Dear Fellow Shareholder:

You are cordially invited to attend a special meeting of shareholders of Grand Toys International, Inc., which we refer to as Grand US, to be held at _____ a.m. on _____, 2004, at _____. At the meeting, we are presenting for your approval proposals for:

the reorganization of Grand US in which it will become a subsidiary of its Hong Kong subsidiary, which we refer to as Grand HK, and you will receive, in exchange for each of your shares of Grand US, the beneficial ownership of one Grand HK ordinary share, which will trade in the United States in the form of an American depositary share, or ADS, which will be represented by an American depositary receipt, or ADR; and

the issuance to Centralink Investments Limited of 10,000,000 Grand HK ADSs, which will be evidenced by Grand HK ADRs, in exchange for all of the shares of Playwell International Limited and cash and other consideration in a total amount of \$11,000,000.

The reorganization of Grand US, Grand HK's acquisition of the shares of Playwell International Limited, which we refer to as Playwell, and the issuance of Grand HK ADSs to Centralink Investments Limited, which we refer to as Centralink, are steps in a single transaction. Grand HK is a subsidiary of Grand US but will, as a result of the reorganization, become the publicly-traded holding company of both Grand US and Playwell. The reorganization will be accomplished through the merger of Grand US and a subsidiary of Grand HK. Grand US will continue to exist, but it will be a wholly-owned subsidiary of Grand HK.

The number of Grand HK ADSs to be owned by you and represented by ADRs immediately after the transaction will be the same as the number of Grand US shares you own immediately prior to the transaction. However, as a result of the issuance to Centralink of 10,000,000 Grand HK ADSs as part of the transaction and Centralink's further purchase of approximately 924,187 Grand HK ADSs from current significant shareholders of Grand US, Mr. Jeff Hsieh Cheng (to whom we refer as Jeff Hsieh) the ultimate beneficial owner of Centralink, will become the majority beneficial owner of Grand HK, indirectly owning over 71% of all of the outstanding capital stock of Grand HK.

After completion of the transactions described in the enclosed proxy statement/prospectus, Grand HK and its subsidiaries will continue to conduct the business now conducted by Grand US and its subsidiaries. Grand HK will also conduct the business of Playwell and its subsidiaries. In addition, Grand US's current directors will resign upon completion of the transaction and a new board of directors of Grand HK consisting of five persons, including Elliot L. Bier, the former chairman of Grand US, will direct the operations of Grand HK and its subsidiaries. Grand US common stock is currently traded on the Nasdaq SmallCap Market under the symbol GRIN, and Grand HK has applied to have the Grand HK ADSs listed and traded after the reorganization on the Nasdaq SmallCap Market under the symbol GRINF.

The proxy statement/prospectus enclosed with this letter provides you with detailed information regarding each of the proposals to be considered at the special meeting. We encourage you to read this entire document carefully. Please consider the risk factors beginning on page 34.

Grand US board of directors has unanimously adopted the agreement and plan of merger to facilitate the reorganization and the subscription and exchange agreement which provides for the acquisition of Playwell and the issuance to Centralink of 10,000,000 Grand HK ADSs. Your board recommends that you vote FOR approval of the transactions described in those agreements, both of which must be approved if either is to go forward. If our shareholders approve the transactions at the special meeting, we expect to complete the reorganization, the Playwell acquisition and the related subscription transactions promptly following the special meeting. The board appreciates and encourages your participation. Whether or not you plan to attend the meeting, it is important that your shares be represented. PLEASE MARK, SIGN, DATE AND MAIL THE ENCLOSED PROXY IN THE ENVELOPE PROVIDED AT YOUR EARLIEST CONVENIENCE.

Very truly yours,

Elliot L. Bier
Chairman

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This document contains or incorporates by reference forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 with respect to the reorganization, the issuance of ADSs of Grand HK to the shareholders of Grand US and Centralink and the financial condition, results of operations and business of Grand US and Playwell. The Act protects public companies, such as Grand US, from liability for forward-looking statements in private securities actions if the forward-looking statement is identified and is accompanied by meaningful cautionary statements identifying important factors that could cause actual results to differ materially. Since the Act provides protections from liability for forward-looking statements only to public companies, it may not apply to any statements made by Grand HK at any time prior to the completion of the transaction described in this proxy statement/prospectus. Forward-looking statements by their nature involve a degree of risk and uncertainty, including, but not limited to, the risks and uncertainties referred to under Risk Factors and elsewhere herein. All statements regarding the expected benefits of the reorganization, the Playwell acquisition and the acquisition by Centralink of a controlling interest in Grand HK are forward-looking statements. The forward-looking statements include statements for the period following completion of the transaction. You can find many of these statements by looking for words such as believes, expects, anticipates, estimates, continues, may, intends, plans or similar expressions in this document or in documents incorporated by reference. You should be aware that any forward looking statements in this document are not guarantees of future performance. Grand HK, Grand US and Playwell have identified factors that could cause actual plans or results to differ materially from those included in any forward-looking statements. These factors include, but are not limited to:

an inability to execute the contemplated business strategy for Grand HK;

costs or difficulties related to the reorganization, the acquisition of Playwell and related transactions, which could be greater than expected;

pricing pressure and other changes within competitive markets;

the continued consolidation of retailers of the toy and related industries;

an inability to realize expected tax treatment of the reorganization and the acquisition of Playwell within the anticipated time frame, or at all;

changes in tax laws, tax treaties or tax regulations and the interpretation or enforcement thereof or differing interpretation or enforcement of applicable law by the U.S. Internal Revenue Service or other taxing authority;

changes in the rate of economic growth in the United States and other major international economies;

changes in trade, monetary and fiscal policies worldwide;

currency fluctuations;

outcomes of future litigation;

the existence of competitors and developments in the toy industry;

the existence of regulatory uncertainties and the possibility of political uncertainty in any of the countries in which Grand HK will do business;

changes in capital needs; and

-2-

changing rates of inflation and other economic or business conditions.

Actual results may differ materially from those expressed or implied by forward-looking statements. As you make your decision how to vote, please take into account that forward-looking statements speak only as of the date of this document or, in the case of documents incorporated by reference, the date of any such document.

QUESTIONS AND ANSWERS

ABOUT THE REORGANIZATION MERGER AND THE ISSUANCE OF SHARES TO CENTRALINK

Q. What am I being asked to vote on?

- A. You are being asked to vote in favor of a reorganization of Grand US, a Nasdaq SmallCap Stock Market listed Nevada corporation, in which it will become a subsidiary of Grand HK, a Hong Kong company that is currently a subsidiary of Grand US, and the related issuance to Centralink of Grand HK ADSs, which, when issued, will represent more than twenty percent of the issued and outstanding securities of Grand HK.

The reorganization of Grand US will be accomplished by a statutory merger. In the reorganization merger, your shares of Grand US common stock will automatically convert into the right to receive an identical number of Grand HK ADSs which will be represented by Grand HK ADRs.

Immediately after the completion of the reorganization merger but as part of the same transaction, 10,000,000 Grand HK ADSs will be issued to Centralink pursuant to a subscription and exchange agreement entered into by and among Centralink, Grand HK and Grand US. 5,000,000 of the Grand HK ADSs will be issued in exchange for all of the outstanding shares of Playwell, and another 5,000,000 Grand HK ADSs will be issued in consideration for investments by Centralink into Grand HK in the form of cash and other consideration having a total value of \$11,000,000.

Q. Why are we proposing this reorganization?

- A. Although Grand US is a Nevada company, nearly all of its current business is carried on in Canada through its Canadian subsidiary, and its headquarters are in Canada. Grand US has relatively little business activity in the United States. As a result of the Centralink transaction, including the acquisition of Playwell, the vast majority of Grand HK's assets and operations will be located in Hong Kong or in nearby Guangdong province of southern China, and the seat of management of Grand HK's operations will be in Hong Kong. Changing the corporate structure from a US holding company into a Hong Kong holding company will simplify corporate management and facilitate dealings with suppliers and customers in the region, who are accustomed to dealing with Hong Kong companies and sometimes hesitant to do business with United States companies, which are sometimes regarded as unduly litigious.

The reorganization also makes sense from a tax standpoint. In fact, Centralink would not consummate the Playwell acquisition or the related subscription without the reorganization. It would not have been logical for Centralink, a British Virgin Islands company, to transfer the shares of Playwell, which benefits from the relatively low tax rates in Hong Kong, to a United States corporation, thus significantly reducing the after-tax returns of the Playwell business. The reorganization will not, of course, affect the tax position of the current Grand US business, which will continue to be operated through Grand US just as before.

It should be noted that certain proposed United States federal tax legislation, if enacted and depending upon its final form, might result in the treatment of a foreign corporation formed through a so-called "expatriation" or "inversion" of a United States corporation as if it continued to be a United States corporation. Grand US has the right not to and does not intend to consummate the reorganization if legislative proposals are enacted or proposed or passed by any committee of the United States Senate or House of Representatives and the proposals would materially and adversely affect the anticipated United States tax treatment of Grand US and its shareholders at the time of or following the reorganization. The applicability of any such legislation most likely will depend on certain factual determinations that will not be binding on any taxing authority and that could be affected by future developments relating to the business operations and assets of Grand HK. Accordingly, whether the tax

advantages of the reorganization will ultimately be realized cannot be predicted with any certainty. Once the reorganization is consummated, it will be difficult if not impossible to return to the current structure even if those advantages were not realized.

-4-

Q. Why are we acquiring Playwell and issuing 10,000,000 Grand HK ADSs to Centralink?

- A. Centralink, the sole shareholder of Playwell, is being issued 5,000,000 Grand HK ADSs in exchange for all of the issued and outstanding shares of Playwell pursuant to the subscription and exchange agreement. Playwell is a holding company which owns four subsidiaries: Hong Kong Toy Centre Limited, a trading company which trades in and coordinates the manufacturing of toy products designed by customers and Playwell branded items; Gatelink Mould Engineering Limited, a manufacturer of moulds for the companies in the Playwell group; Great Wall Alliance Limited, the holder of Playwell trademarks; and Asian World Enterprises Limited, which holds certain intellectual property licenses for Walt Disney Company and Crayola branded products. In addition to the acquisition by Grand HK of the Playwell shares, Centralink will also subscribe for 5,000,000 additional Grand HK ADSs for cash and other consideration having a total value of \$11,000,000 pursuant to the subscription and exchange agreement.

The principals of Grand US and Playwell have known and transacted business with each other for several years. Management of Grand US and Playwell believe that the combination of Playwell's manufacturing and sourcing expertise, financial resources and cost-management skills and experiences with Grand US' marketing and distribution presence in North America will create a vertically-integrated company that will be much greater than the sum of its parts and together will be a stronger vehicle for future expansion. Grand US and Playwell believe that the wealth of toy industry experience in the new entity will allow Grand HK to expand its product offerings significantly.

Grand US and Playwell also believe that the acquisition will provide strategic and financial benefits to the shareholders of Grand US. The board of directors of Grand US believes that the acquisition has the potential to facilitate Grand HK's expansion into Asian and other world markets where Playwell has a presence and provide economies of scale.

Grand US has also entered into the subscription and exchange agreement with Centralink because it believes that the acquisition of Playwell will result in a combined company being a much larger and financially more stable company. In addition, Grand US believes that certain characteristics resulting from the combination of Grand US and Playwell, including but not limited to, Grand HK's larger size, financial stability and international coverage, will afford Grand HK better access to capital which will support future growth. Even though Centralink has no obligation to supply Grand HK with future injections of capital, the additional injection of \$11,000,000 in capital by Centralink will provide the necessary working capital to further expand the operations of Grand HK. The location of future operations will depend on the needs of the business, independent of Grand HK's place of incorporation.

Q. What are ADSs and ADRs, and why are they being issued instead of shares in Grand HK?

- A. American depositary shares, or ADSs, represent ownership interests in the ordinary shares of a company. American depositary receipts, or ADRs, are certificates that evidence ownership of ADSs. The ADRs you will receive will be delivered by The Bank of New York and represent your ownership of Grand HK ADSs which, in turn, represent your beneficial ownership of the ordinary shares of Grand HK. Grand HK ADSs are publicly traded in place of the ordinary shares in Grand HK because Hong Kong law requires the completion of certain formalities and the payment of stamp duties in connection with the transfer of shares in a Hong Kong company. Compliance with these formalities is not practical with respect to shares that are publicly traded in the United States. Shares of many foreign companies are traded in the United States as ADSs for similar reasons.

In the case of Grand HK, each ADS will represent beneficial ownership of one ordinary share issued by Grand HK and placed on deposit with The Hong Kong and Shanghai Banking Corporation Limited, as custodian.

Q. What will I receive in the reorganization merger?

A. Each share of Grand US common stock will be converted in the reorganization merger into one Grand HK ADS representing your beneficial ownership of one ordinary share of Grand HK. Your Grand HK ADSs will be evidenced by a Grand HK ADR. Grand HK expects to list the Grand HK ADSs for trading in the

-5-

United States on the Nasdaq SmallCap Market. The number of Grand HK ADSs to be issued in the reorganization merger will not be adjusted based upon changes in the value of Grand US common stock. As a result, the value of Grand HK ADSs that you receive in the reorganization merger will not be determined at the time you vote on the reorganization merger and its value will go up or down as the market price of Grand US common stock changes.

Q. How will the reorganization be accomplished?

A. GTI Acquisition Corp., a Nevada corporation, is a subsidiary of Grand HK, which in turn is currently a subsidiary of Grand US. In the reorganization, GTI Acquisition Corp. will merge with and into Grand US. Grand US will be the surviving company in the reorganization merger and thus will become a wholly-owned subsidiary of Grand HK. Upon completion of the reorganization merger, Grand US will cease to have any interest in Grand HK. The shares of Grand US held by you will automatically convert into the right to receive the same number of Grand HK ADSs. This procedure will result in your becoming a beneficial shareholder in Grand HK. Following the reorganization merger, you will own an interest in a Hong Kong holding company which, through Grand US, Playwell and the other Grand HK subsidiaries, will operate the same line of businesses that Grand US, Playwell and their respective subsidiaries were engaged in before the reorganization merger. The additional steps in the reorganization are fully described in Proposal 1 Adoption and Approval of the Agreement and Plan of Merger on page 62.

Q. Will the reorganization dilute my ownership interest?

A. The reorganization merger itself will not dilute your ownership interest because, after the reorganization merger is consummated, you will own the same number of Grand HK ADSs as you own shares of Grand US common stock immediately prior to the completion of the reorganization merger, and the total number of shares outstanding will be the same.

However, the reorganization merger is part of a larger transaction which includes the acquisition of Playwell and an additional investment by Centralink. This will result in the issuance by Grand HK of 10,000,000 new Grand HK ADSs to Centralink. Also in connection with but separate from the reorganization, Centralink has agreed to purchase from certain controlling shareholders of Grand US a total of 924,187 Grand HK ADSs. As a result of these transactions, Centralink will hold a total of 10,924,187 Grand HK ADSs out of a total of 15,355,244 Grand HK ADSs outstanding immediately after these transactions.

Accordingly, your percentage ownership interest in Grand HK will decrease and you and the other current holders of Grand US common stock will own 28.86% of Grand HK and Mr. Jeff Hsieh the ultimate beneficial owner of Centralink will indirectly control 71.14% of Grand HK immediately after the completion of all of the transactions described in this proxy statement/prospectus.

Q. What is the tax effect on shareholders of Grand US as a result of this reorganization?

A. If you are a United States shareholder, you should not be taxed on your receipt of Grand HK ADSs in exchange for your Grand US common stock pursuant to the reorganization merger, and should carry your tax basis and holding period with respect to your Grand US common stock over to the Grand HK ADSs received by you in the reorganization merger. However, if you hold 5% or more (by either vote or value) of the outstanding shares of Grand US common stock, you may be subject to tax on the exchange unless you file a gain recognition agreement with the U.S. Internal Revenue Service and comply with certain certification requirements for the year in which the reorganization merger occurs and each of the five succeeding calendar years.

Edgar Filing: GRAND TOYS INTERNATIONAL INC - Form F-4

If you are a non-corporate U.S. shareholder, dividends (if any) paid to you by Grand HK will be taxable to you in the same manner as dividends paid by Grand US, and (provided Grand HK ADRs are traded on the Nasdaq SmallCap Market or another U.S. exchange and you satisfy various holding period rules) will be eligible for federal income taxation at a maximum 15% tax rate. However, dividends (if any) paid by Grand HK to U.S. shareholders that are corporations generally will not be eligible for the dividends

-6-

received deduction. Dividends paid by Grand HK generally will be treated as foreign source income for purposes of calculating a U.S. shareholder's allowable foreign tax credits.

WE URGE YOU TO CONSULT YOUR OWN TAX ADVISORS REGARDING THE PARTICULAR TAX CONSEQUENCES TO YOU IN RELATION TO THE REORGANIZATION.

Q. Will Grand US be taxed as a result of the reorganization?

A. Grand US believes that it should not incur any material United States federal income or withholding taxes in connection with the reorganization.

Q. Why was Hong Kong selected as the domicile of the new parent company?

A. In addition to the business reasons discussed above, Grand US and Centralink chose Hong Kong for several other reasons. It will be administratively easier for Grand HK to operate as a Hong Kong company in terms of corporate formalities and banking relationships, which are expected to be established principally with Hong Kong banks. Hong Kong has become an internationally recognized world center of trade. The corporate law in Hong Kong, based on English law, is well-developed and substantially ensures effective protection of shareholder rights. We encourage you to read the section "Comparison of Rights of Shareholders" beginning on page 73 for a more detailed description of the differences between your rights as a shareholder under Nevada law and under Hong Kong law.

Q. When do you expect to complete the reorganization merger and Playwell Acquisition?

A. Grand HK, Grand US and Centralink hope to complete the reorganization shortly after the special meeting of Grand US shareholders, assuming that the reorganization merger and the related transactions with Centralink are approved by the shareholders at the meeting.

Q. Will I be able to trade my Grand US shares during the time between the date of this proxy statement/prospectus and the effective time of the reorganization merger?

A. Yes. You will be able to trade your Grand US shares during the time between the date of this proxy statement/prospectus and the effective time of the reorganization merger.

Q. How does my board of directors recommend that I vote?

A. Grand US board of directors unanimously recommends that you vote to approve and adopt the agreement and plan of merger and the issuance of the 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement.

Q. Am I entitled to appraisal rights in connection with the reorganization or the related transactions?

A. No. Under the General Corporation Law of the State of Nevada, shareholders voting against the agreement and plan of merger or the subscription and exchange agreement will not have appraisal rights.

Q. What risks should I consider in deciding whether to approve and adopt the reorganization and the issuance of 10,000,000 Grand HK ADSs to Centralink?

A. In evaluating the reorganization and the issuance of ADSs to Centralink, you should carefully read this proxy statement/prospectus and especially consider the factors discussed in the section entitled "Risk Factors" beginning

on page 34.

Q. What happens if only one of the proposals is approved?

For registered holders and holders for whom brokers hold their shares in street name, failure to submit a proxy or to vote will have the effect of a vote against these transactions. In addition, all shareholders abstentions will have the effect of a vote against these transactions.

The Reorganization and the Acquisition of Playwell (see page 48)

The reorganization of Grand US pursuant to the agreement and plan of merger and Grand HK's acquisition of the shares of Playwell and the issuance of Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement are steps in a single transaction.

Grand HK will, as a result of the reorganization merger and the Centralink transactions, become the publicly-traded holding company of both Grand US and Playwell. The reorganization will be accomplished through the reorganization merger of Grand US and a subsidiary of Grand HK. Grand US will continue to exist, but it will be a wholly-owned subsidiary of Grand HK. In the reorganization merger, each share of Grand US common stock will be converted in the reorganization merger into the right to receive one Grand HK ADR. Each outstanding option and warrant to purchase shares of Grand US will be converted into the right to acquire, upon exercise, the same number of Grand HK ADSs.

Immediately upon the completion of the reorganization merger, 10,000,000 Grand HK ADSs will be issued to Centralink pursuant to a subscription and exchange agreement entered into by and among Centralink, Grand HK and Grand US. 5,000,000 of the Grand HK ADSs will be issued in exchange for all of the outstanding shares of Playwell, and another 5,000,000 Grand HK ADSs will be issued in consideration for investments by Centralink into Grand HK in the form of cash and other consideration having a total value of \$11,000,000.

Recommendation of the Board of Grand US (see page 54)

After careful consideration, the disinterested members of Grand US's board of directors unanimously determined that the reorganization merger to be effected pursuant to the agreement and plan of merger and the related acquisition of Playwell and issuance of 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement are advisable and are fair to and in the best interests of Grand US and its shareholders and unanimously approved the agreement and plan of merger and the subscription and exchange agreement. The disinterested directors of Grand US unanimously recommend that the Grand US shareholders vote:

- FOR the proposal to approve and adopt the agreement and plan of merger; and
- FOR the issuance of Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement.

Exchange of Grand US Stock Certificates (see page 62)

After the reorganization merger occurs, Grand HK will send a letter to Grand US shareholders that will provide instructions on exchanging their Grand US stock certificates for Grand HK ADRs which will evidence your ownership of Grand HK ADSs. Please do not send any stock certificates at this time.

Grand US Reasons for the Subscription and Exchange Transaction (see page 51)

The principal shareholders and executive officers of Grand US and Playwell have known and transacted business with each other for several years. Affiliates of Playwell supplied products to Grand US. The logic of the parties coming together in the current transaction is best understood against the background of the ongoing evolution and consolidation currently taking place in the global toy industry.

Grand US has historically been essentially a distributor of toy products developed and manufactured by others. Realizing that this has limited its opportunities for growth, Grand US has for some time sought ways of developing brands and proprietary products of its own. Having been largely unsuccessful in that effort, and faced with the consolidation of retailers in the toy industry and what had been declining revenues and profitability, Grand US was more than willing to consider a combination with a company like Playwell.

Management of Grand US and Playwell believe that the combination of Playwell's manufacturing and sourcing expertise, financial resources and cost-management skills and Grand US' marketing and distribution presence in North America will create a vertically-integrated company that will be much greater than the sum of its parts and together will be a stronger vehicle for future expansion. The wealth of toy industry experience in the new entity will allow Grand HK to expand its product offerings significantly.

Grand US also believes that the acquisition will provide strategic and financial benefits to the shareholders of Grand US. The board of directors of Grand US believes that the acquisition has the potential to facilitate the Grand HK's expansion into Asian and other world markets where Playwell has a presence and provide economies of scale. Grand US also believes that the acquisition of Playwell will result in a combined company being larger and financially more stable company. In addition, Grand US believes that certain characteristics resulting from combining Grand US and Playwell, including but not limited to, Grand HK's larger size, financial stability and international coverage, will afford Grand HK better access to capital which will support future growth.

Grand US' Reasons for the Reorganization (see page 51)

Apart from the fact that the reorganization is a condition to the Centralink transaction, nearly all of Grand US current business is carried on in Canada through Canadian subsidiaries, and its headquarters are in Canada. It has relatively little business activity in the United States. As a result of the Centralink transaction, including the acquisition of Playwell, the vast majority of Grand HK's assets and operations will be located in Hong Kong or in nearby southern China, and the seat of management of Grand HK's operations will also be in Hong Kong. Reorganization of the company as a Hong Kong company will simplify corporate management and facilitate dealings with suppliers and customers in the region, who are accustomed to dealing with Hong Kong companies and sometimes hesitant to do business with United States companies, which are sometimes regarded as unduly litigious.

The reorganization also makes sense from a tax standpoint. In fact, Centralink would not consummate the Playwell acquisition or the related subscription transaction without the reorganization. It would not have been logical for Centralink, a British Virgin Islands company, to transfer the shares of Playwell, a Hong Kong limited company, which benefits from the relatively low tax rates in Hong Kong, to a United States corporation, thus significantly reducing the after-tax returns of the Playwell business. The reorganization will not, of course, affect the tax position of the current Grand US business, which will continue to be operated through Grand US just as before.

Appraisal Rights (see page 74)

Grand US shareholders will not be entitled to appraisal rights in connection with any matter to be considered at the Grand US special meeting.

Certain U.S. Federal Income Tax Consequences (see page 79)

If you are a U.S. shareholder, you generally should not be taxed on your receipt of Grand HK ADSs in exchange for your Grand US common stock pursuant to the reorganization merger, and should carry your tax basis and holding period with respect to your Grand US common stock over to the Grand HK ADSs received by you in the reorganization merger. However, if you hold 5% or more (by either vote or value) of the outstanding shares of Grand US common stock, you may be subject to tax on the exchange unless you file a gain recognition agreement with the U.S. Internal Revenue Service and comply with certain certification requirements for the year in which the reorganization merger occurs and each of the five succeeding calendar years.

If you are a non-corporate U.S. shareholder, dividends (if any) paid to you by Grand HK will be taxable to you in the same manner as dividends paid by Grand US, and (provided Grand HK ADSs are traded on the Nasdaq Small Cap

Market or another U.S. exchange and you satisfy various holding period rules) will be eligible for federal income taxation at a maximum 15% tax rate. However, dividends (if any) paid by Grand HK to U.S. shareholders that are corporations generally will not be eligible for the dividends received deduction. Dividends paid by Grand HK generally will be treated as foreign source income for purposes of calculating a U.S. shareholder's allowable foreign tax credits.

In order for the tax treatment described above to apply, Grand US will have to make various factual showings relating to, among other things, the assets of and the business conducted by one of Playwell's operating subsidiaries (Hong Kong Toy Centre Limited) outside the United States, and the ownership of shares in Grand HK by U.S. persons. Factual determinations by Grand US will not be binding on any taxing authority or the courts.

Determining the actual tax consequences of the reorganization merger to you can be complicated. Your tax consequences will also depend on your specific situation. You should consult with your own tax advisor for a full understanding of the reorganization merger's tax consequences.

Fairness Opinion (see page 55)

Empire Valuation Consultants, has delivered a written opinion to the Grand US board of directors as to the fairness, from a financial point of view, to Grand US and Grand US shareholders of the transactions contemplated by the subscription and exchange agreement. A copy of the full text of this opinion is attached to this document as Annex C. Grand US encourages you to read the opinion carefully in its entirety for a description of the procedures followed, assumptions made, matters considered and limitations on the review undertaken by Empire Valuation.

Empire Valuation provided its opinion for the information and assistance of the Grand US board in connection with its determination to proceed with the approval of the transactions contemplated by the subscription and exchange agreement, and such opinion is not a recommendation as to how you should vote with respect to the approval of the issuance of the Grand HK ADSs to Centralink in connection with such transactions. Apart from its compensation for evaluating the fairness of the transactions described in this proxy statement/prospectus, Empire Valuation has no other relationship with Grand US, Grand HK, Centralink or Playwell.

Interests of Grand US Directors and Officers in the Acquisition (see page 57)

When you consider the recommendation of the Grand US board that Grand US shareholders vote in favor of the proposal to adopt and approve the agreement and plan of merger and the issuance to Centralink of Grand HK ADSs in connection with the Playwell acquisition and its subscription, you should be aware that certain executive officers of Grand US and the members of Grand US board of directors have interests in the reorganization merger and acquisition and subscription that may be different from, or in addition to, your interests generally. These interests are described in the section entitled *The Reorganization and the Playwell Acquisition and Subscription Interests of Grand US Directors and Officers in the Reorganization and subsequent operation of Grand HK* beginning on page include:

the expected purchase by Centralink of 924,187 Grand HK ADSs from David Mars, a director of Grand US and Stephen Altro, a director and acting president of Grand US;

the execution of a shareholders' agreement which grants David Mars and Stephen Altro the right to designate two of the five members of the board of directors of Grand HK until 2005;

the retention of Elliot L. Bier, Grand US current chairman, as a paid co-chairman of Grand HK following the reorganization merger and acquisition of Playwell;

the retention of Tania M. Clarke, Grand US current chief financial officer, as an executive of Grand HK under the terms of a new employment agreement;

the requirement of Grand US, to the extent permitted by law, to continue to indemnify directors, officers and employees of Grand US for events occurring before the reorganization merger;

the purchase by Grand US of a directors' and officers' liability tail policy which provides continuing coverage for acts and omissions of Grand US directors and officers;

the payment or reimbursement of Grand US by Cornerstone for the obligations and liabilities incurred by Grand US on behalf of Cornerstone and its affiliates in connection with certain initiatives undertaken at the request of

Centralink and its affiliates and the agreement by Cornerstone to indemnify the directors, officers, employees, agents and representatives of Grand US for actions taken in furtherance of such initiatives.

-16-

The rights of officers and directors of Grand US who hold 46,125 options and 187,858 warrants to purchase Grand US common stock, which will become options to purchase Grand HK ADSs upon consummation of the transactions described in this proxy statement/prospectus.

Grand US board of directors was aware of and considered these potentially conflicting interests when the disinterested members of the Grand US board approved the agreement and plan of merger and the subscription and exchange agreement.

Conditions to Completion of the Reorganization and Playwell Acquisition (see page 89)

Several conditions must be satisfied or waived before Grand HK and Centralink will complete the acquisition of Playwell and the related subscription transactions, including those summarized below:

the approval and adoption of the agreement and plan of merger by the Grand US shareholders;

the approval of the issuance of 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement by Grand US shareholders;

the execution of a shareholders agreement among Centralink, Grand HK, David Mars, Stephen Altro and certain other related parties;

the absence of any legislation that would materially and adversely affect the prospective tax treatment of Grand US and its shareholders following the reorganization as a result of the current tax treatment transactions described in this proxy statement/prospectus;

the listing of Grand HK ADRs on the Nasdaq Stock Market;

Other customary closing conditions set forth in the subscription and exchange agreement.

The obligation of Grand US to consummate the reorganization merger, the Playwell acquisition and the Centralink subscription is also subject to Playwell or its subsidiaries entering into arms-length supply agreements with certain companies affiliated with Centralink.

Prohibition on Grand US Soliciting Other Offers (see page 88)

The subscription and exchange agreement contains detailed provisions that prohibit Grand US and its affiliates and representatives from soliciting, discussing or participating in negotiations with any person with respect to an acquisition proposal. However, Grand US may, in response to an unsolicited superior proposal, furnish information to any person making a superior proposal. A superior proposal is defined as any proposal made by a third person to acquire, directly or indirectly, more than fifty percent (50%) of the combined voting power of the shares of Grand US or at least 50% or more of the assets of Grand US if:

the board of Grand US determines in its good faith judgment that the proposal is more favorable to Grand US shareholders than the reorganization merger, acquisition of Playwell and the related subscription by Centralink; and

the board of Grand US determines in good faith that participating in discussions or negotiations with respect to the superior proposal or withdrawing or modifying its recommendation with respect to the reorganization merger, acquisition of Playwell and the related subscription by Centralink or termination of the subscription and exchange agreement is required for it to comply with its fiduciary duties to Grand US shareholders.

Termination of the Subscription and Exchange Agreement (see page 71)

The subscription and exchange agreement may be terminated at any time prior to the completion of the Playwell acquisition and related subscription transaction, whether before or after approval of the reorganization merger by the Grand US shareholders:

by mutual written consent of Grand US, Grand HK and Centralink;

by Grand US or Centralink if Grand US provides notice of its decision to pursue discussions and negotiations in connection with an unsolicited superior proposal;

by Grand US if satisfaction of any of the closing conditions for Grand US contained in the subscription and exchange agreement becomes impossible, other than through the failure of Grand US or Grand HK to comply with their obligations under the subscription and exchange agreement, and Grand US and Grand HK have not waived such condition on or before the closing of the Playwell acquisition and related subscription transaction;

by Centralink if satisfaction of any of the closing conditions for Centralink contained in the subscription and exchange agreement becomes impossible, other than through the failure of Centralink to comply with its obligations under the subscription and exchange agreement, and Centralink has not waived such condition on or before the closing of the Playwell acquisition and related subscription transaction;

by either Grand US or Centralink if the closing has not occurred, other than through the failure of the party seeking to terminate the subscription and exchange agreement fully to comply with its obligations under the subscription and exchange agreement, on or before May 31, 2004, or such later date as the parties may agree upon; or

by either Grand US or Centralink if the other party has committed a material breach of the subscription and exchange agreement and such breach has not been waived.

Expenses; Termination Fees (see page 93)

Generally, each of Grand US and Centralink has agreed to pay its own fees and expenses regardless of whether the reorganization merger, Playwell acquisition and additional Centralink subscription are completed, except that, in the event these transactions are completed, all expenses paid by Centralink will be reimbursed by Playwell, Playwell shall cause to be paid all expenses incurred and estimated to be incurred by Centralink but unpaid prior to closing (including expenses associated with post-closing actions), and Centralink shall cause to be paid or reimbursed all expenses paid or incurred by Grand US prior to closing arising out of or related to the subscription and exchange agreement or the consummation of the transactions contemplated by the subscription and exchange agreement.

In the event that the subscription and exchange agreement is terminated by either Centralink or Grand US as a result of Grand US decision to pursue a superior proposal, Grand would be obligated to pay Centralink a fee of the greater of \$500,000 or the actual expenses incurred by Centralink in connection with the negotiations and execution of the transactions contemplated by the subscription and exchange agreement.

Government and Regulatory Approvals (see page 46)

Except for the listing of the Grand HK ADSs on the Nasdaq SmallCap Market or another nationally recognized stock exchange, neither Grand HK, Grand US nor Centralink is aware of any regulatory approvals or actions that are required prior to the consummation of the agreement and plan of merger or the issuance of the Grand HK ADSs to Centralink and the consummation of the other transactions contemplated by the subscription and exchange agreement. Should any approvals be required, it is presently contemplated that such approvals would be sought, but neither Grand HK, Grand US, nor Centralink can assure you that such approvals would be obtained.

Comparison of Rights of Shareholders (see page 73)

For a discussion comparing the rights of Grand HK shareholders with Grand US shareholders, please see the discussion under Rights of Shareholders on page_.

Exchange Listing (see page 5)

Grand HK has applied to have the Grand HK ADSs approved for listing on the Nasdaq SmallCap Market under the symbol GRINF.

Anticipated Accounting Treatment of the Reorganization and Acquisition (see page 62)

The reorganization of Grand US pursuant to the agreement and plan of merger and Grand HK's acquisition of the shares of Playwell and the issuance of Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement are steps in a single transaction, and will be treated as a purchase with Playwell as the acquirer for accounting purposes (notwithstanding the fact that, as a legal matter, Grand HK is acquiring Playwell). Therefore, the purchase price will be allocated to Grand HK's assets and liabilities based on their estimated fair market values at the completion of the reorganization merger and related subscription and exchange. Any excess of the purchase price over these fair market values will be accounted for as goodwill.

Recent Developments

One of the principal reasons why Grand US and Centralink are pursuing the reorganization merger and the transactions contemplated by the subscription and exchange agreement is to combine the businesses of Grand US and Playwell to create a public company with greater revenues and assets which could serve as a platform for future expansion. Grand HK will seek to identify and acquire complementary companies which have experienced management with proven track records, but which lack cost-effective manufacturing and proper sales channels into mass market retailers and large distributors.

In this regard, Centralink's parent company, Cornerstone Overseas Investments Limited, which we refer to as Cornerstone, has entered into letters of intent with three companies pursuant to which Cornerstone would acquire all of the stock or assets of these entities. One acquisition candidate is engaged in the business of printing hand-made books, specialty packaging and other paper products; one is engaged in contract manufacturing of party favors for novelty product companies; and one is engaged in the developing, marketing and selling of girls' toys. Cornerstone has also held preliminary discussions with various other potential acquisition candidates.

If Cornerstone is successful in acquiring any of these entities either before or after the consummation of the reorganization merger and the transactions contemplated by the subscription and exchange agreement, it is Cornerstone's intention to seek to contribute these businesses to Grand HK. The terms upon which Cornerstone will contribute these businesses to Grand HK will first be negotiated on an arms-length basis between Cornerstone and the directors of Grand HK who are not affiliated with Cornerstone. If an agreement providing for the contribution of these businesses to Grand HK is reached between Cornerstone and a majority of the directors of Grand HK who are not affiliated with Cornerstone, the consummation of such transaction will be conditioned on the affirmative vote of a majority of the shareholders of Grand HK who are not affiliated with Cornerstone at a general meeting of Grand HK shareholders convened for that purpose.

Playwell Selected Historical Consolidated Financial Data

The following selected historical financial data should be read in conjunction with Playwell's consolidated financial statements and related notes thereto and Management's Discussion and Analysis of Financial Condition and Results of Operations of Playwell which are included elsewhere in this proxy statement/prospectus.

The Playwell information is presented into three tables, to reflect the fact that Playwell's primary financial statements are prepared on the basis of Hong Kong GAAP and reconciled to US GAAP. The tables reflect Playwell's financial statements first in HK dollars and U.S. Generally Accepted Accounting Principles (GAAP), second in HK dollars and HK GAAP and then thirdly, for the benefit of the readers of this information, in US dollars and US GAAP. Playwell publishes its consolidated financial statements in Hong Kong dollars and has included a reconciliation to U.S. GAAP in note 29 of its 2003 audited financial statements. Certain translations of Hong Kong dollar amounts into U.S. dollars at specified rates have been done solely for the convenience of the reader. This does not mean that the assets and liabilities have been converted or could have been converted at those rates. Unless otherwise indicated, the translation of Hong Kong dollars into U.S. dollars has been made at the rate of HK\$7.78 to US\$1.00.

