Record Date and Outstanding Shares

Only holders of record of common stock at the close of business on April 23, 2003 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 23, 2003, Wind River had outstanding and entitled to vote 79,658,605 shares of common stock held of record by approximately 807 stockholders.

Voting and Solicitation

Each holder of record of common stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

Edgar Filing: WIND RIVER SYSTEMS INC - Form DEF 14A

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of PricewaterhouseCoopers LLP.

Wind River will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. Wind River may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of Wind River. No additional compensation will be paid to directors, officers or other regular employees for such services.

Methods of Voting

You may vote by mail, by telephone, over the Internet, or in person at the Annual Meeting. Your shares will be voted in accordance with your instructions. If you do not provide voting instructions, the individuals named as your proxies on the proxy card (known as proxies or proxy holders) will vote your shares FOR the seven named nominees for directors, FOR approval of the selection of PricewaterhouseCoopers LLP as Wind River's independent accountants, and at their discretion as to other matters that may properly come before the Annual Meeting.

1

If you received more than one proxy card, your shares are held in multiple accounts. Please sign and return all proxy cards to ensure that all of your shares are voted.

It may be revoked by filing with the Secretary of the Corporation at Wind River's principal executive office, 500 Wind River Way, Alameda, California, 94501, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

Edgar Filing: WIND RIVER SYSTEMS INC - Form DEF 14A

The Board of Directors has selected PricewaterhouseCoopers LLP as Wind River's independent accountants for the fiscal year ending January 31, 2004 and has further directed that management submit the selection of independent accountants for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited Wind River's financial statements since the fiscal year ended January 31, 1990. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as Wind River's independent accountants is not required by Wind River's Amended and Restated Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent accountants at any time during the year if they determine that such a change would be in the best interests of Wind River and its stockholders.

Audit Fees

During fiscal year 2003, Wind River retained PricewaterhouseCoopers LLP, its independent accountants, to provide services in the following categories and amounts:

Audit Fees	\$962,202
Financial Information Systems Design and Implementation Fees	\$ 0
All Other Fees:	
Other Fees	\$ 73,250
Tax Compliance and Consulting	\$258,576

The Audit Committee has determined that the rendering of the non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL 2.

EXECUTIVE COMPENSATION

Compensation of Directors

The Wind River Board of Directors is comprised of seven members, five of whom are not employees of Wind River (each a Non-Employee Director). Each Non-Employee Director receives a quarterly retainer of \$5,000 and a per-meeting fee of \$1,000 for each Board meeting attended and \$500 for each committee meeting attended. In accordance with Wind River policy, directors may be reimbursed for certain expenses in connection with attendance at Board and committee meetings. In addition, effective May 2001, the Non-Employee Directors became eligible to receive health benefits under Wind River's health plans available generally to all salaried employees of Wind River and Wind River pays a portion of the premiums therefore for two Non-Employee Directors.

Directors Jerry Fiddler and Thomas St. Dennis are also employees of Wind River and are not separately compensated for their service as directors. Mr. St. Dennis serves as President and Chief Executive Officer and has an employment agreement with Wind River. Mr. Fiddler, who serves as Chairman of the Board, is an at-will employee and is paid a salary determined by the Compensation Committee of the Board of Directors. As employees, Messrs. St. Dennis and Fiddler are entitled to all of the employee benefits available to and policies applicable to employees generally or to executive officers as a class. See Employment, Severance and Change of Control Agreements below for a description of the employment agreement for Mr. St. Dennis and the severance and change of control arrangements applicable to Messrs. Fiddler and St. Dennis.

All Non-Employee Directors participate in Wind River's 1995 Non-Employee Directors' Stock Option Plan (the Directors' Plan). The Directors' Plan provides for the automatic grant of options to purchase common stock of Wind River to Non-Employee Directors. Stock options granted under the Directors' Plan have an exercise price equal to the fair market value of the common stock on the date of grant and expire ten years from the date of grant. Under the Directors' Plan, each person who is elected for the first time as a Non-Employee Director is automatically granted an option upon the date of his or her election to the Board, which vests in four equal annual installments. Additionally, on April 1 of each year, each person who is then a Non-Employee Director is automatically granted an option which vests in four equal annual installments. However, the option becomes fully vested on the first anniversary of the date of grant so long as the optionee had attended at least 75% of the meetings of the Board and any committees on which he or she served that were held during such period. The Directors' Plan currently provides that the initial grants are for 24,000 shares and yearly grants for 6,000 shares. As of April 23, 2003, options to purchase 205,500 shares were outstanding under the Directors' Plan, options to purchase 16,875 shares had been exercised, and 98,250 shares remained available for grant.

