**PROXY STATEMENT
FOR ANNUAL MEETING TO BE HELD ON MAY 20, 2004**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of First Midwest Bancorp, Inc. (the Company) of proxies for use at the Annual Meeting of Stockholders (the Annual Meeting) to be held May 20, 2004 at 9:30 a.m. at the Sheraton Suites Hotel, 121 Northwest Point Boulevard, Elk Grove Village, Illinois and at any adjournments or postponements of that meeting. This Proxy Statement, the accompanying Proxy Card and the Company's 2003 Annual Report were first mailed on April 12, 2004.

Record Date and Share Ownership

Edgar Filing: FIRST MIDWEST BANCORP INC - Form DEF 14A

The Board of Directors has fixed the close of business on March 26, 2004 as the record date for determining stockholders entitled to notice of, and to vote at, the Annual Meeting. On the record date, the Company had outstanding 46,539,050 shares of common stock, par value of \$0.01 per share (Common Stock). Each outstanding share of Common Stock entitles the holder to one vote.

Proxies and Voting Procedures

YOUR VOTE IS IMPORTANT. Because many stockholders cannot personally attend the Annual Meeting, it is necessary that a large number of stockholders be represented by proxy. Registered stockholders voting by proxy may use one of the following three options:

Filling out the enclosed Proxy Card, signing it, and mailing it in the enclosed postage-paid envelope;

Voting by telephone(instructions are on the Proxy Card); or

Voting by Internet(instructions are on the Proxy Card).

Stockholders whose shares are held in the name of a bank, broker or other nominee will be able to use Internet or telephone voting. For information, please refer to the voting materials you receive or contact your bank, broker or nominee.

The instructions for Internet and telephone voting are provided on the Proxy Card. The Internet and telephone voting instructions are designed to verify stockholders' identities, allow stockholders to give voting instructions and confirm that their instructions have been properly recorded. Stockholders who vote over the Internet should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers, and that these costs will be borne by the stockholder. The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m. E.D.T. on May 19, 2004. ***Stockholders who vote through the Internet or by telephone need not return a Proxy Card by mail.***

Shares of Common Stock represented by properly executed proxies received by the Company will be voted at the Annual Meeting in accordance with the instructions thereon. If there are no such instructions, the shares will be voted: (i) in favor of the re-election of the nominees for director; and (ii) in the discretion of the named proxies on any other matters which may properly come before the Annual Meeting.

1

A stockholder may revoke a proxy by: executing a later-dated proxy by Internet, telephone or mail; giving written notice of such revocation to the Corporate Secretary of the Company; or voting in person at the Annual Meeting. Attendance at the Annual Meeting will not by itself constitute the revocation of a proxy.

The Inspector of Election appointed by the Board of Directors for the Annual Meeting will tabulate votes cast by proxy or in person at the Annual Meeting and will determine whether or not a quorum is present. The Inspector of Election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the stockholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

A vote to abstain on the election of directors will have no effect on the outcome. If you vote abstain, your shares will be counted as present for purposes of determining whether enough votes are present to hold the Annual Meeting.

If you are a holder of record (that is, your shares are registered in your own name with our transfer agent) and you do not vote your shares, your shares will not be voted.

Voting of Shares in the First Midwest Bancorp, Inc. Dividend Reinvestment Plan

Each participant in the Dividend Reinvestment & Stock Purchase Plan (DR Plan) will receive a single proxy card covering both the shares of Common Stock credited to the participant's DR Plan account and the shares owned by such participant outside the DR Plan. If voting directions are not provided by participants, those participants' shares held pursuant to the DR Plan will not be voted.

Voting by Participants in Employee Plans

If an employee participates in the First Midwest Bancorp Stock Option Gain Deferral Plan, the First Midwest Common Stock Fund under the First Midwest Bancorp Savings and Profit Sharing Plan (the Profit Sharing Plan) or the First Midwest Bancorp Nonqualified Retirement Plan (collectively, the Employee Plans) or the DR Plan, the employee will receive one proxy for all accounts registered in the same name. If all of the accounts are not registered in the same name, the employee will receive a separate proxy for each account that is registered in a different

name.

