Corporate Governance Principles and Board Matters

Juniper Networks, Inc., a Delaware corporation (Juniper Networks, the Company, we or our), is committed to having sound corporate governance principles. Having such principles is essential to running our business efficiently and to maintaining our integrity in the marketplace. Juniper Networks Corporate Governance Standards and Worldwide Code of Business Conduct and Ethics applicable to all Juniper Networks employees, officers and directors are available at <http://investor.juniper.net/investor-relations/corporate-governance/default.aspx>. Our Worldwide Code of Business Conduct and Ethics complies with the rules of the Securities and Exchange Commission, or the SEC, and the listing standards of the New York Stock Exchange, or the NYSE. This code of ethics is posted on our website at www.juniper.net, and may be found as follows: (1) from our main Web page, first click on About Juniper and then on Investor Relations, (2) next, select Corporate Governance and then click on Worldwide Code of Business Conduct and Ethics. Alternatively, you may obtain a free copy of this code of ethics by contacting the Investor Relations Department at our corporate offices by calling 1-408-745-2000 or by sending an e-mail message

to investor-relations@juniper.net. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of ethics by posting such information on our Website, at the address and location specified above.

Juniper Networks has also adopted procedures for raising concerns related to accounting and auditing matters in compliance with the listing standards of the NYSE. Concerns relating to accounting, legal, internal controls or auditing matters may be brought to the attention of either the Company's Concerns Committee (comprised of the Company's Chief Financial Officer, General Counsel, Chief Compliance Officer, Head of Human Resources, Chief Customer Officer, Chief Accounting Officer and the Head of Internal Audit), to the Audit Committee directly or to an anonymous reporting channel maintained by the Company. Concerns are handled in accordance with procedures established with respect to such matters under our Reporting Ethics Concerns Policy. For information on how to contact the Audit Committee directly, please see the section entitled Communications with the Board below.

Board Independence

Our Board of Directors (the Board) has determined that, except for Rami Rahim and Pradeep Sindhu, each of whom is an employee of the Company, and Kevin DeNuccio, none of the current directors have a material relationship with Juniper Networks (either directly or as a partner, stockholder or officer of an organization that has a relationship with Juniper Networks). The Board has also determined that the following (1) directors, (2) former directors who served during fiscal 2015 and (3) director nominees are independent within the meaning of the NYSE director independence standards: Messrs. Robert M. Calderoni, Gary Daichendt, James Dolce, Scott Kriens, J. Michael Lawrie, Rahul Merchant, David Schlotterbeck and William R. Stensrud and Ms. Mary B. Cranston and Ms. Mercedes Johnson.

The Board has determined that each of the members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee of the Board has no relationship with Juniper Networks (either directly or as a partner, stockholder or officer of an organization that has a relationship with Juniper Networks) and is independent within the meaning of the NYSE director independence standards, including

in the case of the members of the Audit Committee and the Compensation Committee, the heightened independence standard required for such committee members set forth in the applicable SEC and NYSE rules. The members of the Compensation Committee are also non-employee directors as defined in Rule 16b-3 of the Exchange Act and the members of the Performance Award Subcommittee of the Compensation Committee (which was established on January 6, 2016 and consists of at least two members of the Compensation Committee) are outside directors as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended.

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

In making the determination of the independence of our directors, the Company considered all transactions in which Juniper Networks was a participant and any director had any interest, including transactions involving Juniper Networks and payments made to or from companies and entities in the ordinary course of business where our directors serve as partners, directors or as a member of the executive management of the other party to the transaction, including, without limitation, certain transactions described in the Certain Relationships and Related Transactions section below.

Kevin DeNuccio, a director and director nominee, became President and Chief Executive Officer and a director of Violin Memory, Inc. (Violin) in February 2014. In 2013, Juniper Networks purchased approximately \$4.0 million in products and services from Violin. The agreements that pertain to these transactions were negotiated and maintained at arm's length, and we do not believe they are material to the results of operations or business of Juniper Networks.

Although these purchases occurred prior to Mr. DeNuccio joining Violin, the Board determined that the nature, size and circumstances of the relationship between Juniper Networks and Violin preclude a determination of independence of Mr. DeNuccio under applicable SEC and NYSE rules because the purchases exceeded 2% of Violin's consolidated gross revenues in its 2013 fiscal year.

Board Structure and Committee Composition

Annual Election and Majority Voting Standard

Each of our directors serve for a one-year term and are required to stand for reelection at every annual meeting of stockholders.

Our bylaws provide that each director nominee must receive the majority of the votes cast with respect to that director nominee (i.e., the number of shares voted FOR a director nominee must exceed the number of votes cast AGAINST that director nominee). However, in the event that a stockholder has properly nominated a person or persons for election to the board and such nomination is not timely withdrawn prior to the first mailing of our notice of a meeting where directors are to be elected, then each director nominee shall be elected by a plurality of the votes cast.

If a director nominee who is currently serving as a director is not elected at the annual meeting, under Delaware law the director will continue to serve on the Board as a holdover director. However, pursuant to our Corporate Governance Standards, as a condition to re-nomination, each incumbent director is required to submit a resignation from the Board in writing to the Chair of the Nominating and Corporate Governance Committee of the Board. If the director nominee fails to receive the requisite vote contemplated by our Bylaws, the Nominating and Corporate Governance Committee will make a recommendation to the Board as to whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. Thus, the resignation will become effective

only if the director nominee fails to receive a majority of votes cast for re-election and the Board accepts the resignation.

Board Committees

The Board has a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. The membership during the last fiscal year and the principal function of each of these committees are described below. Each of these committees operates under a written charter adopted by the Board. The charters of these committees are available on Juniper Networks' website at <http://investor.juniper.net/investor-relations/corporate-governance/default.aspx>. In addition, the Board has a Stock Committee comprised of the Chief Executive Officer, Chief Financial Officer and a non-employee director, currently Mr. Stensrud. The Stock Committee has authority to grant equity and cash awards to employees who are not executive officers. The Board has also established M&A and Offering Committees for specific purposes, such as the review and approval of certain acquisitions and the issuance of securities, respectively. The M&A Committee consists of Messrs. Rahim, Calderoni and Stensrud, and the Offering Committee consists of Messrs. Rahim, Calderoni and DeNuccio. In January 2015, the Board established a Nominations Committee, consisting of Messrs. Calderoni, Daichendt, and Kriens and Ms. Johnson, to consider the suitability of our director nominees in connection with our 2015 annual meeting. Consideration of our director nominees in connection with our 2016 annual meeting has been assumed by our Nominating and Corporate Governance Committee. During 2015, each director attended at least 75% of all Board and applicable committee meetings.

Audit Committee

The Audit Committee works closely with management as well as our independent registered public accounting firm to fulfill its obligations. In addition, in order to further strengthen the Audit Committee's oversight responsibilities, each of the Vice President of Internal Audit and the Chief Compliance Officer report directly into the Audit Committee. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from Juniper Networks for, outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties.

The report of the Audit Committee is included herein on page 51. The charter of the Audit Committee is available on our website at <http://investor.juniper.net/investor-relations/corporate-governance/default.aspx>.

Compensation Committee

The Compensation Committee discharges the Board's responsibilities relating to compensation of our executive officers, including evaluation of the Chief Executive Officer; reviews the Compensation Discussion and Analysis and prepares an annual report on executive compensation, for inclusion in Juniper Networks' proxy statement; and has overall responsibility for approving and

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

evaluating executive officer compensation plans, policies and programs. The Compensation Committee also has responsibility for reviewing the overall equity award practices of the Company. The Compensation Committee has the authority to obtain advice and assistance from, and receive appropriate funding from Juniper Networks for, outside legal, compensation consultants or other advisors as the Compensation Committee deems necessary to carry out its duties.

The report of the Compensation Committee is included herein beginning on page 36. The charter of the Compensation Committee is available on our website at <http://investor.juniper.net/investor-relations/corporate-governance/default.aspx>.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee seeks and recommends the nomination of individuals qualified to become Board members, consistent with

criteria approved by the Board, and oversees the governance of the Board, including establishing and ensuring compliance with our corporate governance standards; and identifies best practices and recommends corporate governance principles, including giving proper attention and making effective responses to stockholder concerns regarding corporate governance.

The charter of the Nominating and Corporate Governance Committee is available on our website at <http://investor.juniper.net/investor-relations/corporate-governance/default.aspx>.

Board Leadership Structure and Role of the Lead Independent Director

The Board's leadership structure is comprised of a Chairman of the Board, a Chief Executive Officer and a Lead Independent Director who is appointed, and at least annually reaffirmed, by at least a majority of Juniper's independent directors. In the current structure, the roles of Chief Executive Officer and Chairman of the Board are separated. Our Chief Executive Officer is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company. Mr. Kriens, the Chairman of the Board, has served as Chairman of the Board since 1996 and served as Chief Executive Officer from 1996 to 2008. The Chairman of the Board sets the agenda for Board meetings, presides over meetings of the full Board and, in conjunction with the Nominating and Corporate Governance Committee, contributes to board governance and board process matters.

The Board believes that this structure benefits the Company by enabling the Chief Executive Officer to focus on strategic matters while the Chairman of the Board focuses on Board process and governance matters, and also allows the Company to benefit from Mr. Kriens' experience as a former Chief Executive Officer.

Until his resignation from the Board on February 11, 2015, Mr. Lawrie served as Lead Independent Director. Since March 27, 2015, Mr. Daichendt has served as the Lead Independent Director. In addition to the duties of all Board members, the position of the Lead Independent Director comes with significant responsibilities pursuant to the Corporate Governance Standards, which are approved by the Board, which are to:

- provide the Chairman of the Board with input as to an appropriate schedule of Board meetings;
- provide the Chairman of the Board with input as to the preparation of agendas for Board meetings;
- provide the Chairman of the Board with input as to the quality, quantity, and timeliness of the flow of information from the Company's management that is necessary for the independent directors to effectively and responsibly perform their duties;
- make recommendations to the Chairman of the Board regarding the retention of consultants who report directly to the Board (other than consultants who are selected by the various committees of the Board);
- preside over executive sessions of the Board (if and when the Chairman is not independent under applicable standards); and
- act as a liaison between the independent directors and the Chairman of the Board and Chief Executive Officer on sensitive issues.

The Board believes that this overall structure of a separate Chairman of the Board and Chief Executive Officer, combined with a Lead Independent Director, results in an effective balancing of responsibilities, experience and independent perspectives that meets the current corporate governance needs and oversight responsibilities of the Board.

The independent directors of the Company meet at least quarterly in executive sessions. Executive sessions of the independent directors are chaired by the Lead Independent Director (if and when the Chairman is not independent under applicable standards).

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

The executive sessions include discussions and recommendations regarding guidance to be provided to the Chief Executive Officer and such topics as the independent directors determine.

Corporate Governance Principles and Board Matters

Identification and Evaluation of Nominees for Director

The Nominating and Corporate Governance Committee's criteria and process for evaluating and identifying the candidates that it selects, or recommends to the full Board for selection, as director nominees, are as follows:

The committee regularly reviews the composition and size of the Board.

The committee reviews the qualifications of any candidates who have been properly recommended or nominated by a stockholder, as well as those candidates who have been identified by management, individual members of the Board or, if the committee determines, a search firm. Such review may, in the committee's discretion, include a review solely of information provided to the committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the committee deems proper. Please see the information under "Recommendation and Nomination of Director Candidates" on page 57 of this proxy statement for more information on stockholder recommendations of director candidates.

The committee conducts an annual evaluation of the performance of individual directors and the Board as a whole, including an evaluation of the qualifications of individual members of the Board eligible for re-election at the annual meeting of stockholders.

The committee, and, in 2015, the Nominations Committee, considers the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the committee considers many factors, including issues of character, judgment, independence, age, education, expertise, diversity of experience, length of service, other commitments and ability to serve on committees of the Board, as well as other individual qualities and attributes that contribute to board heterogeneity, including characteristics such as race, gender, and national origin. The committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. The committee considers each individual candidate in the context of the current perceived needs of the Board as a whole. While the committee has not established specific minimum qualifications for director candidates, the committee believes that candidates and director nominees must reflect a Board that is comprised of directors who (i) are predominantly independent, (ii) are of high integrity, (iii) have qualifications that will increase overall Board effectiveness, including diversity of experience, and (iv) meet other requirements as may be required by applicable rules and regulations, such as financial literacy or financial expertise with respect to Audit Committee members.

The committee also considers the interests and plans of individual directors and their interest in continuing as members of the Board.

In evaluating and identifying candidates, the committee has the authority to retain and terminate any third party search firm that is used to identify director candidates, and has the authority to approve the fees and retention terms of any search firm.

After such review and consideration, the committee selects, or recommends that the Board select, the slate of director nominees. If applicable, the Board will review the committee's recommendations and approve final nominations.

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

In addition to the foregoing process, the Company also discusses Board composition and corporate governance matters from time to time with several major stockholders and incorporates those perspectives into its overall identification and selection process.

Each of the directors nominated for election at the 2016 annual meeting was evaluated and recommended to the Board for nomination by the Nominating and Corporate Governance Committee, and nominated by the Board for election.

Management Succession Planning

Our Board believes that the directors and the Chief Executive Officer should collaborate on succession planning and that the entire Board should be involved in the critical aspects of the succession planning process for our Chief Executive Officer, including establishing selection criteria that reflect our business strategies, identifying and evaluating potential internal candidates, and making key management succession decisions. Management succession is regularly discussed by the

directors in Board meetings and in executive sessions of the Board. Our Board annually conducts a detailed review of the Company's leadership pipeline, talent strategies and succession plans for key executive positions. Directors become familiar with potential successors for key management positions through various means, including the comprehensive annual talent review, Board dinners and presentations and informal meetings.

