluation or appraisal (except that BRE management provided to us appraisals of four individual properties of BRE). With respect to the financial forecasts, estimates, synergies and pro forma effects referred to above that we have utilized for our analysis, we have assumed, at your direction, that they have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company as to the future financial performance of the Company and BRE and such synergies and pro forma effects. In addition, we have assumed with your approval that the financial forecasts and estimates, including synergies, referred to above will be achieved at the times and in the amounts projected. We also have assumed, with your consent, that the Transaction will qualify for U.S. federal income tax purposes as a

reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. We have been advised by the Company and BRE that each of the Company and BRE has operated in conformity with the requirements for qualification as a real estate investment trust (REIT) for U.S. federal income tax purposes since its formation as a REIT and we have assumed, at your direction, that the Transaction will not adversely affect such status or operations of the Company or BRE. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information available to us as of, the date hereof.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Consideration to be paid by the Company in the Transaction is fair, from a financial point of view, to the Company.

This opinion is provided for the benefit of the Board of Directors (in its capacity as such) in connection with, and for the purpose of, its evaluation of the Consideration in the Transaction.

Very truly yours,

The Board of Directors

BRE Properties, Inc.

525 Market Street, 4th Floor

San Francisco, California 94105

The Board of Directors:

The Board of Directors (the **Board**) of BRE Properties, Inc., a Maryland corporation (**BRE**), has asked Wells Fargo Securities, LLC (**Wells Fargo Securities**) to advise it with respect to the fairness, from a financial point of view, to holders of the common stock, par value \$0.01 per share, of BRE (**BRE Common Stock**), other than as specified below, of the Merger Consideration (defined below) to be received by such holders pursuant to an Agreement and Plan of Merger (the **Merger Agreement**) among BRE, Essex Property Trust, Inc., a Maryland corporation (**Essex**), and Bronco Acquisition Sub, Inc., a Delaware corporation and wholly owned subsidiary of Essex (**Merger Sub**). Pursuant to the Merger Agreement, BRE will be merged with and into Merger Sub (the **Merger**), with Merger Sub as the surviving entity of the Merger, and each outstanding share of BRE Common Stock will be converted into the right to receive (i) \$12.33 in cash (the **Cash Consideration**) and (ii) 0.2971 (the **Exchange Ratio**) of a share of the common stock, par value \$0.0001 per share, of Essex (**Essex Common Stock**) (such number of shares of Essex Common Stock issuable pursuant to the Exchange Ratio, the **Stock Consideration** and, together with the Cash Consideration, the **Merger Consideration**), subject to certain adjustments as specified in the Merger Agreement. The terms and conditions of the Merger and related transactions are more fully set forth in the Merger Agreement.

In arriving at our opinion, we have, among other things:

Reviewed an execution version, provided to us on December 18, 2013, of the Merger Agreement, including the financial terms thereof;

Analyzed the estimated present value of the future dividends per share of BRE and Essex based upon the financial forecasts and estimates referred to above and assumptions relating thereto discussed with and confirmed as reasonable by the managements of BRE and Essex; and

Considered such other information, such as financial studies and analyses, as well as financial, economic and market criteria, and made such other inquiries, as we deemed relevant.

In connection with our review, we have assumed and relied upon the accuracy and completeness of the financial and other information provided, discussed with or otherwise made available to us, including all accounting, tax, regulatory and legal information, and we have not made (and have not assumed any responsibility for) any independent verification of such information. We have relied upon assurances of the managements of BRE and Essex that they are not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the financial forecasts, estimates and other information relating to BRE and Essex utilized in our analyses, we have been advised by the respective managements of BRE and Essex and, at the direction of the Board, we have assumed that they have been reasonably prepared and reflect the best currently available estimates, judgments and assumptions as to the future financial performance of BRE and Essex, as the case may be, the potential pro forma financial effects of, and potential synergies that may result from, the Merger and the other matters covered thereby. We assume no responsibility for, and express no view as to, such forecasts, estimates or other information or the judgments or assumptions upon which they are based. We also have assumed that there have been no meaningful changes in the condition (financial or otherwise), results of operations, businesses or prospects of BRE or Essex since the respective dates of the most recent financial statements and other information provided to us. We have relied, at the direction of the Board, upon the assessments of the managements of BRE and Essex as to (i) the potential impact on BRE and Essex of certain trends and recent developments in, and prospects for, the commercial real estate market and related credit and financial markets and (ii) the ability to integrate the businesses of BRE and Essex. We have assumed, with the Board's consent, that there will be no developments with respect to any such matters that would have an adverse effect on BRE, Essex or the Merger (including the contemplated benefits thereof) or that would otherwise be meaningful in any respect to our analyses or opinion. We also have assumed, with the Board's consent, that there will not be any adjustments to the Merger Consideration that would be meaningful in any respect to our analyses or opinion.

In arriving at our opinion, we have not conducted physical inspections of the properties or assets of BRE, Essex or any other entity, nor have we made or been provided with any evaluations or appraisals of the properties, assets or liabilities (contingent or otherwise) of BRE, Essex or any other entity. We also have not evaluated the solvency or fair value of BRE, Essex or any other entity under any state, federal or other laws relating to bankruptcy, insolvency or

similar matters.

