On April 17, 2014, we began mailing to stockholders of record this proxy statement and proxy card.

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The board of directors of RealPage, Inc., a Delaware corporation (the Company, we or us), has delivered printed versions of proxy materials to you by mail, in connection with the board of directors' solicitation of proxies for use at the Company's 2014 Annual Meeting of Stockholders (the Annual Meeting) to be held on June 4, 2014, at 10:00 a.m. local time or at any adjournments or postponements thereof, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting of Stockholders. Proxy materials are also available to you on the Internet at <http://investor.realpage.com>. The Annual Meeting will be held at our principal executive offices located at 4000 International Parkway, Carrollton, Texas 75007. Our telephone number is (972) 820-3000.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of householding proxy materials, proxy statements and annual reports. This means that only one (1) copy of the proxy materials may have been sent to multiple stockholders in a stockholder's household. We will promptly deliver a separate copy of any of these documents to any stockholder who contacts our investor relations department at 4000 International Parkway, Carrollton, Texas 75007, (972) 820-3773, requesting such copies. If a stockholder is receiving multiple copies of the proxy materials or the printed versions of such other accounts at the stockholder's household and would like to receive a single copy of these documents for a stockholder's household in the future, stockholders should contact their broker, other nominee record holder, or our investor relations department to request mailing of a single copy of any of these documents.

Record Date; Outstanding Shares

Stockholders of record at the close of business on April 7, 2014 (the Record Date) are entitled to receive notice of and vote at the Annual Meeting. On the Record Date, 81,419,672 shares of our common stock, \$0.001 par value, were issued and 78,807,206 were outstanding.

Voting and Solicitation

Every stockholder of record on the Record Date is entitled, for each share held, to one vote on each proposal that comes before the Annual Meeting. In the election of directors, each stockholder will be entitled to vote for three nominees and the three nominees with the greatest number of votes will be elected.

Table of Contents

Whether you hold shares directly as the stockholder of record or beneficially in street name (as defined below), you may vote by completing, signing and mailing the proxy card enclosed herewith in the postage-prepaid envelope provided for that purpose. Voting by written proxy will ensure your representation at the Annual Meeting if you do not attend in person. For specific instructions on how to vote your shares, please review the instructions on the proxy card.

The cost of this solicitation will be borne by us. We may reimburse expenses incurred by brokerage firms and other persons representing beneficial owners of shares in forwarding solicitation materials to beneficial owners. Proxies may be solicited by certain of our directors, officers and other employees, without additional compensation, personally, by telephone or by email.

Treatment of Abstentions and Broker Non-Votes

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal but does not vote on another proposal because, with respect to such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

If your shares are held by your broker, bank or other agent as your nominee (that is, in street name), your nominee will provide you with appropriate voting materials (such as a voting instruction form). Please follow the instructions included on those materials regarding how to instruct your broker, bank or other agent to vote your shares. If you do not give instructions to your broker, bank or other agent, they can vote your shares with respect to discretionary items but not with respect to non-discretionary items. Discretionary items are proposals that are considered routine under the rules of the New York Stock Exchange and on which your broker, bank or other agent may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give instructions to your broker, bank or other agent, the shares will be treated as broker non-votes. At the Annual Meeting, Proposal Two, the ratification of the appointment of our independent registered public accounting firm, will be a discretionary item. Proposal One, the election of directors, Proposal Three, the advisory (nonbinding) vote to approve named executive compensation, Proposal Four, the approval of the RealPage, Inc. 2010 Equity Incentive Plan (as amended and restated), and Proposal Five, the approval of the RealPage, Inc. Management Incentive Plan will be non-discretionary items.

Quorum

A majority of our common stock issued and outstanding and entitled to vote, present in person or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

Voting Requirements

The vote requirement for each matter is:

Proposal One (Election of Directors) Directors are elected by a plurality of the votes cast. The three nominees who receive the greatest number of votes cast will be elected directors for three-year terms, in each case until their successors are duly elected and qualified. Withheld votes and broker non-votes, if any, will not be counted either for or against the election of a director nominee.

Proposal Two (Ratification of Independent Registered Accounting Firm) The ratification of the appointment of our independent registered accounting firm requires the favorable vote of a majority of our shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Abstentions from voting will have the same effect as voting against the ratification, and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

Proposal Three (Advisory (Non-binding) Vote to Approve Named Executive Compensation) To consider and approve, on an advisory (non-binding) basis, the compensation of our named executive

officers as disclosed in this proxy statement in accordance with the Securities and Exchange Commission's (the "SEC") rules (commonly referred to as a "Say-on-Pay") requires the favorable vote of a majority of our shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Withheld votes and broker non-votes, if any, will not be counted either for or against this proposal.

Proposal Four (Approval of the RealPage, Inc. 2010 Equity Incentive Plan (as amended and restated)) To consider and approve the RealPage, Inc. 2010 Equity Incentive Plan (as amended) (the "Amended and Restated 2010 Plan") to allow the Company to continue to deduct in full for federal income tax purposes the compensation recognized by its executive officers in connection with certain awards granted under the Amended and Restated 2010 Plan pursuant to section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") requires the favorable vote of a majority of our shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Withheld votes and broker non-votes, if any, will not be counted either for or against this proposal.

Proposal Five (Approval of the RealPage, Inc. Management Incentive Plan) To consider and approve the RealPage, Inc. Management Incentive Plan (the "Management Incentive Plan") to allow the Company to deduct in full for federal income tax purposes the compensation recognized by its executive officers in connection with certain cash incentives granted under the Management Incentive Plan pursuant to section 162(m) of the Code requires the favorable vote of a majority of our shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Withheld votes and broker non-votes, if any, will not be counted either for or against this proposal.

Revocability of Proxies

Proxies given pursuant to this solicitation may be revoked at any time before they have been used. You may change or revoke your proxy by delivering a written notice of revocation to the Secretary of the Company or by completing a new proxy card bearing a later date (which automatically revokes the earlier proxy instructions). Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request by notifying the inspector of elections of your intention to revoke your proxy and voting in person at the Annual Meeting.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Our stockholders may submit proper proposals for inclusion in our proxy statement and for consideration at the annual meeting of stockholders to be held in 2015 (the 2015 annual meeting) by submitting their proposals in writing to the Secretary of the Company in a timely manner. For director nominations or other business to be properly brought before our 2015 annual meeting by a stockholder, such stockholder must deliver written notice to the Secretary of the Company at our principal executive office no later than March 9, 2015, and no earlier than February 7, 2015. If the date of our 2015 annual meeting is advanced by more than 30 calendar days or delayed by more than 60 calendar days from the first anniversary date of the 2014 Annual Meeting, your notice of a proposal will be timely if it is received by us no earlier than the close of business on the 120th day prior to the 2015 annual meeting and not later than later of the close of business on the 90th day before the 2015 annual meeting or the tenth day following the day we publicly announce the date of the 2015 annual meeting.

Table of Contents

The proxy grants the proxy holders discretionary authority to vote on any matter raised at the Annual Meeting. If a stockholder fails to comply with the foregoing notice provisions, proxy holders will be allowed to use their discretionary voting authority on such matter should the stockholder proposal come before the 2015 annual meeting.

A copy of the full text of the bylaw provisions governing the notice requirements set forth above may be obtained by writing to the Secretary of the Company. All notices of proposals and director nominations by stockholders should be sent to RealPage, Inc., 4000 International Parkway, Carrollton, Texas 75007, Attention: Corporate Secretary.

CORPORATE GOVERNANCE

Board Leadership Structure

Our board of directors believes that our Chief Executive Officer, Stephen T. Winn, is best situated to serve as Chairman because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Our independent directors have different perspectives and roles in strategic development. Our independent directors bring experience, oversight and expertise from outside the company and industry, while the Chief Executive Officer brings company-specific experience and expertise. Our board of directors believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the board of directors, which are essential to effective governance. Mr. Jason A. Wright serves as our lead independent director. Our lead independent director is responsible for coordinating activities of our other independent directors and performing various other duties as directed by our board of directors.

The independent directors on our board of directors and board committees generally meet quarterly in executive session. In addition, our audit committee holds an executive session at each of its meetings and our compensation committee holds an executive session at the meeting in which annual compensation is reviewed and determined. On occasion, our independent directors invite our Chief Legal Officer to attend executive sessions in her role as legal counsel, but members of management, including Mr. Winn, are otherwise not present at executive sessions of board and committee meetings.

Risk Oversight

Our board of directors oversees risk management in a number of ways. Our audit committee oversees the management of financial and accounting related risks as an integral part of its duties. Similarly, our compensation committee considers risk management when setting the compensation policies and programs for our executive officers and other employees. Our full board of directors receives reports on various risk related items at each of its regular meetings including risks related to intellectual property, taxes, products and employees. Our board of directors also receives periodic reports on our efforts to manage such risks through safety measures, insurance or self-insurance.

Director Independence

Under the listing requirements of the NASDAQ Stock Market, a majority of our board of directors must be comprised of independent directors. Our board of directors has determined that each of Mr. A. Berkeley, Mr. Gyenes, Mr. Ingraham, Mr. Kane, Mr. Leeds, and Mr. Wright is independent under applicable NASDAQ listing standards and Rule 10A-3 of the Securities Exchange Act of 1934.

Committees of the Board of Directors

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and governance committee. Our board of directors has determined that each member of each committee is independent under the applicable requirements of NASDAQ and SEC rules and regulations. Our board of directors has adopted a charter for each committee that is available without charge, upon request in writing to RealPage, Inc., 4000 International Parkway, Carrollton, Texas 75007, Attn: Chief Legal Officer or on the investor relations portion of our website at <http://www.realpage.com>. We believe that the composition, charter and functioning of each of our committees comply with the applicable requirements of NASDAQ and SEC rules and regulations. We intend to comply with future requirements to the extent they become applicable to us.

The primary responsibilities of each committee are described below.

Audit Committee

preparing the audit committee report required in this prospectus and in our annual proxy statement; and

Our board of directors has determined that each member of our audit committee meets the requirements for financial literacy and sophistication, and qualifies as an audit committee financial expert, under the applicable requirements of NASDAQ and SEC rules and regulations.

Compensation Committee

Our compensation committee's responsibilities are specifically set forth in the committee's charter, which can be found [at www.realpage.com](http://www.realpage.com). Among other things, the compensation committee is responsible for:

Our board of directors has determined that each member of our compensation committee is independent under the applicable requirements of NASDAQ and SEC rules and regulations, is a non-employee director, as defined by Rule 16b-3 promulgated under the Securities and Exchange Act of 1934, as amended, or the Exchange Act, and is an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code.

