Item 2.02 Results of Operations and Financial Condition.

On July 19, 2006, Juniper Networks, Inc. ("Juniper Networks" or the "Company") issued a press release and held a conference call regarding its results for the quarter ended June 30, 2006. A copy of the press release is furnished as Exhibit 99.1 to this report. The information in this item 2.02 and Exhibit 99.1 shall not be treated as filed for purposes of the Securities Exchange Act of 1934, as amended.

Item 2.06 Material Impairments.

On July 18, 2006, Juniper Networks concluded that the carrying value of certain goodwill assets on its balance sheet was impaired as of June 30, 2006. Accordingly, the Company will record reductions in the carrying value of goodwill on its balance sheet for its Service Layer Technologies segment for the period ending June 30, 2006. The amount of the reductions to goodwill is expected to be approximately \$1.3 billion. The goodwill was initially recorded based on stock prices at the time related merger agreements were executed and announced. The reductions to goodwill are primarily attributable to the decline in Juniper Networks' market capitalization since March 31, 2006. The Company does not expect that these reductions will result in any future cash expenditures. Should the Company's market capitalization decrease further, it is possible that there could be additional reductions in goodwill in future periods.

Item 8.01 Other Events.

On July 19, 2006, Juniper Networks issued a press release announcing the adoption of a common stock repurchase program of up to \$1 billion. A copy of the press release is attached as Exhibit 99.2 to this report and is incorporated by reference herein.

Item 9.01 Financial Statements and Exhibits.