Income statement data for the years/period ended December 31, 2003, 2002 and 2001 as well as the balance sheet data as at December 31, 2003 and 2002 are derived from the audited consolidated financial statements included elsewhere in this proxy statement/prospectus.

Playwell International Limited was incorporated on December 13, 2000 and commenced business in August 2001. As such, historical consolidated financial data is only available for the two years, 2003 and 2002, and the 18 month period ending December 31, 2001.

Notes to Pro Forma Financial Statements

1. Accounting Treatment For Business Combination

The pro forma financial information presents the business combination of Grand US with Playwell. The terms of the transaction are that concurrently the stockholders of Playwell will transfer to Grand US its ownership of the shares of Playwell and cash of \$11 million. As consideration, Grand US will issue to Playwell's shareholder 10,000,000 shares. As a consequence the shareholder of Playwell will own after the transaction approximately 65% of the total shares outstanding of Grand US.

The purchase method of accounting will be used to account for the business combination. Due to the terms of the acquisition, from an accounting viewpoint, Playwell is deemed to be the acquirer and Grand US will be the subject of the reverse takeover by Playwell, the accounting acquirer.

Application of purchase accounting results in the following:

- i. The identifiable tangible and intangible assets acquired and liabilities assumed from Grand US will be based on their fair values on the date of acquisition;
- ii. The excess of the acquisition cost over the identifiable assets acquired and liabilities assumed from Grand US will be reflected as goodwill; and
- iii. The results of operations of Grand US (as the acquired entity) will be included in the consolidated financial statements of Playwell (as the acquirer) from the date of acquisition only.

2. Pro Forma Assumptions And Adjustments

The pro forma consolidated balance sheet gives effect to the acquisition as if such acquisition had taken place as at December 31, 2003. The pro forma consolidated statement of income gives effect to the acquisition as if such acquisition had taken place as at January 1, 2003.

The accounting policies used in the preparation of the pro forma consolidated financial statements are those disclosed in the Grand US consolidated financial statements for the year ended December 31, 2003 which are incorporated by reference in this proxy statement/prospectus.

The financial information for both Playwell and Grand US are presented in US dollars and in accordance with US GAAP. The financial statements of Playwell have been converted into U.S. dollars using the rate of HK\$7.78 to US\$1.00 for both the balance sheet and the income statement.

The consideration of \$11,000,000 is assumed to be comprised solely of cash.

The pro forma consolidated financial statements give effect to the following assumptions and adjustments:

Grand US has never paid a cash dividend on its common stock. Future dividends declared and paid by Grand HK, if any, will be determined by Grand HK's board of directors in light of circumstances existing from time to time, including growth prospects, profitability, financial condition, results of operations and other factors that Grand HK's board of directors deems relevant.

Because there is no established trading market for Playwell's ordinary shares, information with respect to the market price of Playwell's shares on a historical and an equivalent per share basis has been omitted.

RISK FACTORS

You should consider the following risk factors in evaluating whether to approve and adopt the agreement and plan of merger and the issuance of 10,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement. These factors should be considered in conjunction with the other information contained in this proxy statement/prospectus and the Annexes hereto. If any of the following risks actually occur, the business, financial condition or results of operations of any or all of Grand HK, Grand US and Playwell may be seriously harmed.

Risks Related to the Reorganization Merger

In deciding whether to vote in favor of the agreement and plan of merger, Grand US stockholders should consider the following risks.

Certain proposed U.S. tax legislation could adversely affect both Grand HK and the current U.S. shareholders of Grand US

Several members of the U.S. Congress have introduced legislation that, if enacted, could have unfavorable consequences both for Grand HK and for current U.S. shareholders of Grand US. Under each of the proposed bills, for U.S. federal income tax purposes, a domestic corporation that reincorporates in a foreign jurisdiction, in what is sometimes referred to as a corporate expatriation or corporate inversion transaction, with a view to avoiding U.S. corporate income tax, generally would continue to be treated as a domestic corporation and, thus, would be subject to U.S. federal income tax, unless the applicable transaction satisfied certain requirements. In addition, some of the proposed bills would deprive U.S. shareholders of the domestic corporation of the benefits of certain provisions of the tax laws that would otherwise accord tax-free treatment to these reorganization transactions. Each of the proposed bills would be effective for such corporate transactions completed after specified dates. If any of the proposed bills were enacted with their proposed effective dates, then, depending on the provisions of the legislation ultimately enacted, the anticipated tax-free treatment of the reorganization merger might not be realized and/or Grand HK might be subjected to U.S. taxation on the income of Playwell and its subsidiaries, which are not currently subject to such tax, thus reducing the anticipated net profits after tax of Grand HK.

While the reorganization merger, unlike those about which some members of Congress are concerned, would not remove from the U.S. tax jurisdiction any entities or income currently subject to such jurisdiction, it is possible that an overbroad form of the proposed legislation might be enacted which could have adverse effects on the reorganization merger, such as those described above. And, although Grand US has the right not to and does not intend to proceed with the reorganization merger if such legislation proposals were enacted or proposed or passed by any committee of the United States Senate or House of Representatives and the proposals would materially and adversely affect the prospective tax treatment of Grand US or its shareholders as compared with the treatment Grand US or its shareholders receive under current law, there can be no assurance that such tax legislation adopted after the completion of the reorganization merger would not be made applicable retroactively to the reorganization merger. Once the reorganization is completed, it will be difficult if not impossible to return to the current structure even if the anticipated tax advantages of the reorganization are not realized.

If you are a U.S. shareholder, you could be taxed as a result of the reorganization merger if the IRS successfully challenges the tax-free treatment of the reorganization merger

Apart from any changes in U.S. tax laws like those described above, the IRS or other taxing authority could disagree with Grand HK's assessment of the effects or interpretation of existing laws and regulations, or with certain factual determinations upon which the contemplated tax treatment of the reorganization merger depends. If the IRS were to challenge successfully the tax treatment of the reorganization merger, this could result in U.S. shareholders of

Grand US being taxes on their receipt of Grand HK ADSs in exchange for their Grand US common stock pursuant to the reorganization merger. The tax would be imposed on the excess, if any, of the trading price of the Grand HK ADSs received by U.S. shareholder in exchange for Grand US common stock in the reorganization merger over the shareholder's adjusted tax basis in the shares of Grand US common stock exchanged therefor. Generally, any such gain would be capital gain.

Risks Relating to the issuance of 10,000,000 Grand HK ADSs to Centralink

In deciding whether to approve the issuance of the Grand HK ADSs to Centralink in exchange for the shares of Playwell and other consideration pursuant to the subscription and exchange agreement, Grand US shareholders should consider the following risks relating to the issuance of shares to Centralink.

Grand HK will be controlled by a single investor and this control could inhibit potential changes of control

After the consummation of the reincorporation merger, the acquisition of Playwell, the additional subscription of Grand HK ADSs by Centralink and Centralink's purchase of certain shares held by two former directors of Grand US, Centralink will own 71.14% of the outstanding Grand HK ADSs. The ultimate beneficial owner of Centralink is Mr. Jeff Hsieh. Accordingly, Mr. Hsieh will have the ability to control the outcome of all matters requiring shareholder approval, including, after the expiration of the shareholders' agreement, the election and removal of Grand HK's entire board of directors, any merger, consolidation or sale of all or substantially all of Grand HK's assets, and the ability to control Grand HK's management and affairs. This concentrated control could discourage others from initiating any potential merger, takeover or other change of control transaction that may otherwise be beneficial to Grand HK's businesses. As a result, the market price of Grand HK's ADSs could be adversely affected.

The issuance of Grand HK ADSs to Centralink will have a dilutive effect on the current holders of Grand US common stock

After the consummation of the Playwell acquisition and the additional Centralink subscription, there will be 10,000,000 additional Grand HK ADSs outstanding, above the 5,355,244 Grand HK ADSs to be issued to the former owners of Grand US common stock. The Centralink issuance and the related purchase of certain shares held by two former directors of Grand US and the related purchase of certain shares held by two former directors of Grand US will, therefore, decrease the percentage equity ownership in Grand HK held by former owners of Grand US common stock from 100% to approximately 34.9%, thereby diluting the absolute ownership percentage of the Grand US shareholders.

The issuance of 5,000,000 Grand HK ADSs to Centralink pursuant to the subscription and exchange agreement may be below the market price for Grand HK ADSs.

Under the terms of the subscription and exchange agreement, Centralink is subscribing for two tranches of Grand HK ADSs, one for 3,000,000 Grand HK ADSs at a price of \$1.00 per Grand HK ADS and one for 2,000,000 Grand HK ADSs at a price of \$4.00 per Grand HK ADS. The \$1.00 subscription price was agreed upon in January, 2003 at a time when Grand US' market price was \$1.00 per share and the \$4.00 subscription price was orally agreed upon in January, 2004 at a time when Grand US' market price was \$3.00 per share. Grand US believes that the terms of the Centralink subscription were and are fair to the shareholders of Grand US. However, the average price for the Grand HK ADSs to be purchased by Centralink is \$2.20 per Grand HK ADS compared to a closing price of Grand US common stock on March 31, 2004 of \$3.07 per share. Accordingly, if the market price of Grand US common stock remains above \$2.20 per share at the closing of the consummation of the Playwell acquisition and the additional Centralink Grand HK ADS issuance, the issuance of the Grand HK ADSs to Centralink will be below the market price of the Grand HK ADSs.

If the expected benefits of the reorganization merger and Playwell acquisition are not realized, the market price of the Grand HK ADSs may be adversely affected

Grand HK will operate the combined operations of Grand US and Playwell in a market environment that cannot be predicted and that involves significant risks, many of which will be beyond its control. Although Grand US and

Centralink are proceeding on the basis that reorganization merger, the Playwell acquisition and the Centralink purchase of Grand HK ADSs will result in benefits to the shareholders of the combined company, Grand HK may not realize those benefits because of integration and other challenges. The failure of Grand HK to realize any of the anticipated benefits of the reorganization and acquisition, including anticipated cost savings described in this proxy statement/prospectus, could seriously harm the results of operations of Grand HK, thereby reducing earnings and potentially affecting the market price of the Grand HK ADSs. The challenges involved include the following:

-35-

demonstrating to the customers of Grand US and Playwell that the reorganization merger and Playwell acquisition will not result in adverse changes in customer service standards or business focus;

preserving distribution, marketing or other important relationships of both Grand US and Playwell and resolving potential conflicts that may arise;

minimizing the diversion of management attention from ongoing business concerns;

persuading employees that the business culture of Grand US and Playwell are compatible, maintaining employee morale and retaining key employees;

realizing economies of scale through the elimination of certain redundant administrative and overhead costs; and

realizing cost savings and strategic benefits due to vertical integration resulting from the combination of Grand US distribution capabilities and Playwell's manufacturing capabilities.

The reorganization merger and Playwell acquisition could negatively impact the combined financial results of Grand US and Playwell

If the benefits of the reorganization merger and Playwell acquisition do not exceed the costs associated with the reorganization merger and acquisition, including transaction costs and the dilution to Grand HK's shareholders resulting from the issuance of Grand HK ADSs to Centralink, Grand HK's financial results, including earnings per share, could be decreased. Grand HK estimates that it will incur, on a consolidated basis, direct transaction costs of approximately \$2,500,000 in connection with the proposed reorganization merger and Playwell acquisition, which will be considered as part of the purchase price and will be allocated to the net assets of Grand HK. This amount is a preliminary estimate and could change. Grand HK may incur additional charges in subsequent quarters to reflect costs associated with the proposed reorganization merger and the Playwell acquisition.

Certain relationships among Grand HK's management and affiliates create various potential and actual conflicts of interest and could adversely affect Grand HK's business

Although Grand HK intends to have a board of directors comprised of a majority of disinterested directors and to adopt a policy that all transactions with and loans to its affiliates be made on similar terms to those that can be obtained from unaffiliated third parties and for such transactions to be approved by a majority of Grand US directors who do not have an interest in the transaction, certain situations may arise in the future where an interested party would be required to vote on actions that could benefit such person and negatively impact Grand HK, or vice versa.

Risks Related to the Combined Operations of Grand US and Playwell After the Reorganization Merger and the Acquisition of Playwell

In deciding whether to approve the reorganization merger and the issuance of the Grand HK ADSs to Centralink in exchange for the shares of Playwell and other consideration, Grand US shareholders should consider the following risks that will result from the combined operations of Grand US and Playwell.

Grand HK's business and operating results are and will continue to be highly dependent on transactions with related companies

Both Grand US and Playwell are, and will continue to be, very dependent on companies related to Centralink for the manufacturing, marketing and sale of its toy products. This dependency includes the following:

Playwell historically purchases most of its plastic products from a factory in Dongguan, China operated by Playwell Industry Ltd., a subsidiary of Centralink, and most of its wooden products in

-36-

certain factories in Zhejiang, China operated by Zhejiang Playwell Toy Co., Ltd., an indirect subsidiary of Cornerstone, the parent of Centralink;

55% of Playwell's net revenues in fiscal 2003 derived from Toy Biz Worldwide Ltd., a subsidiary of Cornerstone, which we refer to as Toy Biz;

Playwell also accesses, through Playwell Toy China Ltd., established retail outlets and multiple sales offices in Mainland China; and

62% and 67% of Grand US's net sales in 2003 and 2002, respectively, were from products sold under license from Toy Biz.

Grand HK may not be able to obtain sufficient funding for Playwell's working capital needs

Historically, Playwell has funded its working capital needs through its cash flow from operations and loans from its affiliates, including Centralink. Therefore, Playwell does not currently have an established line of credit from a financial institution for its working capital needs. Although Grand HK is attempting to secure a working capital facility, in the event that Playwell's cash flow from operations is not sufficient to meet its working capital needs and Centralink does not advance the required financing, Playwell could be forced to curtail or delay its business activities.

Grand HK's business and operating results are and will continue to be highly dependent on sales of products licensed from Marvel Enterprises, Inc.

A significant portion of the revenues of Grand US and Playwell are, and the revenues of Grand HK will continue to be, derived from the manufacture and distribution of toys based on certain Marvel comic and movie characters for Toy Biz. Toy Biz acquired the worldwide right to manufacture and sell toys based on these Marvel comic and movie characters from Marvel Enterprises Inc. through the end of 2006. In the event that Toy Biz is unable to secure the rights to continue to manufacture and sell these Marvel products after 2006, it would have a material adverse effect on the business of Playwell, Grand US and Grand HK, taken as a whole.

Grand HK may be adversely effected by the seasonal aspect of its business

The business of both Grand US and Playwell is seasonal and a majority of their sales take place in the third and fourth quarters of their fiscal years, therefore, Grand HK's annual operating results will depend, in large part, on sales during the relatively brief holiday season from September through December. Further, the impact of seasonality is increasing as large retailers become more efficient in their control of inventory levels through quick response management techniques. Rather than maintaining large on-hand inventories throughout the year to meet consumer demand, these customers are timing reorders so that they are being filled by suppliers closer to the time of purchase by retail customers, which to a large extent occur during September through December. While these techniques reduce a retailer's investment in inventory, they increase pressure on suppliers like Grand US and Playwell to fill orders promptly and shift a significant portion of inventory risk and carrying costs to the supplier. The limited inventory carried by retailers may also reduce or delay retail sales. Additionally, the logistics of supplying more and more products within shorter time periods will increase the risk that Grand US or Playwell may fail to achieve tight and compressed shipping schedules. This seasonal pattern requires significant use of working capital mainly to manufacture inventory during the year, prior to the holiday season, and requires accurate forecasting of demand for products during the holiday season. Grand HK's failure to accurately predict and respond to consumer demand could result in its under-producing popular items and overproducing less popular items.

Grand HK's attempts to acquire other companies may not prove fruitful or even if successful could have an adverse effect on its liquidity and earnings

Grand HK currently plans to pursue an acquisition strategy to expand its business and product offerings. This process will likely divert a significant amount of management time and effort. New acquisition discussions will likely distract Grand HK management from its day-to-day operations. Even if Grand HK does find companies that are worth acquiring, it may be extremely difficult to integrate their operations into its existing operations. In addition, there is no guaranty that its acquisitions will be successfully completed or, if completed will be financially successful. Thus, any such acquisition could have an adverse effect on Grand HK's future liquidity and earnings.

An inability to obtain financing could adversely impact Grand HK's ability to expand its operations

In order to achieve Grand HK's long-term expansion objectives and to enhance its competitive position in the worldwide toy industry, Grand HK will need additional financial resources over the next several years. The precise amount and timing of its future financing needs cannot be determined at this time and will depend upon a number of factors, including the demand for its products, the management of its working capital and the nature of

companies which Grand HK plans to acquire. Grand HK may not be able to obtain additional financing on acceptable terms, or at all. If Grand HK is unable to obtain sufficient capital, it could be required to curtail its expansion plans.

Grand HK is dependent upon key personnel whose loss may adversely impact Grand HK's business

Grand HK will depend on the expertise, experience and continued services of its senior management employees, including Elliot L. Bier, who is chairman of Grand US and will become an officer and director of Grand HK, Henry Hu, a managing director of Playwell who will become the managing director of Grand HK, Raymond Chan, the chief operating officer of Playwell, David Fremed, who will become the chief financial officer of Grand HK, and Tania M. Clarke, who is the chief financial officer of Grand US and will become a senior financial executive of Grand HK. Each of these individuals has acquired specialized knowledge and skills with respect to Grand US and Playwell, and their respective operations and most decisions concerning the business of Grand US and Playwell will be made or significantly influenced by them. Neither Grand US nor Playwell maintains key man insurance on the life of any of these persons. The loss of some of these senior management employees, or an inability to attract or retain other key individuals, could materially adversely affect Grand HK. Growth in Grand HK's business is dependent, to a large degree, on Grand HK's ability to retain and attract such employees. Grand HK, Playwell and Grand US seek to compensate and incentivize its key executives, as well as other employees, through competitive salaries, stock ownership and bonus plans, but there can be no assurance that these programs will allow it or Grand US or Playwell to retain key employees or hire new key employees. As a result, if any of these individuals were to leave Grand HK, Grand US or Playwell following the reorganization merger and Centralink transactions, the combined company could face substantial difficulty in hiring qualified successors and could experience a loss in productivity while any such successor obtains the necessary training and experience.

Grand HK may suffer from bad debts and returns of toy products manufactured and sold by Grand US or Playwell

While both Grand US and Playwell perform full credit checks on all of its customers, Grand HK cannot be assured that any customer will not default on a payment of debt. Such a default could have a significant effect on its results. Furthermore, it is industry practice for retailers to hold back payments on slow moving stock or to request markdowns or returns on such stock. In certain instances, where retailers are unable to sell the quantity of products which have been ordered from Playwell or Grand US, Playwell and Grand US may, in accordance with industry practice, assist retailers to enable them to sell such excess inventory by offering discounts or accepting returns. A portion of firm orders, by their terms, may be canceled if shipment is not made by a certain date. Playwell and Grand US take all commercially reasonable steps to minimize payment defaults, returns or cancellations and to properly accrue and reserve for such events. However, there can be no assurance that these defaults, returns and cancellations will not have a material adverse effect on the business, financial conditions and results of operations of Grand HK.

In order to maintain its business, Grand HK will depend on obtaining and maintaining licenses for the manufacture and distribution of products

Playwell and Grand US have entered into various licenses and royalty agreements in which they pay fees in exchange for rights to the use of product inventions or trademarked names, shapes and likenesses for use in development of its product line. The two major licenses that Playwell currently holds is the right to certain Walt Disney Company and Crayola branded products. Grand US's major license is with Toy Biz. These agreements generally include minimum fee guarantees based on a reasonable expectation of the product sales to be generated throughout the life of the agreement. There can be no assurance that Playwell or Grand US will be able to meet these projected expectations and may be obligated to pay unearned fees as a result. License and royalty agreements are also mostly for fixed terms and often contain performance-related covenants. Playwell's licenses for such Walt Disney Company and Crayola branded products are both short-term agreements, expiring in 2006. Similarly, Grand US has no written agreement with Toy Biz to distribute its products. There is no assurance that Playwell or Grand US will be able to

maintain or extend the rights to these or other of its existing licenses. The failure to renew these license agreements or any difficulty in entering into other license agreements with other entertainment companies will have an adverse effect on Grand HK's business and results of operations.

The timing of product introduction is very important to Grand HK's operating results and may sometimes be delayed

Once a new product is conceived, the principal steps to the introduction of the product include design, sourcing and testing of components, tooling, and purchase and design of graphics and packaging. At any stage in the process, there may be difficulties or delays in completing the necessary steps to meet the contemplated product introduction schedule. It is, for example, common in new product introductions or product revisions to encounter technical and other difficulties affecting manufacturing efficiency and, at times, the ability to manufacture at all, that will typically be corrected or improved over a period of time with continued manufacturing experience and engineering efforts. If one or more aspects necessary for introduction of products are not met in a timely fashion, or if technical difficulties take longer than anticipated to overcome, the anticipated product introductions will be delayed, or in some cases may be terminated. Therefore, no assurances can be given that products will be introduced in a timely fashion. Significant delays in the introduction of, or the failure to introduce, new products or improved products would have an adverse effect on Grand HK's operating results.

The toy industry traditionally has a high level of volatility

The toy industry is known for a high level of volatility as a result of changing consumer tastes, competition and over saturation of popular products. Playwell and Grand US have both experienced significant volatility in their results in their past histories. While Grand HK is expected to diversify its business in the future to reduce volatility, there can be no guarantee that this history of volatility will not continue.

Because the life cycle for toy products is usually very short and consumer preferences are unpredictable, Grand HK's business may be adversely affected by its inability to develop or secure the right to distribute new products

Grand HK's business and operating results will depend largely upon the appeal of the toy products manufactured and sold by Grand US and Playwell. Consumer preferences in the toy industry are highly subjective, and there can be no assurance that consumers will continue to find existing products of Grand US or Playwell appealing or will find new products introduced by Playwell or Grand US appealing. As a result of changing consumer preferences, many toy products are successfully marketed for only one or two years. Grand HK's continued success will depend on the ability of Playwell and Grand US to redesign, restyle and extend its existing toy and fashion accessory products and to develop, acquire the right to, introduce and gain customer acceptance of new products. A decline in the popularity of its existing products and product lines or the failure of new products and product lines to achieve and sustain market acceptance could result in reduced overall revenues and margins, which could have a material adverse effect on Grand HK's business, financial condition and results of operations. There can be no assurances that

any of the current products or product lines manufactured or sold by Grand US or Playwell will continue to be popular for any significant period of time;

any new products or product lines subsequently manufactured or sold by Grand US or Playwell will achieve an adequate degree of market acceptance;

any new product's life cycle will be sufficient to permit Grand US or Playwell to recover development, manufacturing, marketing or other costs of the product; or

that retailers will react positively to any new product introduced by Playwell or Grand US.

If the market for new or existing products is less than expected, Playwell and Grand US may build excess quantities of certain products and subsequently may be required to sell inventory of such products at a substantial discount or put inventory provisions in place to mark the value of excess inventory quantities down to their estimated

market value.

Finally, Playwell continues to offer a relatively limited range of products that are all in the categories of generic toys in the infant, preschool, and activity toys for younger children. This exposes Playwell to the risks of any narrowly focused business.

Grand HK may become subject to U.S. corporate income tax, which would reduce Grand HK's net income

Although Grand US and its subsidiaries will continue to be subject to U.S. corporate income tax on their U.S. operations after the reorganization merger, Grand HK anticipates that its non-U.S. operations will not be subject to U.S. corporate income tax other than withholding taxes imposed on certain U.S. source income. However, if Grand HK becomes subject to U.S. corporate income tax, its net income will be reduced.

Grand HK, Playwell and other non-U.S. affiliates of Grand HK intend to conduct their operations in a manner intended to ensure that they will not be treated as engaging in the conduct of a trade or business in the U.S. Thus, Grand HK, Playwell and its non-U.S. affiliates believe that they should not be required to pay U.S. corporate income tax, other than withholding tax on certain U.S. source income. However, if the IRS successfully contends that Grand HK, Playwell or any of the non-U.S. affiliates of Grand HK are engaged in a trade or business in the U.S., then Grand HK, Playwell or the non-U.S. affiliates of Grand HK would be required to pay U.S. corporate income tax on income that is subject to the taxing jurisdiction of the U.S., and possibly the U.S. branch profits tax.

The toy industry in which Grand HK operates is highly competitive

Playwell and Grand US face significant competition in the segments of the toy industry in which they operate. Playwell faces significant competition in the infant and pre-school toy industry. The barriers for new producers to enter into Playwell's markets are relatively low and Playwell expects that it will face increased competition in the future. Some competitors offer products at lower prices, are better established in the industry and are larger than Playwell. In addition, with respect to original design manufacturing, or ODM, and original equipment manufacturing, or OEM, Playwell competes with a number of substantially larger and more experienced manufacturers.

Grand US primarily operates in the rapidly consolidating toy distribution business. Many other companies involved in the toy distribution industry in Canada and the U.S. have greater financial resources, larger sales forces, greater name recognition, larger facilities for product development and products that may be more competitively priced than Grand US products. As a result, some of Grand US's competitors may be able to obtain toy products in greater volume or more lucrative distribution contracts than Grand US can. In addition, as the toy industry consolidates, many retailers have begun to deal directly with toy manufacturers, thereby reducing or eliminating the need for distributors such as Grand US.

Grand HK may be involved in disputes regarding its ownership and use of intellectual property

From time to time, other companies and individuals may assert exclusive patent, copyright, trademark and other intellectual property rights to technologies or marks that are important to the toy industry generally or to Grand HK's business specifically. Grand HK and its subsidiaries will evaluate each claim relating to its products or other aspects of its business and, if appropriate, will seek a license to use the protected technology. There can be no assurance that Grand HK or its subsidiaries will be able to obtain licenses to intellectual property of third parties on commercially reasonable terms, if at all. In addition, Grand US and Playwell could be at a disadvantage if its competitors obtain licenses for protected technologies on more favorable terms than does Playwell or Grand US. If Playwell, Grand US or their suppliers are unable to license protected technology used in Playwell's or Grand US's products, Playwell and Grand US could be prohibited from marketing those products or may have to market products without desirable features. Playwell and Grand US could also incur substantial costs to redesign its products or to defend any legal action taken against Playwell or Grand US. If Playwell's or Grand US's products or manufacturing methods should be found to infringe protected technology, Playwell or Grand US could be enjoined from further infringement and required to pay damages to the infringed party. Any of the foregoing could have an adverse effect on the results of operations and financial position of Grand HK.

Grand HK may not be able to protect its intellectual property

On occasion in the toy industry, successful products are knocked-off or copied. While Playwell and Grand US strive to protect their intellectual property, there can be no guarantee that knock-offs will not have a significant negative effect on its business. The costs incurred in protecting Grand US's and Playwell's intellectual

property rights could be significant and there is no assurance that they will be able to successfully protect their rights.

Grand HK may be subject to product liability claims which, if not covered by adequate insurance, could adversely impact its results and financial condition

Grand US and Playwell are both subject to product liability claims relating to the products they manufacture and distribute. Since most of Playwell's products are manufactured for infants and pre-school children, safety has been a major concern in the toys that Playwell, in particular, designs, develops and has manufactured. However, neither Playwell nor Grand US can assure total safety of its products and therefore can be subject to possible claims for injury or damage, some or all of which may not be covered by insurance. Playwell is not currently, nor has it been in the past, a defendant in any product liability lawsuit. Grand US is currently a defendant in a product liability claim relating to a third party's product which was distributed by Grand US. Although Grand US and Playwell maintain product liability insurance in amounts which each of them believes is adequate, a successful claim brought against Playwell or Grand US by a customer or a consumer and the adverse publicity that could accompany any such claim could have a material adverse effect on the business, financial condition and results of operations of Grand HK.

Grand HK is expected to operate across a number of international borders and may face unanticipated assessments from taxing authorities from these jurisdictions

Grand HK's operations will involve a significant number of cross-border transactions. Grand HK is expected to establish provisions for its known and estimated income tax obligations. However, whether through a challenge by one of the many tax authorities in international jurisdictions where Grand HK and its subsidiaries operate, through Grand HK's transfer pricing, or through challenges to Grand HK's claim regarding lack of permanent establishment, or other matters that may exist, Grand HK would be exposed to possible additional taxation that will not have been accrued.

Grand HK will be subject to many U.S. regulations when importing toys into the U.S.

U.S. customers of Grand HK are subject to the provisions of the Federal Hazardous Substances Act and the Federal Consumer Product Safety Act. These laws empower the Consumer Product Safety Commission, or the CPSC, to protect consumers from hazardous toys and other articles. The CPSC has the authority to exclude products from the market that are found to be unsafe or hazardous, and can require a recall of such products under certain circumstances. Similar laws exist in some states and cities in the U.S., as well as in foreign jurisdictions. While Grand HK expects to design and test the products it purchases or manufactures for compliance with regulatory standards, there can be no assurance that Grand HK's products will not be found to violate applicable laws, rules and regulations, which could have a material adverse effect on the business, financial condition and results of operations of Grand HK. In addition, there can be no assurance that more restrictive laws, rules and regulations will not be adopted in the future, or that Grand HK's products will not be marketed in the future in countries with more restrictive laws, rules and regulations, either of which could make compliance more difficult or expensive, and which could have a material adverse effect on Grand HK's business, financial condition and results of operations.

Grand HK may be subject to tariffs and quotas when importing its products

A substantial portion of Grand HK's products are expected to be shipped to customers in the U.S. The U.S. may, from time to time, impose new quotas, duties, tariffs, or other charges or restrictions, or adjust presently prevailing quota, duty or tariff levels, which could adversely affect Grand HK's ability to continue to export products to the U.S. at the expected or increased levels. Grand HK cannot predict what regulatory changes may occur, if any, or the type or extent of any financial impact on Grand HK that such changes may have in the future. In addition, various forms of protectionist trade legislation have been proposed in the U.S. Adverse changes in tariff structures or other trade

policies could have a material adverse effect on Grand HK's business, financial condition and results of operations.

Investment Risks

By voting in favor of the reorganization merger and the issuance of Grand HK ADSs to Centralink, Grand US shareholders will be choosing to invest in Grand HK. Owning Grand HK ADSs will subject holders to a number of risks, some of which are similar to those associated with owning Grand US common stock and some of which are different.

The market price of Grand HK ADSs may decline compared with the market price of Grand US common stock as a result of the reorganization merger and the Playwell acquisition

Although Grand US shares have traded on the Nasdaq SmallCap Market since 1993, the acquisition of Playwell represents a fundamental change in the business and operations of Grand US. Playwell is a larger company than Grand US and is engaged in different lines of business. Accordingly, the historical market price of Grand US should not be used as an indication of the future market price of Grand HK ADSs. In fact, the market price of Grand HK ADSs may decline compared with the market price of Grand US common stock as a result of the reorganization merger and acquisition, if:

the integration of Grand US and Playwell is unsuccessful;

Grand HK does not achieve the perceived benefits of the reorganization merger and the Playwell acquisition as rapidly as it believes or as investors expect; or

the effect of the reorganization merger and the Playwell acquisition on Grand HK's financial results is not consistent with the expectations of investors.

The market price of Grand HK ADSs is expected to be volatile

Market prices of the securities of toy companies are often volatile and Grand US historical stock price has reflected this volatility. The trading price of Grand US common stock has been, and the trading price of Grand HK's ADSs may continue to be, subject to wide fluctuations. For the period from January 1, 2003 through March 31, 2004, the closing sale prices of Grand US common stock on the Nasdaq SmallCap Market ranged from \$1.00 to \$4.78. These broad market and industry fluctuations may result in the decline of the market price of Grand HK's ADSs, regardless of its operating performance.

The market price of Grand US common stock has been, and Grand HK expects that the market price of the Grand HK ADSs will be, affected by many factors, including:

fluctuations in Grand HK's financial results;

the actions of Grand HK's customers and competitors;

new regulations affecting foreign manufacturing;

other factors affecting the toy industry in general;

announcements of new products by Grand HK or its competitors,;

the operating and stock price performance of other companies that investors may deem comparable;

news reports relating to trends in its markets; and

sales of Grand HK ADSs into the public market.

-42-

It may be difficult for Grand HK ADSs to be sold at attractive prices

Grand US common stock has generally experienced limited liquidity and trading volume, and it is likely that Grand HK ADSs will initially experience lack of liquidity, lack of volume and lack of coverage by analysts and market makers, which may or may not affect the future performance of the Grand HK ADSs. There can be no assurance that a more active trading market for the Grand HK ADSs will develop or that, if developed, will be sustained. Further, there is no public market for the ordinary shares of Grand HK underlying the ADSs. In the past several years, many foreign issuers with market capitalization similar to that of Grand HK have been unable to sustain an active trading market for their securities. The market price for the ADSs going forward may be highly volatile, as has been the case with the ADSs and the securities of other companies located in emerging market countries.

In addition, the stock market in general has experienced extreme volatility that often has been unrelated to the operating performance of any company. These broad market and industry fluctuations may result in the decline of the price of Grand HK ADSs, regardless of its operating performance.

Future sales of Grand HK ADSs by existing shareholders, option holders and warrant holders could result in a decline of the price of Grand HK ADSs

The market price of Grand HK ADSs could decline as a result of sales of a large number of its ADSs into the market after the exchange is completed, or the perception that these sales could occur. There are currently options and warrants to purchase 1,046,607 shares of Grand US common stock outstanding. All of these options and warrants will be converted into options and warrants to purchase the same number of Grand HK ADSs upon exercise. If and when these options and warrants are exercised, it might have a depressive impact on the market price of the Grand HK ADSs. This might make it more difficult for Grand HK to sell equity securities in the future at a time and at a price that it deems appropriate.

Grand HK does not expect to pay dividends on its stock

Neither Grand US nor Playwell has paid any cash or other dividends on its common stock and Grand HK does not expect to declare or pay any cash dividends in the foreseeable future.

It may be difficult to enforce civil liabilities against Grand HK

Grand HK is a Hong Kong company, and a substantial portion of its assets will be located outside the U.S. In addition, certain of Grand HK's directors and officers named herein are resident outside the U.S. (principally in Hong Kong and the People's Republic of China), and all or a substantial portion of the assets of such persons are or may be located outside the U.S. As a result, it may not be possible for investors to effect service of process within the U.S. upon such persons, or to enforce against them or Grand HK judgments obtained in the U.S. courts predicated upon the civil liability provisions of the U.S. securities laws. The availability in Hong Kong, in original actions or in actions for enforcement of judgments of U.S. courts, of remedies provided for under the U.S. securities laws may be subject to the discretion of the Hong Kong courts based on consideration of Hong Kong public policy.

Grand HK has more limited reporting requirements as a foreign private issuer than those to which Grand US is currently subject

As a foreign private issuer, under the Exchange Act, Grand HK is not required to publish financial statements as frequently, as promptly or containing the same information as U.S. companies. Grand HK will also be exempt from the rules and regulations of the Exchange Act prescribing the furnishing and content of proxy statements, and its officers, directors and principal shareholders are exempt from the reporting and short-swing profit recovery provisions

contained in Section 16 of the Exchange Act.

Risks Specific to Grand US

In deciding whether to approve the reorganization merger and the issuance of Grand HK ADSs to Centralink, in addition to some of the risks described above, Grand US shareholders should consider the following risks of Grand US if these transactions are not approved and Grand US continues to operate as an independent company.

Doubts about Grand US ability to continue as a going concern could have a material adverse effect on its stock price and the liquidity of its shares

In Grand US audited financial statements for the year ended December 31, 2002 and 2001, it recognized that it had certain issues which raised substantial doubts about its ability to continue as a going concern. The reasons cited were its recurring losses and the insufficiency of its line of credit to fund its operations. This was included in the notes in, and in KPMG's audit report on, those financial statements. In mid-2002, Grand US implemented a plan to stem its losses and return to profitability and, at that time, secured an increase in its line of credit. These efforts led to Grand US return to profitability in 2003 and the absence of any going concern note in, and in KPMG's audit report on, Grand US financial statements for the year ended December 31, 2003. However, there can be no assurance that Grand US will be able to sustain profitability and if it cannot, whether Grand US would be able to continue to operate as a going concern.

Grand US has a recent history of losses which makes sustained profitability uncertain

Although Grand US had net earnings of \$1,112,577 for the year ended December 31, 2003, it incurred net losses of \$826,848 and \$1,371,492 for the year ended December 31, 2002 and 2001 respectively and had not reported an annual profit since the year ended December 31, 1997. Grand US believes that its return to profitability in 2003 resulted from its recent focus on the distribution of products with higher profit margins and the reduction in expenses. Although these efforts were successful in 2003, Grand US cannot be sure that its efforts will result in continued profitability on an annual basis in the future.

