Nobility Homes, Inc.

Notes to Consolidated Financial Statements

(Unaudited)

Note 1 Basis of Presentation and Accounting Policies

The accompanying unaudited consolidated financial statements for the three and nine months ended August 2, 2014 have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission for Form 10-Q. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

The unaudited financial information included in this report includes all adjustments (consisting of normal recurring adjustments) which are, in the opinion of management, necessary to reflect a fair statement of the results for the interim periods. The operations for the three and nine months ended August 2, 2014 are not necessarily indicative of the results of the full fiscal year.

The condensed consolidated financial statements included in this report should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended November 2, 2013.

In May 2014, the FASB issued ASU 2014-09 (Revenue from Contracts with Customers (Topic 606)), which requires an entity to recognize revenue from the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance addresses, in particular, contracts with more than one performance obligation, as well as the accounting for some costs to obtain or fulfill a contract with a customer; and provides for additional disclosures with respect to revenues and cash flows arising from contracts with customers. With respect to public entities, this update is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016 and early adoption is not permitted. We believe that our implementation of this guidance will have no material impact on our consolidated financial statements.

Note 2 Inventories

New home inventory is carried at the lower of cost or market value. The cost of finished home inventories determined on the specific identification method is removed from inventories and recorded as a component of cost of sales at the time revenue is recognized. In addition, an allocation of depreciation and amortization is included in cost of goods sold. Under the specific identification method, if finished home inventory can be sold for a profit there is no basis to write down the inventory below the lower of cost or market value.

Pre-owned inventory is valued at the lower of the Company's cost to acquire the inventory plus refurbishment costs incurred to date to bring the inventory to a more saleable state, or market value.

Other inventory costs are determined on a first-in, first-out basis.

Table of Contents

Inventories were as follows:

	August 2, 2014	November 2, 2013
Raw materials	\$ 609,279	\$ 571,621
Work-in-process	96,657	108,641
Finished homes	5,348,879	4,344,117
Model home furniture and others	62,041	19,437
Inventories, net	\$ 6,116,856	\$ 5,043,816
Pre-owned homes	\$ 7,076,801	\$ 9,215,590
Inventory impairment reserve	(1,948,487)	(2,711,595)
	5,128,314	6,503,995
Less homes expected to sell in 12 months	(2,770,354)	(2,187,598)
Pre-owned homes, long-term	\$ 2,357,960	\$ 4,316,397

Note 3 Short-term Investments

The following is a summary of short-term investments (available for sale):

	August 2, 2014			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
Equity securities in a public company	\$ 167,930	\$ 313,431	\$	\$ 481,361

	November 2, 2013			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
Equity securities in a public company	\$ 167,930	\$ 287,302	\$	\$ 455,232

The fair values were estimated based on quoted market prices in active markets at each respective period end.

Note 4 Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, accounts receivables, accounts payable and accrued expenses approximates fair value because of the short maturity of those instruments. Short-term investments (available for sale) are carried at fair value.

FASB ASC No. 820 Fair Value Measurements defines fair value as the price that would be received upon the sale of an asset or paid to transfer a liability (i.e. exit price) in an orderly transaction between market participants at the measurement date. ASC No. 820 requires disclosures that categorize assets and liabilities

Table of Contents

measured at fair value into one of three different levels depending on the assumptions (i.e. inputs) used in the valuation. Financial assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The ASC No. 820 fair value hierarchy is defined as follows:

Level 1 - Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Valuations are based on quoted prices for similar assets or liabilities in active markets, or quoted prices in markets that are not active for which significant inputs are observable, either directly or indirectly.

Level 3 - Valuations are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date.

The following tables present the Company's assets and liabilities which are measured at fair value on a recurring basis at August 2, 2014 and November 2, 2013.