Nominating and Governance Committee

Our nominating and governance committee's responsibilities are specifically set forth in the committee's charter, which can be found at www.realpage.com. Among other things, the nominating and governance committee is responsible for:

assisting our board of directors in identifying prospective director nominees and recommending nominees for each annual meeting of stockholders to the board of directors;

reviewing developments in corporate governance practices and developing and recommending governance principles applicable to our board of directors;

overseeing the evaluation of our board of directors and management;

recommending members for each board committee to our board of directors;

reviewing and monitoring our code of business conduct and ethics and actual and potential conflicts of interest of members of our board of directors and officers; and

reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

Our nominating and governance committee will consider nominees recommended by stockholders provided such recommendations are made in accordance with procedures described in this proxy statement under "Deadline for Receipt of Stockholder Proposals." When considering a potential director candidate, the nominating and governance committee looks for demonstrated character, judgment, relevant business, functional and industry experience, and a high degree of acumen. The nominating and governance committee also considers issues of diversity, such as

Edgar Filing: REALPAGE INC - Form DEF 14A

education, professional experience and differences in viewpoints and skills. The nominating and governance committee does not have a formal policy with respect to diversity; however, the board of directors and the nominating and governance committee believe that it is important that the members of the board of directors represent diverse viewpoints. The nominating and governance committee's process for identifying and evaluating nominees typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. There are no differences in the manner in which the nominating and governance committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. To date, we have not paid any third party to identify or assist in identifying or evaluating potential nominees.

DIRECTOR COMPENSATION

Determining Compensation for Non-Employee Directors in 2013

Our compensation committee reviews and makes recommendations to the board regarding the form and amount of compensation for non-employee directors. Directors who are employees of the Company receive no compensation for service on the board. The Company's director compensation program is designed to enable continued attraction and retention of highly qualified directors by ensuring that director compensation is in line with peer companies competing for director talent, and is designed to address the time, effort, expertise and accountability required of active board membership. Our compensation committee and our board of directors believed that annual compensation for non-employee directors should consist of both a cash component, designed to compensate members for their service on the board and its committees, and an equity component, designed to align the interests of directors and stockholders and, by vesting over time, to create an incentive for continued service on the board.

Table of Contents

Discussion of Director Compensation

In 2013, the annual compensation for our non-employee directors was comprised of cash compensation in the form of an annual retainer and meeting and committee fees and equity compensation in the form of stock options and restricted stock awards. Each of these components is described below.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our principal executive officer, principal financial officer, each of the next three most highly compensated executive officers and one additional individual who would have been one of our three most highly compensated executive officers other than our principal executive officer and principal financial officer but for the fact that the individual was not serving as an executive officer at the end of 2013, referred to as our named executive officers, for 2013 should be read together with the compensation tables and related disclosures that follow this discussion.

Compensation Philosophy and Objectives

Our philosophy is to provide compensation to each of our named executive officers that is commensurate with his or her position and experience, provide challenging but reasonably attainable incentives for the named executive officer to meet and exceed short-term and long-term corporate objectives as determined by our board of directors and align the named executive officers' incentives with the long-term interests of our stockholders. Additionally, our executive compensation program is intended to provide significant motivation for each of our named executive officers to remain employed by us unless and until our board of directors finds that retention of the named executive officer is no longer in accord with our corporate objectives. The compensation committee was involved with the risk review of our compensation programs and has concluded that none of the programs' incentives for executives or employees encourage actions that would result in a material adverse impact on the Company.

Based on this philosophy, the primary objectives of our board of directors and compensation committee with respect to executive compensation are to:

attract, retain and motivate skilled and knowledgeable executive talent;

ensure that executive compensation is aligned with our corporate strategies and business objectives; and

align the incentives of the named executive officers with the creation of value for stockholders.

To achieve these objectives, our compensation committee periodically evaluates our executive compensation program with the goal of establishing compensation at levels our compensation committee believes to be competitive with those of our competitive peer group companies and other companies in our geographical regions that compete with us for executive talent. Additionally, we design our executive compensation program to tie a portion of each named executive officer's overall cash compensation to key strategic, financial and operational goals set by our board of directors.

Compensation Decision-Making Process

Our compensation committee is responsible for overseeing and approving our executive compensation program. Our compensation committee currently consists of four members. The current members of our compensation committee are Alfred R. Berkeley, III, Peter Gyenes, Charles Kane and Jason A. Wright. Mr. Gyenes has been appointed to serve as the Chairman of our compensation committee. Our board of directors

Table of Contents

has determined that each member of our compensation committee is independent under the applicable requirements of NASDAQ and SEC rules and regulations, is a non-employee director, as defined by Rule 16b-3 promulgated under the Exchange Act and is an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended. For a discussion of the specific responsibilities of our compensation committee, see Corporate Governance Committees of the Board of Directors.

Our Chief Executive Officer makes base salary, cash bonus and long-term incentive compensation recommendations to the compensation committee for each of our named executive officers based on his or her level of responsibility, performance and contribution to achieving our overall corporate objectives. Our compensation committee considers the Chief Executive Officer's input but retains complete authority to approve all compensation related decisions for our named executive officers. Additionally, our Chief Executive Officer is not permitted to be present during deliberations or voting by the compensation committee regarding his performance goals, performance evaluation or compensation level and abstains from voting in sessions where our board of directors acts on the compensation committee's recommendations regarding his compensation.

For purposes of determining compensation levels for our named executive officers, our compensation committee considers the recommendations of our Chief Executive Officer, our overall achievement of corporate objectives, the level of responsibility, performance and individual contributions of our named executive officers, public company proxy data, survey group market data, each named executive officer's equity ownership and the compensation committee members' own experience in compensation-related matters. The compensation committee also considers the results of the advisory say-on-pay vote. At our 2011 annual stockholders meeting, a substantial majority of shares present at the meeting (97.7%) were voted to approve the executive compensation program described in our 2011 proxy statement. Based on this strong stockholder support, the compensation committee has continued to implement the executive compensation program. For purposes of evaluating compensation levels for 2011, 2012, 2013 and 2014, our compensation committee also considered competitive market benchmarking data as described in Executive Compensation Competitive Positioning. Based on these considerations, our compensation committee approved compensation packages for each of our named executive officers in 2013, the components of which are further described in Executive Compensation Compensation Components.

In February 2013, our compensation committee approved 2013 salaries for our named executive officers and our 2013 Management Incentive Plan.

Competitive Positioning

Competitive market data is an important component in determining the amount of each element of compensation for each named executive officer. The compensation committee utilizes Pearl Meyer & Partners (PM&P), an executive compensation consulting firm, to provide advice on the structure of executive compensation as well as competitive data on base salary, total cash compensation and long-term incentives. In addition, the compensation committee reviews the total compensation package for each named executive officer from the perspective of total direct compensation, which includes base salary, annual incentive plan and the value of the long-term incentive grant.

Our compensation committee has the authority to engage outside consultants from time to time, as the committee sees fit, to conduct market reviews of our executive compensation program and philosophy in order to assess the competitiveness of our program. In the fourth quarter of 2012, our compensation committee engaged PM&P to conduct an independent market review of our executive compensation program. To analyze our executive compensation program, PM&P used public company proxy data and survey market data references to compare our total compensation practices for our executives to those in our market:

Select Peer Group. Publicly available data for a competitive peer group of 14 publicly traded companies of similar industry, revenue size and business model, with median revenue and market capitalization size equal to \$325,000,000 and \$1,217,000,000, respectively, and

Table of Contents

Survey Group. Published surveys focused in the technology industry. (Radford and the CHiPs Executive Benchmarking Surveys), using similar-sized revenue cuts of data.

The Select Peer Group for 2013 was developed in consultation between our compensation committee, our management team and PM&P and consisted of the following organizations:

- | | |
|------------------------------|--------------------------------|
| Advent Software Inc. | DealerTrack Holding Inc. |
| athenahealth, Inc. | Ebix Inc. |
| Blackbaud Inc. | Kenexa Corporation |
| Bottomline Technologies Inc. | NetSuite Inc. |
| Concur Technologies, Inc. | SS&C Technologies Holding Inc. |
| Constant Contact, Inc. | Synchronoss Technologies |
| CoStar Group Inc. | Ultimate Software Group, Inc. |

PM&P benchmarked our executive compensation levels, including base salaries, performance-based cash bonuses and long-term equity incentive awards, to those of other executives in the Select Peer Group. The PM&P report indicated pay levels on average (with variation by executive), target cash compensation (base salary plus target bonus) and target total direct compensation (total cash plus LTI value), is between the 60th and 55th percentiles, respectively.

Pursuant to its charter, the compensation committee has the authority to select and retain independent advisors and counsel to assist it with carrying out its duties and responsibilities, and we have provided appropriate funding to the committee to do so. The compensation committee has exercised this authority to engage PM&P as its compensation consultant. PM&P serves as an advisor to the compensation committee on topics primarily related to Board and executive compensation. PM&P reports directly to the compensation committee Chair, takes direction from the compensation committee, and does not provide us with any services other than the services provided at the request of the compensation committee.

The committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. The committee conducted a specific review of its relationship with PM&P in 2013 and determined that PM&P's work for the committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (the Dodd-Frank Act), and by the SEC and the NASDAQ. The compensation committee continues to monitor the independence of its compensation consultant on a periodic basis.

Compensation Components

Base Salaries

Base salaries are used to recognize the experience, skills, knowledge and responsibilities required of all our named executive officers. Base salaries for our named executive officers have typically been negotiated as a part of the employment agreements with our named executive officers at the outset of employment. However, from time to time, consistent with our executive compensation program objectives, base salaries for our named executive officers, together with other components of compensation, are evaluated for adjustment by our compensation committee based on an assessment of the overall achievement of corporate objectives, each named executive officer's sustained performance and compensation trends in our industry. Each named executive officer's employment agreement requires that his or her base salary be reviewed no less frequently than annually; however, none of our named executive officers has an employment agreement that provides for automatic or scheduled increases in base salary.

In February 2013, our compensation committee conducted a review of our executive compensation program for purposes of evaluating compensation levels for our executives for 2013. Based on the considerations

Table of Contents

described above in Executive Compensation Compensation Decision-Making Process, our compensation committee approved base salaries to be effective as of March 1, 2013 for each of our named executive officers. The percentage increase for each named executive officer was based on our compensation committee's assessment of the various considerations described above. The table below shows base salaries for our named executive officers for 2012 and 2013.

Performance-Based Cash Bonuses

Our named executive officers participate in our annual non-equity management incentive plan, or management incentive plan, along with our other senior managers. Our annual management incentive plan is intended to provide cash compensation to our named executive officers and senior managers for their contribution to the achievement of our strategic, operational and financial objectives. Our named executive officers earn amounts under our management incentive plan based on our achievement of financial performance objectives, including overall corporate revenue and adjusted EBITDA targets and product family specific revenue and profit targets for those participants of our management incentive plan that have direct responsibility over the operations specific to one of our product families, and an assessment of the named executive officer's individual performance. Our compensation committee approves a management incentive plan each year that outlines overall corporate objectives for the fiscal year in addition to establishing guidelines for calculating management incentive plan bonuses in the event that performance objectives are partially achieved or exceeded.

A portion of our management incentive plan bonuses may be paid out quarterly based on progression towards the annual achievement of performance objectives. The actual annual cash bonus paid to participants under our management incentive plan with respect to a particular fiscal year is adjusted at year end based on actual achievement of both financial and individual performance objectives.