The Trustees under the Employee Plans are the record owners of all shares of Common Stock held for participants in the Employee Plans. The Trustees will vote the shares held for the account of each participant in an Employee Plan in accordance with the directions received from that participant. In order to obtain such voting directions, the Trustees will forward this Proxy Statement and a direction card to each Employee Plan participant. Participants may provide their voting directions to the Trustees through the Internet or by telephone as described on the direction card, or by executing and returning the direction card as instructed in the mailing by the Trustee. Voting directions must be given if the shares held pursuant to the Employee Plans are to be voted. Shares held in the Employee Plans for which no directions are received will be voted by the Trustees proportionally in the same manner as it votes shares for which directions were received. All direction cards returned will be kept confidential by the Trustees or its tabulating agent and will not be disclosed to the Company or any of its employees. Because Employee Plan participants are not the record owners of the related shares, such shares may not be voted in person by Employee Plan participants at the Annual Meeting.

Cost of Solicitation

In addition to the solicitation of proxies by mail, the Company's directors, officers, employees and agents may, without additional compensation, solicit proxies by telephone, facsimile, electronic communication and personal interviews.

Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares of record held by them and will be reimbursed for their reasonable expenses.

Executive Sessions

The Company's independent directors (as defined by Nasdaq) met by themselves four times in 2003. The independent directors plan to meet by themselves four times in 2004.

Committees

The Board of Directors has established three standing committees: Audit, Compensation and Nominating and Corporate Governance Committees.

Audit Committee

The current members of the Audit Committee are: Joseph W. England, Chairman; Bruce S. Chelberg; Thomas M. Garvin; Patrick J. McDonnell; and J. Stephen Vanderwoude. The Board of Directors has determined that the members of the Audit Committee are independent directors as defined by the listing standards of Nasdaq. Exchange Commission (SEC) rules. Mr. McDonnell is independent, as such term is defined under the Sarbanes-Oxley Act of 2002.

The Audit Committee operates pursuant to a written Charter, which was revised in November, 2003 and is attached to this proxy statement as [Exhibit A](#). The revised Charter gives the Audit Committee the authority and responsibility for the appointment, retention, compensation and oversight of the Company's independent auditors, including the pre-approval of all audit and non-audit services to be performed by the independent auditors. The Charter was also amended to provide the Audit Committee broader authority to fulfill its obligations under SEC and Nasdaq requirements. Compensation Committee

All members of the Compensation Committee are independent directors as defined by the listing standards of Nasdaq. The Compensation Committee operates pursuant to a written charter that outlines these and other responsibilities and processes of the Compensation Committee. The Compensation Committee met four times in 2003.

Nominating and Corporate Governance Committee

General

The Board of Directors has a Nominating and Corporate Governance Committee (the Nominating Committee). The current members are Bruce S. Chelberg, Chairman; Vernon A. Brunner; O. Ralph Edwards; and Brother James Gaffney. All members of the Nominating Committee are independent directors as defined by the listing standards of Nasdaq. The Nominating Committee operates pursuant to a written charter and is available on the Company's website at www.firstmidwest.com and is attached as Exhibit B to this Proxy Statement. The Nominating Committee met five times in 2003.

Nomination Process

The Nominating Committee will review all proposed nominees, including those proposed by stockholders, for vacancies on the Board of Directors in accordance with the Nominating Committee charter. The Nominating Committee's process for identifying and evaluating nominees is as follows: In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee reviews those directors' overall service to the Company during their term, including the number of meetings attended, their level of participation and the quality of performance. In the case of new director candidates, the Nominating Committee first determines whether the nominee is independent as defined by the listing standards of Nasdaq. In reviewing candidates, the Nominating Committee takes those factors into consideration as it deems appropriate, which may include judgment, skill, diversity, experiences with businesses and organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members and the extent to which the candidate would be a desirable addition to the Board and any of its committees.

The Nominating Committee then uses its network of contacts to compile a list of potential candidates, but may also engage a professional search firm if it deems appropriate. The Company may pay a fee to a third party to identify or assist in identifying or evaluating potential nominees.

6

The Nominating Committee then meets to discuss and consider such candidate's qualifications and decides whether to recommend a candidate to the full Board.