During the fiscal year ended January 31, 2003, Wind River granted to each of Messrs. Bagely, Bolger, Elmore, Gupta and Inman an option under the Directors' Plan to purchase 6,000 shares at an exercise price per share of \$13.59, the fair market value of the common stock on the date of grant.

- (1) In accordance with the rules of the SEC, the compensation described in this table does not include medical, group life insurance or other benefits received by the Named Executive Officers which are available generally to all salaried employees of Wind River, and certain perquisites and other personal benefits received by the Named Executive Officers which do not exceed the lesser of \$50,000 or 10% of any such officer's salary and bonus disclosed in this table.
- (2) Includes bonuses and certain sales commissions earned in respective fiscal year and paid the following fiscal year.
- (3) Amounts shown represent reimbursement of certain home rental expenses incurred by Mr. Zellner.
- (4) All options granted have exercise prices equal to 100% of the fair market value of the common stock at the time of the grant.
- (5) Amounts represent the cash value compensation of the split-dollar life insurance policy maintained for each Named Executive Officer and the life insurance premiums paid by Wind River on behalf of each Named Executive Officer. Of the life insurance premiums paid in fiscal year 2003, the following amounts were reported as taxable income to each individual: Mr. St. Dennis (\$1,875), Mr. Fiddler (\$164), Mr. Fraser (\$430), Mr. Kennedy (\$520) and Mr. Zellner (\$678). The dollar value of the cash value compensation was determined by using the demand loan approach for the benefit provided by the whole life portion of the premium paid by Wind River for each Named Executive Officer.
- (6) Mr. Kennedy joined Wind River in May 2001.
- (7) Mr. Zellner joined Wind River in September 2000.

Stock Option Grants and Exercises

Wind River's Named Executive Officers are awarded stock options under the 1987 Equity Incentive Plan and 1998 Equity Incentive Plan (collectively, the Equity Plans). The following table shows for the fiscal year ended January 31, 2003, certain information regarding options granted to the Named Executive Officers:

- (1) Options that expire in the calendar year 2012 become exercisable as to 25% of the shares subject to the option on the first anniversary of the date of grant and thereafter at a rate of 1/48 of the shares per month. Options that expire in the calendar year 2007 become exercisable as to 50% of the shares subject to the option on the 18th month following the date of grant and thereafter at a rate of 1/36 of the shares per month.
- (2) The potential realizable value is based on the term of the option at its time of grant. In accordance with rules promulgated by the Securities and Exchange Commission, it is calculated by assuming that the stock price on the date of grant appreciates at the indicated annual rate, compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. Unless the market price of Wind River's common stock appreciates over the option term, no value will be realized from these option grants. There can be no assurance that the values shown in this table will be achieved.

Employment, Severance and Change of Control Agreements

Other than the employment agreement with Mr. St. Dennis described below, Wind River has not entered into any employment agreements with executive officers.

Employment Agreement with Thomas St. Dennis. In September 1999, Wind River and Mr. St. Dennis entered into an employment agreement providing for the employment of Mr. St. Dennis as President and Chief Executive Officer. Under the agreement, for fiscal 2000, Mr. St. Dennis received an annualized base salary of \$400,000, an annualized bonus of \$800,000 for on-plan performance, as determined by the Board of Directors, and a sign-on bonus of \$959,121. The agreement also provided that for subsequent fiscal years Mr. St. Dennis would receive a bonus equal to twice his base salary, as determined by the Compensation Committee of the Board of Directors each year, for on-plan performance and an additional performance bonus of up to 50% of such amount for performance exceeding plan.

In accordance with the terms of the employment agreement, in September 1999, the Board of Directors granted Mr. St. Dennis an option to purchase 1,100,000 shares of Wind River common stock, at an exercise price of \$16.00. In addition, Wind River agreed to lend Mr. St. Dennis, under a secured promissory note, up to \$2.4 million to purchase shares of Wind River common stock during the first six months of his employment with Wind River, secured by a pledge of personal property. See *Certain Relationships and Related Transactions* *Loans to Officers* for more information about this loan.