As a public company, if we are required to restate our financial results due to material noncompliance with any financial reporting requirements under the federal securities laws, as a result of misconduct, the chief executive officer and chief financial officer may be legally required to reimburse the Company for certain bonus or other incentive-based or equity-based compensation they receive in accordance with the provisions of section 304 of the Sarbanes-Oxley Act of 2002. Additionally, we may be required to implement a Dodd-Frank Wall

Street Reform and Consumer Protection Act compliant claw-back policy as soon as the SEC adopts rules that set forth the requirements for such claw-back policies.

2013 Management Incentive Plan

On February 19, 2013, the Committee approved the Management Incentive Plan for 2013 (2013 MIP). Our named executive officers participate in the 2013 MIP. The 2013 MIP target bonus for Mr. Winn is 150% of Mr. Winn s base salary with a maximum bonus potential of 200% of Mr. Winn s target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of Mr. Winn s target bonus. The 2013 MIP target bonus for Ms. Chaffin-Glover is 62.5% of such named executive officer s base salary with a maximum bonus potential of 200% of such named executive officer s target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of Ms. Chaffin-Glover s target bonus. The 2013 MIP target bonus for each of Mr. Barker, Ms. Carter, Mr. Chaney and Mr. Chang is 50% of such named executive officer s base salary with a maximum bonus potential of 200% of such named executive officer s target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of such named executive officer s target bonus. The performance metrics under the 2013 MIP are the same as the performance metrics under our Management Incentive Plans for 2012 and 2011 and include revenue and adjusted EBITDA targets and individual performance ratings. For each of Mr. Winn, Mr. Barker and Ms. Carter, the achievement of 2013 bonus targets for overall corporate revenue, overall corporate adjusted EBITDA and individual performance ratings are weighted 30%, 45% and 25%, respectively. For each of Ms. Chaffin-Glover, Mr. Chaney and Mr. Chang, the achievement of 2013 bonus targets for overall corporate revenue, overall corporate adjusted EBITDA and individual performance ratings are weighted 45%, 30% and 25%, respectively.

Performance-Based Equity Incentives

Our Compensation Committee views option grants as pay for performance because the options granted only have value if the stock price increases.

Table of Contents

The charts below set forth our 2013 Management Incentive Plan's overall corporate internal revenue and adjusted EBITDA performance targets, the revenue and percentage of target revenue actually achieved and the adjusted EBITDA and percentage of target adjusted EBITDA actually achieved.

Table of Contents

Based on our compensation committee's quarterly review of 2013 performance objectives, the compensation committee determined the percentage of bonuses paid to our named executive officers. The following table summarizes the actual bonuses paid to our named executive officers pursuant to the 2013 Management Incentive Plan based on achievement of 2013 performance objectives as compared to each named executive officer's target bonuses:

Executive	2013		Actual Bonus as a Percent of Target Bonus

Equity Incentive Awards

Our equity award program is the primary vehicle for offering long-term incentives to our named executive officers. Historically, our equity awards to our named executive officers have been in the form of stock options. Beginning in November 2010, our compensation committee began granting equity awards consisting of a combination of stock options and restricted stock awards. We believe that equity-based compensation provides our named executive officers with a direct interest in our long-term performance, creates an ownership culture and aligns the interests of our named executive officers and our stockholders.

Grants of stock option awards and awards of restricted stock, including those to our named executive officers, are all approved by our compensation committee and stock option awards are granted at an exercise price at or above the fair market value of our common stock on the date of grant. Consistent with the terms of our options granted to our other employees, options granted to our named executive officers in the past typically vest over a four-year period in accordance with one of the following vesting schedules, subject to continued service through each applicable vesting date:

The stock option vests in equal quarterly installments over 16 consecutive quarters commencing on the first day of the calendar quarter immediately following the grant date; or

The stock option vests with respect to 5% of the shares subject to the stock option each quarter commencing on the first day of the calendar quarter immediately following the grant date for 15 consecutive quarters and, with respect to the remaining 25% of the shares subject to the stock option, on the first day of the next following calendar quarter, subject to continued service through each applicable date. We anticipate using this vesting schedule as our standard vesting schedule for future option grants subject to the discretion of our compensation committee.

Consistent with the terms of our restricted stock awards granted to our other employees, restricted stock awards granted to our named executive officers have provided for vesting in equal quarterly installments over 16 consecutive quarters commencing on the first day of the calendar quarter immediately following the grant date, subject to continued service through each applicable date. This vesting schedule was slightly modified by the compensation committee as described below.

We believe that the four-year vesting period of our stock option grants and restricted stock awards furthers our objective of executive retention as it provides an incentive to our executives to remain in our employ during the vesting period and accelerated the vesting per quarter to further incentive employees performance.

Table of Contents

On February 19, 2014, our compensation committee amended the terms of our options and restricted stock granted to our other employees and to our named executive officers to vest over a three-year period in accordance with the following vesting schedule, subject to continued service through each applicable vesting date:

The stock option vests in equal quarterly installments over 12 consecutive quarters commencing on the first day of the calendar quarter immediately following the grant date, subject to continued service through each applicable date.

The restricted stock vests in equal quarterly installments over 12 consecutive quarters commencing on the first day of the calendar quarter immediately following the grant date, subject to continued service through each applicable date.

We anticipate using this vesting schedule as our standard vesting schedule for future option and restricted stock grants subject to the discretion of our compensation committee.

We believe that the three-year vesting period of our stock option grants and restricted stock awards furthers our objective of executive retention as it provides an incentive to our executives to remain in our employ during the vesting period.

We typically make an initial stock option grant to new executives in connection with the commencement of his or her employment. Additionally, at the discretion of our board of directors and consistent with our executive compensation program objectives, our compensation committee typically evaluates and approves equity awards for our new employees quarterly and equity awards for our existing employees, including our named executive officers, annually, to re-establish or bolster incentives to retain our employees based on their role and expected future impact on the Company. The stock options we granted to our named executive officers in 2013 are set forth under Executive Compensation Grants of Plan-Based Awards.

On February 25, 2013, we granted awards of restricted stock of 63,637, 40,750, 30,000, 29,300, 4,329 and 10,306 shares to Mr. Winn, Mr. Barker, Ms. Carter, Ms. Chaffin-Glover, Mr. Chang and Mr. Chaney, respectively. Of the total shares granted, a subtotal of 13,637, 5,750, 5,000, 4,300, 1,000 and 2,950 shares of restricted stock granted to Mr. Winn, Mr. Barker, Ms. Carter, Ms. Chaffin-Glover, Mr. Chang and Mr. Chaney, respectively, vests as to 25% of such subtotal on the first day of each calendar quarter, beginning on the first day of the calendar quarter following the date of grant, for 4 consecutive quarters. The remaining balance of the total shares granted vests as to 6.25% of such remaining balance on the first day of each calendar quarter, beginning on the first day of the calendar quarter following the date of grant, for 16 consecutive calendar quarters. We also approved options to purchase 100,000, 70,000, 50,000, 50,000, 6,650 and 14,712 shares of our common stock to Mr. Winn, Mr. Barker, Ms. Carter, Ms. Chaffin-Glover, Mr. Chang and Mr. Chaney, respectively, that were granted on February 25, 2013 at an exercise price per share of \$21.60, based on the closing price on the date of grant. These stock options vest with respect to 5% of the shares subject to the stock option each quarter commencing on the first day of the calendar quarter immediately following the grant date for 15 consecutive quarters and, with respect to the remaining 25% of the shares subject to the stock option, on the first day of the next following calendar quarter, subject to continued service through each applicable date. In determining the size of stock option grants to our named executive officers in 2013, our compensation committee considered comparative equity ownership of executives employed by companies in our Select Peer Group, our overall achievement of corporate objectives, the applicable named executive officer's achievement of individual performance objectives, the achievement of certain strategic initiatives, the amount of equity previously awarded to the named executive officer, the vesting of previous awards and the recommendations of our Chief Executive Officer.

On August 6, 2013, we granted awards of restricted stock of 12,320, 5,000, 4,000, 3,000 and 3,000 shares to Mr. Winn, Mr. Barker, Ms. Carter, Mr. Chaney and Mr. Chang, respectively, vests as to 25% of such subtotal on the first day of each calendar quarter, beginning on the first day of the calendar quarter following the date of grant, for 4 consecutive quarters.

We also approved options to purchase 30,000 and 30,000 shares of our common stock to Mr. Chaney and Mr. Chang that were granted on November 12, 2013 at an exercise price per share of \$25.70, based on the closing price on the date of grant. These stock options vest with respect to 5% of the shares subject to the stock option each quarter commencing on the first day of the calendar quarter immediately following the grant date for 15 consecutive quarters and, with respect to the remaining 25% of the shares subject to the stock option, on the first day of the next following calendar quarter, subject to continued service through each applicable date.

These stock options vest with respect to 8.33% of the shares subject to the stock option each quarter commencing on the first day of the calendar quarter immediately following the grant date for 12 consecutive quarters, subject to continued service through each applicable date. In determining the size of stock option grants to our executive officers in 2014, our compensation committee considered comparative equity ownership of executives employed by companies in our Select Peer Group, our overall achievement of corporate objectives, the applicable named executive officer's achievement of individual performance objectives, the achievement of certain strategic initiatives, the amount of equity previously awarded to the named executive officer, the vesting of previous awards and the recommendations of our Chief Executive Officer.

On February 27, 2014, the Company and Mr. Winn entered into an agreement pursuant to which the Company agrees to issue restricted stock to Mr. Winn as follows: (1) 100,000 shares of the Company's common stock shall be granted if prior to April 1, 2017 the average closing price per share of the Company's common stock for 20 consecutive trading days equals or exceeds \$25.00 per share; and (2) an additional 100,000 shares of the Company's common stock shall be granted if prior to April 1, 2017 the average closing price per share of the Company's common stock for 20 consecutive trading days equals or exceeds \$30.00 per share. Such restricted shares will be issued pursuant to the Company's form restricted stock agreement and twenty-five percent (25%) shall vest on the first day of each calendar quarter, beginning on the first day of the calendar quarter following the date of grant, for 4 consecutive calendar quarters. The Company's obligation to issue such restricted stock shall accelerate, and such shares shall be issued and fully vested automatically, immediately prior to a change in control of the Company (as defined in the 2010 Equity Incentive Plan) with respect to the first tranche of shares if the change in control results in consideration per share of the Company's common stock equal to or in excess of \$25.00 per share and with respect to the second tranche of shares if the change in control results in consideration per share of the Company's common stock equal to or in excess of \$30.00 per share. Once granted, the restricted shares shall fully vest upon any change in control of the Company (as defined in the 2010 Equity Incentive Plan). In determining the size of the equity grant for our Chief Executive Officer in 2014, our compensation committee considered comparative equity ownership of executives employed by companies in our Select Peer Group, our overall achievement of corporate objectives, the Chief Executive Officer's individual performance objectives, the achievement of certain strategic initiatives, the amount of equity previously awarded to the named executive officer, the vesting of previous awards. The compensation committee wanted to further align the Chief Executive officer with the company's stockholders.

