Target Property Acquisition

As previously disclosed, on December 6, 2014, the Company entered into an asset purchase agreement (the Purchase Agreement), by and among the Company, the Operating Partnership and certain affiliates of The Blackstone Group L.P. (collectively, the Seller Parties), pursuant to which the Operating Partnership and/or other subsidiaries of the Company will acquire a portfolio of 26 high-quality office assets totaling approximately 8.2 million square feet and two development parcels in the San Francisco Peninsula and Silicon Valley (the Target Properties) from the Seller Parties in exchange for a combination of cash and equity consideration. Pursuant to the terms of the Purchase Agreement, in consideration for the purchase and sale of the Target Properties, the Operating Partnership will deliver to the Seller Parties a cash payment of \$1.75 billion and equity consideration consisting of an aggregate amount of up to 63,474,791 shares of common stock of the Company and common units of limited partnership interest in the Operating Partnership, subject in each case to certain adjustments. The Target Properties are referred to collectively herein as the Target Portfolio.

The acquisition of the Target Portfolio is subject to customary closing requirements and conditions. There can be no assurance that the acquisition will close, or if it does, when the closing will occur.

Information about the Target Properties

The Target Properties represent a portfolio of 26 high-quality office assets totaling approximately 8.2 million square feet and two development parcels totaling approximately 40 acres located in the San Francisco Peninsula and Silicon Valley areas. As of December 31, 2014, the Target Properties were approximately 85.9% leased (giving effect to leases signed but not commenced as of that date) and 82.2% occupied.

Comparison of the year ended December 31, 2014 to the year ended December 31, 2013

Revenue

Rental Revenue. Rental revenue includes rents from the office properties in the Target Portfolio and percentage rent on retail space contained within those properties. Total rental revenue decreased \$3.0 million, or 1.3%, to \$227.4 million for the twelve months ended December 31, 2014 compared to \$230.4 million for the twelve months ended December 31, 2013. The decrease in rental revenue was the result of a decrease in average occupancy of 320 basis points to 82.9% for the twelve months ended December 31, 2014 as compared to 86.1% for the twelve months ended December 31, 2013. Average in-place rents increased \$0.61 per square foot or 2.5%.

Tenant Reimbursements. Tenant reimbursements increased \$3.4 million, or 9.9%, to \$37.9 million for the twelve months ended December 31, 2014 compared to \$34.5 million for the twelve months ended December 31, 2013. The increase in tenant reimbursements was primarily the result of an increase in operating expenses across the Target Portfolio.

Other Property Income. Other property income includes lease termination fees, parking revenues, and other ancillary property income. Other property income increased \$8.0 million, or 142.9%, to \$13.6 million for the twelve months ended December 31, 2014 compared to \$5.6 million for the twelve months ended December 31, 2013. The increase in other property income is primarily the result of an increase in lease termination fees of \$10.4 million, or 577.8%, to \$12.2 million for the twelve months ended December 31, 2014 compared to \$1.8 million for the twelve months ended December 31, 2013. During the twelve months ended December 31, 2014, a \$9.5 million lease termination fee was received from a tenant at the Patrick Henry Drive property.

The increase in lease termination fees is partially offset by a decrease in other ancillary property revenues of \$2.4 million, or 64.9%, to \$1.3 million for the twelve months ended December 31, 2014 compared to \$3.7 million for the twelve months ended December 31, 2013. During the twelve months ended December 31, 2013, a \$2.4 million restoration fee to refurbish a tenant space to the agreed-upon terms per the lease was received from a tenant vacating the Metro Center Tower property.

Certain Expenses

Property Operating Expenses. Total property operating expenses consist of property operating expenses, repairs and maintenance, and insurance. Property operating expenses increased \$4.8 million, or 7.2%, to \$71.2 million for the twelve months ended December 31, 2014 compared to \$66.4 million for the twelve months ended December 31, 2013. The increase in property operating expenses is primarily the result of an increase in repairs and maintenance expense for the twelve months ended December 31, 2014 as compared to the twelve months ended December 31, 2013.

Real Estate Taxes. Real estate taxes increased \$1.1 million, or 4.4%, to \$25.9 million for the twelve months ended December 31, 2014 compared to \$24.8 million for the twelve months ended December 31, 2013.

