INFORMATION CONTAINED IN THIS FORM 6-K REPORT

Attached as Exhibit 99.1 to this Report on Form 6-K is Management's Discussion and Analysis of Financial Condition and Results of Operations and the unaudited interim consolidated financial statements, and the accompanying notes thereto, of Scorpio Bulkiers Inc. for the nine-month period ended September 30, 2014.

CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

Matters discussed in this report may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

We desire to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and are including this cautionary statement in connection with this safe harbor legislation. This document and any other written or oral statements made by us or on our behalf may include forward-looking statements which reflect our current views with respect to future events and financial performance. The words believe, anticipate, intend, estimate, forecast, project, plan, potential, may, should, expect and similar expressions identify forward-looking statements.

The forward-looking statements in this document are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections.

In addition to important factors and matters discussed elsewhere in this report, important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include:

the strength of world economies;

fluctuations in interest rates;

general drybulk market conditions, including fluctuations in charter hire rates and vessel values;

changes in demand in the drybulk shipping industry, including the market for our vessels;

changes in our operating expenses, including bunker prices, dry docking and insurance costs;

changes in governmental rules and regulations or actions taken by regulatory authorities;

potential liability from pending or future litigation;

general domestic and international political conditions;

potential disruption of shipping routes due to accidents or political events;

the availability of financing and refinancing;

vessel breakdowns and instances of off-hire; and

other important factors described from time to time in the reports we file with the Securities and Exchange Commission (the Commission) and the New York Stock Exchange.

We caution readers of this report and other reports we file with the Commission not to place undue reliance on these forward-looking statements, which speak only as of their dates. We undertake no obligation, and specifically decline any obligation, except as required by law, to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this report might not occur.

These factors and the other risk factors described in this report are not necessarily all of the important factors that could cause actual results or developments to differ materially from those expressed in any of our forward-looking statements. Other unknown or

unpredictable factors also could harm our results. Consequently, there can be no assurance that actual results or developments anticipated by us will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, us. These forward looking statements are not guarantees of our future performance, and actual results and future developments may vary materially from those projected in the forward looking statements. Given these uncertainties, prospective investors are cautioned not to place undue reliance on such forward-looking statements.
