**Item 7.01 Regulation FD Disclosure.**

On September 14, 2007, New Mountain Vantage Advisers, L.L.C. ("New Mountain") and a number of affiliates filed Amendment No. 4 to their Schedule 13D regarding the securities of National Fuel Gas Company (the "Company"). New Mountain attached as an exhibit to its filing a letter, dated September 14, 2007, from it to Philip C. Ackerman, Chairman and Chief Executive Officer of the Company. The Company responded to New Mountain with a letter dated September 18, 2007, a copy of which is hereby incorporated by reference into this Item 7.01 and furnished as part of this Current Report as Exhibit 99.

Certain statements contained herein or incorporated by reference from the exhibit including statements identified by the use of the words "anticipates," "estimates," "expects," "intends," "plans," "predicts," "projects," and similar expressions, are "forward-looking statements" as defined by the Private Securities Litigation Reform Act of 1995. There is no assurance that the Company's projections will in fact be achieved nor do these projections reflect any acquisitions or divestitures that may occur in the future. While the Company's expectations, beliefs and projections are expressed in good faith and are believed to have a reasonable basis, actual results may differ materially from those in the forward-looking statement. Furthermore, each forward-looking statement speaks only as of the date on which it is made. In addition to other factors, the following are important factors that could cause actual results to differ materially from those discussed in the forward-looking statements: uncertainty of oil and gas reserve estimates; ability to successfully identify, drill for and produce economically viable natural gas and oil reserves; significant changes from expectations in the Company's actual production levels for natural gas or oil; changes in the availability and/or price of natural gas or oil and the effect of such changes on the valuation of the Company's natural gas and oil reserves; significant changes from expectations in actual capital expenditures and operating expenses and unanticipated project delays or changes in project costs or plans; the nature and projected profitability of pending and potential projects and other investments; or occurrences affecting the Company's ability to obtain funds from operations or from issuances of short-term notes or debt or equity securities to finance needed capital expenditures and other investments. The Company disclaims any obligation to update any forward-looking statements to reflect events or circumstances after the date hereof.
