## **Table of Contents**

### **Information about Performance and Shareholder Expense Examples** (unaudited)

#### **Performance**

The performance tables on the following pages are provided for comparative purposes and represent the period noted. Each Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the midpoint of the bid and ask price for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Fund shares are bought and sold at market price (not NAV) and are not individually redeemed from a Fund. Fund NAV returns are calculated using a Fund's daily 4:00 p.m. eastern time NAV. Market price returns reflect the midpoint of the bid and ask price as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.**

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and an index is not available for direct investment. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or taxes that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. For the most recent month-end performance information visit [www.wisdomtree.com](http://www.wisdomtree.com).

#### **Shareholder Expense Examples**

Each Fund's performance table is accompanied by a shareholder expense example. As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The examples are intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The examples are based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2018 to September 30, 2018. Except where noted, expenses are calculated using each Fund's annualized expense ratio (after the effect of contractual or voluntary fee waivers, if any), multiplied by the average account value for the period, multiplied by 183/365 (to reflect the one-half year period). The annualized expense ratio does not include acquired fund fees and expenses (AFFEs), which are fees and expenses incurred indirectly by a Fund through its investments in certain underlying investment companies.

#### **Actual expenses**

The first line in the shareholder expense example table shown on the following pages provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During the Period" to estimate the expenses you paid on your account during the period.

#### **Hypothetical example for comparison purposes**

The second line in the shareholder expense example table shown on the following pages provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

<sup>1</sup> Based on average shares outstanding.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).
- <sup>3</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>4</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.
- <sup>5</sup> Annualized.
- <sup>6</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.38% and 0.28%, for WisdomTree U.S. Dividend ex-Financials Fund and WisdomTree U.S. Earnings 500 Fund, respectively.
- <sup>7</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation.
- <sup>8</sup> Per share amounts were adjusted to reflect a 3:1 stock split effective November 10, 2017.

*See Notes to Financial Statements.*

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>1</sup> Per share amounts were adjusted to reflect a 3:1 stock split effective February 6, 2017.
- <sup>2</sup> Based on average shares outstanding.
- <sup>3</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized.
- <sup>4</sup> Includes a reimbursement from the sub-advisor for an operational error. Excluding the reimbursement, total return would have been unchanged.
- <sup>5</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>6</sup> Annualized.
- <sup>7</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.
- <sup>8</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.38%.
- <sup>9</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation.
- <sup>10</sup> Amount represents less than \$0.005.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).

- <sup>3</sup> Includes a reimbursement from the sub-advisor for an operational error. Excluding the reimbursement, total return would have been unchanged.
- <sup>4</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>5</sup> Annualized.
- <sup>6</sup> The expense ratio includes investment advisory fee waivers. Without these investment advisory fee waivers, the expense ratio would have been unchanged.
- <sup>7</sup> Included in the expense ratio are legal expenses. Without these legal expenses, the annualized expense ratio would have been unchanged.
- <sup>8</sup> Included in the expense ratio are proxy and legal expenses. Without these proxy and legal expenses, the expense ratio would have been 0.28%.
- <sup>9</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from the portfolio turnover calculation.
- <sup>10</sup> Per share amounts were adjusted to reflect a 3:1 stock split effective November 10, 2017.
- <sup>11</sup> Included in the expense ratio are proxy expenses. Without these proxy expenses, the expense ratio would have been 0.28%.

**Table of Contents****Notes to Financial Statements** (unaudited)**1. ORGANIZATION**

WisdomTree Trust (the Trust) is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as an open-end management investment company. The Trust was established as a Delaware statutory trust on December 15, 2005. As of September 30, 2018, the Trust consisted of 83 operational investment funds (each a Fund, collectively, the Funds). In accordance with Accounting Standards Update (ASU) 2013-08, Financial Services-Investment Companies, each Fund listed below qualifies as an investment company and is applying the accounting and reporting guidance for investment companies. These notes relate only to the Funds listed in the table below:

<b>Fund</b>	<b>Commencement of Operations</b>
WisdomTree U.S. Dividend ex-Financials Fund ( U.S. Dividend ex-Financials Fund )	June 16, 2006
WisdomTree U.S. Earnings 500 Fund ( U.S. Earnings 500 Fund )	February 23, 2007
WisdomTree U.S. High Dividend Fund ( U.S. High Dividend Fund )	June 16, 2006
WisdomTree U.S. LargeCap Dividend Fund ( U.S. LargeCap Dividend Fund )	June 16, 2006
WisdomTree U.S. MidCap Dividend Fund ( U.S. MidCap Dividend Fund )	June 16, 2006
WisdomTree U.S. MidCap Earnings Fund ( U.S. MidCap Earnings Fund )	February 23, 2007
WisdomTree U.S. Multifactor Fund ( U.S. Multifactor Fund )	June 29, 2017
WisdomTree U.S. Quality Dividend Growth Fund ( U.S. Quality Dividend Growth Fund )	May 22, 2013
WisdomTree U.S. Quality Shareholder Yield Fund ( U.S. Quality Shareholder Yield Fund )	February 23, 2007
WisdomTree U.S. SmallCap Dividend Fund ( U.S. SmallCap Dividend Fund )	June 16, 2006
WisdomTree U.S. SmallCap Earnings Fund ( U.S. SmallCap Earnings Fund )	February 23, 2007
WisdomTree U.S. SmallCap Quality Dividend Growth Fund ( U.S. SmallCap Quality Dividend Growth Fund )	July 25, 2013
WisdomTree U.S. Total Dividend Fund ( U.S. Total Dividend Fund )	June 16, 2006
WisdomTree U.S. Total Earnings Fund ( U.S. Total Earnings Fund )	February 23, 2007

Each Fund, except the WisdomTree U.S. Quality Shareholder Yield Fund, seeks to track the price and yield performance, before fees and expenses, of a particular index ( Index ) developed by WisdomTree Investments, Inc. ( WisdomTree Investments ). The WisdomTree U.S. Quality Shareholder Yield Fund is actively managed using a rules-based model approach seeking income and capital appreciation. WisdomTree Investments is the parent company of WisdomTree Asset Management, Inc. ( WTAM ), the investment adviser to each Fund and the Trust.

WisdomTree is a registered trademark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and believes such exposure to be remote.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The Financial Accounting Standards Board ( FASB ) Accounting Standards Codification (the Codification) is the exclusive reference of authoritative U.S. generally accepted accounting principles ( GAAP ) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission ( SEC ) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

The following is a summary of significant accounting policies followed by the Funds:

**Use of Estimates** The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

**Investment Valuation** The net asset value ( NAV ) of each Fund 's shares is calculated each day a Fund is open for business as of the regularly scheduled close of regular trading on the New York Stock Exchange, normally 4:00 p.m. Eastern time (the NAV Calculation Time ). NAV per share is calculated by dividing a Fund 's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions (e.g. broker-dealers) may purchase or redeem. Shares of each Fund are listed on a national securities exchange and trade at market prices. Most investors will buy and sell shares in the secondary market through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund 's NAV, investments are

WisdomTree Trust 125

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

valued under policies approved by the Board of Trustees of the Trust (the Board of Trustees). Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities (including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Fixed income securities (including short-term debt securities with remaining maturities of 60 days or less), if any, generally are valued at current market quotations or mean prices obtained from broker-dealers or independent pricing service providers. Broker-dealers or independent pricing service providers, in determining the value of securities, may consider such factors as recent transactions, indications from broker-dealers yields and quoted prices on similar securities, and market sentiment for the type of security. Each Fund may invest in money market funds which are valued at their NAV per share and exchange-traded funds (ETFs or ETF) or exchange-traded notes (ETNs or ETN) which are valued at their last sale or official closing price on the exchange on which they are principally traded or at their NAV per share in instances where the ETF or ETN has not traded on its principal exchange.

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund's investments will be fair valued in accordance with the Fund's pricing policy. The Board of Trustees has established a pricing committee (the Pricing Committee) which is comprised of senior representatives of WTAM and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events. An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund's next NAV Calculation Time that may materially affect the value of a Fund's investment (e.g., government action, natural disaster, or significant market fluctuation). When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

**Fair Value Measurement** In accordance with Codification Topic 820 (ASC 820), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk—for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves,

126 WisdomTree Trust

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or prices obtained from independent pricing service providers. Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of September 30, 2018 in valuing each Fund's assets:

\* Please refer to the Schedule of Investments for a breakdown of the valuation by industry type and/or country.

There were no Level 3 securities at or during the six months ended September 30, 2018.

During the six months ended September 30, 2018, there were no significant transfers into or out of Level 3 of the fair value hierarchy.

**Investment Transactions and Investment Income** Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income (net of foreign taxes withheld, if any) is recognized on the ex-dividend date or as soon as practicable after the existence of a dividend declaration has been determined. Non-cash dividend income is recognized at the fair value of securities received on the ex-dividend date or as soon as practicable after the existence of a dividend declaration has been determined. Interest income (including amortization of premiums and accretion of discounts), net of any foreign taxes withheld, is accrued daily. Generally, amortization of premiums and accretion of discounts are recognized daily using the interest method (also known as the scientific amortization method). Income earned from securities lending activities (i.e. Securities lending income), net of fees payable to the securities borrower and/or securities lending agent, is accrued daily.