Grand US shares may not continue to be listed on the Nasdaq SmallCap Market which could adversely affect the price and liquidity of its stock and its ability to obtain financing in the future

On January 9, 2004, Grand US was advised by Nasdaq that it failed to meet the requirements for continued listing on Nasdaq for failure to hold its 2003 special meeting by December 31, 2003, and that its securities were therefore subject to delisting from the Nasdaq SmallCap Market. Grand US successfully appealed the Nasdaq Staff determination and Grand US shares will continue to be listed on the Nasdaq SmallCap Market. However, Grand US most recent appeal was the third time since 2001 that it was subject to potential delisting. There can be no assurance that Grand US will be able to continue to meet the requirements for continued listing or that Grand US could successfully appeal a delisting determination in the future. If Grand US shares were delisted, Grand US might be able to have its shares listed for quotation on the OTC Bulletin Board or other markets. However, the failure to have Grand US shares quoted on the Nasdaq market would likely have an adverse impact on the price and liquidity of Grand US shares and Grand US ability to obtain financing in the future.

A few customers account for a large portion of Grand US net sales and a substantial reduction in or termination of orders from its large customers could adversely affect its business, financial condition and results of operations

Grand US four largest customers accounted for approximately 54% and 65% of its net sales in 2003 and 2002, respectively. Except for outstanding purchase orders for specific products, Grand US does not have written contracts with or commitments from any of its customers. A substantial reduction in or termination of orders from any of its largest customers could adversely affect its business, financial condition and results of operations. In addition,

pressure by large customers seeking a reduction in prices, financial incentives, a change in other terms of sale or on Grand US to bear the risks and the cost of carrying inventory could also adversely affect Grand US business, financial condition and results of operations.

The loss of Grand US right to distribute Toy Biz products would have a material adverse affect on its business, financial condition and results of operations

Grand US has operated without a written distribution agreement with Toy Biz Worldwide Ltd. since 2001. However, it has continued to distribute the product lines carried by Toy Biz during 2002 and 2003 and has accepted orders from Toy Biz in 2004. Because Toy Biz is affiliated with Playwell, Grand US management believes that its relationship with Toy Biz will continue past 2004 if the Playwell acquisition is consummated. However, if the Playwell acquisition is not consummated, or even if it is, there can be no assurance that Grand US will be able to retain the right to distribute the Toy Biz product line or, even if Grand US does retain this right, that any of the products in this branded product line will retain their current popularity. The loss of Grand US distribution rights to any of these product lines or the decrease in the popularity of any one of these branded product lines would adversely affect Grand US business, financial condition and results of operations.

Non-compliance with certain Canadian government regulations could seriously harm our business

Most of Grand US business is currently conducted in Canada. Grand US is subject to the provisions of various laws, certain of which have been enacted by the federal government of Canada, the Province of Quebec and other Canadian provinces. The laws of Canada include the Hazardous Products Act which empowers the Canadian government to protect children from hazardous toys and other articles. Under that legislation, the Canadian government has the authority to exclude from the market those products which are found to be hazardous. Grand US is also subject to the Consumer Packaging and Labeling Act enacted by the government of Canada. This legislation prohibits the importation of prepackaged items and the sale or importation or advertising of items which have misleading information on their labels. As a result, if any Canadian governmental entities should allege that any of Grand US products are hazardous to children or the packaging is misleading, whether or not such items are dangerous or misleading, Grand US could be precluded from distributing entire lines of toys in Canada until a full investigation is completed. In such case, even if Grand US prevails, a significant portion of the value of the entire line could be lost during a time-consuming investigation because, as discussed above, the life cycle for toy products is usually very short.

Risks Relating To Doing Business In China

Grand HK will be organized and based in Hong Kong, which is part of the People's Republic of China, and Grand HK is also expected to purchase most of its products from manufacturers in China. The following addresses some of the risks associated with doing business in China.

Certain of Playwell's related subsidiaries on which Playwell depends have large operations in China

Playwell Industry Ltd. and Zhejiang Playwell Toy Co. Ltd., from which Playwell sources most of its supplies of finished products and moulds for manufacturing, have their manufacturing facilities in Mainland China. Should the production capacity of any of these companies be interrupted for whatever reason, including risks inherently associated with doing business in Mainland China, the operations of Playwell would be materially affected.

China may lose its Normal Trade Relations, or NTR, status with the U.S. or the tariff or trade policies between these two countries may change

Grand HK expects to purchase a majority of its products from manufacturers in China and export them from Hong Kong and China to the U.S. and worldwide. On September 19, 2000, the US Senate voted to permanently normalize trade with China, which provides a favorable category of US import duties. In addition, on December 11, 2001, China was accepted into the World Trade Organization, or WTO, a global international organization of 144 countries that

regulates international trade. As a result of opposition to certain policies of the Chinese government and China's growing trade surpluses with the U.S., there has been, and in the future may be, opposition to the extension of NTR status for China. The loss of NTR status for China, changes in current tariff structures or adoption in the U.S. of other trade policies adverse to China could have an adverse effect on Grand HK's business.

Increased Sino-U.S. Political tension may make Grand HK less attractive to investors and clients

The relationship between the U.S. and China is subject to sudden fluctuations and periodic tension. For example, relations may be compromised if the U.S. becomes a more vocal advocate of Taiwan or proceeds to sell certain military weapons and technology to Taiwan. Any weakening of relations between the U.S. and China could have a material adverse effect on Grand HK's business. Anti-Chinese sentiment could make Grand HK and its shares less attractive. In addition, changes in political conditions in China and changes in the state of Sino-U.S. relations are difficult to predict and could adversely affect Grand HK's operations or cause the Greater China market to become less attractive to investors and clients because it operates in China.

Any change in the Chinese government's economic reform programs may have a negative impact on Grand HK's operating results

The success of Grand HK's current and future operations in China and Hong Kong is highly dependent on the Chinese government's continued support of economic reform programs that encourage private investment, and particularly foreign private investment. Although the Chinese government has adopted an "open door" policy with respect to foreign investments, there can be no assurance that such policy will continue. A change in policies by the Chinese government could adversely affect Grand HK by, among other things, imposing confiscatory taxation, restricting currency conversion, imports and sources of supplies, or expropriating private enterprises. Although the Chinese government has been pursuing economic reform policies for nearly two decades, no assurance can be given that the Chinese government will continue to pursue such policies or that such policies may not be significantly altered, especially in the event of a change in leadership or other social or political disruption.

Because China does not have a well developed, comprehensive system of laws, it may be difficult for Grand HK and its subsidiaries to protect or enforce their legal rights

The Chinese legal system is a civil law system based on written statutes in which decided legal cases have little value as precedents, unlike the common law system in the U.S. China does not have a well-developed, consolidated body of law governing foreign investment enterprises. As a result, the administration of laws and regulations by government agencies may be subject to considerable discretion and variation. In addition, the Chinese legal system relating to foreign investments is both new and continually evolving, and currently there can be no certainty as to the application of its laws and regulations in particular instances. Definitive regulations and policies with respect to such matters as the permissible percentage of foreign investment and permissible rates of equity returns have not yet been published, statements regarding these evolving policies have been conflicting, and any such policies, as administered, are likely to be subject to broad interpretation, discretion and modification, perhaps on a case-by-case basis. As the legal system in China develops with respect to these new types of enterprises, foreign investors may be adversely affected by new laws, changes to existing laws (or interpretations thereof) and the preemption of provincial or local laws by national laws. Enforcement of existing laws may be sporadic and implementation and interpretation thereof inconsistent. Furthermore, the Chinese judiciary is relatively inexperienced in enforcing the laws that exist, leading to a higher than usual degree of uncertainty as to the outcome of any litigation. Even where adequate laws exist in China, it may be impossible to obtain swift and equitable enforcement of such laws, or to obtain enforcement of a judgment by a court of another jurisdiction. It is widely believed that China's entry into the WTO should expedite the uniform interpretation and enforcement of laws throughout China. However, there can be no assurance that Grand HK's current or future activities in China will have a high degree of certainty under China's legal system.

If Grand HK is not able to obtain appropriate governmental support and approvals in China, it may not be able to conduct its business activities as planned.

Grand HK's activities in China may by law be subject, in some circumstances, to administrative review and approval by various national and local agencies of the Chinese government. Although Grand HK believes that the present level of support from local, provincial and national governmental entities enjoyed by Playwell benefits Playwell's operations in connection with administrative review and the receipt of approvals, there is no assurance that such approvals, when necessary or advisable in the future, will be forthcoming. The inability to obtain such approvals could have a material adverse effect on Grand HK's business, financial condition and results of operations.

Changes in laws relating to Chinese taxation could subject Grand HK to substantial future taxation

The Chinese tax system is subject to substantial uncertainties and has been subject to recently enacted changes, the interpretation and enforcement of which are also uncertain. There can be no assurance that changes in Chinese tax laws or their interpretation or their application will not subject Grand HK to substantial Chinese taxes in the future.

Any change in the political and economic situation in Hong Kong could have a significant impact on Grand HK's operations

After the reorganization merger and the acquisition of Playwell, a significant part of Grand HK's facilities and operations will be located in Hong Kong. On July 1, 1997, sovereignty over Hong Kong was transferred from the United Kingdom to the People's Republic of China, and Hong Kong became a Special Administrative Region, or SAR, of China. As provided in the Sino-British Joint Declaration on the Question of Hong Kong and the Basic Law of the Hong Kong SAR of China, Hong Kong is to have a high degree of autonomy from China except in matters related to foreign affairs and defense. Under the Hong Kong Basic Law, Hong Kong has its own legislature, legal and judicial systems and economic autonomy for 50 years. Based on current political conditions and Grand HK's understanding of the Hong Kong Basic Law, Grand HK does not believe that the transfer of sovereignty of Hong Kong will have a material adverse effect on Grand HK's business, financial condition or results of operations. There can be no assurance, however, that changes in political, legal or other conditions will not result in such an adverse effect.

If the Exchange Rate for the Hong Kong Dollar ceases to be fixed against the U.S. Dollar, Grand HK would be subject to potentially significant adverse exchange rate risks

The Hong Kong dollar has remained relatively constant against the U.S. dollar due to the U.S. dollar peg and currency board system that has been in effect in Hong Kong since 1983. However, in early 1999, the Hong Kong dollar was subject to currency speculation, and the Hong Kong government substantially supported the market for the Hong Kong dollar, both directly and indirectly through the large-scale purchase of securities listed on the Hong Kong Stock Exchange. There can be no assurance that the historical currency peg of the Hong Kong dollar to the U.S. dollar will be maintained in the future.

A change in currency exchange rates could increase Grand HK's costs relative to its revenues

Grand HK's sales are expected to be mostly denominated in U.S. dollars or Euros. The majority of Grand HK's expenses are expected to be denominated in Hong Kong dollars, followed by Chinese renminbi, the currency of Mainland China, Euros and U.S. dollars. Grand HK is also expected to generate revenues, expenses and liabilities in other currencies such as Singapore dollars and New Taiwan dollars. However, Grand HK's quarterly and annual financial results will be reported in U.S. dollars. As a result, Grand HK will be subject to the effects of exchange rate fluctuations with respect to any of these currencies and the related interest rate fluctuations. Grand HK has not entered into agreements or purchase instruments to hedge its exchange rate risks, although it may do so in the future.

Restrictions on currency exchange for the Peoples Republic of China may affect Grand HK's results of operations

Although Chinese government policies were introduced in 1996 to allow greater convertibility of the renminbi, significant restrictions still remain. Grand HK can provide no assurance that the Chinese regulatory authorities will not impose greater restrictions on the convertibility of the renminbi. Because a significant amount of Grand HK's future expenses and liabilities may be in the form of renminbi, any future restrictions on currency exchanges may limit its ability to effectively conduct business in China.

PART II

THE REORGANIZATION AND THE PLAYWELL ACQUISITION AND SUBSCRIPTION

This section of this proxy statement/prospectus describes the agreement and plan of merger under which Grand US will reorganize into a subsidiary of a Hong Kong company and the subscription and exchange agreement under which Grand HK will, after its reorganization, issue 10,000,000 Grand HK ADSs to Centralink in connection with the acquisition of Playwell and the additional investment by Centralink.

This discussion is a summary only and is qualified in its entirety by reference to the agreement and plan of merger and the subscription and exchange agreement, copies of which are attached to this proxy statement/prospectus as Annex A and Annex B and are incorporated into this proxy statement/prospectus by reference.

Background of the Reorganization, the Acquisition of Playwell and the Subscription of Centralink

Grand US has, for over 40 years, been engaged in the distribution of toys and novelty products. Since Grand US went public in 1993, Grand US has sought to expand its operations beyond the Canadian toy distribution business. These expansion efforts have been focused on expanding product offerings through the development of proprietary products and expanding geographically outside of Canada. Grand US has, for many years distributed products for Toy Biz Worldwide, or Toy Biz, an entity affiliated with Playwell, including the Marvel line of products, the largest source of Grand US recent revenues.

Playwell was formed in 2000 as a holding company for a principal operating subsidiary, Hong Kong Toy Centre Limited, and certain related entities. Hong Kong Toy Centre Limited was formed in 1969 and has been active in the toy business for over 30 years.

The series of transactions described in this proxy statement/prospectus which, if approved by the shareholders of Grand US, will fundamentally change the constitution and business of Grand US. The transaction consists of two separate elements, each of which, subject to waiver, would happen only if the other is completed. The first element is the reorganization of Grand US, involving a reorganization merger through which Grand US would become a wholly-owned subsidiary of Grand HK. Pursuant to the reorganization, all the stock of Grand US would be converted into ordinary shares of Grand HK which will be traded in the U.S. as Grand HK ADSs. The second element is the acquisition of all of the issued and outstanding shares of Playwell from Centralink in exchange for 5,000,000 Grand HK ADSs and the issuance to Centralink of an additional 5,000,000 Grand HK ADSs for cash and other consideration in a total amount of \$11,000,000. As a result of these transactions, Grand HK will become the holding company for Grand US, Playwell and their respective operating subsidiaries.

Following consummation of the transactions contemplated by the subscription and exchange agreement, Centralink will own a majority of the shares of Grand HK and the Board of Directors of Grand HK will consist of five directors, two of whom will be nominated by Centralink, two of whom will be nominated by David Mars and Stephen Altro, directors and significant shareholders of Grand US and one director who will be selected by the independent directors of Grand HK.

Since 1996, Grand US has been the exclusive Canadian distributor of toy products for Toy Biz Worldwide. Sales of Toy Biz products, consisting primarily of action figures licensed from Marvel Enterprises, constituted 62%, 67% and 45% of sales by Grand US during the years ended December 31, 2003, 2002 and 2001, respectively. Grand US's distribution agreement with Toy Biz Worldwide expired on December 31, 2001. Since January 1, 2002, Grand US has distributed Toy Biz products pursuant to an oral agreement. Toy Biz, like Centralink, is wholly-owned by Cornerstone Overseas Investments, Ltd. Playwell Industry Limited and Toy Biz have manufactured products distributed by Grand

US. During the years ended December 31, 2003 and 2002, Grand US sales of Playwell Industry Limited products were \$32,172 and \$381,305, respectively. In 2003 and 2002, Grand US received sales commission from Playwell Industry Limited of \$9,093 and \$20,412, respectively. Grand US paid commissions of \$91,770 and \$199,537 to Kidbest Ltd, a sister-company of Playwell, in 2003 and 2002 respectively. Except for these arrangements, there are no other contracts, arrangements or understandings between Grand US or its subsidiaries and Cornerstone, Centralink, Playwell or their subsidiaries.

As early as 2001, the principals of Grand US and Centralink had spoken about the potential benefits of a combination of their businesses. Grand US had been looking for ways to enhance its distribution business, which had been declining for some time, by creating its own brands and proprietary products. Playwell, conscious of the growing consolidation in the toy industry, was interested in achieving the economies and higher margins associated with vertical integration of the distribution function as well as the acquisition of additional proprietary products and enhanced brand recognition. However, it was not until January of 2003 that discussions began in earnest. Those discussions initially involved a third party, Fun-4-All Corp., a developer and marketer of toy products and concepts.

In late December of 2002, Mr. David Mars, a director of Grand US, telephoned Mr. Jeff Hsieh, the beneficial owner of Centralink to discuss a potential business combination in anticipation of Mr. Mars' trip to Hong Kong.

On or about January 5, 2003, Mr. Mars telephoned Mr. Henry Hu, then a consultant to Cornerstone, to introduce the president and principal shareholder of Fun-4-All, Mr. Scott Bachrach. Mr. Mars had known Mr. Bachrach for a number of years, although Grand US and Fun-4-All had never done business together. Mr. Mars suggested that Playwell consider a business combination with Fun-4-All. Shortly thereafter, Mr. Hu met Mr. Bachrach in Hong Kong.

Late in the week of January 5, 2003, Mr. Hu and Mr. Mars met at the Marco Polo Hotel in Hong Kong. At that meeting, it was agreed that the parties would explore the possibility of a three-way combination involving Grand US, Playwell and Fun-4-All. A few days after that meeting, Messrs. Hu, Mars and Bachrach met, again in Hong Kong, and agreed to exchange preliminary financial information, which was done shortly thereafter.

On January 22, 2003, Grand US retained the firm Piper Rudnick LLP to serve as its legal advisor in connection with the proposed transaction.

On January 25, 2003, a meeting was held in New York at the offices of Lazar Levine, an independent accounting firm, to discuss the terms of the potential combination. The meeting was attended by Elliot L. Bier, Grand US chairman; Mr. Mars and Mr. Altro; Mr. Hu, a representative of Centralink; Scott Bachrach; Michael Dinkes of Lazar Levine; and counsel to Fun-4-All and Grand US. At this meeting, the parties outlined the material terms of the proposed transaction.

During the week of January 27, 2003, representatives of Piper Rudnick circulated a draft letter of intent to those attending the January 25 meeting. Several e-mails were thereafter exchanged concerning the terms of the letter of intent.

On February 15, 2003, a meeting was held at the offices of Lazar Levine to discuss the potential transaction and to further negotiate the terms of the letter of intent. The meeting was attended by Messrs. Bier, Mars, Hu, Bachrach and Altro. At the meeting, substantially all of the terms of the transaction were agreed upon.

Between February 15, 2003 and February 26, 2003, drafts of a proposed form of letter of intent were circulated among the parties.

On February 26, 2003, Grand US, Centralink and Fun-4-All executed a letter of intent containing the terms of the proposed transaction, including the acquisition by Grand US of Playwell and Fun-4-All and the related investment by Centralink into Grand US.

On March 3, 2003, Centralink retained Dorsey & Whitney to serve as its legal advisor in connection with the proposed transaction.

On March 22, 2003, Centralink retained BDO Seidman to perform a financial due diligence investigation of Grand US.

During the month of March 2003, representatives of Grand US and Centralink commenced legal and financial due diligence on Playwell, Fun-4-All and Grand US.

On April 2, 2003, representatives of Dorsey & Whitney, Centralink's counsel, and Piper Rudnick LLP, Grand US counsel, met at the offices of Piper Rudnick to discuss the progress of the due diligence. At the meeting, Centralink's counsel proposed a change to the structure of the transaction in which Grand US would reorganize outside of the United States.

On May 1, 2003, Tania M. Clarke, Grand US chief financial officer, and representatives of Piper Rudnick, Dorsey & Whitney and BDO Seidman, Centralink's independent accountants, met again at the offices of Piper Rudnick to discuss the proposal to reorganize Grand US outside of the United States.

On May 7, 2003, Grand US, Centralink and Fun-4-All amended the letter of intent to extend the period for entering into definitive agreements to July 1, 2003.

On May 19, 2003, Mr. Hu met with Mr. Bier in Vancouver, Canada, to discuss some of the issues that had arisen during the course of the parties' due diligence. The topics discussed included the composition of the board of directors of Grand HK following the consummation of the transaction and lock-up arrangements for affiliates of Grand US and Centralink.

On May 22, 2003, a meeting was held at the offices of Dorsey & Whitney in New York. The meeting was attended by Messrs. Bier, Mars and Altro and Ms. Clarke of Grand US, Mr. Hu, who had become executive director of Cornerstone during May 2003, Mr. Bachrach and Steve Krause of Fun-4-All and representatives of BDO Seidman, Dorsey & Whitney and Katten Muchin Zavis Rosenman. The latter firm had been retained by Grand US to replace Piper Rudnick in connection with the transaction. At the meeting, all material issues regarding the transaction were agreed upon and a schedule was provided for completing due diligence and preparing definitive documentation.

On May 30, 2003, Grand US retained J. Chan, Yip, So & Partners as special Hong Kong counsel in connection with the acquisition of Playwell.

On June 24, 2003, an initial draft of what ultimately became the subscription and exchange agreement was circulated to all parties.

Between June 24, 2003 and November 13, 2003, representatives of Grand US, Centralink and Fun-4-All and their respective legal counsel engaged in ongoing due diligence and negotiation of the subscription and exchange agreement and the related documentation.

On July 1, 2003, Grand US, Centralink and Fun-4-All executed a further amendment to the letter of intent which extended the deadline for entering into definitive agreements from July 1, 2003 to August 15, 2003, and extending the anticipated date of the closing from September 30, 2003 to November 30, 2003.

On July 16, 2003, Grand US retained KPMG to perform a financial due diligence investigation of Fun-4-All.

On August 5, 2003, Grand US retained KPMG to perform a financial due diligence investigation of Playwell.

On September 8 and 9, 2003, Mr. Bier, Mr. Bachrach and counsel for Grand US, Centralink and Fun-4-All met in New York to discuss the draft agreements and the open issues pertaining to the transaction. Mr. Hu participated in some of the discussion by telephone.

On November 5 and 6, 2003, meetings were held at the offices of Katten Muchin Zavis Rosenman in New York. The meetings were attended by Messrs. Bier and Mars of Grand US, Mr. Hu of Centralink, Mr. Bachrach of Fun-4-All and their respective legal counsel. The meetings were held to discuss and finalize any unresolved issues concerning the terms of the transaction.

On November 11, 2003, Grand US legal counsel circulated to the board of directors of Grand US the final version of the subscription and exchange agreement together with a memorandum summarizing the terms of the transaction.

On November 12, 2003, the board of directors of Grand US held a telephonic meeting during which Mr. Bier reviewed the background and terms of the reorganization of Grand US, the acquisition of Playwell and the subscription by Centralink following the reorganization. Legal counsel reviewed in detail the terms of the subscription and exchange agreement and the related documents, and reviewed with the directors their fiduciary duties. Mr. Bier and Grand US legal counsel answered questions from the directors with regard to the acquisition. In response to some of the questions raised by members of the board, it was determined to adjourn the meeting to give the members of the board more time to review the terms of the transaction and ask follow up questions.

On November 14, 2003, the meeting of the board of directors of Grand US was reconvened by conference telephone. The directors continued to ask questions and discussed the terms of the transaction. Following the discussion, by unanimous vote, the Grand US board approved the terms of the reorganization and the other terms of the subscription and exchange agreement, subject to receipt of the opinion from Empire Valuation Consultants that the Playwell acquisition and related investment by Centralink pursuant to the subscription and exchange agreement is fair to the shareholders from a financial point of view. On the same day, the subscription and exchange agreement was signed by Grand US, Grand HK and Centralink.

From November 14, 2003 until December 11, 2003, representatives of Grand US and Centralink and their counsel continued to negotiate with Fun-4-All and its counsel regarding the terms on which Fun-4-All might participate in the transaction.

On November 17, 2003, Empire Valuation Consultants was retained by Grand US to render an opinion regarding the fairness, from a financial point of view, of the consideration to be paid to Centralink in connection with the subscription and exchange agreement.

On December 10, 2003 and December 11, 2003, Mr. Bier and Mr. Hu again had meetings to discuss the terms on which Fun-4-All might participate in the transaction.

On December 11, 2003, representatives of Katten Muchin Zavis Rosenman, counsel for Grand US, wrote to counsel for Fun-4-All notifying the latter on behalf of Grand US of the termination of negotiations concerning the participation of Fun-4-All in the proposed combination of Grand US and Playwell on the grounds that the board of directors of Grand US had determined that the transaction was not viable on the revised terms that had been discussed since the meeting of September 8 and 9, 2003.

On February 12, 2004, the board of directors of Grand US held a special meeting. At the meeting, representatives of Empire Valuation Consultants reported to the directors of Grand US on their financial analysis of the terms of the subscription and exchange agreement and delivered their oral opinion that, as of such date and based on and subject to the assumptions, qualifications and limitations set forth in their opinion, it was their conclusion that the consideration to be paid to Grand HK pursuant to the subscription and exchange agreement was fair to the shareholders of Grand US from a financial point of view.

On March 31, 2004, Empire Valuation Consultants delivered their written opinion that, as of such date and based on and subject to the assumptions, qualifications and limitations set forth in their opinion, it was their conclusion that the consideration to be paid to Grand HK pursuant to the subscription and exchange agreement was fair to the shareholders of Grand US from a financial point of view.

Grand's Reasons for the Reorganization and the Playwell Acquisition

In reaching its decision to approve the agreement and plan of merger and the acquisition of Playwell and the related investment by Centralink in Grand HK, the board of directors identified and considered a number of potential benefits for Grand US and its shareholders that supported the board's decision. These factors include both business and synergistic reasons.

Business and Financial Benefits

The potential business and financial benefits include the following:

the implementation of the decision of the Grand US board of directors to find ways to enhance and diversify its business;

the opportunity for Grand US shareholders to participate in the future growth of Grand HK following consummation of the reorganization merger and the Playwell acquisition;

the potential for the combination of Playwell's financial resources and cost-management skills, and Grand US marketing and distribution presence in North America to create a vertically-integrated company that will be greater than the sum of its parts and together will be a stronger vehicle for future expansion;

the larger Grand HK group of companies would be able to further leverage on the existing relationships that Grand HK and Playwell have with licensors of proprietary names, characters and other intellectual property;

the wealth of toy industry experience in the new entity would allow Grand HK to significantly expand its product offerings from those currently offered by Grand US and Playwell;

the potential to facilitate Grand HK's expansion into Asian and other world markets where Playwell has a presence;

the combination of Grand US and Centralink into Playwell would provide Grand HK with economies of scale in the product development process;

certain characteristics of Grand HK will provide better access to capital which in turn will improve Grand HK's balance sheet thereby making Grand HK more attractive to investors and customers, and will provide additional flexibility to make other acquisitions; and

the acquisition of Playwell and the related investment by Centralink would result in Grand HK being a much larger, financially more stable company than Grand US as it currently exists.

In addition to these potential benefits accruing to Grand US and its shareholders from the reorganization merger and the acquisition of Playwell and the related purchase of Grand HK ADSs by Centralink, the board of Grand US considered a number of additional factors that supported the transactions, including the following:

primarily a distributor of toys and related products, Grand US is disadvantaged by a lack of independent branding and proprietary products;

the absence of a long-term distribution agreement with Toy Biz and the potential impact that the loss of its largest account would have on Grand US;

the consolidation in the retail toy industry is allowing retailers to deal directly with manufacturers, thereby reducing the need for distributors such as Grand US;

management's view of the financial condition, results of operations and businesses of Grand US and Playwell before and after giving effect to the transactions, management's view of the business prospects of Grand US and Playwell as a combined company, and the board's view on the transactions potential impact on shareholder value;

the results of the due diligence investigation of Playwell conducted by Grand US management, accountants and legal counsel; and the financial analysis and presentation of Empire Valuation Consultants

-52-

delivered to Grand US board of directors on February 12, 2004, as well as its opinion dated March 31, 2004 that the transactions were fair, from a financial point of view, to the holders of Grand US common stock;

the contractual terms of the agreement and plan of merger, the subscription and exchange agreement and related transaction documents; and

the interests that certain Grand US officers and directors may have as a result of the reorganization merger and the acquisition of Playwell and related transactions.

Reasons for the Reorganization Merger

The board of directors of Grand US is recommending the reorganization merger be undertaken as a part of the overall transaction on several related grounds:

Operational Convenience. As a result of the Playwell acquisition, a substantial majority of the assets, personnel and operations of Grand HK will be located in Hong Kong or nearby Guangdong province of southern China. Its banking relationships will likewise be in Hong Kong, as will the seat of its senior management. Accordingly, the reorganization will facilitate the business and financial operations of Grand HK by enabling its primary business partners to deal with a familiar local entity.

Essential Condition of the Playwell Acquisition. Centralink made it clear that it would not agree to transfer the shares of Playwell to Grand US in exchange for common stock of Grand US, as that would have meant that profits of Playwell would have been subjected to U.S. corporate income tax when distributed as dividends to Grand US and then again to U.S. withholding tax upon distribution of the same income as dividends from Grand US to Centralink. Since Centralink currently pays no corporate or withholding tax on dividends from Playwell, the result would have been to dramatically reduce the after-tax profitability of the Playwell business, which will become the largest part of the combined business of Playwell and Grand US, without any corresponding business advantage.

Enhanced Returns to Grand US Shareholders. While the reorganization merger will have no material effect on the current taxation of the income of Grand US and its subsidiaries, by keeping the lower tax rate of a Hong Kong company on the income of Playwell's business it will result in a lower average or effective tax rate on the combined income of Grand US and Playwell than would have been the case had Grand US acquired Playwell without first completing the reorganization merger. The result is that the current shareholders of Grand US, as holders of Grand HK ADSs, will benefit substantially from the reorganization merger in terms of enhanced returns and greater shareholder value. Thus, while the primary reason for the reorganization merger was to make possible the acquisition of Playwell and the concomitant diversification of the business and strengthening of the capital base, there is a secondary benefit to Grand US shareholders.

Key Element in Grand's Growth Strategy. Centralink and Grand US contemplate that Grand HK will in the future, as part of its growth strategy in the midst of consolidation in the global toy industry, acquire additional non-U.S. companies. Such companies could not be acquired by Grand US itself, as a U.S. company, without adversely affecting their after-tax profitability, potentially to the point of making the acquisitions uneconomic. In addition to providing the return necessary to justify investments in such companies, the improved profitability of Grand HK from that of Grand US should be reflected in a higher market price for Grand HK ADSs, thus facilitating their use as currency for acquisitions.

Potential Expansion of Investor Base. The board also believes that the reorganization merger will increase Grand HK's attractiveness to non-U.S. investors. The growth of the business will require substantial additional capital. Much of that capital is expected to be provided by non-U.S. investors, who in many cases will require a higher

after-tax rate of return than could have been achieved in the absence of the reorganization merger. Apart from the enhanced profitability of the business itself, non-U.S. investors will avoid the U.S. withholding taxes to which dividends to non-U.S. shareholders by a U.S. corporation are generally subject, at rates of up to 30%. Under Hong Kong law, however, there will be no Hong Kong income or withholding tax on dividends paid by Grand HK. As a

result, non-U.S. investors are likely to be significantly more receptive to an investment in Grand HK ADSs, thereby potentially increasing the liquidity in the market for Grand HK ADSs.

Risks Considered

In reaching its decision to approve the agreement and plan of merger, the acquisition of Playwell and the related transactions, the board of Grand US also identified and considered a number of potentially negative factors that could result from the whole transaction, including the following:

the possibility that the reorganization merger and the acquisition of Playwell and the related transactions may not be completed;

the control of Grand HK by Mr. Hsieh;

the inability of Grand HK's management to successfully react and adapt to changes in the markets in which Grand HK and its subsidiaries compete;

the dependence of Grand HK on a limited number of customers;

the significant cost that will be incurred in seeking to complete the reorganization merger and the acquisition of Playwell; and

the other risks described in this proxy statement/prospectus in the section entitled "Risk Factors."

Conclusion and Recommendation of the Board

Grand US board of directors evaluated all of the factors described above in light of their knowledge of Grand US business, financial condition and prospects, Playwell's business, financial condition and prospects, and the market for toy products. In view of the variety of factors considered by Grand US board of directors in its evaluation of the transactions, Grand US board of directors did not find it practicable to, and did not, quantify or otherwise assign relative weight to the specific factors considered in reaching its decision. In addition, individual members of Grand US board of directors may have given different weight to different factors. The list of factors described in this section as having been considered by Grand US board of directors is not intended to be the complete list of all factors considered but is believed to include all of the factors considered by Grand US board of directors to be material.

After considering all of the information and factors described in this section, Grand US board of directors unanimously approved the reorganization merger, the agreement and plan of merger, the subscription and exchange agreement and the other transactions contemplated by the agreement and plan of merger and the subscription and exchange agreement. Grand US board of directors believes that the transactions are fair to, advisable and in the best interests of Grand US and its shareholders. Grand US board of directors has unanimously recommended that the Grand US shareholders vote FOR the adoption of the agreement and plan of merger (proposal 1) and the issuance of the shares to Centralink pursuant to the subscription and exchange agreement (proposal 2).

Centralink's Reasons for the Subscription and Exchange Transaction

Centralink, as the holding company of Playwell, has been seeking ways of growing the Playwell business, which consists principally of the manufacture and outsourcing of products for third parties on a private label basis and only secondarily on the manufacture of its small line of proprietary products, which it wants to expand. Also, in light of the rapid consolidation taking place in the industry, Centralink desires to achieve vertical integration through direct

distribution in order to realize the higher margins associated with the marketing end of the business. The original concept of combining the distribution of Grand US and the manufacturing capability of Playwell with the creative product development skills of Fun-4-All was a natural way of achieving the objectives of both Grand US and Centralink. The failure of the Fun-4-All participation to materialize was a disappointment but did not invalidate the basic premise of the combination.

Centralink believes that the combination of Playwell's financial resources and cost-management skills with Grand US marketing and distribution presence in North America will create a vertically-integrated company that will be greater than the sum of its parts and together will be a stronger vehicle for future expansion. Centralink also believes that the combination will provide strategic and financial benefits to Grand HK by creating a toy company that has international coverage both in Asia and in North America. The combination should generate economies of scale and create a much larger and financially more stable company.

Opinion of Empire Valuation Consultants

Pursuant to a letter agreement dated as of November 17, 2003 and executed on November 17, 2003, Empire Valuation Consultants, or Empire, was engaged to provide a fairness opinion to the board of directors of Grand US. Empire focuses on providing business and intangible asset valuations for fairness opinions, financial reporting, tax planning and reporting, employee stock ownership plans, corporate planning, and other purposes. In this capacity, Empire is continually engaged in valuing these businesses and intangible assets and has access to and utilizes different databases of information on business valuation for comparative purposes.

Empire made an oral presentation to the Grand US board on February 12, 2004, that, as of such date, based upon and subject to the various factors and assumptions described in the Empire presentation, the consideration to be delivered by Grand HK to Centralink pursuant to the subscription and exchange agreement was fair, from a financial point of view, to the shareholders of Grand US. The presentation made by Empire did not constitute a fairness opinion. Other than the retention of Empire in connection with the delivery of the fairness opinion, there is no material relationship between Grand US, Playwell, Centralink and Empire, and there has been no material relationship between these parties at any time during the two years prior to the date of this proxy statement/prospectus.

Empire's March 31, 2004 fairness opinion, which describes the assumptions made, matters considered and limitations on the review undertaken by Empire, is attached as Annex C to this proxy statement/prospectus. You are urged to, and should, read the Empire opinion carefully and in its entirety. The Empire opinion is directed to the board of directors of Grand US and addresses only the fairness of the transaction consideration from a financial point of view to holders of Grand US common stock as of the date of the opinion. The Empire opinion does not address any other aspect of the reorganization merger consideration and does not constitute a recommendation to any Grand US shareholder as to how to vote at the Grand US special meeting. The summary of the Empire opinion set forth in this proxy statement/prospectus, although materially complete, is qualified in its entirety by reference to the full text of such opinion.

In rendering its opinion, Empire, among other things:

analyzed the terms of the subscription and exchange agreement dated November 14, 2003 and the two amendments to the subscription and exchange agreement dated March 19 and March 31, 2004 respectively furnished to Empire by legal counsel to Grand US;

analyzed certain publicly available financial statements and other information with respect to Grand US;

analyzed certain internal financial and operating information, including certain projections for Grand US prepared and provided to Empire by Grand US management;

participated in discussions with Grand US management concerning the operations, business strategy, current financial performance and prospects for Grand US;

discussed with Grand US management its view of the strategic rationale for the consideration payable pursuant to the subscription and exchange agreement;

Edgar Filing: GRAND TOYS INTERNATIONAL INC - Form F-4

In rendering its opinion, Empire relied, without independent verification, on the accuracy and completeness of all the financial and other information, including without limitation the representations and warranties contained in the subscription and exchange agreement, that was furnished to Empire by Grand US, Playwell or their respective advisors. With respect to the financial projections examined by Empire, Empire assumed that they were reasonably prepared and reflected the best available estimates and good faith judgments of the management of Grand US and Playwell as to the future performance of Grand US and Playwell, respectively. Empire's opinion does not address the financial impact of any of the potential acquisitions that Centralink might make or is considering in the future. Empire did not make any independent appraisal of any of Grand US or Playwell's assets. In addition, Empire expressed no opinion as to the price at which Grand HK ADSs will trade at any time or as to the tax consequences of the reorganization merger to Grand US or any of its stockholders. Empire's fairness opinion is necessarily based upon market, economic, financial and other conditions as they existed as of the date of the opinion, and any change in such conditions would require a reevaluation of the opinion.