Each current nominee for election is standing for re-election.

The Nominating Committee will consider candidates for director recommended by stockholders provided that the procedures set forth below are followed. The Nominating Committee does not currently intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not a candidate was recommended by a stockholder.

For a stockholder to submit a candidate for consideration by the Nominating Committee, a stockholder must notify the Corporate Secretary of the Company, Steven H. Shapiro, 300 Park Boulevard, Suite 400, Itasca, Illinois, 60143. In addition, the Company's Restated Certificate of Incorporation permit stockholders to nominate directors at a stockholder meeting. To make a director nomination at the 2005 Annual Meeting, a stockholder must notify the Corporate Secretary of the Company no later than January 21, 2005. In either case, the notice must meet all of the requirements contained in the Company's Restated Certificate of Incorporation.

The notice must set forth:

The name, age, business address and residence address of the proposed nominee;

The principal occupation or employment of the proposed nominee;

Any other information relating to the proposed nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Securities Exchange

Edgar Filing: FIRST MIDWEST BANCORP INC - Form DEF 14A

Act of 1934, as amended (the Exchange Act), and the rules and regulations promulgated thereunder;

Any other information the stockholder believes is relevant concerning the proposed nominee;

A written consent of the proposed nominee(s) to being named as a nominee and to serve as a director if elected;

The class or series and number of shares of voting stock of the Company that are owned of record or beneficially by the stockholder who is submitting the notice;

A description of all arrangements or understanding between the stockholder who is submitting the notice and any other person (naming such person) pursuant to which the nomination is being made by the stockholder who is submitting the notice; and

If the stockholder who is submitting the notice intends to nominate the proposed nominee at the annual meeting of stockholders, a representation that the stockholder intends to appear in person or by proxy at the annual meeting to nominate the proposed nominee named in the notice.

Communicating with the Board

Stockholders may communicate directly with the Board of Directors. All communications should be directed to the Corporate Secretary of the Company, Steven H. Shapiro, 300 Park Boulevard, Suite 400, Itasca, Illinois, 60143 and should prominently indicate on the outside of the envelope that such communication is intended for the Board of Directors or for independent directors. Each communication intended for the Board of Directors and received by the Company's Corporate Secretary that is related to the operation of the Company and is not otherwise commercial in nature will be forwarded to the specified party following its clearance through normal security procedures. The communication will not be opened, but rather will be forwarded unopened to the intended recipient.

Attendance by Members of the Board of Directors at the Annual Meeting of Stockholders

The Company encourages each member of the Board of Directors to attend each annual meeting of stockholders. All of the directors of the Company attended the 2003 Annual Meeting.

Non-employee committee members, including the chairperson, also receive a \$1,000 fee for each committee meeting attended. A description of this Agreement appears under the caption Retirement and Consulting Agreement on page 14 of this Proxy Statement.

Deferred Compensation Plan for Non-Employee Directors

The Deferred Compensation Plan for Non-Employee Directors allows non-employee directors to defer receipt of either 50% or 100% of any director fees and retainers due such directors. Deferred director fees and retainers are payable at the director's election, either as a lump sum or in installments over a period not to exceed fifteen years. Payments under this plan begin at the date specified by the director or upon cessation of service as a director.

Non-Employee Directors Stock Option Plan

The Non-Employee Directors Stock Option Plan (the Directors Plan) provides for the granting of nonqualified stock options for shares of Common Stock to non-employee Board members. A maximum of 281,250 shares of Common Stock are reserved for issuance thereunder. The

timing, amounts, recipients and other terms of the option grants are determined by the provisions of, or formulas in, the Directors' Plan. The exercise price of the options is equal to the fair market value of the Common Stock on the date of grant. All options have a term of ten years from the date of grant and become exercisable one year from the grant date subject to accelerated vesting in the event of end of Board service, death, disability or a change-in-control, as defined in the Directors' Plan. In 2003, each non-employee director was granted 2,342 options to purchase the Common Stock at a weighted average exercise price of \$26.255. Directors first elected during the service year are granted options on a pro rata basis to those granted to the directors at the start of the service year.