Ground Rent. Ground rent decreased \$0.5 million or 3.2%, to \$15.0 million for the twelve months ended December 31, 2014 compared to \$15.5 million for the twelve months ended December 31, 2013. The decrease in ground rent expense is primarily the result of a decrease in ground rent expense at the Foothill Research property. Ground rent at the Foothill Research property, a component of which is based on a percentage of rental revenues earned at the property, decreased \$1.2 million, or 46.2%, for the twelve months ended December 31, 2014 as compared to the twelve months ended December 31, 2013. The decrease in ground rent at Foothill Research was the result of decreased rental revenues at the property due to the early termination in August 2013 of a tenant occupying 115,000 square feet of the building.

Comparison of the year ended December 31, 2013 to the year ended December 31, 2012

Revenue

Rental Revenue. Rental revenue includes rents from the office properties in the Target Portfolio and percentage rent on retail space contained within those properties. Total rental revenue increased \$18.3 million, or 8.6%, to \$230.4 million for the twelve months ended December 31, 2013 compared to \$212.1 million for the twelve months ended December 31, 2012. The increase in rental revenue was the result of an increase in average occupancy of 260 basis points to 86.1% for the twelve months ended December 31, 2013 as compared to 83.5% for the twelve months ended December 31, 2012. Average in-place rents increased \$1.64 per square foot or 5%.

Tenant Reimbursements. Tenant reimbursements increased \$4.8 million, or 16.2%, to \$34.5 million for the twelve months ended December 31, 2013 compared to \$29.7 million for the twelve months ended December 31, 2012. The increase in tenant reimbursements was primarily the result of an increase in operating expenses and an increase in average occupancy across the Target Portfolio.

Other Property Income. Other property income includes lease termination fees, parking revenues, and other ancillary property income. Other property income increased \$2.8 million, or 100%, to \$5.6 million for the twelve months ended December 31, 2013 compared to \$2.8 million for the twelve months ended December 31, 2012. The increase in other property income is primarily the result of an increase in lease termination fees and other ancillary property revenues. Lease termination fees increased \$1.6 million, or 800.0%, to \$1.8 million for the twelve months ended December 31, 2013 compared to \$0.2 million for the twelve months ended December 31, 2012. During the twelve months ended December 31, 2013, a \$1.7 million lease termination fee was received from a tenant at the Foothill Research property.

Other ancillary property revenues increased \$1.2 million, or 48.0%, to \$3.7 million for the twelve months ended December 31, 2013 compared to \$2.5 million for the twelve months ended December 31, 2012. During the twelve months ended December 31, 2013 a \$2.4 million restoration fee to refurbish a tenant space to the agreed-upon terms per the lease was received from a tenant vacating the Metro Center Tower property.

Certain Expenses

Property Operating Expenses. Total property operating expenses consist of property operating expenses, repairs and maintenance and insurance. Property operating expenses remained relatively flat for the twelve months ended December 31, 2013 compared to the twelve months ended December 31, 2012.

Real Estate Taxes. Real estate taxes increased \$1.7 million, or 7.4%, to \$24.8 million for the twelve months ended December 31, 2013 compared to \$23.1 million for the twelve months ended December 31, 2012. The increase in real estate taxes is primarily due to an increase in the assessed values of the properties across the Target Portfolio. Subsequent to the market downturn in 2008, reductions in the assessed value of the properties (Prop 8 reductions) were obtained for the majority of the Target Portfolio. By tax year 2013, the market had recovered and the majority of the assessed property valuations reverted back to the assessed values that had been in place prior to the market downturn.

Ground Rent. Ground rent increased \$2.0 million, or 14.8%, to \$15.5 million for the twelve months ended December 31, 2013 compared to \$13.5 million for the twelve months ended December 31, 2012. The increase in ground rent expense is primarily the result of an increase in ground rent expense at the Foothill Research property of \$1.2 million, or 85.7%, to \$2.6 million for the twelve months ended December 31, 2013 compared to \$1.4 million for the twelve months ended December 31, 2012. Supplemental annual ground rent payments at the Foothill Research property commenced in July 2012. The supplemental annual ground rent payments are based on a percentage of rental revenues earned at the property. Prior to July 2012, ground rent payments at Foothill Research were based on a fixed amount.

