This is a 40% increase compared to the dividend declared for the 2010 financial year. No dividends will be paid on the Company's holding of own shares.

Item 5:

All shareholder-elected board members are to be elected or re-elected each year and were most recently re-elected at the Annual General Meeting in 2011. Thus, the term of each board member expires at the Annual General Meeting in March 2012.

The Board of Directors proposes re-election for a one year term of Sten Scheibye as chairman of the Board of Directors.

Item 5.2:

The Board of Directors proposes re-election for a one year term of Göran A Ando as vice chairman of the Board of Directors.

Item 5.3:

Jørgen Wedel has decided not to seek re-election. The Board of Directors proposes that Liz Hewitt is elected as a new member to the Board of Directors.

Appendix 1 includes a description of the nominated candidates' qualifications, including information about other executive functions (memberships of executive boards, boards of directors, supervisory boards, and board committees) and demanding organisational tasks held by the proposed candidates in Danish and foreign companies.

The Board of Directors recommends election of Ms Liz Hewitt primarily because of her extensive experience within the field of medical devices. Further, Ms Hewitt has significant financial knowledge that makes her eligible to become a member of the Audit Committee. Ms Hewitt also possesses knowledge about how large international companies operate.

Item 6:

The Board of Directors proposes re-appointment of PricewaterhouseCoopers Statsautoriseret Revisionspart-nerselskab as the Company's auditor.

The Board of Directors recommends re-appointment of PricewaterhouseCoopers Statsautoriseret Revisionspart-nerselskab (PwC) as auditor because of their significant knowledge of the pharmaceutical industry and exhaustive knowledge of Novo Nordisk. Furthermore, PwC possesses significant competencies in terms of tax valuable to Novo Nordisk and PwC has a global organisation that provides valuable support to Novo Nordisk's global business.

Edgar Filing: NOVO NORDISK A S - Form 6-K

Item 7.1:

The Board of Directors proposes that the Company's B share capital is reduced from DKK 472,512,800 to DKK 452,512,800 by cancellation of part of the Company's own holding of B shares at a nominal value of DKK 20,000,000 divided into 20,000,000 B shares of DKK 1 each.

After reduction of the share capital, the Company's share capital will amount to DKK 560,000,000 divided into an A share capital of DKK 107,487,200 and a B share capital of DKK 452,512,800.

The purpose of the reduction of the Company's share capital is to distribute funds to the shareholders by way of the Company repurchasing shares in accordance with the authorisations granted to the Board of Directors at previous Annual General Meetings. If the proposal is

adopted, the Company's holding of own shares will be reduced by 20,000,000 B shares of DKK 1 each. These B shares were repurchased for the total sum of DKK 11,978,400,000.00, which means that, in addition to the nominal reduction amount, DKK 11,958,400,000.00 has been distributed to the shareholders.

The Board of Directors' proposal to reduce the Company's B share capital is made in order to maintain capital structure flexibility.

Adoption of the proposal implies the following amendment of Article 3.1 of the Articles of Association taking effect upon completion of the capital reduction:

3.1 The Company's share capital amounts to DKK 560,000,000 divided into A share capital of DKK 107,487,200 and B share capital of DKK 452,512,800.

Item 7.2:

The Company considers it good corporate governance and consistent with its share buy back-programme strategy, that the mandate to repurchase existing shares is limited in amount and affirmed by the Annual General Meeting on a regular basis.

Consequently, the Board of Directors proposes that the Annual General Meeting authorises the Board of Directors to allow the Company to repurchase own shares of up to 10% of the share capital and a holding limit of 10% of the share capital, and at the price equal to the share price quoted at the time of the repurchase with a deviation of up to 10%, until the next Annual General Meeting.

Item 7.3:

The Board of Directors proposes the following amendments to the articles of association:

Item 7.3.1:

The Board of Directors proposes that the Board of Directors is authorised to introduce electronic communication for use in all communication between the Company and its shareholders.

The authorisation will have the following wording inserted as a new Article 15 in the Articles of Association (subsequent articles and references thereto will be renumbered accordingly):

15. ELECTRONIC COMMUNICATION

15.1 The Board of Directors is authorised to resolve that communication from the Company to the shareholders may take place electronically in accordance with the following provisions:

1. All communication from the Company to the shareholders, including notices to convene a General Meeting under Article 6.5 and distribution of annual reports, may take place electronically by email.

2. Announcements of a general nature will be made available at the Company's website: novonordisk.com, and in such other manners prescribed in accordance with law.

3. The Company may at any time decide to communicate by ordinary mail.

4. It is a shareholder responsibility to ensure that the Company, if so, is in possession of the correct email address.

5. Information on the requirements of the systems and procedures applied for electronic communication will be made available at the Company's website: novonordisk.com.