The following is a brief summary of the valuation methodologies employed by Empire in rendering its opinion. These analyses were also presented to the board of directors of Grand US at its meeting on February 12, 2004. This summary does not purport to be a complete description of analyses performed by Empire in arriving at its opinion.

Analyses were performed focusing on two scenarios: 1) excluding the impact of the Playwell acquisition and additional compensation to be tendered by Centralink (the Stand Alone Scenario), and 2) including the impact of the Playwell acquisition (the Post-merger Scenario). Empire also considered additional cash or bridge loan consideration offered by Centralink as part of the transaction and other factors pertinent to arriving at a fairness opinion. The following analyses were performed:

Guideline Company Analysis Value was determined based on market value of invested capital (MVIC) as a multiple of trailing twelve month (TTM) earnings before interest, taxes, depreciation and amortization (EBITDA) for five publicly traded companies identified as being most comparable to Grand US and Playwell (the Comparable Companies). The Comparable Companies consist of Playmates Holdings, Ltd., RC2 Corporation, Lung Cheong International Holdings, Ltd., Zindart, Ltd., and JAKKS Pacific, Inc.

Adjustments were made to EBITDA when necessary, to account for extraordinary and/or non-recurring items. A range of MVIC to TTM EBITDA multiples of 5.9 to 10.7 times was calculated, and the median and average multiples were each about eight times.

Empire derived indications of equity values by (i) applying selected MVIC/TTM EBITDA multiples in the range of 7.5 times to 8.5 times, for the Stand Alone Scenario, and in the range of 8.0 to 9.0 times, for the Post-merger Scenario and (ii) applying a control premium of 20%. This resulted in the aggregate value of equity of between \$5.6 million and \$6.3 million, for the Stand Alone Scenario, and between \$45 million and \$51 million, for the Post-merger Scenario. Note that, for all valuation analyses, the calculated MVIC values equate to equity values.

Guideline Transaction Analysis Value was determined based on MVIC to TTM EBITDA multiples and MVIC to TTM revenue multiples for eleven acquired companies identified as being most comparable to Grand US and Playwell. Adjustments were made to EBITDA when necessary, to account for extraordinary and/or non-recurring items.

A range of MVIC to TTM EBITDA multiples (for companies with positive TTM EBITDA) of 2.6 to 23.6 times were calculated, with median and average multiples at 7.5 times and 9.9 times respectively. A range of MVIC to TTM revenue multiples of 0.2 to 2.8 times was calculated, with median and average multiples at 0.7 times and 0.8 times respectively.

Empire derived indications of equity values for the Stand Alone Scenario by applying selected MVIC/TTM EBITDA multiples in the range of 7.5 times to 8.5 times and MVIC/TTM Revenues multiples in the range of 0.70 to 0.90 times to certain adjusted operating results for the latest twelve months ended December 31, 2003. Empire derived indications of equity values for the Post-merger Scenario by applying selected MVIC/TTM EBITDA multiples in the range of 8.0 times to 9.0 times and MVIC/TTM Revenues multiples in the range of 0.75 to 0.95 times to certain adjusted operating results for the latest twelve months ended December 31, 2003. This resulted in an aggregate equity value range of between \$6.3 million and \$7.7 million, for the Stand Alone Scenario, and between \$38 million and \$45 million, for the Post-merger Scenario.

Discounted Cash Flow Analysis In determining value based on the discounted cash flow approach, Empire estimated the present value of: (i) Grand US unlevered interim cash flows (for both Scenarios) through December 31, 2008; and (ii) the value of Grand US (for both Scenarios) at 2008. Based on these analyses an equity value range (based on a range of selected discount rates and long term growth rates) of \$6.0 million to \$7.3 million was concluded, for the Stand Alone Scenario, and \$41 million to \$54 million, for the Post-merger Scenario. Projections were provided to Empire by management of Grand US and Playwell.

Market Capitalization and Concluded Value Analyses of Grand's publicly traded values over different time periods were performed and considered. Some of these calculations and the concluded value range for the Stand Alone Scenario and Post-merger Scenario are as follows:

<i>(\$000s excl. %s and per share #s)</i>	Range Low Value	% Total Value	Range Mid Pt. Value	% Total Value	Range High Value	% Total Value

Additional Value Received (Lost)	\$10,400		\$12,000		\$13,200	

Other Considerations Many other factors were considered, including, but not limited to 1) the use of operating metrics as a measure to consider the value contributed by each entity; 2) the extremely competitive and challenging environment for toy distributors; 3) Grand US declining revenue trend; 4) the strength in developing a vertically-integrated company; 5) the benefits from increased customer and product base diversification; and 6) other factors.

The preparation of a fairness opinion is a complex process that involves various judgments and determinations as to the most appropriate and relevant methods of financial and valuation analysis and the application of those methods to the particular circumstances. The opinion is, therefore, not necessarily susceptible to partial analysis or summary description. Empire believes that its analyses must be considered as a whole and that selecting portions of its analyses and the factors considered, without considering all of the analyses and factors, would create a misleading and incomplete view of the processes underlying its opinion.

Fees

Pursuant to a letter agreement between Grand US and Empire, Grand US paid a \$32,500 engagement fee to Empire at the time the parties entered into the letter agreement and an additional \$32,500 upon delivery of the fairness opinion. In addition, Grand US has agreed to reimburse Empire for its reasonable expenses, including fees and expenses of its counsel, up to a maximum of \$5,000, and to indemnify Empire and its affiliates against certain liabilities and expenses related to their engagement, including liabilities under the federal securities laws. The terms of the fee arrangement with Empire, which Grand US and Empire believe are customary in transactions of this nature, were negotiated at arm's length between the Grand US board and Empire, and the Grand US board was aware of the nature of the fee arrangement.

Delisting and Deregistration of Grand US Common Stock

Grand US common stock is currently listed on the Nasdaq SmallCap Market under the symbol GRIN. There is currently no established public trading market for the ordinary shares or the ADSs of Grand HK. If the reorganization merger is completed, Grand US common stock will be delisted from the Nasdaq SmallCap Market and will be deregistered under the Exchange Act.

Stock Exchange Listing

We have applied to have the Grand HK ADSs approved for listing on the Nasdaq SmallCap Market immediately following the reorganization, subject to notice of issuance under the symbol GRINF , the same symbol under which Grand US common stock is currently listed.

Interests of Grand US Directors and Officers in the Reorganization and Subsequent Operation of Grand HK

Certain officers and directors of Grand US may have interests in the transactions described in this proxy statement/prospectus that are different from, or in addition to, the interests of Grand US shareholders generally.

As described in detail below, there are substantial financial interests to be conveyed to certain executive officers and directors of Grand US in connection with the reorganization, the Playwell acquisition and the Centralink subscription.

Centralink Purchase of Grand HK ADSs. It is a condition to the closing of the Playwell acquisition and the related Centralink subscription for Grand HK ADRs that Centralink purchase an aggregate of 924,187 Grand HK ADSs at a purchase price of \$4.00 per ADS from Mr. Altro, a director of Grand US and its acting president, and Mr. Mars, a director of Grand US. Messrs. Mars and Altro control the largest block of shares in Grand US. After the closing of the transactions described in this proxy statement/prospectus, Messrs. Altro and Mars will no longer be directors or officers of Grand HK or any of its subsidiaries, including Grand US. As a result, Messrs. Mars and Altro would generally be free to sell all of their shares in Grand HK. Centralink, as the largest shareholder of Grand HK after the reorganization merger and the Playwell acquisition and related transaction, was concerned about the potential impact that the sale of a large block of Grand HK ADRs would have on the market for Grand HK s ADSs. Accordingly, it determined to purchase one-half of their respective interests in Grand HK ADSs as a way of mitigating this market risk. Remainder of the shares owned by Messrs. Mars, Altro and their affiliates cannot be sold for six months after the consummation of the Playwell acquisition.

Board Representation. It is a condition to closing the Playwell acquisition and the Centralink subscription that Centralink and Messrs. Mars and Altro enter into a shareholder s agreement. As more particularly described below in Management of Grand HK, Messrs. Mars and Altro will have the right to designate two persons to Grand HK s five member board. It is expected that Elliot L. Bier, Grand US current Chairman, will be a nominee of Messrs. Mars and Altro.

Employment of Grand Executives. It is expected that Elliot L. Bier, Grand US current chairman, and Tania M. Clarke, Grand US current chief financial officer, will enter into employment agreements with Grand HK that will become effective when the reorganization merger and the Playwell acquisition are completed. Under the terms of the proposed employment agreements, Mr. Bier will

serve as vice-chairman of Grand HK and Ms. Clarke will serve as vice president of finance. Mr. Bier's and Ms. Clarke's employment agreements are summarized below.

Directors and Officers Insurance and Indemnification. The subscription and exchange agreement provides that Grand US, as the surviving corporation in the reorganization merger, will purchase and maintain a directors and officers liability tail insurance policy to cover, for a period of six years, present and former directors, officers and employees of Grand US for acts and omissions of Grand US directors prior to the consummation of the reorganization merger and the Playwell acquisition. This insurance will have comparable coverage and amounts as the coverage currently provided by Grand US.

The subscription and exchange agreement requires Grand US, as the surviving corporation in the merger, to indemnify each past and present director, officer and employee of Grand US following the reorganization merger and the Playwell acquisition against all expenses or liabilities incurred in connection with any claim or investigation arising out of actions or omissions occurring before the merger to the fullest extent permitted under the laws of the State of Nevada and the Grand US amended and restated articles of incorporation and amended and restated bylaws.

Reimbursement and Indemnification Agreement. Grand US and its directors, officers, employees and agents have performed services and contracted for services in connection with acquisition and financing initiatives for Cornerstone pending completion of the reorganization merger and the Playwell acquisition. In this regard, Cornerstone has agreed to pay or reimburse Grand US for the obligations and liabilities incurred on behalf of Cornerstone and its affiliates in connection with the initiatives undertaken at the request of Centralink and its affiliates. Cornerstone has also agreed to indemnify the directors, officers, employees, agents and representatives of Grand US for actions taken in furtherance of such initiatives.

Grand US Stock Options and Warrants. As a result of the pending reorganization merger, Grand US stock options and warrants will be assumed by Grand HK and the optionees and warrant holders will be entitled to receive Grand HK ADSs upon exercise of their options and warrants. Officers and directors of Grand US currently hold an aggregate of 46,125 options and 187,858 warrants to purchase Grand US common stock.

Management of Grand HK

As a result of the subscription and exchange agreement, the board of directors of Grand HK will be completely reconstituted from that of Grand US immediately following the reorganization merger and the acquisition of Playwell and the related subscription transaction. After these transactions, Centralink will own a majority of the shares of Grand HK. Accordingly, in order to assure an orderly transition of the newly combined companies, Centralink and Messrs. Mars and Altro, two directors and significant shareholders of Grand US, have agreed to enter into a shareholder's agreement. Under the shareholders' agreement, which is included in this proxy statement/prospectus as Annex D and is incorporated by reference, the parties have agreed that the board of directors of Grand HK will consist of five directors, two of whom will be nominated by Centralink, and two of whom will be nominated by David Mars and Stephen Altro, current directors of Grand US. Elliot L. Bier, Grand US Chairman, will continue as a director of Grand HK and will serve as co-chairman. One designee of each of Centralink and Messrs. Mars and Altro must be independent within the meaning of current Nasdaq marketplace rules, as must the fifth director, who will be nominated by the other two independent directors and is acceptable to Centralink and to Messrs. Mars and Altro. This arrangement will remain in place until Grand HK's 2005 annual meeting of shareholders.

The options will vest as to one-third of the shares on each of the first three anniversaries of the effective date of her employment agreement, unless there is a change in control of Grand HK, in which case all of the options shall immediately vest. Ms. Clarke will also be eligible to participate in the various retirement, welfare and fringe benefit plans, programs and arrangements available to similarly situated senior executives of companies of Grand HK and its subsidiaries in accordance with the terms of such plans, programs and arrangements.

The agreement provides for a term of employment extending from the consummation of the acquisition of Playwell until June 30, 2007. In the event Ms. Clarke is terminated by Grand HK without cause, Ms. Clarke will continue to receive her base salary until the earlier to occur of the scheduled expiration of the term of her employment or the first anniversary of the termination of her employment.

Ms. Clarke's employment agreement also provides that, during its term and for one year following the termination of Ms. Clarke's employment, Ms. Clarke may not become associated with competitive entities that are actively engaged in Grand HK's business, solicit the business of any company that was a customer or client of

The employment agreement contains provisions requiring Ms. Clarke to maintain the confidentiality of certain proprietary information of Grand HK and its affiliates.

Accounting Treatment of the Reorganization

The reorganization of Grand US pursuant to the agreement and plan of merger and Grand HK's acquisition of the shares of Playwell and the issuance of ADRs to Centralink pursuant to the subscription and exchange agreement are steps in a single transaction, and will be treated as a purchase with Playwell as the acquirer for accounting purposes (notwithstanding the fact that, as a legal matter, Grand HK is acquiring Playwell). Therefore, the purchase price will be allocated to Grand HK's assets and liabilities based on their estimated fair market values at the completion of the reorganization merger and related subscription and exchange. Any excess of the purchase price over these fair market values will be accounted for as goodwill.

Proposal 1 Adoption and Approval of the Agreement and Plan of Merger

The Agreement and Plan of Merger

Grand US, Grand HK and GTI Acquisition Corp. have entered into an agreement and plan of merger which is the legal document that governs the reorganization merger of Grand US into a subsidiary of Grand HK, Grand US and Grand HK recommend that you read carefully the complete agreement and plan of merger for the precise legal terms of the reorganization merger and other information that may be important to you. The agreement and plan of merger is included in this proxy statement/prospectus as Annex A.

Effective Time

If the agreement and plan of merger is approved by the requisite vote of Grand US shareholders, the reorganization merger will become effective upon the effective date of the articles of merger being filed with the Secretary of State of the State of Nevada in accordance with Nevada law. Grand US expects to file the certificate of merger and have the reorganization merger become effective as promptly as possible following approval of the agreement and plan of merger at the special meeting.

In the event the conditions to the subscription and exchange agreement are not satisfied, the reorganization merger may be abandoned or delayed even after the agreement and plan of merger has been approved by Grand US shareholders. In addition, the reorganization merger may be abandoned or delayed for any reason by the board of directors of Grand US or Grand HK at any time prior to its becoming effective, even though the agreement and plan of merger has been approved by Grand US shareholders and all conditions to the agreement and plan of merger and the subscription and exchange agreement have been satisfied.

Share Conversion; Exchange of Shares

Each share of Grand US common stock will automatically convert into the right to receive one Grand HK ordinary share, which will be traded in the U.S. as a Grand HK ADS, which will be evidenced by a Grand HK ADR upon the consummation of the reorganization merger.

If you desire to sell some or all of your Grand HK ADSs after the effective date of the reorganization merger, delivery of the stock certificate(s) which previously represented shares of Grand US common stock will be sufficient. Your right to sell shares of Grand US before the effective date of the reorganization merger will also not be affected. After the reorganization merger becomes effective, Grand US will not register any further transfers of shares of Grand US common stock. Any certificates for Grand US shares that you present for registration after the effective time of the reorganization merger will be exchanged for Grand HK ADRs.

We have appointed _____ as exchange agent to handle the exchange of Grand US stock certificates for Grand HK ADRs. Prior to the reorganization merger, Grand HK will deposit certificates representing a sufficient number of Grand HK ordinary shares with the exchange agent for the purpose of enabling shareholders to exchange their Grand US common stock certificates for Grand HK ADRs evidencing an equal number of Grand HK ADSs. Soon after the closing of the reorganization merger, the exchange agent will send you a letter of transmittal. This letter of transmittal is to be used to exchange Grand US stock certificates for certificates for Grand HK ADSs. The letter of transmittal will contain instructions explaining the procedure for surrendering Grand US stock certificates. You should not return your Grand US stock certificates with the enclosed proxy card.

Once you have surrendered your stock certificates, together with a properly completed letter of transmittal, you will receive Grand HK ADSs which represent your interest in

the ordinary shares of Grand HK into which your shares of Grand US have been converted in the reorganization merger. After the reorganization merger, each certificate that previously represented shares of Grand US common stock will represent only the right to receive Grand HK ADRs evidencing the Grand HK ADSs representing the Grand HK ordinary shares into which those shares of Grand US common stock have been converted.

If you surrender a Grand US stock certificate and request the new Grand HK ADR to be issued in a name other than the one appearing on the surrendered certificate, you must endorse the stock certificate or otherwise prepare it in proper form for transfer and furnish a signature guarantee.

Treatment of Grand US Stock Options and Warrants

Upon completion of the reorganization merger, each outstanding option or warrant to purchase Grand US common stock shall, upon exercise thereof, have the right to receive one Grand HK ordinary share, which shall be traded in the U.S. as a Grand HK ADS represented by a Grand HK ADR. The exercise price will be equal to the exercise price per share of the option or warrant for the Grand US common stock currently in effect. The other terms of each option and warrant and, if applicable, the Grand US option plans under which the options were issued will continue to apply in accordance with their terms, including any provisions providing for acceleration.

DESCRIPTION OF AUTHORIZED SHARES OF GRAND HK

The memorandum and articles of association of Grand HK and the Companies Ordinance (Ch. 32 of the Laws of Hong Kong) (the Companies Ordinance) govern the rights and restrictions of the capital stock of Grand HK. The memorandum and articles of association of Grand HK are included as an exhibit to this proxy statement/prospectus. The following discussion is a summary of the rights and restrictions attaching to ordinary shares of Grand HK that will be in effect immediately following the reorganization merger.

Authorized Share Capital

The authorized share capital of Grand HK is HK\$100,000,000 shares of HK\$1.00 each. Shareholders of Grand HK have power to increase Grand HK's authorized share capital beyond HK\$100,000,000.

Issue of Shares

Without prejudice to any special rights previously conferred on the holders of any existing shares or class of shares, any share in Grand HK may be issued with such preferred, deferred or other special rights or such restrictions, whether in regard to dividend, voting, return of capital or otherwise as Grand HK may by ordinary resolution determine.

Voting

Subject to any rights or restrictions of any class or classes of shares, every shareholder present in person at a meeting of shareholders shall have one vote, for each share of which such person is the holder. There are no limitations imposed

by Hong Kong law or Grand HK's memorandum and articles of association on the right of shareholders who are not Hong Kong residents to hold shares in Grand HK or exercise voting rights in respect thereof.

Dividend Rights

Grand HK shall not pay dividends unless they are paid out of profits in accordance with the provisions of Part IIA of the Companies Ordinance. Subject to this limitation, Grand HK may at a general meeting declare dividends, but no dividend shall exceed the amount recommended by the directors. The directors may from time to time pay to the shareholders interim dividends that the directors deem to be justified by the profits of Grand HK. Any general meeting declaring a dividend may direct payment of such dividend wholly or partly by the distribution of specific assets.

Redemption and Conversion

Existing shares in Grand HK will not be convertible into shares of any other class or series or be subject to compulsory redemption either by Grand HK or the holders of such shares.

Changes to Rights of a Class or Series

Grand HK's articles of association provide that, if at any time the share capital of Grand HK is divided into different classes of shares, the rights attached to any class may, whether or not Grand HK is being wound up, be varied with the consent in writing of the holders of 75% of the issued shares of that class, or with the sanction of a special resolution passed at a separate general meeting of the holders of the shares of that class. Each holder of shares of such class present in person will have one vote for each share held.

Quorum for General Meetings

No business shall be transacted at any general meeting of Grand HK unless a quorum of shareholders is present at the time when the meeting proceeds to business and continues to be present until the conclusion of the meeting. Unless otherwise provided by Grand HK's articles of association, two shareholders present in person or by proxy and holding at least fifty-one percent of the paid-up capital of Grand HK shall be a quorum. Grand HK's articles of association provide that written action can be taken by consent if signed by all shareholders of Grand HK.

Rights Upon Liquidation

Upon the liquidation of Grand HK, after payment of the expenses of the liquidation and amounts due to secured, preferential and unsecured creditors of Grand HK, any remaining assets of Grand HK will be available for distribution to the holders of shares in Grand HK on a pro rata basis. The liquidator may deduct from the amount payable to a shareholder any amount owed by such shareholder to Grand HK. The liquidator may, with the sanction of a special resolution of Grand HK and any other sanction required by the Companies Ordinance, divide amongst the shareholders in all or any part of the assets of Grand HK in money or property (whether they shall consist of property of the same kind or not).

Sinking Fund

The memorandum and articles of association of Grand HK contain no sinking fund provisions in respect of shares in Grand HK.

Liability for Further Calls or Assessments

Shares in Grand HK to be issued in connection with the reorganization merger to Centralink and in connection with the Playwell acquisition and related subscription will be duly and validly issued, fully paid and nonassessable.

Preemptive Rights

Holders of Grand HK shares will have no preemptive or preferential right to purchase any other securities of Grand HK.

Repurchase Rights

The board of directors may, at its discretion, authorize the purchase by Grand HK of its own shares of any class, at any price (whether at par or above or below par), as long as such purchase is made in accordance with the provisions of the Companies Ordinance and Grand HK's memorandum and articles of association.

Compulsory Acquisition of Shares Held by Minority Shareholders

An acquiring party is generally able to acquire compulsorily the shares in Grand HK held by minority shareholders in one of the following ways:

By a procedure under the Companies Ordinance known as a scheme of arrangement. Such an arrangement would be proposed by Grand HK to its shareholders and the Hong Kong Court of First Instance would order a meeting of the shareholders of Grand HK. If a majority in number representing three-fourths in value of the shareholders of Grand HK present and voting either in person or by proxy at the meeting agree to the arrangement, the arrangement would, if sanctioned by the Court, be binding on all the shareholders of Grand HK and on Grand HK itself. Under such an arrangement, minority shareholders of Grand HK could be compelled to sell their shares;

If another company makes an offer to shareholders of Grand HK and, within four months of making the offer, acquires not less than 90% of the shares in Grand HK for which the offer was made, the offeror may, at any time not later than five months after the offer was made, give a written notice to non-accepting shareholders of its desire to purchase their shares in Grand HK. Such non-accepting shareholders will then be bound to sell their shares in Grand HK on the terms of the offer. A non-accepting shareholder has a period of two months from the date of such written notice to apply to a court for an order that he shall not be bound to sell his shares in Grand HK or to order terms of acquisition different from those of the offer.

Transfer Agent

The transfer agent and registrar for the Grand HK ADSs will be The Bank of New York.

DESCRIPTION OF GRAND HK AMERICAN DEPOSITARY RECEIPTS

American Depositary Receipts

The Bank of New York, as depositary, will execute and deliver the Grand HK ADRs. Grand HK ADRs are American Depositary Receipts. Each Grand HK ADR is a certificate evidencing a specific number of American depositary shares, also referred to as Grand HK ADSs. Each Grand HK ADS will represent one ordinary share (or a right to receive one share) deposited with the principal Hong Kong office of Hong Kong & Shanghai Banking Corporation Limited, as custodian for the depositary in Hong Kong. Each Grand HK ADS will also represent any other securities, cash or other property which may be held by the depositary. The depositary's office at which the Grand HK ADRs will be administered is located at 101 Barclay Street, New York, New York 10286.

You may hold Grand HK ADSs either directly (by having an ADR registered in your name) or indirectly through your broker or other financial institution. If you hold Grand HK ADSs directly, you are an ADR holder. This description assumes you hold your Grand HK ADSs directly. If you hold the Grand HK ADSs indirectly, you must rely on the procedures of your broker or other financial institution to assert the rights of ADR holders described in this section. You should consult with your broker or financial institution to find out what those procedures are.

As an ADR holder, Grand HK will not treat you as one of its shareholders and you will not have shareholder rights. Hong Kong law governs shareholder rights. The depositary will be the holder of Grand HK ordinary shares underlying your Grand HK ADSs. As a holder of ADRs, you will have ADR holder rights. A deposit agreement among Grand HK, the depositary and you, as an ADR holder, and the beneficial owners of ADRs set out ADR holder rights as well as the rights and obligations of the depositary. New York law governs the deposit agreement and the ADRs.

The following is a summary of the material provisions of the deposit agreement. For more complete information, you should read the entire deposit agreement and the form of ADR filed in the registration statement for which this proxy statement/prospectus is a part of. If you would like to obtain an extra copy of these documents, please contact Tania M. Clarke, Executive Vice President and Chief Financial Officer of Grand Toys International Inc. at 1710 Route Transcanadienne, Dorval, QC H9P 1H7 Canada, or by phone at (514) 685-2180.

Dividends and Other Distributions

How will you receive dividends and other distributions on the shares?

The depositary has agreed to pay to you the cash dividends or other distributions it or the custodian receives on shares other deposited securities, after deducting its fees and expenses. You will receive these distributions in proportion to the number of shares your Grand HK ADSs represent.

Cash. The depositary will convert any cash dividend or other cash distribution Grand HK pays on the shares into U.S. dollars, if it can do so on a reasonable basis and can transfer the U.S. dollars to the United States. If that is not possible or if any government approval is needed and can not be obtained, the deposit agreement allows the depositary to distribute the foreign currency only to those ADR holders to whom it is possible to do so. It will hold the foreign currency it cannot convert for the account of the ADR holders who have not been paid. It will not invest the foreign currency and it will not be liable for any interest.

Before making a distribution, the depositary will deduct any withholding taxes that must be paid. See Income Tax Consequences of the Reorganization beginning on page 79. It will distribute only whole U.S. dollars and cents and will round fractional cents to the nearest whole cent. If the exchange rates fluctuate during a time when the depositary cannot convert the foreign currency, you may lose some or all of the value of the distribution.

Shares. The depositary may distribute additional ADSs representing any shares we distribute as a dividend or free distribution. The depositary will only distribute whole ADSs. It will sell shares which would require it to deliver a fractional ADS and distribute the net proceeds in the same way as it does with cash. If the depositary does not distribute additional ADRs, the outstanding ADSs will also represent the new shares.

Rights to purchase additional shares. If Grand HK offers holders of its securities any rights to subscribe for additional shares or any other rights, the depositary may make these rights available may make these rights available to you. If the depositary decides it is not legal and practical to make the rights available but that it is practical to sell the rights, the depositary may sell the rights and distribute the proceeds in the same way as it does with cash. The depositary will allow rights that are not distributed or sold to lapse. In that case, you will receive no value for them.

U.S. securities laws may restrict transfers and cancellation of the ADSs represented by shares purchased upon exercise of rights. For example, you may not be able to trade these ADSs freely in the United States. In this case, the depositary may deliver restricted depositary shares that have the same terms as the ADRs described in this section except for changes needed to put the necessary restrictions in place.

Other Distributions. The depositary will send to you anything else we distribute on deposited securities by any means it thinks is legal, fair and practical. If it cannot make the distribution in that way, the depositary has a choice. It may decide to sell what Grand HK distributed and distribute the net proceeds, in the same way as it does with cash. Or, it may decide to hold what Grand HK distributed, in which case ADSs will also represent the newly distributed property. However, the depositary is not required to distribute any securities (other than ADSs) to you unless it receives satisfactory evidence from Grand HK that it is legal to make that distribution.

The depositary is not responsible if it decides that it is unlawful or impractical to make a distribution available to any ADR holders. Grand HK has no obligation to register ADSs, shares, rights or other securities under the Securities Act. Grand HK also has no obligation to take any other action to permit the distribution of ADRs, shares, rights or anything else to ADR holders. This means that you may not receive the distributions Grand HK makes on its shares or any value for them if it is illegal or impractical for Grand HK to make them available to you.

Deposit and Withdrawal

How are ADSs issued?

The depositary will deliver ADSs if you or your broker deposits shares or evidence of rights to receive ADS with the custodian. Upon payment of its fees and expenses and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, the depositary will register the appropriate number of ADSs in the names you request and will deliver the ADRs at its office to the persons you request.

How do ADS holders cancel an ADR and obtain shares?

You may surrender your ADRs at the depositary's office. Upon payment of its fees and expenses and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, the depositary will deliver the shares and any other deposited

securities underlying the ADR to you or a person you designate at the office of the custodian. Or, at your request, risk and expense, the depositary will deliver the deposited securities at its office, if feasible.

Voting Rights

How do you vote?

You may instruct the depositary to vote the shares underlying your ADRs, but only if Grand HK asks the depositary to ask for your instructions. Otherwise, you won't be able to exercise your right to vote unless you withdraw the shares. However, you may not know about the meeting enough in advance to withdraw the shares.

If Grand HK asks for your instructions, the depositary will notify you of the upcoming vote and arrange to deliver our voting materials to you. The materials will describe the matters to be voted on and explain how you may instruct the depositary to vote the shares or other deposited securities underlying your ADSs as you direct. For instructions to be valid, the depositary must receive them on or before the date specified. The depositary will try, as far as practical, subject to Hong Kong law and the provisions of Grand HK's memorandum and articles of association, to vote or to have Grand HK's agents vote the shares or other deposited securities as you instruct.

The depositary will only vote or attempt to vote as you instruct or as described in the preceding sentence.

Grand HK does not assure you that you will receive the voting materials in time to ensure that you can instruct the depositary to vote your shares. In addition, the depositary and its agents are not responsible for failing to carry out voting instructions or for the manner of carrying out voting instructions. This means that you may not be able to exercise your right to vote and there may be nothing you can do if your shares are not voted as you requested.

Fees and Expenses

Persons depositing shares or ADR holders must pay:	For:
\$5.00 (or less) per 100 ADSs (or portion of 100 ADSs)	Issuance of ADSs, including issuances resulting from a distribution of shares or rights or other property
\$.02 (or less) per ADS A fee equivalent to the fee that would be payable if securities distributed to you had been shares and the shares had been deposited for issuance of ADSs	Cancellation of ADSs for the purpose of withdrawal, including if the deposit agreement terminates
\$.02 (or less) per ADSs per calendar year (to the extent the depositary has not collected a cash distribution fee of \$.02 per Grand HK ADS during that year)	Any cash distribution to you
Registration or transfer fees	Distribution of securities distributed to holders of deposited securities which are distributed by the depositary to ADR holders
Expenses of the depositary in converting foreign currency to U.S. dollars	Depository services
Expenses of the depositary	Transfer and registration of shares on our share register to or from the name of the depositary or its agent when you deposit or withdraw shares [disclose if any such fees are currently charged for registration or transfer of the company's shares and, if so, state the amount]
Taxes and other governmental charges the depositary or the custodian have to pay on any ADR or share underlying an ADR, for example, stock transfer taxes, stamp	Cable, telex and facsimile transmissions (when expressly provided in the deposit agreement)

duty or withholding taxes

Any charges incurred by the
depository or its agents for servicing
the deposited securities

No charges of this type are currently made in
the Hong Kong market.

-70-

Payment of Taxes

The depositary may deduct the amount of any taxes owed from any payments to you. It may also sell deposited securities, by public or private sale, to pay any taxes owed. You will remain liable if the proceeds of the sale are not enough to pay the taxes. If the depositary sells deposited securities, it will, if appropriate, reduce the number of ADSs to reflect the sale and pay to you any proceeds, or send to you any property, remaining after it has paid the taxes.

Reclassifications, Recapitalizations and Mergers

If Grand HK:

Change the nominal or par value of our shares

Reclassify, split up or consolidate any of the deposited securities

Distribute securities on the shares that are not distributed to you

Recapitalize, reorganize, merge, liquidate, sell all or substantially all of its assets, or take any similar action

Then:

The cash, shares or other securities received by the depositary will become deposited securities. Each ADS will automatically represent its equal share of the new deposited securities.

The depositary may distribute some or all of the cash, shares or other securities it received. It may also deliver new ADRs or ask you to surrender your outstanding ADRs in exchange for new ADRs identifying the new deposited securities.

Amendment and Termination

How may the deposit agreement be amended?

Grand HK may agree with the depositary to amend the deposit agreement and the ADRs without your consent for any reason. If an amendment adds or increases fees or charges, except for taxes and other governmental charges or expenses of the depositary for registration fees, facsimile costs, delivery charges or similar items, or prejudices a substantial right of ADR holders, it will not become effective for outstanding ADRs until 30 days after the depositary notifies ADR holders of the amendment. At the time an amendment becomes effective, you are considered, by continuing to hold your ADR, to agree to the amendment and to be bound by the ADRs and the deposit agreement as amended.

How may the deposit agreement be terminated?

The depositary will terminate the deposit agreement if Grand HK asks it to do so. The depositary may also terminate the deposit agreement if the depositary has told Grand HK that it would like to resign and Grand HK has not appointed a new depositary bank within 60 days. In either case, the depositary must notify you at least 30 days before termination.

After termination, the depositary and its agents will do the following under the deposit agreement but nothing else, (1) advise you that the deposit agreement is terminated, (2) collect distributions on the deposited securities, (3) sell rights and other property, and (4) deliver shares and other deposited securities upon cancellation of ADRs. One year or more after termination, the depositary may sell any remaining deposited securities by public or private sale. After that,

the depositary will hold the money it received on the sale, as well as any other cash it is holding under the deposit agreement for the pro rata benefit of the ADR holders that have not surrendered their ADRs. It will not invest the money and has no liability for interest. The depositary's only obligations will be to account for the money and other cash. After termination our only obligations will be to indemnify the depositary and to pay fees and expenses of the depositary that Grand HK agreed to pay.

Limitations on Obligations and Liability

The deposit agreement expressly limits Grand HK's obligations and the obligations of the depository. It also limits Grand HK's liability and the liability of the depository. Grand HK and the depository:

are only obligated to take the actions specifically set forth in the deposit agreement without negligence or bad faith;

are not liable if either of Grand HK or the depository is prevented or delayed by law or circumstances beyond the control from performing the obligations of Grand HK or the depository under the deposit agreement;

are not liable if either of Grand HK or the depository exercises discretion permitted under the deposit agreement;

have no obligation to become involved in a lawsuit or other proceeding related to the ADRs or the deposit agreement on your behalf or on behalf of any other person;

may rely upon any documents Grand HK or the depository believe in good faith to be genuine and to have been signed or presented by the proper party.

In the deposit agreement, Grand HK has agreed to indemnify the depository for acting as depository, except for losses caused by the depository's own negligence or bad faith, and the depository agrees to indemnify Grand HK for losses resulting from its negligence or bad faith.

Requirements for Depository Actions

Before the depository will deliver or register a transfer of an ADR, make a distribution on an ADR, or permit withdrawal of shares or other property, the depository may require:

payment of stock transfer or other taxes or other governmental charges and transfer or registration fees charged by third parties for the transfer of any shares or other deposited securities;

satisfactory proof of the identity and genuineness of any signature or other information it deems necessary; and

compliance with regulations it may establish, from time to time, consistent with the deposit agreement, including presentation of transfer documents.

The depository may refuse to deliver ADRs or register transfers of ADRs generally when the transfer books of the depository or Grand HK's transfer books are closed or at any time if the depository or Grand HK thinks it advisable to do so.

Your Right to Receive the Shares Underlying your ADRs

You have the right to surrender your ADRs and withdraw the underlying shares at any time except:

When temporary delays arise because: (i) the depository has closed its transfer books or Grand HK has closed its transfer books; (ii) the transfer of shares is blocked to permit voting at a shareholders' meeting; or (iii) Grand HK is paying a dividend on our shares.

When you or other ADR holders seeking to withdraw shares owe money to pay fees, taxes and similar charges; or

When it is necessary to prohibit withdrawals in order to comply with any laws or governmental regulations that apply to ADRs or to the withdrawal of shares or other deposited securities.

This right of withdrawal may not be limited by any other provision of the deposit agreement.

Pre-release of ADRs

The deposit agreement permits the depositary to deliver ADRs before deposit of the underlying shares. This is called a pre-release of the ADR. The depositary may also deliver shares upon surrender of pre-released ADRs (even if the ADRs are surrendered before the pre-release transaction has been closed out). A pre-release is closed out as soon as the underlying shares are delivered to the depositary. The depositary may receive ADRs instead of shares to close out a pre-release. The depositary may pre-release ADRs only under the following conditions: (1) before or at the time of the pre-release, the person to whom the pre-release is being made represents to the depositary in writing that it or its customer owns the shares or ADRs to be deposited; (2) the pre-release is fully collateralized with cash or other collateral that the depositary considers appropriate; and (3) the depositary must be able to close out the pre-release on not more than five business days' notice. In addition, the depositary will limit the number of ADSs that may be outstanding at any time as a result of pre-release, although the depositary may disregard the limit from time to time, if it thinks it is appropriate to do so.