Board's Role in Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing management of Company risk. This role is one of informed oversight rather than direct management of risk. The Board regularly reviews and consults with management on strategic direction, challenges and risks faced by the Company. The Board also reviews and discusses with management quarterly financial results and forecasts. The Audit Committee of the Board oversees management of financial risks and, pursuant to its charter, provides oversight of, and reviews at least annually, the Company's risk management policies, including its investment policies and anti-fraud program, as well as management's overall risk management process. The Compensation Committee of the Board is responsible for overseeing the management of risks relating to and arising from the Company's executive compensation plans and arrangements. These committees provide regular reports on the Company's risk management efforts, generally on a quarterly basis, to the full Board.

Management is responsible for the direct management and oversight of legal, financial, regulatory, and commercial risk matters, which includes identification and mitigation of associated areas of risk. Risks to the Company are identified through the compliance committee and the risk management committee, which are two separate management committees that are focused on compliance and risk management. Both management committees consider risk in the following six categories: operational, strategic, legal, regulatory, financial, and reputational risks. The compliance committee focuses

on legal and regulatory compliance risks, and the risk management committee focuses on operational and strategic risks. In addition, both management committees evaluate and seek to align risk management and our compliance programs with the Company's overall strategy.

Annually, management reviews with the Board a comprehensive assessment of risks for the Company based upon the COSO Enterprise Risk Management Integrated Framework methodology. In addition, throughout the year, the Chief Executive Officer and other members of senior management, including our Chief Financial Officer, Chief Compliance Officer and General Counsel, regularly review with the Board key strategic and operational issues, opportunities, and risks. The General Counsel provides regular reports of legal risks to the Audit Committee and the Board. The Chief Compliance Officer, Chief Financial Officer, the Controller and the Vice President of Internal Audit provide regular reports to the Audit Committee concerning compliance, financial, tax and audit related risks. In addition, both the Board and the Audit Committee receive periodic reports and presentations from management on the Company's risk mitigation programs and efforts, compliance programs and efforts, investment policy and practices and the results of various internal audit projects. Management and the Company's compensation consultant provide analysis of risks related to the Company's compensation programs and practices to the Compensation Committee.

Non-Employee Director Meeting Fee and Retainer Information

The Compensation Committee is responsible for reviewing and making recommendations to the Board regarding all matters pertaining to compensation paid to non-employee directors for Board, committee and committee chair services. Under the Compensation Committee's charter, the committee is authorized to engage consultants or advisors in connection with its review and analysis of director compensation. Directors who also serve as employees of the Company do not receive payment for services as directors.

In making non-employee director compensation recommendations, the Compensation Committee takes various factors into consideration, including, but not limited to, the responsibilities of directors generally, as well as committee chairs, and the forms of compensation paid to directors by comparable companies. The Board reviews the recommendations of the Compensation Committee and determines the form and amount of director compensation.

In August 2015, our Compensation Committee recommended, and in September 2015 our Board of Directors approved changes to the director meeting

fees and retainers paid to our non-employee directors based on recommendations made by the Compensation Committee's independent compensation advisor, Semler Brossy. Semler Brossy conducted an analysis of the Company's compensation practices for non-employee directors as compared to the Company's peers and concluded that (i) overall committee service pay and committee membership retainers were below median, (ii) the premiums for Audit and Compensation Committee Chair service were above median and (iii) the premium for Nominating and Corporate Governance Committee Chair service was below median. Following consultation with Semler Brossy, the Compensation Committee recommended, and the Board approved, increased overall committee service pay and committee membership retainers, decreased the premiums for Audit Committee and Compensation Committee Chair service and increased the premium for Nominating and Corporate Governance Committee Chair

service, as set forth below.

In addition, in November 2015, following discussion with Semler Brossy, our Compensation Committee recommended and our Board (with the members of the Audit Committee recused from the discussion and

approval) approved, a special annual fee of \$60,000 to be paid to members of our Audit Committee for the substantial additional services (including additional meetings and additional discussions during routine meetings) provided in connection with the Audit Committee's oversight of the investigations by the U.S. Department of Justice and U.S. Securities and Exchange Commission into possible violations by the Company of the U.S. Foreign Corrupt Practices Act, which we refer to as the FCPA Investigation. The Board approved this special fee because the FCPA Investigation has resulted in a significant increase in the responsibilities, meetings and overall time commitment

of our Audit Committee members. This annual fee will be paid for services previously rendered in each of our fiscal years 2014 (by Mr. Calderoni and Ms. Johnson) and 2015 (by Messrs. Calderoni and Merchant and Ms. Johnson) and going forward. The actual amount of the special annual fee paid to each director with respect to services rendered in fiscal years 2014 and 2015 will be reduced to the extent that a director received payments for attending committee meetings beyond 18 total committee meetings in a calendar year as a result of Audit Committee meetings that are substantially related to the FCPA Investigation.

The following table provides information on Juniper Networks' compensation and reimbursement practices during fiscal 2015 for non-employee directors:

Reimbursement for expenses attendant to Board membership	Yes	Yes
Payment for each additional committee meeting attended after total committee meeting attendance exceeds eighteen (18) in a calendar year ⁽³⁾⁽⁴⁾	\$ 1,250	\$ 1,250

⁽¹⁾ In addition, in November 2015 the Board approved payment of a special annual fee of \$60,000 to members of the Audit Committee for services rendered for fiscal year 2014 (for Mr. Calderoni and Ms. Johnson) and fiscal year 2015 (for Messrs. Calderoni and Merchant and Ms. Johnson). The actual amount of the special annual fee paid to each director with respect to services rendered in fiscal years 2014 and 2015 was reduced to the extent that a director received payments for attending committee meetings beyond 18 total committee meetings in a calendar year as a result of Audit Committee meetings that are substantially related to the FCPA Investigation.

⁽²⁾ In addition to the cash retainers for Board and committee service set forth in the table above, non-employee directors received non-discretionary annual grants of RSUs to further align their interests with stockholders. Pursuant to the Juniper Networks, Inc. 2015 Equity Incentive Plan, as amended, which we refer to as the 2015 Plan, at each of the Company's annual stockholder meetings, each non-employee director who is elected at (or whose term continues after) such meeting is automatically granted Restricted Stock Units, or RSUs, for a number of shares equal to the Annual Value (as defined below), rounded down to the nearest whole share. The Annual Value means the number of RSUs equal to \$225,000 divided by the average daily closing price of the Company's common stock over the six month period ending on the last day of the fiscal year preceding the date of grant (for example, the period from July 1, 2014 to December 31, 2014 for Annual Awards granted in May 2015). These RSU awards vest on the earlier of (i) the one year anniversary of the grant date of the award and (ii) the day prior to the Company's next annual stockholder meeting, subject to the non-employee director's continuous service on the Board. Prior to the approval by our stockholders of our 2015 Plan, we granted RSUs to our directors under our 2006 Equity Incentive Plan, which we refer to as the 2006 Plan. Under our 2006 Plan, each person who first became a non-employee director on or after May 21, 2014, was automatically granted RSUs for a number of shares equal to the Annual Value multiplied by a fraction, the numerator of which was 365 minus the number of days between the last annual stockholder meeting date and the date the person first became a non-employee director, and the denominator of which is 365, rounded down to the nearest whole share. Messrs. Merchant and Dolce were each granted RSUs under our 2006 Plan on March 1, 2015 in connection with their initial appointment to our Board, as described in further detail below under Director Compensation For Fiscal 2015.

⁽³⁾ Prior to September 2015, attendance of Stock Committee meetings were excluded for purposes of determining the number of meetings attended.

⁽⁴⁾

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

For Audit Committee members, meetings that are substantially related to the FCPA Investigation are not taken into account when calculating whether they have attended eighteen meetings in a calendar year.

Proposal No. 1 Election of Directors

There are ten nominees for election as directors at this year's annual meeting: Robert M. Calderoni, Gary Daichendt, Kevin DeNuccio, James Dolce, Mercedes Johnson, Scott Kriens, Rahul Merchant, Rami Rahim, Pradeep Sindhu and William Stensrud. Information regarding the business experience of each director nominee is provided below. A discussion of the primary experience, qualifications, attributes and skills of each director nominee that led our Board and Nominating and Corporate Governance Committee to the conclusion that he or she should serve or continue to serve as a director is included below each of the director and director nominee biographies. Each of the director nominees will be elected to serve a one-year term until the Company's annual meeting of stockholders in 2017 and until their respective successors are elected. There are no family relationships among our executive officers and directors.

If you sign your proxy or voting instruction card or vote by telephone or over the Internet but do not give instructions with respect to the voting of directors, your shares will be voted for the ten persons recommended by the Board. If you do not give voting instructions to your broker, your broker will not be able to vote your shares and your shares will not be voted on this matter.

Recommendation

Our Board recommends a vote FOR the election to the Board of Robert M. Calderoni, Gary Daichendt, Kevin DeNuccio, James Dolce, Mercedes Johnson, Scott Kriens, Rahul Merchant, Rami Rahim, Pradeep Sindhu and William Stensrud.

Vote Required

Provided a quorum is present, directors will be elected by a majority of the votes cast with respect to the director nominee at the annual meeting (i.e., the number of shares voted FOR a director nominee must exceed the number of votes cast AGAINST that director nominee). If a director nominee who is currently serving as a director is not elected at the annual meeting, under Delaware law the director will continue to serve on the Board as a holdover director. However, as a condition to re-nomination, each incumbent director is required to submit a resignation from the Board in writing to the Chair of the Nominating and Corporate Governance Committee of the Board. The resignation will become effective only if the director fails to receive a majority of votes cast for re-election and the Board accepts the resignation.

Proposal No. 2
Ratification of Independent Registered Public Accounting Firm

The Audit Committee of the Board has appointed Ernst & Young LLP, an independent registered public accounting firm, to audit Juniper Networks' consolidated financial statements for the fiscal year ending December 31, 2016. During fiscal 2015, Ernst & Young served as Juniper Networks' independent registered public accounting firm and also provided certain tax and other audit related services. See "Principal Accountant Fees and Services" on page 44. Representatives of Ernst & Young are expected to attend the annual meeting, where they are expected to be available to respond to appropriate questions and, if they desire, to make a statement.

Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of Ernst & Young LLP to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm and as a matter of good corporate practice. If the appointment is not ratified, the Audit Committee will consider whether it should select other independent auditors. Even if the appointment is ratified, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm as Juniper Networks' independent auditors at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests.

Proposal No. 3

Approval of the Amendment and Restatement of the Juniper Networks, Inc. Performance Bonus Plan

We are requesting that stockholders approve the amendment and restatement of the Juniper Networks, Inc. Performance Bonus Plan, effective January 1, 2017 (the Performance Bonus Plan). The performance-based compensation exception under Section 162(m) of the Internal Revenue Code of 1986, as amended, or Section 162(m), requires that the stockholders of the Company approve the material terms of the Performance Bonus Plan at least every five years. The Performance Bonus Plan was most recently approved by the Company's stockholders at the 2011 annual meeting of stockholders. Therefore, the Company is asking stockholders to again approve the Performance Bonus Plan in order to satisfy the stockholder approval requirement under Section 162(m).

As proposed for approval, the primary changes to the Performance Bonus Plan from the version approved by the stockholders in 2011 are:

- to modify the performance goals to remove cash flow margin and add revenue growth, contribution margin, and operating profit or net operating profit; and
- to provide for the ability to award bonuses under the Performance Bonus Plan to participants that do not qualify as performance-based compensation under Section 162(m).

The amendment and restatement of the Performance Bonus Plan was adopted by the Compensation Committee on November 11, 2015, subject to stockholder approval. The material terms of the Performance Bonus Plan, as they have been amended since the 2011 annual meeting of stockholders, are summarized below.

Recommendation

Our Board recommends a vote FOR the approval of the amendment and restatement of the Performance Bonus Plan.

If you sign your proxy or voting instruction card or vote by telephone or over the Internet but do not give instructions with respect to this proposal, your shares will be voted for approval of the foregoing proposal, as recommended by the Board. If you do not give voting instructions to your broker, your broker will not be able to vote your shares and your shares will not be voted on this matter.

Vote Required

Provided a quorum is present, approval of the amendment and restatement of our Performance Bonus Plan requires the affirmative vote of a majority of the shares of Juniper Networks common stock present in person or represented by proxy and entitled to be voted at the meeting.

Purpose of the Request for Approval

Section 162(m) limits the deductibility of bonuses paid to a company's principal executive officer and its next three most highly compensated officers (other than its principal financial officer), unless they qualify as performance-based compensation under Section 162(m).

Briefly, Section 162(m) requires the following to ensure that performance-based bonuses paid to participants under the Performance Bonus Plan are fully deductible:

bonuses to be paid pursuant to an objective formula;

certification by the Compensation Committee that the performance goals in the formula have been satisfied; and

that the stockholders of the Company have approved the material terms of the Performance Bonus Plan which include: (i) the eligible participants; (ii) the individual bonus limit; and (iii) the business criteria on which performance goals are based.

Description of the Performance Bonus Plan

The material features of the Performance Bonus Plan are summarized below. This summary does not purport to be a complete description of all the provisions of the Performance Bonus Plan, and this summary is qualified in its entirety by reference to the text of the Performance Bonus Plan, which is attached to this proxy statement as Annex A.

ELIGIBILITY. Our executive officers who are chosen solely at the discretion of the Compensation Committee are eligible to participate in the Performance Bonus Plan. Because our executive officers are eligible to receive awards under the Performance Bonus Plan, our executive officers have an interest in this proposal. No person is automatically entitled to participate in the Performance Bonus Plan in any year.

PURPOSE. The purpose of the Performance Bonus Plan is to motivate the participants to achieve our corporate and business unit performance objectives and to reward them when those objectives are satisfied.

ADMINISTRATION. The Performance Bonus Plan is administered by the Compensation Committee consisting of no fewer than two members of the Board that qualify as outside directors under Section 162(m).