15.2 Upon decision by the Board of Directors pursuant to Article 15.1 to introduce electronic communication, the Company will publish an announcement on the Company's website, novonordisk.com and via the IT system of the Danish Business Authority. The announcement will also be sent by ordinary mail to shareholders who have requested to receive notices of

General Meetings by ordinary mail.

15.3 *The Board of Directors is authorised to amend Article 15.1 and to repeal Articles 15.2 and 15.3 in order to reflect a resolution by the Board of Directors to introduce electronic communication pursuant to this Article 15.*

Item 7.3.2:

With effect from 1 January 2012 the Danish Commerce and Companies Agency changed its name to the Danish Business Authority.

The Board of Directors proposes that the Danish Commerce and Companies Agency is replaced with the Danish Business Authority in Articles 6.5, 10.5 and 11.1.

Item 7.4:

The Board of Directors proposes that the updated principles for remuneration of board members and executives in Novo Nordisk A/S (the Remuneration Principles) are approved by the Annual General Meeting.

The following alterations and amendments have been made to the Remuneration Principles:

- ✘ Adjustment and alignment of the fee and remuneration benchmarks for the Board and Executive Management; explicit mentioning of other Danish companies in the benchmarks given their importance for executive remuneration; and replacement of Scandinavian countries with Nordic countries in order to include large Finnish companies in the benchmarks.
- ✘ Inclusion of payment of social security taxes imposed in EU by foreign authorities.
- ✘ Deletion of section on stock options due to expiry in February 2012 of the last stock options granted to Executive Management in 2003. Since 2004 stock based compensation to Executive Management has been based on restricted stocks.
- ✘ Replacement of the seniority wording employment as a senior vice president in the severance payment section for Executive Management with the wording taking into account previous employment history in order to provide more flexibility to the Board of Directors when defining severance payments.
- ✘ Inclusion of travel allowance in the remuneration table overview.
- ✘ Linguistic and editorial improvements.

The proposed Remuneration Principles including the general guidelines for incentive-based remuneration are attached as Appendix 2.

The Board of Directors

Appendix 1 Candidates for the Board of Directors

General considerations

All shareholder-elected board members are to be elected or re-elected each year for a one year term and were most recently elected at the Annual General Meeting in March 2011. Thus, the term for each board member expires at the Annual General Meeting in March 2012.

Novo Nordisk A/S aims to propose a Board of Directors consisting of persons who have such knowledge and experience that the collective Board of Directors in the best possible way can attend to the interests of the Company and the shareholders, with due respect to other stakeholders of the Company.

The process of identifying and selecting suitable candidates for the Board of Directors, takes into account the required competences, the result of the Board of Directors self-assessment process and the need for integration of new expertise and diversity.

In nominating candidates, the Chairmanship seeks to achieve a balance between renewal and continuity. The Board of Directors actively contributes to developing the Company as a global pharmaceutical company, and supervises the management's decisions and operations.

It is the assessment of the Board of Directors that the proposed composition of the Board of Directors satisfies the criteria defined by the Board of Directors as regards the competences and composition of the Board of Directors.

The Board of Directors considers the size of the Board to be appropriate in relation to the requirements of the Company.

Please see the Company's website: novonordisk.com under About Novo Nordisk Corporate governance Board of Directors for a more detailed description of the competence criteria of the Board of Directors.

Independence

In the Danish Corporate Governance Recommendations (2011), it is recommended that at least half of the board members elected by the General Meeting shall be independent of the Company. Independence is defined in accordance with the Danish Corporate Governance Recommendations (2011).

Three of the proposed candidates set out below, Dr Ando, Mr Gürtler and Mr Nielsen, are not considered to be independent of the Company as Dr Ando and Mr Gürtler hold a board position and an executive position at Novo A/S, respectively, while Mr Nielsen holds a board position in the Novo Nordisk Foundation. If all proposed candidates are elected to the Board of Directors, the Board of Directors will satisfy the requirement of the Danish Corporate Governance Recommendations (2011) that at least half of the board members elected by the shareholders shall be independent.

In addition, the proposed composition of the Board of Directors will enable the Board of Directors to elect members to the Audit Committee who qualify as independent and as financial experts as required and defined by the US Securities and Exchange Commission (SEC) as well as the Danish Act on Approved Auditors and Audit Firms.

Appendix 2 Principles for remuneration of board members and executives in Novo Nordisk A/S^{1,2}

The Remuneration Principles are designed to attract, retain and motivate the members of the Board of Directors and of Executive Management. Remuneration has been designed to align the interests of the executives with those of the shareholders.

1. The Board of Directors

1.1 Process

The Board of Directors reviews board fees annually based on recommendations from the Chairmanship. When preparing its recommendation, the Chairmanship will evaluate board fees against relevant benchmarks of Danish and other Nordic companies as well as European pharmaceutical companies similar to Novo Nordisk in size and complexity. The remuneration of the board members for the past year and the level for the current year are approved by the Annual General Meeting as a separate agenda item.

