VRG Begins Ticket Sales to Mexico City

São Paulo, November 13, 2007 GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4), the parent company of Brazil's low-cost airlines GOL Transportes Aéreos S.A. and VRG Linhas Aéreas S.A., today began selling tickets for VRG's newest route, São Paulo - Mexico City.

We are pleased to begin ticket sales to VRG's first destination in North America. Beginning December 10, VRG will connect Brazil and Mexico, one of our country's most important economic partners, says Lincoln Amano, VRG's commercial director. Through 2007, we will continue to expand throughout Latin America with flights to Montevideo, Uruguay and Santiago, Chile, and in Europe with flights to Madrid, Spain. VRG currently offers international service to Bogotá, Buenos Aires and Caracas in South America, and Frankfurt, London, Paris and Rome in Europe.

The first flight to Mexico City will depart from São Paulo's Guarulhos International Airport at 11:00 am (local time), landing at the Mexican capital at 4:45 pm (local time). Return flights will depart from Mexico City's Benito Juárez Airport at 6:45 pm (local time), arriving in São Paulo at 8:25 am (local time).

As the sixth largest importer of Brazilian exports, Mexico purchased approximately US\$ 4.4 billion of goods and services last year up 7.1 percent from 2005's record \$4.1 billion and accounts for 3.23 percent of Brazil's foreign commerce. Brazil imported nearly US\$ 1.3 billion in goods and services from Mexico in 2006, up 55 percent when compared to 2005.

According to Embratur (Brazilian Tourism Board), Mexico ranks fifteenth in the top twenty countries providing tourists to Brazil. Approximately 70,000 Mexican tourists visited Brazil in 2006 and nearly 43,000 Brazilians traveled to Mexico over the same period.

Tickets to Mexico City are available for purchase through VRG's website (www.varig.com) and the Company's call centers.

About GOL Linhas Aéreas Inteligentes S.A.

GOL Linhas Aéreas Inteligentes S.A. is the parent company of low-cost airlines GOL Transportes Aéreos S.A. (GTA, which operates the GOL brand) and VRG Linhas Aéreas S.A. (VRG, which operates the VARIG brand). GTA and VRG offer daily flights to more destinations in Brazil than any other domestic airline while providing customers with the most convenient flight schedules in the country. The airlines operate a young, modern fleet of Boeing aircraft, the safest and most comfortable aircraft of its class, with low maintenance, fuel and training costs, and high aircraft utilization and efficiency ratios. In addition to safe and reliable services, which stimulate brand recognition and customer satisfaction, the Company's service is recognized as the best value proposition in the market. Growth plans

include increasing frequencies in existing markets and adding service to additional markets in both Brazil and other high-traffic travel destinations. Shares are listed on the NYSE (GOL) and the Bovespa (GOLL4) stock exchanges.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