Comparison of the year ended December 31, 2012 to the year ended December 31, 2011

Revenue

Rental Revenue. Rental revenue includes rents from the office properties in the Target Portfolio and percentage rent on retail space contained within those properties. Total rental revenue decreased \$10.3 million, or 4.6%, to \$212.1 million for the twelve months ended December 31, 2012 compared to \$222.4 million for the twelve months ended December 31, 2011. The decrease in rental revenue was the result of a decrease in the average in-place rent of the Target Portfolio of \$2.31 per square foot or 7%. The decrease in the in-place rental rate was driven by the December 31, 2011 lease expiration of a tenant that occupied 100% of the 3400 Hillview property. In-place rental rates for this tenant were significantly higher than the average in-place rental rates for the Target Portfolio. This decrease was partially offset by an increase in average occupancy of 200 basis points to 83.5% for the twelve months ended December 31, 2012 as compared to 81.5% for the twelve months ended December 31, 2011.

Tenant Reimbursements. Tenant reimbursements remained relatively flat for the twelve months ended December 31, 2012 as compared to the twelve months ended December 31, 2011.

Other Property Income. Other property income includes lease termination fees, parking revenues, and other ancillary property income. Other property income decreased \$0.8 million, or 22.2%, to \$2.8 million for the twelve months ended December 31, 2012 compared to \$3.6 million for the twelve months ended December 31, 2011. The decrease in other property income is primarily the result of a decrease in other ancillary property revenues of \$0.9 million, or 26.5%, to \$2.5 million for the twelve months ended December 31, 2012 compared to \$3.4 million for the twelve months ended December 31, 2011. During the twelve months ended December 31, 2011, a \$1.1 million restoration fee was received from a tenant at the Concourse property and a \$0.8 million restoration fee was received from a tenant at the 3400 Hillview property.

Certain Expenses

Property Operating Expenses. Total property operating expenses consist of property operating expenses, repairs and maintenance, and insurance. Property operating expenses increased \$3.0 million, or 4.8%, to \$65.8 million for the twelve months ended December 31, 2012 compared to \$62.8 million for the twelve months ended December 31, 2011. The increase in property operating expense is primarily the result of an increase in repairs and maintenance expense for the twelve months ended December 31, 2012 as compared to the twelve months ended December 31, 2011.

Real Estate Taxes. Real estate taxes increased \$0.6 million, or 2.7%, to \$23.1 million for the twelve months ended December 31, 2012 compared to \$22.5 million for the twelve months ended December 31, 2011. The increase in real estate taxes is primarily due to an increase in the assessed values of the properties across the Target Portfolio. Subsequent to the market downturn in 2008, reductions in the assessed value of the properties (Prop 8 reductions) were obtained for the majority of the Target Portfolio. Beginning with tax year 2012, the assessed value of the properties began to increase as the market recovered.

Ground Rent. Ground rent increased \$1.4 million, or 11.6%, to \$13.5 million for the twelve months ended December 31, 2012

compared to \$12.1 million for the twelve months ended December 31, 2011. The increase in ground rent expense is primarily the result of an increase in ground rent expense at the Foothill Research property of \$0.9 million, or 180.0%, to \$1.4 million for the twelve months ended December 31, 2012 compared to \$0.5 million for the twelve months ended December 31, 2011. Supplemental annual ground rent payments at the Foothill Research property commenced in July 2012. The supplemental annual ground rent payments are based on a percentage of rental revenues earned at the property. Prior to July 2012, ground rent payments at Foothill Research were based on a fixed amount.

The Target Portfolio

The Target Portfolio consists of 26 office properties comprising an aggregate of approximately 8.2 million square feet. As of December 31, 2014, the properties were approximately 85.9% leased (giving effect to leases signed but not commenced as of that date). All the properties are located in Northern California. As of December 31, 2014, the weighted average remaining lease term for the properties was 38 months.

REDWOOD PORTFOLIO
NOTES TO COMBINED STATEMENT OF REVENUES AND CERTAIN EXPENSES**FOR THE YEAR ENDED DECEMBER 31, 2014****1. Organization**

On December 6, 2014, Hudson Pacific Properties, Inc. (the Company) entered into an agreement (the Agreement) to acquire 26 office properties and two vacant land parcels (collectively, the Portfolio) from indirect subsidiaries of EOP Operating Limited Partnership and Nantucket Parent LLC, which are in turn indirect subsidiaries of private equity funds sponsored by the Blackstone Group L.P. (Management) in exchange for a combination of \$1.75 billion in cash and up to 63,474,791 newly-issued shares of Hudson common stock and newly issued common units of limited partnership interest in the Operating partnership of Hudson.