Notes:

- (1) Nonqualified Stock Option (NQSO) or Nonqualified Reload Stock Option (NQSO-R).
- (2) The options listed in the first line opposite each executive officer's name are 2003 original options granted under the Company's Omnibus Stock and Incentive Plan (the "Omnibus Plan"), which vest over a period of three years (subject to accelerated vesting in connection with death, disability or a change-in-control), include reload features (See Note 3) and are nontransferable except to family members, family trusts or partnerships; all other options in 2003 are reload stock options which vest on the earlier of six months after the reload grant date or 30 days before the expiration of the underlying option for which the reload was granted (See Note 3).
- (3) Optionees may tender previously acquired shares of the Company's Common Stock in payment of the exercise price of a stock option and may tender previously acquired shares or request the Company to withhold sufficient shares to pay the taxes arising from the exercise. The options described above as "reload stock options" are nonqualified stock options granted to replace the number of shares thus tendered. The reload stock option will have an exercise price equal to the fair market value of the Common Stock on the exercise date of the underlying exercised option, will vest on the earlier of six months after the reload grant date or 30 days before the expiration of the underlying option for which the reload was granted. All reload stock options become fully exercisable in connection with a change-in-control of the Company (as defined in the Omnibus Plan). The reload stock options are nontransferable except to family members, family trusts or partnerships.
- (4) The "Grant Date Present Value" above was determined using the Black-Scholes option-pricing model, a theoretical method for estimating the present value of stock options based on complex assumptions about the stock's price volatility and dividend rate as well as interest rates. Because of the unpredictability of the assumptions required, the Black-Scholes model, or any other valuation model, is incapable of accurately predicting the stock price of the Common Stock or of placing an accurate present value on options to purchase stock. In performing the calculations it was assumed that: (i) the volatility of the stock price was equal to 21.55%; (ii) an expected dividend yield of 2.723%; (iii) a risk-free interest rate ranging from 1.00% to 2.227% based on the ten-year U.S. Treasury Note effective on the date of grant, to correspond to the expected life of the options; (iv) an expected option life of three years for non-reload options and to the end of their terms for reload options at the time of exercise; and (v) no adjustments were made for risk of forfeiture. The ultimate value of the options will depend on the future stock price of the Common Stock, which cannot be forecast with reasonable accuracy. The actual value, if any, an executive may realize upon the exercise of an option will depend on the excess of the stock price of the Common Stock, on the date the option is exercised, over the exercise price of the option.

Notes:

- (1) The value realized was deferred by the election into the Company's Nonqualified Stock Option Gain Deferral Plan in the form of 2,037 shares of Common Stock for Thomas J. Schwartz.
- (2) Options are considered in-the-money if the fair market value of the underlying Common Stock exceeds the exercise price of the related stock option. For in-the-money options, the Value of Unexercised In-the-Money Options at December 31, 2003 represents the difference between the closing price of the Common Stock on December 31, 2003 (\$32.43) and the exercise price of the underlying options, multiplied by the number of applicable options. Since the inception of the Omnibus Plan, no stock options have been repriced.

Note: The table above does not take into consideration the IRS limitation for qualified plan compensation. Therefore, the amounts shown above represent the total benefit a participant would receive from the qualified and nonqualified pension plans.

The table above illustrates the amount of annual retirement income, computed on an actuarial basis using the straight-life annuity method provided by the Company's consolidated defined benefit pension plan at normal retirement age (65) in specified average earnings and service classifications. (Benefits are payable for life, or if spousal benefits are elected, a reduced amount is payable for the life of the employee and of the surviving spouse.)

Average Final Earnings are determined substantially on the basis of the annual compensation included in the Summary Compensation Table, subject to the provisions of the Internal Revenue Code limiting the amount of annual compensation which may be taken into account. (The limitation for 2003 was \$200,000. For the five years prior to 2003, the limitations were as follows: 2002 - \$200,000, 2001 and 2000 - \$170,000; and 1999 and 1998 - \$160,000.) The amounts shown in the pension table above are not offset by any available Social Security benefits. At December 31, 2003, the years of credited service for the Company's consolidated defined benefit pension plan for the executives included in the Summary Compensation Table were as follows: John M. O'Meara, Thomas J. Schwartz and Mark M. Dietrich - twenty-four; and Michael L. Scudder - seventeen; and Steven H. Shapiro - none.