Employees, who are subject to trading restrictions, including our named executive officers, may enter into trading plans under Rule 10b5-1 of the Exchange Act. These trading plans may be entered into only during an open trading period and must be approved by the Company. The Company requires trading plans to include a waiting period and any trading plan may not be amended once it is put into effect. Any employee, including any executive officer or affiliate bears full responsibility if he or she violates Company policy by permitting shares to be bought or sold without preapproval or when trading is restricted. All employees, including our executive officers, directors and agents are prohibited from pledging Company securities or from entering into hedging and short sale transactions with respect to Company securities pursuant to our Insider Trading Policy.

Clawback Provisions

Our equity awards granted under our 2010 Equity Incentive Plan contain provisions under which employees may be required to forfeit equity awards or profits from equity awards if the engage in certain conduct including, but not limited to, violations of Company policies. Awards granted under the 2010 Executive Incentive Plan, as amended and restated, will be subject to recoupment in accordance with any clawback policy that we are required to adopt pursuant to the listing standards of any national securities exchange or association on which our securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, the Plan administrator may impose other clawback, recovery or recoupment provisions in an award agreement as the plan administrator determines necessary or appropriate, including a reacquisition right in respect of previously acquired shares of our common stock or other cash or property upon the occurrence of cause.

Minimum Stock Ownership

The Chief Executive Officer held over 33% of the Company as of the Record Date. All other directors and executive officers also hold shares as of the Record Date. See Security Ownership.

Severance and Change in Control Benefits

Our employment agreements with our named executive officers provide for payments and other benefits in the event of termination of employment in certain circumstances. For a description of these payments and other benefits, see Executive Compensation Potential Payments on Termination or Change in Control.

Our 1998 Stock Incentive Plan provides that stock options granted to a participant under our 1998 Stock Incentive Plan will become 100% vested on the participant's death or disability (as defined in Section 22(e)(3) of the Internal Revenue Code) unless the stock option agreement provides otherwise. Each of the outstanding stock options granted to our named executive officers under our 1998 Stock Incentive Plan would be subject to this acceleration benefit in the event of the named executive officer's death or disability. Our stock option and restricted stock award agreements with our named executive officers also provide for accelerated vesting in connection with the participant's death or disability and our stock option and restricted stock award agreements with Mr. Winn, Mr. Barker and Ms. Carter provide for accelerated vesting in connection with certain change in control transactions as further described under Executive Compensation Potential Payments on Termination or Change in Control. Our compensation committee determined that it was appropriate to provide for payments and accelerated vesting for Mr. Winn, Mr. Barker and Ms. Carter, but not our other named executive officers, in connection with certain change in control transactions because the positions of Chief Executive Officer, Chief Financial Officer and Chief Legal Officer are more likely to be affected by such a transaction than the positions held by our other named executive officers.

We believe that these severance arrangements help us to attract and retain key management talent in an industry where there is significant competition for management talent. We believe that entering into these agreements helps the named executive officers maintain continued focus and dedication to their assigned duties

Table of Contents

and maximizes stockholder value. The terms of these agreements were determined after review by our compensation committee of our retention goals for each named executive officer, as well as analysis of market data, similar agreements established by our Select Peer Group and applicable law.

Benefits and Other Compensation

We maintain broad-based employee benefit plans, which are provided to all eligible U.S.-based employees. These plans include a group medical program, a group dental program, life insurance, disability insurance, flexible spending accounts and a 401(k) savings plan. Other benefit programs offered to all full-time U.S.-based employees include programs for job-related educational assistance, an employee referral program, group term life insurance equivalent to 1.5 times an employee's annual base salary up to a \$600,000 maximum and an employee assistance program. All U.S.-based executives are eligible to participate in our employee benefit plans on the same basis as our other full-time employees, with the exception of the employee referral program, in which our named executive officers are ineligible to participate.

We believe these benefits are consistent with the benefits offered by companies with which we compete for employees and are necessary to attract and retain qualified employees.

Perquisites

We believe that cash and equity compensation are the two key components in attracting and retaining management talent and therefore do not generally provide any substantial perquisites to our named executive officers.

Commencing in June 2010, Mr. Winn received a limited number of additional benefits and perquisites to be used for tax, estate and financial planning assistance. The total pre-tax protected benefit for this purpose is limited to no more than \$150,000 for 2010 through 2012. This benefit was terminated as of March 1, 2013.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for certain compensation in excess of \$1.0 million per year paid by a publicly held company to its chief executive officer or any of its three other most highly paid executive officers (other than the company's chief executive officer and chief financial officer). Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. In addition, grandfather provisions may apply to certain compensation arrangements that were entered into by a company before it was publicly held. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, to remain competitive with other employers, our compensation committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Pursuant to our employment agreement with Mr. Chaney, in the event of termination by reason of death or disability, by us without cause or by the named executive officer for good reason, he is entitled to receive salary continuation payments in a lump sum cash payment equal to any earned but unpaid salary and bonus and any accrued but unused vacation as of the termination date. The salary continuation payments to Mr. Chaney are payable in twelve equal monthly installments at an amount per installment equal to one twenty-fourth of Mr. Chaney's current annual salary. Additionally, if Mr. Chaney ceases to be a service provider for any reason other than for Cause (as defined in our employment agreement with Mr. Chaney) within one year of the consummation of a business combination transaction, Mr. Chaney is entitled to receive twelve equal monthly installments equal to one-twelfth of his base salary. The salary continuation payments are conditioned upon Mr. Chaney executing a full release and covenant not to sue on or before the thirtieth day following termination. Mr. Chaney's employment agreement was amended effective January 1, 2014, to provide for \$3,500 per year in medical benefits to be used toward medical expenses, including annual physical examinations, and upon termination of employment following a change in control or a business combination transaction of the Company, all employee benefits to which he was entitled immediately prior to such termination, fully paid for the term of the severance he is entitled to upon such termination under his applicable employment arrangements, plus a lump sum payment equal to his target annual bonus amount. A change in control is defined to include the acquisition of more than 50% of the voting power of the Company's stock, the replacement of a majority of the Company's board of directors in any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Company's board of directors before their election or appointment, or acquisition, during any 12-month period, of assets from the Company having a total gross fair market value equal to or greater than 50% of the total gross fair market value of all of the Company's assets prior to such acquisition or acquisitions.

For purposes of Mr. Chaney's employment agreement, salary continuation upon the occurrence of a business combination transaction is defined to include our merger with or into another entity where we are not the surviving entity, our dissolution, the sale of all or substantially all our assets in one transaction or a series of related transactions and the transfer of beneficial ownership representing 40% or more of the voting power of our then outstanding securities to a person or group other than Seren Capital, Ltd., Stephen T. Winn, affiliates of Stephen T. Winn and a trustee or other fiduciary holding securities under one of our employee benefit plans.

The salary continuation payments are conditioned upon Mr. Chaney executing a full release and covenant not to sue on or before the thirtieth day following termination.

Limitations on Liability and Indemnification Matters

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered into agreements to indemnify our directors, executive officers and other employees as determined by our board of directors. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions of our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Such officers, directors and 10% stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms received by us, we believe that, during the fiscal year ended December 31, 2013, all Section 16(a) filing requirements applicable to our officers, directors and 10% stockholders were satisfied except that Stephen T. Winn, Timothy Barker, Margot Carter, William Chaney, Janine Steiner Jovanovic, Alex Chang, Jason Lindwall and Kurt Twining each filed a Form 4 pertaining to shares withheld for taxes on October 1, 2013 vested restricted stock after the filing deadline applicable to such transactions.

We did not increase the number of shares of common stock reserved for issuance under our 2010 Plan for 2014 as our board of directors determined that we have an adequate number of shares reserved for future issuance under the 2010 Plan and that an increase was not necessary.

Our audit committee appointed the firm of Ernst & Young LLP (E&Y) as our independent registered public accounting firm for the fiscal year ending December 31, 2014. Our audit committee is asking the stockholders to ratify this appointment. The affirmative vote of a majority of the shares represented and voting at the Annual Meeting is required to ratify the selection of E&Y, which has served as our independent registered public accounting firm since December 2004.

In the event the stockholders fail to ratify the appointment, our audit committee will reconsider its selection. Even if the selection is ratified, our audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of the Company and our stockholders.

A representative of E&Y is expected to be available at the Annual Meeting to make a statement if such representative desires to do so and to respond to appropriate questions.

The aggregate fees billed for professional services rendered for the audits of our annual consolidated financial statements for the fiscal years ended December 31, 2013 and 2012, for the reviews of the consolidated financial statements for those fiscal years, fees associated with SEC registration statements, assistance in responding to SEC comment letters, accounting consultations related to audit services and other services that are normally provided by the independent auditor in connection with statutory and regulatory filings were approximately \$1,242,861 and \$1,313,000, respectively.

Audit-Related Fees

Tax Fees

The aggregate fees billed for professional tax services were \$15,758 and \$27,900 in 2013 and 2012, respectively.

All Other Fees

There were miscellaneous fees billed for other services of \$2,073 and \$2,700 for 2013 or 2012, respectively.

The charter of our audit committee provides that the audit committee shall appoint, compensate, retain and oversee our independent registered public accounting firm. Our audit committee has selected E&Y as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Our audit committee's policy is to pre-approve all services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Our audit committee may also pre-approve particular services on a case-by-case basis. The independent registered public accounting firm is required to periodically report to our audit committee regarding the extent of services provided by such firm in accordance with such pre-approval. Our audit committee may also delegate pre-approval authority to one of its members. Such member(s) must report any decisions to our audit committee at the next scheduled meeting.

Table of Contents

E&Y has not received approval to perform any prohibited activities as such term is defined in Section 201 of the Sarbanes Oxley Act of 2002. During 2013, our audit committee approved in advance all audit, audit-related, and tax services to be provided by E&Y.

Required Vote and Recommendation of the Board of Directors for Proposal Two

The ratification of the appointment of our independent registered accounting firm requires the favorable vote of a majority of our shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Abstentions from voting will have the same effect as voting against the ratification, and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF E&Y AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

REPORT OF THE AUDIT COMMITTEE*

The Audit Committee is composed of three independent directors and operates under a written charter adopted by the Board of Directors. The members of the Audit Committee are Charles Kane, Chairman, Peter Gyenes, Scott S. Ingraham and Jason A. Wright. All members of the Audit Committee meet the independence standards of Rule 5605(a)(2) of the NASDAQ listing standards.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and for issuing opinions on the conformity of those audited financial statements with U.S. generally accepted accounting principles, the effectiveness of the Company's internal control over financial reporting and management's assessment of internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee schedules its meetings and conference calls with a view to ensuring it devotes appropriate attention to all of its tasks. The Audit Committee met five times during fiscal 2013 to carry out its responsibilities. The Audit Committee regularly meets privately with the Company's independent registered public accounting firm, internal audit personnel, and management, each of whom has unrestricted access to the Audit Committee. The Audit Committee evaluated the performance of the items enumerated in the Audit Committee Charter.

