DOMESTIC Power Generation Increases by 12.73%
in the First THREE QUARTERS of 2008

This announcement is made pursuant to Rules 13.09(1) and (2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

Huaneng Power International, Inc. (the "Company") announces its power generation for the first three quarters of 2008.

Based on the Company's preliminary statistics, as of 30 September 2008, the Company's total domestic power generation based on a consolidated basis amounted to 140.375 billion kWh, an increase of 12.73% over the same period last year. The power generation of Yingkou Power Plant, Yuhuan Power Plant, Qinbei Power Plant, Weihai Power Plant, Luohuang Power Plant, etc increased significantly as compared to the same period last year.

The increase in domestic power generation of the Company's power plants was mainly attributable to the following reasons:

1. The newly operating generating units and the newly acquired generating units provided strong support to the growth of the Company's power generation.
2. Renovation arrangements for the Company's generating units have been optimized, thus facilitating a growth in the Company's power generation.
3. The continued growth in the electricity demand in the regions where the Company's power plants are located provided room for increasing the power generation.

The power generation of each of the Company's domestic power plants in the first three quarters of 2008 was listed below (in billion kWh):