DETERMINATION OF AWARDS. Under the Performance Bonus Plan, participants are eligible to receive cash payments based upon the attainment and certification of certain objective, pre-established performance criteria as determined by the Compensation Committee. The performance measures for any performance period will be any one or more of the following objective performance criteria, applied to either the Company as a whole or, except with respect to stockholder return metrics, to a region, business unit, affiliate or business segment, and measured either on an absolute basis or relative to a pre-established target, to a previous period's results, to a designated comparison group or to another performance measure, in each case as specified by the Compensation Committee. Financial metrics may be determined in accordance with United States Generally Accepted Accounting Principles, or GAAP, in accordance with accounting principles established by the International Accounting Standards Board, or IASB, or which may be adjusted when pre-established to exclude any items otherwise includable under GAAP or IASB:

(i) cash flow (including operating cash flow or free cash flow), (ii) cash position, (iii) revenue (on an absolute basis or adjusted for currency effects), (iv) revenue growth, (v) contribution margin, (vi) gross margin, (vii) operating margin, (viii) operating expenses or operating expenses as a percentage of revenue,

(ix) earnings (which may include, but is not limited to, earnings before interest, taxes, depreciation and/or amortization and net earnings), (x) earnings per share, (xi) operating income, (xii) net income, (xiii) stock price, (xiv) return on equity, (xv) total stockholder return, (xvi) growth in stockholder value relative to a specified publicly reported index (such as the S&P 500 Index), (xvii) return on capital, (xviii) return on assets or net assets, (xix) return on investment, (xx) economic value added, (xxi) operating profit or net operating profit, (xxii) market share, (xxiii) contract awards or backlog, (xxiv) overhead or other expense reduction, (xxv) credit rating, (xxvi) objective customer indicators, (xxvii) new product invention or innovation, (xxviii) attainment of research and development milestones, (xxix) improvements in productivity, (xxx) attainment of objective operating goals, and (xxxi) objective employee metrics.

Awards that are not intended to comply with the performance-based compensation exception under Section 162(m) may be adjusted by the Compensation Committee in its sole discretion.

The performance criteria may differ for each participant. Our Compensation Committee retains the discretion to reduce or eliminate any award that would otherwise be payable pursuant to the Performance Bonus Plan. The Compensation Committee may also grant awards not intended to comply with the performance-based compensation exception under Section 162(m), and for those awards, the Compensation Committee, in its sole discretion, may increase the amount of an award otherwise payable under the Performance Bonus Plan.

PAYMENT OF AWARDS. The payment of a bonus for a given performance period generally requires the participant to be employed by the Company as of the date the bonus is paid. All awards will be paid in cash as soon as is practicable following

determination of the award. The Compensation Committee may also defer the payment of awards in its discretion, as necessary or desirable to preserve the deductibility of such awards under Section 162(m).

MAXIMUM AWARD. The amounts that will be paid pursuant to the Performance Bonus Plan are not currently determinable. The maximum bonus payment that any participant may receive under the Performance Bonus Plan in any of our fiscal years is \$20,000,000.

AMENDMENT AND TERMINATION. The Compensation Committee may amend, modify, suspend or terminate the Performance Bonus Plan, in whole or in part, at any time, including the adoption of amendments deemed necessary or desirable to correct any defect or supply omitted data or reconcile any inconsistency in the Performance Bonus

Proposals to be Voted on 

Plan or in any award granted thereunder; provided, however, that no amendment, alteration, suspension or discontinuation shall be made which would impair any payments to participants made prior to such amendment, modification, suspension or termination, unless the Compensation Committee has made a determination that such amendment or modification is in the best interests of all persons to whom awards have theretofore been granted. In addition, in no event may such amendment or modification result in an increase in the amount of compensation payable pursuant to any award.

INDEMNIFICATION. Our Board of Directors and Compensation Committee are generally indemnified by the Company for any liability arising from claims relating to the Performance Bonus Plan.

Federal Income Tax Consequences

Subject to the approval by the stockholders of the proposal described herein, the Company may be entitled to a deduction equal to the amount of income recognized by a participant. However, if the proposal is not approved by stockholders and the Compensation Committee implements alternative methods of paying bonuses in lieu of the Performance Bonus Plan commencing in 2017,

the future deductibility by the Company of any such bonuses may be limited by Section 162(m). Because of the fact-based nature of the performance-based compensation exception under Section 162(m) and the limited availability of binding guidance thereunder, the Company cannot guarantee that the awards under the Performance Bonus Plan will qualify for exemption under Section 162(m); however, the Performance Bonus Plan is structured with the intention that the Compensation Committee (or the Subcommittee thereof) will have the discretion to make awards under the Performance Bonus Plan qualify as performance-based compensation and be fully deductible.

New Plan Benefits

Future benefits under the Performance Bonus Plan are not determinable because awards under the Performance Bonus Plan are determined based on actual future performance. Cash bonuses paid to our named executive officers for the Company's 2015 fiscal year are shown in this Proxy Statement in the Summary Compensation Table on page 37 and discussed in more detail in the section entitled Compensation Discussion and Analysis beginning on page 19.

Proposal No. 4 Non-Binding Advisory Vote on Executive Compensation

This proposal provides our stockholders with the opportunity to cast an advisory vote on the compensation of our named executive officers, or NEOs, pursuant to section 14A of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act. For more detail on our NEOs, please see the Compensation Discussion and Analysis beginning on page 19 and the Summary Compensation Table beginning on page 37. This proposal, commonly known as a "Say on Pay" proposal, gives you, as a stockholder, the opportunity to express your views on our executive compensation programs and policies and the compensation paid to our NEOs.

The Say on Pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or the Board of Directors. Although the vote is non-binding, the Compensation Committee and the Board will review the voting results, seek to determine the cause or causes of any significant negative voting, and take them into consideration when making future decisions regarding executive compensation programs. The Company's current policy is to hold a Say on Pay vote each year, and we expect to hold another advisory

vote with respect to executive compensation at the 2017 annual meeting. At our 2015 annual meeting of stockholders, approximately 96% of votes cast were in favor of our NEO compensation program.

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

We design our executive compensation programs to implement our core objectives of (i) providing competitive pay, (ii) paying for performance, and (iii) aligning management's interests with the interests of long-term stockholders. We believe that our CEO's compensation, and that of our other NEOs, in 2015 is well aligned with the Company's performance and the interests of our stockholders, and reflects our objective of to link pay with performance for our NEOs. In deciding how to vote on this proposal, we encourage you to read the Executive Compensation section of this proxy statement set forth immediately below this proposal, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussions, for a detailed description of our executive compensation philosophy and programs, the compensation decisions the Compensation Committee has made under those programs, the factors considered in making those decisions, and changes made to such programs as a result of our stockholder

engagement and the results of last year's advisory vote to approve executive compensation.

Recommendation

The Board believes the Company's executive compensation programs use appropriate structures and sound pay practices that are effective in achieving our core objectives. **Accordingly, the Board of Directors recommends that you vote FOR the following resolution:**

RESOLVED, that Juniper Networks, Inc. stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules, including the Compensation Discussion and Analysis and Executive Compensation sections of this proxy statement.

If you sign your proxy or voting instruction card or vote by telephone or over the Internet but do not give instructions with respect to this proposal, your shares will be voted

FOR the proposal, as recommended by the Board. If you do not give voting instructions to your broker, your broker will not be able to vote your shares and your shares will not be voted on this matter.

Vote Required

Provided a quorum is present, the advisory approval of our executive compensation requires the affirmative vote of a majority of the shares of Juniper Networks common stock present in person or represented by proxy and entitled to be voted at the meeting. As this is an advisory vote, the result will not be binding on the Company, the Board of Directors or the Compensation Committee. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation programs, values the opinions expressed by our stockholders and will take the outcome of the vote under advisement in evaluating our executive compensation principles, design and practices.

As further detailed below, the Committee has consistently adopted a philosophy that emphasizes pay for performance. Accordingly, our strong financial results and stock price performance for 2015 are directly reflected in the outcomes of our executive pay programs. In summary, achievement of performance results as described above resulted in the following executive compensation program outcomes:

The Executive Annual Incentive Plan (AIP) resulted in total payouts representing 107.5% of target for our CEO and other NEOs; Our three-year Performance Share Award Plan (PSA Plan) PSA Plan resulted in total banking for fiscal year 2015 representing 118.3% of target for our CEO and other NEOs (excluding Mr. Martin, who was hired in October 2015 and was not awarded PSAs associated with fiscal year 2015); Based on performance during the three-year period covering fiscal years 2013 through 2015, our 2013 PSAs were earned and settled at 109.6% of target; and Based on the Company's stock price performance in 2015, the first tranche of the price-vested RSUs granted in 2014 vested in 2015.

Stockholder Engagement and Changes for 2016

At our 2015 annual meeting of stockholders approximately 96% of votes cast were in favor of our named executive officer compensation program, representing an increase from the 86% rate at our 2014 annual meeting. Following our Say-on-Pay advisory vote, Juniper Networks continued its practice of meeting with significant stockholders to obtain their perspectives on our executive compensation programs. In this regard, representatives from Juniper Networks, including our Committee Chairperson and Vice President, Investor Relations, spoke

with eight of our largest stockholders owning in total approximately 23% of our outstanding common stock.

The Committee evaluated the results of the Say-on-Pay advisory vote, as well as took into consideration the perspectives of stockholder feedback. Following consultation with the Committee's independent compensation consultant, the Committee continued its practice of evolving the design for our executive officers' compensation programs to meet our changing business needs. Certain significant changes to our executive compensation programs and equity dilution target for 2016 are summarized below.

Executive Annual Incentive Plan. Because the Committee wanted an increased focus on revenue growth in a sustained and reasonable manner, it decided to change the primary financial metric from non-GAAP operating margin to revenue. In addition, the Committee included a non-GAAP operating margin decelerator, which would decrease payouts if non-GAAP operating margin falls below a specified threshold. The Committee believes these changes, in combination with maintaining the non-GAAP operating income gate and strategic construct, provide such a focus.

Performance Share Award Plan. The Committee added a non-GAAP operating margin decelerator to the revenue primary metric in order to align with the AIP financial construct and to provide increased focus on sustained revenue growth.

Equity dilution. For fiscal 2016, the Company intends to continue its focus on reducing its equity burn rate, and intends to target a burn rate reduction from 2.5% of common shares outstanding (CSO) to 2.4% of CSO. We believe that reducing our equity usage target will mitigate stockholder dilution via our equity programs while still allowing us to stay competitive to attract and retain talent. See chart below for fiscal 2012-2015 detail.

Total Shares Granted (Burn Rate): 2012-2015

Table of ContentsExecutive Compensation **Corporate Governance Framework**

The Committee takes seriously its duty to maintain a comprehensive governance framework that is aligned with market leading practice and standards. Therefore, the Committee has adopted a strong corporate governance framework for executive compensation that includes the components described below.

Corporate Governance Framework

Pay for performance	A significant percentage of total target direct compensation is pay-at-risk that is connected to performance.
Stock ownership guidelines	We have established stock ownership guidelines for members of our Board, NEOs, and certain former NEOs to align the interests of our leadership with those of our stockholders. In 2015, we enhanced holding requirements for our Chief Executive Officer. See page 49 for further information.
Clawback policy	In 2015, we adopted a clawback policy under which all our executive officers are required, in certain instances, to repay overpayments of incentive compensation awards in the event of a financial restatement in which it is determined that the individual executive was responsible. See page 35 for further information.
Double-trigger change-in-control arrangements	An executive's unvested equity awards will vest upon a change in control only if the executive also experiences a qualifying termination of employment. See page 33 for further detail regarding our change-in-control arrangements.
Avoid excessive risk taking	Our incentive plans use multiple performance measures, caps on incentive payments, and overlapping performance periods for PSA shares and price-vested RSUs. The Committee reviews an annual executive compensation program risk assessment by Semler Brossy, our independent compensation consultant.
	Based in part on this philosophy and these governance features, the Committee does not believe that the compensation programs create risks that are reasonably likely to have a material adverse effect on the Company.
No stock option repricing	The Company's 2015 Equity Incentive Plan does not permit us to reprice stock options without stockholder approval or to grant stock options with an exercise price below fair market value or to repurchase below water options.
No tax gross-ups	The Company has no executive officer contracts providing for an excise tax gross up following a change in control.
No hedging or pledging of Company stock and no use of margin accounts	The Company has adopted a policy that prohibits members of our Board and all employees, including Section 16 Officers, from pledging their Company stock or engaging in short sales of Company stock and other similar transactions that could be used to hedge the risk of Company stock ownership. See page 35 for further information.
No evergreen employment agreements	We do not provide evergreen positions in any employment agreements with executive officers.
No dividend equivalents on unvested equity awards	We do not pay dividends or dividend equivalents on shares or units that are not earned.
No excessive perks	We offer only certain limited benefits as required to remain competitive and to attract and retain highly talented executives.

Section 2 Compensation Programs Process**Roles**

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

The Company's executive compensation programs are overseen by the Committee and Subcommittee, with support provided by the independent compensation consultant, and the Chief Executive Officer and management. Each of their roles is described below.

Role of the Compensation Committee and Subcommittee

The Committee is comprised entirely of independent directors and has the responsibility of approving compensation for our officers who are designated as reporting officers under Section 16 of the Exchange Act. The Subcommittee is comprised entirely of outside directors and has the responsibility of approving Section 16 officer incentive compensation programs as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended. This includes evaluation of the Chief Executive Officer and overall responsibility for approving and evaluating executive officer

compensation plans, policies, and programs. In addition, the Committee has responsibility for reviewing the overall equity award practices of the Company. The Committee has the authority to obtain advice and assistance from, and receive appropriate funding from Juniper Networks for, outside legal counsel, compensation consultants, or other advisors as the Committee deems necessary to carry out its duties.

The Committee independently decides the salary, incentive target and equity awards for the Chief Executive Officer with input from its independent compensation consultant. Based on the information presented from the independent compensation consultant, the Committee discusses the Chief Executive Officer's contribution and performance, Company performance, the competitive market, and the other factors discussed below, and independently makes compensation decisions in an executive session, without members of management present.

Table of Contents

Role of the Independent Compensation Consultant

The Committee has the authority to engage its own advisors to assist in carrying out its responsibilities. In addition, the Committee is free to replace its compensation advisors or retain additional advisors at any time.

