Item 2.02 Results of Operations and Financial Condition.

On May 8, 2009, Teleflex Incorporated (the "Company") made certain historical financial information available through the Company's website. The information includes adjusted segment results of operations to reflect discontinued operations, which has been updated to reflect the change in reporting for noncontrolling interests, previously known as minority interests, required under Financial Accounting Standards Board Statement No. 160, "Noncontrolling Interests in Consolidated Financial Statements – an Amendment of ARB No. 51" for the periods presented. The information also includes consolidated cash flows and income from continuing operations, net of tax, and diluted earnings per share to reflect discontinued operations for the periods presented. In addition, the information includes a correction with respect to the amount of 2007 income from continuing operations excluding special charges that was previously furnished in connection with the Company's 2009 first quarter earnings conference call. This amount has been revised to reflect a reduction in the amount of the 2007 tax adjustment related to untaxed unremitted earnings of foreign subsidiaries to eliminate the impact of amounts attributable to discontinued operations.

A copy of such financial information is furnished as Exhibits 99.1, 99.2 and 99.3 to this Current Report.

The information furnished pursuant to Item 2.02 of this Current Report, including Exhibits 99.1, 99.2 and 99.3 hereto, shall not be considered "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liability of such section, nor shall it be incorporated by reference into future filings by the Company under the Securities Act of 1933, as amended or under the Securities Exchange Act of 1934, as amended, unless the Company expressly sets forth in such future filing that such information is to be considered "filed" or incorporated by reference therein.