**Expenses/Reimbursements** Under the investment advisory agreement for each Fund, except for Funds that commenced operations on or after March 26, 2013, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of trustees who are not interested persons of the Funds ( Independent Trustees ); (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer ( CCO ); (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM.

Under the investment advisory agreement for Funds that commenced operations on or after March 26, 2013, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's CCO; (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

Acquired fund fees and expenses ( AFFEs ) (which are fees and expenses incurred indirectly by a Fund through its investments in certain underlying investment companies) are not operating expenses of the Funds and are not paid by WTAM.

Pursuant to a separate contractual arrangement, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees. WTAM receives a fee, as shown on the Statements of Operations under *Service fees*, of up to 0.0044% per annum of each Fund's average daily net assets for providing such services and paying such expenses. WTAM provides CCO services to the Trust.

**Securities Lending** Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The values of the investments of cash collateral for securities on loan along with the obligations to return such collateral are included on the Statements of Assets and Liabilities. The total value of securities received as collateral for securities on

## Edgar Filing: WisdomTree Trust - Form N-CSRS

loan is included in a footnote following each Schedule of Investments, but is not included within the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

borrower plus reasonable administrative and custody fees, all of which are included in the securities lending income earned by the Funds and disclosed on the Statements of Operations. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. Dividends received while a security is out on loan are not considered Qualified Dividend Income ( QDI ) under the specific criteria issued by the Internal Revenue Service and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults. In the event of a borrower default with respect to the failure to return to each Fund some or all of the securities loaned, the securities lending agent shall indemnify each Fund against the failure of the borrower.

**Master Netting Arrangements** ASU No. 2011-11 Disclosures about Offsetting Assets and Liabilities ( ASU 2011-11 ) is generally intended to (i) help investors and other financial statement users to better assess the effect or potential effect of offsetting arrangements on a company's financial position, (ii) improve transparency in the reporting of how companies mitigate credit risk, and (iii) facilitate comparisons between those entities that prepare their financial statements on the basis of GAAP and those entities that prepare their financial statements on the basis of international financial reporting standards. ASU 2011-11 requires entities to disclose (i) gross and net information about both instruments and transactions eligible for offset in the financial statements, and (ii) instruments and transactions subject to an agreement similar to a master netting agreement. ASU 2011-11 is limited in scope to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement: (i) recognized derivative instruments accounted for under ASC 815 (Derivatives and Hedging); (ii) repurchase agreements and reverse repurchase agreements; and (iii) securities borrowing and securities lending transactions.

The Funds' security lending activities are governed by a Securities Lending Authorization Agreement ( Lending Agreement ) between the Funds and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a Borrower ). To mitigate borrower risk, a Fund typically receives from a Borrower collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower.

For financial reporting purposes, the Funds elect to not offset assets and liabilities subject to the Lending Agreement or similar arrangements in the Statements of Assets and Liabilities. Therefore, all qualifying transactions, if any at September 30, 2018, are presented on a gross basis in the Statements of Assets and Liabilities. As of September 30, 2018, certain of the Funds had securities on loan and the value of the related collateral received by each of those Funds exceeded the value of the securities loaned by each of those Funds. The value of the securities loaned by each Fund is located in the Statements of Assets and Liabilities in *Investments in securities, at value* and also in the footnotes below the Schedules of Investments. In addition, a breakout of the total amount of cash and non-cash securities lending collateral received is located in the footnotes below the Schedules of Investments.

**Short-Term Investments** Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its agencies, non-U.S. government agencies, negotiable certificates of deposit ( CDs ), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers' acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Tax Information and Dividends and Distributions to Shareholders** It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the Code ). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ( RIC ) under Subchapter M of the Code. In order to qualify for the special tax treatment accorded RICs and their shareholders, each Fund must, among other things, distribute with respect to each taxable year an amount equal to or greater than the sum of 90% of its investment company taxable income and 90% of its net tax-exempt interest income. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its

## Edgar Filing: WisdomTree Trust - Form N-CSRS

reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To

130 WisdomTree Trust

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital.

**3. ADVISORY FEES AND OTHER TRANSACTIONS WITH AFFILIATES**

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for BNY Mellon Asset Management North America Corporation ( BNY Mellon AMNA ) to provide sub-advisory services to the Funds. BNY Mellon AMNA is compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the investment advisory agreement for each Fund, WTAM agrees to pay all expenses of the Funds, except for certain expenses described in Note 2.