1.2 Size

Each board member shall receive a fixed fee per year. Board members receive a fixed amount (the base fee) while the Chairmanship receives a multiple thereof: the chairman receives 3 times the base fee and the vice chairman receives 2 times the base fee.

Service on the Audit Committee entitles board members to an additional fee: the Audit Committee chairman receives 1.00 times the base fee and the other Audit Committee members receive 0.5 times the base fee.

Individual board members may take on specific ad hoc tasks outside their normal duties assigned by the Board. In each such case the Board shall determine a fixed fee (eg per diem) for the work carried out related to those tasks. The fixed fee will be disclosed in the Annual Report.

1.3 Social Security Taxes

Novo Nordisk pays in addition to the fixed fee such contribution to social security taxes within EU imposed by foreign authorities in relation to the fixed fee.

1.4 Travel allowance

All board members who do not reside in Denmark are paid a fixed travel allowance when attending board meetings in Denmark. No travel allowance is paid to board members when attending board meetings outside Denmark. The travel allowance will be disclosed in the Annual Report.

1.5 Expenses

Expenses such as travel and accommodation in relation to board meetings as well as relevant education are reimbursed.

1.6 Incentive programmes

Board members are not offered stock options, warrants or participation in other incentive schemes.

2. The Executive Management

Executive Management includes all the executives registered as executives with the Danish Business Authority.

¹ In Section 6 of the Recommendations on Corporate Governance designated by NASDAQ OMX Copenhagen referred to as remuneration policy .

² These Principles include general guidelines for incentive-based remuneration pursuant to Section 139 of the Danish Companies Act.

2.1 Process

Executive remuneration is proposed by the Chairmanship and subsequently approved by the Board.

2.2 Size and composition

Executive remuneration is evaluated annually against relevant benchmarks of Danish and other Nordic companies as well as European pharmaceutical companies similar to Novo Nordisk in size and complexity. To ensure comparability, executive positions are evaluated in accordance with an international position evaluation system which among other parameters includes and reflects the development of the company size measured in terms of company revenue and number of employees. The level of fixed base salary is assessed against the market benchmark median level, and the total remuneration package is assessed against the upper quartile level for Denmark.

The remuneration package consists of a fixed base salary, a cash-based incentive, a long-term share-based incentive, a pension contribution and other benefits.

For executives being expatriated at the request of the company, the remuneration package is based on current Danish remuneration levels, including pension entitlements, while a specific expatriation package is added for the period of expatriation.

The fixed base salary is chosen to attract and retain executives with professional and personal competences required to drive the company's performance.

The Short-term Incentive Programme (STIP) is designed to incentivise the individual executive for individual performance within his/her functional area and to ensure short-term achievements in line with company needs.

The Long-term Incentive Programme (LTIP) is designed to promote the collective performance of Executive Management and to align the interests of executives and shareholders. It further ensures a balance between short-term achievements and long-term thinking.

Pension contributions are made to provide an opportunity for executives to build up an income for retirement.

Other benefits are added to ensure that overall remuneration is competitive and aligned with local practice.

2.3 Size of the components

The fixed base salary accounts for approximately 35% to 55% of the total value of the remuneration package.

In addition to the fixed base salary, the executives may be eligible for incentive-based remuneration consisting of 1) a short-term incentive programme, and 2) a long-term incentive programme. The short-term incentive programme may in normal circumstances result in a maximum payout per year equal to four months' fixed base salary plus pension contribution and in some circumstances up to six months' fixed base salary plus pension contribution. The long-term incentive programme may result in a maximum grant per year equal to eight months' fixed base salary plus pension contribution. Consequently, the aggregate maximum amount that may be granted as incentive for a given year is equal to 14 months' fixed base salary plus pension contribution.

This split between fixed and variable remuneration is intended to result in a reasonable part of the salary being linked to performance, while at the same time promoting sound business decisions to achieve the company's vision. Further, the balance between the components is assessed broadly to be in line with market practice for benchmarked companies.

2.4 Incentive programmes

2.4.1 Short-term incentive programme (STIP)

The STIP consists of a cash-based incentive which is linked to the achievement of a number of predefined functional and individual business targets for each member of Executive Management. The targets for the chief executive officer are fixed by the chairman of the Board of Directors while the targets for the executive vice presidents are fixed by the chief executive officer. The chairman of the Board evaluates the degree of target achievement for each member of Executive Management, and cash-based incentives if any for a particular financial year are paid at the beginning of the subsequent financial year.

In normal circumstances the cash-based incentive for each participating member cannot exceed an amount equal to four months under certain circumstances up to six months fixed base salary plus pension contribution per year. The calculation of the cash-ba
