NOTES TO THE CONDENSED FINANCIAL STATEMENTS

Three Month Periods Ended January 31, 2019 and 2018 (Unaudited)

BASIS OF PRESENTATION

In the opinion of management, the accompanying unaudited financial statements contain all adjustments
NOTE necessary to present fairly Innovative Designs, Inc.'s financial position as of January 31, 2019, the changes
1. therein for the three month period then ended and the results of operations for the three month periods ended
January 31, 2019 and 2018.

The financial statements included in the Form 10-Q are presented in accordance with the requirements of the Form and do not include all of the disclosures required by accounting principles generally accepted in the United States of America. For additional information, reference is made to the Innovative Designs, Inc.'s annual report on Form 10-K for the fiscal year ended October 31, 2018. The results of operations for the three periods ended January 31, 2019 and 2018 are not necessarily indicative of operating results for the full year.

NOTE 2. GOING CONCERN

The Company had a net loss of \$250,368 and a negative cash flow from operations of \$79,532 for the three month period ended January 31, 2019. In addition, the Company has an accumulated deficit of \$9,179,062. Management of the Company has represented that they will be able to continue to support the Company's cash needs through sales, sales of Company stock, and borrowings from private parties.

NOTE 3. ACCOUNTS RECEIVABLE

Management evaluates its receivables on a quarterly basis to assess the validity of remaining receivables. Management has determined that there is significant doubt regarding the receivable balance over 90 days of \$10,354 and \$9,320 as of the quarter ended January 31, 2019 and as of the fiscal year ended October 31, 2018, respectively. Management has applied an allowance on all balances in excess of 90 days.

NOTE 4. INVENTORY

Inventory consists principally of purchased apparel inventory and House Wrap which is manufactured by the Company. Inventory is stated at the lower of cost or net realizable value on a first-in, first-out basis. Innovative Designs, Inc. (the “Company”) has decided to discontinue the selling of its hunting and swimming line of apparel. The Company has booked a reserve against apparel inventory at January 31, 2019 and October 31, 2018 of \$75,468. Management has determined that no allowance is currently necessary on their House Wrap Inventory. Management will continue to evaluate its obsolete inventory reserve throughout the year and make adjustments as needed.

NOTE 5. EARNINGS PER SHARE

The Company calculates net income (loss) per share in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standard Codification (“ASC”) Topic 260 “*Earnings per Share*”. Basic earnings (loss) per share is calculated by dividing income (loss) by the weighted average number of common shares outstanding for the period. During the periods presented, the Company only has common stock outstanding. As a result, diluted earnings per share was not calculated.

INNOVATIVE DESIGNS, INC.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS

Three Month Periods Ended January 31, 2019 and 2018 (Unaudited)

NOTE 6. INCOME TAXES

The Company accounts for income taxes in accordance with ASC Topic 740 “*Income Taxes*”, which requires an asset and liability approach for financial reporting purposes.

Deferred income taxes are provided for differences between the tax bases of assets and liabilities and the financial reporting amounts at the end of the period, and for net operating loss and tax credit carryforwards available to offset future taxable income. Changes in enacted tax rates or laws result in adjustments to recorded deferred tax assets and liabilities in the periods in which the tax laws are enacted or tax rates are changed. The Company will continue to evaluate its income tax obligation throughout the year and will record a tax provision when it is necessary.

NOTE 7. SHIPPING AND HANDLING COSTS

The Company pays shipping and handling costs on behalf of customers for purchased apparel merchandise. These costs are billed back to the customer through the billing invoice. The shipping and handling costs associated with merchandise ordered by the Company are included as part of inventory as these costs are allocated across the merchandise received. With House Wrap orders, the customer pays the shipping cost. The shipping and handling costs associated with customer orders was approximately \$4,400 and \$5,500 for the three month periods ended January 31, 2019 and 2018, respectively.

NOTE 8. COMMON STOCK

During the three month period ended January 31, 2019, the Company sold 360,000 shares of common stock to seven investors for total proceeds of \$61,200. The stock was issued for \$0.17 per share. We believe that Section 4(2) of the Securities Act of 1933, as amended, was available because these transactions did not involve a public offering and there was no general solicitation or general advertising involved in these transactions. We placed legends on the stock certificates stating that the securities were not registered under the Securities Act and set forth the restrictions on their transferability and sale.

NOTE 9. DEPOSITS ON EQUIPMENT

On July 12, 2015 the Company reached an agreement with Ketut Jaya to purchase the machinery and equipment utilized to produce the INSULTEX material. The purchase price is \$700,000 which was to be paid in four installments. The first installment of \$300,000 was to be paid at the execution of the agreement. The second installment of \$200,000 was to be paid when the machinery and equipment is ready to be shipped to the United States. The third installment of \$100,000 is to be paid once the machinery and equipment is producing INSULTEX, and the fourth and final installment of \$100,000 is to be made after the first commercial production run of INSULTEX is completed. As of January 31, 2019, the Company has made payments of \$500,000 in accordance with the agreement and made a \$100,000 pre-payment as the machine is not yet producing INSULTEX. Additionally, the Company has incurred \$17,000 of additional expenses related to shipping, site improvements and installation of the equipment. Due to various environmental regulations regarding propane emitted from the machine into the air and other costs to assemble the machine the Company expects to incur costs in excess of the current deposit agreement. Management of the Company currently cannot reasonably estimate the costs. During the three month period ended January 31, 2019 Management plans to sell the machine. The shipping and other purchase costs associated with the purchase of the machine are deemed impaired. The total loss on impairment for the three month period ended January 31, 2019 is \$17,000.

NOTE 11. LEGAL PROCEEDINGS

On November 4, 2016, the Federal Trade Commission (FTC) filed a complaint against the Company in the U.S. District Court Western District of Pennsylvania, number 16-1669. In the complaint, the FTC alleges, that, among other matters, the Company does not have substantiation of claims made by the Company regarding the R value and energy efficiency of its INSULTEX House Wrap products. The complaint asks as redress of rescission of revenue the Company received from the sale of House Wrap and a permanent injunction. Due to the partial government shutdown a new trial date was set for July 29, 2019.

The Company strongly denies the allegation and intends to vigorously defend itself. It is the Company's belief that the complaint is based on improper testing of the INSULTEX products using the wrong type of testing equipment.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

The following information should be read in conjunction with the financial statements and the notes thereto and in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the fiscal year ended October 31, 2018.

Forward-Looking Statements

This Quarterly Report on Form 10-Q includes forward-looking statements within the meaning of the Private Securities Reform Act of 1995. All statements other than statements of historical fact, including statements regarding future results of operation, made in this Quarterly Report on Form 10-Q are forward-looking statements. We use words such as expects, believes, intends, and similar expressions to identify forward-looking statements. Forward looking-looking statements reflect management's current expectations and are inherently uncertain. Actual results could differ materially for a variety of reasons, including, among others, an adverse outcome in our legal matter with the Federal Trade Commission, competition in our cold weather markets, our inability to secure sufficient funding to maintain and/or expand our current level of operations and the seasonality of our cold weather product line. These risks and uncertainties, as well as other risks and uncertainties that could cause our actual results to differ significantly from management's expectations, are described in greater detail in our Annual Report on Form 10-K for the fiscal year ended October 31, 2018. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise except as required by law.

Revenues for the three month period ended January 31, 2019 were \$109,344 compared to revenues of \$116,203 for the three month period ended January 31, 2018. The decrease is caused, by the decrease in our apparel sales and the sales in our House Wrap product line. The apparel sales were adversely affected by warm weather. In December 2016, we voluntarily ceased advertising our House Wrap products as a result of the legal action brought by the Federal

Edgar Filing: - Form

Trade Commission (“FTC”). See Note 10 of the Notes to the Condensed Financial Statements appearing elsewhere in this Report for a description of our segment product sales. During the three month period ended January 31, 2019 House Wrap sales totaled \$15,125 in comparison with \$30,140 during the three month period ended January 31, 2018. Our net loss for the three month period ended January 31, 2019 was (\$250,368).

Our selling, general and administrative expenses were \$270,904 for the three months ended January 31, 2019 compared to \$190,811 for the three month period ended January 31, 2018. The increase was a result of our third party warehouse for inventory charging us \$103,090 in relation to storage of inventory. We do not expect our seasonal help expense or advertising and promotional expenses to increase in the current fiscal year ending October 31, 2019.

- 10 -

INNOVATIVE DESIGNS, INC.

Liquidity and Capital Resources

During the period ended January 31, 2019, we funded our operations from revenues from sales and sale of our common stock. During the three month period ended January 31, 2019, we sold our common stock in private transactions and raised \$61,200 from the sales. If we are not able to either increase our sales revenue or sell more of our common stock during the current quarter, we may not be able to support our current cost structure.

Short Term: We will continue to fund our operations from sales and the sale of our securities. We continue to pay our creditors when payments are due. The Company reached an agreement with the manufacturer of the INSULTEX material to purchase a machine capable of producing the INSULTEX material. Also included in the proposed agreement will be the propriety formula that creates INSULTEX. The Company took delivery of the equipment in December 2015. It is the Company's current plan to sell the equipment. The Company has currently made deposits of \$600,000 on the equipment. The Company has incurred \$17,000 of additional expenses related to shipping. See Note 9 of the Notes to the Condensed Financial Statements.

Long Term: The Company will continue to fund its operations from revenues, borrowings from private parties and the possible sale of our securities. Should we not be able to rely on the private sources for borrowing and /or increased sales, our operations would be severely affected as we would not be able to fund our purchase orders to our suppliers for finished goods and our efforts to produce our own INSULTEX would be delayed.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDING

The Company is engaged in a matter with the Federal Trade Commission. A Form 8-K filed November 4, 2016, describing this matter is incorporated herein by reference.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the three month period ended January 31, 2019, the Company sold 360,000 shares of common stock to seven investors for total proceeds of \$61,200. The stock was issued for \$0.17 per share. We believe that Section 4(2) of the Securities Act of 1933, as amended, was available because these transactions did not involve a public offering and there was no general solicitation or general advertising involved in these transactions. We placed legends on the stock certificates stating that the securities were not registered under the Securities Act and set forth the restrictions on their transferability and sale.

During February, the Company sold 60,000 shares for total proceeds of \$10,200. The stock was issued for \$0.17 per share. We believe that Section 4(2) of the Securities Act of 1933, as amended, was available because these transactions did not involve a public offering and there was no general solicitation or general advertising involved in these transactions. ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, we are not required to provide the information otherwise required by this Item.

ITEM 4T. CONTROLS AND PROCEDURES

Edgar Filing: - Form

Management has developed and implemented a policy and procedures for reviewing, on a quarterly basis, our disclosure controls and procedures. During the period ended January 31, 2019, our principle executive/financial officer concluded that these controls and procedures were ineffective. At this time, we do not have the financial resources to employ a financial staff with accounting and financial expertise. Once we have the necessary financial resources, we plan to hire and designate an individual responsible for identifying reportable developments and to implement procedures designed to remediate the material weakness by focusing additional attention and resources in our internal accounting functions. During the first, second, and third quarter of 2018, the Company was not able to close the books and records in a timely fashion. Consequently, the Company was unable to file its Form 10-Q for the period ended January 31, 2019 within the timeline established by the SEC and was required to seek an extension for filing the form.

Changes in Internal Control Over Financial Reporting