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee, accrued daily and paid monthly in arrears, of up to 0.0044% per annum of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

<b>Fund</b>	<b>Advisory Fee Rate</b>
U.S. Dividend ex-Financials Fund	0.38%
U.S. Earnings 500 Fund	0.28%
U.S. High Dividend Fund	0.38%
U.S. LargeCap Dividend Fund	0.28%
U.S. MidCap Dividend Fund	0.38%
U.S. MidCap Earnings Fund	0.38%
U.S. Multifactor Fund	0.28%
U.S. Quality Dividend Growth Fund	0.28%
U.S. Quality Shareholder Yield Fund	0.38%
U.S. SmallCap Dividend Fund	0.38%
U.S. SmallCap Earnings Fund	0.38%
U.S. SmallCap Quality Dividend Growth Fund	0.38%
U.S. Total Dividend Fund	0.28%
U.S. Total Earnings Fund	0.28%

Each Fund may purchase shares of affiliated ETFs in secondary market transactions to reduce cash balances. For these transactions, WTAM waives its advisory fees for each Fund's investment in affiliated funds. The waivers may be reduced to offset the incremental costs related to these investments (fund accounting, safekeeping, transaction fees, etc.) that are paid by WTAM out of its advisory fee. The dollar amount of advisory fees waived during the period for the Funds, if any, are shown in the Statements of Operations in Expense waivers .

Affiliated holdings are funds which are managed by, or an affiliate of, WTAM. Transactions with affiliated funds during the six months ended September 30, 2018 are as follows:

<b>Fund</b>	<b>Value at 3/31/2018</b>	<b>Purchases/ Additions</b>	<b>Sales/ Reductions</b>	<b>Realized Gain/(Loss)</b>	<b>Change in Unrealized Appreciation/</b>	<b>Value at 9/30/2018</b>	<b>Dividend Income</b>

U.S. Total Dividend Fund	78	7,491	276

**4. CAPITAL SHARE TRANSACTIONS**

As of September 30, 2018, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a portfolio of equity securities and an amount of cash. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

**5. INVESTMENT PORTFOLIO TRANSACTIONS**

Purchases and sales of investments (excluding purchases and sales resulting from in-kind capital share transactions and short-term investments) and the cost of purchases and the proceeds from sales resulting from in-kind capital share transactions (excluding short-term investments) for the six months ended September 30, 2018 are shown in the following table. Realized gains and losses on sales resulting from in-kind capital share redemptions, as shown on the Statements of Operations, are not recognized by the Funds for tax purposes.

Edgar Filing: WisdomTree Trust - Form N-CSRS

**7. RECENT ACCOUNTING PRONOUNCEMENTS**

On August 17, 2018, the SEC voted to adopt amendments to certain of its disclosure requirements that have become redundant, duplicative, overlapping, outdated, or superseded, in light of other SEC disclosure requirements, U.S. GAAP, or changes in the information environment. The SEC will also be referring certain SEC disclosure requirements that overlap with, but require information incremental to, U.S. GAAP to the FASB for potential incorporation into U.S. GAAP. The amendments are intended to facilitate the disclosure of information to investors and simplify compliance without significantly altering the total mix of information provided to investors. The amendments become effective 30 days after their publication in the Federal Register which, as of the date of this Semi-Annual Report, will be November 5, 2018. WTAM is currently evaluating the impact that these amendments will have on the Trust's financial statements and related disclosures.

On August 28, 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 includes removals, additions and modifications to the disclosure requirements for fair value measurements that are intended to improve the effectiveness of disclosures in the notes to financial statements. The amendments in ASU 2018-13 are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this ASU and delay adoption of the additional disclosures until their effective date. WTAM has evaluated ASU 2018-13 and determined that there is no significant impact on the Trust's financial statements. WTAM has early adopted the following ASU 2018-13 guidance in the Trust financial statements pertaining to the removal of (i) the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy and (ii) the policy for timing of transfers between levels.

**Table of Contents****Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited)***Consideration of the Renewal of Investment Advisory and Sub-Investment Advisory Agreements***

At a meeting of the Board of Trustees (the Board or the Trustees) of the WisdomTree Trust (the Trust) held on September 24-25, 2018 (the Meeting), the Trustees, including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the renewal of the Investment Advisory Agreements between WisdomTree Asset Management, Inc. (WTAM) and the Trust, on behalf of its series (each, a Fund, and, collectively, the Funds), pursuant to which WTAM provides the Funds with investment advisory services (the Advisory Agreements), and the Sub-Advisory Agreement (the BNY Mellon AMNA Sub-Advisory Agreement and together with the Advisory Agreements, the Agreements), pursuant to which BNY Mellon Asset Management North America Corporation (BNY Mellon AMNA) coordinates the investment and reinvestment of the assets of the Funds.

The Trustees requested, and WTAM provided, such information as the Trustees, with advice from counsel to the Trust and independent legal counsel, deemed reasonably necessary to evaluate the Agreements. At a meeting of a committee of Independent Trustees (the Contracts Review Committee) held on August 2, 2018, representatives from WTAM presented preliminary information to the Trustees relating to the continuance of the Agreements, and the Trustees, including the Independent Trustees, reviewed and discussed such information. Further information was presented at the Board's request at the Meeting.