As part of its oversight of the Company's financial statements, the Audit Committee reviewed and discussed with both management and the independent registered public accounting firm the Company's quarterly and audited fiscal year financial statements, including a review of the Company's Annual Report on Form 10-K. The Audit Committee also reviewed and approved the independent registered public accounting firm's work plan, audit fees, and all non-audit services performed by the independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm any matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.

The Audit Committee has also received the written disclosures from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee has discussed the independence of Ernst & Young LLP with that firm. The Audit Committee has implemented a procedure to monitor the independence of the Company's independent registered public accounting firm.

Based upon the Audit Committee's discussion with management and Ernst & Young LLP and the report of Ernst & Young LLP to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2013, which was filed with the SEC.

PROPOSAL THREE: ADVISORY VOTE TO APPROVE NAMED

EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules (commonly referred to as a "Say-on-Pay").

As described under the heading "Executive Compensation – Compensation Discussion and Analysis," our executive compensation programs are designed to attract, retain and motivate our named executive officers, who are critical to our success. We believe that the various elements of our executive compensation program work together to promote our goal of ensuring that total compensation should be related to both the Company's performance and individual performance.

Stockholders are urged to read the "Compensation Discussion and Analysis" section of this proxy statement, which discusses how our executive compensation policies implement our compensation philosophy, and the "Executive Compensation" section of this proxy statement, which contains tabular information and narrative discussion about the compensation of our named executive officers, for additional details about our executive compensation programs, including information about fiscal 2013 compensation of our named executive officers. Our compensation committee and our board of directors believe that these policies are effective in implementing our compensation philosophy and in achieving its goals.

We are asking our stockholders to indicate their support for our executive compensation as described in this proxy statement. This Say-on-Pay proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we are asking our stockholders to approve, on an advisory basis, the compensation of the named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the 2013 Summary Compensation Table and the other related tables and disclosure.

The Say-on-Pay vote is advisory, and therefore not binding on the Company, our compensation committee or our board of directors. However, our board of directors and our compensation committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and our compensation committee will evaluate whether any actions are necessary to address those concerns.

Recommendation of Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS VOTING FOR THE APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION PROGRAM, AS DESCRIBED IN THE "COMPENSATION DISCUSSION AND ANALYSIS" AND "EXECUTIVE COMPENSATION" SECTIONS OF THIS PROXY STATEMENT.

Table of Contents**PROPOSAL FOUR: APPROVAL OF THE****2010 EQUITY INCENTIVE PLAN (AS AMENDED AND RESTATED)**

Our board of directors is requesting that our stockholders approve the 2010 Equity Incentive Plan (as amended and restated), or the Amended 2010 Plan. We are seeking stockholder approval of the material terms of the Amended 2010 Plan for purposes of complying with Section 162(m) of the Internal Revenue Code of 1986, as amended, or Section 162(m). Our board of directors has adopted the Amended 2010 Plan, subject to approval from our stockholders at the Annual Meeting. If our stockholders approve the Amended 2010 Plan, it will replace the current version of the 2010 Equity Incentive Plan and will continue in effect through its current term ending in 2020, unless terminated earlier by our board. Approval of the Amended 2010 Plan requires the affirmative vote of the holders of a majority of the shares of our common stock that are present in person or by proxy and entitled to vote at the Annual Meeting.

The Amended 2010 Plan will allow us to continue to deduct in full for federal income tax purposes the compensation recognized by our executive officers in connection with certain awards granted under the Amended 2010 Plan. Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer and other covered employees as determined under Section 162(m) and applicable guidance. However, certain types of compensation, including performance-based compensation, are generally excluded from this deductibility limit. To enable compensation in connection with stock options, stock appreciation rights and certain restricted stock grants, restricted stock units, performance shares and performance units awarded under the Amended 2010 Plan to qualify as performance-based within the meaning of Section 162(m), the Amended 2010 Plan limits the sizes of such awards as further described below.

The following is a summary of the material changes to the 2010 Equity Incentive Plan. This summary is qualified in its entirety by reference to the actual text of the Amended 2010 Plan, set forth as Appendix A.

The Amended 2010 Plan has been drafted to include limitations to the number of shares that may be granted, on an annual basis, through individual awards, which is necessary to allow us to be eligible to receive income tax deductions under Section 162(m), as follows:

Award Type	General Annual Limit	New Hire Limit	Maximum Limit
Stock Options	1,000,000	500,000	1,500,000
Stock Appreciation Rights	1,000,000	500,000	1,500,000
Restricted Stock	500,000	250,000	750,000
Restricted Stock Units	500,000	250,000	750,000
Performance Shares	1,000,000	500,000	1,500,000
Performance Units	2,000,000	N/A	2,000,000

Specific performance criteria have been added to the Amended 2010 Plan so that certain awards may be granted subject to or conditioned upon the satisfaction of performance objectives, which in turn will allow us to be eligible to receive income tax deductions under Section 162(m). These performance criteria include: stock price, revenue, profit, bookings, cash flow, customer retention, customer satisfaction, net bookings, net income, net profit, operating cash flow, operating expenses, total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; pre-tax profit; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin, debt; working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; and total stockholder return. The performance goals may differ from participant to participant and from award to award, may be used alone or in combination, may be used to measure our performance as a whole or the performance of one of our business units, and may be measured relative to a peer group or index.

Table of Contents

For purposes of clarification, we are not requesting stockholders to approve additional shares be reserved for issuance under the Amended 2010 Plan.

Our board of directors believes that the approval of the Amended 2010 Plan is essential to our continued success. We believe that our employees are our most valuable assets and that the awards permitted under the Amended 2010 Plan are vital to our ability to attract and retain outstanding and highly skilled individuals in the competitive labor markets in which we compete. These awards also are crucial to our ability to motivate our employees to achieve our company goals.

Summary of the Amended 2010 Plan

The following is a summary of the principal features of the Amended 2010 Plan and its operation. The summary is qualified in its entirety by reference to the Amended 2010 Plan itself set forth in Appendix A.

The Amended 2010 Plan provides for the grant of incentive stock options to our employees and any of our parent and subsidiary corporations employees, and for the grant of nonstatutory stock options, restricted stock, restricted stock units, stock appreciation rights, performance units and performance shares to our employees, directors and consultants and our parent and subsidiary corporations employees and consultants. As of December 31, 2013, approximately 1,069 of our employees, directors and consultants were eligible to participate in the Amended 2010 Plan.

Number of Shares of Common Stock Available Under the Amended 2010 Plan. We initially reserved a total of 2,500,000 shares of our common stock for issuance pursuant to the Amended 2010 Plan, plus (a) any shares that had been reserved but not issued under our 1998 Stock Incentive Plan, as amended, at the time of our initial public offering, and (b) any shares subject to stock options and similar awards granted under the 1998 Stock Incentive Plan that expire or otherwise terminate without having been exercised in full and shares issued pursuant to awards granted under the 1998 Stock Incentive Plan, as amended, that are forfeited to or repurchased by the Company. The maximum number of shares that may be added to the Amended 2010 Plan from the 1998 Stock Incentive Plan, as amended, is 10,126,314 shares. In addition, our Amended 2010 Plan provides for annual increases in the number of shares available for issuance thereunder on the first day of each fiscal year, beginning with our 2011 fiscal year, equal to the least of:

10,000,000 shares of our common stock;

5% of the number of shares on the last day of the immediately preceding fiscal year that are outstanding and issuable pursuant to outstanding awards under our equity plans; or

such other amount as our board of directors may determine.

As of December 31, 2013, there were 5,224,849 shares reserved for issuance under the Amended 2010 Plan including 7,968,647 shares subject to outstanding awards. We did not increase the number of shares of common stock reserved for issuance under our 2010 Plan for 2014 as our board of directors determined that we have an adequate number of shares reserved for future issuance under the 2010 Plan and that an increase was not necessary.

Administration of the Amended 2010 Plan. Our board of directors or a committee of our board administers our Amended 2010 Plan. In the case of awards intended to qualify as performance based compensation within the meaning of Section 162(m) of the Code, the committee will consist of two or more outside directors within the meaning of Section 162(m) of the Code. The administrator has the power to determine the terms of the awards, including the exercise price, the number of shares subject to each such award, the exercisability of the awards and the form of consideration payable upon exercise. The administrator also has the authority to institute an exchange program whereby the exercise prices of outstanding awards may be reduced, outstanding awards may be surrendered or cancelled in exchange for awards with a higher or lower exercise price, or outstanding awards may be transferred to a third party.

Options. The administrator is able to grant nonstatutory stock options and incentive stock options under the Amended 2010 Plan. The administrator determines the number of shares subject to each option, although the

Table of Contents

Amended 2010 Plan provides that a participant may not receive options to purchase more than 1,000,000 shares in any fiscal year except in connection with an employee's initial hiring in which case the participant could receive options covering up to an additional 500,000 shares, for a total of 1,500,000 shares.

The exercise price of options granted under our Amended 2010 Plan must at least be equal to the fair market value of our common stock on the date of grant. The term of an incentive stock option may not exceed ten years, except that with respect to any participant who owns 10% of the voting power of all classes of our outstanding stock as of the grant date, the term must not exceed five years and the exercise price must equal at least 110% of the fair market value on the grant date. The administrator determines the terms of all other options.

After termination of an employee, director or consultant, he or she may exercise his or her option for the period of time stated in the option agreement. Generally, if termination is due to death or disability, the option will remain exercisable for twelve months. In all other cases, the option will generally remain exercisable for three months. However, an option generally may not be exercised later than the expiration of its term.

Stock Appreciation Rights. Stock appreciation rights may be granted under our Amended 2010 Plan. Stock appreciation rights allow the recipient to receive the appreciation in the fair market value of our common stock between the exercise date and the date of grant. The administrator determines the terms of stock appreciation rights, including when such rights become exercisable and whether to pay the increased appreciation in cash or with shares of our common stock, or a combination thereof. Stock appreciation rights expire under the same rules that apply to stock options. No participant will be granted stock appreciation rights covering more than 1,000,000 shares during any fiscal year, except in connection with an employee's initial hiring in which case the participant could receive stock appreciation rights covering up to an additional 500,000 shares, for a total of 1,500,000 shares.