In the event Mr. St. Dennis' employment with Wind River is terminated other than for Cause, or if he resigns his employment with Good Reason (as each term is defined in the employment agreement), in each case other than within 12 months of a change of control (in which event Mr. St. Dennis would receive benefits under the Change in Control Incentive and Severance Benefit Plan described below), Mr. St. Dennis will provide certain consulting services for one year thereafter in exchange for compensation in an amount equal to his annual salary at the time of such termination and a pro rata share of the target on-plan bonus for the year.

Change in Control Incentive and Severance Benefit Plan. In November 1995, the Compensation Committee of the Board of Directors adopted the Change in Control Incentive and Severance Benefit Plan (the *Change of Control Plan*) to provide an incentive to officers of Wind River with the title of Vice President or above in the event of certain change of control transactions, and severance benefits in the event of certain terminations of employment within 12 months of the change of control.

Upon the occurrence of a change of control, all executive officers except the Chief Executive Officer will receive acceleration of vesting for all shares subject to stock options that otherwise would have vested within one year of the date of the change of control. The Chief Executive Officer will receive two years' worth of accelerated vesting, except to the extent that the option acceleration would create adverse tax consequences for the Chief Executive Officer and Wind River under the golden parachute provisions of Sections 280G and 4999 of the Internal Revenue Code of 1986, as amended, in which case the Chief Executive Officer will have accelerated the maximum number of shares allowed under the golden parachute provisions. Jerry Fiddler, the Chairman of the Board of Directors, is an executive officer of Wind River and is covered by the Change of Control Plan.

If an executive officer other than the Chief Executive Officer is terminated without Cause or voluntarily terminates with Good Reason (as each term is defined in the Change of Control Plan), within 12 months after a change in control, the executive will receive continued compensation for 12 months (including an estimated bonus amount), continued health insurance for the same period, and accelerated vesting of stock options that otherwise would vest within one year of the date of termination. In addition, for the Chief Executive Officer, any shares that would have received acceleration of vesting on account of the change in control but did not because of the limitation to avoid the golden parachute tax provisions shall receive accelerated vesting on the termination date. If the total severance payments would cause an executive to become liable for golden parachute excise tax payments, then Wind River shall pay that executive's excise tax liability and all other taxes associated with Wind River's payment of the excise tax in order to leave the executive in the same after-tax position as if no excise tax had been imposed.

Vice Presidents' Severance Benefit Plan. In May 2001, the Compensation Committee of the Board of Directors adopted the Vice Presidents' Severance Benefit Plan (the *Severance Plan*) to provide for the payment of severance benefits to certain eligible employees whose employment with Wind River is involuntarily terminated. Eligible

employees under the Severance Plan are vice president level or above; however, the Chairman of the Board of Directors and the Chief Executive Officer are not eligible under the Severance Plan. Employees who are eligible for benefits under the Change of Control Plan are not eligible under the Severance Plan, with the result that the Severance Plan shall have no eligible employees for a period of 12 months following a Change of Control as such term is defined in the Change of Control Plan. The Severance Plan provides that Wind River will (i) make a cash lump sum payment equal to 52 weeks of base salary and (ii) pay the first twelve months COBRA continuation coverage premium on behalf of the employee, if the employee elects COBRA continuation coverage. All other non-health benefits will terminate as of the employee's termination date. In order to receive benefits, an employee must execute a general waiver and release, as well as a non-competition agreement. Additionally, no employee is eligible for benefits under the Severance Plan if the employee is involuntarily terminated for reasons related to job performance or if the employee voluntarily terminates his or her employment, including by resignation, retirement or failure to return from a leave of absence as scheduled.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Loans to Officers

In September 1999, Wind River agreed to lend Mr. St. Dennis, its President and Chief Executive Officer, up to \$2.4 million to purchase Wind River common stock, of which Mr. St. Dennis borrowed \$1.9 million. The loan bears interest at the rate of 5.98% per annum, and has a nine-year term. The loan may be accelerated if certain events of default occur, including termination of Mr. St. Dennis' employment with Wind River. As of April 30, 2003, principal and interest outstanding under the loan totaled \$1,918,554.

