**NOTICE TO THE MARKET**

COMPANHIA SIDERÚRGICA NACIONAL, as a complement to the notice to the market released on September 28, 2009, informs that its Board of Directors, in a meeting held on December 15, 2009, (i) approved the segregation of assets related to the iron ore business and correlated logistics activities, upon the transfer, to a Company's subsidiary, of assets, rights and obligations comprising said business, including the investments in operating companies related to such business; (ii) authorized the Company's Executive Management to hire appraisal companies to provide the accounting valuation of said assets, rights and obligations; and (iii) authorized the Company's Executive Management to take all measures, identify and obtain eventual previous authorizations necessary for the implementation of said segregation, including, but not limited to, authorizations from governmental bodies and third parties. The implementation of acts described in items (ii) and (iii) is expected to occur during the first quarter of 2010.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