	August 2, 2014		
	Level 1	Level 2	Level 3
Short-term investments			
Equity securities in a public company	\$ 481,361	\$	\$

	November 2, 2013		
	Level 1	Level 2	Level 3
Short-term investments			
Equity securities in a public company	\$ 455,232	\$	\$

Note 5 Investments in Retirement Community Limited Partnerships

The Company's investment in retirement community limited partnerships includes a 31.3% interest in Walden Woods South LLC (Walden Woods) and a 48.5% interest in CRF III, Ltd. (Cypress Creek). The Cypress Creek investment is \$236,579 and \$467,934 at August 2, 2014 and November 2, 2013, respectively. The Walden Woods investment is zero at both August 2, 2014 and November 2, 2013.

The following is summarized financial information of Walden Woods and Cypress Creek*:

	June 30, 2014	September 30, 2013
Total Assets	\$ 13,323,859	\$ 13,559,275

Edgar Filing: NOBILITY HOMES INC - Form 10-Q

Total Liabilities	\$ 15,848,331	\$ 15,231,044
Total Equity	\$ (2,524,473)	\$ (1,671,769)

* Due to Walden Woods and Cypress Creek having a calendar year-end, the summarized financial information provided is from their most recent quarter prior to the period covered by this report.

Table of Contents

Note 6 Warranty Costs

The Company provides for a limited warranty as the manufactured homes are sold. Amounts related to these warranties are as follows:

	Three Months Ended		Nine Months Ended	
	August 2, 2014	August 3, 2013	August 2, 2014	August 3, 2013
Beginning accrued warranty expense	\$ 75,000	\$ 75,000	\$ 75,000	\$ 75,000
Less: reduction for payments	(51,239)	(43,202)	(148,389)	(127,384)
Plus: additions to accrual	51,239	43,202	148,389	127,384
Ending accrued warranty expense	\$ 75,000	\$ 75,000	\$ 75,000	\$ 75,000

The Company's limited warranty covers substantial defects in material or workmanship in specified components of the home including structural elements, plumbing systems, electrical systems, and heating and cooling systems which are supplied by the Company that may occur under normal use and service during a period of twelve (12) months from the date of delivery to the original homeowner, and applies to the original homeowner or any subsequent homeowner to whom this product is transferred during the duration of this twelve (12) month period.

The Company tracks the warranty claims per home. Based on the history of the warranty claims, the Company has determined that a majority of warranty claims usually occur within the first three months after the home is sold. The Company determines its warranty accrual using the last three months of home sales.

Note 7 Net Income Per Share

Basic net income per share is computed by dividing net income available to common shareholders by the weighted-average number of common shares outstanding. Diluted net income per share is computed similarly to basic net income per share except that the denominator is increased to include the number of additional shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. For the three and nine months ended August 3, 2013, options to purchase 54,150 shares, have been excluded from the computation of potentially dilutive securities as the effect on earnings per share is antidilutive.

Table of Contents

Note 8 Revenues

Revenues by net sales from manufactured housing, insurance agent commissions and construction lending operations are as follows:

	Three Months Ended		Nine Months Ended	
	August 2, 2014	August 3, 2013	August 2, 2014	August 3, 2013
Manufactured housing	\$ 4,444,142	\$ 3,751,433	\$ 12,128,570	\$ 9,777,737
Trade in and other pre-owned homes	858,603	946,865	2,683,678	2,018,780
Insurance agent commissions	40,449	49,566	146,650	152,926
Construction lending operations	3,445	10,592	10,196	24,299
Total net sales	\$ 5,346,639	\$ 4,758,456	\$ 14,969,094	\$ 11,973,742