During 2015, the Committee engaged Semler Brossy Consulting Group, LLC (Semler Brossy) to advise the Committee on executive compensation. The Committee determined that Semler Brossy is an independent compensation advisor under the rules of the New York Stock Exchange and there are no conflicts of interest. For details on the engagement and services provided by Semler Brossy, please refer to the Compensation Consultant Fee Disclosure section of this proxy statement beginning on page 43. During the 2015 fiscal year,

Semler Brossy did not provide any services unrelated to executive compensation, and therefore received no fees for additional services.

Role of the Chief Executive Officer and Management

The Chief Executive Officer makes recommendations to the Committee regarding the salary, incentive target and equity awards for the NEOs (except for himself). These recommendations are based on analysis and guidance provided by the compensation consultant on behalf of the Committee and the Chief Executive Officer's assessment of individual specific factors, such as the individual's role and contribution to Company performance and the other factors discussed below. The Chief Executive Officer is also assisted by the Senior Vice President, Human Resources in making these recommendations.

Executive Compensation Philosophy

In 2015, the Committee established the guiding principles detailed below. The Committee believes that these guiding principles drive desirable behaviors, accountability, and alignment with stockholder interests.

Table 1: Executive Compensation Philosophy

Principle	Strategy
1. Enhance Accountability	Executive compensation linked to a clear set of business objectives
2. Manage to Balanced Results	Compensation strategy that drives balanced results between the following: <ul style="list-style-type: none"> Short- and long-term objectives Individual and team performance Financial and non-financial objectives Customer satisfaction and growth
3. Reward High Performance	Upside potential in the incentive plans for superior performance with downside risk for underperformance
4. Attract & Retain Talent	Market-competitive programs with flexibility to be aggressive for mission-critical talent retention and acquisition
5. Align with Stockholder Interests	Programs that are transparent, easily understood and aligned with long-term stockholder interests
6. Encourage Health and Financial Well-Being	Market-competitive benefit programs that encourage wellness and financial savings

Competitive Compensation Data

The Committee reviews competitive compensation data to establish market reference points, including data from the Peer Group and published surveys, as described below.

2015 Peer Group

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

The Committee, with input from Semler Brossy, has established a peer group of publicly-traded networking equipment and other high technology companies set forth in the table below (the Peer Group). In deciding whether a company should be included in the Peer Group, the Committee generally considers the following screening criteria:

- Revenue;
- Market value;
- Historical revenue growth;
- Business model;
- Scope of operations;
- Industry relevance; and
- Whether we compete with the company for talent.

This list is regularly reviewed and updated by the Committee with the assistance of Semler Brossy to take into account changes in both the Company's business and the businesses of the companies in the Peer Group. The data on the compensation practices of the Peer Group is gathered through publicly available information.

For competitive benchmarking purposes, the positions of our NEOs were compared to similar positions in the Peer Group, and the compensation levels for comparable positions in the Peer Group as presented by Semler Brossy were examined to become informed about competitive pay levels and practices. For compensation decisions made in early 2015, the Peer Group consisted of the companies set forth below.

Table of Contents

Citrix Systems, Inc.	SanDisk Corp.

EMC Corp.	VMware, Inc.
	Xilinx, Inc.

Changes to the Peer Group used to assess 2015 pay decisions include the removal of BMC Software because it was acquired in September 2013 and public compensation data is no longer available.

Peer Group Changes for 2016

In August 2015, the Committee reviewed the current Peer Group and, with input from Semler Brossy, decided to make several changes for future compensation decisions.

Removed EMC Corporation. The Committee determined that EMC Corporation, despite the high relevance of its business model, had grown to a size where revenue and market capitalization increased beyond the size screens used to determine comparable peers.

Added Ciena and ARRIS. The Committee determined that both companies were comparable peers in terms of size, scope of operations, and industry.

Published Surveys

The Committee additionally reviews broader technology company data to provide market context. For the 2015 annual compensation review, compensation data was drawn from the Radford 2014 Executive Compensation

Survey for a broader list of technology companies of comparable size, approximately \$4.8 billion in annual revenue.

After reviewing the Peer Group and survey compensation data presented by Semler Brossy, the Committee takes into consideration other factors, such as internal equity, individual performance, tenure, leadership skills, and ability to impact business performance. In addition, while recruiting and retaining key executive talent, the compensation decisions may be determined based on negotiations with such individuals and can reflect such factors as the amount of compensation that the individual would forego by joining or remaining with the Company or relocation costs. The Committee also takes into consideration tally sheets and the results from the Say-on-Pay advisory vote and feedback we receive when we conduct ongoing stockholder outreach in the evaluation of our executive compensation programs and policies.

The program uses a mix of fixed and variable compensation elements and is designed to drive corporate performance using measures that correlate to stockholder value and align with our financial and strategic Company goals. The Committee has also established a market

positioning framework to provide a starting point in compensation decision-making; final decisions regarding compensation opportunity for executive officers take into account individual performance, tenure, criticality of role, and ability to impact business results.

Pay for Performance

The Company’s pay mix emphasizes pay for performance. In 2015, variable compensation in the form of annual cash bonus incentive and equity (i.e., RSUs and performance shares) comprised 89% of our CEO’s target total direct compensation. In 2015, variable compensation comprised 88% of our other NEOs’ target total direct compensation on average.

Base Salary

In 2015, the Committee independently decided not to provide a base salary increase to Mr. Rahim as his salary for 2015 was determined as part of his promotion to Chief Executive Officer in November 2014. Mr. Rahim provided the Committee with his recommended base salary changes for the other NEOs, in light of analysis

and guidance from Semler Brossy, including competitive data from our Peer Group and his assessment of individual-specific factors. The Committee determined that in connection with Mr. Davidson’s promotion in January 2015 to provide a salary increase commensurate with his expanded responsibilities as EVP, Juniper Development & Innovation. As noted in the table below, no other NEOs received pay increases in 2015.

Executive Annual Incentive Plan

Consistent with our key program objective to have a significant portion of each NEO's compensation tied to performance, the Company has established a target annual performance-based incentive opportunity for each NEO, expressed as a percentage of base salary. In setting the amount of the target incentive, the Committee, with input from Semler Brossy, takes into account the competitive market data described above, desired positioning against market, the individual's role and contribution to performance, and internal equity.

The actual award earned may be higher or lower than this target incentive amount, based on Company and/or individual performance factors.

For 2015, target incentives (expressed as a percentage of base salary) for all NEOs remained consistent with 2014 levels. With respect to the 2015 AIP, a portion of each NEO's (other than Mr. Martin) target opportunity under the AIP was awarded in performance shares (Bonus PSUs) at the beginning of the AIP performance period, as discussed in more detail below. The target incentives as a percentage of base salary for 2015 are presented below.

Performance Goals under the Executive Annual Incentive Plan

NEOs could earn annual cash incentives for 2015 based on an achievement of pre-determined goals in the AIP. Incentives under the 2015 AIP were initially funded based on the achievement of a minimum level of GAAP Operating Income equal to \$300 million, which the Company achieved for fiscal year 2015. The 2015 AIP was then comprised of three components: Non-GAAP Operating Income Gate, Financial metrics, and Strategic metrics, in order to drive executive focus on achievement of pre-determined goals that contributed to overall Company performance. With respect to the Non-GAAP Operating Income Gate, a threshold amount of non-GAAP operating income must be achieved to earn any amounts under the AIP. If the gate is achieved, the AIP will then pay out based

on the Financial and Strategic components, weighted 70% and 30%, respectively. The Financial component was comprised of non-GAAP corporate operating margin and revenue growth targets, consistent with the 2014 AIP construct. The Committee utilized these financial metrics as it believes that both non-GAAP operating margin expansion and revenue growth are critical to stockholder value creation. The Strategic component was focused on a number of key objectives that the Committee believes contributed to operational and financial results, including customer satisfaction, market share gain, and employee engagement. The Committee evaluates the achievement of each strategic objective on a quantitative scale. The 2015 AIP design is illustrated below.

2015 AIP Design

* Non-GAAP Operating Income excludes certain items, primarily share-based compensation expense and related payroll taxes, amortization of purchased intangible assets, and certain non-recurring charges (benefits). Non-GAAP Operating Income is calculated quarterly and publicly disclosed as part of our quarterly earnings releases.

Assuming achievement of the Non-GAAP Operating Income Gate, the actual amounts paid to individual NEOs under the AIP depend on the level of achievement against the objectives. Because of an increase in the difficulty of the financial metrics, the Committee decided to increase the maximum bonus funding from 150% to 200%. Maximum bonus pool funding is 200%, and NEOs can earn anywhere between 0%-200% of their

respective target incentive based on actual performance, less the portion of the 2015 AIP delivered in Bonus PSUs. For 2015, the Committee established target performance goals for non-GAAP operating income, non-GAAP operating margin, and revenue growth per the table below. The Financial and Strategic goals were the same for all individuals in the AIP.

Table of ContentsExecutive Compensation 

For 2015, the Funding Gate was \$885M in non-GAAP operating income. Our 2015 non-GAAP corporate operating income of \$1,165.7M, as described in our Current Report on Form 8-K filed with the SEC in January 2016, exceeded the Operating Income Gate, allowing the AIP to pay out based on attainment of Financial and Strategic components. Actual 2015 non-GAAP operating margin was between Target and Max, while revenue growth produced a multiplier of 1.10x on the non-GAAP operating margin payout. As a result, payout for the Financial component (weighted at 70% of the overall plan) was 88.0% of target.

For the Strategic objectives-based payouts, the Committee evaluated performance for each objective and determined the score was 65% of target. This score reflects above-target performance for the employee engagement objective, and below-target performance for the customer satisfaction and market share objectives. As a result, payout for the Strategic component (weighted at 30% of the overall plan) was 19.5% of target. The combined payouts for Financial and Strategic components was 107.5% of target.

Bonus PSUs Granted Pursuant to the Executive Annual Incentive Plan

In order to enhance retention of our executives and further align the interest of our NEOs with the long-term success of the Company, the Committee awarded approximately 50% of each NEO's (other than Mr. Martin) target opportunity under the 2015 AIP in Bonus PSUs at the beginning of the AIP performance period. The Bonus PSUs vest over a two year period (subject to achievement of performance conditions), which is approximately one year longer than the period required to earn the cash portion of the AIP. In connection with the longer vesting

period for the Bonus PSUs, the Committee awarded Bonus PSUs in the amount equal to 1.5 times the approximately 50% target opportunity for each applicable NEO. The Bonus PSUs vest only if the 2015 AIP Operating Income Gate and the 2015 AIP Threshold non-GAAP operating margin, as set forth in the chart below, are achieved. If the performance criteria are achieved, the Bonus PSUs vest in two equal tranches in February 2016 and 2017. The Bonus PSUs are not eligible for any additional performance multipliers.

For 2015, the AIP Operating Income Gate was \$885M in non-GAAP operating income and the AIP Threshold non-GAAP operating margin was 20.0%. Our 2015 non-GAAP corporate operating income of \$1,165.7M and 2015 non-GAAP corporate operating margin of 24.0%, as described in our Current Report on Form 8-K filed

with the SEC in January 2016, exceeded the Bonus PSUs performance measures, allowing the Bonus PSUs to vest ratably in 2016 and 2017. The Bonus PSUs awarded to our NEOs (other than Mr. Martin) are described in the table below.

(5) Mr. Davidson was awarded a Bonus PSU grant in connection with the 2015 AIP on December 29, 2014, prior to his promotion to Executive Vice President and General Manager, Juniper Development & Innovation. Therefore the portion of 2015 AIP delivered in Bonus PSUs reflects 1.5 times approximately 50% of his AIP target opportunity prior to his promotion. As the Bonus PSU grant was awarded in 2014, it is not included in the Grants of Plan-Based Awards Table for 2015.

Executive Annual Incentive Plan Outcomes

Upon completion of the measurement period for 2015, the Subcommittee reviewed the performance of the Company to verify and approve the calculations of the amounts to be paid. Actual cash payouts to NEOs under the 2015 AIP were equal to 107.5% of the individuals' target annual

incentive for the year (less the portion of the 2015 AIP delivered in Bonus PSUs) and the performance conditions of the Bonus PSUs were achieved. The table below summarizes the payments for the Company's NEOs. Payments are expressed as a percentage of their 2015 target incentive and actual payout amount less the portion of the 2015 AIP delivered in Bonus PSUs.

Long-Term Equity Incentive Compensation

The Company and the Committee remain focused on aligning the Company's annual equity compensation program with stockholder interests. For fiscal year 2015, the Committee reviewed target equity pay mix and determined to maintain the combination of performance-contingent awards and service-vested awards granted in 2014. In determining the ranges for long-term equity

incentives, the Committee sought to allocate equity awards granted to the NEOs (other than Mr. Martin, who was hired in October 2015) as follows:

Approximately 33% awarded in the form of performance shares, or PSAs;

Approximately 33% awarded in the form of price-vested RSUs; and

Approximately 34% awarded in the form of RSUs.

Table of Contents

Executive Compensation 

The Committee believes this equity mix aligns the NEOs' compensation opportunities directly with stockholder interests, i.e., stock price appreciation, and also incentivizes our NEOs to continue to drive performance in key financial metrics that support our innovation agenda and that the Committee believes will in the long-term positively impact stockholder value (i.e., revenue and operating income).

The number of equity awards for the 2015 equity compensation program guidelines was calculated using a policy the Committee approved in 2015, pursuant to which the price of \$21.24, reflective of the 90-day average stock price close over the three-month period of October 1, 2014 through December 31, 2014, is used to convert target equity value to the number of equity awards. The Committee believes that using an average stock price mitigates the impact of spot stock price volatility on any given day in converting long-term equity incentive value to the number of shares subject to an award.

In determining the amount of long-term equity incentives to award to each individual, the Committee evaluated grant values in the Peer Group and in the survey data. The Committee's objective was to continue to target total direct compensation between the 60th and 65th percentiles of the Peer Group market data discussed above. However, within this general objective, the specific number of equity awards for each of the NEOs was

based on the executive's respective role, grade level and individual performance.