Restricted Stock. Restricted stock may be granted under our Amended 2010 Plan. Restricted stock awards are shares of our common stock that vest in accordance with terms and conditions established by the administrator. The administrator will determine the number of shares of restricted stock granted to any employee, but, with respect to awards intended to qualify as performance based compensation under Section 162(m) of the Code, no participant will be granted a right to purchase or acquire more than 500,000 shares of restricted stock during any fiscal year, except in connection with an employee's initial hiring in which case the participant could receive awards of restricted stock covering up to an additional 250,000 shares, for a total of 750,000 shares. The administrator may impose whatever conditions to vesting it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals. Shares of restricted stock that do not vest are subject to our right of repurchase or forfeiture. The Amended 2010 Plan provides for automatic non-discretionary awards of restricted stock to outside directors with a cash equivalent grant value of \$120,000 as described in the section of this proxy titled Director Compensation,

Restricted Stock Units. Restricted stock units may be granted under our Amended 2010 Plan. Restricted stock units are awards that will result in a payment to a participant at the end of a specified period only if performance goals established by the administrator are achieved or the award otherwise vests. The administrator may impose whatever conditions to vesting, restrictions and conditions to payment it determines to be appropriate. For example, the administrator may set restrictions based on the achievement of specific performance goals, on the continuation of service or employment or any other basis determined by the administrator. Payments of earned restricted stock units may be made, in the administrator's discretion, in cash or with shares of our common stock, or a combination thereof. The administrator determines the number of restricted stock units granted to any participant, but, with respect to awards intended to qualify as performance based compensation under Section 162(m) of the Code, no participant may be granted more than 500,000 restricted stock units during any fiscal year, except in connection with an employee's initial hiring in which case the participant could receive restricted stock units covering up to an additional 250,000 shares, for a total of 750,000 shares.

Performance Units and Performance Shares. Performance units and performance shares may be granted under our Amended 2010 Plan. Performance units and performance shares are awards that will result in a payment to a

Table of Contents

participant only if performance goals established by the administrator are achieved or the awards otherwise vest. The administrator will establish organizational or individual performance goals in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. During any fiscal year, with respect to awards intended to qualify as performance based compensation under Section 162(m) of the Code, no participant will receive more than 1,000,000 performance shares and no participant will receive performance units having an initial value greater than \$2,000,000, except in connection with an employee's initial hiring in which case the participant could receive performance shares covering up to an additional 500,000 shares, for a total of 1,500,000 shares. Performance units shall have an initial dollar value established by the administrator prior to the grant date. Performance shares shall have an initial value equal to the fair market value of our common stock on the grant date. Payment for performance units and performance shares may be made in cash or in shares of our common stock with equivalent value, or in some combination, as determined by the administrator.

Performance Goals. Awards of restricted stock, restricted stock units, performance shares, performance units and other incentives under the Amended 2010 Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) and may provide for a targeted level or levels of achievement including: stock price, revenue, profit, bookings, cash flow, customer retention, customer satisfaction, net bookings, net income, net profit, operating cash flow, operating expenses,; total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; pre-tax profit; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin, debt; working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; and total stockholder return. The performance goals may differ from participant to participant and from award to award, may be used alone or in combination, may be used to measure our performance as a whole or the performance of one of our business units, and may be measured relative to a peer group or index.

To the extent necessary to comply with the performance-based compensation provisions of Section 162(m), with respect to any award granted subject to performance goals, within the first 25% of the performance period, but in no event more than 90 days following the commencement of any performance period (or such other time as may be required or permitted by Section 162(m)), the administrator will, in writing: (i) designate one or more participants to whom an award will be made, (ii) select the performance goals applicable to the performance period, (iii) establish the performance goals, and amounts of such awards, as applicable, which may be earned for such performance period, and (iv) specify the relationship between performance goals and the amounts of such awards, as applicable, to be earned by each participant for such performance period. Following the completion of each performance period, the administrator will certify in writing whether the applicable performance goals have been achieved for such performance period. In determining the amounts earned by a participant, the administrator will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the administrator may deem relevant to the assessment of individual or corporate performance for the performance period. A participant will be eligible to receive payment pursuant to an award for a performance period only if the performance goals for such period are achieved.

Transferability of Awards. Unless the administrator provides otherwise, our Amended 2010 Plan does not allow for the transfer of awards and only the recipient of an award may exercise an award during his or her lifetime.

Change in Control. Our Amended 2010 Plan provides that in the event of our merger or change in control, as defined in the Amended 2010 Plan, each outstanding award will be treated as the administrator determines, including that the successor corporation or its parent or subsidiary will assume or substitute an equivalent award for each outstanding award. The administrator is not required to treat all awards similarly. If there is no

Table of Contents

assumption or substitution of outstanding awards, the awards will fully vest, all restrictions will lapse, and the awards will become fully exercisable. The administrator will provide notice to the recipient that he or she has the right to exercise the option and stock appreciation right as to all of the shares subject to the award, all restrictions on restricted stock will lapse, and all performance goals or other vesting requirements for performance shares and units will be deemed achieved, and all other terms and conditions met. The option or stock appreciation right will terminate upon the expiration of the period of time the administrator provides in the notice. In the event the service of an outside director is terminated on or following a merger or change in control, other than pursuant to a voluntary resignation, his or her options and stock appreciation rights will fully vest and become immediately exercisable, all restrictions on restricted stock will lapse, and all performance goals at target levels or other vesting requirements for performance shares and units will be deemed achieved, and all other terms and conditions met.

Term. Our Amended 2010 Plan will automatically terminate in 2020, unless we terminate it sooner. In addition, our board of directors has the authority to amend, alter, suspend or terminate the Amended 2010 Plan provided such action does not impair the rights of any participant without the written consent of such participant.

Number of Awards Granted to Employees, Consultants and Directors

The number of Awards that an employee or consultant may receive under the Amended 2010 Plan is in the discretion of our compensation committee and therefore cannot be determined in advance. Annual grants are made to non-employee directors automatically, as described in this proxy statement. Our executive officers are eligible to receive awards under the Amended 2010 Plan and, accordingly, our executive officers have an interest in this proposal. The following table sets forth (a) the aggregate number of shares of common stock subject to options or other awards (if any) granted under the 2010 Equity Incentive Plan during the last fiscal year, (b) the average per share exercise price of such options or other awards (if any), and (c) the dollar value of such shares based on \$23.38 per share, the fair market value on December 31, 2013.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and use of Awards granted under the Amended 2010 Plan. Tax consequences for any particular individual may be different.

Nonstatutory Stock Options. No taxable income is reportable when a nonstatutory stock option with an exercise price at least equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of RealPage is subject to tax withholding by us. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options. No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock, Restricted Stock Units, Performance Units and Performance Shares. A participant generally will not have taxable income at the time an award of restricted stock, restricted stock units, performance shares or performance units, are granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. However, the recipient of a restricted stock award may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the shares underlying the award (less any cash paid for the shares) on the date the award is granted.

Tax Effect for Us. We generally will be entitled to a tax deduction in connection with an award under the Amended 2010 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our chief executive officer and to covered employees within the meaning of Section 162(m). Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Amended 2010 Plan, setting limits on the number of awards that any individual may receive and for awards other than certain stock options, establishing performance criteria that must be met before the award actually will vest or be paid. The Amended 2010 Plan has been designed to permit the Administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to continue to receive a federal income tax deduction in connection with such awards.

Table of Contents

Section 409A. Section 409A of the Internal Revenue Code, or Section 409A, places certain requirements on non-qualified deferred compensation arrangements. These include requirements with respect to an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions must be made on or following the occurrence of certain events (e.g., the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, subject to certain exceptions, Section 409A requires that such individual's distribution commence no earlier than six months after such officer's separation from service.

Awards granted under the Amended 2010 Plan with a deferral feature will be subject to the requirements of Section 409A. If an award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as possible interest charges and penalties. In addition, certain states, such as California, have adopted similar provisions that impose similar penalty taxes.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECTS OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO AWARDS UNDER THE AMENDED 2010 PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

Purpose for Recommending Approval of the 2010 Equity Incentive Plan (as amended and restated)

We believe that the amendment of the 2010 Equity Incentive Plan and the approval of its material terms is essential to our continued success. Our employees are our most valuable asset. Stock options and other awards such as those provided under the Amended 2010 Plan will substantially assist us in continuing to attract and retain employees and non-employee directors in the extremely competitive labor markets in which we compete. Such awards also are crucial to our ability to motivate employees to achieve our goals. We will benefit from increased stock ownership by selected executives, other employees and non-employee directors.

Recommendation of Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE 2010 EQUITY INCENTIVE PLAN (AS AMENDED AND RESTATED).

Table of Contents

**PROPOSAL FIVE: APPROVAL OF THE
MANAGEMENT INCENTIVE PLAN**

Our board of directors has adopted and is requesting that our stockholders approve the Management Incentive Plan (the *Incentive Plan*), so that we may qualify performance-based cash incentives made under the plan as performance-based compensation under Section 162(m) of the Internal Revenue Code (*Section 162(m)*).

If our stockholders approve the Incentive Plan, we would be able to have the ability to deduct in full for federal income tax purposes the compensation recognized by our executive officers in connection with performance-based cash incentives paid under the plan. Section 162(m) generally denies a corporate tax deduction for annual compensation exceeding \$1 million paid to the chief executive officer and other covered employees as determined under Section 162(m) and applicable guidance. However, certain types of compensation, including performance-based compensation, are excluded from this deductibility limit. To enable performance-based cash incentives paid under the Incentive Plan to qualify as performance-based compensation within the meaning of Section 162(m), the material terms of the Incentive Plan must be approved by our stockholders.

If our stockholders approve the Incentive Plan, the Incentive Plan may be used for performance-based cash incentives awards to eligible Company executives beginning in the Company's 2014 fiscal year. If our stockholders do not approve the Incentive Plan, we will not use this Incentive Plan. Approval of the Incentive Plan requires the affirmative vote of the holders of a majority of the shares of our common stock that are present in person or by proxy and entitled to vote at the Annual Meeting.

Award to our Chief Executive Officer

Our Compensation Committee has approved terms and conditions for the Management Incentive Plan award (*Award*) to our chief executive officer, Stephen T. Winn, under the terms of the Incentive Plan, subject to stockholder approval of this proposal. The actual bonus payable under the Award, if any, will be determined by achievement of performance goals over the 2014 fiscal year performance period. If the Company achieves goals for 2014 Revenue, a maximum potential bonus payment under the Award of 200% of Mr. Winn's 2014 base salary will be established. The Compensation Committee will determine the actual bonus amount in its discretion, which will be equal to or less than the maximum potential bonus, based on the level of achievement of performance goals relating to Company 2014 Revenue, EBITDA, Divisional Revenue, Divisional Profit and Individual Performance Metrics. The payment of a bonus to Mr. Winn pursuant to this Award is conditioned on the approval of the Incentive Plan by stockholders. If the stockholders do not approve the Incentive Plan, no amount will be paid to Mr. Winn pursuant to the Award.

Summary of the Incentive Plan

The following paragraphs provide a summary of the principal features of the Incentive Plan and its operation. The following summary is qualified in its entirety by the Incentive Plan set forth in Appendix B.

Purpose

The purpose of the Incentive Plan is to motivate key executives to perform to the best of their abilities and to achieve the Company's objectives. The Incentive Plan accomplishes this by paying awards only after the achievement of the specified goals.