The Independent Trustees were assisted in their review by independent legal counsel and met with counsel in executive session separate from WTAM representatives and the Sub-Adviser. In considering the renewal of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Trustee may have attributed different weights to the factors considered.

***Analysis of Nature, Extent, and Quality of Services Provided to the Funds.***

The Board considered information provided to them at the Meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the Funds, recognizing WTAM's and the Sub-Adviser's operational capabilities and resources. The Board also discussed the role of WisdomTree Investments, Inc. (WTI), the parent of WTAM, as index provider to certain Funds, which comprise the substantial majority of assets in the WisdomTree fund complex. The Board noted that the strategies represented by those Funds tracking affiliated WTI indexes are unique, based on WTI's intellectual property and are only available for use by applicable Funds through WTAM. The Board noted WTAM's belief that shareholders have invested in such Funds on the strength of WTI's intellectual property and WTAM's industry standing and reputation and with the expectation that WTAM will have a continuing role in providing advisory services to the Funds based on the WTI indexes. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including: the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser's adherence to each Fund's investment strategy and restrictions, monitoring of the Sub-Adviser's buying and selling of securities and derivatives transactions, review of Sub-Adviser performance, review of proxies voted by the Sub-Adviser and oversight of, and the provision of consultation to, the Sub-Adviser with respect to the creation of custom creation or redemption baskets for authorized participants; oversight of the daily valuation of the Funds' portfolio holdings; oversight of general Fund compliance with federal and state laws; and implementation of Board directives as they relate to the Funds. The Board also considered research support available to, and management capabilities of, the Funds' management personnel and that WTAM provides oversight of day-to-day Fund operations, including fund accounting, tax matters, administration and legal assistance in meeting disclosure and regulatory requirements. Based on management's representations, the Board expected that there would be no reduction in the scope of services required by or provided by WTAM and the Sub-Adviser under the relevant Agreements. The Board noted that WTAM has continued to commit significant resources toward the fund complex and has made substantial investments to improve the services offered by WTAM, which benefit Fund shareholders.

Based on review of this information and the other factors considered at the Meeting, the Board concluded that the nature, extent and quality of services provided by WTAM and the Sub-Adviser under the Advisory Agreements and Sub-Advisory Agreement, respectively, are adequate and appropriate and supported the Board's approval of the renewal of the Agreements.

***Comparative Analysis of the Funds' Performance and Management Fee and Expense Ratio.***

The Board reviewed reports prepared by Broadridge Financial Solutions, Inc. (Broadridge), an independent provider of investment company data, which included information (1) measuring each index Fund's performance by how well it tracked the relevant benchmark index, (2) comparing, with respect to the actively-managed Fund, the Fund's performance with the performance of a group of comparable funds (the

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Performance Group ) for various periods ended May 31, 2018, and (3) comparing each Fund's actual management fees and total expenses with those of a group of comparable funds (the Expense Group ) and, with respect to total expenses, with a broader group of funds (the Expense Universe ), the information for which was derived in part from fund financial statements available to Broadridge as of the date of its analysis. The Contracts Review Committee and the Independent Trustees previously had reviewed and discussed the methodology Broadridge used to select the Performance Groups, Expense

134 WisdomTree Trust

---

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (continued)

Groups and Expense Universes. The Board noted that the Performance Group, Expense Groups and Expense Universes included only pure-index and index-based exchange traded funds ( ETFs ) as comparison funds, except that the Performance Group, Expense Group and Expense Universe for the actively-managed Fund included only actively-managed ETFs as comparison funds. The Board also noted that due to the special characteristics of certain Funds, there are limitations in providing comparable funds in the Performance Groups, Expense Groups and Expense Universes, and the information in the Broadridge reports may or may not provide meaningful direct comparisons to the Funds. The Board also reviewed reports prepared by WTAM presenting performance data for Funds with ten years of performance history and for WisdomTree indexes with at least three years of performance history that are tracked by an index Fund.

The Board discussed the index Funds' performance, noting that the substantial majority of index Funds seek to track their own WisdomTree benchmark index. During the prior year, the Board received periodic reports on the Funds' performance in comparison to their relevant benchmark indexes. The Board also discussed the performance of the actively-managed Fund and noted that total return performance of the Fund was variously above, at and below the relevant Performance Group medians for the time periods measured. In response to questions from the Independent Trustees, WTAM representatives discussed the relative performance of the Funds and the factors affecting such performance. On that basis, the Board determined to monitor carefully in the coming year disparities in performance—both positive and negative—but did not believe that the disparities in the past reflected any characteristics requiring immediate action by WTAM or the Sub-Adviser.