COMPARISON OF RIGHTS OF GRAND HK SHAREHOLDERS AND GRAND US SHAREHOLDERS

The rights of Grand US shareholders are currently governed by the Nevada Revised Statutes (the NRS) and Nevada common law (together with the NRS, Nevada Law), Grand US amended and restated articles of incorporation, as amended and Grand US amended and restated by-laws. As a result of the reorganization merger, Grand US shareholders will receive Grand HK ADSs. The rights and privileges of the underlying ordinary shares of Grand HK are governed by Grand HK s memorandum and articles of association, the Companies Ordinance of Hong Kong (the Companies Ordinance) and Hong Kong common law (together with the Companies Ordinance, Hong Kong Law). The Companies Ordinance is modeled after United Kingdom corporate law but does not follow recent United Kingdom statutory enactments and differs from laws applicable to Nevada corporations and their shareholders.

The following is a summary of material differences between the rights of holders of Grand HK ordinary shares under Grand HK s memorandum and articles of association and Hong Kong Law and the rights of Grand US shareholders under Grand US amended and restated articles of incorporation and amended and restated by-laws and Nevada Law. This summary does not purport to be complete and is qualified in its entirety by reference to Grand HK s memorandum and articles of association, the Companies Ordinance, Grand US articles of incorporation and by-laws. Copies of Grand HK s memorandum and articles of association and Grand US amended and restated articles of incorporation and amended and restated by-laws. Copies of Grand US amended and restated articles of incorporation and amended and restated by-laws are incorporated into this proxy statement/prospectus by reference and will be sent to Grand US shareholders upon request.

APPROVAL OF BUSINESS COMBINATIONS

Grand US

Nevada Law generally requires that a merger or exchange be approved by the directors and by a majority of the outstanding capital stock. A corporation s charter may require a greater vote. Under Nevada Law, a surviving corporation need not obtain shareholder approval for a merger if:

the articles of incorporation of the surviving corporation will not differ from its articles before the merger;

each share of the surviving corporation s stock outstanding prior to the merger remains outstanding in identical form after the merger;

the number of voting shares outstanding immediately after the merger, plus the number of voting shares issued as a result of the merger, either by conversion of securities issued pursuant to the merger or the exercise of rights and warrants issued pursuant to the merger, will not exceed by more than 20 percent the total number of voting shares of the surviving corporation outstanding

Grand HK

Other than requirements contained in the listing and takeover standards for publicly listed Hong Kong companies, which Grand HK will not be, Hong Kong laws do not provide a statutory merger framework or procedure comparable to Nevada Law. However, there are statutory provisions that facilitate the reconstruction and amalgamation of companies. The proposed arrangement must be approved by a majority in each class of shareholders with whom the arrangement is to be made, and who must in addition represent three-fourths in value of each such class of shareholders that are present and voting either in person or by proxy at a meeting, or meetings convened for that purpose. The convening of the meetings and subsequently the proposed arrangement must be sanctioned by the Hong Kong Court of First Instance. The court order must then be delivered to the Hong Kong Registrar of Companies and annexed to the company s memorandum and articles of association.

immediately before the merger; and

the number of participating shares outstanding immediately after the merger, plus the number of participating shares issuable issued pursuant to the merger or the exercise of rights and warrants issued pursuant to the merger, will not exceed by more than 20 percent the total number of

-73-

participating shares outstanding immediately before the merger.

APPRAISAL RIGHTS

Grand US

Under Nevada Law, the right of dissenting shareholders to obtain the fair value for their shares is available in connection with some mergers or consolidations. Unless otherwise provided in the corporate charter, appraisal rights are not available to shareholders when no vote of its shareholders is required to approve the merger. In addition, no appraisal rights are available to holders of shares of any class of stock which is either:

listed on a national securities exchange or designated a national market system security on an interdealer quotation system by the National Association of Securities Dealers; or

held of record by more than 2,000 shareholders, unless those shareholders are required by the terms of the merger to accept anything other than (a) shares of stock of another corporation which, on the effective date of the merger or consolidation, are of the kind described above, (c) cash, owners' interests or owners' interests and cash in lieu of fractional shares of stock, or (d) any combination of the consideration set forth in (a) through (c).

In this merger, Grand US shareholders are not entitled to appraisal rights.

Grand HK

A dissenting shareholder may make an application to the Hong Kong Court of First Instance claiming the affairs of Grand HK are being or have been conducted in a manner unfairly prejudicial to the interests of the shareholders. Although dissenting shareholders do not have rights comparable to appraisal rights available to shareholders of US corporations, the Court has the power to utilize its discretion to make provisions for such dissenting shareholders.

In case of a successful takeover of a Hong Kong company whereby the acquiring company has obtained over 90% of the outstanding shares or class of shares, the Companies Ordinance allows the minority holders of such shares to require the acquiring company to buy them out as well.

If a Hong Kong company makes a general offer to purchase all of its shares or all of its shares of a particular class, and within the offer period, the repurchasing company obtains over 90% of the shares (including the shares owned by the relevant shareholder), the Companies Ordinance allows such shareholder to demand the repurchasing company buy them out at the offer terms or at any other terms agreed to by the parties or ordered by the courts.

As long as the first annual general meeting of Grand HK is held within 18 months of the date of its incorporation, a general meeting need not be held within the year of, or within the year immediately following the company's incorporation. The annual general meeting must be held at such time and place as the board shall appoint. Additional general meetings may be convened by the board or by written request of shareholders holding not less than one-twentieth of the paid-up capital of Grand HK which carries the right of voting at general meetings of Grand HK.

ACTIONS BY WRITTEN CONSENT

Grand US

Under Nevada Law, any action required or permitted to be taken at a meeting of the shareholders may be taken without a meeting if a written consent thereto is signed by shareholders holding at least a majority of the voting power, except that if a different proportion of voting power is required for such an action at a meeting, then that proportion of written consent is required.

Grand HK

Hong Kong Law provides that shareholders may take action requiring a resolution without a meeting only by unanimous written consent, signed by all of the shareholders of Grand HK who are entitled to attend the meeting and vote on the day of the resolution. Grand HK's memorandum and articles of association authorizes actions by unanimous written consent of its shareholders.

DIVIDENDS AND DISTRIBUTIONS

Grand US

Under Nevada Law, a corporation may pay dividends unless, after giving effect to the proposed dividend, (1) the corporation would not be able to pay its debts as they become due in the usual course of business or (2) the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the corporation were to be dissolved at the time of distribution, to satisfy the preferential rights

Grand HK

Grand HK's memorandum and articles of association provides that any vacancy on the board of directors may be filled by the board of directors. A director appointed in this manner is subject to retirement at the same time as if he had become a director on the day on which the director in whose place he is appointed was last elected.

The board of directors must adopt a resolution setting forth the amendment and declaring its advisability;

The board of directors must call a meeting, providing notice to each shareholder entitled to vote as to the meeting and the amendment to be considered; and

Unless the articles of incorporation provide otherwise, the amendment may be approved by the holders of a majority of the voting power entitled to vote on the amendment.

Nevada Law provides that, subject to any by-laws adopted by the shareholders, the board of directors may adopt the by-laws of the corporation. Nevada Law is silent on the amendment or repeal of by-laws. The by-laws of Grand US

Grand HK

Under the Companies Ordinance, amendment of Grand HK's memorandum and articles of association requires a special resolution passed by the shareholders.

Under the Companies Ordinance, a resolution is a special resolution when:

it has been passed by not less than three-fourths of such shareholders as, being entitled to do so, vote in person or, if proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been duly given; or

if it has been approved in writing by all of the shareholders entitled to vote at a general meeting of Grand HK in one or more instruments each signed by one or more of such shareholders, and the effective date of the special resolution shall be the date on which the instrument or the last of such instruments, if more than one, is executed.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Grand US

The Grand US amended and restated by-laws provide that Grand US will indemnify its directors and officers against expenses incurred in connection with any action, suit or proceeding to which such person is or was a party due to the fact that such person was a director or officer of Grand US

Grand HK The Companies Ordinance prohibits exempting any officer or director from liability from, or indemnifying any officer or director against, any liability which by virtue of any rule of law would otherwise attach to him in respect of any negligence, default, breach of duty or breach of trust of which he may be guilty in relation to Grand HK.

misconduct, fraud or a knowing violation of law, or for the payment of dividends in violation of Nevada Law.

CORPORATE GOVERNANCE

Grand US

Nevada Law generally prohibits interested director transactions, except in specified instances. Nevada Law provides that the board of directors owe fiduciary duties to corporations for which they serve as directors. directors are obligated to exercise informed business judgment in performance of their duties.

Grand HK

Hong Kong Law prohibits loans to directors. Transactions between Grand HK and directors or parties related to directors are not prohibited, provided that such director must, if his interest in such contract or arrangement is material, declare the nature of his interest at the earliest meeting of the board of directors at which it is practicable for him to do so, either specifically or by way of a general notice stating that, by reason of the facts specified in the notice, he is to be regarded as interested in any contracts of a specified description which may subsequently be made by Grand HK. However, under Hong Kong common law, directors must exercise a duty of care and owe a fiduciary duty to the companies for which they serve as directors.

SHAREHOLDER SUITS

Grand US

Under Nevada Law, a shareholder may bring a derivative action on behalf of the corporation to enforce the rights of the corporation. Nevada Law expressly authorizes shareholder derivative suits on the condition that the shareholder either held the stock at the time of the transaction of which the shareholder complains, or acquired the stock thereafter by operation of law and continues to hold it throughout the duration of the suit.

Grand HK

In principle, a Hong Kong company will normally be the proper plaintiff in an action to enforce the rights of Grand HK, and a derivative action may not be brought by a minority shareholder. While Hong Kong Law does not recognize shareholder derivative actions in the same manner that United States courts do, the Companies Ordinance permits a shareholder to apply for a court order when Grand HK's affairs are being or have been conducted in a manner unfairly prejudicial to the interests of all or some shareholders, including the shareholder making the claim. A court has wide discretion in granting relief.

RESTRICTIONS ON BUSINESS COMBINATIONS WITH INTERESTED SHAREHOLDERS

Grand US

Nevada Law does not permit business combinations with interested shareholders for a period of five years following the date such shareholder became an interested shareholder. The Nevada Law defines an

interested shareholder, generally, as a person who owns 10% or more of the outstanding shares of the corporation's voting stock.

In addition, Nevada Law generally disallows the exercise of voting rights with respect to control shares of an issuing corporation held by an acquiring person, unless such voting rights are conferred by a majority vote of the disinterested shareholders. Acquiring person means (subject to

certain exceptions) any person who individually or in association with others, acquires or offers to acquire, directly or indirectly, a controlling interest in the issuing corporation. Control shares are the voting shares of an issuing corporation acquired in connection with the acquisition of a controlling interest. Controlling interest is defined in terms of threshold levels of voting share ownership of outstanding voting shares of an issuing corporation sufficient to enable the acquiring person, individually or in association with others, directly or indirectly, to exercise (i) one-fifth or more but less than one-third, (ii) one-third or more but less than a majority, (iii) a majority or more of the voting power of the issuing corporation in the election of directors, and voting rights must be conferred by a majority of the disinterested shareholders as each threshold is reached and/or exceeded.

INSPECTION OF BOOKS AND RECORDS

Grand US

Under Nevada Law, any person who has been a shareholder of record for at least six months immediately preceding his or her demand, or any person holding or authorized in writing by the holders of at least 5% of all of its outstanding shares, upon at least five days' written demand, is entitled to inspect in person or by agent or attorney, during usual business hours, the corporation's articles of incorporation and by-laws and all amendments thereto, and stock ledger.

Grand HK

Holders of Grand HK shares will have a general right under Hong Kong Law to inspect or obtain copies of Grand HK's list of shareholders or minutes of any general meeting.

The Hong Kong Court of First Instance may appoint an inspector upon application of one hundred shareholders or one-tenth of the shareholders of a company or Grand HK itself may appoint an inspector by special resolution. The inspector will then inspect books and records and issue a report, to the Hong Kong Financial Secretary if the inspector is court appointed and to Grand HK if the inspector is company appointed. The report will be admissible as evidence in any legal proceedings.

INCOME TAX CONSEQUENCES OF THE REORGANIZATION MERGER

U.S. Federal Income Tax Consequences to Grand US Shareholders

In the opinion of Katten Muchin Zavis Rosenman, the following general discussion constitutes a fair and accurate summary of the material U.S. federal income tax consequences of the receipt of Grand HK ADSs by shareholders of Grand US pursuant to the reorganization merger. This discussion does not address all of the U.S. federal income tax consequences that may be relevant to particular Grand US shareholders in light of their individual circumstances or to shareholders who, for U.S. federal income tax purposes, are subject to special rules, such as:

dealers or traders in securities or currencies;

tax-exempt entities;

banks, financial institutions or insurance companies;

grantor trusts;

-79-

real estate investment trusts or regulated investment companies;

holders who hold Grand US common stock as part of a position in a straddle or as part of a hedging or conversion transaction for U.S. federal income tax purposes;

investors whose functional currency is not the U.S. dollar;

holders who acquired their Grand US common stock within twelve months of the effective date of the reorganization merger pursuant to the exercise of employee stock options or otherwise as compensation; and

holders that, for U.S. federal income tax purposes, are nonresident alien individuals, foreign corporations, foreign partnerships, foreign trusts or foreign estates.

Further, this discussion does not address any U.S. federal estate and gift or alternative minimum tax consequences or any state, local or foreign tax consequences relating to the reorganization merger or the ownership and disposition of Grand HK ADSs, nor (except as expressly set forth herein) does this discussion address the tax consequences of the reorganization merger to Grand US or Grand HK.

Neither Grand US nor Grand HK will request any ruling from the IRS as to the U.S. federal income tax consequences of the reorganization merger. Each Grand US shareholder is strongly urged to consult his or her own tax advisor as to the particular tax consequences to him or her of the receipt of Grand HK ADSs pursuant to the reorganization merger contemplated by this proxy statement/prospectus and the ownership and disposition of Grand HK ADSs, including the applicability and effect of federal, state, local and foreign income and other tax laws in his or her particular circumstances.

This discussion is based on the Internal Revenue Code of 1986, as amended (which we refer to as the Code), the Treasury regulations promulgated thereunder and judicial and administrative interpretations thereof, in each case as in effect and available on the date of this proxy statement/prospectus. All of the foregoing are subject to change, which change could apply with retroactive effect and could affect the tax consequences described below.

This discussion assumes that Grand US shareholders hold their Grand US common stock and will hold their Grand HK ADSs as capital assets.

For purposes of this proxy statement/prospectus, a U.S. holder is a beneficial owner of Grand US common stock who exchanges Grand US common stock for Grand HK ADSs and, for U.S. federal income tax purposes, is:

an individual who is a citizen or resident of the U.S.;

a corporation (including any entity treated as a corporation for U.S. income tax purposes) created or organized in or under the laws of the U.S. or any state thereof, including the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if such trust validly has elected to be treated as a U.S. person for U.S. federal income tax purposes, or if a U.S. court can exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of the substantial decisions of the trust.

If a partnership (including any entity treated as a partnership for U.S. income tax purposes) owns Grand US common stock, the tax consequences of the reorganization merger to a partner generally will depend upon the status of the partner and the activities of the partnership. If you are a partner in a partnership holding Grand US common stock, you should consult your own tax advisors.

The Reorganization Merger

In the opinion of Katten Muchin Zavis Rosenman:

The reorganization merger will constitute a merger within the meaning of Section 368 of the Code, and/or, when integrated with the issuance of Grand HK ADSs to Centralink, will be treated as a transaction described in Section 351(a) of the Code;

The exchange of Grand US common stock for Grand HK ADSs in the reorganization merger will not be subject to Section 367(a)(1) of the Code (other than with respect to a Grand US shareholder that is a 5% transferee shareholder within the meaning of U.S. Treasury Regulation Section 1.367(a)-3(c)(5)(ii), i.e., a U.S. holder who will own 5% or more of either the total voting power or the total value of the stock of Grand HK immediately after the reorganization merger, determined after taking into account applicable stock attribution rules); and

Each of Grand HK, GTI Acquisition and Grand US will be a party to the merger within the meaning of Section 368(b) of the Code.

Based on the foregoing opinions, the following additional material U.S. federal income tax consequences will result from the reorganization merger (other than with respect to Grand US shareholders that are 5% transferee shareholders):

You will not recognize gain or loss on the exchange of Grand US common stock for Grand HK ADSs in the reorganization merger;

The tax basis to you of the Grand HK ADSs received in exchange for Grand US common stock pursuant to the reorganization merger will equal such Grand US shareholder's tax basis in the Grand US common stock surrendered in exchange therefor;

Your holding period for the Grand HK ADSs received pursuant to the reorganization merger will include the holding period of the Grand US common stock surrendered in exchange therefor; and

No income, gain or loss will be recognized by Grand HK, GTI Acquisition or Grand US as a result of the transfer to Grand ADSs to you pursuant to the reorganization merger.

Also based on the foregoing opinions, the following additional material U.S. federal income tax consequences will result from the reorganization merger to Grand US shareholders that are 5% transferee shareholders:

If you are a 5% shareholder of Grand US and you do not enter into a gain recognition agreement (as described below) you will recognize gain (but not loss) for U.S. federal income tax purposes on the exchange of Grand US common stock for Grand HK ADSs in the reorganization merger, measured by the difference (if any) between the value of the Grand HK ADSs received by you and your tax basis in the Grand US common stock exchanged for Grand HK ADSs. Any gain recognized will be capital gain, which, if you are a non-corporate taxpayer, will qualify for a reduced rate of U.S. federal income tax if your holding period in your Grand US common stock exceeds one year. If such shareholder recognizes gain, then your tax basis in the Grand HK ADSs received in the reorganization merger will equal their fair market value when received and your holding period for the Grand HK ADSs received in the reorganization merger will begin with the day following the effective date of the reorganization merger; and

If you are a 5% shareholder of Grand US and you enter into a gain recognition agreement in accordance with Treasury Regulation Section 1.367(a)-8 you will not recognize gain or loss on the exchange of Grand

US common stock for Grand HK ADSs, and you will have a tax basis and holding period for the Grand HK ADSs received in the reorganization merger as described above for Grand US shareholders that are not 5% transferee shareholders, provided you comply with the gain recognition agreement. This agreement, which must be signed under penalties of perjury and filed with your timely filed income tax return for the taxable year that includes the effective date of the reorganization merger, will require you to file annual certifications with your income tax return for each of the five years following the year of the reorganization merger, and to recognize any gain not recognized by you in the reorganization merger if Grand HK disposes of the Grand US common stock acquired by it in the reorganization merger at any time before the close of the foregoing five-year period following the year of the reorganization merger. Failure to comply with the gain recognition agreement could result in you having to report and pay tax on its gain (if any) on the receipt of Grand HK ADSs retroactively to the year in which the reorganization merger occurs.

The opinions of Katten Muchin Zavis Rosenman are based on, among other things: the facts set forth in this proxy statement/prospectus; the assumption that the reorganization merger is consummated in accordance with the terms of the agreement and plan of merger and the acquisition of Playwell and related Centralink subscription is consummated in accordance with the Subscription and Exchange Agreement, respectively, without waiver or modification of any of the material terms and conditions thereof; the opinion of Empire Valuation Consultants, Inc. to the effect that the value of Hong Kong Toy Centre Limited is not less than the value of Grand US and its subsidiaries at the time of the merger; and certain representations as to factual matters made by Grand US and Centralink, including (in addition to customary representations) representations by Grand US that it will comply with the reporting requirements of Treasury Regulation Section 1.367(a)-3(c)(6), and that Grand HK will satisfy the active trade or business test of Treasury Regulation Section 1.367(a)-3(c)(3). Any inaccuracy in such assumption or representations could jeopardize the conclusions reached in the opinions, and any factual determinations by Grand US or the valuation firm may be challenged by a taxing authority. Also, counsel's opinions are not binding on the IRS or the courts. A successful IRS challenge to counsel's conclusions could result in material adverse U.S. federal income tax consequences to Grand US shareholders.

Grand HK ADSs

U.S. holders

Distributions

Subject to the discussion below under **Passive Foreign Investment Company Considerations**, the gross amount of any distribution by Grand HK of cash or property (other than certain distributions, if any, of common stock distributed pro rata to all shareholders of Grand HK) with respect to ADSs will be includible in your income as dividend income to the extent such distributions are paid out of the current or accumulated earnings and profits of Grand HK as determined under U.S. federal income tax principles. Such dividends generally will not be eligible for the dividends received deduction generally allowed to U.S. holders that are corporations, but (provided Grand HK ADSs are traded on a U.S. exchange) will be eligible for the special 15% U.S. federal income tax rate applicable to qualifying dividends received by you, if you are a non-corporate U.S. holder who satisfies certain holding period requirements as your Grand HK ADSs. Subject to the discussion below under **Passive Foreign Investment Company Considerations**, to the extent that the amount of any distribution by Grand HK exceeds Grand HK's current and accumulated earnings and profits as determined under U.S. federal income tax principles, the excess distribution will be treated first as a tax-free return of your adjusted tax basis in the Grand HK ADSs and thereafter as capital gain.

Amounts taxable as dividends to U.S. holders of Grand HK ADSs generally will be treated as foreign source income for purposes of calculating such U.S. holder's foreign tax credit limitation.

Sale or Exchange of Grand HK ADSs

Subject to the discussion below under Passive Foreign Investment Company Considerations, if you are a U.S. holder you generally will recognize gain or loss on a sale or exchange of Grand HK ADSs equal to the difference

between the amount realized on such sale or exchange and your adjusted tax basis in such Grand HK ADSs. Such gain or loss will be capital gain or loss. In the case of a non-corporate U.S. holder, the maximum marginal U.S. federal income tax rate applicable to such gain will be lower than the maximum marginal U.S. federal income tax rate applicable to ordinary income if your holding period for your Grand HK ADSs exceeds one year. Gain or loss, if any, recognized by you generally will be treated as U.S. source income or loss for U.S. foreign tax credit purposes. The deductibility of capital losses is subject to limitations.

Passive Foreign Investment Company Considerations

A non-U.S. corporation like Grand HK will be classified as a passive foreign investment company (which is referred to as a PFIC) for U.S. federal income tax purposes in any taxable year in which, after applying certain look-through rules, either at least 75% of its gross income is passive income or at least 50% of the gross value of its assets is attributable to assets that produce passive income or are held for the production of passive income. Passive income for this purpose generally includes dividends, interest, royalties, rents, and gains from commodities and securities transactions.

Grand HK believes that it will not be classified as a PFIC for the taxable year in which the reorganization merger occurs. Grand HK's status in future years will depend on its assets and activities in those years. Grand HK has no reason to believe that its assets or activities will change in a manner that would cause it to be classified as a PFIC. However, the tests for determining PFIC status are applied annually, and it is difficult to accurately predict Grand HK's future income and assets, which are relevant to this determination. Accordingly, although not anticipated, Grand HK cannot assure you that it will not become a PFIC. If Grand HK were to become a PFIC, then, subject to the discussion below, a U.S. holder of Grand HK ADSs would be subject to imputed interest charges and other disadvantageous tax treatment with respect to any gain from the sale or exchange of, and certain distributions with respect to, Grand HK ADSs.

Alternatively, if you are a U.S. holder you generally could elect, subject to certain limitations, to annually take into gross income the appreciation or depreciation in the value of the Grand HK ADSs during the tax year (which is referred to as the mark-to-market election). If you make the mark-to-market election, you will not be subject to the above-described rule, but will recognize each year an amount equal to the difference as of the close of the taxable year between the value of the Grand HK ADSs and your adjusted tax basis in the Grand HK ADSs. Losses would be allowed only to the extent of net gain previously included by you under the mark-to-market election for prior taxable years. Amounts included in or deducted from income under the mark-to-market election and actual gains and losses realized upon the sale or disposition of the Grand HK ADSs would be treated as ordinary income or loss.

If you are a U.S. holder you should consult your tax advisors regarding the tax consequences that would arise if Grand HK were treated as a PFIC.

Information Reporting and Backup Withholding Tax

Currently, any distributions with respect to Grand US common stock and the proceeds from the sale or redemption of Grand US common stock are subject to U.S. backup withholding tax and information reporting rules. After the reorganization merger, it is anticipated that the same rules will apply to distributions with respect to Grand HK ADSs and to proceeds from the sale or redemption of Grand HK ADSs.

In general, information reporting requirements will apply to dividends or sale proceeds paid within the U.S., and in some cases, outside of the U.S., to U.S. holders other than certain exempt recipients, such as corporations. In addition, backup withholding at the then applicable rate will apply to these payments unless you provide an accurate taxpayer identification number in the manner required by U.S. law and applicable regulations, certifies that you are not subject

to backup withholding, and you otherwise comply with applicable requirements of the backup withholding rules. If you are a U.S. holder, amounts withheld under the backup withholding rules may be credited against your federal income tax liability, and you may obtain a refund of any excess amounts withheld under the backup withholding rules by filing the appropriate claim for refund with the IRS.

Non-U.S. holders

Distributions and Dispositions

In general, and subject to the discussion below under **Information Reporting and Backup Withholding Tax**, a non-U.S. holder will not be subject to U.S. federal income or withholding tax on income from distributions with respect to, or gain upon the disposition of, Grand HK ADSs, unless either (1) the income or gain is effectively connected with the conduct by the non-U.S. holder of a trade or business in the U.S. or (2) in the case of gain realized by an individual non-U.S. holder upon a disposition of Grand HK ADSs, the non-U.S. holder is present in the U.S. for 183 days or more in the taxable year of the sale and certain other conditions are met.

In the event that clause (1) in the preceding paragraph applies, such income or gain generally will be subject to regular U.S. federal income tax in the same manner as if such income or gain, as the case may be, were realized by a U.S. holder. In addition, if such non-U.S. holder is a corporation, such income or gain may be subject to a branch profits tax at a rate of 30%, although a lower rate may be provided by an applicable income tax treaty. In the event that clause (2), but not clause (1), in the preceding paragraph applies, the gain generally will be subject to tax at a rate of 30%, or such lower rate as may be provided by an applicable income tax treaty.

Information Reporting and Backup Withholding Tax

If you are a non-U.S. holder or if Grand HK ADSs are held by a non-U.S. holder through a non-U.S., and non-U.S. related, broker or financial institution, information reporting and backup withholding generally would not be required with respect to distributions on and dispositions of Grand HK ADSs. Information reporting, and possibly backup withholding, may apply if Grand HK ADSs are held by you through a U.S., or U.S. related, broker or financial institution and you fail to provide appropriate information. The amount of any backup withholding from a payment to you will be allowable as a refund or credit against your U.S. federal income tax liability, provided that the requested information or appropriate claim for refund is furnished to the IRS. If you are a non-U.S. holder, you should consult your tax advisors regarding the imposition of backup withholding and information reporting with respect to distributions on and dispositions of Grand HK ADSs.

Hong Kong Tax Consequences to Holders of Grand HK ADSs

Holders will generally not be liable for Hong Kong profits or withholding taxes on their receipt of Grand HK ADSs in the reorganization merger, on dividends received from Grand HK or on capital gains realized upon the sale of Grand HK ADSs. However, Hong Kong profits taxes may apply to holders who are engaged in Hong Kong in the trade of buying and selling shares. Grand HK ADSs held by an individual holder at the time of death will be subject to Hong Kong inheritance tax unless an applicable tax treaty provides otherwise.

RESTRICTIONS ON SALES OF GRAND HK ADSs RECEIVED IN THE REORGANIZATION MERGER

The Grand HK ADSs to be issued in the reorganization merger to Grand US shareholders generally will be freely transferable, except for Grand HK ADSs issued to any person who is deemed to be an affiliate of Grand US and Playwell under the Securities Act as of the date of the special meeting. Persons who may be deemed to be affiliates of Grand US and Playwell prior to the reorganization merger include individuals or entities that control, are controlled by, or are under common control with Grand US and Playwell prior to the reorganization merger and the consummation of the transactions contemplated by the subscription and exchange agreement, and may include officers and directors, as well as significant shareholders of Grand US and Playwell prior to the reorganization

merger and the consummation of the transactions contemplated by the subscription and exchange agreement. Centralink and affiliates of Grand US and Playwell prior to the reorganization merger may not sell any of the Grand HK ADSs received by them in connection with the reorganization merger and the subscription and exchange agreement except pursuant to:

an effective registration statement under the Securities Act covering resale of those shares;

an exemption under paragraph (d) of Rule 145 under the Securities Act; or

any other applicable exemption under the Securities Act.

Grand HK's registration statement on Form F-4, of which this proxy statement/prospectus forms a part, does not cover the resale of Grand HK ADSs to be received by affiliates of Grand US and Playwell in the reorganization merger.

The Subscription and Exchange Agreement

Grand US, Grand HK and Centralink have entered into the subscription and exchange agreement which is the legal document that governs the acquisition of Playwell and the subscription by Centralink of an additional 5,000,000 Grand HK ADSs. The subscription and exchange agreement has been amended on two occasions by Grand US, Grand HK and Centralink. Grand US and Grand HK recommend that you read carefully the complete subscription and exchange agreement, as amended, for the precise legal terms of the subscription and exchange and other information that may be important to you. The subscription and exchange agreement and its amendments are included in this proxy statement/prospectus as Annex B.

The Playwell Acquisition and the Centralink Investment in Grand HK

Immediately after the completion of the reorganization merger, Grand HK will acquire Playwell in exchange for 5,000,000 Grand HK ADSs. The subscription and exchange agreement contemplated an adjustment in the number of Grand HK ADSs to be issued to Playwell in the event that Playwell and its subsidiaries did not achieve a target EBITDA of \$3,600,000 for the year ending December 31, 2003 or in the event that Grand US did not achieve a target EBITDA of \$675,000 or more (excluding up to \$750,000 of the costs that Grand US incurs as a result of being a public company) for the twelve months ended December 31, 2003. However, each of Grand US and Playwell exceeded its target EBITDA and, accordingly, the adjustment mechanism is not applicable.

In addition to the acquisition of the Playwell shares, Centralink has also agreed to subscribe for 5,000,000 Grand HK ADSs for an aggregate of \$11,000,000 in two tranches. Centralink will first purchase 3,000,000 Grand HK ADSs for \$3,000,000, or \$1.00 per Grand HK ADS, and will then purchase 2,000,000 Grand HK ADSs for \$8,000,000, or \$4.00 per Grand HK ADS. Centralink has the right to satisfy a portion of the subscription price by assigning to Grand HK up to \$2,300,000 of the loans that it advanced to Fun-4-All on the condition that if the loans are not repaid by December 31, 2004, Centralink will make an additional cash contribution to Grand HK in an amount equal to the unpaid balance of the loans in exchange for Grand HK assigning the right to collect the loans back to Centralink.

Grand US is permitted, in response to an unsolicited superior proposal that did not otherwise result from a breach of the subscription and exchange agreement to furnish information with respect to Grand US and the subsidiaries of Grand US to any person making such superior proposal, and, participate in discussions or negotiations regarding such superior proposal. In response to a superior proposal, Grand US may pursue discussions or negotiations with the person making such superior proposal, in which event either Grand US or Centralink may terminate the

subscription and exchange agreement. A superior proposal is any proposal made by a third party to acquire, directly or indirectly, more than fifty percent (50%) of the voting power of Grand US or at least 50% or more of the assets of Grand US if:

the proposal is otherwise on terms which the board of Grand US determines in its good faith judgment to be more favorable, taken as a whole, to Grand US shareholders than the transactions contemplated by the subscription and exchange agreement; and

the board of Grand US determines in good faith that participating in discussions or negotiations with respect to the superior proposal or withdrawing or modifying its recommendation with respect to or otherwise terminating, the subscription and exchange agreement is required for the board of Grand US to comply with its fiduciary duties under applicable law.

Termination of the Subscription and Exchange Agreement

The subscription and exchange agreement may be terminated at any time prior to completion of the acquisition:

by mutual consent of Grand US, Grand HK and Centralink;

by either Grand US or Centralink if Grand US has notified Centralink that it intends to pursue discussions or negotiations with a third party in response to a superior proposal as described above under the section titled No Solicitation of Transactions ;

by Grand US or Centralink if satisfaction of the conditions to their respective obligations to close becomes impossible, other than through its failure to comply with its obligations under the subscription and exchange agreement;

By either Grand US or Centralink if the closing has not occurred on or before May 31, 2004, except that neither Grand nor Centralink may terminate the subscription and exchange agreement if it has failed to comply with its obligations under the subscription and exchange agreement; and

By either Grand US or Centralink if the other party has committed a material breach of the agreement and such breach has not been waived.

Expenses: Termination Fees

Generally, each of Grand US and Centralink has agreed to pay its own fees and expenses regardless of whether the reorganization merger, Playwell acquisition and additional Centralink subscription are completed, except that, in the event the transactions are completed, all expenses paid by Centralink will be reimbursed by Playwell, Playwell shall cause to be paid all expenses incurred and estimated to be incurred by Centralink but unpaid prior to closing (including expenses associated with post-closing actions), and Centralink shall cause to be paid or reimbursed all expenses paid or incurred by Grand US prior to closing arising out of or related to the subscription and exchange agreement or the consummation of the transactions contemplated by the subscription and exchange agreement.

In the event that subscription and exchange agreement is terminated by either Centralink or Grand US as a result of Grand US, decision to pursue a superior proposal, Grand US would be obligated to pay Centralink a fee of the greater of \$500,000 or the actual expenses incurred by Centralink in connection with the negotiation and consummation of the transactions contemplated in the subscription and exchange agreement. This will have a potentially chilling effect on Grand US ability to find a suitor more favorable than Centralink, given Grand US current valuation. Moreover, in the event that Grand US should fail to pay timely any amount due to Centralink, as a result of the termination of the subscription and exchange agreement, interest thereon shall accrue at the rate of 12% per annum from the date such payment is due until the date such payment is made. In the event the subscription and exchange agreement is terminated for any other reason, all obligations of the parties will terminate, except that the termination of the agreement as a result of a breach by either party will not relieve the breaching party from any liability that it may have for such breach.

**INFORMATION ABOUT GRAND TOYS INTERNATIONAL, INC.
AND PLAYWELL INTERNATIONAL LIMITED**

GRAND TOYS INTERNATIONAL, INC.

Introduction

Grand US is a Nevada corporation which, by itself and through its Canadian subsidiary, Grand Toys Ltd. (which is referred to as Grand Canada), has been engaged in the toy business for over 43 years. Grand US develops and distributes a wide variety of toys and fashion accessories throughout Canada and, to a lesser extent, the United States. Grand US' business consists of four areas of operation:

importing and distributing throughout Canada, on an exclusive and non-exclusive basis, a wide variety of well-known toy and leisure products and fashion accessories including party goods, stationery and accessories;

selling toy products and fashion accessories featuring popular characters licensed to Grand US;

earning commissions on the sale of products represented by Grand Toys Ltd. and shipped directly from an overseas vendor to Canadian customers; and

selling proprietary products such as I-screme cosmetics and Art X-press crafts.

On January 29, 2002, Grand US consolidated all of its Canadian operations into Grand Toys Ltd.

On June 14, 2002, Grand US sold all of the shares of one of its United States subsidiaries, Sababa Toys Inc., which commenced operations in 2000.

Unless the context otherwise requires, references herein to Grand US include Grand Toys International, Inc. and its operating subsidiary, Grand Toys Ltd. Grand US revenues are primarily derived from the operations of Grand Toys Ltd.

Products

Grand Canada imports into Canada for distribution select toys and fashion accessories from vendors who typically design, develop and sell their products in other countries.

In determining which items to import, Grand Canada examines such factors as consumer acceptance of the particular products in other countries, and Canadian consumer tastes for such products based on similar products distributed previously in Canada. In addition, prior to ordering a product, Grand Canada attempts to predict the potential demand for such product by exhibiting it to Grand Canada's existing customers.

The following table sets forth certain vendors whose products Grand Canada distributes in Canada, the type of products they manufacture, and the price range at which Grand Canada sells such products to retailers.

Vendor (Head Office)	Products Distributed by Grand US	Product Price Range (\$)		
Barter (H.K.)	Proprietary Arts & Crafts & licensed products	1.60	-	36.84
Catpro (U.S.)	Licensed novelty products			2.32
Comic Images (U.S.)	Bobbleheads			2.49
Intex Corporation (Taiwan)	Inflatable water toys (licensed & non-licensed)	2.67	-	203.12
May Fair (H.K.)	Art Supplies	15.14	-	17.46
P & M Products (U.S.)	Arts & Crafts	1.14	-	11.03
Processed Plastic (U.S.)	Plastic toys, ride-on vehicles, and etc.	0.26	-	22.70
Spectra Star Toys (U.S.)	Kites	1.06	-	88.94
T-Ink (U.S.)	Educational toys	4.09	-	12.11
Toy Biz (U.S.)	Male action figures	3.03	-	30.65
Toy Tech (H.K.)	Astrojax products	1.96	-	9.09
Unice S.A. (Spain)	Balls	1.32	-	1.67

Grand US business and operating results depend largely upon the appeal of the toy products developed and distributed by Grand US. A decline in the popularity of its existing products and product lines or the failure of new products and product lines to achieve and sustain market acceptance could result in reduced overall revenues and margins, which could have a material adverse effect on Grand US business, financial condition and results of operations. Grand US continued success will depend on its ability to redesign, restyle and extend its existing toy products and fashion accessories and to develop, introduce and gain customer acceptance of new toy products. However consumer preferences with respect to toy products and fashion accessories are continuously changing and are difficult to predict.