The Incentive Plan also is designed to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. Under Section 162(m), the Company may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer and certain other highly compensated executive officers to the extent that any of these persons receives more than \$1 million in any one year. However, if we pay compensation that is performance-based under Section 162(m), the Company still can receive a federal income

Table of Contents

tax deduction for the compensation even if it is more than \$1 million during a single year. The Incentive Plan allows us to pay incentive compensation that is performance-based and therefore fully tax deductible on the Company's federal income tax return.

Eligibility to Participate

The Incentive Plan will be administered by our compensation committee or such other committee designated by our board consistent with the requirements of Section 162(m). Our compensation committee selects which of our employees (and employees of our affiliates) will be eligible to receive awards under the Incentive Plan. The actual number of employees who will be eligible to receive an award during any particular year cannot be determined in advance because our compensation committee has discretion to select the participants. However it is expected that between one and five individuals will participate in the Incentive Plan in any year.

Target Awards and Performance Goals

Each performance period, our compensation committee assigns each participant a target award and the performance goal or goals that must be achieved before an award actually will be paid to the participant. The participant's target award is expressed as a percentage of his or her base salary. The performance goals require the achievement of objectives for one or more of the following measures: stock price; revenue; profit; bookings; cash flow; customer retention; customer satisfaction; net bookings; net income; net profit; operating cash flow; operating expenses; total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; pre-tax profit; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin; debt; working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; and total stockholder return. The performance goals may differ from participant to participant and from award to award, may be used alone or in combination, may be used to measure our performance as a whole or the performance of one of our business units, and may be measured relative to a peer group or index.

Actual Awards

After the performance period ends, our compensation committee certifies in writing the extent to which the pre-established performance goals actually were achieved or exceeded. The actual award that is payable to a participant is determined using a formula that increases or decreases the participant's target award based on the level of actual performance attained. However, the Incentive Plan limits actual awards to a maximum of \$3,000,000 per participant in any fiscal year, even if the formula otherwise indicates a larger award. If there are multiple performance periods ending in the same fiscal year, the aggregate amount paid with respect to all performance periods occurring within that fiscal year cannot exceed the maximum specified in the previous sentence.

Actual awards are paid in cash as soon as administratively practicable, but no later than the dates set forth in the Incentive Plan. Under certain circumstances, our compensation committee has discretion to pay out all or part of an award if a participant terminates employment or in the event of a change of control of the Company.

Administration, Amendment and Termination

Our compensation committee administers the Incentive Plan. Members of our compensation committee must qualify as outside directors under Section 162(m). Subject to the terms of Incentive Plan, our compensation committee has sole discretion to:

determine the length of performance periods;

select the employees who will receive awards;

Table of Contents

determine the target award for each participant;

determine the performance goals that must be achieved before any actual awards are paid;

determine a formula to determine the actual award (if any) payable to each participant; and

interpret the provisions of the Incentive Plan.

Our board of directors or our compensation committee may amend or terminate the plan at any time and for any reason. The amendment or termination of the Incentive Plan will not, without the consent of the participants, alter or impair any rights or obligations under any awards granted under the Incentive Plan.

Federal Income Tax Consequences

Under present federal income tax law, participants will recognize ordinary income equal to the amount of the award received in the year of receipt. That income will be subject to applicable income and employment tax withholding by the Company. If and to the extent that the Incentive Plan payments satisfy the requirements of Section 162(m) of the Code and otherwise satisfy the requirements for deductibility under federal income tax law, we will receive a deduction for the amount constituting ordinary income to the participant.

Awards to be Granted to Certain Individuals and Groups

Awards under the Incentive Plan are determined based on actual performance, so future actual awards (if any) cannot now be determined. Our CEO was eligible to receive certain performance-based cash incentives paid during the last fiscal year through participation in our 2013 non-equity management incentive plan (MIP). The 2013 MIP target bonus for Mr. Winn is 150% of Mr. Winn s base salary with a maximum bonus potential of 200% of Mr. Winn s target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of Mr. Winn s target bonus. The 2014 MIP target bonus for Mr. Winn is 100% of Mr. Winn s base salary with a maximum bonus potential of 200% of Mr. Winn s target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of Mr. Winn s target bonus.

(As Amended and Restated June 4, 2014)

1. Purposes of the Plan. The purposes of this Plan are:

to attract and retain the best available personnel to ensure the Company's success and accomplish the Company's goals,

to incentivize Employees, Directors and Consultants with long-term equity-based compensation to align their interests with the Company's stockholders, and

to promote the success of the Company's business.

The Plan permits the grant of Incentive Stock Options, Nonstatutory Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, Performance Units and Performance Shares.

2. Definitions. As used herein, the following definitions will apply:

(a) Administrator means the Board or any of its Committees as will be administering the Plan, in accordance with Section 4 of the Plan.

(b) Applicable Laws means the requirements relating to the administration of equity-based awards under U.S. state corporate laws, U.S. federal and state securities laws, the Code, any stock exchange or quotation system on which the Common Stock is listed or quoted and the applicable laws of any foreign country or jurisdiction where Awards are, or will be, granted under the Plan.

(c) Award means, individually or collectively, a grant under the Plan of Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Units or Performance Shares.

(d) Award Agreement means the written or electronic agreement setting forth the terms and provisions applicable to each Award granted under the Plan. The Award Agreement is subject to the terms and conditions of the Plan.

(e) Board means the Board of Directors of the Company.

6. Stock Options.

(a) Limitations. Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(b) Shares Subject to Option. The Administrator will have complete discretion to determine the number of Shares subject to Options granted to any Service Provider; provided, however, no Service Provider will be granted Options covering more than 1,000,000 Shares during any Fiscal Year. Notwithstanding the limitation in the previous sentence, in connection with his or her initial service a Service Provider may be granted Options covering up to an additional 500,000 Shares. The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15.

(c) Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(d) Option Exercise Price and Consideration.

(i) Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, subject to the following:

1. In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee other than an Employee described in paragraph (A) immediately above, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

2. In the case of a Nonstatutory Stock Option, the per Share exercise price will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

3. Notwithstanding the foregoing, Options may be granted with a per Share exercise price of less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

Table of Contents

(ii) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii) Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration may consist entirely of: (1) cash; (2) check; (3) promissory note, to the extent permitted by Applicable Laws, (4) other Shares, provided that such Shares have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which such Option will be exercised and provided that accepting such Shares will not result in any adverse accounting consequences to the Company, as the Administrator determines in its sole discretion; (5) consideration received by the Company under a broker-assisted (or other) cashless exercise program implemented by the Company in connection with the Plan; (6) by net exercise; (7) such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws; or (8) any combination of the foregoing methods of payment.

(e) Exercise of Option.

(i) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Administrator may specify from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 15 of the Plan.

Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the

Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

7. Restricted Stock.

(a) Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Notwithstanding the foregoing sentence, for Restricted Stock intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, no Participant will receive more than an aggregate of 500,000 Shares of Restricted Stock during any Fiscal Year. The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15.

(b) Vesting Criteria and Other Terms. The Administrator will set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. The Administrator may set vesting criteria based upon the achievement of Company-wide, business unit, or individual goals (including, but not limited to, continued employment), or any other basis determined by the Administrator in its discretion.

(c) Earning Restricted Stock Units. Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as determined by the Administrator.

Notwithstanding the foregoing, during any Fiscal Year, for Performance Units or Performance Shares intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, (i) no Participant will receive Performance Units having an initial value greater than \$2,000,000, and (ii) no Participant will receive more than 1,000,000 Performance Shares. Notwithstanding the limitation in the previous sentence, for Performance Shares intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, in connection with his or her initial service as an Employee, an Employee may be granted an aggregate of up to an additional 500,000 Performance Shares. The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 15.

Table of Contents

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Service Providers. The time period during which the performance objectives or other vesting provisions must be met will be called the Performance Period. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

(d) Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

(g) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Performance Units/Shares as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Performance Units/Shares which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

11. **Performance-Based Compensation Under Code Section 162(m).**

(a) General. If the Administrator, in its discretion, decides to grant an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the provisions of this Section 11 will control over any contrary provision in the Plan; provided, however, that the Administrator may in its discretion grant Awards that are not intended to qualify as performance-based compensation under Section 162(m) of the Code to such Participants that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 11.

(b) Performance Goals. The granting and/or vesting of Awards of Restricted Stock, Stock Units, Performance Shares and Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement (Performance Goals) including: stock price, revenue, profit, bookings, cash flow, customer retention, customer satisfaction, net bookings, net income, net profit, operating cash flow, operating expenses, total earnings; earnings per share, diluted or basic; earnings per share from continuing operations, diluted or basic; earnings before interest and taxes; earnings before interest, taxes, depreciation, and amortization; pre-tax profit; net asset turnover; inventory turnover; capital expenditures; net earnings; operating earnings; gross or operating margin; profit margin, debt;

working capital; return on equity; return on net assets; return on total assets; return on capital; return on investment; return on sales; net or gross sales; market share; economic value added; cost of capital; change in assets; expense reduction levels; debt reduction; productivity; new product introductions; delivery performance; and total stockholder return. Any criteria used may be (A) measured in absolute terms, (B) measured in terms of growth, (C) compared to another company or companies, (D) measured against the market as a whole and/or according to applicable market indices, (E) measured against the performance of the Company as a whole or a segment of the Company and/or (F) measured on a pre-tax or post-tax basis (if applicable). Further, any Performance Goals may be used to measure the performance of the Company as a whole or a business unit or other segment of the Company, or one or more product lines or specific markets and may be measured relative to a peer group or index. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant. In all other respects, Performance Goals will be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Administrator prior to or at the time of the issuance of an Award and which is consistently applied with respect to a Performance Goal in the relevant Performance Period. In addition, the Administrator will adjust any performance criteria, Performance Goal or other feature of an Award that relates to or is wholly or partially based on the number of, or the value of, any stock of the Company, to reflect any stock dividend or split, repurchase, recapitalization, combination, or exchange of shares or other similar changes in such stock.

(c) Procedures. To the extent necessary to comply with the performance-based compensation provisions of Section 162(m) of the Code, with respect to any Award granted subject to Performance Goals and intended to qualify as performance-based compensation under Section 162(m) of the Code, within the first twenty-five percent (25%) of the Performance Period, but in no event more than ninety (90) days following the commencement of any Performance Period (or such other time as may be required or permitted by Section 162(m) of the Code), the Administrator will, in writing, (i) designate one or more Participants to whom an Award will be made, (ii) select the Performance Goals applicable to the Performance Period, (iii) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (iv) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Participant for such Performance Period.

(d) Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Participant and is intended to constitute qualified performance-based compensation under Section 162(m) of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

(e) Determination of Amounts Earned. Following the completion of each Performance Period, the Administrator will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. A Participant will be eligible to receive payment pursuant to an Award intended to qualify as performance-based compensation under Section 162(m) of the Code for a Performance Period only if the Performance Goals for such period are achieved. In determining the amounts earned by a Participant pursuant to an Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Administrator will have the right to (a) reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period, (b) determine what actual Award, if any, will be paid in the event of a termination of employment as the result of a Participant's death or disability or upon a Change in Control or in the event of a termination of employment following a Change in Control prior to the end of the Performance Period, and (c) determine what actual Award, if any, will be paid in the event of a termination of employment other than as the result of a Participant's death or disability prior to a Change of Control and prior to the end of the Performance Period to the extent an actual Award would have otherwise been achieved had the Participant remained employed through the end of the Performance Period.