The Portfolio is not a legal entity but rather a portfolio of office buildings and two vacant land parcels indirectly owned by private equity funds sponsored by The Blackstone Group L.P. The combined statement of revenues and certain expenses presented herein represent the combination of the office properties and vacant land parcels and related operations to be acquired pursuant to the Agreement.

The following table sets forth certain information related to the Portfolio as of December 31, 2014 (unaudited):

| Sub-Market | Number of Properties | Number of Buildings | Total Rentable Square Feet | Percent Occupied |
|---------------------------|-----------------------------|----------------------------|-----------------------------------|-------------------------|
| Peninsula / San Francisco | 18 | 55 | 4,742,910 | 77.8% |
| Silicon Valley | 8 | 22 | 3,461,435 | 88.2% |
| Total | 26 | 77 | 8,204,345 | 82.2% |

2. Basis of Presentation

The Combined Statement of Revenues and Certain Expenses (the Statement) has been prepared on the accrual basis of accounting. The Statement is combined herein because the properties are under common ownership and management. The Statement has been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (the SEC) and with the provisions of Rule 3-14 of Regulation S-X, which requires certain information with respect to real estate operations to be included within certain filings with the SEC. The Statement is not intended to be a complete presentation of the combined revenues and expenses for the Portfolio. The Statement excludes certain expenses such as depreciation and amortization, amortization of above-market and below-market leases, interest expense, non-recurring professional fees, corporate expenses and allocations such as management fees, and other revenues and expenses not directly related or comparable to, or expected to be incurred in, the future operations of the Portfolio.

In preparation of the accompanying Statement for the year ended December 31, 2014, the Portfolio has been evaluated for events and transactions occurring after such date through March 16, 2015 for recognition or disclosure purposes. Material transactions have been disclosed in the accompanying report.

3. Summary of Significant Accounting Policies

Revenue and Expense Recognition The Portfolio leases its office properties to tenants under agreements that are classified as operating leases. Certain leases provide for tenant occupancy during periods for which no rent is due or where minimum rent payments change during the lease term. The Portfolio records rental revenue on a straight-line basis as it is earned during the lease term. Straight-line rental revenue increased rental revenues that are contractually due from tenants by \$1.1 million for the year ended December 31, 2014.

If a lease provides for tenant payment of building operating expenses, the Portfolio recognizes revenue associated with the recovery of those building operating expenses as those expenses are incurred. If a lease provides for rent based on the resolution of contingencies, such as achieving a level of sales by the tenant, the Portfolio recognizes revenue associated with rental contingencies when the contingency is resolved.

The Portfolio recognizes lease termination fees on a straight-line basis over the shortened remaining term of the lease. Lease termination fees are included in other property income on the accompanying Statement. For the year ended December 31, 2014, the Portfolio recognized lease termination fees of \$12.2 million.

Property operating expenses represent the direct expenses of operating the Portfolio and include repairs and maintenance, insurance, and other property expenses that are expected to continue in the ongoing operations of the Portfolio. Expenditures for repairs and maintenance are charged to operations as incurred.

Bad Debt Expense The Portfolio provides for potentially uncollectible accounts receivables based on analysis of the risk of loss on specific accounts. The Portfolio incurred bad debt expense, which is included in property operating expenses in the accompanying Statement, of \$82,000, for the year ended December 31, 2014.

Use of Estimates The preparation of the Statement in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Management to make estimates, judgments and assumptions that affect the reported amounts of revenues and certain expenses during the reporting periods presented. The estimates, judgments and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from those estimates under different assumptions and conditions.

4. Future Minimum Rents

Space in the Portfolio's rental properties is leased to tenants. The future minimum base rent to be received under non-cancelable tenant operating leases as of December 31, 2014, is summarized as follows (in thousands):

| | |
|--------------|---------------------|
| 2015 | \$ 238,153 |
| 2016 | 216,680 |
| 2017 | 171,171 |
| 2018 | 124,757 |
| 2019 | 101,195 |
| Thereafter | 174,752 |
| Total | \$ 1,026,708 |

The Portfolio is subject to the usual business risks associated with the collection of the above scheduled rents.

In addition to minimum rents, the leases typically provide for other rents, which reimburse the Portfolio for specific property operating expenses, insurance and real estate taxes. These rents are not included in the table above.

Leases can also provide for additional rent based on increases in the Consumer Price Index. Such amounts are not included in the table above.

