**INFORMATION CONTAINED IN THIS FORM 6-K REPORT**

This Report on Form 6-K is hereby incorporated by reference into Euroseas Ltd. 's Registration Statement on Form F-3, filed on July 2, 2008, Registration Statement No. 333-152089, and the related prospectus supplement dated September 4, 2009, and the Company 's Registration Statement on Form S-8, filed on December 18, 2007, Registration Statement No. 333-148124.

On December 23, 2009, Euroseas Ltd., an owner and operator of container carrier and drybulk vessels (the Company), announced that it sold and delivered to their new owners the two oldest vessels in its fleet, M/V Gregos and M/V Artemis. M/V Gregos, a 38,691 dwt geared drybulk carrier built in 1984, was sold for further trading for approximately \$7.9 million. M/V Artemis, a 2,098 TEU gearless containership built in 1987, was sold for scrap for \$282/lwt, or approximately \$3.2 million; the M/V Artemis had been laid-up and was sold as is. The Company will take a book loss of approximately \$8.7 million as a result of such sales.

The Company also announced that it has entered into a non-binding Letter of Intent with Eton Park Capital Management, L.P. on behalf of one or more funds managed by it (Eton Park) and Rhône Capital III L.P. (Rhône) to form a joint venture to pursue investment opportunities in shipping. The Company is expected to invest up to \$25 million while Eton Park and Rhône are each expected to invest up to \$75 million. Management of acquired vessels will be performed by the Company and its affiliates. The arrangement also is expected to include the option by Eton Park and Rhône, exercisable at any time after the two year anniversary of the formation of the joint venture, to exchange all or part of their interest in the joint venture for equity of the Company at a price to be based on the comparable values of the joint venture and the Company at the time of exercise. In addition, the arrangement contemplates that the Company will grant the joint venture certain rights of first refusal in respect of vessel acquisition opportunities presented to the Company. The agreement is subject to the execution of definitive documentation and customary closing conditions and is expected to close by the end of February 2010. During this time the Company has agreed to negotiate exclusively with Eton Park and Rhône with respect to this or any similar transaction.