The Company's equity compensation programs are intended to align the interests of our NEOs with those of our stockholders by creating an incentive to drive financial performance over time and maximize stockholder value creation. The vehicles used for the equity compensation program, and the rationale for their use, are as follows:

Performance Share Awards

PSAs are designed to reward executive efforts for year-over-year sustained Company financial performance, which in the longer term the Committee believes will positively impact stockholder value. NEOs receive PSAs that vest based on performance over a three-year period. In general, we calculate the number of PSAs based on the achievement of annual performance targets established. Based on the actual achievement against the performance targets, shares are earned, which we refer to as being banked; however, these banked shares are not vested until the end of the entire three-year period. One-third of the total target PSAs are subject to annual performance targets established by the Committee, and the amount of PSAs banked for a particular year is based on the achievement of annual performance targets established for that year. The performance targets for 2015 are illustrated below.

2015 Performance Share Awards Design

*Non-GAAP Operating Income excludes certain items, primarily share-based compensation expense and related payroll taxes, amortization of purchased intangible assets, and certain non-recurring charges (benefits). Non-GAAP Operating Income is calculated quarterly and publicly disclosed as part of our quarterly earnings releases.

For 2015, the Committee changed the performance targets for PSAs compared to 2014 as follows:

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

Changed the financial metric from non-GAAP operating income to revenue. This change was intended to align NEOs' focus on corporate revenue growth for the Company.

Added a non-GAAP Operating Income Gate. For the non-GAAP Operating Income Gate component, a threshold amount of non-GAAP operating income must be achieved to bank any shares. If the gate is achieved, the shares bank based on the revenue component. This addition was intended to align the

PSA construct with the AIP construct and was meant to provide assurance that revenue growth would be delivered in a sustainable manner.

Removed the Juniper Customer Satisfaction Index (JCSI) modifier in connection with its inclusion in the AIP.

For 2015, the Committee set target performance goals at levels which it believed at the time to be difficult but achievable, and set maximum performance goals at a level which it believed to be very difficult to achieve. With

respect to each year's performance, the participants can earn between 0% and 200% of the target amount for that year depending on the level of achievement against the targets established for that year (the target amount for each year is one-third of the target amount for the entire three year period). Shares banked vest following

certification of performance for the final tranche in the performance period. No shares are vested or issued prior to the completion of the third performance year or as stated in individual executives' employment contracts, and any banked but unvested shares are forfeited if the employee leaves the Company before the stated vest date.

Table of ContentsExecutive Compensation *Price-Vested RSUs*

To further increase alignment between NEO compensation and Company stock price performance, the Committee sought to allocate to the NEOs approximately 33% of target equity value in the form of price-vested RSUs. The price-vested RSUs are designed to provide NEOs an opportunity to build significant ownership when the Company sustains long-term stock price appreciation.

The 2015 price-vested RSUs are subject to vesting on the condition of sustained increase in the Company's stock price over a period from 2016 through 2019 as follows:

- 33% of the price-vested RSUs will vest if the average closing market price (average stock price, ASP) over 60 trading days equals or exceeds \$26.00 between January 1, 2016 and December 31, 2017;
- 67% of the price-vested RSUs (minus any portion of which have previously vested) will vest if ASP equals or exceeds \$31.00 between January 1, 2017 and December 31, 2018; and
- 100% of the price-vested RSUs (minus any portion of which have previously vested) will vest if ASP equals or exceeds \$36.00 between January 1, 2018 and December 31, 2019.

The Committee believes these stock price targets represent significant stock price appreciation in comparison to the \$23.29 closing market price on February 11, 2015, the date the Committee approved the grants. The following chart depicts the vesting conditions for the price-vested RSUs.

equaled \$29.05, resulting in Tranche 1 (33%) of two grant batches vesting immediately. The table below provides a summary of outstanding price-vested RSU awards in 2015.

Restricted Stock Units

RSUs are used for retention purposes as they provide payout opportunity to the NEOs only if they remain employed through the applicable vest dates. The payout opportunity is directly linked with stockholder value and executive efforts over a multi-year timeframe, i.e., executive team retention to deliver results. In 2015, the Company used RSUs on a programmatic basis, representing 34% of shares awarded. Generally, the

RSUs vest with respect to 34% on the first anniversary of the grant date and with respect to an additional 33% on each of the second and third anniversaries of the grant date, assuming continued service to the Company.

In 2015, Mr. Martin was granted an equity award in connection with being hired as Senior Vice President, General Counsel. The Committee awarded the equity in 100% RSUs with normal time vesting over a period of three years.

Section 4 Other Compensation Policies and Information

Benefits and Perquisites

The NEOs are provided the same health and welfare benefits that are available to employees broadly. The Compensation Committee believes that the benefits programs are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain talent.

In addition to receiving Company wide-benefits, NEOs are eligible to participate in the Deferred Compensation Plan and Executive Wellness Program described below.

Deferred Compensation Plan

In June 2008, the Company adopted and implemented a deferred compensation plan for U.S. employees. All NEOs are eligible to participate in the deferred compensation plan. The Company implemented this plan in order to offer benefits that are competitive with companies with which we compete for talent. This plan allows participants to elect to defer a certain amount of compensation earned into one or more investment choices.

The participants are not taxed on the compensation deferred into these investments until distribution of invested funds to the participant at a future date, which may be upon termination of employment with the Company or a designated in-service date elected by the participant. The deferred compensation plan is intended to comply with Internal Revenue Code Section 409A. In 2015, other than Mr. Davidson, none of the NEOs participated in this plan.

Executive Wellness Program

Under the Executive Wellness Program, eligible executives receive additional benefits focused on health care screening and wellness. The total value of this benefit is limited to \$10,000 per year for each eligible executive.

The Compensation Committee believes that promoting the health and wellness of its executives results in a number of

benefits to the Company, including increased productivity, lower absentee rate and increased organizational stability, among others.

Other Benefits

From time to time, the Company may agree to reimburse employees for relocation costs if the employee's job responsibilities require him or her to move a significant distance.

Severance Benefits

In addition to compensation designed to reward employees for service and performance, the Compensation Committee has approved severance and change of control provisions for certain employees, including NEOs, as described further below.

Basic Severance

In order to recruit executives to the Company and encourage retention of employees, the Compensation Committee believes it is appropriate and necessary to provide assurance of certain severance payments if the Company terminates the individual's employment without cause, as described in their respective agreements. The Compensation Committee has approved severance benefits for several members of senior management, including the NEOs. Under severance agreements with Mr. Rahim, Ms. Denholm, Dr. Sindhu, Mr. Martin and Mr. Davidson, in the event the employee is terminated involuntarily by Juniper Networks without cause, and provided the employee executes a full release of claims, in a form satisfactory to Juniper Networks, promptly following termination, the employee will be entitled to receive the following severance benefits: (i) an amount equal to 12 months of base salary (for Messrs. Sindhu, Martin and Davidson), 15 months of base salary (for Ms. Denholm), or 16.5 months of base salary (for Mr. Rahim) and (ii) \$18,000 in lieu of continuation of benefits (whether or not the individual elects COBRA).

Executive Compensation

In addition, in connection with Ms. Denholm's promotion on July 19, 2013, the Compensation Committee amended Ms. Denholm's severance agreement to also provide that (i) severance benefits would become payable in the event that Ms. Denholm terminates her employment for good reason, provided that Ms. Denholm executes a full release of claims, and (ii) her severance benefits would also include the vesting in full, on the last day of Ms. Denholm's employment, of any portion of her RSU award that was granted to her on July 19, 2013 that has not vested prior to the date of termination. On February 20, 2015, following the expiration of Ms. Denholm's severance agreement pursuant to its terms, the Company entered into a modified form of its standard form severance agreement with Ms. Denholm, which modifications are consistent with Ms. Denholm's prior severance agreement as described above.

In addition, Mr. Martin's severance agreement also provides that (i) severance benefits would become payable in the event that Mr. Martin terminates his employment for good reason, provided that Mr. Martin executes a full release of claims, and (ii) his severance benefits would also include the vesting in full, on the last

day of Mr. Martin's employment, of any portion of his RSU award for 115,000 RSUs that was granted to him on November 20, 2015 that has not vested prior to the date of termination.

All current severance agreements will expire in January 2017, other than Mr. Martin's, which will expire in January 2018.

The Compensation Committee believes that the size of the severance packages described is consistent with severance offered by other companies of the Company's size or in the Company's industry.

The following table describes the potential payments that would have been provided for each of the NEOs upon termination of employment without cause (assuming the change of control benefits discussed below do not apply), or, with respect to Ms. Denholm and Mr. Martin, upon termination of employment without cause or upon termination of employment for good reason (assuming the change of control benefits discussed below do not apply), in each case, as described above if such termination had occurred on December 31, 2015.

⁽¹⁾ The value of accelerated RSUs are based on a per share price of \$27.60, which was the closing price as reported on December 31, 2015.

⁽²⁾ On February 19, 2016, Ms. Denholm resigned as the Company's Chief Financial and Operations Officer, and is currently expected to remain at the Company for several months to assist with the Chief Financial Officer transition. Based on the Company's succession planning, Ken Miller was appointed by the Board as the Company's Chief Financial Officer, effective February 22, 2016.

Change of Control Severance

The Compensation Committee considers maintaining a stable and effective management team to be essential to protecting and enhancing the best interests of the Company and its stockholders. To that end, the Compensation Committee recognizes that the possibility of a change of control may exist from time to time, and that this possibility, and the uncertainty and questions it may raise among management, may result in the departure or distraction of management to the detriment of the Company and its stockholders. Accordingly, the Compensation Committee decided to take appropriate steps to encourage the continued attention,

dedication and continuity of members of the Company's management to their assigned duties without

the distraction that may arise from the possibility of a change of control. As a result, following consultation with Semler Brossy, the Compensation Committee approved certain severance benefits for Mr. Rahim, Ms. Denholm, Dr. Sindhu, Mr. Martin, and Mr. Davidson, as well as for several members of senior management in the event of certain employment terminations following a change of control. In approving these benefits the Compensation Committee, with input from Semler Brossy, considered a number of factors, including the prevalence of similar benefits adopted by other publicly traded companies. All current change of control agreements will expire in January 2018. The Compensation Committee takes into account an executive's current role and the impact of a transaction on the role before renewing the agreements for another period of two years.

Provided the executive signs a release of claims and complies with certain post termination non-solicitation and non-competition obligations, all NEOs will receive change of control severance benefits if either (i) the executive is terminated without cause within 12 months following the change of control or (ii) between four and 12 months following a change of control the executive terminates his or her employment with the Company (or any parent or subsidiary of the Company) for good reason (both cause and good reason are defined in the agreement).

These change of control severance benefits consist of (i) a cash payment equal to the executive's annual base salary plus the executive's target bonus for the fiscal year in which the change of control or the executive's termination occurs, whichever is greater, (ii) acceleration of vesting of all of the executive's then unvested outstanding stock options, stock appreciation rights, performance shares, restricted stock units and other Company equity compensation awards that vest based on time, and (iii) a lump sum cash payment of \$36,000 in lieu of continuation of benefits (whether or not the individual elects COBRA). With respect to equity compensation awards that vest wholly or in part based on factors other than time,

such as performance (whether individual or based on external measures such as Company performance, market share, stock price, etc.), the change of control severance benefits include acceleration as follows: (i) any portion for which the measurement or performance period or performance measures have been completed and the resulting quantities have been determined or calculated, shall immediately vest and become exercisable (and any rights of repurchase by the Company or restriction on sale shall lapse), and (ii) the remaining portions shall immediately vest and become exercisable (and any rights of repurchase by the Company or restriction on sale shall lapse) in an amount equal to the number that would be calculated if the performance measures were achieved at the target level (provided that if there is no target level, then such amount shall equal 100% of the equity compensation awards that could vest with respect to that measurement period).

The following table describes the potential payments that would have been provided for each of the NEOs upon termination of employment in connection with a change of control of Juniper Networks as described above if such termination had occurred on December 31, 2015.

⁽¹⁾ All NEOs are subject to a modified cap whereby Juniper Networks would either pay the NEO (i) the full amount of the NEO's severance benefits or, alternatively (ii) an amount of certain severance benefits otherwise payable to the NEO such that the severance benefits will not be subject to the tax imposed by Internal Revenue Code Section 4999, whichever produces the better after-tax result for the NEO.

⁽²⁾ The value of accelerated unvested options, RSUs, price vested RSUs, Bonus PSUs and PSAs are based on a per share price of \$27.60, which was the closing price as reported on December 31, 2015. With respect to PSAs, the equity value is calculated based on the sum of earned, but unvested shares, plus target unearned and unvested shares multiplied by \$27.60, the closing price of Juniper Networks, Inc. common stock on December 31, 2015.

⁽³⁾ On February 19, 2016, Ms. Denholm resigned as the Company's Chief Financial and Operations Officer, and is currently expected to remain at the Company for several months to assist with the Chief Financial Officer transition. Equity Award Granting Policy

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

The Board has approved a policy for granting restricted stock units and other equity awards. Pursuant to the policy, new hire and ad hoc promotional and adjustment grants to non-Section 16 officers are to be granted monthly, which generally occurs on the third Friday of each month, except as discussed below. All approvals of restricted stock unit grants and other equity awards by the Board, the Stock Committee, or the Compensation Committee (or a subcommittee thereof) are made at a meeting, which may be either in-person or telephonic,

and not by unanimous written consent, except that this requirement shall not apply to Board actions as to which the granting of equity awards is incidental to the primary Board action. Annual performance grants to non-Section 16 officers are scheduled to occur on the same date as a monthly grant and are generally approved by the Stock Committee in the manner described above. Grants in connection with acquisitions shall, unless a date is specified in the acquisition agreement, occur to the extent practical on a date on which equity awards to Company employees are made by the Stock Committee. Annual equity awards to Section 16 officers are

Table of ContentsExecutive Compensation 

generally scheduled to be approved at a meeting of the Compensation Committee, or a subcommittee thereof, in the first quarter after the fourth fiscal quarter earnings announcement. The annual grants to Section 16 officers are also generally scheduled to be effective on the third Friday of the month if the meeting approving such grants occurs on or before such date. Notwithstanding the foregoing, if the Company is advised by outside counsel that the granting of equity awards on a particular date or to particular recipients, or prior to the disclosure of certain non-public information, could reasonably be deemed to be a violation of applicable laws or regulations, such grants may be delayed until such time as the granting of those awards would be not reasonably expected to constitute a violation. If making a particular monthly grant would cause the Company to exceed any granting limitation imposed by the Board or Compensation Committee (such as an annual limit), the monthly grant shall be delayed until the first subsequent month in which the limitation would not be exceeded. If the making of a grant would cause the Company to violate the terms of any agreement approved by the Board or a Committee of the Board, such grant shall be delayed until it would not violate such agreement. The exercise price of stock options granted will be the closing market price on the date of grant. The Company intends to grant restricted stock units and other equity awards in accordance with the foregoing policy without regard to the timing of the release of material non-public information, such as a positive or negative earnings announcement.