Design and Development

Grand Canada does not employ its own inventors of new concepts as is common in the toy and fashion accessory industries. Instead Grand Canada receives and develops new concepts in other ways including:

consideration of numerous concepts from unaffiliated third parties for new products. If it accepts and develops an inventor's concept for a new product, it will pay royalties to the inventor on sales from that product; and

Review by Grand US staff of trade and product developments within the recreational sector and determination if there is an opportunity that could be put into development.

Grand US staff then develops the new concepts by attending tradeshows worldwide, reading industry publications and communicating with our existing vendors and customers.

Grand US, through its United States subsidiary, Sababa Toys Inc., developed new concepts to be developed internally or by the other subsidiaries within the corporate group, to be sold to third parties. On June 14, 2002, Grand US sold all of the shares of its Sababa Toys, Inc. subsidiary.

Grand US also develops proprietary products and uses internal staff to develop these products to be sold to third parties.

All safety testing of Grand US products is done by the manufacturers at the manufacturers' factories and is designed to meet safety regulations imposed by the Canadian and United States governmental authorities. Grand US also

monitors quality assurance procedures of the manufacturers for Grand US products for safety purposes at Grand US warehouse facilities.

Sources of Product

Approximately 93% of Grand US gross sales in 2003 were from products supplied by the following five vendors: Toy Biz, Toy Tech, Barter, P & M Products and T-Ink Ltd. These products accounted for 62%, 13%, 11%,

4% and 3%, respectively, of 2003 gross sales. If one or more of the remaining suppliers identified above were to terminate their relationship with Grand US, such termination may have a material adverse effect on Grand US. Other than the products from the above-mentioned vendors, no products from any other vendor or from Grand US proprietary products accounted for more than 3% of Grand US gross sales in 2003.

The products distributed by Grand US are manufactured for Grand US by unaffiliated third parties principally located in China, Hong Kong, Mexico, Spain, the United States and the United Kingdom. Grand US orders products from its vendors which in turn select product manufacturers on the basis of factors standard in the toy industry including price, payment terms, product quality, reliability and the ability of a manufacturer to meet delivery requirements. For licensed products, the licensors may have the right to approve the manufacturers selected by the vendors. The use of third-party manufacturers enables Grand US to avoid incurring fixed manufacturing costs, but also reduces its ability to control the timing and quality of the manufacturing process.

Grand US does not supervise the day-to-day manufacturing of its products. However, prior to the commencement of manufacturing, Grand US, the vendor and the manufacturer work together to design a prototype of the specific product and its packaging. The manufacturer is contractually obligated to manufacture the products in accordance with those prototype specifications. For licensed products, some licensors may be required to approve the prototype prior to production.

All manufacturing services performed overseas are generally paid for by either letter of credit or wire transfer. Payment for such manufacturing is made only upon the proper fulfillment of terms established by Grand US for each purchase order. These terms include adherence to product quality, design, packaging and shipping standards, as well as proper documentation relating thereto. Most product purchases are paid for in U.S. dollars.

Grand Canada is not a party to any long-term supply or requirements agreements with any specific manufacturer. All of Grand US manufacturers may subcontract the manufacture of components of their products to third parties who are not affiliated with Grand US.

Materials

The principal raw materials used in the production and sale of Grand US products are plastic, printed fabrics and paper products. These are all currently available at reasonable prices from a variety of sources. Because Grand US does not manufacture any of its products on site, it does not own any specialized tools or other production equipment.

Location

Grand Canada leases a building in suburban Montreal, Quebec, Canada, where Grand US executive and administrative offices are located as well as its distribution center. Grand US also had a sales office and showroom in Mississauga, Ontario, Canada. This location was closed on December 31, 2002 as part of Grand US restructuring efforts.

Licensing and Distribution Agreements

Character Licenses

Grand US product lines include products featuring well-known character properties created by others. In order to obtain the right to manufacture and sell products featuring such character properties, Grand Canada enters into license agreements with the owners of such properties. Under the terms of the character property license agreements, Grand Canada pays royalties to licensors that generally range from 6% to 15% of net sales of the products carrying these

character properties. To the extent that competition increases among companies to obtain character property licenses, Grand Canada may encounter increased difficulty in obtaining certain character licenses and may be required to pay greater minimum guaranteed royalty amounts.

Generally, Grand US character property license agreements provide Grand US with the exclusive or non-exclusive right to sell only specific products featuring the particular character. These agreements typically limit the sale of such products to Canada. However, certain agreements allow distribution in the United States. They generally have terms of one to three years and are generally although not required by their terms, renewed upon payment of certain minimum guarantees or the attainment of specified sales levels.

The following table sets forth Grand US character licenses, the licensor for these character properties, the territory of sale, and the types of products that Grand US markets featuring these character properties.

Character Property	Licensor (Territory)	Product Featuring Property
Batman	Warner Bros. (CAN)	Kites, Balls
Bear In The Big Blue House	Venture (CAN)	Balls
Eye Scream	Excel Development (U.S. & CAN)	I-Screme cosmetics
Scooby Doo	Warner Bros. (CAN)	Balls
Hello Kitty, Pochacco	Sanrio Co. Ltd. (U.S. & CAN)	Foam Puzzles, Foam Floor Tiles
Monsters, Winnie the Pooh, Toy Story, Standard characters	Disney (CAN)	Kites
Nintendo	G-Squared (CAN)	Balls
Pooch Patrol	Isovoy Inc. (U.S. & CAN)	Plush Toys
Bob the Builder	Hit Entertainment (CAN)	Kites, Suncatchers
Rugrats, Sponge Bob, Blues Clues Dora the Explorer, Jimmy Neutron	Studio Licensing (CAN)	Kites, Balls, Suncatchers, Bath Activity Toys
Sesame Street	E.M.G. (CAN)	Balls, Kites
Spider-man	Marvel, (CAN)	Ball, Stationery
Astrojax	Vele Marketing (CAN)	Astrojax product lines
Spiderman	Marvel (U.S. & CAN)	Foam Puzzles, Foam Floor Tiles
X-Men	Marvel (U.S. & CAN)	Foam Puzzles, Foam Floor Tiles

There is one particular character property license that resulted in sales in excess of 10% of Grand Canada's sales revenues for the year ended December 31, 2003. The Astrojax property represented 13% of Grand US Sales revenues and the loss of this licensed product would have a material adverse effect on Grand US operations.

All costs associated with licensing and distribution are expensed in the period incurred and are shown as royalty expense in the Statements of Operations. Total royalty expense for the years ended December 31, 2003, 2002 and 2001 was \$302,801, \$311,082 and \$252,506, respectively.

Distribution Arrangements with Toy Vendors

Grand Canada selects products from a master product list provided to it by the vendor. The purchase price, depending on the arrangement with the supplier, may consist of a fixed payment per item, specified minimum quantities to be purchased and other conditions, and occasionally a royalty fee.

Pursuant to these agreements, Grand Canada obtains either the exclusive and non-exclusive right to import and distribute throughout Canada the products selected by it. These agreements generally have terms of one to five years and are usually exclusive for a specified product or product line within a specific territory.

Grand Canada's distribution agreement with its largest vendor, Toy Biz Inc., accounted for 62% of Grand US 2003 sales volume. Grand's contract with this vendor renews on an annual basis. At December 31, 2003, the agreement is verbal in nature.

Generally, under Grand US distribution agreements, Grand Canada is responsible for paying shipping and other related costs upon the purchase of goods from the vendor. If Grand Canada were to be in default under a

license or distribution agreement, such agreement could be terminated and Grand US could also incur liability for certain costs and penalties.

As a result of changing consumer preferences, many toy products are successfully marketed for only one or two years. There can be no assurances that any of Grand US current products or product lines will continue to be popular for any significant period of time; any new products or product lines introduced by Grand US will achieve an adequate degree of market acceptance; or any new product's life cycle will be sufficient to permit Grand US to recover development, manufacturing, marketing or other costs of the product.

In the event a new product does not receive sufficient market acceptance, Grand US may be required to sell inventory of such product at a substantial discount. Accordingly, Grand US success is dependent in large part on its ability to secure the rights to distribute new products and to secure new character and well-known brand name licenses for existing or new product lines, which cannot be assured. Therefore, Grand US cannot assume that any new products will be successful or meet with the same success as existing products.

Marketing, Sales and Distribution

Grand Canada markets its products throughout Canada via one employee sales representative and independent sales agents. Purchasers of the products include mass retailers, regional retail stores, toy specialty stores and wholesalers.

Grand Canada's three largest customers are: Toys R Us, Zellers, and Walmart and Western Grocers, which for the year ended December 31, 2003 accounted for approximately 21%, 20% and 8%, respectively, of Grand US gross sales. No other customer accounted for more than 8% of gross sales in 2003. If one or more of the three customers identified above terminated its relationship with Grand Canada, a material adverse effect on Grand US may occur.

Grand Canada, in its regular business operations does not have long term order commitments from its customers. Grand US sells to its customers on open account, allowing customers to purchase products up to certain pre-established credit limits.

For the majority of its customers, Grand US enters into one-year term agreements. These agreements stipulate payment terms, shipping terms, allowances and rebates (i.e., a return on prices paid by the customer if it provides advertising, there are defective product returns or a high volume of product orders, as applicable). Payment terms typically vary between 30 and 90 days.

Customers generally can cancel purchase orders for which goods have been purchased. Grand US attempts to minimize this possibility by ensuring that customer orders are matched to product purchases.

In addition, pressure by large customers seeking a reduction in prices, financial incentives, a change in other terms of sale or for Grand US to bear the risks and the cost of carrying inventory could also adversely affect our business, financial condition and results of operations.

Grand Canada employs a sales and marketing staff of four, including one senior manager and one sales person who makes on-site visits to customers for the purpose of soliciting orders for products. Grand Canada markets products at major and regional toy trade shows in Canada. In addition, Grand Canada maintains a showroom at its headquarters in suburban Dorval, Quebec, Canada.

Grand Canada directly, or through outside salespersons, takes written orders for products from customers and submits the orders to Grand US vendors who then arrange for manufacture of the products. Customer order

cancellations are generally made in writing and Grand US will then notify the appropriate vendors of customer cancellations who in turn notify the manufacturers. This procedure allows Grand US to avoid adding products to inventory as a result of customer cancellations of orders.

Returns are generally not accepted although consistent with industry practices, exceptions to this policy are made on a case-by-case negotiated basis. Those customers who are shipped defective products (per their term agreements) would claim product returns against the rebates. If a return is material, Grand Canada may have recourse against the manufacturer of the product.

Seasonality

Grand US business is seasonal, with a majority of sales occurring during the period from September through December in anticipation of the holiday season. Therefore its annual operating results will depend, in large part, on its sales during the relatively brief holiday season.

Further, this seasonality is increasing as large retailers become more efficient in their control of inventory levels through quick response management techniques. Retail sales of toy products are seasonal. These customers are timing reorders so that they are being filled by suppliers closer to the time of purchase by consumers, which to a large extent occurs during September through December, rather than maintaining large on-hand inventories throughout the year to meet consumer demand. While these techniques reduce a retailer's investment in inventory, they increase pressure on suppliers like Grand US to fill orders promptly and shift a significant portion of inventory risk and carrying costs to the supplier. The limited inventory carried by retailers may also reduce or delay retail sales. Additionally, the logistics of supplying more and more product within shorter time periods increase the risk that Grand US may fail to achieve tight and compressed shipping schedules.

This seasonal pattern requires significant working capital mainly to purchase inventory prior to the holiday season, and requires accurate forecasting of demand for products during the holiday season. Grand US failure to accurately predict and respond to consumer demand could result in our under-producing popular items and overproducing less popular items.

However management of Grand US attempts to offset the seasonal nature of the industry by seeking out non-seasonal product lines. The success of non-seasonal product lines, i.e., Spiderman and Lord of the Rings, has resulted in an appropriate seasonal, non-seasonal inventory concentration for the third and fourth quarters.

Product Liability

Grand US maintains product liability coverage for Grand US operations in the aggregate amount of Canadian \$12,000,000.

Competition

The industries in which Grand US competes are highly competitive. Grand US competes with many larger toy companies in the design and development of new toys, the procurement of licenses and for adequate retail shelf space for its products. The larger toy companies include Hasbro Inc., Mattel Inc., Playmates Inc. and Bandai Co. Many of these competitors have greater financial and other resources than Grand US. Grand US also faces competition from retailers who buy directly from the supplier rather than use a distributor like Grand US. Grand US remains competitive by offering full service to its customers, including marketing programs and customer service. The toy industry's highly competitive environment continues to place cost pressures on manufacturers and distributors. Discretionary spending among potential toy consumers is limited and the toy industry competes for those dollars along with the makers of computers and video games. Management believes that strong character and product licenses, Grand US reputation, the competence of its senior management and its operational controls have enabled Grand US to compete successfully.

Government Regulation

Grand US is subject to the provisions of various laws, certain of which have been enacted by the Federal Government of Canada and others which have been enacted by the Government of the Province of Quebec and other Canadian provinces, and the various states in the United States

Federal

The laws of the Government of Canada to which Grand Canada is subject include the *Hazardous Products Act* which empowers the Government to protect children from hazardous toys and other articles. Under that legislation the Government has the authority to exclude from the market those articles, which are found to be hazardous. Grand Canada is also subject to the *Consumer Packaging and Labeling Act* enacted by the Government of Canada, whose legislation prohibits the importation of prepackaged items into Canada, as well as the sale, importation, or advertising in Canada of items, which have misleading information on their label.

Provincial

The legislation enacted by the Government of the Province of Quebec in Canada to which Grand Canada is subject includes the *Consumer Protection Act* which prohibits the sale of hazardous toys and other articles, and also requires proper labeling and instructions to be included with the item being sold.

Grand Canada is also subject to the *Charter of the French Language*, which requires that all labeling and instructions appear in the French language, as well as the *Upholstery and Stuffed Articles Act*, which requires that stuffed articles conform to hygienic norms, and obligates companies to take measures against contamination during transportation and storage. Similar laws exist in several cities and provinces throughout Canada and in many jurisdictions throughout the world.

Grand US maintains a quality control program to ensure compliance with all applicable laws.

Employees

As of December 31, 2003, Grand US employed 23 full-time persons, including two executive officers, none of whom are represented by a union. Grand US believes that its relations with its employees are satisfactory.

Properties

Grand US principal executive offices are located in an approximately 105,000 square foot facility located at 1710 Route Trans-Canada, Dorval, Quebec, Canada. Grand US uses the facility for offices, showroom, warehousing and distribution.

The lease for the premises expires on September 30, 2004 but Grand US has the right to extend the lease for an additional five-year period, to September 30, 2009, which Grand US is considering exercising. The current monthly rent is \$25,315 and during the extension period shall be increased each year by a percentage that is equal to 75% of the percentage increase in the consumer price index for the greater Montreal, Canada area. On October 23, 2002, Grand US sub-let 56,132 square feet of this facility in order to maximize facility efficiency and reduce expenses. The sub-lease ends on November 30, 2008.

Grand US believes that its current facilities are satisfactory for its present needs and that its insurance coverage is adequate for the premises.

Legal Proceedings

On November 30, 1995, an involuntary petition under Chapter 7 of the United States Bankruptcy Code was filed against Grand Group Inc, a United States subsidiary of Grand US, in the United States Bankruptcy Court for the Southern District of New York (the Bankruptcy Proceeding). On January 4, 1996, the court entered an order for relief

under Chapter 7 of the United States Bankruptcy Code and a trustee was appointed to supervise the liquidation of Grand Group Inc. To date, no other proceedings have occurred in connection with the Bankruptcy.

On May 10, 2000, a lawsuit for alleged breach of contract has been filed against Grand Canada by a former sales representative. In the opinion of Grand US management, this action has no merit. At this point in time it is difficult to ascertain or estimate the value of a settlement, if any.

On May 21, 2003, Grand US was named in a lawsuit for an alleged defective product causing personal injury. Grand was acting as a distributor for the product. A defense has been filed denying liability and the claim is covered by insurance. At this point in time, it is difficult to ascertain or estimate the value of a settlement, if any.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information regarding beneficial ownership of Grand US common stock as of March 31, 2004 by (i) each person (or group of affiliated persons) who is known by Grand US to own beneficially more than 5% of the outstanding shares of Grand US common stock, (ii) each of Grand US directors and executive officers and (iii) all of Grand US executive officers and directors as a group. **MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS OF GRAND US**

Overview

For the years 2002 and 2001, Grand US disclosed in its audited financial statements that it had certain issues which raised substantial doubt about Grand US ability to continue as a going concern. The reasons cited were Grand US recurring losses and the cancellation of its line of credit in 2000. This was also noted in KPMG's audit report on those financial statements. During 2002, Grand US increased its credit facility, reduced its losses, and implemented a restructuring plan to return to profitability. At this time, based on 2004 forecasts, the current credit facility appears to be sufficient to meet Grand US working capital needs through the end of the 2004 fiscal year.

For the year ended December 31, 2003 Grand US reported net earnings of \$1,112,577. Net losses of \$826,848 and \$1,371,492 were reported for the years ended December 31, 2002 and 2001, respectively. Prior to the year ended December 31, 2003, Grand US had not reported an annual profit since December 31, 1997. As a result of the restructuring plan put in place and management's focus on the sale of products with higher profit margins, profitability has been achieved. In spite of this, there can be no assurance that Grand US will remain profitable on an annual basis.

On November 14, 2003, Grand US, Grand HK and Centralink entered into the subscription and exchange agreement (the "Subscription and Exchange Agreement") pursuant to which, among other matters;

Under the terms of the subscription and exchange agreement, Grand US will undertake a corporate reorganization pursuant to which Grand and its operating subsidiaries will become subsidiaries of Grand HK, with each issued and outstanding share of Grand US common stock being converted into one Grand HK ADS, evidenced by a Grand HK ADR representing beneficial ownership of one ordinary share of Grand HK, and each outstanding option and warrant to purchase Grand US common stock being converted into one option or warrant to purchase Grand HK ADSs representing beneficial ownership of one ordinary share of Grand HK;

In addition to the reorganization, Grand HK will acquire from Centralink all of the issued and outstanding capital stock of Playwell in exchange for the issuance to Centralink of 5,000,000 Grand HK ADSs representing beneficial ownership of 5,000,000 ordinary shares of Grand HK. Playwell is a holding company which owns four subsidiaries; Hong Kong Toy Center Limited, a trading company which manufactures products designated by customers and Playwell branded items; Gatelink Mould Engineering Limited, a manufacturer of moulds for Playwell; Great Wall Alliance Limited, the holder of Playwell trademarks; and Asian World Enterprises Limited, the holder of licenses for Walt Disney Company and Crayola branded products.

In addition to the acquisition of the Playwell shares, pursuant to the subscription and exchange agreement, Centralink will also subscribe for 5,000,000 Grand HK ADSs for cash and other consideration totaling \$11,000,000.

Net sales consist of sales of products to customers after deduction of customer cash discounts, freight and warehouse allowances, and volume rebate allowances. Sales are recorded when the merchandise is shipped.

The cost of goods sold for products imported as finished goods includes the cost of the product in the appropriate domestic currency, duty and other taxes, and freight and brokerage charges. Royalties payable to Grand US licensor-vendors which are not contingent upon the subsequent sales of the licensor-vendors' products are included in the price paid for such products.

Major components of selling, general and administrative expenses include: payroll and fringe benefits; advertising expense, which includes the cost of production of television commercials and the cost of air time; advertising

allowances paid to customers for cooperative advertising programs; and royalty expenses. Royalties include payments by Grand Canada to licensors of character properties and to manufacturers of toy products if such payments are contingent upon subsequent sales of the products. Royalties are usually a percentage of the price at which the product is sold and are payable once a sale is made.

The pricing of Grand US goods is affected by the price it obtains from its vendors (Cost of Goods Sold) and therefore dictates the selling price Grand US can charge its customers. Other factors that influence Grand US setting of the selling price is the condition of the current market and the nature of the item itself.

From a selling, general and administrative aspect, the pricing will impact selling (commission expense) and general and administrative (advertising expense). In addition, if a lower selling price is set then the related margin on the product will be reduced and therefore Grand US will look to rationalize other expenses, i.e. customer term packages.

Accounts receivable are receivables net of an allowance for doubtful accounts. The allowance is adjusted periodically to reflect the current status of receivables. Management believes that current reserves for doubtful accounts are adequate. Sales of products to retailers and distributors are on an irrevocable basis. Consistent with industry practices, Grand Canada may make exceptions to this policy on a case-by-case negotiated basis. Inventory is comprised of finished goods at landed cost.

All amounts are in U.S. Dollars (\$) unless otherwise noted.

On a monthly basis management reviews its inventory of products and makes an assessment of its realizable value. The factors considered include current market prices, the demand for and the seasonality of its products. If circumstances change (i.e. unexpected shift in market demand, pricing, trends etc.) there could be a material impact on the net realizable value of inventory.

Comparison of the year ended December 31, 2003 to the year ended December 31, 2002

Net Loss:

Net earnings for 2003 was \$1,112,577, or \$0.36 earnings per share, as compared to a net loss of \$826,848, or \$(0.40) loss per share in 2002. Net earnings for the year ended December 31, 2003, included a gain of \$497,800 on the sale of discontinued operations. Without this gain, Grand US would have incurred a net earnings of \$614,777 or \$0.20 earnings per share.

Increased gross profit and the recognition of the gain on the sale of Sababa Toys Inc., resulted in net earnings for the year as compared to 2002.

Net Sales:

Net sales decreased by \$1,263,021 in 2003, or by 10.24%, to \$11,076,909 from \$12,339,930 for 2002. Net sales decreased primarily as a result of the decline in the following product lines: Spiderman and Lord of the Rings (Toyzbiz and Playwell), Blopens (P & M Products Ltd.). These decreases are due to a shift in buying patterns of the retailers, such as the direct purchase from the vendor and the loss of product line distribution as a result of purchase by a competitor. The net sales of new product lines such as Art X-press, Astrojax and Hulk helped to offset the decrease in net sales from other product lines.

Gross Profit:

Gross profit for Grand US in 2003 increased by \$710,629 compared to 2002. As a percentage of sales, gross profit increased in 2003 from 32.55% to 42.67%. The increased gross profit in 2003 was due to the addition of higher margin product lines as a result of better pricing and tighter inventory controls.

General and Administrative Expenses:

General and administrative expenses decreased by \$94,169 to \$2,761,947, in 2003 from \$2,856,116 in 2002, as a result of the cost-cutting measures implemented.

During 2003, the following expenses increased:

Advertising expense increased by \$247,871 as a result of additional expense related to the promotion of new and existing product lines.

Insurance expense increased by \$73,335 as a result of the increase in insurance premiums; and

Consulting expense increased by \$92,240 as a result of one-time consulting charge of \$60,000.

As a percentage of sales, general and administrative expenses increased by 1.79% from 23.14% in 2002 to 24.93% in 2003, due to the net sales reduction.

Gain on Discontinued Operation:

On June 14, 2002, Grand US sold all of the shares of its Sababa Toys, Inc. subsidiary to Sababa Global Consumer Products, LLC. Sababa Toys, Inc. distributes proprietary products and develops product concepts to be sold to third parties. In consideration for the purchase of the shares, Grand US received a note in the principal amount of \$1,065,716. Payments under the note are to be made quarterly until June 30, 2005 when the unpaid principal balance is due. Grand US recognized a gain on the sale of \$761,584, of which \$497,800 has been recorded in the Statement of Operations. As of December 31, 2003, the balance of the gain has been fully recorded in income.

Comparison of the year ended December 31, 2002 to the year ended December 31, 2001

Net Loss:

Net loss for 2002 was \$826,848, or \$(0.40) loss per share, as compared to a net loss of \$1,371,492, or \$(1.16) loss per share in 2001. However, net loss for the year ended December 31, 2002, included a gain of \$263,784 on the sale of discontinued operations, offset by a \$66,492 loss from the operations of discontinued operations. Without this gain, Grand US would have incurred a net loss of \$(1,024,140) or \$(0.50) per share.

Increased gross profit and the recognition of the gain on the sale of Sababa Toys Inc., resulted in the significant decrease in the net loss for the year as compared to 2001. Grand US will have until 2008 to apply unutilized tax losses against future taxable income.

Net Sales:

Net sales increased by \$4,061,595, or by 49.06%, to \$12,339,930 from \$8,278,335 for 2001. Net sales increased primarily as a result of the success in the following product lines: Spiderman and Lord of the Rings (Toybiz and Playwell), Blopens (P & M Products Ltd.).

Gross Profit

Gross profit for Grand US in 2002 increased by \$1,484,501. As a percentage of sales, gross profit increased in 2002 from 30.58% to 32.55% as a result of the sales mix in the product line. The increased gross profit in 2002 also was attributable to Grand US continued emphasis on higher margin sales.

As part of Grand US 2002 restructuring plan, Grand US abandoned the manufacturing and selling of certain of its proprietary product lines. In doing so Grand US incurred \$125,247 in expenses relating to write-offs of deferred product development and \$94,350 in negative margin due to reduced selling prices as a result of the decrease in customer interest.

In addition, commissions on FOB sales increased as compared to the same period of 2001, by 7.25% because our sales relating to the product line, Toy Biz increased by 169% over the same period in 2001.

General and Administrative Expenses:

General and administrative expenses decreased by \$23,858 to \$2,856,116, in 2002 from \$2,879,974 in 2001. As a percentage of sales, general and administrative expenses decreased by 11.65% from 34.79% in 2001 to 23.14% in 2002.

One-time charges incurred as a result of the implementation of Grand US restructuring plan resulted in a total expense of \$417,494. In 2002, Grand US closed two locations and reduced head count through employee and contract terminations. In line with the restructuring plan, Grand US discontinued the manufacture of certain proprietary licensed products.

One time restructuring expenses were:

Write-off discontinued lines	\$ 172,864
Consulting	111,469
Severance & terminations	71,749
Location closing	61,412
	<hr/>
	\$417,494
	<hr/>

In 2002, Grand US incurred \$412,350 in financing expenses comprised of finance charges of \$332,320 included in general and administrative expenses and \$80,030 in interest expenses, as a result of the high cost of financing through Grand US lender. In addition, Grand US incurred significant legal charges of \$246,758, relating to the settlement of legal issues, the filing of registration statements, financing documents and handling the NASDAQ de-listing issue.

Based on the above, Grand US has determined that of the total general and administrative expenses, \$516,479 are of non-recurring nature.

Gain on Discontinued Operation:

On June 14, 2002, Grand US sold all of the shares of its Sababa Toys, Inc. subsidiary to Sababa Global Consumer Products, LLC. Sababa Toys, Inc. distributes proprietary products and develops product concepts to be sold to third parties. In consideration for the purchase of the shares, Grand US received a note in the principal

amount of \$1,065,716. Payments under the note are to be made quarterly until June 30, 2005 when the unpaid principal balance is due. Grand US recognized a gain on the sale of \$761,584, of which \$263,784 has been recorded in the Statement of Operations. The balance of the gain has been deferred and will be recorded in income on a proportionate basis as the proceeds from the note receivable are received.

Liquidity and Capital Resources

Grand US generally finances its operations through borrowings under its line of credit facility with Montcap Financial Inc., and by cash flow from operations. In the past, it has also supplemented those sources through the sales of equity securities.

In May 2002, Grand US increased the maximum availability under its lines of credit to \$2,700,000 from \$1,569,563.

Accounts receivable at December 31, 2003 were \$1,598,907 compared to \$1,866,110 at December 31, 2002. The sales were mainly to mass retailers. Inventory at December 31, 2003 increased to \$1,682,298 from \$1,148,220 at December 31, 2002. The increase in inventory was based on customer's estimates of purchases for 2004.

Working capital increased to \$3,495,070 at December 31, 2003 from \$1,574,709 at December 31, 2002. Net cash provided by operating activities was \$615,521 in 2003 compared to cash used for operating activities of \$1,103,861 in 2002. Cash for additions to equipment and leasehold improvements was \$9,105 in 2003 compared to \$20,161 in 2002.

Grand US accounts receivable level is subject to significant seasonal variations due to the seasonality of sales. As a result, Grand US working capital requirements are greatest during its third and fourth quarters. In addition, to the extent accounts receivable, inventories, guarantees and advance payments increase as a result of growth of Grand US business, Grand US could require additional working capital to fund its operations. Sources of such funding include cash flow from operations, drawings on the financing facilities, or sales of additional equity or debt securities by Grand US.

If the funds available to Grand US from current cash and cash equivalents are not sufficient to meet Grand US cash needs, Grand US may from time to time seek to raise capital from additional sources, including project-specific financing, additional public or private debt or equity financing.

Grand US believes that in order to achieve its long-term expansion objectives and to enhance its competitive position in the U.S. market, Grand US will need additional financial resources over the next several years. The precise amount and timing of its future financing needs cannot be determined at this time and will depend upon a number of factors, including the demand for Grand US products and the management of its working capital. Grand US believes its proposed acquisition of Playwell will provide it with access to significant capital. However, Grand US may not be able to obtain additional financing on acceptable terms or at all. If Grand US is unable to obtain sufficient capital, it could be required to curtail its expansion plans.

Contractual Obligations	1-3 years	3-5 years
Operating lease obligations	\$1,042,000	\$966,000

Effect of Inflation

The Company does not believe that inflation has a significant impact on its financial position or results of operations in the past three years.

PLAYWELL INTERNATIONAL LIMITED

Overview

Playwell is an international designer and supplier of plastic and wooden toys in the infant, preschool and activity toy categories, with distribution capabilities in key markets worldwide. It also supervises outsourced manufacturing of toy products of its own design for sale under the Playwell brand or designed by its customers for sale under those customer's own brand names. Playwell's operations are conducted through four subsidiaries: Hong Kong Toy Centre Limited, which develops products for sale under the Playwell brand and manages the outsourcing of toy manufacturing; Gatelink Mould Engineering Limited, a manufacturer of moulds; Great Wall Alliance Limited, the holder of Playwell's trademarks; and Asian World Enterprises Co., Limited, the holder of licenses from various entertainment companies, including certain licenses for Walt Disney Company and Crayola branded products. Playwell believes that the combination of its international distribution network, stable relationships with licensors of proprietary toy concepts, its financial resources and cost-management skills have contributed to its growth from a company with total revenue of \$ 2.9 million and an operating loss of \$ 0.8 million when the assets and businesses of Playwell were purchased in May of 2000, to a company with total revenue of \$39.4 million and an operating profit of \$3.0 million for the 2003 fiscal year. The registered office of Playwell International Limited is located at Room UG202, Floor UG2, Chinachem Golden Plaza, 77 Mody Road, Tsimshatsui East, Kowloon, Hong Kong.

History and Corporate Organization

Playwell International Limited, or Playwell, is a Hong Kong limited company, founded in 2000 by Mr. Jeff Hsieh through a series of asset leases and stock acquisitions from Hong Kong Toy Centre Holdings Limited. Hong Kong Toy Centre Holdings Limited, or HKTC, is a Bermuda corporation with limited liability and at that time listed on the Stock Exchange of Hong Kong Limited. At that time, HKTC had two main operating subsidiaries Playwell Industry Ltd., or PIL, a Hong Kong limited company, which owned and operated certain toy manufacturing factories in China, and Hong Kong Toy Centre Limited, a Hong Kong limited company, which operated the trading side of the toy business. Hong Kong Toy Centre Limited was formed in 1969 and has been active in the toy business for over 30 years. The asset leases and stock acquisitions used to acquire control of the two operating subsidiaries of HKTC were accomplished through three subsidiaries of Playwell established especially for that purpose.

On May 27, 2000, Mr. Hsieh, through Asian World Enterprises Co. Ltd., leased all of the assets of Hong Kong Toy Centre Ltd. and through Gatelink Industries Ltd. leased all of the assets of PIL. A third company, Great Wall Alliance Ltd., was formed on April 3, 2000 as a subsidiary of Hong Kong Toy Centre International Limited to hold the Playwell registered trademarks. The assets of Hong Kong Toy Centre Limited included a long-standing international sales network which has been built up over the years by Hong Kong Toy Centre Limited. These leasing transactions allowed Playwell to assume the businesses of the operating subsidiaries of HKTC from May 2000 to August 2001.

In August of 2001, Mr. Hsieh purchased all of the shares of both Hong Kong Toy Centre Limited and PIL from HKTC through Playwell. Once these acquisitions were closed, the asset leases were canceled and Hong Kong Toy Centre Ltd. and PIL resumed their businesses carried on prior to May of 2000. In this reorganization, certain mould manufacturing assets were transferred to Gatelink Industries Ltd. from PIL. Furthermore, the shares of Great Wall Alliance Ltd. were also sold to Playwell. After this reorganization, Hong Kong Toy Centre Ltd. again became the toy product trading arm of Playwell, PIL became the manufacturing arm of Playwell, Asian World Enterprises Co. Ltd. became the holder of third party licenses for the manufacture and trading of toys of Playwell, Gatelink Industries Ltd. changed its name to Gatelink Mould Engineering Ltd. and became a stand-alone mould manufacturer supplying moulds to Hong Kong Toy Centre Limited and other related and unrelated entities. Finally, Great Wall Alliance Ltd. holds the Playwell registered trademarks for Playwell as its subsidiary. In May of 2003, Playwell transferred the shares of PIL to its parent company, Centralink, in preparation for this transaction. At March 31, 2004, Mr. Hsieh

beneficially owns all of the outstanding capital stock of Playwell. Below is a graphic representation of the structure of Playwell as of December 31, 2003:

Products, Markets & Marketing Channels

Playwell toy products could be separated into two large categories – plastic toys and wooden toys. Playwell supplies several lines of plastic toys – toys for preschool children, water toys and toys for infants. Many of these plastic toys require sophisticated injection-mold production of specialty cartoon characters, such as Disney characters and Crayola characters. These character replicas come in various scales and are medium and high-feature products that must meet exacting standards. Many of these character replicas have complex designs, which require high-quality workmanship and decorative details. On the wooden products categories, Playwell supplies wooden toys, doll furniture, children's furniture and rockers. Both plastic toys and wooden toys were products handled by Hong Kong Toy Centre Ltd. prior to its acquisition by Playwell. For the fiscal 2003, Playwell's net revenues from its plastic toy categories was \$8.7 million and its net revenues from its wooden toy categories was \$3.9 million.

Playwell's products are sold in approximately 37 countries, with the United States accounting for over 12% of its net sales, the United Kingdom accounting for over 7% of its net sales and mainland China accounting for over 6% of its net sales in fiscal 2003. Playwell sells its products directly to over 30 active retailers in the U.S. and the U.K. and to approximately 6 distributors worldwide. Hong Kong Toy Centre Ltd. has 10 dedicated sales staff and it also has a long standing commission-based network of sales representatives in Europe and the U.S. Furthermore, it has access to the sales network of Toy Biz, which has 10 dedicated sales representatives in the United States. Toy Biz is also a subsidiary of Cornerstone, Playwell's parent company.

Playwell also has access, through one of its sister subsidiaries, to established retail outlets in mainland China, including 95 self managed retail counters in established department stores, 50 consignment counters and over 150 active wholesale distribution customers. Playwell has access, through this sister subsidiary, to sales offices in Beijing, Shanghai, Nanjing, Guangzhou, Shengyang, Dalin, Hangzhou, Wuhan, Chongqing and Chengdu, major cities in mainland China. Hong Kong Toy Centre Ltd. also has long standing relationships with various large retail distributors like Target and Wal-Mart in the U.S. and Woolworths and Argos in Europe through which it sells its products. In fiscal 2003, the largest customer of Playwell, Toy Biz, accounted for 55% of its net revenues. All sales to third party distributors and retail customers are final upon transfer of title.

Playwell's top five customers in fiscal 2003 were as follows:

Customer	2003 Percentage of Net Revenues
Toy Biz Worldwide Ltd.	55%
Dongguan Bailiwei Plaything Co Ltd.	6%
Sandas S.A. (Vert Baudet)	4%
Lash Tamaron Distributors	3%
G.U.S. Trading Limited	
Argos	2%

Generally, once a Playwell toy product is developed, either through cooperation with an entertainment concept licensor or through internal design and development, and the decision is made to launch the product, a sample mould of this product is commissioned and produced by Gatelink Mould Engineering Ltd. The sample is then shown at the various toy fairs around the world and through Playwell's sales network. Playwell generally receives indications of interest for its toy products through these channels and after confirming the cost structure of their production, will start accepting purchase orders from customers. Until purchase orders are formally accepted, the indications of interest may be cancelled at any time. Accordingly, Playwell generally operates without a significant backlog of regular orders. The time required for the process of showing various new toy concepts or models through Playwell's distribution channels and various toy fairs and taking it through to actual production on average is approximately 3 months.

