**Akis Tsirigakis, President and CEO of Star Bulk commented:** "We wished to update our investors that about 61% of the Company's warrants have been already converted to common shares and another 7% approximately have been bought back, thereby significantly reducing the perceived overhang. In addition, a substantial number of warrant holders decided to convert and became shareholders in order to benefit from the Company's high yielding dividend and, in turn, the Company received proceeds in excess of \$97 million significantly strengthening our already robust balance sheet and reinforcing our ability to execute our fleet expansion. We believe this has been a positive development for everyone. 1