Equity Ownership Guidelines

The Company has adopted stock ownership guidelines to further align the interests of the Company's NEOs, certain former NEOs and non-employee directors with the interests of its stockholders and promote the Company's commitment to sound corporate governance. Please see "Executive Officer and Director Stock Ownership Guidelines" on page 49 of this proxy statement for more information.

Insider Trading Policy

The Company's Insider Trading Policy prohibits all employees and directors from short-selling transactions, hedging transactions, borrowing against the Company's securities in margin accounts and pledging the Company's securities as collateral for loans.

No 280G Excise Tax Gross Ups

The Company has no executive officer contracts providing for excise tax gross ups.

Repayment of Certain Bonus and Incentive Payments

In November 2015, the Board adopted a recoupment policy requiring the Company to seek repayment of certain incentive-based compensation, including both cash and equity compensation, from our executive officers, including our NEOs, in the event the Company is required to prepare an accounting restatement on an annual financial statement included in an Annual Report on Form 10-K due to the material noncompliance of the Company with any financial reporting requirements. In such event, if the Compensation Committee determines that (i) the amount of any incentive-based compensation that is earned, vested or received by an executive officer exceeds the amount of incentive-based compensation that would have been earned, vested or received by such executive officer had such incentive-based compensation been determined based on the restated financial results (we refer to the excess amount as the "erroneously awarded compensation"), and (ii) such executive officer engaged in fraud, intentional misconduct or intentional illegal conduct which, or such executive officer's gross negligence, materially contributed to the need for such an accounting restatement, then the Compensation Committee will seek to recover for the benefit of the Company the erroneously awarded compensation.

Notwithstanding the foregoing, the Compensation Committee will seek recovery only for erroneously awarded compensation earned, vested or received by an executive officer during the fiscal year in which the Company is required to prepare an accounting restatement and the three completed fiscal years (or any transition period that results from a change in the fiscal year of the Company within or immediately following such three completed fiscal years) preceding the date or dates that the Company is required to prepare an accounting restatement. The Compensation Committee may also, in its good faith judgment, determine not to seek recovery of any erroneously awarded compensation to the extent the Compensation Committee determines (i) that to do so would be unreasonable or (ii) that it would be better for the Company not to do so.

The Impact of Favorable Accounting and Tax Treatment on Compensation Program Design

Favorable accounting and tax treatment of the various elements of our compensation program is a relevant consideration in their design. However, the Company and the Compensation Committee (and the Subcommittee) have placed a higher priority on structuring flexible

compensation programs to promote the recruitment, retention and performance of Section 16 officers than on maximizing tax deductibility. Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Tax Code, places a limit of \$1,000,000 on the amount of compensation that Juniper Networks may deduct in any one year with respect to certain executive officers. The Compensation Committee and the Subcommittee have the ability through the use of the 2015 Plan and the Performance Bonus Plan (as it existed prior to its amendment and restatement in 2015, and as amended and restated if Proposal 3 is approved) to grant awards that qualify as performance-based compensation exempt from that \$1,000,000 limitation but, in order to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy requiring all compensation to be deductible, and has in the past and will in the future make grants of compensation that do not qualify to be exempt

from the \$1,000,000 limitation when it believes that it is appropriate to meet its compensation objectives. Because of the fact-based nature of the performance-based compensation exception under Section 162(m) of the Tax Code and the limited availability of binding guidance thereunder, the Company cannot guarantee that the awards under the AIP (including the Bonus PSUs), the PSAs or price vested RSUs will qualify for exemption under Section 162(m) of the Tax Code.

The Company believes all executive officer arrangements are structured in a manner that does not result in any additional taxation under Tax Code Section 409A.

Compensation Risk Assessment

The Compensation Committee, in consultation with Semler Brossy, has reviewed the Company's compensation policies and practices and determined that they do not create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

The following Compensation Committee Report shall not be deemed to be soliciting material and should not be deemed filed and shall not be deemed to be incorporated by reference in future filings with the SEC, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and included in this proxy statement with management and, based

on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

(1) Amounts shown do not reflect compensation actually received by the NEO. Instead, the amounts shown represent an aggregate grant date fair value of stock-related awards in each fiscal year computed in accordance with ASC Topic 718 including the target shares issuable for performance share awards in 2013, 2014 and 2015, service and price-vested RSUs, and non-qualified stock options. The assumptions used in the calculation of these amounts are set forth under Note 12, *Employee Benefit Plans* of the Notes to Consolidated Financial Statements included in Juniper Networks Annual Report on Form 10-K for 2015 filed with the SEC on February 19, 2016.

Because the value listed in the Stock Awards column is a component of the Total column, the amounts reported in the Total column in prior proxy statements has also been revised.

Compensation Consultant Fee Disclosure

The Compensation Committee has the authority to engage its own advisors to assist in carrying out its responsibilities. In addition, the Compensation Committee is free to replace its compensation advisors or retain additional advisors at any time.

During 2015, the Compensation Committee engaged Semler Brossy Consulting Group, LLC (Semler Brossy) as its own advisor to provide analysis, advice and guidance to the Compensation Committee on executive compensation. Semler Brossy is an independent compensation advisor and has no other business than advising boards and management teams on executive compensation issues. Semler Brossy reported to the Compensation Committee and received its instructions from the Compensation Committee. As the Compensation Committee's consultant, Semler Brossy made recommendations directly to the Compensation Committee, attended most Compensation Committee meetings in person or by phone, and attended portions of the Compensation Committee's executive sessions without the involvement of management as required by the Compensation Committee and in order to support the Compensation Committee's independent decision-making.

In advising the Compensation Committee, it was necessary for the consultant advisor to interact with management to gather information, but the Compensation Committee has adopted protocols governing if and when the consultant's advice and recommendations to the Compensation Committee can be shared with management. These protocols are included in Semler Brossy's engagement letter. The Compensation Committee also determines the appropriate forum for receiving consultant recommendations. Where the Compensation Committee deems appropriate, management invitees are present to provide context for the recommendations. This approach protects the Compensation Committee's ability to receive objective advice from the consultant so that the Compensation Committee may make independent decisions about executive pay at the Company.

Semler Brossy performed the following services related to executive compensation at the request of the Compensation Committee in 2015:

- Advised on 2015 target award levels within the annual and long-term incentive programs for executive officers;
- Advised the Compensation Committee in determining pay actions for the Chief Executive Officer in February 2015;
- Assessed and recommended revisions to the Company's market reference groups for collecting competitive pay data;
- Evaluated the competitive positioning of the Company's executive officers' base salaries, annual incentive and long-term incentive compensation relative to our market reference groups (used in our evaluation of 2016 and 2015 pay actions);
- Provided advice on the design of the Company's 2015 annual and long-term incentive plans;
- Supported the Compensation Committee in its review of the use and review of the Company's severance and change in control agreements;
- Assessed the competitiveness of the Company's compensation practices for non-employee directors;
- Provided advice on the Company's overall equity plan run rate relative to its market peers;
- Reviewed and provided input on our Compensation Discussion and Analysis and Compensation Risk Assessment process;
- Provided input into the evaluation process by the Board of our Chief Executive Officer; and
- Provided regular, ongoing updates on regulatory and market developments related to executive pay.

Semler Brossy does not provide any other services to the Company and, therefore received no fees for additional services.

Independence Disclosure

The Compensation Committee considered Semler Brossy's independence in light of the SEC rules and NYSE listing standards. At the Compensation Committee's request, Semler Brossy provided information addressing the independence of the individual compensation advisor and consulting firm, including the following factors: (1) any other services provided by the consulting firm to the Company; (2) fees paid by the Company as a percentage of the consulting firm's total revenue; (3) policies and procedures adopted by the consulting firm to prevent conflicts of interest; (4) any business or personal relationships between the individual compensation advisor and a member of the Compensation Committee; (5) any Company stock owned by the individual compensation advisor; and (6) any business or personal relationships between our executive officers and the individual

Stockholder Proposal

Proposal No. 5 Stockholder Proposal

We have been advised that a stockholder, William Steiner of 112 Abbottsford Gate, Piermont, NY 10968, owner of at least 100 shares of our common stock as of November 18, 2015, intends to present the following stockholder proposal at the Annual Meeting through his designee, John Chevedden of 2215 Nelson Avenue, No. 205, Redondo Beach, California 90278. The proposal will be voted on at the Annual Meeting if the proponent or a qualified representative is present at the meeting and submits the proposal for a vote. The proposal and the supporting statement appear below as received by us. We are not responsible for the accuracy or content of the proposal and supporting statement.

Resolution Proposed by Stockholder:

Proposal 5 Simple Majority Vote

RESOLVED, Shareholders request that our board take the steps necessary so that each voting requirement in our charter and bylaws that calls for a greater than simple majority vote be eliminated, and replaced by a requirement for a majority of the votes cast for and against applicable proposals, or a simple majority in compliance with applicable laws. If necessary this means the closest standard to a majority of the votes cast for and against such proposals consistent with applicable laws.

Shareowners are willing to pay a premium for shares of corporations that have excellent corporate governance. Supermajority voting requirements, the target of this proposal, have been found to be one of 6 entrenching mechanisms that are negatively related to company performance according to "What Matters in Corporate

Governance" by Lucien Bebchuk, Alma Cohen and Allen Ferrell of the Harvard Law School. Supermajority requirements are used to block initiatives supported by most shareowners but opposed by a status quo management.

This proposal topic won from 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs, FirstEnergy, McGraw-Hill and Macy's. Currently a 1%-minority can frustrate the will of our 66%-shareholder majority. In other words a 1%-minority could have the power to prevent shareholders from improving our corporate charter and bylaws.

Please vote to protect shareholder value:

Simple Majority Vote Proposal 5

Our Response

The Board believes that adopting the stockholder proposal would not be in the best interests of Juniper Networks or our stockholders for the following reasons:

- 1. Nearly all matters submitted for stockholder approval already require a majority vote.**

The matters that require supermajority approval by our stockholders (i.e. the approval of 66 2/3% of our shares having voting power with respect to such matters) are very limited in scope and are restricted to Articles Seventh and Ninth of our Restated Certificate of Incorporation, which we refer to as our charter.

Continues on next page

Table of Contents

Article Seventh of our charter requires a supermajority vote by our stockholders for the following matters:

- i. The adoption, amendment or repeal by our stockholders of Sections 2.2 or 2.3 of our bylaws.

Section 2.2 of our bylaws permits our Board to designate the date and time for our annual stockholder meeting and states that at that meeting, directors will be elected and any other proper business may be transacted.

Section 2.3 of our bylaws describes special stockholder meetings and permits our Board, the chairman of the Board, our president or chief executive officer to call a special stockholder meeting. A special stockholder meeting may not be called by any other person or persons.

- ii. The removal of any director from our Board without cause. Removal of any of our directors for cause currently requires approval of only a majority of our stockholders.

Article Ninth of our charter requires a supermajority vote by our stockholders to alter, amend or repeal Articles Seventh or Ninth. Many companies continue to employ supermajority voting requirements, often requiring supermajority votes for a much wider array of matters than we do, such as approval of mergers, consolidations or other fundamental corporate transactions; the sale, lease, exchange or other disposition of all or substantially all of the company's assets; the liquidation or dissolution of the company; or the removal of directors for cause. At Juniper Networks, none of these matters require a supermajority vote by our stockholders. Furthermore, these companies often require the approval of stockholders holding at least 66 2/3% of shares of common stock and frequently require 75% or even 80% thresholds for stockholder approval. Our Board has considered these factors in determining that our supermajority voting requirements are reasonably designed and narrowly tailored to protect the interests of our stockholders.

2. The limited matters that require approval by a supermajority of our stockholders are meant to preserve and maximize long-term value for our stockholders.

We believe the limited provisions in our charter that require supermajority approval by our stockholders help to preserve and maximize long-term value for all stockholders, particularly minority stockholders, against the potentially self-interested actions of one or more large stockholders, and ensure that certain fundamental

changes to the charter only occur with broad stockholder consensus. Without these provisions, it would be possible for a group of stockholders, not bound by a fiduciary duty to act in the best interests of Juniper Networks and our stockholders, to amend our charter and bylaws to call a stockholder meeting or to remove directors from our Board for reasons that may not be in the best interest of Juniper Networks and are opposed by nearly half of our stockholders.

3. We are committed to good corporate governance.

Our Nominating and Corporate Governance Committee regularly considers and evaluates corporate governance developments and recommends appropriate changes to the Board. As discussed in this Proxy Statement, our Board operates under corporate governance principles and practices that are designed to maximize long-term stockholder value, align the interests of the Board and management with those of our stockholders, and promote ethical conduct among our directors and employees.

For example: our directors are elected annually by a majority of votes cast in uncontested elections; our Nominating and Corporate Governance Committee evaluates each director each year and makes a recommendation to the Board on the nomination of such director; our Board has an independent Chairman who is not the Company's Chief Executive Officer; our Board has appointed an independent Lead Director who also chairs our Compensation Committee; and our Board regularly holds executive sessions and other meetings of the independent directors. Some of the updates we made to our corporate governance policies and procedures in 2015 include the adoption of a written related party transaction policy, a clawback policy on incentive compensation that covers all executive officers, amendments to our Worldwide Code of Business Conduct and Ethics and to our Insider Trading Policy to prohibit short selling, hedging transactions, and the use of margin accounts and pledging Juniper Networks securities as collateral for loans. The Board is intensely focused on the relationship between governance and performance and on creating the proper

governance structure in light of the particular circumstances of the Company.