In certain instances, where retailers are unable to sell the quantity of products which have been ordered from Playwell, Playwell may, in accordance with industry practice, assist retailers to enable them to sell such excess inventory by offering discounts or accepting returns. A portion of firm orders, by their terms, may be canceled if the shipment is not made by a certain date. Playwell attempts to minimize the related costs of such discounts and returns by engaging personnel to visit selected customers and assist in the management of its product returns. Playwell establishes sales reserves at the time of sale based on historical experience of discounts and returns on related products. The return of non-defective product occurs infrequently in the United States. In the United Kingdom market, accepting non-defective product is regular industry practice and Playwell establishes its return provisions on such sales based on experience. All reserves are reviewed regularly to ensure that they are adequate.

its stable relationships with licensors of proprietary names, characters and other toy industry intellectual properties;

its financial resources and its demonstrated cost-management abilities;

its diversified core product base; and

its flexibility in adapting to the fast changing and trend based toy industry.

Playwell's Business Strategy

Playwell's goal is to be the leading seller of high-quality toy products for children ranging from infants to pre-teens. Playwell's strategy calls for increasing cooperation with proprietary toy concept licensors, diversifying its product range, continuous strengthening of its marketing network and relationships with its multi-national customers, expanding its distribution channels and increasing and diversifying of its customer base. To achieve these goals, Playwell has been focusing on the following:

Develop additional Cooperative Relationships with Toy Industry Licensing Houses

Playwell is aggressively seeking to enter into more development and licensing relationships with top toy industry licensing houses. In the past, Playwell has licensed the toy concept, developed the toy with the approval of the licensor and sold the product through Playwell's distribution channels. Playwell is currently focusing on partnering with toy licensing houses to not only license toy concepts, but provide the research and development function for these licensing houses to generate novel toy products that could be sold through both Playwell's marketing channels and through various marketing channels connected to these toy industry licensing houses.

Diversify product offerings

Playwell intends to further diversify its product offerings to include other toy products that utilize Playwell's current competitive advantages and production expertise. Playwell has long standing relationships with most major entertainment licensing houses and has good relationships with over 100 independent invention houses which supply it with product concepts and ideas, as well as technologies under licenses. Due to the relatively short product life cycle in the toy industry and the fact that it is very trendy and fashion driven, Playwell has traditionally employed, and plans to continue employing a diversified but risk calculated investment in the latest fashionable toy concepts. Furthermore, certain product lines in the toy industry are also very seasonal and new product lines are expected to help decrease seasonality in Playwell's operating results. By diversifying into product lines in which the demand timing varies from that of Playwell's traditional product lines, the utilization of Playwell's resources can improve, thereby improving profitability.

Playwell is currently focusing on increasing its cooperation with the entertainment licensing houses to increase its product offerings. It is also entering into the market for collectible figures. For example, Playwell recently entered into an oral understanding for an exclusive license to produce and sell collectible figurines for three soccer teams on the UEFA Champions League - Manchester United, Juventus and Real Madrid. Playwell expects to execute an exclusive license agreement in the near future. Finally, Playwell plans to further diversify its product portfolio and enter the pre-teen toy market.

Strengthen Marketing Network

Playwell will continue to strengthen its ties to its major customers in the U.S. and Europe. It will also maintain and expand on its commission based sales network in both of these regions. Furthermore, Playwell plans to increase its presence at the various toy shows around the world. Playwell's representatives attended multiple toy shows or exhibits in fiscal 2003. Finally, Playwell plans to increase its focus on partnering with various entertainment licensing houses whereby it actually has access to the marketing network of such houses.

Develop and Diversify Customer Base

Currently, Playwell is serving primarily as a producer and trader of toys. Playwell seeks to become partners with various entertainment licensing houses like Disney and major retailers like Wal-Mart so that it not only produces the

toys, but would provide services throughout the life-cycle of the toy. It will engage in the research and development of the toy product with the partner, provide the production capability and market such product both through Playwell's own marketing network and the licensee and distributor network of its partners. Playwell believes that its familiarity with the U.S. and European markets, its broad marketing network, its research and development capabilities both in Hong Kong and the U.S., its ability for sophisticated injection-mold

production and its concentration on high safety standard at competitive prices would allow it to become more of a partner to its customers and diversify its customer base.

Product Development

At the end of 2003, Playwell's development department had 10 staff members worldwide. It also works with over 100 independent invention houses who supply it with a constant stream of new product concepts and ideas. Furthermore, due to Playwell's prompt commitment process, financial resources and its executive officers' strong ties with various licensing houses in the toy industry, it has historically competed with major toy manufacturers and distributors like Mattel, Hasbro, Jakks, Racing Champs and Lego in licensing novel toy properties.

Generally, Playwell's development department will design new toys using the various toy concepts that Playwell licenses. Once the initial design is completed, the development department will work with Playwell's engineering department to test the feasibility of the new development. The new development is then put through a cost analysis to determine the actual cost of its mass production and the development department will hand produce a model of this new toy. All the data generated and produced in this process is then analyzed by Playwell's management to decide whether the new toy will be launched. If it is to be launched, Playwell will generally commission Gatelink Mould Engineering Ltd. to manufacture a sample model, after which it could be shown at the various toy fairs around the world and through Playwell's sales network to solicit orders. In fiscal 2002, Playwell spent approximately \$1,000,000 on research and development. The research and development expenditure in 2003 was immaterial. Playwell's research and development is heavily oriented toward market demand. Based on its ongoing contact with consumers, retailers and distributors worldwide, Playwell's sales and marketing departments seek to understand and assist the product development personnel in responding to consumer and retailer preferences. The sales department also targets certain retail price points for new products which drive Playwell's product development, with designs, features, materials, manufacturing and distribution all developed within the parameters of the target retail price.

Playwell has traditionally introduced new products to refresh and extend its product line each year. Traditionally, new product introductions are concentrated in the second and third quarters of the year in anticipation of the holiday shopping season at the end of the year. It is possible that Playwell will determine not to proceed with any given product or that one or more aspects necessary for introduction of the products in the future will be delayed, which could delay or prevent certain anticipated product introductions.

Intellectual Property

Playwell owns the registered Playwell trademark. It will continue to apply for intellectual property registrations on new products as it deems necessary. Playwell anticipates that trademarks, copyrights and other intellectual property rights will become increasingly important in the infant and pre-school toy industry in which it operates and the pre-teen toy market that it expects to enter, particularly since it expects to introduce a wider range of products. The Playwell trademark is registered in the main territories in which Playwell operates or distributes its products. Playwell's key employees have also entered into agreements to protect Playwell's intellectual property.

Playwell also relies heavily on licensed intellectual property relating to the name, logo, toy concepts and/or license of a character, person, company or brand in the creation of its products. During fiscal 2003, Playwell paid \$166,000 in royalty fees for these licenses to approximately 3 vendors. Among the licensors were the Walt Disney Company, Binny & Smith LLC (owner of the Crayola brand) and Marathon International (owner of the Totally Spies brand from its animated TV series). Playwell intends to continue incorporating these licenses into its future product lines and will pursue new licenses in instances where management feels it will enhance the value and marketability of a particular product.

Competition

The infant and pre-school toy business is highly competitive. The infant and pre-school toy business is not dominated by any major toy producers. However, there are many smaller competitors that are active in the market, quite a few of which have manufacturing facilities in China. The barriers for new producers to enter the infant and

pre-school toy business and markets are relatively low. Playwell does have brand protection in its proprietary trademarks and the production of its various products are generally pursuant to licensed intellectual properties, but Playwell does not characterize its business as proprietary. Accordingly, additional participants may enter the market at any time. Playwell competes for consumer purchases on the basis of price, quality and toy features and for retail shelf space also on the basis of service, including reliability of delivery, and breadth of product line. Some competitors offer products at lower prices than Playwell, are better established in the toy industry and are larger than Playwell. As Playwell enters other infant, pre-school and pre-teen toy related markets and businesses, it expects to face continued strong competition.

Manufacturing And Materials

Historically, Playwell manufactures a majority of its plastic products in a factory in Zhengmutou, Dongguan operated by a Cornerstone subsidiary, PIL, and its wooden products in certain factories in Zhejiang, operated by Zhejiang Playwell Toy Co., Ltd., a sister company, Gatelink Mould Engineering Ltd. and certain of their sister subsidiaries owned by Centralink. These factories have the capacity to produce approximately \$62 million worth of toy products annually. Playwell expects to source most of its toy products through these factories. PIL has a processing license with the local government in Zhengmutou, Dongguan, where the factory is located and has all necessary permits to export the toy products.

Even though PIL or Centralink own these factories, in practice, Playwell may play a part in operating these factories, including hiring, paying and terminating workers. Most of the workers at these factories are hourly employees and are provided room and board in addition to their wages. Playwell may be required to bear certain other costs of operating these factories, including utilities and certain employee social welfare charges established by the local government. Many aspects of the operation of these factories are dependent on Playwell's and Centralink's relationship with the local government and existing trade practices. Playwell believes that its relationship and Centralink's relationship with the local government are good.

Major components used in Playwell's products are wood and molded plastic parts. These are mostly commodity products that Playwell believes are readily available on the market. Playwell and Centralink have long standing relationships with vendors in Hong Kong, China and Taiwan that have historically supplied its factories. Playwell ensures that these suppliers and factories engage in quarterly stock checks to maintain and control inventory costs.

Product Liability

Playwell maintains product liability coverage for Playwell operations in the aggregate of \$3,000,000.

Properties And Employees

Playwell operates from a leased facility at Suite UG202, Floor UG2, Chinachem Golden Plaza, 77 Mody Road, Tsimshatsui East, Kowloon. This facility is approximately 16,500 square feet. As of December 31, 2003, Playwell has 7 departments with 30 employees (Production, Sales and Marketing, Research and Development, Finance, Operations, MIS, Human Resources and Administration). None of Playwell's employees are subject to a collective bargaining agreement and Playwell has never experienced a work stoppage. Playwell's management believes that its employee relations are satisfactory.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS OF PLAYWELL**

Overview

Playwell is an international designer and supplier of plastic and wooden toys in the infant, preschool and activity toy categories, with distribution capabilities in key markets worldwide. It also supervises outsourced manufacturing of toy products of its own design for sale under the Playwell brand or designed by its customers for sale under those customer's own brand names. Playwell's operations are conducted through four subsidiaries: Hong Kong Toy Centre Limited, which develops products for sale under the Playwell brand and manages the outsourcing of toy manufacturing; Gatelink Mould Engineering Limited, a manufacturer of moulds; Great Wall Alliance Limited, the holder of Playwell's trademarks; and Asian World Enterprises Co., Limited, the holder of licenses from various entertainment companies, including licenses for certain Walt Disney Company and Crayola branded products. The registered office of Playwell International Limited is located at Room UG202, Floor UG2, Chinachem Golden Plaza, 77 Mody Road, Tsimshatsui East, Kowloon, Hong Kong.

Critical Accounting Policy

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses Playwell's consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in Hong Kong and reconciled with accounting principles generally accepted in the United States. The preparation of these consolidated financial statements requires Playwell's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, Playwell's management evaluates its estimates and judgments, including those related to sales reserve for returns and discounts. Playwell's management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. Playwell's management believes that its critical accounting policy on sales reserves for returns and discounts, among others, affect its more significant judgments and estimates used in the preparation of its consolidated financial statements. Playwell establishes sales reserves at the time of sale based on historical experience of discounts and returns on related products. The return of non-defective product occurs infrequently in the United States. In the United Kingdom market, accepting non-defective product is regular industry practice and Playwell establishes its return provisions on such sales based on experience.

Results of Operations

Net Revenues

Consolidated net revenues remained relatively consistent for the three years, at \$38.9 million in 2001, \$36.1 million in 2002 and \$39.4 million in 2003. A significant portion of the net revenues for Playwell was generated from the trading activity of Hong Kong Toy Centre Limited in both 2003 and 2002 and from the trading activity of Asian World Enterprises Co., Ltd. and Hong Kong Toy Centre Limited during the period of January to August 2001 and September to December 2001, respectively.

The product mix for goods sold by Playwell for 2003, 2002 and 2001 are as follows:

(The amounts in the following report are expressed in Thousands of Dollars)

	2003	2002	2001
	\$	\$	\$
Playwell branded products	12,606	18,001	19,174

The Playwell brand products are divided into plastic and wooden toys. The Playwell plastic toy sales decreased 19.5% from approximately \$13.3 million in 2001 to \$10.7 million in 2002 and then decreased 18.7% to approximately \$8.7 million in 2003 due to no significant new Playwell plastic toys introduced in the 2002 and 2003 periods. The Playwell wooden toy sales increased 25.9% from approximately \$5.8 million in 2001 to approximately \$7.3 million in 2002 due to increased sales in the U.S. The Playwell wooden toy sales decreased 46.6% to approximately \$3.9 million in 2003 due to decreased demand. The OEM product sales decreased 70.0% from approximately \$13.8 million in 2001 to approximately \$4.1 million in 2002 due to the introduction of Spiderman & Friends line in 2002. The net revenues for OEM product then increased significantly to \$25.4 million in 2003 due primarily to the introduction of the Hulk Hands product in 2003, which represents approximately \$20.5 million, or 53% of the 2003 revenue. The 2002 period included revenue of approximately \$12.6 million for the Spiderman & Friends line that did not recur in 2003. Other materials sales represented approximately \$4.7 million in 2001 and did not recur in 2002 or 2003. Mould income represents amounts charged to related parties for the design and development of tooling and remained relatively consistent at \$1.2 million, \$1.3 million and \$1.4 million for 2001, 2002, and 2003, respectively.

Cost of Sales

The gross margin increased from 11.1% in 2001 to 22.5% in 2002 and then decreased to 15.8% in 2003 due primarily to the inclusion of the Spiderman & Friends product in 2002. The Spiderman & Friends licensed product

represented approximately 35% of the 2002 sales and had a high gross margin of approximately 50% before deducting the associated royalty expense. The associated royalty expense was approximately \$1.7 million and is included in the cost of sales for 2002. The sales volume of this product line was favorably affected by the theatrical release of Spiderman in 2002. The decrease in gross margin to 2003 was largely due to the change of product mix, primarily from the cease of sales of Spiderman & Friends.

Royalty expense is included in the cost of sales. No royalty was incurred in 2001. In 2002, the royalty expense was \$1.7 million, or 4.8% of net revenues, and primarily related to the Spiderman & Friends products. In 2003, the royalty expense was approximately \$0.2 million, or 0.4% of net revenues, and resulted from the sales of Walt Disney, Crayola and Totally Spies products.

Product development costs are also included in the cost of sales. No product development costs was incurred in 2001. In 2002, the product development cost was approximately \$1.1 million or 3.2% of net revenues and primarily related to the Spiderman & Friends products. In 2003, product development costs were less than \$0.1 million.

Administration

Administrative expenses decreased from approximately \$4.7 million in 2001 (12.1% of net revenues) to approximately \$3.6 million in 2002 (10.1% of net revenues) and then decreased to approximately \$2.6 million in 2003 (6.7% of net revenues). The decrease from 2001 to 2002 is primarily related to the decrease of provision for bad debts and the loss on disposal of fixed assets amounted \$0.6 million and \$0.1 million, respectively. The decrease from 2002 to 2003 is primarily related to the decrease of office rental payments resulting from the combining of two office premises and the showroom and the effective implementation of a cost reduction strategy. In addition to the combination of the office and showroom premises in 2003, staff in the Engineering and Purchasing departments of Hong Kong Toy Centre Limited was transferred to a sister subsidiary in 2003 of Playwell. With the implementation of an effective cost reduction strategy, other expenses, such as legal and professional fees, insurance and the operating expenses for the France office decreased by approximately \$0.2 million from 2002 to 2003.

Selling and Distribution

Selling and distribution expenses increased from approximately \$0.8 million in 2001 (2.1% of net revenues) to \$1.6 million in 2002 (4.5% of net revenues) and then decreased to \$0.9 million in 2003 (2.3% of net revenues). The increase from 2001 to 2002 resulted primarily from the increase of commission paid during 2002 for the Playwell branded products, which subsequently decreased during 2003. Moreover, the associated shipment charges and cargo expenses for the sales of Hulk items in 2003 were borne by the customer; thus, reducing the operation cost for 2003 as compared with 2002.

Finance Costs

Finance costs decreased from approximately \$0.2 million in 2001 (0.5% of net revenues) to approximately \$0.1 million in 2002 (0.4% of net revenues) and then decreased to less than 0.1% of net revenues in 2003. The decrease from 2002 to 2003 is primarily due to the assignment of certain loans to a related company, as the original funds provided by such loans had been used to finance the working capital of that related company in 2001 and 2002.

Income Taxes

Income taxes consist of income tax and deferred tax as below:

(The amounts in the following report are expressed in Thousands of Dollars)

	<u>2003</u>	<u>2002</u>	<u>2001</u>
Income tax	\$ 537	\$ 85	\$ 33
Deferred tax	(23)	25	(21)
	<u>514</u>	<u>110</u>	<u>12</u>

Income (loss) from Discontinued Operations

In 2003, Playwell disposed of its interest in Playwell Industry Ltd. and Toy Biz Worldwide to its holding companies. Income (loss) earned from those subsidiaries while they were part of Playwell was (\$0.5) million in 2001, \$22.2 million in 2002 and \$1.2 million in 2003. These amounts are reported separately for US GAAP purposes when computing net earnings.

Liquidity and Capital Resources

Playwell generated cash from operations of \$19.5 million in 2002 and \$5.2 million in 2003. The cash generated in 2002 was primarily used to repay a related-party loan from the prior year, while \$0.7 million was used for capital expenditures. The cash generated in 2003 was primarily advanced to a related party, with approximately \$0.5 million used for capital expenditures. Any interim cash needs are funded by a related party.

Playwell believes that it has sufficient working capital to finance its future needs based on expected cash generated from future operations and continued financial support from its parent company.

PART III

INFORMATION ABOUT THE SPECIAL MEETING AND VOTING

This proxy statement/prospectus is being furnished in connection with the solicitation of proxies from the holders of Grand US common stock by the Grand US board of directors relating to the reorganization merger, issuance of 10,000,000 Grand HK ADSs to Centralink and other matters to be voted upon at the special meeting and at any adjournment or postponement of the meeting. This proxy statement/prospectus is also a prospectus for the Grand HK ADSs to be issued pursuant to the reorganization merger.

Time and Place of the Special Meeting

The special meeting of shareholders will be held at [time], local time, on [Month day], 2004 at the offices of Katten Muchin Zavis Rosenman, 575 Madison Avenue, New York, New York 10022.

What will be Voted Upon

At the special meeting, you will be asked to consider and vote upon the following items:

- (1) To approve the agreement and plan of merger, substantially in the form attached to the accompanying proxy statement/prospectus as Annex A, between GTI Acquisition Corp., Grand Toys International, Inc., or Grand US and Grand Toys International Limited or Grand HK. Under the agreement and plan of merger, Grand US will become the subsidiary of its Hong Kong subsidiary, Grand HK, by merging GTI Acquisition Corp., a wholly-owned subsidiary of Grand HK, into Grand US and thus becoming a wholly-owned subsidiary of Grand HK. In the reorganization merger, each share of common stock of Grand Toys International, Inc., will automatically convert into the right to receive one American depositary share, or ADS, evidenced by one American depositary receipt, or ADR, of Grand HK representing beneficial ownership of one ordinary share of Grand HK. Each outstanding option and warrant to purchase shares of Grand US will be converted into the right to acquire, upon exercise, the same number of Grand HK ADS.
- (2) To approve the issuance of 10,000,000 ADRs of Grand HK to Centralink Investments Limited in exchange for all the shares of Playwell International Limited and cash and other consideration in a total amount of \$11,000,000 pursuant to a subscription and exchange agreement by and among Grand US, Grand HK and Centralink.
- (3) To transact such other business as may properly come before the meeting or any adjournment or postponement thereof. Shareholders of record at the close of business on _____, 2004 are entitled to vote at the meeting.

Only Grand US Shareholders of Record as of _____, 2004 are Entitled to Vote

Grand US has only one class of shares outstanding. Only shareholders of record at the close of business on _____, 2004, as shown in Grand US records, will be entitled to vote, or to grant proxies to vote, at the meeting. On the record date, there were _____ shares of Grand US common stock outstanding and entitled to vote at the special meeting.

Majority of Outstanding Shares Must be Represented for a Vote to be Taken

In order to have a quorum, a majority of the voting power of Grand US must be represented in person or by proxy at the special meeting. If a quorum is not present, a majority of shares that are represented may adjourn or postpone the special meeting.

Vote Required for Approval

Approval of the agreement and plan of merger and the issuance of 10,000,000 Grand HK ADRs to Centralink will each require the affirmative vote of a majority of the voting power of Grand US outstanding as of the record date. For registered holders and holders for whom brokers hold their shares in street name, failure to submit a proxy or to vote will have the effect of a vote against the reorganization and the related Centralink transactions. In addition, for all shareholders abstentions will have the effect of a vote against the reorganization.

As of the record date, there were Grand US shares outstanding and entitled to vote. As of the record date, directors and executive officers of Grand US and their affiliates owned and had the right to vote, in the aggregate, approximately Grand US shares, which represents approximately % of the outstanding Grand US shares. These persons have informed Grand US that they intend to vote their shares in favor of the proposals to approve the agreement and plan of merger and issuance of 10,000,000 Grand HK ADSs to Centralink.

Voting Your Shares Registered in Your Name or Held in Street Name

The Grand US board of directors is soliciting proxies from the Grand US shareholders. This will give you the opportunity to vote at the special meeting. When you deliver a valid proxy, the shares represented by that proxy will be voted in accordance with your instructions. If you do not vote by proxy or attend the special meeting and vote in person, it will have the same effect as voting against the approval of the agreement and plan of merger or the subscription and exchange agreement.

If you hold your Grand US shares in the name of a bank, broker or other nominee, you should follow the instructions provided by your bank, broker or nominee when voting your shares. To be effective, a form of proxy must be received by us prior to the beginning of voting at the special meeting.

Changing Your Vote

If you are a registered holder, there are two ways in which you may revoke your proxy and change your vote:

First, you may complete and submit a new later-dated proxy. The latest dated proxy actually received by Grand US in accordance with the instructions for voting set forth in this proxy statement/prospectus prior to the special meeting will be the one that is counted, and all earlier proxies will be revoked.

Second, you may attend the special meeting and vote in person. Simply attending the meeting, however, will not revoke your proxy. You must vote in person at the meeting to revoke your proxy.

If your shares are held in street name and you have instructed a broker to vote your shares, you must follow the directions you receive from your broker to change or revoke your proxy with respect to those shares.

How Proxies are Counted

If shares are registered in your name and you return a signed and dated proxy card but do not indicate how the shares are to be voted, those shares represented by your proxy card will be voted as recommended by the Grand US board of directors. A valid proxy also gives the individuals named as proxies authority to vote in their discretion when voting the shares on any other matters that are properly presented for action at the special meeting. A properly executed proxy marked ABSTAIN will not be voted. However, it may be counted to determine whether there is a quorum present at the special meeting. Accordingly, since the affirmative vote of a majority of the voting power of Grand US at the special meeting is required to approve the agreement and plan of merger and the issuance of the

Grand HK ADRs to Centralink, a proxy marked **ABSTAIN** will have the effect of a vote against the reorganization merger and Grand HK ADR issuance proposals. The Nasdaq Marketplace Rules do not permit brokers and nominees to vote the shares that they hold beneficially either for or against the approval of the agreement and plan of merger or the share issuance without specific instructions from the person who beneficially owns those shares. Therefore, if your shares are held by a broker or other nominee and you do not give them

-121-

instructions on how to vote your shares, this will have the same effect as a vote against the reorganization merger and the issuance of the Grand HK ADRs to Centralink.

Cost of Solicitation

Grand US will pay the cost of soliciting proxies. In addition to solicitation by mail, telephone, the Internet or other means, Grand US will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxy material to beneficial owners. Grand US will, upon request, reimburse these institutions for their reasonable expenses.

Shareholder Proposals

The board of directors of Grand US is not aware of any matters that are expected to come before the special meeting other than those referred to in this proxy statement/prospectus. If other matters should properly come before the meeting, the persons named in the proxy intend to vote the proxies in accordance with their best judgment.

Other Matters

We know of no other matters to be brought before the special meeting. If other matters should properly come before the special meeting, proxies will be voted on such matters in accordance with the best judgment of the persons appointed by the proxies.

Proposal 3 Grant of Authority to Adjourn or Postpone the Special Meeting

If there are not sufficient votes at the originally scheduled time of the Grand US special meeting to approve each proposal, the Grand US shareholders will be asked to vote on whether to grant to the Grand US board of directors the discretionary authority to adjourn or postpone the special meeting, in order to permit Grand US to solicit additional proxies for adoption and approval of the agreement and plan of merger and the subscription and exchange agreement, as well as for approval of each of the other proposals.

The grant to the Grand US board of directors of discretionary authority to adjourn or postpone the Grand US special meeting can only be approved by the affirmative vote of the majority of shares present in person or represented by proxy at the meeting. Broker non-votes are not treated as votes cast for this purpose and have no effect on the outcome of the vote. Accordingly, you are urged to return the enclosed proxy card marked to indicate your vote.

INDEPENDENT AUDITORS REPORT

TO THE DIRECTORS OF PLAYWELL INTERNATIONAL LIMITED

(incorporated in Hong Kong with limited liability)

We have audited the accompanying consolidated balance sheets of Playwell International Limited and its subsidiaries as of December 31, 2002 and 2003, and the related consolidated income statement and consolidated cash flow statement for the period from December 13, 2000 (date of incorporation) to December 31, 2001 and years ended December 31, 2002 and 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of Playwell International Limited and its subsidiaries as of December 31, 2002 and 2003 and the consolidated results of their operations and their cash flows for the period from December 13, 2000 (date of incorporation) to December 31, 2001 and years ended December 31, 2002 and 2003 in conformity with accounting principles generally accepted in Hong Kong.

As discussed in note 2 to the financial statements, as a result of a transaction between entities under common control in 2003, certain former subsidiaries are no longer consolidated and as such the Company has retroactively restated the 2001 and 2002 financial statements for the effect of this change in reporting entity.

Accounting principles generally accepted in Hong Kong vary in certain significant respects from accounting principles generally accepted in the United States of America. The application of the latter would have affected the determination of net income for years ended December 31, 2002 and 2003, and the determination of shareholders equity and financial position as of December 31, 2002 and 2003, to the extent summarised in note 29.

3. ADOPTION OF STATEMENT OF STANDARD ACCOUNTING PRACTICE

In the current year, the Group has adopted SSAP 12 (Revised) *Income Taxes*. The principal effect of the implementation of SSAP 12 (Revised) is in relation to deferred tax. Prior to the year ended December 31, 2003, partial provision was made for deferred tax using the income statement liability method, i.e. a liability was recognised in respect of timing differences arising, except where those timing differences were not expected to reverse in the foreseeable future. SSAP 12 (Revised) requires the adoption of a balance sheet liability method, whereby deferred tax is recognised in respect of all temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, with limited exceptions. In the absence of any specific transitional requirements in SSAP 12 (Revised), the new accounting policy has been applied retrospectively. The adoption of this revised SSAP has had no material effect on the results for the current or prior accounting periods. Accordingly, no prior period adjustment has been required.

PLAYWELL INTERNATIONAL LIMITED

4. PRINCIPAL ACCOUNTING POLICIES

The consolidated financial statements have been prepared under the historical cost convention and in accordance with accounting principles generally accepted in Hong Kong. The principal accounting policies adopted are as follows:

Basis of preparation of consolidated financial statements

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries made up to December 31 each year.

The results of subsidiaries acquired, other than those related to a group reconstruction, or disposed of during the period/year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate.

A group reconstruction, which is a business combination resulting from transactions among enterprises under common control, is accounted for by using merger accounting if merger relief is taken advantage of; the ultimate shareholders remain the same, and the rights of each such shareholder, relative to the others, are unchanged; and any minority interest in the net assets of the group is unaltered by the transfer. Acquisition accounting is used for all group reconstructions that are not accounted for by using merger accounting.

All significant intercompany transactions and balances within the Group have been eliminated on consolidation.

Negative goodwill

Negative goodwill represents the excess of the Group's interest in the fair value of the identifiable assets and liabilities of a subsidiary at the date of acquisition over the cost of acquisition.

Negative goodwill is presented as a deduction from assets. To the extent that such negative goodwill is attributable to losses or expenses anticipated at the date of acquisition, it is released to income in the period in which those losses or expenses arise. The remaining negative goodwill is recognised as income on a straight line basis over the remaining average useful life of the identifiable acquired depreciable assets. To the extent that such negative goodwill exceeds the aggregate fair value of the acquired identifiable non-monetary assets, it is recognised in income immediately.

Revenue recognition

Sales of goods are recognised when goods are delivered and title has passed.

Interest income from bank deposits is accrued on a time basis by reference to the principal outstanding and at the interest rate applicable.

Commission income is recognised when services are rendered.

PLAYWELL INTERNATIONAL LIMITED

4. SIGNIFICANT ACCOUNTING POLICIES - continued

Property, plant and equipment

Property, plant and equipment are stated at cost less depreciation and accumulated impairment losses.

Depreciation is provided to write off the cost of property, plant and equipment over their estimated useful lives using the straight line method, at the following rates per annum:

Leasehold improvement	Over the unexpired terms of the leases or ten years, whichever is the shorter
Plant and machinery	10%
Furniture, fixtures and equipment	10% - 33 ¹ / ₃ %
Motor vehicles	25%
Moulds and loose tools	10% - 25%

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the income statement.

Trademark

Trademark is measured initially at cost and amortised on a straight-line basis over their estimated useful lives.

Impairment

At each balance sheet date, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

Leased assets

Leases are classified as finance leases when the terms of the lease transfer substantially all the risks and rewards of ownership of the assets concerned to the Group. Assets held under finance leases are capitalised at their fair values at the date of acquisition. The corresponding liability to the lessor, net of interest charges, is included in the consolidated balance sheet as a finance lease obligation. Finance costs, which represent the difference between the total leasing commitments and the fair value of the assets acquired, are charged to the consolidated income statement over the period of the relevant lease so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

PLAYWELL INTERNATIONAL LIMITED

4. SIGNIFICANT ACCOUNTING POLICIES - continued

Operating leases

Rentals payable on properties under operating leases are charged to the consolidated income statement on the straight line basis over the relevant lease term.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises raw materials used for manufacturing of moulds and merchandise held for resale. Cost, is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the period/year. Taxable profit differs from net profit as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other periods/years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amount of assets and liabilities in the consolidated financial statements and the corresponding tax basis used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill (or negative goodwill) or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised. Deferred tax is charged or credited to the consolidated income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Foreign currencies

Transactions in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are re-translated at the rates prevailing on the balance sheet date. Profits and losses arising on exchange are included in the net profit or loss for

the period.

29. SUMMARY OF SIGNIFICANT DIFFERENCES BETWEEN ACCOUNTING PRINCIPLES GENERALLY ACCEPTED IN HONG KONG (HK GAAP) AND GENERALLY ACCEPTED ACCOUNTING PRINCIPLES IN UNITED STATES (US GAAP) AND ADDITIONAL DISCLOSURES REQUIRED UNDER US GAAP

(a) Summary of Significant Differences Between HK GAAP and US GAAP

The Company's consolidated financial statements are prepared in accordance with HK GAAP which differ in certain significant respects from US GAAP. Differences which have a significant effect on the consolidated net profit/loss and shareholders' equity are set out below.

(i) Accounting for the spin-off of a subsidiary

Under HKGAAP, the disposal of interests in PIL and Toy Biz to the holding companies of the Group by way of transferring shares in these two companies at par value is considered as a transaction under common control and accounted for at a demerger basis with restatement of the comparative financial statements by excluding the results, assets and liabilities of PIL and Toy Biz as if they had not been part of the consolidated group in prior periods.

Under US GAAP, the Company generally may not characterize the spin-off transaction as resulting in a change in the reporting entity and restate its historical financial statements. As the spin-off transactions of the Company do not meet the requirements of the US Securities and Exchange Commission to be accounted for as a change in reporting entity, the Company will account for the spin-offs in accordance with Accounting for the Impairment or Disposal of Long-Lived Assets. Under Statement of Financial Accounting Standard (SFAS) 144, assets, which are to be distributed to owners in a spin-off, are disposed of when they are exchanged or distributed.

(ii) Goodwill

HK GAAP requires goodwill arising from an acquisition to be capitalised and amortised over its estimated useful life. Negative goodwill is presented as a deduction from positive goodwill and is released to income based on an analysis of the circumstances from which the balances of negative goodwill resulted. At each balance sheet date, the goodwill must be tested for impairment and any impairment loss should be taken to the income statement.

Under US GAAP effective from January 1, 2002, SFAS No. 142, Goodwill and Other Intangible Assets , requires that goodwill and other indefinite life assets acquired in a business combination no longer be amortised, instead, these assets must be tested for impairment at least annually. The excess fair value of net assets acquired over the purchase price shall be allocated as a pro rata reduction of the amounts that otherwise would have been assigned to all of the acquired assets except financial assets other than investments accounted for by the equity method, assets to be disposed of by sale, deferred tax assets, prepaid assets relating to pension or other post retirement benefit plans, and any other current assets. If any excess remains after reducing to zero the amounts that otherwise would have been assigned to those assets, that remaining excess shall be recognised as an extraordinary gain.

29. SUMMARY OF SIGNIFICANT DIFFERENCES BETWEEN ACCOUNTING PRINCIPLES GENERALLY ACCEPTED IN HONG KONG (HK GAAP) AND GENERALLY ACCEPTED ACCOUNTING PRINCIPLES IN UNITED STATES (US GAAP) AND ADDITIONAL DISCLOSURES REQUIRED UNDER US GAAP - continued

(a) Summary of Significant Differences Between HK GAAP and US GAAP - continued

(iii) Intangible asset

Under HK GAAP, in applying the purchase method of accounting, if the fair value of an intangible asset cannot be measured by reference to an active market, the amount recognised for that intangible asset at the date of the acquisition should be limited to an amount that does not create or increase negative goodwill that arises on the acquisition.

Under US GAAP, effective from January 1, 2002, SFAS No. 141 Business Combination requires that intangible assets acquired in a business combination to be recognised at fair value at the date of acquisition even a negative goodwill will be resulted in. There is no limit to the amount to be recognised.

(iii) Impairment of long-lived assets

HK GAAP requires that an enterprise assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the enterprise should estimate the recoverable amount of the asset. Impairment loss is the amount by which the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the higher of an asset's net selling price and its value in use. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. A reversal of previous impairment provisions is allowed to the extent of the loss previously recognised as expense in the income statement.

Under US GAAP, in according to SFAS No. 144 Accounting for the Impairment or Disposal of Long-Lived Assets, long-lived assets (except goodwill and other indefinite life assets) are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. An impairment loss is recognised if the expected future cash flows (undiscounted) are less than the carrying amount of the assets. The impairment loss is measured based on the fair value of the asset (less disposal cost if to be disposed of). Subsequent reversal of the loss is prohibited.

(iv) Accounting for transfers of bills of exchange

The Group enters into sales transactions with customers whereby the customer arranges for a line of credit with a financial institution. Under such arrangements, the Group is entitled to collect amounts owed directly from the financial institutions when the invoice, becomes due. Accordingly, the Group agreed to transfer, with recourse on a revolving basis, certain of its accounts receivable to such financial institution, which in turn pays a discounted amount to the Group and collects the amount owed from the customers financial institution. Payments terms typically vary between 30 to 90 days.

Under HK GAAP, upon payment from its financial institution, the Group removes the related receivables from its balance sheet. Under US GAAP, such transfers would not qualify for sales treatment under SFAS

No. 140 and therefore the related receivables and debt are included in the Group's Consolidated Balance Sheets until the amounts are collected by the financial institutions.

(h) New pronouncements

- (i) In June 2002, the Financial Accounting Standards Board (FASB) issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities , which addresses accounting for restructuring and similar costs. SFAS No. 146 supersedes previous accounting guidance, principally Emerging Issue Task Force Issue (EITF) No. 94-3. The Company will adopt the provisions of SFAS No. 146 for restructuring activities initiated after December 31, 2002. SFAS No. 146 requires that the liability for costs associated with an exit or disposal activity be recognised when the liability is incurred. Under EITF No. 94-3, a liability for an exit cost was recognised at the date of commitment to an exit plan. SFAS No. 146 also establishes that the liability should initially be measured and recorded at fair value. Accordingly, SFAS No. 146 may affect the timing of recognising future restructuring costs as well as the amounts recognised. The Company does not believe the adoption of such pronouncement will have a material impact on its results of operations or financial position.

In November 2002, the FASB issued Interpretation Number 45, Guarantor s Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (FIN 45). This interpretation requires certain disclosures to be made by a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognise, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The disclosure requirements of FIN 45 are effective for interim and annual periods after December 15, 2002 and the Company has opted those requirements for these financial statements. The initial recognition and initial measurement requirements of FIN 45 are effective prospectively for guarantees issued or modified after December 31, 2002. The Company does not believe the adoption of such interpretation will have a material impact on its results of operations or financial position.