5. Future Minimum Lease Payments

Certain properties are subject to ground leases. We record ground rent expense on a straight-line basis over the term of the lease. Some of these leases require rental payments or rental payment increases based upon the appraised value of the property at specified dates, increases in pricing indexes, or certain financial calculations based on the operations of the respective property. Any incremental changes in the rental payments as a result of these adjustments are not

Edgar Filing: Hudson Pacific Properties, Inc. - Form 8-K

included in the table below because the amount of the change is not determinable. Future minimum lease obligations under these noncancelable ground leases as of December 31, 2014, are as follows (in thousands):

| | |
|------------|------------|
| 2015 | \$ 9,616 |
| 2016 | 9,616 |
| 2017 | 9,785 |
| 2018 | 10,705 |
| 2019 | 10,755 |
| Thereafter | 334,766 |
| Total | \$ 385,243 |

6. Tenant Concentrations

No tenant comprised more than 10% of the Portfolio's rental revenue for the year ended December 31, 2014.

7. Related Party Transactions

The Portfolio utilizes Real State Insurance LLC (Real State), a wholly-owned subsidiary of the Portfolio's common parent, to provide insurance services to the Portfolio. Fees paid to Real State for the year ended December 31, 2014 were \$4.9 million and are included in property operating expense on the accompanying Statement.

Property management services for the office properties in the Portfolio are provided by Equity Office Management, L.L.C. (EOM), an indirect subsidiary of the Portfolio's common parent. Fees paid to EOM for the for the year ended December 31, 2014 were \$8.0 million. These costs are not included in the Statement as they are not expected to be paid to EOM after the acquisition of the Portfolio by the Company.

8. Commitments and Contingencies

Environmental As an owner of real estate, the Portfolio is subject to various environmental laws of federal, state and local governments. Compliance with existing environmental laws has not had a material impact on the Portfolio's combined financial condition and results of operations, and Management does not believe it will have such an impact in the future. However, Management cannot predict the impact of unforeseen environmental contingencies or new or changed laws or regulations on the properties within the Portfolio.

Litigation The Portfolio is presently not subject to material litigation nor, to Management's knowledge, is any material litigation threatened against the Portfolio, other than routine actions for alleged negligence and other claims and administrative proceedings arising in the ordinary course of business. Some of this litigation is expected to be covered by liability insurance or third party indemnifications. Management does not expect any of this litigation to have a material impact on the Statement.

b) Unaudited Pro Forma Financial Information.

During December 2014 and January 2015, the Company entered into various transactions, which have been included in the unaudited pro forma consolidated financial statements of the Company set forth below.

The Company hereby files the following unaudited pro forma consolidated balance sheet of the Company as of December 31, 2014 and the unaudited pro forma consolidated statements of operations of the Company for the year ended December 31, 2014.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS OF HUDSON

During December 2014 and January 2015, Hudson entered into the following transactions, which have been included in the accompanying unaudited pro forma consolidated financial statements as discussed more fully below.

First Financial Disposition

On December 29, 2014, the Operating Partnership and a wholly owned subsidiary of the Operating Partnership entered into a purchase and sale agreement with Douglas Emmett Management, LLC, pursuant to which Hudson agreed to sell its First Financial office property (First Financial) located in Encino, California for a purchase price of \$89.0 million (before certain credits, proration and closing costs). The sale closed on March 6, 2015. Hudson intends to use the proceeds from the sale in a like-kind exchange pursuant to Section 1031 of the Internal Revenue Code of 1986 (Section 1031 Exchange) to defer some or all of the taxable gains on the transaction for federal and state income tax purposes, including by applying the proceeds to Hudson's purchase of the Target Properties.

1455 Market Street Joint Venture

On January 7, 2015, the Operating Partnership transferred a 45% interest in Hudson 1455 Market, L.P., a wholly owned subsidiary and the sole common member of Hudson 1455 Market Street LLC, the owner of the 1455 Market Street office property located in San Francisco, California (the 1455 Market Street Joint Venture), to CPP Investment Board Real Estate Holdings Inc., a wholly owned subsidiary of the Canada Pension Plan Investment Board, for a purchase price of \$219.2 million (before certain credits, proration and closing costs). Hudson intends to use the proceeds from entering into the 1455 Market Street Joint Venture pursuant to a Section 1031 Exchange to defer some or all of the taxable gains resulting from the creation of the 1455 Market Street Joint Venture for federal and state income tax purposes, including by applying the proceeds to Hudson's purchase of the Target Properties.