Nonqualified Retirement Plan - Pension Component

Because benefits from the Company's consolidated defined benefit pension plan are subject to limitations under the Internal Revenue Code (the Code), during 1989 the Company's Board of Directors authorized the establishment of a nonqualified pension component (nonqualified

pension) to the Company's Nonqualified Retirement Plan. The nonqualified pension provides for additional pension payments from the general assets of the Company for amounts which would have been paid to participants under the actuarially-based pension formula of the Company's consolidated defined benefit pension plan absent the compensation limitations of the Code. In order to reduce the administrative burden associated with the maintenance of a nonqualified pension, the Board of Directors approved the crediting as deferred compensation of the present value of the nonqualified vested pension benefits accrued during the year for each executive affected by the compensation limits of the Code. Amounts credited in 2003 as deferred compensation for 2003 service to the executives listed in the Summary Compensation Table were as follows: John M. O Meara - \$231,106; Thomas J. Schwartz - \$69,741; Michael L. Scudder - \$21,246; Steven H. Shapiro - \$0; and Mark M. Dietrich - \$22,993.

Executive Employment Agreements

In order to advance the interests of the Company by enabling the Company to attract and retain the services of key executives upon which the successful operations of the Company are largely dependent, the Board of Directors has authorized the Compensation Committee to tender Employment/Change-in-Control Agreements to these key executives (the Agreements). The Compensation Committee has determined that the following current executives are eligible for the Agreements: Class I Agreement - John M. O Meara; Class II Agreements - Thomas J. Schwartz, Michael L. Scudder, Steven H. Shapiro and Mark M. Dietrich and seven other senior executives of the Company and the Bank; and Class III Agreements - ninety-one senior executives of the Company and the Bank.

The Agreements have an initial term of two years for Classes I and II and one year for Class III Agreements and automatically renew, unless ninety days notice of non-renewal is provided to the other party. If an executive's employment is terminated prior to the expiration of the Agreement or by the providing of notice of non-renewal, or if the executive is constructively discharged (for example, as a result of a material reduction in responsibilities or compensation, or other material breach of the Agreement by the Company), the executive is entitled to a severance benefit of: twelve months base pay for Class I executives and six months base pay for Class II and III executives; a pro rata short-term bonus award; and a limited amount of health care benefits and outplacement counseling benefits. If the executive remains unemployed at the end of such time periods, an additional amount of limited severance pay and benefits may be provided at the discretion of the Compensation Committee.

Upon a change-in-control, as defined in the Agreements, the term of each Agreement is extended three, two and one year(s) for Class I, II and III executives, respectively, from the date of the change-in-control. An executive who is terminated or constructively discharged after a change-in-control is entitled to a lump sum payment of the aggregate value (three, two and one time(s) such value for Classes I, II and III, respectively) of the sum of the following benefits: severance pay (base salary and short-term bonus awards); perquisites to which the executive was entitled on the date of the change-in-control; a limited amount of group health care benefits; and contributions for benefits expected to be made to the Company's tax-qualified and nonqualified retirement plans. Executives under Agreement are also entitled to a limited amount of outplacement counseling.

Supplemental compensation will also be provided to mitigate the effects of any excise taxes applicable to payments under the Agreements after a change-in-control. Each executive under Agreement is subject to a confidentiality provision. If the executive voluntarily terminates employment prior to a change-in-control, the executive will be subject to noncompetition and nonsolicitation provisions.

Retirement and Consulting Agreement

The Company entered into a Retirement and Consulting Agreement with Robert P. O Meara, Chairman of the Board, in connection with Mr. O Meara's retirement from the position of Chief Executive Officer, effective December 31, 2002, and his subsequent retirement from employment effective April 30, 2003. The agreement provided for his nomination for election as a director at the 2003 Annual Meeting, for consideration for nomination for re-election in 2006 and for appointment to the Board of Directors of the Bank so long as he serves as a director of the Company. Effective after his retirement on April 30, 2003, Mr. O Meara is to be compensated for his service as a non-employee director of the Company and of the Bank. Pursuant to the Agreement, Mr. O Meara has agreed to provide consulting services to the Company through December 31, 2005, subject to earlier termination, and to non-competition and non-solicitation covenants through April 30, 2006. Mr. O Meara will be paid an annual consulting fee of \$150,000. In recognition of Mr. O Meara's long service to the Company, the agreement also provides for continuation of medical benefits for Mr. O Meara and his spouse after retirement, the extension of a continuing participation agreement under the Omnibus Plan, financial and tax planning assistance for 2003 and office and support services while serving as a director or consultant to the Company.