The Board also reviewed the range of actual management fees and total expenses of the Expense Group funds and, with respect to total expenses, Expense Universe funds, as well as the advisory fees and total expenses of certain funds not included in the Broadridge reports that WTAM considers to be significant competitors of the Funds, and discussed the results of the comparisons. With respect to comparisons of actual management fees, the Board noted the Funds' unitary fee structure and that the Expense Groups and Expense Universes generally included both ETFs with and without a unitary fee structure. The Board also noted that certain comparison funds in certain Expense Groups and Expense Universes benefited from waivers of all or a portion of their management fees and reimbursement of certain operating expenses. The Board noted that the total expenses of many of the Funds were within five basis points of the median or average total expenses of the funds in the Funds' respective Expense Groups. In those specific instances where a Fund's total expenses departed more significantly from comparative funds, the Independent Trustees sought explanations from WTAM, which generally attributed the disparities to the limitations within peer data and/or the unique attributes of a Fund.

The Board considered the fees to the Sub-Adviser in relation to the fees paid to WTAM by the Funds and the respective services provided by the Sub-Adviser and WTAM. The Board also noted that the Sub-Adviser's fees are paid by WTAM (out of its fee paid by the relevant Funds) and not the Funds. The Board considered the meaningful differences in the services that WTAM provides to the Funds as compared to the Sub-Adviser, including that the role of the Sub-Adviser in making investment recommendations with respect to a Fund tracking an index is a rules-based function, with oversight by WTAM in seeking to ensure compliance with such rules. The Board also considered the entrepreneurial and expense risk borne by WTAM that is associated with Funds' unitary fee structure, which frequently includes minimum fees (such as those to the Sub-Adviser), regardless of whether the asset size of a Fund has grown to a sufficient size.

Based on this review and the other factors considered at the Meeting, the Board concluded that, with respect to each Fund, the Fund's performance, the fees paid to WTAM and the Sub-Adviser and the Fund's total expenses supported the Board's approval of the renewal of the relevant Agreements.

**Analysis of Profitability and Economies of Scale.**

WTAM representatives reviewed the expenses allocated and profit received by WTAM and the resulting profitability percentage for managing each Fund and the aggregate profitability percentage to WTAM for managing the WisdomTree fund complex, and the method used to determine the expenses and profit.

The Board considered the profitability analysis (1) as part of its evaluation of whether the fees under the Agreements bear a reasonable relationship to the mix of services provided by WTAM and the Sub-Adviser, including the nature, extent and quality of such services, and (2) in light of the relevant circumstances for each Fund and the extent to which economies of scale would be realized if the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund shareholders. WTAM representatives noted that a discussion of economies of scale is predicated on a Fund having achieved a substantial size and that, if a Fund's assets had been decreasing, the possibility that WTAM may have realized material economies of scale would be less. WTAM representatives also noted that, as a result of shared and allocated costs among the WisdomTree funds, the extent of economies of scale could depend substantially on the level of assets in the fund complex as a whole and the

## Edgar Filing: WisdomTree Trust - Form N-CSRS

relative size and asset size changes among the Funds. The Board noted that certain Funds had grown rapidly over a relatively short period of time after longer periods of slow or no growth, during which there were years of losses for WTAM in managing such Funds that had only recently turned profitable and years of substantial cumulative losses to WTAM in managing the fund complex as a whole. WTAM representatives

WisdomTree Trust 135

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (concluded)

stated that there has been significant volatility in the assets of individual Funds and in the fund complex as a whole over time (including volatility in profitability) and that it was not clear that current asset levels will be maintained. WTAM representatives noted that assets in certain Funds have diminished at times at a rapid rate (including during the last year) and could continue to do so. WTAM representatives also noted that economies of scale currently are shared with the Funds by way of the unitary fee structure of the Trust, as well as through additional investment in the WisdomTree business. The Board noted that the Contracts Review Committee had focused on the issue of economies of scale during its meetings. The Board also noted that it would continue to monitor the sharing of economies of scale, focusing in particular on Funds that have experienced significant asset growth, to determine the appropriateness of adding breakpoints in the future. The Board also considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-investment adviser, respectively, and noted that there were no soft dollar arrangements in effect for trading the Funds' investments. Based on this review, the Board concluded that the profitability results were consistent with the services rendered and service levels provided by WTAM and the entrepreneurial risk WTAM has undertaken over time.

\* \* \* \* \*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreements. In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its previous knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of the Funds and the services provided to the Funds by WTAM and the Sub-Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the Funds and the investment advisory and other services provided under the Agreements. In light of the foregoing, the Board, including a majority of the Independent Trustees, determined to approve the renewal of the Agreements.

