In addition to the proxy statement, a copy of our annual report on Form 10-K for the year ended December 31, 2013 is enclosed.

You should know that each of Michael D. Quagliano ("Quagliano"), a 23.3% shareholder of the Company, and Kathleen A. Stout ("Stout"), a former employee of the Company, have notified the Company that they each intend to propose alternative director nominees for election at the annual meeting in opposition to the Board's recommended nominees. Additionally, Quagliano has notified the Company that he intends to submit a proposal to amend our bylaws to reduce the size of our board of directors to five members.

We strongly urge you to vote for the nominees proposed by the Board by using the enclosed WHITE proxy card and not to return any proxy card sent to you by Quagliano or Stout. If you vote using a proxy card sent to you by Quagliano or Stout, you can subsequently revoke it by using the WHITE proxy card to vote by telephone, Internet, or by signing, dating and returning the WHITE proxy card in the postage-paid envelope provided. Only your last-dated proxy will count — any proxy may be revoked at any time prior to its exercise at the annual meeting as described in the enclosed proxy statement.

Sincerely,

John P. Carmichael

PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 22, 2014

This proxy statement contains information related to the annual meeting of shareholders of Solera National Bancorp, Inc. (the "Company" or "we") to be held on May 22, 2014, beginning at 10:00 a.m., local time, at the Pinehurst Country Club, 6255 West Quincy Avenue, Denver, CO 80235, and at any postponements or adjournments thereof.

ABOUT THE ANNUAL MEETING

Who is soliciting my proxy?

Our Board of Directors is sending you this proxy statement in connection with the solicitation of proxies for use at the 2014 annual meeting. Certain of our directors, officers, employees and/or Alliance Advisors, LLC may also solicit proxies on our behalf by mail, telephone, email or fax.

Who will bear the costs of soliciting proxies for the annual meeting?

We will bear the cost of soliciting proxies for the annual meeting. We will reimburse banks and brokers who hold shares in their name or custody, or in the name of nominees for others, for their out-of-pocket expenses incurred in forwarding copies of the proxy materials to those persons for whom they hold such shares. In addition to solicitations by mail, our directors, officers, employees, including those of our subsidiary, may solicit proxies personally, by telephone or otherwise, but will not receive any additional compensation for their services. We have engaged a third-party proxy solicitation firm, Alliance Advisors, LLC, to assist in gathering proxies by mail, telephone, or Internet. This firm is being paid approximately \$18,000 for its services. The Company's aggregate expenses related to the Company's solicitation of proxies, including those of Alliance Advisors, LLC as well as for printing and mailing materials to the Company's stockholders, and excluding salaries and wages of its regular employees, are estimated to be approximately \$147,000, approximately \$56,000 of which has been spent to date.

What is the purpose of the annual meeting?

At the annual meeting, shareholders will act upon the matters outlined in the accompanying notice of annual meeting, including:

- Proposal One: The election of the eleven (11) director nominees named in this proxy statement to the Board of Directors of the Company, or certain alternative nominees proposed by two shareholders as described herein, for terms expiring at the 2015 annual meeting of shareholders and until their successors are duly elected and qualified.
- Proposal Two: The ratification of McGladrey LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.
- Proposal Three:

Edgar Filing: Solera National Bancorp, Inc. - Form PRER14A

Michael Quagliano has notified the Company that he intends to submit a proposal to amend the Company's bylaws to reduce the size of its board of directors to five members.

In addition, our management will report on our performance and respond to appropriate questions from shareholders.

Will there be a proxy contest for the election of directors at the annual meeting?

Each of Quagliano and Kathleen Stout has stated his or her intention to propose alternative director nominees for election at the annual meeting. We believe that the 11 directors nominated by the Board, with their breadth of relevant and diverse experience, represent the best interests of our shareholders and that these nominees should be re-elected. The Board unanimously recommends a vote FOR each of the Board's 11 nominees for director on the enclosed WHITE proxy card. See "Proposal One: Election of Directors-Recommendation of the Board of Directors" for a discussion of the reasons for the Board's recommendation in this regard.