12. Formula Awards to Outside Directors.

(a) General. Outside Directors will be entitled to receive all types of Awards (except Incentive Stock Options) under this Plan, including discretionary Awards not covered under this Section 12. All grants of Awards to Outside Directors pursuant to this Section will be automatic and nondiscretionary, except as otherwise provided herein, and will be made in accordance with the following provisions:

(b) No Discretion. No person will have any discretion to select which Outside Directors will be granted Awards under this Section or to determine the number of Shares to be covered by such Awards (except as provided in Sections 12 and 15).

(c) Annual Award. Each Outside Director will be automatically granted (an Annual Award) on April 1 of each year, beginning in 2011, a number of Shares of Restricted Stock determined by dividing (A) \$120,000 by (B) the Fair Market Value of a share on the grant date, with the number of Shares rounded up to the nearest whole Share. Upon election or appointment as an Outside Director that occurs after April 1st in the year of election or appointment, an Outside Director will also be automatically granted a prorated portion of the Annual Award, to be effective on the following April 1st. The prorated number of Shares of Restricted Stock shall be determined based on the number of unexpired months remaining in the fiscal year of election or appointment.

(d) Terms. The terms of each Award granted pursuant to this Section will be as follows: The Restricted Stock awarded under each Annual Award will be issued for no cash consideration and will be forfeited and automatically transferred to and reacquired by the Company at no cost upon the date the Director ceases to provide services as a member of the Board (the Forfeiture Provision). The Forfeiture Provision will lapse as to eight and one-third percent (8.33%) of the Restricted Stock awarded in such Annual Award on the first day of each calendar quarter for twelve (12) calendar quarters beginning on first day of the calendar quarter immediately following the date of grant, provided that the Participant continues to serve as a Director through such dates.

(e) Adjustments. The Administrator in its discretion may change and otherwise revise the terms of Awards granted under this Section 12, including, without limitation, the number of Shares and exercise prices thereof, for Awards granted on or after the date the Administrator determines to make any such change or revision.

13. Leaves of Absence/Transfer Between Locations. Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence. A Participant will not cease to be an Employee in the case of (i) any leave of absence approved by the Company or (ii) transfers between locations of the Company or between the Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed three (3) months, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then six (6) months following the first (1st) day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

14. Transferability of Awards. Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate.

15. Adjustments: Dissolution or Liquidation; Merger or Change in Control.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Shares that may be delivered under the Plan

Table of Contents

and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits in Section 3, 6, 7, 8, 9, and 10 of the Plan, and the number of Shares issuable pursuant to Awards to be granted under Section 12 of the Plan.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c) Change in Control. In the event of a merger or Change in Control, each outstanding Award will be treated as the Administrator determines, including, without limitation, that each Award be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. The Administrator will not be required to treat all Awards similarly in the transaction.

In the event that the successor corporation does not assume or substitute for the Award, the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Awards with performance-based vesting, all Performance Goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right is not assumed or substituted in the event of a Change in Control, the Administrator will notify the Participant in writing or electronically that the Option or Stock Appreciation Right will be exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

For the purposes of this subsection (c), an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Restricted Stock Unit, Performance Unit or Performance Share, for each Share subject to such Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the Change in Control.

Notwithstanding anything in this Section 15(c) to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(d) Outside Director Awards. With respect to Awards granted to an Outside Director that are assumed or substituted for, if on the date of or following such assumption or substitution the Participant's status as a Director or a director of the successor corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant (unless such resignation is at the request of the acquirer), then the Participant will fully vest in and have the right to exercise Options and/or Stock Appreciation Rights as to all of the Shares underlying such Award, including those Shares which would not otherwise be vested or exercisable, all restrictions on Restricted Stock and Restricted Stock Units will lapse, and, with respect to Performance Units and Performance Shares, all Performance Goals or other vesting criteria will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met.

16. Tax.

(a) Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b) Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (a) paying cash, (b) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld, or (c) delivering to the Company already-owned Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

(c) Compliance With Code Section 409A. Awards will be designed and operated in such a manner that they are either exempt from the application of, or comply with, the requirements of Code Section 409A such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Code Section 409A, except as otherwise determined in the sole discretion of the Administrator. The Plan and each Award Agreement under the Plan is intended to meet the requirements of Code Section 409A and will be construed and interpreted in accordance with such intent, except as otherwise determined in the sole discretion of the Administrator. To the extent that an Award or payment, or the settlement or deferral thereof, is subject to Code Section 409A the Award will be granted, paid, settled or deferred in a manner that will meet the requirements of Code Section 409A, such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Code Section 409A.

17. **No Effect on Employment or Service.** Neither the Plan nor any Award will confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor will they interfere in any way with the Participant's right or the Company's right to terminate such relationship at any time, with or without cause, to the extent permitted by Applicable Laws.

18. **Date of Grant.** The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

19. **Term of Plan.** Subject to Section 23 of the Plan, the Plan will become effective upon the later to occur of (i) its adoption by the Board, or (ii) immediately prior to the Registration Date. It will continue in effect for a term of ten (10) years from the date it becomes effective, unless terminated earlier under Section 20 of the Plan.

20. **Amendment and Termination of the Plan.**

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

21. Conditions Upon Issuance of Shares.

(a) Legal Compliance. Shares will not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares will comply with Applicable Laws and will be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

(c) Forfeiture Provisions. Pursuant to its general authority to determine terms and conditions of Awards under the Plan, the Administrator shall have the right to provide, in the terms of Award Agreements made under the Plan, that (i) an Award shall terminate and any unexercised portion of the Award, whether or not vested, shall be forfeited, and/or (ii) that the Participant shall pay to the Company upon request any Shares received from the exercise or vesting of an Award occurring within a specified period or proceeds received within a specified period from the sale of Shares originally acquired pursuant to an Award under the Plan, if the Participant either (A) incurs a voluntary termination of service and within a specified period thereafter engages in certain actions that are in competition with or harmful to the interests of the Company, as defined by the Administrator and set forth in the Award Agreement, or (B) a Participant's service is terminated for cause, as defined by the Administrator and set forth in the Award Agreement.

22 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

23 Stockholder Approval. The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is adopted by the Board. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.

MANAGEMENT INCENTIVE PLAN

1. BACKGROUND, PURPOSE AND DURATION

1.1 Effective Date

The Plan will become effective upon ratification by an affirmative vote of the holders of a majority of the Shares that are present in person or by proxy and entitled to vote at the 2014 Annual Meeting of Stockholders of the Company.

1.2 **Purpose of the Plan** The Plan is intended to increase shareholder value and the success of the Company by motivating key executives (1) to perform to the best of their abilities, and (2) to achieve the Company's objectives. The Plan's goals are to be achieved by providing such executives with incentive awards based on the achievement of goals relating to the performance of the Company. The Plan is intended to permit the grant of awards that qualify as performance-based compensation under Section 162(m) of the Code, and any ambiguities will be interpreted to so comply.

2. DEFINITIONS

The following words and phrases shall have the following meanings unless a different meaning is plainly required by the context:

2.1 **Actual Award** means as to any Performance Period, the actual award (if any) payable to a Participant for the Performance Period. Each Actual Award is determined by the Payout Formula for the Performance Period, subject to the Committee's authority under Section 3.6 to eliminate or reduce the award otherwise determined by the Payout Formula. For purposes of applying the Maximum Award limitation, the Actual Award will be deemed to have been determined on the last day of the applicable Performance Period, so that if there are multiple Performance Periods ending in a particular Fiscal Year, in no event may the Actual Awards with respect to all such Performance Periods in the aggregate exceed the Maximum Award.

2.2 **Affiliate** means any corporation or other entity (including, but not limited to, partnerships and joint ventures) controlled by the Company.

2.3 **Base Salary** means as to any Performance Period, unless the Committee provides otherwise when establishing the Target Award, the Participant's annualized salary rate on the last day of the Performance Period. Such Base Salary shall be before both (a) deductions for taxes or benefits, and (b) deferrals of compensation pursuant to Company-sponsored plans. For avoidance of doubt, **Base Salary** does not include performance-based cash incentives, commissions, equity compensation, incentive or other compensation.

2.4 **Board** means the Board of Directors of the Company.

2.5 Change of Control

a. Any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act of 1934, as amended) becomes the beneficial owner (as defined in Rule 13d-3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company's then outstanding voting securities;

b. The consummation of the sale or disposition by the Company of all or substantially all of the Company's assets;

Table of Contents

c. A change in the composition of the Board occurring within a two (2)-year period, as a result of which fewer than a majority of the directors are Incumbent Directors. Incumbent Directors means directors who either (A) are Directors as of the effective date of the Plan, or (B) are elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the Incumbent Directors at the time of such election or nomination (but will not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of directors to the Company); or

d. The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or consolidation.

2.6 Code means the Internal Revenue Code of 1986, as amended. Reference to a specific section of the Code or regulation thereunder shall include such section or regulation, any valid regulation promulgated thereunder, and any comparable provision of any future legislation or regulation amending, supplementing or superseding such section or regulation.

2.7 Committee means the Compensation Committee of the Board, or such other committee as may be designated by the Board to administer the Plan, comprised solely of two or more outside directors as defined in Treas. Reg. Section 1.162-27(e)(3).

2.8 Company means RealPage, Inc., a Delaware corporation, or any successor thereto.

2.9 Determination Date means the latest possible date that will not jeopardize a Target Award or Actual Award's qualification as performance-based compensation under Section 162(m) of the Code.

2.10 Disability means a permanent and total disability determined in accordance with uniform and nondiscriminatory standards adopted by the Committee from time to time.

2.11 Eligible Employee means any employee of the Company or of an Affiliate, whether such employee is so employed at the time the Plan is adopted or becomes so employed subsequent to the adoption of the Plan.

2.12 Fiscal Year means the fiscal year of the Company.

2.13 Maximum Award means as to any Participant for any Fiscal Year, \$3,000,000.

2.14 Participant means as to any Performance Period, an Eligible Employee who has been selected by the Committee for participation in the Plan for that Performance Period.

2.15 Payout Formula means as to any Performance Period, the formula or payout matrix established by the Committee pursuant to Section 3.4 in order to determine the Actual Awards (if any) to be paid to Participants. The formula or matrix may differ from Participant to Participant.

2.16 Performance Period means any Fiscal Year or such other period as determined by the Committee in its sole discretion.

2.17 Performance Goals means the goal(s) (or combined goal(s)) determined by the Committee (in its discretion) to be applicable to a Participant for a Target Award for a Performance Period. As determined by the Committee, the Performance Goals for any Target Award applicable to a Participant may provide for a targeted
