### Item 1.01 Entry into a Material Definitive Agreement

On May 26, 2016, Eastman Chemical Company (the Company) issued and sold 550 million (or \$621 million based on the euro/U.S. dollar exchange rate as of May 13, 2016 as published by the U.S. Federal Reserve Board) principal amount of 1.50% notes due 2023 (the Notes), pursuant to the Underwriting Agreement (as defined below) and the Company's Registration Statement on Form S-3 (Registration No. 333-204119) filed with, and declared effective by, the Securities and Exchange Commission (the SEC) on May 13, 2015 (the Registration Statement), and the issuer free writing prospectus and prospectus supplement, filed with the SEC on May 19, 2016 and May 20, 2016, respectively. The Notes were issued under an indenture, dated as of June 5, 2012 (the Indenture), by and between the Company and Wells Fargo Bank, National Association, as trustee (the Trustee).

The Notes are unsecured, unsubordinated general obligations of the Company. Interest is payable annually on May 26 of each year, beginning on May 26, 2017, to the persons in whose names the Notes are registered in the security register at the close of business on the May 11 preceding the relevant interest payment date, except that interest payable at maturity shall be paid to the same persons to whom principal of the Notes is payable.

The Company may redeem the Notes, in whole or in part, at any time prior to February 26, 2023 (three months prior to the maturity date), at a redemption price equal to the greater of (1) 100% of the principal amount of the Notes being redeemed or (2) the sum of the present value of the Remaining Scheduled Payments (as defined in the Notes) of principal and interest on the Notes being redeemed (not including any portion of such payments of interest accrued as of the date of redemption) discounted to the date of redemption on an annual basis at the applicable Comparable Government Bond Rate (as defined in the Notes) plus 30 basis points; plus, in each case, accrued and unpaid interest to the redemption date.

The Notes are redeemable on or after February 26, 2023 (three months prior to the maturity date) at a redemption price equal to 100% of the principal amount of the Notes being redeemed, plus accrued and unpaid interest to the redemption date.

If, as a result of a change in, or amendment to, the laws of the United States or any taxing authority in the United States, the Company becomes or will become obligated to pay additional amounts with respect to the Notes, then the Company may at any time redeem, in whole, but not in part, the Notes at a redemption price equal to 100% of the principal amount of the Notes, plus accrued and unpaid interest to the redemption date.

The Indenture contains covenants that, among other things, restrict the ability of the Company to incur certain secured indebtedness, enter into sale and leaseback transactions and consolidate, merge or transfer all or substantially all of its assets and the assets of its subsidiaries on a consolidated basis. These covenants are subject to a number of important exceptions and qualifications. In addition, upon the occurrence of a Change of Control Triggering Event (as defined in the Indenture), the holders of the Notes will have the right to cause the Company to repurchase all or a portion of the Notes at a price equal to 101% of their principal amount plus accrued and unpaid interest to, but excluding, the date of repurchase.

The Indenture also contains customary provisions for events of default including for failure to pay principal or interest when due, failure to perform covenants in the Indenture and failure to cure or obtain a waiver of such default upon notice, and certain events of bankruptcy, insolvency or reorganization. Subject to certain exceptions and conditions as set forth in the Indenture, in the case of an event of default, the principal amount of the Notes plus accrued and unpaid interest may be accelerated.

The Company intends to apply to list the Notes on the New York Stock Exchange (the NYSE). The Company expects trading in the Notes on the NYSE to begin within 30 days after May 26, 2016.