Indemnification and Limitation of Director and Officer Liability

Wind River has entered into indemnity agreements with certain officers and directors which provide, among other things, that Wind River will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of Wind River, and otherwise to the full extent permitted under Delaware law and Wind River's Amended and Restated Bylaws.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of Wind River under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

The Board of Directors has delegated to the Compensation Committee of the Board of Directors (the "Committee") the authority to establish and maintain the compensation programs for all employees, including executives. The Committee evaluates performance and determines compensation policies and levels for Wind River's executive officers. The Committee is presently comprised of the three Non-Employee Directors named below, none of whom has any interlocking or other type of relationship that would call into question his independence as a Committee member.

The objectives of Wind River's executive compensation policies are to attract, retain and reward executive officers who contribute to Wind River's success, to align the financial interests of executive officers with the performance of Wind River, to strengthen the relationship between executive pay and stockholder value, to motivate executive officers to achieve Wind River's business objectives and to reward individual performance. In carrying out these objectives, the Committee considers the level of compensation paid to executive officers in positions of companies similarly situated in size and products, the individual performance of each executive officer, corporate performance, and the responsibility and authority of each position relative to other positions within Wind River.

Executive compensation consists of base salary, cash awards under the management incentive bonus and other company bonus programs, and stock options. The Committee, working with an outside compensation consultant, has targeted executive officers' base salaries at approximately

the 50th percentile and cash bonuses at approximately the 60th percentile of companies in comparable industries with revenues of similar size and has targeted equity awards at the 60th percentile. The companies used for comparison purposes may, but need not be, included in the Nasdaq Computer and Data Processing Stocks Index. Each of these components is discussed in turn below.

Base Salary

In establishing base salaries for executive officers, the Committee considers the individual executive's performance, level of responsibility, and comparative data as described above. Salaries for executives are reviewed on an annual basis using a subjective analysis of the executive's individual performance, Wind River's financial performance and changes in salary levels at comparable companies.

Management Incentive Bonus and Other Company Bonus Programs

The management incentive bonus program is designed to motivate Wind River's executive officers by awarding cash bonuses based upon achievement of corporate performance targets. At the beginning of the fiscal year, corporate performance targets for Wind River are established, and the Committee sets a target bonus, as a percentage of base salary, for each executive. The determination of awards at the end of the fiscal year is based upon the extent to which the corporate performance targets are satisfied. The amount and nature of such targets may vary from year to year. No bonuses were paid under the management incentive bonus program for the fiscal year ended January 31, 2003. During fiscal 2003, the Board of Directors established a special limited bonus award program for key contributors throughout Wind River, for which all employees were eligible. Certain executive officers received bonus awards under such program in fiscal 2003.

Stock Options

The Equity Plans were established to provide executive officers with an opportunity to share, along with the stockholders of Wind River, in Wind River's long-term performance. Beginning in fiscal 2003, stock options were generally granted with a three-year vesting schedule, such that the options become exercisable as to 50% of the shares thereunder after eighteen months from the date of grant and thereafter at a rate of 1/36 per month. Such options will generally expire five years from the date of grant. Previously stock options generally had a four-year vesting schedule and expired ten years from the date of grant. Certain stock options vest in accordance with corporate

performance criteria established from time to time by the Committee. The exercise price of stock options is typically 100% of fair market value of the underlying stock on the date of grant. The Committee considers, periodically, the grant of stock-based compensation to all executive officers. Such grants are made on the basis of a subjective analysis of individual performance, Wind River's financial performance, and the number of shares subject to the executive's existing options, as well as whether the executive's existing options are in-the-money or underwater.

Section 162(m) of the Code limits Wind River to a deduction for federal income tax purposes of no more than one million dollars paid to certain Named Executive Officers in a taxable year. Compensation above one million dollars may be deducted if it is performance-based compensation within the meaning of the Code. The Committee has determined that stock options granted under the Equity Plans with exercise prices at least equal to the fair market value of Wind River's common stock on the date of grant shall be treated as performance-based compensation.

Chief Executive Officer Compensation

The base salary established for Mr. St. Dennis for fiscal year 2003 was determined based upon reference to external competitive pay practices, the above described compensation approach to executive officers and a subjective assessment by the Committee of Mr. St. Dennis' performance. As a result of Wind River's corporate performance during fiscal year 2003, Mr. St. Dennis did not receive a bonus for fiscal year 2003. However, in recognition of Mr. St. Dennis' individual performance during difficult economic times, the Board of Directors granted Mr. St. Dennis an option to purchase 335,000 shares of common stock in July 2002.