Our Board believes that implementation of this proposal would adversely impact our carefully considered corporate governance practices and, therefore, is not needed or advisable, or in the best interests of Juniper Networks or our stockholders.

Recommendation

The Board has carefully considered the stockholder proposal submitted by Mr. Steiner and has determined that retention of our limited supermajority voting requirements is in the best interests of the Company and its stockholders. The Board believes that our supermajority voting requirements protect the interests of all stockholders and are consistent with the robust corporate governance policies and procedures of Juniper Networks. **Accordingly, the Board of Directors recommends that you vote Against the stockholder proposal.**

Effect of the Proposal

The elimination of supermajority voting would require more than the passage of this proposal; it would require Board approval of an amendment to our charter and

stockholder approval of such charter amendment by the affirmative vote of 66 2/3% of our shares having voting power with respect to such amendment.

Vote Required

Provided a quorum is present, the stockholder proposal requires the affirmative vote of a majority of the shares of Juniper Networks common stock present in person or represented by proxy and entitled to be voted on the proposal at the meeting. Your vote is advisory so it will not be binding upon the Board. However, our Board values the opinions that our stockholders express in their votes and will take into account the outcome of the vote when considering whether to amend our charter.

Executive Officer and Director Stock Ownership Guidelines

The Company has adopted stock ownership guidelines to further align the interests of the Company's NEOs, certain former NEOs and the non-employee directors with the interests of its stockholders and promote the Company's commitment to sound corporate governance.

The ownership guidelines applicable to NEOs are determined as a multiple of the officer's base salary. The Company's Chief Executive Officer is required to hold shares of Juniper Networks common stock with a value equal to at least three (3) times his or her annual base salary. The other NEOs are required to hold shares of Juniper Networks common stock with a value equal to one and one-half (1.5) times his or her annual base salary. This ownership guideline is initially calculated using the applicable base salary as of the later of (a) February 11, 2009, and (b) the date the person first became subject to these guidelines as a named executive officer. The base salary guideline for each person was re-calculated February 7, 2015 and will be re-calculated each third year thereafter, and will be based on applicable base salary in effect on such calculation date. NEOs are required to achieve the applicable level of ownership within five (5) years of the later of (a) the date the ownership guidelines were adopted or amended, and (b) the date the person was initially designated a named executive officer of the Company. Once a person has become an NEO, the person will be subject to these guidelines until he or she is no longer an officer or director of the Company, or, he or she has ceased to be identified as an NEO in the Company's annual proxy statement for three consecutive years.

The Company's Chief Executive Officer, with respect to all equity awards granted beginning in 2016, must hold the shares of Juniper Networks common stock issued to him or her upon vesting of one type of such equity award (e.g. price vested RSUs) for at least twelve (12) months after the vesting of such award (after taking into account any shares of Juniper Networks common stock sold or withheld to satisfy withholding taxes).

Outside directors are required to hold shares of Juniper Networks common stock with a value equal to five (5) times the amount of the annual retainer paid to outside directors for service on the Board (excluding additional committee retainers, if any). This ownership guideline is initially calculated using the annual cash retainer for service as a director (but not including additional retainers associated with committee or Chair service) as of the date the person first became subject to these guidelines as an outside director. The ownership guidelines were re-calculated based on applicable annual director retainers as of February 7, 2015 and will be recalculated each third year thereafter, and will be based on applicable annual Board retainer in effect on such calculation date. Outside directors are required to achieve the applicable level of ownership within five (5) years of the later of (a) the date the ownership guideline were adopted or amended, and (b) the date the person first became a non-employee member of the Board.

Shares of our common stock that count toward the satisfaction of the ownership guidelines include shares owned outright by the NEO or director or his or her immediate family members residing in the same household and shares held in trust for the benefit of the NEO or director or his or her family. The value of a share is measured on February 7th of each year as the greater of (i) the average closing price over the 12 months preceding the date of calculation and (ii) the purchase price actually paid by the person for such share of Company common stock. Persons subject to this ownership guideline (that is, those who have been in a covered role for five or more years) are in compliance with its requirements.

As of the record date, all individuals subject to the stock ownership guidelines were in compliance with the requirements in the guidelines. A complete copy of the Company's stock ownership guidelines is available at the Investor Relations Center on our website at <http://investor.juniper.net/investor-relations/default.aspx>.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of Juniper Networks common stock to file with the SEC reports regarding their ownership and changes in ownership of our securities, and to furnish copies of such reports to the Company. Based solely on our review of the reports provided to us and on the written representations

received from our directors and executive officers, we believe that, other than one late filing for Mr. Davidson reporting the issuance to him of a restricted stock unit award on January 16, 2015, during fiscal 2015, our directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements.

Certain Relationships and Related Transactions

Policies and Procedures for Related Person Transactions

In November 2015, our Board adopted a written policy, which we refer to as our Related Person Transaction Policy, for the review of any transaction, arrangement or relationship in which the Company or any of its subsidiaries was, is or will be a participant, the amount involved will or may be expected to exceed \$120,000 and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members or certain related entities), each of whom we refer to as a related person, has or will have a direct or indirect material interest. Prior to the adoption of our Related Person Transaction Policy, such related person transactions were governed by our Worldwide Code of Business Conduct and Ethics.

Anyone seeking approval of a potential related person transaction must provide notice to our General Counsel of the facts and circumstances involved. If our General Counsel determines that the proposed transaction is or could reasonably be a related person transaction, such transaction will be submitted to our Audit Committee. Our Audit Committee will review and approve, ratify or disapprove of all related person transactions and will consider all material factors it deems applicable or appropriate in making a determination. No related person transaction will be approved or ratified unless it is, overall, in or not inconsistent with the best interests of the Company.

Notwithstanding the foregoing, transactions specifically excluded by the instructions to the SEC's related person transaction disclosure rule, as such rule may be amended from time to time, are not deemed related person transactions under our Related Person Transaction Policy

(although they may require approval under other policies we have in effect, including our Worldwide Code of Business Conduct and Ethics).

From October 2015 until January 2016, Mr. Calderoni served as interim president and CEO of Citrix Systems, Inc., or Citrix. In fiscal 2015, the Company received approximately \$1.36 million in revenue from sales of its products and services to Citrix. In addition, the Company licenses Citrix products for internal use and paid approximately \$55,000 in license fees to Citrix in fiscal 2015. The amounts involved were less than 1% of the consolidated gross revenues of both the Company and Citrix for fiscal year 2015, and are consistent with the fact that the Company has maintained a relationship with Citrix for many years prior to Mr. Calderoni's service as interim president and CEO of Citrix. The Board considered these transactions in making the determination of the independence of Mr. Calderoni, and concluded that Mr. Calderoni is independent within the meaning of the NYSE director

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

independence standards, and, because Mr. Calderoni is a member of the Audit Committee, the heightened independence standard required for such committee members set forth in the applicable SEC and NYSE rules.

Mr. Davidson has a family member that is employed by the Company in a non-executive position. During fiscal year 2015, the family member's total compensation was less than \$165,000.

Other than as set forth above, since the beginning of fiscal year 2015, Juniper Networks has not been a participant in a transaction in which any related person of Juniper Networks had or will have a direct or indirect material interest, as contemplated by Item 404(a) of Regulation S-K under the Exchange Act.

Report of the Audit Committee of the
Board of Directors

The following Audit Committee Report shall not be deemed to be soliciting material and should not be deemed filed and shall not be deemed to be incorporated by reference in future filings with the SEC, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee is composed entirely of non-management directors. The members of the Audit Committee meet the independence and financial literacy requirements of the NYSE and additional, heightened independence criteria applicable to members of the Audit Committee under SEC and NYSE rules. The Audit Committee operates under a written charter, which contains a description of the scope of the Audit Committee's responsibilities and how they will be carried out, which may be found on the Company's website at <http://investor.juniper.net/investor-relations/corporate-governance/default.aspx>.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including establishing and maintaining adequate internal control over the Company's financial reporting. The independent registered public accounting firm of Ernst & Young LLP, or E&Y, reports to the Audit Committee and E&Y is responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with generally accepted auditing standards in the United States. The Audit Committee discussed with E&Y the overall scope and plans for the audit. The Audit Committee meets regularly with E&Y, with and without management present, to discuss the results of E&Y's examinations, evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held 24 meetings during fiscal year 2015.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2015 with the Company's management.
2. The Audit Committee has discussed with the Company's independent registered public accounting firm the matters required to be discussed by under the rules adopted by the Public Company Accounting Oversight Board.
3. The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the Company's independent registered public accounting firm its independence.
4. Based on the review and discussion referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board, and the Board has approved, that the Company's audited financial statements for the fiscal year ended December 31, 2015 be included in Juniper Networks' Annual Report on Form 10-K for the fiscal year ended December 31, 2015, for filing with the SEC.

A: Our Board recommends that you vote your shares:

FOR each of the director nominees to the Board;

FOR the ratification of the appointment of Ernst & Young LLP, an independent registered public accounting firm, as auditors for the fiscal year ending December 31, 2016;

FOR the approval to amend and restate the Performance Bonus Plan;

FOR the approval of our executive compensation; and

AGAINST the stockholder proposal.

Q: *What shares can I vote?*

A: Each share of Juniper Networks common stock issued and outstanding as of the close of business on March 28, 2016, the Record Date, is entitled to vote on all items being voted upon at the annual meeting. You may vote all shares owned by you as of the Record Date, including (i) shares held directly in your name as the *stockholder of record* and (ii) shares held for you as the *beneficial owner* (i.e., in street name) through a broker, trustee or other nominee such as a bank. More information on how to vote these shares is contained in this proxy statement. On the Record Date, we had approximately 386,317,685 shares of common stock issued and outstanding.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A:

Edgar Filing: JUNIPER NETWORKS INC - Form DEF 14A

Most Juniper Networks stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially, which may affect how you can vote your shares.

Table of Contents

Stockholder of Record If your shares are registered directly in your name with Juniper Networks' transfer agent, Wells Fargo Shareowner Services, you are considered, with respect to those shares, the stockholder of record, and the Notice or proxy statement was sent directly to you by Juniper Networks. As the stockholder of record, you have the right to grant your voting proxy directly to Juniper Networks as described in the Notice and this proxy statement or to vote in person at the annual meeting.

Beneficial Owner If your shares are held in a brokerage account, by a trustee or by another nominee, you are considered the beneficial owner of shares held in street name, and the Notice or proxy statement was forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the annual meeting. Please see ***How can I attend the annual meeting?*** for details on the information you must bring with you in order to attend the annual meeting as a beneficial owner.

Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided a voting instruction card for you to use in directing the broker, trustee or nominee how to vote your shares.

Q: *How can I attend the annual meeting?*

A: You are entitled to attend the annual meeting only if you were a Juniper Networks stockholder as of the close of business on March 28, 2016, the Record Date. You should be prepared to present valid government-issued photo identification for admittance. In addition, if you are a *stockholder of record*, your name will be verified against the list of stockholders of record on the record date prior to your being admitted to the annual meeting. If you are a *beneficial owner* and not a *stockholder of record* because you hold shares through a broker, trustee or nominee (i.e., in street name), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to March 28, 2016, the Record Date, a copy of any voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you will not be admitted to the annual meeting.

The annual meeting will be held on May 25, 2016 at our corporate headquarters located at 1133 Innovation Way, Building A, Aristotle Conference Room, Sunnyvale, CA 94089. The annual meeting will begin promptly at 9:00 a.m., Pacific Time. Check-in will begin at 8:30 a.m., and you should allow ample time for the check-in procedures.

Q: *If I am unable to attend the annual meeting in person, can I view the meeting via webcast?*

A: The annual meeting will be available live via webcast beginning at 9:00 a.m. Pacific Time on May 25, 2016. Please visit the following link to view the webcast: <http://investor.juniper.net>.

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held in your name as the *stockholder of record* may be voted in person at the annual meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the annual meeting, you should also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.*

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold shares directly as the *stockholder of record* or beneficially in street name, you may direct how your shares are voted without attending the meeting. If you are a *stockholder of record*, you may vote by submitting a proxy by any of the methods specified below. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions in the proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

Questions and Answers about the Proxy Materials and the Annual Meeting

By Internet Stockholders of record of Juniper Networks with Internet access may submit proxies by following the Vote by Internet instructions on their proxy cards or the Notice and by following the voting instructions on the website. If you hold your shares in street name, please check the voting instruction card provided by your broker, trustee or nominee for Internet voting availability and instructions.

By Telephone Stockholders of record of Juniper Networks who live in the United States or Canada may submit proxies by following the Vote by Phone instructions on their proxy cards or the Notice or by following the voting instructions provided by email or over the Internet. If you hold your shares in street name, please check the voting instruction card provided by your broker, trustee or nominee for telephone voting availability and instructions.

By Mail Stockholders of record of Juniper Networks who receive proxy materials by mail may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Juniper Networks stockholders who hold shares beneficially in street name and who receive voting materials by mail from their brokers, trustees or nominees may vote by mail by completing, signing and dating the voting instruction cards provided and mailing them in the accompanying pre-addressed envelopes.

Q: *Can I change my vote or otherwise revoke my proxy?*

A: You may change your vote at any time prior to the vote at the annual meeting. If you are the stockholder of record, you may change your vote by granting a new proxy by telephone, over the Internet or by submitting a properly signed proxy card bearing a later date (which automatically revokes the earlier proxy). You may also revoke your proxy by providing a written notice of revocation to the Juniper Networks Corporate Secretary at Juniper Networks, Inc., ATTN: Corporate Secretary, 1133 Innovation Way, Sunnyvale, California 94089 prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the annual meeting without any other action will not cause your previously granted proxy to be revoked. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the annual meeting and voting in person.