In rendering our opinion, we have assumed, at the direction of the Board, that the final form of the Merger Agreement, when signed by the parties thereto, will not differ from the execution version of the Merger Agreement reviewed by us in any respect meaningful to our analyses or opinion, that the Merger and related transactions will be consummated in accordance with the terms described in the Merger Agreement and in compliance with all applicable laws and other requirements without amendment or waiver of any material terms or conditions and that, in the course of obtaining any necessary legal, regulatory or third party consents, approvals or agreements for the Merger and related transactions, no delay, limitation or restriction will be imposed or action will be taken that will have an adverse effect on BRE, Essex, the Merger or related transactions. We also have assumed, at the direction of the Board, that the Merger will qualify for federal income tax purposes as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. We have been advised that each of BRE and Essex has operated in conformity with the

requirements for qualification as a real estate investment trust (REIT) for U.S. federal income tax purposes since its formation as a REIT and further have assumed, at the direction of the Board, that the Merger and related transactions will not adversely affect such status or operations.

We are not expressing any opinion as to what the value of Essex Common Stock actually will be when issued pursuant to the Merger or the prices at which BRE Common Stock or Essex Common Stock will trade at any time. Our opinion is necessarily based on economic, market, financial and other conditions existing, and information made available to us, as of the date hereof. As the Board is aware, the credit, financial and stock markets have experienced significant volatility and we express no opinion or view as to any potential effects of such volatility on BRE, Essex, the Merger or related transactions. Although subsequent developments may affect the matters set forth in this opinion, we do not have any obligation to update, revise, reaffirm or withdraw this opinion or otherwise comment on or consider any such events occurring or coming to our attention after the date hereof.

Our opinion only addresses the fairness, from a financial point of view and as of the date hereof, of the Merger Consideration to be received by holders of BRE Common Stock (other than Essex, Merger Sub and their respective affiliates) pursuant to the Merger Agreement to the extent expressly specified herein, and does not address any other terms, aspects or implications of the Merger or any related transactions, including, without limitation, the form or structure of the Merger Consideration or the Merger, any adjustments to the Merger Consideration, any asset sale, transfer or other disposition by BRE prior to consummation of the Merger or any voting agreement or other agreement, arrangement or understanding entered into in connection with or contemplated by the Merger, any related transactions or otherwise. In addition, our opinion does not address the fairness of the amount or nature of, or any other aspects relating to, any compensation to be received by any officers, directors or employees of any parties to the Merger or related transactions, or class of such persons, relative to the Merger Consideration or otherwise. Our opinion does not address the merits of the underlying decision by BRE to enter into the Merger Agreement or the relative merits of the Merger or related transactions compared with other business strategies or transactions available or that have been or might be considered by the management of BRE or the Board or in which BRE might engage. We also are not expressing any view or opinion with respect to, and with the Board's consent have relied upon the assessments of representatives of BRE regarding, accounting, tax, regulatory, legal or similar matters as to which we understand that BRE obtained such advice as it deemed necessary from qualified professionals.

The issuance of this opinion was approved by an authorized committee of Wells Fargo Securities. Wells Fargo Securities is the trade name for certain capital markets and investment banking services of Wells Fargo & Company and its subsidiaries, including Wells Fargo Securities, LLC. Wells Fargo Securities has been engaged as financial advisor to BRE in connection with the Merger and will receive a fee for such services, a portion of which will be payable upon delivery of this opinion and a substantial portion of which is contingent upon consummation of the Merger. BRE has agreed to reimburse certain of Wells Fargo Securities' expenses and to indemnify us and certain

related parties against certain liabilities that may arise out of our engagement. Wells Fargo Securities and our affiliates provide a full range of investment banking and financial advisory, securities trading, brokerage and lending services in the ordinary course of business for which we and such affiliates receive customary fees. Wells Fargo Securities and our affiliates in the past have provided, currently are providing, and in the future may provide banking and other financial services to BRE, Essex and their respective affiliates for which Wells Fargo Securities and our affiliates have received and expect to receive fees, including (i) having acted as a placement agent or joint bookrunner for certain equity or debt offerings of BRE, (ii) acting as a lender under, and as administrative agent or co-lead arranger for, certain credit facilities of BRE, (iii) having acted as joint book-running manager for certain debt offerings of Essex and Essex Portfolio, L.P. (Essex

Portfolio) and (iv) acting as a lender under, and as co-lead arranger, joint bookrunner or co-documentation agent for, certain credit facilities of Essex and Essex Portfolio. In the ordinary course of business, Wells Fargo Securities and our affiliates may actively trade, hold or otherwise effect transactions in the securities or financial instruments (including bank loans or other obligations) of BRE, Essex and their respective affiliates for our and our affiliates' own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in such securities or financial instruments.

It is understood that this opinion is for the information and use of the Board (in its capacity as such) in its evaluation of the Merger. Our opinion does not constitute a recommendation to the Board or any other person or entity in respect of the Merger or any related transactions, including as to how any stockholder should vote or act in connection with the Merger, any related transactions or any other matters.

Based upon and subject to the foregoing, our experience as investment bankers, our work as described above and other factors we deemed relevant, it is our opinion that, as of the date hereof, the Merger Consideration to be received by holders of BRE Common Stock (other than Essex, Merger Sub and their respective affiliates) pursuant to the Merger Agreement is fair, from a financial point of view, to such holders.
