**Item 8.01 Other Events.**

Telesat Canada ("Telesat"), a wholly-owned subsidiary of Telesat Holdings Inc. ("Telesat Holdings"), of which Loral Space & Communications Inc. ("Loral") owns a 62.7% economic interest, announced that on November 17, 2016 Telesat issued \$500 million in aggregate principal amount of 8.875% senior notes due 2024 (the "Senior Notes"), which mature on November 17, 2024, pursuant to an indenture, dated as of November 17, 2016 (the "Telesat Senior Notes Indenture"), by and among Telesat Holdings, Telesat and Telesat LLC, as co-issuer ("Telesat LLC" and, together with Telesat, the "Co-Issuers"), the guarantors named therein, and The Bank of New York Mellon, as trustee (the "Notes Offering").

The foregoing description of the Telesat Senior Notes Indenture does not purport to be complete and is qualified in its entirety by reference to the full text of the Telesat Senior Notes Indenture, a copy of which is filed herewith as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

Telesat also announced that, concurrently with the consummation of the offering of Senior Notes, Telesat entered into an amendment and restatement of Telesat's credit agreement (as amended, the "Credit Agreement"). The Credit Agreement provides for term loan borrowings of \$2,430 million and revolving credit borrowings of up to \$200 million (together, the "Senior Credit Facilities"). The revolving credit facility is currently undrawn. On November 17, 2016, Telesat borrowed the full amount of the term loan facility. All obligations under the Senior Credit Facilities are guaranteed by Telesat Holdings and certain of its subsidiaries.

Telesat announced that it is using a portion of the net proceeds from the Notes Offering and the Senior Credit Facilities, together with cash on hand, to (i) redeem the Co-Issuers' \$900 million aggregate principal amount outstanding of 6.0% senior notes due May 2017, (ii) repay all borrowings outstanding under the Co-Issuers' existing senior credit facilities and (iii) pay related fees and expenses. Telesat stated that it intends to use the balance to fund a previously announced cash distribution of up to \$400 million to its shareholders, if completed, and for general corporate purposes.

The foregoing description of the Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Credit Agreement, a copy of which is filed herewith as Exhibit 99.2 to this Current Report on Form 8-K and is incorporated herein by reference.

Loral's portion of the distribution from Telesat would be up to approximately \$250 million. The completion of any such cash distribution is subject to a number of conditions, including, among others, the successful implementation of certain internal restructuring transactions at Telesat which require regulatory approval. If completed, the Telesat cash distribution is expected to take place in the first quarter of 2017, and we would then determine the amount to be distributed to our stockholders. There can be no assurance that any cash distribution will be paid by Telesat or by us or, if paid, as to the amount and timing of any such payments.