Compensation Committee Report on Executive Compensation

The Compensation Committee believes that the Company's compensation strategy reflects the following: compensation should focus executives on achieving performance objectives that enhance stockholder value; compensation should motivate executives, both individually and collectively, to take actions that support the attainment of the Company's mission and long and short-term objectives; and, compensation should enable the Company to attract and retain individuals who are in a position to contribute materially to the Company's growth, development and financial success.

Executive compensation consists of three primary, variable elements: a base salary; a potential cash bonus award under the Company's Short-Term Incentive Plan; and a potential stock option or other award under the Omnibus Plan. In determining the appropriate mix among these elements, the Compensation Committee considers the results of compensation comparisons performed by the Company itself, the Company's independent compensation consultant, and various industry associations. Additionally, the specific factors considered by the Compensation Committee in establishing executive compensation under each of these elements are discussed below.

Base Salary

Executive base salaries are reviewed annually by the Compensation Committee and presented to the full Board for approval; executives who are members of the Board of Directors do not participate in the approval process. Executive base salaries are typically targeted at the competitive median for services performed in similar capacities in similarly-sized financial institutions, adjusted primarily for individual performance and also for other factors such as experience, responsibility and internal equity. Based upon the foregoing, the annual base salaries of all of the officers listed on the Summary Compensation Table on page 10 were fixed for 2003 as disclosed in that Table.

First Midwest Bancorp, Inc. Short-Term Incentive Plan

The First Midwest Bancorp, Inc. Short-Term Incentive Plan (the Incentive Plan), established in 1989, is an integral element of the compensation mix because the Incentive Plan specifically aligns the short-term performance goals of the Company and the Bank with the goals of the individual employees responsible for achieving such goals. There were 436 employees designated as Incentive Plan participants during 2003. Such employees are placed into one of eight participant categories based upon salary grade. Target awards are expressed as a

14

percentage of base salary and ranged from 5% to 60% for 2003, depending upon participant category. (The 2003 target award was 60% for John M. O'Meara and 40% for Thomas J. Schwartz, Michael L. Scudder, Steven H. Shapiro and Mark M. Dietrich). Based upon the level of attainment of predetermined annual corporate performance goals as well as predetermined individual performance goals, an award ranging from 0% to 150% of the target can be earned. Based upon these criteria, the Summary Compensation Table lists the Incentive Plan cash bonus awards for 2003 for each executive listed.

First Midwest Bancorp, Inc. Omnibus Stock and Incentive Plan

The First Midwest Bancorp, Inc. Omnibus Stock and Incentive Plan (the Omnibus Plan) allows the granting of incentive and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares. To date, the Company has awarded only nonqualified stock options. The Omnibus Plan is administered by the Compensation Committee, and participants in the Omnibus Plan are selected from those employees who are in a position to contribute materially to the Company's long-term growth, development and financial success. There are 110 employees currently participating in the Omnibus Plan. The exercise price of each stock option reflects the fair market value of a share of the Company's Common Stock on the date of grant. Through the vesting schedule, the Compensation Committee seeks to motivate participants in the Omnibus Plan to enhance the long-term performance of First Midwest.

Options granted to employees under the Omnibus Plan are generally awarded in February of each year. The Compensation Committee uses the Black-Scholes pricing model to determine a market-based number of options to be granted annually. Based upon the foregoing criteria, the Summary Compensation Table lists the annual stock option awards, together with reload stock options granted upon qualifying stock option exercises under the Omnibus Plan identified as NQSO under the Stock Option Grants in the 2003 table.