Note 9 Commitments and Contingent Liabilities

Majestic 21 The Company has a 50% interest in Majestic 21, a joint venture with an unrelated entity (2nd Mortgage Corporation) (2nd Mortgage). The Company is a 50% guarantor on a \$5 million note payable entered into by Majestic 21. This guarantee was a requirement of the bank that provided the \$5 million loan to Majestic 21. The \$5 million guarantee of Majestic 21's debt is for the life of the note which matures on the earlier of May 31, 2019 or when the principal balance is less than \$750,000. The amount of the guarantee declines with the amortization and repayment of the loan. As collateral for the loan, 21st Mortgage has granted the lender a security interest in a pool of loans encumbering homes sold by Prestige Homes Centers, Inc. If the pool of loans securing this note should decrease in value so that the notes outstanding principal balance is in excess of 80% of the principal balance of the pool of loans, then Majestic 21 would have to pay down the note's principal balance to an amount that is no more than 80% of the principal balance of the pool of loans. The Company and 21st Mortgage are obligated jointly to contribute the amount necessary to bring the loan balance back down to 80% of the collateral provided. We do not anticipate any required contributions as the pool of loans securing the note have historically been in excess of 100% of the collateral value. As of August 2, 2014, the outstanding principal balance of the note was \$1,729,300 and the amount of collateral was \$2,576,294. Based upon management's analysis, the fair value of the guarantee is not material and as a result, no liability for the guarantee has been recorded in the accompanying balance sheets of the Company.

Note 10 Revisions to May 3, 2014 Financial Statements

The Company's consolidated statements of comprehensive income for the three and six months ended May 3, 2014 have been revised for the correction of an error in the elimination of intercompany sales between Nobility and Prestige Homes, a wholly owned subsidiary of the Company.

Table of Contents

This correction had no effect on net income as originally reported for the three and six months ended May 3, 2014. The revisions for the correction of the error are as follows:

Consolidated Statements of Comprehensive Income:

	Three Months Ended			Six Months Ended		
	May 3, 2014			May 3, 2014		
	As Reported	As Revised	Change	As Reported	As Revised	Change
Net sales	\$ 7,416,806	\$ 5,431,026	\$ (1,985,780)	\$ 11,608,235	\$ 9,622,455	\$ (1,985,780)
Cost of goods sold	(6,312,508)	(4,326,728)	(1,985,780)	(9,758,407)	(7,772,627)	(1,985,780)
Gross profit	1,104,298	1,104,298		1,849,828	1,849,828	
Comprehensive income	271,780	271,780		393,125	393,125	

The Company has applied the provisions of Staff Accounting Bulletin (SAB) 99, *Materiality*, and SAB 108, *Considering the Effects of Prior Year Misstatements in Current Year Financial Statements*, and determined that the impact of the errors on its previously filed consolidated financial statements was not material.

Table of Contents**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**
Results of Operations

The following table summarizes certain key sales statistics and percent of gross profit for the three and nine months ended August 2, 2014 and August 3, 2013.

	Three Months Ended		Nine Months Ended	
	August	August	August	August
	2,	3,	2,	3,
	2014	2013	2014	2013
Homes sold through Company owned sales centers	43	25	104	62
Pre-owned homes sold through Company owned sales centers	12	15	40	33
Homes sold to independent dealers	36	47	125	148
Total new factory built homes produced	84	72	264	204
Average new manufactured home price retail	\$ 66,193	\$ 65,248	\$ 65,574	\$ 58,854
Average new manufactured home price wholesale	\$ 33,323	\$ 31,767	\$ 32,370	\$ 29,497
As a percent of net sales:				
Gross profit from the Company owned retail sales centers	15%	12%	14%	13%
Gross profit from the manufacturing facilities - including intercompany sales	14%	19%	14%	15%

Total revenues in the third quarter of 2014 were \$5,346,639 up 12% compared to \$4,758,456 in the third quarter of 2013, which includes sales of pre-owned homes of \$858,603 and \$946,865, respectively. Total net sales for the first nine months of 2014 were \$14,969,094 up 25% compared to \$11,973,742 for the first nine months of 2013, which includes sales of pre-owned homes of \$2,683,678 and \$2,018,780, respectively. Sales to two publicly traded REITs and other companies which own multiple retirement communities in our market area accounted for approximately 37% and 28% of our sales for the first nine months ended August 2, 2014 and August 3, 2013, respectively. Accounts receivable due from these customers were approximately \$974,953 at August 2, 2014.