Quagliano has proposed seven alternative nominees, one of whom has subsequently declined to be nominated; Stout has proposed eight alternative nominees. The Quagliano and Stout nominees have NOT been endorsed by our Board of Directors. We are not responsible for the accuracy of any information provided by or relating to Quagliano or Stout contained in any proxy solicitation materials filed or disseminated by, or on behalf of, Quagliano or Stout or any other statements that Quagliano or Stout may otherwise make.

What should I do if I receive a proxy card from Quagliano or Stout?

You may receive proxy solicitation materials from Quagliano or Stout, including an opposition proxy statement and proxy card. Our Board of Directors urges you not to sign or return any proxy card sent to you by Quagliano or Stout. If you have previously voted using the Quagliano or Stout proxy card, you have every right to change your vote by executing the WHITE proxy card or by voting by telephone, or through the Internet in accordance with the instructions found on your WHITE proxy card. Only the latest dated proxy you submit will be counted.

Have the proposals made by Quagliano been properly submitted for a vote?

The Company's bylaws require that a shareholder seeking to bring business (including the nomination of directors) before an annual shareholders' meeting provide a notice to the Company that includes specified information. Quagliano provided such a notice with respect to his nominees and the proposed amendment to our bylaws. However, the Company believes that this notice did not contain all of the information required under the bylaws. Among other things, the notice did not include information regarding whether or not there are any arrangements between Quagliano and other persons regarding future employment or transactions with the Company. In addition, the notice contained misstatements regarding the qualifications of one of his nominees and omitted significant information about the qualifications of another. For these reasons, the Company believes that he failed to satisfy the requirements of the bylaws and therefore that his nominees and his bylaw amendment proposal have not been properly presented for a vote. Quagliano disagrees with the Company's position, and believes that his notice was adequate. As disclosed in the Company's annual report on Form 10-K, the Company has filed a declaratory judgment action seeking a judicial determination of this issue. If the court rules on this issue prior to the annual meeting, we will abide by the court's decision. If the court has not ruled by the time the annual meeting is held, we expect that the chairman of the meeting will exercise his authority under the bylaws to declare that Quagliano's proposals are not properly before the meeting. In that event, votes for Quagliano's directors and for the proposal to amend the bylaws (Proposal Three of this proxy statement) will not be given effect.

What does it mean if I receive more than one WHITE proxy card?

If you hold your shares in multiple registrations, or in both registered and street name, you will receive a WHITE proxy card for each account. Please sign, date and return all WHITE proxy cards you receive. If you choose to vote by phone, or Internet, please vote once for each WHITE proxy card you receive. Only your latest dated proxy for each account will be voted.

If Quagliano or Stout proceeds with his or her proxy contest, you may also receive an opposition proxy statement and proxy card from Quagliano and/or Stout. In this event, to ensure shareholders have our latest proxy information and materials to vote, we may conduct multiple mailings prior to the annual meeting date. We will send you a new WHITE proxy card with each mailing, regardless of whether you have previously voted. The latest dated proxy you

submit will be counted.

To vote as the Board of Directors recommends, shareholders must use the WHITE proxy card or vote by telephone, or through the Internet in accordance with the instructions found on your WHITE proxy card. Voting against any Quagliano or Stout nominees on the Quagliano or Stout proxy card will not be counted as a vote for the Board's nominees and will result in the revocation of any previous vote you may have cast on the WHITE proxy card. If you wish to vote pursuant to the recommendation of the Board of Directors, you should disregard any proxy card you receive other than the WHITE proxy card. If you have previously voted using the Quagliano or Stout proxy card, you have every right to change your vote by

3

executing the WHITE proxy card or by voting by telephone, or through the Internet in accordance with the instructions found on your proxy card. Only the latest dated proxy you submit will be counted.

Who is entitled to vote at the annual meeting?

Only shareholders of record as of the close of business on the record date, March 31, 2014, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the annual meeting or any postponement or adjournment thereof. Each outstanding share of our common stock entitles its holder to cast one vote on each matter to be voted upon at the annual meeting. The total number of shares of our common stock outstanding on the record date and eligible to cast votes at the annual meeting is 2,679,162.

Please note that if you hold your shares in “street name” (that is, through a broker or other nominee), you will need to bring appropriate documentation from your broker or nominee to personally vote at the annual meeting.

How many votes must be present to hold the annual meeting?