### **General Information** (unaudited)

#### **Proxy Voting Policies, Procedures and Record**

A complete copy of the Proxy Voting Policy may be obtained upon request, at no charge, by calling 1-866-909-WISE (9473) or writing to: WisdomTree Trust, c/o Foreside Fund Services, LLC, Three Canal Plaza Suite 100, Portland, ME, 04101.

The Trust is required to disclose annually the Funds' complete proxy voting record on Form N-PX covering the most recent 12-month period ended June 30 and to file Form N-PX with the SEC no later than August 31 of each year. The current Form N-PX for the Funds is available at no charge upon request by calling 1-866-909-WISE (9473) or through the Trust's website at [www.wisdomtree.com](http://www.wisdomtree.com). The Funds' Form N-PX is also available on the SEC's website at [www.sec.gov](http://www.sec.gov).

#### **Shareholder Reports and Quarterly Portfolio Disclosure**

The Funds are required to file their complete schedule of portfolio holdings with the SEC for their first and third fiscal quarters on Form N-Q. Copies of the filings are available, without charge, on the SEC's website at [www.sec.gov](http://www.sec.gov) and are also available by calling the Trust at 1-866-909-WISE (9473). You can also obtain copies of Form N-Q by (i) visiting the SEC's Public Reference Room in Washington, DC (information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330); (ii) sending your request and a duplicating fee to the SEC's Public Reference Room, Washington, DC 20549-0102; or (iii) sending your request electronically to [publicinfo@sec.gov](mailto:publicinfo@sec.gov).

Information about each Fund's portfolio holdings is available daily, without charge, at [www.wisdomtree.com](http://www.wisdomtree.com).

The Statement of Additional Information (SAI) has additional information about the Funds' Trustees and Officers and is available without charge upon request. Contact your financial representative for a free prospectus or SAI.

#### **Frequency Distribution of Discounts & Premiums**

Information about differences between the per share net asset value of each Fund and the market trading price of shares of each Fund are available, without charge, at [www.wisdomtree.com](http://www.wisdomtree.com).

**Table of Contents**

The WisdomTree Funds are exchange traded funds ( ETFs ) registered with the United States Securities and Exchange Commission as separate series ( Funds ) of WisdomTree Trust ( Trust ). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the Trust. None of the WisdomTree entities are affiliated with Foreside Fund Services, LLC, the Funds distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, delays, or for any actions taken in reliance on information contained herein.

**Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at [www.wisdomtree.com](http://www.wisdomtree.com), or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.**

**There are risks associated with investing, including possible loss of principal. Funds focusing their investments on certain sectors and/or smaller companies increase their vulnerability to any single economic or regulatory development. This may result in greater share price volatility. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund s prospectus for specific details regarding the Fund s risk profile.**

**Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only by Authorized Participants in large creation unit sizes of shares.**

### **Information about Performance and Shareholder Expense Examples** (unaudited)

#### **Performance**

The performance tables on the following pages are provided for comparative purposes and represent the period noted. Each Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the midpoint of the bid and ask price for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Fund shares are bought and sold at market price (not NAV) and are not individually redeemed from a Fund. Fund NAV returns are calculated using a Fund's daily 4:00 p.m. eastern time NAV. Market price returns reflect the midpoint of the bid and ask price as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.**

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and an index is not available for direct investment. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or taxes that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. For the most recent month-end performance information visit [www.wisdomtree.com](http://www.wisdomtree.com).

#### **Shareholder Expense Examples**

Each Fund's performance table is accompanied by a shareholder expense example. As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The examples are intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The examples are based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2018 to September 30, 2018. Except where noted, expenses are calculated using each Fund's annualized expense ratio (after the effect of contractual or voluntary fee waivers, if any), multiplied by the average account value for the period, multiplied by 183/365 (to reflect the one-half year period). The annualized expense ratio does not include acquired fund fees and expenses (AFFEs), which are fees and expenses incurred indirectly by a Fund through its investments in certain underlying investment companies.

#### **Actual expenses**

The first line in the shareholder expense example table shown on the following pages provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During the Period" to estimate the expenses you paid on your account during the period.

#### **Hypothetical example for comparison purposes**

The second line in the shareholder expense example table shown on the following pages provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

## **Table of Contents**

### **Description of Indexes** (unaudited)

Below are descriptions of each Index referenced in this report:

The **Dow Jones Global ex-U.S. Select Real Estate Securities Index** is a float-adjusted market capitalization weighted index that defines and measures the investable universe of publicly traded real estate securities in countries outside the U.S.

The **FTSE China 50 Index** is a capitalization weighted index that is comprised of the 50 largest and most liquid Chinese securities.

The **MSCI AC Asia Pacific ex-Japan Index** is comprised of large- and mid-capitalization segments of emerging market and developed market countries in the Asia Pacific region, excluding Japan.