Our sales are affected by the strength of the U.S. economy, interest rates and employment levels, consumer confidence and the availability of retail financing. We believe the lack of retail financing for manufactured housing continues to have a negative effect on our sales, although the overall economy has shown improvement. According to the Florida Manufactured Housing Association, shipments in Florida for the period from November 2013 through July 2014 were up approximately 22% from the same period last year. We believe that the long-term demographic trends favor future growth in the Florida market area we serve.

We believe that the current economic environment requires us to maintain our strong financial position for future growth and success.

Table of Contents

We have specialized for 47 years in the design and production of quality, affordable manufactured homes at our plant located in central Florida. With our multiple retail sales centers, an insurance subsidiary, and investments in retirement manufactured home communities, we are the only vertically integrated manufactured home company headquartered in Florida.

Insurance agent commission revenues in the third quarter of 2014 were \$40,449 compared to \$49,566 in the third quarter of 2013. Total insurance agent commission revenues for the first nine months of 2014 were \$146,650 compared to \$152,926 for the first nine months of 2013. The Company establishes appropriate reserves for policy cancellations based on numerous factors, including past transaction history with customers, historical experience and other information, which is periodically evaluated and adjusted as deemed necessary. In the opinion of management, no reserve was deemed necessary for policy cancellations at August 2, 2014 and November 2, 2013.

The revenues from construction lending operations in the third quarter of 2014 was \$3,445 compared to \$10,592 in the third quarter of 2013 and was \$10,196 for the first nine months of 2014 compared to \$24,299 for the first nine months of 2013. The decrease in revenues was due to a change in legislation that affected homes financed with a construction loan. Therefore, we expect these revenues to continue to decrease in the future.

Gross profit as a percentage of net sales was 20% in third quarter of 2014 compared to 19% in the third quarter of 2013 and was 19% for the first nine months of 2014 compared to 17% for the first nine months of 2013. The gross profit in third quarter of 2014 was \$1,060,168 compared to \$903,640 in the third quarter of 2013 and was \$2,909,996 for the first nine months of 2014 compared to \$2,027,409 for the first nine months of 2013. The gross profit is dependent on the sales mix of wholesale and retail homes and number of pre-owned homes sold.

Selling, general and administrative expenses as a percent of net sales was 14% in third quarter of 2014 compared to 16% in the third quarter of 2013 and was 15% for the first nine months of 2014 compared to 16% for the first nine months of 2013. The decrease was primarily due to our continued efforts to maintain existing general and administrative expenses, even as our revenues increase.

Our earnings from Majestic 21 in the third quarter of 2014 were \$34,105, compared to \$29,180 for the third quarter of 2013. Our earnings from Majestic 21 for the first nine months of 2014 were \$105,913, compared to \$89,380 for the first nine months of 2013. The earnings from Majestic 21 represent the allocation of profit and losses which are owned 50% by 21st Mortgage and 50% by the Company.

We earned interest on cash, cash equivalents and short-term investments in the amount of \$11,099 for the third quarter of 2014 compared to \$11,398 for the third quarter of 2013. For the first nine months of 2014, interest earned on cash, cash equivalents and short-term investments were \$39,113 compared to \$40,344 in the first nine months of 2013. Interest income is dependent on our cash balance and available rates of return.

We reported non-cash losses from our investment in retirement community limited partnerships of \$96,668 for the third quarter of 2014 compared to \$93,290 for the third quarter of 2013. For the first nine months of 2014 losses were \$231,355 compared to \$223,131 in the first nine months of 2013. We expect similar losses for the remainder of 2014 as the community continues to see slow growth in new home sales.

We reported net income of \$252,268 for the third quarter of 2014, or \$0.06 per share, compared to a net income of \$121,501, or \$0.03 per share, for the third quarter of 2013. For the first nine months of 2014 net income was \$640,570 or \$0.16 per share, compared to a net income of \$79,325, or \$0.02 per share, in the first nine months of 2013.