The presence at the annual meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date, or 1,339,582 shares, will constitute a quorum at the annual meeting. For purposes of determining a quorum, proxies received but marked as abstentions and broker non-votes will be treated as shares that are present and entitled to vote. A broker “non-vote” occurs on an item when shares held by a broker are present or represented at the meeting, but the broker is not permitted to vote on that item without instruction from the beneficial owner of the shares and no instruction is given.

How will my vote be counted?

In voting on the election of directors, you may vote in favor of all nominees up to a maximum of 11, withhold votes as to all nominees or withhold votes as to specific nominees, except that if the bylaw amendment contemplated by Proposal Three is passed, only the five directors with the highest number of votes will be elected. There is no cumulative voting for the election of directors. Directors must be elected by a plurality of the votes cast. Votes withheld and broker non-votes will not count towards the election of directors.

In voting to ratify the appointment of McGladrey LLP as the independent registered public accounting firm, you may vote in favor of the proposal, against the proposal or abstain from voting. To be approved, this matter requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote. Abstentions will have the same effect as a negative vote, while broker non-votes will have no effect on the voting.

In voting on the shareholder proposal to amend the bylaws, you may vote in favor of the proposal, against the proposal or abstain from voting. To be approved, this matter requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote. Abstentions will have the same effect as a negative vote, while broker non-votes will have no effect on the voting.

What is the effect of me not casting my vote?

If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors or the proposed bylaw amendment. Your broker will not have the ability to vote your uninstructed shares on those matters at its discretion. Thus, if you hold your shares in street name and you do not instruct your broker how to vote with respect to those matters, no votes will be cast on your behalf. These are referred to as broker non-votes. Your broker will, however, have discretion to vote any uninstructed shares on the ratification of the appointment of our independent registered public accounting firm (Proposal Two of this proxy statement).

How do I vote?

You may vote in any of three ways:

Edgar Filing: Solera National Bancorp, Inc. - Form PRER14A

- * You may vote by mail if you complete, sign and date a proxy card and return it as directed. Your shares will be voted confidentially and in accordance with your instructions;
- * You may vote by telephone or via the Internet in accordance with the instructions found on your proxy card; and
- * You may vote in person if you are a registered shareholder and attend the meeting and deliver your completed proxy card in person. At the meeting, the Company will also distribute written ballots to registered shareholders who

4

wish to vote in person at the meeting. Beneficial owners of shares held in “street name” who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

We urge you to disregard any proxy card that Quagliano or Stout may send you.

Can I change my vote?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised at the annual meeting. If you are the shareholder of record, you may change your vote by granting via Internet, telephone or mail a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to our Secretary prior to your shares being voted, or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

If you have previously signed a proxy card sent to you by Quagliano or Stout, you may change your vote by marking, signing, dating and returning the enclosed WHITE proxy card in the accompanying postage-paid envelope or by voting by telephone or through the Internet in accordance with the instructions found on your WHITE proxy card.

What vote is required to approve each proposal?

Election of Directors Assuming a quorum is present at the meeting, the election of each nominee for director requires the affirmative vote of a plurality of the votes cast in person or by proxy on such proposal at the annual meeting of shareholders.

Ratification of
Appointment of
Independent
Accountants

Assuming a quorum is present at the meeting, the ratification of McGladrey LLP as our independent registered public accounting firm for 2014 requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

Shareholder Proposal
to Amend the Bylaws

Assuming a quorum is present at the meeting, the shareholder proposal to amend the bylaws, if properly presented at the meeting, requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

What is the effect of broker non-votes and abstentions?

Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not entitled to vote for purposes of determining whether shareholder approval of that matter has been obtained and, therefore, will have no effect on the outcome of the vote on any such matter. Abstentions have the same effect as negative votes, except in the case of director elections, where they will have no effect.

Is cumulative voting permitted for the election of directors?

Shareholders may not cumulate votes in the election of directors, which means that each shareholder may vote no more than the number of shares he or she owns for a single director.

Where can I find the voting results?

Assuming a quorum is present at the meeting, we will publish the voting results in a Form 8-K to be filed with the Securities and Exchange Commission (“SEC”) no later than May 23, 2014.

Can I vote on other matters?

The matters presented at an annual meeting are limited to those properly presented by the Board of Directors and those properly presented by shareholders. If any other matter is properly presented at the annual meeting, your signed proxy gives John P. Carmichael and Catherine Eden, the proxy holders, authority to vote your shares.

How does the Board of Directors recommend I vote on the proposals?

Unless you give other instructions on your proxy card, John P. Carmichael and Catherine Eden, the proxy holders, will vote in accordance with the recommendations of our Board of Directors. Our Board of Directors recommends a vote FOR the election of the nominated slate of directors identified in this proxy statement, "FOR" ratification of McGladrey LLP as our independent registered public accounting firm for 2014, and "AGAINST" the shareholder proposal to amend the bylaws.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by our Board of Directors, or if no recommendation is given, in their own discretion.

Who can help answer my questions?

Vote Required

Assuming a quorum is present at the meeting, the vote of the holders of a plurality of the shares present in person or represented by proxy and entitled to vote in the election of directors is required to elect any director.

Recommendation of the Board of Directors

The Board of Directors recommends that the shareholders vote "FOR" each of the nominees listed above for election as director. As described above, the Board's nominees provide the Company with strong community ties in the Denver area and extensive management, banking and board experience. In contrast, Mr. Quagliano's slate of nominees, which includes his 21-year-old daughter, who is a student at the University of Colorado, and his 28-year-old fiancé, who lists her principal occupation as manager of a horse farm in Florida, has no one with any significant banking experience or local community ties.

With respect to Ms. Stout, the Board notes that she is an ex-employee who has disclosed that she is interested in being reinstated to her former position, an interest she has discussed with several of her nominees. The Board believes that her interests as a former and would-be future employee are not aligned with the interests of the shareholders generally. Instead, the Board believes that its nominees, all but one of whom are independent, are better placed to act for the benefit of all shareholders.

Director Qualifications

We believe that our directors should have the highest professional and personal ethics and values. They should have broad experience at the policy-making level in business, government or banking. They should be committed to enhancing shareholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties for us. Each director must represent the interests of all shareholders. When considering potential director candidates, the Board also considers the candidate’s character, judgment, diversity, skills, including financial literacy and experience in the context of our needs and the needs of the Board of Directors.

Additionally, this committee is responsible for overseeing management continuity planning and developing and implementing the Company’s Corporate Governance Guidelines.

The committee has the following duties and responsibilities:

Establish criteria for the selection of new directors to serve on the Board of Directors, taking into account at a minimum all applicable laws, rules, regulations and listing standards, a potential candidate's experience, areas of expertise and other factors relative to the overall composition of the Board of Directors.

Identify individuals believed to be qualified as candidates to serve on the Board of Directors of the Company and its subsidiaries and select, or recommend that a majority of independent members of the Board of Directors

The current members of the Executive Committee are Ronald E. Montoya (Chairman), F. Stanley Sena (Vice Chairman), John P. Carmichael, Maria G. Arias, Ray L. Nash, and Kent C. Veio. The Executive Committee met twelve (12) times during fiscal year 2013. The Executive Committee does not operate pursuant to a written charter.

The Executive Committee meets as needed and, with certain exceptions, generally has the same powers as the Board of Directors in the management of our business affairs between Board meetings. The Board of Directors will, from time to time, charge the Executive Committee with specific responsibilities and tasks as it deems appropriate. The committee is not intended to act in place of the full Board, but rather in a support role, and the Executive Committee does not have the authority to exercise all of the Board's powers; for example, the full Board of Directors generally reserves the right to execute extraordinary contracts such as mergers and acquisitions. The committee will make recommendations to the Board of Directors regarding matters important to our overall management and strategic operation.

Shareholder Communications with our Board of Directors

Our Board of Directors has established a process for shareholders to communicate with the Board of Directors or with individual directors. Shareholders who wish to communicate with our Board of Directors or with individual directors should direct written correspondence to our Secretary at our principal executive offices located at 319 S. Sheridan Blvd. Lakewood, Colorado 80226. Any such communication must contain:

- a representation that the shareholder is a beneficial holder of our capital stock;
- the name and address, as they appear on our books, of the shareholder sending such communication; and
- the number of shares of our capital stock that is beneficially owned by such shareholder.