Chief Executive Officer Compensation

Based upon the criteria outlined above, John O'Meara's base salary was fixed for 2003 as disclosed in the Summary Compensation Table; his Incentive Plan cash bonus award for 2003 reflected the Company's attainment of the predetermined annual performance goals previously described; and his 2003 stock option award under the Omnibus Plan reflected utilization of the Black-Scholes pricing model with no reduction based upon his performance.

Deductibility of Executive Compensation

Internal Revenue Code Section 162(m) generally limits the corporate tax deduction for compensation paid to certain executive officers to \$1 million, unless certain conditions are met. The Compensation Committee's objective is to structure First Midwest's executive compensation programs to maximize the deductibility of executive compensation under the Code. In the event that the limitation on deductibility is exceeded, that amount of compensation in excess of the limitation will be automatically deferred pursuant to the terms of the First Midwest Nonqualified Retirement Plan.

Audit Committee Report

The Audit Committee is comprised of five directors, each of whom has been determined, by the Board of Directors, to be independent, as that term is defined under the listing standards of Nasdaq. The Audit Committee operates under a written Charter adopted by the Board of Directors, which is attached to this Proxy Statement as Exhibit A.

In accordance with its Charter, the Audit Committee is responsible for assisting the Board of Directors in its oversight of the integrity of the Company's financial statements; the Company's compliance with legal and regulatory requirements relating to financial reporting; the independence and qualifications of the independent auditors; and the performance of the independent auditors and Company's internal audit function.

Edgar Filing: FIRST MIDWEST BANCORP INC - Form DEF 14A

In carrying out its oversight responsibilities, the Audit Committee relies on the expertise and knowledge of management, the independent auditors and the internal auditors. Company management is responsible for determining that the Company's financial statements are complete, accurate and in accordance with generally accepted accounting principles in the United States. Management, in conjunction with the internal auditors, is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit of the Company's financial statements. It is not the duty of the Audit Committee to plan or conduct audits, to determine that the financial statements are complete and accurate and are in accordance with generally accepted accounting principles or to conduct investigations or other types of auditing or accounting reviews or procedures.

The Audit Committee meets regularly in private sessions with the independent auditors, internal auditors and Chief Financial Officer of the Company, each of whom has unrestricted access to the Audit Committee.

The Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect. Finally, the Audit Committee has established policies and procedures regarding the pre-approval of all services provided by the independent auditors, has reviewed the audit and non-audit services performed by the independent auditors, considered whether such services are compatible with maintaining the auditors' independence and discussed with the auditors the auditors' independence.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in its Charter, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 filed with the SEC.

Section 16(a) Beneficial Ownership Reporting Compliance

The Company has undertaken responsibility for preparing and filing the stock ownership forms required under Section 16(a) of the Exchange Act of 1934 on behalf of its executive officers and directors. Based on a review of forms filed and information provided by officers and directors to the Company, the Company believes that all Section 16(a) reporting requirements were fully met.

17

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company, through the Bank, has directly or indirectly made loans and had transactions with certain of its executive officers and directors. However, all such loans and transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

INDEPENDENT AUDITORS

The Audit Committee has retained Ernst & Young LLP as the Company's independent auditors to audit the Company's financial statements for the fiscal year ending December 31, 2004. In making this appointment, the Audit Committee considered whether the audit and non-audit services that Ernst & Young provides to the Company are compatible with Ernst & Young maintaining its independence as auditors.

Edgar Filing: FIRST MIDWEST BANCORP INC - Form DEF 14A

The Audit Committee has adopted a policy and procedures regarding the pre-approval of all services provided by the independent auditors. Under the policy, all audit services and related fees require the specific approval of the Audit Committee. For audit related services, tax services and all other services, the Audit Committee has determined specific services and dollar thresholds under which such services would be considered pre-approved. To the extent management requests services other than these pre-approved services, or beyond the dollar thresholds, the Audit Committee must specifically approve the services. Further, under the policy, the independent auditors are prohibited from performing the non-audit services identified by the SEC as prohibited. The policy requires management to provide on a periodic basis a summary of all services performed by the independent auditors.

The following table summarizes fees billed to the Company by Ernst & Young during 2002 and 2003:
