EXHIBIT 1

SFL - New charter for jackup drilling rig

Press release from Ship Finance International Limited - May 4, 2017.

Ship Finance International Limited (NYSE: SFL) ("Ship Finance" or the "Company") today announced that it has agreed to bareboat charter out the 2007-built drilling rig Soehanah to be employed under a drilling contract with a national oil company in Asia for a period of 12 months, with an option to extend the charter by an additional 12 months. The rig was redelivered to us in April, following a full 10-year special survey paid for by the previous charterer, and with certificates valid until 2022. The net EBITDA is expected to be approximately \$4m during the fixed period of the charter, and the rig is now being mobilized with expected startup of the drilling operations in the second quarter of 2017.

About Ship Finance

Ship Finance International Limited (NYSE: SFL) has an unprecedented track record in the maritime industry, being consistently profitable and paying dividends every quarter since 2004. The Company's fleet of more than 70 vessels is split between tankers, bulkers, container vessels and offshore assets, and Ship Finance's long term distribution capacity is supported by a portfolio of long term charters and significant growth in the asset base over time. More information can be found on the Company's website: [www.shipfinance.bm](http://www.shipfinance.bm)

Cautionary Statement Regarding Forward Looking Statements

This press release may contain forward looking statements. These statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including Ship Finance management's examination of historical operating trends. Although Ship Finance believes that these assumptions were reasonable when made, because assumptions are inherently subject to significant uncertainties and contingencies which are difficult or

impossible to predict and are beyond its control, Ship Finance cannot give assurance that it will achieve or accomplish these expectations, beliefs or intentions. Important factors that, in the Company's view, could cause actual results to differ materially from those discussed in this presentation include the strength of world economies and currencies, general market conditions including fluctuations in charter hire rates and vessel values, changes in demand in the tanker market as a result of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in the Company's operating expenses including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, and other important factors described from time to time in the reports filed by the Company with the United States Securities and Exchange Commission.