Q: *How many shares must be present or represented to conduct business at the annual meeting?*

A: The quorum requirement for holding the annual meeting and transacting business is that holders of a majority of shares of Juniper Networks common stock entitled to vote must be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes will be counted for the purpose of determining the presence of a quorum.

Q: *Will my shares be voted if I do not vote as described in the Notice?*

A: If your shares are held in street name, your broker may, under certain circumstances, vote your shares. Certain brokerage firms, trustees and nominees have authority to vote client's unvoted shares on some routine matters. If you do not give voting instructions to your broker, trustee or nominee, your broker, trustee or nominee may either (1) vote your shares on routine matters or (2) leave your shares unvoted. The proposal related to the ratification of the appointment of Ernst & Young as our auditors for the fiscal year ending December 31, 2016 is considered a routine matter. None of the other proposals are considered routine matters and therefore, your broker will not be able to vote on these proposals without your instructions. If you are a stockholder of record and do not submit a proxy or vote at the annual meeting, your shares will not be voted.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card or vote by telephone or over the Internet without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of Juniper Networks director nominees to the Board, FOR ratification of the independent registered public accounting firm, FOR approval of the amendment and restatement of the Performance Bonus Plan, FOR approval of our executive compensation and AGAINST the stockholder proposal) and in the discretion of the proxy holders as to any other matters that may properly come before the annual meeting.

Q: *What is the vote required to approve each of the proposals?*

Each of the ten director nominees will be elected if he or she receives the affirmative vote of a majority of the votes cast with respect to the director nominee at the annual meeting (meaning the number of shares voted FOR a director

Continues on next page

Table of Contents

nominee must exceed the number of shares voted AGAINST that director nominee).

Approval of the ratification of the independent registered public accounting firm, the amendment and restatement of the Performance Bonus Plan, our executive compensation and the stockholder proposal each requires the affirmative FOR vote of a majority of the shares of Juniper Networks common stock present in person or represented by proxy and entitled to be voted at the meeting. The vote on approval of our executive compensation is non-binding on the Company and the Board. However, the Compensation Committee of the Board, which is responsible for designing and administering the Company's executive compensation programs, values the opinions expressed by our stockholders and will take the outcome of the vote under advisement in evaluating our executive compensation principles, design and practices. In addition, the vote on the stockholder proposal is non-binding on the Company and the Board, but our Board will take into account the outcome of the vote when considering whether to amend our charter.

Broker Non-Votes: For purposes of all proposals, broker non-votes will not affect the outcome of proposals, assuming that a quorum is obtained.

Abstentions: Abstentions will have the same effect as a vote AGAINST the approval of the ratification of the independent registered public accounting firm, the amendment and restatement of the Performance Bonus Plan, the non-binding advisory proposal on executive compensation and the stockholder proposal. Abstentions will not affect the vote on the election of directors.

Q: What are broker non-votes?

A: If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner, such as the proposals related to the election of directors, the approval of the amendment and restatement of the Performance Bonus Plan, the non-binding advisory vote to approve executive compensation and the stockholder proposal, and voting instructions are not given.

Q: What happens if additional matters are presented at the annual meeting?

A: Other than the five items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Robyn Denholm, Kenneth Miller and Brian Martin, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason any of our director nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Juniper Networks is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these materials and soliciting votes. If you access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Innisfree M&A Incorporated to assist us in the distribution of proxy materials and the solicitation of votes described above. We will pay Innisfree M&A Incorporated a fee of \$15,000 and reimburse them for customary costs and expenses associated with these services. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to stockholders.

Q: Where can I find the voting results of the annual meeting?

A: We intend to announce voting results from the annual meeting in a current report on Form 8-K within four (4) business days of the annual meeting. If the voting results announced in the Form 8-K are preliminary, we will file an amended Form 8-K reporting final voting results within four (4) business days of such final voting results becoming available.

Q: What is the deadline to propose actions for consideration or to nominate individuals to serve as directors at the 2016 annual meeting of stockholders?

A: Although the deadline for submitting proposals or director nominations for consideration at the 2016 annual meeting of stockholders has passed, you may submit proposals and director nominations for consideration at future stockholder meetings. For further information, see the section entitled "Stockholder Proposals" below.

Stockholder Proposals

Requirements for stockholder proposals to be considered for inclusion in the Company's proxy materials. For a stockholder proposal to be considered for inclusion in Juniper Networks' proxy statement for the 2017 annual meeting of stockholders, the written proposal must be received by the Corporate Secretary of Juniper Networks at our principal executive offices no later than December 6, 2016. If the date of the 2017 annual meeting of stockholders is moved more than 30 days before or after the anniversary date of the 2016 annual meeting, the deadline for inclusion of proposals in Juniper Networks' proxy statement for the 2017 annual meeting of stockholders is instead a reasonable time before Juniper Networks begins to print and mail its proxy materials for the 2017 annual meeting of stockholders. All such proposals also will need to comply with SEC regulations under Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which lists the requirements regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

Requirements for other stockholder proposals and director nominations. Notice of any proposal that a stockholder intends to present at the 2017 annual meeting of stockholders, but does not intend to have included in the Company's proxy statement and form of proxy relating to the 2017 annual meeting of stockholders, as well as any director nominations, must be timely delivered to the Company's Secretary in accordance with the bylaws of the Company, which, in general, require that the proper notice be received by the Corporate Secretary of Juniper Networks not more than 75 days and not less than 45 days prior to the one year anniversary of the date Juniper Networks first mailed its proxy materials or a notice of availability of proxy materials (whichever is earlier) to stockholders in connection with the previous year's annual meeting of stockholders. In addition, to be in proper form, a stockholder's notice to the Corporate Secretary must set forth the information required by the Company's bylaws.

For the 2017 annual meeting of stockholders, the notice must be received no earlier than January 20, 2017 and no later than February 19, 2017. However, if the date of the 2017 annual meeting is advanced more than 30 days before or more than 60 days after the anniversary date of this year's annual meeting, then for notice to be timely,

the notice must be received by the Corporate Secretary not earlier than the 120th day prior to the 2017 annual meeting and not later than the close of business on the later of the 90th day prior to the 2017 annual meeting or the 10th day following the day on which public announcement of the date of the 2017 annual meeting is first made by Juniper Networks. In no event will the public announcement of an adjournment or postponement of an annual meeting of stockholders or the announcement thereof commence a new time period for the giving of a stockholder's notice as provided above.

Recommendation and Nomination of Director Candidates: The Nominating and Corporate Governance Committee will consider both recommendations and nominations for candidates to the Board from Qualifying Stockholders. A "Qualifying Stockholder" is a stockholder that has owned for a period of one year prior to the date of the submission of the recommendation through the time of submission of the recommendation at least 1% of the total common stock of the Company outstanding as of the last day of the calendar month preceding the submission. A Qualifying Stockholder that desires to recommend a candidate for election to the Board must direct the recommendation in writing to the Corporate Secretary of Juniper Networks, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years, written evidence that the candidate is willing to serve as a director of the Company if nominated and elected and evidence of the nominating person's ownership of Company common stock.

3. Plan Administration.

(a) The Committee shall be responsible for the general administration and interpretation of the Plan and for carrying out its provisions. Subject to the requirements for qualifying compensation as Performance-Based Compensation, the Committee may delegate specific administrative tasks to Company employees or others as appropriate for proper administration of the Plan. Subject to the limitations on Committee discretion imposed under Section 162(m), the Committee shall have such powers as may be necessary to discharge its duties hereunder, including, but not by way of limitation, the following powers and duties, but subject to the terms of the Plan:

(i) discretionary authority to construe and interpret the terms of the Plan, and to determine eligibility, Awards and the amount, manner and time of payment of any Awards hereunder;

(ii) to prescribe forms and procedures for purposes of Plan participation and distribution of Awards; and

(iii) to adopt rules, regulations and bylaws and to take such actions as it deems necessary or desirable for the proper administration of the Plan.

(b) Any rule or decision by the Committee that is not inconsistent with the provisions of the Plan shall be conclusive and binding on all persons, and shall be given the maximum deference permitted by law.

4. Eligibility. The employees eligible to participate in the Plan for a given Performance Period shall be executive officers of the Company who are designated by the Committee in its sole discretion. No person shall be automatically entitled to participate in the Plan.

5. Determination of Awards. On or prior to the Determination Date, the Committee, in its sole discretion, shall establish with respect to each Participant, one or more Performance Periods, one or more individual Participant incentive targets for each Performance Period, and the Performance Goal(s) to be met during such Performance Periods. With respect to Awards intended to qualify as Performance-Based Compensation, the establishment of the Performance Period(s), the applicable Performance Goals, and the targets shall comply with, to the extent required, the rules of Section 162(m). Notwithstanding the foregoing, the Committee may also grant Awards that are not intended to qualify

Table of Contents

as Performance-Based Compensation, which may be based on the Performance Goals and/or other financial or non-financial performance criteria (including, without limitation, subjective criteria and individual performance). In no event shall a Participant's Award for any Performance Period exceed the Maximum Award.

6. Determination of Award Payment.

(a) **Determination and Certification.** After the end of each Performance Period, the Committee shall certify in writing (which may be by approval of the minutes in which the certification was made) the extent to which the Performance Goals applicable to each Participant for the Performance Period were achieved or exceeded. Notwithstanding any contrary provision of the Plan, the Committee, in its sole discretion, may eliminate or reduce the Award payable to any Participant below that which otherwise would be payable. In addition, with respect to Awards that are not intended to qualify as Performance-Based Compensation, the Committee reserves the right, in its sole discretion, to increase the amount of an Award otherwise payable to a Participant with respect to any Performance Period.

(b) **Right to Receive Payment.** Each Award under the Plan shall be paid solely from the general assets of the Company. Nothing in this Plan shall be construed to create a trust or to establish or evidence any Participant's claim of any right to payment of an Award other than as an unsecured general creditor with respect to any payment to which he or she may be entitled. Unless otherwise determined by the Committee, a Participant needs to be employed by the Company through the payment date in order to be eligible to receive an Award payout hereunder. The Committee may make exceptions to this requirement in the case of retirement, death or disability or under other circumstances, as determined by the Committee in its sole discretion.

(c) **Form of Distributions.** The Company shall distribute all Awards to the Participant in cash.

(d) **Timing of Distributions.** No Award intended to qualify as Performance-Based Compensation will be paid to a Participant until the Committee has certified in writing that the terms and conditions underlying the payment of such Award have been satisfied. Notwithstanding the foregoing, in order to comply with the short-term deferral exception under Section 409A of the Code, if the Committee waives the requirement that a Participant must be employed on the date the Award is to be paid, payout shall occur no later than the 15th day of the third month following the later of (i) the end of the Company's taxable year in which such requirement is waived or (ii) the end of the calendar year in which such requirement is waived.

(e) **Deferral.** The Committee may defer payment of Awards, or any portion thereof, to Participants as the Committee, in its discretion, determines to be necessary or desirable to preserve the deductibility of such amounts under Section 162(m) or for any such other reason as the Committee may determine. In addition, the Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of Awards that would otherwise be delivered to a Participant under the Plan. Any such deferral elections shall be subject to such rules and procedures as shall be determined by the Committee in its sole discretion.

7. **Term of Plan.** Subject to its approval at the 2016 annual meeting of the Company's stockholders, the Plan shall first apply to the 2017 Plan Year. Once approved by the Company's stockholders, the Plan shall continue until terminated under Section 8 of the Plan.

8. **Amendment and Termination of the Plan.** The Committee may amend, modify, suspend or terminate the Plan, in whole or in part, at any time, including the adoption of amendments deemed necessary or desirable to correct any defect or to supply omitted data or to reconcile any inconsistency in the Plan or in any Award granted hereunder; provided, however, that no amendment, alteration, suspension or discontinuation shall be made which would impair any payments to Participants made prior to such amendment, modification, suspension or termination, unless the Committee has made a determination that such amendment or modification is in the best interests of all persons to whom Awards have theretofore been granted; provided further, however, that in no event may such an amendment or modification result in an increase in the amount of compensation payable pursuant to such Award. To the extent necessary or advisable under applicable law, including Section 162(m), Plan amendments shall be subject to stockholder approval. At no time before the actual distribution of funds to Participants under the Plan shall any Participant accrue any vested

Table of Contents

interest or right whatsoever under the Plan except as otherwise stated in this Plan. Nothing in this Section 8 is intended to limit the Company's ability to recover Plan payouts pursuant to any recoupment, clawback or similar policy or applicable law then in effect.

9. **Withholding**. Distributions pursuant to this Plan shall be subject to all applicable federal and state tax and withholding requirements.

10. **At-Will Employment**. No statement in this Plan should be construed to grant any employee an employment contract of fixed duration or any other contractual rights, nor should this Plan be interpreted as creating an implied or an expressed contract of employment or any other contractual rights between the Company and its employees. The employment relationship between the Company and its employees is terminable at-will. This means that an employee of the Company may terminate the employment relationship at any time and for any or no reason.

11. **Successors**. All obligations of the Company under the Plan, with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

12. **Indemnification**. Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any Award, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

13. **Miscellaneous**.

(a) **Nonassignment**. The rights of a Participant under this Plan shall not be assignable or transferable by the Participant except by will or the laws of intestacy.

(b) **Governing Law**. The Plan shall be governed by the laws of the State of California, without regard to conflicts of law provisions thereunder.

(c) **Construction**. Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term "or" is not intended to be exclusive, unless the context clearly requires otherwise.

(d) **Severability**. If a court of competent jurisdiction holds any provision invalid and unenforceable, the remaining provisions of the Plan shall continue in effect.

(e) **Clawback**. An Award granted under the Plan will be subject to any provisions of applicable laws providing for the recoupment or clawback of incentive compensation; the terms of any Company recoupment, clawback or similar policy in effect at the time of grant of the Award or otherwise agreed upon between the Company and the recipient of the Award; and any recoupment, clawback or similar provisions that may be included in any applicable forms governing any Awards granted under the Plan.