The **MSCI AC World ex-USA Growth Index** is comprised of growth stocks in the developed and emerging markets covered by MSCI, excluding the U.S.

The **MSCI AC World Index** is comprised of the world stock market indexes covered by MSCI.

The **MSCI ACWI ex-USA Index** is comprised of large- and mid-capitalization segments of the developed and emerging markets covered by MSCI, excluding the U.S.

The **MSCI Arabian Markets ex-Saudi Arabia Index** is a free float-adjusted market capitalization index that aims to represent the universe of companies in the Gulf Cooperation Council (GCC) countries, excluding Saudi Arabia, plus Jordan, Egypt, Morocco, Tunisia and Lebanon.

The **MSCI China Index** is a free float-adjusted market capitalization weighted index designed to measure the performance of the Chinese equity market.

The **MSCI Emerging Markets Index** is a free float-adjusted market capitalization index that is designed to measure emerging markets equity performance.

The **MSCI Emerging Markets Small Cap Index** is a free float-adjusted market capitalization index that is designed to measure the performance of small capitalization equities in the emerging markets.

The **MSCI Europe Value Index** is comprised of value stocks in the MSCI Europe Index.

The **MSCI India Index** is a free float-adjusted market capitalization index that is designed to measure the performance of the Indian equity market.

The **MSCI Japan Value Index** is comprised of value stocks in the MSCI Japan Index.

The **MSCI Pacific ex-Japan Index** is a subset of the MSCI EAFE Index that is comprised of stocks in Australia, Hong Kong, Singapore and New Zealand.

The **S&P 500® Index** is a capitalization-weighted index of 500 stocks selected by Standard & Poor's Index Committee, designed to represent the performance of the leading industries in the United States economy.

The **WisdomTree Asia Pacific ex-Japan Index** is comprised of dividend-paying companies incorporated in emerging market and developed countries in the Pacific region, excluding Japan.

The **WisdomTree China Dividend ex-Financials Index** is comprised of Chinese dividend paying stocks outside the Financials sector.

The **WisdomTree China ex-State-Owned Enterprises Index** measures the performance of Chinese stocks that are not state-owned enterprises. WisdomTree Investments, Inc., as index provider, defines state-owned enterprises as companies with over 20% government ownership.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The **WisdomTree Emerging Markets Consumer Growth Index** consists of stocks that best exemplify growth trends in emerging market consumers and their local economies.

The **WisdomTree Emerging Markets ex-State-Owned Enterprises Index** is a modified market capitalization weighted index that consists of common stocks in emerging markets, excluding common stocks of state-owned enterprises. WisdomTree Investments, Inc., as index provider, defines state-owned enterprises as companies with over 20% government ownership.

\* Non-income producing security.

Security is being fair valued using significant unobservable inputs by a pricing committee under the direction of the Board of Trustees. The aggregate value of fair valued securities is \$3,037, which represents 0.01% of net assets.

(a) This security is exempt from registration under rule 144A of the Securities Act of 1933. This security may be sold in transactions that are exempt from registration, normally to qualified institutional buyers.

(b) Security, or portion thereof, was on loan at September 30, 2018 (See Note 2).

(c) Rate shown represents annualized 7-day yield as of September 30, 2018.

(d) At September 30, 2018, the total market value of the Fund's securities on loan identified in the Schedule of Investments was \$1,633,396 and the total market value of the collateral held by the Fund was \$1,819,002. The total market value of the collateral includes non-cash U.S. Government securities collateral having a value of \$1,408,882.

ADR American Depositary Receipt

GDR Global Depositary Receipt

NVDR Non-Voting Depositary Receipt

Reg S Regulation S provides an exclusion from the registration requirements of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers.

\* Non-income producing security.

Security is being fair valued using significant unobservable inputs by a pricing committee under the direction of the Board of Trustees. The aggregate value of fair valued securities is \$618,618, which represents 0.41% of net assets.

(a) Security, or portion thereof, was on loan at September 30, 2018 (See Note 2).

(b) This security is exempt from registration under rule 144A of the Securities Act of 1933. This security may be sold in transactions that are exempt from registration, normally to qualified institutional buyers.

(c) Rate shown represents annualized 7-day yield as of September 30, 2018.

(d) At September 30, 2018, the total market value of the Fund's securities on loan identified in the Schedule of Investments was \$864,624 and the total market value of the collateral held by the Fund was \$927,100. The total market value of the collateral includes non-cash U.S. Government securities collateral having a value of \$770,201.

ADR American Depositary Receipt

GDR Global Depositary Receipt

NVDR Non-Voting Depositary Receipt

Reg S Regulation S provides an exclusion from the registration requirements of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers.