Common Stock Offering

On January 20, 2015, Hudson completed an underwritten public offering (the Offering) of 12,650,000 shares of its common stock (including 1,650,000 shares of its common stock issued and sold pursuant to the exercise of the underwriters' option to purchase additional shares in full) at a public offering price of \$31.75 per share, resulting in net proceeds of approximately \$385.2 million, after deducting the underwriting discount and estimated expenses payable by Hudson. Hudson used a portion of the net proceeds from the Offering to repay the outstanding balance on its unsecured revolving credit facility.

Target Properties Acquisition

On December 6, 2014, Hudson, the Operating Partnership and the Seller Parties entered into the Purchase Agreement, under which the Operating Partnership and/or one or more Hudson subsidiaries will acquire the Target Properties from the Seller Parties.

Pursuant to the terms of the Purchase Agreement, in consideration for the purchase and sale of the Target Properties, (i) the Operating Partnership will deliver to the Seller Parties a cash payment equal to \$1.75 billion and (ii) the Operating Partnership will deliver to the Seller Parties the Equity Consideration consisting of an aggregate amount of up to 63,474,791 shares of Hudson common stock, par value \$.01 per share, or common stock, and common units of limited partnership interest in the Operating Partnership, or common units, subject in each case to adjustments as described therein. The number of shares of Hudson common stock to be delivered to the Seller Parties will be equal to 9.8% of the total issued and outstanding shares of Hudson common stock (excluding any restricted shares of Hudson common stock then issued and outstanding but, for purposes of such calculation, after giving effect to the issuance of the common stock and common units to the Seller Parties on the close of business two business days immediately prior to the date of the consummation of the transaction). The remainder of the equity consideration will consist of common units. As a result of changes in the market price for Hudson common stock prior to the consummation of the transaction, the total value of the equity consideration could change significantly, which could materially impact these unaudited pro forma consolidated financial statements.

Consummation of the transaction is subject to, among other things, approval by the holders of Hudson common stock of the issuance of the Equity Consideration. Such approval was obtained on March 5, 2015 and the transaction is expected to be completed during the first half of 2015.

On December 6, 2014, in connection with the execution of the Purchase Agreement, Hudson and the Operating Partnership entered into a bridge commitment letter, pursuant to which the initial commitment parties agreed to provide a \$1.75 billion senior unsecured bridge loan facility. The unaudited pro forma consolidated financial statements assume an approximately \$1.3 billion draw on the senior unsecured bridge loan facility to finance the cash component of the consideration and related financing costs.

The unaudited consolidated pro forma financial statements have been adjusted to give effect to the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing and have been developed from and should be read in conjunction with the following:

the accompanying notes;

the historical audited combined statements of revenues and certain expenses and related notes of the Target Properties for the year ended December 31, 2014, included in this Current Report on Form 8-K; and

the historical audited consolidated financial statements and related notes of Hudson included in its Annual Report on Form 10-K for the year ended December 31, 2014.

The unaudited pro forma consolidated balance sheet of Hudson as of December 31, 2014 and unaudited pro forma consolidated statements of operations of Hudson for the year ended December 31, 2014 have been prepared as if the disposition of First Financial, the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing had occurred on December 31, 2014 for the pro forma consolidated balance sheet and as if the disposition of First Financial, the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing had occurred on January 1, 2014 for the pro forma consolidated statements of operations for the year ended December 31, 2014.

The preliminary purchase price allocation and related pro forma adjustments with respect to the acquisition of the Target Properties reflected in the unaudited pro forma consolidated financial statements are based on preliminary estimates and information that is currently available. The value of the total consideration paid in connection with the acquisition of the Target Properties and the assignment of fair values to the assets acquired and liabilities assumed has not been finalized and is subject to change. The value of the Equity Consideration to be delivered will be determined based on the closing price of Hudson's common stock on the closing date of the transaction, and a final determination of the fair value of the assets acquired and liabilities assumed will be based on the actual net tangible and intangible assets and liabilities of the Target Properties that exist as of that date. Any increases or decreases in the fair value of relevant balance sheet amounts upon completion of the final valuations will result in adjustments to the pro forma consolidated balance sheet and/or pro forma consolidated statements of operations. The final purchase price allocation may be materially different than the preliminary purchase price allocation reflected in these unaudited pro forma consolidated financial statements.