Table of Contents

Liquidity and Capital Resources

Cash and cash equivalents were \$12,459,002 at August 2, 2014 compared to \$10,468,453 at November 2, 2013. Short-term investments were \$481,361 at August 2, 2014 compared to \$455,232 at November 2, 2013. Working capital was \$22,191,124 at August 2, 2014 as compared to \$19,869,747 at November 2, 2013. We own the entire inventory for our Prestige retail sales centers which includes new, pre-owned and repossessed or foreclosed homes and do not incur any third party floor plan financing expenses. The Company has no material commitments for capital expenditures.

We view our liquidity as our total cash and short term investments. We currently have no line of credit facility and we do not believe that such a facility is currently necessary for our operations. We have no debt. We also have approximately \$2.7 million of cash surrender value of life insurance which we could access as an additional source of liquidity though we have not currently viewed this to be necessary. As of August 2, 2014, the Company continued to report a strong balance sheet which included total assets of approximately \$38 million which was funded primarily by stockholders' equity of approximately \$36 million.

Critical Accounting Policies and Estimates

In Item 7 of our Form 10-K, under the heading "Critical Accounting Policies and Estimates," we have provided a discussion of the critical accounting policies and estimates that management believes affect its more significant judgments and estimates used in the preparation of our Consolidated Financial Statements. No significant changes have occurred since that time.

Forward-Looking Statements

Certain statements in this report are forward-looking statements within the meaning of the federal securities laws. Although Nobility believes that the expectations reflected in such forward-looking statements are based on reasonable assumptions, there are risks and uncertainties that may cause actual results to differ materially from expectations. These risks and uncertainties include, but are not limited to, competitive pricing pressures at both the wholesale and retail levels, increasing material costs, continued excess retail inventory, increase in repossessions, changes in market demand, changes in interest rates, availability of financing for retail and wholesale purchasers, consumer confidence, adverse weather conditions that reduce sales at retail centers, the risk of manufacturing plant shutdowns due to storms or other factors, the impact of marketing and cost-management programs, reliance on the Florida economy, impact of labor shortage, impact of materials shortage, increasing labor cost, cyclical nature of the manufactured housing industry, impact of rising fuel costs, catastrophic events impacting insurance costs, availability of insurance coverage for various risks to Nobility, market demographics, management's ability to attract and retain executive officers and key personnel, increased global tensions, market disruptions resulting from terrorist or other attack and any armed conflict involving the United States and the impact of inflation.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures. The Company's Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15e and 15d-15e under the Securities Exchange Act of 1934, as amended) (the Exchange Act) as of the end of the period covered by this report (the Evaluation Date).

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of our annual or interim consolidated financial statements will not be prevented or detected on a timely basis. In our assessment of the effectiveness of internal control over financial reporting as of August 2, 2014, our management concluded that our internal control over financial reporting was not effective as a result of a material weakness related to the period-end financial reporting process. Specifically, controls were not effective to ensure that intercompany sales were properly eliminated. This material weakness resulted in an error in the elimination of intercompany sales between Nobility and Prestige Homes as originally reported in our Form 10-Q for the period ended May 3, 2014.

Remediation and Changes in Internal Controls

We have developed and are implementing remediation plans to address the material weakness discussed above and to improve our internal control over the period-end financial reporting process. Specifically, our remediation plan requires the elimination of intercompany sales to be verified by our outside accounting consultant.

Our management believes that the measure described above should remediate the material weakness identified and strengthen our internal control over the period-end financial reporting process. Our management is committed to improving our internal control processes. As we continue to evaluate and improve our internal control over the period-end financial reporting process, additional measures to address the material weakness or modifications to the remediation procedure described above may be identified.

This report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report is not subject to attestation by our independent public accountants in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Changes in Internal Control over Financial Reporting. Except as set forth above, we made no changes in our internal control over financial reporting (as defined in Rules 13a-15(f)) and 15d-15(f) under the Exchange Act) identified in connection with the evaluation of our internal controls that occurred during our last fiscal quarter that has materially affected, or which is reasonably likely to materially affect, our internal controls over financial reporting.