(h) New pronouncements - continued

- (ii) In January 2003, the FASB published FIN No. 46 Consolidation of Variable Interest Entities - an interpretation of ARB No. 51 , which clarifies the application of the consolidation rules to certain variable interest entities which do not qualify as qualifying special purpose entities. FIN No. 46 applies immediately for variable interest entities created after January 31, 2003. By issuing FASB Staff Position (FSP) FIN 46-6 Effective Date of FASB s Interpretation No. 46, Consolidation of Variable Interest Entities , the Financial Accounting Standards Board deferred the effective date for initial application of FIN No. 46 for VIE s created before February 1, 2003 to December 31, 2003. In December 2003, the FASB issued FIN 46 (revised December 2003). According to FIN 46 (revised December 2003), the provisions of FIN 46 or FIN 46 (revised December 2003) shall be applied to all variable interest entities no later than the end of the first reporting period that ends after March 15, 2004. Our US GAAP reconciliation is not affected by the FASB rules, since we hold no investment that is classified as a qualifying special purpose entity or a variable interest entity.

ARTICLE III

CONVERSION AND EXCHANGE OF STOCK

3.1 Conversion. At the Effective Time, by virtue of the Reorganization Merger and without any action on the part of the holder of any shares:

- (a) Conversion of Grand US Common Stock. Each issued and outstanding share of the Common Stock, par value \$001, of Grand US (the Grand US Common Stock), other than shares of Grand US Common Stock cancelled in accordance with 3.1(b)(i), shall be converted into and become the right to receive one Ordinary Share, with nominal value of HK\$1.00 per share, of Grand HK (the Grand HK Ordinary Shares) duly issued and credited as

fully paid which will trade in the United States in the form of Grand HK American Depositary Shares (the Grand HK ADSs) evidenced by American Depositary Receipts (the Grand HK ADRs and collectively with the Grand HK Ordinary Shares and the Grand HK ADRs, the Merger Consideration). Each Grand HK ADS represents one Grand HK Ordinary Share.

As of the Effective Time, all shares of Grand US Common Stock shall no longer be outstanding and shall automatically be retired and shall cease to be outstanding, and each holder of a certificate representing any such shares of Grand US Common Stock (a *Nevada Certificate*) shall cease to have any rights with respect thereto, except the right to receive upon the surrender of such Nevada Certificates (for each share of Grand Common Stock previously represented thereby) the Merger Consideration.

- (b) Treatment of Treasury Shares and Grand US Shares Owned by Grand US. Each issued share of Grand US Common Stock that is owned by Grand US, or by any direct or indirect wholly-owned subsidiary of Grand US prior to the Effective Time shall automatically be canceled and retired and shall cease to exist, and no Merger Consideration shall be delivered or deliverable in exchange for such shares of Grand US Common Stock.
- (c) Treatment of Merger Sub Shares owned by Grand US. Each share of Common Stock of Merger Sub that is owned by Grand US prior to the Effective Time shall be repurchased by Grand HK for consideration equal to Grand US initial capital contribution to Grand HK in connection with its formation.
- (d) Conversion of Reorganization Merger Sub Common Stock. Each issued and outstanding share of common stock, par value \$.001 per share, of Merger Sub shall be converted into and become one share of common stock of the Surviving Corporation with the same rights, powers and privileges as the shares so converted and shall constitute the only outstanding shares of capital stock of the Surviving Corporation.
- (e) Stock Options and Warrants. As of the Effective Time, each outstanding option (a Grand US Option) and warrant (a Grand US Warrant) to purchase shares of Grand US Common Stock, including options granted under the Grand Toys International, Inc. Amended and Restated Stock Option Plan (the Grand Option Plan) whether or not exercisable or vested, shall be assumed by Grand HK and shall automatically be converted into an option or warrant to purchase Grand Ordinary Shares in the form of Grand HK ADSs, to be evidenced by Grand HK ADRs upon exercise, on the same terms, in the same amount at the same exercise price and on the same terms as those which is currently in effect, including any exercise and vesting conditions. The conversion of the Grand US Options provided for in this Section 3.1(e) with respect to any options which are intended to be

incentive stock options (as such term is defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code)) shall be effected in a manner consistent with Section 424(a) of the Code.

3.2 Exchange Agent; Exchange of Stock.

- (a) Exchange Agent. Prior to the Effective Time, Grand HK shall designate a U.S. bank or trust company reasonably acceptable to Grand US (in such capacity, the Depository), to act as agent (the Exchange Agent) for the holders of shares of Grand US Common Stock, Grand US Options and Grand US Warrants in connection with the Reorganization Merger. Prior to the filing of the Nevada Articles of Merger with the Secretary of State of the State of Nevada, Grand HK or Merger Sub shall deposit with the Exchange Agent (i) a sufficient number of Grand HK Ordinary Shares as would permit the Exchange Agent to issue Grand HK ADRs to each holder of Grand US Common Stock and to each holder of a Grand US Option or Grand US Warrant upon exercise thereof. The deposit made by Grand HK or Merger Sub, as the case may be, pursuant to this Section 3.2(a) is hereinafter referred to as the Exchange Fund. The Exchange Agent shall cause the Exchange Fund to be (i) held for the benefit of the holders of Grand US Common Stock, Grand US Options and Grand US Warrants and (ii) applied promptly to making the exchange provided for in Section 3.1(a) and Section 3.1(e). The Exchange Fund shall not be used for any purpose that is not expressly provided for in this Agreement. Grand HK shall, prior to the Effective Time, allot Grand HK Ordinary Shares referred to in Sections 3.1(a) and 3.1(e) subject to the terms and conditions of this Agreement.
- (b) Exchange Procedures. As soon as reasonably practicable after the Effective Time, but in no event later than one (1) Business Day after the Effective Time, the Surviving Corporation shall cause the Exchange Agent to mail to each holder of record of shares of Grand US Common Stock at the Effective Time (i) a letter of transmittal specifying that delivery of the Nevada Certificates shall be effected, and risk of loss and title to the Nevada Certificates shall pass, only upon delivery of the Nevada Certificates (or affidavits of loss in lieu thereof) to the Exchange Agent, such letter of transmittal to be in such form and have such other provisions as Grand HK and Grand US may reasonably agree and (ii) instructions for use in effecting the surrender of the Nevada Certificates in exchange for the Merger Consideration (such instructions shall include instructions for the delivery of the Grand HK ADRs to a person other than the person in whose name the surrendered Nevada Certificate is registered on the transfer books of Grand US, subject to the receipt of appropriate documentation for such transfer). Upon surrender to the Exchange Agent of a Nevada Certificate (or evidence of loss in lieu thereof) for cancellation together with such letter of transmittal, duly executed in accordance with the provisions of this Section 3.2(b), the holder of such Nevada Certificate shall be entitled to receive in exchange therefor the Merger Consideration that such holder is entitled to

receive pursuant to this Article III, and the Nevada Certificate so surrendered shall forthwith be cancelled. In the event of a transfer of ownership of shares of Grand US Common Stock that is not registered in the transfer records of Grand US, payment may be issued to such a transferee if the Nevada Certificate formerly representing such shares of Grand US Common Stock is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer, and the person requesting such issuance pays any transfer or other taxes required by reason of such payment to a person other than the registered holder of such Nevada Certificate or establishes to the satisfaction of Grand HK and Grand US that such tax has been paid or is not applicable.

- (c) Termination of Exchange Fund; No Liability. At any time following the first anniversary of the Effective Time, the Surviving Corporation shall be entitled to require the Exchange Agent to deliver to it any remaining portion of the Exchange Fund, and holders shall be entitled to look only to the Surviving Corporation (subject to abandoned property, escheat or other similar laws) with respect to the Grand HK ADSs to be represented by Grand HK ADRs and any dividends or other distributions with respect thereto payable upon due surrender of their Nevada Certificates, without any interest thereon. Notwithstanding the foregoing, none of Grand HK, the Surviving Corporation, the Exchange Agent or any other person shall be liable to any former holder of shares of Grand US Common Stock or holder of Grand US Options or Grand US Warrants for any amount properly delivered to a public official pursuant to applicable abandoned property, escheat or similar laws.
- (d) Lost, Stolen or Destroyed Certificates. In the event any Nevada Certificates shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such Nevada Certificate(s) to be lost, stolen or destroyed and, if required by Grand HK, the posting by such person of a bond in such sum as Grand HK may reasonably direct as indemnity against any claim that may be made against it or the Surviving Corporation with respect to such Nevada Certificate(s), the Exchange Agent will issue the Merger Consideration pursuant to Section 3.1(a), deliverable in respect of the shares of Grand US Common Stock represented by such lost, stolen or destroyed Nevada Certificates.
- (e) Dividends; Distributions. No dividends or other distributions with respect to Grand HK Ordinary Shares with a record date after the Effective Time shall be paid to the holder of any unsurrendered Nevada Certificate with respect to the Grand HK Ordinary Shares represented thereby, and all such dividends and other distributions, if any, shall be paid by Grand HK to the Exchange Agent and shall be included in the Exchange Fund, in each case until the surrender of such Nevada Certificate in accordance with this Section 3. Subject to the effect of applicable abandoned property, escheat or similar laws, following surrender of any such Nevada Certificate there shall

be paid to the holder of a Nevada Certificate representing the right to receive Grand HK Ordinary Shares issued in exchange therefor, without interest, (i) at the time of such surrender, the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such Grand HK Ordinary Shares and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to such surrender and with a payment date subsequent to such surrender payable with respect to such Grand HK Ordinary Shares. Grand HK shall make available to the Exchange Agent cash for these purposes, if necessary.

- (f) Notwithstanding anything in this Agreement to the contrary, no Grand HK ADRs to be represented by Grand HK ADRs shall be delivered to any person who is an affiliate of Grand US under Rule 145 of the Securities Act until such person has executed and delivered to Grand HK a written agreement acceptable to Grand HK.

(ii) Grand HK shall enter into customary Contracts with the Hong Kong and Shanghai Banking Corporation or such other institution in Hong Kong as the Parties shall agree (the Custodian) and the Bank of New York or such other United States banking institution as the Parties shall agree (the Depository) providing for (i) the issuance to the Custodian of Grand Ordinary Shares and (ii) the issuance by the Depository from time to time, if and as directed by Grand, of Grand ADRs.

(iii) Grand HK shall cause Grand Merger Sub under the laws of the State of Nevada as a wholly-owned Subsidiary of Grand HK.

Centralink is duly qualified or licensed to do business and, if and as applicable, is in good standing, in each jurisdiction in which the property owned, leased or operated by it or the nature of the business conducted by it makes such qualification or licensing necessary, except where the failure to be so qualified and licensed or to have such power and authority would not prevent the consummation of the Transaction by Centralink. True and complete copies of the Organizational Documents, as amended to date, of

Centralink have previously been delivered or made available to Grand. Centralink is not in violation of any of the provisions of its Organizational Documents.

4.02 Winding-up, etc. No order has been made, petition presented or resolution passed for the winding up of Centralink and no meeting has been convened for the purpose of winding up Centralink. 5.32 No Significant Items Excluded. ARTICLE VI

COVENANTS OF CENTRALINK

6.01 Noncompetition by Centralink and its Affiliates. Centralink acknowledges that an important part of the benefits which Grand will receive in connection with the Transaction is the ability to carry on the Business of the Company and each Subsidiary of the Company free from competition from Centralink and its Affiliates, that an absence of such competition is an essential premise of the bargain between Centralink and Grand, and that Grand would be unwilling to enter into this Agreement in the absence of the promises contained in this Section 6.01. Accordingly, Centralink agrees that, for a period commencing on the Closing Date and ending on the second anniversary of the Closing Date, neither Centralink nor any of its Affiliates, will, directly or indirectly, alone or in association with any other Person (including by way of investment in or ownership of the securities of any Person), without the prior written consent of Grand, engage any place in the world in any business which develops, manufactures, promotes or distributes products that are competitive with those that are marketed by Grand, the Company or any Subsidiary of either the Company or Grand, or those products which are then under active development by Grand, the Company or any Subsidiary of either the Company or Grand; provided, however, that the foregoing prohibitions will not preclude Centralink or any of its Affiliates from continuing to engage in any business in which it is currently engaged or acquiring or from holding not more than 1% of any class of equity securities of any publicly-traded corporation engaged in a Competitive Business.

6.02 Non-Solicitation . For a period commencing on the Closing Date and ending on the second anniversary of the Closing Date, Centralink agrees that neither it nor any of its Affiliates will, directly or indirectly, for its, his or her own benefit or as agent for another, without the prior written consent of Grand, hire any Person who, as of the date hereof, is an officer, director or employee of Grand, the Company or any Subsidiary of Grand or the Company, or persuade or solicit any Person who, at the date of this Agreement, is an officer, director or employee of Grand or the Company, or any Subsidiary of either Grand or the

Company, to leave the employ of such company or to become employed by any Person other than Grand, the Company or any Subsidiary of either Grand or the Company or solicit or induce any customer or supplier from or to Grand or any Subsidiary of Grand to cease purchasing from or supplying products to Grand or any Subsidiary of Grand; provided, however, that, such covenants will not restrict Centralink or any of its Affiliates from (i) conducting a general solicitation of employment by means of newspaper, periodical or trade publication advertisements or similar methods of solicitations by search firms which are not specifically directed by Centralink and its Affiliates toward the officers, directors or employees described above (provided, that no any Person who, as of the date hereof, is such an officer, director or employee may be hired as a result of such general solicitation or otherwise without the prior consent of Grand); or (ii) soliciting the employment of or hiring individuals who have not been in the employ of Grand, the Company or any Subsidiary of either the Company or Grand within the twelve months preceding the time of such solicitation.

6.03 No-Shop. From the date of this Agreement until the earlier of the Closing Date or the date of termination of this Agreement pursuant to Section 11.01, neither Centralink nor any of its Affiliates, nor any of their respective Representatives, will, directly or indirectly (i) solicit, initiate or encourage the submission of inquiries, proposals or offers from any Person relating to the acquisition of the Company or any Subsidiary of the Company, or any equity interest in any of them, or the Business or assets of any of them or any part thereof (a Company Acquisition Proposal), (ii) enter into or participate in any discussions or negotiations regarding any Company Acquisition Proposal or (iii) otherwise cooperate with, or assist or participate in, facilitate or encourage, any effort or attempt by any Person to make a Company Acquisition Proposal or to effect a transaction inconsistent with the Transaction.

6.04 Books and Records. On the Closing Date, Centralink will cause all Books and Records belonging or relating to the Company or any Subsidiary of the Company to be in the possession of the Company or any Subsidiary of the Company, as may be appropriate, and Centralink will make such Books and Records available to the directors appointed to succeed any outgoing directors of the Company or any Subsidiary of the Company.

6.05 Confidentiality.

(a) From and after the Closing Date, Centralink will, and will cause its Affiliates and any of their respective Representatives to, hold in strict confidence all Confidential Information pertaining to the business, operations, assets, financial condition and prospects of Grand, the Company and the Subsidiaries of Grand and the Company and to refrain from using such Confidential Information to compete with (including, planning, marketing, product development or pricing), or in any other manner that is, directly or indirectly, detrimental to the interests of, Grand, the Company or any Subsidiary of either Grand or the Company. The immediately preceding sentence shall not be construed or applied to prevent Centralink, its Affiliates or their respective Representatives from disclosing to relevant Governmental Entities any and all information that is reasonably necessary in order to understand and evaluate the United States federal income tax treatment or structure of the Transaction.

(b) In the event that Centralink or any of its Affiliates should be required by Law to disclose any of such Confidential Information, Centralink will promptly notify Grand in writing

so that Grand may seek a protective Order to prevent the production or disclosure of such Confidential Information. If such Order or Action has been denied or dismissed, then Centralink or its Affiliate, as the case may be, may disclose only that portion of the Confidential Information: (i) which in the written opinion of Centralink's outside legal counsel is required by Law to be disclosed, provided, however, that Centralink will in such case use all commercially reasonable efforts to preserve the confidentiality of the remainder of the Confidential Information; or (ii) which Grand consents, in writing, to having disclosed. Neither Centralink nor any of its Affiliates will, nor will they not permit any of their Representatives to, oppose any motion for a protective Order brought by Grand or the Company. Centralink will continue to be bound by its obligations pursuant to this Section as to any Confidential Information the disclosure of which is not permitted under this Section or which is covered by a protective Order.

6.06 Injunctive Relief. Without intending to limit the remedies available to Grand, Centralink agrees that violation of any provision of Sections 6.01, 6.02, 6.03 or 6.05 by Centralink or any of its Affiliates would result in irreparable injury to Grand, that damages at law would be an inadequate remedy to Grand, and that Grand will be entitled to injunctive relief or other equitable remedies to enforce any of such provisions. If any of such provisions are held to be unenforceable because of the scope, term or areas of their applicability, then it is the intent and desire of the Parties that the court, arbitrator or other tribunal making such determination modify such scope, term or area or any of them to the extent necessary to render such Section enforceable under applicable Law and enforce such provisions in such modified form.

6.07 Reorganization of Gatelink.

(a) Prior to the Closing Date, the Company shall transfer to Centralink (or any designee that is not a Subsidiary of the Company) the entire issued share capital of Gatelink at a price of one Hong Kong dollar (HK \$1.00).

(b) Prior to the Closing Date, Centralink at its sole cost and expense shall cause HKTC to (i) acquire from Gatelink (at not more than fair market value) any and all plant, machinery or other tangible assets located outside the PRC that are owned by Gatelink, (ii) assume any relevant Contract rights or Liabilities as against or toward third Persons, which Liabilities shall be the sole liabilities of HKTC on the Closing Date and shall not include any Tax Liabilities or any other Liabilities relating to Gatelink's operations in the PRC, and (iii) enter into Contracts with Gatelink on terms and conditions that substantially preserve the current economic benefits to the Company of the operations of Gatelink.

6.08 Grand ADRs issuable to Chan. Centralink agrees that any shares issued or issuable to Chan pursuant to that certain agreement dated September 1, 2003 by and between Chan and HKTC shall be payable solely from the Grand ADRs to be issued to Centralink pursuant to this Agreement or otherwise acquired by Centralink.

6.09 Provision of Information. Centralink shall provide to the valuation firm referenced in Section 13.10 such factual information and will make such representations as such valuation firm and Grand's counsel shall reasonably require in order to satisfy the closing condition specified in Section 10.13.

ARTICLE VII

COVENANTS OF GRAND

From the date of this Agreement until the Closing Date, Grand will cooperate with Centralink (i) to secure all Permits from Persons identified in Schedule 3.05 and Schedule 3.09 and (ii) with respect to all filings required to be made by Centralink pursuant to Law in connection with the Transaction.

7.02 No-Shop. From the date of this Agreement until the earlier of the Closing Date or the date of termination of this Agreement pursuant to Section 11.01, neither Grand nor any Affiliates of Grand, nor any of their respective Representatives, will, directly or indirectly (i) solicit, initiate or encourage the submission of inquiries, proposals or offers from any Person relating to the acquisition of Grand or any Subsidiary of Grand, or any equity interest in any of them, or the Business or assets of any of them or any part thereof (a Grand Acquisition Proposal), (ii) enter into or participate in any discussions or negotiations regarding any Grand Acquisition Proposal or (iii) otherwise cooperate with, or assist or participate in, facilitate or encourage, any effort or attempt by any Person to make a Grand Acquisition Proposal or to effect a transaction inconsistent with the Transaction; provided, however, that at any time prior to the date of the Grand Special Meeting, Grand may, in response to a Superior Proposal that was not solicited by it or any of its Affiliates or Representatives and that did not otherwise result from a breach of this Section 7.02, (i) furnish information with respect to Grand and the Subsidiaries of Grand to any Person making such Superior Proposal pursuant to a customary confidentiality agreement, and (ii) subject to the following sentence, participate in discussions or negotiations regarding such Superior Proposal. In response to a Superior Proposal which was not solicited by Grand and which did not otherwise result from a breach of this Section 7.02, Grand may, upon notice to Centralink, pursue discussions or negotiations with the Person making such Superior Proposal, in which event either Grand or Centralink may terminate this Agreement subject to the provisions of Section 11.02(b). For purposes of this Agreement, a Superior Proposal shall mean any proposal made by a third Person to acquire, directly or indirectly, more than fifty percent (50%) of the combined voting power of the shares of Grand US or at least 50% or more of the assets of Grand US if (i) the proposal is otherwise on terms which the Board of Directors of Grand US determines in its good faith judgment to be more favorable, taken as a whole, to Grand US's shareholders than the Transaction and (ii) the Board of Directors determines in good faith that participating in discussions or negotiations with respect to the Superior Proposal or withdrawing or modifying its recommendation with respect to the Transaction or termination of this Agreement is required for the Board of Directors of Grand US to comply with its fiduciary duties to Grand US and its shareholders under applicable law.

7.03 Grand Shareholders Meeting.

(a) In accordance with the provisions of Section 8.10, Grand US shall call and hold a special meeting of its shareholders (the Grand Special Meeting) for the purpose of voting upon the approval of the Transaction, including the Reincorporation Merger, pursuant to the Proxy Statement, as soon as practicable after the date on which the Registration Statement shall have become effective. Grand shall take all other action necessary or advisable to promptly and expeditiously secure any vote or consent of shareholders required by applicable Law and its

Organizational Documents to effect the Transaction, including the Reincorporation Merger. Grand shall use all reasonable efforts to solicit from its shareholders proxies in favor of the approval and adoption of this Agreement and the Transaction, including the Reincorporation Merger, pursuant to the Proxy Statement and shall take all other action necessary or advisable to secure the vote or consent of shareholders required by applicable Law or the requirements of NASDAQ to obtain such approval, including any necessary adjournments in order to obtain the requisite number of proxies to approve the Transaction and the Reincorporation Merger.

(b) The Proxy Statement for the Grand Special Meeting shall include, with respect to Grand US and its shareholders, (i) the approval and adoption of the Transaction, including the Reincorporation Merger, and, subject to Section 7.02, the recommendation of the board of directors of Grand US to Grand US's shareholders that they vote in favor of approval of the Transaction, including the Reincorporation Merger, and (ii) the fairness opinion referred to in Section 10.13.

7.04 Confidentiality.

(a) From and after the Closing Date, Grand will, and will cause the Affiliates of Grand and any of their respective Representatives to, hold in strict confidence all Confidential Information pertaining to the business, operations, assets, financial condition and prospects of Centralink and its Affiliates and to refrain from using such Confidential Information in any manner that is, directly or indirectly, detrimental to the interests of, Centralink and its Affiliates. The immediately preceding sentence shall not be construed or applied to prevent Grand, its Affiliates and their respective Representatives from disclosing to relevant Governmental Entities any and all information that is reasonably necessary in order to understand and evaluate the federal income tax treatment or federal income tax structure of the Transaction.

(b) In the event that Grand or any of its Affiliates should be required by Law to disclose any of such Confidential Information, Grand will promptly notify Centralink in writing so that Centralink may seek a protective Order to prevent the production or disclosure of such Confidential Information. If such Order or Action has been denied or dismissed, then Grand or its Affiliate, as the case may be, may disclose only that portion of the Confidential Information (i) which in the written opinion of Grand's outside legal counsel is required by Law to be disclosed, provided, however, that Grand will in such case use all commercially reasonable efforts to preserve the confidentiality of the remainder of the Confidential Information; or (ii) which Centralink consents, in writing, to having disclosed. Neither Grand nor any of its Affiliates will, nor will they not permit any of their Representatives to, oppose any motion for a protective Order brought by Centralink or any of its Affiliates. Grand will continue to be bound by its obligations pursuant to this Section as to any Confidential Information the disclosure of which is not permitted under this Section or which is covered by a protective Order.

7.05 Injunctive Relief. Without intending to limit the remedies available to Centralink, Grand agrees that violation of any provision of Sections 7.02 or 7.04 by Grand or any of its Affiliates would result in irreparable injury to Centralink, that damages at law would be an inadequate remedy to Centralink, and that Centralink will be entitled to injunctive relief or other equitable remedies to enforce any of such provisions. If any of such provisions are held to be unenforceable because of the scope, term or areas of their applicability, then it is the intent and

desire of the Parties that the court, arbitrator or other tribunal making such determination modify such scope, term or area or any of them to the extent necessary to render such Section enforceable under applicable Law and enforce such provisions in such modified form.

7.06 Options and Warrants. Grand US shall use its commercially reasonable best endeavors (without being obligated to pay, issue or offer any additional consideration) to cause each holder of options and warrants for the purchase of Grand Common Stock to exercise such options or warrants prior to the consummation of the Transaction.

(b) by Grand US or Centralink pursuant to Section 7.02;

(c) (i) by Grand US if satisfaction of any of the conditions contained in Article X of this Agreement becomes impossible, other than through the failure of Grand US or Grand HK to comply with its obligations under this Agreement, and Grand US and Grand HK have not waived such condition on or before the Closing Date; or (ii) by Centralink if satisfaction of any of the conditions contained in Article IX of this Agreement becomes impossible, other than through the

failure of Centralink to comply with its obligations under this Agreement, and Centralink has not waived such condition on or before the Closing Date;

(e) by either Grand US or Centralink if the other Party has committed a material breach of this Agreement and such breach has not been waived.

11.02 Effect of Termination.

(a) Termination of this Agreement pursuant to Section 11.01 will terminate all obligations of the Parties hereunder except for those covenants and obligations contained in Sections 8.08, 13.01 and 13.03 and this Section 11.02; provided, however, that termination by either Party (the Terminating Party) pursuant to clause (c), (d) or (e) of Section 11.01 will not relieve a Party in material breach of its obligations hereunder (the Breaching Party) for any Liability to the Terminating Party with respect to such breach.

(b) If either Grand US or Centralink should terminate this Agreement pursuant to Section 7.02, then as Centralink's sole and exclusive remedy hereunder, Grand US shall pay to Centralink, within three (3) business days, the greater of the following amounts:

ARTICLE XII

SURVIVAL AND INDEMNIFICATION

12.01 Survival. Notwithstanding any right of either Party to fully investigate the affairs of the other Party (and, in the case of Grand, of the Company) and any knowledge of facts determined or determinable by such Party pursuant to such investigation or right of investigation, the representations, warranties, covenants and agreements of the other Party contained in this

Agreement, or listed or disclosed on any Schedule hereto or in any other Transaction Document shall survive the Closing. All covenants, agreements and Closing certifications made by the Parties shall survive the execution and delivery of this Agreement and the Closing hereunder. All of the representations and warranties made by the Parties shall survive the execution and delivery of this Agreement and the Closing hereunder for a period of twenty-four (24) months following the Closing Date; provided, however, that there shall be no termination of any such representation or warranty as to which a claim has been asserted prior to the termination of such survival period, provided further, that the representations and warranties made by Centralink in Section 3.11(h) and Section 3.11(k)-(m) shall survive for the applicable Tax law statute of limitations period plus 10 days.

12.02 Indemnification.

(a) Subject to Section 12.01, each Party (the Indemnitor) agrees, promptly upon the determination of Damages, to indemnify and hold harmless the other Party, its Affiliates and their respective Representatives (the Indemnitees), from and against all Damages resulting, directly or indirectly, from or in connection with:

(i) any misrepresentation or breach of any warranty made by the Indemnitor in this Agreement or any agreement or instrument delivered in connection with the Transaction without giving effect to any supplement or amendment to the Schedules or other notice delivered or required to be delivered pursuant to Section 8.04;

(ii) any breach of any covenant, agreement or other obligation of the Indemnitor contained in this Agreement; and

(iii) any hazard or defect, or alleged hazard or defect, in the manufacture, design, material or workmanship of any product (including any part or component) shipped or manufactured by, or services provided by, the Indemnitor or any Subsidiary of the Indemnitor prior to the Closing Date.

(b) Centralink agrees to indemnify and hold harmless Grand, its Affiliates and their respective Representatives from and against any and all Damages resulting, directly or indirectly, from or in connection with: (i) to the extent that such Taxes exceed the Taxes which are included as a current liability in the Latest Company Balance Sheet, any and all Taxes of the Company or any Subsidiary of the Company for periods or portions thereof ending on or before the Closing Date, including taxes required to be withheld, but excluding Taxes for which reserves have been established to reflect timing differences between book and Tax income and (ii) except for Taxes payable by Grand HK pursuant to Section 2.07 hereof, any and all Taxes imposed upon or assessed against any of Grand HK, the Company, any Subsidiary of the Company or their respective assets as a result of the transfer to Grand HK of the Company Shares pursuant to this Agreement.

12.03 Procedure for Indemnification.

(a) Third Party Claims.

(i) Promptly after receipt by an Indemnitee of notice of the commencement of any Action by a third party (a Third Party Claim) with respect to any matter for which indemnification is or may be owing pursuant to Section 12.02, the Indemnitee will give notice thereof to the Indemnitor; provided, however, that the failure of the Indemnitee to notify the Indemnitor will not relieve the Indemnitor of any of its obligations hereunder, except to the extent that the Indemnitor demonstrates that the defense of such Third Party Claim has been actually prejudiced by the Indemnitee's failure to give such notice.

(ii) If any Action referred to in Section 12.02(b) 2(b)(a) (i) is brought against an Indemnitee and it gives notice to the Indemnitor of the commencement of such Action, the Indemnitor will, unless the Action involves Taxes, be entitled to participate in such Action, and (unless (x) the Indemnitor is also a party to such Action and the Indemnitee determines in good faith that joint representation would be inappropriate upon the advice of outside counsel that a conflict of interest exists between the Indemnitee and the Indemnitor with respect to such Action, or (y) the Indemnitor fails to provide reasonable assurance to the Indemnitee of its financial capacity to defend such Action and provide indemnification with respect to such Action) may assume the defense of such Action with counsel satisfactory to the Indemnitee and, after notice from the Indemnitor to the Indemnitee of its election to assume the defense of such Action, the Indemnitor will not, as long as it diligently conducts such defense, be liable to the Indemnitee under this Article XII for any fees of other counsel with respect to the defense of such Action, in each case subsequently incurred by the Indemnitee in connection with the defense of such Action.

(iii) If the Indemnitor assumes the defense of an Action, (x) no compromise or settlement of the Third Party Claim or Action may be effected by the Indemnitor without the Indemnitee's consent unless (A) there is no finding or admission of any violation of Law or any violation of the rights of any Person and the compromise or settlement will have no effect on, or provide, grounds for the basis of, any other Third Party Claims that may be made against the Indemnitee, and (B) the sole relief provided is monetary damages that are paid in full by the Indemnitor; and (y) the Indemnitee will have no Liability with respect to any compromise or settlement of such Claims or Action effected without Indemnitee's consent. Notwithstanding the assumption by the Indemnitor of the defense of any Claim or Action as provided in this Section 12.02(b)(b)(a) (iii), the Indemnitee will be permitted to join in such defense and to employ counsel at its own expense. If notice pursuant to Section 12.02(b) (b)(a) (i) is given to an Indemnitee of the commencement of any Action and the Indemnitor does not, within ten (10) days after such Indemnitee's notice is given, give notice to the Indemnitee of its election to assume the defense of such Action, the Indemnitor will be bound by any determination made in such Action or any compromise or settlement effected by the Indemnitee.

(iv) Notwithstanding the foregoing, if the Indemnitee determines in good faith that there is a reasonable probability that an Action may adversely affect it or its Affiliates other than as a result of monetary Damages for which it would be entitled to indemnification under this Agreement, the Indemnitee may, by notice to the Indemnitor, assume the exclusive right to

defend, compromise or settle such Action, but the Indemnitor will not be bound by any determination of an Action so defended or any compromise or settlement effected without its consent, which may not be unreasonably withheld.

(v) Indemnitor and Indemnitee agree to provide each other with reasonable access during regular business hours to the properties, Books and Records and Representatives of the other, as reasonably necessary in connection with the preparation for an existing or anticipated Action involving a Third Party Claim and its obligations with respect thereto pursuant to this Article XII.

(b) Direct Claims. Any claim by an Indemnitee for indemnification not involving a Third Party Claim (a Direct Claim) may be asserted by giving the Indemnitor notice thereof. If the Indemnitor does not notify the Indemnitee within thirty (30) calendar days following its receipt of such notice that the Indemnitor disputes its Liability to the Indemnitee under Section 12.02, the claim specified by the Indemnitee in such notice will be conclusively deemed a Liability of the Indemnitor under Section 12.02 and the Indemnitor will pay the amount of such Liability to the Indemnitee on demand or, in the case of any notice in which the amount of the claim (or any portion thereof) is estimated, on such later date as the amount of such claim (or such portion thereof) becomes finally determined.

12.04 Payment. With respect to any Third Party Claim for which indemnification is payable hereunder, Indemnitor will pay Indemnitee promptly after (i) the entry of judgment against the Indemnitee and the expiration of any applicable appeal period; (ii) the entry of a non-appealable judgment or final appellate decision against the Indemnitee; or (iii) the execution of any settlement agreement with respect to such Third Party Claim.

12.05 Right to Indemnification Not Affected by Knowledge or Waiver.

(a) The right to indemnification, payment of Damages or other remedy based upon breach of representations, warranties, covenants, agreements or obligations will not be affected by any investigation conducted with respect to, or knowledge acquired (or capable of being acquired) at any time, whether before or after the execution and delivery of this Agreement or the Closing Date, with respect to the accuracy or inaccuracy of or compliance with any such representation, warranty, covenant, agreement or obligation.

(b) The waiver of any condition based on the accuracy of any representation or warranty, or on the performance of or compliance with any covenant, agreement or obligation, will not affect the right to indemnification, payment of Damages or other remedy based on such representations, warranties, covenants, agreements and obligations.

12.06 Sole and Exclusive Remedy. Except as otherwise expressly provided herein, in the absence of fraud or intentional misrepresentation or intentional breach of warranty or covenant, indemnification pursuant to this Article XII will be the exclusive remedy of each Party against the others for the matters subject to indemnification set forth in this Article XII and will be in lieu of other remedies with respect thereto.

12.07 Limitations on Liability.

(a) No Person seeking to be indemnified hereunder will be entitled to any recovery from the proposed Indemnitor unless a claim for indemnification, specifying the factual basis of that claim in reasonable detail to the extent then known, is made on or before the expiration of time period for survival set forth in Section 12.01.

(b) Neither Party shall be liable to indemnify the other Party for Damages in excess of two million four hundred thousand United States dollars (US\$2,400,000) or the equivalent thereof in other currencies with respect to a Direct Claim based upon the circumstances described in clause (i) of Section 12.02. The foregoing limitation shall not apply to any claim for indemnification pursuant to either of clauses (ii) or (iii) of Section 12.02, with respect to any Third Party Claim or with respect to any Liability resulting from a breach of Sections 3.11(h) and Sections 3.11(k)-(m).

Under the articles of association of Grand HK, every director, managing director, agent, auditor, secretary and other officer for the time being of Grand HK shall be indemnified out of Grand HK's assets against any liability incurred by him or her in relation to Grand HK in defending any proceedings, whether civil or criminal, in which judgment is given in his or her favor or in which he or she is acquitted or in connection with any application under section 358 of the Hong Kong Companies Ordinance in which relief is granted to him or her by a Hong Kong court. Section 358 (1) provides that if, in any proceeding for negligence, default, breach of duty, or breach of trust against any officer or auditor of a company, it appears to the court hearing the case that that person is or may be liable in respect of the negligence, default, breach of duty or breach of trust, but that he has acted honestly and reasonably, and that, having regard to all the circumstances of the case, including those connected with his appointment, he ought fairly to be excused for the negligence, default, breach of duty or breach of trust, that court may relieve him, either wholly or partly, from his liability on such terms as the court may think fit.

Section 165(1) of the Hong Kong Companies Ordinance states that any provision, whether contained in the articles of a company or in any contract with a company or otherwise, for exempting any officer or auditor of the company from, or indemnifying him against, any liability to the company or a related company (being a subsidiary or holding company of the company or a subsidiary of such holding company) that by virtue of any rule of law would otherwise attach to him in respect of any negligence, default, breach of duty or breach of trust of which he may be guilty in relation to the company or related company shall, subject to the matters referred to in the previous and following paragraphs, be void.

Section 165(3) of the Hong Kong Companies Ordinance permits a company to purchase and maintain for any officer or auditor of the company insurance against (a) any liability to the company, a related company or any other party in respect of any negligence, default, breach of duty or breach of trust (save for fraud) of which he may be guilty in relation to the company or a related company; and (b) any liability incurred by him in defending any proceedings, whether civil or criminal, taken against him for any negligence, default, breach of duty or breach of trust (including fraud) of which he may be guilty in relation to the company or a related company.

Notwithstanding the foregoing; any increase or decrease in volume of securities offered (if the total dollar value of securities offered (if the total value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b), if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.
- (2) that, for purposes of determining any liability under the Securities Act, each such post effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) to remove from registration by means of a post effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) to file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering.
- (5) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (6) to respond to requests for information that is incorporated by reference into the prospectus under Items 4, 10(b), 11, or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means; and to arrange or provide for a facility in the U.S. for the purpose of responding to such requests. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
- (7) The Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

(b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