In addition, certain of the Target Properties may be reassessed for property tax purposes after the consummation of the acquisition. Therefore, the amount of property taxes Hudson pays in the future may change from what the Seller Parties have paid in the past. Given the uncertainty of the amounts involved, any property tax changes have not been reflected in the unaudited pro forma consolidated financial statements.

Assumptions and estimates underlying the adjustments to the unaudited pro forma consolidated financial statements are described in the accompanying notes. These adjustments are based on available information and assumptions that Hudson's management considers reasonable. The pro forma consolidated financial statements do not purport to (1) represent Hudson's financial position that would have actually occurred had the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing occurred on December 31, 2014, (2) represent the results of Hudson's operations that would have actually occurred had the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing occurred on January 1, 2014 or (3) project Hudson's financial position or results of operations as of any future date or for any future period, as applicable.

- (A) Represents the historical consolidated balance sheet of Hudson as of December 31, 2014.
- (B) Reflects the disposition of First Financial.
- (C) Reflects the 1455 Market Street Joint Venture.
- (D) Reflects the sale by Hudson of 12,650,000 shares of its common stock in the Offering at a public offering price of \$31.75 per share, resulting in net proceeds of approximately \$385.2 million, after deducting the underwriting discount and estimated expenses payable by Hudson, and the use of \$130 million of the net proceeds to repay the outstanding balance on Hudson's unsecured revolving credit facility.

| Less underwriting discounts and offering expenses payable by Hudson | 16.4 million |
| Available proceeds before repayment of unsecured revolving credit facility | \$ 385.2 million |

| Deferred finance costs, net ⁽⁵⁾ | 15,250 |
| Closing costs ⁽⁵⁾ | 21,615 |
| Total consideration paid | \$ 3,733,637 |

- (1) Assumes the use of a portion of Hudson's cash balance as of December 31, 2014 and cash proceeds from the 1455 Market Street Joint Venture, First Financial disposition and the Offering. The proceeds from the formation of the 1455 Market Street Joint Venture and the First Financial disposition are anticipated to be used in Section 1031 Exchanges.
- (2) Reflects the issuance of 8,600,117 shares of Hudson's common stock at an assumed price of \$30.67 per share, the last reported sales price of Hudson's common stock on the New York Stock Exchange on March 10, 2015. The actual number of shares issued will represent 9.8% of the total issued and outstanding shares of Hudson common stock (excluding any restricted shares of Hudson common stock then issued and outstanding but, for purposes of such calculation, after giving effect to Hudson's issuance of the Equity Consideration) on the close of business two business days immediately prior to the date of the consummation of the transaction. For purposes of the calculation of the shares to be issued at closing in these unaudited consolidated pro forma financial statements, Hudson has used 79,156,179 shares of common stock, which reflects the total issued and outstanding shares of Hudson common stock (other than 540,778 shares of restricted stock) on March 10, 2015 before giving effect to Hudson's issuance of the Equity Consideration. The purchase price will be adjusted based on the closing share price of Hudson's common stock on the closing date of the acquisition consistent with the requirements of Financial Accounting Standards Board Accounting Standards Codification 805 (ASC 805), *Business Combinations*. A 5% increase (decrease) in the closing share price of Hudson's common stock would increase (decrease) the total consideration paid by approximately \$97 million.
- (3) Reflects the issuance of 54,847,674 common units at an assumed issuance price of \$30.67 per common unit based on the assumed price per share of Hudson's common stock of \$30.67 per share, the last reported sales price of Hudson's common stock on the New York Stock Exchange on March 10, 2015. The purchase price will be adjusted based on the closing share price of Hudson's common stock on the closing date of the acquisition of the Target Properties consistent with the requirements of ASC 805. The actual number of common units issued will be in an amount equal to 63,474,791, less the number of shares of Hudson's common stock issued in connection with the acquisition of the Target Properties, as described above, subject to reduction as described in the Purchase Agreement. A 5% increase (decrease) in the closing share price of Hudson's common stock would increase (decrease) the total consideration paid by approximately \$97 million.
- (4) Assumes an approximately \$1.3 billion draw on the senior unsecured bridge loan facility. The senior unsecured bridge loan facility bears interest at a rate equal to one-month LIBOR plus 145 basis points.
- (5) Hudson expects that the total transaction costs would be approximately \$41.5 million, including loan costs. As Hudson has not yet entered into contracts with all third-parties to provide the services included within this estimate, only currently obligated amounts appear in the accompanying pro forma consolidated balance sheet.