The Secretary will forward such communications to our Board of Directors or the specified individual director to whom the communication is directed unless such communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Secretary has the authority to discard the communication or to take appropriate legal action regarding such communication.

Consideration of Director Nominees

Our Board of Directors believes that it is necessary that the majority of our Board of Directors be comprised of independent directors and that it is desirable to have at least one audit committee financial expert serving on the Audit Committee. The Nomination and Governance Committee considers these requirements when recommending Board nominees. The Committee utilizes a variety of methods for identifying and evaluating nominees for director. It will regularly assess the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or other circumstances. Although the Nomination and Governance Committee does not have a formal written diversity policy when considering potential director candidates, the Committee considers the candidate's character, judgment, education, skills, including financial literacy, conflicts of interest and experience in the context of developing a heterogeneous Board that fits the needs of the Company and the existing directors.

Our Board of Directors has established a procedure whereby our shareholders can nominate potential director candidates. The Nomination and Governance Committee will consider director candidates recommended by our shareholders in a similar manner as those recommended by members of management or other directors, provided the shareholder submitting such nomination has complied with procedures set forth in our bylaws.

Shareholders wishing to make such a submission for the 2015 annual meeting may do so not later than February 23, 2015 by providing all information regarding the nominee that would be required under applicable proxy rules, including (in addition to the information required in our bylaws or by applicable law): (i) the full name and resident address of the nominee; (ii) the age of the nominee; (iii) the principal occupation of the nominee for the past five years; (iv) any current directorship held on public company boards; (v) the number of shares of our common stock held by the nominee, if any; and (vi) a signed statement of the nominee consenting to serve if elected. In addition, the shareholder making the nomination and the beneficial owner, if any, on whose behalf the nomination is being made must provide (i) the name and address, as they appear on our books, of such shareholder and such beneficial owner, (ii) the class and number of shares of the Company that are owned beneficially and of record by such shareholder and such beneficial owner, and (iii) any material interest of the shareholder and/or such beneficial owner in the nominee or the nominee's election as a director. Such information should be sent to the Nomination and Governance Committee, Solera National Bancorp, Inc., c/o Secretary, 319 S. Sheridan Blvd., Lakewood, Colorado 80226.

Each of Quagliano and Stout has stated his or her intention to propose alternative director nominees for election at the annual meeting. We believe that the 11 directors nominated by the Board, with their breadth of relevant and diverse experience, represent the best interests of our shareholders and that these nominees should be re-elected. The Board unanimously recommends a vote "FOR" each of the Board's 11 nominees for director on the enclosed WHITE proxy card.

Leadership Structure

The Board has chosen to separate the positions of Chairman of the Board and Chief Executive Officer. At this time, Ronald E. Montoya serves as Chairman of the Board and John P. Carmichael serves as President and Chief Executive Officer. Separating these positions allows our Chief Executive Officer to focus on the day-to-day business and setting the strategic direction of the Company, while the Chairman leads the Board in its fundamental role of providing advice to and independent oversight of management. Our bylaws and certificate of incorporation do not require that our Chairman and Chief Executive Officer positions be separate, but the Company has had this leadership structure since becoming a publicly-traded company. The Board may, at its sole discretion, combine these positions at any time if it believes that doing so would be in the best interest of the Company based on the current composition of, or circumstances facing, the Board.

Board's Role in Risk Oversight

The Board believes that a critical part of its responsibilities is to maintain oversight of the Company's assessment of the major risks facing the Company and its policies and procedures for monitoring and controlling these risks. The

Audit Committee has specific responsibility for oversight of risks associated with financial accounting, external and internal audits, internal control over financial reporting, contingency and disaster recovery planning and reviewing management's assessment of specific product risks. Management reports to the Audit Committee, at least quarterly, on the aforementioned risks. The Audit Committee then reports summarized results and findings to the entire Board. The Compensation Committee oversees the risks associated with the Company's compensation policies as well as management development and leadership succession. Additionally, the Company faces risks relating to day-to-day operations such as, but not limited to, credit risk, interest rate risk, liquidity risk and reputation risk. Management is responsible for controlling these risks while the Board, as a whole and through its committees, is responsible for oversight of these risks. Together, the Board and senior management provide strong oversight of the Company's management of risks.

REPORT OF THE AUDIT COMMITTEE OF
THE BOARD OF DIRECTORS

The information contained in this Report of the Audit Committee shall not be deemed to be “soliciting material” or to be “filed” or incorporated by reference in future filings with the Securities and Exchange Commission, or to be subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933 or the Exchange Act.

In accordance with its written charter, the Audit Committee assists our Board of Directors in, among other things, oversight of our financial reporting process, including the effectiveness of our internal accounting and financial controls and procedures, and controls over the accounting, auditing, and financial reporting practices.

Our Board of Directors has determined that the members of the Audit Committee satisfy the independence requirements of the Securities and Exchange Commission and the Nasdaq listing standards.

Management is responsible for the financial reporting process, the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, the system of internal controls, and procedures designed to insure compliance with accounting standards and applicable laws and regulations. Our independent accountants are responsible for auditing the financial statements. The Audit Committee’s responsibility is to monitor and review these processes and procedures. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent accountants that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

During fiscal 2013, the Audit Committee had five (5) meetings. The Audit Committee’s regular meetings were conducted so as to encourage communication among the members of the Audit Committee, management, and our independent accountants for 2013, McGladrey LLP. Among other things, the Audit Committee discussed with our independent accountants the overall scope and plans for their audit. The Audit Committee separately met with the independent accountants, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent accountants all matters required by generally accepted auditing standards, including those described in Public Company Accounting Oversight Board, Audit Standard No. 16, “Communication with Audit Committees.”

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2013 with management, and our independent accountants. Management’s discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent accountants a formal written statement describing all relationships between us and our accountants that might bear on the accountants’ independence consistent with applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants’ communications with the audit committee concerning independence. The Audit Committee discussed with the accountants any relationships that may have an impact on their objectivity and independence and satisfied itself as to the accountants’ independence. The Audit Committee has reviewed and approved the amount of fees paid to McGladrey LLP, for audit and non-audit services. The Audit Committee concluded that the provision of services by McGladrey LLP is compatible with the maintenance of their independence.

Based on the above-mentioned review and discussions with management, and the independent accountants, and subject to the limitations on our role and responsibilities described above and in the Audit Committee charter, the

Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Philosophy

The duty of the Compensation Committee is to evaluate and make recommendations to the Board of Directors regarding the administration of the executive compensation program for the Company and Solera National Bank. The Compensation Committee is responsible for recommending appropriate compensation goals for the executive officers of the Company, evaluating the performance of such executive officers in meeting such goals and approving or making recommendations to the Board with regard to executive compensation. The Company's compensation philosophy is to ensure that executive compensation be directly linked to continuous improvements in corporate performance, achievement of specific operational, financial and strategic objectives, and increases in shareholder value. The Compensation Committee regularly reviews the compensation packages of the Company's executive officers, taking into account factors that it considers relevant, such as, business conditions within and outside the industry, the Company's financial performance, the market compensation for executives of similar background and experience, and the performance of the executive officer under consideration. The particular elements of the Company's compensation programs for executive officers are described below.

Compensation Structure

The compensation for the executive officers of the Company named in the Summary Compensation Table is intended to be competitive with that paid in comparable industries. The goals of the Compensation Committee in establishing the Company's executive compensation program are:

- to compensate the executive officers of the Company fairly for their contributions to the Company's short, medium and long-term performance; and

- to allow the Company to attract, motivate and retain the management personnel necessary to the Company's success by providing an executive compensation program comparable to that offered by companies with which the Company competes for management personnel.

The Company had employment agreements with three of the executive officers or former executive officers named in the Summary Compensation Table. The base salary level for each officer is determined by taking into account individual experience, individual performance, individual potential, competitive market considerations and specific issues particular to the Company. Base salary level for executive officers of banks and bank holding companies of similar size are also taken into consideration in setting an appropriate base salary for the named executive officers. The base salary level established for each executive officer is considered by the Compensation Committee to be competitive and reasonable.

The Compensation Committee monitors the base salary levels and the various incentives of the executive officers of the Company to ensure that overall compensation is consistent with the Company's objectives and remains competitive within the area of the Company's operations. In setting the goals and measuring an executive's performance against those goals, the Company considers the performance of its competitors and general economic and market conditions. Each year, the Compensation Committee determines specific strategic and business goals to help determine the President and Chief Executive Officer's bonus. These goals consist of quantitative and qualitative factors including, but not limited to: net income, total loans, total deposits, efficiency ratio, strategic imperatives, regulatory relations, investor relations and employee satisfaction.

Annual Compensation

The annual compensation of the executive officers of Solera National Bank consists of a base salary and discretionary annual performance bonuses which may be in cash, shares or options to purchase Solera National Bancorp, Inc. stock or a combination of each.

Stock Incentive Plans

The Board of Directors and shareholders approved the Company's 2007 Stock Incentive Plan on September 20, 2012 and the shareholders approved the 2012 Long-Term Incentive Plan on May 22, 2013 in conjunction with the 2013 annual meeting of shareholders. Stock options and restricted stock are currently the primary source of long-term incentive compensation for the executive officers and directors of the Company and Solera National Bank. Employees, executive officers, members of senior management and directors of the Company and Solera National Bank are eligible to participate in our stock incentive plans.

Employment Agreements

Compensation of the President and Chief Executive Officer

We do not have an employment agreement with John P. Carmichael regarding his employment as President and Chief Executive Officer of Solera National Bank and the Company. Mr. Carmichael is an at-will employee. However, Mr. Carmichael is covered under a change in control agreement. The terms of the change in control agreement allow Mr. Carmichael to be paid 1.99 times his then-current annual base salary and accelerate the vesting of any unvested stock options and any unvested portion of his 10,000 shares of restricted stock awards if there is a change of control and:

1) Mr. Carmichael is terminated by the employer within one year thereafter;

2) Mr. Carmichael resigns within one year thereafter and Mr. Carmichael can demonstrate good reason. Good reason is defined as (i) a reduction in Mr. Carmichael's then-current salary and benefits that is beyond the reduction incurred by other management personnel, (ii) a reduction in Mr. Carmichael's duties, or (iii) a new employee is retained to perform substantially the same duties performed by Mr. Carmichael.

A change of control is defined as (i) a sale of substantially all of the assets to a third party, (ii) a sale, or acquisition, by merger or otherwise, of a controlling interest of the equity securities or (iii) a change in the composition of the Board of directors by more than 50% without the consent of the then existing Board. Accordingly, if all of either Quagliano's nominees or Stout's nominees are elected at the annual meeting, a change of control will occur under the agreement unless the then existing Board provides its consent. If a change of control occurs and Mr. Carmichael's employment terminates in either of the circumstances described above, he will be entitled to receive a severance payment of \$427,850 based on his current annual salary. In addition, 10,000 shares of restricted stock and 30,000 stock options previously awarded to him will vest.

In the event Mr. Carmichael terminates after a change of control and does not show good reason, no severance will be paid, all unvested stock options and any unvested portion of the 10,000 shares of restricted stock as of the termination date will be canceled.

Mr. Carmichael currently receives a base salary of \$215,000 per year. Mr. Carmichael is eligible to participate in any executive incentive bonus plan and all other benefit programs that the Bank has adopted. Mr. Carmichael is also entitled to receive other customary benefits such as health insurance for himself and his dependents, dental insurance, sick leave and vacation, membership fees to banking and professional organizations, use of a cell phone and laptop, and reimbursement of reasonable business expenses. In addition, the Bank provides Mr. Carmichael with term life insurance coverage of two times his annual salary. Effective February 2014, Mr. Carmichael also receives a monthly mileage allowance of \$500.

In reviewing the 2013 compensation of Mr. Carmichael, the Compensation Committee and Board of Directors undertook the same evaluation set forth above with respect to executive officers. The Compensation Committee believes that Mr. Carmichael's total compensation is reasonable and competitive.

Compensation of the Executive Vice President, Chief Financial Officer, Chief Operating Officer and Secretary
We had an employment agreement with Robert J. Fenton regarding his employment as Executive Vice President, Chief Financial Officer and Secretary of the Company and Chief Financial Officer and Chief Operating Officer of Solera National Bank. The agreement commenced on September 10, 2010. Under the terms of the agreement, Mr. Fenton received a base salary of \$165,000 per year, subject to a reasonable increase determined by the Compensation Committee. During 2013, Mr. Fenton's base salary was \$175,000. Mr. Fenton participated in our stock incentive plans. Mr. Fenton also received other customary benefits such as health insurance for himself and his dependents, dental insurance, sick leave and vacation, membership fees to banking and professional organizations, use of a cell phone and laptop, and reimbursement of reasonable business expenses. In addition, the Bank provided Mr. Fenton with term

life insurance coverage of two times his annual salary.

Effective March 21, 2014, the Bank terminated the agreement for no reason. As such, Mr. Fenton is entitled to receive a severance payment in an amount of \$87,500 in accordance with the Separation Agreement executed between the Company and Mr. Fenton.

In reviewing the 2013 compensation of Mr. Fenton, the Compensation Committee and Board of Directors undertook the same evaluation set forth above with respect to executive officers. The Compensation Committee believes that Mr. Fenton's total compensation was reasonable and competitive.

Compensation of Senior Vice President, Chief Credit Officer

Mr. Seaton is an at-will employee with a base annual salary of \$105,000. We do not have an employment agreement with Mr. Seaton. Mr. Seaton is eligible to participate in an incentive bonus plan based on personal performance, overall Company performance and other performance measurements deemed appropriate by the President and Chief Executive Officer. Mr. Seaton also receives other customary benefits such as health insurance for himself and his dependents, dental insurance, sick leave and vacation, membership fees to banking and professional organizations, use of a cell phone and laptop, and reimbursement of reasonable business expenses. In addition, the Bank provides Mr. Seaton with term life insurance coverage equal to his annual salary. In reviewing the 2013 compensation of Mr. Seaton, the Compensation Committee and Board of Directors undertook the same evaluation set forth above with respect to executive officers. The Compensation Committee believes that Mr. Seaton's total compensation is reasonable and competitive.

Effect of a Proxy Contest-Related Change in Control on Equity Awards

Under the terms of the 2007 Stock Incentive Plan and the 2012 Long-Term Incentive Plan, if a change in control occurs, unvested awards granted under the plans will generally vest. The definition of a change in control under the 2012 plan includes the replacement of a majority of the members of the Board during any 12-month period by directors whose appointment or election is not endorsed by a majority of the incumbent directors. The corresponding definition under the 2007 plan includes the replacement of a majority of the Board during any 12-month period unless the replacement directors (i) were approved by two-thirds of the incumbent directors and (ii) were not elected as a result of an actual or threatened election contest.

Accordingly, if all of either Quagliano's nominees or Stout's nominees are elected at the annual meeting, a change of control will occur under the plans (unless, in the case of the 2012 plan, a majority of the incumbent directors endorse those nominees). In such event, an aggregate of 22,500 shares of currently unvested restricted stock and 141,166 currently unvested options with a weighted-average strike price of \$6.76 will vest (including restricted stock and options awarded to Mr. Carmichael as described above).

Executive Compensation Deductibility

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1,000,000 paid to a company's chief executive officer or any of the four other most highly compensated officers. Section 162(m) specifically exempts certain performance-based compensation from the deduction limit. The Board of Directors and Compensation Committee generally intend to limit non-performance based compensation and grant awards, consistent with terms of Section 162(m) so that the awards will not be subject to the \$1,000,000 deductibility limit.

Summary Compensation

The following table summarizes all compensation that was earned by, or paid or awarded to, the named executive officers during each of the last two fiscal years or such shorter period that they were a named executive officer. Pursuant to SEC rules, the named executive officers are our Chief Executive Officer and our two other most highly compensated executive officers serving as such as of December 31, 2013, determined based on the individual's total compensation. The table does not include certain fringe benefits made available on a nondiscriminatory basis to all of our employees, such as group health insurance, dental insurance, professional memberships and dues, vacation and sick leave. In addition, we may make available certain personal benefits to our executive officers with a view to acquiring and retaining qualified personnel and facilitating job performance. The aggregate value of such personal benefits in the case of each executive officer listed in the table below, which cannot be precisely ascertained but which is less than \$10,000 for each such executive officer, is not included.