2. Adjustments to the Unaudited Pro Forma Consolidated Statements of Operations

(AA) Reflects the historical consolidated statement of operations of Hudson for the year ended December 31, 2014.

(BB) Reflects the disposition of First Financial for the year ended December 31, 2014 as if First Financial was disposed of on January 1, 2014.

(CC) Reflects the formation of the 1455 Market Street Joint Venture for the year ended December 31, 2014 as if the 1455 Market Street Joint Venture were entered into on January 1, 2014.

(DD) Pro forma before the acquisition of the Target Properties and related financing loss per share from continuing operations attributable to common stockholders basic and diluted is calculated by dividing pro forma consolidated net loss before the acquisition of the Target Properties and related financing allocable to common stockholders by the number of weighted average shares of common stock outstanding for the year ended December 31, 2014. The pro forma loss per share assumes the additional common stock issued in connection with the Offering (see Note D) had been outstanding for the entire year ended December 31, 2014.

(EE) Reflects the acquisition of the Target Properties for year ended December 31, 2014 as if the Target Properties were acquired on January 1, 2014. The table below presents the combined revenues and certain expenses of the Target Properties for the year ended December 31, 2014, as adjusted to reflect the pro forma impact of the acquisition of the Target Properties (in thousands).

| | Year Ended | | |
|---|--------------------------|------------------------|-----------------|
| | December 31, 2014 | Adjustments | Total |
| Revenues | | | |
| Rental | \$ 227.4 | \$ 26.0 ⁽¹⁾ | \$ 266.9 |
| | | 13.5 ⁽²⁾ | |
| Tenant reimbursements | 37.9 | | 37.9 |
| Other property income | 13.6 | | 13.6 |
| Total revenues | 278.9 | 39.5 | 318.4 |
| Certain Expenses | | | |
| Property operating | 71.2 | | 71.2 |
| Real estate taxes | 25.9 | | 25.9 |
| Ground rent | 15.0 | (0.4) ⁽³⁾ | 14.6 |
| Total certain expenses | 112.1 | (0.4) | 111.7 |
| Revenues in Excess of Certain Expenses | \$ 166.8 | \$ 39.9 | \$ 206.7 |

⁽¹⁾ Reflects the net impact of straight-line rents.

- (2) Reflects the amortization of the net amount of above- and below-market lease intangibles based on the preliminary purchase price allocation described in Note E.
- (3) Reflects the amortization of the net amount of above- and below-market ground lease intangibles based on the preliminary purchase price allocation described in Note E.

The pro forma adjustments further reflect the depreciation and amortization of the Target Properties investment in real estate, net and deferred leasing costs and lease intangibles, net of \$176.0 million for the year ended December 31, 2014 based on the purchase price allocation described in Note E.

(FF) Reflects the impact on interest expense for the year ended December 31, 2014, assuming approximately \$1.3 billion has been drawn on the senior unsecured bridge loan facility for the entire year. Because the unsecured senior bridge loan facility has a term of 364 days, the associated finance costs have been fully expensed and reflected as part of interest expense for the year ended December 31, 2014. A 12.5 basis points, or 1/8th of 1.0%, increase (decrease) in the one-month LIBOR would increase (decrease) interest expense for the year by approximately \$1.6 million.

(GG) Hudson expects to incur additional general and administrative costs as a result of acquiring the Target Properties that will include, but are not limited to, incremental salaries and benefits, audit, tax and legal fees and other administrative costs. Hudson estimates that these costs will result in additional general and administrative expenses of approximately \$10 million per year. As Hudson has not yet entered into contracts with third-parties to provide the services included within this estimate, these expenses do not appear in the accompanying pro forma consolidated statements of operations.

(HH) Reflects the incremental impact on the pro forma consolidated results of operations for the year ended December 31, 2014 to allocate (income) loss to unitholders in the Operating Partnership as a result of the pro forma adjustments described in Notes BB, CC, EE and FF above. The allocation of income also assumes the additional common units issued in connection with the acquisition of the Target Properties (see Note E) had been outstanding for the entire period presented.

(II) Pro forma loss per share from continuing operations attributable to common stockholders basic and diluted is calculated by dividing pro forma consolidated net loss allocable to common stockholders by the number of weighted average shares of common stock outstanding for the year ended December 31, 2014. The pro forma loss per share assumes the additional common stock issued in connection with the Offering (see Note D) and the acquisition of the Target Properties (see Note E) had been outstanding for the entire year ended December 31, 2014.
